REGISTERED AT THE GENERAL POST OFFICE AS A NEWSPAPER.

SATURDAY, NOVEMBER 24, 1934.

Price 2d.

WATERFORD CO. COUNCIL.

Commissioner Moynihan, presided at the quarterly meeting of the above held on Tuesday.

RECOMMENDATION FROM CO. LIBRARY COMMITTEE.

The following recommendation was read from the above committee:—That the position of Mr. Maurice Browne, Assistant to the County Librarian, be made permanent as from the establishment of the Co. Library on a permanent basis in August, 1934. Commissioner—This man is, I understand, on sick leave at present, and before anything further is done I would like to have a statement as to the duration of sick leave granted to him, say for the past three years. The recommendation was adjourned pending the receipt of such statement.

CO. SURVEYOR'S REPORT.

Mr. Bowen, Co. Surveyor, reported as follows:— In the past quarter the roads of the County have been maintained in reasonably good condition generally. For the most part the weather has been very wet, causing a good deal of wear and pot holes.

Most contractors have some work done, and are recommended for payment. There is a considerable amount of delay in completion of works, and money is withheld in consequence. There are a number of fairly important roads now in the hands of contractors which I propose to take over at the expiration of the contracts in March next.

Work on direct labour roads is progressing satisfactorily, but unfortunately the money allowed is totally inadequate in many sections to meet the high cost of wages and materials, and the increased wear of traffic. We have tried to make the money go as far as possible, but in spite of this only very little remains to carry us over to the end of the year in March. This will mean a very much reduced number of men at work.

Some steam rolling of patches on County Roads and Link Roads is in hand. It is not practicable now to spread stone on roads of any importance without rolling them in.

A limited amount of rolling of sides of main roads still remains to be done. Much improvement of this nature has been done during the past half year. The tarring work provided for has been completed. The works to be carried out under the Improvement Grant from the Road Fund are practically completed, despite the fact that it has rained almost continuously since this grant was allocated. The work is not as good nor as efficiently done as if the weather was more favourable. The outstanding parts of the work at this date are portion of the Tramroad to Waterford Trunk Road, and a small part of the Streets of Kilmacomas. The Provisional Road Works Scheme for 1935-36 has been prepared and is being printed. This includes a good deal of work, now in arrears, owing to the heavy reduction of this and last year's. A very substantial increase on last year's allowance must be provided.

Your plant and machinery is in good working order and repair. Each machine will be thoroughly overhauled and examined during the winter months to be ready for work in the early spring. A few light trailers are required, and also a new air compressor plant.

Mr. Bowen suggested that item two last paragraph in the report be left over to a special meeting.

This course was agreed to by the Commissioner, and the report approved.

ADDITIONS TO MAIN ROADS SCHEDULE.

The Commissioner recommended the Ministry to have the following roads included in the existing schedule of main (link) roads, and classified as main roads, viz.,—Dungarvan-Cappoquin via Mapstown; Shandon Road; Kieley's Cross, Ardmore to Summerfield Hill; Lawlor's Cross to Carigahilla, Clogheen Gap (Mellera) to Cappoquin; Cappoquin Bridge to Rhinecrew Bridge; Kilbarry (Sport-house) to Ballyadam; Carrick-Kilmacomas and Portlaw-Kilmacomas.

REPRESENTATIVES ON INFIRMARY BOARD.

Very Rev. Canon Walsh, Tramore, Fr. T. Power, Portlaw, and the Commissioner, were appointed as representatives on the Infirmary Board.

SUPERANNUATION TO RETIRED OFFICIALS.

The Commissioner considered applications for superannuation, from Messrs. A. F. Quirke, and John McCarthy, retired Rate Collectors, in the Carrick-on-Suir No. 2, and Waterford No. 1 Collection Districts. Secretary—Collector Quirke has now closed the 1933-34 collection, and everything is satisfactory.

Commissioner—The Council is in duty bound to give some pension in

respect of long and faithful service to the Council. He would give Mr. Quirke, who had 40 years service £100 a year and Mr. McCarthy, whose collection district is much bigger than Mr. Quirke's, £150 per annum, subject to sanction.

APPOINTMENT OF SHORTHAND TYPIST.

The examination results for a shorthand typist held recently at the Technical School, Dungarvan, were before the meeting. The Commissioner said that one girl, Miss M. A. Patterson, Church street, Dungarvan, was outstanding, with a total of 375 marks, the next to her having only 274 marks. He could have no hesitation in appointing Miss Patterson.

STATE OF RATE COLLECTION.

The Secretary submitted the following figures in respect of the 1934-35 rate—Total amount of warrant £115,643 14s. 9d. Total outstanding, £99,150 12s. 4d. Average collected, 14.3 per cent. Commissioner—That is satisfactory enough. Some of the collectors are slow.

REPRESENTATIVE APPOINTED.

With regard to the appointment of a representative on the Governing Body, University College, Cork. The Commissioner said, heretofore it was the then Chairman of the County Council who was appointed. He thought after giving consideration to the matter that he should appoint someone outstanding in education, but there is one man and that is An Fear Mor, and I will appoint him, as I am sure he will do a lot for the Irish language while there.

ADDITIONAL AGRICULTURAL INSTRUCTOR.

Dealing with the application from the Co. Committee of Agriculture, asking that the Council strike an appropriate rate to defray the salary and expenses of an additional Agricultural Instructor in the County. In reply to the Commissioner, the Secretary stated that in the Counties of Tipperary and Kilkenny, there was only one Instructor. Commissioner—I think there is more necessity for an additional Instructor in Tipperary, where there is not such intensive tillage as in Co. Waterford. This is not a time for raising the rates; and I will mark this application refused.

VACANCY ON VOCATIONAL COMMITTEE.

The filling of the vacancy on the Vocational Education Committee, caused by the resignation of Very Rev. Fr. Egan, P.P., Newcastle, was adjourned to next meeting.

IRISH TOURIST ASSOCIATION.

Arising out of the application from the Irish Tourist Association asking to secure the sole rights of publication of the County Waterford Tourist Traffic.

Mr. Bowen stated that the Association wanted a monopoly. The matter was before the old Council and they refused to give a monopoly.

Commissioner—They do not take the right of publication, but we could not give them the sole rights.

Mr. Bowen—They are asking for a monopoly. Commissioner—No doubt, they want a monopoly, and I doubt if we could give them that. I will ask the Secretary to make it clear to the Tourist Association that the Co. Council cannot accept their application on the grounds that we cannot grant a monopoly.

UNIVERSITY SCHOLARSHIPS.

A letter was read from the University College, Cork, re the Scholarship Scheme. Replying to the Commissioner, the Secretary said the old Council had discontinued the Scholarship Scheme for economy purposes. No action was taken on the letter.

FINANCE.

The Secretary reported the Council's overdraft as being £52,062, and the balance to credit £2,895 11s. 5d.

£2 FINE FOR USING BIRD LIME.

At Carrick-on-Suir District Court on Monday. Mr. McCabe, D.J., fined Michael Anthony, Piltown, £2 for using bird lime to capture wild birds at Belline demense.

Mrs. Loughrey-Ellis, who lives at Belline, was the principal witness for the prosecution.

The Justice warmly praised Mrs. Loughrey-Ellis for her public spirit on coming forward and giving evidence in the case, and added that there is a good deal of unnecessary cruelty to birds and animals, such as one sees on a warm summer day when poor caged birds are exposed all day to glaring and boiling sun.

WATERFORD CO. BOARD OF PUBLIC ASSISTANCE.

Mr. J. O'Donovan, Chairman, presided at the monthly meeting of the above on Wednesday. Also present—Commissioner Moynihan, J. Cosgrave, T. Synnott, and P. Caulfield.

PIG BUYERS V. FACTORY.

Arising from the minutes of the Co. Hospital Committee, in which it was stated that only one tender, that of Messrs. Grant's, Waterford, was received for the fat pigs, which was accepted. Commissioner Moynihan said in a case like this, where only one tender was received, it would be better to send the pigs to the cellar. The Secretary said that for want of competition in Dungarvan, they had to send pigs to the Cappoquin Factory. Commissioner—It would be more satisfactory.

Mr. Caulfield said that he was years connected with the pig business. The type of pig which they turned out from the Co. Hospital was not the type suitable for the Factory. In the Hospital they did not feed them the same as farmers feed them. Their pigs are too heavy and are more suitable for heavy pork. Commissioner—Could they not be sold when they are a suitable weight for the factory?

Mr. Cosgrave said he had sad experience regarding sending pigs to the cellars and he often found that he had less money in his pocket by doing so. If the Commissioner wanted to give a trial, let him try it, but he feared that the experiment would be also a sad one. Personally, he would not agree with the suggestion.

Commissioner—Of course, I am not in a position to say anything on this matter. I imagine though we could have got a better price.

Mr. Caulfield—I am in a position to say we could not do better.

Secretary—If there is no competition we could try it.

Mr. Cosgrave—What competition is there at the cellars?

Secretary—Well, you have the market price.

Mr. Cosgrave—The price will not remain the same. When pigs get scarce up goes the price, and when they are plentiful, the price goes down.

Commissioner—When only one tender is got—well I don't want to say it is suspicious, but we should get more than one tender.

Secretary—If we had genuine competition.

Mr. Synnott—It is the first time I recollect having only one tender; before we always got 3 or 4.

Mr. Cosgrave—I would ask the Commissioner to let it go to see if we have more than one tender in future.

Mr. Caulfield—If we only get one then we will not accept it.

This course was agreed on.

REQUEST FOR TRANSFER.

Nurse Guiry, appeared before the Board relative to her request that she be put on day instead of night duty at the Dungarvan Hospital.

Mr. Caulfield said Nurse Guiry had given the Board 14 years service as night nurse. At present there is a day nurse sick, and this is a golden opportunity to give nurse Guiry a day duty job, while this other nurse is sick. We all know what it is to be working night after night.

Secretary—This is a matter there will be no difficulty about. Miss Guiry can go to the Matron and the Matron will put her on day duty and the other nurse on-night duty.

FINANCIAL STATEMENT.

The financial statement read by the Secretary showed a credit balance of £4,430 1s. 10d., at end of the month.

Secretary—I think we will be able to struggle on without an overdraft.

KILMACOTHOMAS WORKHOUSE.

Arising out of their application for portion of the Kilmacomas Workhouse, to be used as a corn store for Messrs. Flahavan, Millers, Kilmacomas.

Mr. T. Flahavan, appeared before the Board, and in reply to the Chairman, stated he was prepared to pay a yearly flat rate, or to pay per barrel of corn stored. He had an idea that 400 barrels of corn could be stored in the portion required by him for which he was prepared to pay 6d. per barrel exclusive of rates, or as an alternative £15 a year rent. He would like that the place be inspected by the Board's Engineer before taking over.

Secretary—The whole thing is subject to sanction.

Commissioner Moynihan said that when in Dublin he asked the Department if they objected to the letting and they will not raise any objection.

The Secretary said he considered £15 a year was a low rent.

Chairman—If Mr. Flahavan agree to pay say, a rent of £20, then if we see that the rate is high, we could reduce the rent.

Secretary—I am afraid you can't do as you like in that way. The whole thing will be subject to the Depart-

ment's sanction.

Mr. Flahavan raised the question of the insurance rate, and asked if the rate on the whole block of buildings would be increased.

After some more discussion, the matter was adjourned to next meeting. The Commissioner and the Engineer to meet Mr. Flahavan on the grounds.

HOME ASSISTANCE.

The Secretary reported the amount of Home Assistance paid out during the month as £1,544 0s. 1d., for the preceding month the amount was £1,640 9s. 5d., and for the corresponding period last year £3,018 7s. 9d.

Chairman—It is practically reduced by half from last year.

Secretary—And £100 from last month.

Mr. Cosgrave asked if there was any reply to the Board's resolution regarding representation for the Board on the Board of Referees, and cited the case of a lady whose case was turned down, and who was told there was no appeal. He knew that this lady was looking for work and could not get it.

