SATURDAY, FEBRUARY 26, 1938.

Price 2d.

DUNGARVAN URBAN COUNCIL.

Mr. M. Morrissey, T.D., Chairman, presided at the weekly meeting of the above on Friday. Also present—Messrs. T. McCarthy, Vice-Chairman, J. F. Foley, J. Danill, D. Foley and M. Connors.

Week's Wages

A pay-sheet for 42s. 6d., week's wages was passed.

Oil Skins

Mr. Dahill—I think Mr. Veale, the caretaker of the hall should be given an oil skin suit, he is out in all kinds of weather day and night.

Clerk—I mentioned it to him, but he would not ask for it as he thought he was not entitled to one.

It was agreed to supply some kind of weather coat for Mr. Veale.

Mr. J. Foley—That is rather a funny-sounding name. What about Mr. Walsh?

Mr. McCarthy—Don't be over doing it.

Mr. J. F. Foley—Mr. Walsh has to be out in all weather.

Mr. Connors—What about one for the Clerk?

Mr. J. Foley—Mr. Walsh has to be here there and everywhere.

Clerk—Mr. Hurlley, the Auditor would have something to say about that.

Sewerage

Mr. Keane, Friary Street, wrote complaining of the condition of the sewer at his premises in Mitchell street, and also stated that the opening in the road in connection with the laying of the main resulted in serious loss of business to him at his garage.

The B.S. said he would have the sewer cleaned at points where the water main crossed it, but otherwise he could not have two openings in the road owing to the traffic.

Condemned Houses

Mr. McCarthy—Are the tenants in the 3 or 4 houses at the top of Fair Lane entitled to one of the new houses.

Clerk—Yes, these houses are condemned.

Sympathy

A vote of sympathy was passed with the relatives of the late Mr. Jack Morrissey, O'Connell street.

Housing Scheme

Mr. Brady, Clerk of Works, new housing scheme, reported the number of men employed for week ended February 19th was 70.

Town Traders v. Co-Operative Creameries

Correspondence was read from Nenagh and Cobh Urban Councils stating that the Council's recent resolution re the above subject was adopted.

Analyst's Report

The Analyst reporting on a sample of water taken from fountain at Thomas Tee, stated: "Water is fit for drinking purposes." A further report on sample taken from the filtered tank at Kiladangan, stated: "Water suffering from vegetable contamination."

The Water Inspector said the two samples were taken on the same day. The supply at Thomas' Terrace, comes from Kiladangan.

Chairman—Can anything be done to improve Kiladangan?

B.S.—I was up there with Dr. O'Farrell last week, and the water was very pure and clear. We could see the bottom of the tank and the filter was working properly. He thought if the tank was emptied out every year and the wall whitewashed, it would improve matters. That cannot be done this year on account of the present work on the Glendine scheme.

Chairman—Would it require fresh sand?

B.S.—Some loads would help to improve it.

Sewers

Reports were read from the B.S. on sewers from Newliffe, Abbeyside, Shear street, Abbeyside, Mitchell street and Coahugh Road.

After a short discussion, on the suggestion of the Chairman, the matter was adjourned, the B.S. to submit approximate estimates in each case.

Lisamore Point-to-Point Races

All arrangements are now complete for the Lisamore Point-to-Point Races which will take place on Wednesday next March 2nd.

The Committee in charge have been strenuously engaged for the past month in perfecting the general arrangements, so that nothing has been left to chance.

The number of entries received this year has reached a record figure.

With the weather Clerk in its favour this year's fixture should surpass any of the Point-to-Point meetings held so far.

DUNGARVAN DISTRICT COURT.

Held on Wednesday before Mr. G. P. Farrell, D.J.

A ROSCREA "OLD COW" ILL-TREATED

Rest of House

Beverly G. Usher, Cappagh, brought a civil bill against Mr. Patrick Barry, The Kennels, Cappagh, for 2s. 6d. arrears of rent.

Mr. E. A. Ryan, solr., appeared for applicant.

Defendant conducted his own defence.

Mr. Usher, in reply to Mr. Ryan, said the defendant owed 31 weeks rent at 1/6 a week. On 31st January, 1937, the defendant asked plaintiff from what date he counted the 31 weeks.

Plaintiff—1st August, 1937.

Defendant—That is only 26 weeks.

Justice—It is just 6 months. It would be difficult to make it 31 weeks.

Defendant, in reply to the Justice, said the amount due, and which he is willing to pay is 1s. 10s. od. That is for the period 31st July 1937 to 31st January, 1938.

Justice—There is a difference of 5 weeks—7/6.

Defendant—This could be settled at home, but Mr. Usher would not listen to me. When I offered the rent he would not take it. He said to give it to Mr. Ryan.

Replying to the Justice, Mr. Usher caused laughter by stating the calculation of the rent was Mr. Ryan's, not his.

A decree for 1s. 19s. 6d. was given.

Damage to Mangolds

M. Power, Barronastook, brought a civil bill against Bridget and Mce. Power, Barronastook, for damage done to his mangold crop by defendants cows, on 23rd and 26th November, respectively.

Plaintiff, in reply to Mr. Ryan, stated that he found two cows, the property of the defendants in his mangold crop on the dates mentioned.

To the Justice—The cows did damage to the extent of about 1/2.

To Mr. Ryan—He had forgiven them before for trespass. He wanted the mangolds badly. He was not claiming any expenses.

A decree for 1/2 was given.

Examination Order Sought

An examination order was sought by Mrs. Johanna Fraher, Kiltbrien, against Thomas Fraher, do.

Owing to the absence of Mr. Farrell, solr., for applicant, the case was adjourned to next court.

Road Traffic Act

Duties of Road Users

Superintendent Walsh, prosecuted Mr. J. J. Walsh, B.L., and Mce. Cowman, Burgery, Dungarvan, under the Road Traffic Act.

Mr. Ryan, solr., represented Mr. Walsh, B.L., who he said was engaged at the Carlow Circuit Court and could not attend. Mr. Ryan said it was one of the first cases brought under this section of the Road Traffic Act. Mr. Walsh was involved in a little accident when his car collided with one of a number of cattle driven on the road by the other defendant. A statement made by Mr. Walsh after the accident, was then read, in which it was stated that he was coming to the Dungarvan Circuit Court when he met the cattle being driven on the road. One cow suddenly pushed another as he was passing, and that cow struck and damaged his lamp. The cow seemed all right and walked away, but she perished after some time, and Mr. Walsh's Insurance Co., settled the claim with the owner of the cow to his satisfaction. He thought in view of all the circumstances, it was a case the Superintendent might withdraw.

Superintendent Walsh said he was prepared to withdraw the case which was put very fairly by Mr. Ryan. It was brought principally to let the public know of the new bye-laws which placed an obligation on the drivers of herds to see that there was no obstruction caused, and an obligation also on motorists to drive carefully or even to stop, both would have to do their part. He then quoted the following section under which the prosecution was brought:—

"The driver of a mechanically-propelled vehicle overtaking or meeting an animal (attached or not attached to a vehicle) on a roadway shall reduce the speed of or stop such vehicle if either—(1) he is requested by uplifted hand, or otherwise so to do by the person in charge of such animal, or (2) if such reduction of speed or stopping is reasonably necessary to enable such person to conduct such animal safely while being passed by or passing such vehicle."

As regards the prosecution against the driver of the cattle, the section states:—

"That the driver must take all such precautions as may be practicable to ensure that such animal does not or do not obstruct the passage of other traffic, or of pedestrians meeting or being overtaken by a vehicle, so conduct such animal or animals as to provide a sufficient passage for such vehicle to pass such animal or animals."

The Justice approved the decision to withdraw the case, but said it was very proper to give the utmost publicity to

these regulations and to let road-users know that they are bound to observe caution. To drivers of cattle it will be quite plain now that they must facilitate other users of the road.

Lights on Vehicles

Guard Enright, prosecuted Patk. O'Connor, Englishstown, for using an unlighted bicycle. Fined 2/6.

Guard Begley v. L. Boyle. Fined 2/6.

Guard v. Patk. McGrath, Two-Mile-Bridge. Fined 1/6.

Guard Straine v. Patk. Ryan, Kiltgreaney, Cappagh, no light or reflector. Fined 2/6 and 1/6.

Same v. Matthew O'Brien, Coolcoomac. Fined 2/6.

Complainant said defendant had a light which was not lighted.

Guard McGee v. James McGrath, same offence. Fined 2/6.

Guard Moloney, Ring, v. Patrick Curran, Gurtinadina. Fined 2/6.

Guard McGee, v. Ed. Curran, Kiltosera. Fined 2/6.

Guard Straine, v. same defendant. Fined 3/6.

Drunk and Incapable

Guard Giblin, prosecuted Peter Delaney, Davis street, with being drunk and incapable on the Square, on 22nd January.

Complainant, in reply to the Justice, said defendant's language on the occasion was not of the best.

A fine of 5/- was imposed.

Cruelty to Animal on the Road to Roscrea

Guard Deasy, charged Thomas Tobin, Kiltarnna, Dungarvan, and Mrs. Ellen Prendergast, Laugrah, with permitting a cow to be ill-treated, and John Griffin, do., with ill-treating a cow on January 7th last.

Mr. T. C. Williams, solr., appeared for Mr. Tobin, and Mrs. Prendergast. Mr. Griffin, was not professionally represented.

The case against Griffin was taken first. Timothy Brosnan, Fernbank, Waterford, said in reply to Superintendent Walsh, that he is a bus inspector. On the morning of January 7th, he was at Ballymacnagane Cross, near the Master McGrath monument, where he saw a cow lying on the roadway. The defendant was beating the cow. Witness recognised him. Defendant said witness he was bringing the cow to the Dungarvan station for the Roscrea Factory. The cow was in an exhausted condition. Witness tried to lift the cow by the tail and horns to get it off the roadway, but could not.

Guard Deasy said he was proceeding to Coolnamona on January 7th and saw the cow lying on the roadway. He waited until defendant Griffin came. Witness questioned him and after cautioning him he made a statement. He said he was employed by Mrs. Prendergast, Poulbatta, about 3 miles from Cappagh, and was taking the cow to the Dungarvan station. Witness instructed the defendant to put the cow in a field. The cow was later taken home, and died after a few days.

John Griffin, defendant, said he was driving the cow to Dungarvan, she appeared to get a pain or something and was in good health on January 7th and 8th. He started for Dungarvan about 6 a.m. He noticed nothing wrong with the cow until she lay down. The reason he beat the animal was because she was in the centre of the road, and he wanted to get her to the side of the road.

To Superintendent Walsh—The cow was about 7 years old. She was fading away.

Superintendent—Evidently she was thought good enough for Roscrea.

To the Justice—The cow lay down in spite of him. Witness is a labourer, 20 years of age, and employed by Mrs. Prendergast. He knew this cow about 14 months. She appeared a bit delicate. Witness's wages were 2s. a week.

The Justice imposed a fine of 7/6 on the defendant.

