ties on the 1st April unless they got further overdraft accommodation.

The Acting Secretary agreed and said they would want up to £20,000 of an overdraft at least. The Council, he added, had not exceeded £40,000 before, although they had authority to exceed it. Comparing this year's figures with those of last year, they were £14,000 down on the rate collection.

On the proposal of Mr. Butler, seconded by Mr. McGrath, it was agreed to request an overdraft from the treasurers of £20,000, subject to sanction.

Mr. O'Ryan observed that the Minister would hardly sanction £20,000 when he was saying that £40,000 was too large an overdraft.

Regarding the loan of £10,000 which it was proposed to raise at last meeting for the purpose of improving county roads, the Munster and Leinster Bank, Council's treasurers, wrote agreeing to advance the money, to be repayable in five years, provided there was a mortgage on the rates, and that the sanction of the Minister was obtained to the proposal.

The Acting Secretary said they had received no reply as yet to the letter sent to the Minister asking for sanction to the loan.

The existing members, Messrs. Kiersey, Coghlan, Shipsey, and O'Donnell, were re-appointed members of the Infrmary Board.

The Council accepted the tender of the E.S.B. to light the harbour lamps at Passage East for an annual sum of £20.

VACANT-CORONERSHIP.

The Ministry writing in reference to the death of Dr. M. F. Moloney, Coroner for West Waterford, noted that Mr. T. C. Williams, solr., Dungarvan, would act as Deputy Coroner pending a permanent appointment being made. The Local Employees Act, would apply to the new appointment.

The Ministry of Justice, wrote that the Council should request the Appointments Commissioners to take steps to make the appointment and that the amount of the salary should be stated.

The Acting Secretary, explained that Dr. Moloney's salary was originally £100, but was increased to £125 when the Coroner's Districts were changed a few years ago.

Mr. O'Gorman thought the two Coroners in the County should have the same pay.

Mrs. Greene—We are coming to the time when we must economise. Coroner Moloney, did not get £125 until he had certain service. I move that the salary of the new man be £100.

The Chairman said the increase to £125 was made over the heads of the Council. He thought £100 sufficient for the duties of the office.

Mr. Green, proposed, that Mr. T. C. Williams, solr., be appointed Deputy Coroner, until a permanent appointment was made at a salary of £100 a year, and that the permanent Coronership be fixed at £100 a year.

The Chairman having read a resolution requesting the Appointments Commissioners to recommend to the Council a suitable person to fill the position.

Mr. Curran asked who drafted the resolution, and the Chairman said the Secretary.

Mr. Curran—The Secretary must have anticipated our minds.

The Secretary said at the request of the Ministry, the resolution was drafted to have things in order.

Mr. Halloran referred to the necessity of having the person appointed Coroner a resident in the area.

Mr. O'Gorman said the new Coroner should have a good knowledge of Irish. He might be holding inquiries in Ring or Ballysaggart or other centres, and it would be essential for the person to know Irish.

Mr. Curran asked that a definite standard of Irish should be stated as they had got people in other positions who pretended to have a knowledge of Irish, but who in reality had none.

Mr. Greene said they had many Doctors and Solicitors in the County fit to fill the position of Coroner, and as the money was small he thought the Council should be capable of filling the vacancy without going to the Appointments Commissioners.

The Chairman said this was one of the positions to be filled by the Commission.

Mr. Butler held that in view of what happened in Loughrea, they should hold with Mr. Halloran that only a resident in the West Waterford area be appointed Coroner. Men would be got who would be very glad to come into the area for £100 a year as a start.

Mr. Fox asked what standard of Irish they would define as necessary and Mr. Curran said 100 per cent.

RECENT DEATHS.

Mr. Butler proposed a resolution of sympathy with the widow and relatives of the late Dr. Moloney, who had served the County as Coroner for a long number of years, and whose death was so untimely.

Mr. O'Ryan, seconded.
Mr. Butler also proposed a resolution of sympathy with the family of the late Mr. E. Keohan, Dungarvan, who had filled such a large place in the public life of the town for years. He was one of the old stock of the town and further, he was one of the ablest Journalists of his day.

Mr. Curran, seconded and paid an eloquent tribute to his fairness and impartiality as a Journalist. He gave every man a fair deal. His death in the fulness of years is deeply regretted by all who knew his worth.

Mr. O'Donnell moved a resolution of sympathy with the relatives of the late Mr. Thos. O'Connor, Rathleah, Old Parish, who was for many years a member of the Council.

Mr. Halloran said he was sorry the occasion had arisen to move a vote of sympathy with Mr. John Flavin, Clashmore, on the death of his wife. Mr. Flavin was for years a leading member of the Co. Council.

Mr. Bowen, Co. Surveyor, and Mr. Boyle on behalf of the officials associated themselves with the resolutions of sympathy.

The Chairman in putting the resolution paid tributes to the memory of the deceased. Referring to the late Mr. Keohan, he said he was the father of the Press at that Council, and they missed his presence that day. On their behalf, he wished to express their sympathy with the families and relatives of the late Dr. Moloney, Mr. Keohan Mr. Connors and Mr. John Flavin.

The resolutions were passed in silence, all the members standing.

SEEDS AND FERTILISERS.

In connection with the Seeds and Fertilisers Act, the Secretary said that of the cost of the seeds supplied to farmers last year, £283 6s. 10d., was outstanding, and for the previous year £73 was due.

It was agreed by the Council not to press for payment until after the end of March. Of the 52 persons who got seeds, etc., last year at a total cost of £501 5s. 6d., 15 paid in full, 19 paid on account and 18 did not pay.

Mr. Halloran said the Scheme should be renewed where prompt payment was made.

Mr. Greene—That will follow.

CO. SURVEYOR'S REPORT.

Your road contractors have done a reasonable amount of work, generally, in the past quarter. Most of them are recommended for payment. Owing to the dry season it was difficult to get stone to work in, and attention to patches is a very neglected point with contractors. Practically no rain fell in the quarter, which must have been a record in dryness. In consequence of this all roads have a good appearance, and have not suffered much wear from traffic.

Very little work has been done on direct labour roads, beyond the usual side cleaning work. A limited amount of patch rolling has been done, but the season was very unfavourable for this work. On a large number of roads it was deemed advisable not to spread the stone provided. The funds available have been much too low, and only for the dry weather many important county roads would now be in a bad state.

A small grant of £400 for relief work, was obtained. This has been devoted to footpaths and kerbing on streets of Portlaoine, Cappoquin and Tramore. A good return of work was obtained for the money.

Some work has been done by way of Minor Relief Schemes. A few very useful roads have been opened up. These works are now almost completed. I approve of the proposal to declare a number of roads to be public roads, as on the schedule to come before you. Your plant and machinery is in good repair, but unfortunately almost the whole lot is idle at present.

Mr. Butler moved that a number of roads be declared main roads. Mr. Cunningham, seconded.

Mr. Bowen said these were roads that members were interested in. They complied with the law and some were repaired under minor relief schemes. They would be very useful roads. Approved.

SMALL DWELLINGS ACT.

Mr. O'Ryan moved that the Council adopt the provisions of the Acquisition of the Small Dwellings Act. He said a lot of people who could not benefit by the Government grants to repair their houses could get loans under this Act. The Council were em-

powered to raise money for the purpose.

Mr. Butler said it would be a very good thing if adopted, but there was a lot of red tape and expense attached to it. It would be a good thing if the law governing it were simplified.

The Chairman thought anyone who wanted to improve his house could borrow from the Credit Corporation and not have the Council responsible as they had at present enough to do.

Mr. Greene said they were a dying Council and they should leave this matter over to the new Council.

Mr. Bowen said the intention of the Act was good and it would be very useful to people to get money for the repair, etc., of their houses. It would be very troublesome to work the Act, if it was proposed to simplify the law governing it, it would be worth waiting for. It could be at present rather unworkable for the Council.

The question was adjourned.

WORK ON THE ROADS.

Mr. Halloran said it would be a God send to some 100 men in the Ardmore area if they could go to work in the roads and he asked the County Surveyor to start work as soon as possible and give the men a chance to get bread.

Mr. Bowen—We are very anxious to start work, but until the loan is approved we can do nothing. We will start at the earliest moment.

Mr. Halloran—I know, thoroughly well you have done your endeavours to provide work for the men, and I thank you on their behalf.

TO REDUCE ESTIMATE.

In connection with an invitation from the Waterford Corporation asking the Co. Council to appoint a deputation to confer with Corporation delegates with a view to making joint representation to the Board of Assistant to urge a reduction in that body's estimate, several members were of the opinion that little progress could be made as the main difficulty was to show Mr. Flynn, Secretary, where reductions could be made.

