DUNGARVAN URBAN COUNCIL.

SUNDAY PICTURES

Mr. M. Morrissey, Chairman, presided at the weekly meeting of the above on Friday. The other members present were—Messrs. T. McCarthy, Vice-Chairman; S. Hayes, J. Dahill, D. Foley, J. J. Crotty, J. Christopher, J. F. Foley, P. O'Dwyer, M. Connors.

Payments
Two payshets amounting in all to £16 10s. 10d. were passed.

Seats in Parks
Mr. Hayes suggested that it was time that the seats were put in the parks.

B.S.—The seats are about being put out now.

Mr. McCarthy—Are there sufficient seats for both parks?

Town Inspector—There are 27 seats altogether. That number would be nearly required in the Dungarvan Park.

Mr. McCarthy—You would want to put at least eight seats in the Abbey-side Park. Old men who went over there today had to sit on the grass.

Mr. D. Foley asked that the gate suggested to be put up there some time ago be now put up.

The question of repairing the bathing boxes was also discussed, and it was finally decided to advertise for caretakers for the Park and Bathing Boxes.

Repairs Required
Mr. P. Morrissey, St. Patrick's Terrace, Abbey-side, wrote to the Council to the promised repairs to his house and stating that he would refuse to pay the rent until the repairs were carried out.

The B.S. said that the question of the floor was brought up in April 17th and it was at first decided to have the floor put in, then some question arose and it was suggested to delay the work. He would now get the matter attended to as quickly as possible.

Mr. Christopher asked if the repairs to Mr. Greaney's house were carried out.

The B.S. was instructed to carry out the necessary repairs.

Use of Hall
An application for the use of the hall for a dance in aid of the bereaved family of the late John Egan, victim of the recent shooting outrage was made by the Ballinora Dance Club, for the night of Tuesday May 12th.

On the suggestion of Mr. Hayes, the Council decided to give the hall free.

Water
Mr. Thomas Burke, New Line, Abbey-side, was granted permission on the usual conditions to connect with the main pipe, for a half-inch water supply to his house.

Mr. Dahill referred to the delay in carrying out the order made to erect a fountain at the New Line Bridge for the benefit of those living across the bridge.

The work was ordered to be carried out.

Sewerage Schemes
A letter read from the Department re the plans submitted for the proposed sewerage schemes at Shandon and King street, stated that the plans were not sufficient and suggested that the Council consider the appointment of a consulting engineer to go into the whole matter with the Borough Surveyor.

The B.S. said that changes had taken place since the map was sent up. He wanted it another way but Mr. Bloomer thought that it would mean taking over the responsibility for the upkeep of the sluice at Shandon. According to recent events they might have to take over that responsibility now. He would, however, welcome the services of a consulting engineer.

The Chairman suggested that Messrs. De Lappe and Waller be appointed as consulting engineers.

Mr. Connors said that Messrs. De Lappe and Waller did not give every satisfaction in the water scheme and that scheme was delayed too long.

The Chairman said that to his mind it was not De Lappe and Waller that were holding up the scheme, but the Department.

It was agreed that Messrs. De Lappe and Waller be appointed.

Mr. Crotty—I think that letter is only an excuse for a delay in the scheme.

Sunday Pictures
Messrs. D. Crotty, wrote stating that owing to the refusal of the Council to grant them a Sunday cinema licence films that they had contracted for would have to be paid for. They had to order films in advance as far as 1937. They were sure that the Council did not want to see them suffer a heavy loss and would like the Council's views as to how the matter could be got over.

Chairman—A seven-day licence was refused. I don't see that we can do anything.

Mr. D. Foley said that the pictures were a God send to the poor of Dungarvan and the people who voted against them will not be put on the Council again.

Mr. McCarthy said that they should allow the pictures to continue until the contracts had expired. He would propose

that they take that course.

Chairman—You cannot do that, there is an order on the books. If Mr. Crotty carries on he will have to do so on his own responsibility.

Mr. Dahill—That can be rescinded. I think the licence should be for 12 months and he got a seven-day licence in August.

Chairman—The licence expired on March 31st.

Mr. Hayes—Did Mr. Crotty pay the full licence?

Clerk—Yes, he paid for it.

Mr. Hayes—Then I think it is for 12 months.

Chairman—Whatever it is, it lays down a certain date for the annual licence.

Clerk—I think there is no doubt but the licence expires on March 31st.

Mr. McCarthy—I think Mr. Crotty is being victimised.

Mr. McCarthy also stated that it was reported that the letter read from the Bishop was dated 1935 whereas it was dated 1934. The poor people are complaining and it was the poor who sent us here.

Chairman—If we cannot do any more for the poor than give them Sunday night pictures, I for one would not get on any Council on that count.

Mr. O'Dwyer—You were elected as Chairman after a joint meeting of Fianna Fail and Labour had been promised by you that you would be in favour of Sunday night pictures.

Mr. D. Foley—Any man that does not keep his word is no man.

Mr. J. Foley—And the first time the licence came up a Fianna Fail member had not the courage of his convictions as he did not vote at all.

Mr. Dahill—I hope Mr. Crotty leaves the matter go to the Courts and get the licence over our heads.

