DUNGARVAN URBAN COUNCIL.

CINEMA LICENSE

6-Day License Granted

Mr. M. Morrissey, T.D., Chair-
man, presided at the weekly meet-
ing of the above on Friday last.

Also present—Messrs. T. McCarthy,
Vice-Chairman; D. Foley, J. Christopher,
M. Clancy, J. Mansfield, P. O'Dwyer,
Mr. O'Dwyer, J. Butler, J. F. Foley,
S. Hayes, P. Quinn, Ml. Connors.

Week's Wages

A pay sheet for 7s. 10d. week's wages
was presented and passed.

Arising out of a payment made for
smithwork.

Mr. Byrne asked if the smithwork was
tendered for.

The Clerk said he could not say, the
work is certified for by the Harbour Mas-
ter.

Mr. Byrne—Every smith in the town
should get a turn.

Mr. O'Dwyer asked what was the am-
ount paid to the smith?

Clerk—15/-.

Mr. O'Dwyer—Anything under 15/-
need not be tendered for.

Mr. Byrne—Every smith in the town
should get a turn at the work. There are
smiths in the town rearing big families
and they are entitled to some of the work.

Removal of Structure

A letter was read from J. Downey, 44
Loughmore, stating Mr. Lee had made
no attempt to take down the structure at
the back of his (the writer's) garden and
asking to have the matter looked into.

Mr. D. Foley—I would like to say a
word about that. I passed that way the
other day and can say that a donkey and
cart could easily pass there. No one ex-
cept a person with ill-feeling against an-
other would object. It is gone through
now, and I suppose it is too late.

Removal of Manure

Mr. McCarthy called attention to the
practice of removing manure during the
day in the town, and said that it was
being removed at Thomas' Terrace that
day. He took it upon himself to stop the
parties removing it. This was pig manure
and the stench from it was something
awful. He did not know how the work
working on the housing scheme nearby
put up with it.

The Chairman said he was glad Mr.
McCarthy brought up the matter, as the
practice was again becoming rather gen-
eral, although the Council had made an
order preventing it.

Mr. McCarthy—it would not be allowed
happen in Main street or the Square.

Offer of Horse

Mr. B. Dee, wrote in reply to advertise-
ment in the "Observer" offering the
horse at present employed by the Council
on scavenging work for 150. He is
prepared to give any trial of the animal.

The matter was deferred.

The Housing Scheme

Mr. Brady, Clerk of Works, reported
the number of men employed during the
preceding week on the Housing Scheme
as 126.

Boherwilling Nuisance

Mr. Williams, solr., wrote stating he
had discussed the above matter with Mr.
Walsh, S.O., and Dr. O'Farrell, Co.
M.O.H. There appears to be no doubt
that the nuisance is caused by the
Urban Council, the fluid which enters
into the Urban Council sewer from the
houses at the Burgery consists of a large
extent of milk scourgings, which, when it
enters the drain at Boherwilling becomes
fetid and thereby causes the nuisance.
No doubt surface water also enters the
drain, but I have no doubt it is the fluid
and not the surface water which creates
the nuisance. In my view the Council
must abate the nuisance as it is caused by
them. They have the choice of two alter-
natives—either to discontinue to empty
their sewer into the Boherwilling drain,
or to cleanse the drain.

Chairman—It is clear from that, that
we are responsible.

Mr. Christopher—Would it not be as
well to get it cleaned?

Mr. Clancy—The question is, will the
Council as Sanitary Authority allow
it to remain uncoversed. This will be re-
curring from time to time. He thought
if they could get someone to drain it off,
or get a cesspool erected.

Mr. D. Foley—You would require to
buy a field for that.

The matter was referred to the B.S. to
submit a plan to abate the nuisance.

Alteration of Pole

The Electricity Supply Board wrote
with reference to the Council's inquiry
regarding the alteration of a pole from
the new building site, to site at Schea-
rine, and the fixing of existing lamp on
new pole. They estimated the cost of
this work at 4/8s. 1d.

Mr. Butler—they ought throw off the
penny (laughter).

It was ordered that the work be car-
ried out.