Eventually, Messrs. Harly, Greene, O'Ryan, McGrath, and O'Gorman, were appointed to meet the Corporation delegates.

Mr. O'Ryan moved that the Waterford Corporation be requested to pass a resolution similar to that of the Co. Council in connection with the estimate of the Board of Public Assistance. He said if the Corporation gave that assurance along with the Co. Council, Mr. Flynn, would be assured at the end of the year that he could get an overdraft with both bodies behind him. The Corporation had not given that assurance.

Mr. Cunningham, seconded. Passed.

A PROTEST AGAINST WEARING OF BLUE SHIRTS.

BOYS ON STRIKE.

More than 100 pupils of the Christian Brothers' Schools, Thurles, went on strike as a protest against the wearing of blue shirts by a number of their classmates.

The strike originated in the junior section amongst the first year Intermediate pupils. A number of boys approached the principal of the school Rev. Brother Lynam, and intimated that they resented certain of their fellow-pupils appearing in class wearing blue shirts, and added that they would give these boys ten minutes to remove the shirts.

Shortly afterwards twenty of the boys left school and did not return. At lunch hour, when most of the pupils go to their homes, they were met by the ringleaders of the strike. Many of the boys who were in ignorance of what occurred in the morning, on learning of their schoolmates' action decided to remain from school.

A procession was formed in the Square, and upwards of 100 boys marching four deep paraded the principal streets of the town carrying a tricolour flag, and singing "The Soldier's Song" and "We'll crown the Valera King of Ireland."

One of the boys said that for three weeks they had sat next fellow-pupils wearing blue shirts, and they were not going to do it any longer.

MR. COSGRAVE, T.D. FOR ROME.

Among the pilgrims who will leave Dublin for Rome on the Cunard liner, Lancastria, on March 7, will be Mr. W. Cosgrave, T.D., Mrs. Cosgrave, and their two sons, Masters Liam and Michael Cosgrave. Mr. Cosgrave's visit to Rome will be a personal and private one. Mrs. Cosgrave's health is improving steadily.

DUNGARVAN MARKETS.

Meal (special) 18/6; middlect 18/-; flour 16/-; brand and pollard, 7/6; cwt., eggs 6d. dozen.

DUNGARVAN URBAN COUNCIL.

Mr. J. Butler, Chairman, presided at the weekly meeting of the Dungarvan U.D.C. Other members present—Messrs. M. J. Keane, T. Power, T. McCarthy, M. Griffin.

RATE COLLECTION.

The Clerk reported that there was 60 per cent. of the rates collected and lodged to date.

CHAIRMAN—That's good.

The Clerk also stated that he had applied for a further instalment to the Board of Works in respect of the Loughmore Housing Scheme, but had not got any reply.

CHAIRMAN—Take the necessary steps to get the instalment.

STATE OF HARBOUR ACCOUNT.

The Clerk reported that there was £65 in the Harbour Account, but when the payments would be passed to-night there would be only £20. Furthermore, he stated that there was no income from this account and that the Harbour Account owed £140 to the Council.

Chairman—The Quay must close up at that rate, if it can't meet its liabilities.

Mr. Griffin—Would the bank be willing to give an extension.

Chairman—I wonder would the L.G.D. sanction an overdraft for the Harbour Account. We want the money to close our accounts at the end of March. The Clerk tells us that the Harbour account owes us £140.

Mr. Keane—And there is a likelihood of it getting more.

Chairman—Something must be done about it. The income of the Harbour is gone and we can't allow that account to get into such a state that it can never be redeemed. We should draw the attention of the Minister to the state of affairs, that the Harbour account can't meet its liabilities.

It was decided to put the matter on the agenda for the next meeting.

LOUGHMORE HOUSING SCHEME.

The Architect, Mr. Murphy, reported that the progress of the Scheme was very good and satisfactory.

REMUNERATION FOR MILK SCHEME.

A letter from the Department stated that in connection with the £30 proposed by the Council, to give to Mr. Walsh, S.S.O., in respect of his services under the Free Milk Scheme, the Council should take into consideration other claims made for remuneration under the scheme. Furthermore, the remuneration should not exceed 5 per cent. of the money allocated to the district. It was pointed out that this remuneration was not exceeded in any other district.

Mr. Keane—What are the other claims?

Chairman—They will amount to about £10.

The Clerk explained that in his opinion that the 5 per cent. was outside the other expenses; that 5 per cent. would be the aggregate of the lot.

Chairman—The only thing we can do is to point out to the Department that in the opinion of the Council 5 per cent. was not a reasonable amount for the work done by Mr. Walsh.

Mr. Keane—How long is the work spread out?

Clerk—Six months.

Mr. Walsh said that it was very small considering the amount of work he had to do. If he had a large salary he would not mind. He had to get assistance to carry out the Scheme.

Chairman—This money is not coming out of the grant; it is out of the rates.

APPLICATION FOR GRANT.

Mr. Power, proposed and Mr. Griffin, seconded that the Government give a grant to the Council under the minor Relief Schemes to be applied to the erection of groins in Abbeyside Strand.

This resolution was unanimously passed.

SECURITIES FOR NEW HOUSES.

Correspondence relative to the letting of the new houses at Loughmore between the rate collector and the Minister for L.G. was read.

In his letter to the Minister, the rate-collector asked if the usual letting agreement should be entered into by the prospective tenants and the Council. In this agreement it was pointed out that the usual security was £5 in event of default; but the letter stated it would be impossible to get a security for that amount from the prospective tenants for the new houses.

In his reply, the Minister stated that this matter should be brought to the notice of the Council itself.

DUNGARVAN DISTRICT COURT.

Held on Wednesday before Mr. Troy, D.J.

CIVIL BILLS.

A number of undefended civil bill cases were heard and decrees granted. Mr. Williams, solr., for the complainants.

EJECTMENTS.

In the case of the Dungarvan Urban Council v. Miss Cooney and T. Crotty, Mitchel street, for possession of a house.

Mr. Williams, solr., for the Urban Council said the parties had consented to a decree.

Mrs. A. J. Meehan, Maryborough, sought possession of a house occupied by Patrick Morrissey, Thompson's Lane.

Mr. Williams, solr., for the complainant, said the case was adjourned previously on the defendant undertaking to pay 3/- a week.

Laurence Regan, agent for the complainant, said that since the order was made the defendant had only paid 3 weeks rent.

A decree for possession was given.

TRESPASS.

John McGrath, O'Connell street, prosecuted Denis Daly, with allowing a horse to trespass on his land at Gallops Hill, on February 6th.

Replying to Mr. Williams, plaintiff said the defendant was taking out the horse when plaintiff met him. Witness suffered much from trespass, not from this man, but from others. Defendant is a very poor man and I don't want to press the case against him.

The Justice fined him 1/- and 10/- costs.

Defendant (who did not hear the amount)—How much was I fined your Worship?

Justice—1/- and 10/- costs.

Defendant—Any good in bringing down the horse and have him sell him. I won't pay this fine, as I can't pay it.

SCHOOL ATTENDANCE.

Guard Regan, prosecuted James Butler, Shandon, under the School Attendance Act.

Complainant said that out of 47 school days, the child was absent 40 and present 7.

Defendant's wife said she had to keep him at home if she got an odd day's work to mind the other children. He will be 14 years in May.

The case was adjourned to the April Court.

Same complainant v. Patk. Dalton, adjourned to April Court, on production of doctor's certificate.

The same ruling was made in a case against John Murphy, Abbeyside, the child being absent 20 out of 57 school days.

Same v. Patrick Morrissey, Thompson's Lane, whose child was absent 33 days out of 37.

Defendant—I had a hard try to keep him at school. He is 14 years old.

Justice—I will adjourn it to the April Court, and you can have his birth certificate.

Defendant—I would like to know how long I must keep him to school.

Justice—That depends on the birth certificate. If he is 14 years he is finished school, and if he is not you are finished (laughter).

WANDERING ANIMALS.

Guard O'Leary, prosecuted Wm. Moylan, and Patk. Nagle, Cross Strand street, for allowing ponies to wander on the public road. A fine of 2/- in each case was imposed.

NO LIGHTS.

Guard Begley, prosecuted Daniel Morrissey, Grobally, for travelling without a light. Fined 5/-.

Guard Enright, v. Thos. Curran, Killosera, for a like offence. Fined 4/-.

Theatre Royal early in March.

INCREASE OF WAGES.

The adjourned application for an increase of wages from the Hall Porter was considered.

