DUNGARVAN URBAN COUNCIL

THE WATER IMPROVEMENT SCHEME

FURTHER EXPENDITURE REQUIRED

Mr. M. Morrissey, T.D., Chairman, presided at the Finance meeting of the above on Friday. Also present—Messrs. J. McCarthy, Vice-Chairman; J. Dahill, J. J. Crothy, J. F. Foley, J. Mansfield, M. Connors, and P. Byrne.

Payments
A paysheet for 19 2s. 4d. week's wages, etc., and a further paysheet for 1937 odd was passed.

Lighting
Mr. Dahill drew attention to the fact that the new light recently erected on the wall of the Town Hall was not lighting for two nights in succession.

It was decided to call attention to the fact that Mr. Dahill—Even though it was not lighting, we will have to pay for it.

Mr. Dahill, further suggested that the B.S. and Mr. Walsh meet Mr. Coleman of the E.S.B., and the Harbour Master with a view to making suggestions re better lighting at the lower portion of the quay.

This suggestion was approved.

Waterworks Scheme
Messrs. Delap and Waller, Consulting Engineers, wrote enclosing certificate for £700 to the contractor, Mr. J. Fitzpatrick in connection with work done on the above scheme, and stating the preliminary work of clearing the reservoir and dam sites and the cutting of the trench for the puddle core, together with the preparation of the river bed for the foundations of the tunnel are the only works that have been carried out apart from tests on materials and supply of same.

We have to report that the rock found in the trench for the puddle core of the dam has not been found satisfactory at the depth anticipated and we have had to order the contractor to continue excavations to a greater depth. We will be in a better position to report more fully about this early next month, but there is no doubt that additional expenditure will have to be incurred.

The Clerk said that as regards the certificate for payment to the contractor, he did not know what the Council could do. The mortgage for the loan which must be completed is only before the Council tonight, and no money can be had until these forms are filled up by the Clerk of Works and the Consulting Engineers and returned to the Department.

Mr. Crothy—The total grant and loan is for £6,500?

Mr. J. F. Foley—That will not be enough now. This draft will be approved tonight and will probably be back this night week. In the meantime the contractor is entitled to his money and what are you to do. One thing is certain that you won't get it in the bank without special permission from the Department. He would suggest that a transfer be made from the General Account pending the completion of the mortgage for the loan and grant.

The Council approved of this suggestion.

Heads I Win
Two applications were read for the use of the Hall for practice dances on Friday October 1st.

The applications were from the Committee of the Dungarvan Brass and Reed Band and the Secretary of the Dickens Leather Company's Social Club.

Mr. Crothy suggested that the only way to deal with them was to toss up a penny.

Mr. Foley agreed and called heads for the band, and head it was.

The Band Committee were then granted the Hall.

Foreshore License
A letter from the Ministry of Industry and Commerce re the Council's application for a license to place sewerage outfall works on foreshore at Dungarvan. The letter requested that the Council should forward to the Finance sub-Office of Public Works a remittance of £8 12s. to defray the costs and charges of preparation and execution of the license.

Payment of the amount was ordered.

Sympathy
Mr. J. F. Foley, proposed, and Mr. J. J. Crothy, seconded the following resolutions:—That the deepest sympathy of the Council be conveyed to the mother and family of the late Very Rev. Patk. O'Neill, P.P., Stradbally.

That the Council tender to the family of the late Mrs. Bridget Casey, Congress Villas, its deepest sympathy.

On the proposition of Mr. Connors, seconded by Mr. McCarthy, a similar vote was passed to Mrs. Cody, Shandon, on the death of her mother, the late Mrs. O'Neill, Canty.

RECENT DEATHS

MRS. BRIDGET CASEY, CONGRESS VILLAS, DUNGARVAN

On Monday September 20th the death occurred at her residence Congress Villas, Dungarvan, of Mrs. Bridget Casey, relict of the late Mr. Thomas Casey, Island, Stradbally, Co. Waterford. The late Mrs. Casey was a most amiable and kind-hearted lady, and was held in the highest esteem by all who knew her, and admired her many noble qualities and by whom her death is now deeply deplored.

The deceased was sprung from one of the oldest and most respected families in the County, being daughter of the late Thomas and Mrs. Keane, Ballinaculke. She was sister of Rev. Mother M. Keane, Convent of Mercy, Stradbally; the late Sister Mary Angela Keane (so well known and loved in Lismore where she acted as nurse in the Hospital there for many years), and the late Sister M. Catherine Keane, Kilmacothomas. She was mother of Sister M. Aloysius Casey, Convent of Mercy, Skibbereen; Miss Margaret Casey, Congress Villas; Mrs. P. J. Walsh, Cappoquin; Mrs. T. G. Martin, Bermuda; Mr. R. J. Casey, New York and of Mr. Thomas Casey, County Council Offices, Dungarvan. She was a sister-in-law of the late Very Rev. Peter Casey, P.P. V.C. Dungarvan and the late Very Rev. Michael Casey, P.P., Kilsrossary.

The remains were removed from her late residence to the Parish Church, Dungarvan on Tuesday evening, and were followed by an immense cortege of mourners and sympathisers. On Wednesday morning there was Solemn Requiem Office and High Mass for the repose of her soul. The celebrant was Rev. P. Power, St. John's College, Waterford, (cousin); Rev. T. B. Walsh, C.C., Dungarvan (deacon); Rev. J. Dwan, (sub-deacon).

In the choir were—Very Rev. T. Canon O'Brien, P.P., Dungarvan; Very Rev. M. F. Heame, P.P., Portlaw; Very Rev. P. Dunphy, P.P., Abbeyside; Very Rev. P. Donegan, Prior, O.S.A.; Very Rev. J. Crothy, P.P., Kilsrossary; Very Rev. J. Morrissey, P.P., Dunhill; Very Rev. J. Callinan, Touraneena; Very Rev. J. Fitzgerald, P.P., Cappoquin; Rev. P. E. McGrath, C.C., Dungarvan; Rev. J. O'Flynn, C.C., Youghal; Rev. J. Duffin, O.S.A., Dungarvan; Rev. T. Power, C.C., Portlaw; Rev. M. Power, C.C., Abbeyside; Rev. B. McGrath, C.C., Touraneena; Rev. T. Dunphy, C.C., Cappoquin; Rev. Fr. O'Farrell, C.C., Stradbally; Rev. Fr. Power, C.C., Ballylaneen.

The interment took place in the adjoining cemetery after the celebration of High Mass in the presence of another large and representative cortege of sympathisers.

Upwards of fifty Mass Cards were laid on the grave and wreaths were sent by the following:—From her loving daughter, Margaret, with deepest sympathy from T. Casey and family. "In loving memory, Martha and Paddy." "With deepest sympathy from E. Bell, Cappoquin." "With deepest sympathy from Powers, Caherbrack." "In loving memory from Stella." "With deepest sympathy from E. Villiers Stuart, Dromana," etc.

LATE THOMAS SHINE

Much sympathy is felt for the family and relatives of the late Mr. Thomas Shine, Ballyliffin, Co. Tipperary, who died after a short illness in Dungarvan on Tuesday last fortified by the rites of Holy Church. The late Mr. Shine was possessor of a quiet and generous nature, and the many friends whom he made during his many visits to Dungarvan now deeply regret the passing of a lovable and genuine friend.

The deceased was brother of Very Rev. John Shine, P.P., D.D., who for many years laboured in Australia and of the late Very Rev. Wm. Shine, P.P., Blackburn, Lancashire. His sister is a member of the Mercy Order in Goulburn, Australia, while many other relatives are members of Religious Orders at home and abroad. He was a cousin of Most Rev. Dr. Shine, Bishop of Middleboro.

The attendance at the removal of the remains to the Parish Church, Dungarvan was large, and the very large gathering which attended the funeral, after the celebration of Office and High Mass, to the family burial plot at Dunhill, Co. Tipperary, on Thursday, bore ample testimony to the esteem in which deceased and his family are held.

MR. E. COTTER, TINNISCAT

It is with feelings of sincere regret that we record the death of Mr. E. Cotter, Tinniscat, one of the most respected inhabitants of the district, which sad event took place on the 19th ult., after a short illness, during which he was attended by Rev. Fr. Power, C.C., and from whom he received the last rites of the Church.

The deceased was a most progressive farmer, a sterling Irishman, and a kind neighbour, and was always ready to contribute generously to any charitable object.

The remains were conveyed from his residence to Aglish Church on the 20th ult., followed by a large and representative funeral, which testified to the esteem in which he was so universally held.

The interment took place in the adjoining cemetery on Tuesday 21st Sept., and the last prayers at the graveside were recited by Rev. Fr. Power, C.C. The other clergy present were—Rev. Fr. Kilcockan, Rev. Fr. Murphy, C.C., and Rev. Fr. Power, C.C.

GAELIC NOTES & NOTIONS

By "CROTOG"

A mere handful of spectators were present in Dungarvan Gaelic field last Sunday when Glenn na h-Uidhre and Villierstown lined out in the junior football semi-final. The glamour of the All-Ireland and the lure of the Radio had proved too strong. Nevertheless the empty sidelines did not detract one whit from the earnestness of the match which was a rousing tussle all the way.

Against the wind in the first half, the Villierstown lads failed to score but kept down the Nire account to a mere two points. This was due mainly to the vigorous hard-kicking methods of Tommy and Liam McFarlessy, Lewis Cotter and Jack Tracey who countered all the cool moves of Tobin, Melody, McGrath and Halpin to such purpose that at the interval it looked anybody's game. Though out-ached and over-weighted, the Blackwater team fought with red-terrier doggedness and at times their fiercer strength and cleverer opponents rattled by their tearaway tactics.

Persistent pressure told its tale mid-way through the second half. The Villierstown defence blundered once or twice in giving Halpin too much latitude and paid the penalty each time. This cool forward, playing keenly football, swung the game decisively in favour of the Nire team and some of his scores were gems of opportunism. Though Villierstown fought on with unrelenting vigour, their forwards could make but little impression on the stonewall defence of Mully Ryan, Power and O'Donnell, the form of the latter being amazing for a man of his years. When the final whistle, Glenn na h-Uidhre had won a right hard game on the score of 4 goal 6 points to 1 point.

