**DUNGARVAN SHOW**

**HIGH-CLASS ANIMALS ON VIEW**

President—A. Hunt, Esq.  
Vice-Presidents—Lord William Beresford, Lord Charles Cavendish, D. Dempsey, Esq., Nicholas Morrissey, Esq.; E. A. Ryan, Esq., Solr. Ion Villiers Lodge, Esq.; S. P. Power, Esq.

Secretary—John Lynch.

Judges of horses—Brig-General F. W. Hunt, Ballymountain, Waterford; P. Quinn, Esq., Kilmoghly, Fethard; Dr. C. M. MacLaughlin, E. Gien Browne, Tourin; Sir Cecil Walker, Combe Hill, Somerset.

Judges of cattle, sheep and pigs—T. O'Sullivan, Esq., Cloughduv; Maurice Rawley, Esq., Knock.

Judges of poultry—Miss M. Golden, Carlow.

The Annual Show under the auspices of the Dungarvan Show Committee was held in the splendid Show Grounds at Sandon, on Thursday last and proved a complete success from every point of view. The attendance was good, but the weather proved very uncertain and rain fell towards the closing stages of the Show.

The quality of the animals on exhibit was never higher, and the Judges were led in their praises of the competitors. In the Hunter class for 4-year-olds and upwards 11 competitors and the horses on view won the admiration of the judges. They were all perfect specimens of weight carriers, with very little to choose between them. The 4-year-old class brought together 11 beautiful animals. The same applies to the 3 and 2-year old classes, for which entries of 12 and 7 respectively were received. The yearling, Colt, and Filly classes won unstinted praise from all. The Cob and Pony classes were also of a high standard and the Judges were set a very difficult task in awarding the rosettes.

As per usual in this County, our cattle are recognised as the best types of dual purpose cattle, and this year the animals entered were as good as ever seen before and a credit to their owners.

The Committee in charge of the Show had all arrangements perfect and everything passed off without a hitch and with complete satisfaction. All the officials worked hard and unselfishly under the able direction of Mr. John Lynch, Secretary.

A very pleasing and attractive feature of this year's Show was the parade of the West Waterford Hounds under the new M.F.H. Miss Hickman, through the Show Grounds, to the accompaniment of the famous old hunt ballad—"D'ye ken John Peel" played in spirited fashion by the Dungarvan Brass and Reed Band.

The New Master of the Fox Hounds received a great ovation from the large crowd present.

Deceased, who had reached the fine old age of 77, and of a naturally retiring disposition, was content to pass her allotted span in a quiet, unobtrusive fashion, that rather heightened than detracted from a sterling and thoroughly likeable character, and her passing is deeply deplored by all who knew her.

**STATEMENT**  
On Wednesday night last, President de Valera, made the following statement:—"The enactment of the Constitution by the people must be a source of joy to everyone who has been working in the cause of Irish independence. It marks an epoch in our national history. It must be gratifying to the members of Fianna Fail especially. One purpose for which their organisation was founded has been achieved.

Within six months from now the Constitution will be in operation as a fundamental law—the foundation on which the whole political structure of our State will rest.

"I hope that citizens who may have failed to study the Draft Constitution hitherto will deem it a duty to do so now, seeing that it is no longer a draft but the law. Copies are available at every Post Office.

"As regards the new Government, if Fianna Fail assumes the responsibility of Government, it will do so on the clear understanding that it means to pursue its own policy and none other. For ten years the main principles of that policy have been before the people. Since 1936, Fianna Fail has acted on these principles. It believes in them.

"It is satisfied that the policy has been justified in practice, and, as indicated during the election campaign, it will not be diverted from it—either to the right or to the left—by any form of political pressure.

"On behalf of the organisation, I want to thank all the members and other workers who gave us so generously of their time and energy during the election campaign. I hope they will not desert until an overwhelming majority of the citizens are convinced that the policy of Fianna Fail is the one which best serves the national interest."

### BLACKWATER FISHERIES.

#### DESTRUCTION OF SALMON

#### RIVER BLOWN UP

At the monthly meeting of the Lismore Board of Fishery Conservators, held at Fermoy, Mr. R. G. Annesley, presided. Others present were—Major L. Longfield, Messrs. J. Hackett, T. Montgomery, T. Stafford and Mr. Kiniry. Mr. W. Buckley, Sub-Inspector, was in attendance.

Major Longfield, referring to the decrease in the catches of salmon in the river, said he had no doubt that this was due to the trap gap at Lismore which allowed very few fish to get through. He believed that this could not be remedied unless by legislation. He had a letter from Mr. Cleary, Ballyduff, who suggested that the Lismore trap should be bought out at a cost of £10,000, which could be raised by increasing the rates and rod licences. He did not think that this could be done in the way suggested as there would be a great cry out by the rod fishermen, and, as they all knew, there was a difficulty in the collection of the rates which were stated by some to be already too high. Their only chance was to get legislation, and he believed that in the proposed new Bill that it was intended by the Minister to bring in drastic measures, but the Bill was deferred until after the election.

Mr. Stafford said that they were a long time waiting for that legislation, and it seemed to him to be as far off as ever. He did not think that they were killing a large number of salmon at Lismore either.

Major Longfield said it would be almost impossible to have increased salmon when they were all killed or netted. Mr. Kiniry said he understood that there was a shortage also on the Scottish rivers.

Major Longfield said that as far as he knew there was a record fishing on the Slaney, but he could not understand why the Blackwater was so bad this season. In the upper reaches there were thirteen licenses and only ten salmon caught.

Mr. Hackett said that the fishing could not be otherwise, and if some of the members had gone down the river between Fermoy and Clondulane during the past week they would not be long in finding the reason. He had seen up to forty fish floating in the river in one day.

Mr. Montgomery said it was like that for several days.

Major Longfield asked was it that the river was dynamited.

The Inspector said that it had been done during the past week.

Major Longfield asked was it known

who purchased the fish.

Mr. Hackett said that the fish could not be sold as it was useless.

Major Longfield said that all the fish would not be useless because they could be caught when they were stunned.

Mr. Stafford asked how much did it cost to preserve the river, and the Clerk Mr. Deehan, said that the cost was practically £2,000 and that at one time it had cost no more than £1,000.

Major Longfield said that he understood that the Fermoy anglers did not fish during the entire season.

Mr. Hackett said that nearly all of them would finish about the middle of May, but this destruction was not done in the day but at night. A great many of the fish that were killed in that way may not rise from the bottom of the river for some days. He believed that the secret was that there was not sufficient control or supervision over explosives.

The Inspector said it was almost impossible to catch the persons who were blowing up the river because they could throw a charge in which would not explode for some time, and in the meantime the parties could have gone off a considerable distance.

Major Longfield said that if the fish could not be sold there must be some other reason for its destruction.

Mr. Kiniry said that it looked as if it were through spite or vindictiveness.

The Clerk read letters acknowledging votes of sympathy from Messrs. E. P. Maxwell, James Kent and Major Longfield.

A letter was read from the Secretary, Mr. Newcome, Conference of Conservators, applying for the annual subscription of £2 and requesting the names of two delegates to the Conference.

Major Longfield said that the Conference represented nine-tenths net interests and he suggested that it should be pointed out that the rod interests should have equal representation.

The Clerk said that the question of representation could be raised by the delegates at the Conference.

The Chairman said it would be no harm to mention the matter when forwarding the subscription.

The Department wrote requesting that a list of the rates outstanding would be submitted, and to state what steps were being taken to recover payments.

### DISEASES OF ANIMALS' COMMITTEE.

Mr. Thomas Flynn, Vice-Chairman, presided at the monthly meeting of the above on Saturday. Also present—Messrs. P. B. Sheridan, P. R. Power, J. J. Cunningham, M. Hickey, and Martin Kelly. Messrs. Byrne, O'Donoghue, Mulcahy, Hynes and Walsh, Veterinary Inspectors, were also in attendance.

#### Change in Dipping Arrangements

A letter from the Department on the subject of the revision of the Sheep Dipping Regulations which comes into operation on August 1st was before the meeting and was marked noted.