The matter then ended.

CORRESPONDENCE

(To the Editor "Dungarvan Observer.")

Sir,—In your last issue there appeared a long and rather rambling letter bearing the signature of Michael Morrissey, P.C., Chairman, Dungarvan Urban District Council. In the early part of this letter Mr. Morrissey gave his version of the visit paid by a deputation to the Misses Crotty in connection with the use of their Picture Palace for three Charity performances in aid of the Free Meals Fund of the Children's Health Committee.

Mr. Morrissey states that the deputation were "definitely given to understand that other than the cost of the film no expenses would be charged to the Committee." As members of the deputation, we feel it incumbent on us to deny Mr. Morrissey's right to make such a statement. At the interview in question, Miss Annie Crotty stated the terms on which the Children's Health Committee could have the hall quite clearly; viz., by paying the hire of the film shown and Messrs. Crotty's running expenses. In reply to a question from a member of the deputation—we think Mr. Morrissey himself—Miss Crotty informed us that the running expenses would amount to about £3 10s. for each performance. This caused no comment from any member of the deputation which, shortly afterwards, as all deputations eventually do, took its departure, having unanimously thanked the Misses Crotty for their kindness.—Yours faithfully,

JOHN DAHILL,
JOHN CHRISTOPHER

(To The Editor "Dungarvan Observer")

Dear Sir,—Further to Mr. M. Morrissey's communication re the Children's Health Benefit Performance, as published in last week's issue of your paper, and wherein he makes the statement that "the Deputation were definitely given to understand that other than the cost of the film no expense would be charged to the Committee," it is surely little less than strange that all the members of the Deputation do not agree with his version of the proceedings. As regards the occasion when the Hon. Sec. called for the account, if he was informed that "the amount would astonish him" as stated by Mr. Morrissey, why was no letter written protesting against the charge, no further Deputation sent on the point, and lastly, but most important of all, why did they actually pay the sum they now state they never agreed to pay. It is curious also that our letter of January the 27th making a reduction of £2 10s. od. as quoted by Mr. Morrissey, was never accepted or referred to.

Coming to our letter of March 21st, offering to forego the expenses we agreed with Mr. Morrissey's wise deduction that some could not have been produced at a meeting held the previous night. Undoubtedly, that is so, but as explained in our last communication, the money was not handed into our office until March, 27th, approximately one week later; and, as several members of the Council enquired, why was not a special meeting called during that intervening week when our letter could have been produced and our offer brought to the notice of the Committee. Surely this was the obvious

WATERFORD CO. BOARD OF PUBLIC HEALTH

Commissioner Moylhan sat at the Boardroom, Co. Home, Dungarvan, on Wednesday last and dealt with business arising under the Board of Public Health.

Drain At Burgery
Dr. Casey, M.O.H., reported on the drain at the Burgery and found that it contained stagnant fluid saturated with animal excretion. It is a nuisance and a danger to Public Health. This has been in existence for some time and has received no attention whatsoever recently. He recommended that the nuisance be abated.

The Secretary was directed to issue the usual notice.

Glencain Water Supply
Arising out of a complaint by the caretaker of the above regarding the water supply to Mr. Tallant whose supply was cut off for failure to repair the tank ball valve.

Mr. Doyle, Engineer, reported that the caretaker who visited the place later found that Mr. Tallant had again connected the supply, but he found the water still wasting. The caretaker informed him that Mr. Tallant did this in defiance of the regulations. At a later visit the caretaker found that the defective ball cock was repaired.

The report was referred to the solicitor to advise as to legal proceedings.

Ardo Pump
Mr. Doyle, Engineer, reported that he inspected the above pump which is a dug well from which the boring has been dislodged, and which it would be most dangerous to attempt to repair. He recommended that a 3 inch tube be sunk into the water strata and have the supply raised inside this tubing. He estimated the cost at £20.

The Engineer was directed to get the work done.

Tallow Sewerage
Reporting on the above sewerage system, Mr. Doyle, stated that there are two lines of sewers, one running from Barrack street through Main street and delivering into a small stream at the end of the town. The other is in West street, both are newly stone built drains, flagged at the bottom and covered with flat stones. The sides in several places have bulged inwards blocking the flow. In addition to that, they are full of rats that burrow into the houses through the sides.

There is no sewer whatever in Chapel street, which is a most important part of the town.

The only solution to the problem is to discard the old drains and put down an entirely new system on modern lines. The new system would take the form of a main piped sewer from the top of Barrack street down Main street with outfall from the bottom of Main street across the fields to the river Bride at East side of the Bridge on the road to Lismore.

He estimated the total cost at £4,700. Both reports were adjourned to next meeting.

Cappoquin Sewers
Mr. Doyle, Engineer, reporting on the Cappoquin sewerage system stated that the existing sewers in Cappoquin are similar to those in Tallow, and like Tallow, Cappoquin has a very important part of the town without any sewer at all. An entirely new pipe system should be put down here for which he estimated the cost at about £3,000.

Ballyduff Sewers
Mr. Doyle, Engineer, estimated the cost of a new piped sewerage system at Ballyduff with an outfall into the river Blackwater at £700.