Kiladangan Water Supply

Dr. O'Farrell, Co. M.O.H., writing
with regard to the recent report of the
analyst on two samples of water from
the above supply, asked what steps the
Council were taking with regard to the
proper working of the filters.

Mr. Christopher—The analyst said that
the unfiltered water was better than the
filtered. That shows that the filters are
not working.

The matter was referred to the B.S.
to have the filters cleaned.

Glendine Supply

Mr. Butler asked how work was pro-
gressing at Glendine; when could they ex-
pect to have that supply in town—

The Chairman said he was up there
that evening, and could see for himself
that there is considerable progress made
there lately.

Mr. Butler—It is well to hear that.

Mr. Quinn—What about the "piddle
grounding"?

Clerk—I hear it is very satisfactory
now.

Acknowledgments

Letters thanking the Council for resolu-
tions of sympathy passed to them were
read from Mr. Patrick Cahill, Mrs.
Margaret Good and Mrs. Caston.

Extra Room

Mr. P. Cullinane, Abbeyside, was
granted permission to erect an extra
room to his house at his own expense,
subject to the approval of the B.S.

Cinema License

The application of Mr. Daniel Crofty,
for a renewal of his cinema license, which
was adjourned from the previous meet-
ing, was next considered.

Mr. Butler—What license has Mr.
Crofty?

Clerk—For six days.

Mr. Butler—And he asks for a renewal.
Mr. O'Dwyer—Mr. Crofty had a 7-day
license and since then he asks for a re-
newal of that.

Mr. Christopher said there is no such
thing as a 6-day license, it is a 7-day
license with a reservation.

Chairman—He is asking for a renewal
only.

Mr. D. Foley—Mr. Crofty wants a 7-
day license. There are men who voted
against the pictures, who go there every
Sunday night, and there are men who
would be here tonight, but for being in-
fluenced.

The Chairman said he thought they
should grant the license.

Mr. Clancy—Yes, with existing reser-
vations?

Chairman—Yes.

Mr. McCarthy—Mr. Crofty wants a
Sunday license.

Mr. Butler—Then why did he not ap-
ply for it?

Mr. McCarthy—Because he believes he
has one. To put the matter in order, I
propose that he be granted a seven-day
license.

Mr. Hayes, seconded.

Chairman—I don't know if I can ac-
cept that.

Mr. McCarthy—You accepted it last
year.

Chairman—Strictly speaking, I don't
see the necessity for it. The application
is for a renewal of the license.

Mr. McCarthy—If there was an applica-
tion for an all-night dance, it would be
granted, not that there is anything wrong
with dancing no more than the pictures.

Chairman—I will accept the resolu-
tion.

Mr. Clancy then proposed an amend-
ment which was seconded by Mr. J. F.
Foley—"That a cinema license to show
pictures on 6 days be granted to Mr. D.
Crofty. Pictures not to be shown on
Sundays."

A vote was then taken on the question
of six or seven days, and resulted—
For six days—Messrs. Byrne, Mans-
field, Quinn, J. F. Foley, Clancy, Butler
and the Chairman—(7).

For seven days—Messrs. McCarthy,
Hayes, O'Dwyer, Connors, D. Foley and
Christopher—(6).

The amendment was declared passed.

Lighting and Attending Wickham Buoy

Two tenders were received for lighting
and attending to the Wickham Buoy for
12 months, viz.—Robert Mulcahy, Ab-
beyside, 118; Ml. Kiely, Mulcahy Street,
6/- per week.

The tender of Mr. Mulcahy was ac-
cepted.

Abbeyside New Road

On the suggestion of Mr. D. Foley, it
was decided to have a larger opening
made in the railing at the top of the new
road at Abbeyside.

Park Caretaker

It was decided to advertise for a Care-
taker for the Park and Bathing place, also
to have the seats put out in the Parks.

Sympathy

On the proposition of the Chairman,
seconded by Mr. McCarthy, a vote of
sympathy was passed to Superintendent
Walsh, Garda Siochana, on the death of
his mother.

A similar vote was, on the proposition
of Mr. McCarthy, seconded by Mr.
Hayes, passed to the relatives of the late
Mr. Nicholas Connors, O'Connell Street.