#### Arrangements For Sheep Dipping Period 1937.

The Committee approved, subject to the sanction of the Minister for Agriculture, the following arrangements for the carrying out of the compulsory dipping of all sheep in the County under supervision during the Dipping Period, 1937, in accordance with the Regulations adopted, viz:—

That, as recommended by the Veterinary Inspectors and being satisfied as to their suitability, the following be appointed as temporary Inspectors for service during the 1937 dipping period in the Lowland Areas of the County with a view to securing the carrying out of the Compulsory Regulations, these Inspectors to act under the direction and supervision of the Veterinary Inspectors, viz:—

1. John Hasset, Killooney House, Kilmacomas, for Carrick-on-Suir Lowland Area.
2. James Power, Ringview, Kilminton, Dungarvan, for Dungarvan Lowland Area.
3. Thomas O. Hasset, Killooney, Kilmacomas, for Kilmacomas Lowland Area.
4. Arthur E. Hynes, South Mall, Lismore, for Lismore Lowland Area.
5. Michael Parks, Ballyduff, Dungarvan, for Waterford Lowland Area.
6. James Murphy, Glenmore, Dungarvan, for Youshal Lowland Area.

The remuneration of the above Inspectors to be at the following inclusive rates per sheep per dipping—One penny for sheep dipped at Public Dipping Centres; one penny for sheep of owners who avail of adjoining approved private tanks for dipping; one half-penny for sheep of owners dipping at their own approved tanks.

That, in view of the satisfactory reports from the Veterinary Inspectors on the services of the Mountain Rangers employed in the Comeragh and Knockmeal-down Mountain Areas for year 1936, these Mountain Rangers be re-appointed for the 1937 Dipping Period at the following rates of remuneration, viz:—

David Nugent, Glendaw, Harney's Cross, Clomel, for Carrick-on-Suir Mountain Area, at a remuneration of £12

William F. Tobin, Glendaloughlin, Ballymacarbery, for Clomel Mountain Area at a remuneration of £12.

Michael Hale, Carriganogue, Lismore, for Eastern Knockmeal-down Mountain Area at a remuneration of £15.

John O'Gorman, Monartarriv, Lismore, for Western Knockmeal-down Mountain Area, at a remuneration of £12.

That the Contractors employed for the dipping of sheep and the transport of dipping apparatus in the Lowland Areas be re-appointed for 1937 dipping period at an inclusive rate of 2s. per centre per day, such inclusive rate to cover the time occupied in transferring the dipping tank from place to place, and also to include the provision by each Contractor of a capable assistant for the work of sheep dipping, the Contractors being as follows:—

Carrick-on-Suir, Waterford and Kilmacomas Areas—Thomas Cunningham, Ballinabanogue, Kilmacomas.

Dungarvan Area—John Barry, Goulane, King, Dungarvan.

Youshal Area—Pat. Foley, Mooneam, Ring, Dungarvan.

Lismore Area—Work to be divided between Michael Greehy, Deepark, Lismore, and James Lynch, West Street, Tallow.

That Mr. C. P. Hynes, Veterinary Inspector, be authorised to employ sheep dippers at each of the six Public Dipping Centres in the Knockmeal-down Mountain Area, and also at the Tanks at Knock-anak, Glendish and Carriganogue (the use of which the owners are given free of charge for public dipping), with remuneration to each sheep dipper at the rate of 10/- per day. The total expenditure involved by this proposal will not exceed £9.

That the Veterinary Inspectors supervise the work of Lowland Dipping Inspectors, Mountain Rangers and Dipping Contractors; give necessary instructions to these officers as regards their duties and see that they carry out their duties in a satisfactory manner; arrange the public dipping centres and dates of dipping and the issue of necessary notices, etc., and be authorised to procure any sundries required for the work of sheep dipping, and to have any necessary repairs carried out to the dipping tanks and drains.

That a fee of 2d. per sheep per dipping be charged in Lowland Areas and a fee of one penny per sheep per dipping be charged in Mountain Areas, where the Local Authority provide Tank and Sheep Dip; and that no fees be payable in respect of sheep dipped at private approved Tanks, the owners supplying sheep Dip.

Tenders For Sheep Dip

In response to advertisements issued, the Committee considered the several tenders received for the supply of Sheep Dip required for the 1937 Dipping Period, and

decided to accept the tender of Messrs. Osmund and Son, Dublin, Ltd., to supply "Viper" Liquid Dip, strength 1-100, in such quantities as will be required at 3/9 per gallon and also to supply 4 lbs. of sulphur free of charge with each gallon of dip.

#### Advertising

The Committee directed that a copy of the compulsory Regulations be inserted in the "Dungarvan Observer," and "Waterford Star," and approved a recommendation from Mr. C. F. Hynes, Veterinary Inspector, that in addition to the regular form of notification that the old system of publicity of dipping centres and dates of dipping by posters and Press notices be retained, and also an approved list of proposed centres for public dipping for Lismore and Kilmacomas Lowland areas recommended by Mr. Hynes.

#### Clerical Assistant

The Clerk stated that, in view of the extra amount of clerical work involved by the new Sheep Dipping Order and the adoption of Regulations for the compulsory dipping of all sheep in the County under supervision, it would be impossible for him in the circumstances to deal with the extra work effectively, in addition to his ordinary County Council work, without being allowed clerical assistance.

Mr. John J. Cunningham proposed, and Mr. Martin Kelly, seconded that:—"Subject to necessary sanction, the employment of Mr. Maurice Kyrle, whose period of employment as clerical assistant in connection with the Warble Fly Order expires on the 17th July, 1937, be continued to the 31st October, 1937, at his present rate of remuneration of £3 per week, as we are satisfied that our Clerk would require clerical assistance to deal with the considerable amount of extra work arising out of the operation of the new Sheep Dipping Order and the adoption of Regulations for the compulsory dipping of all sheep in the County under supervision."

That the extra work effectively, in addition to his ordinary County Council work, without being allowed clerical assistance.

### PORTLAW "PICKINGS"

A neighbour just back from a three-week holiday looked as brown as a berry. When congratulated on how well he looked he said with a note of pungent sarcasm, "I might as well have been with the Laplanders for all the sun I saw." Out of his twenty-one he had two fine days. On the others he wore a heavy overcoat, soliloquised about the irony of fate, and searched the sky for the silver lining. And what he is the picture of fitness. Which leads to the conclusion that looking for the sun is almost as good as finding it.

Are you good at teasers? Have a try-out at this one. A boy applied for a job. The boss asked his age. He replied—"Two days ago I was 14 and next year I'll be 17." "If you can prove that to me the job is yours," said the sceptical boss. The boy got the job. How did he prove it? Sportlaw Spark will give you a week to think it out.

There is something about the life of a journalist which enables him to observe what others either do not see or find no interest in. The thought originated with this experience at the Dungarvan Agricultural Show on Thursday. At the spacious Show Grounds the Band discoursed the lovely music we always expect from them, and the visitors clustering around the enclosure applauded every item. But this is what others did not see, and which afforded your simple scribbler a spell of sheer delight.

MUNSTER HURLING SEMI-FINALS AT CLONMEL

WATERFORD PROVE THAT LIMERICK CAN BE DEFEATED THE REDOUBTABLE MICK MACKEY SUBDUED

LAST MINUTE SCORE ROBS WATERFORD OF VICTORY

WATERFORD LEADING BY A POINT AND SEVEN MINUTES OF LOST TIME PLAYED

S.H.—Limerick, 3-4; Waterford, 3-2. M.H.—Limerick, 7-2; Waterford, 3-3

FOR 37 MINUTES OF THE SECOND MOEITY (LOST TIME INCLUDED) WHICH LASTED 38 MINUTES WATERFORD HAD THE MIGHTY LIMERICK CHAMPIONS AT THEIR MERCY.

Faster on their feet, closer in tackling, smarter to get rid of the ball, and with better delivery, they had the Limerick scoring machine completely out of gear for the greater part of the game.

Time and again Waterford rushed through the powerful Limerick back lines, but ill-luck kept them off their mark and possibly robbed them of All-Ireland honours.

Waterford will remember the 1937 Senior Hurling Semi-Final as one of the most unlucky for many years. Fighting like Trojans, the faster Decies team had the Limerick lines of defence with their backs to the goal-posts as the last minutes ebbed past, and only the marvellous goalkeeping of Paddy Scalan, saved them from a crushing defeat.