Report of Co. M.O.H.
Dr. O'Farrell's report for the month of April was as follows:—

Infectious Diseases—The following infectious diseases were notified during the month:—Erysipelas, 1; Scarlet Fever, 2; Diphtheria, 4; Tuberculosis, 1.

The erysipelas occurred in the Kilmacshom Rival District and the four cases of Diphtheria occurred in the Waterford No. 1 Rural District. The two cases of Scarlet Fever were notified from the Clonmel No. 2 Rural District.

Fever Hospitals—Seven cases were admitted to County Fever Hospitals, six cases were discharged, and one died, leaving seven under treatment at end of the month.

Tuberculosis—The Tuberculosis Officer's monthly report shows a total of 203 cases when it affected such a saving to the funds. Finally, we fail to understand why the matter should have been made a subject for discussion on the occasion of our application for renewal of our Cinema Licence.

In conclusion, we wish to say, that we have no intention of continuing this correspondence with Mr. Morrissey, as we have no doubt the public have by now formed their own opinion on the matter.

—Yours faithfully,

attendances of all patients of the Clinics during the month, and the number of patients responsible for those attendances were 72. Patients under treatment during the month were two in Sanatoria, 14 in the County Institutions, and 3 patients attended in other hospitals. Nine domiciliary cases were attended by the Tuberculosis Officer, and nine were attended by other doctors. Two patients died during the month, six contacts were examined, and five Sputa or other specimens were examined.

Jubilee Nurses paid three hundred and one visits to seventy patients.

Notification of Births—Births notified during the month numbered forty including three stillbirths. Medical Assistance was requisitioned by Midwives in two cases.

General Sanitation—During the month Sanitary Sub-Officers throughout the County carried out 866 inspections of Dwelling-houses. Public Sewers, Waterworks, etc., were also inspected.

Dairies, Cowsheds and Milkshops—The Veterinary Surgeons carried out 10 inspections under above order. The premises inspected throughout the county were generally in good condition—special attention is drawn to two cases in Youghal No. 2 District.

The Dairy and Cowshed Inspectors carried out 126 inspections of premises in the County during the month.

BISHOPS DENOUNCE WATERFORD CRIME

Serect Bodies Evil

THE murder in Dungarvan was a terrible violation of the precept of fraternal love.

said Most Rev. Dr. Kinane, Bishop of Waterford and Lismore, at a Confirmation ceremony at Clonmel.

In this awful crime, Dr. Kinane said not alone was no warning given, but no preparation of any kind was allowed, and a young man was sent before his Judge for the sentence which would decide the fate of his soul.

"NO RESPECT FOR LIFE"
A warning to young men to beware of secret societies, which were launched by the Church, was given by Most Rev. Dr. Collier, Bishop of Ossory, at a Confirmation ceremony in Thomastown.

Anyone who reads the newspapers, he said, could see that such societies had no respect for human life.

Referring to the menace of Communism, Dr. Collier said six Communists left Kilkenny to attend the meetings in Dublin at Easter. He admired the Catholic young men who had prevented the holding of these meetings.

"ENEMIES OF IRISH PEACE"
The secret revolutionary society is the enemy of Irish peace and progress; we will get nowhere with it. Whatever is done, let it be done in the open, said Most Rev. Dr. MacNeely, Bishop of Raphoe, at a Confirmation ceremony at Ballyshannon.

"We had something in the South of Ireland the other day which shows the terrible danger of it," continued Dr. MacNeely. "It is not the first time that warnings have been given in this matter. People will resist the voice of their spiritual guides. They later learn their folly."

He warned young men to keep clear of such organisations, adding: "Some young men have joined. They would give anything to get out, but they are kept in under threat of death."

WATERFORD CORPORATION DENOUNCES SHOOTING OUTRAGE

"That we unanimously condemn the shooting of John Egan, of Dungarvan. We deplore that such a crime, accompanied by such unusual callousness, should be perpetrated in our county; that we fervently hope and pray that the unequivocal condemnation of this outrage by our beloved Bishop, Most Rev. Dr. Kinane, and his explicit exposition on the spiritual aspect of the taking of human life, will prove a permanent deterrent to the recurrence of such a revolting act in our midst, not alone of participating in such, but even in countenancing it; that our Bishop has the full support of this Council in his vigorous denunciation of this appalling crime; that we affirm our obedience and support to the lawfully constituted Government of the State, and denigrate willful violation of its rightful authority."

This resolution, proposed by Councillor Costelloe, and seconded by Councillor Hackett, has been unanimously passed by the Waterford Corporation.

Councillor O'Halloran said they all deplored the taking of human life, especially in such circumstances as that of young Egan. He did not know whether the previous Government set the example in that respect. When that Government came in to power and position they executed seventy-seven good Irishmen, and in that instance there was no protest from Church or State. If they condemned shooting by one section of the people they should condemn it by all, even if it was done by a Government. Shooting of this

CAPPOQUIN NOTES.

Rowing Activity—Great rowing activity can be witnessed on the Blackwater every evening at present, and the members of the Rowing Club seem to have decided to settle down for an intensified course of practice for this season.