The Secretary read a letter from the Department of Industry and Commerce in reply to the Board's resolution which stated that the personnel of the Board of Referees was east under a section of the Unemployment Act, (section quoted). The letter further stated that there was no appeal against the decision of the Board of Referees, and that cases were not been considered by the Board of Referees, but by a special body constituted under the Act.

Mr. Cosgrave—What about those poor people who have no friends. They are completely down and out. There is one thing that I object to, and that is the way that there is no appeal.

Chairman—I intend getting a few concrete cases and send them to the Minister.

WORKING AND DRAWING HOME ASSISTANCE.

Mr. Phelan, Superintendent Assistant Officer, reported that a man named M. Madigan, Waterford, had drawn Home Assistance while in employment. The amount involved was £4 10s.

The Board decided to prosecute. On the question of cost to the Board, the Secretary said it was not a matter for their solicitor. Mr. Phelan will report to the Guards, who will take the matter up.

Mr. Phelan—Yes; that is right.

LISMORE MIDWIFE.

On the recommendation of the Appointments Commissioners, the Board appointed Miss Curtin, Lismore as Midwife.

LEAVE OF ABSENCE.

A letter was read from the Department, refusing to sanction the six months leave of absence asked for by Dr. Casey, and granted subject to sanction by the Board at the previous meeting, stating that leave of absence for the purpose required was not in terms of the appointment.

APPOINTMENT OF DENTIST.

There was a notice of motion on the agenda by Commissioner Moynihan, that with a view to a very considerable saving in the expenditure on Free Dental Treatment, the Board appoint a temporary Dentist for the Western Division of the County to attend at Dungarvan and Lismore one day per week respectively, at a salary of £150 per annum inclusive of travelling expenses. The dentist appointed to supply anaesthetics, instruments, etc. Also that the use of the ambulance for bringing patients to these centres be discontinued except in circumstances in which the Medical Officer is satisfied that the use of the ambulance is essential.

The Commissioner said that they were all aware of the circumstances that led up to this motion. The amount for Dental Treatment was increasing every month. This month it was £32 and with the cost of the ambulance at say £60 a year, it was something like £920 per year. There could be a saving of £200 on that by appointing the dentist at a salary.

Mr. Synott seconded.

Mr. Caulfield—I think we are all unanimous on it. They were going to pay £150 and no more. I think I was the first that asked about this matter, and I am glad to see it come up now.

Mr. Cosgrave—Who will make the appointment?

Secretary—The Board will, as it is temporary.

Mr. Cosgrave—The only thing is that there should be no more teeth to be drawn (laughter).

Chairman—I think there will be more now when they're getting the free beef (laughter).

The motion was passed unanimously.

In the event of sanction from the Department been received in time, the Secretary was directed to issue advertisements for next meeting.

SUPERANNUATION.

Mr. Caulfield moved the notice of motion standing in his name, re the

Dungarvan Development Association.

Rev. Fr. Walsh, C.C., Chairman, presided at the second meeting of the Committee of the above body on Tuesday night. Other members present were—Messrs. M. Moloney, J. J. Crotty, Commissioner S. J. Moynihan, P. J. Moloney, J. Christopher, M. Morrissey, Jas. Mansfield, E. A. Ryan, solr., M. Clancy, B. Mulcahy.

Replies From Co-Opted Members.

The Secretary (Mr. M. O'Meara) said that he had seven replies from the people mentioned at the last meeting for co-option to the committee, stating that they were agreeable to join the committee.

Report From the Department.

Regarding the order made at the last meeting that a deputation approach the Department of Industry and Commerce regarding the starting of an Industry in Dungarvan, Dr. Casey, who accompanied the deputation to the Department said that he, Mr. Mansfield and the two T.D.'s, saw Mr. Ford in the Department. They pointed out to him the ideal situation of Dungarvan; its natural and ideal centre regarding the establishment of an industry. In the town were two Irish Steamship Co.'s and boats with a draught of 14 feet were able to come to the Quay. Mr. Ford told them that Dungarvan was not on the list for factories until now. The Department would give them every help in the matter. Mr. Ford also stated that they must facilitate people who came along whether they were Germans, Turks or Austrians looking for sites. If any of these people picked on Dungarvan, it would be a lucky town. The Department would give every help as to what industry would be likely for the town. A body dealing with this matter, in which were given books regarding imports into the Free State was supplied to them. During the conversation some industries were discussed, such as the Paint Industry. It was pointed out to the deputation that only 20 per cent. of the Free State's requirements were manufactured in the Free State. Woollen, cheap biscuits were other industries that were discussed.

Chairman—You did not get any particular industry. Dr. Casey referred to the establishment of a paint factory. It would be a big thing for the town.

Mr. J. J. Crotty—There are two English firms making this.

Mr. Moloney—I think as far as painting is concerned it is overdue.

Dr. Casey then referred to Carrick. As far as the Department was concerned, they knew nothing about it.

The Chairman suggested that a glass factory in which the sand on the bar in the Harbour could be used might be started.

Mr. Crotty—I understood the Department had a list and that we could get a copy of it.

Mr. Moloney—What about developing local industry?

A discussion ensued in which several industries were mentioned. Mr. Moloney suggested a Cork Factory; Artificial Manures and a Cullery factory were also mentioned. The manufacture of cheap ready-made clothing was also suggested, as well as hats, caps and gloves.

Dr. Casey read from the book supplied by the Department, the cost of imported goods mentioned.

Mr. E. A. Ryan, said that some people in England had approached him, people who would be prepared to put up about quarter of a million. It was the starting of a Rubber Factory. He came home full of the idea but as they say Dunlops had got the monopoly of this in Cork. If the Department could give them something definite to go on, some idea as to what would be suitable, then they could do something. They would be in a position to get something done.

Dr. Casey—The Department want some scheme to be put up, and they

granting of superannuation to Mrs. Hayden, retired Midwife, Tramore Dispensary District.

Mr. Caulfield said they should give this lady the same treatment as they gave others in similar circumstances and add some years to her service to enable her to get two-thirds salary.

Commissioner—Why is she resigning?

Secretary—She is over the age limit. Commissioner—Is not there some instructions as to limiting the number of years to be added to nine.

The Secretary, replying to the Chairman, said in this case it would be necessary to add 14 years to enable her to get two-thirds salary, about £40.

Mr. Cosgrave—Have not people been granted it before; even though they had not the required service?

Secretary—Yes.

The motion was passed subject to sanction.

will do everything they can when it is put up to them without any further suggestion. All they know now is that it has a port, railway facilities and a lot of unemployed persons.

Mr. Ryan suggested that stationary with the name of the Association and names of the officials printed on it be got and that a further letter to the Department be drafted setting out all particulars regarding capital, sites, etc., be sent to the Department. A letter that could be put on the files in the Department.

This was agreed to, the Chairman pointing out that Mr. Little's letter could be enclosed and copies of the whole letter sent to the T.D.'s.

This was also agreed to. Commissioner Moynihan suggested that an advertisement inviting suitable sites be inserted in the local Press.

This was also agreed on. A discussion took place regarding the development of the Dungarvan Hosiery factory.

Mr. Mansfield, in reply to the Chairman said that for the Southern area of Munster about 29 men and about 200 or 300 girls could be employed.

It was decided to hold the next meeting on Tuesday fortnight.

NATIONAL AND COMMERCIAL CLUB, FORTY-FIVE DRIVE.

The largest Forty-Five Drive that we know of was brought to a successful conclusion on Sunday last at the National and Commercial Club, Dungarvan. One may gather some conception of its magnitude when it is recalled that 1,458 players participated, or 243 Tables. Giving an average of twelve games to each table, 2,916 games were played for the first round, 972 for the second round, and 480 for the remaining rounds, or 4,368 games in all. Winners of three Rubbers received £1; four Rubbers, £2; £40 being allotted to the last Table—a grand total of £100 in prizes. The majority of the players hailed from the town. Grange, Old Parish, Ring, Modeligo and Cappoquin were well represented, they fought their way doggedly and succumbed only in the semi-finals. The winning pair were Messrs. James Curran, Harbour Master and James Val, Urban Council Official; runners-up—Messrs. J. McSweeney, C. Sullivan, S. Hennebery and J. Tobin.

It is interesting to note that the National and Commercial Club are the originators of these Forty-Five Drives, which have become such a popular feature at the Club. Their popularity has spread throughout the County, so much so that there is scarcely a Club that does not launch one at least once a year. Some fourteen years ago the National and Commercial Club undertook what then appeared a huge undertaking, namely a Drive consisting of twenty-seven Tables. A Forty-Five Drive at that time was an innovation, and many were sceptical as to its success. However, it was run off with some trouble in two months, and was the forerunner of many a successful Drive afterwards, notably, the Drives carried on by the Very Rev. L. Egan, P.P., Newcastle (then Curate in Dungarvan) on behalf of the Dungarvan Working Boys Club. To-day, a twenty-seven Table Drive is only a matter of hours and one is run off each Sunday at the National Commercial Club.

The Drive under review was gone through within one month. It was fought in a fine manly spirit, and not a jarring note was struck from beginning to end to mar the success of the venture.

DEATH OF MR. R. CUNNINGHAM. On the 12th inst., after a fairly brief illness, and despite the best medical aid and attention, the death occurred in Dungarvan Cottage Hospital at a comparatively young age, of Mr. Richard Cunningham, Grawn, Kilmacomas, who was an exemplary Catholic and was well known and deeply respected throughout these parts. The remains, accompanied by a cortege of big dimensions, and representative of all creeds and classes, were removed to St. Brigid's Parish Church, Killorossanty, where the Very Rev. W. Kehoe, P.P., recited the prayers for the dead. On the morning of the 14th inst, High Mass was offered up for the happy repose of his soul. Rev. J. Harty, C.C., Fewes, was the celebrant, and the assisting priests were: Fr. Kehoe, P.P.; Fr. Murphy, P.P.; Stradbally, Fr. O'Farrell, C.C., do.; and Fr. O'Shea, C.C., Ballylansan. Interment was subsequently made in Killorossanty old cemetery. The chief mourners included: Mr. Patrick Cunningham, Grawn; Mr. David Cunningham, do.; Mr. Thomas Cunningham, Ballynanogue (brothers); Mrs. Patrick Kirwan, Ballinaghoola, Killorossanty, etc.—R.I.P.

DEATH OF MR. R. CUNNINGHAM.

AUCTION OF CORN.

The corn salvaged from the recent fire at the Co-Operative Creamery, will be sold by auction at 12 o'clock noon on Saturday November, 24th.

Most Rev. Dr. Kinnane, at Abbeyside.

CHURCH RENOVATION CEREMONIES.

FITTING WELCOME TO BISHOP.

The historic village of St. Augustine was in fête on Sunday last on the occasion of the visit of His Lordship, Most Rev. Dr. Kinnane, Bishop of Waterford and Lismore, who came to officiate at High Mass, following the complete renovation of the interior of the Church. The parishioners had prepared a most impressive welcome, and on Saturday the village was gaily decorated with flags, bunting and streamers by the men of the Sacred Heart Confraternity, so that when Sunday morning broke with real summer-like weather, the scene presented a most festive appearance.

His Lordship, accompanied by Ven. Archdeacon Byrne, P.P., Ballybricken and Canon Kelleher, President St. John's College, arrived at the Parochial House, at 10.45 a.m. where he was met by clergy of the Parish, the Dungarvan Brass and Reed Band and a Guard of Honour of the Civic Guards, under Superintendent Walsh, under the command of Archdeacon Byrne, Canon Kelleher and Canon O'Brien, Dungarvan, and preceded by the band, a most imposing procession wended its way to the Church to the strains of the hymn to Christ Our King, Faith of Our Fathers, etc. At the entrance to the Church, the Abbeyside Troop of Catholic Boy Scouts, under the command of Scoutmaster Nugent and assistant Scoutmaster Lanigan, formed a Guard of Honour.