Waterford have been rather unlucky this year in Clonmel in both Senior Divisions, as their Senior Footballers were only beaten by the narrow margin of 2 points in the last seconds of a hard-fought game some few weeks ago, while their Senior Hurlers were in very hard luck in going under last Sunday.

Details.— On Sunday last at Clonmel, Waterford in one of the hardest-fought and most sensational hurling games played for many years, went within an ace of defeating the all-conquering Limerick Champions in the Munster Senior Hurling Semi-Final and Limerick Minor team completed the double by defeating the Waterford minors in the hurling semi-final.

Senior Hurling Limerick fielded at full strength minus the services of T. Ryan, who came on in the last minutes as a substitute for Toomey, who retired injured. It was generally expected that Waterford had little chance of extending the champions. Limerick maintained their usual superiority in hurling-craft for about 3 minutes from the start of the game. Waterford seemed slow to get into their stride and Limerick had 2 points up in quick succession. Then came the turning point. Waterford full of fire and dash, faster on their feet and in hurling-craft not inferior, made some desperate raids on the Limerick citadel, as their supporters on the side line wild with excitement urged them on, and very soon they had the Garry-own scoring machine out of gear. With Waterford crashing home their first goal excitement rose to white heat and when J. Keane was seen to overshadow the redoubtable Mick Mackey, who never yet has met an equal on the hurling field, Waterford fans went literally wild with enthusiasm. Not long after the start Keane and Mackey were seen to have fierce duels, several of the spectators remarked the warlike tactics of the Limerick man and called on the referee who seemed to deal rather leniently with matters of this nature, to do justice to Waterford. Eventually he did intervene and matters went better. Several of the Limerick players tried the same "stunts," but soon withdrew, as the young Decies team heaved them about in all directions with more effective tactics. Waterford went all out to play a fast scientific game but it must be said that the Limerick players times out of number endeavoured to impede them by using their hurleys in a very loose fashion and holding and hindering the Waterford men from playing the game as one would expect it should be played by such great Gaelic as the Limerick fifteen.

Waterford followers who were much more numerous, cheered to their hearts' delight as they saw their centre half back J. Keane, keep the Limerick captain under control, the latter usually emerging second best from all duels. J. Mountain had the famous John Mackey at bay for the hour. Limerick were badly beaten in the half forward line. Mountain, Keane and Walsh were more than equal to Roche and the Mackey brothers. At centre field Moylan and Greaney had the best of the exchanges. Barron and Sheehan on the wing forward line were fast and clever and often left their opponents in the lurch. Halpin and Goode proved their worth in using their weight and strength to shove the fancied Limerick backs about. The left and right full forwards Butler and Daly were well able to fend their men. The full-back line Fanning, Ware and Hickey, repelled the best attacks Limerick could launch and Curley in goal saved his net marvellously on not a few occasions. John Keane (Water-

ford) was the hero of the day—always keeping Limerick under pressure and the hurling of Walsh (Wat.) was a treat to watch; in the finer points of the game he overshadowed the best of the champions could produce.

Waterford led to the last minute when Limerick got a goal thus robbing the Decies men of a well-deserved victory. On the general run of play, Waterford were the better team and had their shooting been a little more accurate, they would have emerged victors with scores to spare. Waterford had nearly twice the number of wides and missed a few possible scores from good positions, but luck was not on their side.

The splendid display given by Waterford last Sunday, is a proof of the progress that is being made in hurling in this County and all that witnessed last Sunday's great game know that Waterford will have no difficulties in next year's championship, and are sure that the All-Ireland honours will come to Waterford.

The minor game was rather dull up to the interval, Limerick having piled up a big score although playing against sun and breeze. A re-arrangement at half-time worked wonders in the Waterford side and although the Limerick minor hurling team this year is considered the best yet, they were badly beaten by the Suiside youngsters in the second moiety, yet they were unable to span the chasm. Towards the closing stages of this game the hurling reached a very high standard and the score does not give a true reflex of the game.

The attendance numbered about 12,000 Waterford having the larger following, and the game was played under ideal weather conditions, the sun shining gloriously on the pitch, with a slight breeze just to suit the spectators.

The Clonmel grounds were in capital order, and the playing pitch left nothing to be desired. St. Patrick's Pipers and St. Joseph's Industrial School bands, Clonmel, led the teams on to the field, and the National Anthem was played at the start.

With the throw-in Limerick were away and showed great skill and science of the game as the Waterford men had not yet got into their stride. Some grand passes by the Limerick forwards saw Jim Roche centre to the unmarked Dave Cloghessy for a nice "cut" over the bar within 1 minute from the start. Limerick returned the puck-out for C. Curley (Waterford) goalkeeper to save a rasping shot from a Limerick forward. The puck-out was returned again and Waterford were now getting into their stride, but at pass to J. Mackey, who was loose on the right wing. By this time Waterford had got their opponents measure well taken and with the puck-out got going at full strength for a wide at the other end. Ware saved well from J. Mackey. The next exchanges were seen between John Keane (Waterford) and Mick Mackey (Limerick) of which the Waterford man had the better. The Limerick man was seen to use his hurley very loosely. Time and again the Waterford followers cheered wild with joy as they saw their centre-half back subdue the mighty Limerick Captain. Limerick began to play very rough and the Waterford supporters called the referee's attention and "boohed"

The Limerick custodian had a most unique experience in trying to save this last-minute goal, as when he went to use his hurley he found that it had got tangled in some way with the loose tape of one of his boots, and he was sorely handicapped in his gallant endeavour to save his net.

The final scores were:— Limerick 3-4, Waterford 3-2. The Waterford Senior Hurling team and their placings were as follows:— M. Curley (goal), J. Fanning, C. Ware, M. Hickey, J. Mountain, J. Keane, W. Walsh, T. Greaney, C. Moylan, W. Barron, J. Halpin, P. Sheehan, E. Daly, D. Goode, J. Butler, Limerick—P. Scalan (goal); T. McCarthy, P. O'Carroll, M. Kennedy, M. Cross, P. Cloghessy, J. Power, J. Toomey, M. Ryan, J. Mackey, M. Mackey (captain); J. Roche, D. Cloghessy, P. McMahon, J. McCarthy.

Minor Hurling—Limerick v. Waterford Details.— With the throw-in Waterford attacked and Limerick returned to Waterford goal-mouth where Feeney (Wat.) cleared in fine style. Limerick soon returned to score a well-judged goal. At this period Limerick were showing up well and had the better of the exchanges and returned the puck-out for a wide. With the puck-out Waterford invaded the Limerick territory but a wide resulted. After some further exchanges at centre field the Limerick full-forward from a nice centre landed a goal. M. Feeney (Wat.) was seen to great effect as doubling on the puck-out sent play down the field, but Limerick soon returned for Cregan to score Limerick's third goal.

All through this moiety Limerick were far superior in every department, and Waterford's full line of attack were very weak and left several nice chances going begging.

The next stage saw Waterford attack, and were in very hard luck for a score, when the full-forward had the ball almost over the goal line but two Limerick backs shoved him out ball and all. Play then ranged fairly even around centre-field and Waterford putting a little more energy and determination into their attack secured their first score—a point.

Limerick returned the puck-out to drive home their fourth goal. Waterford returned to the Limerick end and rushed in their first major score, per Foley. A nice centre by Moore (Wat.) who at times put in some great work was repulsed. The Limerick man was next seen to effect a great save. Limerick next forced a "70," off which they secured a further major. Shortly after the Waterford net was again in danger, but the goalkeeper saved well. The puck-out was returned and banged into the corner of the net for Limerick's sixth goal. At this period Feeney (Wat.) was outstanding at centre-half. The Waterford goalkeeper, retired injured, Waters taking his place. In the closing stages of the first half, Waterford showed up well and forced a series of overs, but failed to register a score.

