DANCE HALL LICENCES

ALLEGED LARCENY BY FINDING

Held on Wednesday before Mr. J. S. Troy, D.J.

This being the Annual Licensing Sessions and there being no objection by the Guards, all the Publican licences were duly signed.

CONFIRMATIONS

Mr. C. Quigley, was granted a Confirmation of the transfer of the licence from Mr. D. Morrissey at Square, Dungarvan, and Mrs. M. A. Stokes, O'Connell street, was granted a like order from the late Mr. D. V. Stokes. Mr. T. C. Williams, solr., for the applicants.

DANCE HALL LICENCES

Mr. Williams, solr., on behalf of Mrs. Monahan, applied for a Dance Licence for the Ocean View Hotel.

Mr. Williams said last year Judge Sealy granted a licence for 30 Cinderella Dances from 10 to 3 a.m. and 12 All-night Dances.

Justice—What are you looking for now?

Mr. Williams—Six All-night dances from 9 to 5 a.m. and 20 Cinderella dances from 9 to 3 a.m.

Supt. Walsh—I would ask you to limit the number of Cinderella dances. There is an application also from Dungarvan Town Hall and both halls would be serving the same area.

Mr. Williams—This is a seaside Hotel.

Supt. Walsh—I would ask you to limit the long dances to 3 o'clock and the others to 1 p.m.

Justice—Is the Supt. a dancing man? (laughter)

Supt. Walsh—They had the same hours last year and there was no complaint.

The Justice granted six All-night dances. Hours 9 to 5 a.m. and 20 Cinderella dances, hours—9 to 3 a.m. He said the only condition he would put in was that persons under 18 years be not admitted, and that 5 days notice be given of each dance.

TOWN HALL DANCES

Mr. Wm. O'Meara, Town Clerk, applied on behalf of the Urban Council for a dance licence for the Town Hall. The application was for 8 All-night dances from 9 to 6 a.m., 36 Cinderella dances from 9 to 2 a.m. and 3 practice dances weekly from 8 to 11 p.m.

Mr. Williams, solr., for the Urban Council, said the Town Hall was the only dance hall in the town.

Supt. Walsh thought 36 Cinderella dances would be a very high number.

Mr. Farrell, solr., said he had an objection to make on behalf of Mr. J. F. Moloney, Priory House. He lived opposite the Town Hall and he complained there was a great deal of commotion at those dances with motor cars running around. It all these dances now applied for were granted it would cause a great lot of annoyance to his client and he would like to know if anything could be done to keep motor cars away from that area. There would be so many dances that something should be done.

Supt. Walsh said it was the best place to park cars and it would be much easier to supervise them.

Justice—I think it would be better to have all the cars together.

Supt. Walsh—Nothing could be said about the conduct in the vicinity of the Hall.

Justice—I would not like to have any people's comfort interfered with.

Mr. Farrell suggested having the motors parked on the Square.

Mr. Williams—That would be worse.

Mr. Ryan—What about the dead walk?

Justice—It would make far more commotion if the cars were parked on the Square as people would be going for their cars there and bringing them to the hall.

Mr. Farrell—I leave it to your Worship to see of anything can be done.

Justice—I don't know what can be done except that the people are not to make noise. Is not the Town's Improvement Act in force?

Mr. O'Meara—Yes.

Supt. Walsh said the Guards did not get the co-operation they expected from the Urban Council in some cases.

Mr. O'Meara said the Council would cooperate with the Guards.

Mr. Williams said if the Guards asked the Council for any powers they would give them.

The Justice granted the application for a licence, and fixed the number of dances as per the application. No persons under 18 years to be admitted.

An Fear Mhor, applied for a dance licence for the hall attached to Ring College.

Mr. Ryan, solr., for applicant.

The hours were fixed for Ceilidhe at 8 to 10 o'clock. Longer dances were also granted.

GOLF CLUB DANCE

On the application of Mr. Farrell,

solr., Mrs. M. C. Power, was granted an occasional licence for the Golf Club dance in the Town Hall. Hours 11 to 5 a.m. There was no objection.

Philip Dunne, Fair Lane, charged by Guard Giblin, with being drunk and incapable, was fined 2/6 and R. McGivern, for having no light on pony car was fined 7/6. John Cahill, Youghal Road, no light, 2/-.

LICENSING PROSECUTION

Supt. Walsh, charged Miss Crowley, Mac's Hotel, Abbeyside, with a breach of the licensing Act on September 13th when three young men were found on the premises.

Mr. Farrell, solr., appeared for the defendant and one of the men found there and pleaded guilty.

Mr. Williams, solr., appeared for the other defendants.

Guard Deasy, said on September 13th at 1.45 a.m. he visited Mac's Hotel and rang the bell, but got no response. He heard people rushing about and doors banging. Ringing a second time J. J. Clancy admitted him. Going in he saw Mrs. Powell, who is managing the Hotel, and she said there was no one on the premises. He searched the yard and returning again told Mrs. Powell to tell the truth and she admitted that two men from Ring were there who represented themselves as travellers. Questioned, the men said they stayed in Ring previously. Witness found traces of porter in glasses and four empty porter bottles. Clancy said he came from Dublin and had an urgent message for Mrs. Powell.

Mr. Farrell said Miss Crowley was in a Nursing Home in Dublin and was very ill. The place was in charge of Mrs. Powell. The men found were great friends of Miss Crowley and told Mrs. Powell they were from Ring. Clancy had only just returned from Dublin and had a letter for Mrs. Powell. He asked his Worship to deal lightly with the case as they were about selling the place.

Mr. Williams, said his clients were sorry for what they did.

His Worship imposed a penalty of 20/- on the publican and the men found on the premises were fined 2/6 each.

RETURNED FOR TRIAL

James Morris, of no fixed abode was charged in custody with the larceny of a bottle of whiskey; a bottle of wine; underclothing, etc., from Rev. T. O'Neill, C.C., Lucan. At the previous Court a series of larcenies by the same accused from Mr. J. Connery, N.T., Killishal, were dealt with.

Supt. Walsh, prosecuted.

Evidence of the larceny at Lucan having been given by Fr. O'Neill; Sgt. Healy, the Official Photographer and the Finger Print Expert of the Guards, the accused was returned for trial in custody to the next Circuit Court in Waterford.

LARCENY BY FINDING

Supt. Walsh, charged Patk. Keohan, Youghal Road, with the larceny by finding of a lady's handbag, containing £1 7s. 6d., the property of Miss Peggy Flynn, Ballinmult.

Mr. Farrell, solr., appeared for the accused, who he said, was not responsible for his actions. He asked the Justice to deal lightly with him and bind him to the peace. The money was all paid back, and his mother would go bail for him.

Supt. Walsh said the accused found this bag and was asked by a shopkeeper to hand it over, but he refused. When it was later taken from him by a lady who knew the owner by the receipts, it was found to contain 2/-.

Accused admitted finding the bag and 12/6 was found on him.

The Justice said he was evidently hawking this bag around the town all day, which would bear out what Mr. Farrell had said. There was no privacy about it, as if he was going to steal it.

Accused replying to the Justice, said he was drinking as he had nothing else to do (laughter).

Justice—Will you give up drinking? Accused—I will; that will be alright.

On accused agreeing to hand over his Post Office saving book, and also his Saving Certificates to his mother so that he could not drink.

The Justice said he did not want to send the accused to jail, but it was up to himself whether he went there later. He would adjourn the case from Court to Court, and it accused came before him again he would get a long holiday where he could not get drunk.

FLOODED SUIR CAUSES MUCH DAMAGE

Considerable damage has been done by flooding from the Suir to lands adjoining the river between Ballyninch and Fiddown on the Co. Kilkenny side. The banks have been broken down and fields are flooded to a depth of four feet. The landowners who have suffered heavy losses have petitioned the Government to repair the banks and help to drain the flooded lands.

Death of Mr. Patrick Hogan, Cappoquin

Deep regret was felt by the people of Cappoquin when the sad news became known on Monday that Mr. Patrick Hogan, one of the most popular inhabitants of the town had passed away.

Deceased belonged to one of the oldest and most respected families in the town, the members of which had been prominently identified with the business life of Cappoquin for several generations.

His late father and brothers were men of rare enterprise and great business ability and built a number of substantial houses in the town, principally in Barrack street, and the Main street.

The late Mr. Hogan was uncle of Mrs. B. Sargent, Main street, and Mrs. K. Ryan, do., and was granduncle of Mr. M. J. Sargent, P.C., Cappoquin, and Mr. A. J. Sargent, Motor Agent, Lismore, and also of Miss M. Kerfoot and Mrs. Eileen Lacy, Cappoquin, and was connected with many of the best-known families in West Waterford.

