CORPUS CHRISTI.

IMPOSING PROCESSION IN DUNGARVAN.

The Annual Corpus Christi Procession in Dungarvan on Sunday last was of imposing dimensions, and was in keeping with the fine old Catholic spirit which has at all periods of the past animated our people.

On Friday and Saturday, the town was gaily decorated with banners, flags and bunting. Streamers crossed the streets at various points and on all sides the town was made worthy of the great occasion.

On Sunday morning, the Town looked its best and strangers passing through could not help being struck by the dignified and subdued religious air which permeated the atmosphere.

The Procession was most imposing and inspiring. The numbers participating in it created a record, while the decorum displayed and the military-like precision with which the processionists comported themselves were beautiful to behold.

The Blessed Sacrament was borne by Very Rev. T. O'Brien, P.P., V.F., and the following Clergy were in attendance: Very Rev. M. C. Croftly, P.P., Abbeyside, Rev. M. Power, C.C., do., Very Rev. J. Nugent, P.P., Ring; Rev. J. Murphy, C.C., do.; Very Rev. M. J. Carroll, P.P., Modeligo; Rev. L. Egan, C.C., Rev. M. F. Hearne, C.C., Rev. P. F. McGrath, C.C., Very Rev. P. J. Redmond, O.S.A., Very Rev. R. Walsh, O.S.A.; Rev. P. Byrne, O.S.A.; Rev. J. Hartly, C.C.; Fews; Rev. J. Lynch, C.C., Kilgobinet; Rev. J. Power, (recently ordained); Rev. F. O'Brien, do.; Rev. J. Lawn, Liverpool.

At 3 o'clock sharp, the Procession started from the Parish Church, the route being via Mitchell street, Fair Lane, and O'Connell street, to the Square, where Benediction was given at a beautiful Altar erected at the Market House.

The following was the order of the Procession:—The Cross-bearer (Rev. J. Hartly, C.C.); Children of the Presentation Convent and Children of the Mercy Convent, attractively attired in white, and under the command of their lay teachers; Boys of the Christian Brothers' Schools (under Rev. Bro. Gibson and the Brothers of the Schools); Abbeyside School Children. Next came the Children of Mary, looking very attractive with their blue cloaks and veils fanned by the wind; the Brass and Reed Band (under Mr. McHugh, B.M.); Choir; Mercy House Girls; Women's Confraternities of Dungarvan and Abbeyside; the Boys' Club and a detachment of Boy Scouts from Abbeyside; Men's Confraternities of Dungarvan and Abbeyside, all wearing sashes; members of the Urban Council; Cross-bearer; Altar Boys and then the Canopy. All along the route large numbers of the faithful of Dungarvan and the adjoining parishes stood and knelt in prayer as the Blessed Eucharist was borne past.

As the vast multitude knelt on the Square, at Benediction, the scene was most imposing. As the Sacred Host was held aloft a trumpet was sounded and not a noise was heard save the low murmuring of the faithful in prayer and the wind from Croughaun whistling through the trees so realistically planted in barrels all round that grand thoroughfare.

The Procession then continued its way via Church street to the Parish Church, and here again Benediction was given. Special mention deserves to be made of the "Angelic" Arch, arranged with consummate skill and

Waterford County Council.

RATEPAYERS IN ARREARS.

THREAT TO PUBLISH NAMES.

COUNCIL'S REPLY.

A special meeting of the Co. Council was held in the Courthouse, Dungarvan, on Tuesday last.

Mr. Godfrey J. Greene, presided. There were also present—Messrs. C. J. Curran, John O'Donnell, M. F. Walsh, D. Coghlan, T. Shipsey, J. F. Moloney, T. Hartly, W. Stack, P. J. Fox, M. Curran, L. Hallahan, P. Cunningham, M. O'Brien, J. Hallahan, M. McGrath.

£120,000 Loan. An application was read from the Co. Board of Public Health, asking the consent of the Council to the raising of a loan of £120,000 for the purpose of building 400 Labourers' Cottages in the County.

On the motion of Mr. Cunningham, seconded by Mr. M. F. Walsh, a resolution was passed granting the necessary consent.

Defaulting Ratepayers. Threat To Publish Names. The following letter from the Secretary Department of Local Government was read:

"I am directed by the Minister for Local Government and Public Health to state that the arrears of rates outstanding in certain counties are abnormally high, and it appears to him that publication of lists of ratepayers in arrear might well be considered.

Prior to the issue of the Public Bodies Order, 1929, it was usual to publish such lists at the end of each financial year. The present position is governed by Article 102 (9) of that Order which reads as follows:—

"The Council may, and shall, if the Minister so direct, publish a full and accurate list of such rates for a local financial year as were unpaid in any collection district after the close of such year."

The Minister requests that each Co. Council will consider the present position in each collection district. Where the arrears appear to be of such extent as to warrant the procedure indicated it is suggested that printed lists of ratepayers concerned be published.

Mr. C. J. Curran moved the following resolution:—"That in reply to the Minister's letter dated 12th June, re 'Publication of list of defaulting ratepayers,' this Council is fully satisfied that the Collectors have done everything possible to collect the rates.

And further that farmers who could not sell their cattle have offered them to the collectors in lieu of rates due, but as the Collectors could not sell them they would be of no use to them and as the serious impasse is the result of our Government's policy because of the Economic War, it is the opinion of this Council that unless the present relations between the Free State and England are soon ended the coming rate for 1933-34 cannot be collected."

Copies of this resolution to be sent to President de Valera; the Minister for Local Government and Public Health and our County T.Ds.

Mr. Walsh, seconded. Mr. Cunningham—I don't see why you should bring politics into every meeting here.

Mr. C. J. Curran—There is no politics in that resolution.

Mr. Cunningham—It is all politics. Why cannot you propose a resolution without politics.

Chairman—I don't see any politics in it.

Mr. Cunningham—Of course you don't.

Chairman—If there was anything political in the resolution I would refuse to take it. I don't see where politics come into it: It is a resolution on the present situation.

Mr. Coghlan—We were here for years and we kept out politics and now it is forced on the top of us.

Mr. Cunningham—That is not so. Politics are being introduced at every meeting.

Mr. M. Curran—Show us the part of that resolution that is objectionable.

Mr. C. J. Curran—I am a long time in public life and I have never yet mixed in politics. I never introduced

politics at a public Board and I am not doing it now.

Mr. Cunningham—You are doing it everytime.

Mr. Hallahan—That resolution is political and you cannot get out of it.

Chairman—There is some politics in everything. It would be very unwise for the Minister to publish the names of the defaulters. If it had any use it would be different. When the money is not there how are the collectors to get it. To his mind to do so as suggested would defeat its own ends. It would bring humiliation on those people to have their names on the Chapel walls and everywhere else. It would also cause further embarrassment because these people who would owe money would be jumped upon. By so embarrassing these people the publication of the names would defeat its own ends. They should get a chance and times may change and then everything would be all right. If you break up those people you will do no good.

Mr. Halloran—That matter should be adjourned for at least two months.

Mr. Cunningham—I agree with the motion and I object only to the way Mr. Curran introduces it.

Mr. M. Curran said Mr. Cunningham said he was elected by the majority of the people and he would like to know what that meant.

Mr. Hallahan—He did not refer to the Co. Council, but to the Government.

Mr. M. Curran—He said he was elected by a majority of the ratepayers.

Mr. Cunningham—I said no such thing.

Chairman—We all know there is a fight on. Our present Government admits that everyone must bear the burden and sufferings of the war. It may or may not come all right yet. This resolution says it comes from the policy of the Government and the Government admits there is suffering from the policy with the hope that it will bear fruit in future.

Mr. Cunningham—There is an object in this coming up at every meeting.

Mr. C. J. Curran—It is in reply to the Government's letter.

Chairman—Perhaps I had better read for you the state of the rate collection.

Collector Quirke—Outstanding on 1st. moiety £262 and on 2nd. moiety, £539; equal to 9.7 per cent.

Collector Nugent—Closed.

Collector Qually—Closed.

Collector Hartly—Outstanding on 1st moiety £520; on 2nd. moiety £740; or 17 per cent.

Collector Cullinan—Outstanding on 1st. moiety £63; on second moiety £387 equal to 8.7 per cent.

Collector N. Connors—Outstanding on 1st moiety £338; on second moiety, £672; equal to 15.9 per cent.

Collector W. Connors—Outstanding on 1st moiety £640; on second moiety £720; equal to 13.7 per cent.

Collector Barry—Outstanding 1st. moiety £850; 2nd. moiety £436; equal to 17.3 per cent.

Collector MacCarthy, closed.

Collector Hartly—Outstanding 1st. moiety £318; 2nd moiety £748; equal to 18.9 per cent.

Total amount outstanding—£3,015 on 1st. moiety and £4,240 on the second moiety or £7,255.

Mr. Halloran—How much was outstanding last year?

Secretary—Nil.

Chairman—I think the general feeling of the Council is that we do not propose to publish the names.

Mr. Halloran—It would be better to adjourn it for a month or two. That might hasten some of those who, perhaps are disinclined to pay. They may pay up before that.

Mr. C. J. Curran—We are the people responsible for the collection of the rates. We are doing our best and the collectors are doing their best and the ratepayers are offering their cattle to the collectors. How then can we do any more?

Curran, is that we do not approve of publishing the names?

Mr. Curran—Yes.

Chairman—The amendment leaves the matter open to the next meeting and so it is an amendment to the resolution.

Mr. O'Donnell—If Mr. Curran's motion is passed the names will not be published? Chairman—No.

Mr. Cunningham—I do not want the names published.

A vote was then taken as follows:—For the amendment—Messrs. Halloran, Hartly, O'Brien, McGrath, Moloney, and Cunningham—(7).

Against—Messrs. M. Curran, C. J. Curran, Stack, Greene, O'Donnell, Coghlan, Heskin, Walsh, Shipsey and Fox—(10).

The amendment was declared lost, and the resolution was then put and declared carried.

Posting Notices. The Secretary Lismore Estate Co., wrote complaining that public notices were posted up on their private property for which no permission was given and asking that same be not done. There were public hoardings provided in the town.

Mr. Walsh said notices should not be posted on private property.

The Chairman referred to the objectionable practice of posting notices on the gable ends of private houses.

Mr. Bowen complained that danger notice put up to save people's lives had been plastered over with sheep dipping and spraying notices and such like.

The Secretary said he usually employed one Billposter to post the whole County as being most economical.

The Chairman said posters should not be put on private property.

Mr. Walsh—It is all right where you have private hoardings as in Lismore, but when you have no hoardings it is different.

Mr. Heskin suggested that the bills for posting should be sent to the billposters in the various areas.

Secretary—The men in Cappoquin and Lismore and Tallow will do their towns all right, but they won't post the rural areas.

An order was made that no bills were to be posted on private property.

Secretary—What you should do is to abolish bill-posting and confine your notices to the newspapers which should be sufficient.

