**DUNGARVAN DISTRICT COURT.**

Held on Wednesday before Mr. O'Sullivan, District Justice.

**Contract For Drawing Gravel.**  
 Mr. O'Neill, Cappoquin, sued Mr. Patrick McGinn, Contractor, Two-Mile-Grange, Dungarvan, for £9 damages for breach of contract.

**Guard Giblin.**  
 Mr. J. E. Langan, solr., for plaintiff, Mr. T. C. Williams, defendt.  
 Plaintiff in reply to Mr. Langan said he was a carrier. The defendant Mr. Giblin came to him and they entered into a contract for supply of gravel for cottages. They agreed at £4 for all the gravel and stone required. Witness drew the gravel to the road and had to hire a lorry to take the gravel up the hill to the site. When he had no loads taken by the lorry the lorry owner would not take any more and witness was making arrangements with a Waterford firm to draw the gravel when he heard the gravel was condemned by Mr. Doyle.

**A Heavy Fine.**  
 Patrick Lynch, driver of a lorry owned by Messrs. Simcox, Cork, was charged by Superintendent Walsh, under the Road Traffic Act, the cost arose out of a collision which took place at Carriguee on September 28th last.

**John Murphy.**  
 John Murphy, Crosshaven, Cork, was also charged under the Road Traffic Act, by Superintendent Walsh.

**John Kelly.**  
 John Kelly, Guards Begley and Strain, and the defendant, who said the accident was due to a tyre burst while rounding the turn.

**Dangerous Driving.**  
 The Justice dismissed a case brought by Superintendent Walsh, against Patrick Keohán, Buttery Street, Dungarvan, for dangerous driving a pony down Friary street and damaging a bicycle, the property of a school girl (Margaret O'Brien, Stradbally area) who was cycling up Main street.

**Bench Warrant Issued.**  
 In the case of Superintendent Walsh, v. Mary O'Donnell, Glendaligan, charged with the larceny of 10/- from Mrs. O'Brien, Tam's Bridge.

**FEAST OF CHRIST THE KING AT TALLOW.**  
 The Feast of Christ the King was observed with all due solemnity at Yallow on Sunday.

**FEAST OF CHRIST THE KING AT TALLOW.**  
 At First Mass celebrated by Very Rev. Canon Prendergast, P.P., large numbers including many from the adjoining parishes received Holy Communion.

**DEATH OF MR. MICHAEL FEENEY, CASTLEFARM, LISMORE.**  
 Deep regret was occasioned by the death of Mr. Michael Feeney, which occurred at his residence, Castlefarm, Lismore, after a prolonged illness and fortified by the rites of the holy Church.

**Look Out For Next Week.**  
 The Grand Drawing of Prizes, and also the Monster Wheel Drive and the M. McAlister Abbey New Church Building Fund, were held on Thursday night, 29th inst., both events proving a huge success.

**CAPPOQUIN NOTES.**

**Cappoquin Bacon For America.**  
 For several months past large consignments of bacon have been sent fortnightly from the Cappoquin Bacon Factory to New York, where a special market has now been opened for the sale of the products of our local factory. Less than a year ago an order was received to have sample supplies of Cappoquin bacon sent to New York, and so satisfactory did the quality of these samples prove, that a special order was placed with the Cappoquin Factory for large supplies to be forwarded regularly every fortnight, and it is very gratifying to learn that the orders since then have been arriving with promptness, and on the splendid quality of their bacon, and also on the prompt and satisfactory manner in which all orders have been executed by them.

**Important Auction of Land.**  
 On next Tuesday, 3rd November, Mr. M. F. Walsh, P.C., Auctioneer, Cappoquin, will offer for sale by public auction at Cappoquin, Tipperary, the property of Mr. F. F. Walsh, portions of the valuable lands of Cappoquin in three lots, as follows:—  
 1—51 acres 2 roods 1 perch; Lot 2—25 acres 2 roods 18 perches, and Lot 3—42 acres 2 roods 34 perches.

WATERFORD CO. COMMITTEE OF AGRICULTURE.

NEXT YEAR'S SCHEMES

INTERESTING DEVELOPMENTS
The Annual Schemes Meeting of the Waterford Co. Committee of Agriculture was held last Saturday in the Courthouse, Dungarvan, Mr. Thomas Flynn, Chairman, presided. There were also present Mr. O'Mahony, Secretary, and P. B. Sheridan, Mr. O'Mahony, Inspector of the Department of Agriculture, Miss Mullins, P.L., Mr. Hurley, A.L., and Mr. O'Shea, H.L. were also in attendance with Mr. O'Dwyer, Secretary.

For Poultry

£500 was set aside which was an increase of £50 on last year and includes a grant for houses for pullets as also grants for poultry houses for non-station holders.

Cottage & Farm Prize Scheme

The allocation for this scheme was increased by £28 to bring the total to £113. The idea was to provide prizes for the owners of the new cottages who could not be expected to compete with the old cottages. It is intended to encourage the new tenants to work up their gardens, etc.

Subsidies to Shows

£250 was allocated for Premiums to Banns, etc; £260 for Horses and £50 for Rams.

Scholarships

It was decided to give 3 Scholarships for boys to Department's Schools, one Scholarship to Albert Agricultural College, Glasnevin and 4 Scholarships to girls tenable at a school of Domestic Economy.

Poultry Assistance

It having been stated that Miss Mullins, Poultry Instructor, could not undertake the work in her department, it was decided to get her a temporary assistant for three months in the coming spring for Class and Lecture work.

Poultry Assistance

In reply to Mr. Cunningham, Mr. O'Shea, H.L., said there would be no difficulty in getting people to plant the acreage of fruit mentioned. He held a meeting in Ballyduff last week at which there was a big attendance. The farmers there had long experience of fruit growing and they were prepared to grow 2 extra acres of apples each year. His idea was to concentrate on fruit growing in one area where the work could be properly supervised, while the marketing difficulties would be considerably removed under such conditions. If they could concentrate a colony of orchards in one district it would be an easy matter to superintend the operation and the marketing would be self-sufficient in an area, there were people in Dublin who would start a re-handling station at the centre.

OLD I.R.A. CALL FOR LAND DIVISION

The Old I.R.A. Committee of the 7th Batt. Area, Waterford, adopted a resolution calling on the Government to fulfil the promise to divide the Ballydonagh ranch and other lands in the district. A Batt. sub-committee was formed with the following officers: Chairman, Mr. R. Walsh, Treasurer, Mr. J. Whelan; Secretary, Mr. Sean Conolly. It was decided to forward to the Land Commission a list of applicants verified by Batt. and Brigade Secretaries as having I.R.A. preference service. It was also decided that there should be no co-operation with the Land Settlement Association unwilling to demand preference for genuine Old I.R.A. men. Several members stressed the need for unity amongst Old I.R.A.

Wheat Growing

The Department wrote to wheat growing and said the acreage under wheat could be considerably increased to meet the country's needs. Secretary—Mr. Hurley A.L. is giving Lectures 5 nights weekly at various centres up and down the county. Chairman—Have you a good attendance? Mr. Hurley—The average is 25. In answer to the Chairman, Mr. Hurley said the farmers were all despondent over the wheat crop due to the season. The low yield was not discouraging them. Mr. Sheridan—Farmers should be advised not to sow their own seed this year. Mr. Hurley said it would not be advisable to use this year's crop for seed if they could get better. The remaining business was routine.

DISEASES OF ANIMALS COMMITTEE.

