GO. WATERFORD VOCATIONAL
EDUCATION COMMITTEE.

SINGING CLASS.

The monthly meeting of the above was held on Tuesday last. Mr. M. F. Walsh, presiding. Also present—Messrs. J. Butler, M. J. Keane and Michl. Clancy.

PAYMENT.

A payment of £236 out of current A/c. in respect of salaries, etc., was passed, and a sum of £263 is 10d. wages, material, etc., for the building of the New Technical School at Cappoquin.

BALANCES.

The Secretary reported that the balance to credit on the current A/c. at the end of December, was £1,493 15s 6d., and the balance to credit in the Cappoquin School A/c. £1,182 6s. 2d. Mr. Butler—How much is passed to date in connection with the Cappoquin School?

Secretary—£1,128 13s. 4d. Mr. Bowen asks for a payment of £75 to-day, that is 7 1/2 per cent. on £1,000. The report was adopted.

KILMATHOMAS SITE.

A letter was read from the Department of Education enclosing a copy of their Inspectors report on the site for a Technical School offered by Mr. John Walsh.

The report stated that the site is not a suitable one, owing to its bleak situation, distance from village (half a mile), exorbitant price (at the rate of £120 an acre), so that its acquisition is not an economic proposition.

A report was also read from Mr. Bowen, C.S., stating that the site is not an ideal one, but as good as can be had in Kilmathomas. The distance from the village is 440 yards. The price is a bit high, but other sites in the district have fetched higher prices.

Mr. Keane—Seeing that the Inspector does not approve of it, is there any use in discussing it?
Mr. Clancy—Did the deputation appointed from this Committee approve of the site?

Secretary—Yes. They thought it a bit far out, but knew they could not do better.

Mr. Clancy—This is a very small meeting, and I suggest that this matter be put on the agenda for next meeting.

This course was adopted.

RURAL SCIENCE TEACHER.

A letter read from the Department approved the proposal of the Committee to pay Mr. R. Cronin, B.Agr., Sc., a special allowance of £15 per annum while acting as principal teacher at Clashmore Day School.

Mr. Cronin also wrote deciding not to accept the post under the conditions offered.

Chairman—There is no need to deal with these letters as Mr. Cronin is not coming.

Secretary—There is only one applicant as a result of the new advertisement from Mr. Maher, Athy. He applied for the position when Mr. Cronin was appointed. He is a Bachelor of Science and has some qualifications in Agricultural Science, but has not a degree as requested by the advertisement.

Mr. Clancy—It is surprising there is only one applicant.
Chairman—How many had you when the position was advertised formerly?

Secretary—Seven. Some of these are appointed elsewhere since. The position at present is most unsatisfactory; even if we had a part-time teacher to carry on until the appointment is made.

After some more discussion, the committee decided to forward Mr. Maher's application and qualifications to the Department for their direction and advice.

AUDITOR'S REPORT.

The Secretary read the Auditor's Report which was considered most satisfactory by the Committee.

TENDERS FOR PIANO.

The following tenders were received in reply to the Committee's advertisement for a piano in connection with the newly-established choral class:—Mrs. Conway, Morrissey's Hotel, Cappoquin, £35, makers (Messrs. Hicks and Sons), London; Messrs. Palmer & Waterford, £22 (Collard & Collard); Messrs. Saunders, Cork, £20, almost new and delivered free; Messrs. Sandford's, Dungarvan, £16 (Moxley and Co., London).

Mr. Butler—I suppose we do require a piano. At present only the pupils attending the Day School are benefiting by the class. What I had in my mind about this class was that if it were a special class that anybody who so wished could join.

Mr. Clancy—Is Miss Downey teaching at present?

Secretary—Yes.

Mr. Clancy—Has she many pupils?

Secretary—There are about 20 in the girls class.

Mr. Clancy—asked as to the method of teaching. If the pupils were tested individually at first, etc?

Secretary—I could not say. I did not stay in the room.

Mr. Clancy—Who is to give us information as to the progress of the class?

Secretary—A music inspector from the Department will come in the usual way.

Mr. Clancy—We discussed this matter here before, and one member remarked (I am sorry that member is not here to-day) that he would not touch the Tonic-Solfa system with a forty-foot pole. I do not agree with him. In the De La Salle College, where they train hundreds of young men, the system under which they teach singing is the tonic-solfa system. Vincent O'Brien, Dublin, also teaches under that system. We should not buy a piano at all. Are we going to teach music, if so, we would want a piano. We have at present two Convents in the town, as well as other ladies teaching music, and pupils may be taken away from them to avail of this class. If we are going to teach music the class should be available only to the children of poor parents. He agreed with Mr. Butler and would not approve of having the choral class for the students of the Day School only.

The Secretary said the class was asked for in connection with the Day Continuation Classes.

Mr. Clancy—I propose that no piano be purchased.

Mr. Butler—Might it not be better to postpone it until next meeting and instruct the Secretary to ask the Department to send down their Music Inspector for the next meeting, when they could discuss the matter with him.

This course was agreed on.

SYMPATHY WITH FR. HEARNE.

Mr. Clancy—Since our last meeting here, one of our most esteemed members has suffered a great loss. You have all heard of the death of Mrs. Hearne, mother of our esteemed member, Rev. Fr. Hearne. Since his advent to this Parish, Father Hearne has endeared himself to everyone and I deeply regret the occasion has arisen for me to propose this resolution, and can only hope that it might lighten the sorrow that has come on him.

I propose that this Committee place on record an expression of profound regret on the occasion of the death of Mrs. Hearne, Waterford, mother of our esteemed fellow-member, Rev. Fr. Hearne, C.C., Dungarvan, and that we tender to him and the other members of the family our deepest sympathy, and that all further business stand adjourned.

Messrs. Butler, Keane, Chairman, and Secretary, having associated themselves with the resolution, it was passed in silence, all the members standing.

WATERFORD CO. COMMITTEE OF AGRICULTURE.

Mr. N. Fitzgerald, Chairman, presided. There were also present—Messrs. T. Flynn, J. Daly, D. Coghlan, M. Curran and M. McGrath.

The Department forwarded a list of Spring Shows for the purchase of Premium Bulls.

In reply to the Chairman, the Secretary said there would be eleven vacancies for Premium Bulls in the County.

It was decided that the Committee would consider applications at their meeting on 23rd January.

The Auditor's report on his audit of the Accounts of the Committee for 4 1/2 years was read. He said the accounts were carefully prepared and put forward in a most satisfactory manner by the Secretary.

The report was considered satisfactory.

A resolution was read from the Co. Kerry Forestry Committee calling on the Government to set up a Forestry Board and secure funds to carry out an intensive Forestry campaign in the country.

The Chairman said a little was done this year.

Mr. Coghlan—At present we have no funds to do anything.

Mr. Curran—There are a few thousand acres in Ring and Old Parish that could be planted.

Chairman—There is plenty land good for nothing except planting.

The resolution was adopted.

Mr. Curran, proposed, and Mr. Daly, seconded, that Miss Mullins, Postmistress, furnish to the Committee a complete list of the names of the people who got grants for Post Office Houses; what progress had been made, etc.

The resolution was passed.

KILMATHOMAS NEWS.

SAD DEATH.

A great wave of public sympathy goes out to Mr. and Mrs. Patrick McGrath, Ballynabogue, Kilmathomas, in their sad bereavement occasioned by the death of their only son, Edmund, aged fourteen years. Deceased was the second victim of diphtheria in recent months locally, passed away four days following his removal from his parents' home to the Fever Hospital, Waterford, where the other stricken children from these parts are reported to be making favourable progress towards recovery. Master McGrath was an exceptionally highly-talented boy, who was admired and loved by all who knew him, young and old alike. The remains were laid to rest in the family burial plot in the cemetery, Ballynabogue, amid many manifestations of genuine grief. Rev. P. O'Farrell, C.C., Stradbally, officiated at the graveside.

ANTICIPATION.

Rumour has it that a Nottinghamshire Company has purchased a site for a tannery at Portlaw, and that negotiations are proceeding between another cross-Channel firm and the proprietors of the idle Kilmathomas and Kilmacdon Woolen Mills with a view to purchasing both places and re-opening them.

SNAKES ALIVE!

Mention of a tannery reminds us that a call has gone forth from the British leather industry for Snakes, and the adventurous wilds to satisfy it. We are told that from 6 to 6 1/2 a yard is the regular over-seas tariff for choice python skins. When St. Patrick banished the reptiles from Banba the question of converting snake-skin into leather was never dreamt of.

TO THE MAN BESIDE THE DRIVER.

Thanks to a Bonmahon motorist for the subjoined strip from the "Risks Record."