Defendant was then examined by Superintendent Walsh in the cases against Mrs. Prendergast and Tobin, and said that when taking the cow to Dungarvan he was in good health on January 7th and 8th. He saw the defendant Thomas Tobin at Poulbatta on the previous Sunday, and arrangements were made to send the cow away. Tobin is a brother-in-law of Mrs. Prendergast. Witness got instructions from Thomas Tobin about taking the cow to Dungarvan. Tobin told Mrs. Prendergast that he had four cows to send, and he would keep back one of his and include this cow.

Examined by Mr. Williams, Griffin said the cow walked alright the first 5 miles. She was in fairly good condition and in good health on January 2nd.

Superintendent Walsh—The cow was ill between the 2nd and 7th of January.

Guard Deasy, recalled, said the cow had travelled 8 miles to where he found her. The cow could have been milked at Cappagh on Tuesday 17th January or at Cappagh on Wednesday 18th.

Mr. Thomas Tobin, was examined by Mr. Williams.

To Superintendent Walsh the witness said when he saw the cow she was fit to be driven to Dungarvan, and was not in very delicate health. He thought she was suffering from "timber" toner. He would neither deny nor say she suffered from tuberculosis.

WATERFORD CO. COUNCIL.

Commissioner Moylhan, held the adjourned meeting of the Co. Council on Tuesday last.

Provisions of Courthouses

A letter from the Department regarding the provision of Courthouses in the County was read.

Secretary—This matter was referred to by the County Surveyor.

Commissioner—We advertised for houses suitable as Courthouses in Ardmore and Cappaghin.

Mr. Bowen, County Surveyor, said he had a statement on this matter prepared.

Agricultural Grant

The Department notified the Council that the total amount of agricultural grant for the relief of rates on agricultural land is £1,870,000.

Secretary—This is not going to be very much help for budgeting, as the portion we will be entitled to is not allocated.

Co. Surveyor's Report

The following report was read from the County Surveyor:—

The road work of the past quarter has been of very limited extent. The funds allowed were mostly insufficient, and had been already expended. Weather was decidedly bad, with an excessive proportion of wet. No damages were caused by serious floods or storms.

On main roads the surfaces have been generally maintained in fair travelling order, with the exception of those roads which have not yet been rolled and tamped. The old surfaces are now troublesome to maintain in the ordinary way on roads that have been rolled a long time ago. Re-surfacing would be more economical. Little improvement has been possible. Safety work at corners and junctions, has received some attention. Much more is desirable.

It is regretted that County Roads, of the more important class, are not properly maintained, and many are now in a bad condition. Re-surfacing is essential. If funds can be secured, other county roads also are now deteriorating after several years of shortage. A number of the less important and outlying roads might now be fit to contract.

The road improvement grant was expended in the past quarter. A suitable section of the Waterford-Traamore road was completed. About three-quarters of a mile still remains to be done. The Lisamore-Gap road was completed, and a bad section near Portlaw on the Carrick-Traamore road. These are very useful roads. The weather was not suitable for the work, and costs were thus higher than if the work was done at the proper season of the year. It is hoped to put next year's grant into rolling of main roads not previously rolled.

Recent storms have caused some damage to the old Promenade at Traamore. A proposal to seek here comes before you for consideration.

Plant and machinery is in good working order generally. The annual overhaul if all items is in progress.

I wish to again call attention to the insufficiency of the office accommodation. The charge clerk here comes before you documents and papers of importance, and

Griffin recalled, said he thought the cow was fit for the journey.

The Justice said that had imposed a fine on Griffin who was doing what he was told to do. What he fined him for was for ill-treating the cow. He was very pleased at the action of the bus Inspector, a humane man, who saw what was taking place and intervened to stop it. He deserves every credit for his action. The charge against Mrs. Prendergast and Tobin was that they sent a cow that was not fit to travel, but they were not responsible for the kicking and beating. Of course, if it was proved that Tobin or Mrs. Prendergast knew of the unfit condition of the cow he would impose a very severe penalty up to 15. It was disgraceful to send a cow out in this condition, and it is with reluctance he would discuss the case against them.

School Attendance

Guard Regan, School Attendance Officer, had some cases under the School Attendance Act, which were adjourned.

Wandering Animals

Guard Deasy v. M. Lynch Slate Lane, with allowing a donkey, his property, to wander on the public road.

Defendant's wife, who appeared, said the donkey stayed on to the road.

The case was dismissed with a caution, and in good health on January 2nd.

The same complainant charged Patk. Lannon, with allowing a jennet to wander on the public road.

A fine of 2/- was imposed.

Horse Unattended

Guard O'Leary, prosecuted Richard Guiry, an employee of Mr. N. Berrisford, Coolnagor, for allowing a horse to remain unattended in Mitchell street.

Complainant stated that the horse ran away, and was finally brought to a stand in Main street.

Defendant said he just went into a shop with a message and when he came out the horse was gone.

A fine of 5/- was imposed.

not nearly enough space for working of the staff. The work of the Boards of Health and Assistance has made matters very much worse. The time has certainly arrived for taking some definite steps towards the provision of adequate accommodation. A proposal is submitted for consideration.

Note—The foregoing report was in addition to the very elaborate report published in our issue of 12th inst., in which the County Surveyor's estimate of expenditure on roads was as follows—Main Roads £28,205; County Roads £52,921; Urban Roads £1,055. Total £82,181.

Commissioner Moylhan said that in his report the County Surveyor looks for £82,000, which would mean an increase of about 3/- on the rates of the County. The County Surveyor has included every road in the County in his report. The report also states that for the past 5 years the estimate was cut and the amounts passed inadequate, that would seem to indicate that I was responsible, but the year before I came it was cut by about £20,000.

County Surveyor—It was cut for two years before you came.

Commissioner—I would like to clear up the impression that I was responsible for cutting the estimate. In 1934 the County Surveyor got in touch with the Department and they allowed a minimum of I think £32,000.

Secretary—The amount was £30,000 odd in 1934-35.

The Commissioner said that according to records the amount of Agricultural Grant lost to the County was £50,000, if the people had paid their land annuities that sum would have been available for roads and other works. I always try to keep in mind what rate the people are capable of bearing. There is also increased demands for the public service of the County—the Mental Hospital and Boards of Health and Assistance. I would be very loth to increase the rates owing to the position of agriculture in the County during the past 4 years. However, I will not strike the estimate until we know exactly how we stand regarding the amount of Agricultural Grant available, and will adjourn this meeting until Wednesday.

The County Surveyor said that having regard to the bad state of the roads and the increased costs of road-making he hoped a substantial increase would be made.

Members on Infirmary Board

The outgoing members on the Infirmary Board, viz., Very Rev. Canon Walsh, Traamore, Rev. J. Power, C.C., Portlaw, Messrs. Murphy, Dunhill and S. J. Moylhan, Commissioner were reappointed.

Loan of £2,111

An application by the Board of Health for a loan of £2,111 in respect of the following works was approved:—Public Lavatories at Traamore, Dunmore East and Passage East. Sewer at Love Lane, Traamore, and sewer outfall at Passage East.

Tenders for Printing

The following tenders for the printing required by the Secretary and Co. Surveyor's Department respectively were before the meeting.

Secretary's office—"Nationalist," Clonmel, £212; Dollards, Dublin, £420; Athlone Printing Works, £252.

County Surveyor's Department—"Nationalist," Clonmel, £62; Dollards, Dublin, £80; "Waterford News," £95; Athlone Printing Works £165.

The tender of the Nationalist, Clonmel, was accepted.

DUNGARVAN'S NEW GOLF LINKS

AT BALLINACOURTY

Writing in the "Independent" of Friday last L.H. says:—

So far, the sporting little club of Dungarvan has had two courses, one on the Cunnigar and the present one at Clonea—a very delightful seaside resort. Some one prays wheat to golfers, and the club has to move, and last week I ran down to lay out a course. Went by Kilkenny, Kilmogony, and Carrick-on-Suir and can only say to motorists: "Avoid that Kilmogony route till road is finished."

Stayed at a very pleasant hotel at Clonea, where I saw a 15-year-old who will beat the world at table tennis. Always I have misgivings about the ground I am asked to lay out courses on, but this time was agreeably surprised. The site of the new course is at Ballinacourty with a Coasguard Station ruins (not so ruined) to make into a clubhouse. Ireland abounds in picturesque golfing sites, but Dungarvan's new course will be hard to beat. It looks towards Helvick Head, and all around are such things as sea, conneagars, the town, and the Comeragh mountains. Two holes run by the sea, but the soil is of inland nature.

Well, nine holes of just under 3,000 yards were laid out, and if the Dungarvan residents realise how good a thing they have at Ballinacourty the club will have many more members. All over Ireland are many places where the golf

GAELIC NOTES & NOTIONS

By "CROTOG"

On last Sunday in Cork, Waterford hurlers proved that they have lost none of the dexterity and dash which brought them within a step of the top of the ladder last year. Their sparkling form against the All-Ireland champions will reassure the more faint-hearted of the Deise supporters and be a source of joy and pride to all those fiery fans who believe that Waterford's day of hurling glory is at hand. Tipperary were decidedly lucky to win to two points, for had our forwards kept cool heads in the last quarter of the game when the opposing net was at their mercy time and again, the champions would most certainly have been beaten and by no small margin either.

Both teams were almost at full strength, Cooney and Treacy the stalwart Dublin auxiliaries were missing in the Tipp. Line-out, while Loughlin Byrne, Dwyer, Daly and Butler were Waterford absentees. The game was hard and close with the exchanges hot and hectic throughout. Fast and furious pulling was the order and no quarter. The ground, even after a week of cold dry weather, was a veritable bog, and the turf, after a few minutes, was churned up to such an extent that even the lightest-footed of the players sank to the ankles. This was a severe handicap to our lads who like to hear their pegs rattling on a stone-hard ground. Their first-time striking kept them mostly on the offensive in the first half, but the finishing of the forwards was very faulty and many golden chances were literally chucked away. The close tackling of the Deise hurlers was not to the liking of many of the Tipp. men, especially the backs who, when rattled, seemed to forget the restraint expected of All-Ireland champions. In the last few minutes, panic seemed to seize the men of Tipperary as they saw themselves face to face with defeat. But the Deise hurlers, elated and exultant at the prospect of victory, lost their heads like St. Ruth at Aughrim and paid the penalty for their impetuosity and over-egerness.

Our backs, every man of them, were excellent, while Curley, the culbair, signalled his return by a mastery display which was him his place on the Munster team for St. Patrick's Day. Meegan and Greaney did their part nobly at mid-field so much so that the former was again chosen for inter-provincial honours. John Keane was net as spectacular as usual; he was in the wars from the start and received some mighty hard knocks in the close-quarter work which was a feature of the game. The return of Halpin and Sheehan was like a tonic to the second line of attack, but the corners in the front line are still the weak spots. Barron was his usual elegant self and the way in which he outplayed Jim Langan, the doughty Tipp. Captain, left the Munster selectors no option but to include him on their team.

