Mr. Herome Hackett, Loughmore, whose tender at £8 was accepted for the use of the Weigh-house, wrote stating that in tendering for the weigh house he was under the impression that 600 tons of timber would be weighed in the weigh-house. Now he understood the timber will come by lorry and cannot be weighed by him. He asked, therefore, that the Council reconsider his tender with a view to a reduction.

Mr. McCarthy—This was the only tender received. It is not at all fair that timber is being drawn into the town and weighed on private ouncils. We should request the owners of big weighing machines not to weigh for others.

Mr. Christopher said a better way would be to have the timber weighed. His firm be to have the timber weighed. His firm the sewerage scheme.

Mr. Christopher said a better way would be weighed for the use of the Weigh-house, wrote stating that in tendering for the weigh house he was glad to inform the members that the deputation which was appointed to wait on Mr. Williams, came to an agreement on the price. After talking the matter over, Mr. Williams agreed to sell at £200.

He (Chairman) would now suggest the final approval of the Council. He also said that if the deputation were begun when the redoubtable Cathal Brugha's or "Fitzie" team met the newly formed Dickens Leather Factory fifteen, and the Pike met Ring and Old Parish. The field, despite the continuous rain over the past weeks was in spinedid condition and the good crowd which patronised the fixture saw very closely contested, if not a brilliant exhibition of Hurling and a dour struggle in football. Cathal Brugha's finally emerged victorious on the score of 1 goal 6 points to 1 goal 3 points. The score at half time read Cathal Brugha's 1 goal; Leather Factory 3 points. F. Houlihan was the best player on the field and he contributed in no small degree to the success of his team. He was ably assisted by "Fitzie" Curran and M. and C. Coleman. MATCHES AT DUNGARVAN

The Pike forward division were very erractic in the first half and lost several scoring chances by wild kicking when well placed, and it was only towards the close of the first moiety that they succeeded in raising the point flag. This was the only score registered in the first half.

In the second moiety the Pike forward line gradually wore down the Ring defences, and added a further point and a goal leaving the score at full time:

At a specially convened meeting of the Kilgobinet Fianna Fail Cumann, a resolution conveying deepest sympathy to the relatives of the late Patrick Wall, Colligan, who was killed in the United States, was passed in silence. The meeting adjourned as a mark of respect.

A well attended meeting for the purpose of forming a cycling club for the Town and district was held on Saturday night last in the Town Hall. Judging by the treenness displayed by those present, the club will soon have an overflow membership. Mr. Wm. O'Meara (Junier) was appointed Treasurer, with Mr. Wm. Power, as Hon. Secretary. A further meeting will be held on Saturday next at 8 30 p.m. It is nearned that the club's first outing will be on Sunday May 2nd.

CHILDREN'S FANCY DRESS CARNIVAL

(An Appreciation)

We are anticipating a real feast of music, choral singing and drama, in the Town Hall. Dungarvan, on Wednesday evening. All the well-known personalities in our local musical circles are appearing, and it is to the credit of the revived Choral Society, that no outside talent has been called on. It is a happy feature of our Town's social life that we can entertain ourselves and with success, although it is ourselves who say it.

Two Plays are being presented. A drama, "The Bishop's Candlesticks," and the composition of the Dungarvan District Nursing Association, was most enthusiastic.

Despite the inclemency of the weather, the capacity of the Town Hall was taxed to the utmost. The large number of competitors, in really beautiful and most original Fancy Dress, and the enthusiasm and goodwill of the onlookers, made the Carnival agreed and wonderful success. The children came determined to enjoy themselves, and they certainly did. It was a selves, and they certainly did. It was a