As a boy, he was filled with the spirit of adventure and wanderlust, and at the age of 14 years he went to America where some of his older brothers had been for a considerable time previously. Ignoring the beaten track which led to New York, Boston, and other Northern Cities in the United States, he struck towards the Sunny South and enjoyed a varied and prosperous career in turn in New Orleans, Alabama, Kentucky, Texas and other parts of the Southern States where he saw much of negro life amongst the extensive cotton plantations in those parts. Returning home after 7 years, he was taught the trade of blacksmith by his father and brothers in Cappoquin, and so expert did he become in this business some years later that he was appointed Foreman Blacksmith in the South of Ireland Wagon and Wheel Company, which was then at the peak of its prosperity in Cappoquin. He was a powerful swimmer, and while employed at the Wagon and Wheel Company he performed a conspicuous act of bravery which won for him the Bronze Medal and Parchment Certificate of the Royal Humane Society, dated 29th. June, 1882. While a number of the workmen were waiting one day on the quay at Twigg Box for the after-dinner siren, one of them, named Thomas Crean, who was a powerfully built young man, suddenly became demented and plunged into the river Blackwater, with the evident intention of drowning himself. Quick as a flash, the deceased plunged in, fully clothed, and soon caught hold of the unfortunate man just as he was on the point of sinking. After a desperate struggle in the water during which both men were on the point of drowning, deceased had at last to stun Crean by giving him a vigorous blow on the head, and in this way he eventually brought the unfortunate man back to safety and to life amid the loud plaudits of the admiring and excited onlookers.

Some years later, when the Wagon and Wheel Company closed down he started a Blacksmith's business in Barrack street, where for 40 years he commanded a most prosperous trade, as his superior workmanship brought him the patronage of a huge clientele. A man of splendid physique, with a pair of brawny arms, he was the embodiment of Longfellow's "Village Blacksmith." "The Smith a mighty man is he, with large and sinewy hands." He was a great lover of children who "loved to see the flaming fire and hear the bellows roar."

About 10 years ago he retired from the smithy business, and since then he had been assisting his grandnephew, Mr. M. J. Sargent, P.C., in the latter's Motor Garage in Cappoquin.

He was an extremely intelligent and well-read man, and was able to quote, without a moment's hesitation, extracts from the prose and poetry of all the standard authors. A racy and delightful raconteur, he loved to relate some of his interesting experiences. "Way down amongst the Cotton-fields" while he was in the Southern States of America, and an hour spent in his company was an hour's education for anyone.

Up to a few years ago few could equal him in the perfect execution of a waltz or polka, while he was equally perfect in all forms of Irish dances.

On Wednesday the interment took place in Affane Churchyard, the cortege being extremely large and representative. The prayers at the graveside were read by Very Rev. T. Fitzgerald, P.P., and Rev. T. Dunphy, C.C.

The chief mourners included—Mrs. B. Sargent, Cappoquin; Mrs. K. O'Keefe, do.; and Mrs. B. Regan, do.; (nieces); B. F. Doyle, Cork (nephew); M. J. Sargent, P.C., Cappoquin, A.

Kilmacthomas Court

(Held before Mr. F. J. McCabe, D.J.)

Decrees for full amounts claimed, together with the costs of each application, were given in a number of undefended civil bills disposed of.

Messrs. T. Kiersey, M. Hally, R. J. Farrell and Major Jones, were the solicitors engaged in these applications.

Guard E. Devine, Kilmacthomas, prosecuted George Ryan of no fixed abode, for cruelly ill-treating a donkey, at Kilmacthomas, on the 19th ult. Defendant did not appear in Court. Giving evidence, the Guard said that on the date mentioned in the summons he found the defendant with a young ass under a cart. He saw the man striking the animal with an ash plant (produced). Ten heavy blows were struck as witness approached. The animal was trembling and sweating, and had an open sore measuring four inches by three, on its shoulder. This was the most revolting case of cruelty in witness's experience. The defendant was a ballad singer.

His Worship inflicted a fine of 5s.

The same Guard prosecuted James Fitzgerald, Ballyduff, for working an unshod donkey on rough road. Complainant stated the animal's hooves were in a bad state.

Fined 2/6.

This being the annual licensing court, the local licensed victuillers had their certificates renewed, and the usual exemption orders were granted.

Mr. M. Hally, solr., on behalf of Mr. P. J. Baldwin, publican, Kill, was granted a transfer of a licence in respect of the premises purchased from Mrs. Cummins, Kill. Title proving all right, and there being no objection by Supt. Dennehy, the Justice acceded to the application.

Mrs. Kate Walsh, publican, Durrow, applied for a transfer on probate of the licence held by her husband, the late Mr. James Walsh.

Mr. T. Kiersey, solr., instructed by Mr. E. A. Ryan, S.S., appeared for the applicant, whose application was granted.

Mr. M. Hally, solr., applied on behalf of Mr. P. J. Baldwin, Kill for a licence to hold a Cinderella dance at his hall at Kill on St. Patrick's Night next, and an all-night dance on Easter Sunday night.

Mr. Hally told his Worship that the applicant had already a licence to hold dances in the hall from Judge Sealy, and this would not expire until the 10th February next. The hall was equipped to meet the requirements of the Act, and there was never any objections raised to holding dances in the place.

After obtaining the views of Supt. Dennehy, and the applicant in regard to the hours.

His Worship granted the application, allowing from 8 p.m. to 2 a.m. for the Cinderella dance, and from 9 to 4 a.m. for the all-night dance.

Charged by Supt. Dennehy, Trimore, with using a motor car without having a driver's licence, and with failing to produce an insurance certificate, Peter O'neally, Carroll's Cross, was fined 5/- in respect of each charge, and the owner of the car, Mr. M. J. Power, same address, was fined £2 for permitting his car to be used by an unlicensed and uninsured driver.

Summoned by Guard Hamilton, Kilmacthomas, for using an unlicensed motor car, Robert Hearne, Kilmacthomas, was fined 10s. The Guard stated that the car was now licensed.

Acting for Mr. Nicholas Fitzgerald, Bonmahon, Mr. Hally, solr., applied for, and was granted an election order against Mr. Henry Howard, Bonmahon, whose rent arrears totalled £4 7s. 4d.

Same v. Thomas a nd Stasia Hannehan, Bonmahon. This case was adjourned to Waterford civil bill Court on Monday.

Commenting on the numerous breaches of the Lights Act he had to deal with at this court, his Worship said that it was possible that in future he would be inclined to take a more serious view of such infringements of the law.

LISMORE HURLING CLUB—

At a special meeting of the Lismore Hurling Club on Sunday night a resolution of sympathy on the death of the late Raymond Dalton, N.T., was proposed by J. F. O'Donnell, seconded by J. O'Neill and passed in silence.

EIRE OGE V. LISMORE—

Lismore met Eire Oge (Dungarvan) at Lismore Gaelic Field on Sunday last, for the Junior Hurling Divisional Final of the County. The attendance was pretty good, seeing that the weather was so promising in the early part of the day. The field was laid out in a splendid manner, and the spectators looked forward to see a good game but their anticipations were reversed as Lismore ran into an early lead and pulled off an easy victory.

The teams lined out in charge of Declan Goode, referee, Dungarvan, and Lismore were away from the throw-in for a point per C. O'Brien. This was quickly supplemented by a major score per Ormonde. From the next puck-out, Eire Oge moved down field, but they met with

an impenetrable defence in O'Gorman and Regan and the score was added to by another goal for Lismore per O'Neill. Duggan and Noonan were playing well for Eire Oge. Lismore were now dominating the play and two goals were added quickly to the Lismore register per Ryan and P. Moore. Donoghue was prominent for Lismore. Just before the half time whistle, Lismore were rewarded with two more goals and from a free Eire Oge got a point per Noonan leaving the score—Lismore 6-4; Eire Oge, 0-4.

In the second half Lismore were all over and goals were scored freely by Ryan, Ormonde and O'Neill. In this half Eire Oge failed to bring the ball past the half way line except on one occasion when McCarthy shot a goal from centre field. The final score read—Lismore 10-2; Eire Oge 4-1. Lismore will now meet Erin's Own for the final at a date not yet fixed.

DEATH OF MRS. M. FLANAGAN, DROMANA, CAPPOQUIN

A sensation was caused in the Dromana and Cappoquin districts recently, when the sad news became known that Mrs. Margaret Flanagan, Dromana, had passed away.

The deceased was the wife of Mr. Daniel Flanagan, a most popular Cappoquin man, who has filled the position of Head Groom at Dromana for the past 12 years, and who is well-known and highly respected by all the members of the West Waterford Hunt, of which his employer, Mr. Ion Villiers Stuart, is the esteemed Master.

The late Mrs. Flanagan belonged to Dundalk. As Miss McKenna, she first came to Cappoquin 30 years ago, when she was employed in a responsible position on the Household Staff at Cappoquin House.

After Lady Keane's death she went to Fortwilliam, Lismore, with Mrs. Keane and the late Mr. R. H. Keane where she spent several years, enjoying the fullest confidence and respect of her employers there, as she had done under Lady Keane in Cappoquin House. Since she took up her residence with her husband in Dromana 12 years ago she had enjoyed the greatest popularity amongst the many employees of this estate, as she was a lady of a generous disposition, who won the love and esteem of all who knew her.

She was a particular favourite with Mr. and Mrs. Villiers Stuart, and the latter proved her great respect for her memory by leaving a sick bed in order to attend her funeral into Cappoquin, while both Mr. and Mrs. Stuart were present at the funeral, and also sent a beautiful wreath to be laid on her grave next day.

Her remains were removed from her late residence to St. Mary's Catholic Church, Cappoquin, when there was a very large and representative attendance of the general public, headed by Mr. and Mrs. Villiers Stuart and the principal employees on the Dromana estate. The coffin was received at the church by the Very Rev. T. Fitzgerald, P.P., and the Rev. T. Dunphy, C.C., and after Requiem Masses for the repose of her soul on Saturday 14th inst., the funeral took place to the New Cemetery at Dromore when there was an imposing cortege present.

