Mr. Commissioner Moynihan, sat at the Secretary's Office, Co. Home, on Wednesday last, to transact business under the Board of Public Health.

Proposed "Smoker"—

A prominent local Society is contemplating the holding of a "Smoker" and Social in the near future. The idea was started and promulgated by an esteemed members, probably by way of a joke, but it was taken up wholeheartedly and seems now well on the way to be realised. Undoubtedly there's a lot to be said in favour of such an entertainment. Members Mr. O'Sullivan, Secretary were also present.

Road Repair

Mr. Bowe and Mr. Dalton, appeared before the meeting and stated that the road at Curraghbaha was in need of regard in the correct.

The Commissioner assured the deputation that the road was one that should be made for this increase in the would consider what they had said.

Tramore Road

Consideration was given to a request that a road at Tramore where houses were going to be built should be made.

Mr. Bowen said that it would be a good place to build a road. The road would be about 300 yards and he estimated the about 300 yards and he estimated the cost of the road would not upset their arrangements.

The suggestion was approved on condition that the estimated cost of the road would be lodged.

season was fair. Conduct of teams very good, but the attendances at the games were small, though there was a distinct improvement in this respect in comparison with the previous year.

Receipts from fixtures during the year form the fixtures in 1935. Expenses of same, not including referees or advertiswere £78 18s. 10d., which is an increase; same, not including referees or advertis-ing, for the period under review were f32 18s. Other expenses show a reduction in practically all cases, but the question of the receipts and ex-penses of fixtures which are our chief source of revenue should be carefully exmined with a view to getting further imovement in that direction

There is no doubt that we may have suffered financially by the very praiseworthy effort on the part of the Board to run their programme through as quickly as possible, but we will reap the benefits in the future, and it is to be hoped that the Board in the coming years will con-tinue to have the fixtures carried out as speedily as possible. Again in this respect, the fixtures and referees committee did wonderfully well for its first year in existence and we can be looking forward BOOTS to more of their good work in the pro-gramme before us. Their choice of venues and officials were in all cases good and were accepted by the Clubs without a single protest. Appeals were few during the year and were mostly of a technical or minor nature, and were disposed of without much trouble

There were again, I am sorry to re-port, one or two cases of Clubs underestimating the ages of their minors. Otherwise teams in all grades were what they should be, and that is what is ex-

Clubs, but towards the close of the season the interest in the Board's busines was not sustained by some Clubs and there was, as a result a falling off in the number present at meetings. I would appeal to delegates to come to meetings as often as possible and to continue their interest in the business of the division, even though their teams are defeated in the Competitions. The work of the Board has been made a good deal easier, and more time is at its disposal for the Headstones, Etc., in Marbel, consideration of its affairs since the Fixtures Committee was set up at the beginning of the year. The tedious and often very molonged discussions on the appo'- referee or the fixing of a match are now done away with, and there is much valuable time on hand to deal with other matters.

It would be worth considering, while; referring to this question of sub-commit tee's whether it would be advisable to set up a committee to deal with appeal

Very Rev. T. Fitzgerald, P.P., Cappo-uin, presided, and the audience included the Rev. T. Dunphy, C.C., do., and all the leading Catholic ladies and gentle-

men in the town and parish.

A very interesting address was delivered by Mr. E. Mockler, Organiser, in

such havoc to Christianity in Russia,
Mexico and more recently in Spain.

Having instanced the god-less teaching
carried out in Russia by the Communists,
where the people were taught not to believe in the existence of God, where
Cathedrals and Churches were destroyed
and desecrated, and Bishops and Priests
murdered, he said that Communism was
the deadly enemy of the Cathelic Church murdered, he said that Communism was the deadly enemy of the Catholic Church because its promoters found that Communism could never get a footing in any country which stood firm and true to the Catholic Faith. The people of Ireland had a proud heritage to guard in the Catholic Faith which had been handed down to them by St. Patrick, and if they only proved staunch and loyla supporters of that Faith, Communism would never be able to establish a foothold in Ireland. Having dealt with the Civil War in Spain he said they could see what a gallant fight the Catholic and Nationalist people of Epain were now making against the forces of Communism, and it was now up to the Catholic Pople of Ireland to the Pople of Ireland to the Catholic Pople of Ireland to the Pople of Ireland to assist them by every moral means in their power by organising Branches of the Catholic power by organising Branches of the Christian Front in every town and parish so that medical supplies, Field Dressings and other were now making galants the power by organising Branches of the Christian Front in every town and parish so that medical supplies, Field Dressings and other were now making galants the power by organising Branches of the Catholic power by organising Branches

Report :-I have much pleasure in submitting the Sixth Annual Report of the above Mr. Ballot, Ballinamuck

A very interesting address was delivered by Mr. E. Mockler, Organiser, in which he lucidly explained the aims and objects of the Christian Front Movement.

