DUNGARVAN URBAN COUNCIL

HOUSING TENDER CRUX

Mr. M. Morrissey, Chairman, presided
at the meeting of the above on Friday.
Other members in attendance were—
Messrs. T. McCarthy, Vice-Chairman; S.
Hayes, P. Byrne, D. Foley, J. Dahill,
M. Clancy, J. F. Foley, J. Butler, J. J.
Crotty, J. Christopher, M. Connors, P.
O'Dwyer.

Builders' Labourers Wages.
Arising out of the minutes of the pre-
vious meeting on the question of the
housing tenders.

Mr. Hayes said regarding the matter of
11 pence per hour to builders' labourers,
he raised that question at the previous
meeting before the tenders were opened,
and before anybody knew who the Con-
tractors would be.

The Chairman said he thought it was
immaterial.

Mr. Hayes said he would like to have
that known owing to the amount of talk
the question had given rise to in the town.

Finance

Paysheets on the Harbour Account for
£1 11s. 8d., and the General Account
£22 5s. 2d., having been passed, the
Clerk informed the Council that fifty-four
per cent. of the total rate warrant for the
year was collected and lodged. As re-
gards expenditure under the various
heads the following figures were given:

Towns Improvement Account—amount
available £88 12s. 9d. Scavenging Ac-
count—amount available £73 13s. 2d.
Water Account estimate; overspent £219
15s. 7d. Artisans Dwellings Account—
amount available £97 8s. 2d. Total ar-
rears of rent due on all housing schemes
was given at £54 5s. 8d.

Chairman—This is the statement asked
for at the last meeting. You all see now
how the account stands. The water ac-
count is over-spent by £219. In all the
other accounts we have a credit, but the
members should bear in mind that we are

only half-way through the year.
Mr. Dahill asked where the money to
carry on the services would be got?

Chairman—If the Council go carefully
we may be able to manage.

Mr. Clancy referring to the water ser-
vices asked if the expenditure included re-
surfacing the roads after repairs, etc.

The B.S. said the Council agreed that
it should.

Clerk—The cause of the over-expendi-
ture on the Water Account is due to clean-
ing and relaying of the pipes to Knock-
atemore.

Mr. Clancy said it is his contention that
the water account should only be charged
with the cleaning of pipes, mending leaks,
etc. The resurfacing of the road after
such work should be charged to the Roads
Account.

Replying to Mr. J. F. Foley, the B.S.
said the supply to Knockatemore is now
excellent.

Chairman—It should be considering the
cost.

Mr. Crotty—How much did it cost?
Clerk—Close on £200.

Housing Contract

Mr. Michael Whelan, whose tender for
the building of 139 houses was accepted
at the previous meeting at £42,122, ap-
peared before the Council. Mr. Whelan
explained that in estimating for the con-
tract he based his price on the existing
rate of wages in the area, namely 9d.
per hour. He now understood the rate is
to be eleven pence per hour. He could
not possibly do the work at the different
rate.

Mr. Connors asked what is the existing
Trade Union Rate.

Mr. Whelan—I always paid 9d. I
got no notification of this increase.

Mr. O'Dwyer—If I remember rightly,
the specification states, existing Trade
Union rate.

Mr. Whelan then read the paragraph
in the specification dealing with wages,
which stated the standard rate of wages
allowed in the district.

Mr. Hayes at this stage handed in a
copy of the "Observer" under date
March 25th, 1936, which contained an
advertisement from the Dungarvan
Branch I.T. & G.W.U. which stated:

"That Builders' Labourers rate will be
11d. per hour for 50 hours week as from
1st April 1936."

Mr. Whelan—It is the first time I saw
it.

Mr. D. Foley held that an advertise-
ment was not sufficient notification and
said many a man could miss a paper for
a week or two weeks.

Mr. Hayes—That advertisement also
appeared in the "Press" and "Independent."

Mr. Christopher—What would you call
the current rate of wages Mr. Chairman.
I think it is the present rate.

Mr. Whelan said up to this week he
was paying 9d. and he understood that
was what other contractors were paying
also. He knew nothing about the 11d.
and based his estimate on the 9d. per
hour. He only came before the Council
to explain his position.

Mr. D. Foley—Mr. Whelan estimated
for the work at 9d. and the Council
should allow him any extras.

Mr. McCarthy—We should notify the
Department and explain that the tender
was based on a rate of 9d. per hour.

Mr. J. F. Foley—You want to avoid
your contract, Mr. Whelan?

Mr. Whelan said he was only explain-
ing his position. He could not carry it
out at that figure as he was not notified
of this rise. He further understood the
carpenters have something else to be
brought forward.

Mr. J. F. Foley—Your position is that
you put in this tender believing implicitly
that the rate of wages would be 9d. per
hour?

Mr. Whelan—Yes.
Mr. Butler said in his opinion the con-
tractor should work out a statement in
writing, and submit it to the Council who
should have the Architects present when
the matter could be discussed and when
that is done, if the Council think fit to
submit it to the Department.

Mr. Whelan agreed that the Architects
should be present and stated that he did
not mind in the least about giving the
11d. if he had made provision for it.

Chairman—The contractor should notify
the Council in writing that he is not eping,
and with the contract and give his reasons
and we can submit it to the Department.

Are the tenders gone to the Department?
Clerk—Yes, sir.

Chairman—Then we should notify
them at once.

Mr. Clancy said there is another side
to the picture. The Council should con-
sider the tenants who are to live in the
houses. The Council should have from
the Architects the all-in cost of the
houses, based on the all-in-cost. In his
opinion the rate prevailing when Mr.
Whelan sent in his tender was 9d. and
he thought if any mistake was made, it
was made by the people who are making
the demand at this stage. This will make
the rent of the houses to be built very
much higher.

Mr. Hayes said when the Conditions of
Employment Act came into force the
hours were fifty a week. The men were
entitled to payment without a reduction
for the 48-hour week.

Chairman said until they had some in-
dication from the Department that they
would subsidise the scheme on anything
over £300 the Council will not know
where they stand. He saw no possibility
at present of getting the houses erected
under £300, and until such time as we
have the amended tenders, or something
definite from the Department it is very
little good to be discussing it here.

Mr. Clancy said he only raised the
question so that this information would
be before them when the matter is again
brought up.

The Clerk was then directed to get into
telephonic communication with the De-
partment on Saturday morning and put
the matter before them.

Conscience Money

The Clerk notified the Council of the
receipt during the week of £1 conscience
money, with a request that it be refunded
to the Children's Health Fund.

Acknowledgments

Letters acknowledging resolutions of
sympathy passed to them were read from
Mrs. J. Donohoe, O'Connell street, Mr.
Deehan Mulrany, Loughmara, and Mr.
M. Clancy, Main street.

Rescue at Abbeystide

A letter was read from the Secretary

Royal Humane Society informing the
Council that the Society's Honorary
Testimonial on Parchment has been
awarded to Mr. Joseph P. Downey. The
award when prepared will be forwarded
to the Council for presentation.

