REGISTERED AT THE GENERAL POST OFFICE AS A NEWSPAPER.

SATURDAY, MAY 4, 1935.

Price 2d.

**DUNGARVAN URBAN COUNCIL.**

**SOLVING THE WATER QUESTION  
 NO SUNDAY CINEMA  
 MEMBERS DIVIDED OPINIONS**

The weekly meeting of above was held on Friday, Mr. M. Morrissey, Chairman, presiding. Also present—Messrs. T. McCarthy, V.C.; P. Byrne, P. O'Dwyer, J. Mansfield, M. Connors, J. Dahill, D. Foley, P. Quann, J. Christopher, J. Foley, M. Clancy, J. Butler, J. Hayes, J. Crotty.

**EMPLOYEES HOLIDAYS**  
 Arising out of the minutes, Mr. McCarthy asked if the Council's men had Easter Monday off with full time. The B.S. said that some bank holidays were given to the employees. Mr. McCarthy—I am not clear whether Easter Monday should be given but I would like to have it definite. The Clerk was instructed to look up the matter for next meeting.

**LOUGHMORE**  
 Mr. McCarthy said that rubbish at one portion of Loughmore was not cleared. The B.S. said it had been cleared. Mr. McCarthy disagreed, and said that the carter on for the month was stopped and the stuff left there. The B.S. said that the stuff had accumulated since the carter was stopped. Mr. McCarthy—Daly, the carter, only got two or three days work in the month. B.S.—There was no work. Mr. McCarthy—I disagree with you. Mr. Byrne—I agree with Mr. McCarthy, it looks as if the work is being held over for someone else. Mr. McCarthy—I understood that the carters would get a month's work and not two or three days in the month. B.S.—Any work that would crop up in the month. Mr. McCarthy—I was of opinion that a man would get a month's work even if it took six months to make it up. Chairman—I understood and I think it was generally understood by the Council that it would be any work that cropped up during the month. Mr. Connors suggested that the carters get 12 days or 24 days work at a time in turn. B.S.—If Mr. McCarthy is right, then plumbers and carpenters should get a month's work too. Mr. McCarthy—When I proposed the resolution for carters I did not take plumbers as they were not in the union. Mr. Clancy said that this matter was before the old Council and nothing definite was done. Night after night questions regarding the Union were brought up. He held that the Council should not be turned into a recruiting office for the Transport Union. The union outside could arrange regarding wages etc., but it was not a matter for the Council. He did not know if it was the work of the Council to have stuff cleared other than refuse. They should be very cautious otherwise they would not be going for good administration. After further discussion the matter dropped. Mr. McCarthy called attention to the burying of calves at Quann's strand. The S.S.O. was instructed to look into the matter.

**WATER SHORTAGE**  
 Several letters complaining of water shortage were before the meeting. Mr. Walsh, S.S.O., said that Kildangan supply was shut off. Mr. Dahill—Why? Mr. Walsh, S.S.O.—I don't know. The B.S. said he shut off Kildangan in order to turn the water back with the Glendine supply. A letter from the L.G.D. asked for information regarding the test of the water system in connection with the proposed new scheme. Messrs. De Lapp and Waller, engineers, wrote stating that they could have the test carried out either by a firm who did such work or by the Council's employees under their supervision. The members were of opinion that the test should be carried out as the need for a new supply was very pressing. It was agreed to have the test carried out as soon as possible by a firm acquainted with the work of this kind. It was also decided to ask the Department what percentage of the scheme would be given by way of grant.

**HOUSING**  
 The Department asked for reports from the M.O.H. and Architect on the sites offered by Miss Power and Mr. Dee in connection with the proposed new housing scheme. The Clerk stated that he had asked the M.O.H. and Architect to furnish the report.

**APPLICATIONS FOR HALL.**

Mr. P. Whelan, Secretary, Waterford Co. Board G.A.A., applied for the use of the hall for the purpose of holding a Ceilidhe on Sunday, May 12th. After a discussion, the members agreed to give the hall if the clergy had no objection, otherwise it would be refused. Mr. Connors said the Ceilidhe was being held in connection with the presentation of medals to the Waterford All-Ireland hurlers. If the Ceilidhe was not held in Dungarvan it would be held in Waterford. Mr. M. Ryan, Mitchel street, appeared before the meeting in connection with three houses in the Clearance Area which he undertook to put into good repair and not let for human habitation with the permission of the Council. He required the houses for the extension of his farm premises. The Council approved of Mr. Ryan's suggestion subject to the approval of their solicitor.

**RATE COLLECTION**  
 Mr. M. O'Meara, Rate Collector, wrote stating that the full amount of warrant 1934-35 was now lodged by him amounting to £8,682 3s. 1d., and making application for poundage. Payment was ordered.

**SHANDON ROAD**  
 A letter was read from the Department regarding the scheduling of Shandon Road as a main road pointing out that same has been noted for consideration when the general revision of main road schedules is undertaken.

**TENDERS FOR WHEELS**  
 The following tenders were received for a pair of wheels and axle—Mr. Condon, £1 15s.; Mr. Ryan, Ballycullane, £2 2s.; Patk. Cowming, Abbeyside, £2; John Cashman, Abbeyside £3. John Cashman's tender was accepted.

**CINEMA LICENCE**  
 The application of Mr. D. Crotty, for a seven-day cinema licence was read. Mr. D. Foley proposed that the application be granted. Mr. McCarthy, seconded. Mr. Clancy, proposed that as heretofore, a six-day licence be granted. Mr. Quann, seconded. Mr. D. Foley said he proposed the application be granted, and he did so from a moral point of view. Mr. McCarthy—People can go to worse places than to cinemas. The poor people of Dungarvan have no place to go on a Sunday night, and if you take up the "Observer" any week you can see where dances are held in all the surrounding parishes. Mr. Quann—There is no going behind the fact that the Bishop of the Diocese is opposed to Sunday cinemas. The Bishop is not only the one authentic teacher and ruler in matters of Faith and morals within his diocese, he is also the one authentic teacher in temporal matters which may in any way effect spiritual or moral matters. Other dioceses have no bearing on this diocese and if this Council go against the wishes of the Bishop and Clergy, there is no doubt they are going against the authoritative teaching of the Church. Mr. Clancy said for the past 8 or 9 years he always opposed Mr. Crotty's application. Our present Bishop Dr. Kinane, is against it and so were the late Dr. Hackett and Dr. Sheehan. Mr. Clancy then detailed his experience in Dublin when he went to a cinema with some other members of the Council, and said he was really shocked at the picture he saw, and he would feel ashamed if he thought any child of his saw that picture. After some more discussion a vote was taken and resulted:— For a seven-day licence—Messrs. McCarthy, Hayes, Dwyer, Connors, D. Foley and Christopher—(6). Against—Messrs. Byrne, Mansfield, Quann, J. F. Foley, Crotty, Clancy, Butler and the Chairman—(8). Mr. Dahill did not vote. The application for a seven-day licence was accordingly refused.

**SYMPATHY**  
 Votes of sympathy were passed to the relatives of the late Mr. D. Buckley, Mitchel street; Matthew Moloney, Springmount; Patk. Foley, Ballyguiry; Mce. Portle, Square; Kate Sheridan, Shandon; Wm. Franklin, and Mrs. J. Organ, Abbeyside, on the death of her brother at Mallow.

**BAND PROMENADE**  
 The Dungarvan Brass and Reed Band will play the following programme on the Square on Sunday next after last Mass:— March—The Washington Post (Souza); Overture—The Caliph of Bagdad (Myddleton); Valse—Incognito (Ivanovic); March—The Liberty Bell (Souza); Finale The National Anthem. Conductor—Mr. J. McHugh.

**CO. WATERFORD VOCATIONAL EDUCATION COMMITTEE.**

**NEW TECHNICAL SCHOOL  
 TENDER ACCEPTED**

Very Rev. Canon O'Brien, P.P., V.F., Chairman, presided at the monthly meeting of the above on Tuesday. Other members present were Rev. M. F. Hearne, C.C., Rev. Brother Gibson, S. Hayes, An Fear Mhor, Vice-Chairman, James Mansfield.

**FINANCE**  
 The Secretary reported the balance to credit at the end of the month was £2,115. Sundry payments passed were £209 3s. 10d. and salaries, etc., for the month £284 18s. 11d. Replying to the chairman, the Secretary said the amount spent during the month on Vocational Education was £6,593 11s. 9d. Brother Gibson asked if the credit balance of £2,115 would be used to meet the loan in the bank. Secretary—That is a matter for the committee. Brother Gibson—What interest do you get on deposit? An Fear Mhor—One per cent. Brother Gibson—What interest do you pay on loan? On the suggestion of the Secretary the matter was deferred pending the consideration of the building tenders.

**PART-TIME IRISH TEACHER**  
 A letter from the Department approved of the action of the committee in appointing Sean O'Halloran as part-time Irish teacher during the current session at a fee of 5/- an hour of actual teaching.

**ACCIDENT TO EMPLOYEE**  
 The Department wrote asking for particulars of the circumstances in connection with the accident to the attendant of the Domestic Economy Classes at Ring. The Secretary said he replied to all their queries. The position was that at the previous meeting the committee granted Ellen Carey, full wages for a period of three months subject to sanction. The Department sent on a number of queries to which he had replied, he was still awaiting a reply sanctioning the arrangement but as it had not arrived he did not include it in the payments. Replying to An Fear Mhor, the Secretary said if sanction came before the next meeting he could pay something from the petty cash account. This was approved.

**TENDERS FOR NEW SCHOOL**  
 Four tenders were received for the erection of the new Technical School at Dungarvan, viz.—Messrs. John Hearne, Waterford, £9,500 13s. 11d.; Messrs. Nolan, Waterford, £9,100; Messrs. Healy's, Cobh, £9,187; and Messrs. Kavanagh Bros., O'Connell Street, Clonmel, £8,939 19s. Secretary—We have only provided for £7,200, except you fall back on your credit balance. Mr. Bowen—You can't accept without the sanction of the Department. Fr. Hearne—You have to find £1,800 more. An Fear Mhor—That only provides for building, then you will have architects fees and Clerk of Works salary. Mr. Bowen—The contract provides for two sums which total £350 for any extra work which may be thought necessary, but which may not be expended. It is money provided by the contractor to be spent if necessary. An Fear Mhor—What do you think of the price? Mr. Bowen—Decidedly high. An Fear Mhor—Would you do it much cheaper by direct labour? Mr. Bowen said he would not have the time to do it at this time of the year. Mr. Mansfield asked where they were to get the balance between £7,200 and £9,000. Fr. Hearne—You would want £1,800 over the nine, to pay for Clerk of Works, Architects fees, etc. Secretary—You have a balance of £2,000 to credit. Fr. Hearne—When the new school is working you won't have any money to credit, as there will be much more expenditure then. The school will have to be furnished and there will be additions to books, etc. The question of approaching the Commissioner with a view to getting further help from the Co. Council was discussed. On the proposition of An Fear Mhor it was decided subject to sanction to accept Messrs. Kavanagh's tender. Mr. Williams, solr., to prepare the necessary bond to which is to be added the resolution proposed by Mr. Hayes at a previous meeting regarding the employment of Trade Union Labour.