On the proposition of Mr. Power, seconded by Mr. McCarthy, it was unanimously decided to grant an increase of 5/- a week, subject to sanction of the Department.

ACKNOWLEDGMENTS.

Letters acknowledging Council's resolutions of sympathy, were read from the relatives of the late Dr. M. F. Moloney, the late Mr. Edmond Keohan and Mrs. Keane.

Gaelic Athletic Association

CORK V. WATERFORD. NATIONAL FOOTBALL LEAGUE. WATERFORD'S VICTORY.

Waterford, 2-7; Cork, 2-2.

Cork and Waterford seniors met at Youghal on Sunday in the National Football League and McGrath Cup. The match was played on the Copper-alley Sportsfield, which was effectively lined off and its ample space afforded full scope for the activities of the respective sides.

The game had not been long in progress when it was apparent that Cork were up against smart, hard fighting rivals, who pressed every advantage home, and at the interval were leading by 0-4 to 0-1. Cork's performances, to a large extent, lacked the steadiness of the Waterford side, and more than a couple of substantial scores were missed badly.

Details:—

Cork played with the wind advantage, and at once took the offensive, but the defence was all that the emergency called for. Brosnan and Power getting possession, Cork's defence was tested, for the ball to go out. A free to Waterford was non-productive, but they held Cork's territory for a further over. From the send-out, Cork covered ground per Sheehan and Harnedy, but Casey and Ferriter brought off a good clearance. A free at close range was awarded Cork but was missed rather badly.

Another invitation to buy was followed by the query "Do these cattle carry a licence?" "No, they do not," said the auctioneer, "but if you buy them I dare say you will get a licence."

There was no response, and the auctioneer speedily put an end to the proceedings with the observation "There is no use keeping you in the rain any longer, and since there is no bid I will pass them by."

The auction then closed with the same abortive result as before. Loud cheers were raised when the result became known, and the crowd quickly dispersed and made for the nearest shelter to await the abatement of the heavy downpour which accompanied the attempted sale.

SAORSTAT WHEAT PRICES. The Department of Agriculture intimated to Wicklow Co. Committee of Agriculture that the average price of Irish-grown wheat had been ascertained to be 16/6 per barrel; the guaranteed price was 23/6, and, therefore, the bounty would be 7/- per bbl.

Waterford—J. Hayes, M. Egan, P. McGrath, D. Walshe, N. Noonan, B. Casey, P. Ferriter, M. O'Shea, D. McCarthy, P. Gough, J. Brosnan, W. Power, T. Flynn, P. O'Donnell, J. Murphy.

ABORTIVE SALE. SIX BULLOCKS FOR 6/-.

For the second time in three days, six seized Co. Waterford cattle were put up for auction in Ballybricken pound, Waterford on Saturday last. On the previous Thursday, when they were first offered for sale, the only bid received was two shillings for the lot. On the present occasion the offer was one shilling per head.

There were about eight hundred farmers present. The weather changed to rain for the first time in several weeks, and the auction was conducted in a heavy downpour. Good humour again characterised the proceedings, and it was evident the desire of the assembly was to throw ridicule on the efforts made to effect a sale.

John English, Assistant County Registrar, was again the auctioneer, and proceeded, in a time-honoured way, to invite bids. "What am I offered," he began, "for these six nice bullocks?"

There was a pause for some moments and the auctioneer's strident tones were again heard soliciting bids. This time he elaborated his former observations. "These bullocks," he said, "will be sold practically without reserve."

Another invitation to buy was followed by the query "Do these cattle carry a licence?" "No, they do not," said the auctioneer, "but if you buy them I dare say you will get a licence."

There was no response, and the auctioneer speedily put an end to the proceedings with the observation "There is no use keeping you in the rain any longer, and since there is no bid I will pass them by."

Kilmacthomas District Court.

Held last week before Mr. F. J. McCabe, D.J. His worship gave decrees for full amounts claimed, together with costs in each application, in a long list of undefended civil bills disposed of by Dr. Cunnihan and Mr. T. Kiersey, were the solicitors engaged.

For poaching on the Kilmacthomas Game Preservation Society's preserves, William Fitzgerald, Maurice Fitzgerald, and John Fitzgerald, (all of whom admitted the charge) were each fined 4/- plus 4/- costs. Dr. Cunnihan, appeared for the Society.

Waterford No. 3 Board of Fishery Conservators, prosecuted a Rathgormack labourer, named John Higgins, for being in possession of a gaff in the vicinity of the river Ovesk, on the 17th ult., contrary to law. Mr. Verrington, solr., appeared for the Board. Defendant, who was not legally assisted, pleaded guilty, and told the Court he was out of work for the past twelve months.

After issuing a stern warning to the defendant, the Justice said he would adjourn the case indefinitely, and allow to Mr. Verrington, the right to reopen it should Higgins again fall foul of the Fishery Laws.

A case against a Clonea man named Thomas Reilly, (for whom Mr. T. Kiersey, solr., appeared), was adjourned for one month, in anticipation of a settlement of the matter at issue out of Court.

Fines ranging from 1/- to 2/- and costs were imposed in a heavy calendar of Gardaí prosecutions—all breaches of the Lights Act, members of the Kilmacthomas and Kill Stations being the complainants.

LABOUR PARTY AND TWO BILLS. The Irish Labour Party in its monthly report states that there is considerable anxiety regarding the delay in bringing the provisions of the Unemployment Assistance Act into force.

The Local Services (Temporary Provisions) Bill is described as mean and puerile, and many amendments have been put down by the party to protect the lower paid officials of local authorities from the threatened wage-cut.

ANNUAL MEETING.

The annual general meeting of the Cappoquin C.Y.M.S. was held in the Society's Hall, Mill street, on Sunday night. In the unavoidable absence, through illness, of the Very Rev. D. Canon Whelan, D.D., P.P., the popular and zealous Spiritual Director, Rev. J. Ray, C.C., presided, and there was a large attendance of members.

THE ANNUAL REPORT. Mr. J. P. Olden, Hon. Sec., read the following Annual Report, which was greeted with loud applause and unanimously adopted.

Our annual Concert, held a few months ago proved most successful, pecuniary gain therefrom having a most essential stimulating effect on our finances, which were then in an emaciated condition owing to the rather heavy nature of the current liabilities to be discharged.

Our popular caretaker, Mr. Joe Walsh, is to be congratulated on the efficient manner in which he has performed his duties during the year, and in a manner which has given the greatest satisfaction to all.

TREASURER'S REPORT. Mr. P. Cahill, Senr., Treasurer, submitted an interesting Statement of Accounts and Balance Sheet, for the year, showing a balance of £7 to the credit of the Society, the smallness of the sum being attributed to the heavy cost of the upkeep of the Society's premises, billiard tables, etc., as well as to the irregular payment of members' subscriptions and the limited number of members, which it was hoped would be greatly increased in the near future.

ELECTION OF OFFICERS. The election of officers for the ensuing year was then proceeded with and resulted in the unanimous re-election of the following:—President—Mr. R. J. Collender; Treasurer—Mr. Patrick Cahill; Hon. Sec.—Mr. J. P. Olden.

When Mr. W. J. Bloomer, B.E., Inspector, held an inquiry, at Listowel, into the application for the acquisition of a plot of land, 17 perches, Convent street, which was necessary to the new housing scheme, Mr. T. Clarke, for the U.D.C., said that the owner of the plot, Mrs. L. Neville, Tralee, asked £500 for the land, which would work out roughly, at £5,000 an acre. Mr. Maher, B.E., clerk of works said that £1 a foot would be reasonable. The inspector said he would inspect the plot.

HARPUR BROS. Seed Merchants, WATERFORD.

He suggested that the Society Hall could be made far more attractive by the holding of Concerts, whist drives and other social functions which would tend to induce many more of the young men of the town to become members and thereby strengthen the funds of the Society and add greatly to its importance and interesting character.

Several other important matters having been discussed, a cordial vote of thanks to the Rev. Father Ray, for presiding, and also for his interesting and instructive address, concluded the proceedings.

On Monday night the annual billiards handicap for the "Bishop Hackett Challenge Cup" was concluded in the Society's Hall, when the final game was played before a very large audience of members.

This valuable trophy was kindly presented to the C.Y.M.S. by the late Most Rev. Dr. Hackett, Bishop of Waterford, in 1925, for the purpose of an annual Billiards Tournament, the first member of the Society having the honour of winning it being Mr. Michael Walsh. Only one member has so far succeeded in winning it twice, this being Mr. M. J. Sargent, who was only beaten by the narrow margin of 19 points in this year's semi-final round.