Solemn High Mass, at which His Lordship presided, was celebrated by Rev. M. Donovan, C.C., St. John's, Waterford. The deacon was Rev. T. Smith, C.C., do.; the sub-deacon, Rev. P. Ahearne, C.C., do.; and the Master of Ceremonies, Rev. P. F. McGrath, C.C., Dungarvan. The others of the clergy attending were:—Ven. Archdeacon Byrne, P.P., V.F., Ballybricken; Very Rev. Canon Kelleher, S.T.L., President St. John's College; Very Rev. Canon O'Brien, P.P., V.F., Dungarvan; Rev. N. Dunphy, P.P., Abbeyside; Rev. M. Power, C.C., do.; and Rev. J. V. Fitzgerald, S.T.L., St. John's, master of ceremonies at the throne.

After the Gospel, Archdeacon Byrne, preached an eloquent sermon. It was a happy thought, he said, that prompted their revered parish priest to select this special day on which to celebrate with joy and thanksgiving the renovation and adornment of their beloved church, for on this day the Church celebrated, in her liturgy, throughout the world, the solemn commemoration of the consecration of two of the most wonderful churches in Christendom, the Basilicas of SS. Peter and Paul in Rome. The majestic language which she employed might be echoed and applied with perfect appropriateness to

this edifice in which they were assembled. It would not be difficult for them to enter into the mind of the Church that day and to share with her in her joy if they but recalled some of their own personal associations with the church and with the parish. The history of each of their souls, and of those souls near and dear to them, was linked up with it in close union. Those walls had been witness to the heavenly communication of the souls of the people of this parish for over 100 years, and if they went back further they had the venerable walls and the sacred stones of the neighbouring building which had witnessed the same heavenly communication five to seven hundred years ago. In the church their souls had been born again of the Holy Ghost in the sacred water of Baptism. The Sacrament of Confirmation had been administered to them there, and had bestowed on them that fortitude and courage that belonged to the soldiers of Christ. They had found help in the struggles of life there, and had been raised again by the Sacrament of Penance, and there were also those priceless associations with the Holy Table. They were given there the privilege of gathering round the altar Sunday after Sunday, and some of them morning after morning, to join the Church in offering the supreme sacrifice of the Mass to the Eternal Father. Here they had the whole wealth of Calvary, and, in addition to these privileges, they had that other of the ever-abiding presence of Our Divine Lord in the Tabernacle. A great theologian had said that Our Divine Lord was the total wealth of the Church, and therefore, He being there continuously, there centred round the church and the altar all those associations that they so well appreciated, even after their mortal lives on earth.

Dealing with the present occasion, the Archdeacon said they were assembled to express their joy and gladness at the completion and adornment of their house of prayer. All round them they saw many evidences of beauty and attractiveness, and he might say of the beautiful marble altar rails, that they were particularly gratified that these were the gift of one with whom he was personally associated for a long number of years, and of one who was imbued with an ardent love for this whole district. There were several other individual gifts, and there were those combined and collective gifts that included, in many cases, the mites of the widows and the poor, all of whom would share in their reward. He heartily congratulated the beloved pastor of the parish on this splendid achievement, and, on his behalf, thanked all who had helped in the renovation of the sacred edifice.

Following the celebration of the Mass, his Lordship blessed the new altar rails, and blessed the Stations of the Cross, very beautiful specimens with the figures in relief, and then

officiated at Solemn Pontifical Benediction of the Blessed Sacrament. He was afterwards escorted in procession back to the parochial House, with the band, as on the first occasion, playing hymns. The entire congregation joined in the return procession, and his Lordship, on arriving at the parochial residence, addressed himself briefly to the parishioners.

His Lordship said how deeply he had been impressed by that day's ceremonies and by the wonderful manner in which the people had given expression to their holy faith. He congratulated them heartily on this, and he congratulated also the revered pastor, Rev. N. Dunphy, on having brought to fruition a long cherished hope.

The choir was specially augmented for the occasion, and rendered the sacred music of the Mass and the Benediction service and hymns in most praiseworthy fashion. Mrs. Christopher, presided at the organ.

The Parochial Committee availed of the occasion of His Lordship to present him with an address of welcome, which was read by Mr. J. McHugh, Hon. Secretary. The address extended to the Bishop, on behalf of the people of Abbeyside, a hearty welcome on the occasion of his first official visit to their ancient parish. They were mindful of his great and self-sacrificing work for the spiritual and temporal welfare of his flock since he had come to the episcopal charge of the Diocese of SS. Otteran and Carthage, and they prayed his Lordship might be long spared to rule the See with that conspicuous ability and success which characterised his every action heretofore. The address bore the signatures of Messrs. Michael J. McCarthy, President; M. Maher, Vice-President, and J. McHugh and J. Cahill, hon. secs.

The Abbeyside Church has been completely renovated, and redecorated. In addition to the new marble altar rails and Stations of the Cross, the improvements effected include the relaying of the sanctuary floor in terrazzo, new marble altar steps, two large angel figures holding branches of electric light on either side of the high altar, and a complete set of new seats. The whole interior has been repainted in restful and devotional design.

DROMORE BEAGLES.

This little pack continues to enjoy excellent sport since the opening of the season. They met at Dromore on Sunday last and had a most enjoyable day's outing, which was patronised by a large following, including many visitors.

After finding at Dromore, he circled round towards Daley's, Dromore, and back again to starting point, where hounds closed him up. After having again released, he took them away for a couple of miles, when they killed. Next move, to Shanakill bogs which was blank.

Next meet at Villierstown on Sunday.

Dungarvan Industries.

(To The Editor "Observer.")

Dear Sir,—Now that the Dungarvan Industrial Committee has been formed is it not an appropriate time to open the columns of your valuable paper for an expression of views on matters pertaining to the Industries proposed to be set up locally, such views whether theoretical or founded on experience of manufacturing activities operating in other places would be useful while negotiations with the Government were in progress.

Industries to be set up would come, roughly, under four headings.

(1) Goods produced for export.
(2) Articles, which when finished would become the raw materials of another industry, such as yarn, bricks, leather, etc.
(3) Commodities for local distribution and consumption.

(4) Extending existing Industries. All those avenues should be carefully examined with regard to number 1, anyone who has lived in England knows that there is no organised sale of Irish manufactured goods in that country. No shop in which Irish goods are sold exclusively. Some such depots should be opened in certain selected areas by The Federation of Free State Industries, as has been done by Belfast Firms, and by Polish and other foreign combines, and Irish industries would benefit.

In considering number 2, figures should be obtained from the Government stating the value of woollen yarn, linen and cotton thread imported into the Free State last year. It is the opinion of experts that a factory for the spinning of woollen yarn would be a highly profitable undertaking in this country.

In number 3 group, consideration should be given to industries related to Agriculture, such as making beef extract, sauce, also feeding stuffs for cattle and pigs, the making of sacks, manufacture of Fertilisers. The growing and canning of Peas—one of these factories in England absorbs the product of 100 acres of land and the canning factory gives employment to 300 persons. For girls why not a shirt factory or a cigarette factory as an adjunct to the tobacco growing industry. An industry requiring the importation of certain raw materials or partly manufactured articles would stimulate local shipping. Number 4 section, the extending of existing local industries demands special attention by the committee. Fishery, cheese, jam, Tweeds. Mr. Goulding's remarks at a recent meeting that the manufacture of tweed locally could not be done at an economic price, requires some interpretation, they do not square at all with a recent statement made by Mr. Lemass, Minister for Industry and Commerce, that six million square yards of cloth were imported into the Free State in 1933, and that there was a good deal of room for such enter-

Silk Crepe-de-Chine, nice quality for Velvets in new shades, this is a wonderful cloth for wear, 21 ins. wide, 1/9 per yard.

MULCAHY'S,

DUNGARVAN

prise in that department. If the Government put an embargo on such goods—crossbreds, and re-made cloths made under the system of delution of labour, and rationalisation in operation in factories to-day, the woollen industry would look after itself notwithstanding Mr. Goulding's opinion. A serious effort should be made to select an industry that would give employment to men to replace the sources of employment lost in recent years.

The Dungarvan Local Industrial Association should be converted into a limited liability company, and an effort made to induce as many householders as possible within a radius of 10 or 30 miles to take up shares in it, ordinary shares to be 5/-.

This would serve a dual purpose, in the first place it would help to raise perhaps a large amount of capital without putting too much financial pressure on the promoters, and it would create a large local market. Investors should not be discouraged

DUNGARVAN URBAN COUNCIL

Mr. M. Morrissey, Chairman, presided at the weekly meeting of the Dungarvan Council. Other members present—Messrs. S. Hayes, P. O'Dwyer, J. Dahill, M. Clancy, T. McCarthy, D. Foley, J. Christopher, J. F. Foley, P. Byrne, J. J. Crotty, M. Connors, Jas. Mansfield.

PAYMENTS

The weekly paysheet amounting to £13 17s. 2d., was passed. In addition there was a payment of £6 10s. for stones which was also passed.

APPLICATION FOR LIGHT.

An application was read from the St. Stephen's street, Club, requesting the Council to erect an electric light pole, with light outside the Club premises. The cost of the erection of the pole, which the Club had enquired of the E.S.B., would be £5. The Club were prepared to go 50/50 in the cost.

Chairman—Is there any pole there at all?

B.S.—There is no light there at all except at the top of the street.

Mr. McCarthy—There is no light there at all. This Club has 40 members and I think they are entitled to some considerations. They should be encouraged as much as any other Club in town. Besides that, the street is almost impassable. The Club is prepared to go 50/50.

Mr. Crotty—Isn't there a light at the top of the street, at Mrs. Gough-Dower's?

Mr. McCarthy—That doesn't show any light down this street.

In reply to a member, the Clerk said that the cost of maintaining a light would be £3.

Mr. Crotty—We must consider the ratepayers.

Mr. Mansfield—Is there any guarantee that this Club will be used permanently?

Mr. McCarthy—Is there any guarantee that any Club or any organisation is going to be permanent? I'm surprised at you putting forward that argument.

Mr. Crotty—Does the Club intend getting the light? I'm against granting this application. We refused an application the other day from people in Abbeyside.

Mr. McCarthy—That application did not get to go 50/50.

Mr. Crotty—If Abbeyside ask for it again, what will the Council do?

Mr. McCarthy—This application is before us now and let us deal with it now, and be done with it.

Mr. Clancy—I hold that this application should come before the yearly meeting. I know it is very unpopular sometimes to oppose applications like this; but at the same time, we must not look at it from that angle. Recently we turned down an application from people in Hermitage. I know it might incur some displeasure, but we should deal with this application in the same way. This light would mean adding to the present expenditure in the town.

Chairman—It would not be a fair attitude for the Council to deal with applications in the same way as Mr. Clancy says. All applications won't be the same. We must deal with them as they come. We can't treat them all the same. It is for the Council now to decide to erect a light or not.

Mr. McCarthy—In fairness to the present Club, it is only right to say that it was run before by another crowd.

Mr. J. Foley—That doesn't arise.

Mr. McCarthy—The other Club was there in April when the rate was struck.

Mr. Clancy—I live in a part of the town where an electric light was needed as badly as any part of the town. It's a den up there. I felt it my duty, however, not to bring this place up here.

Chairman—I'll take a show of hands on this.

Mr. Clancy—I demand a poll.

Mr. D. Foley—The people in Abbeyside who want electric lighting are people who could afford it. This is different.

The poll was then taken and resulted—

For the application—Messrs. T. McCarthy, S. Hayes, P. Byrne, J. Dahill, D. Foley, J. Christopher—and the Chairman—7. Against—Messrs. P. O'Dwyer, Jas. Mansfield, M. Connors, J. F. Foley, J. J. Crotty, M. Clancy—6. The application was declared granted.

Mr. McCarthy—I thank the Council and those who voted for the application.

LIGHTING AT LOUGHMORE.

Arising from the last application, Mr. Byrne, drew the attention of the Council to the necessity of having an additional light at Loughmore.

B.S.—I suggest that the members of the Council see it.

Mr. McCarthy—I was up there on Sunday night and you couldn't find a house there.