**APPOINTMENT OF CLERK OF WORKS**

The committee next proceeded to appoint a Clerk of Works at a salary of 5 guineas a week. A letter from the Department on the subject stated that the person appointed should be one of the applicants recommended by the committee's architect. Applications were then read from Mr. O'Neill, Co. Down; Mr. Owens, Galway; Mr. Brady, Co. Cavan and Mr. M. Keane, B.E., Ballycoo, Dungarvan. Mr. Bowen said he had ruled out Mr. O'Neill who does not comply with the conditions, having no qualifications. The other three young men all have engineering degrees, but none of them seem to have previous experience of this type of building. I have put them in what I consider their order of merit: Keane (1); Brady (2); Owens (3). Fr. Hearne—Give it to the County Waterford man. Mr. Bowen—I think he would be satisfactory. I know the young man, and I think he is one who will try to get on. An Fear Mhor—That makes things very easy for us, especially as the Co. Waterford man is first on the list. On the proposition of Fr. Hearne, seconded by An Fear Mhor, Mr. Keane was unanimously appointed.

**PHYSICAL CULTURE**  
 The committee decided to purchase parallel bars at a cost of £2 for use in the Physical Culture Class at Dungarvan School.

**SPEAK MORE IRISH**  
 On the proposition of An Fear Mhor the committee decided to ask all their teachers to speak Irish as far as possible to their pupils. An Fear Mhor said his experience was, that the pupils in a good many classes, as soon as the Irish class is over and the teacher gone to another class, Irish is forgotten until he came back again. In other counties they have made provision for all teachers to speak Irish and it is a great help to all concerned—teachers and pupils. Fr. Hearne—It is the easiest way to learn Irish.

**RECEIVER APPOINTED**  
**RECENT DECREES AT DUNGARVAN CIRCUIT COURT**  
 On Monday last in the High Court, Dublin, before Mr. Justice O'Byrne, on behalf of the Munster and Leinster Bank, Mr. J. Esmond, B.L. (instructed by Messrs. E. A. Ryan and Co. solrs., Dungarvan), moved for the appointment of a Receiver by way of equitable execution over two decrees totalling £500 obtained by Mr. M. Hickey, in the Dungarvan Circuit Court as compensation under the Damage to Property Act, 1933. Mr. O'Neill, Manager Munster and Leinster Bank, Dungarvan, was appointed Receiver.

**LISMORE COURSING CLUB FORTY-FIVE DRIVE**  
 The first "45" Drive held in aid of the newly formed Coursing Club in Lismore, was played at the Town Hall, on Sunday and was a great success from every standpoint. It was well supported by the people of Lismore, Ballyduff, Ballysagart and Bishop-town and the committee of the Coursing Club wish to extend their heartfelt thanks for such a generous response. Early in the "Drive" one hundred and twenty players put in an appearance (representing 20 tables) to play off the finals for which £10 were distributed in prizes. The result was as follows: First prize (£5)—Michael Byrne, Lismore and Eily Cronin, Bishopstown; second prize (£3)—Jeffrey Murray, Lismore and John Cahill do.; third prize (£2)—John Lynch, Lismore and Denis McCarthy, Lismore. A Draw took place during the 'Drive' for a pound note, and was won by Mr. William Healy, Ballyduff.

**THANKS**  
 At a meeting of the Children's Health Committee held on 30th April, Mr. M. Morrissey, presiding, the following resolution was unanimously passed. Proposed by Mr. S. Hayes, seconded by Mr. T. McCarthy, and resolved: "That this Committee direct that an expression of sincere thanks be conveyed to the Carnival Dance Committee through whose efforts and organisation a substantial sum of money was raised for the very deserving object of providing free meals for necessitous school children."

**CAPPOQUIN NOTES.**

**UNUSUAL ENDING—**

On last Sunday St. Carthage's, Lismore, met Modeligo in their tie of this year's Minor Football Championship for the Western Division in the Sportsfield, Cappoquin, in ideal weather and before a large attendance. The match ended abruptly, and in a manner never before witnessed in Cappoquin. Play was very fast and vigorous from the start, with Lismore always well in the picture, although Modeligo stoutly disputed every inch of the ground, but when the match had been in progress for about ten minutes the ball got burst, and a second ball was then used, but this also got burst after about another 10 minutes play. As no other ball was available, play was suspended, and the game came to an abrupt ending with the score—Lismore 3 goals 1 point; Modeligo—Nil. The referee (Mr. P. English, Cappoquin), declared it "No match," so that a fresh date must be fixed for a replay. The disappointment caused over this incident was amply atoned for by the challenge hurling match which followed between Cathal Brugha's J.H. team, Dungarvan, and Blackwater Rovers, Cappoquin. After their display against Kinsalebeg-Clashmore in Dungarvan on Sunday April 14th, the Cathal Brugha's team was expected to "wipe the floor" with Cappoquin, but play had not been long in progress when it became evident that the visitors would be fully extended by the home team. The Cappoquin players astonished their supporters by the wonderful speed and science which they displayed, and after 30 minutes of grand hurling, the half-time whistle found the visitors leading by only one point, on the score—Cathal Brugha's—3-1; Cappoquin 3-0. The same high standard of play was maintained in the second half, during which Cappoquin scored a goal and two points to one goal for the visitors. The full-time whistle found the home team deserving winners on the score: Blackwater Rovers 4-2; Cathal Brugha's 4-1. Mr. James Mason, was a capable referee.

**LOCAL ACCIDENT**  
 A cycling accident occurred on the main road between Cappoquin and Lismore on Monday night. A young man named James Rea and two friends were cycling to Lismore and had not proceeded far beyond Cappoquin Bridge, when they met two young men from Lismore, named Allen and Tobin, cycling against them. As the two parties of cyclists were trying to pass each other, a head-on collision occurred between the machines ridden by Rea and Tobin. Both riders were knocked off but escaped serious injury.

**PRESENTATION TO THE CATHOLIC CHURCH**  
 A valuable presentation has been recently made to St. Mary's Catholic Church by Miss Eily Mullins, and esteemed and highly-accomplished young Cappoquin lady. The presentation took the form of a beautiful hand-worked Altar Cloth of Hairpin Lace and of a most intricate and exquisite design which reflects great credit on this lady's artistic taste, as well as being a high tribute to the great virtue of patience which she must have displayed in making it by hand. The Cloth is a great addition to the ornate appearance of the High Altar in the Church, and on behalf of the parishioners and himself, the Very Rev. T. Fitzgerald, P.P., has publicly thanked Miss Mullins for her beautiful and highly-acceptable gift.

**HOW TO STUDY FOREIGN LANGUAGES**  
 We have seen in the public Press during the present week a statement by a certain gentleman that he was able to study two foreign languages during his intervals of waiting for his wife while she was adjusting her hat. It is to be presumed that ladies' hats were worn straight on the head during his periods of study, and if this is so, it would be interesting to know how many foreign languages the husband of to-day would be able to learn while his wife was adjusting her hat at an angle of 45 degrees over her ear, as decreed by the rules of modern fashion!

**NO DISTRICT COURT**  
 The usual monthly District Court should have been held on Thursday, April 25th, when it was expected that Mr. G. P. Farrell, B.L., would preside on the termination of his holiday. As his leave was extended, he wired to Mr. P. O'Keefe, the courteous and efficient Court Registrar, to the effect that he would be unable to attend on Thursday, so that all cases on the

books stand adjourned until the next Court, May 23rd.

The calendar, in any case, was an unusually light one, and with the exception of a charge of stealing man-golds against some tinkers, the other cases were of the ordinary type, so that no serious inconvenience was caused to anybody under the circumstances.

**CAN ONE BE BOTH EARLY AND LATE?**  
 A young man named Early was expected to play with one of the teams engaged in the matches here on last Sunday, but as he was late in turning up, his place had to be filled by a substitute. This is the first case we have heard of a man being both "early" and late at the same time!

**BUS EXCURSIONS TO YOUGHAL**  
 It is strongly rumoured here, and we hope the rumour is true, that the I.O.C. Buses will run special Sunday excursion trips from Cappoquin to Youghal and back during the Summer months, and if they do, we can promise them a very large measure of support from the people of Cappoquin. Many persons here who would love to spend a Sunday afternoon along the silvery sands in the historical town of Youghal cannot afford to hire an ordinary motor car for the purpose, but if the buses run Sunday trips at a popular fare of say 2/- per head, Youghal will then be within the reach of all, and the people of the "Old Cornerstone" will be able to enjoy many pleasant afternoons inhaling the ozone-laden breezes from the Atlantic during the summer months.

**MARKET PRICES**  
 The price of fat pigs at the Cappoquin Bacon Factory this week was 50/- per cwt. dead weight, the same as last week. The top price for farmers' unsalted butter at last week's Fresh Butter Market was 8d. per lb. The buyers were Messrs. H. E. Shanahan and Son, Cork, (represented by Mr. James Ryan, Lismore), and Messrs. Dowdall and O'Mahony, Cork (represented by Mr. Patk. O'Sullivan, Lismore). Supplies of fresh butter are very small so far, and are likely to remain so, because owing to the preferential treatment given to the Creameries by the Government, the Fresh Butter Markets are now almost doomed throughout the country, and more's the pity!

**DISTILLATION OF INDUSTRIAL ALCOHOL**  
**FIVE NEW FACTORIES**  
 The following statement was issued by the Government Information Bureau:— It has been decided that the five distilleries for the distillation of industrial alcohol will be erected in the following districts—Cooley (Co. Louth), Carrickmacross, Caradonagh, Letterkenny, and in the neighbourhood of Ballina. Plans and specifications for the erection of these distilleries are at present being drawn up, and construction will be begun before the end of June. Owing to the fact that at the moment the date at which the plants will be in active operation cannot be definitely stated, growers cannot be given any guarantee that unlimited additional quantities of potatoes, planted in anticipation of the distilleries being erected, can be taken. Every effort, however, is being made to have the distilleries in operation at the earliest possible moment, so that the maximum quantity of this season's crop can be taken. It is not proposed to fix the price to be paid for potatoes until shortly before the distilleries begin to operate. While it is impossible to state what quantities of potatoes will be taken by each of the plants during the current season, the normal capacity of each of the distilleries will be about 7,000 tons per year. It should be understood that these are experimental distilleries, and that on the results of their working will depend the prospects of extending the industry. It is not known, for example, whether the climate and conditions of the Saorstát will allow of a longer or shorter period of working than is customary on the Continent of Europe. On the length of the operating period (as well as on the size of the plant) will depend the quantities of potatoes which can be worked in one year.