COUNTY OF WATERFORD. MAIN STREET, LISMORE.

JUNE FAIR. Dungarvan June Fair, on Wednesday, was small, and prices were smaller than usual. Cattle of all classes were hard to cash and many of the lots sold were at very low figures. Yearlings fetched £4 10s. to £6 10s. according to quality; 2-year-olds £7 to £9 and 3-year-olds up to £12 10s. Milch cows sold fairly well, but old cows were a drug. Sheep made from 30/- to 35/- and lambs 15/- to 25/-. There was a good supply of pigs, but a big decline in prices. Good stores ranged from 25/- to 40/-. Inferior sorts hard to cash.

DUNGARVAN MARKETS. Meal (special) 16/6; middlect 16/-; Flour 15/6; bran and pollard 5/6 cwt.; butter 1/4 lb.; Continental coal 40/-; fresh butter 8d. lb.; eggs 6d. doz.

CO. WATERFORD VOCATIONAL EDUCATION COMMITTEE.

Rev. Fr. Egan, C.C., presided at the monthly meeting of the above on Tuesday. Also present—Very Rev. T. O'Brien P.P., Very Rev. Jas. Walsh, P.P., Messrs. J. Halloran, M. F. Walsh, D. Coghlan, M. Curran, S. Curran and Wm. Stack.

Cappoquin Technical School. A letter was read from the Department referring to the plan submitted by the committee last March and pointing out that the proposed building cannot be erected for the amount allocated by the committee, viz., £1,500. The Department wish to know how the committee propose to acquire the additional amount required, if the plan is approved of.

Chairman—What is Mr. Bowen's estimate for this plan? Secretary—£2,500 not including architects fees.

Mr. Walsh—In my opinion, the Department are soaring too high in the plan adopted. The Secretary will give the members details of a Technical School erected at Balbriggan for £700. We in Cappoquin will be well satisfied with a school costing £1,500.

Secretary—The school referred to by Mr. Walsh is built of steel standards and asbestos, the trouble is that it will not be accepted by the Board of Works as a permanent building.

Chairman—That is the trouble. Mr. O'Halloran—If this school was built in a sandpit the £1,500 should cover it. This committee should be very thankful for the £6,000 got from the Co. Council.

Mr. Curran—The new school at Ring College is more elaborate than the proposed school at Cappoquin, and it did not cost anything like £1,500.

Mr. Walsh suggested a building like the new extension to the Presentation Convent School. That would meet the needs of Cappoquin and I understand it was erected for £1,400.

Chairman—If Mr. Bowen was asked to submit a plan similar to the Presentation Convent extension and send it on to the Department would it be approved.

Secretary—The first plan submitted was on the lines of the Presentation Convent extension, but the Department considered the rooms too small, and they also wanted a four-roomed school.

Mr. O'Halloran—I suggest we submit the plan of a three-roomed school and if the Department do not approve let the subject fall to the ground.

Chairman—There was also a school containing two fine rooms built at the Mercy Convent for less than £500.

After some more discussion, Mr. Coghlan proposed, and Mr. Walsh seconded, that the Co. Surveyor be asked to prepare plan of a three-roomed school (with provision for an other room to be added later if required) cost not to exceed £1,500.

The resolution was passed. Dungarvan Technical School.

The Department wrote stating that of the five sketch plans submitted for a new Technical school the plan "D" is the most suitable. They also requested a more detailed plan with certain alterations. (The Department's opinion is given contingent on the total all-in cost not exceeding £4,500 the amount already allocated.

Mr. Curran—I was going to ask the committee to abandon that site altogether in favour of Dee's Yard. It is a more suitable and central site.

Chairman—The present position is alright.

Mr. O'Halloran—It is too late to change it now.

Fr. O'Brien—The present site is a very good one.

The committee approved the Department's suggestion.

Kilmacthomas Site. Mrs. O'Donoghue, on behalf of Dr. O'Donoghue, wrote offering the site of the Old Barrack for £150.

Chairman—What is the extent of this site? Secretary—About one-eighth of an acre.

Chairman—What price did we pay for the Cappoquin site? Mr. Walsh—£25.

Chairman—I think the Cappoquin site is as large as this.

Mr. Halloran—£40 would be a big price. I think it is ridiculous to discuss it, when such a price is asked. I propose we do not deal with it.

Mr. Coghlan—What about Brown's site. What was the price? Secretary—£150.

Mr. Curran—Offer the same price as for the Cappoquin site.

Mr. Halloran—The committee got half an acre of good land as a site in Clashmore for £40.

Insurance Liability To Students.

The Secretary informed the committee that they were liable in the case of an accident to any of their students while in the school. As the committee had not adopted the scheme up to this he had invited quotations from Insurance companies to cover all the students in their various schools.

The committee approved the Secretary's action, but adjourned the matter to allow the Secretary to get further quotations.

July Examinations. Mr. S. Clerkin was appointed to superintend the July Examinations to be held in the Technical School, Dungarvan.

Summer Courses For Teachers. Permission was granted to all the committee's teachers to attend the special Summer courses during the month of July, on the same condition as to travelling and maintenance allowance as operated last year.

Secretary's Report. The following report was read from the Secretary:—I beg to report that Mr. M. F. Walsh and I attended the Congress of the Irish Technical Education at Belfast, on 7th, 8th, and 9th, inst.

The delegates were hospitably entertained by the Mayor and members of the Belfast Corporation. Interesting papers were read by Professor Earls, on Technical Education in Belfast; by Prof. Sheedy Inspector on Rural Schools in Saorstad Eireann. You will be pleased to note that special mention is made of the school at Clashmore, Co. Waterford, amongst others. The Co. Dublin Vocational Education Committee had a paper read by Dr. Walsh, on school building. In order to get over the restrictions of the Board of Works, they proposed to erect a less substantial class of building. I examined one at Balbriggan which is in the course of erection. It is 100 x 30 ft. and will contain 4 rooms, all on the ground floor. The walls are of "T" steel standards in concrete base every 10 ft. The walls and roof are composed of corrugated asbestos sheets; window frames are of steel. The cost without heating is £750. The question of a more equitable division of Department funds between Urban and Co. Committees was discussed, and a resolution passed on the matter.

Irish Scholarships. Mr. Clerkin, reported:—At the examination for Irish scholarships held on May 26th, forty-three candidates presented themselves. In Group D, there was no competition as only one candidate appeared for examination. The standard of oral Irish was on the whole very satisfactory; that of the written test was as the marks show much lower. The following were awarded scholarships at Irish Colleges:—S. O'Brien, Lismore (£2 per cent.); Edith Burke, St. Thomas's Terrace, Dungarvan (71); Miss M. Croftly, Main street, Lismore, (68); Miss E. Casey, Main street, Lismore (67); Mr. M. O'Neill, Lismore (66); Miss A. Mulcahy, Ardmore, (54); Miss T. Flynn, Ardmore, (46); Miss S. O'Foley, Clashmore (42); Miss B. Henneberry, Portlaw, (43); Miss M. Flynn, Fenora, (57); Miss M. Croftly, Scart, Ballinacut, (56).

The Kilrossanty Domestic Economy Class wrote asking the committee to consider the possibility of continuing the course in September next, as owing to the large number of ladies attending, the class had to be divided into halves, with the result that each student received only three hours instruction per week, or half the proper time. We felt it due to us that we should have full time granted. We appreciate very much the interesting and very useful lessons given us by our much-esteemed Instructress—Mrs Flynn—and we hope to have the pleasure of seeing her again in the Autumn to complete our course.

The class was granted to Kilrossanty.

Domestic Economy Instructress. The committee decided to issue advertisements for a Domestic Economy Instructress (for the Gaeltacht area), for the next meeting.

In the case of Clonmel before Judge Sealy, in which Wm. Martin and Bridget Ryan, pleaded guilty to a charge of forcible entry into a farmhouse and premises at Russelstown, property of the Bank of Ireland, and with retaining possession, Judge Sealy imposed a suspensory sentence of six months in the man's case, and two months in the woman's case upon their undertaking to keep away from the premises.

Ernie Williams and Jack Stewart, stated to have come from England, were remanded at Waterford, on a charge of stealing a motor car value £125, and an overcoat value £2, the property of Terence Moran.

PRaisEWORTHY PERFORMANCES

From a strip off a leading Australian sporting paper, we have gleaned the sub-joined information, which we are sure, will be of interest to many in these parts.

A very successful day's sports, organised by the sporting clubs of Mapleton, was held at Mapleton on Easter Saturday last.

Five and twenty years ago, Mr. Richard ("Dick") Rockett ranked amongst the foremost of athletes and Gaelic footballers in his native Decies.

On Monday of this week occurred the death of Ellen Lenihan, Carrigcastle, Bonmahon, who was probably the oldest resident in Ballylonegan parish.

Patrick Cummins (20), son of Mr. and Mrs. Nicholas Cummins (farmer), Ballyshonock, Kilmacthomas, died suddenly on Sunday night.

RATH O'GORMAIG ABU!

The ancient and historic village of Rathgormack presented a remarkably animated appearance on Sunday, when contingents from all parts of Co. Waterford and South Tipperary were present at the Aeridheach Mhor held there under the auspices of the Sean Pleiminn Branch of the Gaelic League.

THE "OLD CORNER STONE"

Cappoquin, a homely, comely town embedded in trees and embraced by the "Irish Rhine!" Our peerless Percy Kirwan brought a small band of young local budding athletes with him to the Cappoquin Sports meeting of last Church Holiday evening.

Mrs. Mary Anne Kirwan, Ashtown, Kilmacthomas, and her daughter, Ellen Kirwan (unmarried), were arrested on Friday of last week, and brought to Kilmacthomas Garrai barack, where a special court was held before Mr. Timothy Dowley, P.C.

In Memory of Tone.

Upwards of 5,000 people attended the I.R.A. Pilgrimage to Bodenstown Churchyard, (Kildare), on Sunday to honour the memory of Wolfe Tone.

Mr. Maurice Twomey, who spoke first in Irish and then in English, said Tone's teaching had endured the test of time and experience because of the clarity of his vision and the simplicity and explicitness of the language in which he gave form to his ideas.

THE ORATION.

Mr. Maurice Twomey, who spoke first in Irish and then in English, said Tone's teaching had endured the test of time and experience because of the clarity of his vision and the simplicity and explicitness of the language in which he gave form to his ideas.

Since the days of the United Irishmen, the policy of separation as outlined by Tone had retained a firm grip on the people.

In their own day the majority of the people declared decisively for separation. These were the days of Ireland's greatness. Their fight not only attracted the support of the whole Irish race, but gained for them the admiration and sympathy of the entire world.

Some outstanding performances were witnessed during the evening, the most brilliant being the wonderful achievements of J. ("Sonny") McGrath a member of the Cappoquin A.C., who won the 100 yards, 220, 440, 880 and the Pole Jump, with comparative ease, thus winning every event in which he competed, which should constitute a record in the history of athletics in the Co. Waterford.

