Price 2d.

**DUNGARVAN URBAN COUNCIL.**

Mr. M. Morrissey, Chairman, presided at the weekly meeting of the above on Friday. Also present—Messrs. P. O'Dwyer, J. Mansfield, J. Dahill, J. F. Foley, J. Christopher, J. J. Crotty.

**PAYMENTS**

Paysheets amounting to £4 17s. 6d., on the Water Improvement Account and £10 5s. 5d., on the general account were approved and cheques for the amount passed.

**STONEBREAKING**

Mr. O'Dwyer, asked the B.S., why some stonebreakers were stopped work for about a fortnight while others were working. The B.S. said he stopped them all so that the men could have a fairer divide when enough stock would be out. Mr. O'Dwyer said the men who were longest stopped should be taken on just now.

**CLEAN UP FOR CARNIVAL**

Mr. John Griffin, Strand Hotel, Abbeyside, wrote asking in view of the coming Carnival, to have the channel way opposite his premises cleaned. Mr. Dahill—That place is not bad. I saw it last night. B.S.—No, it is not bad, still I will send a man there.

**CEILIDHE**

Mr. Thos. Kyne, Secretary, wrote on behalf of the Dungarvan G.A.A. Club, asking the use of the Hall for a Ceilidhe on Wednesday, July 10th., to celebrate the Golden Jubilee of the Dungarvan G.A.A. Club. Permission was unanimously granted.

**SLAUGHTER HOUSES**

Dr. Casey, M.O.H., and Mr. R. P. Byrne, V.S., appeared before the meeting in connection with the licenses for slaughter houses in the Urban Area.

Chairman—Dr. Casey made certain recommendations in his report at one time regarding slaughterhouses and the Council are anxious to know if the recommendations are now carried out. Dr. Casey reviewed the report referred to and recommended the Council to issue licenses to all the butchers pending the enforcement of the Meat Inspection Order.

The Council granted licenses to all the butchers. Messrs. Queally and Morrissey to give an undertaking that other animals would not be kept. Dr. Casey said he would prefer to see a Public Abattoir for the town as it is impossible for the officials to carry out their duties properly under present circumstances.

Mr. Byrne, V.S., replying to the Chairman, said the most of the recommendations were carried out. The butchers did their best, and it would be unfair to put them to very big expense if there is a possibility of a Public Abattoir being established in the town.

**SHANDON WELL**

The B.S. reported that as directed by the Council, he saw Mee. Curran, in connection with the proposed railing round the well at Shandon. He suggested that the Council would protect the well from pollution with a few concrete blocks and a slab. Mr. Curran had no objection to this, so he asked the Clerk to write Mrs. Kelly (landlord) for the necessary permission, but the reply did not yet come. The report was approved.

**CLEARANCE AREA**

The Minister for Local Government and Public Health, wrote regarding the demolition of houses included in the Compulsory Land Purchase Order, and pointed out it is incumbent on the Council to ensure that every house included in the Confirmed Order is demolished and the site thereof cleared and levelled.

Chairman—How do we stand? Clerk—The Department some time ago wrote for particulars and were given the numbers demolished and the numbers cleared.

Chairman—How are we to proceed further? Clerk—It must be done legally. Everything up to this was done legally and he thought the Council should not deviate now. The letter was referred to the solicitor.

**RUBBISH ON STREETS**

Mr. Dahill referring to the estimates passed at the previous meeting said that now is the time to start saving. Chairman—The sooner the better. Mr. Dahill—Every merchant or employer when work gets slack lets some men go. We who have the using of the ratepayers money in our hands should do the same. The summer before last the Council had only two surface men engaged, but last year there

**WATERFORD CO. BOARD OF PUBLIC HEALTH.**

Mr. Commissioner Moynihan, sat at the Boardroom, Co. Home, Dungarvan, on Wednesday last and dealt with matters arising under the Board of Health.

Mr. O'Farrell, Co. M.O.H., and Messrs. Jephson and Doyle, Engineers, were also present.

**LETTING OF COTTAGES**

The following cottages were let—Kilcaragh, Mark Ahearne, Waterford; Kilaragh No. 2, Patk. Power, Ballynatten Gales, Patk. Veale; Coolnacoppog, Wm. Power; Westtown, Kilmaclegue, J. Furlong; Killure, Waterford; Lissarrow, Wm. Gowen, Grange.

In connection with the Lissarrow cottage a report was read from the collector stating that the late tenant Josie Lenane, took the ceiling boards off the bedroom and kitchen and a roof off an outhouse before handing over the key. She claimed the right to do so because she had done the work. The Commissioner made an order placing the matter in the hands of the Guards if the property is not returned within one month.

It was decided to re-advertise the following cottages—Knockdrumlea, Ballinroad and Poulavone. An applicant for the Poulavone cottage named P. Crotty, appeared before the Commissioner and said he was a single man.

Commissioner—We can't give a cottage to a single man. Crotty—I am paying the rent of the acre for the last 17 years.

Commissioner—I am afraid we can't give the cottage unless you are prepared to change your station of life. Crotty—I won't then, until the times get better anyhow (laughter).

**WATER**

Mr. Jephson, Engineer, was directed to prevent pollution of a well on the lands of Mrs. Mullins, Pembrookstown, which is used by three families, by having a railing erected.

**GLENDOG WATER SUPPLY**

Mr. Ballot, Ballinamuck, and Mr. J. Lynch, Ballyduff, appeared before the Board in connection with the shortage of water to their premises.

The caretaker of the supply was also present and detailed the steps taken by him to give Mr. Ballot an increased supply by cutting off the supply at night to Ballinamintra.

After various suggestions, an order was made to shut off the supply from Carriglea Convent for a few hours each night if necessary, or three nights a week if sufficient, pending a detailed report on the whole supply from Mr. Doyle, Engineer.

**CAPPOQUIN WATER SUPPLY**

Mr. Doyle, Engineer, reported on his inspection of the Cappoquin supply.

An order was made that new filtering material (gravel and sand) be put in the filter beds, and the Secretary was directed to caution the caretaker as to the proper scouring of the pipes.

**BALLYMACARBERY WATER SUPPLY**

In Mr. Doyle's report on the above supply, certain improvements at the head works were suggested, and it was decided to have the suggestions carried out.

**ARDMORE LAVATORY**

The Commissioner decided on a report from Mr. Doyle, Engineer, to defer consideration of the erection of a public lavatory at Ardmore, pending

were three. That was an additional expenditure of £104.

Dr. Casey referred to the rubbish blowing about the streets from refuse bins, and said people don't care how they put out the refuse for the scavenger. He also suggested that a canvas frame be attached to the scavenger cart to prevent the refuse from being blown from it. People should be prevented also from sweeping on to the street. At one time they could be brought to court for doing so.

Chairman—We have adopted a by-law covering that, and when it is approved by the Department, anyone putting out refuse without a proper container can be prosecuted.

Mr. Dahill said the men go out in the morning sweeping the streets and have to go over the same ground in the evening. He suggested that the sweeping be done in the evening.

The S.S.O., agreed with Mr. Dahill, and said the men should sweep the side streets in the morning and the principal streets when the market was over.

**10/- PER SQUARE YARD**

Mr. Bowen, County Surveyor, wrote granting the Council permission to open the road at the Burgery and informing them that the cost of re-surfacing would be 10/- per square yard.

**the completion of the proposed water scheme.**

A similar ruling was made on the application from residents in Dysart, Ardmore, who have a supply convenient at the Coast Guard Station.

**CASTLEQUARTER (Ballymacarbery) SUPPLY**

Mr. Doyle also reported on the proposed supply to the above village, where nine families reside.

The report stated that a well a mile away at a much higher altitude could be piped to the village at a cost of about £150. Another well on Mr. Mulcally's land is more convenient to the village, but could not be piped as it is on a lower level than the village.

The matter was deferred, and Mr. Doyle was instructed to see Mr. Mulcally with a view to getting a right of way to the well in his lands. Also to make tests at the other well during the dry season.

**CARETAKING LISMORE SEWERS**

There were six applications for the above job.

Mrs. O'Donnell, who held the position, wrote asking to be allowed continue, as she kept a permanent competent man at a weekly wage.

In connection with the appointment the following was read from Mr. Bowen, Co. Surveyor—I note from the Press that the Board of Health propose to appoint a caretaker of sewers at Lismore and Cappoquin. Might I suggest that these appointments be deferred pending the change of Engineers. The appointments would not fit in with the organisation I have in mind when I get charge of these matters. In fact I doubt very much their utility or value at any time.

The matter was accordingly adjourned.

**TRAMORE BURIAL GROUND**

The following tenders were received for the building of the new boundary wall enclosing the new burial ground at Tramore—P. Costen and Son, Waterford, £280; R. B. Nolan, Waterford, £200; H. and A. Hamilton, Waterford, £700; E. Fitzpatrick, Carragballinlea, Carrick-on-Suir, £230.

The tender of P. Costen and Son was accepted.

**BUILDING OF COTTAGES**

The tender of Thomas Mulligan, Carrigeen, Kill, for the erection of 5 cottages in the Kilmachthomas and Waterford No. 1 area at £1,219 was accepted.

**TENDER FOR HAY**

Mr. Jas. Bennett, Ballysaggart, Lismore, tendered at £1 10s. for the hay in Lismore cemetery. The tender was accepted.

**COTTAGE RENT ARREARS**

The Department wrote with reference to the above, stating that the abstract of Cottage Rent Collection for May was before them. The Minister wish to point out that notwithstanding the Department's communication of the 15th on the subject the arrears of rent again show an increase in the areas of Messrs. Stokes, Walsh, Higgins, Broderick and Condon and accordingly the Minister requests the Commissioners observations on the matter.