**FREE MEAT TROUBLES**  
 Victualers representing all parts of the Free State met in Dublin this week and protested against the operation of the levies on cattle and sheep and the reduced price of 4d. for the free beef scheme. It was decided to have a federation for the protection of the Victualers interests.

DISEASES OF ANIMALS' COMMITTEE.

DIPPING ARRANGEMENTS

Mr. Thomas Flynn, Chairman, presided at the meeting of the above. There were also present—Messrs. P. R. Power and P. B. Sheridan.

SHEEP DIP

Tenders for Sheep Dip for the summer and Autumn Dippings were received from Messrs. Osmonds, Dublin, Mr. Burke, Cork and Nicobrand Co., Limerick.

Mr. Osmond's representative told the Chairman his firm were contractors for Sheep Dip for Counties Offaly, Longford and Kildare, and gave every satisfaction.

Mr. Burke said his Sheep Dip was used in the Co. Waterford for the last 5 years and had given very good results. In the various counties he supplied with Dip he gave perfect satisfaction. Offaly was one of the Counties.

Mr. Osmond—I supplied all Offaly last year.

Mr. Burke—Well I supplied it, but as my factory was not running fully until July I was late starting. I supplied Co. Louth, Cork, Kerry, Waterford, Tipperary, Donegal and Wicklow.

Mr. Stuart (Junn.) explained the merits of Nicobrand as a Dip.

Mr. Hynes—Mr. Stuart makes an excellent dip to cure scab.

Mr. J. J. Crotty—I represent both Burke's Dip and Nicobrand Dip. Both are Irish owned and Irish made.

Mr. Sheridan said it would be a good thing if sulphur were included in the Dip as not only would it prove that the sheep had been dipped, but also it would keep off the fly.

The Veterinary Surgeons having approved of the suggestion, it was decided to include a certain amount of sulphur in the Dip mixture.

The contractors were again called before the meeting on the question of the addition of sulphur to the Dip, after which the committee decided to accept the tenders of Mr. Burke and Nicobrand Co., for the supplying of Dip for the coming Dipping season, the price being 4/4 per gallon. Nicobrand Dip is to be used in West Waterford and Burke's Dip in East Waterford.

The Department wrote re making better arrangements for the dipping of all sheep under supervision.

Mr. Byrne, V.S., said if they had the services of a ranger for the lowland area it would be a great advantage.

TRAVELLING TANKS

The contractors for Dipping with the Travelling Tanks who held the jobs last year were stated to have given every satisfaction and were re-appointed.

The Mountain rangers were also confirmed for the season in their jobs.

INCREASE WANTED

Mr. Hale, Carrignagour, ranger for the Knockmealdown Eastern Area, applied for an increase of salary. He said his area included a great amount of travelling and he would want about 25% increase.

Mr. Hynes—He is an excellent official and has a lot of travelling to do.

Chairman—If we give him an increase will the others want an increase also?

Mr. Mulcahy, V.S., made a plea for an increase for his Mountain ranger, who did more work than anyone else and was entitled to something.

It was decided to give £2 to each man.

CATTLE SLAUGHTERED

The Clerk said the number of cattle slaughtered under the Bovine Tuberculosis Act, for the past quarter constituted a record. Sixty animals were slaughtered and the total compensation payable is £123.

BRIDGE BROKEN DOWN

On Sunday morning a ship from Youghal, due for Tallow, struck Camphire Bridge (four miles from Tallow) and caused serious damage. All tourist going people bound for Youghal were obliged to return to Cappoquin and go by the Clashmore route.

GENERAL O'DUFFY

AT A CONFERENCE IN CAPPOQUIN

Last week General Eoin O'Duffy visited Cappoquin for the purpose of having consultation with some of his prominent supporters in the town and district with a view to making arrangements for the holding of a West Waterford Divisional Convention on an early date. He was met by Mr. James Brady, Cappoquin, District Director, League of Youth, and over a half-dozen other supporters from the town and adjoining districts, all wearing blue shirts.

Our correspondent was officially informed that Gen. O'Duffy was very pleased at the promises of support given him from the town and the districts represented, and that as a result it was decided to have a divisional convention held in West Waterford in the near future.

WATERFORD CO. COMMITTEE OF AGRICULTURE.

Mr. Thomas Flynn, Chairman, presided at the meeting of the above. There were also present—Messrs. P. B. Sheridan and P. R. Power.

The Department wrote on the matter of motor tax paid by County Inspectors of the hardships of which representations had been made to them by some County Committees and stated they would approve of the payment of the motor tax up to a maximum of £12 in each case.

This was approved of. The Department wrote notifying the forwarding of a special supplementary grant of £300 from the funds at their disposal for the current year.

COTTAGE AND FARM SCHEMES In connection with the prize scheme for Cottages and Small Farms in the County, the Department wrote approving of the division of the County into two parts for the purpose, viz.—Lismore, Dungarvan, Clonmel No. 2 and Youghal No. 2 Rural Districts.

(B)—Kilmacthomas, Carrick-on-Suir No. 2 and Waterford No. 1 Rural Districts.

AGRICULTURAL INSTRUCTOR RESIGNS

On his recent appointment as Agricultural Supervisor to Carlow Beet Factory, Mr. McEneaney, B.Agr.Sc., wrote resigning his position as Agriculture Instructor for the Co. Waterford.

His resignation was accepted with regret.

In the course of a further letter Mr. McEneaney, wrote—I would like to take this opportunity for expressing my sincere thanks to the Chairman and committee for their many considerations on my behalf during my stay in Co. Waterford. I am deeply indebted to your very efficient and energetic Secretary, Mr. O'Dwyer, and I am sorry that the occasion should arise that I deemed it prudent to take up another appointment. I wish to assure you that I appreciate all you did for me. I wish to express my deep appreciation of my county colleagues who made my work a pleasure and your committee are fortunate in having such able officials. I will ever take an interest in your activities. I trust my work was up to that high standard set by my predecessors.

Mr. Sheridan said he was sorry to have such an able instructor leaving the County. He came amongst them young in years but full of experience. They were very fortunate in having such able men as Mr. McEneaney and his predecessor Mr. Cogan. They were a great loss to the farmers and the County. He regretted very much the departure of Mr. McEneaney, and wished him all prosperity and success in his new appointment.

The Chairman said in the County Waterford they were very fortunate in their Agricultural Instructors. They had for many years an excellent man in Mr. O'Keefe, then they had Mr. Cogan and after him Mr. McEneaney. His departure from amongst us is a great loss to the County. They wished him all success in his new position.

Mr. Power associated himself with all that had been said of Mr. McEneaney who was a young man of outstanding ability as an instructor. He paid high tribute to his work at the winter Agricultural Classes. They congratulated him on his appointment.

Mr. O'Dwyer, on behalf of the officials, joined in the congratulations to Mr. McEneaney.

The letter was ordered to be inserted in the minutes.

MAKING IRELAND AIR-MINDED.

IRISH AVIATION DAY PLANS

It will be remembered that in the latter part of last year a very representative committee of enthusiasts in Dublin organised Irish Aviation Day which was to be held in the Phoenix Park, but owing to the unfortunate newspaper strike which took place at the time, in their wise judgment, they decided to postpone the whole affair, and as the Season was so far advanced they decided to wait until this year to hold the event.

We are now very pleased to announce that this group of air-minded Irishmen, convinced that their country will shortly be called upon to provide the European key airport for the trans-Atlantic flying service of the future, have invited the co-operation of the most prominent pilots in Britain and on the Continent in staging an Irish Aviation Day. They have also enlisted the co-operation of Sir Alan Cobham, so that Irish Aviation Day will now embrace a complete tour of the Irish Free State as well as the big day in the Phoenix Park. The following is the itinerary as already completed and we understand that all arrangements are very far advanced for very successful meetings:—

Friday, May 3rd—The Old Racecourse, Ballybar, Carlow; Saturday, May 4th—Hollyfort, Enniscorthy; Sunday May 5th—Marsh Farm, Dublin Road, Dundalk; Friday May 10th—Scardemore, Strandhill Road, Sligo; Saturday 11th—Phoenix Park, Dublin; Sunday 12th—Leopardstown, Dublin; Monday 13th—Bloomfield, Maryboro'; Tuesday 14th—Coolpeach, Killiane, Drinagh, Wexford; Wednesday 15th—Dunmore, Kilkenny; Thursday 16th—Kilcohan Park Racecourse, Waterford; Friday 17th—The Aerodrome, Ballycummin Castle, Limerick; Saturday and Sunday 18th and 19th—Farmer's Cross Aerodrome, Cork; Monday 20th—Racecourse,

C.Y.M.S. Cappoquin

ANNUAL GENERAL MEETING

The annual general meeting of the above was held in the Society's Hall, Cappoquin, on Sunday night. Very Rev. T. Fitzgerald, P.P., Spiritual Director, presided, and there was a large attendance of members.

Secretary's Report

Mr. J. P. Olden, Hon. Sec., read the annual report as follows: It is my happy privilege to once again declare that the past year in our Society's affairs has been generally most successful.

The debt on our new Billiards Table was discharged some time ago, thus relieving us of some little financial pressure.

Few, of any, towns of our size in this country can boast of having two such fine Billiards Tables as we possess at present, and it is for the members to show by a real live interest in the games that they appreciate the efforts which have been made to provide them with all the necessary facilities for demonstrating their skill in cue-manship.

It is certainly most gratifying to state that the revenue from billiards and snooker for the year totalled over £50, this being due largely to the interest displayed by the juveniles. The Billiards and Snooker Handicaps, which were recently concluded, were conducted throughout in a real sportsmanlike manner, the majority of the games were keenly contested, and the winners, Mr. James Ahearne, (Billiards), and Mr. G. Cahill (Snooker), merit heartiest congratulations on their consistent standard of play from start to finish.

A monster excursion to the seaside at Youghal for the children of the town and parish was run during the year by our Society and proved a most welcome relaxation to all concerned.

Our annual Concert as also the Concert and Whist Drive in aid of the Parochial Funds, produced satisfactory results, financially, as well as providing a little social diversion which was greatly appreciated.

To those artists who have always so kindly given their services towards our concerns, as also to the ladies who have rendered such signal help in making the social side of our Whist Drives the marked successes they have been, we owe our most sincere thanks.

Whilst the general state of the Society leaves very little to be desired, there is, I regret to say, one matter which calls for strong criticism. I allude to the matter of subscriptions.