The Chief mourners included—Daniel Flanagan (husband), Miss Margaret Flanagan (daughter), John Flanagan, Cappoquin (brother-in-law) and family, etc.

Several beautiful wreaths were laid on the grave, including one from Mr.

GAELIC NOTES.

By Western Gael

At the Gaelic Field, Dungarvan, on Sunday last Dungarvan and Stradbally Junior footballers played their second round match. The result was a draw. Both teams were below standard and unless they improve they will not go much further in the Championships.

Lismore defeated Eire Oge Junior Hurlers at Lismore, thus becoming Western Champions. This is what I expected from the matches which Lismore have played during the early part of the season. They are almost sure to go the whole way to County honours. Eire Oge were below strength having lost several of their best players.

At the Divisional Board meeting held in the Town Hall, Dungarvan, on 22nd September, a large number of delegates from the Clubs attended. The agenda consisted of referee's reports and fixtures. All the reports were passed including a verbal one by Seamus Hayes, Hon. Treas., Western and Co. Board G.A.A., who stated that the J.F. match—Dungarvan v. Stradbally played that day was not played on time due to Stradbally being late. Mr. Hayes said he postponed the match at the request of both teams, Dungarvan refusing to take the match on the point of time. The Divisional Board accepted the report and congratulated Dungarvan on the sporting spirit it had taken on the occasion.

After the different fixtures were made, Dungarvan Club delegate asked the Chairman if he would be in order in asking the Co. Board representatives from West Board to press for Dungarvan as the venue for the Clare v. Waterford National League fixture on October 6th. The Board decided to recommend this venue.

Dungarvan Club also asked the representatives on the Co. Board to raise the question of what is being done about the "Daly Cup." This Cup is the property of the Dungarvan Club, having been won by the Senior Football team, and it was presented to the Co. Board over two years ago on the condition that the Co. Board promote a Senior Football Tournament for the Cup. The Co. Board did not carry out their promise, and Dungarvan are now asking that either they do so this year or hand back the Cup. It is nearly time some one remembered this cup as it must be covered with dust since it was given to the Co. Board.

Dungarvan Club also asked representatives on the Co. Board to get a special meeting of the Co. Board called to decide what Selection Committee would select the team to meet Clare on 6th October. This is a point which needs a lot of clearing. In my opinion the Senior Selection Committee of 1935 did not make a good hand of their job. It is time we had a change.

Before the close of the meeting Mr. Frank Ryan said he wished to state that speaking for the Gaels from the Tallow side of the Division, they were very sorry to have missed attending the funeral of the late Raymond Dalton. They did not hear of his death until Friday. He now proposed that the Board tender to his family their sincere sympathy in their loss. Raymond Dalton was a fine type of Gael as a player and teacher, and the Association had lost one who would have been a credit to it had he lived. The resolution was seconded by T. Kyne, Dungarvan, and passed in silence, the delegates standing.

On Sunday next at Dungarvan Avonmore (group 3) Senior football team meet Dungarvan. This will be a very close match as Avonmore team is one of the best trained team in the West. Dungarvan are determined to try and win to qualify to meet Stradbally their old rivals for the Western final.

The news that Kilmachthomas Hurling Club are promoting a tournament for a set of silver medals will be welcomed by all the hurling teams of the West. Kilmac' Club deserves the support of all Clubs for their gallant efforts to keep the game going in their area. The Clubs should show their recognition of this by entering a team in the tournament. Good luck 'Davie' and good gates.

SCENES AROUND LISMORE

How sweet to sit at eventide and view with care the grove. But sweeter still in summertime through shady paths to rove. I've travelled most the South of France, the Alps I did explore, How beauties rare they have their share, but cannot touch Lismore.

Blackwater flows so gently on to join the deep blue sea, It's beautiful course is seen for miles, hidden by Kilbrue. The Comeraghs in the distance to heaven seem to soar, Oh artists paint but very faint the scenes around Lismore.

Hark! what rustling noise I hear 'twould make a sad heart glad to hear its hurried song, The rushing waters glide along, the rocks come tumbling o'er; No scene you'd meet could ever compete with the scenes around Lismore.

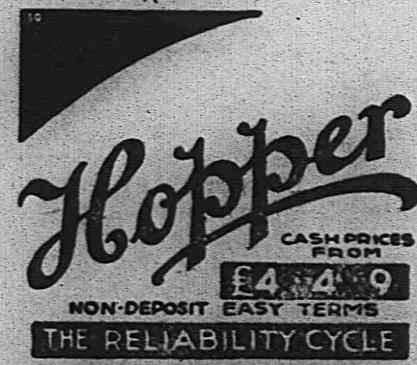

And there beside the river the proud old Castle stands, Whose walls withstand the fierce onslaughts of cruel Cromwell's bands. The tower is worth a visit, 'twill please you to the core, Ah! me to look from there you'll view the scenes around Lismore.

Now turn round and feast your eyes upon the western sea, Those lovely woods, a gentle breeze wafts down each hillside green, When the big red sun is setting, o'er Ballysaggartmore, 'Tis sure to grieve, but slow to leave the scenes around Lismore.

The scenes remain, but where are they the friends of boyhood years, With whom I played before I knew this world of bitter tears. Some are gone to foreign lands and more to heaven's bright shore, And I O'chone! must view alone the scenes around Lismore. (Mrs.) M.B.

A METHOD OF FEEDING PIGS.

In some feeding experiments at Rothamsted Experimental Station, it is stated, all fattening pigs are now given dry meal at the commencement of each feed, and water is added after about ten minutes. This method of feeding has improved the belly measurements of bacon pigs, and it prevents the pigs overloading their stomachs with cold water.

Mr. O'Dwyer asked what progress was made re the removal of the manure from Mr. Queally's field.

Clerk—The S.S.O. said that the stuff is practically removed and some is covered with clay.

Mr. O'Dwyer said he brought stuff and covered up some. It is an accumulation of years.

A SHELTER FOR BOATS

with the Scheme, including cost of immunisation agent, outfit, printing, advertisements and remuneration of District Medical Officers of Health and in the case of the Temporary Nurse proportionate parts of her salary in accordance with her work in the County Health or Urban District.

Dr. Farrell said it was the first duty of a County M.O.H., to try and prevent disease and preserve the health of the people. The disease particularly aimed at was Diphtheria.

Mr. Farrell—Yes. Mr. McCarthy—Will the money have to be paid from the rates?

Dr. Farrell—I have put a scheme before you, it is for you to find the money.

Mr. Dahill asked if a child in a school could be treated without the consent of the parents.

Dr. Farrell—You will see by my report that a child can be treated in a school with the permission of the school authorities but not without the consent of the parents.

Chairman—We had a chat over this and the only black spot is the lack of money to finance the scheme.

Mr. O'Dwyer—Will there be a guarantee that when children are treated they will be safe?

Dr. Farrell—Doctors do not give guarantees to my knowledge.

Mr. Mansfield—Could we make the scheme economic by asking those who could afford it to pay double.

Mr. Christopher—Those people will get it done by their private doctor.

Chairman—I suggest that we adopt the scheme. Fortunately we have been free from diphtheria for a good many years.

The deputation then withdrew. Mr. McCarthy—I hope that the tenants at Loughmore have a grievance.

Those people were compelled to live in those houses. It was stated from several platforms that the rents would not exceed 2/6.

A lot of those people did not wish to leave their old houses at all. I never thought that a rate of 1/6 and 1/4 would be added at all.

It should be only 2/6 for the 4-roomed and about 2/2 for the 3-roomed houses.

Chairman—We all know that you can let a lot of what you hear from platforms in one ear and out the other.

Mr. O'Dwyer—The 2/6 spoken of from the platform did not include rates. I remember the statement being made.

Mr. Byrne—There are 72 out of the 86 in Loughmore living on some kind of assistance, getting from 5/- to 12/6 per week.

It was said from platforms that the rents would be 2/5 or 2/6. I believe that all this talk is all bunkum.

Mr. O'Dwyer—That is not right. I don't like to hear false statements.

Mr. Byrne—I am always above board and speak my mind what you don't. Mr. O'Dwyer—You are well noted for it.

Mr. Byrne—I say what I think and will not be guided by anyone.

Mr. O'Dwyer—Let facts speak for themselves. Mr. Byrne—I have always acted straight.

Chairman—The question is what will we do. Mr. McCarthy—Write to the Department and tell them the circumstances and ask them to reduce the rents.

Mr. Byrne—Ask them to extend the loan. A letter was read from the Royal Liver Assurance Company stating that they were not prepared to give the loan of £23,500 asked for by the Board.

Mr. Hayes—I think the Council should sell some of their house property. Any of the schemes don't seem to be paying.

Mr. McCarthy—And give the tenants first preference. It was decided to place all the facts before the Department.

PAYSHEET The pay sheet for the week amounted to £22 11s. 7d.

NEW HOUSING SCHEME Messrs. Doyle and Ormond, reported that they were preparing two schemes in connection with the proposed housing scheme on the demolished area. As the lay-out of the site needed careful consideration, they would have to take some time to think out the most suitable schemes. They were losing no time.

DANCE HALL LICENCE In connection with the licensing of the Town Hall for dancing the Chairman said the matter would probably come up at the next Court and they should instruct their solicitor to apply for so many dances.