It speaks volumes for the high prestige of the Deise when, in a period where there is a plethora of class hurlers in Munster, no less than four Waterford men have won the highest mark of honour in the game—the proud privilege of representing Royal Munster. Here is the Deise quartette:—John Keane, Mount Sion, Christy Moylhan and Willie Barron, Dungarvan and Nick Curley, Tallow.

The loud-voiced dailies which mouth so much about their devotion (sic!) to Gaelic games might devote a little more attention to accuracy in their reports. It was sickening to see in one "daily" paper, a brief paragraph giving an alleged description of the game. Byrne, who did not travel to Cork at all, is credited with scoring Waterford's first goal; in the second half, Ware is described as shooting another, though at the time, he was not playing at all, having retired at half-time. It just shows what hash passes for

KILMACTHOMAS NEWS

Obit— It is with deep regret we have to announce the death of Miss Mary Hearne-Power, Ballylonean Upper, Kilmacthomas, which took place on Friday evening of last week after a prolonged illness, borne with true Christian fortitude and resignation. Deceased, who had only reached her 46th year, was widely known and her demise is deeply regretted by a large circle of friends. She was a member of a very old and respected Deane family, and is survived by her devotedly popular brothers, Messrs. James and Michael Hearne-Power, who have the sympathy of all of these parts in their sad bereavement and loss. On Saturday evening the remains were removed to St. Anne's Church, Ballylonean, wherein the prayers for the dead were recited by the local C.C., Father Michael Power. The funeral, which took place at Newtown Churchyard after the 11 o'clock Mass on Sunday, was one of the largest seen in the district for a long time, and was attended by people from all over the County, showing the high esteem in which she and all the family were held. It would be impossible to give a list of the general public, or even of some of the nearest friends, who attended the funeral. Very Rev. T. Galvin, P.P. Newtown, officiated at the graveside, assisted by Rev. J. Hally, C.C., Kilmacthomas.

Office and High Mass for the happy repose of her soul were offered up in St. Anne's Church at 10.30 a.m. on Monday. Fr. Power, C.C., Ballylonean, was celebrant in attendance were: Very Rev. E. English, P.P., Stradbally; Very Rev. T. Galvin, P.P., Newtown; Very Rev. J. Crotty, P.P., Kilmacthomas; Rev. W. Meehan, C.C., do; Rev. J. Lown, C.C., Stradbally; Rev. M. Power, C.C., Kill, and Rev. J. Hally, C.C., Kilmacthomas. There was a very large congregation present—Go ndeanaid Dia Trocaire ar an anam.

Sorry To Hear— That Sergeant Bernard Lynch, Garda Síochána, Stradbally, has received notice of his transfer to Abbeyfeale, Co. Limerick, on the 4th of next month. Sgt. Lynch is a most efficient officer and carries out his duties with the utmost courtesy and consideration. Stradbally people will sincerely regret his departure, and he will have their best wishes for his future prosperity and success.

The Cellar— Under the auspices of the local Social Club—at Ballylonean Hall, on Sunday night last, attracted a bumper house and was voted the most enjoyable "social" ever held in the place. A "45" Card Drive conducted in conjunction with the dance also met a liberal measure of patronage and proved highly pleasing to the players engaged. Partners Maurice Lannon, Seafeld, and David Kieley, Ballylonean, won the 1st prize, while the runners-up prizes fell to partners Martin Keane, Fahafelagh, and Patrick Curran, Garrurtnure, and partners Maurice Hurley, Fahafelagh, and Thomas Fitzgerald, Ballylonean. The Social Club are running similar functions in their Hall on tomorrow (Sunday) night, and a good attendance is again confidently anticipated.

Last Saturday's race meeting at Leperstown, the Stand Maiden Hurdle Race of £50 (distance 1 1/2 miles) was won by Mr. W. J. Parkinson's One Hundred And Ten, ridden by Paddy Russell, son of Mr. and Mrs. John Russell, Newliffe Cottage, Kilmacthomas. Paddy is attached to ex-senator J. J. Parkinson's famous establishment at Maddenstown Lodge, Curragh.

We Hear— That Mr. Richard Good, Cashier, Provincial Bank, Kilmacthomas, is retiring at the end of this month. A native of West Cork, Mr. Good has been in our midst for the past decade of years, and is a notably courteous and efficient member of his noble profession. His fine baritone voice has often been heard on the concert platform at Kilmacthomas, Kill and Leamyriban—all entertainments for praiseworthy parochial purposes brought off at these centres in recent years. His departure will be regretted by all sections of the community with whom he is extremely popular.

The February Fair— Held on Tuesday, was below average in point of supply. Calves, under 1 month, average price per head, £2 13s; store cattle, 9 to 12 months, 2nd class, £6 10s. 22 to 15 months 1st class, £8 2nd class £8; 15 months to 3 years 1st class £10 15s; 2nd class £9 2s; 3 to 3 years 2nd class £10 15s; 3 years and over, 2nd class £13 10s; fat cattle, 2 to 3 years, 2nd class, £12 17s; 3 to 3 years and over, 1st class, £13 15s; 2nd class, £15; cows and bulls, 2nd class, £12; springers (cows and heifers), 1st class, £17; 2nd class, £14; milk cows (down calved), 2nd class, £13 15s; young pigs, under 12 weeks, 27/6; store pigs, 12 weeks to 4 months, 38s; 4 months and over, 52/; store lambs, under 12 months, long wools, 37/; fat sheep, 1 to 2 years, long wools, 54s; 2 years and over, long wools, 56s. The traders of the town did an appreciably brisk business during the fair.

See Advt.— In another column, anent the Grand Cinderella Dance coming off in the Yoko Hall, on tomorrow (Sunday) night. This function bids fair to surpass all such enjoyable forms of entertainment previously held there. Few lovers of the "light fantastic art" will absent themselves from this great pre-Lentastic treat.

A Correspondent— Who writes from a midland newspaper office informs us that he had to "cut" drastically the "copy" sent in recently for a poster for a local ploughing match. One of the paragraphs through which the blue pencil mercilessly scrawled read: "Ploughmen who usually judges immediately disqualified!"

Cross-Examination

The humorous cross-examination have given their spice to life ever since the fictitious but immortal breach of promise case, Bardwell versus Pickwick. There was recently an amusing case in our Emerald Isle, the litigation arising out of the cutting down of a tree, which plaintiff claimed as his property. "Did you see this tree that has been spoken of?" asked counsel of a witness. "Yes," was the reply, "I saw it plainly." The learned advocate followed up this admission in favour of his client by remarking interrogatively, "It was conspicuous, then?" The witness would not yield to this extent, but requested that he saw the tree quite plainly. Then the lawyer, slightly exasperated, asked, "What is the difference between plain and conspicuous?" To his consternation he was hoist with his own petard, for the witness innocently and smoothly answered, "I can give you plain, sir, among the other lawyers but you are not a bit conspicuous." Counsel did not pursue his cross-examination further. This reminds us of another case in the District Court where the legal representative had not the best of matters. Haven't I seen you before somewhere?" said a solicitor to a respectable-looking witness, and to his great surprise the witness answered, "I shouldn't wonder, sir, I've been in some queer places in my time." Which also reminds us of another solicitor who remarked severely as he glared at a witness, "I have met this man in a great many places where I should be ashamed to be seen myself!" Then he paused and looked with astonishment at the smiling court.

TALLOW NEWS

Death of Mr. Richard Fitzgerald, Ballylonean. The announcement of the death of Mr. Richard Fitzgerald, which occurred rather unexpectedly, at his residence Ballylonean, Tallow, occasioned feelings of profound sorrow and widespread regret amongst a wide circle of relatives and friends throughout East Cork and West Waterford. Although not enjoying robust health for some time, he nevertheless took an active interest in his usual avocations and continued to do so until within a short time of his demise, when he complained of a rather sudden weakness. Spiritual and medical aid were immediately summoned, and despite every effort to effect restoration, he passed to his eternal reward, a few hours later.

Decidedly the passing has removed one of the best known figures in his native village, where he operated an extensive motor service, and for a period of over twenty years he was contractor to the Postmaster-General for the conveyance of the mail from Tallow Road Station to Tallow, Carriglass, Conna, and Ballylonean, and vice-versa, and his record in this connection for reliability and time-keeping was an outstanding one. A tremendous concourse of friends and sympathisers attended the removal of the remains to the Parish Church, where they lay overnight. Requiem Mass being offered next morning for the repose of his soul by Rev. M. Harrington, C.C., Ballylonean. The attendance at the funeral which took place to the local cemetery, was exceedingly large and representative, and the interment followed in the family burial plot, the last prayers being recited by Very Rev. M. Aherne, P.P., Rev. M. Harrington, C.C., Rev. Fr. Twomey, C.C.

The chief mourners present were:— William Fitzgerald (son); Miss M. Fitzgerald (daughter); Wm. Fitzgerald, Fermilide, Limerick (brother); Mrs. Wm. Fitzgerald, (sister-in-law); Master Wm. Fitzgerald, Limerick (nephew); Messrs. Alec Richard, Patrick and Wm. Fitzgerald, Ballydonnell (nephews); Mr. and Mrs. Ed. Kelleher, Fermoy (cousins); Mr. and Mrs. P. Swaine, Youghal, Mrs. Willis, Bartlemey, Miss McSweeney, Castlelyons; Mr. T. Cox, Ballylonean; Mr. and Mrs. J. Coleman, Kilmacmahon; Mr. P. O'Neill, Clondulane House, Fermoy; Mr. J. O'Neill, Ballylonean, Mrs. L. Dempsey, Tallow; Mr. Wm. Fitzgerald, Clonmull; (relatives). Sympathisers and friends were present from Limerick, Youghal, Fermoy, Tallow, Castlelyons, Conna, Aghorn, Lismore, Glencairn, Ballycotton, Kiltagh, Mountaniack, Middleton, Castlemartyr, Mogely, etc.

Tallow Old Age Pensioner Found Dead— An old-age pensioner named Cornelius Breen, who lived alone at Barrack street, Tallow, Co. Waterford, was found dead in his home on Saturday.

Deceased, who was extremely active for a man of his years, attended Cappoquin Race Meeting on Thursday, where he must have contracted a chill, which possibly hastened his demise. Neighbours who missed him on Saturday knocked at his door, and failing to get a response summoned assistance, when on forcing an entry they found him dead.

"Con" as he was familiarly known to his many friends was extremely popular, and heartfelt regret was expressed on all sides at his untimely passing. Following Requiem Mass, which was celebrated for the repose of his soul by Rev. Fr. Corbett, C.C., the interment took place in the new cemetery attached to the Church of the Immaculate Conception, Tallow, in the presence of a very large attendance of friends and sympathisers. Father Corbett recited the last prayers at the graveside.—R.I.P.

Milk Prices Addressing the annual meeting of the I.D.S.B. Society at Tralee, Mr. P. J. Halliday, Hon. Secretary of the Society, who was present, expressed the belief that during the coming season the price of milk and its products, would show an improvement as compared with past few years. "The Minister for Agriculture," he stated, "was very sympathetic with the claims of the dairy farmers, and I am sanguine he will provide money somewhere to meet their just and reasonable demands."