A further letter asked that as it is noted
that a London address is given as Mr.
Downey's present residence, whether the
Council will arrange the presentation or
the Society should make the presentation
locally.

Clerk—On receipt of these letters, I
wrote Mr. Downey and asked him where
he would like to have the presentation
made. I am awaiting his reply.

Mr. Clancy said he thought there
should be some monetary consideration as
well as the testimonial in these cases.

Provisions of Pound

A letter was read from Mr. T. A. Col-
bert, County Registrar, in which he ex-
pressed surprise at not hearing from the
Council following the letter of July 30th.
He now asked the Council to regard the
matter of providing a pound as extremely
urgent and important. The letter also
stated that the Council will also arrange
for the appointment of a caretaker in due
course.

Mr. Clancy—Under what heading will
that expenditure be?

Clerk—Town's Improvement.

Mr. Clancy—We made no provision for
that, and we have no money in that ac-
count.

Clerk—We have explored every avenue
to get out of this, but I am afraid we
will have to provide the pound.

It was decided to put the matter on the
agenda for next meeting.

Use of Hall

The following applications were received
for the hall and granted:—Dungar-
van Excursion Club, Dec. 16th, for a
Cinderella Dance; Chromatic Accordion
Dance Band, Wednesday Dec. 2nd;
Frank O'Donovan Play 10. week com-
mencing Dec. 28th; Technical Students
Union, Sunday Dec. 5th; "Spotlights"
Revue Co., 6 nights, commencing Dec.
7th.

Dickens Leather Co.

Mr. J. J. Freeman, Secretary, wrote on

behalf of the above:—I desire to ask
knowledge receipt of your letter of the 19th
ult., with copy of the resolution adopted
at last meeting of the Urban District
Council. In reply, I would inform you
that through the medium of the Press,
my Directors were already acquainted
with the terms of this resolution and in
the meantime you will, no doubt, have
seen the letter which my Board (after a
full meeting) directed to be sent to the
Press, and which states the full facts of
the case.

The letter was marked noted.

Sympathy
On the proposition of Mr. Byrne, se-
conded by Mr. Hayes, a resolution of
sympathy was passed to the family of the
late Mrs. E. Keohan, Youghal Road.

FIRE IN BARRACK ST., CAPPOQUIN
On Wednesday week alarm was caused
in Barrack Street, when it was found that
a fire had broken out in Mr. M. Glavin's
house at the upper end of the street near
the Technical School. It appears the
chimney caught fire, and the flames broke
through an opening into a room upstairs.
Fortunately, the fire was discovered just
as the flames were beginning to lick the
rafters overhead. Guard O'Mahony and
a number of civilians were quickly on the
scene, and assisted by Mr. and Mrs. Glavin
they soon had the fire extinguished.

Serious Cycling Accident—
A serious cycling accident occurred on
the road between Cappoquin and Mellary
on Monday evening in which two young
men, James Coleman, Mellary, and Thos.
Kirby, Kilderrihen, were involved. Cole-
man was cycling from Cappoquin to his
home in Mellary, and was riding behind
a cart for part of the way, but when near
McGrath's Cottage he came out from be-
hind, and was proceeding to pass out the
cart when Kirby, who was riding home
from Mellary where he is employed at
the New Church, came into collision with
him, both cyclists being thrown heavily
to the ground. Kirby escaped with slight
abrasions, but Coleman sustained more
serious injuries, and had to be taken to Dr.
Wm. White, Cappoquin, who, on examina-
tion, found his suffering from a fractured
collarbone.

Grand Concert in Villerstown—
A grand vocal and instrumental Concert
will be held in Villerstown on next Tues-
day night, 8th inst., in aid of the funds
of the local G.A.A., so that it should be
well supported by all lovers of Gaelic
sport in West Waterford.

KILMATHOMAS NEWS.

WEDDING BELLS.—The Parish Church, Newtown, was the scene of a very pretty wedding on Wednesday week (24th ult.).

CO. WATERFORD L.S.A.—At a largely attended meeting of the Stradbally Branch of the County Waterford Land Settlement Association, the following Officers and Committee were elected—President—Mr. T. Cashin, N.T.; Vice-President—Mr. N. F. Phelan; Joint Hon. Secretaries—Messrs. John O'Brien and Thomas Christopher; Hon. Treasurer—Mr. Frank Crowley; Committee—Messrs. P. O'Reilly, M. Salmon, M. Power, P. O'Meara, W. Clancy and T. Flynn.

Special cases were heard, and the Secretary was instructed to deal with them. Dissatisfaction was expressed that no land has yet been divided in Co. Waterford, although many applicants have pressed their claims.

It was decided (on the motion of Mr. Salmon) to press the Commissioner conducting the affairs of the Waterford Co. Council to expedite the Purchase of Cottages Scheme, and to grant an extra half-acre of ground to each existing cottage having but a half-acre attached.

CONDOLENCE.—At a specially convened meeting of the Stradbally Branch of the County Waterford Land Settlement Association, a vote of condolence, on the motion of Mr. O'Brien, was passed to the Hon. Treasurer Mr. F. Crowley, on the death of his sister, The Stradbally Handball Club also voted sympathy to Mr. Crowley in his bereavement.

CLUB'S SYMPATHY.—Kilrossanty Amateur Dramatic Club voted sympathy to the relatives of the late Mr. John Norris, Englishtown, and to the relatives of the late Mr. Percy Whyte,

Cutteen, respectively, in their sorrow and loss.

We Put It To You (Serious and Not)—That several hawthorn bushes growing in the Ballylonean neighbourhood are now showing white blossoms.

That Mr. George Shiel's 3-Act-Comedy, called "Jail Bird" will be presented for the first time in the South of Ireland by the Kilrossanty Amateur Players early in the New Year, in aid of a most laudable local object.

That Annetstown Anne sported a sea-green handkerchief at the opening of the Pike Hall last Sunday night, for luck.

That a certain Sliabh cGua-side bean-dish recently made the interesting discovery that a casserole in the oven with lots of butter can almost transform old "spuds" into young primrose.

That events are flowing smoothly and pleasantly in Portlaur and purlieus at the present time.

That every Nire Valley virgin has a heart of gold (a natural simplicity which has stood the test of "Observer" publicity, and a smile as alluring as a September sunset.

That a comely Kill-born belle who never sat a second on a demitise chair has just been informed by a fortune-teller of no fixed address that her 1937 mode of life will wind alternately through dells of depression and over hillsides of clear, sunny well-being.

AND—That Kilmeeaden men do really and truly hate their women folk to look over made-up.

EN PASSANT.—In the course of his latest letter to your humble scribbler, the Metal Man states:—"Not many moons ago a Fenor female whom I had hired to help refused to iron the tail of one of my shirts, for the reason that she would be ironing money out of it."