It was agreed to apply for eight all-night dances, 9 p.m. to 6 a.m., thirty-six Cinderellas—9 p.m. to 2 a.m., and practice dances from 8 p.m. to 11 p.m.

MOTION DEFERRED Mr. O'Dwyer's Notice asking that a licence for a slaughterhouse be given Mr. J. J. Morrissey, was at Mr. O'Dwyer's request deferred for the attendance of the M.O.H.

GALLANTRY REWARDED A DISTRICT JUSTICE'S GRACEFUL TRIBUTE At Lismore District Court last week, before Mr. G. P. Farrell, B.L., Guard Purcell, Lismore, summoned a middle aged man named Michael Morrissey, Deep Park, for using an unlighted bicycle in Lismore.

Defendant, who certainly did not look like a cyclist, appeared and expressed surprise that he should have been summoned for an offence which he had never committed. He said he had never ridden a bicycle in his life, and the night the Guard caught him he was simply obliging a young lady friend of his by rolling her bicycle home for her, as it had got punctured earlier in the night and she was unable to ride it home.

The Justice asked complainant if he believed defendant's statement, and the Guard said that possibly that was what had happened on the occasion.

The Justice—in that case, it would be manifestly unfair that this man should be penalised for his gallantry towards the young lady on that night, so I think the ends of justice will be met by letting him off with a caution this time (laughter).

Defendant's face beamed with a grateful smile towards the Justice.

Ballyduff Notes

WE TELL YOU THAT—A prominent Business man in Dunganville sends the "Observer" each week to a Ballyduff man resident in Dublin who has a file of the paper for several years back.

Several copies of the "Observer" are sent from here each Friday to our friends 'across the pond' in U.S.A.

Owing to the inclement weather a damper is put on the extensive threshing operations now on, and the farmers have another 'grouse' added to their litany. A farmer was heard to remark: "To-dinners and two kegs is too much for six hours threshing."

The migration of swallows to a warmer clime is completed, as is the migration of the numerous young ladies from "Golders Green" who have been visiting us on holiday.

One visitor to a neighbouring town, in addition to other beauty (?) aids had her finger and toe nails painted. (N.B.—She wore sandals.)

Owing to the prospects and allurements of London, young ladies are amongst our principal exports.

The water supply to Ballyduff needs attention. Since the installation of an additional supply two years ago the quality of the water is very bad, and during the rainy periods it is discoloured and contains a lot of solid matter. The new filter bed is not a success, and anyway it seems hardly right that water flowing overland, where it is open to cattle, sheep, etc., should be utilised to increase the supply for human consumption. Something will be done when there is an outbreak of disease.

A water supply is needed for the Shean district. This area contains twelve labourers cottages and four farm houses. Some of the cottiers have to travel two miles to obtain water. A spring well exists on high ground to the south-east of this district, and it should not be so costly to have it piped to the vicinity of each house. Since the abolition of the Co. Council local matters such as this are neglected.

Sunday the 29th September being the feast of St. Michael, patron of this parish Quarent One Devotions will be held on Saturday, Sunday and Monday. A procession will be held at 10.30 a.m. on Monday when Mass will be celebrated by Rev. M. Dowley, P.P.

Good progress is being made in the erection of our Creamery, and it will be in full working order for the coming spring.

The National Wheat Campaign

OBJECT AND ADVANTAGES.

In the notice which appears in our advertisement columns farmers are reminded of the advantages of joining the national campaign for the growing of more wheat in this country. The object of the campaign is one that should appeal to every Irishman; for it aims at making the country self-sufficient in the matter of the supply of the people's staple food stuff, while at the same time keeping at home for distribution among wheat growers the immense sums of money still being sent out to purchase wheat from farmers in other countries, who buy little or nothing from us in return. But farmers are not guaranteed a return for their labour far above that secured by farmers in other countries from which at present we draw our main supplies of wheat. The Government guarantees a minimum price which is much higher than the world's price, and also an assured market—a market that cannot be glutted, or in which prices cannot be depressed by over-supply. This is surely an important advantage in a world in which the complaint commonly heard is that of the difficulty of finding a market for produce at a remunerative price.

The prejudices against wheat growing have surely been exploited by the experience of the present season, when a crop of 450,000 acres is being harvested in such excellent condition. The argument that we cannot grow wheat is smashed. What about the argument that our wheat is inferior? This fallacy must also have been scotch by the keen competition that has been displayed by millers to secure supplies of this year's wheat. In many cases advertisements have appeared offering free sacks and free carriage as inducements to farmers to sell their wheat to particular millers.

As a result of this year's harvest, 41,500,000 will be distributed among growers. To each of our farmer friends we would say: "Will any of that money come to you? If not, see that you get your share next year by sowing what you sow. Thus, you will help yourselves and help your country."

THE FAIR—The Kilmacshommas fair, held on Tuesday, was well supplied in all sections, but business was nothing to write home about. Milch cows realised from £3 3s. to £4 10s.; heifers, £2 5s. to £3 15s.; dry heifers £2 5s. to £3 15s.; big supply of bulls, but no demand; fat sheep, 25s.; ewes 11s.; lambs, 10s.; bonhams, good supply, 22s.

MARRIED IN LONDON—Professor A. Broughton-Edge, the well-known mineralogist, who has been surveying the Bonmahon mining sectors for the past two years, was married in London on a recent date, and the many guests present at the reception, held subsequent to the wedding, included Mr. Nicholas Fitzgerald, farmer and merchant, Bonmahon.

IRELAND AND GENEVA
Speaking in Westmeath the other day Comdt. Cronin, said he observed from the Press that Mr. Eden, British representative at Geneva, was to dine with Mr. de Valera. He did not think Mr. de Valera should be censured for that, but he did think that it was an amazing performance for the leader of the Fianna Fail Party in view of the record of that Party. He realised that Ministers of their country must associate with those of another, but why then were the leaders of the Fianna Fail Party so vicious in their attacks on those who preceded them in office. They attacked and maligned the late Kevin O'Higgins, Mr. Cosgrave, Mr. McGilligan and others for a similar practice, although at that time they were not supposed to be at war with England.

PANIC IN ADDIS ABABA
GUARDS OPEN FIRE ON LIONS

Five of the Emperor's lions escaped from their cages in the Palace grounds, and roamed the streets of the capital for some time. They killed one man, who made an effort to capture them, and broke into a stable, killing two fine Arab steeds. A dozen sheep were also dispatched, and the population were in a state of panic. Two hundred men of the Imperial Guard turned out on a big game hunt, and all five lions fell to rifle fire.

LOCAL HAPPENINGS.

PRESENTATION CONVENT, DUNGARVAN SPLENDID EXAMINATION RESULTS.

The pupils of the Presentation Convent, Dungarvan, acquitted themselves with more than ordinary distinction in the recent educational tests as revealed by the results of the Intermediate and other examinations published in another column and proved how excellent is the teaching provided at these great Dungarvan Schools, which for the past 125 years have, year in year out, worked for the intellectual and spiritual development of those committed to their charge with an earnestness that could not be excelled.

Covering a wide range of subjects, and with the keen competition which is a feature of the times in which we live, the pupils secured Honours of high degree which reflect the great ability and zeal of the teachers and the steady application, and the unremitting toil of the students. In music also a number of pupils secured honour awards in the examination conducted by the Leinster School of music. In addition students of the Presentation Convent have been called to training as teachers.

The Presentation Convent is thus living up to its best traditions as a practical and successful educational establishment and as the years roll on we hope it will advance to greater heights and win still more laurels in the sphere of higher education. We heartily congratulate the Community of the Presentation Convent and their pupils on their great success.

DANCE LICENCES

At the Dungarvan Court on Wednesday, Mr. Trov. D.J., granted dance hall licences for the Town Hall and Ocean View Hotel; also for Ceilidhe at Ring College Hall. So all our neighbours who love to indulge in the art of Terpsichore and trip the light fantastic to their hearts content can do so for the coming year with perfect satisfaction.

GOLF CLUB DANCE

The Annual Dance under the auspices of the Dungarvan Golf Club was held in the Town Hall on Wednesday evening, and was most successful from every point of view. Nearly 100 couples were present and included visitors from Cork, Waterford, Tramore, Carrick-on-Suir, Clonmel, Carlow, Lismore, Youghal, Mitchelstown, Fermoy and Kilkenny. The music was supplied by Miss Vic Clarke-Barry's Band, and was most delightful, while the catering was exquisite. The hall was artistically decorated for the occasion by the energetic Committee in charge. Dancing was kept up with zest till morning, when all went home thoroughly delighted with the enjoyment they had.

THE COMING WAR

Though the war between Italy and Abyssinia has not yet started, preparations are going ahead at full speed. Italian troops, aeroplanes, tanks, arms and ammunition of all sorts are being sent daily to the African front. Mussolini is mobilising all the Italians at home to be ready for the fray as he has declared he wants Abyssinia for the proper development of his people, and that the natives out there are not fit to be in charge.

Now for Abyssinia, where in order to have his army at full strength the Emperor has let loose 50,000 prisoners out of the jails on condition they joined up. He has also granted a free pardon to thousands of robbers and murderers who are on the run out there and evaded arrest so far. So with all the rogues, robbers, murderers and cut-throats called to the colours, the Abyssinian army will be very formidable, and as they fight barefooted, and are very fleet of foot, it will be mighty hard to round them up again. Further all able-bodied women have declared they will fight with their men, which is a very loyal attitude to adopt. No wonder Haile Selassie, the Emperor, says he is confident of victory.

able, and as they fight barefooted, and are very fleet of foot, it will be mighty hard to round them up again. Further all able-bodied women have declared they will fight with their men, which is a very loyal attitude to adopt. No wonder Haile Selassie, the Emperor, says he is confident of victory.