At the meeting of the above on the 23rd inst., Mr. Thos. Flynn, president and there were also present—Messrs. P. B. Sheridan and M. Cunningham. The Clerk submitted a return showing the number of sheep dipped in the Co. Waterford in the Summer Dipping Period 1936. In Carrick-on-Suir area 768 lowland and 5,076 mountain sheep were dipped under supervision and 1,235 dipped but not under supervision—Total 8,068. In Clonmel area 1,441 lowland and 7,078 mountain sheep were dipped. In Dungarvan Area 1,057 lowland and 10,907 mountain sheep were dipped. In Kilmacomas Area 949 lowland and 5,209 mountain sheep. Total 6,158. In Lismore Area 901 lowland sheep and 6,135 mountain sheep were dipped but not under supervision. Total 9,366. In Waterford 104 sheep were dipped and in Youghal area 5,004, together with 225 sheep not under supervision. Total 13,491. In all 7,000 lowland sheep and 35,305 mountain sheep were dipped under supervision and 4,038 were dipped but not under supervision. Making a total of 46,349. The amount received by the Local Authority in Dipping Fees amounted to £58 0s. 10d. The business of the meeting was routine.

LIBRARY MATTERS

Co. Librarian Replies To Critics

To the Editor "Dungarvan Observer" A Chara—In two recent issues of your paper references have been made to library matters by your Ballyduff and Cappoquin correspondents. As both these references were complaints, for which I consider there is little or no justification, I am compelled to refute them publicly. Your Cappoquin Correspondent complains of the curtailing of the hours of opening in Cappoquin, and also of the fact that the library was not painted exteriorly.

Electricity Poles

A letter was read from the E.S.B. stating that they did not consider the pole outside Mr. Hurst's Regal Cinema an obstruction to traffic, but to facilitate the Board they would undertake to remove it on the understanding that the Council would pay the cost involved (laughter).

Dance Applications

A number of applications for the use of the Ball Room were granted. Mr. Power—On with the dance (laughter)

New Library Scheme

Mr. Daly asked what about the new library scheme. The Chairman said he wasn't in a position to answer that question then.

Sea Wall

A letter was read from the Department stating that the question of the Sea Wall was under consideration in conjunction with the Commissioners of Public Works, who had arranged for an inspection of the proposals.

Housing Question

Some correspondence in connection with various details of housing questions was read and after some discussion the whole subject was adjourned to next meeting.

YOUGHAL URBAN COUNCIL.

Present—Messrs. R. C. Farrell, P.C., Vice-Chairman, presiding; R. Savage, J. R. Smyth, P.C.; J. N. R. Macnamara, solicitor; F. K. Keane, solicitor; T. Beausang, D. McCarthy, E. D. Condon, M. Aherm, J. Daly, B.E.; R. Power, Capt. C. Watson, J. Forrest, J. Whelan, M. D. Broderick.

Bricks or Concrete.

On the reading of the minutes of the previous meeting, Mr. Daly referred to the question of the new Housing Scheme of 28 houses and said if the use of bricks increased the cost to over £300 per house, it would cause delay.

Sympathy

Mr. Beausang proposed a vote of sympathy with the relatives of the late Mr. Cornelius Nagle, Cork, uncle to their esteemed colleague Mr. E. P. Lynch.

Price Of Gas

Arising out of the Gas Manager's report Mr. Whelan asked what about the proposed reduction in the price, which had been promised long since. He suggested that the Manager be instructed to go into the matter and report.

Acknowledgment

Mr. M. Keane, North Main street, wrote on behalf of the family and himself, thanking the Council for their kind vote of sympathy on the death of his sister Mrs. Coffey, Cappoquin.

Dan O'Mahony

Mr. Savage said he understood that Dan O'Mahony would give an exhibition at the Strand Palace, on Sunday. He suggested they should give him a fitting welcome.

Unlighted Vehicles

Sergt. C. Dalton, Cappoquin, summoned John Ring, Crowhill, for using a bicycle without a light, and he was fined 2/-.

Wandering Cattle

Sergt. Crowe, Ballymore, summoned Roger O'Brien, Farnane, for allowing four head of cattle wander on the public roads, and a fine of 2/- was imposed.

Wandering Cattle

Guard Thorne, Cappoquin, v. Patrick Coffey, Kibree, no light. Fined 3/6. Do. v. Michael Foley, Graigavurra, same offence. Fined 3/6. Do. v. Michael Kennedy, Bewley, no lamp and no reflector. Fined 3/6 and 1/-.

Wandering Cattle

Guard Thorne, Cappoquin, v. Patrick Coffey, Scrahan, six cattle wandering on the Mellersy Road. Fined 2/-.

Licensing Cases Adjourned.

In two adjourned cases of the 26th Sept., Quinlan, Lismore, against two local Publicans in respect of a number of persons found on their premises on dance nights in Cappoquin, although such persons lived over 3 miles from Cappoquin. The Supt. asked for a further adjournment, as the authorities were still awaiting the decision of the Supreme Court on an appeal case which was pending before that Court under circumstances similar to the two Cappoquin cases.

Committed To Industrial School

At a Children's Court, held in private at the court of the ordinary business, Inspector Deane, N.S.P.C.C., Waterford, applied for an order for the commitment of a boy named Michael Quinn, aged 5 years, to St. Michael's Industrial School, Cappoquin.

Committed To Industrial School

The mother of the boy, who attended from the County Home, Dungarvan, having been examined, and after her consent to the above course, the necessary order was made for the child's commitment to the Cappoquin Industrial School.

CAPPOQUIN DISTRICT COURT.

UNLIGHTED VEHICLES

JUSTICE'S STERN WARNING

(Before Mr. G. P. Farrell, D.J.)

There was an unusually large number of cases before the Court for using unlighted bicycles, carts, etc and the Justice said he had no option but to increase the fines in those cases in future. This form of offence of using unlighted bicycles and other vehicles after dark was now becoming a great public danger, and he was afraid that he had been too lenient in dealing with this class of offenders in the past. He now wished to warn the public that this lenient treatment should cease, as he intended to impose such heavy fines in future as would make the offenders realise that it would be much better and cheaper for them to comply with the law in this respect, as others laws had to be complied with.

There seemed to be a total disregard for the Lighting of Vehicles Act in this area, as well as in several other areas, but he was now determined to take such steps as would make this law more respected in the future.

He suggested, however, that in the case of all future offenders detected by the Guards, who had not been previously charged, they should be first cautioned, and if they repeated the offence, they should be then summoned, so that he would know that all persons charged before him in future had been previously cautioned, and he would then know how to deal with them without having to ask the Guards for any further particulars about them.

Supt. Quinlan, Lismore, thanked the Justice for his remarks, because this class of offence was causing the Guards an endless amount of trouble, and he promised that the Justice's suggestion about having offenders first cautioned would be faithfully complied with in future.

Wandering Cattle

Sergt. Crowe, Ballymore, summoned Roger O'Brien, Farnane, for allowing four head of cattle wander on the public roads, and a fine of 2/- was imposed.

Unlighted Vehicles

Sergt. C. Dalton, Cappoquin, summoned John Ring, Crowhill, for using a bicycle without a light, and he was fined 2/-.

CO. WATERFORD OLD I.R.A.

At a meeting of the Old I.R.A. Committee in the 7th Batt. area, Waterford, a letter was read from Mr. Tom Hales, P.O., stating that he would demand in the Old at the earliest opportunity the fulfilment of the promises to amend the Army Pensions (Disability) Act 1932. Mr. Hales added that he always held that that Act necessitated, in justice, amending.