- * Advice to motor side seat passengers:—
- 1. The driver knows what he is doing, and is perfectly sane.
- 2. He is pleased with life and considers his presence on this earth as essential as yours, if not more.
- 3. Admire the country—not the road.
- 4. The brakes are in perfect condition, there is oil in the engine, water in the radiator, the horn functions, and the speedometer is O.K.
- 5. If the driver needs your advice he will ask you for it.
- 6. SHUT UP: SHUT UP.

SOME STUNT!

According to a well and favourably known Cork city commercial traveller, who visited Kilmathomas on Tuesday, the following ingenious stunt is being practised by a Dublin "door-to-door" man. Starting off in the morning with three gramophone records he makes his first call and puts up this proposition: "For sixpence I'll exchange these new records for three that you are tired of." Most housewives are tempted; they swoon and yap a "tanner" as well. Further along the street the gramophone man makes another exchange—and another sixpence! From what our commercial friend said he is doing a roaring trade.

Village Alarm

HELP CALLED BY CHURCH BELL.

CO. WATERFORD RAID.

The people of Passage East village, Co. Waterford, rushed to the Protestant church, on Saturday night, when they heard the violent ringing of the bell.

Inside they found Miss Elizabeth Hollett, who quickly told how she had been visited by a masked and armed raider.

Miss Hollett, whose house adjoins the Protestant Church, in reply to a knock at the door, found outside a masked man with a revolver.

He ordered Miss Hollett to put her hands up.

Her answer was the banging of the door in his face.

She locked the door at once and bolted the back door.

She then made her way by an old and little used entrance into the Church, and began to toll the bell.

Soon almost every inhabitant was at the Church, not only curious, but alarmed.

When she had quickly communicated her experience to those around her she collapsed from shock, and did not recover for some hours.

A search was instituted by the Civic

OBITUARY.

MRS. A. HEARNE, WATERFORD.

On Monday, the death occurred at her residence, William street, Waterford, of Mrs. Hearne, relict of the late Mr. R. Hearne, and mother of Rev. Maurice F. Hearne, C.C., Dungarvan. The deceased lady, who had reached a ripe age, was during life an outstanding figure in the social life of the city, and was associated wholeheartedly with every movement of a charitable nature meant to alleviate hardship and distress. Her family is one of the most popular in Munster, and their long and honourable association with the Municipal and Commercial life of Waterford City, has won them the deep esteem of the entire community. The passing of such an honoured lady has evoked feelings of the deepest regret on every side.

Her family have made their mark in Church and State. Her son, Rev. M. F. Hearne, C.C., has been for many years a devoted and zealous priest in Dungarvan Parish. His time, energy and superior intelligence are devoted to the spiritual, social and temporal guidance of the people by whom he is beloved in a manner which could not be expressed in words. And in his bereavement, he has the most sincere sympathy of the general public.

The remains were removed to St. John's Parish Church, on Tuesday evening, and were followed by an immense cortege of all classes.

On Wednesday morning there was Solemn Requiem Office and High Mass for the repose of her soul. So great was the traffic, that special provision had to be made to relieve congestion of the thoroughfare near the Church. His Lordship, Most Rev. Dr. Kinane, Bishop of the Diocese, presided and was attended by Rt. Rev. Monsignor Byrne, P.P.; Very Rev. Canon Kelleher, President St. John's College and Very Rev. Canon Prendergast, P.P., Carrick. The celebrant was Rev. M. F. Hearne, C.C. (son of the deceased lady), deacon, Rev. L. Ryan, C.C., Dungarvan and sub-deacon, Rev. J. McCarthy, A.M., Carrick. The Chanters were—Rev. J. O'Connor, C.C., Cathedral; Rev. J. O'Donovan, C.C., St. John's; Rev. Fr. Ahearne, A.M., St. John's; was master of ceremonies. There was a big attendance of clergy present from all parts of the Diocese.

Covered with an abundance of floral tributes, the coffin containing the remains of the late Mrs. Hearne were borne from the mortuary chapel shortly before one o'clock by members of the staff of Messrs. Hearne and Cahill, Waterford, who placed it on the hearse and afterwards walked in a body behind the chief mourners. The cortege, of most imposing dimensions, was representative of practically every phase of activity in the city and districts. Large numbers of clergy preceded the hearse, which was followed by the chief mourners. Behind the staff of Messrs. Hearne and Cahill came the Mayor and the members and officials of the Corporation, and various other public bodies in the city and county were also represented. Included in the throng of general public were representatives of the many trades and professions, the rear being brought up by a line of motor cars that extended for nearly half a mile, indicating the great numbers of sympathisers who attended from outlying districts.

Big numbers of Dungarvan people attended the removal of the remains on Tuesday evening and the funeral on Wednesday—a worthy token of the esteem in which Fr. Hearne is held in the Parish.

The chief mourners were:—Rev. M. F. Hearne, C.C., Dungarvan; Mr. R. J. Hearne, Waterford; Mr. J. J. Hearne B.L. (Ministry of External Affairs), (sons); Mr. John Power, (brother); Messrs. F. Fennessy, G. Hearne, D. McCarthy (grandsons); Messrs. U. McCarthy, Sligo, F. Baker, Liverpool, A. Fennessy, Grange, Waterford (sons-in-law); Messrs. E. and R. Hearne, Kill St. Nicholas (cousins); Mr. David Power, Cove, (nephew); Mr. M. Martin, Dublin; Messrs. R. B. Nolan, A. P. Nolan, G. A. Nolan, solr. J. A. Nolan, R. J. Nolan, Waterford.

The interment took place afterwards in the adjoining cemetery, the final prayers being read by Fr. Gleeson, assisted by the above-named Clergymen.

The chief mourners included:—Mrs. W. Flynn, Grawnfoda, (sister); Joe and Eddie Curran, Ballygambon, Joe and Wm. Flynn, Grawnfoda, and E. Flynn, Manager M. & L. Bank, Droiccollogher, (nephews); Mrs. J. J. Dundon, Limerick, and the Misses Hannah and Mary Curran, Ballygambon, (nieces), as well as a large number of cousins and relatives from various parts of the county.

The funeral arrangements were carried out in a satisfactory manner by Mr. P. Walsh, Undertaker, Cappoquin.

DEATH OF MR. JOSEPH CURRAN, BALLYGAMBON, CAPPOQUIN.

The death of Mr. Joseph Curran, Ballygambon, Cappoquin, occurred after a brief illness on Sunday morning. Deceased formerly resided in Clonkerdin, and held an extensive farm there, but he retired from farming some years ago. For some years he has resided with his nephews at Ballygambon.

A member of an old and highly-respected family, the late Mr. Curran was a gentleman of a quiet and retiring disposition and of a most devout and religious nature, and was brother of the Rev. Sister Francis, Order of St. Louis, Ramsgrange, and of the late Rev. Sister Agnes, Convent of Mercy, Cappoquin.

His death in his 75th year is deeply regretted by a wide circle of relatives, and the deepest sympathy is extended to them in their bereavement.—R.I.P.

On Monday afternoon, the remains were removed from Ballygambon to Ballinameela Church, and despite the inclemency of the weather the cortege was one of the largest and most representative seen in the district for a long time.

On Tuesday Requiem High Mass was offered up for the repose of his soul in the presence of an unusually large and representative congregation from all parts of the parish and adjoining districts.

Celebrity Concert in Dungarvan.

On Wednesday evening a grand Celebrity Concert was given in the Town Hall, Dungarvan, in aid of the Friary Renovation Fund. In addition to local artists of fame, there was the special engagement of Mr. Jack Doyle, the celebrated heavy-weight boxer and actor; Mr. Paul Bernard, the well-known Violinist, who broadcasts regularly, and Master J. Fitzgerald, the boy soprano, also well known in radio circles.

Long before the appointed time to start the spacious Hall was thronged and big numbers who were unable to gain admission either went home or remained outside to hear what they could. The public were treated to a really high-class entertainment, and all thoroughly enjoyed themselves.

As an opening chorus, the Friary choir sang "The Angelus." Mr. Jack Doyle, who is a young man of powerful physique, with plenty of bone and muscle, is a singer of repute and he rendered several sweet numbers with much artistic merit. His songs were: "Until," "Tell Me To-Night," "I Met Her In The Garden Where The Praties Grow." He also gave a very fine selection of pugilistic gymnastics and performed quite a wonderful lot of feats including shadow boxing, which won very hearty applause. Not having his gloves with him he was unable to give a fistic display. Mr. Paul Bernard, who is an expert violinist, delighted the audience with his solos "Berceuse de Jocelyn" and "Serenata," while he also obliged with several encore items rendered in a truly masterly manner. Master J. Fitzgerald, is a boy soprano who appears to be 11 or 12 years of age, and is certainly a charming vocalist. He won the plaudits of the Hall with his delightful rendering of "Absent," "There's a Green Hill Far Away," "A Gaelic Song," and other pleasant numbers.