CO. WATERFORD VOCATIONAL EDUCATION COMMITTEE.

Very Rev. Canon O'Brien, P.P.,
Chairman, presided at the monthly meet-
ing of the above on Tuesday. Also pre-
sent Very Rev. M. F. Hearne, P.P., and
Liam O'Meehan.

Payments passed amounted to 147/17s. 6d.

Irish Dancing

A letter from the Department of Edu-
cation informed the committee that the
Department is prepared to organise Irish
Dancing as a subject of the programme in
Vocational Schools, only when taken
as part of a Practical Training Course.
The Secretary said the Committee could
start Irish Dancing Classes, but it must
not be a part of the funds. The stu-
dents themselves will probably do some-
thing about it.

Scholarship in Rural Science

The Department approved of the pro-
posal of the Committee to award a
Scholarship in the amount of 40/- to
Mr. J. O'Dwyer, on a biennial basis
for one year.

The conditions governing the award
were before the meeting and were ap-
proved by the committee.

Office Chair

The purchase of one dozen office
chairs for use at meetings of the com-
mittee at a cost of 45 was approved by
the Department.

Technical Education Congress

The following delegates were appointed
to attend the Technical Education Con-
gress at Cork on the proposition of Very
Rev. F. Hearne.

Canon O'Brien, An Fear Mor, L.
O'Meehan and the Secretary.

Poetlaw Site

A letter was read from Miss C. Ryan,
Hill View, Portlaw, offering a site.

The Secretary said that as requested,
he wrote to the Curraghmore Estate and
received a reply that they had no suitable
site in Portlaw. He also referred to a site
offered by Mr. White.

After a discussion the Secretary was
directed to examine the site offered by
Miss Ryan.

Cookery and Dressmaking Class

A letter read from Mrs. C. Ahearne,
Passage East, asking that a class in Cook-
ing and Dressmaking be established. The
writer could guarantee a fine class and a
suitable room is available at Mr. Bris-
coe's, Parkwood.

The Secretary said the room was suit-
able. He could arrange an eight weeks
course.

Congratulations

The Rev. Chairman said before they
leave he had a resolution to propose
which gave him very great pleasure. He
wished to offer to An Fear Mor on behalf
of the Committee their felicitations on his
election. He then proposed—

"That we, the members of the County
Waterford Vocational Education Com-
mittee, heartily congratulate our esteemed
fellow-member, An Fear Mor on his elec-
tion to Seanad Eireann."

The resolution was seconded by Very
Rev. M. F. Hearne.

The Secretary said it gave him the
utmost pleasure to join in that resolution,
but expressed the hope that An Fear
Mor's valuable services will not be lost
to the committee, as a result of the elec-
tion.

TRAMORE DOCTOR'S LIBEL SUIT

Orders For Discovery

Judge Sealy, at Waterford, made an
order and cross-order for discovery of
documents in a case in which Dr. Nicho-
las Parcell, Tramore, seeks 200 damages
for alleged slander and libel from Michael
O'Flynn, Secretary, Waterford County
Board of Public Assistance.

Mr. Budd (instructed by Mr. H. J.
Kenny), for plaintiff, said that in last
December the plaintiff was consulted by
a patient, whom he advised to see a
specialist in Dublin. Plaintiff later not-
ified the defendant that the patient had
been received as an urgent case in the
Meath Hospital.

On December 17 the defendant wrote
to the plaintiff: "Not only did you fail
to communicate with me prior to admis-
sion of the patient, but you also failed to
report the matter to the following meeting
of the County Board of Health, and any
explanation you have to offer for this neg-
lect of duty should be forwarded to me
for the information of the Board when the
case arises for consideration at the
next meeting."

A copy of that letter, counsel added
was read and handed over to the Press at
the next meeting of the Board. As a re-
sult an extract from the letter containing
this charge against Dr. Parcell was pub-
lished in the Press and had obtained very
wide publicity. Plaintiff believed that
defendant had in his possession a copy

G.A.A. NOTES & NOTIONS By "CROTOG."