B.S.—There are four lights there and they were arranged in the best way that they could. If there were five or six, they could be arranged better.

The matter was adjourned for a fortnight.

MILK TESTS.

The results of three milk tests carried out by Mr. Byrne, V.S., were—M. Butler—fair; Mrs. Keohan, Youghal Road—dirty; M. Kelly, Kilminion—satisfactory.

SHORTAGE OF WATER.

A number of complaints were read re the shortage of water for domestic purposes and were referred to the Water Inspector.

WATER SCHEME.

Arising from the water complaints, Mr. Clancy raised the question of the water scheme to improve the town's supply and asked what was to be done.

B.S.—A representative from Delapp and Waller was here the other day and we discussed ways and means of how to improve the supply. We should hear from him soon.

Mr. Clancy said there was general dissatisfaction in Loughmore in the shortage of water for flushing purposes. The winter was here now and there should be a good supply; but it seemed as if there was a very inadequate supply. Dr. Casey and Dr. McCormack, had discussed a scheme but they had kept the Council in the dark. It was an extraordinary attitude to take. The old Council had a scheme, but it was not favoured. Something should be done in this matter.

Chairman—The Engineer came down and we are waiting for his report before considering any scheme.

Mr. Clancy—With all due respect to you, Mr. Chairman, but I remember Mr. Mansfield proposing a resolution that an Engineer be sent down. B.S.—The Engineer came—a Mr. Bloomer.

Mr. Clancy—I didn't know that.

Mr. Crotty—We got no report yet.

DANGEROUS FOOTPATH

A letter was read from a resident in Abbeyside drawing attention to the dangerous condition of the footpath at her shop and asking the Council to do something about it.

Mr. D. Foley—It is very dangerous. You could break your neck there easily.

Referred to B.S. for report.

REQUEST FOR OILSKINS

A request for oilskin leggings, coat and hat was read from the lamp lighter at Ballinacourt.

The Clerk pointed out that this man was only temporary and was engaged by contract.

Chairman—We might have a new caretaker there next year and he might be looking for oilskins next year.

The application was refused.

APPLICATION FOR HALL

An application for the Town Hall from O'Meara Opera Co., for a week commencing December 26th., was referred to the Clerk.

CORRESPONDENCE

A letter was read from the L.G.D., requesting a statement of the receipts and expenditure on the houses in Shear's street, Abbeyside and St. Garvan's Terrace, Dungarvan, the rents of which the Council proposed to reduce.

The letter was referred to the Clerk.

ACKNOWLEDGMENTS.

An acknowledgment of the Council's vote of sympathy on the death of their father was received from the family of the late Mr. Troy, Garranbane.

An acknowledgment of the Council's resolution congratulating the Waterford Junior Hurlers on winning All-Ireland honours, was read from Mr. P. Whelan, Co. Secretary.

The letter added that the resolution was inserted in the Minute Book of the Co. Board.

NECESSITY FOR FIRE PREVENTION.

Mr. J. F. Foley, drew the Council's attention to the necessity for having adequate arrangements in the town for preventative purposes in case of fire. Since his (Mr. Foley) enquiry of Mr. Walsh, re the inadequacy of the Fire Brigade, Mr. Walsh assured him that he had at his service plenty of good fire hose, which happily was brought into good effect in the fire which occurred at the Co-Op Creamery.

It is essential, Mr. Foley, continued, that the Council make serious provision for preventative purposes when such unfortunate occasions arise. Schemes of many degrees may be formulated, but that of saving life should command our primary and serious attention in the interests of all residents. The services of amongst many to whom the townspeople should be grateful are those of Mr. Thomas Walsh, S.S.O.; his son, P. Walsh, Mr. Dan Walsh, Commercial Hotel and Mr. P. Nazie, Abbeyside, as well as the Civic Guards and the faithful employees of the Co-Op.

Mr. Crotty—I agree that something should be done. I had experience of a fire and only for the help I got from outsiders there would be more than one house burned. The fire appliances in the town are not sufficient.

Mr. J. F. Foley—The hose is alright, but the machine is out of date.

Chairman—Had the old Council that matter under consideration.

Mr. Clancy—It was very costly, Mr. Chairman.

Mr. J. F. Foley—It is very important that the town should have an efficient fire brigade.

Mr. Mansfield—It is very important. I saw a town bigger than Dungarvan wiped out in half-an-hour. The first and principal thing is to have a fire alarm in the town to give the alarm that there is a fire.

Mr. Crotty—Something should be done. The fire appliances in the town would not be able to cope with any serious outbreak.

Mr. Connors—It is out of date altogether.

Chairman—Let the matter be put on the agenda for the next meeting. This was agreed to.

HEATED EXCHANGES

Heated remarks were exchanged between members following the proposing of a resolution by Mr. Clancy, requesting the Government to grant a Relief Grant to the Council before Christmas. At times, two and sometimes three members were on the floor together and speaking simultaneously.

Mr. Clancy said that the question of Relief Schemes were being discussed at present and the Council should try and get some schemes so that they could get a relief grant before Christmas for the large number of unemployed in the town. The money was available and the Council should try and get a share of it.

Mr. Clancy then read his proposition requesting the Department for a Relief Grant for the Shandon Road.

Mr. J. J. Crotty, seconded.

Mr. Clancy—I am not doing this in any party attitude at all. It is to help the unemployed in the town. When the old Government—Mr. Cosgrave—was in power, we had to fight them hard to get relief grants. The Shandon Road Scheme would give a lot of employment. This scheme was sent up to the Department some time ago, but there was no reply yet.

Chairman—We are all agreeable that a relief grant would be welcome. Some of the members had the opportunity of approaching the Minister some time ago in this respect, but did not avail of the opportunity. The band objected to come.

Mr. Crotty—I object.

Mr. Clancy—I object to bringing that matter in.

Chairman—I am in order. I think if some of the members want to ask something of the Minister they should have showed some respect to him. Otherwise how can we expect him to respect us.

Mr. Crotty—I think you are referring to me.

Mr. Clancy—Yes. The cap fits him and me too.

Mr. D. Foley—It fits more than that too.

Mr. Crotty—I went to a civic function at the opening. I did not go to the hotel function because it was political.

Mr. Clancy—I am sorry to see the Chairman object and take up such an attitude. My reason for this proposition was to get work for the unemployed. Members are entitled to talk about this without going down to the hotel to the Minister to beg of him to give it. I was ill at the time. I had to leave the meeting here one night. I would have gone, but I held it was political. It was political when the Minister availed of the opportunity to attack the farmers of the County. I want nothing from Cosgrave, De Valera, or O'Duffy. I don't believe in such craving. If any member wants to propose this resolution, I'll gladly withdraw my name. It's relief for the unemployed I want.

At this juncture several members began to speak together.

Mr. Clancy—I am in order, Mr. Chairman. You referred to the band. The Press is here and I want to—

Mr. J. Foley—I don't think the Press should take this.

Mr. Clancy—The Press is here. I have been associated with the band for 35 years and during that time many parties have been refused the band. This is a non-political band and depends on public subscriptions. It is hard to keep the band together; it is hard to keep the young men in it. It is non-political, and we hope to keep it such.

Mr. D. Foley—I say here that there was some dirty work done before with the band.

Mr. Dahill—The function was a civic one and not a political one.

Mr. Crotty—I say it was political.

Mr. D. Foley—I say it was told.

Chairman—Order. Mr. Crotty told me he was not attending the function, and explained that there were pigs and cattle belonging to farmers in the Pound.

Mr. Crotty—I did not go because it was political. I did not attend on principle.

Mr. J. Foley said he was one of the younger members of the Band Committee. He was governed by the rules and regulations of the committee and had to obey. He believed in the rules.

Mr. Dahill—We got on without it, but we can get on without it.

Mr. Clancy—I take exception to the remarks of Mr. Dahill. It is said in a spirit of vindictiveness. I say that here as an old member of the band. When I went to Mr. Dahill for a subscription, I got nothing but insults.

Mr. D. Foley—To hell with the band.

Mr. Crotty—What do you want to do to it?

Mr. D. Foley—We want a good decent band.

Mr. Clancy here stood up to reply to Mr. Foley, but the Chairman called him to order.

Mr. Clancy—I am in order, Mr. Chairman.

Chairman—You are not.

Mr. Clancy—You are not protecting the members, Mr. Chairman. I am not taking insults from any member.

Chairman—I am in order, Mr. Clancy. I won't allow any further discussion on this matter.

The proposition was put to the meeting and passed.

NEW CLONMEL FACTORY.

The necessary capital for the Clonmel boot factory has been subscribed. Sixty per cent. is held locally. The managing director is Mr. J. L. Conington, whose father, Mr. T. A. Conington, is head of a well-known London footwear firm.

ST. CARTHAGE'S CATHOLIC CATHEDRAL, LISMORE. IMPORTANT EXTERNAL IMPROVEMENTS.

(From Our Cappoquin Correspondent)

St. Carthage's Catholic Cathedral, Lismore, which is one of the most beautiful edifices of its kind in Ireland, will now present a more ornate and beautiful appearance than ever by reason of the important and costly scheme of external improvements which has been undertaken by the saintly and zealous Pastor of Lismore, Very Rev. W. T. Canon Burke, V.F., the final stages of which are now rapidly nearing completion.

Since the erection of this fine Church about a half a century ago the plain and inartistic walls which formed the frontage of the main entrance have always seemed strangely out of harmony with the imposing and artistic appearance of the fine Church which they surrounded, but it was always understood that it was lack of the necessary funds at the time which alone prevented the Pastor responsible for the erection of the sacred edifice from having the surrounding walls more in consonance with the graceful and beautiful appearance of the main building.

With that great spirit of enterprise for which he has always been noted, and that burning desire to beautify to a still greater extent the approach to the House of God, Canon Burke some time ago undertook the costly task of having the old front walls renovated and replaced by something more enduring and more pleasing to the eye, and the result is that the old walls have now been replaced by beautiful walls finished in rustic ashler, (Sandstone), which give a most graceful and artistic appearance to the entrance to the Cathedral.

The old gatepiers, which were originally erected as a Memorial to the late Rev. James Coughlan, who was for many years a revered Curate in Lismore, and which were almost tottering with decay, have now been replaced by a pair of beautiful Italian Rococo Piers, surmounted by wide caps in keeping with the cap which surmounts the lofty tower of the Church. The Memorial to the late Father Coughlan's memory will be continued by the restoration of a brass Plaque on the Church gates, so that the original subscribers to this Memorial need have no fear that the memory of this popular priest will not be fittingly perpetuated by Canon Burke in his present scheme of improvements.

Another serious drawback, which had caused Canon Burke considerable anxiety for some time, was the fact that the surface of the Chapel yard was 4 1/2 feet higher than the level of the road outside the gates, due to a huge quantity of debris having been spread over the yard after the completion of the Church, and this detracted considerably from the appearance of the main approach to the building.

All this surplus material has now been removed, and the surface of the yard reduced to the level of the road outside, while the entire yard has been smoothly cemented all over, and a flight of six graceful steps now lead on to a spacious platform on top, which in turn leads into the porch inside the main entrance door.

A complete system of modern sewerage has also been laid down in the yard, so as to drain off all surplus water, the entire place now greatly enhancing the general appearance of the Cathedral.

The Facade of the Church is at present ornamented with the Gallery of the Apostles, while around the Rose Window are the four symbols of the Evangelists, surmounted by a Statue of St. Carthage, Patron Saint of Lismore, and Canon Burke now intends to have a large Statue of Christ the King erected over the door, which will make the Facade one of the most complete and artistic in the country.

All the improvements enumerated above have been carried out in admirable style by Mr. J. J. Coffey, Contractor, Middleton, under the personal supervision of Mr. Joseph J. Buckley, Cahir, Foreman, and when the finishing touches have been completed in a few days' time, the entire work will be a distinct credit to all concerned, and should, at the same time, prove a valuable and enduring monument to the great enterprise and generosity of Canon Burke, as one of the most erudite and saintly Pastors who has ruled over the spiritual destinies of the town of St. Carthage for many years.