The League of Nations have failed so far to make peace and with trouble brewing all over Europe and in every direction our Irish farmers would be well advised to make preparations for feeding the armies when the kick-off comes.

CO. HOME, DUNGARVAN. BREAD & MEAT SUPPLIES. Considering the tenders received for the supplies of bread and meat to the Co. Home, Dungarvan, too high, it was ordered that these supplies be again advertised and this being done the new tenders were considered at a special meeting before Mr. Commissioner Moynihan, on Tuesday last.

BREAD Messrs. A. Moloney and Sons, Ltd., Dungarvan, were the only firm to tender, and it was accepted, the prices being 7 1/2d. per 4 lbs., for white bread, and the same price for brown bread. For Lismore District Hospital, the tender of Mr. M. Foley, for bread at 9 1/2d., per 4 lb loaf was accepted. Sugar—The tender of Messrs. R. A. Merry & Co., Ltd., was accepted for sugar, at £31 10s. per ton. **MEAT TENDERS** For the meat supply of the Co. Home, Dungarvan, Mr. Thomas Queally, Mary street, tendered for beef in rounds at 5 1/2d. per lb.; shoulders at 4 1/2d. per lb and mutton in quarters at 6 1/2d. per lb. Mr. John Crotty, Mitchel street, tendered at 5d. per lb., for beef in rounds and shoulders and 7d. per lb for mutton. Mr. Queally's tender was accepted.

KILMACHTHOMAS WATER SUPPLY. TENDER ACCEPTED. At a meeting of the Co. Board of Health on Tuesday before Mr. Commissioner Moynihan, tenders were considered for a new water supply at Kilmachthomas. The tender of Mr. Wm. Power, The Mall, Waterford, at £1,099 was accepted. The other tenders received for the work were as follows:—Messrs. P. Costin and Sons, Waterford, £1,255; Mr. R. B. Nolan, Waterford, £1,435 and Mr. Jas. Elleckson, £1,378.

COPPER MINING IN BONMAHON. GOVERNMENT LEASE. The revival of copper mining in Co. Waterford is likely to lead to a big development in the industry in this county, as a result of an order by the Minister for Industry and Commerce, granting a mining lease to Messrs. Lenander, Broughton, Edge, and Impy, for a period of 99 years in an area covering 478 acres in the town lands of Ballyvadden, Carrickaroedy and Kildrane. This order has followed as a result of an inquiry held by the Mining Board in June last.

The same prospectors have lodged applications for mining rights over 3,356 acres in other areas, but so far they have failed. In a case in which an order granting mining rights was made in February last in respect of 577 acres in the townlands of Ballynascilla, Ballynascilla, Ballyvadden and Kildrane, in County Waterford, the Mining Board has assessed the compensation at £900, which works out at a little more than 41 p. ac.

ABYSSINIA MOBILISES. On Wednesday and Thursday all the Abyssinians were called up to fight. This is how it was done. The Emperor's war drums were sounded at the capital—Addis Ababa, and at each provincial and feudal stronghold and the jungle call to battle was 45 beats of the drum. As the Emperor's drumbeats ceased the drums of the Grand Dukes and feudal chiefs took up the cry and passed it on from hill to hill until all Ethiopia knew of it. The last time the drums beat to battle was in 1896. So now all hands must get on deck.

THE CAPPOQUIN SPORTS. Mr. W. J. Nolan, writes:—Your Cappoquin Correspondent reminds me of 1932, when a team from Glenmore A.C., Dungarvan, were last of five teams in the County Championships, and only scored a few points between them—but why bring that up? Four of the clubs he has mentioned have long since disappeared. On the other hand, Dungarvan A.C., including Sonny McGrath, have been prize-winners during the present season at Dublin, Wexford and Kilkenny etc., as duly reported in the Dublin and Provincial Press. Now that the cricket season is over, why not start an Athletic Revival movement in Cappoquin, to include Tallow, and Glendine? The Organiser is in Waterford and his services are free. If only for the sake of J. McGrath, they should really start a Club.

TALLOW DISTRICT COURT.

ASSAULT CASE

TURF DISPUTE

Before Mr. G. P. Farrell, D.J.

LICENCE APPLICATIONS

Mr. T. K. Keane, solr., Youghal, applied on behalf of Daniel Collins, Knockanore, for the confirmation of an ad interim transfer of a licence previously granted. The former licensee had been applicant's mother. The Justice—He is administrator.
Mr. Keane—Yes.

Justice—Is it a freehold or leasehold? —It is held under the Land Purchase Act and forms part of the farm. The application was granted.

Mr. Wm. R. Hodnett, solr., Youghal, made a similar application on behalf of Miss Helena O'Keefe, Conna, and it was granted.

A like application by Mr. E. Carroll, solr., Fermoy, on behalf of Mr. Bernard O'Keefe, Tallow, was also granted.

Mr. Hodnett, applied on behalf of Mr. T. J. Keniry, Tallow, for the renewal of a wholesale beer dealers license and also for an Exemption Order in connection with the Horse Fair.

Both were granted.
Mr. Carroll, applied on behalf of Mr. Bernard O'Keefe, for a like Exemption Order, and the application was granted.

Roads Traffic Charge.

Supt. Quinlan, in connection with a charge under the Roads Traffic Act against Patk. Curley, West street, Tallow, said that Mr. E. A. Ryan, solr., Dungarvan, for the other side, asked for an adjournment.

The Justice—He got an adjournment already in this case.
It was further adjourned for two months.

Fishery Case

Mr. Thos. Drohan, Inspector of Fisheries, Mallow, charged Michael Carr, Bridpark, with using a strokehaul in the river Bride.

Mr. T. A. Riordan, solr., Barry Sullivan and Co., Mallow, for complainant.

Mr. Cunningham, Water Bailiff, stated that he found defendant on the river bank on 25th August. He had a rod and gaff with a strokehaul (produced attached to the rod. Defendant was taking it out of the river when witness approached. There was a fish at the point witness took the things from him.)

Justice—What does the defendant say?
Defendant—Did you ever do any salmon fishing, Justice? (laughter).

Justice—Don't question me.
Defendant—I don't want to be forward, but you should know about it to understand the thing (laughter).

The Justice—You will have to get some other Justice. Better be sworn.

Defendant stated he always carried a strokehaul. That one was perfectly dry and not on the rod. Another defence it was a trout line, and a trout line wouldn't hold a salmon. The Bride was full of weeds and he sometimes used the strokehaul to clear his line.

Justice—Were you only fishing for trout? I wasn't fishing for anything. I only went for a swim (laughter) I thought I might get a peal.

After a prolonged hearing defendant was fined £2 with Court costs, and all the articles forfeited.

No Lights

Sergt. Gray, Tallow, charged Mee. Hoey, Carrigan, with using an unlighted bicycle.

Fined 1/6.

Guard Sheehan, Tallow, charged Sadie Tobin, Terryullen, with a like offence on a bicycle.

Fined 1/6 and 1/-.
Unlicensed Dogs

Guard Keogh, charged Susan Tobin, Lackenahy, with having 2 unlicensed dogs.

Fined 5/- for one animal.
The same complainant charged Bridget Beecher, Moonfoun, with having an unlicensed sheep dog.
Her excuse was she thought the animal was going to die.

Fined 5/-.
At the suit of the same complainant John Kingston, Shanbally, and Bat Murray, Dunmoon, were fined similarly.

The Justice said in those cases it had been made an excisable penalty and he had no option but in exceptionally destitute cases.

On the complaint of Guard Sheehan, Thomas Lane, Fountain, Patk Geary, Supterton, James O'Brien, do., and Timy Ryan, do., were also fined 5/-.

No License

Guard Keogh, charged Martin Scanlan, West street, Tallow, with using on August 19th a threshing engine with no tax disc displayed and no driver's license.

Complainant stated that the driver when questioned said his employer was aware he had no license.
Mr. Hodnett defending, said there

KILMACTHOMAS NEWS.

DEATH OF MR. JOHN QUINN.