Mr. Sion and Dungarvan Senior hurlers find out in leisurely fashion the locals were not at full strength while the visitors included Mackey of Mounocin and Carew of Ferrybank instead of the absent inter-county pair, Lynch and Green. The play was good in matches but lacked sparkle generally. Dungarvan won to the tune of 6 goals 5 points to 3 goals 4 points and their victory was impressive enough to warrant a hardening of confidence in their ability to bring off the senior crown. Some of their players are still in need of a gallon but for the most part they showed steps of sound training. Shots as a full-back experiment, showed distinct promise. The goalie, Bloeth, has never before performed so soundly. Dwyer and Daly, good spoilers both, need more snap and speed in their pulling. Barron was the fastest, fittest and best burlier on the field. The Dungarvan forwards were great and combined with telling effect. Dec. Goole has developed a very clever style and flicked out on passes right and left in the manner of the famous MacTear Kennedy. Jonny Murphy's lovely sidestep provided many openings, for Fraher and O'Connor both of whom were quick to find the range of the net.

MRS. T. HARTNETT, MILL ROAD, YOUGHAL

The death of Mrs. Hartnett, Mill Road, Youghal, which sad event took place at Youghal Cottage Hospital, on Saturday September 25th is sincerely regretted by a large circle of friends. Deceased was not in good health for a long time back, but she bore her sufferings with patience and true Christian fortitude, and died a happy and holy death fortified by the rites of Holy Church. Her funeral which took place on Monday last to the family burial ground at Dangan, was of imposing dimensions, and testified to the esteem in which she was held by those who knew her. Her fellow-members of the Confraternity walked in procession in order through the town in front of the hearse, the coffin being covered with wreaths and Mass Cards.

The Clergymen present were—Rev. E. J. Fox, C.C., Youghal and Rev. C. Brew, C.C., Inch.

The chief mourners included—Mr. Mr. Tim Hartnett (husband); Miss Teresa Hartnett (daughter); Messrs. Patrick O'Callaghan (Youghal); Dan O'Callaghan, Inch (brothers); Miss Kathleen O'Callaghan (niece); Mr. T. O'Callaghan (nephew); Mrs. D. O'Callaghan, Mrs. P. O'Callaghan, Mrs. J. Beausang (sisters-in-law); Mr. J. Beausang (brother-in-law); Denis, Mrs. and Miss Nellie O'Shea (Connolly); Timothy O'Donovan, Watergrasshill; Mrs. O'Donovan, Ballinaculke; Miss K. O'Donovan, Rathcorrac; Miss Nellie O'Donovan, Cork; Miss Hattie O'Donovan, Bishopstown; Lismore; Mr. Wm. O'Donovan, Bishopstown; Mr. John O'Donovan, Dunmoo; Mr. J. Bennett, Kilmattomy; Mr. Michael Foley, Knockmoola; Miss E. O'Callaghan, Park Mountain; Mrs. O'Connor, Ballydaniel; Mrs. Parker, Youghal; Mr. Pat O'Keefe, Kilea; Mrs. Wm. O'Keefe, Barnaviddane; Mr. John O'Connor, Ballydaniel; Mr. and Miss Barnidge, Pike House; Mrs. Cooney, Youghal; Mr. E. Daly, Park Mountain; Mr. B. Fitzgerald, Mrs. Crowley and Miss A. McCarthy, Youghal.

The funeral arrangements in the hands of Messrs. O'Brien and Son, Cork Hill, Youghal, were satisfactorily carried out.

LATE VERY REV. P. O'NEILL, P.P.

The following amongst a great many others were inadvertently omitted from the list of chief mourners and friends at the obsequies of the late Very Rev. P. O'Neill, P.P., Stradbally:—Mrs. M. J. Fleming, Youghal; Mrs. Patrick Kierny, Waterford (sisters); Surgeon-Commander A. Fleming, Youghal; Desmond Fleming, do.; Justin and Mrs. J. Condon, do.; John E. and Mrs. Farrell, do.; R. C. Farrell, Vice-Chairman, Youghal; D.C., do.; Mr. and Mrs. Man Youghal; U.D.C., do.; Mr. and Mrs. Kathleen U.D.C., do.; James Curran, Ballylongden, Grange; W. Spratt, do.; Mrs. Cunningham, Ardmore; Mrs. Costen, Tramore; Mr. Jack and Miss Costin, do.; Mr. and Mrs. C. Stephenson, Fairbrook; Miss Stephenson, Ballyduff; Dr. O'Farrell, County M.O.H., Lismore; J. H. O'Sullivan, Co. Secretary; Mr. Bowen, Co. Surveyor; Mr. J. H. Bowen, Manager Provincial Bank; Mr. J. O'Neill, Manager Munster and Leinster Bank and Miss O'Neill; Mrs. Gough Dower, Dungarvan; Mr. W. Lawlor, Hotel; Mr. Jas. Dunne; Mr. W. O'Meara, Town Clerk; Mr. James Curran, Harbour Master; Mr.

SECONDED AND CARRIED UNANIMOUSLY THAT THE TALLOW REQUEST FOR AFFILIATION BE REFUSED.

It was generally felt that the Co. Board had been deliberately and insolently flouted.

Straddally were present to explain their failure to play their Championship tie with Dungarvan in Senior football. They stated that they gave formal notice of withdrawal when the replay was ordered by the Western Board. Their action in playing a Senior Football Tournament in Kill ON THE SAME DAY AS THE ABORTIVE CHAMPIONSHIP FIXTURE was also investigated. The Kill Club are asked to furnish an explanation for promoting the match WITHOUT A PERMIT. Meanwhile, the Board decided to await this before making arrangements for the County football finals tentatively fixed for Kill. As a result of the whole inquiry, it was ordered that all clubs be notified that playing or running G.A.A. matches in the County without a permit from the District or Co. Board was illegal and offending clubs would be liable to suspension.

After an animated discussion, Tom Kynne withdrew his resignation and returned to his old seat on the Co. Board. A letter from Frank Ryan severing his association with the Board was read. In view of the situation created by the revelation of Tallow's non-affiliation, it was decided that the Secretary should write Mr. Ryan to ascertain if he was still anxious to retire.

Waterford's to enter the Second Division of the Football League in competition with Carlow, Wicklow, Cork and possibly Tipperary. This decision will be warmly welcomed by the Decies football public, but by the players more than any. The reproach, common in recent years, that football was being neglected is now no longer justified.

The admission of Westmeath to the Hurling League necessitated a re-arrangement of the ten counties into two groups—the Midland (Group A) comprising the counties Tipperary, Galway, Leit., Westmeath and Dublin. The Southern (Group B) consists of Cork, Limerick, Clare, Kilkenny and Waterford. Once again our chronic ill-luck has asserted itself, for the third year in succession, we are drawn to face Limerick away, on October 17th. Matches being few, competition will be much keener and points more valuable. To be a fighting factor in the League, the Decies must overcome Garryowen in their first match. Our lads have got two weeks or so in which to prepare and, knowing the issue at stake each player should realise the responsibility which rests on him to train and practice and fit himself for the fray.

The team provisionally selected to do duty for the Decies is as follows (it will be noted that Tallow, being unaffiliated, have, no representation on the panel of players):—

G. O'Grady (goal)
M. Hickey C. Ware J. Fanning
W. Walsh J. Keane J. Mountain
T. Greaney and C. Moylan
W. Barron J. Halpin W. Lynch
E. Daly * D. Goode J. Butler *
Subs—P. O'Connor, J. Ware, D. Power, W. Harney, J. Healy, P. Greene.

* This pair, being domiciled in Dublin, may not be available on date of match.

The following dates and fixtures were arranged by the County Board:—Portlaw v. Dungarvan S.H. Final at Waterford on October 10th at 3.15 p.m. Referee—M. O. Donnacha. Preceded by S.F. Challenge De La Sauc. Referee at 2 p.m.

Dungarvan v. Fenor S.F. Final on Oct. 24th. Referee J. Mountain. P. H. Pearce's v. Stradbally M.F. on Oct. 24th. Referee P. Graham.

Both football finals provisionally fixed for Kill. Dungarvan M.H. Final and Kilsrossary v. Glenn na h-Uidhre I.F. semi-final at Dungarvan on October 17th.

Junior Football Final fixed for first Sunday in November.

N.B.—Names and places of Senior Hurling finalists, Portlaw v. Dungarvan, will appear next week.

IRISH SHOE TRADE

The establishment and progress of numerous boot and shoe factories and tanneries in the Free State within the past few years has undoubtedly called for a magazine to cater for the needs of persons engaged in the industry and trade generally.

Mr. Sean Lemass, Minister of Industry and Commerce, in a message to the Journal stated that it would afford a useful medium for the discussion of trade problems, for disseminating information to the trade, and assisting its development. The Journal can be obtained from publishers, price 3d., or from the publisher, Basil Clancy, 27 Westmoreland Street, Dublin.

George Cummins; Mr. Patrick Egan; Mr. J. Barron; Mr. Nicholas Morrissey; Capt. Paddy; Miss May Morrissey, do.; Mr. and Mrs. Ned Mulcahy; Clonmel; Mrs. Edward Flahavan, Kilmacothomas; Mrs. Curran, Mitchell street, etc., etc.

At any rate, the Board gave the shift. IT WAS PROPOSED AND

MID-DEISE MEMS.

On Friday morning of last week, Solemn Requiem Office and High Mass were offered up in the beautiful Parish Church at Ratgormack, for the happy repose of the soul of Mr. Thomas Quinlan, whose mortal remains were rested overnight in the Church. There was an overflow congregation of relatives, friends and sympathisers, all of whom subsequently witnessed the burial of the deceased in the family plot in the Churchyard. The late Mr. Quinlan, who passed hence after a brief illness and at a comparatively young age, was one of the best-known and most progressive farmers in these parts, and belonged to well-connected, highly-respectable family. Arrangements were made by Mr. J. J. O'Connell, of the De G. Co. to have a requiem Mass for the soul of the deceased on the 10th inst. at 10 o'clock.