So, dear reader—there's the Metal Man and his Fenor female for you!

DEATH OF MR. M. WALSH.—It is with deep regret that we announce the death of Mr. Michael Walsh, retired marine engineer, late of Cathedral Place, Waterford, which occurred on Friday 27th ult., at the residence of his sister, at Scarf, Kilmathomas, after a brief illness and while yet in his late sixties.

Possessed of a clear mind and keen intellect, together with an unfailing gift of good humour, the deceased was a remarkably brilliant conversationalist, and his fame as a marine engineer of the very first rank had spread far and wide, and his friends were legion, not alone in the home districts, but in many parts of Ireland and abroad.

Communications were read from Dr. O'Farrell, Co. M.O.H., and Dr. Dooley, Kilmathomas, agreeing to make a joint inspection of the village, with a view to having a sewerage and water scheme introduced.

At a specially convened meeting of the Stradbally Branch of the County Waterford Land Settlement Association, a vote of condolence, on the motion of Mr. O'Brien, was passed to the Hon. Treasurer Mr. F. Crowley, on the death of his sister, The Stradbally Handball Club also voted sympathy to Mr. Crowley in his bereavement.

CLUB'S SYMPATHY.—Kilrossanty Amateur Dramatic Club voted sympathy to the relatives of the late Mr. John Norris, Englishtown, and to the relatives of the late Mr. Percy Whyte,

loran, Clashmore; Miss Madge O'Halloran, do.; Mr. Thomas Flynn, Coolnagour, Dungarvan; Mr. W. J. Flynn, do.; Mr. and Mrs. J. Crotty, Bohadoun, do.; Mr. Michael Walsh, Carrick-on-Suir; Mr. and Mrs. R. Dalton, do.; Messrs. Kirwan, Coolnabarna, do.; Mr. A. Bergin, Mount Kennedy, do. (cousins and relatives).

A number of beautiful wreaths placed on the grave included one from a niece of the deceased, Sister Josephia, of the Mercy Order, Solemn Requiem Office and High Mass were offered up in the Parish Church Stradbally, on Monday morning for the happy repose of the soul of the late Mr. Walsh. A very large congregation attended.

The general public present at the funeral and obsequies included—Dr. V. White, Waterford; Mr. and Mrs. James Connington, do.; Miss Kathleen Connington, do.; Mrs. Barnes (Irish Hospital Trust Office) do.; Mr. P. J. Crotty, Dungarvan; Mr. J. Crotty, do.; Mr. E. ing to their mast being broken. Too far from shore to attract attention their position was very serious when they saw the lifeboat in the distance. "I can tell you," said Walsh "she was a real Godsend as we simply could do nothing in the circumstances." Later on when their engine was overhauled, they left Youghal for home. It was indeed a novel experience for Walsh, after the part he took in the now famous Daunt's Rock Lightship episode, to be picked up himself by a lifeboat.

THE IRISH BRIGADE FOR SPAIN Co. Waterford Volunteer Departs From Cappouin Mr. Sean Fitzgerald, Modeligo, Cappouin, enjoys the honour of being the first man from the Co. Waterford to have left for Spain to take his place in the Irish Brigade formed to fight on the side of Christianity against Communism. Mr. Fitzgerald is son of the late Mr. Edmond Fitzgerald, Modeligo, and although only a young man of 23 years, he has been for a long time prominent in the National movement.

LEAGUE OF THE CROSS YOUGHAL Lecture by Mr. E. YOUGHAL LIFEBOAT TO THE RESCUE On Monday evening last the Youghal lifeboat, with coxswain John Foley, at the helm, figured in an interesting sea story, picking up two Ballycotton fishermen, Michael Coffey Walsh, a member of the famous Ballycotton lifeboat crew, and John Scannell. The Youghal boat left the harbour on the afternoon for the usual practice trip. The weather outside was pretty squally, with a nasty sea running, and a strong N.N.W. wind blowing a half gale at times.

The Youghal boat left the harbour on the afternoon for the usual practice trip. The weather outside was pretty squally, with a nasty sea running, and a strong N.N.W. wind blowing a half gale at times.

YOUGHAL LIFEBOAT TO THE RESCUE On Monday evening last the Youghal lifeboat, with coxswain John Foley, at the helm, figured in an interesting sea story, picking up two Ballycotton fishermen, Michael Coffey Walsh, a member of the famous Ballycotton lifeboat crew, and John Scannell. The Youghal boat left the harbour on the afternoon for the usual practice trip. The weather outside was pretty squally, with a nasty sea running, and a strong N.N.W. wind blowing a half gale at times.

DEATH

CAREW—Thursday November 26th, at her residence, St. George's, Dungarvan. Mrs. Ellen Carew, aged 78. Deeply and deservedly mourned.

ACKNOWLEDGMENT

NORRIS—Mrs. Norris, of Waterford, L.R.A., and her family, thank sincerely for the many kind and thoughtful messages, and for the recent bereavement and accept this acknowledgment.

LOCAL HAPPENINGS

EXPORT OF CATTLE—On Monday last a cargo of 12 to 16 cwt. each Waterford for the Continent. They were purchased in the market.

DUNGARVAN MARKETS—Meal (special) 21s. 6d.; flour 13s. and 24s.; barley 12s. 6d.; and 13s. 6d.; wheat 27s. 6d.; barley 16s. 6d. barrel.

DEATH OF MRS. CAREW—The death of Mrs. Ellen Carew, of St. George's, Dungarvan, took place on the 26th ult. after a long illness. She was 78 years of age and was a member of the Old Parish, was largely a devotee of the Holy Scriptures, and was a member of the Rev. E. English, P.P., of the parish.

LOCAL COURSING MEET—The Dungarvan Coursing Club held a meeting on Thursday, 4th inst. at the residence of Mr. J. J. Hurley, a beautiful course at Dungarvan. The programme was most interesting and the results were as follows:—Winner, Mr. J. J. Hurley's "The Duke"; Runner-up, Mr. J. J. Hurley's "The Duke"; and Third, Mr. J. J. Hurley's "The Duke".

WATER SUPPLY—With the completion of the erection of 140 artificial waterfalls at Dungarvan, the question of the Hospital and Dispensary, an adequate water supply. The main question is the strain of prolonged drought, and the cause, becomes a matter of thought. Cleaning pipes, and adding a stream of the department will not make of supply. These are only expedients. What is needed is a supply, and that can be had. It is only a couple of miles from the present water supply at the Daligan river, but its elevation over the town is 100 feet. The water is pure and soft, and is a perfect supply for drinking purposes. The main question is the strain of prolonged drought, and the cause, becomes a matter of thought. Cleaning pipes, and adding a stream of the department will not make of supply. These are only expedients. What is needed is a supply, and that can be had. It is only a couple of miles from the present water supply at the Daligan river, but its elevation over the town is 100 feet. GARDA BENEVOLENT SOCIETY—A dance under the auspices of the Garda Benevolent Society, Division of Dungarvan, was held at the Atlantic Hotel, Dungarvan, on Friday, 4th inst. The dance was most successful and was largely attended.