It is with feelings of regret we chronicle the death of Mr. John Quinn, Furraleigh, Kilmacthomas, who passed away after a protracted illness in the fullness of his years at his home by the Mahon on Wednesday, September, 18th. The late Mr. Quinn was a man of outstanding personality. He figured prominently in the Land War period, and credit must here be given to him and to the late and ever-lamented Father Richard Casey as pioneers of the Land League in these parts. It will be recalled the bravest Fr. Casey took in defence of the farmers rights, and as his arrest was threatened by the authorities a body-guard was appointed under the guidance of Mr. Quinn to protect him. Mr. Quinn it was who had charge of the Kilmacthomas Fife and Drum Band, whose presence at the meetings will be well remembered. He took part in every patriotic movement for the advancement of the people and his word always carried weight, and was a follower of Parnell, J. E. Redmond and de Valera. He was for a number of years on the Kilmacthomas Councils, where his sound wisdom was always sought. He had various characters and was a gifted musician, Irish singer and step-dancer; while his command of the native tongue had few equals. Neighbours recall the stirring St. Patrick's Day parade of fifty years ago, when Mr. Quinn's band played the congregation to Mass and discoursed a lovely selection of Irish music, when the late Fr. Michael Casey preached a suitable Irish sermon for the occasion. The Quinns were a gifted family. A brother of the late Mr. Nicholas Quinn was principal of one of the leading Liverpool schools until his death; while another Mr. Nicholas Quinn is chief engineer on one of the leading liners; a brother, Mr. Thomas Quinn, resides in Dungarvan and a sister was successful in America. The deceased was nephew of the late Captains Whelan (3), of Mahon Bridge, who commanded responsible boats in their day, and had world-wide connections. Young and old from parts near and far attended at the funeral and at the interment at Kilrossanty old cemetery, and the prayers at the graveside were recited by Rev. W. Keoh, P.P., assisted by Rev. J. Hartly, C.C. By the way, the late Mr. Quinn was father of deservedly-popular Mr. Pat Quinn, cottage rent and rate collector to the Co. Board of Public Health, to whom, as well as to his equally well-esteemed brothers and sisters, and grand-children, widespread sympathy is extended in their bereavement. The Kilrossanty and Fews Cumann Fianna Fail, passed resolutions of sympathy with the relatives.—R.I.P.

Defendant was fined 5/- for the tax charge and 2/6 for the driver's license. The case against the driver for the same being dismissed under the P.O.A.

Assault Over Turf

Thos. Condon, Glenkeel, charged Mee. Power, with assault.

Mr. Hodnett, for plaintiff and Mr. J. W. O'Gorman, solr., Lismore, for defendant.

Plaintiff said he was making up a stack of turf in his own place when the defendant came in, caught his guffawn, dragged him about and tried to fall him. Witness protested and defendant told him to go to hell—where he should be. He was afraid to cut his turf owing to defendant's attitude.

Cross-examined by Mr. O'Gorman—Witness said the land he was on was owned by his sister and himself. Thomas Hurley owned the adjoining 280 acres of the lands of Laeken. He didn't know that defendant owned the grazing of it.

The Justice—How long are you cutting the turf?—35 years. Under what title?—It belonged to my father and grand-father before me.

Mr. O'Gorman—I submit that where Condon was cutting the turf was my client's grazing.

Justice—Even so, what justification was there for the assault?

Mr. O'Gorman said they had paid the representatives of the late Thomas Hurley for the grazing of the place and had posted notices warning trespassers off. In spite of that the plaintiff refused to leave. If that man had a title he would have to prove it.

The Justice—Mr. Hodnett, what do you say?
Mr. Hodnett—This is an application to bind to the peace and your jurisdiction is not ousted in such an application. If Mr. O'Gorman's client thinks he has a bona-fide right to this place, there is a legitimate way of enforcing it, not by assaulting my client.

Mr. O'Gorman—This is a question of a bona-fide title.

Mr. Hodnett said when the parties were before his worship, he had an inherent jurisdiction.

Mr. O'Gorman said they were paying £4 yearly for the grazing of that mountain, where the turf was cut by Condon, and his client had exercised no more force than was necessary to remove the man off the mountain.

Mr. O'Gorman produced a map which he said showed that the place in question was grazed by his client.

The Justice said the evidence was that Condon had been cutting turf there for 35 years.

Mee. Power stated he took the grazing on a verbal agreement with the representative of the late Thos. Hurley, and he produced the receipt for the payment. Where Condon was cutting was on his grazing holding. He warned Condon off, but only got ugly talk. He then caught the guffawn and shouldered him off.

Mr. O'Gorman submitted that the Justice had no jurisdiction in the case.

The Justice said he had jurisdiction where it was a question of preserving the peace. He had no concern with the question of title. The defendant was a young vigorous man whose idea was that he should assert his right by force. That was a mistaken idea, and he must be prevented from doing so. Defendant was bound to the peace in his own recognisances of £5.

Shot Gun Case

Supt. Brady, Fermoy, charged Wm. O'Brien, Kिलclare and Mee. Fitzgerald, Conna, with being in possession of a shot gun without a certificate.

Inspector Dunning, prosecuted.

Sergt. Heraty, stated that on the 1st July, O'Brien made a voluntary statement in which he said that a few years ago he purchased a single shot gun from Fitzgerald for 5/-, and he told Sergt. Conboy, about it. The Sergeant told him about the license, but he neglected it. Later on Fitzgerald came and took the gun away and kept it. Subsequently Fitzgerald made a statement that when he got the gun back from O'Brien he threw it into a heap of briars. He didn't see it since.

The Justice—What evidence is there that there is such a gun in existence? The Inspector—There are their own statements.

The Justice, in the circumstances, dismissed both cases.

Clapping In Court

The Justice—Who is clapping? A Civic Guard said it was a sister of one of the defendants.

The Justice—In view of that silly performance, instead of making it a dismissal on the merits, I make it a D.W.P. There may be something in it that I don't know.

The Inspector said there was something in it.

DEATH OF MR. MICHAEL WALSH.

A most esteemed and worthy neighbour, in the person of Mr. Michael Walsh, farmer, Comeragh, Kilrossanty, passed to his eternal reward on Thursday last week, after a somewhat lengthy illness borne with a composure which only a deep-rooted religious feeling could bestow, and while yet in his fifties. His demise removes from the district and surroundings its best and most lovable character. He was universally popular, an ornament to the agricultural world and the good work he performed in that direction cannot be fully appreciated. The rich and poor alike deplore the loss. In short, he will be missed by everyone who valued a genuine sincere unselfish and kind-hearted friend. A great wave of public sympathy goes out to his sorrowing wife and family in their sad bereavement. Belonging to a fine old stock, his funeral to St. Bridget's Parish Church, Kilrossanty, on Friday evening was a most extraordinary spectacle being probably the largest that was ever seen in the parish and was a marked tribute of respect to the dead as well as of sympathy to the wife, family and friends of the deceased gentleman. It was representative of all classes and creeds over a wide area and was indeed but the just tribute of the people to one who was known to be a kind, loving and devoted husband and father, whose mind was filled with an intense but unobtrusive religious feeling and who wished to see everybody happy.

Following the celebration of Requiem High Mass for the happy repose of his soul on Saturday, the remains were laid to rest in the family plot in the adjoining cemetery. Fr. Keoh, P.P., officiated at the graveside.

DEATH OF MISS ANNE GALVIN.

Portioned by the rites of Holy Church, Miss Anna Galvin, Gurtavictory, Kilrossanty, answered the Great Call on the 20th inst., after a protracted illness and in her 62nd year. Generosity and kindness, straightforwardness, and candour were elements that went to make up a fine character and these she had in large measure. The friends who miss her presence are consoled at the knowledge that she died as she lived, patient and resigned to the Will of her Creator. A huge concourse of neighbours followed the remains to the Parish Church, Kilrossanty, on Saturday evening. Burial took place in the old cemetery adjacent, after the late Mass on Sunday, Rev. J. Hartly, C.C., recited the last prayers at the graveside.—R.I.P.

TWIN CHICKS

A hen, the property of Mrs. Mary Fitzgerald, Upper Knockeylan, Kilrossanty, hatched an egg which produced two chickens, and the birds are as hardy as the remaining eleven of the clutch—a dozen eggs form of the sitting. The happening is unique, undoubtedly.

FELICITATIONS

Cordial felicitations are extended to Miss Helen Rowe, Ballyinch, Kilmacthomas, and Mr. Danny O'Mahony, Cork, on their marriage at Mount Mel-ray Abbey on Thursday of last week. The worthy members of two fine old families, we join with the rest in wishing them length of years in the fullest enjoyment of connubial bliss.

WE PUT IT TO YOU (SERIOUS AND NOT)

That mushrooms continue to show up numerous in Mid-Deise.
That plans for a monster cock-fighting main to be held in a lonely Nire Valley nook, have been abandoned suddenly.
That the juicy and spongy weather at present prevailing is bringing a roaring trade to vendors of umbrellas and overcoats.
That American coney coats for men are coming back to Bonmahon.
That the Bohadon bachelor who is on the way to baldness is sadly conscious that, no matter how young he looks with his hat on, he looks eleven years older with it off.
That the Metal Man of Tramore is not suffering from the dire disease popularly known as "swelled head", since Ancestress Anne "let him down" last moon-change.
That a graceful young Garrantbane girl has invented a slimming marmalade which contains vegetable iodine jelly made from seaweed—AND—
That in Kilmac at the moment a kind of stigma attaches to the ancient and useful profession of gossiping.

YOUGHAL URBAN COUNCIL

LOCAL GOVERNMENT AND HOUSING

HIGH TIDES

Present—Messrs. P. J. O'Gorman, P.C., Chairman; R. Savage, R. Power, T. Beausang, W. O'Sullivan, R. C. Farrell, Vice-Chairman; J. Whelan, E. P. Lynch, T. K. Keane, solr.

Harbour Dues

At the Harbour Board, Mr. Power raised a question regarding the collection of dues on British and other vessels.

After some discussion, the matter was adjourned to a general meeting.