Cappoquin scored three equally notable victories in the cycle races, when F.C. Guest, Lismore, a member of the Cappoquin A.C., won the half mile, one mile and two miles events in easy fashion, while P.K. Kirwan, Kilmacthomas, also acquitted himself in brilliant style by winning the Long Jump, the Hop, Step and Jump and Putting the 16 lbs. Shot, which proved that he is worthily upholding the proud record of the family of athletic champions to which he belongs.

Mr. M. J. Sargent, Cappoquin's Premier Sportsman, had very kindly presented a valuable Silver Cup for the winning Club, while valuable Silver Medals, with gold centres, were awarded the winners in each event, and handsome Silver Medals to the second in each case.

These partition parliaments contrived armed military and police forces which were the immediate obstacle to the attainment of freedom, and which guard British Imperial interests political, military and economic, in the country.

As dangerous as the moment as the armed forces that stood between the Irish people and the achievement of freedom was the sinister campaign of slander and vilification to which the followers of Tone are subjected.

The enemies of the Republic recognised in the I.R.A. their most active enemy. They had therefore singled them out for a furious attack which was made with complete disregard for truth.

Members of the National Independence Movement—Volunteers more especially—were accused of being anti-religious and of aiming at the subversion of religion in Ireland.

There was applause when Mr. Twomey concluded his address, and Fianna Eireann buglers grouped around the grave and sounded a general salute. All standards and pennants were dipped, and at the end of the salute they were again elevated.

Mr. Twomey then advanced to the grave and laid a laurel wreath on it from the officers and men of the I.R.A. and two smaller wreaths were placed on it an behalf of Cumann na mBan and Fianna Eireann.

Athletics & Cycling.

GREAT INTER-CLUB CO. WATERFORD CHAMPIONSHIPS AT CAPPOQUIN.

Officials—Judges of Cycling—T. E. Ebrill, W. J. McCarthy, A. J. Sargent, T. Keniry, and J. V. Conway. Judges of Jumping—Percy Kirwan, Kilmacthomas, J. McCarthy, B.A., and John Regan. Judges of Weights—D. Nyhan, R. Bell, Junr., Jas. Lincoln, and W. J. McCarthy.

Under the auspices of the Waterford Co. Board of the N.A. & C.A., a most important Inter-Club Co. Championships fixture in athletics and cycling, was held in the splendid Sportsfield in Cappoquin, on Thursday evening, 15th, the Feast of Corpus Christi, and proved a far greater success than the most sanguine of its promoters had hoped for.

Five Clubs had entered strong teams for the various events, so that competition was keen and exciting from start to finish, and the Sports, for one thing succeeded in revealing the presence of some high-class and very promising young athletes and cyclists in the Co. Waterford.

laps, when he was passed by Galvan, who was soon passed by Guest who rapidly drew clear of the others and won a great race by five lengths.

JUVENILE EVENTS. 100 Yards Race for Boys under 12 years—E. Neville, Tallow, 1; Bernard McGrath, do., 2. Four competed.

220 Yards for Boys under 14 years—E. Neville, Tallow, 1; H. Ronayne, do., 2; J. Barry, Tourin, 3. Also competed—M. Devereux, Lismore, and P. Collins, Kilmacthomas.

100 Yards Race for Girls under 12 years. (First Heat)—M. Gallagher, Cappoquin, 1; Kitty Conway, do., 2. Also competed—Ita Gunning, and Gracie Meade.

Second Heat—Bridie McGrath, Modeligo, 1; Annie Barry, Tourin, 2. Also competed—Josie Rea and B. McCarthy.

Final—B. McCarthy, Modeligo, 1; A. Barry, Tourin, 2; M. Gallagher, Cappoquin, 3.

Sack Race for Girls under 12 years—Kitty Conway, Cappoquin, 1; B. Sweeney, do., 2. Twelve girls competed, and this proved the most amusing event of the evening.

At the conclusion of the Sports, the Medals were presented to the successful competitors by Mr. Walsh, Hon. Sec., and when this was over, Mr. Percy Kirwan, Kilmacthomas, said he wished to congratulate the Cappoquin Club for having retained the Valuable "Sargent Cup" that evening, as the performances of their athletes and cyclists were really brilliant, and they richly deserved being at the head of the list on points, and he was glad that Kilmacthomas had come second to such a promising and progressive Club.

He specially thanked Mr. Sargent for his generosity in giving such a Valuable Cup for their first Inter-Club Sports in the Co. Waterford which had proved such a great incentive to their athletes to train for that evening's event. While they had such a generous and enthusiastic sportsman amongst them as "Mick" Sargent, the Cappoquin Club was bound to keep in the forefront of cycling and athletic sport, and speaking on behalf of the Kilmacthomas Club, he could assure the members of the Cappoquin Club that he would always do all in his power to assist them and co-operate with them in every way in developing the athletic talent of Cappoquin in the future, (loud applause).

Putting 16 lbs. Shot.—P. Kirwan, Kilmacthomas, (4 ft. 5 ins.); W. Power, do., (40 ft. 1 ins.); A. Monaghan, Glendine, (39 ft. 1 ins.); M. Browne, Glendine, (49 ft. 12 ins.); R. Cotter, Tallow, (49 ft. 1 ins.); 3. Eight competed.

Pole Jump.—J. McGrath, Cappoquin, (8 ft.); J. Downey, Kilmacthomas, (7 ft. 8 ins.); C. Taylor, Cappoquin, (7 ft. 4 ins.); 3. Nine competed. J. McGrath, subsequently gave a grand exhibition jump when he easily cleared the cross-bar at 8 ft. 4 ins. and was loudly applauded by all present.

One Mile Relay Race.—Teams of three competitors each from Cappoquin, Glendine, Glenmore and Kilmacthomas, ran in this race which was won by W. Revins, for the Glendine Club.

Half Mile Cycle Race.—(First Heat)—F. C. Guest, Cappoquin, 1; E. Walsh, Kilmacthomas, 2. Five competed. Second Heat.—D. Galvan, Glenmore, 1; J. Mills, Glendine, 2. Five competed.

Final.—F. C. Guest, Cappoquin, 1; D. Galvan, Glenmore, 2; J. Mills, Glendine, 3. Also competed—E. Walsh, Kilmacthomas. Walsh was leading during the first lap when he fell and took no further part in the race. Guest then shot out in front of the others, and being never seriously challenged, he won easily by 10 lengths. Six lengths between second and third.

One Mile Cycle Race.—(First Heat)—F. C. Guest, Cappoquin, 1; D. Galvan, Glenmore, 2. Also competed—E. Walsh, Kilmacthomas and T. McGrath, Cappoquin.

Second Heat.—D. Cullinane, Cappoquin, 1; R. Beecher, Tallow, 2. Also competed—J. Mills, Glendine.

The latter retired after half the journey, and Cullinane then passed Beecher and won in easy fashion by about 12 lengths.

Final.—F. C. Guest, Cappoquin, 1; R. Beecher, Tallow, 2; D. Cullinane, Cappoquin, 3. Also competed—D. Galvan, Glenmore.

Cullinane made the pace for a lap and a half, followed by Beecher, Guest and Galvan. Guest then went to the front, followed by Cullinane, Beecher and Galvan. Coming round the last lap Beecher passed Cullinane, but he could never overhaul Guest, who continued to ride strongly and won comfortably by 6 lengths. Time—3 mins. 23 secs.

Two Miles Cycle Race.—F. C. Guest, Cappoquin, 1; D. Galvan, Glenmore, 2; D. Cullinane, Cappoquin, 3. Also competed—E. Walsh, Kilmacthomas; R. Beecher, Tallow, N. Condon, do.; and J. Mills, Glendine. Cullinane maintained the lead for the first few

Dungarvan Urban Council. HOUSING SCHEME APPROVED. ENGINEER'S FEES.

Mr. J. Butler, chairman, presided at the meeting of the above on Friday last. The others in attendance were Messrs. McCarthy, Hackett, Clancy, Keane, Moloney, Foley, O'Donnell, Power, Griffin.

Late Mr. Queally. Mr. O'Donnell proposed, and Mr. Keane, seconded—"That we tender our deepest sympathy to Mrs. Queally, Mary street, on the death of her husband, and that we adjourn this meeting as a mark of respect." Copies of the resolution to be sent to members of his family.

The chairman in putting the resolution, which was passed in silence said the late Mr. Queally was one of the very old stock of the town, a man who worked hard all his life, and reared and educated his children to the highest pitch. He had given two of his sons to the Church. With the proposer and seconder, he would like to join in offering Mrs. Queally and her family his deepest sympathy in their sorrow.

On the proposition of Mr. Power, seconded by Mr. Griffin, a similar vote was passed to Mr. Byrne, Coolagh Road, on the death of his sister.

Payments. The following payments were passed—General a/c. £13 15s. 5d. Harbour a/c. £2 4s. Footpaths a/c. £2 15s.

Housing Scheme. A letter was read from Mr. Williams, solr., stating that Mr. Ryan, solr., was pressing (on behalf of his client) to have the purchase of the field at Loughmore completed.

Chairman—There is a letter here from the Department stating that the Minister has sanctioned the borrowing by the Council of a sum of £24,000 for the purpose of erecting 86 houses under the Housing of the Working Classes Acts, and he has recommended the Commissioner of Public Works to advance the amount from the Local Loans Fund.

Chairman—As soon as we get an instalment we can complete the purchase.

The Council directed the Clerk to make application for an instalment of £1,000.

Development Grant. With regard to the Council's suggestion to send a deputation to the Minister with a view to getting a grant towards the development cost of the housing scheme, the Department wrote stating that no useful purpose could be served by sending a deputation and pointed out that the subsidy of two-thirds per cent. will be paid on the all-in-cost of the whole scheme, including development, and a relief grant cannot be made in respect thereof.

The Department also wrote approving of the acceptance by the Council of the tender of Messrs. O'Reilly and Sons, Clonmel, for the erection of 86 houses at a cost of £21,457 2s. 5d., in accordance with plan and specification and in concrete blocks. The letter also stated that the contractors should be instructed to ensure that supplies of Saarstat roofing materials are available as and when required.

Chairman—The only thing I see in this (I don't know if there is anything in it) but they don't say anything about mass concrete, they mention in concrete blocks.

Mr. Moloney—It looks as if the Minister want that type only, as if they were avoiding the other point.

Chairman—We don't want them to avoid it.

Mr. Clancy—We had good reasons for having the scheme done some in blocks and some in mass concrete as we were of opinion that the contractor could not get enough masons in the Town to complete the scheme in 12 months.

B.S.—I don't think there is anything in that letter, if the Department were objecting to mass concrete they would say so.

The Council then discussed the question of the number they would have built in blocks and mass concrete.

Mr. O'Donnell suggested that they build fifty-fifty.

The majority of the Council were in favour of building 56 in mass concrete and 30 in blocks and directed the Chairman to meet the Contractor and inform him of the Council's wishes.