NOW OPEN—Moloney's Xmas Bazaar, while the big assortment of Toys booked now will be on Xmas Eve. Moloney's Toys, Dungarvan.

SALE IN DUNGARVAN—On Wednesday, 3rd inst., a public auction was held at the residence of Mr. K. Stokes, a field of 1r. and 39p., but the road was not reached. Lot 2—the yard, Castle street, formerly the property of the Dungarvan Electric, knocked down to Mr. P. J. Farrell (in trust) for £150. Lot 3—knockdown yard in Castle street, knocked down to Mr. Farrell (in trust) for £100. Messrs. J. F. Williams & Co. had carriage of sale.

DUNGARVAN EXCURSION—This Club are now making for their Xmas Ciderella Town Hall, Dungarvan, on Friday, 19th December. An Accordion Band has again so that another enjoyable assured all who attend as in charge are leaving and make it another popular will be only 2s. 6d. each.

NEWCASTLE AND FOUR-WATER PRIZE-DRAW AND DRIVE—Organised by the Very Rev. the zealous and the Newcastle and Four-Water Drawing in aid of the local day week, 12th inst. at the Bound Pup, 3 months old. To all lovers of greyhound, the Draw for this fine pedigree, as its sire, Ballymake Hope, by Roscutlet, so that this pup, mine of being a profitable due course.

On the same day, another great be provided in aid of the when a great "25 Drive" finals commencing at 4 o'clock. The substantial sum of £100 offered in prizes, £10 gold pair, and £4 to the runner-up. The tickets are only 1s. 6d. should attract a large number of petitors from the County and Tipperary.

Tickets for same, and for the Greyhound Pup, £100, Father Meikel, P.P. Newcastle, and Mr. M. J. Hurley.

DEATH

CAREW—Thursday November 26th, 1936, at her residence, St. Garvan's Terrace, Dungarvan, Mrs. Elizabeth Carew, deeply and deservedly regretted.—R.I.P.

ACKNOWLEDGMENT

NORRIS—Mrs. Norris and family Englishtown, thank sincerely the 2nd Battalion Waterford I.R.A. and many friends who sent messages, Mass Cards, etc., in their recent bereavement and beg them to accept this acknowledgment.

LOCAL HAPPENINGS.

EXPORT OF CATTLE—On Monday last a cargo of over 200 bullocks of 12 to 16 cwt., each were loaded at Waterford for the Continental markets. They were purchased in the Kilmacshomas area.

DUNGARVAN MARKETS—Meal (special) 21s. 6d.; middlet 21s.; flour 18s. and 24s. per 10 st.; bran 8s.; pollard 8s. 6d. and 9s. cwt.; coal £2 ton; wheat 27s. 6d.; barley 16s.; white oats 13s. barrel.

DEATH OF MRS. CAREW. ST. GARVAN'S TCE. DUNGARVAN The death of Mrs. Elizabeth Carew, St. Garvan's Terrace, took place at her residence on the 26th ult., after a brief illness fortified by the rites of the Church. The deceased was a most respected lady. She and her family were held in the highest esteem by all. Deep sympathy is extended to her bereaved family. Her funeral to the Old Parish, was largely attended. Very Rev. E. English, P.P., officiated at the grave.—R.I.P.

LOCAL COURSE MEETING—The Dungarvan Coursing Meeting will be held on Thursday, 31st December, over a beautiful course at Ballygegan, convenient to the town. An energetic Committee with Messrs. T. B. Boyle and P. O'Shea, as Hon. Secs., are in charge of the event and an excellent day's coursing is assured. The programme will include a full list of stakes for Puppies, Open Ages, one and two Course Maidens and all ages, and considering the number of high class dogs in this county competition for the valuable Cups and Prize money should be very keen.

WATER SUPPLY—With the completion of the projected erection of 140 Artisans Houses in Dungarvan; the erection of the New District Hospital and Dispensary; the question of an adequate water supply for the Urban Area—a supply which will stand any strain of prolonged drought or any other cause, becomes a matter for serious thought. Cleaning pipes here and there and adding a stream or two to the storage department will not make for permanency of supply. These are only temporary expedients. What is needed is an over-all supply, and that can very easily be had. It is only a couple of miles from the present water supply at Glendine to where the Dailigan river boils out from under a rock on the side of the Comeraghs. Now harness that river at its source and with its elevation over the town it will not only give all parts of the town all the water it wants, but will in addition give a sparkling fountain on the Square that will rise to hundreds of feet. The cost of connecting it with the present pipe line would be small and the engineering simple. Then the main question is that the water is there and always was and coming from the pure rock it has no contamination at its source, and is perfectly pure. Even after supplying Dungarvan there would be plenty of water left to provide swimming pools, etc., for the new Tourist Hotel projected for the level plain on the Comeraghs. And now to the cost. No matter where the money comes from pure water supply must be maintained. Why not go the whole road and make a perfect job of our water supply and not be coming back to it year after year. Once the Dailigan river is connected with the town supply the water question is finished for generations and the citizens will have a perfect supply for which they will willingly pay.

GARDA BENEVOLENT SOCIETY—A dance under the auspices of the Waterford-Kilkenny Divisional Guards will be held at the Atlantic Hotel, Tramore, on December 9th, in aid of the Garda Benevolent Society. It will be by Billy McSweeney and his band. As this dance is for a very worthy cause, it is sure to be largely attended.

NOW OPEN—Moloney's Xmas Bazaar. Come at once while the big assortment is available. Toys booked now will be held over until Xmas Eve. Moloney's Toy Stores, Square, Dungarvan.

SALE IN DUNGARVAN—On Wednesday, Messrs. Hayes & Son, put up for public auction for the reps of Mrs. K. Stokes, a field at Abbeyside of 1a. 1r. and 39p., but as the reserve was not reached. Lot 2 the yard and stores at Castle street, formerly in the occupation of the Dungarvan Electric Light Co. were knocked down to Mr. Farrell, solicitor, at 150. Lot 3 known as the Commissioners Yard in Castle street, was sold to Mr. Farrell (in trust) for £85 and fees. Messrs. J. F. Williams and Sons, solicitors, had carriage of Sale.

DUNGARVAN EXCURSION CLUB—This Club are now making arrangements for their Xmas Ciderella Dance at the Town Hall, Dungarvan, on Wednesday night, 16th December. Mick Delahunty's Accordion Band has again been engaged, so that another enjoyable night's dance is assured all who attend as the Committee in charge are leaving nothing undone to make it another popular success. Tickets will be only 2s. 6d. each.

NEWCASTLE AND FOUR-MILE-WATER PRIZE-DRAWING AND DRIVE—Organized by the Very Rev. Peter Meskel, the zealous and energetic P.P. of Newcastle and Four-Mile-Water, a grand Drawing in aid of the local Parochial Fund will be held at Ballymacarbery on Sunday week, 13th inst., for a valuable Greyhound Pup, 3 months old.