Cinema Roofing

Messrs. Horgan's Picture Theatre, wrote:—We wish to offer a few suggestions in favour of ruberoid for the Council's consideration, viz.—Only 1 of the Cinema roof needs replacing. We purchased the materials for repairing same before we received your letter. That a ruberoid roof is used on most Cinemas as it is considered the safest. Also that we take all precautions possible to ensure the safety of the public. We installed fire-proof projectors (the only ones in the I.F.S.) and built new asbestos-lined operating box, etc. At the same time we wish to thank the Council for their attention and their interest in the safety of our patrons.

It was decided to submit a copy of the letter to the Acting Town Surveyor.

L. G. And Houses

The L.G. wrote stating that the Minister couldn't approve of the suggested plan of 4-roomed houses to be erected by the Council as it did not provide a house of adequate area. To provide reasonable accommodation a 4-roomed house should be a total area of at least close on 650 square feet and the Minister had this in mind when recommending plan No. 1A to the Council. Also the Minister couldn't approve of the alternative plan forwarded with your letter of the 9th ult., on the same subject as a living room of the size indicated was too small for a normal family. Its shape was also inconvenient and the situation of the range in a corner was far from ideal, whilst the cubicle was small and insufficiently ventilated unless the partition to the scullery was left open, which wasn't desirable.

A letter was read from the L.G. stating that their Inspector, Mr. Bloomer, would hold a Public Inquiry in the Kenny's Lane and New Found Out Clearance Order on the 26th., and forwarding copy of the landlords objections as follows:—

1. The said houses are well built of stone roofed with slate and are situated in a healthy position in the country (2) The respective tenants occupying said houses are all well satisfied with same. (3) The houses are let at a very low rent of 2/- per week. Houses let at this rent are necessary to meet the demands of certain of the local people. (4) The rent received is practically my only means of support. I am in a position to produce medical evidence that the houses are fit for human habitation in every respect.

Assistant Clerk

Mr. R. P. Nelligan, Assistant Clerk, applied for 2 weeks leave of absence which was granted unanimously.

Pacific Hotel

Miss A. Meade, Pacific Hotel, applied for copies of letters (1) addressed to her by the Town Clerk on April, 1934 and (2) one sent to Messrs. Murray, Contractors.

It was decided to supply a copy of (1).

The Chairman said the Council had already decided to be guided by their solicitors in the matter in dispute.

Mr. Power said other persons in the town had signs up and there should be no discrimination.

Noisy Dances

The Southern Rowing Club, applied for the use of the Ball Room for their usual weekly dance, which was granted.

Mr. Whelan said while agreeing, the dancers ought to be asked not to make so much noise. It was almost impossible to use the Reading or Billiard Room of the Y.M.S. while the dance was on.

Mr. Lynch—Do you expect them to wear rubber soles? (laughter). The Chairman—They could do it with the "light fantastic." I believe the Club would agree to facilitate the Y.M.S.

Strand Church Fund

Mr. Savage applied for the Hall to hold a Whist Drive in aid of the Strand Church Fund on 24th. The application was granted.

Lifeboat Institution

A similar application was granted for a Jumble Sale in aid of the Lifeboat Institution on 5th October.

Recent High Tides

The Clerk said he had written to the Co. Surveyor regarding the damage done to the Strand Road and the sluice during the recent high tides.

Mr. Savage said it was a matter of urgency.

It was arranged that the Chairman and Clerk should call on the Chairman of the Co. Council, and the Co. Surveyor on the matter.

Mr. Whelan said it would be really worth while to do that important road properly, even if they had to capitalize the grant they were receiving towards its maintenance.

Youghal Mental Hospital

At the usual monthly meeting of the Committee of the above, there attended—Mr. W. Broderick, T.D., Chairman; Very Rev. D. Canon Dinneen, D.D., P.P.; Rev. D. Duane, C.C., and Dr. M. Twomey, P.C., Visiting Physician.

The doctor's report was as follows:— Since my last report there has been one death; six patients are confined to bed on the male side of the house and seven on the female side owing to debility and other causes. There has been no case of seclusion, restraint injury or violence. There has been no complaint of the water supply. The food supplies have been regularly examined and found up to standard requirements. There has been no case of zymotic disease and the general health of the institution is excellent.

The manager's report stated that since last meeting one male patient had died and the total number in residence at present was 425 (248 men and 177 women). The corn was threshed on the 7th, and there were 50 barrels of oats and 45 barrels of barley. The oats would be required for the house and quotations had been invited for the barley and three offers received. Communications were submitted from the Secretary Hospital's Commission and the Department of Industry and Commerce. Thanks were due to Mrs. Dr. Twomey, for the gifts of magazines for the Institution. Lady's Well Brewery, Cork, wrote stating that the sample of barley received wasn't up to the required standard. Messrs. Bennett, Ballinacorra and Mr. J. Fleming, Youghal, tendered 14/6 per barrel. The L'snavere Creamery, per M. Curtin, tendered 15/3 which was recommended for acceptance. The Hospitals Commission asked for details of the Hospital, which the manager was instructed to supply.

A letter was read from the Ministry of Industry and Commerce, replying to a request for permission to import certain pottery free of duty. The Minister regretted that he was not prepared to consider the issue of a license in that case in the absence of evidence that the pottery could not be supplied by the Arklow factory.

It was stated that the pottery was ordered before notice was received of the embargo.

The Chairman—You will have to pay the duty.

The Farm Steward reported that the corn had been threshed with a satisfactory return, 50 barrels oats and 45 barrels of good quality. The growing crops were doing well, 5 tons of hay was required for the horses. The same number of pigs was in stock.

The following tenders were received, the lowest in each case being recommended for acceptance, when in order:—

Butter—Drinagh Creamery, 1/3d. per lb.; Burke and Bradley, Cork, 1/3d. (note sealed).

Coal—Sheehan and O'Sullivan, Cork, best house coal 39/6; steam coal 39/3; M. J. Fleming, Youghal, 37/- and 35/-.

Meat—J. O'Donoghue, Ballymacodra, beef 42/-; mutton 60/- and oxheads 1/-; D. Fitzgibbon, Youghal, 37/-, 74/- and 1/-; H. Jones, Youghal, 35/-, 70/- and 10d.

The Chairman said he believed there would be some trouble regarding the lowest tender for mutton, as it would have to be killed under the supervision of the local Veterinary Inspector. However, that was outside their jurisdiction.

Eggs—Drinagh Co-Operative 1/3 per dozen. D. Lynch, Youghal, 1/5d.; Burke, Cork, 17/-; C. Crowley, Youghal, 16/-.

Bread—John Forrest, Youghal, 7d., M. J. Fleming, do., 7d.

It was pointed out that the necessary bond was not completed in the lower tender, and the matter was referred to Cork.

Canon Dinneen—We cannot deal with it as we are not a quorum. J. Quirke, Youghal, was again appointed Stocktaker.

The Town Superintendent reported that all the planks at the men's bathing place had been swept away. The staff had been engaged filling the holes caused on the Strand Road.

The Volunteers
Mr. Savage said that at a recent meeting complimentary reference had been made to the Officers and Volunteers at the Summerfield Training Camp. He now formally proposed—that we convey to Comdt. Grean and through him to his fellow officers, and N.C.O.'s our very hearty congratulations on the exemplary conduct of the many Companies of Volunteers who visited Youghal during the season. It reflected the greatest credit not alone on the men themselves, but on the Comdt. and all the other officers responsible, and it is the sincere hope of the Council as representing the people of Youghal that this Training Camp will be again established next year here, under the able control of the Comdt., whose unfailing courtesy at all times endeared him to all with whom he came into contact and that a copy of this resolution be sent to the Department of Defence.

This was seconded by Mr. Power and passed unanimously.

The Gardai
A resolution was also adopted thanking S. P. Kelly, Midleton, Sergts. O'Beirne and Lupton, Youghal, and the members of the local Gardai on the valuable assistance given by them in the big influx of visitors during the summer season, during which thanks largely to their untiring efforts not a single regrettable incident had occurred.

YOUGHAL-DISTRICT COURT.

Before Mr. G. P. Farrell, D.J.
CIVIL BILLS

Decrees were granted in a number of civil Bills, in which Mr. Wm. R. Hodnett, solr., appeared for plaintiffs.

Motor Offences

Sergt. Lupton, charged Ed. Fitzgerald, Co. Waterford, with having his car parked at Knockaverry, without lights. He said he thought he could leave it there when the town lamp was lighting, but the lamp was out at the time.

Mr. Hodnett (for Mr. A. R. Farrell, solr., Dungarvan), said defendant was under a misapprehension. He thought the spot was a parking place and was not aware that the town lamp there was automatically controlled.

The Justice said in the circumstances he would impose only a fine of 1/-, but would have to increase it for the future.

The same complainant charged Mr. Burke, Dungarvan, with a like offence on the Strand Road, near the Esplanade Hotel. He said he thought it was no harm.

Howard Strinborough, was fined the same amount for a like offence, also at the suit of Sergt. Lupton.

In a similar case against Michael O'Shea, Dyke Parade, Cork, his father answered for him and he was therefore fined only 1/- in each case.

Guard Healy, charged M. P. O'Donoghue, with a like offence. Fined 1/3 in each case.

Thos. O'Donovan, Youghal, was charged by Guard Stack, with having parked without lights.

A letter of apology having been handed in.

A fine of 1/- in each of the four summonses was imposed.

False Pretences

Michael Connaughton, Bridge street, Birr, was charged in custody with obtaining or attempting to obtain money for falsely representing himself as a representative of the Irish Tourist Association.