Mr. Clancy—The Council should not allow any sub-letting by the Contractor.

Mr. Griffin—There is an order on the books preventing that.

Chairman—I don't know if it is covered in the specification.

Mr. Clancy—If it is not, I will propose a resolution.

Chairman—It is in the specification that every tradesman employed be paid 1/7 an hour.

Mr. Clancy—Still there will be evasions.

Chairman—If the tradesmen are foolish enough to take a sub-tender, they won't be getting 1/7 an hour, if they do that it will be on themselves they are doing it.

Mr. Clancy proposed that the contractor be asked not to sub-let any of the work.

This was passed unanimously.

Engineer's Fees. A letter was also read from the Minister stating that he will be prepared to sanction remuneration at the rate of 25 per house to the architect (Mr. Murphy) for the preparation of house designs, lay-out plans, specifications,

etc., and the carrying out of all the work for the due and proper completion of the contract, including the issue of certificates for payment to the Contractors. This fee is intended to cover at least two inspections of the houses per month.

The Minister will also be prepared to sanction remuneration at the rate of £1 10s. per house to the Town Surveyor for the supervision of the work.

Chairman—The £5 a house for the architect is very definite, but I don't know what the £1 10s. a house means. That would not pay a Clerk of Works.

The letter was adjourned as the B.S. said he was in communication with the Department on the matter.

Slipway At Lookout. Mr. P. Kennelly, wrote drawing the Council's attention to the dangerous condition of the slipway and strand at the Lookout owing to sea-weed and stones.

The B.S., was asked to attend to the matter.

Water To Be Cut Off. The water rent collector reported that Mr. J. Bluett, Youghal Road, refused to sign the usual agreement after getting in water.

An order was made to have the supply cut off if the agreement is not signed by 20th. inst.

A letter was read from the Ministry regarding the report of Dr. McCormack, on the present position of the water supply and sewerage scheme of the town and stating that the matter was one for the Council to deal with.

Chairman—What was the question at issue.

Clerk—You had a report from your M.O.H. on these matters, and the Department's Inspector came along as a result, and made an inspection.

Chairman—What can we do. At the moment the matter is one for the Engineer.

B.S.—Put up the money and we will carry out the improvements.

Replying to Mr. Clancy the B.S., said some suggestions were to have a larger storage tank and to have the filter beds covered at Kiladangan with a larger supply pipe.

Chairman—It is a very big question. Mr. Keane—I think we should review the report of the Medical Officer again.

Mr. Clancy—It is an important matter which should be treated at a quarterly meeting. We did a lot of work at Glendine which cost a lot of money and we got a grant for it. I suppose the time of grants is now gone. He suggested having a proper report before the next quarterly meeting.

It was decided to give the B.S., a copy of the Medical officers report to estimate for everything included in it.

Acknowledgments. Letters thanking the Council for resolutions of sympathy were read from Miss Broderick, Abbeyside, MI. Walsh, New York, J. Guiry, Dublin, John Dunne, Thos. Terrace, and P. Dunne, Fair Lane.

COUNTY COUNCIL OF WATERFORD. DRAINAGE DISTRICT OF BRICKY.

NOTICE IS HEREBY GIVEN that the County Council of the above-named County in exercise of the powers conferred upon them by the Drainage Maintenance Acts 1886 and 1924 and of every other power therein enabling them, are about to make a Drainage Maintenance Rate on the Lands chargeable therewith in the above-mentioned Drainage District.

The total amount of such Drainage Maintenance Rate to be levied in respect of year ending 31st. March, 1934, is 256 8s. 2d. and same will be assessed on the proprietors or the reputed proprietors in the proportions in which the lands drained and improved are to be annually charged towards the cost and expenses of maintaining the works executed as set forth in the Charging Order of the Commissioners of Public Works in Ireland dated the 22nd. day of December, 1926.

AND NOTICE IS HEREBY ALSO GIVEN that in addition to the above-mentioned Drainage Maintenance Rate a sum of £12 16s. 4d. will be levied and collected in the proportions aforesaid, being the amount of two half-yearly instalments of Principal and Interest which will become due to the said Commissioners within the said year, and ordered to be paid to the said Proprietors or the reputed Proprietors of the lands chargeable therewith as set forth in the said Charging Order.

The Charging Order is deposited in the Office of the Secretary of the County Council, Dungarvan, County Waterford, and may be inspected by any person affected thereby between the hours of 10 a.m. and 4 p.m. during the 14 days next ensuing the date hereof exclusive of Sundays and Bank Holidays.

J. H. O'SULLIVAN, Secretary, County Council, County Secretary's Office, Dungarvan, 24th. June, 1933.

"I love the oak," the maiden said; "It is so strong and true. Which do you like?" The boy replied in gentle accents: "Yew."

Doctor: "You are looking much better to-day." Fair patient: "I always look better in this hat."

Boasting of his success, he concluded his speech with the remark that he had entered the town with only half a crown in his pocket. "Yes," came a loud voice from the back of the hall, "but there were other people's pockets"

Dungarvan Parish Church and its Distinguished Pastors.

The present Parish Church is built on a site given by the Duke of Devonshire and replaces the old Church of the Penal Days erected by Rev. Garrett Christopher on the site now occupied by the Christian Brothers' Schools. The new Church was opened for divine service on Sunday, 27th. March 1828. It is Gothic in style. When the erection of the church was commenced Rev. G. Connolly, was Parish Priest and it was completed under Rev. Dr. Foran, P.P., Later during the pastorate of Very Rev. P. Casey, it was renovated according to its original style of architecture by Mr. Ashlin. In recent years great improvements were carried out including the installation of electric light throughout and a steam-heating system, while in addition much necessary work outside in drainage and lay-out of walks was done. This year our worthy Pastor, has had the interior beautifully painted and decorated. The church is entrusted to the well-known firm of Church Decorators—Messrs. Hodgkinson, Limerick—and they executed their task with masterly touch and artistic finish. To-day Dungarvan Parish Church is one of the most beautiful in the land and that is say very much in a country where the House of God is so revered.

BRILLIANT CHURCHMEN. Dungarvan has had a brilliant array of Churchmen as Pastors in the past century and a half, many of whom were appointed to the Pastoral charge of the Diocese according to Canon Power's history of the Diocese of Waterford and Lismore. Rev. Thomas Browne, aged 55 years was in 1704 registered as Parish Priest of Dungarvan. He was at the time 20 years a priest and had been ordained at Sannonia. Previous to Fr. Brown's day, Edmond Hore and John Clancy who were put to death for the faith in the market place of Dungarvan seem to have been Parish Priest and Curate respectively of the town.

Fr. Garrett Christopher, who built the first Catholic Church in Dungarvan since the Reformation, was buried in the old parish graveyard in 1767. He was succeeded by Rev. Dr. White, who was succeeded by Fr. Fraher. The Rev. Dr. White seems to have been originally pastor of Aghlish while Fr. Fraher appears to have been translated from Dungarvan to Aghlish. Next came in succession Fr. Ryan and Rev. Dr. Keating. Rev. Thomas Keating, D.D., was translated to Dungarvan from St. John's, Waterford, about 1795. In 1809 he was again translated from Dungarvan to Cahir. He died in 1814. Fr. Ryan was Parish Priest when Dungarvan was constituted a Vicariate in 1779. Dr. Keating was succeeded by Fr. Buckley. He was succeeded by Rev. Robt. Walsh, in 1800, who had been translated from Tallow to Dungarvan. He died about 1815 and was succeeded by his nephew and Curate Rev. Robt. Walsh, who became Bishop of the Diocese in 1816 in succession to Most Rev. Dr. John Power. Bishop Walsh appointed as his successor Rev. Patk. Meagher, P.P., Newcastle, but he resigned in 1823 and Rev. Garrett Connolly, was appointed Pastor. Fr. Connolly, was translated to Carrick-on-Suir in 1828 and was succeeded by Rev. Nicholas Foran, translated from Lismore. Dr. Foran was appointed Bishop of Waterford and Lismore and was consecrated on 24th. August, 1837. He appointed Rev. Jeremiah Halley, as his successor on the 19th. February, 1838. Dr. Halley had a long and honourable Pastorate, and died on Christmas Eve 1875. On February 13th. 1876 Most Rev. Dr. John Power, appointed as his successor Rev. James Cleary, D.D., President St. John's College, Waterford. Dr. Cleary was appointed Bishop of Kingston, Canada on the 26th. September, 1880, and was succeeded by Rev. Dr. Delaney, translated from Ballyporeen. Dr. Delaney resigned the Parish in 1881, and was succeeded by Rev. Patk. Power, P.P., Cappoquin, who died in Tramore the same year, without having taken over the Parish. He was succeeded in August 1881 by Very Rev. Piers Power, President St. John's College, Waterford. Dr. Power, was appointed co-adjutor Bishop and was consecrated at Dungarvan on 7th. March, 1886. On the death of the Bishop Most Rev. Dr. John Power, in November, 1887, Dr. Piers Power became Bishop of the Diocese. He was succeeded in the Pastorate of Dungarvan by Rev. Peter Casey, P.P., Ring and Old Parish. Fr. Casey died on the 18th. August, 1894, and the then Bishop, Most Rev. Dr. Sheehan, translated Very Rev. Francis O'Brien, P.P., V.G., from SS. Peter and Paul's, Clonmel to Dungarvan. Fr. O'Brien was succeeded by Ven. Archdeacon Sheehy translated from Aghlish, and in 1902 the late lamented Rt. Rev. Monsignor Power, P.P., V.G., was translated from Carrick-on-Suir here. After a most fruitful Pastorate, Monsignor Power died in October, 1925, and was succeeded by Very Rev. Canon Furlong, P.P., V.F., translated from Lismore. Owing to failing health Canon Furlong resigned in 1931, and we are happy to state he is enjoying his retirement in peace and prayer and long may he be vouchsafed to do so. Our present worthy Pastor—Very Rev. Thomas O'Brien, P.P., V.F., was translated from Portlaoise to Dungarvan in 1931, and has devoted himself wholeheartedly to the spiritual and temporal welfare of his Parishioners. We wish him long years in health and prosperity to carry on his great and holy work for the good of his people.

CARE OF THE IN-CALF COW. SOME TROUBLES WHICH MAY BE EXPERIENCED.

In-calf cows, with certain limitations may be better fed than they were formerly before milk fever could be successfully treated. Knowing that this trouble is due to a calcium deficiency, one should see that the cow has had a mineral ration with her food. Cases of depraved appetite, where a cow devours anything from linen to old bones, etc., is due to the craving for mineral salts.

The size and vigour of a calf are influenced by the care of the cow before calving. What is most necessary is that the cow should have an ample and well-balanced diet, supplying enough albuminoids and mineral matter for the development of tissue and bone. If a cow is not properly fed, the calf will not suffer to the extent that might be imagined, as the cow will draw upon the reserve in her body to produce a normal calf. In such a case, however, it is clear that the cow will be seriously handicapped in the production of milk after calving.