Mr. Eddie Phelan, ever a favourite in his native town, sang "Hail me Gentle Mariana" (Waltz) in his best style and was loudly applauded. Mrs. Feltherstone, ever delighted to hear was at her best in "Coming Home" and to an imperative encore she gave "Vale." Mr. James Keenan, who was in excellent tone sang "Drink To Me Only With Thine Eyes," and as an encore he feelingly rendered "Anno Dear" and later "The Little Silver Ring." Miss Muriel Weeks, gave a very sweet rendering of "Smilin' Through" and as an encore obliged with "Bonnie Mary O'Argyle." Masters M. Quigley and J. Hogan, gave some pretty step-dances. Mrs. Feltherstone, and Mr. J. Keohan, sang "Life's Dream is O'er" faultlessly, while a trio by the two previous artists and Mr. E. Phelan, entitled "Turn On, Old Time," won the hearty applause of the Hall.

The accompanists were Mrs. O'Hara, A.L.C.M. at the Piano and Miss A. Crotty (violin). The National Anthem concluded a great night.

Very Rev. Fr. Farragher, Prior, O.S.A. thanked the audience for their attendance, and paid an eloquent tribute to the artists—both local and visiting—for having so generously placed their valued services at the disposal of the organisers.

WEST WATERFORD DIVISIONAL ANNUAL CONVENTION.

The annual Convention of the West Waterford Divisional Board, G.A.A., was held in Cappoquin on Sunday and was attended by 49 delegates from the various Hurling and Football Clubs in the Division.

Mr. Frank Ryan, Tallow, (outgoing Chairman), presided, and the delegates present included the following: Cappoquin—Messrs. E. Loneragan, P. English, E. Brady and J. Ryall. Brickey Rangers—Messrs. J. J. Phelan, and P. Condon. Ballinacorney—Messrs. P. Moloney, and J. McGrath. Villierstown—Messrs. T. Morrissey, M. Ducey, F. Mernin and Joe Mason. Lismore—Rev. Fr. Power, G.C.; John F. O'Donnell, P. Ormonde, J. Ross, M. Regan, and J. Murphy. Dungarvan—Messrs. P. Buckley, T. Greany, P. McGrath and P. O'Donnell. Eire Oge—Messrs. A. Murphy, P. Lannon, N. Noonan and M. Roche. Tallow—Messrs. J. Cunningham, J. Deane, W. Sheehan, J. O'Brien, T. McCarthy, J. Hartigan, R. Condon and W. O'Brien. Kilsalebeg—Messrs. Moss Connery, (outgoing Vice-Chairman); John Barron, and Wm. Costin. Ballycurrane—Messrs. John Hoare, and M. Cunningham. Stradbally—Mr. T. Lincoln, N.T. Abbeyside—Mr. E. Fitzgerald. Touraneena—Messrs. J. Dalton and J. Cliffe.

Mr. Pax Whelan, Abbeyside, (outgoing Secretary and Registrar), Mr. Seamus Hayes, Dungarvan, (outgoing Treasurer), and Messrs. M. V. O'Donoghue, Lismore, M. Connors, Dungarvan, and J. Lyons, do., (the three outgoing representatives on the Co. Board), were also present.

The Secretary announced that four Clubs, viz. Kilrossanty, Nire, Finisk Rovers (Cappagh), and Moorehill, had been suspended during the year, and pending their reinstatement they were not entitled to send delegates to the Convention.

A carefully-prepared Statement of Accounts was submitted by the Secretary and showing a credit balance of £96 4s. 2d., and after a short discussion about certain items, which were fully explained by Mr. Whelan, it was unanimously adopted, on the motion of Mr. John F. O'Donnell, Lismore, seconded by Mr. Greany, Dungarvan.

Election Of Officers.

There were three nominations for the position of Chairman as follows: Frank Ryan, Tallow, (outgoing); Michael Connors, Dungarvan; and M. V. O'Donoghue, Lismore.

Mr. Connors said he would withdraw his nomination in favour of Mr. Ryan, as he thought the Divisional Board had been well served by him during the past year, and as they could not get a better Chairman he hoped he would be re-elected to fill the position for the coming year (applause).

Mr. O'Donoghue said he should also the year, and said while the summer withdraw his name, and returned generally was a record dry one, heavy thanks to the Clubs which had nomin-downpours of rain spoiled the "gates" ated him and promised him their sup-at several of their Co. fixtures with port on this occasion. He also paid the result that in many cases they high tribute to the manner in which were able to take only £1 or 30/- as Mr. Ryan had performed his dutiesgate receipts. He spoke in glowing during the past year, (applause).

The Chairman, in declaring him-had been made in hurling in West self unanimously re-elected, warmly Waterford during the past year, as thanked all the delegates for their re-football had hitherto been the principal of confidence in him, and principal game in this Division, and he he deemed it a special honour to be attributed this to the fact that West appointed their Chairman for the Waterford had entered for the Mun- coming year, which would be the Hurling League and they showed Jubilee year of the G.A.A., otherwise very promising form in their recent but as they had thought fit to again The G.A.A. was in a very strong and healthy position in all parts of the Western Division, and he promised them that he would do all in his power to make it still more strong and healthy during the coming year, (ap- plause).

Representatives On The Co. Board.

Eleven nominations were received for the positions of three representa- tives on the Co. Board as follows:— Messrs. M. Connors, (outgoing), M. V. O'Donoghue, (outgoing), J. Lyons, (outgoing) M. Connery, J. Ormonde, John F. O'Donnell, P. Power, P. Kelleher, J. O'Brien, P. Moloney, and M. Ducey.

Messrs. O'Donnell, Connery, Ducey and O'Brien having withdrawn their names, a ballot vote was taken be- tween the remaining seven, and re- sulted thus:—M. Connors, Dungarvan 38; J. Ormonde, Lismore; 34; J. Lyons, do.; 32; M. V. O'Donoghue, 16; P. Moloney, 11; P. Kelleher, 8; P. Power, 1.

Messrs. Connors, Ormonde, and Lyons, were then declared elected, and Mr. Connors suitably thanked his supporters, while Mr. John F. O'Don- nell also thanked those who had sup- ported Mr. Ormonde, who was un- avoidably absent.

Mr. T. Lincoln questioned the method adopted for this election, and said it should have been carried out on the Proportional Representation system.

The Secretary said the election had been carried out in strict accordance with the rule (which he quoted) and if Mr. Lincoln wished to have this Rule changed he could hand in a notice of motion to that effect for the next meeting of the County Board.

The matter was not further discus- ed.

Walks Over.

The Secretary called attention to the number of matches which had fallen through during the year owing to one of the advertised teams having failed to turn-up on the appointed date and giving a "Walk-Over" to the other team, and said this was a matter for serious discussion, as it meant a big financial loss to the Board.

In the course of a long discussion which followed, Mr. J. F. O'Donnell suggested that each Club when affilia- tion should be made deposit £1, such amount to be forfeited if the Club failed to field a team for any County match.

Several members considered this would be too drastic, as many of the

Clubs found great difficulty in paying the affiliation fee alone, and could not afford to deposit a further £1.

The Secretary said that something should be done to stop this abuse, and he suggested that where only some members of a team turned up, the players who failed to attend should be suspended.

Several other suggestions having been made, Mr. O'Donoghue, proposed that in future each affiliation fee be accompanied by the signatures of at least 15 playing members of each Club, and if such Club fails to field a team for the first round, the 15 mem- bers named should be suspended.

Mr. J. F. O'Donnell said he was afraid that even this course would not cure the evil, but he had no objection to having the experiment tried, and after further discussion Mr. O'Donoghue's resolution was unanim- ously adopted.

Helping The Minor Clubs.

Mr. O'Donoghue said that something should be done to help the Minor Clubs in the Division, as he was of opinion they were not paying suffi- cient attention to the minor players of to-day, who would be the Senior Gaelis of to-morrow. He suggested that the Western Division be divided into two areas, say Dungarvan and Lismore, so that the winners in those areas should meet for the final of the Divisional Championship which would give a great fillip to the minor teams throughout the Division.

The Secretary said that this Area or Group Scheme had been previously tried, and had proved a failure, and they had to revert to the old system of having a general draw for the whole Division.

Eventually Mr. Greany proposed, and the Rev. Father Power, seconded, that the Chairman and Secretary of the Board, together with one repre- sentative from each Minor Club, meet either before or after each Divisional Board meeting and make full arrange- ments for the playing of all Minor matches, and this was passed unanim- ously.