Half-time scores:— Limerick 6-0, Waterford 1-1. In the second half Waterford faced both sun and wind, and the spectators were of the opinion that the score in the second half would reach three figures in favour of Limerick, but this idea was soon changed. At the resumption Waterford made matters completely different and broke away from the start to force a wide. At this period Feeney (Wat.) was seen to great advantage as Waterford were playing with great determination, but their full-forward line were not up to the mark, had they rushed in to the goal with more vigour and dash Waterford's scoring sheet would register a much higher score. Limerick forced a "70" and sent wide, but the puck-out was returned over the Waterford bar. Play was now at the other end for Waterford to lash in a great goal, and the puck-out was returned for the Limerick goalkeeper to save at the expense of a "70," which resulted in a wide. Waterford were all over their opponents at this stage, the full-forward line being the only weak link. Play con-

tinued at centre-field, where Waterford were seen to get the better of the exchanges. From a nice centre Limerick secured a well-judged point. A good display by Waterford ended in a goal and keeping Limerick under heavy pressure for several minutes they secured a further point. Limerick returned for a goal, and with the puck-out Waterford returned for another goal per Foley. Waterford had the best of matters for the closing stages and lost several possible scores.

The full-time scores were:— Limerick 7-2, Waterford 3-3. Minor teams:— Waterford—J. Mahony, J. O'Meara, P. Moore, F. Syned, M. Feeney, J. J. Healy, R. Foley, J. O'Brien, J. Waters, P. Ahern, T. Nolan, P. Dowling, V. Bastin, M. Byrne, M. Condon. Sub. T. Nolan. Limerick—H. Wilson (goal); M. O'Connell, C. Burke, J. Coffey, P. Kelly, M. Cregan, P. Hehir, P. Coughlan, F. Costello, M. Fitzgerald, J. Foley, P. Doyle, M. McCarthy, C. Crowley, P. Kelly.

KILNATOORA CASTLE Kilnatoora Castle until recently in a good state of preservation, is about three miles from Youghal on the way to Inch. On the other side of the valley are the ruins of the Cornaveigh Castle. Both Castles were built by the Geraldines and were afterwards owned by Sir Walter Raleigh, and subsequently by the Earl of Cork, from whom they passed to his descendant Lord Viscount Pembroke.

In 1645 Lord Castlehaven who commanded the Royalist troops, besieged the castle, and succeeded in making a breach in one of the walls. In the years 1649 and 1650 Cromwell made the castle his headquarters.

The fortress stands on a steep ledge of limestone rock and presents a very picturesque appearance especially from the eastern side.

From Monstrea one summer's day I wandered onward to Rhinecrew, And paused awhile perched on a stile that I the prospect well might view, Blackwater shore is studied o'er with relics of our storied past, That bygone age when Saint and sage a glamour o'er the island cast. Reminders grand are here at hand in broken tower and ruined shrine, St. Molan's Cell, St. Declan's Well, are close beside the 'Irish Rhine.'

Where yonder banks the Turig flanks before it swells Blackwater's tide, Are castle walls, within whose halls the proud Fitzgerald did reside. The princely line of Geraldine that long in Strongbow's ranks held sway, 'Ere Henry's sword on Council Board brave Thomas cast from him away. Their rivalry their chivalry, our Irish annals well can tell; In all their pride by Turig's side at Kilnatoora did they dwell.

And Raleigh too, who one time grew the first Potato here was seen, And entertained 'tis maintained the author of 'The Fairy Queen,' 'Round Youghal Strand' he owned the land his boundary being the swelling sea, Each hill and dale, and smiling vale, however far the eye could see, The river's course no hostile force might use in stirring times of war, On rocky base, the castles face o'er looks the valley near and far.

And Cornaveigh across the way is now a ruined briar-clad mound, It's pride has fled, its glory sped, it's lullaby the anvil's sound. Yet from those walls bold bugle calls once rang o'er moat and guarded trench, O'er smiling plain and country lane when Cromwell's army camped at Inch, On the Park road, his troopers stood, or sallied off on some exploit, Down by Cill-Leath or Knocknones like phantoms of the starry night, Dan O'Callaghan.

The Waterford custodian had a most unique experience in trying to save this last-minute goal, as when he went to use his hurley he found that it had got tangled in some way with the loose tape of one of his boots, and he was sorely handicapped in his gallant endeavour to save his net.

The final scores were:— Limerick 3-4, Waterford 3-2. The Waterford Senior Hurling team and their placings were as follows:— M. Curley (goal), J. Fanning, C. Ware, M. Hickey, J. Mountain, J. Keane, W. Walsh, T. Greaney, C. Moylan, W. Barron, J. Halpin, P. Sheehan, E. Daly, D. Goode, J. Butler, Limerick—P. Scalan (goal); T. McCarthy, P. O'Carroll, M. Kennedy, M. Cross, P. Cloghessy, J. Power, J. Toomey, M. Ryan, J. Mackey, M. Mackey (captain); J. Roche, D. Cloghessy, P. McMahon, J. McCarthy.

**CAPPOQUIN NOTES.**

**The Bacon Factory.**  
In connection with the arrival of large consignments of pigs from Northern Ireland for various Southern Bacon Factories recently, our correspondent had a special interview with Mr. James Lincoln, the popular Manager of the Cappoquin Bacon Factory, on the subject, and he stated that no Northern pigs had ever been supplied to this Factory, nor have they ever been required so far.

Mr. Lincoln added that although the Cappoquin Factory is easily able to handle over 500 pigs per week, and had frequently done so in previous years, under the existing Quota system they have not been allowed to fill this number of pigs, nor work the Factory to full capacity, for a considerable time past, with the result that local supplies of pigs are now more than adequate for their requirements under the Quota system, and as a matter of fact, numbers of pigs have had to be refused from time to time owing to the number of killings permitted each week having already been reached.

The factory is now looking for permission for extra production, and, if this is granted, considerably larger supplies of pigs can be taken from local producers each week in future, so that the Firm may be again able to work to full capacity, as until the Quota system was introduced, it had always done since it was established 30 years ago by the late Mr. R. H. Keane, younger brother of Sir John Keane, Bart., Cappoquin.

**Serious Motor Accident.**  
While Mr. Frank Brady, Cappoquin, who had as a Pillion rider Mr. Glynn, Dublin, at present residing in Cappoquin, was returning home on a motor bicycle on Sunday night from the Hurling match in Clonmel he was involved in a serious accident on the main Clonmel-Cappoquin road, at this side of the Half-Way.

The motor cycle at this point had a violent collision with a motor car which was travelling in the opposite direction towards Clonmel, and which was driven by a gentleman stated to be connected with the Creamery industry in the Co. Waterford.

Mr. Brady and Mr. Glynn were thrown from the machine with great force, the former receiving very serious injuries to one of his legs, which was severely lacerated, while he also sustained some wounds about the head, and bruises about the body. Mr. Glynn was more fortunate, because with the exception of a scalp wound and a bad shaking he escaped without injuries, while the driver of the motor car also escaped serious injury.

The latter remained with the injured men, and rendered all the assistance he could, and was still attending to them when Mr. James Mason, Cappoquin, who was returning from Clonmel with a motor car and several passengers, fortunately arrived on the scene.

Mr. Mason conveyed the injured men to Dr. Wm. White's residence at Cappoquin. Dr. White then found it necessary to insert several stitches in Mr. Brady's leg, while he also dressed Mr. Glynn's head wound, after which Mr. Mason conveyed the injured men to their homes in town.

Mr. Brady and Mr. Glynn are very popular young gentlemen in Cappoquin, for whom the greatest sympathy is felt but their numerous friends will be glad to know that under the skilful treatment of Dr. White, and the kind and tender care of Nurse Buckley, Jubilee Nurse, both patients are now progressing as well as can be expected.

**In Aid Of The Race Fund.**  
By kind permission of Mrs. R. H. Keane, a Grand Garden Fete and several other forms of entertainment will be held in Belle-ville Park, Cappoquin, on Thursday afternoon, August 26th in aid of the Cappoquin Point-to-Point Race Fund.

A rare and diversified programme of novel attractions will be provided on the occasion, winding up with a splendid Display of Fireworks on that night, and with all the arrangements in the capable hands of Messrs. M. J. Sargent, P.C., and P. Walsh, Hon. Secs., everything is bound to be "O. K."

Look out for fuller particulars in later issues.

**Most Enjoyable Dance.**  
In order to celebrate the conclusion of a most successful week's engagement in Cappoquin, "The Revellers Dramatic and Variety Company," gave a grand free dance to their patrons in the Boathouse Hall at the end of their final performance there on last Sunday night.

Practically the entire adult audience remained for this delightful social, for which high-class music was provided by "The Revellers" dance Orchestra, and the event proved very enjoyable.