The Secretary informed the meeting that a reply had been received to communications sent to the Secretaries of the recently formed Association of Old I.R.A. Men requesting an assurance that the Old I.R.A. Executive would press the Government to introduce without delay legislation to lower to 50 per cent. the minimum degree of disease disablement enabling persons to qualify for disability pensions and providing pensions for persons over 50 per cent. disabled in cases where the disease had been aggravated by active service. It was decided to write again pointing out that the primary duty of people proposing to speak for Old I.R.A. Men is to demand simple justice for the disabled, also to point out that

the Committee considers that the proposed scheme for free hospital treatment could not benefit to any appreciable extent those who are totally disabled and certified by Specialists as incurable. The desperate plight of unemployed Old I.R.A. Men existing on the dole in the area was the subject of a long discussion. It was stated that many employers would under no circumstances give work to members of the Association and the opinion was expressed that if the Government had no other scheme in contemplation to alleviate the distress prevailing it should arrange to give preference to the Old I.R.A. in all public works as the Cosgrave Government had done in the case of ex-Free State Army men. There was vigorous criticism of the refusal of members of the Fianna Fail organisation to support Old I.R.A. men and other Republicans seeking positions under local public bodies.

Resolutions were adopted tendering sympathy to the relatives of the late Sean Glynn, Limerick, and the late Mrs. Edwards, Waterford, and it was decided to forward a subscription to the Sean Glynn Memorial Fund. A resolution calling for the release of all Republican prisoners was also passed.

DUNGARVAN URBAN ELECTRIC LIGHT & NEW HOUSES

Mr. T. McCarthy, Vice-Chairman, presided at the meeting above held on Friday, 27th inst. Messrs. P. Byrne, J. Dalrymple, J. Christopher, J. Mahony, J. O'Shea, H.L., were also present.

Cost of Re-Surfacing Roads—The Borough Surveyor had measured the opening U.D.C. and claimed for the cost of re-surfacing the road. The measurement was 600 high. The Surveyor said had very little to do with the Council's men rammed it in only needed a brush and chips to resurface the road.

Electric Light Schemes—In connection with the proposals to install electric lighting in the new housing scheme representing the E.S.B. meeting and in explaining the consultation with Messrs. L.G.B. and P.H. the Surveyor's very poorest an opportunity of good lighting. The Surveyor proposed for these houses the tenants to use light which meant that, say, in 60 watt lamp could be replaced in any other room multiple up to 100 watt lamp would be 100 on the valuation of 4/6. There is responsibility on the Council in connection with this rent.

Mr. O'Shea, H.L., said that the Council the opportunity to net work necessary for the of the area done within the outside cost per house would be £3 two-thirds of refunded by way of grant payment. The remaining would be borrowed on a 35 year would mean the payment per week, the cost of £13 the maximum cost and of the scheme it was found out less. In Carrick, who was adopted the cost was It was also found that there was in operation the tenant to pay the 1/- per week—little or no arrears.

Mr. Foley—I am glad to hear that the Council has planned although I am disappointed that the collection being thrown on Mr. Dahill—What about the matter of the bulbs?

Mr. Quann—There will be a bill on the Council for rent? Mr. Quann—None who tenant wishes a wireless set but there cannot be a health course the tenant can have no wireless set. Mr. Dahill—Why came given to the ratepayers as Mr. Quann—Just as we are able to the L.G.D., we can to our head office. We can the valuation and if you like valuation it will bring down Mr. Christopher—The matter explained very clearly now Mr. Quann—There will be a bill on the Council. Mr. Christopher—I am giving the people a chance of light.

DUNGARVAN URBAN COUNCIL.

ELECTRIC LIGHT SCHEME FOR NEW HOUSES

Mr. T. McCarthy, Vice-Chairman, presided at the usual weekly meeting of the above held on Friday. Also present—Messrs. P. Byrne, J. Dahill, J. F. Foley, J. Christopher, J. Mansfield, P. Quann.

Cost of Re-Surfacing Roadway Too High The Borough Surveyor stated that he had measured the opening made by the U.D.C. and claimed for by the County Council. The measurements were correct but the cost of 10/- per yard for resurfacing was too high. The Co. Council he said had very little to do as the Urban Council's men rammed the cut well and it only needed a brush of tar and some chips to resurface the cuts.

Electric Light Scheme

In connection with the E.S.B.'s proposals to install electric light in the proposed new housing scheme, Mr. Dunphy, representing the E.S.B., attended the meeting and in explaining the scheme stated that the scheme was framed in consultation with representatives of the L.G.B. and P.H. The scheme gave the very poorest an opportunity of having good lighting. The unmetred system proposed for these houses would allow the tenants to use light equal to 100 watt, which meant that, say, in the kitchen a 40 watt lamp could be used and a 40 watt in any other room. It meant the multiple up to 100 watt. The cost per week would be 1/- on houses under a valuation of 6. There would be no responsibility on the Council for the collection of this rent. That would be a matter for the E.S.B. It also afforded the Council the opportunity of having the net work necessary for the public lights of the area done within the scheme. The outside cost per house for instalment would be 13 two-thirds of which would be refunded by way of grant from the Department. The remaining one-third could be borrowed on a 35 years loan which would mean the payment of about 4d. per week, the cost of 13 per house was the maximum cost and in the experience of the scheme it was found that it worked out less. In Carrick, where the scheme was adopted the cost was 13/- per light. It was also found that where the scheme was in operation the tenants never failed to pay the 1/- per week and there were little or no arrears.

Mr. Foley—I am glad to hear it explained although I am dead against it. It is cheap light without the onus for collection being thrown on the Council. Mr. Dahill—What about the replacement of the bulbs? Mr. Dunphy—Previously bulbs were imported and gave 3 or 4 years work. At present we are using Irish made bulbs and as the industry is only in its initial stage you cannot expect such perfection. In a year or two when the industry gets going bulbs will last a long time although at present they are giving very good service.

Mr. Quann—There will be no responsibility on the Council for collecting the rent? Mr. Dunphy—None whatever. If the tenant wishes a wireless set can be used, but there cannot be a heater or iron. Of course the tenant can have the light or not. There will be no compulsion.

Mr. Dahill—Why cannot the light be given to the ratepayers as cheap? Mr. Dunphy—Just as you are responsible to our head office. We can only charge on the valuation and if you bring down your valuation it will bring down the charge.

Mr. Christopher—The matter has been explained very clearly now. Mr. Quann—There will be no responsibility on the Council. Mr. Christopher—I am in favour of giving the people a chance of having the light.

Mr. Quann—Where a house costs a few hundred it will not make a lot of difference to add another 1/-.

Mr. Dahill—Will it delay the scheme putting it on the specification now? Clerk—I do not think so.

Mr. Foley proposed, and Mr. Christopher seconded that the scheme of lighting for the new houses be adopted providing that it costs the Council only one-third of the total cost, and that no onus is thrown on the Council, and that the rent to the tenant does not exceed 1/- per week. The resolution was passed unanimously.

Pay Sheet Paysheet for the week amounted to £17 18s. 11d. The Harbour A/c. £1 3s.

Milk and Meat Inspection Dr. O'Farrell, County M.O.H., wrote to the milk and meat inspection. He stated that the minute dirt test was a very essential thing and that it was unwise to let it be discontinued. He urged that meat by-laws be adopted and that the salary of Mr. Byrne, V.S., be reconsidered.

Chairman—Dr. O'Farrell wants us to raise the salary of Mr. Byrne. Mr. Dahill—We passed a salary of £50 and in most other counties only £35 is paid.

Mr. Christopher—Have we any way of compelling Mr. Byrne to carry out the minute dirt test? Mr. Quann—He is getting £30 per year for that duty.

Mr. Christopher—He is getting £50. Clerk—He has only £20 at present. Mr. Christopher—I thought we raised that to £50? Clerk—That was for milk and meat inspection.