Mr. Olden, Hon. Sec., and Mr. Dunne, Vice-Captain, have by their strenuous organising powers infused new life into the Club.

We are glad to see that all the hefty young oarsmen from Camphire, Tournin and Cappoquin, who had displayed such brilliant qualities up to two years ago, have now come back in a truly sporting spirit, and judging by the zest and enthusiasm shown by them at practice, we have every reason to hope that this resurgent spirit will be fully maintained so that this old-established Rowing Club will be able to produce some crews this year which will worthily uphold the proud traditions of our town at any Regatta in the South of Ireland during the season. It has been decided to hold a series of "Scratch Races" on Sunday afternoon, May 31st. (Whit Sunday), which will be followed by a Grand Dance on that night.

Bus Excursions To Youghal—Last year a special bus service was inaugurated by the Railway Company between Clonmel, Cappoquin and Youghal, which proved highly successful from a financial point of view.

The arrangements did not meet with universal approval in Cappoquin, because on several Sundays when large numbers of the townspeople here had decided to spend an afternoon by the seaside at Youghal, they found to their dismay that the bus was already crowded when it reached here from Clonmel, and many intending passengers had to remain at home for the evening.

Several repetitions of this experience tended to make the bus service rather unpopular with the Cappoquin people, and in the end they abandoned the idea of planning a visit to Youghal, owing to the uncertainty of being able to get a seat on the solitary bus then running.

If the Railway Company wishes to popularise their bus service between West Waterford and Youghal this year, they would be well advised to run a special Sunday afternoon bus from Cappoquin, via Lismore and Tallow, as they would be certain to receive generous patronage from the people of these three inland towns, most of whom would be glad to exchange the stuffy atmosphere of their environment for the more healthy sea-breezes of Youghal strand.

New Fife And Drum Band—A New Fife and Drum Band has been recently started by the young men of the Mellery district, the members have already become so proficient in the use of the various instruments that the hills and valleys around the Knockmellon mountains are re-echoing the strains of sweet music while the "boys" are at practice in the open air these fine summer-like evenings.

Most of the corrugated iron hoardings which had enclosed the sportsfield having been blown down by the heavy storms which swept over this area during the winter, steps are now being taken to have the ground properly enclosed for the coming Bazaar and when this important work has been completed, the Sportsfield will be found to be one of the best-enclosed grounds in the county.

Price Of Pigs—The price of fat pigs at the Cappoquin Bacon Factory still remains at 64/- per cwt., dead weight, for first-grade pigs, and this fine price has resulted in large supplies of suitable pigs being regularly sent into the factory, so that work at this up-to-date and progressive concern is being kept up at high pressure each week.

New Bank For Ballyduff—Practical proof of the growing prosperity of the pretty village of Ballyduff Lippin, and its marked development as an important business centre, was afforded on Friday, 1st inst., when a new Branch of the Munster and Leinster Bank was formally opened there, this being the

kind did not advance any cause; no doubt, it destroyed a cause, and, he added, Cosgrave cause was destroyed by these executions, and he (Councillor O'Halloran) did not believe Cosgrave would ever again get back to power because of these 77 executions. It was up to the Government to set the example, and if it did not, it was hard to expect respect from the public.

first occasion on which a branch of any Bank had ever been opened in the village.

Only recently a Co-Operative Creamery was opened there by the Castletons Co-Operative Creamery Co., and from present indications everything points to a bright future being in store for the progressive and enterprising traders and business people of Ballyduff.

The new branch of the bank has been established in the commodious business premises of Mr. E. Higgins, at the Western end of the village, and is most conveniently situated to meet the requirements of all the people of Ballyduff and the surrounding districts.

At the formal opening on Friday much local interest was taken in the event, there being a large and representative attendance, including Messrs. A. C. Carey, Manager, M. and L. Bank, Lismore; Joyce, Cashier, do.; Denis McCarthy, Ballyduff, Thos. Barry, do.; Anthony Harris, do.; M. Higgins, do.; E. Higgins, do.; T. Beecher, do.; P. Daly, do.; Frank Daly, do.; and several others, and it was then announced that the Bank would be open for business on every Friday in future.

LISMORE NOTES.

Death of Mrs. M. O'Brien, Lismore
The death of Mrs. Mary B. O'Brien, which occurred at her residence, Main street, Lismore, on Saturday, May 9th, after a short illness, was received with feelings of the deepest sorrow and regret throughout the town and parish of Lismore. The late Mrs. O'Brien was indeed, a beautiful example of what a truly Catholic Irish mother should be, and her loving and devoted sons and daughter greatly mourn their loss.

Sprung from one of the oldest and most respected families in the town of Lismore, she was beloved by all, for her deeply religious and kindly nature, and her passing has created a void which will not be easily replaced in the locality.

Spienn Mass was celebrated for the repose of her soul on Sunday morning and the funeral which took place on Monday to the Parish cemetery, manifested plainly to the high esteem deceased was held both in the town and parish.

Rev. T. O'Gorman officiated at the graveside.