The Munster League.

Mr. J. Ross referred to the loss of £15 8s. 3d. which the Board had in- curred through the Munster Hurling League, and suggested that the Mun- ster Council be asked to make some refund to this Board.

The Chairman said this money had been well spent, but still he support- ed Mr. Ross's suggestion, which was unanimously agreed to.

Speeding Up The Finals.

Mr. Ross complained of the great delay in playing off the final matches each year, and said it had been the custom to postpone important County Championship matches in Waterford whenever there was a big match on in Cork, Limerick, Thurles or Malross, and this kept their own fields too late each year, so that much of the blis- ses of previous days was caused by the Board itself.

The Secretary said the holding of Co. matches in Waterford when there

were important inter-County matches elsewhere in Munster would mean a big loss in their gate receipts, and this important point should be taken into account.

Mr. O'Donnell said in order to expedite the running off of all County matches in future he would propose that the dates be fixed before the names of the teams be drawn out of the hat, and that all such dates should be adhered to, except in such cases where one Club had two teams drawn for different venues when it should be allowed to make suitable arrange- ments with one of the Clubs drawn later.

Mr. Lyons seconded the proposition, which was passed unanimously.

Moorehill Club.

The period of three months' suspen- sion of Moorehill Club having now expired it was agreed that this Board recommend the reinstatement of the Club at the next meeting of the County Board on payment of the usual fee of 5/-.

Irish Dances.

Mr. Phelan referred to a recent order of the Central Council to the effect that any Gaelic Club which held dances, other than Irish, should be suspended, and he said there was one Club re- presented here to-day which was not Irish and he asked what action the Board proposed to take in the matter.

After cries of "Name" had been raised Mr. Phelan said he was refer- ring to the Tallow Club, which ran a dance on St. Stephen's Night, which was not an Irish dance.

A Tallow Delegate—Were you at that dance?

Mr. Phelan—I was not.

The Delegate—Can you give any proof now that such a dance was held?

Mr. Phelan—I cannot give it to-day, but I can get proof for the next meet- ing.

The Chairman said in the absence of sufficient proof the Board could take no action, and the matter then dropped.

Payment Of Travelling Expenses.

Mr. John F. O'Donnell, proposed the following motion which appeared on the agenda from Lismore H. and F. Clubs:—

"That the delegates to West Water- ford Board be paid their expenses at the rate of 3d. per mile, and speak- ing in support of it said it was only fair that some expenses should be al- lowed to delegates who had to travel long distances to the various meetings of the Board.

The Secretary said it was no doubt a capital idea, but he wished to know where was the money to come from?

The Chairman said this would cer- tainly more expense than the Board could bear, to say nothing about the extra work imposed on Jack, Secy in keeping a Register of mileage etc.

Several members having considered the motion impracticable, Mr. O'Don- nell eventually withdrew it in favour of a proposal by Mr. Sheehan, Tallow, that the meetings in future be held in rotation in each district, and this was

unanimously adopted.

Insurance Of Players.

Mr. Ross called attention to the necessity of having all players insured and quoted some cases of hardship in Lismore where players had suffered considerable financial loss through re- ceiving injuries while playing in County matches.

Mr. T. Greany suggested that they should set aside a special day each year for the purpose of holding Ben- efit matches for injured players, but only those Clubs which had insured their players should be entitled to any benefit from the proceeds of such matches, and this was agreed to.

The Secretary said the entire ques- tion of insurance would be dealt with at the next Congress, as the amounts paid to injured players at present were totally inadequate.

Date For Next Year's Draws, Etc.

Sunday, February, 4th., 1934, was fixed as the date for receiving affilia- tion fees, and making all draws and fixtures for next year's Co. Champion- ship matches in Hurling and Football. This concluded the business of the Convention.

POINEER T. A. ASSOCIATION OF THE SACRED HEART.

DUNGARVAN CENTRE RELAXING LIQUOR LAWS CONDEMNED.

At a recent meeting of the Pioneer Council of the Dungarvan Centre of the Total Abstinence Association of the Sacred Heart, the following resolu- tion was unanimously passed:—

"That this meeting representing the Dungarvan Centre of the Pioneer Total Abstinence Association of the Sacred Heart, protests in the most emphatic manner against the relaxa- tions of the Liquor Laws at present being sought by the Licensed Trade, and, in particular, against the open- ing of public houses on St. Patrick's Day. We firmly believe that these re- laxations would be against the best interests, soul and body, of the coun- try as a whole. If granted, they will help to bring back the intemperance of the past and will eventually lead to more sins of excessive drinking and of drunkenness and of other sins that follow in their trail. Consequently, we demand that these relaxations shall not be granted by the Catholic Legislature of a Catholic Land."

Third Annual Report.

A CHAIRDE.

I have the honour of submitting to you hereunder the Third Annual Report of the County Waterford Libraries.

GENERAL REPORT.

During the third year of its operation the County Library Scheme has made steady and continued progress.

We regret, however, that our largest and most important centre Dungarvan, has totally inadequate premises to meet the requirements of its numerous borrowers.

It is much to be regretted that unlike the majority of other counties, we have as yet no lecture scheme in operation, but we hope that in the near future this defect will be remedied.

As has already been pointed out in a previous report, the fruits of a lecture scheme, in conjunction with a reading list for each lecture, are immediately seen in an increased demand for General Works.

A careful study of the Honorary Librarians' Reports for the year 1932-1933 brings to light a number of very interesting facts, which, since they are hard facts, should go a long way towards removing that effete and old-fashioned habit of regarding the Library Scheme as a "luxury service."

As the reports from practically every centre indicate, there has been a substantial increase in the reading of general works in the adult section of the Library in the past year, with a marked demand for books on Irish History, Travel and Biography.

From many of the centres where children's books are available, the teachers report a marked progress in English composition and general information. We hope in time to effect a still closer co-operation between the County Library and the schools whereby a more planned system of supplementing the school texts may be evolved.

In one branch of the Library the Librarian reports that the section of General Works is eagerly used by the school children though this section is originally intended for the use of Adults.

This is proof of what new and fresh interests can be created in the mind of the child by actual contact with books, and makes it clear that no hard and fast line of demarcation can be drawn in respect of what is and what is not children's reading, with the necessary proviso that the books in question are good sound literature.

Out stock of Irish books is in constant demand and is invaluable to the teachers who are ever eager to avail of it. Ardmore Irish College, made great use of the special collection of Irish books provided for the summer Session.

In the Christian Brothers Schools, Dungarvan, a collection of some fifty works on Literature and History has proved a great boon to the higher classes who eagerly availed of them.

There is still a steady demand for books in Dungarvan Technical centre. We regret, however, that the funds at our disposal do not permit of as generous an expenditure on such books as we would wish.

This year has also seen the inauguration of a Music Section in our Library. This new departure is necessarily of a tentative nature and the initial stock is small.

Even in the Fiction section there has been an appreciable rise in the general reading taste, and the demand for the better class of fiction is quite noticeable.

We may therefore, justly claim that, apart from its recreational aspect, the County Library is doing most excellent, necessary and indispensable work in the cultural and educational fields. Its value cannot be judged as a commercial enterprise, by its Balance Sheet of profit and loss.

For the adult population the Library relieves the monotony of rural life, creates larger and wider interests in the world about them, and what is not least important, provides them with works which have a practical bearing on their everyday occupations.

In many remote districts where, until the foundation of the Library Scheme, the daily paper was practically the only form of literature available to the majority of the inhabitants, many people have now formed the reading habit and it is often in these districts that a keen interest is shown in the more serious books.

But it is in the Juvenile Section of the population that the greatest hopes for the future lie, and the immense popularity of children's books is very encouraging.

If, during his school years, the child cultivates the reading habit, acquires a real fondness for books, he will continue in after years to avail of the opportunities afforded by a Public Library, and thereby become a more useful and intelligent citizen in every sphere of life.

In many cases dormant ambitions and unsuspected capacities are first brought to light by contact with books, but too often, through lack of more reading matter in that particular field, enthusiasm dies down and the initial curiosity languishes.

It is our policy to foster and stimulate the child's curiosity and to do our utmost to arouse his interest in every kind of literature.

By the provision of a generous selection of Irish books, generous in relation to our available funds, we are helping, to the best of our ability, to forward the Language Movement in this county. The enthusiasm which all the teachers display towards this collection proves how wholeheartedly they have the interest of the language at heart and how indispensable the Library has become to them.

NEW CENTRES.

During the year eleven new centres were opened, making a total of 55 centres now in operation in the County.

BOOK STOCK.

3,587 books were added to stock, 491 worn books withdrawn from circulation and 14 books lost and paid for. This brings the total book stock to 11,837 volumes.