POINTS IN A MILK CASE.

At Carrick-on-Suir District Court on Monday.

Mr. McCabe, D.J., adjourned for the attendance of the herd, the case in which Miss E. Malcomson, Portlaw, was summoned by Guard Bushe, for selling milk, the sample of which had been certified as deficient in fats.

Miss Malcomson, stated the ample the Guard took was the end of the supply in the vessel from which all her customers had been served. She handed in certificates of the high quality of her milk from Kilmeaden Cow Testing Association. The herd could bear out all she had said that the sample was from the end of the supply in the gallon and would naturally be of less quality than the rest.

MARRIAGE.

McDERMOTT and BROWNE—November 11th, 1934, at Our Lady of Victories, Kensington, London (with Papal Blessing), by Very Rev. J. A. Walton, Rector, Francis Albert, only son of Francis A. and the late Mrs. McDermott, Rathmines, Dublin, to Elsie Ignatius, youngest daughter of the late Ex-Head Constable and Mrs. Browne, Convent Road, Dungarvan. (No Cards).

DEATHS.

BRAZIL—November 17th, at her residence, Graigue, Aghlish, Mary, relict of the late William Brazil. Deeply and deservedly regretted by her sorrowing family. Sweet Jesus have mercy on her soul.—R.I.P.

PARKS—November, 15th., 1934, Mary Jane Parks, eldest daughter of the late Richard Parks, M.D., Dungarvan and M.O., Ullid Dispensary.—R.I.P.

LOCAL HAPPENINGS.

ABBEYSIDE CHURCH RENOVATION FUND.

The Grand Bazaar and Prize Drawing under the auspices of the above which will be held on Wednesday, December 12th promises to be a huge success. There will be games of every kind, fancy prize stalls, etc., etc. Admission will be by ticket costing 6d., which will enable purchasers to participate in a draw for a valuable door prize.

DUNGARVAN FAIR.

The November Fair was well supplied in all departments, there being an unusually large supply of cattle of all descriptions. A good many cattle changed hands. The prices ruling, except in a few cases, not being anything approaching the regulation price of 25/- per cwt. One and a half year olds cattle made from £2 10s. to £4; 2 year olds £3 15s. to £5; 3 years-olds £6 to £8; young fat cows sold well. Springers, best quality £10 to £14 each. Sheep 35/- to 45/-; pigs (stores) good supply, 25/- to 45/- according to quality.

SUNDAY LAST AT ABBEYSIDE.

In connection with the visit of Most Rev. Dr. Kinane, Bishop of Waterford and Lismore, to Abbeyside on Sunday last, Very Rev. N. Dunphy, P.P., and Rev. M. Power, C.C., wish to publicly return thanks to all those willing workers who helped in making the auspicious occasion such a success.

RECENT FIRE.

In connection with the fire at Dungarvan Co-Operative Creamery premises on Friday last, we are happy to state that it was successfully confined to the corn store, also that the large quantity of cheese stored on the ground floor was removed to safety before suffering any damage, while a considerable amount of corn was also salvaged from the building.

DEATH OF MR. P. DANIEL.

We regret to announce the death on Monday last, after a brief illness, of Mr. Patrick Daniel, Kilrush, Shandon. Deceased was a well-known and practical farmer, a good neighbour and a favourite with all he came in contact with during life. The remains, followed by a large cortege, were removed to the Parish Church, Dungarvan, on Tuesday last. On Wednesday, after Requiem Office and High Mass for the repose of his soul, the interment took place in the family plot adjoining.—R.I.P.

The chief mourners were—Mrs. Daniel (widow); the Misses Daniels (sisters); Mr. and Mrs. M. Power, Glen; Mr. and Mrs. J. Lonergan, Mr. P. Lonergan, Clashavagha; Mrs. Judge, Limerick; Mrs. Cullinane, Clonmel; Mrs. Maher, do.; Mrs. J. Lonergan, do.; Mrs. E. Lonergan, do.; Mrs. English, Ardinnan; Mrs. Nugent, do.; R. O'Donnell, M. Conway, etc., cousins and relatives.

DEATH OF M. KENNEALLY.

Another old land mark, Mr. M. Kenneally, Kilminion, Dungarvan, passed to his eternal reward on Monday last after a brief illness. Deceased had reached a ripe age. The remains were removed to Ballinroad Church on Tuesday. The interment took place on Wednesday.—R.I.P.

G. A. A.

Footballers followers will be treated to a good match on Sunday next at the Gaelic Field, when Dungarvan meet De La Salle, for this year's Co. Championship final. Match starts at 3 p.m.

STRAY GREYHOUND.

Will the young lady who handed in advertisement under the heading of "Stray Greyhound Found," call to "Observer" Office, for particulars.

DUNGARVAN EXCURSION CLUB.

At a meeting of the above Club, held in the Town Hall on Monday night a large number of new members were enrolled. A code of rules was proposed and adopted. The final meeting of all members was fixed for Monday night at 8.30 p.m., in the Town Hall, after which no new members will be enrolled.

HAIRDRESSING SALOON.

Miss N. Derivan, late of the Chez Maime (Stephen's Green, Dublin), saloon, is opening a new Hairdressing saloon at 30, Main street, Dungarvan. For further particulars see advertisement in this issue.

SALESIAN MISSIONS.

A Grand Cinema display in aid of

the Salesian Missions will be given in the Cinema, Dungarvan, on Saturday next, at 2.30 and 8.30 p.m. The public in supporting this beautiful film, will also give much needed support to a most worthy cause.

DEATH OF MRS. A. POWER. BALLYKILMURRAY. KILROSSANTY.

Deep regret is extended to the family of the late Mrs. A. Power, Ballykilmurray, whose death occurred at her residence on Tuesday evening, after a brief illness, fortified by the rites of holy Church. The deceased was one of the kindest-hearted and most charitably disposed ladies in the Co. Waterford, and her name stood for all that was good. She reared a most respected family who have made their name in the path of life.

Springing from a highly esteemed Comeragh family, she was sister of Very Rev. Jas. Walsh, P.P., Kilmeaden; Mr. John Walsh, Comeragh; Mrs. Fitzgerald, Shanbally and Mrs. M. Power, Graigerush, and in their sorrow they have deep sympathy.—R.I.P. On Wednesday evening, the remains were removed to the Parish Church, Kilrossanty, and on Thursday morning there was Requiem Office and High Mass for the repose of her soul at which the following clergy were present—Very Rev. J. Walsh, P.P., Kilmeaden (brother of deceased); Very Rev. W. J. Kehoe, P.P., Kilrossanty; Rev. J. Harly, C.C. Fews; Rev. P. O'Farrell, C.C., Stradbally; Very Rev. J. Murphy, P.P., do.; Rev. T. Ahearne, C.C., Kill.

Subsequently in the presence of a large congregation the interment took place in the adjoining graveyard.

LADY NUGENT.

The death occurred at her residence Pan, South of France, of Francis, Lady Nugent, relict of the late Sir John Nugent, Bart., Cloncosraigne, Dungarvan and sister of the first Count de La Poer, Kilsheelan.

DEATH OF MR. P. HENNEBRY. KILROSSANTY.

On Tuesday night the death occurred of Mr. Philip Hennebry, son of the late Mr. Richard Hennebry, and a member of one of the oldest families in these parts. Deceased was a good upright young man, whose untimely death is deeply regretted. His remains were removed to the Parish Church on Wednesday evening and on Thursday morning Requiem Office and High Mass were celebrated for the repose of his soul subsequent to the Mass for Mrs. A. Power, who was a cousin of the late Mr. Hennebry. Afterwards the interment took place in the family burial ground adjoining.—R.I.P.

DEATH OF VERY REV. FR. MESKILL, P.P., RATHGORMACK.

The news of the death of the Very Rev. Father Richard Meskill, the revered Parish Priest of Rathgormack, was received by the people of the County of Waterford with feeling of profound regret. Father Meskill died at Maypark Nursing Home on Tuesday morning after a brief illness. The deceased was a native of Ballybacon, Ardinnan. He was ordained at St. John's College, some forty years ago, and amongst his first curacies was that of Cahir, where he laboured for many years, and where he gained the genuine love and esteem of the parishioners, as he did in fact wherever he ministered as P.P. afterwards. He was subsequently appointed P.P. of Touraneena, and remained there a year, after which he was transferred as P.P. to Rathgormack. Here again he devoted with energy and devotion his many talents to the duties of his sacred vocation, and as he did in other spheres of his ministry, he applied himself to the needs, spiritual and temporal, of his parish, with that ardour and that zeal which marked his life work on behalf of the Church, of which he was so bright an ornament. The late Father Meskill was brother of the Rev. Peter Meskill, C.C., SS. Peter and Paul's, Clonmel.

WINTER AGRICULTURAL CLASSES.

Winter Classes under the auspices of the Co. Committee of Agriculture, will be opened by Mr. P. O. MacEneaney, Instructor, at the National School, Ballyduff S.O., on Monday November, 26th., and at the National School, Fews, on Wednesday, November, 28th at 7 p.m.

THANKS.

The Manager Co-Operative Creamery writes—I would like on behalf of my Society through the medium of your newspaper to thank all those who helped us to control the fire on last Friday morning at our Shandon Dairy Branch.

I desire to thank the gentleman who notified us of the outbreak, also Mr. Walsh, S.S.O., and his fire brigade staff, who rendered valuable services, the members of the Garda Siochana and the public generally through whose efforts we succeeded in confining the fire to our Corn Store.

I beg to tender our grateful thanks to all who helped.

FIANNA FAIL DANCE.

The Annual Fianna Fail Dance which was held in the Town Hall, Dungarvan, on Wednesday night proved a most enjoyable affair. Upwards of 200 couples took the floor and dancing was kept up with vigour until the grey dawn was breaking on Thursday morning. It was voted by all present as the most successful dance ever held under the auspices of Fianna Fail.

The music by Billy McSweeney's Band, was delightful and his playing of Old Time Waltzes was the feature of the night.

The Christmas Problem! POWER'S Delicious Xmas Pudding will solve it. Available next week. In all sizes from 1lb. upwards SUPPORT HOME INDUSTRY AND HELP US TO GIVE EMPLOYMENT.

Power's Bakery 18 O'CONNELL STREET DUNGARVAN. Phone 17.

PORRIDGE OATS

No. 203.— EYES FOR THE BLIND DOGS TO LEAD THE SIGHTLESS.

By "PHILOKON."
ONE night recently, when I took my dog for a walk, the moon shone so brightly that it seemed safe for me to return through a wood. In a few minutes, however, I discovered how deceptive such a light could be. The moonbeams, falling fitfully between the trees, made paths in every direction, and before I was aware I had become hopelessly lost in a tangle of undergrowth. The only thing to do was to trust to senses more acute than my own. Calling the dog to me, I hooked my stick in his collar and told him to go home. Without the least hesitation he led me to the proper track, never leaving it again until we had reached the other side of the wood.

So difficult to me, it was a simple matter to him. Equipped with a "tapetum lucidum," or reflecting layer in the eye, dogs can see at night, and, incidentally, it is the "tapetum" that gives the luminous effect sometimes seen in the dark. They have too, a wonderful sense of direction, something akin to the faculty possessed by savages unimpaired by civilisation. While men have been amazed to see how aborigines can find their way through forests and the high elephant grass.

This incident in the wood and another that had occurred to me one pitch-dark night a few weeks earlier on a Surrey Common, when again my dog came to my aid, made me think of those unfortunate men whose sight has gone never to return, whose disability is permanent and not momentary, as mine was. In many ways the welfare of the blind is studied, but in one direction they have been neglected until the last few years. It is a great deal that some should be trained in vocations to enable them to earn a living and that none should be allowed to want, but more than this is required if we are to complete our obligations to helpless members of society.