Mr. Christopher—£20 is for milk. Can we not make Mr. Byrne carry out the minute dirt test? Mr. Quann—I thought that the minute dirt test was being carried out.

Chairman—Not according to this letter. Mr. Dahill—Can we force Mr. Byrne to carry them out? Clerk—He has sent a report which was before you a short while ago dealing with

dairies and milkshops, sent through the County M.O.H. The Clerk then read a very long letter dealing with the 1935 reports relating to the sale of milk.

Mr. Quann—I would not like to be a dairy man under that crowd. Soon the public will not be able to get any sup of milk. Chairman—We would all like to get clean milk.

Mr. Dahill—Refer that letter to Mr. Walsh. Mr. Quann—We should stick to the salary we gave.

Mr. Christopher—We are giving £50 for milk and meat and the milk is not being done at all. Clerk—Mr. Byrne is getting £20 at present. The increase of £30 has not been sanctioned.

Mr. Quann—According to the Department's letter we have no powers at all. It has been all non-sensical? Mr. Mansfield—We had power to prosecute. We should now shelve the whole thing until the Act comes into force.

Mr. Christopher—The increase we gave was refused by the L.G.D. Mr. Quann—We pay the second best in the Free State. The Department's letter was referred to the M.O.H.

Compensation Claims Messrs. Wall and Cullinane, O'Connell Street, wrote stating that they had not yet received any compensation for their demolished property in the clearance area. They stated that they had been treated very badly by the Council.

B.S.—I was to visit the place with the Architect, but he was too busy on the three occasions I went to see him. Chairman—I agree with everything in the letter, they have been treated badly and if we could pass payment to-night we should do so. Those people have lost a lot and it is very unjust that they are not being paid. Regarding the heaped stones on the site, the Chairman said that in his opinion these stones would be an asset to any contractor.

The B.S. was instructed to convey to the architect that it was the wish of the Council that payment for compensation be paid and that if possible the certificate for payment should be before the Council at next meeting.

Water Mr. Crotty brought up the matter of the water supply to Mrs. Mulcaire's residence at Old Hospital Road. The B.S. said that he had to order 150 yards of pipes and the work would be done as soon as possible.

Unemployment Grants In connection with the usual Xmas work given by the Council to unemployed men, the question of having a scheme other than the usual road work that was previously given was considered. It was agreed that a grant be sought for the taking up and cleaning of defective water pipes.

Fire Hose In answer to Mr. Foley, the B.S. stated that the new fire hose was on order.

New Ranges Several applications for new ranges were reported on by the B.S. During the discussion it was stated by the Clerk that in some cases people who had got new ranges had not paid the usual 50 per cent. The applications of Mrs. Crawley to pay 2/- per week instalments on half the cost was granted. Mrs. Kelly to pay half was also granted.

Regarding the application of Mr. E. Spratt, Mr. Dahill said Mr. Spratt told him that he was prepared to pay half the cost, but he would like the question of the type of range to be left between Mr. McGrath and himself.

Mr. Christopher—Mr. Spratt ought to be easily able to pay half the cost. Mr. Spratt's application was granted.

Caretaking Park Mr. Walsh, S.S.O., asked permission to have the Park seats taken in. Granted. Regarding the caretaker, Mr. Street, the S.S.O. said it was usual to terminate the contract at the end of September, but owing to the fine weather he did not report until tonight.

Mr. Byrne said that Mr. Street should be kept on for another month. The weather was fine and people might be inclined to go bathing. It was decided to let the matter stand over for a week, Mr. Walsh to see if there was any work for the caretaker to do.

Childrens Meals Mr. Walsh, Secretary Children's Health Committee reported that as St. Vincent de Paul Society were unable to give them a room for the giving of meals to the boys of the C.B. Schools, it was agreed at a meeting of the Committee that a deputation wait on Brother McMahon with a view to getting a room in the schools. He waited on Brother McMahon on Thursday to make the appointment for the deputation. Brother McMahon would not have anything to do with the matter and refused to see the deputation.

Chairman—I consider the action of Bro. McMahon a great insult to the deputation. The Mercy and Presentation Convents are co-operating in every way with the committee and the Christian Brothers will not have anything to do with it, it is very unfair. Mr. Christopher—They ought to change their name.

Chairman—This committee was formed some years ago. Mr. Butler it was who first moved in the matter. We believed then that we would have the co-operation of the Christian Brothers and all others. Now we have to find somewhere else. The Hall is the only place, but that is not suitable. I would favour writing to the Department asking that we be allowed to build a light structure convenient to the schools where the meals could be given out, and also tell them that the Christian Brothers refused to co-operate with us.

IRISH CHRISTIAN FRONT

MONSTER MEETING IN DUBLIN

COMMUNISM REPUDIATED

OVER 100,000 people from all parts of Ireland were present at the Irish Christian Front demonstration in Dublin on Sunday, when resolutions were passed sending sympathy to the Cardinal Primate of Spain on the ravages wrought by Communism on his Church, Clergy and people and congratulating General Franco and his troops on their magnificent fight for religious liberty and European civilisation.

The Lord Mayor (Ald. A. Byrne, T.D.) presided. The Lord Mayor extended a welcome to the contingents from the country. He was delighted, he said, to see such a huge concourse of people. On the enthusiasm and on the support they were prepared to give the Irish Christian Front might depend the whole future of Ireland. Looking at the huge meeting, he felt, however, that the disturbers would make up their minds to bid farewell to the City of Dublin.

Mr. P. Belton, Deputy Lord Mayor of Dublin, and President of the Irish Christian Front, said that were Ireland to accept Communism it would break with its past and destroy its hope for the future. Irish missionary work would be destroyed, and thus Communism in other lands would have removed one of its greatest enemies. It was not from a frontal attack that most was to be feared, but from the insidious attack by agents in various guises. At the outset of the conflict in Spain a few Communists in Ireland attempted to stampede the people into supporting the Spanish Government. They spoke as if they had some power and influence, and if they had been allowed to continue they would have dishonoured and misrepresented Ireland. The reputation of Ireland was a sacred heritage, and its protection demanded immediate action. It was to guard that heritage that the Irish Christian Front was founded. It was accepted with acclamation. Branches had been formed in nearly every county, and a nation wide organisation had been formed. Everywhere the very thought of Communism was rejected with contempt and the popularity of the patriot cause in Spain was everywhere in evidence. Their organisation had sent thousands of pounds worth of medical supplies to Spain and they were now preparing to establish a base hospital in San Sebastian. Their work had the sanction and approval of the Irish Hierarchy. The I. C. F. had sent representatives to Spain to report to them on conditions there, and to supervise the distribution of the supplies. They had also rendered aid to some Spanish refugees who had come to Ireland. Their two months' old organisation was now in a position to defeat any Communist invasion at home and to render aid commensurate with the country's resources to any Christian nation attacked by the forces of Anti-Christ. While they were gratified with the success they had achieved, the Standing Committee was anxious to get from what was more or less a nominated state of control to an elected one. It was their earnest intention to establish complete democratic control as soon as practicable.

Communism, Mr. Belton continued, was a social ulcer that would fester until it dismembered society. It was the effect of a cause, and to eradicate it the cause must be removed. Thousands of men and women could not be expected to live on the dole or outdoor relief. The problem of unemployment and bad social conditions would have to be tackled in a big way, and some readjustment of economic conditions must be found so as to give an opportunity to all to become useful, productive citizens. Communism preached social revolution, thus making the last stage worse than the first. The I. C. F. stood for social readjustment and social revolution. The system under which agriculture was organised in this country was incapable of maintaining the rural population, which was migrating to the cities and towns, intensifying there the problems of unemployment and housing. That system required investigation and overhaul. The I. C. F. intended to seek a solution of that problem. They were satisfied that more money should be in circulation in this country and that the national credit should get more attention from Irish economists and be brought under Irish control.