The Cup has been won by the following members, in the order named, since it was first put up for competition by the Society:—Messrs. M. Walsh, F. X. O'Leary, N.T. M. J. Sargent, Joe Mason and W.M. O'Keefe who proved the victor in Monday night's final game.

The various rounds in this year's Handicap resulted as follows:— First Round: W. O'Keefe (rec. 50) beat J. E. Crowe (owes 100) 200-140. E. Dunne (rec. 80) beat M. J. Walsh (owes 20) 200-183. J. Singleton (rec. 60) beat Aidan Walsh (rec. 5) 200-109. M. J. Sargent (owes 150) beat Jas. Curran (rec. 10) 200-157. J. P. Olden (owes 100) beat Joe Mason (rec. 10) 200-135. P. Keating (owes 100) beat W. Greene (rec. 60) 200-133.

Second Round: W. O'Keefe (rec. 50) beat E. Dunne (rec. 80) 200-146. M. J. Sargent (owes 150) beat J. Singleton (rec. 60) 200-120. P. Keating (owes 100) beat J. P. Olden (owes 100) 200-120. Semi-Final: W. O'Keefe (rec. 50) beat M. J. Sargent (owes 150) 200-181. P. Keating a bye. Final: W. O'Keefe (rec. 50) beat P. Keating (owes 100) 200-71.

Great interest was taken in the final game, which had promised to provide a close contest, but the "scratch" man found his handicap too heavy against such a promising young player as O'Keefe, and as the latter played in consistent form right through, he proved an easy winner by 129 points and was loudly applauded on his victory by all present.

Minister on Wheat.

THE GOVERNMENT'S POLICY

Dr. Ryan, Minister for Agriculture, broadcasting on the Free State Government's policy for the encouragement of wheat growing in the Saorstát, said—It is a commonplace of experience that land under the plough produces more than twice as much of either meat or milk as does the same land under grass, and at the same time provides much greater employment for labour. Furthermore, it is a fact, not perhaps sufficiently adverted to, that so far from its being the case that the production of live stock is carried on on the grass lands the agricultural statistics of the country show conclusively that the numbers of live stock, including sheep, pigs, poultry, and cattle are denser on the tilled farms rather than on grass farms. The total area of tillable land in the Saorstát may be for all practicable purposes be taken to be twelve million acres. Of that area less than one and a half million acres were tilled in 1932. In other words, only 12 1/2 per cent. of the available land was being used for the production of crops and the balance of 87 1/2 per cent. was devoted to the production of hay and pasture. In no other country so richly blessed with soil and climatic conditions so favourable for the production of food from the land is such an unbalanced position found to exist between the areas devoted to crops and grass, nor is it to be supposed that it would be long permitted to continue if it did exist. It is true that the year 1933 saw a comparatively slight increase of about 45,000 acres in the area devoted to cereals in this country, but it will, I think, be generally conceded that such an increase goes a very trifling distance towards bridging the wide discrepancy that exists between the area of land capable of being tilled and the area actually being tilled. I make no apology, therefore, in bespeaking support for the Government in the efforts it is making to secure the widest possible extension of tillage in this country.

In the forefront of the group of crops which may be classed as for human food stand wheat and sugar beet. With regard to sugar beet I need only say in passing that my listeners are familiar with the steps which the Government have taken for the production of sugar beet, and the establishment of factories for the manufacture of sugar. When these plans, now well in hand, have been completed, the country will be self-supporting in the matter of its sugar supplies. Wheat is the raw material of bread, which is the staple food of the people. At one time this country had nearly 700,000 acres under wheat, but the introduction of cheap trade and the importation of cheap wheat produced from the virgin soils of North America, killed the demand for the home produced article, and production declined steeply until the total area under wheat in the Saorstát in 1931 and 1932 had fallen to around 21,000 acres—the lowest level reached since 1847.

The Government's policy here is the same as that followed in all other progressive countries, that is to say, it is designed to secure that as large a proportion as possible of the wheat necessary for the bread used in the Saorstát shall be produced at home. Apart from the advantage that it would lessen our dependence upon foreign sources for the supply of our principal foodstuffs, this policy has the further advantage that it would enable us to retain at home for circulation amongst our own farmers, and through them to trades generally, large sums of money at present sent out of the Saorstát for the purchase of wheat from countries who buy nothing from us in return. It was in furtherance of this object that the Government designed and secured the passage into law last year of the Agricultural Produce (Cereals) Act. Under the provisions of that Act farmers who grew wheat are guaranteed not only an assured market for all the millable wheat they produce, but also a remunerative price for that wheat. No other produce of the farm

has at present such definitely certain attractions for the intending producer.

Proceeding, he said—There is one other matter about which I particularly desire to say a few words. While the Government has made these provisions to encourage the growing of wheat for sale in order that as much as possible of the nation's requirements in wheat may be produced at home, I am most anxious to see at the same time an extension of wheat growing for the supply of whole meal flour for use in the farmers' own households. There are few holdings on which enough wheat to supply the family with home produced flour cannot be grown. I would therefore, urge every occupier of land to regard it as a matter of national honour to produce sufficient wheat for his own household.

The bounty payments due in respect of the millable wheat marketed between last harvest and December are now going out to growers, and I hope they will prove not only a welcome addition to their receipts, but a more powerful argument than any other I could use to convince farmers of the wisdom of growing wheat at present.

DEATH OF MR. JOHN. T. WALSH, CAPPOQUIN.

Deep regret has been caused in Cappoquin by the death of Mr. John Thomas Walsh, at the comparatively early age of 64 years. Deceased belonged to one of the oldest and most respectable families in Cappoquin, being brother of Miss Annie Walsh, ex-N.T., and Miss Katy Walsh, while he was uncle of the Rev. Brother Carthage (Walsh) of the Cistercian Order, Mount St. Bernard Abbey, Coalville, Leicestershire; Sister Mary Vincent, Lurgan, Co. Armagh; Miss Nellie Walsh, Dublin, and Mr. M. J. Walsh, Cappoquin, a talented and accomplished young gentleman, a clever Scenic Painter and one whose valuable vocal and musical services are always freely given at all the principal Concerts and other forms of high-class entertainments in his native town.

The late Mr. Walsh, was a noted sportsman and in his younger days was a brilliant cricketer and handball player, and an enthusiastic exponent of every form of manly outdoor games.

A House Painter and Decorator of unusual taste and ability, he was an outstanding artist in this class of work and had been employed in Mount Mellera Monastery for the past 40 years, being on the regular staff of the Monastery for the past 25 years without a break. He did some beautiful work as a Decorator in the New Cistercian Convent in Glencainr Abbey, Lismore, while his work in Mount Mellera will long remain as a monument to his great genius in his profession.

An honest, upright and good-living Catholic, he was held in the highest esteem by the various Lord Abbots and Community in Mount Mellera under whom he so faithfully worked for so many years, and his rather premature death has now deprived them of the services of a most brilliant and valued employee. He was a man of charming personality, as his kind and genial disposition made him a warm favourite with all, and after receiving the last rites of the Catholic Church he peacefully breathed his last, to the deep regret of his respected relatives and a wide circle of devoted friends in Mount Mellera and Cappoquin.

The remains were removed to St. Mary's Catholic Church, Cappoquin, and after Requiem Masses for the repose of his soul, the funeral took place to the family burial ground in Affane Churchyard, the cortege being of a large and representative character which proved to be a fitting tribute of respect to the memory of the deceased.

The Sisters of Mercy, Cappoquin, were specially represented at the funeral, and the sad cortege was headed by the Rev. T. Dunphy, C.C., Cappoquin, who read the final prayers at the graveside.

The chief mourners were—the Misses Annie and Katy Walsh, (sisters); Mrs. M. J. Walsh, (nephew); Mrs. B. Lincoln, Cappoquin; Mrs. Lena Ryan, do.; and Miss "Peg" Foley, do.; (cousins and relatives), etc.

Consols of Distribution

The returns in connection with the Consols of Distribution required to be furnished in accordance with the Order made under the Statistics Act, on or before the 15th. These returns are coming in most satisfactorily. Over five thousand returns, roughly 10% of the number of farms issued have already been received from all parts of the country.

From a scrutiny of the returns it is apparent that a few traders are finding some difficulty in filling in their returns correctly. For instance, those to whom the Voluntary Form, requesting information concerning the sales by quantities of certain items of agricultural produce was issued, think that the Statutory Return should refer to the value of these sales only. That is not so. The Statutory Return should refer to the value of total sales in the business, i.e., annual turnover. Firms which do not sell any of the goods specified on the Voluntary Return should return the latter marked "Nil" with the Statutory Return properly filled in.