The chief mourners were:—Frank, Joseph, Bernard, William and Christopher O'Brien (sons); Irene O'Brien (daughter); Mrs. J. O'Brien (daughter-in-law); Peter McCarthy, Fermoy (nephew).

Popular Postman's Departure—Mr. Patrick Curtin, Town Postman in Tallow over the past two years, left our midst on Friday voluntarily to take up a similar position in Drogheda, Co. Louth.

Mr. Curtin's departure is deeply regretted by the people of Tallow, where he made friends rapidly and was always to time in the execution of his duties.

His troops of friends locally, unite in heartily wishing him every good luck and success in his new appointment.

TRAMPING THROUGH EUROPE—You may travel through Europe accompanied by a bevy of gold-braided Cook's officials and sporting a pink sunshade, gaze round with bored insouciance at "the natives," and drink cocktails in fashionable bars.

This, however, is not Dr. Walter Starke's method. He tucks his fiddle under his arm, crams a few books into his knapsack, dons a none too respectable suit and wanders out on the highways and byways of the world, trusting to God and his fiddle.

His fiddle is the "Open Sesame" with which he wins his way into the ranks of the wandering Gypsy bands. He is received with open arms as a member of the confraternity.

Come along to the Town Hall, Dungarvan (tonight) Friday, 15th May, 1936 at 8.30 p.m. (summer time), and let Dr. Starke tell you his own glamorous story. He will illustrate his story with gypsy music and lantern slides. This is the chance of a life time.

DEATH OF MR. D. LANDERS KNOCKMAUM, DUNGARVAN
We regret to announce the death of Mr. David Landers, Knockmaum, which occurred on Saturday evening last after a brief illness.

Deceased was a well known and highly-successful farmer, who was ever held in the highest esteem by his friends and neighbours. Kind-hearted and generous, with a broad mind and a cheerful disposition, he was a splendid type of man whom to meet was a pleasure, and one whose loss is sorely felt.

To his bereaved wife and family the deepest sympathy is extended in their bereavement—R.I.P.

On Sunday evening the remains were removed to the Parish Church, Ballinacorney, and were followed by a large and imposing cortege, representative of all parts of the surrounding districts.

On Monday after Requiem Office and High Mass for the repose of his soul the interment took place in the adjoining graveyard in the presence of his family relatives and a large gathering of the general public.

KILMAGTHOMAS NEWS.

A Revered Pastor.—The appointment of the Very Rev. Patrick O'Neill, P.P., Dunhill and Fenor, to the pastoral charge of Stradbally, occasioned much regret to the people of Dunhill and Fenor, where he endeared himself to young and old by his pious and kind ministrations during his time amongst them, and he takes with him the prayers of all for a long and happy life in his new sphere of sacred duties.

Sympathy.—Widespread sympathy is extended to the family ties of the late Mr. Thomas Cheasty, Ballybrack, who died after a protracted illness in the fullness of his years, and whose remains were reverently laid to rest at Newtown Churchyard on Thursday last week, in the presence of numerous relatives, friends and sympathisers.

Local Lady Bereaved.—Much sympathy goes forth to Miss Mary Joe McGuire, manageress of Mrs. K. O'Donoghue's, Main street, Kilmagthomas, in her sad bereavement occasioned by the death of her father. At a special meeting of the local Dramatic Class, Mr. Ormond, N.T. (Chairman), presiding, condolence was voted in her sorrow to Miss McGuire, who is the leading player of the class.

We Are Told.—That the Gaelic Kill aimed at securing a permit from the N.A. and C.A. for a cycling and athletic fixture at the village venue some day during the next month but one. Here's hoping their praiseworthy endeavours to keep sport to the fore will be crowned with success. As a rule any and every project they tackle materialises and goes over a veritable whizz of a triumph. Bravo, Kill!

In Memoriam.—Within the week the Kilrossanty Gaelic Football Club had five Masses offered for the repose of the soul of the late Guard John Murray, (for seven years a valued member of the Club) at the Parish Church by Fr. Kehoe, P.P., and Fr. Hart, C.C., and both Masses were attended by very large congregations.

Going Good.—The football team of Waterford men domiciled in London, recently formed by Mr. John Keating, is faring finely. On the 3rd inst. they played the British exiles to a draw at 2 points to the credit of each side. In this trial the Waterfordians were

splendidly served by their manager and Captain (John Keating), Thomas Dempsey, Lory Quinlan, Richard Power, Richard Moore, Martin Dunford, Tom Bove, John and James Cooney, and Martin Murphy. More than 2,000 enthusiasts eyed the encounter, which was a beauty from beginning to end. The replay takes place on tomorrow (Sunday), when the Waterford line-out will be as follows:—J. Keating (Capt.); goal; J. Dempsey, full-back; T. Bove, right back; P. O'Grady, left do.; L. Quinlan, centre-back; J. Cooney, right half; M. Dunford, left half; D. Connors and J. O'Connor, centre-field; M. Murphy, centre-forward; G. Sugrue, right wing do.; M. Kiely, left wing do.; R. Power, full forward; R. Moore, right full, and P. Foley, left do.

By The Way.—A furnishing fabric display-man who appeared in Kilmagthomas on Monday of this week, gave the subjoined as his interpretation of the meaning and effect of colours.