The receipts from this source for the year, while showing an improvement on the preceding year, nevertheless reveal the fact that we have a large number of individuals who seemingly are quite oblivious to their obligations in the payment of subscriptions, but who have the effrontery to enjoy all the amenities of the Society.

Surely, it is a manifest absurdity to have some members regularly discharging their responsibilities, while another group enjoys all the privileges without sharing any of the responsibilities.

It is to be hoped that defaulters will put themselves on a proper footing in this matter, as, otherwise, more drastic measures will be rendered inevitable. Since our last annual meeting the Society has lost a valued friend and wise counsellor in the person of our late lamented Spiritual Director, Very Rev. Canon Whelan, whose kindly and paternal solicitude towards our welfare was always so strikingly evident. May he rest in peace!

While deploring the great loss thus sustained, it is some consolation to know that we have in the last Canon's successor, the Very Rev. T. Fitzgerald, P.P., one who since his advent amongst us has given ample proof of his keen interest in our progress and prosperity.

In conclusion, I am glad to be able to say that the conduct of the members during the past year has been entirely satisfactory, all blending into one harmonious whole. We express the hope that the coming year in our affairs shall be rich in accomplishments, worthy of a Catholic Young Men's Society and "Forte in Fide."

The reading of the above was marked with loud applause, and in moving its adoption, Mr. F. X. O'Leary, N.T., paid a very high tribute to Mr. Olden for having presented such an excellent report, and also for the efficient manner in which he had carried out his duties as Hon. Sec. during the past year.

Tralee; Tuesday 21st—Aranmore Aerodrome, Galway; Wednesday 22nd—The Old Aerodrome, Castlebar; Thursday 23rd—The Big Meadow, Athlone; Friday 24th—Clooncoose Racecourse, Longford.

This whole scheme is being organised through the Irish Aero Club and their object is to show the pilots outside Ireland the country's natural geographical position on the shortest direct land-to-land route between the Old and the New Worlds, and to instil in their own countrymen a real sense of the importance of flight as the coming mode of travel. Through the Free State Department of External Affairs and its Legations abroad, as well as through Army, air service and private contracts in many lands, touch is being made with almost everyone who is anyone in the realm of flight. As a result, it is expected that a large number of the latest types of planes will set out from England and the other European countries for Ireland next month.

Mr. P. Cahill, seconded, and endorsed all that Mr. O'Leary had said about Mr. Olden's great abilities as Hon. Sec., and Mr. R. J. Collender, Mr. J. V. Conway and other members having associated themselves with these remarks, the report was unanimously adopted.

TREASURER'S REPORT

Mr. P. Cahill, Treasurer, submitted an elaborate report and statement of accounts which showed a balance of £25 1s. 0d., to the credit of the Society after discharging all liabilities to date, and on the motion of Mr. Collender, seconded by Mr. Conway, this was also unanimously adopted, after both gentlemen, and also the Rev. Chairman, had paid eloquent tributes to Mr. Cahill for the able and scrupulous manner in which he had looked after the financial affairs of the Society since his appointment several years ago.

ELECTION OF OFFICERS

On the proposition of Mr. Conway, seconded by Mr. Jas. Curran, senr., Mr. R. J. Collender, was unanimously re-elected President, and in returning thanks, said he highly appreciated this fresh mark of confidence on the part of the members, but he was sorry they had not elected a younger and more active man for the position.

For the position of Vice-President, Mr. F. X. O'Leary said he had great pleasure in proposing the re-election of Mr. M. J. Sargent, P.C., who had rendered great services to the Society for many years, and he was sorry he was not there that night to hear what the members thought about him.

Mr. Joe Mason, in seconding, also paid a high tribute to Mr. Sargent for his ability as Vice-President, and also for his generosity and services towards the Society and other members having spoken similarly, the motion was unanimously passed.

On the proposition of Mr. Joe Mason seconded by Mr. J. V. Conway, Mr. P. Cahill, was unanimously re-elected Treasurer, several members, as well as the Rev. Chairman, stating that Mr. Cahill was an able and painstaking Treasurer and that no more suitable or trustworthy gentleman could be found for the position.

Mr. Cahill suitably replied.

On the motion of Mr. Collender, seconded by Mr. Cahill, Mr. J. P. Olden was unanimously re-elected Hon. Sec., both proposer and seconder saying that in spite of his other work, Mr. Olden had always devoted his time and his talents to forwarding the interests of the Society, and had proved himself an admirable Hon. Secretary in every respect.

Mr. Olden briefly replied, and said it would always be a pleasure to him to do what he could for the Society of which he was proud to be a member (applause).

All the outgoing members of the committee, viz.,—Messrs. J. V. Conway, J. E. Crowe, M. J. Walsh, E. Dunne, Jas. Curran, senr. and J. Singleton were unanimously re-elected in globo, on the motion of Mr. T. Mason, seconded by Mr. O'Leary, N.T.

Mr. Collender proposed that the name of Mr. F. X. O'Leary, N.T., be added to the list, as he was now living in the town and would be a great asset to the Committee, as he had previously filled the position of Hon. Sec. with marked ability for several years.

The motion was agreed to, and Mr. O'Leary briefly returned thanks, and said he would always do what he could to forward the interests of the Society by every means in his power (hear, hear).

Mr. Collender then referred to the great services which had been rendered to the Society by Mr. J. E. Crowe, a former Hon. Sec., who had never spared himself in looking after the electric light arrangements, and in many other ways had proved of great benefit to the Society, and he proposed that a cordial vote of thanks be passed to him for his great kindness and services over several years.

Mr. J. P. Olden, seconded the proposition, which was unanimously passed, and Mr. Crowe, suitably returned thanks.

On the motion of Mr. Jas. Curran, (senr.) seconded by Mr. Olden, a vote of thanks was also passed to the caretaker of the hall (Mr. Joe Walsh), for the satisfactory manner in which he had carried out his duties during the past year.

PRESENTATION OF CUPS, ETC.

The Very Rev. Chairman then presented the Bishop Hackett Challenge Cup and also a valuable Cue to Mr. James Ahearne, Cappoquin, winner of the Annual Billiards Handicap, and Mr. G. Cahill, was presented with the valuable Cup given by Mr. M. J. Sargent, P.C., Cappoquin, as first prize for the Snooker Handicap recently won by him.

Mr. Cahill was also presented with a large case of cigarettes as runner-up in the Billiards Handicap, in which he was second, while Mr. Nick Doyle, was presented with a valuable Cue as runner-up in the Snooker Handicap, the Rev. Chairman congratulating the various winners on their splendid play.

Other matters having been dealt with, Mr. Collender, proposed a hearty vote of thanks to Father Fitzgerald, for having so ably presided at the meeting, and this was seconded by Mr. O'Leary and carried with acclamation.

Father Fitzgerald, in acknowledging same, expressed the hope that the members would try and practice greater economy in the running of the Society in future, as the list of expenses submitted by their Treasurer that night looked rather formidable, and every effort should be made to

keep down expenses to the lowest minimum so as to keep the Society in a sound financial condition in future (hear, hear).

BACON-CURING FACTORY OPENED AT PORTADOWN

A big event last week was the opening at Portadown, Co. Armagh, of an extensive Wiltshire bacon-curing fac-

tory by Messrs. Henry Denny & Sons, Ltd., of Waterford. Costing £30,000 to equip, it will for a start absorb 2,000 pigs weekly, and it is hoped up to 5,000 will soon be required. An output of 12,000 lbs. of sausages, together with delicatessen, including hams, brawn, tongues, and various meats in glass jars, will be aimed at. The turnover is estimated at, approximately, £500,000 annually, and, naturally, fewer live pigs will now be shipped from the Ulster market.

Enjoyable Concert at Lismore

A delightfully varied and interesting programme was staged at Lismore Town Hall, on Easter Sunday night before a packed house by Mrs. Violet McLarty's pupils.

It was a real treat and was voted to be the best concert of its kind held in Lismore for some time. There was a big display of talent in Elocution, Acting, Singing and Dancing.

The programme opened with a Prologue delivered by Miss Eila Noonan, Lismore, who proved an adept at elocution and displayed great histrionic ability for a child of such tender years.

A charming chorus was the next item contributed by the Senior pupils who termed themselves "The Arcadians" the two principals of which were Miss Rosamond Ebrill and Miss Eleanor Crowe. A beautiful recitation entitled "Nobody Knows" was given by Miss Pat Sargent, Cappoquin, with great declamatory effect and was a credit to this young artist.

A charming musical sketch, entitled "The Percussion Band," in the course of which several pretty songs and classical dances were introduced was presented by the Junior pupils under Miss Patricia Sargent and this item gave striking evidence of the careful training they had received.

A stirring recitation was next given by Miss Eila Noonan, entitled "King of Kings" and her clear melodious voice and dramatic power won for her the admiration of all present. This was followed by a contribution by Miss Joan McCarthy, entitled "The Christmas Candle," and she was warmly applauded for her excellent delivery.

A rare treat followed with Miss Pat Sargent on the piano and she literally brought down the house and met a hearty applause from all sides.

A Dialogue was next given by Miss Mary Croly, and Miss Mary McCarthy, Lismore, who displayed great talent in elocution and acting, and the young artists received a great ovation.

The first part of the programme ended with a chorus entitled "The Wedding Of The Painted Doll" and the sweet and beautifully harmonised rendering of this pretty song reflected great credit on the vocalists as well as on their talented teacher Mrs. Violet McCarthy.

The second part of the programme was opened with a recitation "Flo's Letter," by Miss Eleanor Crowe, Cappoquin, a young and accomplished artist whose clear enunciation and great dramatic power gave fullest justice to such a difficult piece. A piano recital came next entitled "Melody In F" by Rubenstein, by Miss Betty Hynes, whose light touch and perfect timing displayed to the full a great future for this young artist as a pianist.

A tit-bit of the night was given by Miss Rosamond Ebrill, who gave a humorous recitation entitled "Above Ben Adam" with piano accompaniment, in which she displayed great precision and met with hearty applause. Master Pat Carey, next contributed a piano solo entitled "Humoresque" which was a delightful treat, and its perfect rendering won for him the appreciation of all present.

A popular recitation was that contributed by Miss Betty Hynes, entitled "The Exiles Return," and that met with such hearty applause that she had to respond with a piece entitled "Specially Jim."

Miss Rosamond Ebrill, then gave a beautiful rendering of that classical piece which is well known to all pianists, entitled "Study by Heller," and met with a warm and hearty applause from the appreciative and critical audience.

A Play entitled "My Aunt From California," was next produced, the principal characters of which were—Miss Betty Hynes, Miss Patty Croly, Miss Kathleen Healy, Miss Mary O'Donnell, Miss Eleanor Crowe, Miss Sheila Daly, etc. all of whom acquitted themselves with great distinction.

Mr. Shaun Kelleher, Feis Medalist, gave a recitation for which he was loudly and deservedly encored and responded with a piece entitled "The Deathless Deed."