WATERFORD AND LISMORE DIOCESE

Canon Power's New Diocesan History

We extend a hearty welcome to "Waterford and Lismore—a Compendium of the United Diocese," by Very Rev. Canon P. Power, M.R.I.A., D.Litt., Professor Emeritus of Archaeology of University College, Cork; (University Press, Cork, and Educational Co., of Ireland, Talbot St., Dublin, 400 p.p. large Oct. 7/6). The name of Rev. Professor Power, is a household word in his native diocese for zeal and erudition in the domain of ecclesiastical and general history; Archaeology, Hagiology, etc. His Monumental "Place Names of the Dioceses," is the best work on Irish topography that has yet seen the light. His writings in the "Journal of the Waterford and Smith East of Ireland Archaeological Society, of which he was Editor from its foundation in 1894 to its end in 1915 are a Thesaurus of Archaeological and historical, hagiological and bibliographical lore.

The name of Rev. Professor Power, is a household word in his native diocese for zeal and erudition in the domain of ecclesiastical and general history; Archaeology, Hagiology, etc. His Monumental "Place Names of the Dioceses," is the best work on Irish topography that has yet seen the light. His writings in the "Journal of the Waterford and Smith East of Ireland Archaeological Society, of which he was Editor from its foundation in 1894 to its end in 1915 are a Thesaurus of Archaeological and historical, hagiological and bibliographical lore.

The Introduction of 52 pages is an excellent summary of our diocesan history from SS. Declan and Carthage to our day. The diocese is taken parish by parish in pages that follow and we get a short history of each parish, its Churches, Convents, and Monasteries, etc., and the succession of pastors from the early 18th century to the present year.

There are XIV interesting and informative Appendices that include Saints of the Diocese; Ancient Temporalities of the See; Bishop Miller McGrath's Visitation of Waterford and Lismore diocese 1588; Lists of Catholic holders in the diocese whose lands were forfeited following the Cromwellian Conquest, and the names of those to whom the forfeited lands were given; List of Waterford Students in Solomeneia 1809; Priest-hunting in Waterford Diocese 1654 (names of priest-hunters, sum paid for their services, the names of priests informed upon by them). A very illuminating, informative and valuable section of the Appendix is the long list of perverts in Waterford and Lismore diocese between 1713 and 1791, the Penal Laws the testing time for Irish Catholics. "The descendants of some of those perverts" write Canon Power, "today carry their dishonoured Catholic names into Catholic temples."

Long experience has taught the faculty of using up the average Irish penny (poor or wealthy) to spend upon a book the price of a week's cigarettes or cinema seats. May we hope that a few hundred persons will be found in Waterford and Lismore diocese to show their appreciation of the valuable work done for the diocese by Canon Power and that they will acquire the small sum of 7/6 for a book that would be excellent value at three times that sum.

S. O'F.

KNOCKANORE NOTES

Knockanore, it has begun to appear on the map. Hitherto it was scarcely known, but now the progress of the people of the Dramatic Class, and above all, the completion of its magnificent Church, has attracted many eyes in its direction. Knockanore can boast of one of the most beautiful country Churches in Ireland. It is, indeed, a fitting result of the unflinching zeal of its Pastor Father Morrissey, whose persevering devotion in the cause has raised the Church to its present standard. Father Morrissey, since his advent to the Parish has left no stone unturned to make the Church worthy of its Occupant and now there lies in the present edifice the reward of his constant labour. Yet his efforts needed the response of the people of Knockanore to turn them into effective action. This they received. His numerous means of raising funds for the Church, "45 Drives," Raffles, Plays and Concerts, have received substantial support. Nevertheless, a considerable amount of money must be raised to somewhat balance the entire debt. The Knockanore Church will in generations to come be a tribute to the zeal of those who have helped to make it what it is.

The Dramatic Society are busy in the preparation of Plays by which they hope firstly to promote the Church cause, and secondly, to entertain the people of the Parish, and of the surrounding parishes for the coming season. On Easter Sunday they intend to produce the leading play of the season. Do not miss it. Roll in in your thousands and witness the never-to-be-forgotten feats of famed stage-goers, amateur actors and singers of long-standing reputation. The Dramatic class has been very successful in the production of such plays as: "Paid in his Blood," "The Building Fund" and "Kathleen Mavourneen." It is hoped that on Easter Sunday night all former records will be broken, so make sure you are present.

The Hurling team are getting on their feet once more. They have plenty material for a strong club which should go a good way in the County Championship. All that is needed is practice and if they stick together and work in earnest there is no reason why they should not be successful.—R.I.P.

Mr. D. J. Kelly, Thos. L. Dyser, Ballymaloe, writes:— "After trying a lot of other remedies I found CUREOX was THE ONLY ONE that had any effect. My lambs were dying rapidly until I started using CUREOX. I have proved it to be the best possible remedy for wool ball." (We did not ask or pay for this letter.)

DISEASES OF ANIMALS' COMMITTEE.

WARBLE FLY ORDER

Commissioner S. J. Moynihan, presided at a meeting of the Diseases of Animals Committee in the Courthouse, Dungarvan, on Saturday. Other members in attendance were—Messrs. Thos. Flynn, P. B. Sheridan, P. J. Power, Martin Kelly, M. Hickey, N. Walsh, — Hourigan.

Inspectors Approved A letter from the Department approved the re-appointment of the Temporary Inspectors employed last year, who were satisfactory. Each Inspector before taking up duty should be requested to give the undertaking required by the Department. An order was made that a circular be issued to all cattle owners warning them of the possible effects of non-compliance with the Warble Fly Order.

Appointment of Inspector The Secretary stated that at a previous meeting the Committee decided to re-appoint all the Inspectors that they had last year. He had forwarded forms to each Inspector and they were all returned duly signed with the exception of one—Mr. Power of the Clonmel No. 2 area who has resigned from the post.

Replying to a member, the Secretary stated that the procedure adopted in 1937 in the event of any of the Inspectors not being able to take up duty, was to appoint the runner up for that particular area in 1936.

The Secretary stated there were two applicants for the position of Inspector in the Clonmel No. 2 area, viz., Mr. Morrissey, Knockavanna, Ballymacarthy and Cornelius O'Loughnan, Tooracra, Ballymacarthy.

Mr. M. Morrissey, who tied with Mr. Power (resigned) for the position in 1936 was unanimously appointed.

Tenders for Tanks Quotations for the supply of two sheep dipping tanks were read from Messrs. Cooper's at £12 10s. each and The Hammond Lane Foundry, at £13 less 2 1/2% which would equal £12 13s. 6d. The tender of Messrs. Cooper's was accepted.

Only one tender was received for supplying two drainers for sheep dipping, and the Committee without opening the tender decided to re-advertise.

CARRICK-ON-SUIR C.Y.M.S.

The gratifying progress in every sphere of the work of the branch was the outstanding note in the Annual Report of Mr. W. Galvan, Hon. Sec., at the annual meeting of the Carrick-on-Suir C.Y.M.S., this week.

Very Rev. Canon Prendergast, P.P., presided, Rev. E. Ryan, C.C., Spiritual Director, and the other priests of the parish were present. A large increase in membership was reported.

An interesting feature of the year's activities of the branch consisted of friendly visits to the rooms of Carrick C.Y.M.S. from members of neighbouring branches and the return of these visits. There were billiard tournaments and concerts and the library was well patronised. Arrangements were made for a course of lectures on various aspects of Catholic Social Action.

P. MOLLOY & SONS SCULPTORS CALLAN And DUNGARVAN HAVE OPENED A BRANCH YARD IN JOHN STREET, KILKENNY AND CAN SUPPLY ALL CLASSES OF MONUMENTS IN MARBLE, LIMESTONE AND GRANITE CELTIC CROSSES A SPECIALITY MODERATE PRICES DESIGNS AND ESTIMATES FREE

Agricultural Conditions

JANUARY, 1938

Weather and Work.—The weather in January, except during the first week when it was mild and dry, was almost continuously wet. The heavy rains tended to lay lands sodden and retarded field work. Fortunately ploughing had been well advanced before Christmas and consequently the slowing up of this work in January had not a serious effect. During the fairly dry spells a good deal of ploughing was carried out and some sowings of winter cereals were made.

Food Supplies for Wintering Stock.—At the end of the month ample supplies of fodder, roots and grain were on hand on all farms. Comparatively few callings had to be made on reserves for feeding stock and it was anticipated that those reserves would easily outlast the feeding season.

Grain.—Virtually the only grain marketed in any quantity during the month was oats, most of the surplus wheat and barley having been already disposed of, and even oats were offered sparingly, many farmers considering it better business to retain the grain for feeding than to sell it and purchase feeding stuffs. White Oats were steady at around 12s. to 13s. per barrel. In Dublin prices were: White Oats 14s. to 14s. 6d. per barrel, Black 12s. 6d. to 13s. Barley 19s. to 20s. per barrel.

Flax.—Scutching was well advanced at the close of the month. An analysis of returns from scutched lots would indicate a yield of fibre of about 31 stones to the acre which is well up to average. The quality was variable, the bulk being medium. Demand for fibre was dull at the beginning of the month but improved towards the end and stocks were well cleared at prices ranging from 65s. to 80s. per cwt.

Potatoes.—Although potatoes were fed fairly freely to live stock, good supplies remained on hands on most farms at the close of the month. The tubers were reported generally to be keeping well in the pits. Demand for ware potatoes for export was slow at about £2 per ton in the districts where potatoes are grown for export.

Demand for seed was somewhat quieter but previous rates were maintained, namely £4 to £9 per ton according to variety and dressing. Winter Cereals and Catch Crops.—The small areas sown with catch crops looked well at the close of the month. Additional sowings of what were made during the first week of January, but after that the weather rendered the work impracticable. Almost every district reports that winter wheat sown in October, November and December last had brained remarkably well and looked very promising.

Mangels, Turnips and Sugar Beet.—Mangels proved a good crop, stored well and are lasting out satisfactorily. The turnip crop was being cleared off the fields. It also proved a good average crop and the supply of roots should last well into March. Sugar beet yields were variable and on the whole rather below the average of recent years.

Cattle.—The number of cattle offered at provincial markets during January was about the normal. Trade was good on the whole with prices tending firmer. Well-bred young stores in condition continued in active demand. The following quotations may be regarded as representing the average range of prices realised at provincial fairs during the month for the various kinds of stock mentioned:—

Calves under 1 month from £1 5s. to £3 10s.; calves 1 to 9 months £2 5s. to £3 15s.; first-class stores 9 to 12 months £4 15s. to £7 12s. 6d.; first-class Stores 12 to 15 months £6 15s. to £9; First-class stores 15 months to 2 years £8 12s. 6d. to £11 15s.; first-class stores 2 to 3 years £10 7s. 6d. to £14; first-class stores 3 years and over £11 10s. to £15; 1st class fat bullocks and heifers £11 10s. to £20; best fat cows and bulls £8 10s. to £13; choice springing cows and leifers £14 5s. to £19; choice down-calved cows £13 to £19.