That the collectors referred to be written to; that if substantial reductions are not made in arrears outstanding by the 30th September, the question of their further retention in office will be considered.

**DUNGARVAN DISTRICT COURT.**

Before Mr. Troy D.J., on Wednesday last.

**LIGHTS**

Guard Moloney, Ring, had the following prosecuted under the Lights on Vehicles Act—D. Mooney, Ballinamona, F. Terry, Ballygreen, Patk. Pendergast, Ardmore; Terence Mooney, Ballinamona; D. Mooney, do.; D. Morrissey, do.; M. Hubbard, do.; D. Doherty, Ballinastook; John McCarthy, Gurtinadiba and Patk. Cooney, Aglish.

The usual fines were imposed.

**COMING CARNIVAL**

Inspector Tobin, made application for an extension of the opening hours for licensed premises on the two Sundays 14th and 21st July, from 6 to 9 p.m.

The extension was granted.

**DUNGARVAN MARKETS.**

**Claim Against Bank**

**ACTION DISMISSED**

An interesting claim by Mr. Thomas Buckley, Farmer, Shanahill, Kilmachthomas, against the Kilmachthomas Branch of the National Bank to recover £200 balance alleged to be due by the defendants was heard by Mr. Justice Sealy, at Waterford Circuit Court on Tuesday, and after a lengthened hearing, the action was dismissed.

Mr. Walsh (instructed by Mr. G. A. Nolan) for the plaintiff, said that in March 1934, £700 was deposited by his client and his wife, Bridget, in their joint names, on deposit receipt. This sum formed part of £900 in their joint names, but a sum was withdrawn by them on the same day at the request of the plaintiff, leaving a balance of £100 on the joint current account. £700, which remained in the deposit receipt being withdrawn on October the third, to be applied to the defendants in the proportion of £200 to Bridget Buckley, and £500 to remain in the bank on deposit receipt in the joint names of plaintiff and his wife.

Mr. Buckley, counsel continued, placed the sum of £1,000 in the bank in 1922 in the name of himself and his wife, and various drawings were made of interest up to 1934. The capital, however, was not touched. In the latter year plaintiff conceived a notion that monies were not safe in Irish banks, and transferred £900 to the London branch of the National Bank, leaving £100 on deposit receipt in the Kilmachthomas branch.

His Lordship would be told, Mr. Walsh said, that as a result of an interview with the bank manager in Kilmachthomas on March 16th 1934, it was agreed that £800 would be placed on deposit receipt, and £100 to the credit of a current account. On May 5th, 1934, a current account was opened in the bank in the name of Thomas Buckley for £100, the deposit receipt remaining in the bank. On March 16th, 1934, plaintiff and his wife came to the bank to transact business in relation to the £900 on deposit receipt, but £100 was to be left in the current account. Instead of that, however, plaintiff and his wife took away £45, leaving £55 remaining in the current account. On March 16th it appeared there was lodged to the credit of the plaintiff £100 in the current account. There remained £800 to be accounted for.

Counsel having read the authorisation given by Thomas Buckley for his wife to transact business on the current account, went on to say that it should be observed that no authority was given in regard to the deposit receipt. The law, he emphasised, imposed on Banks the strict obligation that a deposit receipt must be regarded as non-negotiable, and the law demanded from any Bank which held a deposit receipt a strict duty in regard to them. It could not pay over to any person a deposit receipt even on the endorsement of the holder, except they were expressly authorised and satisfied that the person to whom they were paying the money had been authorised to receive it for a specific purpose.

The defendants counter-claimed as a set-off that the plaintiff owed them £140, but the bank already had a deposit receipt for £500. No doubt, said counsel, the Bank had a lien on deposit receipts in respect of monies due by the depositor, but it was unnecessary to introduce that paragraph in their defence except his Lordship came to the conclusion that Mr. Buckley was entitled to the £200, and that he would give the Bank credit for £140, by which they would save the costs of a £80 and a £200 action.

Mr. Walsh proceeded to explain that three weeks after Mrs. Buckley's death plaintiff was astonished to receive a request for the payment of certain Fire Insurance premiums, because he knew he had already paid them. He searched for the receipts and when he found them the matter was adjusted by the Insurance Company. But in the course of his search he came across the deposit receipt for £500. This also astonished him. When he lodged the £700 he put the receipt in a press in the house, which he locked and put the key in a secure place on the top of the press. When he did that the only person besides his wife (who was sick in bed) was Mrs. O'Callaghan, plaintiff's sister-in-law.

Under the Civil Service Commissioners the annual open examinations for at least 10 vacancies for junior executive officers and at least one post as Customs and Excise officer has opened in Dublin and other centres throughout the Free State. There are about 300 candidates.

**CIVIL SERVICE COMMISSIONERS.**

**TRANSFER OF POPULAR GUARD**—Guard Griffin, who had been stationed in various districts in the Co. Waterford for the past 12 years, was transferred last week to Cahirciveen, an Irish-speaking district, for which he is well qualified, as he is a fluent Irish speaker.

He came from the Depot at Cappagh 12 years ago where he spent 5 years, being later transferred to Ring, where he remained for another 5 years. Two years ago he was sent to Killenagh, Tellow, and in the various stations in which he served he was always known as a most courteous and efficient Peace Officer.

**BOOLA SPORTS**—The annual Cycling and Athletic Sports under N.A. & C.A. Rules will be held at Boola (Cappoquin) on Sunday, August 4th and promise to provide a great day's entertainment for all. Last year's meeting proved a wonderful success and showed that the sporting young men in charge knew their business and with that experience to guide them, everything points to this year's fixture being a still greater success.

The Committee intend giving costly prizes for this fixture, and these will be on show in the window of Mr. Sargent's Motor Garage before the Sports. All the popular cycling and athletic events will figure on the programme and the sports will be held on a carefully-prepared Grass Track, midway between Cappoquin and Mount Mellera.

**'BUS DELAYED**

The G.S.R. 'Bus which runs from Clonmel to Youghal via Cappoquin on Sunday's broke down on the home-bound journey at Cappoquin. A relief 'bus was sent for and that having arrived the 20 passengers proceeded home after having a very pleasant if enforced delay by the side of the Cornerstone.

**FALL IN PRICE OF PIGS**

The price of fat pigs, which had remained stationary at 50/- per cwt., for a couple of months at the Cappoquin Bacon Factory, showed a considerable decrease this week when the highest figure obtainable was 44/- per cwt., dead weight.

**'THE BRITISH MARKET**

To The Editor "Dungarvan Observer"  
 Dear Sir,—We have been told over and over by our present-day rulers that the British market is gone for ever. The figures submitted recently in the House of Commons by the Dominions Secretary, prove the contrary.

Exports from Canada to Britain in 1932 were of the value 43 million pounds, while in 1934 after the Ottawa Conference they had risen to 50 1/2 millions.

Australia's exports had grown from 46 millions in 1932 to 50 millions in 1934, and New Zealand from 37 millions to 40 1/2 millions.

Although our delegates went to Ottawa wearing tall hats and joined with the other Dominions in sending a message of loyalty to King George, they came back empty-handed. A golden opportunity was missed, and if full advantage was taken by our Government at the Conference, our Agricultural produce would to-day have free entry into the greatest market in the world. There would be no need for licences, or bounties. The farming community would be able to meet their obligations instead of being reduced to misery and starvation. The flying squads would not be required and the farmer would be spared the persecution and confiscation that is taking place to-day.

Hoping you will find space for this letter in your next issue.

COMMONSENSE.

**CAPPOQUIN NOTES.**

**SUDDEN DEATH**—A man named John Morrison, who was an employee of the Cappoquin Estate Company and resided in one of the new Labourers' Cottages at Ballynac, about 2 1/2 miles from Cappoquin, died under very sad circumstances on last Saturday.

Deceased had been working at hay near his house when he suddenly collapsed, and being immediately taken home he expired in a very short time. Rev. T. Dunphy, C.C., was urgently called and promptly motored to the scene, but the poor fellow had passed away.

While employed on the Cappoquin Estate, deceased proved to be a most honest and industrious worker who was held in the highest esteem by the Manager, and also by his fellow-workers, and his sad demise caused deep regret.

He was a widower, aged 62 years, and leaves three young children. As he had been under the care of Dr. Wm. White for some time past, an inquest was not considered necessary. The interment took place in Kilmolash graveyard.

**A DISTINGUISHED FAMILY**

A welcome visitor to this district is the Rev. Bernard Mangan, who is home for a short holiday from Minnesota, U.S.A. This popular young clergyman, who is son of Mrs. M. Mangan and the late Patrick Mangan, Carrignagour, Cappoquin, belongs to a family which has a distinguished record both in the Church and the Medical Profession. He is nephew of the late Fr. Bernard Mangan, an eloquent and eminent preacher in the Passionist Order, who was well-known on Missionary work in Ireland for many years and he is also nephew of the Rt. Rev. Monsignor Joseph Mangan and Rev. Dominic Mangan, both of whom have been in Minnesota for many years. He is brother of Dr. Peter Mangan, Chicago, whilst a younger brother, Dr. Francis Mangan, has only recently taken out his degrees as M.B., in University College, Dublin, while his sister, Miss Eily Mangan, is a B.A.

Father Bernard was ordained in the American College, Rome, in 1931, and afterwards he went to Minnesota, where his two uncles are. He now fills the important position of Professor in the Diocesan College there.

A young priest of saintly qualities and charm of manner he is a great favourite with all classes in the Cappoquin and Lismore districts, and his hosts of friends now wish him a most pleasant and enjoyable holiday amidst the invigorating and picturesque surroundings of his native Corrigaunour.