Supt. Kelly, prosecuted.

Sergt. Lupton deposed that he had already made a deposition in the case before a P.C. He now preferred 4 additional charges against the accused. Having arrested and cautioned him, he said—"I only wish to say that I reserve my defence in all the cases. Witness's investigations were still incomplete and he asked to have the accused remanded in custody to next Court.

Accused was accordingly remanded in custody.

Youthful Housebreaker

At a Children's Court, the adjourned case against a boy aged 13 for housebreaking and larceny was resumed.

Mr. Hodnett, who appeared for the Co. Council said his function was reduced to applying for a contribution from the boy's father.

Justice—What are the facts about the School Attendance case involved.

Guard Ceasar said that out of the ten school days since notice was served he didn't attend at all. His mother said it was impossible to get him to go.

The Justice said the last day he was somewhat influenced by the mother's tears, but he had since made up his mind to send the boy to an Industrial School. Was there a vacancy?

Sergt. O'Beirne, said there was and he would be taken away immediately.

The Justice then made the necessary order, the father to contribute 1/- weekly, there being a family of seven to support.

SLAUGHTER OF CATTLE AND SHEEP ACT, 1934.

MINIMUM PRICE FOR CATTLE

The Minister for Agriculture, in response to representations made to him, has revoked as from the 20th September the Cattle Minimum Price Order made under the Slaughter of Cattle and Sheep Act, 1934. This Order required all registered proprietors to pay for bullocks and heifers bought by them not less than the price fixed in the Order. It was urged on the Minister that enforcement of this Order had a hampering effect on the fat cattle trade and tended to depress prices. Having regard to these representations the Minister considers it reasonable to try for a period the effect of removing the Minimum Price requirement. The Minister desires it to be understood, however, that should the withdrawal of the Order give rise to results unfavourable to the producers he would feel constrained to reimpose the Order. Moreover, the Minister, under the amending Act recently passed, is enabled to prohibit registered proprietors from purchasing or acquiring cattle except from one of his officers. He proposes to exercise these powers in cases in which he is satisfied that registered proprietors have failed to pay equitable prices.

A WATERFORD DILEMMA—

Members of Waterford Free Library Committee have experienced difficulty in providing women readers with suitable romantic works of fiction it was revealed at the monthly meeting. The secretary was directed to communicate with Verites Ltd., Dublin and Rev. Mysteries of Milk Production

FUNCTIONS OF THE UDDER IN DAIRY COWS

Milk is primarily a secretion—that is to say, a substance built up in a special organ of the body to serve a special purpose, and not merely a means of getting rid of waste material such as urine, which is consequently termed an excretion. But we all know that the kidneys, while mainly converting the waste nitrogenous matter of the body into urea, do not invariably so act, and that some substances can be excreted by them without undergoing this change, e.g., the active principle of asparagus, known to chemists as asparagin.

Now, the udder can also act as an excretory organ, and allows substances pass through it without change, especially the active principles of certain drugs, and this well-known fact is made use of in medicine as a means of supplying certain drugs in a dilute condition to infants or calves. This, however, is not the normal activity of the udder, but rather its exceptional activity. It is, however, of importance to the dairy industry, for it is probable that most of the tints due to feeding enter the milk in this way, especially where such foods are given shortly before milking. In such cases nature takes the most rapid means of eliminating the waste product; but if the food is given after milking, then the waste product is eliminated from the body by other organs, the true excretory organs, before milking takes place.

While, then, we must not neglect to mention this faculty of the udder to act as an excretory organ, yet as regards the normal secretion of milk it does not come into play, though, probably, in abnormal secretion it plays an important part.

The normal function of the udder—the building up of milk—is of a twofold character: firstly, there is a secretion of a watery liquid or serum, and, secondly, there is a growth of cellular tissue. When the milk is drawn the serum is the first portion to come away, hence the poverty of the first drawn milk. But, as milking proceeds, the cellular tissue begins to break down, and the quality of the secretion improves, so that the last portion to come away is the richest in solid matter, consisting largely of these broken-down cells. It is the skill of manipulating the udder in such a fashion as to bring down this cellular matter which constitutes a good milker, but which is, probably, possessed by the calf to a far greater extent than by any human hands.

Natural fluctuations may affect either the quantity of the milk or the quality. The normal conditions of fluctuation are breed, individuality, time since calving—what we may term internal influences. The abnormal size conditions of fluctuation are food, temperature, time of milking excitement—and these we may term external influences.

Of the normal conditions, the most important is the size and activity of the udder. This depends mainly upon breed. Naturally, small breeds will have small udders; and so the quantity of the milk yielded will depend first upon the size of the udder. But the size of the udder appears to affect mainly only one portion of the secretion, namely, the serum. The amount of cellular matter which will be broken down does not appear to vary so greatly and consequently we find that while the quantity of the milk varies enormously the quality does not vary, except in inverse proportion to the quantity. In small cows, the large cellular destruction in the small udder being diluted with only a small secretion of serum produces rich milk. In the large cow a similar amount of cellular destruction produces, naturally, poorer milk.

If we wish to understand the mysteries of milk production we must first clearly realise this twofold nature of the secretion, namely, the production of serum and the production of cellular matter, and that the two are more or less independent. For it is mainly owing to the suppression of the secretion of one of these constituents, or to an undue development in the secretion of serum, that nearly all abnormal milk is due. This explains the well-known difference between the morning's and the evening's milk where the hours of milking are unequal. The longer the period which has elapsed since last milking the greater the amount of serum secreted, on the one hand, and the more complete the building up of the cells, on the other. This complete building up of the cell contents diminishes the production of fat to the other constituents, and these, so to speak, "ripe" cells being diluted with the increased secretion of serum, the milk fat will frequently fall. On the other hand, in the evening milk of the same cow we have a smaller production of serum coupled with less development of the cell contents, so that the fat is present in greater proportion to the other solids than in the morning's milk.

The longer interval between milking, owing to the resultant dilution with serum, not only diminishes the actual amount of solid matter in the milk, but has more effect upon the fat than upon the other constituents. Hence it is that the farmer has to fear that in his morning's milk a deficiency of fat—F. J. P. in "Farmers' Gazette."

The Irish Match Maker

It is the Ireland and the Irish characters dear editor of eighty years ago that I am about to describe.

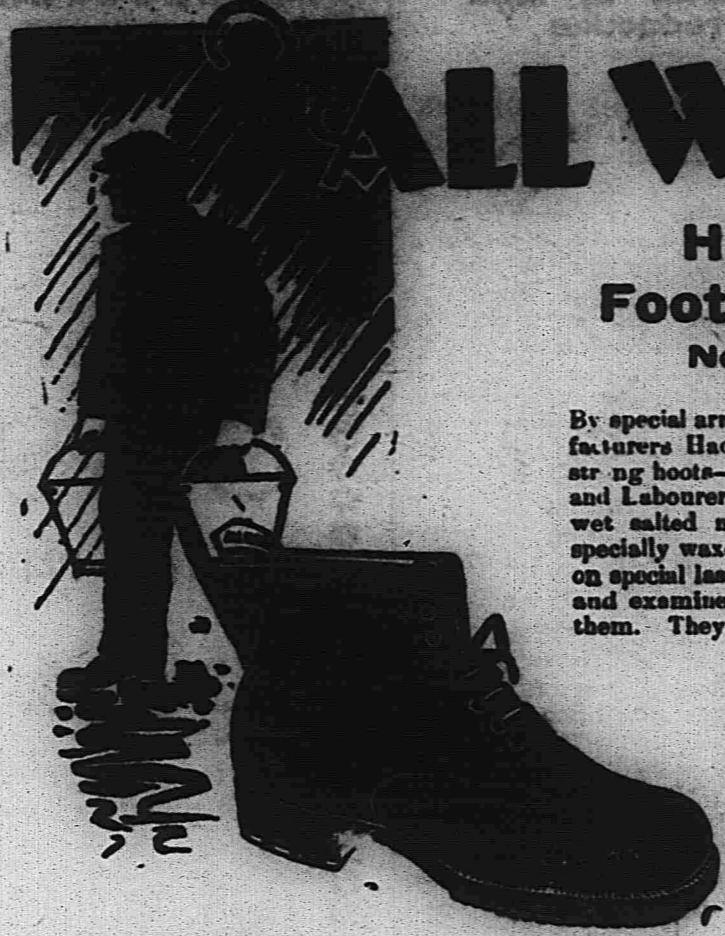

It was impossible to imagine a happier life than that of the Match Maker. She had evidently no trouble, no care, no children, nor any of the various pains of life to disturb her.

The Match Maker was the very impersonation of industry. Unless when asleep no mortal ever saw her hands idle.

Let not our present day readers imagine that the duties which devolved upon her were slight or easily discharged.

One of the best specimens of the kind we ever met in Ireland was old Mary Murray. Mary was a tidy creature of middle-size, who always went about dressed in a short crimson cloak much faded, a striped red and blue druggist petticoat and a heather coloured gown of the same fabric.

Mary's motions from place to place were usually very slow, and for the best reason in the world, because she was frequently interrupted.

Treat them rough— They're very tough.

Characters like Mary have, alas! long since disappeared in Ireland. There, however, remains one fact I must mention before I close the sketch of her character.

OPEN-AIR MILKING

Some people have the idea that open air milking will produce milk cleaner and more free from microbes than that taken from the cows in the usual way.