All over the Continent and in America blind men are being supplied with Alsations that will lead them about in perfect safety, either to their daily work or in search of exercise and change. In Germany alone nearly 12,000 dogs have been trained to perform these beneficent services. We are almost alone among the big nations in our failure to appreciate our responsibilities. Four years ago a Guide Dog Committee was started and a training centre opened at Wallasey in Cheshire. A few enthusiasts by dint of hard work have managed to get a permanent trainer from Switzerland and the dogs that have already been supplied have changed completely the lives of the recipients. They are far too few, however, it being estimated that of 60,000 blind persons in Great Britain at least 10,000 are fit to have a guide dog.

To satisfy the need will require a substantial sum, the cost of training a dog being about £60. I was surprised to learn, considering the marvellous things the dogs do, that one can be made efficient in three months. Then the person who is to receive it has to undergo a training of three weeks with the dog. Before the movement can expand to any extent it is necessary to educate trainers which is a matter of at least three years.

In their anxiety to bring about an extension of this fine work, the Guide Dog Committee and the Tail-Waggers' Club have together formed a new body to be known as the Guide Dogs for the Blind Association, the executive of which will consist of an equal number of each plus a representative of the National Institute for the Blind. The Tail-Waggers' Club, having pledged itself to provide financial assistance, will be grateful for any contributions that may be sent to 47, Temple Chambers, Temple Avenue, London, E.C.4.

This chat is issued by THE TAIL-WAGGERS' CLUB OF IRELAND, 23, Old Abbey Street (off Marlborough Street), Dublin, C.S. The Club will be pleased to answer any enquiries submitted by Tail-Wagger Owners in connection with canine hygiene and welfare.

YOUGHAL URBAN COUNCIL.

Present—Mr. P. J. O'Gorman, P.G. Chairman; Messrs. R. Savage, W. O'Sullivan, R. Power, J. Forrest, J. N. R. MacNamara, solr.; D. McCarthy, E. D. Condon, J. R. Smyth, P.C.; J. Daly, M. Cashman, T. Beusang, E. P. Keane, solr., M. Ahern, E. P. Lynch, J. Whelan, M. D. Broderick, R. C. Farrell, Vice-Chairman; T. Murphy, Captain C. Watson.

A letter was read from Mr. S. Ryall, Manager, Provincial Bank, stating that his directors had sanctioned an overdraft of £400, in connection with the purchase of the site for the new housing scheme.

Use Of Hall.

The Hon. Sec., Association Football Club, applied for the use of the Town Hall for a Practice Dance on the 21st. The application was granted unanimously.

The Ladies' Hockey Club applied for the use of the Ballroom on the 2nd December, to hold their annual dance. Both Cork and Waterford city teams had arranged to come on that day.

The Hon. Sec., G.A.A., applied for the Room on the same date to wind up the Card Tournament and Drawing of Prizes. They were deeply in debt for the rent of the field and were endeavouring to raise the amount.

From the discussion, it appeared that the Hockey Club's application was received first, and that the G.A.A. had widely advertised their function for the day in question.

After a rather lively series of exchanges, the Chairman said it was a matter which might be settled without dividing the Board. He, therefore, suggested that Messrs. Murphy, Lynch, and himself, should meet both Clubs and endeavour to arrange the matter amicably. This was unanimously agreed to.

At the meeting of the Harbour Board, Mr. Lynch said his attention had been called to the condition of the pier head, which urgently required repair.

Mr. C. P. Carroll, Harbour Master, said that matter had been before the Board several times, and estimates had been obtained for the work, but nothing had been done.

After some discussion, on the Chairman's suggestion, it was decided that a Committee, with the Harbour Master and the Engineer visit and examine the pier and report to the Board with an estimate of the cost.

A letter was read from Mr. N. Wall, T.D., with reference to the Council's letters regarding (a) Blackwater fisheries; (b) Extension of agricultural grant for relief of occupiers of agricultural holding in urban areas; and (c) use of Youghal made bricks in the erection of houses in Youghal area. Mr. Wall said he would be pleased to help them to solve their difficulties in any way possible. He felt that the best way in which he could assist was by co-operating with the East Cork T.D.'s who, he was sure, were conversant with all the details of these matters, and he would get in touch with them next week in Dublin. He would be pleased to accompany a deputation, if desirable, to any of the Ministers.

The Clerk said that Mr. W. J. Broderick, T.D., had called during the week and promised he would do all in his power to carry out the Council's wishes in the matters referred to.

New Houses Allotted.

The meeting then proceeded to allocate the new houses at the Gas Works and Sea View sites amongst the tenants of the clearance areas affected. Three of the tenants refused to leave their present dwellings, and the Chairman suggested that as they would have to be evicted it would be advisable to leave three of the new houses vacant for the present.

After some discussion this was agreed to. The names of the tenants were then put into a hat, and allocated the houses in the order in which they were drawn.

Christmas Work.

Mr. Power reminded the Council that coming on Christmas they usually gave some extra employment and suggested that they apply for a grant.

The Chairman said the Council usually employed an extra number of men out of their own resources.

Mr. Whelan proposed that they apply for a share of the relief grant recently passed.

Mr. Savage, seconding, suggested that they put their heads together to decide on the best use to be made of any grant.

Several other suggestions having been made, it was unanimously decided to leave the matter in the capable hands of the Clerk.

Housing Site.

Mr. Daly, proposed that they name (1) the new terrace of houses at the Seaview site after Charles O'Brien, who was hanged off the Clock Gate in '93; (2) the Gas Works site after Charles Gallagher, who was flogged in the Ball Alley in the same eventful year, and (3) the Parkpika Row, not yet named, after Father Peter O'Neill, Ballymacoda, who was flogged and transported the same year.

Mr. Power, seconding, said their Chairman ought to be proud of the compliment paid to his ancestor, Charles O'Brien. He wished the Chairman was imbued with the same patriotic spirit, but he feared he was not (laughter).

The Chairman said he was sure they all approved of the proposition, and he appreciated the compliment

Agricultural Conditions 1st NOVEMBER, 1934.

Weather and Work.—The early days of the month of October were fine and dry, but during the remainder of the month the weather was broken and unsettled, and at the end of the third week heavy rains fell almost continuously for two days causing serious flooding; especially in Western and North-western areas where rivers overflowed their banks and low-lying lands became water-logged. The closing days of the month were dry but intensely cold, with some snow in hilly districts. The weather conditions were unfavourable for the carrying out of the normal seasonal farm operations, which were seriously slowed up. Sufficient dry intervals occurred, however, to enable a fair amount of work to be done. Farmers were principally engaged in lifting and storing the potato and mangel crops, threshing cereal crops and in ploughing lea and stubble land, and in marketing grain. The sowing of winter wheat and oats was greatly impeded, but in the closing days of the month this work was being pushed forward vigorously.

Pastures and Live Stock.—The soft mild weather conditions in September helped pastures considerably and during October they carried a good covering of grass; after-grass was also plentiful, and the general indications promise a reasonably good amount of keep for live stock well into the winter.

Live stock continued in good health and in normal condition. No serious occurrences of disease were reported from any quarter.

Hay.—Late meadows were badly saved in many districts; but generally speaking the hay crop on the whole was of good quality, and although the yield was below the average, adequate supplies will be available for winter requirements. Average prices for first crop hay during the month were around 57s. per ton. In Dublin market demand for best hay for horse feeding was good, and there was a steady trade for other classes. Some exports of hay to Great Britain and Sweden took place during the month and this tended to stiffen prices which in the Dublin market ranged from 70s. to 85s. per ton for first crop; 60s. to 65s. for second and third crop; and 50s. to 60s. for old meadow.

Cereals.—The yield of winter wheat was rather better than was anticipated at first and the quality generally good. Spring wheat also bushelled well. Much of the grain was marketed during the month, but towards the end of the month sales, were being impeded owing to the granary accommodation being limited, and it became necessary to restrict the importation of foreign wheat so as to facilitate the movement of the home-grown article.

paid to the memory of his great-grandfather, Charles O'Brien. He was prepared to do his duty for his country, but he didn't ambition being hanged from the Clock Gate till dead (laughter).

Mr. Savage said they all desired to be associated with the compliment paid to the names of those noble patriots.

The proposition was passed unanimously.

On the proposition of Mr. Power, seconded by Mr. Savage, a vote of condolence was passed to the relatives of the late Mrs. Coughlan, Cork.

A similar vote was passed with the relatives of the late Miss Hogan, on the proposition of the Chairman, seconded by Mr. Broderick.

Burnt Stores Quay.

Mr. Forrest called attention to the bad condition of the surface of the Burnt Stores Quay. Something should be done to remedy it.

The Chairman said the Committee would visit and examine the place.

Acknowledgment.

A letter was read from His Lordship, Most Rev. Dr. Browne, thanking the Council and Clerk very sincerely for their congratulations, and sent his blessing.

Milk Analysis.

The Clerk said the analyst's report of the milk to be supplied by Mr. Flavin, Coolaha, for the Free School Meals, was satisfactory.

On the proposition of Mr. Broderick seconded by Mr. Murphy, the acceptance of Mr. Flavin's tender was unanimously confirmed.

The Chairman—Mr. Flavin had always endeavoured to give good milk.

Tender For Houses Sanctioned.

The L.G. wrote sanctioning the Council's acceptance of Messrs. Murray and Sons, tender for the erection of 28 workmen houses in Lynch's Field, for the sum of £7,943 3s. 8d. Youghal made brick to be used.

All the necessary documents in connection with the scheme were then signed.

The Chairman—Everything is now in order, and the work can go ahead at once.

Sloblands Sluice.

A letter was read from the Office of Public Works regarding the condition of the Sloblands Main Sluice which required attention. It was a matter for the Drainage Board, and they asked for information regarding the trustees.

The Clerk—I don't know anything about them.

The matter was adjourned for a week to enable enquiries be made. Mr. Power stating that it ought be attended to as soon as possible.

The oat crop was below average in yield and quality, consequently prices for good samples tended to stiffen. In the Dublin market the best samples realised as high as 15s. 6d. per barrel, as against about 9s. at the corresponding period of last year. The average price at provincial centres during October was 13s. 7d. per barrel for white and 12s. 8d. for black oats.

Barley yielded well up to the normal and the grain was sound, although slightly discoloured in many cases. Prices were around 14s. to 14s. 6d. per barrel.

Flax.—Reports from the gax growing areas indicate that the yields of fibre from the lots scutched up to promised a rather higher return than last year, and the quality was good. Demand for the fibre was well maintained during the month, with a tendency towards improved prices. The range of prices during the month was from 60s. to 76s. per cwt. according to quality.

Potatoes.—The bulk of the main potato crop was lifted during the month, but the work was greatly impeded by the weather which was more inclement in some parts of the country than in others, and consequently this work was less advanced in some districts than in parts where better conditions prevailed. In general the yield was above average, but lower than last year's level. Moreover, the tubers showed more traces of blight, and in districts where flooding occurred there were evidences of injury to the tubers, but the damage due to these causes was not such as to give any reasonable ground for misgiving. Markets were all well supplied during the month, and the prices realised were around 3s. 6d. per cwt. on the average for potatoes for local consumption. In districts where attention is paid to the production of seed potatoes demand for seed was reported to be satisfactory.

Mangels, Turnips and Sugar Beet.—The bulk of the mangel crop was lifted before the close of the month. It proved a satisfactory crop, the roots being of medium size and good quality and the yield about average. Turnips improved during the month, but remained a patchy uneven crop, indicating that the yield will be much below average. Sugar beet made good growth during the month and in many cases the crops looked excellent. In other cases attacks of crown rot were noticeable. On the whole it was anticipated that the yield would be about up to average.

Cattle.—The cattle fairs held at the various provincial centres during the month were mostly of medium size. Prices generally were rather lower on the whole than in the preceding month.

The following quotations may be regarded as representing the average range of prices realised at provincial fairs during the month for the various kinds of stock mentioned:—

Calves under one month 9s. to £1 5s.; Calves, 1 to 9 months £1 7s. to £2 7s. 6d.; First-class Stores, 9 to 12 months £2 5s. to £3 10s.; First-class Stores, 12 to 15 months £3 to £5 5s.; First-class Stores, 15 months to 2 years £4 15s. to £6 15s.; First-class Stores, 2 to 3 years £5 12s. to £9; First-class Stores, 3 years and over £6 15s. to £9 10s.; Fat Bulls and Heifers £7 to £12; Best Fat Cows £5 to £6 10s.; Choice Springing Cows and Heifers £10 to £14; Freshly Calved Cows £9 10s. to £13.