Sheep.—Flocks were maintained in good health and condition. Markets were well supplied with all classes including lambs which were bought mainly for the home trade. Comparatively few lambs were bought for export as dressed carcasses. Fat sheep realised up to 69s. each according to quality. Pigs.—The total number of pigs marketed during January showed a slight increase over that of the corresponding month last year. Pigs suitable for the bacon curing industry realised at the four principal southern centres from 59s. 3d. to 68s. 6d. per cwt. dead weight, or approximately 47s. 6d. to 51s. 6d. per cwt. on the live weight basis. Average prices for pigs of porker weights ranged from 64s. 6d. to 71s. per cwt. dead weight. Bonhams were in good supply and realised up to 36s. each according to age and quality. Breeding stocks were well maintained, with a tendency to increase.

Horses.—Horses, especially good farm animals, continued in keen demand at the high level of prices which obtained in recent months. Good farm horses made up to £40 each and Troopers up to £50. Milk.—Milk yields were affected by the cold inclement weather. Supplies reaching Creameries were rather below average for the month. Milk collected in the counties adjacent to Dublin for retail in the City returned 1s. 0 1/2d. per gallon on the farm to producers. Milk delivered to creameries in December realised 5.92d. per gallon with separated milk returned to producers.

A "CONTAINER?" Justice And The Price Of Bread

not deciding whether the on the defendant's behalf, a container within the Act because he had not data go on, was stated by F. J. MacCabe, D.J., at District Court on Friday, passed without prejudice a Mr. Patrick Kiersey, baker, was summoned for the violation of the Bread (Regulation) Act by selling batch bread in excess of the maximum of the Act. had been previously heard at Kilmacthomas, and as there was no waterford, on the definition of a batch bread

from the Department was evidence, but in answer to Justice's query as to whether handed in evidence by the or, was not, a container, replied that he was not an bakery trade, but that it personal opinion, a container was the meaning of the Act. Ryan, State Solicitor, who behalf of the Ministry of Commerce, which Department as complainants, explained in Kilmacthomas, all available had been tendered had been satisfied as to of "batch bread" within of the Act, but his worship satisfied as to the definition "container" in connection his worship had had some this case the contention of was that their purchaser was charged 20d. only, of 1s. per loaf had been in the case of the class commonly known as This class of bread was in throughout the country by uses of the people, and, as added Mr. Ryan, by the pie also. Batch bread, he was distinct from fancy or farm bracks, cakes, etc. out on to explain that the batch bread was in relationship price fixed for flour.

W. Hall, of the Department, and Commerce, led he was specially the business of price fixing road, under the regulations. went on, visited several bins and procured from the bins containers, which were in court.

in evidence on behalf of and the witness was asked Justice if he could tell was a container or not. replied that he was not a bakery trade and that he would samples of containers shown in the bakery trade.

Justice, in the course of said that the bins remained defendants—the Ministry for Commerce—to show that bins was the subject matter was, bread within the Minister's own definition. It had to be shown that was not baked in containers during the Act; but the produced something which study like a container, but the case from Kilmacthomas, and for one purpose was to be told the technical word "container." An produced for that purpose had been produced the assistance which he was not deciding whether on the defendant's was not, a container within of the Act, because he necessary data to go on, order must be in the nature without prejudice.

Exported beginning of this year until 8,244 fat sheep were exported as compared with 20,840 corresponding period last year.

WATERFORD COUNTY COUNCIL

Diseases of Animals Acts, 1894-35

WARBLE FLY (TREATMENT OF CATTLE) ORDER, 1938

NOTICE IS HEREBY GIVEN That the above Order as amended by the Warble Fly (Treatment of Cattle) (Amendment) Order, 1936, requires that all Cattle infested with the Larvae of the Warble Fly shall be dressed with Cattle Wash made from a Preparation approved by the Minister for Agriculture between the 1st and 7th days (both days inclusive) of each of the months: March, April, May, June and July. The Cattle Wash must be applied by the owner or person in charge of the cattle in such manner that it will come into contact with the Larvae through the Warble swellings in the skin of the Cattle.

No method of treatment for Warble Infestation other than the foregoing is permissible for the purposes of the Order. Supplies of the Preparations for making Cattle Wash are required to be sold in sealed packages bearing a printed indication of the Minister's approval. Owners of Cattle should note that it is necessary for the Inspectors appointed under the Order to be present at the time of dressing. Offences against the Order entail Penalties under the Diseases of Animals Acts.

Apart from the Penalties involved by non-compliance with the Order, it is essential that Stock-Owners should in their own interests, and in the interests of the Cattle Trade generally, comply fully with the requirements of the Order. It is only by the concerted action and co-operation of all Cattle-owners that success in eradicating the Warble pest within a reasonable time can be attained and the loss prevented which at present has to be borne mainly by the owners themselves. The Order is enforced by the County Council, who have appointed Inspectors to supervise its working and to advise stock-owners thereon. Any information required in connection with the operation of the Order can be obtained from these Inspectors or from the undersigned: By Order, M. A. FOLEY, Clerk to the Local Authority under the Diseases of Animals Acts for the County of Waterford, 22nd February, 1938.

THOROUGHbred SIRE FOR 1938

To be delivered at or before 3 p.m. 5. Irish-bred Beef in Fleshy Shoulders (exclusive of plate, necks and large bone), at per lb. To be delivered at or before 3 p.m. 6. Irish-bred Mutton in Quarters to the County Home and in Legs to the District Hospital (not too fat and exclusive of neck), at per lb. To be delivered at or before 3 p.m. For Twelve Months, from the 1st April 1938 to 31st March, 1939.— 7. Winding and Repairing Clocks. 8. Pure New Milk. To be delivered at 9.30 and 5.30 daily.

ALSO

- 9. Coal—50 tons Best House Coal. To be delivered as required. 10. One Ton Carlow Sugar. 11. Hen Eggs, from 9th March to 13th April, 1938. Contractors when sending in Tenders should mark on the Sealed Envelope "Tender For... The Committee will be prepared to accept one Tender for the entire supply of Milk or to divide the supply between two or more Contractors as they may deem advisable. If a person tendering is unable to supply the entire quantity of milk required, he should state in his tender the number of gallons which he undertakes to supply daily. The Milk supplied must contain over 3 per cent. of fat, and the Storekeeper, in order to help himself in this respect will forward samples from time to time for analysis. The average number of gallons of Milk required daily is about 75, but this does not limit the future supply that may be required. The Contractor or Contractors for Milk are hereby required to agree to the following further conditions, viz.— That in the event of the supply being at any time short or being rejected owing to its not being up to the standard, that the Storekeeper provide such substitute as the Medical Officer may approve at the Contractor's expense. Tenders on a prescribed Form, containing the names of Two Solvent Sureties who are willing to join the person tendering in a Bond for the due performance of the Contract, must be lodged with me not later than 11 o'clock a.m., on 9th March, 1938. The lowest or any Tender not necessarily accepted. (Signed) EDMOND KIELY, Clerk to Committee

LISMORE NOTES

The Leaseholders—Lismore Branch Meeting—

Addressing a meeting of the Lismore Branch, United Leaseholders Organisation, Mr. T. Croly, Chairman, Town Commissioners, said that the splendid success of the National Convention which he attended as a delegate, was an indication that leaseholders everywhere were growing conscious of the existence of their rights. Such a well organised consciousness would meet the demands of the Organisation, and was bound ultimately to result in some measure of legislation being passed in law.

The need for fresh legislation on the subject was now self-evident, yet it was a strange fact that in this country, their public representatives did not seem anxious to come forward and press David Eireann to pass the requisite legislation. Mr. David Noonan, M.I.A.A., Hon. Branch Secretary, said that the recent National Convention was a splendid tribute to the unity displayed amongst the leaseholders.

It was with great satisfaction they noted that the Organisation had been introduced to the Dublin leaseholders and was now safely entrenched there, thanks to the splendid organising genius of their National Director, Mr. Owen Mulholland. A letter was read from Mr. Sean Purcell, Hon. Secretary to the Tipperary Branch, requesting the Lismore Branch to send twelve delegates to the coming Clonmel Convention. The meeting appointed the delegates.

A resolution was passed calling on the Waterford L.D.'s to support the West Waterford Branches of the Organisation by attending the Clonmel Convention. Mr. Owen Mulholland, National Director then addressed the meeting and urged the delegates to attend the coming Convention as the attitude of the Dail towards legislation on the subject was far from being satisfactory and would come under review at the Convention. It was his view that the majority of the public representatives of this country had not taken sufficient interest in the claims of leaseholders and tenants, and the purpose of the Convention was to get their public representatives to attend and hear a detailed explanation of the new leaseholders Bill and then they could say whether they were for or against the Bill.

Mr. Mulholland commented strongly on a letter received from a T.D., who was a back bench, stating that "no useful work is being done by his attendance at the leaseholders meeting. Mr. Mulholland said that public representatives who took up that somewhat impertinent attitude, were of no use to the townspeople, and if that attitude continued the Organisation representing the Electors would be in the position to come out into the open and challenge such public representatives to explain their hostility to the movement.

Other public representatives had stated that the Government were waiting for the report of a Commission concerning leaseholders. It is to be regretted, said Mr. Mulholland that public representatives make such extraordinary statements without first endeavouring to ascertain the facts. "There is no Commission at present sitting that is investigating into the leasehold system, and the ground rent question," concluded Mr. Mulholland. Mr. J. W. O'Gorman, solicitor, said the nation-wide activities of the Organisation had been a distinct success, and it was obvious to any shrewd observer "that legislation is in the offing." "We all appreciate highly the untiring services rendered by Mr. Mulholland, National Director to this National Movement. He has been a most successful and diplomatic leader, and we have every confidence that he will make a complete success of the leaseholders movement.

Death of Mr. Thomas Mangan— We regret to record the death of Mr. Thomas Mangan, Corriganogue, Lismore, who died at Dungarvan Hospital, on Thursday, 17th February, after a prolonged illness and fortified by the rites of the Holy Church. Deceased was a fine type of manhood, and his associations with every one won for him the respect and esteem of all. His death is deeply regretted, and has created a void in the district which cannot easily be replaced.

The remains were conveyed by motor hearse, from Dungarvan to St. Catherine's Cathedral, on Friday, and the interment took place in the Council cemetery before a large and representative gathering of friends and relatives. The chief mourners were:— Patrick Mangan, Ballyea, Lismore (brother); Mrs. P. Mangan, Ballyea, Mr. C. Stack, William Pender, Corriganogue, Mr. P. Pender, Mrs. Pender, Mrs. Mangan, Messrs. Patrick, and John Mangan and Miss Eily Mangan (relatives).