To all lovers of greyhounds and coursing, the Draw for this highly-bred dog should make a strong appeal owing to its fine pedigree, as its sire is Ormac, dam Ballymakee Hope, by Roast-Rib—Mutton Cutlet, so that this pup gives great promise of being a profitable greyhound in due course.

On the same day, and also at Ballymacarbery, another great attraction will be provided in aid of the Parochial Fund when a great "25 Drive" will be held, the finals commencing at 4 o'clock. The substantial sum of £14 is being offered in prizes. £10 going to the winning pair, and £4 to the runners-up, and as the tickets are only 1s. each, this event should attract a large number of competitors from the Counties of Waterford and Tipperary. Tickets for same, and also for the Draw for the Greyhound Pup, can be purchased from Father Meskel, P.P., the C.C., at Newcastle, and Mr. M. J. Sargent, P.C.,

Cappoquin, and in view of Father Meskel's long connection with Cappoquin as a saintly and enterprising C.C., we hope to see large numbers from this town warmly supporting both events on Sunday week.

LITERARY CLUB, DUNGARVAN—The Fifth Annual Dance of the above Club will be held on Wednesday January, 13th, 1937. Full particulars later.

FOOT BEAGLES—The Dungarvan Foot Beagles Club has been formed with Mr. W. J. Nolan as President, Mr. M. Brennan, as Treasurer, will receive subscriptions. The Committee hope the public will heartily support in their good work.

D. L. CO. SOCIAL CLUB—Tonight, tonight, let's face the music and dance with the Nightingale Orchestra, at the above Club's practice dance to be held in the Town hall Dungarvan, tonight Dec. 4th. Dancing 8 to 11 p.m. Admission 1s.

DUNGARVAN NURSING ASSOCIATION—The above Association proposes to hold a Fancy Dress Competition and Party after Xmas. It is also proposed to hold an all-night dance to aid the funds of the Committee which is so worthy of all support.

BUSINESS OPENING—On Friday next Messrs. Fennessy, the well-known Footwear Specialists, will open their new Boot Warehouse at O'Connell street, Dungarvan. As we are seen by their opening announcement the stock will be the last word in up-to-date Boots and Shoes, and the public are promised excellent terms.

DON'T FORGET—The most Suitable and Successful Xmas Presents are at Walsh's. Irish Poplin Ties a speciality.

WATERFORD CO. COUNCIL.

The quarterly meeting of the County Council was held in the Secretary's office on Tuesday last by Mr. Commissioner Moylan.

Co. Surveyor's Report

Mr. Bowen reported as follows:— In the quarter ended 30th September, 1936, the weather for the greater part was wet, and not satisfactory for road work. Such conditions tend to increase costs, and cause a bad appearance on roads while delaying the execution of the work.

tarring should be fitted into the best hot weather, with sunshine if possible, for best results. The preparation of the necessary hard stone chips is a slow work, which must be undertaken in future in early Spring.

As a means of ensuring the safety of the public a certain amount of work on sides of roads has been carried out. The camber of the roads has been reduced, deep sides levelled up, corners widened, and bends super-elevated. The work is much appreciated, and I feel sure will substantially reduce the risk of accidents.

The cutting of hedges and trees is having attention. It is difficult to get this work done properly and continuously. The law is much too cumbersome for effective and simple application. This opportunity is taken to warn all those who receive notices that no second notice will be issued and no correspondence entered into.

Attention is again directed to the Old Promenade at Tramore. This was built in about 1871. It was not sufficiently supported, with the result that it cracked almost immediately after completion. It has continued to settle or crack up ever since, and is now in a decidedly bad condition as a promenade, for portion of the broken concrete have sunk fully six inches below adjoining surfaces.

Work of cleaning, painting, and repairs to Ballyneety Bridge are in hands. On cleaning down this structure it was found to be in very bad condition in places, with many of the steel members completely decayed. The repairs now to be made will be sufficient to keep the structure safe for some years, but it is absolutely necessary to limit the weights using the bridge, and their speeds. I recommend that a suitable resolution be passed limiting the weight to five tons gross for any vehicle.

The maintenance of Dungarvan Urban Roads was handed over to the County Council by Order of the Minister for Local Government and Public Health as from 1st April, 1936. These roads were in an extremely bad condition, many being quite impassable for any traffic.

A deputation consisting of—Messrs. R. Murphy, W. Halley, Patk. Power, Rd. Power, from the Dunhill area appeared before the meeting in connection with repairing the Dunhill-Kilbarry road.

Arising out of the paragraph in the Co. Surveyor's report dealing with road finance.

The Co. Surveyor said he thought the money should be borrowed for road work, particularly when it is available from motor taxation and would provide much-needed employment.

The Commissioner agreed with the Co. Surveyor and directed the Secretary to send a copy of the report separately to the Roads Department of the Local Government Board.

that the total cost of all roads for that year, excluding the Improvement Grant, was £1,592,005. Adding the Improvement Grant as given on page 440 for that year £747,525, we get the total cost of all roads in the State as £1,939,530.

It is quite time that a change in the outlook for road financing took place. It is not sensible or just that the motorist of today should be compelled to pay heavy taxation to provide roads for the future without the opportunity of enjoying better roads for the present or passing on an equitable proportion of the cost to the future user.

A further application was read from the Secretary Co. Board of Assistance asking for the Council's consent to the raising of a loan of £1,650 for the purpose of building an extension to the Secretary's Office at Dungarvan.

Mr. Bowen said the structure did not comply with the terms of the Act. The application was refused.

The works recommended to be done in the County by Mr. Bowen, under the above scheme are as follows:— Lismore—Laying concrete kerbing and footpaths in the streets—£280.

Tramore—Extend wall at Promenade, lay concrete path on Priest's Road—£280. Remove banks on road sides, etc., at Carrowlough—£200. Do. at Clonea—£200. Same at Golf Links road and Slade Quarry road, Clonmel—£200. Widen and improve dangerous corners at Kilcomma, Clonmel—£150.

Mr. Bowen reported on behalf of the deputation returned thanks.

A resolution was passed ensuring that the traffic passing over the bridge shall not impose on it a greater burden than it is capable of carrying.

not be a sound use of public funds. Mr. Bowen's recommendation was approved.

Extension of Overdraft

It was decided to apply to the Treasurers to extend to the 31st March, 1937, the present overdraft of the Council, limited to £60,000, subject to the sanction of the Minister for Local Government and Public Health.

Application to Raise Loans

An application was read from the Secretary Co. Board of Health asking for the Council's consent to the raising of loans, amounting to £25,824 for carrying out certain Public Health Works.

Extending Offices

A further application was read from the Secretary Co. Board of Assistance asking for the Council's consent to the raising of a loan of £1,650 for the purpose of building an extension to the Secretary's Office at Dungarvan.