Sergt. D. Falvey, G.S., Inspector of Weights and Measures, attended at the Courthouse, Kilmacthomas for the past eight or ten days, when he tested and stamped all the scales, weights and measures presented from all parts of the District Court area, in compliance with the law compelling this periodical inspection of same.

Kilmacthomas September fair, held on Tuesday, was small and composed chiefly of store cattle. Trade ruled slow, and there were no noteworthy price movements. Calves were £3 to £4; yearlings and 1-1/2-year stores, £5 to £6; 2-year stores, £7 to £8; good springing cows, £10 to £12; and strong store cattle £9 to £10, a head. In the sheep section breeding ewes made £2 5s. to £2 15s.; shearlings, £2 15s. to £3; and quality lambs for breeding purposes 37/6 to 45/- a head. Pigs—brood sows, £7 to £9; suckers, 25/- to 30/-.

On the proposition of Mr. Maurice Connors (Hon. Secretary), seconded by Mr. Tommy Power (Captain), the members of the Faha Gaelic Football Club, at their latest meeting, unanimously passed a vote of condolence with their universally-esteemed colleague, Mr. James Higgins, in his recent sad bereavement occasioned by the death of his brother, the late Mr. Patrick Higgins, Carrigahilla, Stradally (whose premature passing was published in last week's "Observer").

During the past few nights the Mahon Valley has been enveloped by dense fog belts from the sea. The sound of ships sirens at frequent intervals can be clearly heard at points far inland these nights.

The Pan-American Flying-boat, Clipper II, proceeding from Foyens Air Port to Southampton, passed over Kilmacthomas on Tuesday forenoon, travelling at a very high altitude.

We had it from a number of farmers who were at Kilmac fair on the 28th ult., that the root crops doing best in Mid-Deise are beet and mangolds. Turnips appear to be damaged in many towalands by ravages of "Finger and Toe."

In this area, as was doubtless the case elsewhere, exceptionally keen interest was manifested in the Kerry-Cavan clash at Croke Park on Sunday last, and hundreds listened in to the masterly broadcast of the truly thrilling tussle uttered by the Very Rev. M. Hamilton P.P., the well and popularly known Chairman of the Clare County Board, G.A.A. Kilmac was a big centre for listeners, while in scores of farmers' houses there were groups of neighbours all eager to hear the story told straight from the record-crowded scene of the memorable match. Local Gaelic who made the journey to Dublin on Sunday are all bent on battering the trail to Headquarters again on to-morrow (Sunday) week to see the replay game.

In a game of 200 up, at billiards, played on the table at the Temperance Hall,

Kilmacthomas, Mr. T. Scurry, Railway Road, opposing his brother, Mr. William Scurry, who is caretaker of the Hall, made a break of 97, unfinished, to win the match. By the way, it will be interesting to recall that to the defeated cueist, just named belongs the honour of having the biggest break as yet recorded on the said table, viz., 139, which he performed in the Members' Tournament of 1920.

Not within the past score of years have blackberries and mushrooms been so plentiful in Mid-Waterford as they are this year.

Fully fifty couples danced to the strains of O'Brien and Weldon Brothers' Band in Baldwin's Hall, Kill, on Sunday night last, and the function proved most enjoyable.

An acid test of the popularity of Tramore will be the race meeting there on Thursday, October 14th inst, which Mr. Tom Fleming has promoted in lieu of the abandoned fixture at Tralee. It is not by any means too late in the season to enjoy a good day's racing at the seaside, and no doubt, there will be a grateful response from owners in appreciation of the opportunity given them of winning a stake which, but for this enterprise, would have been lost them. Horses are being conveyed free both ways, a steadily increasing concession from executives now-a-days, and it is with confidence that one can anticipate a big entry for all the events.

Tomorrow (Sunday) night's Grand Cinderella Dance in the Pike Hall, will, we hear, be patronised by dance-lovers from Clonea-Power and Rathgormack, Ballyneen and Stradally, and from several other centres throughout the Barones.

RECENT DEATH.

MISS NORA CODY, FORMERLY OF TALLOW.

The death of the above citizen lady took place recently at the residence of her niece, Mrs. Edward Kirby Ballymurphy, Conna, Co. Co. Deceased was 86 years old, and was until about three years ago employed as Gatekeeper at St. Joseph's Carmelite Convent Tallow, in which position she rendered devoted service to the Community for a period of forty years, until advancing years and infirmity caused her to seek retirement, and then only when compelled to, as she loved the Convent and grounds, and particularly the Convent Chapel.

She was of a most unassuming and kindly disposition, and during her long sojourn in Tallow made a host of friends, all of whom regretted to learn of her demise. Very Rev. M. Ahrn P.P. and Rev. Twomey, C.C., attend at the removal of the remains to Conna Parish Church, and celebrated Requiem Masses for the repose of her soul. They also attended the funeral, which took place to Aghern, Cemetery, where interment took place, and recited the last prayers at the graveside, in the presence of a large congregation of friends and sympathisers.

The chief mourners were Mrs. Ryan Ballynoe, Mrs. E. Kirby Ballymurphy, Mrs. Horan Fermoy, Mrs. Hurley Ballynoe, Miss K. Walsh Conna, nieces Messrs. David, Batt, and John Walsh Conna, (nephews). Mr. and Mrs. Leahy Ballytrasna, Mr. J. and Miss Collin Ballymurphy, Miss E. Leahy Conna, Miss M. Hurley Ballynoe, Mr. P. and Mrs. Beecher Longarville, Mrs. T. Hurley Ballynoe, Misses K. and M. Hurley Ballynoe, Mr. Thos and Mrs. Heffernan Conna, Miss Lawton Tallow, (Relatives).

G. A. A.

Glenn na Uidhre 1-5
Villierstown 0-1

At the Gaelic Field, Dungarvan, on Sunday last, and before a fair crowd, Glenn na Uidhre qualified to meet Killoosanny in the semi-final of the Western Junior Football Division. Those teams had previously met, Glenn na Uidhre having captured the honours, but an objection lodged by Villierstown to the illegal constitution of the opposing team being upheld a replay resulted.

This game had aroused much interest of late, although it was the general opinion that victory was not going to change hands. The Nire XV—every man a six-footer—were the finest set of fellows that appeared in the Gaelic Field for many a day. But their display did not come up to expectations. Villierstown on the other hand while minus some of their outstanding players were a very light combination and deserve great credit for the display they gave against such a powerful team as Glenn na Uidhre.

From the start Glenn na Uidhre attacked and kept their opponents under heavy pressure. In defence, Villierstown were sound and their goalkeeper saved some rasping shots time and again. After 15 minutes play the Nire man led by a point and Villierstown seemed to be waiting them down as play was transferred to the Glenn na Uidhre end and their goal had a few narrow escapes. A few desperate scrummages in front of the Villierstown goal were staved off, and both teams were seen to follow the ball all over the field. Villierstown conceded another point before the interval. Glenn na Uidhre had the best of matters during the first half, although playing against a slight breeze.

The half-time score read—
Glenn na Uidhre 0-2
Villierstown 0-1
On resuming, Glenn na Uidhre had the breeze in their favour, and were away for a point. Keeping up the pressure they now dominated play, but the Villierstown defence held out well. Play was very rough, and on a few occasions owing to the keen tackling of both sides the referee had to call a halt and warn some of the players. Free's also became numerous, Villierstown being awarded the lion's share. Eventually, Glenn na Uidhre scored a goal, and were in hard luck to be disallowed a similar score. They registered 3 more points, and in the closing stages of the game Villierstown made a final burst to gain their first and only score—a point.

The full-time score read—
Glenn na Uidhre 1-5
Villierstown 0-1

The Nire lads now meet Killoosanny in the Western Final and a dour struggle is expected. The teams are very evenly matched. What the Comeragh lads lack in weight and physique will be more than made up for in skill and knowledge of the code. The Nire team had a fairly clear passage so far, but I think there will be a halt called soon, if Killoosanny reproduces some of their previous form. We venture to state that at the final whistle there should only be a very slight margin dividing both teams.

GUNS IN HOME

He Is A Collector

When Anthony Jaspardo, plumber and musician, who has a flat in Longford Terrace, Moakstown, Co. Dublin, was accused in Dublin Police Court yesterday of being in possession of firearms, it was stated that he had—

One muzzle-loading rifle, three Martini rifles, one ball-loading rifle, one short Ulster rifle, two silver-mounted horse pistols, three blunderbuses, one Arab muzzle-loader, one B.S.A. service rifle, three horse pistols.

His mother said he had been collecting the weapons as a hobby since he left school. He was not a member of any organisation, and had used the guns to decorate the walls of his flat.

Mr. McCarthy, imposing a fine of 20s, advised Jaspardo to give up the hobby and concentrate on his musical instruments.

TRAMORE HOCKEY OFFICIALS

Mr. Richard Power was unanimously re-elected President of Tramore Hockey Club for the tenth successive year. Other officials elected were: S. Murphy and D. Robinson, joint Secs.; W. H. Grubb, Hon. Treas.; W. Walsh, Captain; S. Moore, Vice-Captain; Miss N. Gaulfield, Ladies' Secretary; Miss A. Bowe, Ladies' Captain; Miss S. Power, Ladies' Vice-Captain.

MID-DEISE MEMS.

On Friday morning of last week, Solemn Requiem Office and High Mass were offered up in the beautiful Parish Church at Rathgormack, for the happy repose of the soul of Mr. Thomas Quinlan, whose mortal remains were rested overnight in the Church. There was an overflow congregation of relatives, friends and sympathisers, all of whom subsequently witnessed the burial of the deceased in the family plot in the Churchyard. The late Mr. Quinlan, who passed hence after a brief illness and at a comparatively young age, was one of the best-known and most progressive farmers in these parts, and belonged to well-connected, highly-respectable family. Arrangements for the funeral were made by Mr. J. J. De Go rath a nam.