- White—Humility and help. Sharpness to every fresh, clean colour shown with or against it.
Black—Destruction and divorce. Other colours have to be richer and deeper to resist its over-owering influence.
Grey—Repose. Neutral to other shades. Yellow—Cheerful and stimulating. Softens reds and pinks.
Red—Aggressive, attractive—and irritating. Blue—Dignified and reserved.
Green—Comfort. Combines characteristics of blue and yellow.
Violet—Tragedy. Dary, gloomy and heavy in effect.
Brown—Warmth and restful. A background for glowing reds and yellows or cool blues and greens.

Love-Making.—There is no doubt about it love-making is a gift, not an act that can be achieved. It is a gift to men that comes with a facile tongue and a persuasive personality. Recently two rightly respected rate-paying residents of the Rathgormack region were "courtin'" two sisters. One of the men had the fluent tongue and appealing personality, but the other was backward and had a slight stutter, and he was wholly unromantic. Out with his sweetheart Number 1 was feeling full of the joy of living, and declared to her: "Darling, every time I look into your eyes time seems to stand still." His Juliet was charmed. He duly told his pal of this wonder-working sentence, but the pal, unfortunately, had a bad memory. Next evening, going down the wayside with his lady-love he was as tongue-tied as ever. His heart beat faster—what on earth was that sentence—he could not recollect. Things were becoming desperate, and he determined to make a shot at it. Smiling sweetly, he whispered "Darling, darling—(he hesitated)—darling, do you know—(more confusion)—do you know that your face would stop a clock."

We Put It To You (Serious And Not).—That the Gaels of Kilmac and district were well to the fore with the rest around the sweet scene of Waterford's sparkling "double" of last Sunday.—That no genuine Sliabh nGua gentleman will smile at any Bohadon bachelorette who is niggardly with his own smiles.—That every stuffy-minded Portlaw lady knows a thing or two about the master passion.—That greyness is one sign of age that need not be moidering the Metal Man of Tramore.—That the while the Waterford lads were "kicking" Limerick at Shandon, a Nire Valley virgin, who stood on the bank, was straining her utmost to make her underlip fuller than nature had, and so achieve an exotic effect.—AND—That a sixteen-year-old Kibrien boy powdered his upperlip this morning to conceal a budding moustache.

For Parochial Purposes.—Successful "45" Card Drives and Cellidhe were held at Newtown and at Ballylennen on Sunday night last, under the auspices of the Parochial Committees of the respective districts. The winners of the principal prizes at Newtown were: Messrs. Eddie Hill, Kilmagthomas; and Laurence Power, Carrigeen; while at Ballylennen Guard Fitzgerald, Stradbally, and Mr. John Flynn, do., captured the chief prizes. The events at both centres were immensely enjoyed by big attendances.

Kilmagthomas.—Our baffling drinking conventions are too much for a writer quoted in "The Reader's Digest." "First," she says, you put in whiskey to make it strong, then you add water to make it weak; you put in lemon to make it sour, then you put in sugar to make it sweet; you say 'Here's to you!'—and then you drink it yourself!"

The Mount Melleray New Church Building Fund.—SPECIAL TRAIN AND 'BUS ARRANGEMENTS FOR THE MONSTER BAZAAR.—The Monster Bazaar and Grand Drawing of Prizes in aid of the Mount Melleray New Church Building Fund, which will be held in the Sportsfield, Cappoquin, from Sunday, June 21st, to Monday, June 29th, should provide one of the greatest attractions seen in Munster for a long time.

The deserving object of the event, as well as the interesting and attractive nature of the programme, should be the means of drawing thousands of the faithful Catholics of the Free State to Cappoquin during this great Carnival Week, when not only can they enjoy the pleasures and amusements of the Bazaar, but they can also enjoy the special privilege of a visit to the famous Mount Melleray Abbey, which will be open to all visitors during this period by the kindness of the Lord Abbot of Mount Melleray.

The Representative Organising Committee which has been formed in Cappoquin to carry out all the arrangements has arranged for special Excursion Trains at cheap rates to be run from Dublin, Cork, Waterford and Limerick and all intermediate stations in connection with the event, but realising that large numbers of persons in remote country districts, far removed from the nearest Railway Station, may find it inconvenient to travel by train, a special service of 'buses is also being arranged which will penetrate the most isolated districts in the country, so that every small village and even every cross-roads, will become a stopping station for the 'buses in order to cater for the safe transit and convenience of all.

In this connection, it is suggested that some prominent gentlemen in each country district should constitute themselves as local organising committees for the purpose of forming special excursion parties from their respective areas, and they are requested to communicate with Mr. M. J. Sargent, P.C., Cappoquin, Hon. Sec. of the Organising Committee, giving him the approximate number likely to travel from each district, so that special arrangements can be made for the 'buses to call at such districts.