Sheep.—Flocks were maintained in good health and reasonably good condition. Liver fluke disease made its appearance in several districts and flock owners were engaged in administering the remedies recommended. No serious losses from the disease were notified. Losses were also reported as a result of the floods, but they were not serious relatively. Markets were well supplied during the month and the demand continued active, but prices for lambs tended easier toward the close of the month. Values for fat sheep ranged up to 50s. each, and for fat lambs up to 34s. each.

Pigs.—The total number of pigs marketed at the various centres in Saorstát Eireann during October was about the same as in the preceding month and about 14 per cent higher than in the corresponding month of last year. Prices for pigs suitable for the bacon industry ranged around 47s. to 47s. 6d. per cwt. dead weight, or approximately 35s. 3d. to 35s. 9d. on the live weight basis. Bonhams were in good supply at all centres. Prices for young pigs up to 12 weeks ranged up to 30s. each according to district and quality. Breeding stocks were well maintained with, if anything, an increase in the numbers.

Horses.—Trade in horses was in the whole quiet during the month with no appreciable change in prices.

Milk.—The supplies of milk reaching creameries continued to reflect the normal seasonal decline in dairying, but were still above the average of previous years. Milk delivered to Creameries during September realised 4.02d. per gallon, with the separated milk returned to the producers. Milk collected in the counties adjacent to Dublin for retail sale in the city returned 6d. to 7d. per gallon to the producers.

There is not the least doubt that for general Sports and Holiday wear Knitted Suits, Costumes, and Sports Shirts are ideal.

BOYLE'S KNITTING COMPANY,

DUNGARVAN. Manufacturers and Designers of Knitted Costumes, Frocks and Jumper Suits, have just received a large consignment of Bouclé Yarns, and Tweed Woollens, suitable for Costumes and Sports wear.

Charges Against Kilmac-thomas Farmers.

JUDGE'S SIGNIFICANT WORDS.

ABOLITION OF TRIAL BY JURY.

Eight Co. Waterford farmers were arraigned in the Circuit Court, Waterford, on charges of alleged conspiracy, riotous assembly, unlawful assembly, and causing damage exceeding £5 to a motor car the property of John English, assistant to the Co. Registrar.

The defendants, all of whom pleaded not guilty, were—Pak. Cummins, Patrick Kelly, James Kelly, Thomas Cummins, Ed. Rockett, David Kiersey, Simon Kenny and Ed. Cummins, all of the KilmacThomas and Newtown districts.

The charges arose out of scenes at Carroll's Cross station on September 8th, 1934, following a seizure of cattle in respect of non-payment of arrears of land annuities.

Mr. Connolly, B.L., (instructed by Mr. E. A. Ryan, State Solicitor), for the prosecution.

Mr. Budd, B.L., (instructed by Mr. Kiersey, solicitor), for the defendants. In connection with the empanelling of the jury, four jurors were fined for non-attendance, sixteen jurors were ordered to stand aside by the State, and two were challenged by the defence.

In opening the case for the prosecution, Mr. Connolly explained the meaning of conspiracy, riot and unlawful assembly.

Dealing with the facts of the case and the scenes which gave rise to the prosecution, he said that on the 8th September last the Co. Registrar duly authorised one of the court messengers Mr. English, to execute certain warrants due for annuities to the Land Commission. One of these was for £15 19s. 2d., due up to the 1st November, 1933, and the other for £27 14s. 1d., due on the 1st December, 1934, together with sheriff's or poundage fees. These amounts were due by Mr. Maurice Dunphy, Castlecraddock, near Tramore. Mr. Dunphy, as far as one knew, was a substantial farmer, and he purchased his land under the Land Acts. According to law he owed the Land Commission for these respective sums. Counsel was sure that the jury knew that the annuities now payable were only half what they were a few years ago. Mr. English having got his warrant, went to the lands of Mr. Dunphy, and seized several cattle, leaving a considerable number behind. Only sufficient cattle were taken to satisfy these warrants.

It was to the credit of Mr. Dunphy, whether his failure to pay was due to inability to pay or lack of will to do so, to say that he did not associate himself with any outrage or crime of any kind in connection with this seizure. Whether he wanted to pay or not, he apparently left it at that and did not associate himself in any way with the offences now alleged against the accused in connection with the taking of Dunphy's cattle. Mr. Dunphy, was apparently a law-abiding citizen, and, as counsel had said, he was entitled to credit for refraining from associating himself with the conduct of the accused in the case.

As the cattle were being taken along peacefully by Mr. English and his assistants, under the protection of a number of Civic Guards in charge of Superintendent Dennehy, to Carroll's Cross Station, the Guards had motor cars in front of the cattle, and some further in advance for the purpose of maintaining the safety of the cattle and the persons associated with them. About 300 yards ahead of the cattle the Guards saw a body of men in a field adjoining collecting about twenty cattle belonging to a Mr. Power. The cattle which were being brought along the road by Mr. English were met at a certain point on the road by these other cattle, with men behind them with sticks in an effort to stampede the cattle in charge of Mr. English and to break the ranks of the Civic Guards. The front ranks of the Civic Guards were in fact broken. The men behind the second herd of cattle were armed with sticks and with pieces of branches from trees, and were belabouring the cattle and forcing them onwards in a yelling, terrifying manner towards the Guards and the cattle being driven along by them. Evidence would be given connecting the defendants with incidents at different stages of the seizure along the road to Carroll's Cross station, and which would be related in due course.

Proceeding, counsel said the accused did not live near Mr. Dunphy, and they had no interest in Mr. Dunphy. Some of them lived eight and ten miles away from where Mr. Dunphy lived. They had not the slightest connection with Mr. Dunphy beyond the fact that they assembled together to break the law and prevent the due execution of the warrants issued for debt lawfully due, and they obstructed the Guards and the Co. Registrar's assistant from carrying out the law. The only conclusion one could come to judging by these facts, was that there was in the country organised crime amongst some section or sections of the community. Counsel made these observations as representing the people of the country through the Attorney-General and he said that crime was not to be allowed to prevail. If there was one body of men in the country who should show a good example, it was the farmers, for whom they all had the greatest admiration and respect, and these men should be the last to countenance offences of this kind. The farmers were men of property and men who had a stake in the country, and if crime became rampant they would want the protection of the law for themselves and their property. It

was to the credit of the big majority of the farmers who strove to pay their rates that they did not associate themselves with these sectional offences of conspiracy in certain areas of the country and only in certain areas. If there was any man in this county who felt he had any responsibility, it was the farmer, he be a public man in the councils of his county or in the higher councils of the Parliament of the country. If such a man allowed himself to be drawn into such offences, then he had no political education, and he was not a man who had the outlook of his country at heart.

Each of us, said counsel, will tell you that we must pay our debts according to our ability, whether we be farmers, professional men or otherwise.

Continuing to deal with the incidents of the 8th September, counsel said the Guards had to draw batons to get the second herd of cattle into an adjoining field and to protect the seized cattle, which were on the way to Carroll's Cross railway station. This angry and turbulent crowd continued to obstruct as far as they could and to break the law. As the men in charge of the cattle got on to the station platform to load the cattle, they were rushed by a crowd which included the accused. There was also a crowd outside the station, and these continued jeering and shouting and yelling in such a manner as to lead one to imagine that we were not living amongst decent people, but amongst people who were behaving as if they were semi-savages.

Counsel also referred to the fact that railway wires had been cut on the occasion and the staff signal could not work.

That, I suppose, said counsel, ironically, was an accident. Continuing, Mr. Connolly said that when the men had finished loading the cattle on the platform a stick was thrown from where the accused were assembled. Mr. English was about to drive away when he heard a thud on his motor car. He found the thud was caused by a big stick which came whirling through the air and struck his car.

Proceeding, Mr. Connolly reminded the jury that they were there to do their duty according to their consciences and their oaths. He (Counsel) had to do it. His Lordship had to do it and so had the officials of the court. Mr. English had to carry out the execution of these decrees, as part of his duty. These officials were their paid servants and were paid to carry out the duties for which they were appointed, and for which they received salaries. The Guards had to give these officials protection as they gave protection to the farmers on former occasions. It would be a bad day for anyone, no matter what happened, if they would stand for breaches of the law. Under such circumstances, no man's life or property would be safe. If the example set up by the accused were to be generally followed, where, asked Counsel, was it all going to end. Whether the annuities were payable or not or whether they should be collected or not was a matter which would be dealt with differently from the way in which the accused dealt with it. The State had to collect the taxes. The jury knew that a considerable sum of money was voted each year for derating purposes on agricultural land for the benefit of the farmer, and the rates on these were much lower than on the property of people who had the misfortune to live in towns. They did not get a grant for the derating of the rates on their homes, but the farmers did. Where did that money come from? It came from the pockets of the people who had to pay according to their means. Supposing, said Counsel, that the big body of income tax payers in this country were to take up the attitude when a tax inspector's collector came along, that they would not pay and that they resisted or obstructed him in the execution of his duty, where, he asked again, was that sort of thing going to end. Don't set up a precedent gentlemen of the jury, concluded Counsel, for if you do it will end badly for those who set it up.

Mr. Colbert, County Registrar, gave evidence of receipt of an execution warrant from the Land Commission dated 19th April, 1934, against Walter Dunphy, Castlecraddock, and a second warrant against the same person, dated 20th March, 1934.

Wm. Brazil, an assistant in the office of the County Registrar, proved the posting of the statutory notices. John English, County Registrar's Assistant, told the court that he received warrants against Maurice Dunphy, of Castlecraddock, for £27 odd and £15 odd. On September 8th he visited the farm of Maurice Dunphy with a number of Guards at about 6 a.m. He saw Mr. Dunphy, and told him about the warrants and the amounts and Dunphy said he could not possibly pay. There was a considerable number of cows on the farm, and witness seized 20 head of cattle. Mr. Dunphy sent some of his men to help in rounding up the cattle for the purpose of seizure. Witness then had the cattle driven to Carroll's Cross Station, about 9 miles away. When they reached within a mile of Carroll's Cross they noticed people gathering and Supt. Dennehy, Tramore, ordered three motor cars to proceed slowly in front of the cattle. When within half a mile from the station a bunch of cattle driven by about ten men with sticks and about ten others helping, galloped towards the seized cattle. Behind the herd, the men were shouting and hitting the animals.

The Guards drew their batons and drove the advancing herd over the fences on each side, while the men who had driven them went on in front

of the seized cattle. Had the line of Guards been broken by the herd, he would have been afraid. Another bunch of people were standing near the station gates—about 30 at least. They were excited and angry and were talking and shouting. With the help of his assistants and the Guards he loaded the cattle on to the platform. The men were out on the road about twenty yards away. Eventually witness got the cattle into the waggons and witness then proceeded in his motor car towards Dungarvan. As they were passing the crossing a stick was thrown and damaged the roof of the car. The stick, a heavy one, was thrown out of the crowd.

While on the platform witness recognised Pak. Cummins, one of the accused, who lives at Carrigeen, KilmacThomas, about 10 miles away from the scene of the seizure. The men were later removed from the platform by the Guards, and while the cattle were being loaded there was some shouting and jeering. Some of the crowd shouted filthy remarks such as—"English, you—, we'll get you yet."

In reply to Mr. Budd, the witness said the amount of the two warrants was about £42. The cattle would be worth about £8 a piece on the market.