Again, some confusion has been occasioned by the list of "lines of goods sold" mentioned in the Instructions. This list is not intended to be exhaustive but merely illustrative. Shopkeepers should in all cases give the value of their total sales whether the goods they sold are specified in this list or not.

It is evident that some small concerns have erroneously returned "Net Profits" instead of "Total Sales" (turnover) at Section IV of the Form. It is expressly stated in the Instructions that no particulars of profits are required.

Manufacturing concerns need not furnish a return unless they are also engaged in retail trading or in the selling of goods other than those which they themselves manufacture. If they are manufacturers only, the form should be returned endorsed "Engaged only in manufacture—not applicable."

The more accurately and promptly the returns are furnished the sooner the results will be available to the public and the less costly the enquiry will be. Traders should read carefully the Instructions for filling the forms so that it will not be necessary to send the returns back under query. They are particularly requested to complete their returns with the least possible delay.

DEATH OF MR. T. MCCARTHY, CAPPOQUIN.

The death of Mr. Thomas McCarthy, Senr., Barrack street, Cappoquin, which took place at his residence on last Saturday after a rather protracted illness, has caused much regret in the town, where he was a warm favourite with all classes.

He was an honest, upright and inoffensive man, of a kindly and cheerful disposition, who could always be relied on to faithfully perform any contract with which he was entrusted, and for this reason his services were always sought for by some of the principal employers in Cappoquin. He was the sole provider for his wife and a family of eight young children, and the deepest sympathy is now felt for his bereaved widow and young family in their sad affliction.

A good-living and devout Catholic all his life, he was regularly attended by the Rev. T. Dunphy, C.C., during the latter stages of his illness, and he died a most peaceful and happy death after receiving the last rites of the Catholic Church. On Sunday evening the remains were removed from his late residence to St. Mary's Catholic Church, Cappoquin, and were followed by a large cortege of the townspeople who thus showed their sincere sympathy with his bereaved widow and family as well as their great respect for the memory of the deceased.

The remains were received at the Church by the Rev. Father Rea, C.C., and placed before the altar of the Blessed Virgin, and after Requiem Mass on Monday morning for the repose of his soul the funeral took place at 12 o'clock to the New Cemetery, Dromore, when there was another large attendance of sorrowing relatives and the general public from the town and surrounding districts.

Rev. Father Rea, C.C., headed the cortege and read the last prayers at the graveside.

The chief mourners were—Mrs. E. McCarthy, (widow); the Misses Mary Ellen and Margaret Mary McCarthy, (daughters); Michael, John, Patrick, Dick, Jimmie and Tommy, McCarthy (sons); Patrick and William Bray, Mellera, and John Bray, Cahir, (brothers-in-law); Mrs. Margaret O'Rourke, Sallerbridge, and Mrs. M. Ormonde, Lyre East, (sisters-in-law); John, James and Patrick O'Rourke, Sallerbridge; Miss Hannah Ormonde, Cappoquin; Laurence, Daniel, Patrick and William Ormonde, Lyre East, the Misses Bridie and Mollie Ormonde, do.; Mrs. Mary Bray, Mellera; Jas. Flynn, Crowhill, do.; Michael Flynn and family, Cappoquin, (cousins and relatives).—R.I.P.

LOCAL HAPPENINGS.

DEATH OF MR. PATK. CONNORS. CURRAHEEN, KILROSSANTY.

We regret to announce the death of Mr. Patrick Connors, Curraheen, Kilrossanty, which occurred in Cork, on Tuesday last, after a long illness fortified by the rites of Holy Church.

The deceased belonged to one of the most respected families in the County and was brother of Mr. Thomas Connors, Faha, Mr. N. Connors, Stradbally, Mr. John Connors, Furrleigh, Mr. Michl. Connors, Mr. David Connors, Mrs. Kirwan, Drumlohan, and Mrs. Dunphy, Ballylaneen. He farmed on an extensive scale, and was a sound practical business man and a shrewd judge of all classes of stock. A lover of horseflesh, and an excellent horseman, he was a well-known member of the Waterford Hunt, and a daring rider to hounds. A lover of Steeplechasing, many a time and oft he rode at Point-to-Point meetings and few there were who could better acquit themselves over a stiff country. In the Show ring, too, as an exhibitor of high-class hunters, he was a familiar figure. In fact, from every point of view, he was a thorough sportsman and a genial gentleman. In his young days he was a brilliant footballer, and when little more than a boy, he played with the famed Kilrossanty team that brought such lustre to the County over 40 years ago.

A true practical Irishman, with a broad outlook on all questions, he was always associated with every movement which meant the upliftment of his country, and its material prosperity. Possessed of a lovable nature, and a generous disposition, he was ever doing good amongst those whom he lived, and his death has evoked feelings of the deepest sympathy with his respected brothers and sisters in their bereavement.

On Wednesday, the remains were removed from Cork to Kilrossanty Parish Church. A large and representative cortege in keeping with the esteem in which he and his family are held followed the remains. At Dungarvan, big numbers joined in the sad procession, which on its way to Kilrossanty, was further augmented by mourners from all the neighbouring parishes. At the Church, the remains were received by Very Rev. W. Kehoe, P.P., and Rev. J. Hart, C.C. On Thursday morning, there was Solemn Requiem Office and High Mass for the repose of his soul. An enormous congregation attended.

Rev. J. Lynch, C.C., Kilgobinet, was celebrant. The other clergy present were—Very Rev. J. Gleeson, P.P., Aghlish; Very Rev. W. Kehoe, P.P., Kilrossanty; Rev. J. Hart, C.C., Rev. P. O'Farrell, C.C., Stradbally; Rev. T. O'Shea, C.C., Rev. W. Flynn, C.C., Clonmel; Rev. J. Cullinan, C.C., Rathgormack; Very Rev. N. Dunphy, P.P., Abbeyside; Rev. M. Power, C.C., do.; Rev. R. Walsh, O.S.A.

Subsequently the interment took place in the family burial ground adjoining, in the presence of all the members of his family and a vast gathering of relatives and friends, who came to pay a last tribute to the memory of an upright honourable man, and a tribute of respect to the esteem in which the Connors family are held.

BISHOP HACKETT HURLING CUP COMPETITION.

On Thursday next, March, 8th, in the Gaelic Field, Dungarvan, at 2.30 p.m., the return match in the Hackett Cup Competition, between Dungarvan C.B.S. and Lismore C.B.S., takes place. Those who were fortunate to witness their first encounter at Lismore a fortnight ago, can vividly recall the keen evenly-contested and exciting game it proved, when Dungarvan emerged victors by the narrow margin of 2 points. In their next contest the Old Borough boys mean to improve on this, whilst Lismore are determined to put up a tremendous fight to secure victory on this occasion. So next Thursday's game promises to be a battle royal from start to finish.

On Wednesday, the six cattle seized from Mr. P. Navin, Ross, Kilmeaden, were sold at Waterford, by the Sheriff at £1 each. These were already put up for sale twice. The situation which, up to the present, was whimsically humorous, changed this morning to one of grave portent. As a matter of fact there was a scuffle which, springing up almost spontaneously, might have led to serious consequences but for the intervention of the Civic Guards. During a pause in the proceedings, a wordy battle was waged between an evident countryman and a resident of Ballytruckle district of Waterford. The language—which was "painful and frequent and free"—lasted for several minutes until an attempt at actual assault was made. At the psychological moment, when the disputants were about to indulge in an exchange of fist-cuffs, Inspector O'Mahony (with a number of Civic Guards) intervened and quickly separated the would-be combatants. A large portion of the crowd milled about them and matters looked threatening, whilst a rush was made for safety by many timorous people—including a number of women, who were present for the first time. Angry mutterings could be heard from various sections of the crowd (which totalled several hundreds), but a strong force of Civic Guards, present under the command of Chief Supt. Murphy, quickly had the situation in hand, and though treated were frequently handled about by the original disputants, quiet was speedily restored. Notice of the auction on this occasion was rather short, as it was not until a late hour yesterday that it was learned the auction had been fixed for to-day. Nevertheless, the news circulated throughout the country districts with the speed of native African bush telegraphy, and by the time the hour of the sale was reached farmers were present in large numbers. It was rumoured early to-day there would be genuine bids, and, consequently there was a feeling of tenseness apparent from the opening proceedings. A grim and dour farming community awaited and watched, and long after the sale had closed, remained in the vicinity of the pound where the auction was held conversing in groups. The name of the bidder on the present occasion was regarded as fictitious and loud laughter mingled with groans followed the auctioneer's announcement that the purchaser was John Browne, and his address, Campille, Co. Wexford. The buyer, in the midst of a strong cordon of Civic Guards, made his way to the auctioneer, who was standing on a chair outside the pound and gave his name and address in a voice scarcely audible. Immediately there was a chorus of enquiry as to who he was and when the auctioneer responded with the required information loud shouts of "Grabber!" were heard on all sides, followed by cheers for the owner, Patrick Navan, Ross, Kilmeaden, on whose lands the seizure of cattle took place in the execution of a decree for non-payment of rates obtained against him by the Waterford County Council and their collector. The auctioneer, after the sale, returned to the pound yard, where he was followed by the purchaser, to whom he gave a receipt for the six single £1 notes accepted as the price for the six bullocks. 26 10s. 6d. were the poundage fees for the cattle. The greater portion of the crowd remained on the street afterwards in anticipation of seeing the cattle led out. In this, however, they were disappointed, as the cattle remain in the pound at present, and the purchaser evidently reluctant to face the crowd, made a strategic retreat by way of the rear of the pound premises.