He said the movement was non-political, and had been started primarily for the purpose of organising the people of Treland against the inroads and attacks of the God-less and un-Christian doctrines of Communism which had caused such havoc to Christianity in Russia, Mexico and more recently in Spain.

He very interesting address was delivered by Mr. E. Mockler, Organiser, in white, Mexane, Kilibre does a community, and especially the general community.

He never heard of wheat having been grown on his farm. His land might not be suitable, he had no experience of the growing of the crop, and he naturally had grave doubts as to the wisdom of making a start. He read and heard a lot about those who made a success of wheat growing during the past few years, many of whom, like himself, had not grown it before. He reflected on the price guaranteed and on the absolute certainty of a market, so he sowed his wheat early and reaped a heavy crop. The result was that he found the growing of wheat just as easy as barley or oats but he is sure that early sowing meant a good deal in the success of the crop. If you get in your crop now you too will be just as pleased with the result as he was, and even more so on account of the still better prices for the 1937 crop.

Increased Guaranteed Minimum Prices for 1937-38 will range from 24/- per barrel after harvest time to 28/6 per barrel in the Spring, according to quality.

TALLOW NEWS

Sewerage Scheme—
Since Mr. J. E. Bowen, B.E., has ben appointed County Engineer, we feel sure that the proposed Sewerage Scheme for Tallow will now be definitely speeded up. This matter is very urgent, as the present system is so ancient that it may be stated, that it is completely obselete, and it is a frightful state of affairs that the street in which the Male National Schools are situate is completely without any means to dispose of sewerage.

It is difficult to understand how it is that Tallow, has been so long neglected, from a Public Health point of view, and it is earnestly hoped that 1937 will see the undertaking put through to the satisfaction of all concerned.

Knowing the record of Mr. Bowen in

knowing the record of Mr. Bowen in connection with other County Schemes we feel assured that once he has started on Board of Health work he will not overlook the urgent necessity of putting Tallow on an equal status as far as sewerage conditions go, with the other towns in the County.

I longing to an old-established and well-known County Waterford family, she had a host of friends during her residence at Lismore. The fact was made abundantly manifest on the occasion of her funeral on Saturday last.

Her remains were removed to St. Carthage's Cathedral, Lismore, on Friday evening, and were accompanied by a large and representative cortege which

LISMORE NOTES.

Friends and relatives who were called in to render succour were themselves stricken with the malady. The sparseness of the congregation who attended the Masses on the Feast of the Ephiphany was particularly noticeable and indicated that the Epidemic was undoubtedly the cause.

The local doctor, who was in constant attendance on all the patients possible.

attendance on all the patients possible, also fell a victim, with the result that outside Medical Assistance had to be sought to relieve the distress.

Happily, the Epidemic seems to be on the wane, and the children's voices are the wane, and the children's voices are should highly appreciate the work done.

In this instance the spectators, the great majority it was rarely that the winner of the test did not receive a hearty cheer.

But it was not for nothing that the specirst meeting the conducting of the fixture was beyond praise. Apart from the rejular interval, there was not a hitch in he smooth running of the proceeding wards seemed to be everywhere, and seir combined efforts resulted in the card being disposed of in almost record time. usiasm augurs well for the future success of the fixture, indeed one might go so far as to say that it has firmly established itself, and after such a endid start, cannot fail. It is quite evident that the people of the locality are eager to support the sport and their attendance in increasing numbers may be looked forward to in coming years.