LISMORE H. & F. CLUB

At a special meeting of the above a vote of condolence was passed to Patrick Hickey, William Hickey and Michael Regan, three of the most respected members of our Club on their recent sad bereavement proposed by J. Ross, and seconded by J. O'Neill.

The Lismore H. & F. Club— At the annual general meeting of the Lismore H. & F. Club, Mr. J. O'Gorman, N.T., Chairman presided. In reviewing the past year's work the Chairman (Mr. O'Gorman) paid a high tribute to all the members for their spontaneous co-operation throughout the year and he hoped the same would be forthcoming in the year before them.

The Secretary, Mr. J. O'Neill, gave a detailed account of the matches played throughout the year, and said that the future of the club should be even more successful if all the members would combine as they did last year. Reviewing the financial position of the Club, he stated that without doubt a special vote of thanks should be tendered to their treasurer Mr. Ross, for the way he managed the affairs of the club not only last year, but from the time he took over the managing of the financial affairs. As this was his last year being Secretary of the Club, he wished to tender a vote of thanks to everyone who helped him while he was Secretary.

The following officers were then elected:— Chairman—Mr. J. O'Gorman, N.T., Secretary—Mr. J. O'Brien, N.T., Vice-President—Mr. J. Ormond, N.T., Vice-Chairman—Mr. J. Ryan, Treasurer—Mr. J. Ross. Committee—Mr. J. O'Neill, T. Donohue, N.T.; Mr. Ryan, C. Murray, W. Linnen.

YOU MAY HAVE ONLY A SMALL GARDEN

You may have only a very small garden, but it is up to you to get the best possible results from it. Carters Tested Seeds, Raynes Park, London, specialise in supplying the wants for small gardens. A full range of their renewed Vegetable and Flower seeds are now packed in pictorial packets with full cultural directions and are retailed at 4d. per packet. When you consider that you can procure sufficient seeds to supply your wants the whole year round for a few shillings, it is not worth any little trouble to get your seeds, which cannot be procured through any other source at this price. Carters are prepared to go to endless trouble and expense to put you right in selecting seeds for the various seasons in order that you may have a succession of crops for the whole year. There are over 300 agents throughout the Free State and you will experience no difficulty in procuring exactly what you want. Any little trouble you go to will be well repaid but insist on getting Carters Tested Seeds which are now packed at their Waterford Depot.

ACKNOWLEDGMENT

QUANN—Mrs. and Miss Quann, and sister of the late Mr. E. Quann, Lackanarra Lodge, desire to return sincere thanks to all who have sent them cards and messages of sympathy in their recent bereavement, and this acknowledgment will be accepted by all, as it would be impossible to do so individually.

IN MEMORIAM

GEOHEGAN—(Third Anniversary) loving memory of my darling Patrick, late of Glen Farm, L.D., who died on February 25th 1935. Sacred Heart of Jesus have mercy on him. If your eyes could open, what a joy you would see me. But God has willed it not to be. You may be forgotten by some, but I will never forget you. As long as life and memory lasts, I will always remember thee. Sadly missed by his loving sisters and brothers.

LOCAL HAPPENING

DUNGARVAN EXCURSION CLUB ANNUAL DANCE

The Club's Annual Ciderella, which was held at the Town Hall, Dungarvan, on Sunday night last, proved the outstanding social event of the year as it provided a most brilliant spectacle. The dance was organised by the Club, which was composed of Misses M. Clancy, E. Daly, as well as Messrs. J. O'Gorman, M. Bennett, C. S. Moran and E. J. Keyes. Hon. Sec. at great success which attended the dance in keeping with the popularity of the energetic promoters who enjoy with dancing public.

The Hall was decorated on an immense scale which drew the well-deserved attention of the 100 couples who graced the prepared dance floor. The attendance exceeded the most sanguine expectations of the Committee the dancers besides representatives of the town and district included from Forlawn and Bendoonagh and thoroughly enjoyed what proved to be most enjoyable night's dancing for the past few years. The Band had been specially engaged and rendered a beautiful programme of music during the night, for which the dancers gave enthusiastic and profuse applause.

During the absence at supper, Mrs. Bulfin, Miss S. Moran, Mr. T. D. Smyth, entertained the dance with a galaxy of appropriate melody everybody's delight. Mr. J. Bulfin, as M.C., proved himself once more a genius at the post, as great success which attended the dance was to a large extent due to his fatigable work throughout the night. The Committee are to be congratulated on the brilliant success of their efforts. FOOT BEAGLES—The Dungarvan Pack met at the Castle on Sunday next at one o'clock. WHIST DRIVE—The Boy Scouts Committee will hold a Whist Drive at the Boys Club on Tuesday, March 1st. The charge for admission 2/-. (Adv.). TOURANEENA "45" DRIVE—The semi-finals and final rounds of the above drive will be played off at Touraneena on Sunday night, 27th and 28th February 1938. Play will commence at 6.30 p.m.

DUNGARVAN AGRICULTURAL REVIVAL OF INDUSTRIAL SECTION

At the recent meeting of the Committee of the above it was unanimously decided to revive the Industrial section of the Show which will be held on July 7th. Hereunder we give a list of classes which will be included in the new list. All competitors would be wise to start now. Increased prizes will be offered. Needlework, Etc. (Not for Competition) Pair Boys or Men's hand-knitted Hand-knitted woollen jumpers or sweaters. Piece of fancy-work, white or colored embroidery; Tea-cloth or cosy, or cotton crochets; Home-made Cotton (machining allowed) children's clothing; Hand-knitted woollen scarf by child; Clipped Wool Suit on canvas; Waxed from butter-box; Hand-made mats; Hand-made Gloves; Pot of Soap. CINDERELLA DANCE—Lovers of the Light Farthing patronise the Grand Cinderella Dance which will be held in the Town Hall on the (Sunday) night will not be disappointed. The energetic committee in charge left nothing undone to ensure the complete success of this gala event, splendid floor and capital music, talented Chromatic Dance Band, as usual at the popular venue, and with a swing. Don't fail to be there.

DEATH OF MR. JOHN MORRISSEY—It is with regret we record the death which took place at the District Hospital, Dungarvan, on 14th inst., after a brief illness of Mr. John Morrissey, 65, rissey, Boot and Shoe maker, Blackwater. Deceased, who was in the prime of life, was a well-known footballer in his days and was a member of the Shandon Rovers Football team. Possessed of a quiet and unassuming nature, the deceased was a general favourite with all classes of the community who now deeply deplore his passing. The funeral from the District Hospital to St. Mary's Parish Church, Dungarvan, will take place on Monday, 27th inst., at 11 a.m. Masses for the repose of his soul will be said at the usual Catholic parishes. The course of mourners and sympathisers, R.I.P.

G. A. MATCHES AT THE PIKE—On Sunday March 6th, two great Football matches will be played. Pike Gaelic arena. The first match, for 2.30 p.m. is a challenge match between the home footballers and the new club, Abbeyside Club. The second match, for 4.30 p.m. is a friendly match in connection with the Pike Tournament. Two sparkling displays will be the outcome.

NIGHT WORK ON STEAM DRILL—Mr. Michael Power, Main street, Dungarvan, is writing with regard to the steam drill being worked at in the Water Contract, by men employed on the Sewerage Scheme. Mr. Power states that the drill is worked by day, but he cannot see how it deprives any employment, but rather does it give employment.

ENTERTAINMENT AT SCOUTS—On Sunday evening next and on Tuesday night, March 1st, the 4th Troop of Catholic Boy Scouts will

ACKNOWLEDGMENT

QUINN—Mrs. and Miss Quinn, widow and sister of the late Mr. Edward Quinn, Lackendarra Lodge, desire to return sincere thanks to all who sent Mass Cards and messages of sympathy in their recent bereavement, and trust this acknowledgment will be accepted by all, as it would be impossible to reply individually.

IN MEMORIAM

GEOGHEGAN—(Third Anniversary)—In loving memory of my darling son Patrick, late of Glen Farm, Lismore, who died on February 23rd 1935. R.I.P. Sacred Heart of Jesus have mercy on him. If your eyes could open, what a change you would see. But God has willed it not to be. You may be forgotten by some, but not by me. As long as life and memory lasts, I will always remember thee. Sadly missed by his loving mother, sisters and brothers.

LOCAL HAPPENINGS.

DUNGARVAN EXCURSION CLUB ANNUAL DANCE

The Club's Annual Cinderella Dance which was held at the Town Hall, Dungarvan, on Sunday night last, proved one of the outstanding social events of the season as it provided a most brilliant spectacle. The dance was organised by a Committee comprised of Misses M. Clancy, S. Curran, F. Daly, as well as Messrs. J. Bulfin, Club President, M. Brennock, C. S. O'Connor and E. J. Keyes, Hon. Sec. and the great success which attended the event was in keeping with the popularity which the energetic promoters enjoy with the dancing public. The Hall was decorated on an artistic scale which drew the well deserved praise of the 100 couples who graced the well-prepared dance floor.

The attendance exceeded the most sanguine expectations of the Committee, and the dancers besides representatives from the town and district included visitors from Portlaoise and Waterford who thoroughly enjoyed what proved to be a most enjoyable night's dancing for all. Fethard Twilight Serenaders Dance Band had been specially engaged and rendered a beautiful programme of dance music during the night, for which the dancers gave enthusiastic and prolonged applause.

During the absence at supper of the band, Mrs. Bulfin, Miss S. Crawley and Mr. T. D. Smyth, entertained the dancers with a galaxy of appropriate melodies to everybody's delight. Mr. J. Bulfin, as M.C., proved himself once more a genius at the post, and the great success which attended the event was to a large extent due to his indefatigable work throughout the night.

The Committee are to be congratulated on the brilliant success of their efforts.

FOOT BEAGLES—The Dungarvan Pack meet at Clones Castle on Sunday next at one o'clock.

WHIST DRIVE—The Boy Scouts Committee will hold a Whist Drive at the Boys Club on Tuesday March 1st. The charge for admission is 2/- (Advt.).

TOURANEENA "45" DRIVE—The semi-finals and final rounds of the above Drive will be played off in the Touraneena National School on Sunday night next February 27th. Play will commence at 6.30 p.m.

DUNGARVAN AGRICULTURAL SHOW REVIVAL OF INDUSTRIAL SECTION—At the recent meeting of the Committee of the above it was unanimously decided to revive the industrial section of the Show which will be held on July 7th.

Hereunder we give a list of Classes that will be included in the prize lists. Intending competitors would be wise to make a start now. Increased prizes will be given in all classes. Needlework, Etc. (Not for Converts) Fair Boy's or Girl's hand-knitted Socks; Hand-knitted woollen jumper or pull-over; Piece of fancy-work, white or coloured embroidery; Tea-cloth or cosy, trimmed cotton crocheted; Home-made Cotton Frock (machining allowed) child's or adult's; Hand-knitted woollen scarf by child under 14; Hand-made pinafore by child under 14; Club's Wool Rug on canvas; Workbox made from butter-box; Hand-made Basket; Hand-made Gloves; Pot of Marmalade.