A spirited Irish Dance was next given by Miss Eleanor Crowe, and Miss Pauline Sargent. Special mention must be made of Miss Nellie Forde, Feis Medalist, who proved herself an adept at both reciting, acting and dancing and won the high admiration of the audience. A Chorus was next contributed by Mrs. V. McCarthy's Senior Pupils, controlled by Miss Eleanor Crowe, who was appropriately attired.

At this stage of the performance the audience expressed their high appreciation by calling on Mrs. Violet McCarthy herself to make an appearance, and revealed their esteem by an insistent and rapturous applause.

The Epilogue was then given by Miss Betty Hynes in her own inimitable way and the proceedings was fittingly brought to a close by the singing of the National Anthem by the entire Troupe.

LEAMYBRIEN ON THE LINE!—A number of Post Office engineers are at present engaged at the installation of a telephone connection from Kilrossanty S.O. to Leamybrien Garda Station. The efficient unit in occupation of the station will be greatly inconvenienced by this welcome service.

G. A. A.

WATERFORD ..... 5-4  
LAOIGHIS ..... 4-7

In a moderate display, which was devoid of thrills, but in which the lead changed hands several times, Waterford (5-4) and Laoighis (4-7) divided the points when they met in the National Hurling League tie at Waterford.

The home side were minus nine of their regular players, and to this may be attributed the fact that they failed to improve their position at the bottom of the table. They held a point lead at the interval, but with the change over the visitors, having the breeze and sun in their favour, had the better of the exchanges and Waterford were fortunate to share the honours.

Delaney opened the scoring with a point, but Hunt put the teams on level terms and almost immediately afterwards put the Suirsiders in the lead when receiving from Condon he had a goal. Bergin reduced the lead with a point.

Following a sideline puck, Delaney secured possession and found the net, and Laoighis again were given a temporary advantage, which Cushion further advanced when he pointed. Condon replied with a minor, and Greaney having led a Waterford attack, Hunt had a stylish goal.

Mahony added Waterford's third point, and similar scores for Laoighis were had by Nolan and Flynn.

On resumption, Waterford, showing a fine burst of speed, carried play into the visitors' territory and Greaney had a point. Cushion scored a goal and put Laoighis ahead for the third time.

Hunt then added his third goal for Waterford. Delaney replied with a point, and then Flynn found the net. Hunt again promptly replied with his fourth major of the game, and five minutes from the end the equalising point was secured by Cushion.

Mr. P. Barden, Kilkenny, was referee.

LISMORE V. TALLOW

On Sunday last at Tallow, Lismore met Tallow in the first round of the Junior Hurling Championship, and after a well contested game the visitors brought off an easy victory. The weather proved fine and the pitch was laid out in a most perfect manner by the local club. The teams lined out in charge of Mr. J. F. O'Donnell, referee, Lismore.

Lismore forced on entry and after a sharp exchange the ball went dead. The next exchange saw Lismore in possession again. Tallow opened up well in the following tussle and went on for a point by McCarthy. A seventy to Tallow looked rather dangerous, but the defence prevailed, H. Collins and J. O'Gorman, doing well. Tallow were now playing with better judgment and were faster on the ball, but their heavier opponents soon lessened the advantages. Hurling smartly the opportunities were in favour of Lismore who upset an otherwise sound defence with the capture of the Tallow net per O'Neill. This score was quickly supplemented by a minor per M. Regan, which left the score at half time.

LISMORE ..... 1-4  
TALLOW ..... 0-1

On the turnover and with the wind and sun in their favour the Lismore team seemed to play a more consistent game. After seven minutes play W. Hickey, netted for Lismore in beautiful style from a pass by Landers which was followed quickly by another goal per Ryan. A seventy to Lismore taken by M. Regan, resulted in a point, while the same player scored another minor immediately afterwards. Play was soon again at Lismore end and an anxious time was experienced in clearing their territory from persistent onslaughts. Tallow had the better of the bargain, scoring a good goal per McCarthy. An attack on the Tallow goal then ensued and M. Regan again being in evidence in the work of compiling, scored a point. Play was now interrupted by an accident to J. Ryan, Lismore, whose place was taken by M. Coleman. A seventy to Lismore was well handled, and ground was conceded to J. O'Connell to score a goal. At the final whistle the score read:—

LISMORE ..... 4-4  
TALLOW ..... 1-1

At this stage of the performance the audience expressed their high appreciation by calling on Mrs. Violet McCarthy herself to make an appearance, and revealed their esteem by an insistent and rapturous applause.

The Epilogue was then given by Miss Betty Hynes in her own inimitable way and the proceedings was fittingly brought to a close by the singing of the National Anthem by the entire Troupe.

Your Holidays

JOIN THE IRISH CATHOLIC OCEAN CRUISE IN JULY

YOUR 1935 HOLIDAY?

Can you think of anything better than this? ... fourteen glorious days riding the Ocean, aboard the luxury-liner ss. Lancastria, and visiting Spain, Portugal, Morocco and Madeira.

"That's enticing, surely, but what would it cost?" Is that what's troubling you? Don't let it cost you a thought! Take any fortnight's holiday anywhere, what will that cost you? If you get out of it at anything in the region of £20 won't you be well satisfied? But this fourteen glorious days in foreign climes—sunshine, ocean breezes, and absolutely complete change of environment, cuisine and accommodation superior to all but that of the most exclusive hotels—need not cost you more than 17 guineas.

All this is from the point of view of value for money. But this Catholic Cruise has an added attraction, which, no matter where else you may spend your holiday, cannot be bought for money—namely, atmosphere. You will be among your own people. This is the only Irish Catholic Cruise organised this year. The Lancastria will carry a big party, united in religion, in nationality and social interests.

Need we say more to attract you? Well, this perhaps—while the cruise will be a voyaging for health, a holiday—above all a holiday—opportunity will be provided for excursions to places of Catholic interest, including Lampedusa, to see the famous miraculous crucifix, and Fatima, the scene of Our Lady's Apparition fourteen years ago. Several members of the Irish Hierarchy are joining the party, including the Archbishop of Cashel and the Bishops of Clogher, Dromore, Meath, Kerry and Down and Connor.

There will be no troublesome, vexatious travelling to Liverpool or Holyhead to catch the boat. The Lancastria will sail from Dublin (on July 18th) and return to Dublin (on August 1st) with the Irish Flag at the topmast. There will be none of the fatigue and discomfort of travelling out in tenders to a ship in Dublin Bay, and—a very important matter—passports will not be necessary.

Write for full particulars to the Catholic Truth Society of Ireland, 7 and 8 Lower Abbey Street, Dublin. A postcard will do.

YOUGHAL DISTRICT COURT.

(Before Mr. J. S. Troy, D.J.)

ADJOURNMENTS

There was a big list of civil bills and other cases for hearing, but the majority were adjourned on the application of Mr. J. L. Keane, solr., who also acted for Messrs. W. R. Hodnett, solr., Youghal; W. St. Clair, Rice, solr., Middleton, and Mr. E. A. Ryan, State solr., Dungarvan.

Fishery Cases

Mr. Thos. Drohan, inspector of Fisheries, summoned John Buttimer, Thos. Nunn, Ed. Roche, and Wm. Kelly, for fishing within the prohibited half mile at the mouth of Youghal Harbour.

Mr. Keane, appeared for complainant. David Ellis, water bailiff, stated that on 9th April, he saw the defendants payout their nets and fish inwards halfway up. When he saw the crew afterwards, the skipper said that the tide was so strong, it carried them up. The tide wasn't strong. Defendants asked no questions. Buttimer saying it was so bad outside, they kept as close to the harbour as they could.

Mr. Keane said having regard to the course taken by the men, he wouldn't press the case. They were each fined £1 and Court costs, the nets to be forfeited.

The same complainant charged Mee. Burke, Robert Walsh, Jas. Kenneally and Robert Hickey, with a like offence. Mr. Keane, for complainant. D. Ellis, stated that on the same day he saw the defendants fishing inside the mouth of the harbour right opposite the Loretto Convent.

Burke said the day was bad and there was heavy rain. They were also fined £1 each with Court costs and the nets to be forfeited.

Sheep Scab

Sergt. Corby, Killenash, charged John Murphy and Ed. Walsh, Park, with failing to notify sheep scab. Mr. Keane, applied for an adjournment which was granted.

The same complainant and Guard McClune, charged a number of persons with having unlicensed dogs and fines of 5/- were imposed.

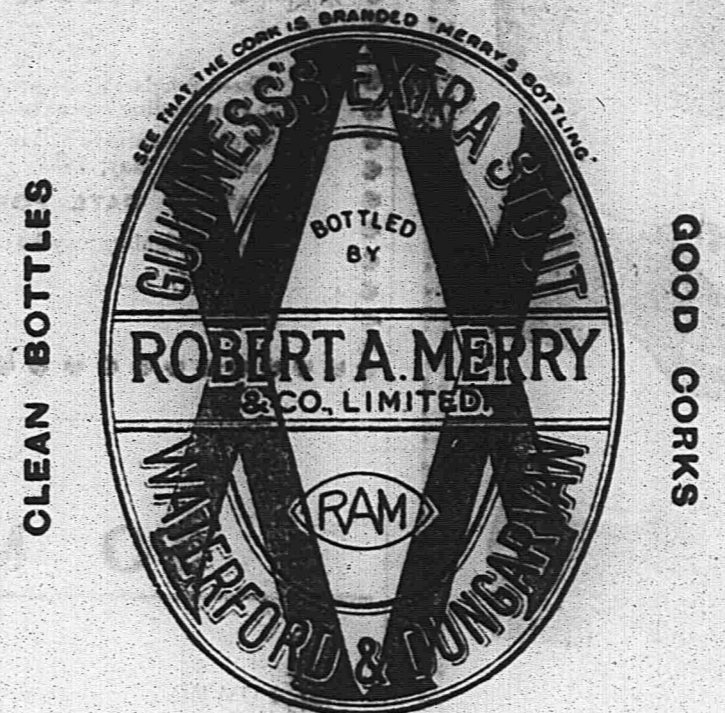

Wandering Animals

Guard McClune, charged Mary Murray, with having animals wandering on the public road. Complainant stated that on the 18th March, he found two horses and 13 cattle on the road; on 31st March, 8 sheep and on 8th April 5 cattle. She had no licence.

The Justice—if she were on that way she will have to put up fences. Defendant was fined 2/- in each case.

LABOURERS ACTS 1883 to 1931.

**NOTICE TO CONTRACTORS AND BUILDERS**

The Commissioner administering the affairs of the Waterford Board of Public Health will, at meeting to be held at the Secretary's Office, County Home, Dungarvan, on WEDNESDAY, 8th MAY, 1935, consider tenders for the building of Cottages and the Fencing of Plots not previously contracted for.