Cinema License

An application from the Hon. Secretary Boothby, Hall, Cappoquin, for a Cinema license was read.

MECHANISED FARMING

A Scottish Pioneer Explains His Methods

Viscount Traprain, who is a pioneer of mechanised corn growing, gave an address to the Edinburgh University Agricultural Society, on his progressive activities in East Lothian.

His first enterprise consisted of farming 120 acres with two men and a tractor, but he soon found that an economic unit for mechanised farming required a much larger acreage.

Lord Traprain proceeded to discuss the method of ploughing and preparing the land in relation and pointed out that so far moderate application of artificial fertilisers appeared to be sufficient to maintain fertility.

As he had no experience of binder harvesting he could not make a comparison between that and the combine harvester, but he did not think it could be questioned that the combine harvester was a considerable labour-saver.

They were agreed that the essential of good farming was the maintenance of soil fertility. How far that could be maintained without any organic form of manure was a matter which had not yet been definitely decided.

TAIL-WAGGER CHATS No. 380.—Dogs of Notabilities TAIL-WAGGERS' CLUB RECRUITS By PHILOKON

SOME notable additions have recently been made to the ranks of Tail-Waggers. One is Lady Ribblesdale's Dinah, and Mr. Ralph Lynn has also enrolled his Pekingese, Tu See by name, and his bulldog Banco.

In glancing through the names of exhibitors at any of the leading shows one is surprised to see the many notabilities, social and otherwise, who appear among them.

The Duchess of Montrose, who lives as far away from the South county as the Isle of Arran, is identified with 'schnauzer' pepper-and-salt German dogs that are somewhat smaller than Alredales.

We have always had Members of Parliament in our ranks. Mr. S. E. Shirley, a Warwickshire landowner who founded the Kennel Club, was in the House.

NOTE—This chat is issued by THE TAIL-WAGGERS' CLUB OF IRELAND, 23, Old Abbey Street (off Marlborough Street), Dublin, C.S. The Club will be pleased to answer any enquiries submitted by Tail-Waggers owners in connection with canine hygiene and welfare.

YOUGHAL URBAN COUNCIL

Present—Messrs. R. C. Farrell, Vice-Chairman, presiding; D. McCarthy, R. Savage, M. Ahern, J. N. R. Macnamara, Mr. T. Beausang, R. Power, J. Forrest, J. Whelan, E. P. Lynch.

Acknowledgment Letters acknowledging resolutions of sympathy were read from Messrs. C. Nagle, Cork, R. Morgan, North Main street, Youghal; Mrs. Walsh, South Abbey, Youghal and Mr. James Fitzgerald, McCarrollstown.

A Puzzle A long discussion took place on the rotation scheme of employment in connection with the Relief Scheme. The Clerk said it was very puzzling. What was to happen if there were a couple of wet days in the week. Mr. Power—It seems ridiculous. The Chairman—Absolutely. Mr. Macnamara—It is like a problem in algebra (laughter).

In reply to a request from Mr. Lynch, the Clerk read out the details of the works to be carried out. Mr. Lynch said it was most unfair that the work was confined to the exclusion of certain parts. The Clerk said that Mr. Lynch's objection could be met in a further scheme.

Late Mr. Fleming A letter was read from Mrs. Fleming, St. Mary's College, expressing her own and her daughter's appreciation of the Council's resolution unanimously adopted at their recent meeting, and desiring to convey their heartfelt thanks for the deep and sincere sympathy expressed therein.

Sympathy Mr. Power proposed a vote of sympathy with Mr. Nicholas Coleman and his sisters on the death of their mother. This was seconded by Mr. Beausang and passed.

Mr. Lynch proposed a similar vote to Mr. J. Daly, B.E., their esteemed colleague on the death of his aunt. This was seconded by Mr. Beausang and passed.

More Buildings Mr. Michael Walsh, Upper Strand, Contractor, submitted plans of a shop and greenhouse he proposed erecting in the neighbourhood.

Mr. Power said he thought that they had shops enough. Had the Council any power in the matter? The Clerk said he did not think so. The plans were referred to the Town Surveyor.

Sea Wall Etc. The Local Government wrote regarding the works proposed to be undertaken to counter erosion at Youghal, and forwarding copy of a report from the Commissioners of Public Works on an inspection at Youghal, carried out by their Inspector. The further proposals of the County and Urban Councils, after consideration of the Inspector's report would be awaited.

I inspected the sea wall at Youghal on 21st ult., accompanied by Mr. Gamble, Assistant Co. Surveyor, Mr. Walsh, Town Clerk, Mr. Daly, B.E., U.D.C., and other members of the Council. Within the Urban Area the sea wall consists of about 1/2-mile of a concrete retaining wall, built on the beach, with timber sheet piling at the toe of the wall. The flat sandy shore is protected by timber groynes, whose function is to keep the beach up to a safe level at the sheet piling in front of the wall.

Repeating to a query, the Clerk said that the houses in Power's, Hurley's and Kenny's Lanes had not been demolished. The Chairman—It would appear we are heading for trouble in this matter. Mr. Macnamara—There should be no discrimination.

Mr. Ahern—If the owner requires them for stores? Mr. Power—Unfortunately the law is against it. During the discussion, it was stated that if the houses were not demolished the Council would get only one-third, instead of two-thirds of the cost.

It was unanimously decided to instruct their solicitors to give the month's notice for the demolition of the houses concerned.

Allotments The Clerk stated that 58 applications for allotments had been received. This was declared very satisfactory, and on the proposition of Mr. Ahern, seconded by Mr. McCarthy, it was decided to go ahead at once with the scheme.

CAPOQUIN DISTRICT COURT.

(Before Mr. G. P. Farrell, B.L.)

APPLICATION UNDER THE POLICE PROPERTY ACT Supt. Quinlan, Lismore, made an unusual application when he asked the Justice for an order for the disposal of a £1 note which he held as the result of a case which had been before the Court some months ago.

He said he was making the application under the Police Property Act, and explained that in the case in question a local woman had been charged with the larceny by finding of a £1 note, stated to have been lost by a local farmer. The case against the woman was dismissed at the time, but the Justice refused to make an order for the return of the money to her, and it had since been held by him.

The Justice—What kind of an order do you ask me to make now? Supt.—Well, I think you should make an order, sir, that the £1 be given to the State. The Justice—Have you the man who lost the money and the woman who found it in Court today?

The Supt. said he had not notified either of them to be present, as he did not think it was necessary. The Justice said he would rather have both these persons present before he made any order, and he accordingly adjourned the application to the next Court so as to have both parties present when the application was renewed.

Cattle Wandering On Road Sergt. C. Dalton, Cappoquin, summoned Andrew Kenneally, Affane, for allowing two head of cattle to wander on the public road. Defendant's wife appeared, and said the cattle had got out through a broken fence and were only a short time on the road when the Sergt. found them. They had never broken out before, and she promised that they would not get out again.