Last Sunday's big League results found
the prophets wide of the mark in many
cases. Limerick vanquished Tipperary by
a surprisingly large margin. There was
no excuse for the better champions and
the alibi of poor goal-keeping by Doyle is
neither just nor commensurate. This
Garrymore team proved its superiority in
every phase of the game, and it will take
a tougher bunch of hurlers than the pre-
sent Premier County side to meet the on-
ward march of the League victors.

The Shamrocks are quite happy with
their new defence and mid-field lines, but
their attack is still very ordinary. Martin
Power was a sound right back, while his
namesake Jacky was Coffey's master for
the hour. Peter Walsh partnered Timmy
Ryan very effectively but there was no
other discovery on the winning team.

Presentations to the League is the
front forward line were just mediocre.
McMahon's absence has taken the sting
out of the Garrymore attack. I may be
wrong, but I think both Mike Kennedy
and Paddy Cloughessy are finding their
feet again. They are not to be taken
for granted to dry up and crack a bit.
Mick Mackey, too, has shed a lot of his
cave-man ferocity and is no longer the
lightning streak which used to electrify the
whole arena. But the new mid-mannered
Mick is cooler and craftier and possibly
more dangerous. Paddy Scallan on goal
kept up the shots that came his way, but
there was really nothing very marvellous
about his display as the temporary shoot-
ing was soft and feeble. This Limerick
team will have a far harder nut to crack
when they meet Cork in Thurles towards
the end of May.

Waterford scored a most gratifying vic-
tory over Wicklow in the first round of
the Div. II Football League. The manner
of their win as well as their confident
style of play stamp them as a greatly im-
proved football combination. To beat
Wicklow at Ballinacree is certainly a fine
achievement for a League team which was
by no means at all full of confidence. The
Strabally new-comer, a grand
forward and a sure goal-getter, is a splendid
acquisition. Barron distributed the
ball better on Sunday and both he and
Ryan were very much in the picture. So
was Fred Greany, who has settled down
nicely in his new full forward position.
Russell and Casy found their long reach
a great asset and they used it to the best
effect. Declan Good had a stormy hour
and both himself and his jersey needed re-
pairs at the finish. This League has shown
the writer that there are great possibili-
ties about this football. A little more earnestness
and a little more experience and Water-
ford may stagger the football world this
year.

The local championships provided a few
surprises too. Ballyduff overcame the
visiting Lismore by a three goal margin
in the football Championship. Flynn
and Paddy Feeney, contributed
largely to the victory and so too, did Dave
Feeney until he had to retire with a rather
serious body injury. O'Donoghue, Mc-
Grath and Johnny Ryan played a grand
game for the losers.

At Knocknoret, to everybody's amaze-
ment, the Tallow junior footballers simply
walked away with the boys from Kinsale,
and won putting up by a big score.
The winners are strong and fast, and fa-
vourable first-time factors. If they could be
only induced to take up football seriously,
they would be a very formidable side in-
deed.

Next Sunday, the Western Champion-
ships continue in full swing. At Lismore,
Knocknoret are ready to organised football
teams face the stylish Villierstown lads in
the junior championship. The Dromana
boys, though light in physique are very
nippy and made a great fight to reach
last year's semi-final. Their opponents in-
clude some fine hefty footballers in Don-
ovan, Neville and Fahy, who will certainly
help to make it a roasting struggle.

VOL. 26 No. 1291

DUNGARVAN URBAN COUNCIL

CINEMA LICENSE

6-Day License Granted

Mr. Mi. Morrissey, T.D., Chairman, presided at the weekly meeting of the above on Friday last.

Week's Wages A pay sheet for 19/25, i.e., week's wages was presented and passed.

Mr. Byrnie asked if the smithwork was tendered for.

Mr. Byrnie—Every smith in the town should get a turn at the work.

Mr. O'Dwyer—Anything under 15 need not be tendered for.

Removal of Structure A letter was read from J. Downey, 44 Loughmore, stating Mr. Lee had made no attempt to take down the structure at the back of his (the writer's) garden and asking to have the matter looked into.

Mr. D. Foley—I would like to say a word about that. I passed that way the other day and can say that a donkey and cart could easily pass there.

Removal of Manure Mr. McCarthy called attention to the practice of removing manure during the day in the town, and said that it was being removed at Thomas' Terrace that day.