**TRANSFER OF POPULAR GUARD**

Guard Griffin, who had been stationed in various districts in the Co. Waterford for the past 12 years, was transferred last week to Cahirciveen, an Irish-speaking district, for which he is well qualified, as he is a fluent Irish speaker.

He came from the Depot at Cappagh 12 years ago where he spent 5 years, being later transferred to Ring, where he remained for another 5 years. Two years ago he was sent to Killenagh, Tellow, and in the various stations in which he served he was always known as a most courteous and efficient Peace Officer.

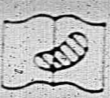

**LISMORE AND CAPPOQUIN COW-TESTING ASSOCIATION.**

At a meeting of the Committee of the above Association, on the proposition of Mr. R. Bell, a resolution of sympathy, all the members standing, was tendered to Mr. M. J. McGrath, in the sorrow he sustained by the death of his father. The meeting adjourned as a mark of respect for the late Mr. M. McGrath, and no further business was transacted.

**NEW P.C.**

Mr. Patk. Swaine, Merchant, Tal-low street, Youghal, has been appointed a Peace Commissioner. He is treasurer of the Youghal Fianna Fail Cumann and a fluent Gaelic speaker.

### Compensation Claim for Death of a Son

At the Dungarvan Circuit Court on Thursday, before Mr. Justice Sealy, K.C., Daniel McCarthy, Tallow, applied for compensation under the Workmen's Compensation Act in respect of the death of his son Edward, who was employed by the respondent Mr. A. O'Keefe, Tallow.

Mr. Budd, B.L., (instructed by Mr. T. K. Keane, solr., Youghal), appeared for applicant; and Mr. Maguire, B.L., (instructed by Mr. P. O'Connor, solr., Waterford), defended.

Applicant said in reply to Mr. Budd his son Edward was 19 years, and was employed by Mr. O'Keefe. His duties were that of a general farm labourer. He went to work with Mr. O'Keefe in May 1923 at a wage of 6/- a week and board. After a year his wages were raised to 8/- a week and about seven weeks before his death they were raised to 10/- a week. Witness valued the keep at 12/- a week. Respondent has a big farm. On the day of his son's death, witness was called and arrived there just after they had discovered his body in the drain. The surrounding land is what witness would describe as a moving swamp. The river Bride is near this land and is tidal. There were cattle on the land when witness got there. The cattle were put down there by day and removed at night. The area is eight to ten acres. Deceased was in the very best of health the night before his death which was the last time witness saw him alive. Witness collected all deceased's wages and put it to support the other children. The family including the deceased consisted of ten children and himself, his wife is dead. Their ages range from 24 to 6 years. Three were working and witness is getting 50/- a week at the Bride Valley Stores. A total of 68/- a week comes to the family from wages. That must support and clothe ten children and himself. As a result of the son's death he now had 58/- to expend on ten persons.

To Mr. Maguire, B.L.—Witness said when he arrived at Mr. O'Keefe's place about 1.30 p.m. he saw cattle on the land.

Mrs. Ronayne, Tallow, deposed to searching for the body with Patk.

Hartigan and others. He and Hartigan came upon the bucket and later found the body in the drain. He took measurements at the place and found the drain was 40 feet wide and six feet six inches to the solid bottom. There were about two feet of soft mud and two feet of water in the drain at the time the body was found, but earlier on there would have been four feet of water, as it is a tributary of the Bride which is tidal. They took the body which was under some bushes from the water. Where the body was found was eighteen feet from where they got the bucket. Witness thought the body was washed down under the bushes. In his opinion a person falling into the drain would be held there. Witness saw a horse held in it two days and nights. He knew the deceased who was a normal young man, about five feet seven inches in height. Mr. O'Keefe told them that the boy went for a bucket of water.

To Mr. Maguire—Witness knew the bog well, which is almost straight down from O'Keefe's house. The bucket was left on the bank and there is a gentle slope going to the drain. He found footprints leading towards the drain. The distance from the well to the drain would be about 400 yards. Patk. Hartigan, corroborated the evidence of the previous witness.

Mary Coughlan, who was a domestic servant at O'Keefe's at that time said the deceased after milking the cows and feeding the pigs had his breakfast and witness sent him for a bucket of water. He did not return.

Dr. O'Mahony, deposed to examining the body between 6 and 7 o'clock on that evening. The cause of death was asphyxia.

Mr. A. O'Keefe, his employer, said he employed the deceased in January 1923, as a cowboy and yardman. On February 18th the maid asked him to get a bucket of water. The well where the water is got from is known as the bog well and is situated straight down from the house. Witness could not explain how the body was found in the drain. It was customary for the deceased to feed the outside cattle. On this morning they had not been fed and witness got another man to feed them. The drain was considered dangerous for cattle and sheep.

Witness was cross-examined by Mr. Budd, B.L.

To His Lordship—Witness said he had no idea of what would take deceased to the drain. No fish came up there.

Francis Harty, employed by Mr. O'Keefe, said on February 18th he was working in the yard preparing sheep dip, deceased was with him, and the maid came out and asked deceased to go for a bucket of water. When he was not returning, witness went down and not finding him at the well went to O'Connell's well. When he got back his boss told him to feed the cattle which were in the upper bog near the house. Witness sometimes went for water to the bog well. He did not notice any cattle down near the drain that morning.

To Mr. Budd—He went to look for the boy and not for the cattle that morning. There could be plenty cattle down there and witness would not see them.

Sergt. Grey, Tallow, said he got to the farm at 1 p.m. and was searching the surroundings at 2.45. He was called by Hartigan one of the men who found the body. There was 2 feet 6 inches of water in the drain where the body was found with the head under some bushes. There was a track of footprints along the top of the bank. He agreed with the witness Ronayne as to the measurements.

The further hearing of the case was adjourned to Waterford Circuit Court.

### ARDMORE DISTRICT COURT.

(Before Mr. G. P. Farrell, D.J.)

Marie-Ni Choillín, B.A., of St. Declan's Irish College, Ardmore, applied for a dance license in connection with the College.

The Justice—Where is the place in question?

Applicant—In the College grounds.

The Justice—Have the Civic Guards got notice?

Inspector Tobin, Dungarvan, said they had been notified. He understood it was to be used only for "Ceilidhes." There was no objection. It was only for the students of the College.

The Justice said in the absence of the required month's notice and of publication in a newspaper, he could only entertain the application as temporary for a month. If the College authorities wanted an extension it should be advertised and the other formalities complied with.

The application was granted for one month. The hours being 9 to 11 (old time) on week evenings and 9 to 12 on Sundays.

A similar application was received from Mr. J. Galvin, P.C., in connection with St. Declan's Hall, Ardmore.

There was no appearance for the applicant.

The Justice—What shall we do with this?

Sergt. Gallagher said he understood that the Committee had communicated with the Bishop on the matter and were awaiting a reply.

The application was adjourned to next Court.

Sergt. Gallagher, charged John Hubbard, labourer, with allowing three goals wander on the public road.

For the defence it was stated that they had got out of the field.

The case was dismissed with a caution, the Justice saying "as a rule goals are safe on the road."

At the suit of Guard Grace a number of persons were fined in the usual amounts for using unlighted bicycles.

WICKLOW GOLD MINING RIGHTS

### DEATH OF MR. T. KEATING.

After an illness borne with true Catholic resignation and fortitude, Mr. Thomas Keating, Comeragh, died in his 82nd year. Sincerely Irish in his ideals and aspirations, the deceased, during his long and useful career, impressed on all whom he came in contact with his own ideals of Gaelic and Catholic standards. He was a brother of Miss Bridget Keating, Comeragh; Mrs. Cullinan, Currahaha, Kilmacthomas, and Mrs. Galvin, Touraneena; and uncle of Messrs. William and Michael Keating, Comeragh; the Misses Keating, do.; Mrs. Quinlan, Rathgormack; Mrs. J. Hassett, Kilknooney; Miss Lena Keating, Co. Council Office, Dungarvan; Mr. John Keating, Ballynabanogue, Kilmacthomas; Mr. William Keating, Waterford; and of Messrs. Pat and Thomas Keating, who were killed in the struggle to set up an Irish Republic. The remains were conveyed to the Parish Church, Killostranny, by an enormous concourse of relatives and neighbours, and were rested therein overnight. Fr. Kehoe, P.P., celebrated Requiem Mass for his soul next morning (3rd inst), and the burial subsequently took place in the adjoining cemetery. Go dtuaid Dia aonbhas siorraide na bBlaites d'a ann is d'anam na marb go leir. (Irish-American papers will please copy).

### SYMPATHY—

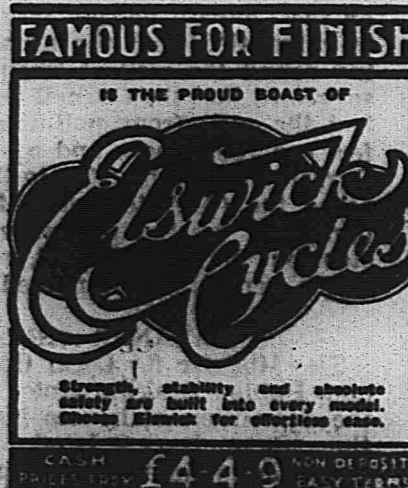

General sympathy is tendered to Messrs. James Bartholemew, John and Michael Morrissey, Kilmacneave, Kilmacthomas (brothers), and Miss Joe Morrissey, Leamybrien (sister), and the other relatives of the late Mr. Thomas Morrissey, who died at Watford, England, and was interred in Laystone Catholic Cemetery, do., on a recent date. The deceased was a prominent hurler on the Clonsilla Power team of fifteen years ago, and fought with a South Tipperary column all through the trouble.