A fine of 2/- was imposed. In a similar case at the suit of Guard Thorne, Cappoquin, against John Foley, Affane, a fine of 2/- was also imposed.

Unlicensed Dog Sergt. Dalton, Cappoquin, summoned Wm. O'Donoghue for having an unlicensed dog in his possession. Defendant's wife explained that the reason they had not taken out the licence previously was because they had intended to destroy the dog, but they had since taken out the licence.

The Justice said an offence had been committed all the same, and the lowest fine he could impose in a case of this kind was 5/-, which he ordered the defendant to pay.

Unlighted Bicycles Fines ranging from 1/- to 4/- were inflicted on a number of young men for cycling without lights, the complainants being Sergt. Dalton, Cappoquin, and Guards Moloney and Thorne, do.

No Court in December The Justice said as the next Court Day would be during the Xmas holidays, he would hold no Court in Cappoquin for December, so that any cases adjourned today should stand adjourned to the next Court in January.

This completed the business of an unusually light and uninteresting Court.

BRITISH LEGION LORD BERESFORD'S APPEAL "In this country it is often said that the British Legion is an unpatriotic organization. Of course, we know there is nothing further from the truth. We, as much as any of our countrymen, look forward to the day when Ireland will be a happy and contented land, when prosperity will be the order, and when poverty will be a thing of the past."

So said Lord William Beresford, the President of the Waterford Branch of the British Legion, in responding to the toast of the Irish Free State at the annual dinner of the Branch in the Imperial Hotel. "Unfortunately, poverty is still rife throughout the country, and many of those who left their homes and went to the war are enduring the direct want. It is mainly to serve their interests that this organization exists," continued Lord Beresford.

"Most of us have very definite ideas as to what is best for us and for our country. I would go so far as to say that no one is worth anything who has not his own theories and beliefs as to what is best. At the same time, I think we all should try to look at things from other people's point of view and show them that tolerance and charity which we expect from them. I believe it is only by everyone in this country showing tolerance and exercising charity that Ireland will once more become a really happy and contented land."

Referring to his appointment as President, Lord William said: "Some of you may have heard that I have been asked by the Committee to fill the gap caused by the resignation of Sir Guy Beatty and to become President of the Branch. I appreciate the honour very much indeed, but at the same time I feel totally unsuited to the position. Though I served for some years in the Army, I was too young at the time of the war to take part in it. It would, indeed, be very difficult for any man to succeed, so eminent and so successful a President as Sir Guy Beatty. For myself I feel very diffident. I would ask you, therefore, to excuse my failings and to remember that I consider myself a most unworthy stop-gap."

Cappoquin Point-to-Point Race Committee

SUGGESTED DATE FOR NEXT YEAR'S FIXTURE

At a meeting of the Cappoquin Point-to-Point Race Committee held on Thursday night 26th ult., Mr. Ion Villiers Stuart, M.F.H., Dromana, Chairman, presided, and the following members were also present—Mrs. Villiers Stuart, Dromana; Messrs. S. J. Power, Affane; E. Casey, Dromore; P. Morrissey, Affane; P. Cahill, Senr., Cappoquin; James Donovan, do.; M. F. Walsh, P.C., do.; T. E. Ebrill, B.A., do.; M. Mason, do.; George Russell, do.; F. Anderson, do.; J. Regan, do.; James Lincoln, Manager, Cappoquin Bacon Factory, Treasurer, and Mr. P. Walsh, Hon. Sec.; Mr. M. J. Sargent, P.C., Joint Hon. Sec., being unavoidably absent.

The Chairman explained that under the new rules governing the holding of Point-to-Point Races it was now necessary that each Race Committee should submit two dates to the Irish National Hunt Stewards, and they would then decide on which of those dates they would grant a permit for.

In the course of the discussion which followed, it was stated that the Lismore Race Committee had already submitted April 7th or April 14th as one of the dates on which they proposed to hold their next meeting, but the Chairman said he had received no information as to what dates had been suggested for the holding of the Tallow Point-to-Point Races.

Mr. T. Anderson, Steward and Manager of the Cappoquin Estate Co., over whose land the greater portion of the Cappoquin Racecourse runs, stated that a good portion of that land would be tilled about the middle of March, and would not be available for racing after that date, but all the land previously used for the races would be available up to that time.

The Chairman said that they would not require the land during March, as all the Wednesdays and Thursdays were already booked up for other fixtures during that month, so that they should fix their date for the next meeting for some time in February.

Mr. M. F. Walsh considered that it was too early to hold their races in February, but the Chairman asked what could they do, as all the suitable dates in March were already closed against them.

It being the general feeling of the meeting that the fixture be held in February, it was then decided to submit to the Irish National Hunt Stewards the dates of Thursday, February 18th and Thursday February 25th either of which was regarded as being the most suitable date for the next Cappoquin fixture.

It was decided to hold a further meeting of the Committee on Wednesday night, December 2nd, when all the details concerning the fixture will be fully considered, after which a hearty vote of thanks to the Chairman concluded the meeting.

External Points of a Dairy Cow

A canacious bag of good quality is rightly regarded as being an indication of well-developed milk-yielding capacities, although the final test is the scales. A well-shaped udder of a dairy cow should be square in shape, possessing plenty of depth, width, and length. The sole of the udder should be very broad and level. The bag should extend well up between the hind legs, and must also reach as far forward under the belly as possible.

Although size is a very important point in a good udder, it is by no means the only point. Good quality is even more essential than mere size. The fact of a bag being of good quality is indicated by the skin being thin and pliable and of a nice soft and fine texture. A thick, coarse, fleshy skin, which feels hard and unyielding to the touch, is a bad fault. We often find that large bags are coarse and fleshy, in which case the udder is very inferior, despite its size. Coarseness and fleshiness of the udder are generally an indication of poor milk-producing qualities, and it is wrong to look upon a bag of this kind as denoting a deep milker simply because it is large and looks spacious. In reality a fleshy udder is not especially capacious, even when of large size, since its size is brought about by the thick skin and the thickness of the underlying tissues.

A bag of good quality and possessing a fine, pliable skin will shrink considerably after the cow has been milked. The skin will then lie in soft folds or pleats, the bag gradually increasing in size again as the time for the next milking draws near. In the case of a fleshy, coarse udder deficient in quality, the bag does not decrease much in size after milking, but continues to appear full and extended, the skin remains stretched and does not draw itself into folds as it ought to do. The great difference between an udder of good quality and one which is coarse and fleshy is best seen after the cows have been milked. Anyone who judges the udder only by its size after the cows have been milked would be entirely on the wrong track, because he would in that case select a coarse, inferior udder as being better than a really good one which possesses quality.

A good udder should be uniformly developed; the fore-udder and the hind-udder ought to hang down to the same level, and the two quarters of both portions of the bag should be of the same size. It is a bad fault if one quarter is smaller and less developed than the other three, thus denoting either that the small quarter is diseased or that the shape of the udder has been spoiled by incompetent milking.