The Plots are arranged in Groups and Contractors may tender for any number of Groups but not for a smaller number of cottages than that included in any one Group.

Lists giving the number and location of each plot can be obtained on application at my Office, County Home, Dungarvan, where copies of Plans and Specifications can also be obtained on payment of Five Shillings.

The provisions of Section 8 of the Housing (Financial and Miscellaneous Provisions) Act, 1932, will apply to the Contracts and it shall also be a condition of each contract that preference be given to local labour.

Tenders on the official Forms (to be had on application) containing the names of two solvent sureties or of a Guarantee Society willing to join the person tendering in a bond in the sum of £300 for each cottage and £25 for the fencing of each plot included in his tender, must be lodged with me not later than 12 o'clock (noon) on the 8th MAY, 1935.

The lowest or any tender not necessarily accepted.

DEATH

CAHILL—On April 26th, 1935, at her residence, 24 Main street, Dungarvan, Bridget Peters Cahill, late District Nurse at Hospital and Bruff, Co. Limerick. Funeral took place on 28th ult to Hackettstown, Old Parish.—R.I.P.

ACKNOWLEDGMENT

The family of the late Miss Kate Sheridan, Shandon, Dungarvan, beg to return thanks to all who sent letters, messages of sympathy and Mass Cards in their recent bereavement and beg them to accept this acknowledgment.

LOCAL HAPPENINGS.

DRAW FOR WIRELESS SET. The Draw for a wireless set in aid of the funds of the New Mortuary Chapel at the Parish Church, Dungarvan, took place on Tuesday evening. The winning ticket was No. 4209 held by Billy Kenrick, Moore street, Fethard, Co. Tipperary.

DEATH OF MR. P. FOLEY, BALLYGUINRY. We regret to announce the death of Mr. Patrick Foley, Ballyguinry, which took place on the 25th inst., after a rather protracted illness and fortified by the rites of the Church.

The deceased, who was in the prime of life, was one of the best known and most highly respected young men in the district. He was a well-known footballer and played with the Dungarvan, Bricky Rangers and Aghish Clubs. His early death is deeply regretted by all who knew him and sincere sympathy is extended to his family in their loss.—R.I.P.

On Friday evening the remains were removed to the Parish Church, Dungarvan, and were followed by a representative cortege. On Saturday after Requiem Office and High Mass for the repose of his soul, the interment took place in the adjoining burial ground. The chief mourners were: John Foley and James Foley, (brothers).

ABBESIDE PARISH CHURCH. SPECIAL TRIDUUM DEVOTIONS.

The Special Triduum Devotions in connection with the close of the Holy Year and the special intentions of the Pope for the peace of the world were held at the Abbeside Parish Church during the week-end. The number of people taking part in the sacred ceremonies being easily a record. On Sunday morning a very large congregation approached the altar rails and on Sunday evening at 7 o'clock the Holy Hour was held. Very Rev. N. Dunphy, P.P., in a well chosen sermon thanked the parishioners for their zeal and said that by their presence in such large numbers they showed they cherished the gift of Faith which was handed down to them by their forefathers. The singing of the hymn to Our Lady of Lourdes brought the Solemn Ceremonies to a fitting close.

DUNGARVAN MARKETS.

Meal (special) 19/-; middlegut 18/6; flour 16/- per 10 lbs.; bran and pollard 8/6 cwt.; butter 15/- (Creamery); eggs 6d. per dozen; Farmers butter 8d. per lb.

INSURANCE OFFICIAL ENTERTAINED.

On Thursday evening at Mac's Hotel, Abbeside, the many friends of Eddie Morrissey, Square, Dungarvan, local agent for the New Ireland Insurance Company presented him with a valuable presentation on the occasion of his departure to the West of Ireland where he is taking up an official position with the same Company. Mr. C. J. Stephenson and Mr. Connolly, of the Waterford staff, were present with many friends of Mr. Morrissey.

SLAUGHTERING OF CALVES.

Our special representative informs us that from inquiries he has made there have been more calves slaughtered this year than last year in the Dungarvan area. The price paid for the skins is 12/6.

SAVE THE SONGSTERS.

At this season of the year when the birds are hatching, it is a pity to see so many of them shot and maimed for no purpose other than to satisfy the whims of some young people who are armed with air guns and 22 rifles. If in place of destroying those lovely birds which fill the morning air with song and music an attack was made on cormorants, cranes and other such destructive birds who eat 21 lbs of fish per day a lot of good would result. Nesting birds are a delight and a charm, where as the others are purely pests. We would advise all users of 22 rifles to be very careful to have a clear way when firing. A bullet from a 22 rifle was the cause of the death of a young lad in the Co. Cork, a few days ago.

DRAW.

The Draw for bicycle at Durrrow will be held at Ballinroad School, on Sunday night, May 26th., at 10 p.m. A Draw for a prize of £2 will also take place on the same occasion.

SPECIAL DEVOTIONS.

The Special Triduum devotions ordered by our Holy Father for the Peace of the World and to mark the closing of the Holy Year were attended by a huge congregation at the Parish Church, Dungarvan. On Sunday evening the Holy Hour ceremonies were conducted by the Rev. P. F. McGrath when the attendance was very large. The whole proceedings were most edifying and in keeping with the

deep religious fervour of the parishioners.

ROAD CYCLE RACE.

West Waterford wheelmen opened their active season on Sunday last with a Road Cycle Handicap Race from Affane Cross to Dungarvan, a distance of about 10 miles. Seven competitors faced the starter and it speaks well for their tenacity that every one of them completed the course. Charlie Guest of Lismore (Champion of Munster) filled the place of honour and with starts running out to three minutes an interesting race was assured. Approaching Cappagh the limit men Flynn and Casey had nearly a quarter of a mile of a lead with the others riding in a bunch. At Ballylemon cross the Lismore man had come up with the others, but it was not until the Master McGrath Monument was reached that the main body of competitors got on level terms with Casey and Flynn, and so they raced neck and neck until they reached O'Connell street, where Charlie Guest raced to the front closely followed by another Lismore man George O'Brien, but Matt Devereux, of Waterford, was there and succeeded in getting second place by half a wheel. McGrath of Two-Mile-Bridge was fourth and the other competitors who finished were: Gerald Daly, Waterford; Casey, Ballyin and Flynn of Ballymacmague. Favourable weather conditions induced scores of spectators to witness the event from many points of vantage along the route and their curiosity was fully satisfied.

MR. P. J. LITTLE, T.D.

Mr. P. J. Little, T.D., Parliamentary Secretary to the President has returned from Lourdes where he represented President de Valera at the Solemn Triduum for Peace.

FARMERS' BUTTER NAILED.

In the Dail this week the Dairy Produce Bill was discussed and it was stated that when the Act is passed no farmer can sell more than 5 lbs. butter unless he pays a levy. The farmer must be registered or the purchaser must be registered. In any event a levy of 4d. per lb. must be paid. The result will be that farmers' butter will become a lost industry and the pride of our dairymaids will be gone into the abyss to join so many other of our long lost glories. If all these changes really meant that our farmers would be more prosperous and their lives happier and more contented it would be highly approved, but in the present state of affairs it is very hard to see how the tremendous benefits promised are going to materialise. It is proposed to establish a central marketing system to enable Free State producers to compete with cross-Channel producers.

GOLF.

A Flag Competition for 24th ult. in which 24 competed. The winner was Mr. McAdoo, with Mr. C. J. Murphy, runner-up. On Wednesday evening a similar competition was held for Ladies, the winner was Miss A. Dempsey, and the runner-up Miss Mullins.

RESULT OF DRAW.

The result of the Draw for the Dungarvan Technical School Hurling and Camogie Club was First prize, Ticket No. 603; second prize, 1206; third prize 531.

IRISH-BRED COLT WINS THE GUINEAS.

The 2,000 Guineas Classic race (net cash value £9,000) was won on Wednesday by Bahram, owned by H.H. the Aga Khan. Bahram is by the well-known Irish sire Blam'ard. The same owner's Theft by the Co. Kilkenny sire Tetratema was second.

HOME ON HOLIDAYS.

Rev. David A. Dee, son of Mrs. Dee, Church street, Dungarvan and brother of Mr. M. Dee, A.O., is home from Brisbane on a holiday. His many friends wish him a pleasant sojourn in the old land after his labours so far down south.

EGGS AND ORANGES.

Under a recent trade agreement signed between Spain and the Free State, the latter is to send eggs to Spain in exchange for oranges. It is expected in this way to dispose of some of the surplus egg supplies in the country at the moment.

HAPPY DAYS COMING.

On Tuesday the Vocational Education Committee, accepted the tender of Kavanagh Bros., Clonmel, at £8,939 to erect a New Technical School at Fair Lane, Dungarvan.

The Co. Council Offices are also being extended at a cost of £5,000.

The Urban Council have long since accepted tenders for about 10 acres of land on which to erect over a hundred houses for the workers. In addition numbers of private houses and bungalows are being erected or projected all round the Urban Area, so that a bright season is developing for those willing and anxious to work. All these buildings will in a short time alter the face of the old town very much.

G. A. A.

In connection with the Munster Senior and Minor Football Championships between Waterford and Clare at Dungarvan, on Sunday, May, 12th, a special excursion train will leave Waterford at 12.30 p.m. Calling at intermediate stations and arriving at Dungarvan at 1.40 p.m. Returning at 7 p.m.

Secure Your Health by Eating POWER'S Brown and White Bread. Power's Bakery, 18 O'CONNELL STREET, DUNGARVAN. PHONE-17.

DEATH OF MRS. McGRATH, BALLINAMEELA.

We regret to announce the death of Mrs. Joe McGrath, wife of Mr. James McGrath, Ballinameela, which occurred in Cork, on Tuesday last after a brief illness fortified by the rites of the Church.

The late Mrs. McGrath, was a member of a highly respected Clashmore family and was a lady who had won the esteem of all who knew her for her many endearing qualities. Gentle and unassuming, she was held in the highest esteem by all who knew her and to her respected husband and young family the deepest sympathy is extended.

On Wednesday evening the remains were removed to the Parish Church, Clashmore. The cortege was a most imposing one and was one of the largest seen for many years, people coming from near and far to pay a tribute to her memory.

On Thursday there was Requiem Office and High Mass for the repose of her soul. The celebrant was Rev. D. Power, C.C., Aghish. The other clergy present were—Very Rev. J. Gleeson, P.P., Aghish; Very Rev. P. Murphy, P.P., Clashmore; Rev. J. Rea, C.C., Rev. D. A. Dee, Brisbane; Rev. P. Walsh, C.C., Clashmore; Rev. J. McGrath, C.C., Fenor.