Superintendent M. Dennehy, Tramore, said he was in charge of a number of Guards on the occasion of the seizure. He had four sergeants, twenty-eight Guards and four detective officers. Mr. Dunphy's servants collected the cattle for seizure. Guards patrolled the road towards Carroll's Cross and in consequence of a report witness ordered three cars in front of the seized cattle, and with 20 men he marched in front. At a bend on the road a herd of about 25 cattle was driven towards them by about 20 men and he ordered the animals to be forced over the fence with batons. They then came face to face with the men and he recognised Pak. Cummins and David Kiersey as two of the crowd who had driven the cattle. The men came right up to the Guards and in some instances actually passed them. The crowd behind the cattle were hostile and threatening and were shouting. Were it not for the fact of the cars being in front the cattle would have broken through and had it not been for the steps he had taken to protect themselves he would have been afraid himself. Witness told them to leave the road at once or he would baton them off it. They then went ahead to the station where fifteen of the men had got on to the platform. Witness discovered that the wires had been cut and the points could not be opened to allow cattle waggons to be moved to the platform. Witness had to arrange specially for cattle waggons on the train. Cummins lived ten miles away and Kiersey at least nine miles from Dunphy's.

In reply to Mr. Budd, B.L., the witness said their main object was to protect the seizure and prevent a rescue of the cattle. The Superintendent added that he had previous experience of a similar attack, and he was ready for anything. Sergt. P. O'Connor, Kill, stated that he patrolled the road to Carroll's Cross station with three Guards, and he saw men in the fields collecting cattle and reported the matter to the Superintendent. There were about six or seven men around the field. He later saw the herd being driven against the Guards at a fast gallop, and even while the Guards were using their batons the men behind were beating the animals on. Witness saw Pak. Cummins, James Kelly and David Kiersey.

Guard Rice, stated that when the police were about fifty yards away from them the men started to shout and roar and beat the cattle into a gallop on top of them. The front rank of the Guards was broken under the pressure of cattle and witness was buffeted about. Witness recognised the eight defendants, and he knew definitely that Rockett and Patrick Kelly had sticks. The defendants were farmers or farmers' sons, and most of them lived eight miles away from Dunphy's, and 1 1/2 miles from the scene of the stamped cattle.

To Mr. Budd, witness said he certainly was afraid he would lose his balance and be trampled on. Corroborative evidence was given by Guard Boyle, Detective-Officer Patterson, Sergt. C. P. Dunne, KilmacThomas.

Sergt. Dunne, told the court he arrested and charged the accused, Ed. Cummins made no statement. James Kelly and Patrick Kenny with Kiersey and Thomas Cummins and Edward Rockett made no statement. Simon Kenny said: "I had nothing to do with English's car." This closed the prosecution.

Mr. Budd, asked for a direction that proper proof was not forthcoming, and also a direction in the matter of the malicious damage to the car. Only one man could throw a stick. He maintained that it was an illegal seizure—he hesitated using stronger words, but it might be a larceny. The seizure was made under section 28 of the Land Act, 1933.

On Mr. Budd's submission his Lordship directed the jury to acquit the defendants on the count relating to malicious damage.

Mr. Budd, addressing the jury, said unless the State proved a crime against them they were entitled to return to their homes and go about their business. They were entitled to stand on the roads and watch a seizure and to say to their neighbours what they thought of the seizure. He criticised the standard of identification produced by the prosecution. The local men would not be so foolish, he suggested, as to drive the cattle, and be easily recognised, when there were many

more from distant parts of the county who could not be identified.

His Lordship, summing up, stated that if the jury accepted the facts as proved by the sworn evidence, they should come to the conclusion that there was a riot on the road that day—and a bad riot at that. The Guards had no doubt whatever about the defendants having taken part in the riot. The easiest way to support counsel's suggestion about identification was to put the defendants in the box and let them swear that they were not there. It was impossible for a jury to accept any defence like that. It would be a pity if, in a case like the present one, the jury should not give a verdict in accordance with the evidence. It would throw the whole system of trial by jury into disrepute—into such contempt that possibly the whole thing would be abolished.

"I would ask you to pause before you think of acquitting the defendants of the charges brought against them. You have no option but to find them guilty on the riot count. The evidence is overwhelming to show that this thing had been prearranged."

Before he concluded, his Lordship asked the jury:

"Do you, as I do, regard this as a humbugging defence?"

He referred to the able manner in which Superintendent Dennehy, a determined officer, had handled the affair, and how capably he had given his evidence. He had controlled the undertaking very tactfully, and had been very impressive in the witness-box.

Mr. Budd objected to his Lordship's charge on several grounds, but the Judge refused to recall the jury.

NOT GUILTY.

After a retirement of twenty-five minutes, the jury returned with a verdict of not guilty on the first, second and third counts. They added that they found them guilty of aiding in obstruction.

"That is a verdict of not guilty, I think," said his Lordship.

"Unless it is on the conspiracy charge," remarked Mr. Connolly.

"I am afraid I will have to send the jury back again," said the Judge. "You will have to consider whether there was a riot or an unlawful assembly on that occasion. If you are agreed there was either riot or unlawful assembly on this occasion, and that these men aided in either the riot or unlawful assembly, then you ought to find them guilty on one of other of these counts. At present I am not clear from your finding as to whether you have come to the conclusion there was riot or unlawful assembly. If they aided in either they must be held to have taken part in it. I must send you back again."

Foreman—I don't think there is any use going back—they are all united.

Judge—You say you are all united in saying there was no riot or unlawful assembly?

Foreman—Yes.

Judge—Well, that is equivalent to a verdict of not guilty. The prisoners may be discharged.

TALLOW DISTRICT COURT.

Before Mr. G. P. Farrell D.J.)

NO LIGHTS.

Sergt. Grey, and Guards O'Shea and Sheehan, had a number of persons charged with cycling without lights, and the usual fines were imposed.

Larceny.

John Maher, Curraheen, farmer, was charged with the larceny of 1 cwt. apples, value £1, the property of David Howard.

Supt. Brady, Fermoy, prosecuting, being at present engaged at the Tribunal in Dublin, the case was adjourned.

Telegraph Poles Cut.

John Kent, Mogeela, Curraglass, (son of Mr. James Kent, Mogeela Castle, member of the well-known Kent family), was charged on remand on bail with that he did at Kilmacoe Curraglass, Co. Cork, on 20th October, maliciously cut one Telegraph Pole, value £5 19s. 8d.. (2) that on the same date and place he did cut one Telegraph Wire; (3) That he did at Rosey-bower, Curraglass, on 25th October, maliciously cut one Telegraph Pole, value £5 19s. 8d., and (4) on same date cut a Telegraph Wire; (5) That he was on the 25th October, member of an unlawful Association; (6) That he did at Lisnabrin, on 25th October, cut a Telegraph Pole and Telegraph Wire.

Superintendent Quinlan, Lismore, said that Mr. E. A. Ryan, State Solicitor, was prosecuting in that case, and he asked for an adjournment to Lismore Court on the 13th prox.

The application was granted on continuing bail.

A DAY AFTER CLOSE SEASON.

FISHERMEN FINED AT CARRICK-ON-SUIR.

At Carrick-on-Suir District Court on Monday, Mr. McCabe, D.J., fined Wm. Mitten, Pak. Mitten and Philip Phelan, £2 each for illegal fishery in the Suir at Bellinade, on the morning of August 16th—a day after close season.

The bailiffs' evidence was that he came upon defendants leaving their cots at 5.30 on the morning of August 16th.

The Justice said he could not believe defendants sorry that they got up at 5 o'clock in the morning to put away their cots because the season was over.

KILMAGTHOMAS NEWS.

DEATH OF MR. W. O'SHEA. Fortified by the rites of his Church, Mr. William O'Shea, farmer, Faha, Kilmagthomas, answered the Great Call last week-end, following a short illness and in the fullness of his years.

IN MEMORIAM. Fallen, faded leaves; hollow winds; cold rains; nival-mantled mountains, and famishing ground frosts and fogs speak the present sad, secret span dedicated to the remembrance of our dear departed kith and kin.

Can storied urn or animated bust Back to its mansion call the fleeting breath? Can honour's voice call the silent dust?

Reflection thus begot should have a salutary influence in stemming the pomp and pride and avrice which have ever been the bane of Society.

How sad is he who never sadness felt, Who neath life's cross has never knelt, Who knows not sunshine after rain, Nor lovely Spring, as Winter's dear refrain.

On Friday morning of last week, at St. Anne's Parish Church, Ballylaneen, Solemn Office and Requiem High Mass were offered up for the repose of the souls of the deceased relatives and friends of the parishioners.

PLACE-NAMES ENIGMAS. (Continued From Last Week). You are asked to scan the clues and "cough up" your answers quickly. Now, to it!

CLUES. 1.—Rap and even (put latter poetically); 2.—Two-thirds of a fiddle and three of own; 3.—Headgear plus an exclamation of contempt with a "g" in it; 4.—The Bog of the Book (or Luna plus "a" and four-fifths of flour); 5.—Umpteen years engaged; 6.—LIK (reversed) and wooden shoes plus HER (actual); 7.—Cut to a "7"; 8.—Sounds same as "can tea"; 9.—Two townlands called after Eve's spouse; 10.—Root—not "tuber" (reversed); 11.—Not Ceylon, Seelawn, or C-park; 12.—Slav plus surname; 13.—Same as 12, with an additional surname; 14.—Church plus a river animal and a definite article; 15.—Not old wine; 16.—Vehicle—RIG (actual)—meadow; 17.—Wood of the son of Thomas; 18.—Town of the priest; 19.—Ball plus yard (abbreviated) plus huff minus the "h"; 20.—Rodent plus "h" (actual) plus mother (abbreviated) plus "I would" (do.) plus two-thirds of ten; 21.—Opening for Venus; 22.—"Bell out of order, please"—plus MAUN (actual).

SOLUTIONS. 1.—Knockeen; 2. Fiddown; 3. Cap-pagh; 4. Moolalour; 5. Oldcourt; 6. Kilclogher; 7. Scart; 8. Canty; 9. Adamstown and Ballyadam; 10. Toor; 11. Seafeld; 12. Kilbarry; 13. Kilbarry-culty; 14. Killotheran; 15. Newport (a townland fringing the right bank of the Blackwater, between Clashmore and Ballinatrav in West Waterford); 16. Carriglea; 17. Kilmagthomas; 18. Ballysoggarth; 19. Ballyduff; 20. Rathmaiden; 21. Windgap; 22. Knockmaun.

Toys. Toys. Toys. Xmas is not far off and the Burning Question now is Toys.

MOLONEY'S (The Shopping Centre of the County) announce a Grand Opening of Xmas Bazaar. The most remarkable Show of TOYS ever shown in the County Waterford.

Huge Purchases were effected direct from the Manufacturers in Germany, France, Slovakia, and England. This form of wholesale buying is the Secret of the LOW PRICES. This means a Saving of at least 30 per cent. The assortment consists of every available type of Mechanical Toys, Huge Range of Dolls, Tricycles, Cars, Perambulators, Children's Books, Electrical Novelties, Beautiful Calendars and Cases of Fancy Note Paper. There will also be a special display of Gramophones, Records, Melodeons. Beautiful Exquisite Sets of genuine English China, Cases of Cutlery, Table Lamps, including the Famous Incandescent Oil Lamp. The wonder of to-day, more brilliant than Electric Light. Simple easy and effective. Demonstration Given Free. We have all classes of Goods, suitable for Xmas Present. A Special feature of ours during 1934 Xmas Season was to label Goods for early purchasers, instalment payment arranged on any Goods selected. The Goods will be carefully stored away, until the great day arrives. This Scheme proved very satisfactory indeed. We are adopting the same course this Season with a new addition. The Father Xmas Post Office, a Special Prize will be given for the best letter to Santa. Santa Claus will arrive on Xmas Eve in full regalia, and will deliver all Toys by motor car. Now is the time to secure while the big Variety is available. We need scarcely mention our Wall Paper Department as we are unbeatable in this field of enterprise. We carry the biggest Stock in the South of Ireland, at prices which are absolutely staggering. Don't forget to send for a design booklet post free on application. For anything and everything in the Household way come to us and we will put you right in price and quality.

MOLONEY'S Wholesale and Retail Stores, BRIDGE STREET & SQUARE, DUNGARVAN.