Very often towards the end of the in-calf period many little troubles show themselves, such as coughing, constipation, or even loss of control of the hindquarters. In cases of coughing or constipation one cannot do better than use the old-fashioned remedy, namely, black treacle given in half or pound doses, mixed in one or two quarts of water, and giving damped food, with occasional bran and linseed mashes. Sometimes it is only after calving and the removal of the pressure that these become all right. In cases where loss of control of drooping before calving occurs, it is better to get professional advice.

It is always important to keep an eye on the bag during the last two or three weeks of the gestation period, as sometimes the milk springs early and may occasion serious trouble and discomfort. If necessary, remove a little of the milk daily, and, if the bag is hard, rub in daily some marsh-mallow ointment. A week or so before calving a mild aperient drench, such as Epsom salts, twelve ounces combined with half an ounce of ground ginger, may be given. Daily exercise is beneficial, as it keeps the excretory organs acting.

Whilst the cow is dry, one should treat and endeavour to cure any teat trouble, such as milk fistula, and remove warts. In cases of fistula of the teat, the sides of the wound should be scraped, the wound sewn up and then sealed with calodion. Warts should be tied and removed, the small ones be rubbed twice a week with crude castor oil.

After the cow has calved, permit her to clean the calf, and do not take the calf away for the first four or five days, allowing it to suck and have the benefit of the colostrum. Do not for the first few days give the cow any meal or cake as the milk is fit to use, then, one must give her balanced rations, according to the quantity of milk she is producing.

During the early weeks of lactation keep a watch on the udder, as it is during this period that a cow is likely to get mammitis, and never recover her full yield of milk till next calving. As

TETANUS OR LOCKJAW IN HORSES. SYMPTOMS AND TREATMENT.

The disease which is commonly called lockjaw is common in some districts, and comparatively rare in others. It is caused by a bacillus very widely distributed, as it is found in garden soils, especially those that are heavily manured, in stables, and in the dung of various animals, but it does not often affect the pig or the dog. The horse, mule, and donkey are, however, very susceptible to lockjaw.

It is generally considered that the bacilli are introduced into the body through some wound, for it is found that infection does not take place by food. The most likely wounds to be infected are the feet, such as may be caused by prickles and picked-to nails, broken knees, and occasionally wounds of the head.

When tetanus occurs in newly-born animals, especially foals and lambs, the virus enters by the navel string, and in some cases fuller's earth has been blamed when used for a dressing in young animals. Castration, and more likely docking, are examples of surgical operations where the danger of infection may be great.

The symptoms vary according to the severity of the case, and in mild cases the muscles used in eating are hardly affected, whilst in severe cases the jaws are completely locked, the horse being unable, even with help, to open the jaws at all, and the veterinary surgeon has sometimes to cut off a front tooth or two to allow pain-killing to be given. It is this symptom that gives rise to its name.

In bad cases death takes place very quickly, but in milder cases it is often a week before the patient dies. In a mild case, where the horse can eat and swallow, and the locking jaw is not severe, the horse seems to make favourable progress, but, unfortunately, it often happens that at the end of a week, the horse is found down in the stable and struggling badly, with the result that the animal soon dies or is destroyed. Recoveries may take place in very mild cases, but the prospects of getting well are very poor.

In mild cases it is generally advisable to keep the animal perfectly quiet and undisturbed, giving some salines in the water or sedatives as an electrolyte, taking care not to worry the animal. The appetite is there, but the difficulty of eating prevents the animal taking its food. In badly infected farms or countries it is usual to inject the tetanus anti-toxin after a likely infection, as this has the power to prevent tetanus coming on. The serum is also used in treatment, but it is not of great service.

to whether a very heavy milker should be milked twice or three times a day is an open question, and, if the milk is inclined to leak, it is, perhaps, best to partly milk about mid-day, as a leaking teat is more likely to become infected with contagious mammitis than the one which does not.

Should a cow be infected with John's disease, tuberculosis, etc., it will be often found that the strain of calving and the flush of milk is so debilitating that the cow rapidly becomes worse and shows evidences of the hidden disease.

left to the Home Assistance Committee.

Boilers And Radiators.

A report was read from Mr. Spreadborough, Engineer, enclosing a quotation for the erection of two steam boilers in the kitchen of the Co. Home and radiators in the Co. Home Chapel, the quotation was for £228.

The matter was adjourned to the next meeting to enable the Board to get further particulars.

Painting At Fever Hospital.

Mr. Jephson, Engineer, reported that the probable cost of painting the wards at the above was £85.

Mr. Cosgrave—Will it be done by direct labour?

Secretary—I am afraid it will have to stop direct labour, it will arise in the correspondence, there is a letter from the Department calling the Board's attention to Article 16 of the Public Health Act dealing with sealed tenders to be invited by the Board for any work estimated to go over £50. I explained to the Department that the Board were of opinion that they were getting much better and cheaper work by direct labour, but it was not any use.

Mr. Coghlan—This letter is final, Mr. Cosgrave—It is not. I suggest that instead of doing the wards in bulk we do them one by one by direct labour.

Mr. Caulfield supported the suggestion of Mr. Cosgrave, and said that when doing work by direct labour the Board supply only the very best material. He remembered first when he became a member the wards were done and cost something like £400 one when they were done by direct labour they were much cheaper. Painting Mr. Caulfield declared could be described as the most scientific camouflage.

Mr. Cosgrave—I propose that we do not go on with this work, but get an estimate from the Engineer of the cost of doing the largest ward.

It was finally decided to invite tenders for the work to see how they compare with the estimate.

Resignation.

Mrs. O'Grady, Caretaker, Dungarvan Dispensary, wrote resigning the position after 41 years service, her father having 20 years service before her appointment.

The Board decided to accept the resignation subject to one month's notice, to issue advertisements for a caretaker in the meantime, and to consider the question of superannuation to the retiring caretaker at next meeting.

Kilmacthomas Dispensary And Residence.

Mr. Jephson, reported repairs required at the above Dispensary would cost £29.

Repairs to the Dispensary Residence would cost £25, in addition to internal painting which he estimated would cost £40.

It was decided to get quotations for the painting of the residence as the matter is urgent.

Mr. Cosgrave suggested getting a full report from the Engineer on every dispensary in the County and get finished with them. While he is a member, at every meeting there is some dispensary requiring repairs.

Peter Street, Dispensary.

The Board decided on the report of the Engineer to have the above dispensary painted.

Mr. Cosgrave referred to the unsuitability of the premises for the paying of Home Assistance and said the condition of the recipients who have to stand in a queue into Peter street is dreadful on a wet day. He advocated the erection of a cheap rough shed to shelter the people.

The matter was referred to the Engineer for report.

Co. Home Supplies.

Arising out of the minutes of the Co. Home committee, Mr. William Stokes, wrote stating that he was not prepared to carry out the contract for supplying bacon to the Co. Home which he recently quoted for, owing to the recent British Quota on bacon.

Secretary—What order will you make; will you reconsider the other tenders received or take quotations by the month.

The Board decided to get monthly quotations through the Storekeeper. With regard to the contract price of butter, viz., 1/2 per lb.

Mr. Cosgrave said he considered the price exorbitant, they were getting butter in the Waterford Institutions at 10d. per lb.

Secretary—That is not creamery butter.

Mr. Cosgrave—No, but it is just as good. Why should we pay 1/2 a lb. when we can get grand farmers' butter at 10d. I suggest we get monthly quotations for butter also.

Secretary—I am afraid that contract has already begun.

It was decided in future contracts to advertise for farmers as well as creamery butter.

Milk Scheme.

A letter was read from the Minister Local Government and Public Health, pointing out that the transfer of the Free Milk Scheme from the Poor Law Authorities to the Sanitary Authority could not be made in the time available for July 1st., therefore the scheme would be carried on by the Board of Assistance until October 1st. The amount allocated to Waterford County for the six months is £2,135.

The New Co. Hospital.

The following letter was read in connection with the above:-

A Chara.—The Minister for Local Government and Public Health, has had under consideration the resolution

of the Waterford County Board of Public Assistance of the 19th. April, last, proposing that the new County Hospital to be provided for Waterford City and County shall be located at Dungarvan.

The Minister observes from the return submitted by you on the 29th. ultimo, that during the three years ended on the 31st. March last, the number of patients treated in the existing County Hospital was—in 1931—1,446; in 1932—1,395; in 1933—1,837. Of these the numbers belonging to the area formerly included in the Waterford and Kilmacthomas Unions, or the Eastern portion of the Board's district were in 1931—1,356; in 1932—1,333; in 1933—1,757, while the numbers of the remaining or Western part of the district were—in 1931—90; in 1932—62; in 1933—80.

It therefore appears that 95% of the patients treated in the existing hospital came from the Eastern half of the Board's area. For this reason the Minister is of the opinion that the Board should reconsider their decision in this matter. The Minister directs me to enclose for the Board's information a copy of a letter received from the Waterford Corporation.

I am to add that the Minister recognises that the District Hospital in Dungarvan is situated in an important centre and serves a large area. For this reason the Minister would be prepared to agree to special accommodation and equipment for this hospital beyond that usually supplied in the case of a District Hospital. The Minister would not object to the supply of an X-Ray apparatus suitable to the needs of the hospital nor to the provision of an operating room, maternity department and labour ward, and a Dentists' and Oculists' department at or in conjunction with the hospital.

The Secretary read the letter from the Waterford Corporation to the Minister in which they pointed out the hardships that would be inflicted on the poor by the erection of the Hospital in Dungarvan, and urged the Minister to ensure that the Hospital would be erected in Waterford City.

Mr. Butler—As I was the proposer of the resolution, I must say I am more or less pleased with the Department's letter as they have now recognised the fact that Dungarvan requires special accommodation and equipment. This Board and the public far and near will admit that we had for a long number of years one of the greatest doctors that could be found anywhere, in the Dungarvan District Hospital, that was the late Dr. Backett. The same good work is now being carried on in a most efficient manner by his son-in-law, Dr. McCarthy. I have a resolution here which I will now propose, and which I know will meet with the approval of all the members.

That in consideration of the L.G.D., recognising that the District Hospital in Dungarvan serves a large area, and that the Minister is prepared to agree to special accommodation and equipment beyond that usually supplied to District Hospitals, and the Minister further agrees to supply an X-Ray Apparatus suitable to the needs of the Hospital, and to the provision of an operation room, maternity department and labour ward, and a Dentists' and Oculists' department, at or in conjunction with the Hospital. That we agree with the Minister, and reconsider our decision to build the Co. Hospital in Dungarvan, and consent to have the Co. Hospital built in Waterford City. Further, that we request the Minister to give the necessary direction to the Board of Public Assistance to enable them to proceed with the carrying out of the works referred to in his letter.

Mr. O'Donnell seconded the resolution, which was passed unanimously.