It was now obvious, Mr. Belton continued, that Germany and Italy, lying astride Europe were Europe's greatest bulwarks against Communism, and their strength in Central Europe we owed our immunity in the West. The present European crisis might mean war and we must have confidence in our Government to look after Irish interests. That confidence, however, must only be given intelligently. It was to be hoped that the Government would make it plain to the British Government and others that in no circumstances would Ireland, in the event of such a conflict, allow herself to be placed in the false position of having any association with the Reds. Unfortunately

Mr. Dahill—One thing they are not up against the committee, they are up against the poor people. They talk of Spain, we have Spain in Dungarvan. The Hall occupied up to recently by the Volunteers was mentioned at a suitable place to give the meals, and it was decided to approach Mr. Casey with a view to getting the place temporarily.

the Free State continued to maintain special trade relations with the Spanish Government, which had facilitated the shipment of a consignment of fat cattle, eggs and butter to the Spanish Communists from the port of Dublin on Saturday.

Mr. T. J. Campbell, K.C. M.P., a member of the Belfast Parliament, said that that meeting was proof that the heart of Ireland was beating in unison with the heart of Spain. The cause which was being fought for and against in Spain was plain to all whose ears were open to reason and their consciences to justice. The choice was between Christianity and Communism, between the light and the darkness.

Mr. Campbell proposed the following resolution—"That this mass meeting of Irish citizens assembled under the auspices of the Irish Christian Front, respectfully sends a message of deepest sympathy to the Cardinal Primate of Spain on the ravages wrought by Communism on his Church, clergy and faithful, and we congratulate General Franco and his troops on their magnificent fight for religious liberty and European civilisation."

The first of the resolutions was proposed by Dr. J. P. Brennan, Coroner for South County Dublin, and Vice-President of the I.C.F. It was—"That we, the members and supporters of the Irish Christian Front assembled in Ireland's capital, declare our resolve to oppose by every means in our power the war against religion, which is being waged by anti-Christian forces. We repudiate Communism as an alien importation opposed to the religious, economic and political liberties of the Irish people and utterly subversive of the national tradition which has been for 1,500 years ardently Christian. Affirming Ireland's loyalty to Christ the King, we call upon Irishmen the world over to unite under the banner of Christianity, and warn them always to remember that by assisting any movement the object of which is anti-Christian, they are not only betraying their religion but breaking every link with their motherland."

Less than two months ago, Dr. Brennan said, they had placed the Irish Christian Front movement before the citizens of Dublin. Since then the youngster had grown to be the virile force that existed today. The first and most real duty of the Irish Christian Front was to advocate that every citizen in this country should have the right to live in comfort and the right to work in decent surroundings, as well as a guarantee of a fair wage, and that the workers would have their equitable share of the excess profits which were the fruits of their labours helped to produce (cheers). The mere erection of houses was not the only aspect of the difficulty which seemed desirable in order to obtain success in this matter. It would be necessary to improve their system of education so that the pupils of the primary and secondary schools would realise the necessity for a spirit of good citizenship. At this moment in Spain there were to his own knowledge, and to the knowledge of his friends, women who had taken the veil and who were now probably nuns in hiding. These nuns were the daughters of Irish parents. They went out to Spain as missionaries similar to those missionaries whose names were world-wide. They were trying to do what Irish missionaries had always done to uphold the Faith of their Fathers and to be true to the God Whom they loved.

The resolution was seconded by Mr. J. Corr, M.C.C., who said he wished to make a special appeal to the youth of Ireland to become active members of the Irish Christian Front.

Mr. Alex. McCabe, who seconded, evoked resounding cheers by declaring: "When it comes to religion and nationality, there is only one Ireland." Today Spain was up against the forces of Moscow, he said, and not one-tenth of the Irish people realised the tremendous danger they themselves were in from this same menace. Germany, Poland and Hungary had been attacked by these same forces, and now Spain was being attacked. Thanks to the Catholic spirit of Poland, the Russians were driven back behind their frontiers. Thanks to Hitler, they were crushed for all time in Germany, and thanks to Mussolini, they had been checked in Italy. Thanks to Franco they would never come to Ireland (loud cheers).

The resolution was passed with acclamation.

DEATH—Fortified by the rites of Holy Church, Miss Elizabeth Mullins, Scrahan Upper, Kilmathomas, died on Friday of last week after a protracted illness and at the advanced age of 91 years. She was a most intelligent old lady, and her reminiscences—particularly of events of her girlhood days—were exceedingly interesting. When the Copper House was built in Bonmahon in 1806 (by the Company then mining in the area) she was amongst those employed at the work of washing the copper therein. The deceased was a fine type of the grand old generation now almost completely passed on to that "bourne from whence there is no return." The remains accompanied by a very large cortege, were removed to St. Anne's Church, Ballylaneen, on Saturday evening. Interment was made in the adjoining cemetery after the late Mass on Sunday, in the presence of numerous relatives and friends. The Rev. T. O'Shea, C.C., Ballylaneen, recited the last prayers at the graveside. May she rest in peace.

ALLEGED ARSON AT KNOCKANORE

Charge At Lismore

At a special Court held in Lismore before Mr. G. P. Farrell, D.J., the adjourned case at the suit of Supt. Quinlan, Lismore, against a young man named Michael Mountain, Knockanore, who was charged with having set fire to a house at Knockanore on Saturday night 16th November, 1935, was resumed, when all the depositions were completed, and the accused returned for trial.

The case was partially heard at the August Court in Lismore, when depositions were made by Sergt. Conby, Killenagh, and Captain Quirk, handwriting expert, who stated that a number of documents submitted to him had all been written by the same person.

From the general evidence then given, it appeared that the premises which were burned consisted of a house, portion of the roof of which was of thatch, while the other portion had a slated roof. The house was the property of Mrs. Mountain, accused's mother, who resides in Waterford, but the thatched portion had been rented to Mrs. Power, Knockanore, where her daughter conducted a lock-up shop, the slated or private portion of the building being occupied by the accused as his residential quarters, as part of the agreement between his mother and Mrs. Power.

The shop was divided from the private portion of the house by a wooden door, with glass panels on top, and Sergt. Conby's evidence was to the effect that when he arrived on the scene the thatched portion of the house was blazing furiously, and the entire shop, with most of its contents, was completely destroyed.

Mr. E. A. Ryan, State Solr., Dungarvan, conducted the prosecution at the August Court, while Mr. J. W. O'Gorman, solr., Lismore, appeared for accused.

After the evidence of Sergt. Conby and Capt. Quirk had been heard, the further hearing was adjourned to the September Court, but when the case was called at this Court, Mr. O'Gorman, solr., said he should withdraw from the defence, as he had since been instructed by Mrs. Mountain, owner of the premises, to lodge a claim for compensation for the malicious burning of the house and he could no longer act for her son.

In order to enable accused employ another solicitor, the case was then adjourned to October, accused being allowed out on continuing bail in the meantime.

When the case was now called, Mr. E. A. Ryan, State Solr., conducted the prosecution, and accused was represented by Mr. Lanigan, solr., Dungarvan.

The first witness examined by Mr. Ryan was Mrs. Ivy Power, Knockanore House, who stated that she had rented the house from Mrs. Mountain, accused's mother, on March 11th 1935, where her daughter had conducted a lock-up shop, which she closed up every night and slept with witness and the rest of the family at home in Knockanore House. On the night of November 16th, 1935, when they were all at home, they were knocked up by Patk. Landers, blacksmith, and on going to the shop found that the thatched portion of the house was on fire. It was by arrangement with his mother that Michael Mountain was allowed to sleep in portion of the premises.