DEAR GRASS SEEDS. EFFECT OF IMPORT DUTY. In reply to a question addressed to the Minister for Agriculture in the Dail last week as to whether, in view of the fact that grass seeds were so much dearer this year than for years past, he would state whether it was intended to repeal the duty of 2s. per cwt. on imported grass seed, considering that there was not a quarter enough grass seed grown or saved in the Saorstad to supply the home demand.

DEAR GRASS SEEDS. EFFECT OF IMPORT DUTY.

The Minister stated, in reply, that the prices of perennial and Italian rye grass seeds showed an increase of approximately 100 per cent. over last year's prices. That increase existed in many countries and was mainly due to the shortage of the 1933 crop.

JEANIT AND IRISH PROBLEMS. PATH TO SOLUTION.

Very Rev. John Joy, S.J., in a Lenten lecture, in the Church of St. Francis Xavier, Dublin, said the great question of history was "Who is the Son of Man?"

The question, he said, was asked and answered explicitly or implicitly to-day with varying degrees of diabolical hatred, rude or cultural scepticism in Moscow, Berlin, Madrid, Paris, and London, as of old it was asked in Antioch, Alexandria and Rome.

On the answer nations and individuals gave to the question. "Who is the Son of Man and what are His claims?" depended their worth, their dignity, and their salvation. They knew that Moscow answered it with obscene blasphemy; that Berlin questioned the authority of the Church and fundamentals in Christ's teaching; that Madrid answered it by burning His Churches and by sacrifice towards His Presence in the Eucharist; in Paris they had had the wild orgies of the Revolution, and the cultural scepticism of the modern agnosts; London answered by its material civilisation; America deified the dollar; liberal Protestantism, and even some high dignitaries of the Protestant Churches, surrendered in many things to the Rationalists, despite the fact that many Protestants had a deep and tender love for Our Lord and reverence for His Divinity.

Yet what had it profited the nations to forsake Christ and His law? The chaos of morality and economic life to-day gave the tragic answer.

How do they answer the question in their own dear Catholic land and in their devout city?

They had still as a people a deep reverence for the Son of God. Whatever their faults, and they are often many and grave, this was true and this was their hope. But while this would be their answer to a formal challenge, what was their answer in the practical conduct of life? Where was the practical faith in the Son of God and devotion to Him of those guilty of the heinous crimes against His law recently denounced by the Bishops—crimes of which would stain even a heathen land? If they could secure all over the land greater devotion to Him and a more ardent desire to fulfil His commandment of love and denunciation of the doctrine of hate, they would have done more for the solution of the practical problems of their country than by any secular means. This is the deepest and truest patriotism. We must watch over the spirit of Christ in our people for, if that spirit should die in an orgy of personal and political hatreds, in sensuality and licentiousness, in loose fashions in public in the degradation of home and family life, it would not be a far cry to the Calvary of their nation and the cry of "Crucify Him" on the lips of another chosen people. They sadly needed the spirit of peace in their own country and despite the great goodness of their people. Communism was not the only form of paganism whose inroads they had to deplore.

YOUGHAL URBAN COUNCIL.

T.D. AND A FIELD.

Present—Mr. E. P. Lynch, Vice-Chairman, presiding; Mrs. S. Hurley, P.C.; Messrs. T. Beaman, D. J. Linehan, D. Dennehy, P. J. McMahon, P.C.; J. Whelan, M. J. Fleming, M. D. Broderick, E. Clancy, P. J. O'Gorman, P.C.

Boxing Club.
Mr. L. Bushe, Hon. Sec., Youghal Boxing Club, applied for the use of the Butter Market House, for practice. The Clerk said that the Athletic Club were already in possession. On the proposition of Mr. Beausang, seconded by Mr. McMahon, it was unanimously decided to give each Club every second night.

Poaching Drifters.

The following letter was read from the Department of Lands and Fisheries:
A Chara.—In reply to yours of the 28th inst., relative to fishing by steam drifters off Youghal Harbour. I am directed by the Minister for Lands and Fisheries to state that it is understood that these boats are fishing for herrings, and that such fishing has not been known to interfere with the run of salmon to our rivers. If particulars are given of the identity of the drifters and of the times and places (fixed by bearings or other means to be stated) at which they were fishing, the matter will be further investigated. Several members said it was the business of the Government to protect fisheries. Mr. Broderick said the names of the drifters should have been procured. Mr. Whelan said in spite of the Minister's opinion, the local fishermen believed that those drifters—stretching in a veritable line across the mouth of the Harbour—prevented the salmon from coming in. The Town Clerk—The local fishermen ought to be the best judges in the matter. Mr. Broderick said the mesh of the herring net was much smaller than that of the salmon net, and would, therefore, keep the fish from coming in.

Removing Gravel.
J. Hurley, Strand Caretaker, reported that on February 7, he found Jas. Flynn, and Wm. Barrett, removing gravel from the foreshore opposite Bay Villa Hotel, into Mrs. Hurley's yard. They admitted taking 3 or 4 buckets, which they thought no offence. On February 20 he found J. Griffin, and S. Edenborough, removing gravel from the foreshore opposite the latter's villa, with a bath, and dumping it in his yard. Mr. Broderick—Mrs. Hurley is giving them good example (laughter). Mrs. Hurley—Bring the informers in. The men were not bringing up gravel, but a little sand. One informer went over to the other and they went down and found a bucket of sand. Mr. O'Gorman—Did you take anything, sand or gravel, from the strand in front of your house? Mrs. Hurley—They took a bucket of sand. Mr. O'Gorman proposed that Mrs. Hurley be prosecuted (laughter). Mr. Broderick, seconded. Mr. O'Gorman—It is a case of the watcher being watched (laughter). Mr. Dennehy—Send her before the Military Tribunal (laughter). The Clerk—You are taking the matter with levity. Is this only a "cod" resolution? Mr. O'Gorman—Yes. Mr. McMahon—Wait till she complains again about somebody else taking sand or gravel. Mr. Dennehy thought that members of the Council, who came there to do the public business ought have some privilege—such as taking a few buckets of gravel when required. Mr. Linehan—Where did all the gravel in front of Mrs. Hurley's house come from? The Clerk—She has Maurice Slattery drawing it. Mr. Linehan—Where from? Mrs. Hurley—I don't know where from. I am paying for it. At the same time what authority had the Co. Council for taking the gravel that was thrown over the sea wall by the storm to me. The Clerk—That is a different matter. Mrs. Hurley—If I could find the man who took it, I would have him prosecuted. Mr. McMahon—If Mrs. Hurley opens her mouth again against anybody caught taking sand or gravel. Mrs. Hurley—I wasn't caught taking gravel (laughter). Mr. O'Gorman—For the future we will hold it over her head like the sword of Damocles (laughter). The proposition was then withdrawn and the matter dropped.

Waterford T.D.s. Offer.
The following letter was read—
12, Dawson street, Dublin, 17/2/34.
Dear Sir—As no doubt you are aware, our client, Mr. Patrick J. Little, is the owner in fee simple of portion of the land of Claycastle known as the "Furze Field" just outside the town of Youghal and, as he thinks it could be made an asset to Youghal as a seaside resort, he has decided to make a gift of it to the Council for the benefit of the people of Youghal. For this purpose, it would be necessary for the Council to intimate their willingness to accept, whereupon we would prepare the necessary deed—Yours faithfully—Little, O'Huadhain and Proud.