Sergt. D. Falvey, G.S., Inspector of Weights and Measures, attended at the Courthouse, Kilmacomas for the past eight or ten days, when he tested and stamped all the scales, weights and measures presented from all parts of the District Court area, in compliance with the law compelling this periodical inspection of same.

Kilmacomas September fair, held on Tuesday, was small and composed chiefly of store cattle. Trade ruled slow, and there were no noteworthy price movements. Calves were £3 to £4; yearlings and 1-4-year stores, £5 10s. to £6 10s.; older stores, £7 to £8 15s.; good springing cows, £10 to £12; and strong store cattle £9 to £10 10s. a head. In the sheep section breeding ewes made £2 5s. to £2 15s.; shearlings, £2 15s. to £3; and quality lambs for breeding purposes 37/6 to 45/- a head. Pigs—brood sows, £7 to £9; suckers, 12 to 15 weeks, 35/- to 42/6; small suckers, 25/- to 30/-.

On the proposition of Mr. Maurice Connors (Hon. Secretary), seconded by Mr. Tommy Power (Captain), the members of the Faha Gaelic Football Club, at their latest meeting, unanimously passed a vote of condolence with their universally-esteemed colleague, Mr. James Higgins, in his recent sad bereavement occasioned by the death of his brother, the late Mr. Patrick Higgins, Carrigahilla, Stradally (whose premature passing was published in last week's "Observer").

During the past few nights the Mahon Valley has been enveloped by dense fog belts in from the sea. The sound of ships sirens at frequent intervals can be clearly heard at points far inland these nights. The Pan-American Flying-boat, Clipper II., proceeding from Foynes Air Port to Southampton, passed over Kilmacomas on Tuesday forenoon, travelling at a very high altitude.

We had from a number of farmers whom we met at Kilmac on the 28th ult., that the root crops doing best in Mid-Deise are beet and mangolds. Turnips appear to be damaged in many townlands by ravages of "Finger and Toe."

In this area, as was doubtless the case elsewhere, exceptionally keen interest was manifested in the Kerry-Cavan clash at Castle Park on Sunday last, and hundreds listened in to the masterly broadcast of the truly thrilling tussle uttered by the Very Rev. M. Hamilton P.P., the well and popularly known Chairman of the Clare County Board, G.A.A. Kilmac was a big centre for listeners, while in scores of farmers' houses there were groups of neighbours all eager to hear the story told straight from the record-crowded scene of the memorable match. Local Gaels who made the journey to Dublin on Sunday are all bent on battering the trail to Headquarters again on to-morrow (Sunday) week to see the replay game.

In a game of 200 up, at billiards, played on the table at the Temperance Hall,

Kilmacomas, Mr. T. Scurry, Railway Road, opposing his brother, Mr. William Scurry, who is caretaker of the Hall, made a break of 97, unfinished, to win the match. By the way, it will be interesting to recall that in the debated contest, just named belongs the honour of having the biggest break as yet recorded on the said table, viz., 139, which he performed in the Members' Tournament of 1920.

Not within the past score of years have blackberries and mushrooms been so plentiful in Mid-Waterford as they are this year.

Fully fifty couples danced to the strains of O'Brien and Weldon Brothers' Band in Baldwin's Hall, Kill, on Sunday night last, and the function proved most enjoyable.

An acid test of the popularity of Tramore will be the race meeting there on Thursday, October 14th inst, which Mr. Tom Fleming has promoted in lieu of the abandoned fixture at Tralee. It is not by any means too late in the season to enjoy a good day's racing at the seaside, and no doubt, there will be a grateful response from owners in appreciation of the opportunity given them of winning a stake which, but for this enterprise, would have been lost them. Horses are being conveyed free both ways, a steadily increasing concession from executives now a-days, and it is with confidence that one can anticipate a big entry for all the events.

Tomorrow (Sunday) night's Grand Ciderella Dance in the Pike Hall, will, we hear, be patronised by dance-lovers from Clonca-Power and Rathgormack, Ballylaneen and Stradally, and from several other centres throughout the Barones.

RECENT DEATH.

MISS NORA CODY, FORMERLY OF TALLOW.

The death of the above esteemed lady took place recently at the residence of her niece Mrs. Edward Kirby Ballymurphy, Conna, Co. Cork. Deceased was 86 years old, and was until about three years ago employed as Gatekeeper at St. Joseph's Carmelite Convent Tallow, in which position she rendered devoted service to the Community for a period of forty years, until advancing years and infirmity caused her to seek retirement, and then only when compelled to, as she loved the Convent and grounds, and particularly the Convent Chapel.

She was of a most unassuming and kindly disposition, and during her long sojourn in Tallow made a host of friends, all of whom regretted to learn of her demise. Very Rev. M. Ahern P.P. and Rev. Twomey, G.C., attended at the removal of the remains to Conna Parish Church, and celebrated Requiem Masses for the repose of her soul. They also attended the funeral, which took place at Aghern, Cemetery, where interment took place, and recited the last prayers at the grave side, in the presence of a large congregation of friends and sympathisers. The chief mourners were Mrs. Ryan Ballynoe, Mrs. E. Kirby Ballymurphy, Mrs. Horgan Fermoy, Mrs. Hurley Ballynoe, Miss K. Walsh Conna, nieces Messrs. David, Batt, and John Walsh Conna, (nephews), Mr. and Mrs. Leahy Ballytrasna, Mr. J. and Miss Cotter Ballymurphy, Miss E. Leahy Conna, Miss M. Hurley Ballynoe, Mr. P. and Mrs. Beecher Longarville, Mrs. T. Hurley Ballynoe, Misses K. and M. Hurley Ballynoe, Mr. T. and Mrs. Heffernan Conna, Miss Lawton Tallow, (Relatives).

G. A. A.

Glenn na Uidhre 1-5 Villerstown 0-1

At the Gaelic Field, Dungarvan, on Sunday last, and before a fair crowd, Glenn na Uidhre qualified to meet Kiltossanty in the semi-final of the Western Junior Football Division. Those teams had previously met Glenn na Uidhre having captured the honours, but an objection lodged by Villerstown to the illegal coadjutor of the opposing team being upheld a replay resulted.

This game had aroused much interest of late, although it was the general opinion that victory was not going to change hands. The Nire XV—every man a six-footer—were the finest set of fellows that appeared in the Gaelic Field for many a day. But their display did not come up to expectations. Villerstown on the other hand while minus some of their outstanding players were a very light combination and deserve great credit for the display they gave against such a powerful team as Glenn na Uidhre.

From the start Glenn na Uidhre attacked and kept their opponents under heavy pressure. In defence, Villerstown were sound and their goalkeeper saved some rasping shots time and again. After 15 minutes play the Nire man led by a point and Villerstown seemed to be wearing them down as play was transferred to the Glenn na Uidhre end and their goal had a few narrow escapes. A few desperate scrummages in front of the Villerstown goal were staged off, and both teams were seen to follow the ball all over the field. Villerstown conceded another point before the interval. Glenn na Uidhre had the best of matters during the first half, although playing against a slight breeze.

The half-time score read:— Glenn na Uidhre 0-2 Villerstown Nil

On resuming, Glenn na Uidhre had the breeze in their favour, and were away for a point. Keeping up the pressure they now dominated play, but the Villerstown defence held out well. Play was very rough, and on a few occasions owing to the keen tackling of both sides the referee had to call a halt and warn some of the players. Free's also became numerous, Villerstown being awarded the lion's share. Eventually, Glenn na Uidhre scored a goal, and were in hard luck to be disallowed a similar score. They registered 3 more points, and in the closing stages of the game Villerstown made a final burst to gain their first and only score—a point.

The full-time score read:— Glenn na Uidhre 1-5 Villerstown 0-1

The Nire lads now meet Kiltossanty in the Western Final and a dour struggle is expected. The teams are very evenly matched. What the Comeragh lads lack in weight and physique will be more than made up for in skill and knowledge of the code. The Nire team had a fairly clear passage so far, but I think there will be a halt called soon. If Kiltossanty reproduce some of their previous form, we venture to state that at the final whistle there should only be a very slight margin dividing both teams.

GUNS IN HOME

GAELIC ATHLETIC ASSOCIATION.

ALL-IRELAND FOOTBALL FINAL.

A DISSALLOWED POINT GIVES KERRY RIGHT TO TRY AGAIN FOR FOOTBALL TITLE.

Glorious Display in Drawn Final.

A disallowed point, that brought joy to Kerry hearts and dismay to Cavan, caused some confusion at the end of the All-Ireland Football Final at Croke Park yesterday.

The game was one of the most intensely exciting finals yet seen at Croke Park and a record attendance, which numbered nearly 90,000, were treated to a succession of thrills which kept them on tenter-hooks.

Kerry made a magnificent start and led by 2 goals before Cavan scored. The Ulster men, however, fought back in grim style and actually climbed into the lead near the end, but Kerry could not be denied.

The re-play will take place on October 17th.

THE DISSALLOWED POINT. The running commentary on the match broadcast by the radio, which was heard by thousands of listeners, was that the referee had disallowed the point because the ball had not been kicked into the goal.

The mistake was due to the fact that the flag was raised for a point. In fact the ball was thrown over the bar and the referee disallowed this as a score.

THE ATTENDANCE.

GATES THROWN OPEN TO CROWD.

People who paid for admission numbered 82,325, and the receipts totalled £4,730 13s. 8d. It was decided to close the gates when the grounds were full to comfort some thousands outside who were still demanding admission, and officials and Civic Guards were being pressed at all points.

FUNDS.

There's the G.A.A. for you! If the replay of the Cavan and Kerry match were to be played along the road I would not go to see it. The followers of the code are of the mill-mill type and the contraband about that disputed point in the match is only a ruse to obtain another big gate, and to swell a revenue that must be soaring into thousands of pounds. Where is all the money going to?