About a month or six weeks previously witness was negotiating with Mrs. Mountain through Mr. O'Gorman, solr., Lismore, for the purchase of the premises, which they had held for a weekly rent up till then. In August, 1935 witness had an interview with the accused in reference to a certain letter which he had written to his mother in Waterford about them, when she charged him with making false statements about them being denied having written such a letter. She then asked him to give her that denial in writing, so that she could send it to his mother, and he then wrote in her presence, in the kitchen, the letter now produced, and which was marked "B" in Capt. Quirk's deposition. She had received letters from the accused, and was quite familiar with his handwriting, and she now identified all the letters produced as being in his handwriting. She received a letter from Mrs. Mountain a short time afterwards, which she could not now find, although she had searched for it.

In this letter Mrs. Mountain offered to sell her the house for £500, or £100 less than her original figure, subject to certain conditions, which she could not agree to.

She gave the letter to her daughter to show to the accused, and when he saw it, he got very excited and said that no man, or woman or child would take the place without his authority. He then came from the kitchen into the shop in a very excited and violent condition and took up some weights from the counter, which he threatened to throw through the window.

Her son, John, came in and reasoned with him and quietened him down, and said if they wanted to buy the place behind his back, they would not have shown him the letter at all.

Accused then went back to the kitchen and kept talking for about two hours and seemed to be very excited. Up to this time, witness had been giving him 5/- per week and his food for looking after the cows for them, but she then told him that they would no longer employ him, as they were afraid of him.

After this, he occasionally came into the shop to make some purchases, and on Nov. 1st (All Souls Day), he came in and bought some candles and then showed her an insurance Book in connection with the premises, which he said was the property of his father, who had died a year ago.

He also said he would try if O'Dwyers of Cork would take up the insurance for him, and she replied that if the place were burned down, the Insurance Co., would only build it up again, and he would get no money out of it.

Witness next detailed an incident when a man named Williams Sims, of Coolbeggan, who was a customer of theirs, and a friend of the family, was in the shop one day when accused came in from the kitchen, and used very rough language towards him, and asked him to come outside.

Mr. Sims told him not to be using such language in presence of ladies, and they both then went outside, and witness saw accused take a razor out of his pocket with the blade open and threaten Mr. Sims if he continued coming down to the shop any longer. Mr. Sims then came back to the shop, followed by Mountain, and witness had to stand between them to prevent further trouble.

Mountain slept in some part of the house, he knocked at the back door, but got no answer, and he then knocked at a window and Mountain appeared, dressed in his night attire, consisting of a shirt and pair of drawers. The back door of the house was locked at the time.

Witness was not cross-examined. Sergt. Conby, Killenagh, who had already made a deposition in the case, was again examined by Mr. Ryan and stated that the front door leading to the shop had been opened before he arrived on the scene.

The communicating door between the shop and kitchen was completely open, and he did not take any notice of its condition. Mr. Lanigan declined to cross-examine.

Superintendent's Evidence Supt. Sean Quinlan, Lismore, was the last witness, and in reply to Mr. Ryan stated that on November 17th 1935 he received a Wireless Set from Miss Power, which he now produced.

There was a large hole burned in the front of the Cabinet, and he found some linen thread and woollen cloth adhering to the side, although these did not belong to the Cabinet.

On November 23rd, 1935, Miss Power handed him a lady's coat (produced), the right side of which and also the right sleeve were burned. On June 4th 1936, he interviewed accused at the Garda Station, Cappoquin, and told him he was investigating the burning of his mother's house at Knockanore, and wanted to ask him some questions in connection with the matter. He told Mountain that he was not obliged to answer any questions unless he wished to do so. He also told him that any thing he said would be taken down in writing and may be used in evidence against him.

Witness then produced to the accused the letters marked "A" and "A 2", as referred to in Capt. Quirk's deposition, and in reply, accused made a statement which witness took down in writing, which was signed by the accused.

Witness also produced the documents marked "B" and "C", and questioned accused regarding them, and took down his answers in writing, which he now produced.

The Supt. now read this statement, in which accused denied having written the documents, marked "A" and "A 2" but he admitted having written the document marked "B." Having given details about the documents, marked "C," "D" and "E" witness said he next procured specimens of his handwriting, and in one of those specimens he observed the word "correspondence" and this word was similarly spelled in one of the documents produced.

Witness later had the documents, marked "A," "A 2," "B," "C," "D" and "E" conveyed personally to Capt. Quirk by Guard C. Houlihan, Lismore.

On June 18th, 1936, he arrested the accused at Ballyreilly, Ring, Co. Waterford, and charged him with the present offence, and duly cautioned him, when he said, "I am innocent of the moment, and I want to see a solicitor first."

In reply to the Justice, witness said he had procured the documents "A" and "A 2" from Mrs. Mountain, accused's mother, who was in Waterford.

Witness was not cross-examined. Mr. Ryan said this concluded the evidence, and he asked to have accused returned for trial, as he contended that a prime facie case had been made out against him.

Mr. Lanigan asked to have information refused, as no direct evidence had been produced against his client.

The Justice said he considered this was a case which should go before a Jury, and he accordingly returned accused for trial to the Waterford Circuit Court on November 9th, but said he would admit him to the same bail as before, himself in £50, and two sureties of £25 each, but a fresh bond should now be entered into by his sureties.

Mr. Lanigan said that unfortunately both sureties lived in Knockanore, and were not available at the moment, and the Justice then agreed to accept accused's own bond in the sum of £50, and this having been signed by him, accused was then discharged from custody.

DAMAGE— This week's violent westerly storm dislodged slates and pieces of mortar from a few houses in Kilmacthomas; it scattered turf ricks in Kilrossanty, and uprooted trees in several townlands south-side the Comeraghs. Since Sunday some heavy showers of rain have fallen in the area, and local wisecracks predict an abnormally harsh winter.

OCTOBER LAMBS— A ewe, the property of Mr. John Sheehan, farmer, Garrunturn, Kilmacthomas, gave birth to two lambs on Monday.

KILMACTHOMAS MONTHLY FAIR— Held on Tuesday; all sections well supplied and usual buyers attended. Store cattle met an appreciable active demand at firm to dearer rates, and most lots offered changed hands. Fat cattle sold slowly at recent values. Springers and milch cows met a pretty good trade at current prices and all handy lots were disposed of. Lively business generally in the sheep department, except for the mountain type. The young and store pigs marketed met a ready sale at high quotations and a good clearance was effected. Taken all round this fair was an improvement on the Sept. one.

HOLIDAYING— Mr. Nicholas Crotty, son of Mr. and Mrs. John Crotty (deceased) of Lismore, Learybrien, Kilrossanty, is now home from London, on a holiday at his parental home, and the neighbours are delighted to see him and to know that he is advancing himself admirably at his calling in the English Metropolis. Standing 6 feet 4 inches, in his stocking tops, and built in proportion, young Mr. Crotty, is a truly magnificent specimen of Irish manhood.

KILMACTHOMAS NEWS.

PLEASE TO PUBLISH— That efforts are now being made to secure the establishment of a factory at Kilmacthomas, for, it is stated, the manufacture of cardboard boxes. Some of the leading local traders are evincing an active interest in the project, and the County T.D.'s have promised their fullest support. The promoters aim at purchasing Mr. T. T. Flahavan's corn store (formerly a woolen mill). This spacious structure, is situated on the right bank of the Mahon river at the rear of the Garda Síochána Station in the Main Street, is reckoned a right suitable site for the proposed industry. It is understood that a sum of £17,000 will be required to buy out the building and to procure and instal the necessary machinery into it. Provided a certain percentage of the amount mentioned is raised locally, a substantial Government grant is assured. The contemplated venture is, of course, of the most important in the town, and if it materialises it will prove a veritable boon to the place, as it would furnish welcome employment for at least a hundred hands.