The Chairman said there was a widow interested in that field and he would take no responsibility for having anything to say to it. Mrs. Hurley—She has been owner of it for 20 years. Mr. Dennehy said he, for one, would take no part in interfering with her rights. Mr. McMahon said that Mr. Little, was one of the T.D.s. for Waterford, and now that they were to be thrown into that County for electoral purposes that offer looked very significant. It looked like a kind of bribe. He would object to any resolution accepting the offer. Mr. O'Gorman said there was litigation some time ago in connection with that field and the Council should be very careful not to get involved in anything of the kind, especially when there was a person interested who claimed being there 50 years. Personally, while he appreciated Mr. Little's offer, he thought it better not to have hand act or part in taking that field. Mr. Fleming—If he can prove that he is the legal owner of the place and that he can hand it over to us free? Mr. McMahon said it was strange that for the past 5 or 6 years they had not heard a word of that offer. He (Mr. McMahon) had come from the Co. Limerick he had been in the Co. Cork, and now he was to be thrown into the Co. Waterford (laughter). He supposed Mr. Little would be looking for votes there later on. The Clerk said the position seemed extraordinary. Mrs. Slattery was apparently exercising her title to the place by renting out or leasing site for shacks. They didn't know where they were. Mr. Broderick—How could she give leases if she hadn't a claim to the land? Ultimately, Mr. O'Gorman proposed, that while they appreciated Mr. Little's offer to the Council, in the circumstances appertaining to Mrs. Slattery's occupation, the Council couldn't intervene between them by accepting the offer. Mr. Broderick, seconded. The proposition was passed unanimously. The Clerk said he had visited the head water works at Boula that day, and he was glad to be able to inform the Council that here wasn't the slightest sign of shortage. The river was up to the usual level and with plenty to spare. In view of the complaints of shortage in other places that was very satisfactory (hear, hear). Several additional offers of sites of a further Housing Scheme were received and a prolonged discussion ensued. The Clerk was finally instructed to write to the Department asking them to send down Mr. Bloomer, to inspect them and advise the Council.

TALLOW DISTRICT COURT.

(Before Mr. G. P. Farrell, D.J.)

Mr. J. Barry, Collector, had a number of persons, farmers and others summoned for arrears of rates. In several cases there was no appearance on behalf of defendants and decrees were granted. In others, a plea was made for time. The Justice—I have no power to give a stay in these cases. Mr. Barry said he would not unduly enforce the decrees, if he received any fair offer. A farmer named F. O'Brien, said he was unable to pay at the moment—he couldn't sell his cattle. The Justice said he was sure there would be no undue hurry in enforcing payment. Decrees were then granted. Having disposed of some minor cases, the others on the books were adjourned to April Court, the Justice saying that, owing to vacation arrangements there would be no Court there in March.

LISMORE WHIST DRIVE.

On Tuesday week a most successful Whist Drive was held in the Court-house, in aid of the funds of St. Carthage's Troop of Catholic Boy Scouts, which was recently formed in Lismore. The event was organised by the Rev. Brother Mullan, Superior Christian Brothers Collegiate Schools, assisted by the Rev. Father Murphy, C.C., Rev. Father Power, C.C., and several of the prominent townspeople, and all the arrangements were carried out in an admirable manner. Mr. J. P. O'Donnell, Lismore, was a capable M.C., and the event was generously supported by not only the people of Lismore, but also by large numbers from Cappoquin and other places, so that no less than 132 players (33 tables) competed. After a most enjoyable and interesting competition the winners in the Ladies' class were declared as follows: First prize—Miss Chris. O'Donnell, Lismore; second prize, Miss O'Keefe, do.; third prize, Miss O'Gorman, do.; the fourth prize being won by Mrs. Healy, The Arcade, Lismore. The Gent's prizes were won by F. C. Dennehy, Lismore, (first); R. Allison, do., (second); D. McCarthy, do., (third), while Jas. Scanlan, do., won the fourth prize. The prizes were of a valuable and useful nature, and had been presented by several generous donors, in Lismore and Cappoquin, to all of whom the Rev. Brother Mullan wishes to express his sincere thanks for their kindness and generosity in helping to make the Whist Drive such a pronounced financial success. It is intended to hold another big Whist Drive after Easter in aid of the Lismore Girl Guides, for which many valuable prizes have been already presented.

MAKING DOG LICENCES EASY.

WEEKLY PAYMENTS.

By "PHILOKON."

SOME people are of opinion that those who cannot afford the cost of a licence should not keep a dog, but this is taking rather a narrow view of the matter. The companionship of a dog is an immense comfort to thousands of hard-working men and women, whose lives have few of the pleasures possible to those in better circumstances. To many of them, living by themselves, the dog is their only friend and without his existence would be dreary in the extreme. Touching letters frequently reach the Tail-Waggers' Club from poor women who have lost their pets, begging that they may be replaced. Several organisations have funds for purchasing licences for any who find 7s. 6d. a heavy tax on their resources, the date for renewal coming a week after Christmas, just when there is more unemployment about than usual. Last year the Tail-Waggers' Club raised £216 for this object. These funds, however, do not meet the case of those who could afford to make a small weekly payment spread over a year, and the R.S.P.C.A. recently gave their support to the suggestion that the Club should devise a scheme whereby this could be made possible without excessive costs of collection. Hitherto, the difficulty of collecting a few pence weekly on a national scale had seemed to be insuperable, but a method has now been put into operation that should be as practicable as it will be welcome. The gist of the plan lies in the affixing of a special 2d. stamp weekly to a card, in the manner of the national insurance schemes. Attractively designed stamps have been printed as well as cards containing 45 blank spaces to receive them. Those who can affix five further stamps are asked to do so as a contribution towards the expenses, but the donation is not an obligation. When the card is full at the end of the year it has to be posted to the Headquarters of the Club at 58 Mark Lane, London, E.C.3, and a licence will be sent when due. How can the stamps be obtained? Arrangements are being made for R.S.P.C.A. branches, dog food and pet shops to stock them, and the co-operation of all existing bodies engaged in providing dog licences is being sought. The easiest way of presenting a licence to deserving persons is afforded by this scheme, and no doubt numbers will avail themselves of the facilities offered. Stamps can be purchased in bulk by local stores and receive a portfolio containing the stamps ordered, a supply of cards, posters and a simple register. Everything has been done to avoid unnecessary trouble, and the outlay will be inconsiderable. As the first week's stamps are sold the money will be in hand for a further supply. For a loan of 10s. an agent can have no fewer than sixty members on his books, all of whom will probably purchase their foods from his shop. Private sympathisers desirous of helping (if not prepared to run a licence club) can buy a small stock of stamps for affixing to letters, thus advertising the scheme and making a modest contribution towards the cost of working. Much of the success will depend upon the goodwill and support of all in better circumstances, and the Club feels this should be forthcoming from a considerable proportion of the owners of the 550,000 odd Tail-Waggers. In a few months, the green Tail-Wagger stamp should be as well known as the ordinary postage stamp. This chat is issued by THE TAIL-WAGGERS' CLUB OF IRELAND, 23, Old Abbey Street (off Marlborough Street), Dublin, C.S. The Club will be pleased to answer any enquiries submitted by Tail-Wagger Owners in connection with canine hygiene and welfare.

KILMATHOMAS NEWS

BANK MANAGER'S BEREAVEMENT.

Mr. R. J. Betts, the popular Manager of the National Bank, Kilmathomas, and his equally popular wife, have the sincere and heartfelt sympathy of all in the Deme and district in their great sorrow occasioned by the death of their second-eldest son (Master Robert Patrick Betts, aged 12 years), which sad event occurred in a Waterford nursing home on Wednesday of last week.

DIED IN EXILE.

During the Masses at Newtown, Kilmathomas and Ballylanceen Churches, on Sunday last, prayers were offered up for the repose of the soul of Mr. Thomas Troy, who died recently in America. The deceased was a son of Mr. John Troy, Curra-baha, Kilmathomas, who is one of the oldest residents locally.

DEATH OF MR. E. KEARNS.

Mr. Edmond Kearns, Ballinasilla, Bonmahon, died last week in his 68th year. A quiet, industrious man, he was a favourite of all in the community, and the deepest sympathy is felt for his bereaved family circle. All that was mortal of the deceased was laid to rest in Kill cemetery on the 22nd. ult., in the presence of many relatives, friends and sympathisers. Rev. M. Dowley, C.C., Kill, officiated at the graveside.—Peace to his soul.

KILMATHOMAS FEBRUARY FAIR

All classes of cattle were well represented at the above fair on Tuesday. Few buyers attended, and demand was very slow, and only first-class cattle changed hands at recent rates. Springers were in fair request. Very little business was done all round. Quotations—Calves to nine months, 30/- to 40/-; yearlings, 24/- to 24 10s.; eighteen months old, 25 10s. to 26/-; over two years and under three years, 27 10s. to 29/-; three year olds and over, 28 to 29/-; milk cows, 29 10s. to 211/-; springers, 211 to 212 10s.; fat sheep (under two years), 35/- to 40/-; young pigs (under twelve weeks), 22/- to 26/-; good store pigs, 30/- to 35/-.