### SCHOLARSHIP WINNER

Master M. Ryan, a pupil of Mr. T. F. Keegan, Templemore N.S., Cashel, won first place and a scholarship value £225 offered by the Augustinian College, Dungarvan, for competition amongst boys of Munster under 14. Over 100 boys from primary and secondary schools competed.

### CLONMEL SHOE FACTORY

Reconstruction of portion of the old Clonmel brewery for use as a new factory for the manufacturing of women's shoes is rapidly proceeding. Production is expected to start in the second week of August. WORKMEN'S COMPENSATION CLAIM

CLAIMS FOR MOTOR CARS

ECHOES OF OLDER DAYS

Cases heard before Mr. Justice Sealy, K.C., at the Dungarvan Circuit Court, on Friday last.

COULD NOT MILK COWS

Edward Cronin, formerly an employee of Mr. Thomas Flynn, Coolnagour, Dungarvan, sought compensation in respect of injuries to his hand which he received while cutting kale at Coolnagour in January last.

Mr. Maguire, B.L., (instructed by Mr. E. A. Ryan, solr.,) for applicant; and Mr. Molloy, B.L., (instructed by Mr. Williams, solr.,) defended.

Mr. Maguire said the applicant was a general farm labourer. His wages were £1 a week together with a free house and milk and potatoes. He had a wife and four children. He valued the house as being worth 5/- a week. The milk 4/6 a week and the potatoes at 4/- week. He was paying 2/6 a week for a room in Dungarvan.

Ed. Cronin, applicant, said he was employed by Mr. Flynn in October last. Mr. Flynn is a big dairy farmer with about 300 acres. Witness was paid £1 a week cash with a house free, also milk and potatoes. He had a wife and four children. On January 5th last he was cutting Kale when he cut his finger with a bill hook. Later he had to go to hospital, where he spent eleven days. He was paid in full until the middle of April when he was reduced to 10/- a week. Mr. Flynn was very decent to him and left him in the house. Witness could not milk cows now and that was why he lost his job. He tried several farmers but would not get a job being unable to milk cows. He had not tried to get employment on the roads. He never went to the Labour Exchange for work.

Dr. McCarthy said Cronin was under his care in January. He described the septic condition of his finger. He would always suffer from a stiff finger. He believed he could not milk cows.

Dr. Cusack, said he examined Cronin in March and May. He explained his disability which he would put at about 15 per cent.

Mr. Thomas Flynn, Coolnagour, said Cronin had a house from him with milk and potatoes and £1 a week. He valued the house at the rent of a cottage—2/-. He could not keep Cronin when he could not milk as it was necessary for him to have every employ a milker. Another man of his—O'Brien, cut his finger at the same time and though it was badly bent he was able to milk cows.

His Lordship said in his opinion Cronin was only suffering from partial incapacity, but he was entitled to an award on the basis of total incapacity under Section 24 of the Act. Many men are able to accommodate themselves to injuries like this and do their work properly after a time. He measured his weekly earnings at 20/- a week and so he was entitled to an award of 22/6 a week. He allowed Dr. McCarthy £3 fees and £2 2s. for attendance at Court.

INJURED BY TOMBSTONE

Thomas Lee, Loughmore, Dungarvan, claimed compensation in respect of an injury to his foot while in the employment of Mr. Patk. Molloy, Sculptor, Dungarvan and Callan.

Mr. McDonald, B.L., (instructed by Mr. Ryan, solr.,) for applicant; Mr. Molloy, B.L., (instructed by Mr. Farrell, solr.,) for respondent.

Counsel explained that while about to unload a tombstone in the Dungarvan graveyard a stone fell on applicant's foot and he was seriously injured. The only question at issue was the amount of compensation.

Thomas Lee, said he was unloading a tombstone at Dungarvan graveyard on 22nd February, for Mr. Molloy, when the stone fell on his foot and as a result he was totally incapacitated. He said he was a fisherman and held a fishing licence. He would go fishing on days he had no job to do. He worked at the docks or anywhere he would get it. He was fishing every night from February to August and sold the fish.

His Lordship—You never get fish at all in Dungarvan except on a fast day.

Witness (to Mr. McDonald)—I would knock down 10/- to 11/- a week from the fishing. I was employed by K. Williams and Co., discharging boats any time they would be in port and I would earn £1 a day. At Xmas I was employed for 3 weeks by the Urban Council at 37/11 a week. He also was employed at the Gaelic Field every Sunday a match was played. He also took contracts for putting curbing round graves. When working for Mr. Molloy he would be paid 6/- a day. He also got Home Assistance. For 30 weeks in the year before the accident he was getting relief. He drew no unemployment until last October.

Counsel—Were not you a feather-weight boxing champion (laughter)? Mr. P. Molloy, (Junr.,) gave evidence of having employed Lee.

Mr. D. J. Brennan, Unemployment Exchange, said casual labourers would earn 30/- to 40/- a week. Lee was a good workman. At present there was not enough work to go round.

His Lordship said he fixed Lee's average weekly earnings at 20/- and allowed him compensation on the basis of total incapacity at 16/- a week. Arrears to be paid from 27th February last.

A 1924 INJURY

In the application of Mr. Thomas Browne, Kilklogher, Cappagh, to increase his compensation of 10/- a week in respect of an injury to his eye while working for the Co. Council in 1924.

Mr. McDonald, B.L., (instructed by Mr. E. A. Ryan, solr.,) for the applicant; and Mr. M. M. Hally, solr., represented the Co. Council.

Mr. McDonald said at the time of the accident Browne was working for the Co. Council in a quarry at 28/- a week. Prior to that he was working on the Railway. After the accident to his eye, which was caused by a stone, the applicant was paid compensation by the Co. Council for 2 years at 24/6 a week, and on the 8th July, 1926 it was reduced to 10/- a week and he was still in receipt of that figure. From 1927 to 1931 he acted in the capacity of spare-time insurance agent but in 1931 he lost that job as owing to the second eye getting effected he was unable to make up his sheets. For the past year his sight was going very bad.

Prior to 1924 his eyes were perfect. Dr. Duggan, Eye Specialist, Waterford, deposed to examining the applicant on June 12th. Applicant has not full vision in the right eye, he could count fingers up to 3 feet away with the left or damaged eye. He would not be able to carry out certain duties such as clerical work. The use of glasses would help, but would not cure applicant.

To Mr. Hally—Witness said he took a note of the glasses that would suit applicant, but did not order them. Applicant's physical condition is good and he could do certain types of work. To his Lordship—He probably could act as a messenger, and there may be certain types of farm work which he could do.

His Lordship—Can he work as a general agricultural labourer. Farmers are not inclined to take men who can't do every type of work.

Witness—I doubt if he could work with a horse and cart.

To Mr. Hally—He would not be definite that the good eye will get worse. It is eleven years since the accident happened.

Dr. McCarthy, in his evidence stated he examined the applicant on June 20th and with glasses he could rectify the vision of the left eye.

His Lordship—I cannot understand how a man like Browne would not go and get glasses. This has gone on since 1931 and he would not get glasses. Why are so many of us wearing glasses here in Court? It is to enable us to do our business. The stupid attitude of this man upsets me altogether. He went to Dr. Duggan and got a prescription for glasses, but he has not got them yet. I cannot work without glasses. Most of us can do no work without glasses. Let this man go and get glasses and let him try them and we will see how he can get on with his work. He would adjourn the application to February, 1930. Addressing Mr. Hally and Mr. O'Sullivan, Secretary, Co. Council, His Lordship said—I recommend that the Co. Council buy Browne a pair of glasses.

CLAIM FOR SHEEP KILLED

Mr. M. Roche, Cooldoody, Tallow, sued Mr. Barry, same place, for £12 10s. for the killing of his sheep by the defendant's dogs.

Mr. O'Gorman, solr., for plaintiff; and Mr. E. Carroll, solr., defended.

Mrs. Roche, Cooldoody, said her husband had sheep on the farm. On April 11th at 3 a.m. she heard dogs barking and getting up at 4.30 she went out in the yard and saw two dogs with the sheep up against the wicket in the corner of the yard. One was a dark brown sheep dog and the other a black and tan beagle. More sheep were in the shed. She stoned the dogs and hunted them. When her workman Mr. Cronin came to work at 6 o'clock and saw what had happened he helped her to gather the sheep. Later in the morning the same two dogs came back to the yard. She told Cronin to follow the dogs and she and her husband gathered the sheep, some of which were not able to walk. The sheep in the corner were in an awful state with blood on them. That day she went round the fields with her husband and found sheep in the hedges. One lamb died that night and two others next day. Another sheep was all torn.

By Mr. Carroll—At the time I did not know whose dogs they were. I live half a mile from Barry. There are beagles within half a mile of our house; also fawn collies.

Mr. Carroll here gave a list of fawn sheep dogs in the area, but witness said any of them were not like Barry's. It was when the workman came she knew it was Barry's dog. All black and tan harriers do not look the same. Her own sheep dog attacked her sheep, but at the time he was only a pup. She beat him for it. They never looked for the loan of the mowing machine off Barry.

His Lordship—Do you speak to him? Witness—When he sees me he turns away. That is since the sheep question arose.

Mr. Cronin, who lives in the district between Cronin's and Barry's houses said he left Roche's employment about a month ago. On the 11th April when he went to work at 6 a.m. he met Mrs. Roche and saw sheep around the yard and in the shed and they were torn and the wicket was covered with blood. He helped Mrs. Roche to round up the sheep. All the sheep were badly torn. At 9 a.m. the same morning a dark brown sheep dog and a black and tan beagle came to the yard. The dogs belonged to Mr. Barry and he knew them a long time. He followed the sheep dog home to Barry's, where he lay down at the

kitchen door. The beagle remained at Roche's and Mr. Barry's witness to stomp him home when he went back. The three lambs killed were fat lambs and seven other sheep were injured.