FELT AND FEATHERS— In the gale on Monday a lady and her hat were divorced in the Main Street, Kilmacthomas. The hat whirled through the traffic with the speed of a hurricane and without as much as a scratch. Then the hero arrived. He dashed to retrieve the article of felt and feathers. People halted to watch the capture, the hatless female in the forefront of the all-eager throng. What they saw was exciting. The sprinter overtook the hat, but instead of caressing it gently with the fingers of a knight he pounded it first with the right foot and then with the left. Having reduced it well night to pulp, he lifted it in his right hand and with the air of a scout who had just done his first good deed he restored the property to its owner. The lady smiled her gratitude as ladies do, but would not we just like to hear what she really thought of her clumsy benefactor? And the tragic disruption of her autumn model was calculated to make the angels weep (that is, of course, if angels really weep). In the interest of the feminine fraternity we would ask the adventurous souls who run after a hat in a gale not to tramp upon it. The fragile creations of the millinery art are not built to stand rough treatment. A hat should be handled gently.

SNEEZE SEASON'S IN— Happy days are here again for the doctor, the ill winds which blow his good are going to blow into his consulting-room regular bunches of new patients who have caught everything from chilblains and carbuncles to elephantiasis and delirium tremens. Smiling urbanely the doc. will put his head round the door survey the rows of snuffling, pop-eyed pink-nosed, pasty-faced humanity sitting on his chairs and Chesterfield and murmur in his polished baritone: "You're next." A little man in a crumpled soft collar and with a damp moustache, and head like a weevil, says to him: "St. Vincent's dance, hydrophobia, adenoids, curvature of the spine, or foot-and-mouth disease. Yes, yes, just as I thought. . . . You have a lean and hungry look due to a deficiency in vitamins A, B, C, D, E, F, and G. Your mucous membranes are in the inflammatory state, your red corpuscles are not rallying round as they ought to and your peristaltic movement is seriously retarded. Also—"

"Will I recover, doctor?" "Tut, tut, you mustn't be morbid about yourself, my good man. What you need is a change, a complete rest for six months, lots of chicken soup and veal cutlets, ozone and sunshine, perfect quiet and diverting recreation. . . . What I recommend is a Mediterranean cruise. . . ."

"Utterly impossible, doctor; no 'dough'."

"But what I prescribe is this bottle to be taken nine times daily, before and after and in the middle of meals. If it doesn't cure you come back and I'll give you one that will."

"Can't you give it to me now, doctor?" "Half-a-crown. . . . Thanks. . . . Good-day, Mr. Flourbag."

The next patient is a stoutish woman, well-dressed, and quite as nice-looking as any Nire Valley virgin.

"Good-evening, doctor, I wish you'd give me a thorough examination. My nerves seem to be in an awful state; I have lost all zest in living; I have no energy, no appetite, no ambition; everybody irritates me; nobody understands me; and I have the awfullest dreams at night."

"Let me tell you one—"

"No, no, wait."

"The doc. thumps her on the back, prods her here and there, listens to her heart and looks down her throat."

"You're quite sound. Nothing's the matter."

"Oh, doctor, I'm so disappointed. . . . I thought you'd give me a course of treatment. . . ."

"You're suffering from temperament and idleness. What you need, Mrs. Moryah, is a job of work. Dismiss your servant, throw half of your labour-saving devices out of the window, roll up your sleeves and put your back into it—cook your husband's dinner, make your own beds, scrub the kitchen floor—"

"Oh, oh, doctor!"

"But, take this bottle for your nerves."

Farmers Only QUEEN WILHELMINA WHEAT Queen Wilhelmina Wheat Seed produces a magnificently heavy crop. The trouble is that it is difficult to obtain this Seed. But perhaps that should make farmers all the keener to get it—as well as knowing that Queen Wilhelmina Seed is the money-maker of Wheat Seeds. By acting quickly you can get some of this Seed from Harpur Bros. of Waterford. But you must act quickly. The supply is very limited. Harpurs have been able to obtain this Seed from the finest Wheat Growing Districts of England, and are authorised to sell it with a guarantee of Purity and Germination, but, unfortunately, they have not been able to obtain nearly enough for requirements. Therefore, quick action on your part is necessary. Before other farmers snap it up place your order for Queen Wilhelmina Seed without delay.

This was an Examination and adjourned being Mr. Hodnett, said he sold, who was also asked for an adjournment. It was accordingly adjourned. No Light There was a large number of unlighted bicycles and which increased time and justice saying that he was on even heavier times for. The Complainants were and Guard Carry, Kill. Dempsey, Youghal. Two owners of traps 5/- for no light and 1/- School Attendee Guard Smyth, Kill. Aherne, with the policeman child at school.

# FOR A HEAVY CROP SOW EARLY

You are sowing more wheat this year, of course, for who would not when the Government guarantees the price and the market for wheat of millable quality. The experience of thousands of farmers proves that it is a profitable crop. If you have not already prepared the ground for wheat, set about doing so without further delay. Do not allow the first opportunity of sowing to pass as early sowing goes far towards ensuring a good crop. The sooner you get the seed in the better.

**Guaranteed minimum price.**  
Next season's guaranteed MINIMUM prices per barrel will range from 23/- after harvest time to 27/- in the Spring, according to quality. Note that these are MINIMUM prices. 27/6 per barrel on the farm is now being paid for home grown wheat of good quality.

## YOUGHAL DISTRICT COURT.

Before Mr. Farrell, D.J.

**Donnelly v. Hurley**  
This was a civil bill for £8. 8s. od. for wages as cook.

Mr. Wm. R. Hodnett, solr., for defendant, said that Mr. Donegan, solr., Cork, for plaintiff, was unable to attend that day, and asked for an adjournment. He agreed.

The case was adjourned for the month.

**McLaughlin v. McLaughlin**  
This was an Examination Order, plaintiff and defendant being brothers. Mr. Hodnett, said that Mr. Keane, solr., who was also engaged in the case, asked for an adjournment. It was accordingly adjourned.

**No Lights**  
There was a large number of cases of unlighted bicycles and traps, etc., in which increased fines were imposed, the Justice saying that he would have to put on even heavier fines for the future. The complainants were Sergt. Eddie, and Guard Carry, Killeagh and Guard Dempsey, Youghal. Two owners of traps were each fined 5/- for no light and 1/- for no reflector.

**School Attendance Cases**  
Guard Smyth, Killeagh, charged David Aherne, with the non-attendance of his child at school.

Complainant said the boy would not go to school for his parents. The Justice—The child won't go to school. The parents are not here to explain matters and what am I to do? It being the second offence, defendant, a labourer, was fined 5/-.

**Killeagh Cases**  
Robert Brown, Killeagh, was charged with obstruction under the Road Traffic Act.

He was also charged by Sergt. Eddie, with abusive language. Supt. Kelly, prosecuted. The Justice—Why is this case brought here? Does it not belong to the Castle-martyr district?

The Superintendent—If the defendant consented you can try it here. The defendant—I want to know why I am brought here? In a previous case I was summoned to Castle-martyr. The Justice ruled that a fresh summons should be issued for Castle-martyr.