ONE OTTER THE LESS.

The other day, Mr. James Kiely, Ballingown Cross, Kiltrossant, killed an otter on the banks of the Tay river near his home. The otter measured 4 feet 10 inches from the top of its snout to the end of its tail, being considered one of the finest specimens seen locally in longest remembrance. Mr. Kiely sent the otter's skin to a Dublin buyer of such, and received 15/- for it. Otters are very numerous in the Tay this year and are proving very destructive to the salmon therein. GAELIC MEMS.

The Kiltrossant junior football string had nothing but their own bad marksmanship to blame for their defeat at home in Leamybrien by Toura-neena on last Sunday evening. This was a return friendly challenge mix, it was eyed by a big crowd, and was admirably refereed by Mr. John Ormond, N.T., Kilmathomas. For the greater part of a rather good game the visitors were almost continually on the defensive, but their forwards (Hickey in particular) accepted all opportunities that came their way, and a point victory was very flattering to them. The brothers Dalton and O'Donoghue were, also well to the fore for the victors; while Twomey, Fitzgerald, Crotty, Ryan, Veale and Drohan, served Kiltrossant commendably. Full-time figures of the fray read: Toura-neena, 1-2; Kiltrossant, 1-1. With a win each to their credit now, the next clash of these units should be a smashing set-to.

Fenor fell before Stradbally in their friendly senior football engagement at Bonmahon on Sunday. The Fenor XV. moved on great style for the first half-hour and gave the Stradbally set a hot time. On the run of play Stradbally merited their minor flag win, the Fenor defence being under severe pressure for a long period before the final whistle. Fr. McGrath, C.C., Fenor, wielded the whistle with his wonted ability. A pretty large crowd witnessed the encounter.

Clona-Power were at home to Erin's Own in a friendly junior hurling bout, from which the visitors emerged triumphant. Portlaw junior and minor caman combinations garnered the laurels from Ballyduff Lower (Cathal Brughas) J. and M. fifteens at Kilmeaden. Both bouts were of the "friendly rivalry" order, and both were capitally contested in their every phase.

The junior camanists of Kiltrossant and Eire Og (Dungarvan) will be seen in action at Stradbally on to-morrow (Sunday), when they oppose in their round Divisional Championship tie, under the sirens of Mr. John Ormond, N.T. A stern struggle for supremacy is confidently anticipated, and a monster attendance of on-lookers expected.

The Kilmathomas Junior Hurling team are training hard (in a field kindly provided by Mr. D. Coghlan, M.C.C.) for their forthcoming line-out against Clashmore in the opening round of the West Waterford Divisional Championship. It is the general opinion that the local lot will qualify for the second round.

WATERFORD HOUNDS.

FALL FROM HORSE.

THE INQUEST.

A few weeks ago, a young man named James O'Connell, employed by Mr. J. H. Curran, Ballinamulhina, Clashmore, was thrown while exercising a horse and seriously injured. He was removed to the District Hospital at Dungarvan, where he died on Thursday, last week.

On Friday last, Mr. T. C. Williams, solr., Deputy Coroner for West Waterford, held an inquest into the circumstances of his death. The following jury was sworn:—Messrs. J. Harrington (foreman), J. F. Foley, T. Morrissey, W. Power, J. Cahill, D. McGrath.

Patk. Lennon, Ballinamulhina, deposed that on February 13, when returning home from Clashmore about 11.30 a.m., he met the deceased Jas. O'Connell, riding a horse at Ballinamulhina. Witness saluted him when passing and had gone on about 20 yards when he heard the deceased shouting at the horse. When he looked back, he saw the man hanging over the horse's head. The horse was rearing and standing on his hind legs. Deceased was then thrown from the horse on his head on the road. Witness ran back and shouted for help. His legs were still in the stirrups and he was dragged 7 or 8 yards. Witness spoke to him, but deceased did not answer. He was bleeding from the head. Witness saw nothing on the road that might frighten the horse. Dr. Ronayne, Youghal, attended to deceased in my brother's cottage immediately after the accident.

Mr. J. H. Curran, Clashmore, deposed that the deceased was in his employment as a groom. On February 13th he was giving ordinary exercise to a horse. He was riding the horse along the road about a half mile from his house. Witness was away that day, but when he got back he was told of the accident and went to the cottage, where deceased was lying. Deceased did not recognise me. Witness then went to Clashmore dispensary for Dr. Ronayne, and later, on the doctor's instructions, phoned to Dungarvan for the ambulance. Witness identified the body in the mortuary as that of James O'Connell, who was about 30 years old and unmarried.

Dr. McCarthy, deposed he saw the deceased on the 13th February, when admitted to the District Hospital, Dungarvan. He was then unconscious and bleeding from his left ear and both nostrils. The back of his neck and head were bruised and in his opinion he was suffering from fracture of the base of the skull. He died on 22nd. February, from meningitis and the cause of his death in his opinion was fracture of the base of the skull and meningitis, which as a result subsequently developed.

The jury returned the following verdict:—"That the deceased died from meningitis resulting from fracture of the base of the skull, which was caused by a fall from a horse."

Faha Chapel, the field moved to Mr. Curran's gorse at Garranurton, where a fox was found which took them on to Mr. Patrick Dunphy's Ballylanceen, on through Carrigcastle, skirting Carricready on the southern end. He goes on towards Ballyvaden; swings left-handed back to Shanakill and through Carricready covert from which he repeated the same circle, and was eventually marked to ground at Ballinasilla, in close proximity to the banks of the Mahon. Seafeld covert and Mr. Power's bogs at Lisard were tried in turn, both proving untenanted. Old Sol hadn't hit the horizon when hounds went back to kennels. The field included Mr. Russell and Lord Wm. Beresford, Joint Masters; Miss Waller, Mr. R. Shanahan, Mr. J. Walsh, Mr. C. Langley, Mr. W. Power, the Misses Fitzgerald, and the sterling veteran sportsman, Mr. Arthur Hunt whose reappearance after his recent mishap in the hunting field was a matter of pleasure to those present. We are also glad to be able to state that Mrs. Hunt is progressing favourably after her recent accident, and it is to be hoped that this estimable lady will soon again be actively engaged with her husband in the wake of the Waterfords.

BREVITIES.

Last week-end, Mr. F. H. Crowley, T.D., Kerry, accompanied by a gentleman named Mr. O'Driscoll, visited Kilmathomas, where they inspected the local Woollen Mills, which was closed down about ten years ago. The visitors did not confide the object of their inspection to anybody locally, but rumour has it that they came in the interests of a party seeking a suitable structure to start a clothes manufacturing business. Anyway, further developments are expected.

County Council workmen are at present laying down concrete footpaths at Bonmahon. It is stated that a Government Relief Grant of £200 will be expended on this good work, which is being carried out under the direction and supervision of the capable Co. Surveyor, Mr. Bowen.

Kilmathomas Amateur Dramatic Club, will present Mr. J. Bernard McCarthy's two-act comedy, "Old Acquaintance," at the Fairgreen Hall, on St. Patrick's Night, in aid of the local parochial debt. Patrons are assured of a topping treat.

Contractors when sending in Tenders should mark on the Sealed Envelope "Tender for...". The Committee will be prepared to accept one Tender for the entire supply of Milk or to divide the supply between two or more Contractors as they may deem advisable. If a person tendering is unable to supply the entire quantity of milk required, he should state in his tender the number of gallons which he undertakes to supply daily.

The Milk supplied must contain over 3 per cent. of fat, and the Storekeeper, in order to satisfy himself in this respect, will forward samples from time to time for analysis.

The average number of gallons of Milk required daily is about 75, but this does not limit the future supply that may be required. The Contractor or Contractors for Milk are hereby required to agree to the following further conditions, viz.—That in the event of the supply being at any time short or being rejected owing to its not being up to the standard, that the Storekeeper provide such substitute as the Medical Officer may approve at the Contractor's expense.

Tenders on a prescribed Form, containing the names of two solvent Sureties, who are willing to join the person tendering in a Bond for the due performance of the Contract, must be lodged with me not later than 12 o'clock (noon), on 10th March, 1934. The lowest or any Tender not necessarily accepted.

(Signed) EDMOND KIELY, Clerk to Committee. Clerk's Office, County Home, Dungarvan, 26th. February, 1934.