**Death of Mrs. K. Crowley, Tourin.**  
Much regret has been caused in the Tourin and Cappoquin districts by the death of Mrs. Kate Crowley which occurred at her residence at Tourin at a ripe age on last Sunday week. Deceased lived in a cosy cottage on the banks of the river Blackwater, not far from Tourin House, the residence of the Musgrave family, her house being a well-known landmark to tourists and others in the good old days when passenger steamers were regularly running each summer between Youghal as at Cappoquin, and providing one of the most charming river trips in all Ireland.

She was a lady of a most interesting character, and had a wonderful memory, and although over 80 years of age, she could recount up to recently many stirring and interesting incidents which had occurred in the history of Tourin and Cappoquin for well-nigh the past 70 years.

Always cheerful and happy, her kindness and hospitality were unbounded, and many a poor fisherman had reason to thank her for her great kindness whenever they visited her hospitable house in the intervals during fishing on a cold or stormy night for many years past.

She had reared a large and most res-

pectable family, some members of which are now in America, England and other parts, the only one remaining in Ireland being her son, Michael, who is extremely popular with all.

Requiem Mass for the repose of her soul was offered in St. Mary's Catholic Church, Cappoquin, on Tuesday morning, week, and later in the day the funeral took place to the family burial ground in Killocockin graveyard, when there was an unusually large attendance of the general public to show their final mark of respect to the memory of a lady who has been such a great favourite with all.

The Rev. T. Dunphy, C.C., Cappoquin, headed the funeral and read the last prayers at the graveside.

The chief mourners included—Michael Crowley, Pallas, Tourin; and John Crowley, Birkenhead, (sons); Mrs. M. Crowley and Mrs. J. Crowley (daughters-in-law), etc.—R.I.P.

**A SPLENDID PRODUCTION**

**"THE ROCK."**

We have been favoured with a copy of "The Rock," the quarterly Magazine compiled by the far-famed Rockwell College. This production which runs into 60 odd pages is wrought with literary matter which is a delight to read. The beautiful reproduction of the painting of St. Bridget—"The Mary of the Gael," by our brilliant Irish artist Leo Whelan, R.H.A., is a beautiful piece of work.

In the foreword, we are told that the "Rock," is growing in size and circulation. Perusal of its contents do not cause any wonder that the magazine claims a very wide circle of readers, for all through its pages prose and poetry certainly affords most pleasing reading. Each and every one of the contributors to this excellent production merit the utmost measure of praise for the all-round excellence they have achieved.

"The Rock" is indeed worthy of the fullest support of every member of the Union. Features of the Magazine that will appeal to all past pupils are the Irish articles and those dealing with the sporting and other activities of the College.

"UNLUCKIEST MAN IN IRELAND" GETS FREE SWEEP TICKET

Mystery Philanthropist Coming Here—With his pals, he was sitting on the river bank, chewing the fruit of sweet and bitter fancy. He contemplated life, and found it wanting. Seeking the solace of a cigarette, he reached to his pocket . . . and at that moment it happened. "Excuse me," said a voice behind him. "Can you show me your packet of Marino Cigarettes?" "Why yes, here you are and help yourself," he answered carelessly. "Right!" said the stranger, "then, here's a Voucher which entitles you to a Free Hospital's Trust Sweep Ticket." The morose one was obviously shaken. "Oh this won't be much use to me, I'm the unluckiest man in Ireland. I sha'n't win anything." "In that case," said the Marino Man—"for of course it was I—I would not mind the ticket for myself." "Er . . . no," murmured the pessimist hastily, "maybe I'll keep it after all."

SHEEP DIPPING

Farmers and sheep owners are asked to peruse the New Sheep Dipping arrangements made by the Department which appear on Page 8 of this issue.

It appears that when rounding a turn, the fork of the motor cycle broke and after the cycle somersaulting it struck the wall heavily. Mr. and Mrs. Birch received rather severe injuries. Sergt. O'Neill and Dr. Casey, were quickly on the scene and had the injured pair removed to hospital.

LAST SUNDAY AT CLONMELL

A chara—Regarding the Senior hurling game played at Clonmell on last Sunday, I think I am voicing the opinion of 90% of the spectators when saying that the second half lasted slightly over 38 minutes. I am aware that a certain allowance had to be made for time lost through injuries, but I wonder did the extra 8 minutes include 14 minutes allowed to the Limerick player while changing his boots.

MILLSTREET SPORTS

The Sports held at Millstreet were most successful fixture. Everything went off without a hitch. The unusually large number of competitors ensured that each event would be keenly contested. All the events were run off well up to time. Both competitors and spectators were thoroughly satisfied with the day.

KILMAGTHOMAS NEWS.

Felicitations—

Are cordially extended to Mr. James Power, Ballykilmurray, Kilrossanty, and Miss Mary Ellen Quinn, Ballyreilly, Ring, Dungarvan, on their marriage, which happy event, with Nuptial Mass, was solemnized at the Abbey Church, Mount Mellery, on the 22nd ult. by the Rev. James Walsh, C.C., Ballyduff Upper (first cousin of the bridegroom). The bride, who looked charming, was attended by her cousin, Miss Eily Keane, Crusha, Ardmore, as bridesmaid; while Mr. John Power, Kilrossanty (brother of bridegroom), acted as best man. Numerous costly and serviceable wedding presents were received. Mr. and Mrs. Power are worthy members of two highly respected, well connected families of the Deise, and they have the good wishes of countless friends for their future happiness.

Tramors Mens.—

By returning the pretty good card of 4 against bogey, Mr. P. Scully, won the handsome cup (generously given by a local trading firm) which attracted a fine entry of competitors at the Golf Links here. Mr. James Lawler, occupied the runner-up position, with a card of 3 up. The all-round display of these exponents touched a high standard. Mr. P. J. O'Sullivan, the popular Club Captain, presented the prizes.

The pleasing fact that the staff of Messrs Dunlop to the number of 500, selected Tramors this year, for the second time, for their annual excursion, afforded the utmost measure of gratification to even his metallic majesty the monarch of our matchless seaside-resort. The happy-humoured excursionists expressed themselves exceedingly well-satisfied with their stay amongst us.

So far as our little town is concerned the General Election just ended—

Was pronouncedly tame (And we say for that same "Deo gratias!")

Last Week-End—

The pupils of the Bishop Foy School, Waterford, came by train to Kilmagthomas, from whence they proceeded on bicycles to Mahonbridge, in which residential region they whizzed some five or six sunny hours right pleasantly away.

"Are You Like It?"

On Friday of last week, Mr. and Mrs. Gerald Vaughan, and Mr. Vaughan's unmarried brother, John, all from Cornwall, passed through Kilmagthomas in the course of their tour through the south of our Emerald Isle. They are doing this holiday trip of theirs with the aid of an ass and trap. The merry-hearted young trio (Gerald, aged 22, is the eldest) are brilliant conversationalists and true lovers of the open spaces. They were making some purchases here when your simple scribbler struck up a chat with them. Although the Messrs. Vaughan are English by birth, their ancestors lived and had their being in sight of the song-and-story famed Banba's heaving air on former occasions; his wife and her brother-in-law are seeing the shamrock-strewn soil for

the first time, and the company are absolutely "gone on" the grandeur that Mother Nature so lavishly bestows upon this happy section of the globe. They would gladly pass their days in Erin always if circumstances allowed them to do so.

Local Winner—

We warmly congratulate Mr. John O'Donovan, N.T., Kilrossanty, on his having secured a prize in a crossword competition conducted by an Irish Sunday newspaper. Mr. O'Donovan, who is a most estimable neighbour, has been successful in similar tests of skill on previous occasions.

Removing—

Did you ever get "roped in" to give a hand when anyone was removing? It seems a simple enough job, but when you actually come to do it, it gets a bit more involved. Rooms have to be painted, walls papered, floors scrubbed, and dozens of other things attended to, and as most of us are only amateurs at this kind of work, things have a queer knack of getting into a mess.

Removing seems to bring out some dormant quality in a man. It changes him absolutely. He can be persuaded to scrub floors till he almost develops housemaid's knee; he'll set to with a will and lime-wash the yard; in general he'll do jobs that normally he would shun with manly horror. On the other hand, the wife gets most considerate, she'll ask him if he likes the wallpaper for the kitchen; she'll invite his opinion about new linoleum and all sorts of things. At other times the very idea of consulting her worthy spouse would not occur to her.