By Mr. Carroll—The sheep dog went the long road home to Barry's. Witness kept the dog in view on the day most of the time. He asked Mrs. Hickey if she knew any one having a dark brown sheep dog as the dog was around the corner at the time and he could not see him. He had no doubt who owned the dog.

Give me the colouring of Barry's beagle? Witness—Barry's beagle is a bitch, little black and white.

What colour are its quarters?—White.

Are you serious?—Yes.

What are the markings of the collie dog you saw in the yard that morning?—Witness—He was a dark brown dog. When were the lambs born that were killed?—Two were born before Xmas and one after.

Questioned by His Lordship the witness said the sheep dog went home slowly and witness followed him all the way.

His Lordship—He was the most obliging dog I ever saw in such a case (laughter).

WHY NOT SHOOT THE DOGS His Lordship—Had you a gun in the place?—Witness—Yes.

Why did you not shoot them?—We did not like.

His Lordship—It would put them from killing any more sheep.

Mr. Roche, Cooldoody, gave evidence of how he found his sheep on the 11th April. Two sheep and three lambs were destroyed. Witness went to the defendant's house the following day but defendant was not at home, and he gave the defendant's son a message for him. He later reported the matter to the Guards. At Mass the following Sunday Barry told witness that his dogs never killed the sheep.

By Mr. Carroll—I am making no claim for the sheep injured. The lambs are worth 30/- each. The ewe in lamb was worth more than £2.

Cronin was recalled by the Judge and questioned as to the movement of the dogs when they came back at 9 o'clock. He said the dogs went up in the haggard and lay down. He never saw Barry's dogs there before.

At this stage the Court adjourned for luncheon, and on resuming, it was announced that the case was settled.

OLD DAYS RECALLED

CLAIMS FOR MOTORS Mr. Patk. Morrissey, Youghal, claimed £30 in respect of a Ford car taken by the I.R.A.

Mr. Ryan, State solr., appeared for the State; and Mr. Molloy, B.L., (instructed by Mr. Hodnett, solr.,) for the applicant.

Mr. Morrissey in evidence said he had only a rough estimate of repairing the damage to the car. It was a 1916 Ford for which he paid £230 in 1920 to Johnson and Perrot, Cork.

Mr. Ryan—I admit the car was burned.

Mr. O'Donoghue, a member of the I.R.A. in 1921 said he took a Ford Touring car from the applicant's garage. The car got badly damaged while they had it. The car was driven into a horse.

Capt. John Manahan, Department of Defence, gave expert evidence as to the damage to the car. He said the new Ford in 1916 was £135 and in 1920 a new Ford could be had for £240. The value of the car applicant had in 1921 was £50. The damage to the radiator, bonnet and lamps could be made good for £20.

His Lordship said he would report for £30.

ARMOURD CAR SEIZES MOTOR Mr. Thomas Foley, Ardmore, claimed £122 for damages to a motor car taken by Free State forces in 1923.

Mr. Molloy, B.L., (instructed by Mr. Hodnett, solr.,) for applicant; and Mr. E. A. Ryan, for the State.

Applicant said he purchased the car in September 1922 for £33. In March 1923 he got the car repaired at Morrissey's garage, Youghal, at a cost of £98, which he paid in cash. In May 1923 the car was taken by Free State troops. Later Commandant Leahy, Youghal, told him the car was in Mitchelstown, but he never got it back.

By Mr. Ryan—I bought the car from a man called Slattery. I don't know if he stole it or not. I bought it for £33.

Did you write a letter last December stating you obtained the car from an old I.R.A. man?—He may be an I.R.A. man for all I know. He was a member of the Irregular Army.

**LOCAL HAPPENINGS**

**TALLOW CLAIM DISMISSED**

At the Waterford Circuit Court this week in the claim of Daniel McCarthy, Tallow, against Mr. A. O'Keefe, Roseville, Tallow, for compensation for the death of his son Edmund McCarthy, labourer, judgment was given. The claim under the Workmen's Compensation Act arose out of an accident on respondent's lands on February, 18th 1935, when Ed. McCarthy was found drowned in a drain after being sent to the well for a bucket of water. The evidence in the case was heard at Dungarvan last week and appears in another column in this issue.

His Lordship in giving judgment held that the onus to prove on the part of the applicant had not been discharged. Therefore, the application failed and must be dismissed.

**DUNGARVAN ATHLETES WIN**

At the Wexford Gardaí Divisional Sports meeting on Sunday last, the Relay Race was won in convincing style by the Dungarvan Athletic Club composed of J. Murphy, M. Nagle, P. Walsh, and J. McGrath. Five teams competed.

**A BRILLIANT LADY STUDENT**

At the recent examinations of the National University, Miss Cath Flynn, B.A., B.Comm., secured her H. Dip. Ed., with honours. Miss Flynn is the only daughter of Mr. M. Flynn, the able Secretary of the County Boards of Health and Public Assistance, and has had a distinguished University career, winning high honours in all her examinations. In addition she is the embodiment of the principle of "mens sana in corpore sano" being an expert Camoguidheacht player and champion of the University College Club. We heartily congratulate Miss Flynn and her esteemed parents also, on this magnificent crowning of a brilliant educational career and we wish her further laurels in the days to come.

**CONNORS V. CONNORS RESULT**

In connection with the claim of Mr. M. Connors, Curraheen, Kilrossanty, against the personal representatives of the late Patk. Connors, Curraheen, for £300 and a counter claim by the executors of P. Connors, against M. Connors for £342 16s., which was heard by Mr. Justice Sealy at Dungarvan Circuit Court last week and which was adjourned to Waterford. His Lordship gave a decree for £35 with costs to the plaintiff and dismissed the counter claim with costs.

Mr. MacDonald, B.L. (Mr. E. A. Ryan, solr.) for plaintiff and Dr. Counihan, solr., for defendant.

**GOLF NOTES**

On the occasion of the coming of the Mitchelstown Golf Club to Clonea on Sunday next, 14th July, the Dungarvan Golf Club will hold another Cinderella Dance at Clonea. All are invited to attend a dance that promises to be even more enjoyable than the recent Cinderella held under the auspices of the Golf Club. Winner of Captain's prize, (presented by J. B. Cooke, Esq.) E. Fitzgerald, Runner-up D. O'Dempsey.

**DEATH OF MRS. J. BUTLER, WATERFORD**

The death took place on the 4th inst. of Mrs. James Butler, St. Ursula's Terrace, Waterford, after a brief illness fortified by the rites of the Church. The deceased lady, who was a member of a well-known local family, being daughter of the late Mr. J. Foley, Kilgobinet, was for some years associated with the business life of Dungarvan, where she was held in the highest esteem by all for her many and excellent qualities. Her early death is deeply regretted by all who knew her and sincere sympathy is extended to her bereaved husband, family and relatives.—R.I.P.

Office and High Mass for the repose of her soul took place at St. John's, Waterford. The celebrant was Rev. M. Guiry, C.C., St. John's; Rev. P. Ahearne, C.C., do.; sub-deacon; Rev. M. Foley, O.C. In the choir were: Rev. D. Power, Adm.; St. John's; Rev. J. Warren, Adm., Cathedral; Very Rev. M. C. Crotty, P.P., Cahir; Rev. M. Murray, C.C., do.; Rev. J. O'Connor, C.C., Cathedral; Rev. M. Sheehan, C.C., do.; Rev. T. Smyth, C.C., St. John's; Rev. P. Power, C.C., do.

Subsequently the funeral took place to the family burial ground Kilgobinet the cortege being large and representative and in keeping with the esteem in which the family of the deceased are held. The chief mourners were: Jas. Butler (husband); Mrs. P. Butler, Ross, (sister); Mrs. Kelly, Ballincurre (aunt); Mrs. J. Quealy, Kilgobinet, Mrs. P. Cunningham, Gawn, Miss M. Foley, Kilgobinet (step-sisters); Mrs. J. Foley, Kilgobinet (step-mother); P. Butler, Ross, N. Butler, Killooney, (brothers-in-law); Mrs. O'Brien, Munsboro; Mrs. Whelan, Clonea (sisters-in-law); W. Foley, Waterford, M. Mooney, Bank of Ireland, Clonmel; M. A. Foley, Ballyveta, etc., (cousins). The prayers at the graveside were recited by Rev. M. Foley, O.C., and Rev. J. Power, C.C., Kilgobinet.

**SUNDAY'S G.A.A. TRIALS—WESTERN SELECTIONS**

Two important hurling trials are fixed for the Gaelic Field, Dungarvan, on Sunday evening next, July, 14th, 1936. West Waterford tackles East Waterford in Junior and Minor Hurling and the teams to represent the County in the Munster Championship will be picked after the trials from the material on view. The following players will turn out for West Waterford—

Junior Hurling—E. Hayes, J. Burke, P. Lannon, T. Fitzgerald, T. O'Gorman (Dungarvan); J. Foley, N. Noonan (Eire Oge); J. Houlihan (Cathal Brugha's); E. Daly and C. Barry (Ballyin); D. Russell, W. Coffey, J. Ryan, and J. Ormond (Lismore); J. Hartigan, C. Curley, M. Twomey, (Tallow); T. Scurry and B. Power, (Kilmacthomas); W. Cuffe, (Ballyduff).  
Minor Hurling—T. Ryan, M. Lenders, C. Downey, J. Cody, L. Morrissey, J. Waters, M. Fraher, (Dungarvan); P. Lannon (Cathal Brugha's); N. Flynn (Kilmacthomas); M. Feeney, P. Feeney, C. Cronin, P. Moore, J. Healy, and C. O'Brien (St. Carthage's); J. Ryan, W. Rea, J. Brackett, J. Tracy, (Cappoquin Blackwater Rovers); P. Ronayne and T. McCarthy (Tallow).