The following figures show the increase in the various sections.

Table with 3 columns: FICITION, GENERAL, JUVENILE. Rows for 1931-32 and 1932-33.

BORROWERS.

During the year there has been an increase of 1,551 borrowers.

Table with 3 columns: Adult Borrowers, Juvenile Borrowers, Total. Rows for 1931-32 and 1932-33.

STATISTICS OF BOOK ISSUES.

The total number of issues for the year is 91,577.

Table with 2 columns: 1931-32, 1932-33. Row for total issues.

The issues this year have increased by 21,170.

ANALYSIS OF ISSUES.

Table with 3 columns: FICITION, JUVENILE, GENERAL. Rows for 1931-32 and 1932-33.

The selection of suitable books and the provision of suitable books will continue to be a theme in the mind of the County Librarian and the Committee. Even with the exercise of the utmost vigilance it is impossible to prevent some undesirable books from creeping into circulation.

It is impossible to formulate a hard and fast rule of thumb by which books can be judged from this point of view. We mention the case of a book by an eminent Jesuit having been objected to this year, in order to underline the diversity of opinion which is possible on this matter.

HONORARY LIBRARIANS.

From the inception of the Library the Honorary Librarians, the majority of whom are teachers, have been the backbone and mainstay of the Scheme. They still continue with unabated enthusiasm to perform magnificent work and merit the most unstinted praise for their generous co-operation and unselfish labour.

CARE OF BOOKS.

We appeal to all borrowers to take the greatest possible care of Library books whilst same are in their possession. They should constantly bear in mind that the greater the care they take of books the greater the number of books which will be available for all, as rough handling considerably diminishes the life of a book and decreases in proportion the amount of money available for new books.

KEEPING OF STATISTICS.

Although there has been a decided improvement in the keeping of Statistics at Branch Libraries many issues have gone unrecorded. We would be extremely grateful to all Honorary Librarians if they would do their utmost to record all issues, even those of books which they use themselves personally.

DONATIONS.

R. Browne, Kilmacthomas; P. Dowley Esq., N.T., Dunmore; Dr. E. Watters, Bridewell House; Smithsonian Institution, U.S.A.; The Editor "Irish Travel"; "Carnegie Trust Fund." We would beg to thank above-named for donations to the Library during the year.

Mise le meas, FEARGUS MAC MURCHADHA, County Librarian and Secretary.

EXTRACTS FROM LOCAL LIBRARIANS' REPORTS.

I notice a great improvement in the running of the Centre for the past twelve months. Fully 50% of the total register are regular Borrowers and seem to take a more intelligent interest in the reading, as they discuss between themselves and recommend the books and their merits to one another.

With the advent of the shorter day reading in the district has come into its own again. More than that, there is an increase in the number of adult readers and an ever increasing demand for books. Owing to our library one can see the day when 90% of the people will read.

The Library is now indispensable to our people and books are eagerly sought at all times of the year. Strange to say the books of general reading are more sought after by the Juvenile section than by the Adult section of the Community.

Considering the short time my Centre is in operation I am pleased to inform you that my borrowers are delighted with such good literature. The largest proportion of books read are works of Fiction, as will be seen by my Statistics. With the exception of a few the books are kept in a fairly good condition, and I have at present 55 on the Register.

Is cuis athais dom do chur i n-umhail go bhfuil ag eirighe go maith le h-obair na leabharlanna do n aos ogsa cheantar so. Blonn duil as meon chun na leabhar agus curtear speis agus eifeacht ionta. I leabhair eachtra agus gaise agus ionta so ann a curtar sios ar saoghal agus reim agus imtheacht ne n-ainmhidhthi bhfadhan iseadh is mo curtar suim, acht blonn stracadh leis ortha so ann a bhionn cur sios ar sgealltaibh agus eachtraibh ar dtire fein, agus tafar ag saothrughadh eolais eifeachtach asta so. Ni bhionn ploc amhain deacrachta ar na leabhairibh dtabhairt ar ais in am agus ta orm moladh do thabhairt i dtsoibh an aireachais mhaith a tugtar doibh.

The Roll for this Centre now numbers 204. The steady increase of regular members is proof of how much the Service is appreciated here. A pleasing feature is the increased demand for the better type of Fiction Works; while the suitability and variety in this section leaves little room for criticism on any score. Although there has been an appreciable increase in the reading of General Works it is regrettable that all members do not avail of the splendid book provided in this section.

The value of having a free library is much appreciated in the district, and has cultivated a taste for reading among many who otherwise would not have an opportunity of getting good books. The demand for books in the Juvenile Section is very remarkable and augurs well for the future.

Bionn an-eileamh ar leabhairibh Gaedhilge sa Samhraidh agus le cinn na gCursaí Gaedhilge i Mí Iúil Leathmá agus Feil Míchil. Ni leigim son leabhair Beairia agus a chuirim. Tairt ann bhuidheach de n Coisde agus de P. Mar Mairiútha mar gheall ar a meid leabhair Gaedhilge a gheibimid uaidh.

The Library is a great advantage, particularly to the men and growing children—11 to 15 years. It is looked upon as their one recreation and it is in every way and with better results substituting the "Pictures" and other amusements of town folk.

(The Librarian Committee expressed their great appreciation of the progress made and of the County Librarian's excellent work during the year, and thanked him for his very valuable report.)

DR. FOGARTY ON FARMERS LOT.

At the Annual Congress of the Irish Dairy Shorthorn Breeders in Birr, on Wednesday Mr. J. M. Roche, Talbot House, Wexford, was elected President in succession to Mr. N. Fitzgerald, Bonmahon. Lady Osborne Beauclerk, Clonmel, was elected V.P., Dr. Ryan, Minister for Agriculture, was present and addressed the Congress. Most Rev. Dr. Fogarty remarked that farmers nowadays had not many friends, and they must help themselves. Dairying was the only branch of their trade that left even a margin of profit, and that only if the farmer had a neighbouring town or a creamery at hand to take his milk. The farmers of West Clare would have perished last year but for the creameries set up for them by Mr. P. Hogan, ex-Minister for Agriculture. It was a pity, his lordship went on, that farmers did not practice winter dairying on a larger scale. "I am sorry," he continued, "that it is not my fortune to greet you in conditions more favourable to farmers than prevail just now. Their present plight is alarming and distressing in the extreme. They have become almost pariahs in Irish life, scooped at as an idle, incompetent lot, and under sentence of death if they fail to draw blood from a turnip (applause). I see they are being publicly told that if they do not make their farms pay it is their own fault. I advise however, that these jaunty critics are all soft-handed bookmen who have not to depend on farming for their livelihood, nor have their wives to spend Christmas week, as I have seen women in Ennis—decent women hawking round their turkeys, on which they had expended so much care, and upon which they had counted for some return to meet their Christmas calls, looking in vain for someone to take them at even 4d. pound. To tell us that the loss of the English market is a blessing in disguise is an insult to our intelligence" (applause).

TREAT FOR POOR CHILDREN.

On Friday last in the Town Hall, Dungarvan, upwards of 400 Poor Children were treated to a most enjoyable treat by a kind-hearted Committee. Six tables were laden with dainties of every kind at each of which sat 70 children, and needless to say full justice was done to the good things provided, and loud was the praise of the youngsters for their kind and thoughtful patrons. The Ladies and Gentlemen who attended and waited on the children had the satisfaction of seeing their services being fully rewarded in the cheerful faces and happy vivacious songs of the youngsters. The Treat was a perfect success in every way.

In connection with the Treat we have received the following letter from Rev. P. F. McGrath, C.C., who worked so hard for its success:—

On behalf of the Committee in charge of the Poor Children's Xmas Treat, I desire to return thanks to all who helped to make it such a success. In the first place our thanks are due to those who by their subscriptions and donations of foodstuffs enabled us to provide the good things for the kiddies and secondly to the Ladies and Gentlemen, who worked so energetically in looking after the wants of the little ones.

CO. LIBRARIES COMMITTEE.

At the monthly meeting of the Co. Waterford Libraries Committee on Tuesday, the following resolution was proposed by Very Rev. Dean Leslie, seconded by Mr. Collender:—"That this Committee offer their most profound and sincere sympathy to Rev. M. F. Hearne, C.C., Vice-Chairman of the Libraries Committee on the death of his mother."

GENERAL O'DUFFY VISITS TOURANEENA.

ENTHUSIASTIC SCENES AT HALP-WAY HALL. On Sunday night last, there was a magnificent gathering of Fine Gael at the famous Half-Way Hall, Touraneena. It was the occasion of the first Fine Gael Dance in the district and hundreds of young men and women drawn from all over the country accorded General O'Duffy a rousing welcome to West Waterford.