The attendance of the general public was very large. Subsequently the interment took place in the adjoining graveyard. The chief mourners were: James McGrath, (husband); David, Jack, Ml. Renny, Paddy and James (sons); Mary (daughter); Mrs. D. McGrath, (sister); Mrs. A. Dee, (sister-in-law); D. McGrath, (brother-in-law); etc., etc. A number of Mass Cards were laid on the coffin.

AMERICAN AND IRISH GOODS At a meeting of the Council of the Federation of Irish Industries, Ald. Byrne, T.D., Lord Mayor of Dublin, discussed his recent tour in the United States and gave some interesting facts on how Irish goods could be purchased there with great advantage.

The Lord Mayor congratulated the manufacturers of the country on their courage, initiative, enterprise and confidence in the country in what they had done for the last few years. He made it clear that Mr. McWhite and Mr. McAuley of the Free State Legation, had been engaged on the work of directing attention in America to Irish products long before his visit, and were doing Trojan work and making thousands of friends for Ireland across the Atlantic. The publicity given in the matter should be given equally to these officials, who were real live workers looking after the interests of Ireland. In the near future, with the powers of President Roosevelt got from the Legislature to alter tariffs and give reciprocity, he thought the adverse trade balance now existing between the U.S. and the Free State would be redressed at least to the extent of over two millions a year. When that point was reached they might successfully negotiate for a dollar agreement in the trade between the two countries. As the Mayor of one of the States said in answer to the representations made to him: "Lord Mayor, what you are asking for is a fair swap for your country." That Mayor promised to do his best, to see that Ireland would get the fair swap, and more than that, special terms. The Lord Mayor went on to say that he was truly amazed as the responses he got to his campaign for support for Irish industries in America and Canada, and the encouragement. He had often made the same appeal six times a day, for there were never less than two luncheons and two dinners, and the method of getting a speech heard far outside the immediate audience was ingenious. A microphone was put into your hand, and you found that you were addressing many millions of people throughout the States and in Canada.

It had been admitted in Philadelphia, Boston, New York and other teeming centres of population, that Irish goods were certainly the best imported, but in a friendly way it was pointed out that they were not sent in an attractive style so that they could be effectively displayed. At Smith and Governor Whelan had spoken of this little difficulty there should be in getting show window displays and agents in a campaign to push Irish goods. There was every evidence of an anxiety to help. Various suggestions had been made, and any criticism offered was friendly. Agents were ready to offer stores for exhibitions and to put travellers on the road. The trouble appeared to be to get Irish goods over, and he thought special arrangements could be made for low freights, with a promise of increasing business. The organisers of the St. Patrick's Day Parade in New York were most enthusiastic and hoped next year to have only Irish goods prominently shown in the parade, which took 3 1/2 hours to pass. Advertising in the Irish centres of population in America and Canada should also bring results, and it had often been said to him that many of their emigrants would be glad to pay more for suits of Irish tweeds or homespuns for the honour and glory of being clad in articles made at home.

ROAD TRANSPORT BILL

The text of the Road Transport Bill, 1935, has been issued. It is a Bill to amend the Road Transport Act, 1933, and the Road Transport Act, 1934, and to control the importation of certain mechanically propelled vehicles which are being used for the carriage of passengers or merchandise. It proposes to enact a variation of standard lorry weights as follows:— Where the standard lorry weight for a licensee under a merchandise (existing carriers') licence is less than two tons, the standard lorry weight for such licensee for the purposes of the principal Act shall be and is hereby increased to two tons, and the Minister shall on the application of such licensee make such amendments in such licence as may be necessary to give effect to the following provisions:— Whenever any person (a) who is the licensee under a merchandise existing carriers' licence for whom there is a standard lorry weight and, (b) who claims (i) that the body of any lorry the unladen weight of which is included in such standard lorry weight has been replaced by a body manufactured in Saorstát Eireann and (ii) that as a result of such replacement the unladen weight of such lorry has been increased, applies to the Minister for a direction under this sub-section, the Minister may, if he thinks fit and if he is satisfied that such claim is well founded, direct that that standard lorry weight for such licensee shall be increased by a weight equal to the difference between the unladen weight of such lorry before such replacement, and the unladen weight of such lorry after such replacement, and if such direction is given the standard lorry weight for such licensee for the purposes of the principal Act shall be the standard lorry weight as so increased, and the Minister shall make such amendments in such licence as may be necessary to give effect to such direction.

YOUGHAL URBAN COUNCIL

Present—Messrs. R. C. Farrell, Vice-Chairman, presiding; M. Ahern R. Power, W. O'Sullivan, T. Beausang, E. P. Lynch, J. Daly, D. McCarthy, T. Murphy, R. Savage, J. Whelan, M. D. Broderick, M. Cashman.

I.T. & G.W. Union

The I.T. & G. W. Union applied for the use of the Ball Room to hold a Ceilidhe on 12th May. The application was granted.

Acknowledgments

Mr. M. Foley, P.C., Knockmonlea, wrote on behalf of his family and self, conveying their sincere thanks for the Council's kind vote of sympathy on the death of his wife.

A letter was read from the Bishop and Clergy of the Diocese of Cloyne, thanking the Council for their kind message of sympathy on the death of the late Most Rev. Dr. Browne.

Mrs. C. Bransfield, Meatsambles street, wrote thanking the Council sincerely for their vote of sympathy on the death of her husband.

Condolence.

Mr. Daly, proposed a vote of sympathy with the widow and family of the late Mr. Daniel Fitzgibbon, senr. Mr. Beausang, seconded.

Messrs. Whelan, Broderick, the Town Clerk and others associated themselves with the proposition.

The Chairman said they all regretted the occasion for that proposition. It was sad to see the old landmarks disappearing one by one.

The proposition was passed in due form.

New Stamp Duties

The Clerk read a letter from the Department in connection with the new Stamp Duty, stating that the figure of £3, mentioned in their previous communication was correct.

Coach Bungalows Banned

Mrs. H. O'Meara and Mr. D. O'Sullivan, Dyke Parade, Cork, applied for permission to erect bungalows on the lands of Mr. O'Hanlon, Dysart.

A similar application for the placing of three on his own lands was received from Mr. O'Hanlon.

The three applicants stated they would comply with all the Council's requirements.

The Clerk said the intention was to use the coaches as houses during the summer months.

Mr. Ahern said since the previous meeting three of those Railway carriages had been put up inside the Urban bounds in defiance of the Council's refusal to give permission.

The sanitary arrangements in those cases must be very primitive and would, therefore, do serious harm to the good name of the place as a seaside and health resort.

If allowed they would encourage the erection of proper buildings in the vicinity. The ratepayers on the Strand strongly objected to them.

If the Council submitted to their authority being flouted as had been done, the place would soon be occupied by a large number of those undesirable things. He appealed to the whole Board to uphold the authority of the Council in the matter.

Mr. Power said to prevent Mr. O'Hanlon from putting those coaches on his own land would be the worst form of landlordism.

The Clerk said the Council had and must exercise control on all kinds of erections within their jurisdiction.

Mr. Whelan agreed with Mr. Ahern. Those people put up the coaches and then came along and ask permission.

Mr. Power said it was ridiculous to object to them as being eyesores.

Mr. Savage said he understood that a Town Planning Bill would soon be introduced—the sooner the better. Those "tin shanties" were a perfect eyesore and should not be allowed.

Mr. Daly suggested that the question be referred to the M.O.H.

Mr. Murphy asked what about the bungalows already there.

The Chairman said that question was not before them.

After a further protracted discussion, a poll was taken with the following result—

For refusing all applications of the kind—Messrs. Whelan, Savage, McCarthy, Broderick, O'Sullivan, Ahern, Cashman and the Chairman—8.

For referring the matter to the M.O.H.—Messrs. Daly, Lynch, Power, Beausang, and Murphy—5.

All applications were therefore rejected.

The Military Camp

Mr. Lynch said he read a report of a previous meeting in the "Cork Examiner" where it was said under a big heading that Summerfield was selected as a Camping Ground by the military. He would like to know whether that was so.

The Chairman—What is your point? Mr. Lynch—My point is that Summerfield wasn't selected.

The Clerk read the correspondence that had been received.

Mr. Lynch—That does not say that Summerfield is selected.

The Chairman—Summerfield is certainly mentioned. That is all I know.

Mr. Daly—The question is still under discussion.

Mr. Lynch asked on whose authority the military were officially notified that the Council would extend the water main to the Camp.

The Clerk said the military received no official notice of the kind.

He then read the letter written to the military, showing that the Council

had offered to erect a standpipe for their convenience at the termination of the main.

YOUGHAL COUNCIL—TWO. Mr. Lynch—They are misled about this pipe?

The Clerk—Who misled them? You said "officially."

The Chairman—We are only wasting time.

The subject then dropped.

Front Strand Road

A letter was read from the Co. Surveyor, regarding the condition of the Strand Road and the Council's complaint that the Co. Council's contribution for its upkeep was inadequate.

The estimates for the current year had been already fixed and could not be altered.

At the Clerk's suggestion, it was decided to keep the road for the year and to repair it as well and as speedily as possible.

LISMORE HURLING CUP TOURNAMENT

At Lismore on Sunday next, the second round of the Lismore Hurling Cup Tournament will be played between Lismore and Dungarvan. A thrilling game is assured to all patrons of the hurling game as both teams are now in training for the coming championships.

Sires for 1935.

Over 400 varieties Carter's Choice Flower Seeds every known variety.

HARPUR BROS., Seed Merchants, WATERFORD.

YOUGHAL NOTES.

SUMMER—The weather for the past week has brought a forecast of summer, culminating last Sunday in a really perfect day. A brilliant sun shone throughout in a cloudless sky.

Indeed to those who complied with the advice of the old saying—"cast not a clout till May is out" it was rather too "brollialach," and were it not that a delicious breeze blew in from the sea, it would have been too hot to be wholesome. There was an influx of motorists on the beach at Youghal, and on the lawn at the Hotel Monatrea, while quite a number of hardy "roosters" took a plunge in the briny, despite the other old saying—"April and May keep out of the 'bay," June and July swim till you die."

Another sign of the approaching summer season is the importation of a number of disused railway coaches, intended as "residences" during the summer months. The matter has been before the Urban Council and they have refused permission for their erection, application being made after some were put up. One member ridiculed the suggestion that they would be "eyesores," another objected on the grounds of sanitation; another alleged it was an unfair competition with householders on the Strand who had to pay heavy rent, rates and taxes. As will be seen by the report of last week's meeting, 8 voted against them while 5 voted for referring the question to the M.O.H. Whatever may be said in their favour, they will hardly enhance the beauties of a spot—"Where every prospect pleases, and only—"

VACANT HOUSE—For some time past the Council has had under consideration the letting of one of the new cottages at Gallagher's Terrace, and unable to come to a decision, they referred the question to the L.G.D., a couple of times. At last week's meeting the following letter was read from the L.G.D.—"With regard to your question as to the eligibility for the higher subsidy in respect of a new house allotted to a person who went into occupation of a house in one of the areas in respect of which a Clearance Order had been confirmed, prior to the date of his entry into occupation, I am to state that such person cannot be regarded as having been displaced by any operation of your Council under the Housing of the Working Classes Act, a necessary qualification for the subsidy."