The hardest job of all seems to be papering the parlour ceiling. Painting and paper-hanging is child's play to it. The paper will persist in coming down, and when we stick in drawing pins and a few tacks to keep it up it then wrinkles. The only plan seems to be to flatten it out with a smoothing iron and hope for the best. Of course, it might have been the paste; no matter how you make paste it seems to be all lumps and you can't very well start and pick them out when there's so much to be done.

A step-ladder is a very handy thing to have; it saves you from putting a chair on the table and balancing on it. Make sure that the rope on the steps is secure—it gives you a queer sinking sensation in the stomach when they suddenly collapse! And, under no circumstances, leave soap lying about; soap's another thing that can let you down badly!

Don't boast about your strength. If you're not careful you'll find yourself staggering up stairs with a bed or a wardrobe on your back. Chairs are tricky things to carry upstairs; if you put them back-to-back you can manage four at once, two in each hand, but take a tip gained from painful experience—don't try it!

Yes, removing is a job that calls for strength; if you're ever thinking of making a shift, take a couple of raw eggs and half an hour with the chest expanders every morning for a month before it. You should then be in good enough form to tackle anything—or, better still, get the

house decorators-in and let them do the job.

The Holiday Snap Bore—

"I'll let you see it, but you mustn't keep it for it's the only one I've left," so said a girl in a bus out of Kilmagthomas the other day as she leaned forward to a young man on the seat in front. "It" of course, was a snap of the girl herself. The chap looked at the little square of paper; said, "a goodun," and handed it back. Whereupon the girl stuffed the picture in her bag, folded her hands and looked quite cross. Perhaps she had more than one left and, anyway, if you want to please, you must seem anxious to have such things for keeps.

Now don't imagine we advise doing anything that would tend to increase this holiday snap craze. Far be it from us! By all means, let holiday-makers, trippers and others take as many snaps as they like. Let these be looked at, laughed at, exchanged and treasured up. If, in dead of winter, the sight of a carefree face screwed in the summer sun enables one to endure the cold better we should not worry. But when we are called on to examine five or six dozen snaps, none of which can possibly interest us, that is a different matter.

One by one they are trotted out. "There's the hotel we stayed in. And that's the landlady—no, that's the sundial. This is her, here. Here's mother in a bathing costume. What's that? 'Oh, well, that's the bathing box; she's inside. And here's Mary. She's going with Bill. And this is—oh, you know! He! He!"

Then, of course, there's uncle Joe, standing solidly on a doorstep, and over his head is the legend—"off or the premises." On they come, scores of them, and the sum seems to be forever blazing in their eyes. You must look at them, and you are lucky if you don't have to find something nice to say about each.

The family album used to be the terror of evening visitors. They were forced to spend many a quiet hour looking at photographs of the host's friends and relatives, many of whom had long since died. But we've never heard of anyone carrying such a volume about with him. Once out of his house you were free. Now pockets and handbags are full of the stuff.

To escape the holiday snap bore has become almost impossible. You find them on trains and buses, and on the street. One indiscreet remark may loosen upon you a torrent of prints. A holiday you didn't have; a big day you unfortunately missed and, at once, there appears an armful of snaps.

They tell us that by taking a snap of a face with which you once spent a pleasant hour, of a place where once you were happy, you have something that may later help you to recall the pleasure and recapture the thrill. Now, we ask you, what thrill will a snap of your farming uncle's goat help you to recapture (unless, indeed, you have at one time escaped his horse). Yet such things are often photographed. You may meet people with snaps of everything from a calf to a spire, and from a girl in a swim-suit to a reclining female entirely hidden by her feet. And

through them all comes the snag-song "Did You Hear?"

That sterling sportsman Tom Fleming and his excellent executive have arranged to convey all horses to and from the Tramore August Race meeting? (This should ensure large fields in all events.)

That members of the General Electric Company, Trinity Street, Dublin, experienced a most enjoyable day's outing in Waterford and Tramore, the arrangements for which were made by the G.S.R. Excursions Dept?

That in the recent World Bridge Olympic in which more than 2,000 cities participated, the North-South winners were, Dr. N. Purcell and Mr. W. N. O'Leary, of Tramore?

That Mr. Joseph Barron, N.T., who has secured the degree of Bachelor of Arts of the National University, Dublin, was principal for a number of years of the Kilmagthomas Boys' National School?

That Anestown Anne knows how to give even the Metal Man HER own way? That boneless frog legs ready to fry are not being packed in cans in Kill? That Saturday last week was the wettest and wildest day of the season to date in the experience of Mid-Deise dwellers?

That popular Paddy Gough won both the Hurling Puck and Football Place Kick events at the newly-formed Dunhill Athletic Club's initial sports meeting?

That the local Fire and Drum Band heightened the glamour and gaiety of the proceedings at frequent intervals by selections of stirring National airs?

That the monster attendance included the good priests of the parish, Fr. Morrissey, P.P., and Fr. Slattery, C.C.?

That the promoters had the valuable assistance of Messrs. W. J. Nolan (official handicapper and starter to the N.A.C.A.), Dungarvan, and Liam Gallagher, Waterford (this well-known veteran athlete is a native of Touraneau parish), in getting through their fine programme?

That the Rose of Rathormack was really the belle of the Old Borough Show Dance?

That during the great frost of July, 1854, a roe was roasted whole upon the surface of Lake Coumshingaun, which was then frozen over?

That several stout-hearted sons of the neighbouring seaboard side "biked" to and from Clonmel on last Sabbath Day?

That the latest General Election was the least costly campaign fought in the Emerald Isle since the Parnellite days?

Thursday—

Was Show Day at Dungarvan, and our country cousins brought to town fragrance of the farm. The horses and the cattle and the sheep, the swine and the poultry were at their best, and seemed to proclaim in a language of their own: "What a big noise are we in the life of Munster." Granted. In the animal world there is no such thing as CROONING. Their vibrations must be free and full-throated, and why not? In the wide spaces of the Old Borough Show Grounds our live stock on Show day enjoyed the fullest measure of emancipation—at least vocally. Traffic to and from the Show was of mammoth proportions. The Show Management must be congratulated on the all-round success of their fixture.

Deep Regret—

And sincere the sorrow felt at the passing of Mr. Pat Fitzgerald, of Shanbally, who was for a considerable number of years a valued member of the old Kilmagthomas Board of Guardians and Rural District Council, and of the Waterford Co. Council also. Throughout his honour-crowned career this true-hearted Irish Catholic had made many friends, and his death following so closely that of his brother (the late Mr. Thomas Fitzgerald, Moonarud) adds to the regret. The following are the teachers of the successful local students:—Mrs. K. M. Higgins, Miss Anna Lawton and Dominick U. Loinigh.

These particulars hold a useful moral for our girls and boys. As has been often repeated in other quarters for some time past: the Irish people, young and old, devoted too much time and attention to amusement. There is often more real pleasure derived from work well done than in mere amusement, no matter how amusing.

I propose to begin with the history of the Parish of Ballyduff, which I am sure will be of interest to all readers of the "Observer," here, and later to note the general story and principal objects of interest in our own locality.

The Sea Breeze Trains—The recent public condemnation of the conduct of a substantial number of those availing of the Sunday "Sea Breeze Trains," caused somewhat of a sensation more than locally.

It is well known that the old Church of this district was at Mocollop up to the time of the destruction of Catholic Churches under Henry VIII and Elizabeth of England.

Guard Twomey, Villierstown, summoned Patk. Lynch, Clashmore, and Edmond Whelan, Dungarvan, for using bicycles without lights, and they were fined 2/6 each.

In a case at the suit of Guard Deviney, Cappoquin against a local small farmer, for cruelty to animals by working a donkey while lame, the defendant stated that the donkey was all right as he was leaving the house, but later picked up a loose nail on the road which pierced the animal's hoof and caused it to go lame.

Amongst the young priests ordained in the Cathedral, Waterford by Most Rev. Dr. Kinane, on last Sunday week was the Rev. James Walsh, who has been ordained for the Diocese of Waterford and Lismore.

Amongst the young priests ordained in the Cathedral, Waterford by Most Rev. Dr. Kinane, on last Sunday week was the Rev. James Walsh, who has been ordained for the Diocese of Waterford and Lismore.