These are just typical of the criticisms which are often levied against the G.A.A. My dear Sir, if you change your mind about viewing the replay I am sure you will enjoy the game from your accustomed vantage point as a looker on. I have a grave suspicion that you are one of the type who devotes too much attention to destructive criticism that you have never been afforded the opportunity to develop and display your prowess on any football ground. I admit you will have to mingle with common or garden people whether you choose to look at the game from "Hill Sixteen" or the "Hogan Stand." These names may not convey anything to you, but you can while away the time of waiting by making astute enquiries from your neighbours.

As regards the funds of the Association I would suggest that you call on the General Secretary who has an Office quite convenient to Croke Park. You will find him quite a congenial character and ever anxious to answer enquiries as to the working of the Organisation. He will probably supply you with their latest Balance Sheet—which, by the way, is certified by Chartered Accountants—and I am sure he will be only too delighted to review the activities of the Association for your edification. He will explain contributions to County and Provincial Councils of the G.A.A., under such heads as the erection of Parks—Croke, Fitzgerald, Casack and Nowlan Parks, to mention but a few—and also the object of grants to certain County Boards without which they would find themselves in a precarious position. You see the G.A.A. is not commercialised and we have to depend on the mite of the humble followers. In examining these items it may surprise you to learn that the Association embraces the Six Counties within its fold that it has a National outlook and does not recognise any barriers. So too, the players of the game, who expect no recompense of a monetary nature for furthering a cause that has survived fifty years of uphill fighting—the cause of a United Gaelic Ireland.

No doubt the demeanour of the gathering (should you change your mind about viewing the replay) may be a novel experience for you when the National Anthem and Faith of our Fathers are being played. Let me explain—Faith and Fatherland are the watchwords of the true Gael.

A GAEL

KINDNESS TO RATEPAYERS

Cork County Council are the most solvent County Council in the Free State, but they must keep an overdraft of £130,000 because the Council do not like harassing ratepayers to pay up.

That is how the Chairman, Mr. J. W. Broderick, put matters at a meeting of the Cork County Council held recently.

He was answering a member who asked whether it would not be good business to strike a rate sufficient to clear the overdraft.

The Chairman said the overdraft was necessary, because the financial year ended on March 31, and during the months of April, May, June and July they did not want to bring fire and sword into the houses of ratepayers demanding prompt payment of rates.

It had been the custom of the Council to allow farmers to bring their stocks to maturity and sell at the best prices, so that the cattle did not begin to come in until August.

It required £60,000 a month meantime to run the county services.

Hence the overdraft, interest on which cost the ratepayers 3d. in the pound.

They could raise an additional sum of £20,000 on the estimate, which would mean 5s. in the pound on the rates in one year, but because of the depressed condition of farming that was not wise.

The Council rejected the suggestion of raising the estimate to provide for the sum required.

WATERFORD DISTRICT COURT Charge of Dangerous Driving Dismissed.

JUSTICE'S COMMENT

There was a sequel to an accident at John Street at the Waterford District Court last week, when Richard Tierney, driver of the County Hospital Ambulance, was summoned at the suit of the Attorney-General for alleged dangerous driving.

A witness, Thomas Arrigan, who came to the witness chair limping on a stick, stated that on the 14th August last, he, being a workman employed by the Corporation, was engaged in John Street with the Corporation dust wagon.

He was picking up some rubbish in a tin can. He placed the tin of ashes on his shoulder, and proceeded to walk with it to the wagon when he was struck and knocked down by the ambulance van, which was travelling in the direction of John's Hall.

The District Justice held that the defendant was entitled to a dismissal on the merits. The evidence, in his opinion, did not disclose that the driver of the van did anything except what a motorist was normally expected to do. Continuing, the District Justice said he would not be surprised if more of the Corporation workmen were knocked down, because they walked around as if they owned the street and as if they had no business to look around.

On behalf of Maurice Boland, financier, Dublin, Mr. P. J. O'Connor, solicitor, applied for a committal order against Peter O'Brien, a Civic Guard, stationed at Kilmeehan.

The District Justice made an order against the defendant, who did not appear in court.

"ANGELS BROUGHT ME"

—Says Witness

The Rev. Brother P. Dangan, told the Dublin District Court that in the early hours of September 10th he smelled cooking from the kitchen of the residence of the Christian Brothers in North Richmond Street.

He found a man lying beside a table on which there was cooked food. Clothing was lying on the floor, and boots were protruding from a laundry bag.

When he asked the man why he was there he replied: "The angels must have brought me."

The man was alleged to be Michael McGowan, of Great Charles Street, who was accused of breaking into the house.

The Rev. Brother Dangan said that four months ago McGowan broke into the house and cooked food. Mr. D. O'Donovan, who prosecuted, said that on the previous occasion McGowan got four months. He was released only on Saturday. He was remanded in custody.

TO ATTEND FINAL REPLAY

CO. COUNCIL DECISION

Dublin Co. Council yesterday decided to approach the G.A.A. authorities for accommodation for the Council on the Hogan Stand at the replay of the Cavan-Kerry match, and to ask the Central Council to arrange for the Co. Council Chairman's participation in reception arrangements.

Mr. T. Cosgrave suggested that Mr. P. Belton, Chairman, should receive teams coming to Dublin to play All-Ireland games, and asked if it would be possible to have the Council attend those games.

He went to Croke Park at 2 o'clock on Sunday, he said, and was unable to obtain admission. He knew that the Chairman would have no objection to the course suggested, as he had been a member of the London County Board before 1916, when it was not popular to be in the G.A.A.

Mr. M. Molloy, supporting the suggestion, said that it would be very proper to have the Council represented and to have both teams received officially by the Chairman. He would not like it to go forth that they were seeking free admission. They were prepared to pay but would like to have space reserved.

Mr. Belton said he was sure that every member would take his place at those games. With regard to the reception of the teams, it was awkward that the Council had not a centre like the Mansion House.

WHEAT CROP, 1938

The notice from the Department of Agriculture which appears in our advertising columns is a useful reminder that the time is now approaching when farmers in the Soarstat must set about the thinking out of their tillage programme for next season.

Whatever they may decide regarding the general details, it is only natural to suppose that the first item to be settled will be the size and location of the area to be set apart for wheat, firstly because wheat is now admittedly the best paying crop on the land, and secondly because the bulk of the wheat grown in this country being of the Winter variety, must be sown very soon, preferably in October; and if the best results are to be secured farmers should now be thinking over the preliminaries, namely, the selection and the preparation of the land and the securing of good sound seed if these matters have not already received attention.

As all practical farmers are aware, the first essential for the successful production of wheat, as of any cereal crop, is the provision of a good clean and firm seed bed. Where it is intended to sow wheat after a root crop, nothing can be done of course until the root crop has been removed from the ground; but where it is proposed to sow on lea, or on land on which a corn crop was grown this year, early arrangements should be made for the preliminary ploughing. In the case of corn land every opportunity for stable cleaning should be availed of, and the ploughing of such land and of lea intended for wheat cannot be done too soon.

In the case of lea, the skimmer of the plough should be set so as to ensure that the grass edgings will be well turned under, and the furrows should be so firmly packed as not to give way when walked upon.

It is, of course, no longer necessary to argue the soundness of the Wheat Scheme, or to waste words in an effort to convince farmers of what most people are already convinced, namely, that wheat production is not only in the national interest as an insurance against any shortage in the supplies of our staple food stuffs in the event of interruption of overseas communication arising from war, or other cause, or to any failure of crops in the producing countries, but that it is a decided advantage to the country, and to the growers that the large sums of money hitherto sent abroad for the purchase of wheat should be distributed in this way among Soarstat farmers.

The fact that 223,000 acres were sown last year during what was undoubtedly the most unfavourable sowing period ever experienced is in itself a proof that farmers had satisfied themselves that wheat is a paying proposition.

A word of warning, is, however, called for in view of the lighter yields recently reported from some areas, namely, that growers must not be disappointed, nor should they condemn the Wheat Scheme if through their own failure to pay proper attention to the selection of the land on which to grow wheat, or to indifferent husbandry, they do not secure results which well selected and properly cultivated fields will normally produce. Above all they should not attempt to grow wheat on poor lands, not well suited for the purpose. Suitable dressings of artificial manures will invariably improve the crop but will not be sufficient to produce a good crop on very unsuitable land.

AGED 109 Canadian Centenarian's "Teething" Troubles.

Hamilton's, Ontario, oldest inhabitant, 109 years old Mardios Tatoi, is having teething trouble. His teeth are "wearing down," he says, and causing him a lot of bother. However, he does not face a toothless future, because six years ago he cut two brand new teeth.

Mr. Tatoi, who is an American, is a chef by profession and still likes to peep about in the kitchen.

NAZARETH HUNT—120 ARRESTS

More than 120 people have been detained at Nazareth for questioning as a result of the murder of Mr. Lewis Andrews, the District Commissioner for Galilee, and Police-Constable McEwan, outside the church there on Sunday.

Among those detained are many prominent members of the community, but according to reports reaching Jerusalem little light has been thrown on the identity of the murderers.

It is thought that they were men brought in from another district for the purpose of killing Mr. Andrews.

There is talk of a big collective fine being imposed on the community and also of a large award being given for any information that will lead to the conviction of the murderers.

There are also rumours that martial law will be declared in the district. The curfew is being maintained in Nazareth.

BAKERY GUILD

Meeting in Kilkenny

The steady growth throughout the Free State of the Soarstat Guild of Master Bakers was proof that the Bakery Trade was alive to its interests and meant to improve its condition, said Mr. M. J. O'Connor, Secretary of the Guild, at a representative meeting in Kilkenny of Master Bakers from Kilkenny, Tipperary, Cork, Waterford, and surrounding districts.

Mr. O'Connor dealt with the need for every Master Baker being a member of the Guild. It had a very important programme mapped out for the improvement of the Trade and the elimination of price-cutting and the unfair competition which it involved.

The organisation was a Soarstat one, with headquarters in Dublin, as it was found that, as such, it could effectively cater for the interests of all Bakers, small and large. The Guild welcomed the support of the local Associations and worked in harmony with them.

The General Meeting of the Guild to be held shortly would consider approaching the Government on many matters concerning the Trade.