Offer of Horse Mr. B. Dee, writing in reply to advertisement in the "Observer" offering the horse at present employed by the Council on scavenging work for 1/6. He is prepared to give any trial of the animal.

The Housing Scheme Mr. J. Brady, Clerk of Works, reported the number of men employed during the preceding week on the Housing Scheme as 125.

Bothering Nuisance Mr. Williams, solicitor, wrote stating he had discussed the above matter with Mr. Walsh, S.O., and Dr. O'Farrell, C.M.O.H. There appears to be no doubt that the nuisance is caused by the Urban Council, the fluid which enters into the Urban Council sewer from the houses at the Burgery consists of a large content of milk scourings, which, when it enters the drain at Bothering becomes fatal and thereby causes the nuisance.

Alteration of Pole The Electricity Supply Board wrote with reference to the Council's inquiry regarding the alteration of a pole from the new building site, to site at Skeahane, and the fixing of existing lamp on new pole. They estimated the cost of this work at £18, 10s.

Alteration of Pole (continued) Mr. Butler—They ought throw off the penny (laughter).

It was ordered that the work be carried out.

Kiladangan Water Supply

Dr. O'Farrell, Co. M.O.H., writing with regard to the recent report of the analyst on two samples of water from the above supply, asked what steps the Council were taking with regard to the proper working of the filters.

Mr. Butler—The analyst said that the unfiltered water was better than the filtered. That shows that the filters are not working.

Glendine Supply Mr. Butler asked how work was progressing at Glendine; when could they expect to have that supply in town?

Mr. O'Dwyer—The Chairman said he was up there that evening, and could see for himself that there is considerable progress made there lately.

Acknowledgments Letters thanking the Council for resolutions of sympathy passed to them were read from Mr. Patrick Cahill, Mrs. Margaret Good and Mrs. Cartlon.

Extra Room Mr. P. Cullinan, Abbeyside, was granted permission to erect an extra room to his house at his own expense, subject to the approval of the B.S.

Cinema License The application of Mr. Daniel Crotty, for a renewal of his cinema license, which was adjourned from the previous meeting, was next considered.

Mr. Butler—What license has Mr. Crotty? For six days.

Mr. O'Dwyer—Mr. Crotty had a 7-day license and since then he asks for a renewal of that.

Mr. Christopher said there is no such thing as a 6-day license, it is a 7-day license with a reservation.

Mr. Butler—He is asking for a renewal only.

Mr. D. Foley—Mr. Crotty wants a 7-day license. There are men who voted against the pictures, who go there every Sunday night, and there are men who are here tonight, but for being influenced.

The Chairman said he thought they should grant the license.

Mr. Clancy—Yes, with existing reservations?

Mr. Butler—Then why did he not apply for it?

Mr. McCarthy—Because he believes he has one. To put the matter in order, I propose that he be granted a seven-day license.

Mr. Hayes, seconded.

Mr. O'Dwyer—You accepted it last year.

Chairman—Strictly speaking, I don't see the necessity for it. The application is for a renewal of the license.

Mr. McCarthy—If there was an application for an all-night dance, it would be granted, not that there is anything wrong with dancing no more than the pictures.

Chairman—I will accept the resolution.

Mr. Clancy then proposed an amendment which was seconded by Mr. J. F. Foley:—"That a cinema license to show pictures on 6 days be granted to Mr. D. Crotty. Pictures not to be shown on Sundays."

A vote was then taken on the question of six or seven days, and resulted:— For six days—Messrs. Byrne, Mansfield, Quann, J. F. Foley, Clancy, Butler and the Chairman—(7).

For seven days—Messrs. McCarthy, Hayes, O'Dwyer, Connors, D. Foley and Christopher—(6).

The amendment was declared passed.

CO. WATERFORD VOCATIONAL EDUCATION COMMITTEE.

Very Rev. Canon O'Brien, P.P., Chairman, presided at the monthly meeting of the above on Tuesday. Also present Very Rev. M. F. Hearne, P.P., and Liam O'Meehan.

Irish Dancing A letter from the Department of Education informed the committee that the Department is prepared to recognise Irish dancing as a subject of the programme in certain schools, only when taken as part of a Physical Training Course.