Co. Home Sewer.

Mr. Butler. There is another question that I would like very much to discuss, and that is the sewer from the County Home. The Urban District Council are now about to develop an area in that locality, and he would ask the Board of Assistance to speed up this sewerage scheme. Unfortunately he knew that the Board of Assistance had not compulsory powers to enter these lands as they were in the Urban area.

Secretary—This Board had an arrangement with the U.D.C. we were to bring the sewer as far as the septic tank, and from that onwards the cost was to be half and half between this Board and the U.D.C. This Board could not agree with the owner of the land as to the amount of compensation for entering the lands, and as we have not compulsory power the matter rests there.

Mr. Curran suggested that they ask the Urban District Council as Sanitary Authority to assist them. He then proposed—"That the Waterford County Board of Public Assistance request the Sanitary Authority in Dungarvan i.e., the Dungarvan Urban Council to construct the sewer and all works in connection thereto, from the Co. Home and District Hospital to the strand as shown on approved plans. Further, that the Board agree to contribute 50 per cent. of all-in cost of the scheme, the Dungarvan Urban Council to contribute the other 50 per cent. The work to be carried out under the supervision of the Engineers to the U.D.C. and Board of Assistance."

The resolution was passed unanimously.

MARRIAGE.
LEWIS and HERLIHY.—On June 14th, by the Very Rev. Father Kelly, St. Ignatius' Loyola Church, Park Avenue and 84th Street, New York City, Denis, eldest son of Mr. John and Mrs. Lewis, Villierstown, Cappoquin, to May, second daughter of Mr. James and Mrs. Herlihy, Cork.

LOCAL HAPPENINGS.

COURING TREBLE.
At Clonmel Track on the 14th. inst. our well-known Dungarvan greyhound expert Mr. J. J. Crotty, won the Galtee Stake with Grawnawn Boy, on Friday evening at Harold's Cross, Dublin he won a valuable stake in the good time of 30.95 secs., and on Saturday night at the Shebourne Track, he won again. This is a record of which any sportsman may be proud.

BLACK OATS SHIPMENT.
FARMERS' NOTE!
Farmers will be glad to learn that there is now an opportunity of disposing of surplus stocks of black oats hitherto unsaleable and even though the price is low it is the best that can be done in these bad days. Messrs. A. Moloney and Sons, Ltd., have just succeeded in selling a small cargo of black oats in the Channel Islands. They are now open to buy a limited quantity of black oats at 6/- per barrel delivered at their stores. This is an opportunity for farmers to get out of their surplus stocks of oats and intending sellers should attend to the matter without delay (346).

LATE MR. QUEALLY.
At a special meeting of the Dungarvan Literary Club, Mr. E. Phelan, President, in the chair, the following resolution was passed in silence—Proposed by the chairman, and seconded by Mr. Ormonde, B.E.—That we desire to place on record our deepest sympathy on the death of Mr. M. Queally, Mary Street, and that the sympathy of the Club be extended to Mr. Martin Queally, and the other members of the family. The chairman regretted the occasion had arisen for passing such a resolution. Mr. Martin Queally, was a very popular member of the Club, and they were all sorry for the great loss he had sustained.

HOSPITAL IMPROVEMENTS.
The letter from the Department of Local Government, read at Wednesday's meeting of the Board of Assistance will be highly appreciated all over the County and especially in the centre and western divisions, where the great medical and surgical work done for the sick and poor in the Dungarvan District Hospital is fully appreciated. The Department approves of having the Hospital extended; X-Ray Apparatus installed; Maternity Hospital added and generally having the Hospital worthy of the great work done there with ample scope for development to cater for the needs of all classes of the big area it serves so well. And when properly equipped we bespeak for the District Hospital a great future under its brilliant young surgeon—Dr. McCarthy, aided by an efficient and capable nursing staff.

IRISH DERBY.
The Irish Derby run on Wednesday at the Curragh, was won by Mr. Barnett's Harrier. A full brother to Trigo who won the English and Irish Derby's three years ago. At the same meeting, the colours of Mr. P. J. Reddick, Minister of Justice, were carried to victory in the race for 2-year-olds.

CYCLING ACCIDENT.
On Sunday evening, Mr. John Murphy, Clonmel, the efficient road Overseer, for these parts was knocked down and injured when in collision with a Bus. Having been medically treated, he was taken home, and we are pleased to state he is doing very well.

HEAD ON COLLISION.
On Wednesday evening two motors, one driven by a Dungarvan Lady and the other by a Ballinacult Insurance Agent, had a head on collision at Barnawee near Dungarvan. Both cars were badly injured, but the drivers and passengers fortunately escaped and suffered only from shock.

IMPORTANT DEVELOPMENT.
The well-known up-to-date Firm of Messrs. K. Williams and Co., Ltd., Dungarvan, announce in this paper that they have just erected at their stores at much expense, a Walworth Patent Kiln, so as to thoroughly kiln-dry oats and barley for admixture with Maize, as required by the Cereals Bill. The importance of kiln-drying the home grown grain in order to secure the very best results of mixing with maize is admitted and Messrs. Williams and Co. guarantee that henceforth all the home-grown grain used by them will be kiln-dried. This new installation in the interests of the farming community is a tribute to the up-to-dateness of this well-known Dungarvan firm, and the business capacity of its esteemed, shrewd and practical managing Director—Mr. John Christopher.

FIANNA FAIL.
At the usual meeting of the Cathal Brugha Cumann, Dungarvan, held on the 14th. inst., a letter was read by the Sec. from Dr. Jeremiah Canon Kinane, D.D., thanking the Cumann for their kind resolution on his appointment as Bishop of the Decies.

ARDMORE IRISH COLLEGE.
The Very Rev. P. MacSuibhne, B.A. Rector of Knockbeg College, Carlow, has been appointed Headmaster of Ardmore Irish College for the July session, beginning on the 2nd. prox. Other members of the staff will be Eibhlín ni Bhrié, Cross and Passion College, Kilkullen; D. O'Driscoll, N.T., Ceann Cleire, M. O'Connchubhair, M. O'Foghliar, and Maire ni Mheadhra, S. Dalton, B.A., High Dip. in Ed., will be Headmaster during the August session.

PIGS.
Bacon pigs were 56/- cwt. d.w., at Cappoquin Bacon Factory this week.

DUNGARVAN SHOW.
Everything points to the Dungarvan Show to be held on July 13th., being a complete success, and entries promise to be larger than ever. The committee have left nothing undone to ensure the event being a record one and in addition to all the usual sections, which cater for Horses, Cattle, Sheep, Swine, Home Industries, etc., many interesting sideshows are introduced, including Sheep Dog Demonstration Trials, by Mr. R. E. Lato, Ferns. Entries are pouring in a pace, and all intending competitors are asked to post their entries to-day to the Secretary.

Important Notice.

We wish to call the attention of our customers and the general public to the fact that we have erected a Walworth Patent Kiln at considerable expense to treat the native Grain which it is incumbent on us to mix with Maize. Under the new Cereals Bill the quantity of this Admixture has been raised by a recent order of the Department of Agriculture from 10 per cent. to 15 per cent.
Owing to this increased percentage to secure good sound Meal, the Kiln-drying of the home-grown Grain is in our opinion absolutely necessary. We therefore guarantee that the quota of native Grain used by this Firm in the Admixture will be Kiln-dried. This combined with the stone grinding at our Water-power Mill at Killaungan should secure a first-class article.
We shall supply Maize Meal with the stipulated Admixture of either OATS or BARLEY. In the case of BARLEY being used a slight increase in price will be required.

CHAMPION SOUND HOUSE.
That the Cinema, Dungarvan has the best sound of any Cinema to be found has been admitted over and over again by visitors with a full knowledge of a wide range of Cinemas at home and abroad. When the sound films came on the market some years ago, Mr. Dan Crotty, with his well-known perspicacity saw that none but the best of sound machines would suit his needs, and installed the very best that could be had. Hence the results of which the public speak so highly. And should anyone doubt the excellence here claimed for the local Cinema, all they have to do is to hear next week the famous Film—"Tarzan, the Ape Man"—and prove the case for themselves.

YOUGHAL URBAN COUNCIL.

Present—Mr. E. P. Lynch, Vice-Chairman, Capt. P. Dunne, Messrs. D. Dennehy, W. J. Broderick, T.D.; T. Beausang, M. J. Fleming, D. J. Lincan, P. J. McMahon, P.C.; T. Harrington, A. J. Fowkes, J. Kennedy, Mrs. S. Hurley, P.C.; J. Whelan, P. J. O'Gorman, P.C.; T. Murphy, and Mr. D. Broderick.

Harbour Board Employees. A protracted and heated discussion at times took place at the Harbour Board regarding the employment of extra men when required.

Messrs. Harrington and Beausang said the work should be distributed around and they put forward a proposition to that effect.

Mr. McMahon asked what was the use of having officials if they could not be trusted to deal with such matters and he ultimately proposed that such appointment be left in the hands of the Chairman, Vice-Chairman, Harbour Master and Secretary.

On a poll Messrs. Harrington and Beausang voted for their own proposition. All the others, excepting the Chairman, voted for the amendment, which was therefore carried.

The Chairman said as he was on the Selection Committee he didn't see the necessity of giving his vote.

Co. M.O.H. and Minutes.

The following letter was read from the Co. M.O.H., Dr. Condy—"It is noted that a copy of the Minutes of the various meetings of your Council is not being regularly received in this office as requested in a previous communication. I would be obliged if you would be good enough to give this matter your attention. In view of the necessity which exists for the local M.O.H. being conversant with all steps taken by the Urban Authority in regard to sanitary matters in the area under his jurisdiction, I would be obliged if you would be good enough to arrange for the forwarding of a copy of the Minutes of each meeting of your Council to this office, in regard to future meetings.

The Clerk said he had replied to the effect that all matters appropriate to the office of M.O.H. were sent to him as expeditiously as possible after each meeting, and that would be continued. In future he would send the M.O.H., after each meeting a precis of matters dealt with or about to be dealt with affecting Public Health, and if necessary he would let the Co. M.O.H. have a copy.

Mr. McMahon—Send a copy of all the minutes to Dr. Condy—for what?

The Clerk said it would mean 7 or 8 pages of matter.

Mr. Beausang—I move that we don't send all the minutes.

Mr. Broderick—Why should this Board send a copy of all its minutes to Dr. Condy?

The Chairman—It is a ridiculous demand. The Clerk's suggestion was unanimously approved of.

Shelters At Claycastle. A letter was read from Mr. Samuel Field, applying for permission to erect two temporary sheds at Claycastle to shelter his patrons and games.

The application was granted unanimously on the proposition of Mr. Beausang, seconded by Mr. Dennehy.

Compensation Application. A letter was read from Mr. Exham, solicitor to the Co. Council, regarding an application by Mrs. Green, North Main street, for £7 compensation for glass broken maliciously, asking that the Council be represented at the hearing.