A proper and uniform development of the bag in young cows can only be attained by being careful to milk them in such a manner that all the four teats receive the same share of attention at milking; time. Not infrequently dairy cows are to

CAPPOQUIN NOTES.

The Turkey Trade—From an advertisement in another column it will be seen that Messrs. J. O'Connell and Sons, Egg and Poultry Exporters, Cappoquin, will require unlimited quantities of turkeys at the Dungarvan market on next Tuesday, Dec. 8th, at the highest market prices, as this will be their principal market for the purchase of turkeys for this year's Xmas trade.

The Point-to-Point Races—From the report of the meeting of the Cappoquin Point-to-Point Race Committee, which will be found elsewhere, it will be seen that next year's fixture will be held in February, instead of April, which was the month fixed for them this year.

As many persons consider February, with its short days and usually cold weather, is too early in the year for an enjoyable racing fixture, it must be remembered that most of the successful races in Cappoquin had hitherto been held in Feb. and April was decided on this year only when it was found that a permit would not be granted by the National Hunt Stewards for the Lismore meeting, which had been fixed for that month.

Enjoyable Social Function—On Saturday week a most enjoyable dance was held at the residence of Mr. Wm. Bray, Melleray, which was largely attended by the boys and girls of the surrounding districts.

Splendid dance music was provided by several of Melleray's most brilliant instrumentalists, and to its lively and tuneful strains, dancing was kept up with great vigour until the first bright streak of dawn began to show on the eastern horizon, and the thin, grey mists of morning were slowly lifting from the hills and valleys around and revealing the rugged grandeur of the lofty Knockmeadown mountains, which had stood so lordly but silent sentinels over the merry throng during the night.

The Bacon Factory—The recent high price of 60s. per cwt. for fat pigs at the Cappoquin Bacon Factory is proving so tempting to farmers that more supplies of pigs are being sent in than the Factory is permitted to kill each week under the quota system. We notice that the Louth Agricultural Committee has complained strongly about the quota system, so far as it affects the Dundalk Bacon Factory, one member stating that owing to the decreased quotas at present allowed, people were unable to get their pigs taken at the Dundalk Factory with the result that work which should be done by the local people was being transferred to Dublin.

Another member said that this policy was in keeping with that of sending everything to Dublin, as if the rest of the country was of no importance, as they had a Factory in Dundalk unable to work to full capacity, because they would not be allowed to handle sufficient pigs. The same remarks apply to the Cappoquin Factory, which with its splendid equipment and large staff of experienced workmen, is well able to kill far more pigs per week than it is now allowed to do, thus restricting the amount of work previously carried out there.

LISMORE NOTES

Death of Miss Jane Annette Leslie, Dublin. The funeral of Miss Jane Annette Leslie, the three-year-old Dublin teacher, whose body was recovered on Tuesday from the river Dodder, took place to St. Carthage's Protestant cemetery, Lismore, on Saturday 28th ult., where her remains were laid to rest in the family vault amid many manifestations of sorrow and regret. Rev. Dean Stanley read the prayers at the graveside.

The chief mourners were—Mrs. J. H. Leslie (mother); Mr. Smyth, Dundrum, (uncle). A large number of beautiful wreaths were laid on the grave. Amongst the general public present were—Capt. and Mrs. P. S. Alexander, Kilmorna, Lismore; Archdeacon and Miss Burkitt, Cappoquin; Dr. V. White, do.; Miss Godfrey, Lismore; Mrs. H. Jacob, John Scott Allen, do.; Mr. J. Brown, do.; Mr. and Mrs. Roe, E. F. Hey, Lismore Estates Co., G. Fitzgerald, Castleview; Mr. R. Allison, Lismore; D. Noonan, M.L.A.; do.; A. Hickey, P.C.; M. Foley, do.; B. Sargent, Mr. P. Drohan, J. P. Daly, J. Geary, Mr. T. Usher, Flower Hill; Miss Smyth, Castlefarm; A. C. Carey, Munster and Leinster Bank, Lismore; Miss Anson, Lady Gordon, Ballyin, T. Crotty, E. P. Murphy, P.C.; D. Colbert, do.; etc., etc.

Talkies—The people of Lismore were surprised when Mr. Rice, announced to a crowded house of his departure from their midst. However, he will be replaced shortly by Mr. Carron, who is installing a new machine at Lismore Cinema, and hopes to be able to produce his first picture on Sunday night next. There is also the Palladium to look forward to, a completely up-to-date cinema in the course of erection and it won't be long until we can call Lismore the capital of the Talkie films in Ireland of Dungarvan.

G.A.A.—On the result of the objection lodged against Lismore by the P.H. Pearce's, the Chairman of the Board ordered a replay at Dungarvan on Sunday next. As this match means such a lot to both sides being the final of the Minor Hurling Championship of the County, both teams are training hard to bring the laurels to their own division. I think that the Western lads will have an advantage this time, spurred ahead by the victory of their Juniors, few of whom will pass their hands to complete a dual victory for the West.

Billiard Tournament—The billiard tournament at Lismore on Sunday night which lay between Tallow and Lismore, was keenly contested throughout and ended in a victory for Tallow. The Lismore players showed superb form before adjourning to tea, every man winning his match by long odds, but after resumption, the Tallow players turned the tables and won by a slight margin.

Lismore Coursing Club Dance—For the purpose of raising funds to run off a Tournament Cup at the Tallow Grounds on Sunday December 12th, presented to the Club by Mr. C. P. Hynes, the Lismore Coursing Club are running a big dance in the Town Hall, on Sunday night next. This being their last dance this year, the Committee are going all out to make it worth while looking forward to. Don't miss it or you'll never forgive yourself.

G.A.A. NOTES & NOTIONS By "CROTOG." Next Sunday a very attractive programme is arranged for the Gaelic Field, Dungarvan. Two County Championship Finals are down for decision. At 1.30 p.m. P. H. Pearce's of Ferrybank line out against St. Carthage's to decide the destination of the Minor Hurling Crown. Those who saw the last thrilling struggle between these well-matched youngsters will have no need to be reminded that another treat is in store for them. On the previous occasion the Western lads won through in a blinding rainstorm by one solitary point. Improperly filled lists resulted in a replay being ordered and there is every prospect of another battle royal. It is earnestly hoped that climatic conditions will be kinder this time and so enable Feeney, Moore, Fahey and Co. with their opponents Sneyd, Foley, Purcell, O'Mahony and the other Suirside stalwarts to display the dexterity in the art of hurling for which they are already renowned. Thursday—3rd—Crough Cross. Tuesday—8th—Clashmore. Friday—11th—Ballinamuff. Monday—14th—Aglish. Thursday—17th—Beary's Cross. Monday—21st—Tallow. Thursday—24th—Modelligo. Saturday—26th—Clashmore.