Scholarship in Rural Science The Department approved of the proposal of the Committee to award a Scholarship in the above value £40 to Mr. J. Conroy on a probationary basis for one year.

Office Chairs The purchase of one dozen office chairs for use at meetings of the committee at a cost of £25 was approved by the Department.

Technical Education Congress The following delegates were appointed to attend the Technical Education Congress at Cork on the proposition of Very Rev. F. Hearne.

Portlaw Site A letter was read from Miss C. Ryan, Hill View, Portlaw, offering a site.

Cookery and Dressmaking Class A letter read from Mrs. C. Ahearne, Passage East, asking that a class in Cooking and Dressmaking be established.

Congratulations The Rev. Chairman said before they leave he had a resolution to propose which gave him very great pleasure.

Trammore Doctor's Libel Suit Judge Sealy, at Waterford, made an order and cross-order for discovery of documents in a case in which Dr. Nicholas Purcell, Tramore, seeks £300 damages for alleged slander and libel from Michael O'Flynn, Secretary, Waterford County Board of Public Assistance.

Prize Winners at Carrick Bull Show The following were the prize winners at the Show and Sale of bulls held on Monday at Carrick-on-Suir by Messrs. Shee and Howe, Auctioneers:—

1st prize—James Skehan, Kilbrack, Rathgormack (sold for £24).

2nd prize—Patrick Carroll, Fiddown, (sold for £18).

3rd prize—Michael Curry, Park, Kilshealan (sold for £18).

POPULAR RATHGORMACK MAN'S DEATH There was a large attendance on Friday last at the interment at Rathgormack cemetery after Requiem Mass, of the remains of the late Mr. Michael Gazley, Rathgormack. Deceased was very popular in the parish and his death is much regretted.

G.A.A. NOTES & NOTIONS BY "CROTOG."

Last Sunday's big League results found the prophets wide of the mark in many cases. Limerick vanquished Tipperary by a surprisingly large margin. There was no excuse for the beaten champions and the alibi of poor goal-keeping by Doyle is neither just nor sportsmanlike.

The Shannoners are quite happy with their new defense and field lines, but their attack is still very ordinary. Martin Power was a sound right back, while his namesake Jacky was Coffey's master for the hour.

Waterford scored a most gratifying victory over Wick in the final round of the Div. II Football League.

The local championships provided a few surprises too. Ballyduff overcame the visiting Lismanore by a three goal margin in the football Championship.

Next Sunday, the Western Championships continue in full swing. At Lismore, Knockanore's newly organized football team face the stylish Villerstown lads in the junior championship.

At Knochanore, to everybody's amazement, the Tallow junior footballers simply walked away with the boys from Kinsalebeg, and won pulling up by a big score.

The winners are strong and fast, and their first-time tactics. If they could be only induced to take up football seriously, they would be a very formidable side indeed.

CAPPOQUIN NOTES.

Pretty Wedding at Mount Mellery—A very pretty wedding of great local interest took place at Mount Mellery Abbey, Cappoquin, on Tuesday morning, 19th inst., the contracting parties being Mr. Patrick Scanlan, son of Mr. Maurice and Mrs. Scanlan, Coahgurroby, Cappoquin, and Miss Hannah Dunne, daughter of the late Mr. John and Mrs. Dunne, Mellery.

The bridegroom belongs to an old and highly-respected farming family in Coahgurroby, and has now entered into partnership with his uncle, Mr. Patrick Scanlan, Victualler, Main street, Cappoquin, with whom he intends to continue the business of victualling establishment so successfully carried on by Mr. Scanlan, senr., for many years.

The bride is also a member of a popular and well-connected family in Mellery, the members of which have been all ways held in the highest respect in the Mellery district, and she is sister of the Very Rev. Patrick Canon Duane, Tanworth, Australia, and also of Sister Xavier, Presentation Convent, Fermoy.

The wedding breakfast was served in excellent style in Mount Mellery, and later in the day the happy pair left for the honeymoon amidst the best wishes of all for their future happiness and prosperity.