**Larceny**  
Patk. Cronin, Ballyphilip, Kantuck, was brought up in custody in remand from Kildorrery, charged with larceny of various articles of clothing. Supt. Kelly said that an application for a further remand was requested. Sergt. Kelly, Kildorrery, deposed he arrested defendant on 16th October, at the Commercial Hotel, Kildorrery. He charged him with the offence set out in the deposition, gave him the usual local caution he said—"I took them all right" Witness was still pursuing investigations and he asked for a remand to Fermoy.

District Court on Monday 26th inst., when he expected to produce evidence connecting the accused with the charge. Accused asked no question. The application was granted, and the accused was remanded in custody.

**School Case**  
Guard Ceasar, charged Margaret Smyth, Mill Road, with the non-attendance of her boy aged 10 at school. Complainant said that the father (a naval pensioner) was dead and the boy was going against his mother. Witness had to follow him that day through the fields to bring him to the Court. Replying to the Justice, the mother said she consented to his being sent to Greenmount, but would he be left out, after a time if he got a bit of sense. The Justice said that could be arranged if there were reasonable grounds for it. The boy was then committed to Greenmount.

### BRITISH LEGION YOUGHAL BRANCH

The Annual General Meeting of the above was held in the Branch Rooms.

Amongst those present were—Colonel H. S. Roch, C.M.G., C.B.E., D.S.O., Vice-President; Capt. C. Watson, M.C., U.D.C., do.; Capt. O. Crosbie, do., Capt. H. K. Kevin, M.D., do., Capt. W. C. Roger Davis, Chairman, Messrs. J. Webster, R.N., D.S.M., Vice-Chairman; E. Bush; Hon. Treasurer, W. Douglough, Hon. Sec., B.L.; M. J. Lally, Hon. Sec. Benevolent Committee. Committee—Messrs. J. Revis, D.C.M., M. Mahony, D.S.M., J. Mulcahy, J. Clancy, E. Lynch, J. Troy, J. Aherne, P. Fitzgerald, etc.

After the observance of the usual commemoration in silence the Chairman opened the meeting, calling on the Secretary to read the minutes, which were adopted unanimously. The Treasurer then submitted the audited accounts for the financial year which were passed unanimously.

The Chairman then called on Col. Roch, who in the absence of the President, Major Arbuthnot, M.V.O., said, I am quite sure that, like me, you are all very sorry that our most popular President is unable to be with us this evening. This time last year we hoped that Major Arbuthnot would be here today and the new Pipe Band would have escorted him to the Hall. However, his absence is unavoidable, in fact, I believe he contemplates spending the winter in the Island of Tahiti; rumour has it that he was so impressed by the film "The Mutiny of the Bounty" that he decided to go and see if everything on the Island is really as lovely as in the picture.

Your Benevolent Committee have had a very successful year and want to sincerely acknowledge our gratitude to the Earl Haig Fund to whose generosity we are again enormously indebted. Our Poppy Day Collection amounted to £30 and this was an increase on previous efforts. We received and spent on the distressed ex-Servicemen, their dependents and widows in Youghal no less than £406 3s. 8d. When we are so generously treated it is most essential that the money is spent with great care and produces the most benefit for the greatest number. I honestly think your Committee have done this. A very few may perhaps have "saved the lead" on us, but this must happen in every charity, and I feel we have done everything possible to keep it at the minimum. In order to assure ourselves of the distress of cases assisted under Scheme A and C., Capt. Crosbie, Mr. Revis and I, with other members of the Committee, besides interviewing the applicants, visited the greater number of their homes, personally, to satisfy ourselves that they were really deserving of help. We went prepared to cut down their grants actually. When we had seen things ourselves, we increased the help given to many of them. If any of you feel that you have not had your fair share of help be assured that it was given to others in greater need. We assisted during the year 141 families to the tune of £190, in addition to £90 4s. 4d., given in grants towards payment of accumulated bills for rent, etc.

Thanks to the assistance of the Employment Department in Dublin employment has been found for 38 ex-Servicemen or their dependents. This is a branch of the work which appeals to me greatly, unfortunately many ex-Servicemen are getting on in years and it is impossible to find work for them. In such cases, the British Legion is finding places for their sons and daughters, chiefly in domestic service in Dublin, and the children are helping to keep their parents by sending home part of their wages; this is a particularly pleasing part of the work and develops for better "morale" and spirit of independence than the issue of food tickets. In cases where satisfactory proof of employment has been produced the travelling expenses of ex-service men or their dependents have been paid to enable them to take up work.

On this employment branch of our activities we have spent £67 9s. 4d. The next item on our expenditure list is rather luxurious, and needs no comment, it is £33 10s. od. on funeral expenses of ex-Servicemen. The last item is £25 on small business loans, and here we are not quite satisfied that all those who are indebted to the British Legion are doing their best to repay their loans. In some cases splendid efforts have been made, but many loans are being paid back far too slowly. The result is that Headquarters are naturally very chary of lending us money, and I do want those of you who are in debt to the Legion to realise that by not paying back you are letting us down and spoiling the chance of others obtaining similar help; this is very un-sportsmanlike and quite contrary to the Legion spirit.

In speaking of the activities of the Benevolent Committee, I must express my profound admiration for the magnificent work of our energetic Secretary, Mr. Lally. I dare not think what we should do without him. Mr. Lally is the true friend of every ex-Serviceman and his dependents in time of trouble. He never tires of doing everything he possibly can to help them, and truly lives up to our motto: "Service no Self."

I will end, as I did last year, with a word about wearing a Poppy on Armistice Day. I sincerely hope, and I feel sure that every one of you will buy and wear the biggest Poppy you can afford on November 11th, so as to help your less fortunate ex-Servicemen and their dependents. Every ex-Serviceman who does not wear a Poppy on Armistice Day is, in my opinion, a deserter.

The Chairman, after thanking Colonel Roch for his very explanatory speech, said, in connection with last year's activities he considered the Branch's position most satisfactory. They had the Rooms done up and made more comfortable; were able to increase the Poppy Fund by £8 proceeds from a very successful dance. As they also know they have a Pipe Band of their own, bought from the profits of other dances held during the year, which were splendidly supported. He thanked the Officers and Members of the Committee for the manner in which they helped, especially the Hon. Treasurer for the very able manner in which he kept the accounts; also the Hon. Secretary for his very efficient running of their dances.

He wished sincerely to thank all subscribers and contributors to the Branch; also those Ladies who so kindly helped them on Poppy Day.

Then proceeded the election of Officials and Committee for the ensuing year. All the outgoing were re-elected unanimously.

The Chairman before closing the meeting appealed to all ex-Servicemen not members to join and help their comrades. He also wished to thank the very representative body of members present.

the "half-leather" type. Last wildness and more deliberate methods will prove more profitable tactics in this, the most critical match of the League.

Blowing wind and blinding rain squalls did not prevent a large crowd of enthusiasts from coming to see the County Finals in Dungarvan last Sunday. Sharp to time, the referee, James Lyons, had the Junior Hurling contests, Clonca and Lismore in action. Clonca, playing a rugged game, scored an early goal for Lismore. The hurling was close and exciting. Dempsey...

The start of the Senior Football Final was delayed for almost a half-hour owing to a torrential downpour. At length Stradally and De La Salle lined out on the rain-soaked pitch and the drenched spectators drifted back from every nook and corner where they had scurried for what cover was available...

With the wind, the village boys attacked en masse, but they had little idea of combined forward play. Time and time again, by the brilliant individual efforts of Flynn, Hartley, Whelan and Cummins, they brought the ball within range only to spoil everything by crude finish and aimless shooting...

Scenes of wonderful enthusiasm characterized the finish when hundreds of cheering students swarmed the field to bear away the victors in triumph.