There were two local successes at the recent Examinations in University College, Cork, Miss M. M. Condon, daughter of Mr. Justin Condon, was successful in her second Examination. Mr. M. Kennedy, son of Mr. J. Kennedy, Chairman of Blackwater Fishery Conservators and Mr. B. Millerick, son of Mr. E. Millerick, N.T., Gurtroe, passed their first examination with Honours.

The Little Flower—A most interesting picture, "The Life of the Little Flower," was shown at the Regal Cinema, in the afternoon, and evening on Monday.

CAPPOQUIN DISTRICT COURT.

(Before Mr. G. P. Farrell, B.L.)

Heavy Fines For Poaching—Mr. Thomas Drohan, Malloy, Secretary Lismore Board of Fishery Conservators, prosecuted Michael Lewis and Philip Duffy, Villierstown, Cappoquin, for illegally using a net for salmon fishing on the river Blackwater during the weekly close season on Sunday night, April 23th.

Mr. John L. Keane, solr., Youghal, appeared for Mr. Drohan, but the defendants were not professionally represented. William Aherne, Water Bailiff, stated that on Sunday night, April 23th, he and another bailiff, John Boland, left Villierstown quay in a boat about 11.30 p.m. and proceeded down the river to a point about 300 yards below the quay.

Witness called both of them by their names, but when their boat was closing in on the cot, Duffy shoved her off with the paddle of the cot, which was then rowed in towards the bank where the defendants got away through the bog.

On examining the cot he found a bag and net in it, but there was no trace of a salmon there.

On being asked by the Justice if he had any questions to ask the witness, the defendant, Lewis, made certain serious allegations against him, which Aherne stoutly denied.

John Boland having corroborated the previous witness in every detail, the defendant, Duffy, admitted the offence, and said as he had been out of employment for some weeks previously he went out fishing on that night in the hope of catching a salmon and was sorry for the offence.

Mr. Keane, solr., said the minimum penalty for this offence was a fine of £10 in each case.

Mr. Drohan said that in view of the attitude adopted by Lewis he would ask for a heavy penalty in his case, but as Duffy had met the case fairly, and admitted the offence he would like to have some discrimination made between them as regards the penalties to be imposed by the Justice.

Mr. Keane then suggested withdrawing the case against Duffy, but Mr. Drohan said he would not wish to do that, as it may lead to certain comments being made outside, but if Duffy presented a petition for a reduction of the fine, he would support it.

The Justice said that he was not concerned with the charges made by Lewis against Aherne, as this was a matter for another place, and he then imposed a fine of £10 on each defendant.

Cases Adjudged—Owing to the solicitors concerned being unable to attend this Court, a number of important cases were adjourned to the July Court.

Weights and Measures Act—Nominal fines were imposed on some local traders for technical breaches of the Weights and Measures Act, in which the complainant was Sergt. Nolan, Weights and Measures Inspector, Dungarvan.

No Lights—Guard Twomey, Villierstown, summoned Patk. Lynch, Clashmore, and Edmond Whelan, Dungarvan, for using bicycles without lights, and they were fined 2/6 each.

"Burned The Nail."—In a case at the suit of Guard Deviney, Cappoquin against a local small farmer, for cruelty to animals by working a donkey while lame, the defendant stated that the donkey was all right as he was leaving the house, but later picked up a loose nail on the road which pierced the animal's hoof and caused it to go lame.

Defendant—Well, all the "old people" say that by burning it, no future harm will come to the animal (laughter). Defendant was let off with a nominal fine of 1/-.

Recent Ordinations—Amongst the young priests ordained in the Cathedral, Waterford by Most Rev. Dr. Kinane, on last Sunday week was the Rev. James Walsh, who has been ordained for the Diocese of Waterford and Lismore.

Father Walsh is son of Mr. Edmond Walsh and Mrs. Walsh, Farnane, Millstreet, Modeligo, and has an uncle, Rev. P. Walsh, in the Priesthood, who has been on the Australian Mission for many years, and we now beg to congratulate this young priest and his popular and respected parents in Farnane on the happy and auspicious occasion.

Other students raised to the Order of Priesthood on the same occasion included Rev. Charles Lawn (for the Diocese of Waterford and Lismore), and Rev. Nicholas Lawn (for Liverpool), both of these being brothers of Rev. J. Lawn, C.C., Lismore.

The three reverend gentlemen are sons of Mr. Charles Lawn, Draper, The Square, Dungarvan, and Mrs. Lawn, do, who should now feel proud of the high distinction of having no less than three sons in the Priesthood, as we think this is a rather unique record for the County Waterford, and the people of Dungarvan should feel specially proud of this rare distinction for the "Old Borough" and the warmest congratulations of all are due to Mr. and Mrs. Lawn on such a high and brilliant achievement.

CAPPOQUIN NOTES

A Peaceful Election—Not within living memory has any election campaign been conducted in such a peaceful, orderly, and even good-humoured manner, in Cappoquin as the one which has been brought to a close this week.

On previous occasions the supporters of the rival Parties frequently came into conflict, life-long friendships became broken or estranged, and in many cases violent assaults were committed when the Irish blood was roused to fighting pitch, but, thank God, all that is now changed, and the young men of to-day have shown a welcome return to sanity, common sense and self-respect, and have cultivated a proper spirit of toleration towards each other, and each has decided to allow the other to hold whatever political views or opinions he may have.

Cappoquin in the past had earned a rather unenviable reputation owing to the stormy scenes witnessed here at each election, but on this occasion a grand spirit of restraint and toleration has been manifested on all sides, which redounds to the credit of the young men of the historic "Cornerstone."

This was amply proved when the Fianna Fail candidates held the first of the election meetings here on Sunday evening week, when the best of order was maintained, and the same applies to the meeting of the Labour Party on the following Tuesday night, and also to the meeting held by Ald. Jones and his Party on Thursday night.

Not only was there no disorder or interruption at those meetings, but there was also a strange lack of enthusiasm compared with previous elections, and the cheers and applause which had usually punctuated similar meetings in the past were also missing, which caused one of the speakers to remark to the writer, "I'm afraid the days of enthusiasm are at an end in the County Waterford."

It was not until the Fine Gael Party held their first meeting here late on Sunday night, which was addressed by Mrs. Redmond, Messrs. Nicholas Wall, John Butler, and T. Forde, Wexford, that there was a real outburst of cheering and enthusiasm, which was reminiscent of old times, and this was, undoubtedly, the largest meeting held here throughout the election campaign, and was marked by the same good order and freedom from interruption which had characterised all the previous meetings.

Whatever way the election goes in the County Waterford, Cappoquin has certainly acquitted itself in the most orderly and honourable manner, for which all here deserve to be heartily congratulated.

High-Class Entertainment—The people of Cappoquin have been enjoying a first of really high-class entertainment this week owing to the "Welcome Visit of The Revellers Dramatic and Variety Co." which opened a week's engagement in the spacious Boathouse Hall on Monday night where they have been playing before large and appreciative audiences every night since.

The programme consists each night of charming Variety "turns" and comedy, a popular Drama and a screaming Farce, and as each member of this talented company is a "Star" performer, the programme is proving a rare source of pleasure and entertainment for all.

This popular Company will visit several parts of East Waterford shortly and should be well supported everywhere.

"Talkie" Pictures For Cappoquin—Another welcome form of entertainment will be started here on Thursday night, July 8th, when the "Super Sound Cinemas Co." will present a grand programme of "Talkie" Pictures, including some of the finest films shown anywhere on the screen at present.

It is intended to have this entertainment only one a week—every Thursday night—and the public may rest assured that with the most costly and modern "Talkie" machine, the pictures will be clear and bright, and the sound perfect in every respect, so that we shall have some clean and healthy form of amusement to entertain us during the coming weeks.

Look out for an important announcement in our advt. columns in later issues.

GAELIC NOTES & NOTIONS

By "CROTOG"

The All-Ireland Hurling Championship for 1937 is over! At Clonmel last Sunday the all-conquering men of Garryowen, the reigning champions whose hurling prowess and brilliant record-breaking achievements had mesmerised for so long the Gaelic Ireland, met their masters in a dashing young team of heroes from the Deise. I cannot refrain from exulting in the accuracy of the prophetic note which was sounded in these columns last week—the David-Goliath episode was indeed re-enacted, but who could foresee the tragic sequel to the last desperate dying kick of the fallen giant?