During a protracted discussion which took place on the letter, it was stated that the amount of subsidy involved was £200, and the Council decided finally to await the result of the coming Inquiry.

TECHNICAL SCHOOL GAMES—In addition to the many useful and practical subjects taught at the Technical Schools, Irish sports and pastimes form a prominent part of the training of the youth. The boys having a Hurling Team and the girls a Camogie Team. On to-day (Saturday) the Cove School Camogie team will arrive to try conclusions with the local school team, and an interesting contest will result. The match will be played in the Gaelic Sportsfield at Copperalley.

THEFTS—For some time past we have been pretty free of acts of theft, but unfortunately there have been two striking exceptions of late. A local gentleman brought a practically new umbrella to church on a wet Sunday. When he went to pick it up after service, he found his own gone and a worn out feminine article tied with a rag left in its place. Surely this couldn't be a mistake on the part of the lady owner. Sometime ago a lady's umbrella disappeared in the same place. It was returned a month or two later, very much the worse of the wear. It is quite a common practice to leave bicycles outside houses and as a general rule with safety, but on last Sunday night, a fine new machine disappeared mysteriously and has not since been found or restored. It would, therefore, appear that persons must exercise more care regarding their bikes and "brollies."

MILITARY CAMP—Although it would appear from statements made by members of the Urban Council that matters have not been definitely settled regarding the local camp for the training of Volunteers, it is said on pretty good authority that Youghal has been selected as one of the training stations and that some 700 or 800 men will be here during the months of July and August. The old British Military Range known as "The Butts" will be made use of. In all probability, therefore, the camp will be situated somewhere in the immediate neighbourhood, quite convenient for shooting and swimming. Some time ago the Council offered the authorities the use of portion of the Market House. We may therefore, look forward to an invasion of "bould soldier boys" in about two months' time.

STARVING FARMERS

"NOT EATEN A BIT OF MEAT FOR TWO YEARS."

Before District Justice Gleeson, at Ennis District Court, Mr. Michael McMahon, rate collector, processed a number of farmers for non-payment of rates.

When the case of John Clune, Ballymakham, Quin, was called, the defendant, who owed £10 14s. 10d., said that he and his eight in family were

No. 226—

SPORTSMEN OUT OF WORK

LITTLE DOGS ON SHORT LEGS

By "PHILOKOUON."

FEW breeds have made more progress in the show world in the last few years than have dachshunds, which are also again getting distributed among the general public. In later Victorian and early Edwardian days smart women liked to have one of these little oddities running behind them in the London parks or West End, possibly taking the fashion from Queen Victoria, who was much attached to them on sentimental grounds.

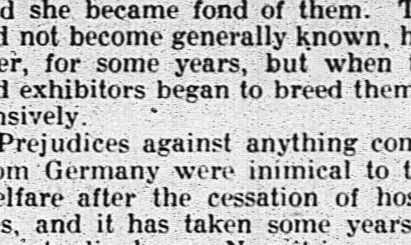

Soon after the marriage several were presented to her by German and Austrian friends of the Prince Consort, and she became fond of them. They did not become generally known, however, for some years, but when they did exhibitors began to breed them extensively.

Prejudices against anything coming from Germany were inimical to their welfare after the cessation of hostilities, and it has taken some years for them to die down. Now it is recognised that the dogs were not responsible for their origin, and in any case we can claim to have had a share in their making, for a club to foster their interests was established in England before any similar organisation had appeared in Germany, and we were the first to show them. To-day they are getting among the foremost of the show breeds. At a show in London last week over 500 entries were made, and many visitors dropped in to Tattersalls to have a look at them. For many years we were content with the smooths, which became favourites on account of fine glossy coats, which shine like satin, and are no trouble to keep clean.

A few years ago some of the Alsatian breeders began to import the wire-haired, which is a variety probably made by crossing the smooths with Dandie Dinmonts. More recently still came the long-haired, which some think are older than the smooths. They have more dachshund character than the wires, and are distinctly attractive with their beautiful coats and flagged tails. It is possible that they have a prosperous future before them. They are usually a little bigger than the others. For some years the tendency has been to get the smooths smaller and smaller, and now we have also the miniatures, weighing not more than about 10 lb., in both smooths and long-haired. As there are not many of them they are expensive.

It does not matter which variety one has, they are all genuine sportsmen, and it is a pity that we cannot find work for them to do. Air Vice-Marshal Sir Charles Lamb does work his little pack of wires in Dorset. They will go to ground after vermin, and, unlike terriers, they will also hunt game above ground. In Germany the miniatures are used to drive game-birds out of the undergrowth, a duty in which they excel, and they are also tiny enough to enter a rabbit burrow. Dachshunds are, indeed, general utility dogs, and among other things are said to be expert ratfers, having powerful jaws for their size and strong teeth.

This chat is issued by THE TAIL WAGGERS' CLUB OF IRELAND, 23, Old Abbey Street (off Marlborough Street), Dublin, C.8. The Club will be pleased to answer any enquiries submitted by Tail-Wagger Owners in connection with canine hygiene and welfare.

CRISP MEATY CRUNCHY MUNCHY That's why SPRATT'S OVALS are the most popular dog biscuit in the world.

actually starving. He had a loan of a cow from a neighbour for some time, but even that had now gone back. He had not eaten a bit of meat for the past two years, and his children had to walk to school every morning after eating dry bread at their breakfast. A bit of dry bread was all they could receive for their lunch as well.

Mr. McMahon said there was no doubt about it the defendant was actually starving. There is another farmer named William Clune, who is starving also, and a man named Daniel Clune, who has two old cows worth only about £1 a-piece. Yet I have to process them.

The Justice said he had to give decrees, but of course in cases where there was nothing to seize, the sheriff would make a return of "no goods."

CUSTOMS DUTIES

IMPORTED BUTTER, CHEESE AND DRIED MILK

ARTIFICIAL SILK HOSE

Emergency Imposition of Duties (No. 66) Order, 1935.—The importation, save under licence from the Minister for Agriculture of butter, cheese and dried or powdered milk was prohibited by the Dairy Produce (Price Stabilisation) Act, 1932, and regulations made thereunder. That Act has now expired, and in order to continue restriction on the importation of these substances the following Customs duties have been imposed by the Emergency Imposition of Duties (No. 68) Order, 1935, on imports on or after 27th April, 1935, viz., 1s. per lb. on butter, 1s. per lb. on cheese, and 2s. per lb. on dried or powdered milk other than that imported in a package containing not more than 2lbs. of such milk on which the existing duty (if any) will be charged.

The duty specified will be chargeable unless importation takes place under and in accordance with a licence granted by the Revenue Commissioners after consultation with the Minister for Agriculture.

Control of Imports Act, 1934.—Order appointing the second quota period and quota in respect of silk and artificial silk hose and half hose subject to Control of Imports (Quota No. 42) Order, 1935. In connection with the quota order under the Control of Imports Act, 1934, which relates to hose and half hose of silk, artificial silk, or a combination of silk and artificial silk, a further order was made by the Executive Council yesterday.

Under this new Order the period beginning on the 1st June, 1935, and ending on 30th November, 1935, has been appointed as the second quota period, and the quota for the period has been fixed at 725,000 pairs of hose and half hose of the description to which the quota order applies.

CONSTITUENTS OF FEEDING STUFFS

AMOUNT REQUIRED BY STOCK

Ignoring their mineral content, the valuable constituents of any feeding stuff, whether home-grown or purchased, consist of:—

(1) Carbohydrates—a group of substances which include materials such as starch, sugar, etc. They supply heat or energy to the animal, and the surplus is stored by the animal as fat.

(2) Oil—which also provides heat or energy, the surplus being stored as fat. For this purpose oil is, approximately, 2½ times as valuable as the carbohydrates, but its presence in the ration in excessive quantities may lower the digestibility of the ration and cause digestive troubles.

(3) Protein—The group of bodies termed protein or albuminoids contain nitrogen. Protein is the only ingredient of a feeding stuff which can produce flesh or muscle and hence its special importance.

All animals require a certain amount of each of the above constituents but the relative amounts depend upon the class of stock. Thus, for example, a two-year-old fattening bullock requires a relatively small amount of protein (flesh-forming material). Its ration should consist mainly of foods rich in carbohydrates, i.e., fat-producing substances. On the other hand, a dairy cow is producing milk, which is a substance rich in protein, and as the protein—that is, flesh-forming material in milk—can only be derived from the protein in the food, the ration for the dairy cow must contain considerably more protein than that for the fattening bullock—Northern Ministry of Agriculture.

Grass Seeds for Permanent Pastures.

We are in the extremely fortunate position this Season of having purchased our Seeds last October, when prices were at their lowest and all our seeds will be of the usual high standard quality.

We are making a very special endeavour to cut the prices to the finest possible margin and our permanent pasture mixtures will be offered at very keen prices for acres.

We are the sole Agents for Waterford & District for Carter's Celebrated Seeds.

HARPUR BROS.,

The Rock of Cashel

The Rock of Cashel, originally known as Sio-Duinn, that is Fairy Hill, was in pagan times the dun or castle of the Eoghanach Chiefs of Munster.

Cashel (the word denotes a circular fort) later became the capital of Munster, whence its title "The City of the Kings," this dignity it held until 1100 A.D. By the time of St. Patrick it was the site of a celebrated court like Tara and Armagh.

About 450 A.D. St. Patrick preached at the royal dun of Cashel and converted King Aengus. Chronicles relate that while the saint was performing the ceremony of baptism, the spike of his crozier accidentally pierced the king's foot. Aengus, who believed that this was part of the rite, bore the painful wound in silence.

Brian Boru fortified Cashel in 980 A.D.

In 1100 A.D. Murrugh O'Brien, king of Cashel, made a grant of the "Rock" with the surrounding territory to O'Dunan "noble bishop and chief senior of Munster."

In 1127 A.D. Cormac MacCarthy, king of Desmond, erected a church on the "Rock" close to his palace; this is now known as Cormac's Chapel. Later, Donald O'Brien, king of Limerick, built a more spacious church beside Cormac's Chapel, which then became a chapter-house.

On the Rock of Cashel stands one of the most perfect examples of ancient Irish architecture. Adjoining it are such precious historical remains as the Coronation Stone of the Munster kings.

The Rock of Cashel represents a monument of Irish greatness, and remains a just source of

"National pride"