The Hall was tastefully decorated for the occasion, blue being the dominating colour. Seventy-five of the dancers wore their blue shirts.

General O'Duffy arrived at 10 o'clock, and the whole assembly stood at the salute, while the National Anthem was being played. The Leader of Fine Gael then addressed the crowd and assured them that they were winning all over the country. "I have been told" he said "that there may be a number of people here to night who are not members of our Organisation and I welcome them warmly." Dealing with the League of Youth he pointed out that the Blue Shirts did not want fight and would not look for it. Col. Carew, Mr. T. A. Morrissey, and Mr. John L. Sullivan, also spoke.

Dancing continued during the night and a most enjoyable time was had by all.

The following Committee were entirely responsible for the organisation and success of the dance:— Messrs. J. Condon, T. Condon, J. Power, Balinamult; T. Power, Lackendarrá; J. Kirwan, J. Flynn, M. Fitzpatrick, E. Kirwan, P. Quinlan, J. J. Moore, Misses B. Power, A. Power, M. Power, K. Hanrahan, M. Hanrahan, J. Burke, P. Barnes and E. McConville. The Committee spared no efforts to make the dance a perfect success. Mr. J. McConville was the capable Secretary.

SLEDY CASTLE INTERESTING LETTER FROM MRS. USSHER.

In connection with the story of Sledy Castle published in recent issues we have received the following interesting letter from Mrs. E. H. Ussher, Cappagh House.

Dear Sir,—It may interest your readers to learn that the Sledy family of which we have had such an interesting account, is still represented on a bit of their old territory. My husband is sixth in direct descent from Grace, the daughter of "Sweet Mary." Grace married Beverley Ussher of Kilmeehan. Cappagh was inherited through an Osborne will which is still in our possession, and beside the Castle in which Mary once doubtless lived lies our "Mary field" as it is called to this day.

I would like to add that it was a great grandfather of the bridegroom who caused to be printed at his own expense, the first known English guide to the Gaelic Language.

A Dance will be held at Mcc. Flynn's, Scrahan, Old Parish, on Sunday, 14th January. A splendid yearling Heifer will be played at cards. Tickets 1/6 each.

IMPROVING THE WATER SUPPLY. Chairman—At the last meeting we discussed the correspondence in connection with the improvement of the water supply, and we adjourned the matter to this meeting, and asked the Clerk to ring up Messrs. Delap and Waller with regard to their terms. The Clerk had a conversation with them to-day and they now agree that the amount of out-of-pocket expenses will not exceed £20, together with £100 for the report, preparation of plans, specification, etc.

Mr. Power—It is very necessary work and the longer it is left the greater the expenditure will be. You should ask them to come down and get the work started. Chairman—As Mr. Power has said it is very necessary work. There is a complete shortage of water in parts of the town. I was out at the Hospital rather frequently lately, and there is not a drop of water there any day. Mr. Dee—If you had a fire in the town there isn't enough water to put it out.

Mr. Clancy—This matter is hanging fire now. The Council by a majority agreed here a long time ago to get the opinion of an expert in consultation with the Borough Surveyor as to how the supply could be improved. This may be a big thing and we may be increasing the burden on the ratepayers of the town, but we are all agreed that something must be done. Mr. Griffin—I propose that they be invited down to make the report.

Mr. Power seconded. Mr. Keane—To my mind the £120 is a bit exorbitant, we had very good advice before regarding the Glendine supply.

Mr. McEvoy—I agree the price is high, but can we do anything better, water is a thing that cannot be done without.

Chairman—In that respect, we were luckier in this town than many another. With regard to the scheme, if there is any money to be got, by way of grant, it would never be got without prepared plans, specifications, etc.

Mr. Keane—Are there any other people besides Messrs. Delap and Waller in the country for this class of work. To my mind the price is too stiff.

Mr. Clancy—Like Mr. Keane, I would very much like to get this work done very much cheaper, but we are too long at it. When I proposed that resolution, I thought I was doing the right thing in calling in an expert to act in conjunction with our Borough Surveyor. We got their terms and it was a question then of trying to reduce their fee, but they will not reduce it and I think we have gone as far as we can.

Mr. Keane—In the event of a costly scheme being put up, where do the Council propose to get the funds for the carrying out of the work.

Chairman—I do not anticipate a very costly scheme. I suppose the money would be raised by way of loan. We may be able to get a grant for the work.

Mr. Keane—Two years ago we asked Mr. Bowen to make a report on the Glendine supply, and in that report he told us that there was plenty water leaving Glendine to supply all the needs of the town, but that it was wasted in leakage. At one period the suggestion here was to have meters installed. To my mind it is not a time for looking for further loans.

Mr. Griffin—Even that you employ local men to find out the cause of the shortage it will cost you that much and then it won't be remedied. The bringing in of an expert to the Ballinacourty supply recently, saved the ratepayers of the county thousands of pounds. I propose that the Council agree to the terms of Messrs. Delap and Waller's letter, and request them to furnish probable cost and scheme for the improvement of the supply, subject to the sanction of the Department.

Mr. Power, seconded. The proposition was then put and passed unanimously.

REDUCTION OF RENTS. On a show of hands the Council decided by 5 votes to 4 to reduce the rents of houses numbers 1, 2 and 6 Congress Villas, from 9/- to the economic rent of 7/6.

RENT ARREARS. The Council next considered the portion of the Auditor's Report dealing with the arrears of rent on the premises of Miss Broderick and Mr. T. Morrissey, as follows: Considerable arrears of rent had accumulated on these lettings. On November 9th, 1932, the collector issued notices to quit in these cases and the Council put a stay on these proceedings with a view to a revision of the rents, but no effective order has so far been made by the Council in this connection. The present rents of these tenancies are 2/6 per week and 3/- respectively, and on the 25/3/33 the arrears of rent were £21 18s. 0d. and £13 10s. 0d. respectively. A definite decision of the Council in relation to these matters is long overdue and such decision will be subject to review at audit.

THE MONTHLY COURT.

Kilmacothomas December Court attracted a more than usual number of the general public—the "Bolton case" (fully reported in last week's issue) being the lure. Mr. F. J. McCabe, D.J., expeditiously disposed of a heavy calendar of undefended civil bills, together with a long list of Garda cases of the ordinary type. In the former, decrees for full amounts claimed, plus costs in each application, were granted. Dr. Conihnan and Messrs. E. A. Ryan, P. O'Connor and T. Kiersey, were the professional gentlemen engaged in these. Fines ranging from 1/- to 2/- and Court costs were inflicted in the Garda prosecutions, in which the complainants were: Sergt. O'Connor, Kill; Guard Muriagh, do.; Sergt. Lynch, Stradbally; Sergt. Daly, Leamington; Guard Cummins, Rathgormack; and Guards M. Boyle and J. A. Rice, Kilmacothomas. John Whelan, farmer, Clonmel, Kilmacothomas, sued John Morrissey, same address, for the sum of £10 damages for the alleged trespass of 21 goats, the property of the defendant. After hearing the evidence of both parties his Worship allowed 21 compensation.

JOURNAL OF THE DISTRICT COUNCIL.

Present—Mr. J. R. Smyth, P.C., Chairman; Mrs. S. Hurley, P.C., Messrs. D. Dennehy, E. Clancy, M. J. Fleming, E. P. Lynch, Vice-Chairman; D. J. Linehan, Whelan, T. Deausang, P. J. O'Gorman, P.C.; A. J. Fowkes, P. J. McMahon, P.C.

Electrical Dangers. A circular letter was read from the L.G. stating that attention had been drawn by the E.S.B. to the danger to public safety that might result from local authorities carrying out building works under or in close proximity to the Board's overhead lines. It appeared that the principal danger was in connection with the high tension transmission lines of 110,000, 38,000 and 10,000 volts, more particularly the last mentioned, which were suspended approximately 26 feet over the ground. To reduce the danger to a reasonable minimum building work should not be carried on within a lesser distance than the height of the pole measured on each side of the line. In the case of the 10,000 volt lines this distance was normally 20 feet. The Board's low tension lines 380/320 volts offered no serious obstacle as long as buildings were not constructed directly underneath. In the selection of sites it should be borne in mind that the existence of overhead lines might be a serious obstacle to efficient and economical layout and where such lines existed blockplans should only be prepared in sketch form pending approval of the sites. The Council's Engineer should consult the District Engineer of the E.S.B.

The Clerk—That seems hard on landowners. Mr. O'Gorman said if a man was unfortunate enough to have those lines passing through his land, it would mean that the value of that land would be reduced to, perhaps, one-third.