The Cappoquin Sportsfield—Simultaneously with our paragraph about the Cappoquin Sportsfield in last week's issue, there also appeared an advertisement in effect, that the Sportsfield is now open for all classes of sport, and is to be let for public amusements, including hurling, football, cricket, soccer, rugby, etc.

The members of the Cricket Club were "first in the field" this year, and as already stated last week, have rented a suitable Cricket Pitch for the summer season, but this fact should not be urged as a sufficient reason why Hurling and Football should not be played there as well, because alternative evenings for practice can easily be arranged.

G.A.A. games and Cricket were played there during the same season some years ago, and it must be remembered that when the Markets Field in Limerick was the venue for G.A.A. games for many years, both Soccer and Rugby Football matches were also played there.

Where the interests of sport are concerned there should be no "pin-pricking" or ultra-patriotic obstacles raised, as there is room enough for all classes of sport in every town and parish, and as far greater obstacles between two hitherto "warring countries" have now been surmounted by a spirit of toleration and good-will on both sides, there should be no insuperable difficulty in getting over the Sportsfield crux now.

Annual Bull Sale—Mr. M. F. Walsh, P.C., Auctioneer, will hold his Annual Bull Sale in his Salsary, Poand Lane, Cappoquin, on next Thursday, May 5th (Fair Day), commencing at 12 o'clock (S.T.), but all bulls for sale must be in the salesyard not later than 11 o'clock.

With the settlement of the "Economic War" between England and Eire, and the free entry of Irish cattle into the English markets in future, there should be great activity amongst Irish cattle-breeders now, so we hope to see a good supply of well-bred young bulls at this important sale on Thursday.

On next Tuesday, May 3rd Mr. Walsh will offer for sale on the 11 months' grazing system 100 acres of prime fattening grazing land for Mrs. Walsh, Kilsbree, which is most conveniently situated near Cappoquin and also within easy reach of the city, in both of which places important monthly fairs are held, and as the land in question comprises some of the best grazing land in the district there should be keen competition at this sale on Tuesday.

The pretty cottage and 2½ acres of land, the property of Miss M. Doocoy, Droimroe East, Rockfield, which was withdrawn from sale at the recent auction owing to the reserve price not having been reached, still remain unsold. Private bids are still being invited by Mr. M. F. Walsh, Auctioneer, Cappoquin, or Mr. E. A. Ryan, solr., Dungarvan, who has carriage of sale.

Fortthcoming Ordinations—A number of students from Cappoquin town and surrounding districts will be ordained to the Priesthood in Waterford in June.

Cappoquin has already given many of its sons to the Irish Priesthood, several

DUNGARVAN DISTRICT COURT.

Held on Wednesday before Mr. S. J. Troy, D.J.

Sympathy with Superintendent Walsh Before proceeding with the business, Mr. Troy, D.J., referred to the benevolence of Superintendent Walsh, occasioned by the death of his mother, and extended to him his sincere sympathy.

Mr. L. F. Lanigan, solr., and Mr. P. O'Keefe, Court Clerk, joined in the expression of sympathy.

School Attendance Cases Guard Regan, prosecuted Edward Coleman, Davis street, with failure to send his child to school. A fine of 2/6 was imposed. Same v. Luke Dakon, Ballyneely, fined 5/-.

Similar cases against Patk. Moran, Davis street, M. Hogan, Ballyvaile, J. Dee, Moonarud and M. O'Brien, were withdrawn, while cases against Wm. Jones, Loughmore, and Catherine Beatty, Abbeyside, were adjourned for 2 months.

Dog Licenses Forty-five dog owners were prosecuted for failure to have their dogs licensed. The complainants were Guards Enright, Farrell, O'Leary, O'Dea, and Begley.

As licenses had in nearly all cases been taken out next day, the summonses were accordingly marked withdrawn. In cases where the licences had not been taken out until the summons was issued, fines of 20/- mitigated to 5/- were imposed.

Lights on Vehicles The usual fines were imposed on a few cases under the Lights on Vehicles Act. Complainants were Guards Begley, and O'Mahony, and Sergt. Vaughan, King.

Change of Hours An application by Mr. T. C. Williams, on behalf of Mrs. Nora Monahan, Ocean View, Hotel, for a change of the licensing hours on Sundays from 1 to 8 p.m. to 2 p.m. to 9 p.m. was granted.