In the unavoidable absence of Councillor E. V. White, Mayor of Clonmel, Mr. P. A. Kiersey, Clonmel, presided, and a number of matters were dealt with, including the revision of discounts rates.

TURF ONLY BY 1940 PLANNED. £300,000 SCHEME.

Plans for making the Free State independent of British and foreign coal are being speeded up by Mr. de Valera's Turf Development Board, whose work will end only when the last ton of imported coal has been replaced by the rich brown turf of the Irish bogs.

For years the Board have been busy on schemes for the gradual exploitation of the country's turf resources, and much headway has been made in the face of formidable obstacles.

In Government offices, Civic Guard stations and military barracks throughout the country, turf has already replaced coal.

Even in the cities it is finding its way into more and more private homes every day.

The board's main work now is the development of large scale peat bogs on which the turf can be won economically, by machinery.

As a start three bogs have been selected for development at an estimated cost of nearly £300,000.

The largest is Clonlisk bog, an area of about eight square miles, near Porellan in the midlands. Work here is already well advanced.

With the help of Irish labour Continental engineers have almost finished draining the bog, and will soon be laying down nearly ten miles of railway lines.

YOUGHAL SKIN TROUBLES

are instantly relieved by

CHIN-O-SO

SKIN OINTMENT

Rashes, itchy patches, Eczema, Rough Skin, Sore Feet, Piles, Ulcers, Cuts, Bruises, etc.—all yield quickly to the wonderful Ointment!

YOUGHAL URBAN COUNCIL

Present—Messrs. J. R. Smyth, P.C., moved to the Chair, M. Cashman, R. Power, E. P. Lynch, J. Daly, B.E., R. Savage, T. Bausing.

Housing Scheme
The Local Government forwarded £1,300 being the second instalment in connection with the loan of £8,500 for the Housing Scheme, and a cheque for £1,000 on account was passed to the Contractor.

Mr. Power inquired if all local labour was to be employed on the scheme. The Clerk replied in the affirmative. Mr. Power said he had been informed that concrete blocks for the houses were made at Whiting Bay, Co. Waterford. Mr. Lynch said the blocks should be made in the town. Mr. Daly said that the Clerk of Works should see that the blocks were made on the spot. After some discussion it was decided that the blocks should be made by local labour on the site or locally, and the Clerk was instructed to write to the contractor and the Clerk of Works.

Demolition
A letter was read from the Minister of Local Government asking for information regarding the demolition of unfit houses. On the proposition of Mr. Power, seconded by Mr. Savage, it was decided to call on the M.O.H. and the Town Surveyor for a fresh report regarding the buildings in question.

New Housing Scheme
On the proposition of Mr. Power, it was unanimously decided that a new scheme of housing be expedited. Mr. Power—The sooner the slums are done away with, the sooner we'll have healthy children in the country.

Quarry Road
A memorial was read from the residents in the Quarry Road district, calling for immediate attention to the road. It was in such a condition at present that it was impossible to travel on it. The Chairman said it was quite a time since we decided to do that. Mr. Daly—We decided on it 18 months ago. The Clerk said they would have a tar-sprayer in a few days and the work could then be started on the road. Mr. Bausing—The road must be done or I will give up coming to Youghal (laughter).

Dances
Applications for the use of the Ball Room for dances were received from the British Legion, the Coursing Club, and the Handball Club, and all were granted. An application was received from the G.A.A. for the Hall for a Drive, but it was withdrawn in favour of another Club. Mr. Daly said the G.A.A. should get the first preference when they applied.

Sympathy
Mr. Power, proposed a vote of sympathy in connection with the death of a prominent Gael and Irishman, the late Philip O'Neill, Kilkenny, formerly of Kinsale. Mr. Bausing seconded. The Chairman—We all join in that. Mr. Lynch associating, said the country had lost a number of its best sons of late. Mr. Savage, proposed a vote of condolence with their revered Parish Priest Very Rev. Canon Dinneen, on the death of his brother. This was seconded by Mr. Cashman, and joined in by the Chairman and other members and the Town Clerk.

Tralee Resolution.
The resolution of the Tralee Urban Council regarding the local evictions was read. Mr. Savage (Chairman of the local Leaseholders Association) proposed its adoption. He was sure the sympathy of all was entirely with the victims of the battering ram in Tralee. Was it not rather extraordinary that after 20 years of National Government, the ground rent evil was still with them and parasites, both home and foreign were still allowed to dig themselves in upon the toil and industry of the people? It was well known that high finance would dictate to Governments and stress the dangers of disturbing its placid stream. A native Government like theirs should be up and doing and not wait until the patience of the people was taxed to breaking point. Every human being born into that land of theirs must live upon the land, if he lived at all, and was it not more than strange that it was only too late when relief came. Mr. Power, seconding, said that the evils of landlordism were as prevalent today as in the days of the regime of John Bull. Since the change over no move had been made by either National Government—one was as good or as bad as the other—to remedy that great evil. Mr. Daly said that the ground rent value of property in Urban Areas had been greatly reduced by travelling shops, etc. Legislation was urgently needed to remedy the grievance. Mr. Power said the evils of absentee landlordism and others should be brought home to their Government. The resolution was adopted unanimously.

Slaughter of Animals Act
The Clerk said that up to the present he had received only three applications for licenses under the Slaughter of Animals Act. Those vicariously who had not made application were running a terrible risk. Mr. Power proposed that the defaulters be given a week to apply, after which prosecutions should be instituted. The Clerk said that defaulters could be prosecuted without any proposition. They were liable to a fine of £10 at first, and afterwards to £25 or imprisonment. Mr. Lynch—How long is the Act in force? The Clerk—Since August 3rd, and they

have ignored it. Mr. Lynch—The less said about this Act the better. It was decided to let matters stand for another week.

Strand Sluice
A letter was read from the Co. Surveyor, asking if the Council would agree to contribute half the cost of laying the new sluice under the Strand Road. The estimated cost was £180. The County Council had approached the Railway Co. inviting them to put up one-third, but they would not agree. It was pointed out by the Chairman and others that the Railway Co. had a great interest in the laying and upkeep of the sluice, without which their permanent way would be ultimately flooded. The Clerk was directed to again communicate with the Railway Co. pointing out their position and asking them to contribute their share of the cost.

Sea Wall Repairs
A letter was read from the Co. Surveyor, stating that work on the repair of the Sea Wall would be resumed as soon as possible after the winter. Mr. Lynch said he didn't see why their contribution of £450 towards the work should be held up for 6 or 8 months. There was desperate unemployment prevailing in the town, and he proposed that they expend that £450 in relief. They could give the amount out of another grant towards the Sea Wall repairs. Mr. Power, seconded. The Clerk said he was afraid the Chairman could not accept that proposition. After some discussion the proposition was altered to one requesting the Minister to allow the £450 be spent on the relief of unemployment, as the County Council had no intention of starting the work until after the winter.

The Military Tribunal
On the proposition of Mr. Daly, seconded by Mr. Power, a resolution was unanimously passed calling on the Government to release the political prisoners and suspend the Military Tribunal as a trial by jury was the proper legal procedure.

Gas Stokers Wages
In accordance with notice, Mr. Power proposed and Messrs. Savage and Cashman seconded that the Gas Stokers wages be increased to £3 weekly. It was passed unanimously.

Sympathy
On the proposition of Mr. Power, seconded by Mr. Cashman and joined by the Chairman and other members and the Clerk, a vote of sympathy was passed to Mrs. Helen Fleming on the death of her brother, the late Rev. Fr. O'Neill, P.P., Stradbally.

Fishermen's Grievances
Mr. Power complained of the action of the Lismore Estates Company in connection with their handling of the fish permitted by them off the Fishery Licence. The Company were just as bad as the Board of Conservators, whose administration beginning with their method of election by open voting be strongly decried. He suggested that a deputation of the fishermen wait on the Council with a view to exposing their grievances to be received by the Board. This was agreed to.

Council's Mare
There was only one tender for the sale of the Council's mare, viz., £9 15s. Mr. Power said the animal was worth £15. Perhaps there were other tenders received after the appointed time. Mr. Daly said they waited 20 minutes after the appointed time, but no other turned up. The Chairman said that the tender received was the only legal one before them. After a prolonged discussion it was unanimously accepted. Mr. C. Cotter, North Main street being declared the purchaser.

Wages, Etc.
On the proposition of Mr. Savage, seconded by Mr. Power, a cheque for £76 6s. 6d., wages, etc., for the week, was passed.

Dances
On the proposition of Mr. Power, seconded by Mr. Savage, the application of the British Legion for the use of the Ball Room on 3rd October, to hold a dance was granted. A similar application from the local Coursing Club for 24th September, and 1st October was also granted. Mr. Power said the Club deserved every support they could give them. A like application from the Handball Club for 10th October was also granted. A letter was read from the Youghal G.A.A. applying for the Hall to hold a Whist Drive on 5th December. A second letter was read from the G.A.A. withdrawing their application in favour of another Club. Mr. Daly said in the circumstances he would propose that the G.A.A. get first preference when they next applied.

Meat Inspection
The Co. M.O.H. forwarded the Veterinary Surgeon's report on the meat inspection for the month, which was declared satisfactory.

Waterford Man Fatally Injured.
Patrick Power (37), labourer, received fatal injuries when engaged in the demolition of a house at Portlaw yesterday. He died a few hours after admission to hospital.

Saint Anthony Wonder-Worker!
Clients of Saint Anthony, seeking freedom through his intercession are reminded of an offering for 1937 for "SAINT ANTHONY'S BREAD" and LAMP at the house of Mercy, Stradbally, Co. Waterford.

YOUGHAL DISTRICT COURT.

Before Mr. G. P. Farrell, D.J.

LICENSING BUSINESS
Mr. T. K. Keane, solr., applied on behalf of Liam Clancy, for a confirmation of the ad interim transfer of the license in the Strand Hotel, lately held by Miss K. Foley. Formal evidence having been given, and there being no objection, the application was granted. Mr. Keane made a similar application on behalf of Ed. M. Loughlin, Ballynacoda, in connection with the transfer of the licence of his deceased mother which was granted.