CINDERELLA DANCE—Lovers of the Night Fantastic who patronise the Grand Cinderella Dance to be held in the Pike Hall on tomorrow (Sunday) night will not be disappointed. The energetic committee in charge have left nothing undone to ensure the complete success of this gala event. With an splendid floor and capital music by a talented Chromatic Dance Band, dancing as usual at this popular venue, must go with a swing. Don't fall to be there.

DEATH OF MR. JOHN MORRISSEY—It is with regret we record the death which took place at the District Hospital, Dungarvan, on 14th inst., after a very long illness, of Mr. John ("Jack") Morrissey, Boot and Shoe maker, Blackpool. Deceased, who was in the prime of life, was a well-known footballer in his young days and was a member of the famous Shandon Rovers Football team.

RESOLUTION was passed pledging support to the farmers of Wicklow. Mr. T. G. Rice, Fethard, who presided said no section of the community were entitled to 100 per cent. benefit from any settlement that might be made with the British more than the farming community. Messrs. Hartigan and Boohan, Limerick, also spoke.

On Sunday March 13th, two great Junior Football matches will be played at the Pike Gaelic arena. The first match is for 2.30 p.m. in a challenge match between the home footballers and the newly-formed Abbesside Club. The second match, Dungarvan F. V. Mountain Rovers F.F. is in connection with the Pike Medal Tournament. Two sparkling displays will be the outcome.

NIGHT WORK ON STEAM DRILL—Mr. Michael Power, Main street, Dungarvan, writing with regard to the statement made at the last Urban Council meeting by a member of the Council, referring to the steam drill being worked at night for the Water Contractor, by men employed on the Sewerage Scheme. Mr. Power states that the drill is worked by him, but he cannot see how it deprives any men of employment, but rather does it help to give employment.

ENTERTAINMENT AT SCOUTS DEN—On Sunday evening next and again on Tuesday night, March 1st, the Abbesside Troop of Catholic Boy Scouts will give a

great entertainment in the "Den." The programme—a varied one—will include Camp-fire Scenes, Selections of Sea Shanties, Hilly-Billy songs and Comic Sketch entitled "A Quiet Morning." The prices of admission are 1/- and 6d. to night performance and 3d. to Sunday matinee.

DUNGARVAN MARKETS—Meal special 25/- per sack; middicut, 24/6; flour 24/- and 25/- per st.; bran 10/- per cwt.; pollard 9/6 and 10/- per cwt.; coal 45/- per ton.

DUNGARVAN PAROCHIAL "45" DRIVE—A 27-Table "45" Drive for which £3 will be given in prizes, will be held at the Old Technical School, St. Mary street, on next Sunday at 8.15 p.m. Persons desiring to take part should be there punctually at that hour.

CO COUNCIL MEETING—At the resumed meeting of the County Council on Thursday evening, the Secretary stated that the amount allocated to the County out of the agricultural grant was £52,852. The Commissioner said that the roads estimate in 1934/35 was £32,000. He increased that figure in 1936/37 to £37,000 and he now proposed to make a further increase of £5,000 bringing the estimate for the year 1938/39 to £42,000.

PLIGHT OF THE FARMERS—No Money To Buy Seeds Or Cows

TIPPERARY MEETING—Comment On Dr. Ryan's Advice

Miss Elizabeth Bobbett, General Secretary Irish Farmers' Federation, speaking at a meeting under the auspices of the Federation in Fethard, Tipperary, on Sunday, said Mr. de Valera at the Dublin Chamber of Commerce dinner expressed the hope that vocational industries would organise so that they could tell the Government what they wanted. That was the aim of the Farmers' Federation, to unite all branches of agriculture so that they could place their grievances before the Government, and tell them what they wanted. Dr. Ryan said in Wicklow that the only cure for the farmers was to work harder and produce more. How could they if they had not the money to buy seed wheat or a few cows or sows.

Speaking of the farmers' losses, Miss Bobbett said what were they to do if young farmers went to England. They were fit for nothing but work on the land, and that in England was considered the lowest form of employment. Englishmen would not take the kind of work Irishmen do when they go there. That was the reason Irishmen were so welcome in England.

Outlining the aims of the organisation the speaker said it was the farmers who should be advising the Minister for Agriculture what remedies should be taken to improve agriculture, instead of having Civil Servants telling the farmers.

Mr. Wm. Clune said owing to a certain line of action a blow befall the State at the hands of England by the imposition of tariffs and the brunt of it was thrown on the shoulders of the farmers. In other professions and trades, not alone had the people their salaries, but in the case of increased cost of living they had bonuses. The farmers would gladly suffer for the country if every other section suffered similarly. To his mind the injustice to the farmers would not be mended until they were compensated in a manner that would bring them to the level of other sections of the community.

Mr. P. Cogan, Carlow, said nobody could suggest the Federation was anti-National or anti-Irish. They stood for what Parnell and Davitt stood for. It was a pitiful thing that Dr. Ryan admitted that the farmer was so poor that he could not buy a sow and had to be given it. This million stretched for the farmers in the last six years should be restored.

Mr. T. G. Rice, Fethard, who presided said no section of the community were entitled to 100 per cent. benefit from any settlement that might be made with the British more than the farming community.

Messrs. Hartigan and Boohan, Limerick, also spoke.

RESOLUTION was passed pledging support to the farmers of Wicklow.

INTERESTING POINT IN CO. WATERFORD LICENSING CASE

At Carrick-on-Suir District Court on Monday before Mr. McCabe, Supt. Denney, Tramore, summoned Joseph Power, Portlaoise, for having failed to admit the Civic Guards to his licensed premises at 12.40 a.m. on the 27th December.

Supt. O'Brien, Portlaoise, gave evidence that he and Guard Breen, had been knocking at the back and front doors of defendant's licensed premises before they were admitted. When they entered the premises they found a meal in the kitchen, other men having a drink. Witness had seen the men go from a dance hall in Portlaoise to the licensed premises and later saw a light in the bar.

For the defence, the defendant, in reply to Mr. Quirk, said, stated that he invited the three men in for a meal. There was a crowd. The reason why he had not opened sooner for the Guards was because he thought the person knocking was a man who had been looking for drink earlier in the night.

The Justice said while he fully believed the defendant, he would not be could not altogether disbelieve the evidence of the defendant. That left him to face an absence of the element of certainty required to convict, and he dismissed the case on the merits.

ALLEGED CARELESS DRIVING VAN STRIKES BUS

At Carrick-on-Suir District Court, on Monday, Mr. McCabe, D.J., fined George O'Keefe, driver of a van, the property of Messrs. Hayden and Good, Waterford, 5/- and £3 costs, on a charge of careless driving.

The costs were made up of a day's pay and return tickets from Limerick of a 'bus conductor and a day's expenses for a farmer from Pitlow, who were the witnesses in the case.

The evidence showed that when the 'bus stopped near Pitlow to take up a passenger, the van struck the 'bus behind and broke a panel. Thos. O'Shea, was passing the 'bus with a horse and cart. The van rebounded and struck the cart.

Thomas O'Shea, in his evidence stated the defendant (O'Keefe) said to him after the accident that he did not see the 'bus until his van struck it. He (O'Shea) had a clear view of the van 50 yards behind him before the accident.

O'Keefe denied that he had told O'Shea, he did not see the 'bus. The 'bus stopped too quickly and made no signal.

A CHILDREN'S CEILLIÚHE

Will be held in the TOWN HALL, DUNGARVAN ON TUESDAY MARCH 1st

IN MEMORIAM

GEOGHEGAN—(Third Anniversary)—In loving memory of my darling son Patrick, late of Glen Farm, Lismore, who died on February 23rd 1935. R.I.P. Sacred Heart of Jesus have mercy on him. If your eyes could open, what a change you would see. But God has willed it not to be. You may be forgotten by some, but not by me. As long as life and memory lasts, I will always remember thee. Sadly missed by his loving mother, sisters and brothers.

LOCAL HAPPENINGS.

DUNGARVAN EXCURSION CLUB ANNUAL DANCE

The Club's Annual Cinderella Dance which was held at the Town Hall, Dungarvan, on Sunday night last, proved one of the outstanding social events of the season as it provided a most brilliant spectacle. The dance was organised by a Committee comprised of Misses M. Clancy, S. Curran, F. Daly, as well as Messrs. J. Bulfin, Club President, M. Brennock, C. S. O'Connor and E. J. Keyes, Hon. Sec. and the great success which attended the event was in keeping with the popularity which the energetic promoters enjoy with the dancing public.

The attendance exceeded the most sanguine expectations of the Committee, and the dancers besides representatives from the town and district included visitors from Portlaoise and Waterford who thoroughly enjoyed what proved to be a most enjoyable night's dancing for all. Fethard Twilight Serenaders Dance Band had been specially engaged and rendered a beautiful programme of dance music during the night, for which the dancers gave enthusiastic and prolonged applause.

During the absence at supper of the band, Mrs. Bulfin, Miss S. Crawley and Mr. T. D. Smyth, entertained the dancers with a galaxy of appropriate melodies to everybody's delight. Mr. J. Bulfin, as M.C., proved himself once more a genius at the post, and the great success which attended the event was to a large extent due to his indefatigable work throughout the night.

The Committee are to be congratulated on the brilliant success of their efforts.

FOOT BEAGLES—The Dungarvan Pack meet at Clones Castle on Sunday next at one o'clock.

WHIST DRIVE—The Boy Scouts Committee will hold a Whist Drive at the Boys Club on Tuesday March 1st. The charge for admission is 2/- (Advt.).

TOURANEENA "45" DRIVE—The semi-finals and final rounds of the above Drive will be played off in the Touraneena National School on Sunday night next February 27th. Play will commence at 6.30 p.m.

DUNGARVAN AGRICULTURAL SHOW REVIVAL OF INDUSTRIAL SECTION—At the recent meeting of the Committee of the above it was unanimously decided to revive the industrial section of the Show which will be held on July 7th.

Hereunder we give a list of Classes that will be included in the prize lists. Intending competitors would be wise to make a start now. Increased prizes will be given in all classes. Needlework, Etc. (Not for Converts) Fair Boy's or Girl's hand-knitted Socks; Hand-knitted woollen jumper or pull-over; Piece of fancy-work, white or coloured embroidery; Tea-cloth or cosy, trimmed cotton crocheted; Home-made Cotton Frock (machining allowed) child's or adult's; Hand-knitted woollen scarf by child under 14; Hand-made pinafore by child under 14; Club's Wool Rug on canvas; Workbox made from butter-box; Hand-made Basket; Hand-made Gloves; Pot of Marmalade.

CINDERELLA DANCE—Lovers of the Night Fantastic who patronise the Grand Cinderella Dance to be held in the Pike Hall on tomorrow (Sunday) night will not be disappointed. The energetic committee in charge have left nothing undone to ensure the complete success of this gala event. With an splendid floor and capital music by a talented Chromatic Dance Band, dancing as usual at this popular venue, must go with a swing. Don't fall to be there.