**MISSION AT BALLYSGAGART**

There was a very large congregation in Ballysgagart Church, on Sunday night at the close of the Mission in the Parish, conducted by Fathers Coyle, and Gormley, of the Redemptorist Order. In a forceful and eloquent sermon Fr. Coyle paid a glowing tribute to the extraordinary faith and devotion of the people of the Parish as exemplified in their splendid attendance at the Mission services. He exhorted all to live up to the resolutions they had made. He thanked Very Rev. Canon Burke, P.P., V.F., and the priests of the Parish for their kindness; the choir (under Miss B. Moore) for their beautiful rendering of the sacred music; the altar boys and the sacristan. The ceremonies concluded with Benediction and the singing of "Faith Of Our Fathers."

**STORE CATTLE LICENCES NOT REQUIRED**

Licences are no longer necessary for the export of store cattle as from Wednesday next 17th inst., and it is presumed they will be required again for many a day. Licences for Fat Cattle, cows and bulls will be issued by the Co. Committee of Agriculture as already stated. It is believed in well informed circles that because of the new Agricultural policy in Britain under which more beef is to be produced on a subsidy basis that there will be an expanding market in Britain for Irish store cattle and that the Free State may, and probably will find itself, in a position of being unable to meet the demand until cattle stocks increase. The number of cattle in the Free State have fallen and the slaughter of calves will accentuate the scarcity. It is estimated that in 1934 and 1935 about 280,000 calves have been slaughtered. That would mean a reduction in our one and a half year old store cattle of about 140,000 at the moment and the same reduction in our calves.

**KING CARNIVAL**

The Dungarvan Grand Carnival in aid of the Children's Health Committee opened on Thursday evening in the beautiful grounds of the C.B.S., in the presence of a very large gathering and with such spontaneous eclat as to augur well for its general success. King Carnival, who arrived by the afternoon train from Waterford was met at the station by the local Band and a guard of Honour, while thousands lined the way and cheered him to the echo. At the Bridge he was joined by the Queen, who had just arrived via the Cunigar. The procession then moved on to the Carnival Grounds which were lavishly decorated with flags and bunting, while every conceivable form of amusement has been provided for the enjoyment of all patrons. The Carnival will be continued until 21st inst, when it will conclude with a grand dance in the Town Hall. The nightly display of pyrotechnics coupled with the thousand and one attractions of the Fun of the Fair shouldn't be missed. The great prize winning Parade on Sunday at 3 p.m. will be an event long to be remembered.

If you cannot enjoy yourself at the Carnival, you had better see your doctor at once. For details see advt.

KILMATHOMAS NEWS.

ANOTHER DEMISE.

Mr. James Power, Ballyvaden, Kill, passed away on Tuesday of last week, after a protracted illness and in the fullness of his years.

That the father of the largest young family in the Bohadon district is not more bent on his task than the Kilbrien worker with a large lawnmower.

That the membership of the Portlaw League of Laughter-Lifters now numbers nine times the number of U.D.C.'s and P.C.'s in the Old Borough of Dungarvan to-day.

That when depression seems to weigh the people down, there is a debt of gratitude to those who make them laugh.

That there's nothing can dispel or disperse gloom and lift the load of life like a good snuff.

That Sir Harry Lauder it was, who once said: "If only when you're feeling gloomy, you can remember something ludicrous and laugh at it, it's ten chances to a red herring you'll find your particular difficulties simpler than they were before."

AND— That a competent company of Co. Council roadmenders are at present engaged in carrying out a series of much-needed repairs to a long-bad strip of the Kilmathomas-Bonmahon road, via Ballynabanogue.

BREVITIES— Subscribers of 1/- and upwards to the annual Fianna Fail collection in the Ballylaneen Cumann area (Messrs M. Keane and M. Kiely were the collectors) will each receive an official receipt from the Headquarters, Dublin, in due course.

CORPUS CHRISTI PROCESSION— The piety and fervour of the parishioners of Newtown and Kilmathomas were much in evidence when they took part in the Annual Corpus Christi Procession of the Sacred Host.

WE PUT IT TO YOU (SERIOUS AND NOT)— That the current retail prices of farm and creamery butter are much too much for those who are not blessed with an excess of the "milk of human kindness."

That hay cutting and saving operations are in full swing over Mid-Deise these days.

That the parish of Stradbally shelters the smartest and comeliest collection you could focus your orbs on in a week's walk.

That a number of "non-doubting" Kilmac Thomases are inaugurating a "Be Nice To Your Nose Week" in their own wee town.

That during the half-year just ended, the fair and funny flappers of Fenor did not use less than four tons of face powder more than daring Dunhill's darling daughters did.

That the Executive Council of An Saorstát has issued an Order under the Control of Imports Act, 1934, appointing 1,705,000 tons of coal, culm, shale or slack, as the quota from the 1st prox. to January 31st, 1936.

That the increased price charged for coal recently has inflicted considerable hardship on consumers generally, but especially on the poorer classes in our cities and towns.

That the present price charged for turf in the towns is also deemed too high.

That the charmers of Kilbrien are now sporting eye-veils, of cute shapes and colours, costing a tanner each at the "cheap sales."

That bread is also "gone up" in Kilmathomas.

beat Ware for a sixth Tipperary goal just on half time, when the score was Tipperary, 6-2, Waterford, 1-0.

SECOND HALF

Playing with the incline on the resumption Waterford opened hostilities, but Kehoe drove wide and Tipperary were away Purcell leading the van for Sweeper Ryan to send it over the bar for a minor.

Tipperary found the Waterford defence overpowering itself during the next raid, but the attack was not over polished, and Greany brought Waterford on the attack with a hefty effort.

The hurling was tame now—and anticlimax to the thrills of the first half—but there was a bright spot when Penkert sent to Kehoe who sent just wide and spread-eagled himself in the process.

A free relieved when it was Waterford's turn for defence and the Tipperary net had a narrow escape from a fleet of Waterford forwards, which bore down on the defence from a 70 taken by Ryan.

Waterford—J. Ware, L. Ryan, C. Ware, J. Fanning, D. Ryan, M. Regan, C. Ryan, P. Brown, T. Greany, G. Kehoe, D. Goode, P. Sheehan, N. Fardy, D. Shortall, F. Penkert.

Present—Messrs. P. J. O'Gorman, P.C. Chairman; M. Ahern, M. Cashman, W. O'Sullivan, R. Power, T. Beausang, R. Savage, J. Forrest, E. D. Condon, Capt. C. Watson, E. P. Lynch, M. D. Broderick, J. Whelan.

Rate Books Signed On the proposition of Mr. Whelan, seconded by Mr. Broderick, the Collector's warrant and Rate Books were signed.

Town Surveyorship A letter was read from the L.G.D. stating that the temporary appointment of Town Surveyor must be advertised in accordance with the normal practice. It would be open to the Council to submit Mr. Murray's name for sanction as temporary Town Surveyor. Mr. Murray could be a candidate for the permanent office if and when the vacancy is advertised by the Local Appointments Commissioners.

It was decided to advertise as suggested. In connection with the permanent appointment, the Clerk asked would the Council insist on the candidates having a thorough knowledge of Irish.

Mr. Power—What do they require? The Clerk—They leave it to you. Mr. Forrest—Don't mention Irish at all.

Mr. Power—That is not right. They should have some knowledge of Irish. Mr. Whelan—They don't want a knowledge of Irish for engineering work in Youghal.

Mr. Forrest—We'd all like to know Irish, but we haven't the time to learn it now. Mr. Power—Let us set a good example and ask for a fair knowledge of the native language. I would like to encourage it.

A letter was read from the L.G., stating that vaccination defaulters should be compelled to comply with the law. Mr. Power—Hear, hear. I am one of the defaulters (laughter). I'll comply when suitable.

Limerick's Children's Excursion The following letter was read:—The Mayor of Limerick and the Committee of the Limerick Poor Children's Excursion would be obliged if your Council would be pleased to repeat this year their kind action in affording the use of the Town Hall for the purpose of our Excursion on July 21st. We intend to use the Town Hall only if the weather proves unsuitable for keeping the children on the Strand—J. A. Dalton, Chairman Organising Committee.

On the proposition of Mr. Lynch, seconded by Messrs. Broderick and Savage, the application was granted. The Clerk said they also put a boat on guard against accidents.

It was agreed to do the same again. The Chairman—We'll give our Limerick colleagues every possible facility. Let us hope and pray the day will be fine for the poor children.

Acknowledgment Miss M. Power, Cuth, Grange, wrote on behalf of herself and family thanking the Council for their kind vote of sympathy on the death of her mother.

League Of The Cross Band Mr. E. Clancy, appeared on behalf of the League of the Cross, and said that the League Band had already given four Sunday Recitals in the Green Park, and intended continuing for the season. They had gone to considerable expense in connection with the Hall and the Band and he was deputed to ask for the support of the Council.

The Chairman and members unanimously expressed their approval of the efforts of the Board to give public amusement and of their desire to help the League of the Cross.

On the Chairman's suggestion the matter was put on the agenda for next meeting. Mr. Clancy thanked the Council and withdrew.

Dispute About Passage A lengthened discussion took place in connection with the application of Miss Meade, Pacific Hotel, for permission to erect a trade sign across the public passage at the side of the hotel, Mr. Ahern, complaining that the Press had stifled the matter.