As regards the special excursion trains from the more populous centres, it is equally important that the Spiritual Directors of Sodalties, Catholic Young Men's Societies, and other Religious Organisations intending to visit the Bazaar and Mount Melleray, should also communicate with Mr. Sargent, Hon. Sec. of the Organising Committee, giving him the approximate number likely to travel from each centre, so that ample arrangements may be made with the Railway Company for the accommodation of all, as the members of the Organising Committee and Hon. Sec., are determined to leave nothing undone to ensure the comfort and enjoyment of all, so that they will carry back with them nothing but the most pleasant memories of their visit to Cappoquin, Mount Melleray, and the many other places of interest around the fair and fertile Valley of the beautiful "Irish Rhine."

Waterford Man in 'Plane Rescue.—Mr. Martin Nolan, who figured in a thrilling rescue when he was injured in a 'plane accident 400 miles from the Californian coast, is a son of the late Mr. Nolan and Mrs. Nolan, Arundel Square, Waterford. It is learned that his injuries are not as serious as was at first feared.

THE BUDGET

NO NEW TAXES

ON Tuesday Mr. MacEntee, Finance Minister, introduced his Budget for the year and said there were to be no new taxes.

A surplus of £32,500 is to be divided in taxation relief. Mr. MacEntee's proposals included:—Farthing per pound of the sugar tax from August; total abolition of the cattle and sheep levies from the same date; children's allowance in respect of income tax increased from £50 to £60; 5 per cent. duty on news print and 10 per cent. duty on sheet and stripped glass abolished; reduction in tax on lower priced cinema seats; tax of ten shillings per cental on wool and wool waste abolished.

Mr. MacEntee said that the country's finances were sound. Spending power increased and income and property tax increased by half a million. Tobacco yield four million, petrol £1,797,000. The sugar duty at a penny per pound brought £54,885. Savings certificates sales aggregated £18,633,000 compared with £13,167,000 in 1932.

The national debt was £27,867,000 compared with £22,373,502 in 1932 when Mr. de Valera took office.

Concluding his statement, Mr. MacEntee said: "We have those among us who advocate Communism, State Socialism, totalitarianism. To me these are but aspects of the one tyranny." "There has been provided by this little State social services adapted to our needs which, for liberality, comprehensiveness and practical utility are not surpassed by any in Europe."

WATERFORD'S DOUBLE VICTORY

Sunday's Championships At Dungarvan

At Dungarvan last Sunday in glorious sunshine and before a big crowd some thousands strong, Waterford surprised their most optimistic followers by a decisive double victory in the opening round of the Munster Junior Championships.

The football game was far too one-sided to be interesting. Waterford, piling up an early lead, eased off to leave the interval score 5 goals 3 points to nil.

Russell and Moylan were absent from the home side. The latter has not yet fully recovered from the finger injury sustained in the recent Wexford match.

The newcomers on the team, Myles, O'Sullivan and Bowler played splendid football. O'Sullivan Ruadh especially being an instant success.

There are still a few of our players who are rather prone to overdo the fancy stuff. When will they learn the lesson that ornamental football is irritating to partners.

There was a few alterations in the Waterford hurling line-up, Feeney being replaced by Lynch of Ferrybank and a few of the backs being inter-changed.

The game opened in lively fashion; there were keen to-and-fro exchanges at mid-field until Lynch centred to his forwards who forced a "70" which John Keane duly pointed to give the home team first blood.

The Garryowen men got going determinedly on the throw-in, their forwards trying all they knew to penetrate the home backs but all their assaults crumbled before the rock-like defence of Curly, Keane, Phelan and Mountain, who played in an inspired mood.

Following a "soft" major by Johnny Murphy, Daly went on a scoring spree and rattled in four in a row to the net to justify his opinion, as expressed in last week's notes, that he is a regular scoring machine.

The match conveyed some useful lessons which no doubt will be availed of by the selectors. It proved conclusively, if proof is needed, that first-time striking and low diagonal passing forward are match-winning tactics.

has now practically disappeared from our hurling teams. The moral is plain.

The Ferrybank pair, Lynch and Kinsella (the latter replaced Flynn early on at mid-field) were prominent throughout.

Halpin is a powerful hurler, quick and fierce on the draw and a deadly tackler. Looks slow, but don't believe it. His display marks him as the ideal type of storming forward.

Flynn, Cummins and Murphy played below the standard of the rest of the team. "Temperament" is the Ballyduff lad's "bogey"; he was all nerves on Sunday and never did himself justice.

"Jacky" Ormond confounded all the critics by a superb display on the right wing. "All-out" all the time, he played his strong cards, speed and swift ground pulling, to rare effect.

The backs, one and all, were superb. The goalie, Ryan kept his net intact, and well—actions speak louder than words.

There are some captious critics who maintain that Waterford beat nothing last Sunday, we seem to have more than our share of these people, sourly sarcastic when the county teams lose and too mean-spirited to give them any credit when they win.

Next Sunday will be a comparatively quiet day in G.A.A. championships in the West as it was originally arranged to keep it a "closed date" owing to the proposed unveiling of the big Republican Memorial in Fermoy.

Well, if official games are few, the various clubs will not be inactive as challenge and friendly games will be pretty numerous. Nevertheless, our Gaelic committees would be well advised to avail fully of every possible date from now on if they are to complete their Championships with in scheduled time.