DEATH OF MR. JOHN MORRISSEY—It is with regret we record the death which took place at the District Hospital, Dungarvan, on 14th inst., after a very long illness, of Mr. John ("Jack") Morrissey, Boot and Shoe maker, Blackpool. Deceased, who was in the prime of life, was a well-known footballer in his young days and was a member of the famous Shandon Rovers Football team.

RESOLUTION was passed pledging support to the farmers of Wicklow.

INTERESTING POINT IN CO. WATERFORD LICENSING CASE

At Carrick-on-Suir District Court on Monday before Mr. McCabe, Supt. Denney, Tramore, summoned Joseph Power, Portlaoise, for having failed to admit the Civic Guards to his licensed premises at 12.40 a.m. on the 27th December.

Supt. O'Brien, Portlaoise, gave evidence that he and Guard Breen, had been knocking at the back and front doors of defendant's licensed premises before they were admitted. When they entered the premises they found a meal in the kitchen, other men having a drink. Witness had seen the men go from a dance hall in Portlaoise to the licensed premises and later saw a light in the bar.

For the defence, the defendant, in reply to Mr. Quirk, said, stated that he invited the three men in for a meal. There was a crowd. The reason why he had not opened sooner for the Guards was because he thought the person knocking was a man who had been looking for drink earlier in the night.

The Justice said while he fully believed the defendant, he would not be could not altogether disbelieve the evidence of the defendant. That left him to face an absence of the element of certainty required to convict, and he dismissed the case on the merits.

YOUGHAL URBAN COUNCIL

Present—Messrs. P. J. O'Gorman, P.C., Chairman, M. Ahern, R. Power, J. Daly, B.E., R. Savage, J. Whelan, R. C. Farrell, Vice-Chairman, J. N. R. Macnamara, solr., W. J. Broderick, T. K. Keane, solr.

Shocking Conduct

At the meeting of the Harbour Board the Harbour Master reported that 3 lines were cut from the lifeboats on the Upper Quay and stolen.

Mr. Power—That is a terrible state of affairs. The Clerk said he believed that was not the first time.

The Harbour Master said he had reported several similar outrages. It rendered the lifeboats quite useless if required.

Mr. Whelan—When will we get a sense of civic spirit amongst us?

Mr. Macnamara—The culprits deserve to be thrown into the sea.

Mr. Whelan said the matter should be reported to the Civic Guards.

The Chairman—The only thing to do is to replace the life lines.

This was ordered.

Foot and Mouth Disease

A circular letter was read from the Department regarding the importation of root and Mouth Disease by sea, and it was decided to carry out the instructions given.

Wages, Etc.

On the proposition of Mr. Power, seconded by Mr. Whelan, a cheque for £79 2s. 7d., wages, etc., for week was passed.

G.A.A. And G.S.C.

The Hon. Sec., G.A.A., wrote applying for the use of the Town Hall on St. Patrick's Night to hold a Ceilidhe. The G.A.A. supported the language movement, and there was no branch of the Gaelic League in Youghal.

The Town Clerk said that the Hall had been already granted to the Gaelic Social Club for that night.

Mr. Daly said that the Gaelic Social Club held Irish Classes and Ceilidhe and filled the place of the Gaelic League.

Mr. Whelan—If the Hall was granted to the Gaelic Social Club, we can't go back on it.

The Clerk said the Hall was granted to the Club "provided the Gaelic League did not require it."

It was decided to offer the Hall to the G.A.A. on some other night, that would suit them.

Relief Scheme Employment

A letter was read from the Unemployed Association, no names attached, complaining that single men received no increase in the dole and asking to be put on rotation in the Relief Schemes, the same as married men.

Many of the single men had more relatives dependent on them than some of the married men, and therefore deserved more consideration than they were getting.

Mr. Macnamara said they put their case very fairly.

Mr. Power—What is our position? The Clerk said he had written to the Manager of the Labour Exchange, and received a reply.

The Department of Industry and Commerce wrote relative to the submission of men for work on employment schemes, informing the Council that the selection of men for works financed from Central Funds was based on the principle that when there was not sufficient employment for all the unemployed, such work as was available, should as far as possible be given to those who being physically fit and qualified to perform the work were relatively in the greatest need of it.

Accordingly, when men were being submitted for such work regard was had to the rates of Unemployment Assistance to which they would be entitled. The highest rated men receiving first preference and so on down. The Minister considered that that system provided the most equitable distribution of the work that could be arranged, and he was not disposed to cause any alteration to be made in the procedure.

Mr. Whelan—They certainly have a grievance, but we have done our best for them.

Mr. Power said it was very hard on some single men. They had a father and mother and others dependent upon them, and received only 6/- doles or less. He thought they were entitled to suggest that their case should receive more consideration.

The Chairman—While having every sympathy with them, what can we do? Our appeal has been turned down.

Mr. Macnamara—Single men getting only 6/-.

The Chairman—And less.

Mr. Macnamara—That is disgraceful.

Anonymous Letter

The Chairman said there was a letter received. It was anonymous and their rule was not to notice any thing of the kind, but as it was interesting he would read it.

The letter complained strongly of the manner in which public money was spent on the Relief Schemes. There were five masons drawing 70/- weekly, gangers, etc. If the Council didn't take immediate steps to improve the methods adopted the whole matter would be laid before headquarters.

Mr. Power said people were laughing at the Council for employing certain men, who were giving very little value for their pay.

A report was read from the Town Surveyor stating that the work was being done fairly satisfactory and would be finished within a week or so.

An Artificial Limb

The Clerk stated that the Insurance Company through Messrs. Fanning, Dublin, supplied a new artificial leg to a worker who had his injured while work-

TOWN PLANNING

MINISTER'S CIRCULAR

Co-Op. Creamery Question

The following resolution was received from the Sligo Corporation:—

"That this Council, having considered the resolution of the Youghal Urban District Council, have come to the decision that as the matters raised therein are so important and far reaching, it would not be possible to successfully deal with such matters by way of resolution and amendment and this Council respectfully suggest to the Youghal Urban District Council that they make an arrangement for a conference at suitable venue, of representatives from Urban Councils and Corporations to fully discuss the points raised and come to an agreement on same and then approach the Government. This Council shall be pleased to cooperate by sending delegates to such a conference."

In this connection, the Clerk read communications from several Councils stating that the Youghal resolution had been adopted unanimously.

In reply to a query, the Clerk stated that their resolution had been marked "read" by only two bodies, and one member said that he had inquired and found that in one of those cases the resolution had been marked "read" on the proposition by a Creamery Manager, and in the other by the broker-in-law of a Creamery Manager (laughter).

Mr. Daly said the Sligo resolution was very important. He suggested that the Municipal Authorities should call a Conference and discuss the question before Easter. They should try and bring the matter to a head. It seemed that the Minister was standing over the Co-Operative Creameries.

Mr. Whelan agreed with Mr. Daly regarding the stand taken by the Minister. It would appear that the towns were to be left shift for themselves with the probable result that municipal administration would fail. The town traders were the principal ratepayers and at the present rate of interference with their business by Co. Operative Societies they would soon be unable to pay. He had a wide experience of the towns and that was his firm conviction.

Mr. Broderick said they were up against a big problem handed down after 35 years to the present administration. The matter would require careful handling and in view of the present critical situation in national affairs, he thought the time rather inopportune to force it too strongly on public opinion, which would most likely be largely engrossed by the bigger question.

Mr. Ahern differed with Mr. Broderick. The national question he referred to was of course very important, but the resolution was of such immediate necessity and importance, that he thought they should make their case without delay. He proposed that they adopt the resolution of the Sligo Corporation and take the necessary steps to put it into action.

Mr. Daly agreed with Mr. Ahern. They should take definite action and focus public opinion on the injustice done to town traders by the favoured creations of Creameries and Co. Ops.

Mr. Power said he appreciated Mr. Broderick's suggestion, but he thought they should not shelve the matter any longer.

Mr. Ahern said the national question had nothing to do with the everyday business of their towns.

Mr. Macnamara could not see why the pending national negotiations should eclipse every other matter. The present condition of their towns was the very interesting question of daily bread and butter for a large proportion of the community and he failed to see why public attention should not be concentrated on it even while the national negotiations were pending. He seconded Mr. Ahern's proposition.

After further considerable discussion, the proposition was adopted unanimously, the Chairman saying that it would be better to show the public at large that the people were against the unfair competition of the Creameries and Co. Ops.

The Town Clerk was instructed to get into communication with the Sligo Corporation with a view to holding a Conference of all public bodies to deal with the question.

Disbarring Calves

An effort is being made by the Department of Agriculture this year to secure the adoption of the practice of disbarring calves by the use of caustic potash. A request has been made to creamery societies to arrange to stock supplies of caustic potash for this purpose.

FOOD INDEPENDENCE IMPOSSIBLE

BRITISH MINISTER'S VIEW

The welfare of the merchant navy was a matter of concern to the British Government as there was no prospect of home production making Britain independent of foreign food supplies, said Sir Thomas Inskip, Minister for Co-Ordination of Defence, at the annual dinner of the Master Mariners' Club at Southampton.

Within a few days, he added, he had had occasion to dwell upon this aspect of defence.

No one, he said, could see any prospect of reaching a level of home production which would make them independent of foreign supplies.

Although storage of feeding stuffs and raw materials generally must take a proper place, they knew that the whole of their preparations for their security would be of no avail unless their ships were there to bring them the supplies.

Farm Horses in Demand

Horses, especially good farm animals continue in keen demand at the high level of prices which obtained in recent months. Good farm horses have been making up to £40 each and troopers up to £60.

SUCCESSFUL LAMBING

Costs Only 4½d. per ewe. Thousands of ewes die yearly from chills, inflammation, and lambing ills. Save yours with Curud as hundreds of wise farmers do.

Use Curud also for milk fever, chills, gutrot, and mastitis in cows. For hard udders, sore teats, etc. use CURUD OINTMENT, 3/6 and 6/-. DAY OURN-UP.

3/- per bottle from all chemists and merchants. Or 2/6 of Waterford will post six 2/- bottles for 12/6.

The welfare of the merchant navy was a matter of concern to the British Government as there was no prospect of home production making Britain independent of foreign food supplies, said Sir Thomas Inskip, Minister for Co-Ordination of Defence, at the annual dinner of the Master Mariners' Club at Southampton.

Within a few days, he added, he had had occasion to dwell upon this aspect of defence.

No one, he said, could see any prospect of reaching a level of home production which would make them independent of foreign supplies.

Although storage of feeding stuffs and raw materials generally must take a proper place, they knew that the whole of their preparations for their security would be of no avail unless their ships were there to bring them the supplies.

Farm Horses in Demand

Horses, especially good farm animals continue in keen demand at the high level of prices which obtained in recent months. Good farm horses have been making up to £40 each and troopers up to £60.

SUCCESSFUL LAMBING

Costs Only 4½d. per ewe. Thousands of ewes die yearly from chills, inflammation, and lambing ills. Save yours with Curud as hundreds of wise farmers do.