It appears that the previous Council had given her permission, and that she had expended some £80 in procuring the sign. A short time ago a neighbouring property owner objected to the project and a committee was appointed to visit the scene with Mr. W. R. Hodnett, the Council's solicitor, to see if some satisfactory arrangement could be arrived at. Mr. Hodnett produced a copy of a letter written to the previous Council stating that they had no power to grant the permission in question. A letter was also read from Mr. J. H. Long, objecting to the project.

Mr. Broderick, proposed, and Mr. Power, seconded, that the sign "Public Thoroughfare" be put to one side, with the object of giving Miss Meade an opportunity of putting up her trade sign.

Mr. Lynch suggested that they get their legal advisers opinion and this was unanimously agreed to.

Strand Church Fund The Strand Church Committee applied for the use of the Green Park on August 4th, to hold an open air Whist Drive, in aid of the Church Fund.

The application was granted unanimously.

YOUGHAL DISTRICT COURT. Before Mr. G. P. Farrell, D.J.

Civil Bills Decrees or adjournments were granted in a number of undefended civil bills in which Messrs. T. K. Keane and J. N. R. Macnamara, solrs., appeared for plaintiffs.

Condon v. Sweeney This was a summons for £27 Os. 6d. rates and arrears. Mr. Condon said that case was before the Court recently and time was given to enable defendant sell some cattle at the fair, but he had evidence they failed to do so.

A decree for the amount was granted.

Griffin v. O'Brien This was an application for a committal order against John O'Brien, Moggally Road, Castlemartyr.

Mr. Keane, for plaintiff, said an affidavit order for 5/- weekly had been given against defendant. Failing to pay a decree was obtained for £12 17s. 6d., and subsequently an Instalment Order of 10/- a month, but he didn't pay.

Evidence of service having been given by the C.B.O., Mr. Keane said that the man had paid no attention to the orders of the Court from the start, and was evading service.

The Justice held that the service was not good.

Tinkers' Row Mary Hogan, Cork Lane, charged Johanna Hogan, with abusive and threatening language.

The Justice—Is there any relationship? Plaintiff—Her husband is my husband's uncle. Plaintiff having given evidence of the alleged offence.

The Clerk said there was another summons for Castlemartyr by plaintiff against a daughter of defendant's for an assault at Killeagh.

The Justice adjourned the first case and ordered the other to be heard at Youghal also.

Youghal Technical Schools. EXHIBITION OF WORK

The people of Youghal have just had a good opportunity of seeing for themselves some of the results of the seasonal work done in the local Technical Schools, in a two days Exhibition of work. Large numbers availed of the opportunity, there being a constant stream of interested visitors who expressed themselves much surprised and highly delighted with all they saw.

The exhibits were tastefully and effectively set out in the 3 appropriate class rooms—Domestic Science, Art and Woodwork, etc.

In the Domestic Science Section there was a fine display of Linen Frocks, Children's frocks, evening gowns, men's socks and knitted jumpers, ciderdawns, sea green seats, fire screens, trays, tea cosies, tea cloths, slippers, and a special feature—hand-made gloves. Included in the display were a very nice Irish linen frock, the work of Miss C. Fleming, Ardsallagh, which secured 1st prize at the Cork Show, and a pair of hand-knitted socks, made also by the same young lady, securing 2nd prize. A linen frock by Miss B. Fleming, Ardsallagh, tea cloths and cosies by Misses B. Lynch, B. Fleming, J. Ronayne, C. Fleming, all of whom received highly commended for their work at the Show. (These girls are students of the Day Vocational Classes of the School). The teacher is Miss Eileen Cross, Cork.

In the Art Room were a large assortment of beautifully finished articles, including pewter and leather work, stencilling embroidery, gloves, etc. (Mrs. K. M. Higgins, Teacher). Amongst them were the Pewter work by Miss Shelia O'Byrne, 1st prize at Cork Show. Leather Work, Miss Aileen Savage, 1st prize; Leather work Miss Irene Munyard; Stencilling, Misses Mona Hallissey and K. Collins, commended; Embroidery, Miss K. Allen, commended; Leather gloves, Miss J. Munyard, highly commended; Embroidery, Miss J. Walsh, Gurtroe, 1st prize.

From the practical point of view, naturally the most important section of the Exhibition was that housed in the Manual Instruction Room, where the many sided work turned out by the boys of the Day Vocational Classes and the students of the Evening classes was displayed. It spoke eloquently of the advantages held out to the boys and young men of the town by this admirable Institution, enabling them to develop skill both of brain and hand during the winter and spring mornings and evenings, with pleasure and profit.

In this section the outstanding exhibit was an inlaid Chippendale Design Bookcase, made by E. Blake, which obtained 1st prize in the Senior Woodwork Competition at the Cork Summer Show. Other articles of outstanding merit were Inlaid Trays; Inlaid Tables; flower pot stands; sideboards, etc. The teachers were Messrs. E. Ryall, Headmaster and D. Lynch.

One found it hard to believe that all was the work of the students, and not of experts in the various branches of crafts.

The metal work of the boys of the Day Vocational School was much admired. Considering that these boys are all under 16 years, the exhibits proved what a skill can be acquired

G. A. A. MINOR FOOTBALL AT CAPPOQUIN

In April last St. Carthage's Minor football club, Lismore, met Modeligo Minors at Cappoquin in their tie for the Western Minor Championship, when the game had a most unusual ending: After about 10 minutes play the football got burst, and this having been replaced by the second and only ball available, this also got burst ten minutes later, so it was impossible to continue the game, and the referee, Mr. P. English, declared it "no match."

At the replay at the same venue on last Sunday, great local interest was taken in the game, Lismore being warm favourites, owing to their superior play on the first occasion.

Modeligo must have undergone an intensive course of training in the meantime, because their splendid form on Sunday completely upset all calculations, and it was an extraordinary coincidence that their total score of 3 goals 1 point was exactly what Lismore had scored after 20 minutes' play, on the first occasion, while on Sunday they were able to register only 3 points in the hour. Modeligo proved easy winners with a lead of 7 points.

The weather was gloriously fine for the match, the warm sunshine being nicely tempered with a refreshing easterly breeze, while the Sportsfield had been carefully prepared, and the limited attendance of spectators were favoured with ideal conditions, and were treated to a clean and high-class exhibition of football.

Playing from the road end, with a fairly strong breeze in their favour, Modeligo adopted aggressive tactics from the start and quickly brought play down to the Lismore end where they were confronted by a solid defence and momentarily driven back to midfield.

Coming along for another attack, Modeligo pressed very hard for some time and were eventually rewarded with a point within the first 10 minutes of play. Following the kick-out Lismore worked up the field and brought the ball into their opponents' back division, but Modeligo's defence proved sound, and Lismore could only send over. Modeligo were next in the picture, and having brought play well within Lismore territory, a point seemed inevitable, but owing to bad judgment, the ball was sent wide, and a similar mistake was made a few minutes later. These blunders were atoned for soon afterwards when Modeligo again attacked, and shot a grand goal in spite of a gallant defence by the Lismore backs. Modeligo were now having the best of the play, and having once sent over, their next attack was more successful when they succeeded in scoring their second goal. Lismore rallied gamely after this, and by a grand exhibition of fast and scientific play forced Modeligo to adopt defensive tactics, but the backs and goalkeeper proved invincible and Modeligo successfully resisted all their opponents' attempts to score. The half-time whistle found the score as follows:—

Modeligo ..... 2-1  
Lismore ..... Nil

On changing sides Lismore, with the breeze in their favour, looked promising for a short time, but Modeligo quickly drove them back, and a Lismore man having fouled within 30 yards of the posts, the free was taken by Kiely, who landed a grand goal for Modeligo. Lismore played with much greater vigour after this, and soon were rewarded with their first score, a point, and a hard shot for a goal soon afterwards only missed by inches. The Modeligo backs were now kept busy, but were unable to stem the next attack by Lismore which brought them their second point. After some grand and even play in mid-field, Modeligo broke through and were looking dangerous when one of their forwards fouled almost at the mouth of the Lismore goal, and the resultant free brought welcome relief to Lismore who followed up and had hard luck when a flying kick for a point from a difficult angle went behind the top of the left post and landed on the roof of the net.

They next got a point off a free, and were keeping up great pressure until Modeligo backs at length relieved, and the forwards taking possession soon shot a goal, but as the referee's whistle had gone for a foul against Modeligo, the goal was disallowed and Lismore got a free kick instead. This brought play down to midfield where both sides gave a grand exhibition of the game, but no further flag being raised, the full-time whistle found Modeligo deserving winners of a grand match on the final score:—

Modeligo ..... 3-1  
Lismore ..... 0-3

The teams were as follows:— Modeligo—J. Kiely, J. Hackett, M. Tobin, M. O'Brien, Jas. Keane, John Keane, T. McCarthy, J. Walsh, Joe Lewis, M. Keane, J. McGrath, J. Fitzgerald, Sean Walsh, M. Flynn and E. Walsh.

Lismore—C. Lineen, J. Lineen, M. Feeney, P. Feeney, T. Conway, H. Conway, P. Quinn, J. Healy, T. Hennessy, F. Cunningham, C. O'Brien, P. Moore, P. Cronin, M. Ryan and J. Willoughby.

Mr. J. Brady, Junr., Cappoquin, proved a capable referee.

In a short time under expert training, Fathers and mothers should see the work being done both in the Day and Evening Classes. If their boys and girls cannot do similar work, it is because the parents have neglected to send them to the school and insist on their regular attendance.