Mr. McMahon suggested that in order to avoid unnecessary expense, an effort should be made to have the matter settled out of Court.

This suggestion was unanimously approved of, and the matter was referred to their solicitors, Messrs. Hodnett, with a view to having it carried into effect.

Mr. Beausang—If they have the culprit—he got 2 months for it—are we liable?

The Clerk—I am afraid you are.

Band Promenade. A letter was read from the Adjutant Cork Barracks, regarding the Band Promenade by the No. 2 Army Band at Youghal on June 25th. They would perform for an hour on the Strand after their arrival in the afternoon, and from 6.45 to 8.45 in the Green Park.

A letter was read from the District Superintendent G.S.R., Cork, stating that the necessary arrangements would be made for conveying the members of the Band to Youghal.

Bathing Bye-Laws. The Clerk said he had received an objection from a lady resident on the Strand to the division decided on in the amended bye-laws.

Mr. McMahon said the matter had been decided on by a majority of the Council. They had done their best.

Mr. Fleming said that a number of people interested agreed with the objection mentioned.

The Clerk—You can't please everybody. After a short discussion it was unanimously agreed upon to adhere to the division made.

Housing. A letter was read from the Sailors and Soldiers Land Trust, gratefully acknowledging the Council's letter and stating that they would instruct their solicitor to re-open the question of the Housing Scheme with Messrs.

World's Conference.

SAORSTAT CASE.

INTERNATIONAL TRADE.

Senator Joseph Connolly, Minister Lands and Fisheries in the Irish Free State, presenting the Saorstat case at the World's Economic Conference in London last week, said that he realised that as representative of one of the smaller countries that the view of his Government might not be quite in harmony with those whose responsibilities were different owing to their wider and more conflicting interests.

"My Government's only aim," he said, "is to co-operate in our endeavours to seek out the real causes of the economic troubles and such measures of reform as may lead us on the road to stability and security."

In a word of criticism of the report of the committee set up to prepare the Conference agenda, he said that he could not refrain from expressing the feeling that the report seemed to indicate that a solution was only to be found within the traditional or orthodox systems.

"We should not shut out from consideration any ideas or suggestions, however unorthodox they may appear to be, that may lead us to a full sense of realities and to the findings of a way out," Senator Connolly proceeded.

In this respect he pointed to the section of the report which dealt with the silver problem, and which stated that the idea of bimetallism must be regarded as impracticable.

Senator Connolly said that he thought that the report in the main showed a tendency to express judgment and leaned almost completely to the conventional.

"What I take to be our essential business is to bring about such a state of organisation as will result in well-ordered production, distribution and use of commodities within the countries. We must seek to perfect the organisation of international trade."

Mr. Connolly continued that much of the internal unrest which distressed countries to-day had been caused by differences which had grown out of external impositions and interference. They had to decide how far stability could be secured while the background of international antagonism continued to poison relations in world affairs.

Those of them saddled with the burden of Government must realise that they were upon their trial, and if they could not find a way out must not shirk responsibility for the chaos and confusion which would follow.

The Irish Free State Government agreed with the argument that it was the duty of each country to endeavour to put its own house in order, and they must try to ensure in doing so the countries suffered no obstruction.

In regard to financial matters, Mr. Connolly asked if they could formulate a policy to regularise the whole structure of international trade and credit and eliminate the speculative interest.

"The whole organism of our international exchange should be brought under international control and removed from the control of those who merely exploit it as a speculative or profit-making business. Unless we are prepared to face drastic changes in systems and methods, and do it quickly we shall fail in the purpose which has brought us together.

The labour quotient in production had diminished and would continue to diminish. Government would find it increasingly difficult to find their nationals profitable employment, and a shrunken export trade would shrink further.

The Conference would not achieve a lasting result unless it considered the whole problem of the readjustment of labour. Its aims must be to recast the whole basis of economic life from the social and human viewpoint.

YOUGHAL DISTRICT COURT.

(Before Mr. G. P. Farrell, B.L.)

Minister of Defence v. Ring.
This was a Civil Bill for £1 12s. 6d., against Timothy Ring, for the grazing of sheep on the grounds of the Ballyquirk Aerodrome.

Mr. T. K. Keane, solr., (for Mr. D. Casey, State Solicitor) for plaintiffs.
Decree granted.

O'Mahony v. McDonald.
This was an Ejectment Civil Bill by Mr. S. O'Mahony, Killeagh, against Thos. McDonald, Ballycurryginy.

Mr. J. N. R. Macnamara, solr., for plaintiffs.
The Justice—This case was proved last Court?

Mr. Macnamara—Yes, your worship. It was merely adjourned for defendant to appear.

There was no appearance on behalf of defendant.

Replying to the Court, plaintiff said there was six weeks rent due at 3/- per week, on the expiry of the notice to quit on 15th May.

The Justice said he would give a decree for possession with a stay for a month to give defendant an opportunity to get out of the place.

Mr. Macnamara said the place was in a dilapidated condition owing to the action of the defendant, and the plaintiff was therefore anxious to get it up.

The Justice—Is that so?
Plaintiff—I think so.

The Justice—Why didn't you see it?
Plaintiff—I wouldn't be allowed into it.

A decree was then granted with a stay for a fortnight.

Loughlin v. Keohane.

This was an Examination Order and an application for an Instalment Order.

Mr. Macnamara for plaintiff and Mr. Keane, for defendant.

From the examination of defendant by Mr. Macnamara it appeared that the plaintiff had some 14 years ago secured defendant in the bank for £150. This amount had been reduced to £29 5s. 0d., which plaintiff had paid the bank last August and on foot of which he had obtained a judgment for £34 2s. 0d., including costs.

Plaintiff stated that the bill was two months overdue and he couldn't get the defendant to renew it. Defendant stated that he had been willing to renew it, but that plaintiff insisted on another surety in place of the one who had died.

This was contradicted by the plaintiff.

Mr. Keane submitted that the statement of means handed in by his client hadn't been disproved, and that some time ago his worship had refused to make an Instalment Order against the defendant. To make such an Order in the present case would be to give undue preference to one trader.

The Justice said he wasn't satisfied that the defendant couldn't pay by some process or other, even in small instalments.

An order was then made for the payment of £1 per month, with 20s. costs.

LOCAL WEDDING IN U.S.A.

MISS FITZGERALD WEDS
M. J. HAYES.

Rev. H. M. Tattan, Performs Ceremony at the Sacred Hearts Church, Reception at New Home, 32A Amaranth Ave., Medford, U.S.A.

American Exchanges to hand announce the nuptials of Miss Margaret Marie Fitzgerald, 62 Hancock street, and Michael J. Hayes, 88 Russell street, Medford, at a pretty ceremony at the Sacred Hearts Church, Sunday, at five o'clock. Rev. H. M. Tattan performed the ceremony.

Miss Alice J. Fitzgerald, sister of the bride, was maid of honour and the groom was attended by his brother, John Hayes.
The bride was becomingly attired in white satin and wore a tulle veil caught up with pearls and orange blossoms. She carried a shower bouquet of bridal roses. Her maid of honour was attractively gowned in powder blue chiffon. She wore a picture hat to match and carried pink roses.

A reception was tendered the couple at their new home, 32A Amaranth Ave., Medford. More than 100 were present. A catered supper was served and a musical programme enjoyed. The newly-weds left for a honeymoon to New York and Baltimore and on their return will make their home at 32A Amaranth Ave. They will be at home to friends after May 1st. The couple received a large array of useful gifts.

The groom is well known here. He has been for the past several years employed by the Standard Oil Co., Stoneham branch. He is a member of the Santa Maria Council, K. of C. and the Holy Name Society of the Immaculate Conception Church.

The bride returned several weeks ago following a six months' stay at Dungarvan, County Waterford, Ireland, where she was the guest of her parents Mr. and Mrs. Patrick Fitzgerald.

The ushers were James Fitzgerald of Medford, and Thomas Hughes of Newton.

The bride's gift to her maid of honour was a diamond bracelet and the best man was remembered with a yellow watch by the groom.

NO. 128.—

THE DOG'S MOUTH.

KEEPING THE GUMS HEALTHY.

By "PHILOKON."

DISEASES of the gums and mouth may have serious consequences if they escape notice in the early stages, but with proper feeding they should not be common, except as accompaniments of distemper or typhus. What is called ulcerative stomatitis is one of the symptoms observed in the fatal complaint known variously as canine typhus, specific gastritis, or Stuttgart disease. There is ulceration of the gums and tongue, which develops into a gangrenous condition. This deplorable state of the mouth, however, may appear apart from Stuttgart disease, and frequently ends in the death of the patient. Weakly and anaemic dogs are usually affected, and it may arise from decayed teeth or bacterial infection, which is encouraged by unhealthy gums.

The death of a member of the Tail-Waggers' Club in deplorable circumstances brings home the desirability of making periodical examinations of the mouth. Excessive thirst and bad breath were the first symptoms noticed. In two or three weeks, the dog seemed unable to eat or drink, and a veterinary surgeon diagnosed an advanced stage of pyorrhoea, gangrene of mouth and tongue set in, and death followed rapidly. There is a suspicion that the pyorrhoea was a legacy of distemper, as the dog had been fed on hard food.

Pyorrhoea is general among dogs that are fed habitually on soft, mushy food, and is seldom seen in those that have plenty of hard biscuits and big bones to gnaw. The pressure on the sockets of the teeth apparently keeps the gums sound and sweet. In pyorrhoea the gums become soft and spongy in which particles of food lodge, and which admit bacterial infection. An accumulation of tartar on the teeth may also be responsible for sore or receding gums, and it should be removed by scraping. Some dentists recommend painting with tincture of iodine for several days in succession when the gums are soft and inclined to bleed. Many owners brush the teeth of their dogs daily, using a solution of hydrogen peroxide, and another mouth wash recommended is two drachms of hydrochloric acid to a pint of water. Tartar, of course, must not be confused with the discoloration of the teeth which appears in middle life or as a consequence of distemper. I have noticed when judging a prevalence of discoloration in young dogs, which is presumably attributable to distemper.

In severe cases of pyorrhoea that have not been treated in time, extraction of the teeth causing the mischief is a cure. It is better to have that done than risk the consequences that may ensue. Mr. Henry Gray, M.R.C.V.S., who has given a good deal of study to this subject, once wrote in a professional journal that "bad breath or ulcerative stomatitis is absolutely toothless dogs is never seen, although such dogs may have suffered from both bad breath and stomatitis for years before all their teeth were withdrawn. There is a relationship between the teeth, bad breath and the common form of ulcerative stomatitis." He also pointed out that gangrenous stomatitis is generally a seasonal complaint, and often occurs in an epizootic form in dogs and cats. In its epizootic state it is always a clinical form of distemper or typhus. In either of these diseases the gums should be washed night and morning with the preparation mentioned above or a weak solution of permanganate of potash.

Quite supreme in the dog's esteem!

WATERFORD HONOUR FOR PRESIDENT.