That heroic never-to-be-forgotten game in historic Clonmel will long hold pride of place in the Gaelic Annals of Ireland. Not one in a thousand of the huge crowd lucky to be present had the least expectation of the sensation in store. First incredulity, then amazement, and then exultant pride and joy consumed them as they beheld the hitherto invincible Champions frustrated on all sides in their endeavours to notch another spectacular victory. Though non-plussed by the Deices' methods, Limerick launched their usual first quarter offensive and hugging with all their ruthlessness and reckless snook tactics tried to sweep their opponents off their feet. Their attack was answered in kind; checked and repelled, a long first half with a favouring wind saw them with the meagre half-time lead of a goal.

The St. men sprang to the attack on the resumption and a few minutes desperate barrage brought the equalising goal. Limerick, disconcerted, pulled out all they knew in a new effort to control the game and clinch the issue. A goal restores their confidence, but only for a few fleeting moments. Waterford, mobilising all their resources hurl themselves on the Limerick lines. With their backs to the wall the Garryowen defence fight back but no living force could keep out the fiery Deices forwards who swarm in on all sides for an amazing goal. Baffled and reeling, Limerick lash out with the courage of despair; but their morale is broken and their confidence vanishes. Staggering before the hammer blows of the Waterford attack, Tom Greaney's fateful point appears the knock-out blow. The Deices are in control and the champions are beaten to the ropes. Eager for scores the Deices forward bombard the Limerick goal: One man and one man only, Paddy Scannlan, saves the harassed champions from being utterly routed. The time is up and all eyes are on the referee and all ears are strained for the final whistle. No sound. Watches are out, all makes and kinds of watches, stop-watches and non-stop watches, wrist watches and pocket watches. The referee seems the only one who has not a watch. The minutes pass— one, two, three, four, five. What has happened? Waterford, with victory well and truly won, lack off as they await the call of time now seven minutes overdue. Limerick, weary, wide-eyed and wondering, rise from the depths of despair to seize the proffered gift of gods and referee and, by the most amazing stroke of luck ever witnessed on an Irish hurling field, flash home a goal in the thirty-eighth minute after the second half-hour had been started. Contention! Universal and unutterable! The referee's belated whistle a few seconds later rings down the curtain on the most amazingly dramatic hurling epic in the annals of the G.A.A.

Men in the Deice! How high your heads! The athletic valour of your young men and the sporting instincts of your people were nobly embodied last Sunday. No crowd has ever witnessed such admirable restraint as did those Waterford spectators. The doubters and the critics and the scribes who in the past were all so eager to malign you now haste to pay you tribute. Those who formerly threw bricks now present bouquets. And why? Because your young hurlers have proved themselves the finest and the grandest and the most dashing team in all Ireland. They have captured the imagination of the public and won the admiration of the Gaelic race. Theirs is the honour, theirs is the pride and theirs is the glory of having shattered the spell-binding dominance of Limerick on the hurling field. But alas! to them is denied the fruits of victory. They have achieved the seemingly impossible only to find themselves robbed of their reward. They have climbed the Olympian heights, only, on gaining the summit, to be hurled precipitately, by an influence they knew not of, into an abyss of doubt and dismay. Has ever yet a team had such a galling experience? The flush of victory changed to the awful heart-searing pangs of defeat in one fell stroke! No Waterford man who saw it can ever forget that tragic anti-climax and the bitter-sweet memories of that glorious hour will never fade from his mind.

The angry murmurs roused by the unaccountable prolongation of the second-half hour's play have swelled into a mighty roar of wrath throughout all Munster, and far beyond. Public opinion everywhere is unanimous that the time was altogether wrong and that Waterford won the match fairly and squarely. It is an extraordinary thing that play should have been continued for eight minutes after the half-hour had ended and that a goal scored in the last minute of this unwarranted extra time should decide the issue. No wonder the demand for redress for the wrong done to Waterford is so insistent. The fact is indisputable. Waterford has appealed to the Munster Council protesting against the referee's action in allowing the game to be continued so long after the regulation time. Developments are anxiously awaited. A crucial moment is nigh with far-reaching consequences for the G.A.A. in Waterford has arrived.

EAST CORK JOTTINGS

Kilteague—The project of the erection of new schools for Kilteague is being seriously tackled at the moment, and the Parish Priest is pushing the matter ahead as vigorously as possible. The necessary grant by the Educational Authorities has, I understand, been sanctioned (at least the preliminaries have been arranged) and it is now up to the parishioners to do their part. This, of course, they are quite prepared to do, for everybody understands the urgent need to provide proper accommodation for the education and general instruction of the youth of the parish. The old buildings are certainly unsuitable for the purpose for which they were intended, and from a structural point of view leave much to be desired. Standing as they are directly in front of the Church, they do much to spoil the view of that beautiful building, which is really one of the loveliest in the county and a lasting monument to the piety and devotion of the people of the parish. A new site is being selected for the schools and it is hoped that the work of having them erected will soon be undertaken.

Mount Uniacke Sports—Fine weather favoured the promoters of the Mount Uniacke Sports last Sunday, and the fixture was accorded a good measure of public patronage. At intervals during the evening there were exhibitions of Irish step-dancing by well known experts from Middleton, Castlemartyr, etc. Details: 3 miles cycle road race D. McCarthy, 1; D. Sexton 2. INCH NOTES

G. A. A.—Two very interesting hurling matches will be played in the Inch grounds next Sunday July 11th, the teams engaged being Inch v. Knockmore and Kilmacnaha v. Youghal. The first match will start at 2 p.m., and the second at 3.30 p.m. The Inch pitch is one of the very best in the county and the committee are leaving nothing undone to have everything in first class order for the occasion. There is sure to be a big attendance for all the teams concerned have strong followings. Inch and Knockmore met a few weeks ago and after a gruelling match Knockmore emerged winners by the narrow margin of a point. On the present occasion the local team are out to reverse this decision, and are confident of their ability to do so. Knockmore are full of enthusiasm however, and will prove a very tough proposition. It is quite safe to predict that there will be a very few dull moments in the game and the issue will be in doubt up to the final whistle. Kilmacnaha v. Youghal—This match should provide plenty of thrills for the contestants are old rivals and experienced hurlers. Kilmacnaha are a fast clever lot and are well versed in all the fine points of the game. In the championship matches they have played, they gave a very good account of themselves, and can be relied on to give of their best on Sunday. Youghal at the moment are an unknown quantity, being newly reorganised. They have certainly some very capable and clever hurlers, but they have not been playing together for some time back. Their services have in fact been at the disposal of every club that required them, and a considerable asset they have been too. Now that they have come back again to fight under the banner of the home club they should prove an extremely strong combination and Kilmacnaha will have the struggle of their lives to wrest the laurels of victory from them.

The 45 Drive—The "45" Drive organised by the Inch hurling club was brought to a conclusion last Sunday. There was a good attendance, many of the veteran card-players of the district who never miss an event of this kind being present. The final was particularly interesting, eight couples being engaged and the score reading two all. First prize was eventually won by Messrs. T. O'Mahony and T. O'Keefe. The second prize to Dan and John Leahy, Barrowdow.

At a special meeting of the Inch hurling club, Fr. Browne, C., presiding. A vote of condolence was passed to Mr. Roger M. Kennedy, Knockgrange, on his bereavement occasioned by the death of his mother, Mr. Kennedy is, and has always been, an outstanding sportsman. Quite recently he placed his very fine field at the disposal of the hurling club, and has done everything in his power to facilitate them in every possible way.

A GRAND GARDEN FETE and a host of ATTRACTIVE ENTERTAINMENTS Will be held in BELLEVILLE PARK, CAPPOQUIN, ON THURSDAY AUGUST, 26th (by kind permission of Mrs. R. H. Keane). Proceeds will be in aid of the Cappoquin Point-to-Point Race Fund. Full particulars in future issues P. WALSH, M. J. SARGENT, Hon. Secs.

One farmer sprayed his potatoes against "blight," and dug up an average of 2½ tons of potatoes per statute acre more than his neighbour who did not spray, but just let his potatoes grow. That is no "tall" story. Two and a half tons is the increased yield per acre given by spraying, proved in experiments over a period of five years by the Irish Department of Agriculture.