The card on this occasion was a modest one, but produced any number of good trials over a really good stretch of ground, which will be lengthened for next season The mixed puppy stake was mainly a test of pace, and it was no surprise when the two obviously best youngsters, Tom the

GAELIC NOTES & NOTIONS

By "CROTOG"

Over half a hundred delegates were present at the West Waterford Divisional Convention in Tallow last Sunday. The fact that only two Clubs in the whole area failed to send representatives is a striking indication of the active interest taken by Western Gaelic Clubs in the administration of G.A.A. affairs. Many of those present had come from distances of more than to the miles to take part in the another tants willes to take part in the another tants will be to take part in the another tants will be the second control of the c han to ty miles to take part in the an-

It was a Convention of Young men. Not four o. hose present had passed their fortieth birthday. Another indication profortieth birthday. Another indication probably of the trend of the times and the assertiveness of youth. Still, the virtual absence of grey hairs is to be regretted as it robbed the assembly of that solemn fatherly note so typical of other days. Again it prompts the perennial query of where as the Gaels go when their playing asys ... e over. Far too many cease to interest themselves in the Association when they retire from active participation in the games. More is the pity, for it leaves Gaelic Councils poorer by the loss of valuable advice and experience.

Proceedings opened on a tame note. Discussion of the Accounts called forth some candid comments, a few sound suggestions and a noccasional flash of eloquence. The older delegates monopolised this for the average young critic treads warily among figures. He does not share his elder's reverence for nice accountancy and budget balancing. Activities and personalities appeal more to the younger school.

The disparity between nett and gross "gate" returns was stressed. The match expenses, consisting of rent of field and cost of labour, seemed abnormally large in proportion to the takings. It was pointed out that while these charges swallowed up more than one-half of the average gate, little financial progress could be expected. At length, it was unanimously decided that one-third of the gross gate be allowed to cover rent and labour costs where the field is controlled by a G.A.A. Club and one-quarter in the case of privately-owned grounds.

velling expenses to meetings were almost three times those of the Eastern Board, so evident the grievance was well-founded. As a result, a motion to have all County Board meetings held in Dungarvan was carried unanimously. It will be submitted to the County Convention on Sunitary week for final ratification.

Despite the general wish of the assemble and the insistent appeals of many of colleagues, Frank Ryan could not be breatled upon to accept office for another. The other three candidates office stand down in his favour, but the mairman adhered to his intention of rating to the ranks. In the circumstances ballot between the other nomination is taken and resulted:—Tom Kyne, Is cor; Charles Curran, 15; James Lijons, The latter was eliminated and in the man callot Curran polled 26 votes, to rely 21. The result was a mild surprise, new Chairman hails from Clashmore of late years, has been prominent in mining G.A.A. activities in West Warrd, His youth, anthusiasm and avidity work should help him to fill the oner-position with distinction.

dly had he taken the Chair when g opened he n an unexpected quar-he new occupant was called on to at for being excessively chummy description in the consumed all present.

The unopposed re-election of Pax Whelen as runaidhe and Seamus Hayes as the surer, passed almost unnoticed after the volcanic eruptions had subsided. Many of the candidates nominated for places on the Co. Board withdrew and there were only five contestants for the three positions. The first count resulted:—J. F. O Donnell, 33 votes (elected); J. Mason, 29 J. Quirke, 28; D. Goode, 25; J. Lyons, 16. The next ballot elected Mason a. d. ke on the figures:—Mason, 32; Quirke 25; Goode 23.

The result is unusual in that for the first time in many years, the Dungarvan Card has no representative on the County Board. The composition of the new Western Board is as follows:—
Chalrman—Charles Curran, Clashmore.
V.ce-Chairman—Seamus O'Neill, Lismore.
Runsidhe—Pax Whelan, Abbeyside.
Treasurer—Seamus Hayes, Dungarvan.
Co. Board Representatives—John, F. O'Donneil, Lismore; Joseph Mason, Cappoquin; James Quirke, Ballyduff.

The motions scarcely caused a ripple. The deligates could see little virtue in operating the Parish Rule and refused by a big majority to enforce it. The question of proxit. for County Board members was vigorously debated. One speaker, carried away by his stream of rhetoric, accused a proxy of "dirty work at a meeting. Under pressure to substantiate his allegation, he failed and was glad enough to withdraw the offensive epithet. By a large majority, it was decided that the existing privilege of members to nominate proxies should stand.

to field new players in the first round of the Championships owing to laxity in sending in applications for transfers, reinstatements and regradings. Such applications should be made at the earliest possible moment and certainly not later than the first meeting of the Western Divisional Board. The "live-wire" Club secretary will be very busy from now on, as on him falls the major share of direction and administration. As this is the period of the year when proper and efficient organisation counts for most in G.A.A. affairs, it would not be out of place next week to devote a little space to emphasising the main essentials which go to build up the successful Gaelic Club. New Clubs especially should, in their own interests, make themselves familiar with the basic conditions of sound organisation.