RESOLUTION CHALLENGED.

The Finance and Law Committee of Waterford Corporation decided to take no action on a letter from Mr. C. S. Quinlan, solicitor, challenging the resolution of the Corporation to confer the freedom of the City on President de Valera. The resolution was carried by 14 votes to 12, three members not voting.

Mr. Quinlan wrote that members not voting were deemed in law to be against the motion, and he had been instructed by the twelve dissenting members to request the Council within one month to regularise the position "arising from this invalid resolution," otherwise High Court proceedings would be taken to nullify the effect of the decision.

At the request of President de Valera the conferring of the Freedom on him has been postponed indefinitely.

CORPUS CHRISTI.

YOUGHAL.

The Annual Corpus Christi Procession was held at Youghal on Sunday with all the usual impressive and beautiful detail, except that the Solemn Benediction of the fishermen at the Ferry Slip was abandoned. This was necessitated by the fact that the whole sacred function was severely handicapped by a fierce northerly breeze, which blew steadily throughout, but even this had its saving side—it kept off the rain which threatened occasionally in the shape of a very light drizzle.

During the previous week, practically the whole town, especially along the route selected for the procession, underwent a complete change in appearance, making the old town look like new. On Saturday a start was made with the decorations, which were completed with great difficulty on the Sabbath morn. in the teeth of the blustering breeze that blew straight down the Main and Quayside streets. Such a wonderfully beautiful display of floral offerings has seldom if ever, been witnessed here. Altars more or less elaborate, were everywhere in evidence, with statuettes, banners with religious mottoes and hunting and greens all over the scene.

Punctually at 2 o'clock, the Rev. J. O'Connor, C.C., who had celebrated the 12 o'clock Mass, took his place bearing the Blessed Sacrament under the canopy, assisted by Rev. J. Aherne, C.C., and Rev. T. Neligan. The Very Rev. D. Canon Dinneen, D.D., P.P., presided. Rev. L. Kenefick, C.C., was master of ceremonies, and the other clergy participating were Very Rev. P. Canon Power, M.R.I.A., Rev. W. Carey, C.C., Rev. E. J. O'Riordan, C.C., Rev. Fr. Murphy, Diocesan Inspector. Leaving the Church while a massed choir under the conductorship of Mr. P. M. Egan, organist, sang the "O Salutaris" and "Panji Lingua," the officiating clergy took their place, with a Guard of Honour, including Mr. J. R. Smyth, P.C., Chairman Urban Council, and other members of the Council, and a number of prominent public men.

The procession started in the following formation—Cross-bearer with Acolytes; Presentation and Loretto Convents; Children all tastefully garbed in white; Children of Mary (in blue cloaks and veils); Women's Confraternity of the Holy Family in Sections with Banners (wearing their ribbons and medals); the Boys of the Christian Schools (marshalled by Rev. Bro. O'Connell, Superior; the members of the Community and Teachers); the Garter Contingent with banners; the Men's Confraternity of the Holy Family (in sections with banners, etc.); the League of the Cross, with Brass Band (conducted by Mr. Bushe); Young Men's Society and Society of St. Vincent de Paul; Altar Boys; Torch bearers; Flower Children; Thurifers and Sacred Ministers with Most Blessed Sacrament. The procession was followed the whole way by a large gathering of the general public, while those grouped along the route all knelt reverently as the Sacred Host passed. The North Abbey Fife and Drum Band (under Mr. R. Cronin, B.M.), and the local Pipers Band also took part in the procession.

The route chosen was along Mouse street, and Emmett Place, down William street, across Main street by Browne street to Catherine street, The Quay, Market Square, Hanover street, The Mall, Strand street and South Abbey street to the Green Park, where a halt was made for Benediction.

As the procession wended its way, the Rosary was recited, Hymns were sung and Sacred airs played by the three Bands.

In the Green Park, a pretty temporary altar had been erected in the Band Stand, and when all the processionists had gathered round, Benediction of the Most Blessed Sacrament was given, the Boys of the Christian Schools singing a Gregorian "O Salutaris" and Tantum Ergo. The scene during the solemn function being most striking and impressive. At the conclusion the massed choir

THE ECONOMIC WAR.

MR. MacDERMOT'S HOPE.

With regard to the economic war with England, he hoped and believed that if the Economic Conference in London created a spirit of international co-operation and goodwill, the spirit would spread to the relations between Ireland and England, and would put an end to this disastrous conflict.

This hope was expressed at a large meeting at Newcastle West under the auspices of the Centre Party by Mr. Frank MacDermot, T.D.

The world in general, he said and this country in particular, had been indulging in an orgy of spending. Crushing taxation, combined with high tariff barriers, fluctuating exchanges, and an atmosphere of suspicion and hatred between nations, had strangled trade and brought the problem of unemployment into an almost insoluble position.

The future depended upon a more rational and a more broadminded atmosphere being created, and upon each individual nation setting its own house in order in the matter of adjusting expenditure to income. To reduce inflated expenditure was not either to attack anybody's security or to reduce the standard of living.

On the contrary, security was impossible while the present state of things prevailed.

In some countries payments of salaries to public servants had ceased altogether, because economies were not introduced in time. In some countries poverty and hunger were more widespread than they had ever been in our lifetime, because every attempt at national economy had been denounced as an injustice to the poor. The only way to bring back pre-war security for Government servants or for any other class of the community, and to secure a standard of living proportionate to natural resources, was to abandon international discords and class antagonism, to realise that they were living on capital and on credit, and to take the necessary steps, to establish public expenditure on a scale in keeping with national income.

In their whole handling of the economic dispute from the very beginning the Government had acted with headstrong folly, but, if even now they made a serious and realistic attempt at a settlement, the Centre Party would greet their efforts not with nagging criticism, but with sympathy and support. Even to those to whom trade with England was distasteful he would say that all their hopes of building up internal industries and transforming the economy of this country without going bankrupt in the process depended on saving agriculture and maintaining the volume of agricultural exports.

The purpose of the Centre Party was however, to teach the people that the main national issue was the abolition of the border and the reunion of Ireland, and to convince them that this could only be accomplished by dropping quarrels with England and by creating a spirit of constructive effort, of honesty, of charity, and of genuine devotion to individual security and liberty.

Sybil: "Yes, she said I was too ugly ever to marry." Lavinia: "The little beast! Still, that's better than telling lies about you, isn't it?"

sang the hymn "God Bless our Pope."

The procession then reformed and returned by South Abbey, Devonshire Square, Friar street; South and North Main streets; William street to the Church, where final Benediction was given.

The Canopy bearers included—Messrs. W. J. Broderick, T.D.; P. J. Broderick, J. Power, J. Whelan, U.D.C.; D. Dennehy, U.D.C.; M. Foley, J. Murray, T. Crowley, M. H. Walsh, P.C., Town Clerk; J. Egan.

The Civic Guards, under Sergeants O'Beirne and Lupton, rendered valuable assistance in keeping the route clear at the various congested points.

Annual Athletic Sports at Mount Melleray

As a prelude to the departure of the students of Mount Melleray Seminary for the Summer holidays, the Annual Athletic Sports were held in the large Sportsfield, on Saturday and provided a great day's enjoyment for all.

The Annual Athletic Sports, prove a "Red-letter day" in the history of the Seminary, for on such occasions the students are afforded an opportunity of developing both brain and brawn in the friendly rivalry which prevails.

All the arrangements were again in the capable hands of the lay Professors of the Teaching Staff, and in the manner in which the officials acquitted themselves in running off an unusually long programme was a tribute to their great efficiency.

The starter was Mr. J. McCarthy, B.A., while the same gentleman with Mr. J. Flanagan, had charge of the handicapping, and the many close finishes witnessed proved their sound judgment of form in every case.

The Judges were Messrs. Thos. F. Olden, J. Lavelle and J. Heffernan, while Mr. Jas. Frazer, Gymnasium Instructor, proved a most efficient Call Steward and General Manager of the proceedings.

The programme was divided into three sections, viz., Senior, Middle and Junior Divisions, and this ensured that the competitors were evenly matched in each Division and resulted in several very close and exciting finishes.

Right Rev. Dom. Celsus O'Connell, Lord Abbot of Mount Melleray, Rev. Father Paul, O.Cist., do., Rev. Father Malachi, O. Cist., Dean of Studies, and Rev. Father Finbar, Junior Dean of Studies, were interested spectators of the Sports during the afternoon.

Senior Division. 100 Yards (Final)—1, J. O'Sullivan; 2, J. Moloney. Sixteen competed. 440 Yards (Final)—1, D. Kane; 2, L. Muir. Twelve competed.

One Mile Flat—1, C. McSweeney; 2, M. Lennihan; 3, P. Colter. Fourteen competed. Long Jump—1, Jerh. O'Sullivan, (20 ft.); 2, E. Keating, (18 ft. 2 1/2 ins.). Twelve competed.

High Jump—1, D. Lawlor, (4 ft. 10 ins.); 2, J. Condon (4 ft. 8 1/2 ins.). Eight competed. Middle Division.

100 Yards—1, Norman Walsh, Cappoquin; 2, L. O'Donoghue. 220 Yards—1, P. O'Neill, Dungarvan; 2, E. Nugent, Kilmacthomas. 880 Yards—1, L. O'Donoghue; 2, J. O'Sullivan.

Long Jump—1, C. Downey, (18 ft. 9 ins.) (in 1 ft. 9 ins. handicap); 2, L. O'Donoghue (Scr.) (10 ft. 8 ins.). High Jump—1, L. O'Donoghue, (4 ft. 11 ins.); 2, M. Moiney, (4 ft. 9 ins.).

Junior Division. 100 Yards—1, James Lane; 2, V. O'Connell. 220 Yards—1, T. Sheehan; 2, M. Cronin. High Jump—1, P. Nolan (4ft. 5 ins.); 2, J. Lane, (4 ft. 4 ins.).

Hop, Step and Jump—1, A. Lane, (34 ft. 1 ins.) (inc. 1 ft. 6 ins.); 2, J. Lane, (Scr.) (33 ft. 5 1/2 ins.). Three-Legged Race—1, J. Murphy and M. Cronin; 2, P. Corbett and D. Buckley. Nine pairs competed.

Sack Race—1, J. O'Sullivan; 2, M. Murphy. 60 competed in this event which had to be run off in several heats. Pairs and Striking the Hurling Ball. This was won by H. Shaw, with a grand puck of 90 yards. Twelve competed.

Tug-of-War—Class (4a) beat class (c. b.) by two pulls to one after an exciting contest. In the second competition between teams of eight representing Philosophers (No. 2) and the Matriculation Class, the former won by two pulls to one, which concluded a most interesting afternoon's sport.

"Our hearts go out to the poor," remarked the observer of men and things, "largely because our hearts can go out without getting our feet wet."

Angry Diner: "Never shall I tell a friend of mine to come here." Waiter: "Then perhaps you will tell your enemies?"