The Clerk said it would mean the loss of a big slice of land. Mr. O'Gorman asked were not two of the proposed sites for new housing schemes so situated that the wires passed through.

The Clerk said that was the case. The Chairman said they had only to adopt the suggestions of the L.G. It was a precaution.

Mr. O'Gorman said it was hard on the owners of property. The Clerk said if they wanted the E.S.B. to remove the poles, they would have to pay the cost.

Mr. Lynch said it was very late in the day to put that before them. They put up the poles and didn't give a hang where. They would put them on top of one's house if it suited them. The Chairman—Quite right.

Mr. Lynch said the E.S.B. only were in fault. The Chairman—They found out their mistake rather late.

Turf Scheme. Mr. Beausang asked was there anything further about the turf question. The Clerk read a letter from the L.G. stating that the Turf Scheme applied only to certain large areas.

Mr. Lynch—Tell him we are a large area. The Clerk—I told him that. The Clerk was directed to write again.

G.A.A. A letter was read from the Hon. Secretary local G.A.A., applying for the use of the Town Hall, on 21st, and 22nd, January, to stage a play in aid of the funds.

Several members having said that the object was a most deserving one, the application was granted unanimously and at special terms.

Mental Hospital Water Supply. The Chairman said there was now a most important matter before them—the question of the water supply to the Mental Hospital.

The Clerk said that on the "Echo" of the 20th ult., a report appeared under striking captions of: "Water Shortage at Youghal Mental Hospital; Report of Manager." The Chairman of the Mallow Urban Council boasted that Mallow was the only town in the Free State that didn't suffer from a shortage of water. As the Council was aware they had a prolonged correspondence with the Mental Hospital Authorities about the water. The Council had always maintained that they had plenty of water to give. As a matter of fact they were giving the hospital 10 hours a day from their 8 inch main which was capable of supplying 80,000 gallons a day. Some years back the hospital used get only 60,000 a week. On 13th Dec., he received a letter from the Resident Manager, complaining of a shortage, that the pressure was low and asking the Council's immediate attention to the matter. He would now read his letter to the Resident Manager, and also the Water Curator's report. These would prove that the Council were right all through in their contention, and that the whole fault lay with the Mental Hospital itself.

The Clerk then said that on 19 Dec., he had written to the Resident Manager of the Auxiliary Mental Hospital as follows:— "Adverting to your letter of the 13th, and my reply of the 16th, I desire to inform you that the facts disclosed as a result of installing the new Water Meter are interesting, and I append some facts for your information and that of your authorities. From midnight on the 16th ult. to 7 a.m. on the 17th ult. the meter registered 13,000 gallons, and from midnight on the 16th to 11 a.m. on the 16th, the meter registered 97,000 gallons. It is evident from these figures that the quantity of water shown on each of the occasions above referred to couldn't possibly be consumed in the institution, and the obvious inference therefore, is that within the walls there must be a serious leakage. I have just now learned that the present consumption on yesterday worked out at an average of 50 gallons per minute going into the institution. This works out at 3,000 gallons an hour, or 72,000 gallons in the 24. A leak has now been discovered and has been repaired and the consumption in the institution is now reduced to 14 gallons a minute. This proves that as a result of the leak, 2,400 gallons per hour were lost or over the 24 hours the huge quantity of 57,600 gallons. You will be able to appreciate how serious this loss of water could have been to the town but for the fact that the water supply was such an excellent one. I will be pleased to learn from the Council's information that the leak has now been attended to and that the institution is getting enough water to satisfy all its needs.

The Water Curator reported that the height of water in reservoir during week ending 21 Dec., didn't exceed 12 feet. That slackness was due to the fact that the Mental Hospital—where there was complaint of a shortage—was being supplied with the 8 inch main. For the week ending 20 Dec., the height each day was 17 feet 3 inches. The water meter was installed on the Mental Hospital Main on 16th, Dec., turning water through same at midnight that date. Checking meter on 17, 18 and 19, he found water passing through at 30 to 50 gallons per minute, proving that there must be a bad leak within the institution, or else water must be wasted. On the 18th Mr. Conroy, Engineer, informed him he had discovered a leak—a split main in the Hospital grounds. Since the leak was repaired on Tuesday, the pressure had increased considerably. The following were the pressure and meter readings of the pressure and meter previous to 18th, 17 to 25 lbs. Pressure from 18th to date 30 to 57 lbs. Meter Readings: Previous to 18th—30 to 35 gallons per minute (according to consumption). After 18th 12 to 14 gallons per minute. Total meter reading from 16th to 28th 237,000 gallons. Before leak was discovered: Sunday 17th 7 a.m.—43,000 gallons. Monday 18th, 7 a.m.—61,000 gallons.—48,000 in 24 hours. Monday 18th at 4.30 p.m. 87,000 when leak was discovered and plugged. After repair—Tuesday 19th at 11 a.m.—97,000 gallons. Wednesday 20th at 11 a.m.—110,000—13,000 in 24 hours.

The Chairman said he didn't believe there was a town in the country that could show such a satisfactory state of things as regards the water supply.

Mr. Beausang said there were some people who would like to take the new asylum project elsewhere, and who would do a lot to that end. He had stated long ago that there was something fishy about all the complaints of shortage.

Mr. Whelan said it was very gratifying, indeed, in view of the repeated indictments against their water supply, to learn that there was no foundation whatever for them. He had heard those complaints repeated in several places outside Youghal. The result justified the attitude maintained by the Council all through.

Mr. Lynch said he had repeatedly to defend one of their officials—Mr. Treacy, then Water Curator—from attacks in connection with that matter. The result of the whole business exonerated Mr. Treacy from the slightest cause of complaint. For some time the Curator had been put to considerable trouble over the Hospital supply. He had been of the opinion that they could not get a better man and his opinion was now proved to be fully correct. The leak should have been discovered long ago and their officials and they would have been spared a lot of unnecessary trouble. He suggested they should charge the Hospital authorities for the shocking wastage of water for which they were responsible.

Mr. McMahon expressed his concurrence with the remarks of the previous speakers. The Chairman also endorsed them. They and their officials had got a lot of bother and worry in that matter. In one of their visits to the institution he told Dr. Twomey and Mr. Conroy, that he didn't care what they said—that the fault was within the walls of the institution.

Mr. Beausang said he hoped the Press would give as much prominence to that justification of the Council's claims regarding the adequacy of their water supply as it did to the unfounded charge against them.

Mr. McMahon said he was sure the Press would do what was right in the matter. Mr. Dennehy complimented the Town Clerk in the manner in which he had handled that very important business.

Mrs. Hurley endorsed Mr. Dennehy's remarks and said they should include their able Water Curator. The Chairman said both officials richly deserved anything said of them.

Mr. Linehan—Has there been any complaint since? The Clerk—Their only complaint now is that they are getting too much (laughter).

Relief Work.

The Clerk stated that they had employed 165 men and all the carters available, paying out £270 in wages. There was an unexpended balance of about £30 and he suggested they should use that in giving work to men who had not been employed previously.

This was unanimously agreed to. Mr. Lynch—What about the carters? The Clerk said 3/- per day had been fixed for them by the Council. They asked for 9/- and didn't come to work on Monday or Tuesday.

Mr. Lynch thought 9/- little enough. The Chairman said that was relief

DEVELOPING NEW BREEDS.

BRITISH DOGS. By "PHILOMOR." STRICTLY Speaking, I suppose it might be said that no dogs are truly British, for, as far as can be ascertained, all must have been of foreign origin at some time or other. Greyhounds which were here in the days of Canute, probably came in remote times from the Eastern parts of Europe, the supposition being that the Celts brought them westwards in their various migrations. Mastiffs, found in the Island when Julius Caesar landed, are almost certainly of Asiatic extraction. Their counterparts may be seen on Assyrian bas reliefs in the British Museum. Spaniels, from which setters sprang, came from Spain. Evidence is not clear concerning the manner in which terriers reached us, but we know that they have been here for centuries, and no doubt the different varieties were made by crossing.

All of the above, however, as well as collies, old English sheepdogs, bulldogs and others have been so moulded by us as to justify the appellation of British. The wealth of our resources, strange to say, was never fully revealed until the present century began. Since then we have "discovered" West Highland white terriers, cairns, Sealyhams, Border terriers, golden retrievers, and Shetland sheepdogs, and one might almost add Labradors to the list, as they were practically unknown to the general public before 1904, when they appeared on the show bench and at trials. After the War was over we developed Kerry Blue terriers, Lakeland terriers, Welsh corgis and bull mastiffs, and Norwich terriers are in the making.