A like application by Mr. Keane, for Mrs. H. Fleming, for a license in a house at the Mall was also granted. Messrs. W. R. Hodnett and T. K. Keane, made application on behalf of a number of licensed victuaries for renewals of exemption orders on Fair and market days. There being no objection by the Guards the renewals were granted. This was the annual Licensing Sessions and Inspector Lambert said there was no objection to the renewals of the certificates. All were then signed.

Excess Water
Guard Dempsey, charged Mrs. H. Fleming, with selling butter, containing 1.4 per cent. excess water. Mr. Keane, defended. Complainant gave formal evidence, and handed in the certificate of analysis. Cross-examined by Mr. Keane, witness said the weather at the time was heavy and wet. Evidence for the defence was given to the effect that butter had been purchased from 40 different persons and that there was no tampering with it. Mr. Keane pointed out that the excess was very small, especially in view of the prevailing condition of the weather. A fine of 2/6 with 15/10 costs was imposed.

No Lights
Guard Ceasar, charged Michael Hogan, with using an unlighted donkey and cart. He was fined 3/6. On the complaint of Guard Fottrell, Ellen Aherns was fined 3/6 for a like offence.

Reckless Driving
Guard Carroll, charged Thomas O'Connor, Kincora Lodge, with reckless driving, and with not sounding his horn. Inspector Lambert, prosecuted. Complainant stated that the defendant passed another car, rounding the corner at Devonshire Square, and also neglected to sound his horn. Defendant said he had a clear view of the road. He was in a bit of a hurry. Complainant said that defendant's action was risky in view of the possibility of a car coming in the same direction from Strand street. He was fined 20/- in one charge.

Larceny
James Ahern, Newport, Knockanore, was charged with the larceny of a quantity of onions value 9/-, the property of Capt. Holroyd Smyth, Rallynatray. Supt. Quinlan, Lismore, prosecuted. Mr. T. K. Keane, defended. From a lengthy examination of Thos. Murray, gardener, and Guard Hagan, it appeared that the only fact implicating the defendant was a letter found on the spot, addressed to him by Mr. J. C. Condon, Youghal, in connection with rates. Defendant, sworn, denied the charge. His letter must have been picked up and put there by somebody with the object of putting the blame on him. After a protracted hearing, the case was dismissed.

Children's Court
At a Children's Court, a 9-year-old boy was charged on remand with a number of larcenies of money, etc. Supt. Lambert prosecuted, and Mr. Wm. R. Hodnett, appeared for the Co. Council. Mr. Hodnett said he understood that the County Council were of the opinion that a boy like that would be likely to corrupt the whole Industrial School. The Justice said he had been informed that the boy's mother had attacked one of the principal witnesses. The boy's mother admitted that she used a certain remark to the daughter of the witness. On the question of contributions, Mr. Hodnett said that the mother was in receipt of £2 weekly from her husband in England, who also had an Army pension of 24/- weekly. In addition another boy was earning 6/- weekly. The boy's mother said she received the 40s. weekly only when her husband was at work. Mr. Hodnett argued that it was not right that the unfortunate ratepayers should be burdened with the whole upkeep of the boy in the circumstances. If he were at home she should support him. The Justice said he would make no order regarding a contribution by the mother at present. The matter could be brought up again if thought advisable. The boy was then committed to an Industrial School.

Waterford Man Fatally Injured.
Patrick Power (37), labourer, received fatal injuries when engaged in the demolition of a house at Portlaw yesterday. He died a few hours after admission to hospital.

Saint Anthony Wonder-Worker!
Clients of Saint Anthony, seeking freedom through his intercession are reminded of an offering for 1937 for "SAINT ANTHONY'S BREAD" and LAMP at the house of Mercy, Stradbally, Co. Waterford.

TALLOW AND DISTRICT LOST HISTORY

This place together with the surrounding territory, was in 1586, granted by Queen Elizabeth to Sir Walter Raleigh, by whom the estates were subsequently assigned to Sir Richard Boyle, afterwards created Earl of Cork. In the original grant it is designated a decayed town, but it was restored by the Earl, who in the 11th year of the reign of James I obtained for the inhabitants a charter of incorporation and various important privileges. Though not walled or an entrenched town, it was surrounded by a ditch. Though not walled in, or entrenched with four gates was thrown around it for its defence during the war in 1641 by the Earl, who maintained here a garrison of 100 infantry, and in 1643 the Earl of Inchiquin, with his army met the Lords Dungarvan and Broghill, at this place, where they proceeded to the relief of Lismore Castle at that time besieged. In 1644, the Castle of Ballymacow near the town, was taken from Sir Philip Percival by the Irish, but was soon after restored by order of the Supreme Council of Kilkenny in consequence of its seizure having been a violation of the cessation of hostilities previously concluded. The town is situated about half a mile south of the river Bride, and consists chiefly of two streets. It contained in 1841, 436 houses many of them well built and of respectable appearance. The manufacture of coarse lace afforded employment to several hundred females, which trade declined about 40 years ago for want of a market. An extensive ale and porter brewery was established in 1835 by Messrs. Anthony and Terry, who were also connected with the distillery at Clashmore. A charter of incorporation was granted by James I in the 11th year of his reign to the inhabitants under the designation of the "Sovereign Free Burgess of the Borough of Tullaghan-Earran," and the town and the surrounding lands within a mile and a half of the parish Church were constituted a free borough, the charter conferred upon the Corporation the privilege of returning two members to the Irish Parliament, which it continued to exercise till the Union, when the borough was disfranchised. To the West of Tallow Bridge, but within the parish of Lismore is the ancient castle of Lisfinny, built by the Earl of Desmond. During the Irish Land war, one of the leading members of the Land League took possession of Lisfinny Castle, by doing so evaded arrest, being a "wanted man" by the police authorities, he was the late Mr. Douglas Pyne, who took a prominent part in the great struggle for tenant right, during those stormy times. Many of the farmers who adopted the Plan of Campaign policy were evicted, in particular nearly all the tenants on the Lord Ponsonby estate, which is situated in the old parish of Ardlagh, but were provided for them in the townland of Ballinvarry, where traces of the foundations are still discernable. A short history of Dungarvan and district will appear in a future issue. P. J. O'BRIEN, 156, North Main street, Youghal.

SHEEP CROSSES
Breeding for Better Quality
The usual ram sales are being held in different parts of the country and flock-owners are deciding upon their plans for yet another season. The nature of the grazing largely determines the breed of sheep kept. Wicklow sheep on the slopes of the hills from Roundwood to Aughrim are as suited to the exposed situation and the rough grazing as the fine Galway sheep are for the light limestone pastures of that large sheep-holding county. Then again, the nature of the soil suits some breeds better than others. Sheep suited to heavy clay would not do so well on light, sharp loams. However sheep may be disposed over the country as regards breed numbers, the chief line of advance in making Irish flocks more profitable is to grade up for better quality by judicious pedigree rams. The improvement effected in the quality of the Wicklow sheep by crossing with the Cheviot is an object lesson which deserves to be noted. Many farmers in low-land areas find it profitable to cross good quality blackface ewes with a ram of the Border Leicester or one of the Down breeds. Any such cross gives good marketable lambs and if so desired, the ewes, after one crop of lambs has been taken, can be finished off to butchering condition by the aid of a little hand-feeding. An Oxford Down ram run with Cheviot ewes is another cross favoured by many knowledgeable breeders, but the number of possible crosses is a wide one, and local considerations in many cases, will largely govern the ultimate selection. Market prices for sheep and lambs have been fairly good this season and wool has advanced in value. The price current for mutton and wool, however, do not affect the numbers of sheep bred from to any great extent. Farmers do not go out and in of sheep breeding in the same way as they do of pig-breeding. The 30 to 40 ewe man keeps as fairly constant in the size of his flock as the owner who has a big number of mountain sheep, and does his culling carefully each season. This country to its area does not carry a heavy sheep population. The numbers, are, however, large enough, if the quality were more uniform. A look through the sheep section at fairs in nearly every county will show many badly-bred specimens. While there are many good sheep to be seen, there are yet far too many inferior sheep offered at markets. Now that the breeding season is looming ahead it is not amiss to make an appeal to different owners to use some care in breeding for better quality. It is the management of sheep, as in many other matters, the penny wise and pound-foolish

BALLYDUFF NOTES

FISHING—The fishing season on the Blackwater, now closed has been the most disappointing one on record. With the exception of Mr. Ion Villiers Stuart of Donama who caught about 60 salmon, catches were very small. Owing to the poor seasons of the past few years the number of visitors who came to this district for the fishing have declined. It is only a few years ago since one could count from sixteen to twenty anglers on a short stretch of the river all enjoying good sport. Oily rivers and rivers also report a total absence of trout and one of the principal reasons for the shortage of salmon in the upper reaches of the Blackwater is the Killing Hatch at Lisimo which is in operation during the month of the fish are running from 6 a.m. Mondays to 6 a.m. Saturdays. Let us hope that some steps will soon be taken for doing away with this commercial device (which has not even the advantage of giving much employment) for the killing of the sporting salmon.

Water Supply—The people of Ballyduff are still dependent for a supply of pure water on a spring well about a quarter of a mile from the village to which they must daily bend their way with cans and buckets. True a water supply is laid on the village with two public taps, but the water is not fit for washing "spuds" and is usually of either a dirty brown or black colour. The greater part of the supply is obtained from a mountain stream which is caused from the seepage of boggy land on which cattle graze. Further comments on the nature of the water coming from that source are unnecessary.

Sanitation—The supply of water even if tainted is plentiful but the sanitary system is primitive and largely depends on nature. If it had not been for occasional heavy showers of rain which clear the channels and cause a small flood in the stream running through the village, we might become a fever district. Before the Waterford Co. Council was abolished sanitation had been obtained for a loan of £1,000 to provide an up-to-date sewerage scheme for Ballyduff, but nothing has since been done in the matter. Perhaps the Commissioner would look it up.