Farmers and the Economic War

CHALLENGE TO GOVERNMENT

At a meeting of the new Land League at Cork, Mr. Twomey, Chairman referred to the "desperate situation" in which the farmers found themselves. It was their duty to reply to the unworthy allegations and charges uttered against the farming community by responsible Ministers, including the President, quite recently. Unless they were prepared to be content with their present lot they were conspirators and criminals of the worst type. The Government in giving them the bonus on the wheat and beet conveniently overlooked the unsuitability of the land of this country for such production. He stressed the losses suffered by the economic war and said these should be assessed at 100 per cent. more than the amount collected on tariffs. Due partly to world depression, but mainly to the dislocation of trade, consequent on the economic war, there had been a fall in the value of their agricultural exports amounting to £25,000,000, comparing 1934 with 1931. If there was no economic war the remission of half the annuities would be of little or no benefit to the farmers, because of the huge increase in rates for the past four years. They were told, he went on, of the wonderful benefits conferred on them by the fixation of the prices of butter at a high level, but Ministers have refrained from stating that the net prices returned to the farmer for milk had been but 4½d. per gallon in the best creamery districts and about 2½d. per gallon in non-creamery districts. Any one who had the slightest acquaintance with the dairying industry would know milk could not be produced at even the higher of those returns, more especially, because calves were worthless, except for the subsidised price for their skins. The pig industry is extremely speculative under the best conditions, and the poultry industry was, and had been at a very low ebb.

The pig-raising industry has been particularly hard hit, and it was not realised that the feeder had to bear these crippling burdens of artificial creation—(1). An addition of at least 12/- per pig in the cost of production, because of the artificially inflated price of foodstuffs; (2) a levy of 40/- per pig to make up a fund to pay bounty on exports, and (3) a tariff of 40 per cent. These three charges aggregated to about 32/6 per pig, and if, in the circumstances, an Irish farmer could make pig production profitable, the farmers in Great Britain and Northern Ireland should be reaping huge fortunes, but they contended that their profits were slender, and therefore it should be admitted by any reasonable minded individual that the Irish farmer so burdened could not escape severe losses. "The reserves our fathers accumulated from the boom years of the war and the comparatively good years of the immediate post-war period are vanishing fast," said the Chairman. However, cynical individuals might regard those reserves, the fact is, that they were but the unpaid wages of our sons and daughters for services rendered on our farms set aside to provide them with livelihoods in their future. The farmers who were fortunately placed in the matter of reserves were eating into them to live nowadays, and consequently the prospect for their children was made particularly gloomy. Farmers who owed money to shopkeepers had to leave their debts unpaid, and there is no doubt that the aggregate of the debts owing to the trading community must reach an extremely large amount, and the forbearance shown in these strenuous times by shopkeepers should never be forgotten (applause).

"Creamery societies found it necessary to make extensive advances to farmers during last winter against the security of the milk to be delivered during the summer season. I am satisfied that there is a very large number who have not yet received a penny for milk delivered during the spring and up to date, because they have not yet paid the debt accumulated during the winter. I am also aware that there are many whose summer milk proceeds will prove insufficient to wipe out last winter's debt and who will have to face next winter without having any provision whatever made for that season."

They had to deprive their children of the education that was their due, because the State had made it impossible for them to meet the expense. These children would have to face the future without the necessary mental equipment for professions, trade, commerce, or civil service, and without means to establish themselves in livelihoods. Accordingly scores of thousands of boys and girls who would under happier conditions be a credit to themselves and their country in their generation, were menaced with dire poverty because the Government of to-day sees fit to make paupers of their parents. Manure and seeds, machinery and farm implements, animal foodstuffs and mostly all other requisites for the farm were considerably dearer, and the direct taxation of boots and clothing, butter, tea, sugar, coal, household utensils, and in fact every thing they eat, wore and used in their everyday lives, had sent prices sky-high.

If they joined in protest against these unbearable conditions, they were described as conspirators against the State, and treated as criminals. They were hounded from post to pillar, paid spies were set to watch their

every movement, their leaders were jailed and their lives were made intolerable. All other sections of the community might organise and agitate against a worsening of conditions whether a reduction of income, or wages, or increase in the cost of living and the Government was parental in its attitude towards these organisers and even those agitators, and it left nothing undone to placate them, but the farmer was the beast of burden to be harassed, and beaten and crushed out of existence, just as the Moujiks and Kulaks of Russia, were enslaved by tyrannical Bolsheviks.

We must persist in our course to impress our terrible conditions on the general public, and to bring the Government to a realisation of the consequences that must inevitably follow for the country as a whole from a further pursuit of their insane and reckless policy against the agricultural community.

We must not allow ourselves to be provoked to the commission of acts that would discredit us and our cause. We have justice on our side, and even though it is a terrible thing for a man to see himself and his family deprived of their means of existence, the consciousness of right and justice should help us to bear this awful trial patiently until reason reawns again (applause).

Mr. W. J. Fahy, Secretary, said a stranger visiting this country might easily conclude it was being vanquished by a foreign enemy, the people were suffering under so much injustice. They had now in office a Government that had nothing to offer to a depressed industry but a policy of seizures and confiscations. "Ministers gravely inform us," he said, "that a conspiracy exists among farmers to defeat the Government. That is a grave charge. It is a slanderous charge, made against men who hitherto were recognised as the most industrious and trustworthy in the State." The farmers knew from experience, he went on, that farming at present was not able to pay its way, and farmers were daily getting deeper and deeper into debt. Was it any won-

der they should, by legitimate means try to get others to realise where all this was tending? At present farmers were unable to meet their obligations to banks and business men, but how long could they continue to do so? It was hinted the land on which annuities were not paid would be confiscated: that was an alarming situation, not only for the farmer, but the general public. He appealed to the farmers to stand firm for their own sakes and for the country's sake (applause).

Mr. J. O'Donovan, Coachford, suggested it would be a good idea if the shopkeepers of County Cork, to whom the farmers owed money, sent their bills to Mr. de Valera or to some headquarters either in Cork or Dublin, so that it could be seen in what position the farmers really were. They owed more than they had on the land at the moment, but would not be believed when they said so.

HURLING TOURNAMENT AT LISMORE

On Sunday week the semi-final of the Hurling Tournament was played at Lismore between Tallow and Lismore in grand weather and before a big attendance. The first half was fought sternly on each side and quick, fast play was the order. Some casualties occurred but were not serious and at half time Tallow led by 1-2 to a goal though on the run of the play Lismore would appear to have the best of it. In the second stage the game was played fast and strong and nothing was left undone by either side to score. The score board was maintained fairly even and the final whistle found Tallow winners by 1 point. Tallow 2-6 Lismore 3-2 Mr. D. Goode, Dungarvan, refereed.

CO. COUNCIL OF WATERFORD DRAINAGE DISTRICT OF BRICKEY

NOTICE IS HEREBY GIVEN that the Commissioner administering the affairs of the County Council of the above-named County in exercise of the powers conferred upon him by the Drainage Maintenance Acts 1886 and 1924 and of every other power thereunto enabling him, has made a Drainage Maintenance Rate on the Lands chargeable therewith in the above-mentioned Drainage District.

The total amount of such Drainage Maintenance Rate levied in respect of year ending 31st March, 1936, is £56 8s. 2d., and same had been assessed on the proprietors or the reputed proprietors in the proportions in which the lands drained and improved are to be annually charged towards the cost and expenses of maintaining the works executed as set forth in the Charging Order of the Commissioners of Public Works in Ireland dated the 22nd day of December, 1926.

AND NOTICE IS HEREBY ALSO GIVEN that in addition to the above-mentioned Drainage Maintenance Rate a sum of £112 16s. 4d. has been levied and will be collected in the proportions aforesaid, being the amount of two half-yearly instalments of Principal and Interest which will become due to the said Commissioners within the said year, and ordered to be paid to the said Council by the Proprietors or reputed Proprietors of the lands chargeable therewith as set forth in the said Charging Order.

The Charging Order is deposited in the Office of the Secretary of the Co. Council, Dungarvan, County Waterford, and may be inspected by any person affected thereby between the hours of 10 a.m. and 4 p.m. during the 14 days next ensuing the date hereof exclusive of Sundays and Bank Holidays.

J. H. O'SULLIVAN, Secretary, Co. Council, County Secretary's Office, Dungarvan, 9th July, 1935.

WATERFORD COUNTY COMMITTEE OF AGRICULTURE SHEEP BREEDING SCHEME 1935.

For the purpose of improving the breeds of mountain Sheep in County Waterford, the Waterford County Committee of Agriculture are prepared subject to the approval of the Department of Agriculture to locate a limited number of High-Grade Black-faced Rams on the commonage areas of the Comeragh Mountains, and the Waterford area of the Knockmeal-down Mountains on the following conditions:-

1. The Committee shall grant to each selected applicant a Premium of £5 towards the purchase price. The Ram to be maintained in good and healthy breeding condition for two breeding seasons.

2. Purchasers of Rams shall be required to insure the animals against death for one year for the proportion of the price payable by them.

3. In the allocation of Rams the preference will be given to applicants who apply on behalf of Sheep Owners, who are prepared to mate the rams to selected Bwes.

4. The Committee will endeavour to secure that only rams of a high standard of quality will be supplied but they cannot undertake responsibility in case any animal should subsequently prove unfruitful or otherwise unsuitable for breeding purposes.

5. In all cases of dispute in matters connected with this Scheme the decision of the Department shall be final.

Application forms, which must be returned on or before 27th July, 1935, may be had from the undersigned.

J. O'DWYER, Secretary, Courthouse, Dungarvan, 8th July, 1935.

LISMORE PROCESSION CORRECTION

In our report last week of the Corpus Christi Procession in Lismore, it was inadvertently stated that "on a modest estimate there must have been close on 1,000 persons present in all," etc. This should have read "there must have been close on 5,000."