One wonders if any other unknown breeds are lurking in out of the way parts that may be worth taking in hand. I can think of none at the moment beyond Border collies, the heroes of sheepdog trials, and Welsh sheepdogs. Some will say that exhibitors should leave them alone lest their working properties should be sacrificed. Personally, I do not think there is much in this argument, for, if they are exhibited and improved in outward appearance there is no reason why the working strains should not be continued as they are now. There is plenty of room for both. If they fell into the hands of the right type of exhibitors a combination of the two objects would be possible, as it is in some of the gun-dogs.

Iorna Countess Howe's Labradors are a notable example of the fact that working dogs need not suffer because they are good-looking as well. The famous Bramshaw Bob is a Dual Champion, having qualified at trials as well as shows, and all the other Banchory dogs that do so much winning at shows are workers as well, which is an ideal state of things. If it not everyone who has the opportunities or money for running their gun-dogs at trials, but the fact that they exhibit need not bring about deterioration in those that are wanted for the field.

Had it not been for exhibitors the majority of breeds mentioned above would never have been available generally, though Border, Lakeland and Sealyham terriers and Labradors would always have had their admirers in more restricted numbers. The first two have been used for some time with the North country packs of hounds, and will continue in spite of being shown.

G. A. A.

The Annual Report. The following interesting Annual Report was then submitted by the Secretary, and this was also unanimously adopted.

I herewith submit for your adoption Statement of Accounts and Report on the working of the Western Divisional Board for the year now drawing to a close.

Forty-nine teams entered for the Hurling and Football Competitions—Six Senior Football teams; Nineteen Junior Football teams and eight Minor Football teams. Twelve Junior Hurling teams and four Minor Hurling. In Senior Hurling, which is not a Divisional Competition, we had only one representative—Tallow—in the County Competition.

As in my last Report, I find it again necessary to draw attention to the number of walk-overs in the early stages of the competitions. The question of these withdrawals, after all fixture arrangements had been decided, was made more serious this year by the fact that we had two walk-overs in Senior Football. It is most unfair to the Board, to the Clubs themselves and, lastly and in particular to the great Gaelic public that such defections should take place. In order to prevent a recurrence, the Board should give the matter careful consideration, and I would suggest a tightening up of the regulations governing Affiliations and Registrations as a possible remedy.

The Senior Football Divisional Championship was won by Dungarvan after a most unsatisfactory final, which was unfinished, owing to the Kiltassanty team leaving the field shortly after the start of the second half of play. Junior Football honours went to Villierstown, who defeated Lismore in the final, and the Minor football champions are Dungarvan, Stradbally being disqualified for fielding an illegal team in the final. The Junior and Minor Divisional Hurling Championships were won by Dungarvan.

In the County Finals concluded to date the Divisional Champions haven't succeeded in capturing any of the titles. It is to be hoped that in the County Finals that are to be played off in the near future—Junior football and Minor Hurling and football—our teams will do better and bring County honours to the West.

The standard of play on all competitions was well up to that of previous years. A tendency to rough play and unruly conduct on the playing field was more evident than it should be in our Gaelic Games. I would remind the Clubs that responsibility for proper conduct on the field is primarily theirs, and that it is their duty, as well as to their interest to rid themselves of chronic offenders in his respect. There is also, in regard to our Championships the very important point, which must be apparent to all who follow the working out of our programme, of the carrying out of our competitions in a more speedy and business-like manner than has been the case in recent years. In spite of the experience of past seasons and the various resolutions and motions for an earlier finish of our Championships, there has been practically no improvement in this respect and year after year our matches have dragged on from March to December, with the season under view as had as ever. This must be remedied and Clubs should give the matter careful consideration and send delegates to the Board who are prepared to put an end to this very serious drawback. The Minors in particular, have been very much affected on this matter, with the result that this very important competition is in a backward state. Last year, strong comments were made on the tardiness with which the Minor games were run off, and on the inhumanity of getting youngsters to strip in mid-winter. No appreciable improvement has taken place. This I may say, is due to the mentality of many Clubs which regard these games as of little or no importance, and also to the tendency to seek postponements on any and every excuse. The question of setting up a separate sub-committee to administer Minor affairs and to put these competitions on a sounder footing, might be considered by the Board, or also Clubs should see that delegates are sent to the meetings on behalf of Minor Teams, whose interest are primarily in the Minors and not in the Juniors or Seniors.

There is an increase in our Receipts from Fixtures over 1932, when we received £135 11s. 6d., from twenty-five Gates. This year we received £173 18s. 9d. from twenty-three fixtures. The expenses of fixtures (Rent and wages) are £72 13s. 7d., as compared with £54 4s. 5d., in 1932. In the Munster Hurling League we lost £15 7s. 6d. At last year's Divisional Convention, it was decided that a Divisional League on District lines be formed and a committee was set up to go into the matter. The committee were also to go into the question of a 'tournament' for the benefit of the County Board, with the Daly Cup as a trophy for the winners. I have no progress to report in either of those matters and would defer consideration of the former until such time as we are able to finish our Championships earlier. The Cup Competition should be taken up at once.

In the newly formed Munster Hurling League, we have our programme finished, and though beaten in both of our ties, we have every reason to be proud of the West Waterford Team. The matches played against North Cork and South Tipperary were very satisfactory and those of

us who had the pleasure of seeing the great finishes of each game by our team can have no doubt about the high standard of hurling in the Division at the present time. Though this League was a financial loss, the money was very well spent, and it would be well if some competition on the same lines were formed by our footballers.

The question of objections didn't occupy as much of our time as in former years, and though a few came up for consideration they were disposed of very quickly.

In conclusion, I would recommend the careful consideration of the business of the Convention to all Clubs and delegates. I thank all the Officials and Clubs for their help and co-operation during the season now ended, and urge them to greater efforts in the coming season.

BOOLA (CAPPOQUIN) COB AND PONY RACES.

A DISAPPOINTING FIXTURE.

The annual Cob and Pony Races, held on St. Stephen's Day at Boola, between Cappoquin and Mount Melrery, proved a very disappointing fixture through no fault of the promoters.

The members of the Committee had gone to great trouble and considerable expense in order to make the event as successful as previous meetings, and a splendid all-grass course had been given free for the purpose by Mr. Joseph O'Keefe, Boola, which had been laid out in the most perfect manner.

Fairly good entries had been received from various owners of Cobs and Ponies in the counties of Cork and Waterford, but for some reason these failed to materialise, and only four animals were sent to the meeting. The members of the committee were at first inclined to abandon the fixture, but eventually they decided to run off two races in order not to disappoint the large gathering of the public present.

The first race was confined to two ponies, and resolved itself into a match between Mr. Wm. Tobin's Pretty Nora and Miss Flynn's Brown Jack, but it proved an excellent race, nevertheless, and resulted in a win for Pretty Nora by about five lengths. The same two ponies with the addition of Mr. W. McGrath's Gun Smoke and Mr. Wm. Moore's Brown Betty provided a field of four starters for the second race, but this was again won by Pretty Nora in runaway fashion, although she carried a penalty of 7lbs. extra, thus proving that in this animal Mr. Wm. Tobin, Quarter, Cappoquin, has a pony which possesses great powers of speed and stamina.

The Judges were Messrs. J. Prendergast and R. O'Donnell; Starter, Mr. J. Prendergast; Clerks of Scales, Messrs. J. O'Keefe, and W. O'Donoghue; Measurer of Ponies, Mr. Thos. Fives; Clerks of Course, Messrs. P. Morrissey and Wm. Coffey; Hon. Secs., Messrs. J. O'Keefe, and Wm. O'Donoghue.

The weather was ideal for the event, as a bright sun shone throughout the day, and it was a great pity that the promoters were not better supported on the occasion.

Details—First Race—Plate of £6, out of which second receives £1—For Ponies 14.2 and under. Distance 3 miles Flat. Weights 10st. catch.

Mr. Wm. Tobin's PRETTY NORA (J. Hogan) ... 1
Miss Flynn's BROWN JACK (Mr. Cronin) ... 0

Second Race—Plate of £7, out of which second receives £1. For Cobs 15.2 and under. Distance, 3 miles Flat. Weights, 10st. 7lbs., catch.

Mr. Wm. Tobin's PRETTY NORA (Jas. Hogan) ... 1
Miss Flynn's BROWN JACK (J. Quinn) ... 2

Also ran—Mr. W. McGrath's Gun Smoke, (Mr. McGrath); and Mr. Wm. Moore's Brown Betty (T. Hickey).

Pretty Nora made the pace from Brown Betty, Brown Jack and Gun Smoke, but the latter retired after the first mile. Brown Betty later dropped out, and the race again developed into a match between Pretty Nora and Brown Jack. The former however, showed wonderful speed, and increasing her lead at every stride won in easy fashion by over 20 lengths.

The third race on the Card was abandoned.
