WATERFORD CO. COUNCIL.

Mr. S. J. Moynihan, Commissioner, held a meeting of the Waterford County Council on Tuesday last.

Mr. Bowen—The engineers are all right it is clerical help that is needed.

Mr. Ml. Morrissey, T.D. Chairman; Mr. Ml. Clancy and Mr. J. Christopher, appeared before the meeting on behalf of the Dungarvan Urban District Council.

Mr. Morrissey said that the matter of the repair of the Dungarvan Quay was before the Urban Council and this deputation was appointed to approach the County Council with a view to obtaining a grant for the resurfacing of the Orac. a grant for the resurfacing of the Quay. Waterworks Improvement

Mr. McConachy, of Delap and Waller, consulting Engineers to the Waterworks Improvement Scheme, attended the meeting.

Chairman-As Mr. McConachy is here it is as well that we should have a general grant for the extra cost? discussion on the progress of the Water-works Scheme and also the Sewerage pate any difficulty in that. Scheme. For some time there is general dissatisfaction at the progress of the water scheme, and it would be well if the whole matter was cleared up. There are two principal points in connection, with the principal points in connection with the (2) the question of proper supervision.

Mr. Clancy—And the cost of all the

total cost was given at £1,306. In connection with the delay, Mr. Mc-Conachy told the meeting that owing to the death of the original contractor, Mr. Fitzpatrick, Senr., Mr. Fitzpatrick, few days ago they had no legal right to force Mr. Fitzpatrick, Junr., to hurry on the work. Mr. Fitzpatrick was only carrying on the work at their request, and they could not compel him to carry out any particular part until the bonds were an patrick's point of view. The job had to go on slowly until the puddle trench was settled. There was no reason now why the job should not go on at a much faster rate, and Mr. Fitzpatrick himself would do everything to make a thorough good job for the Council. He should say that Mr. Fitzpatrick was very eager to ahead. Some parts of the fitter plants of the fitter plants of the mode position had been cleared. The case of the severage which was satisfied.

Regarding the proper supervision, Mr. McConachy was informed that the compaints made to the Council were all hearsay.

Mr. McConachy said that it was a difficult matter to investigate. They as constiting Engineers had largely to depend on the Clerk of Works. He is their eyes on the job and it is not satisfactory to find that the Clerk of Works are not not be job. A man in the position of Clerk of Works is a whole time officer, and should be there at all times. Another view is that there are all times. Another view is that there are all times. Another view is the pay sheet furnished and are the Council getting value for the money? These are questions which the members would like to have answered. With a view to obtaining this it has been decided to enter a football League with

and Kilkenny. In the competition to date we have defeated Clare and lost to Limerick and Kilkenny, our remaining match,

rick and Kilkenny, our remaining match, against Cork, is a home one for us. In the only game played in the Football League, we were defeated by Cork at Pungarvan, in a hard close match.

In view of the fact that there was practically no Senior Hurling Competition in the West, where the Senior Football final was also abortive. I, consider this very satisfactory.

A great sigh of relief went up from the farmers and farm labourers during last week on the completion of the work entailed by the beet harvest. The other tailed by the beet harvest. harvests come in during comparatively fine weather, but the real work at the beet does not commence until the dreary cold days of winter, and I am sure nobody envies the men out on cold and frosty on cold and frosty envies the men out on cold and frosty envies mornings ensuring the nation's sugar supply by pulling, snagging and wading beet. There is no respite while the work lasts no matter what the weather, as once the factory starts it must be kept fully supplied, and this entails an organisation of regular supplies which must be kept up. As usual in former years a considerable amount of tillage is done in this area, which compares favourably, if not surpassing, that done in any other distinct.

The usual short '45 Drive" in aid of the local G.A.A. Club was held in the Boys' School on Friday week. The winners Peter Callaghan and M. Whelan, hailed from the Mocollop district. The winners of the previous "Drive" also came from that district, so that it looks as if the other areas will have to get a move on or Mocollop will be annexing all the plums. Another "Drive" will be held in a short time, and we hope that our supporters will get their cards for the first rounds as early as possible. As these "Drives" are being run on a percentage basis, it will be understood that the more

cards played the bigger the prizes.

The first four rounds of the "45 Drive" in aid of the funds of the County Board G A.A. were played off in Ballyduff Boys School, on Friday 21st January. The winners this time came from Lismore, Mr. Patrick Morrissey and Mr. D. Forde, who now go into the final rounds at Dungar-