The Bishop Hackett Hurling Cup Competition has at last been revived though in an attenuated form. The absence of Lismore C.B.S. is surprising.

Next Saturday, the Friary meet Dungarvan C.B.S. at the Gaelic field to decide which shall have the honour of contesting the final with Mount Sion.

Note the following fixtures:— Sunday next, May 17th, at Dungarvan Cathal Brugha's v. Dungarvan, Minor Hurling.

At Cappoquin—Challenge Football—Dungarvan Juniors v. Cappoquin; Cappoquin v. Ballyin (hurling friendly).

Thursday, May 21st at Dungarvan—Bishop Hackett Cup Final—Mount Sion v. Friary or Dungarvan C.B.S.; Same date at 7.30 p.m. S.T. Minor Hurling Trial—West Waterford v. East Waterford.

DEPARTMENT OF AGRICULTURE

The Minister for Agriculture has made an Order under Section 39 of the Dairy Produce (Price Stabilisation) Act, 1935, prescribing that as from the 15th May, 1936, the minimum price payable for creamery butter delivered or forwarded to the purchaser shall be 141s. per cwt., in the case of butter comprised in a consignment of not less than 20 cwt., and 145s. per cwt., in the case of butter comprised in a consignment of less than 20 cwt.

The new Order revokes the Order previously in force under which the lower price of 141s. per cwt. applied to a consignment of not less than 5 cwt., delivered outside the county borough of Dublin, the county of Dublin or the urban district of Bray. Consequently any consignment comprising less than 20 cwt. of creamery butter to which the Order applies, which is delivered or forwarded to the purchaser in any part of the Saorstát on or after the 15th May, must be charged for at the rate of 145s. per cwt., exclusive of any discount, allowance or abatement.

Longford Fund to Encourage Marriage There were over 200 applications for the Charlton Trust, which exists to provide for labourers and domestic servants, in County Longford, grants to enable them to set up housekeeping on marriage. The grants are made in May. This year the revenue is not sufficient to provide for all eligible applicants, and the Committee must select the most deserving.

An Early Spring is generally the forerunner of a good season. We invite all our customers to look up their stocks of Garden Tools, Spades, Rakes, Digging Forks, Hoes, Trowels, Lines, etc. All our tools are made from the finest Sheffield Steel and are fully guaranteed. MR. DILLON, T.D., AND THE

DANGERS OF ANARCHY

Mr. Dillon, T.D., speaking in Co. Galway, declared that two very important tasks lie before the Irish people—the achieving of national unity and the ending, once and for all, of murder as a political weapon in the public life of this country.

Many people in this country have grown tired of references to the economic war, but here again the responsibility of independence makes it necessary that the people should realise that unless they make it clear to the government that the economic war must stop they cannot expect any political party to stop it for them.

If we are to protect the young men of the country from being led into a hideous dilemma we must make it manifest in no ambiguous terms that whatever government happens to be in office it will have the unquestionable justice, no matter what motive moved them to that crime (hear, hear).

Many people in this country have grown tired of references to the economic war, but here again the responsibility of independence makes it necessary that the people should realise that unless they make it clear to the government that the economic war must stop they cannot expect any political party to stop it for them.

Any sensible settlement based on compromise will receive the full support of every political party in this country. If Fianna Fail has not the moral courage to undertake such a settlement then the sooner they get out and make way for those who will, the better it will be for the country (hear, hear).

The people of this country at the present moment have two grave decisions to make. Whether they want to leave the Commonwealth of Nations or stay in it. If they want to leave they must consider what the hopes of national unity will be and what the prospects are of successfully defending such a republic against the aggression of a country that wishes to interfere with it.

The other question is as to whether murder shall continue to be a political instrument in the public life of this country. Unless the people themselves resolutely set their faces against this, no government of any kind can save the country from anarchy. Our views are known on both these questions, and it is for the people to decide whether Fine Gael will have an opportunity of putting its policy into operation after the next general election.

CALF SKINS—Mr. MacEntee, Minister for Finance, told Mr. W. Desmond, that the amount paid in bounties on calf skins from the beginning of the scheme to May 9, 1935, was £28,013, and the number of skins on which bounty was paid was 400,701. Calf skins imported and passed this year, including 41,700 already mentioned, were 95,520.

WARBLE FLY TREATMENT

Danger of the Squeezing-out Method

A somewhat unexpected result of warble fly treatment is mentioned by the English Ministry of Agriculture. The recent Order makes it compulsory for all infested cattle to be treated, but in the campaign against the warble fly the following official warning is issued:—"An occasional fatality has occurred following treatment by the squeezing-out method. These cases are attributed to a peculiarity in the system of the animal which makes it highly sensitive to the body fluids of the parasites. In the squeezing-out process the warble maggots, especially if they are immature, may be crushed and the liberated fluids may, in rare cases, produce fatal shock. It appears that the risk involved by adopting this method is extremely small, but the Ministry of Agriculture wishes to point out to stock owners that they are not compelled to adopt the squeezing-out method, as the Order provides for the alternative method of treating cattle with the prescribed dressing. The treatment of cattle with the prescribed dressing does not involve the slight risk which attaches to the squeezing-out method, and is effective."