Comments—His many friends in Ballyduff and surrounding districts will be glad to hear that Master Michael Feeney has been called to Training in St. Patrick's College, Drumcondra. Master Feeney is a son of Mrs. and the late Mr. M. Feeney licensed victor Ballyduff and brother of Mr. Jackie Feeney N.E. East Wall, Dublin, and Mr. T. Feeney Munster and Leinster Bank, Tralee. Like his brother Jackie who plays for Dublin County in both hurling and football, Mick is an ardent Gael, and his prowess as a hurler is well known throughout the County. He had the unusual distinction of playing in all grades, minor and junior for his club, and senior in the combined Avonmore team. He also played for his County in the minor championships. He received his Secondary Education at the Christian Brothers' Collegiate Schools, Lismore, and at the recent Intermediate Examinations he passed with high honours marks. We congratulate Master Feeney and wish him every success in the future.

DUBLIN WEDDING OF LOCAL INTEREST—The wedding took place at the Pro-Cathedral in Dublin on Wednesday morning, of Mr. Michael Naughton, G.S., Dublin, and Miss Mary Drohan, of Middle Abbey street, do. (Formerly of Knockacan, Kiltrossy). The ceremony (with Nuptial Mass) was performed by the Very Rev. M. J. Leahy, P.P., The bride, who looked charming, was attended by her first-cousins, Miss J. Kiely, Dungarvan, and Miss B. Kiely, Kilmacthomas, as bridesmaids; while Mr. John Drohan, P.C., Knockyellan, Kiltrossy (brother of the bride) acted as best man. After the ceremony, a reception was held at the Clarence Hotel, where a large party of guests were sumptuously entertained. Mr. and Mrs. Naughton, who left later to spend their honeymoon in the West of Ireland, were made the recipients of numerous costly and serviceable wedding presents. Their many friends and well-wishers on all sides unite in extending cordial felicitations to both.

RESPECTED RATHGORMACK MAN'S DEATH—There was a large attendance on Monday last at the funeral obsequies and interment of the late Mr. Thomas Quinlan, Rathgormack. Deceased belonged to one of the most respected families in the parish (the Quinlans of Curraheen). The late Mr. Quinlan was an extensive farmer and was very popular.

CARRICK CARPENTERS STRIKE—A two days strike of carpenters engaged at Carrick-on-Suir Housing Scheme was settled at a conference between employers and employees at which Mr. Jas. Power, Bridge street, presided. The contractor (Mr. O'Reilly) agreed to take back some of them immediately and the others when suitable work will be available. It was agreed that in future before a strike takes place matters in dispute will be referred to a local special Trades Union Committee.

KILLED IN STAMPEDE.

KING TO PAY FOR FUNERALS OF VICTIMS. VISIT TO INJURED.

Seventeen year old King Farouk of Egypt is to pay the expenses of the funerals of the twenty-five persons killed in the stampede at Sunday's loyalty parade in Alexandria and will compensate relatives of the dead and injured. Besides those trampled to death, these were about 100 injured, twenty of them seriously. Some 80,000 workmen took part in the parade, and as they neared the Bas Tin Palace a section of the crowd apparently tried to force its way to that side of the route which was nearest the palace. The rush became uncontrollable and general panic ensued. King Farouk visited the injured in hospital yesterday evening. The Egyptian Premier, Nahas Pasha, is travelling specially from Cairo to attend a mass funeral service. After this service there will be a funeral procession. When the enormous crowds expected to witness this procession, have dispersed, relatives will collect and bury their own dead. As a result of Sunday's unfortunate affair, a similar workers' procession which was staged to take place at the Municipal Stadium to-day as an expression of loyalty to the Premier, has been cancelled.

WORK NEXT YEAR.

Work will be found eventually for 300 permanent workers, and between 300 and 400 seasonal workers. Production will probably start next summer, and by 1940 the annual output should reach upwards of 120,000 tons. Development work is also well advanced on the other two sections of the scheme at Lyrcrompane near Tralee (Co. Kerry) and the Turraun bog, near Fethard. Production will start at Lyrcrompane early next year, to place an additional 40,000 tons of machine-made peat on the market annually, while the output from the Turraun bog will increase the figure to 50,000 or 60,000 tons.

WOMAN ACCUSED OF ROBBING CHURCHES.

When 42-year-old Mary Dixon, of Donnybrook, was accused at Dublin Police Court on Saturday of a series of thefts from churches and private houses it was stated that the articles found in her possession included a rosary beads, three hymn books, three holy candles, 24 milk bottles, 25 pairs of women's gloves, a elegant man's suit, and a number of women's frocks, stockings and jumpers. Dixon was remanded in custody for a week to allow owners to identify their property.

Smaller Turkeys Wanted

At the National Dairy Show, which is to be held at Olympia next month classes are arranged for the first time for turkeys of limited weight, as the modern demand is for smaller birds, the older types being too large for present-day ovens. Another new feature is the classification of eggs according to statutory grades.

A Good Beet Yield Anticipated

On the whole the beet crop has made good progress this year, and, provided that weather conditions during the remainder of the growing period do not prove unduly severe, the yield, it is expected, should be about average.

Drying Sugar Beet Tops

It is stated that this autumn experiments will be carried out across-Chanel in the drying of the leaves and crowns of sugar beet with the object of utilizing them as foodstuffs for dairy cows and bullocks. Arrangements have been made with the Potato Marketing Board for the use of their drying plant at Wisbech, and the result of the try-out will be looked forward to with much interest.

FROM ERRAND BOY TO MILLIONAIRE.

Sir Alexander Grant, biscuit manufacturer, who started work as an errand boy to a baker at the age of 13, left personal estate in Great Britain valued at £1,030,976. This is revealed in the full will just published. A bequest of £40,000 upon trust to pay the income to Mr. Ramsay MacDonald during his life has already been announced.

HURLING FETHARD V. ST MARY'S, CLONMEL

Fethard were easy winners on Sunday at Davin Park, Carrick-on-Suir, in the South Tipperary Senior Hurling Championship, when they met St. Mary's, Clonmel. At the end of the first half-hour the score stood Fethard 2 goals 1 point; St. Mary's 1 goal. The final scores were—Fethard 9-1 St. Mary's 1-1. Special trains from Fethard and Clonmel brought a number of supporters of the teams.

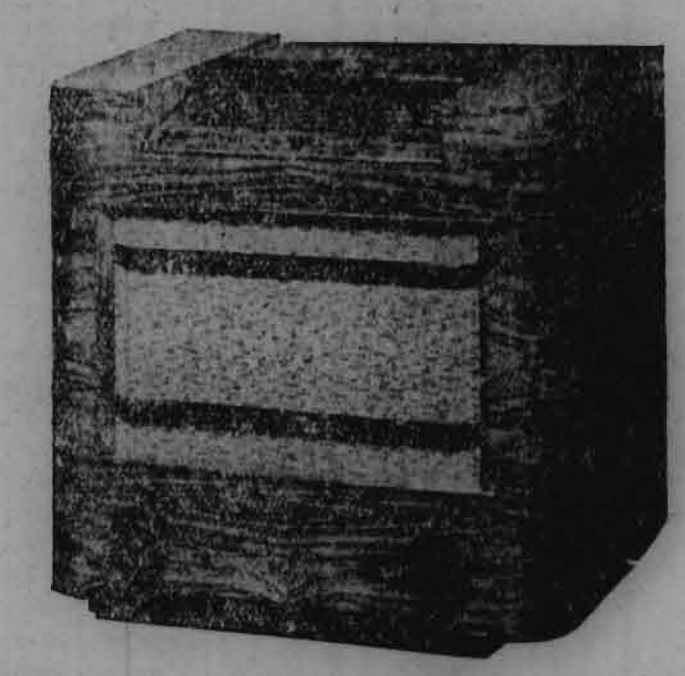

Better Prices for Beet

The members of the Executive of the Irish Beet Growers' Association met members of the Board of the Irish Sugar Co. at the Company's offices in Dublin last week, to present a demand for an increased price for next year's sugar crop. The representatives of the Company, it is stated, undertook to submit the claim to an early meeting of the Board and to communicate the decision to the Association. Further meetings are expected.

IMPORTANT ANNOUNCEMENT

OPENING OF NEW EXIDE SERVICE STATION AT DUNGARVAN

THE IS BLENDS AT 2/-, 2/4, THE QUARTER E. GRAT DUN

Vol. DUNGARVAN CO NEW HOUS

Mr. Thos. Ap Mr. M. Moran presided at the above on Friday T. McCarthy, P. Byrne, M. Dabill, J. M. Clancy and J. O.

A letter from you, granted permission at these usual conditions.

An application Loughmore, offered the Council to consider range in his house Chairman—The I suppose he will range as any other to lay down by Mr. Dabill—The Loughmore School The B.S. explained tenants brought houses.

Mr. Crotty, as precedent as it is in the Loughmore. Chairman—The one, and he is as as appears to be. Mr. Crotty gave a good one, but still to pay £3 5s. He supply the new set then the Council of one-third, not half. The Chairman proposed be granted. Mr. Mansfield said. The resolution was dissenting.

New Seas Mr. Ballot, applying permission to en Shandon, with the construction. "Cats" Mr. S. Hayes, Carthy, seconded, the Government to Garda Siochana. necessary owing to Further, that we inadequate and no position. The resolution was

Free M The Department of £77 under the N ply Scheme.

Houses A letter was read of Local Government stating that owing proposed scheme, Dungarvan Urban quent need for the he is not prepared of asbestos slates. houses. The Min raise any objection the Council of M tenders for wired ground floors on pipes. The Min will agree to the natives suggested by letter of the B.S.—About the difference in B.S.—About the Chairman—The Minister is not asbestos slates.

Mr. Crotty said higher, but it is to be false economy for the ratepayer's payment should their decision. Mr. Dabill said up the Scheme. Mr. Crotty—It would no raise the last thing that an asbestos roof for years and years.

Chairman should and use his influence understood that the would be only the Chairman's Department on the Clerk of the town. The matter was special meeting of Mr. Hayes—Can be going on in the Clerk—Yes.

Clerk A further letter is sent position in regard of a Clerk or Clerk proposed Housing. The matter was