Larceny In the case of Superintendent Walsh v. M. Curran (Junr.) Jas. Curran and his father M. Curran and Ellen Curran, all of Meelnahora, King.

The Superintendent, applying for an adjournment to the next Court, said that there were 17 charges in all, 15 being of larceny and two for receiving.

The Justice adjourned the cases.

Driver's License Guard Regan, prosecuted Patk. Hennessy, Knockaturney, Kilmachthomas, for driving a car without having a driver's license.

Defendant said he took out the license the next day.

The case was withdrawn. Sergt. Russell, prosecuting Wm. Kelleher, of no fixed abode, for being drunk. A fine of 2/6 was imposed.

John Hegarty, Ballymacart, King, was at the seat of Srgt. Vaughan, fined 7/6 for being drunk.

of whom are now scattered over various parts of the globe, but this number will be greatly augmented in June when those going forward for ordination will prove a welcome addition of strength to the Gooly band of young Irishmen who are now reflecting such credit on their Motherland by their faithful and zealous labours in the Vineyard of the Lord, both at home and abroad.

The Sewerage Scheme—All the pipes originally included in the New Sewerage Scheme having now been laid down in the town, work is at present proceeding in putting the finishing touches to the big Tank in Lincoln's field, Cook street, from which the sewage matter will be discharged into the glen which runs close by.

The Contractors—Messrs. H. and A. Hamilton, Waterford, are certainly carrying out their work in the most thorough and scientific manner, and are sparing no pains or expense in completing the job in a manner which will be a credit to them and their experienced Foreman, Mr. R. Roche, as well as the entire staff. One important Terrace of 11 houses on the Southern side of Mill street was inadvertently omitted from the original scheme, and we hope that Mr. Commissioner Movinhan will have this matter attended to without delay.

Lack of Rowing Enthusiasm—In previous years the members of the Rowing Club usually had their initial practice spin of rowing on St. Patrick's day, and then settled down to serious and constant practice after Easter Monday.

This year, unfortunately, there appears to be an entire lack of rowing enthusiasm amongst the young men who brought honour on themselves and the Club for some years past, and it is difficult to understand the present apathy in this respect now.

WATERFORD CO. BOARD OF PUBLIC ASSISTANCE.

Commissioner Moynihan sat in the Secretary's Office, Co. Home, Dunganvaran on Friday last, to transact business arising under the Board of Assistance.

Appointment of Cottage Rent Collector

In connection with the appointment of Cottage Rent Collector for the Waterford No. 1 Rural District, for which there were nine applicants and which was before the Board of Health meeting, and adjourned to enable the Commissioner to go fully into the matter of references. The Commissioner said he had gone fully into the matter and made the following order:—
That Mr. Maurice Sheehan, Newtown, Kilmadonagh, be appointed on probation for a period of six months, subject to sanction, and that he be also appointed temporarily to fill the position until such sanction has been received.

Water Connections

Arising out of the letter from Mr. Boyce Co. Surveyor, read at the Board of Health meeting reporting that Miss Quinlan is taking water from the premises of Mr. O'Donnell and on which the Commissioner made an order referring the matter to the Board's solicitor to institute proceedings.

Mr. O'Connell, on behalf of Miss Quinlan, wrote offering an apology, and informing the Board that both houses are held under the one lease and have the same sewerage and drainage connections. Miss Quinlan acted entirely through ignorance in the making of this connection. She has written to the County Surveyor explaining the circumstances under which she acted. She immediately cut off the supply when she was spoken to by Mr. Brackett.

An order was made that the apology of Miss Quinlan, in the circumstances outlined in her letter, be accepted, but that she be compelled to connect with the water main.

Cappagh Dispensary

A report by Dr. Wm. White, M.O., Cappaghin, that the large door of the Dispensary was blown down by the wind, thus leaving it open to trespass, was referred to the Engineer for attention.

Complaint of Coal

Alice Griffiths, caretaker, Dunhill, Dispensary, wrote complaining of the quality of coal received, which was nearly all slack. She also applied for an extra supply as the one ton yearly is very small.

The Secretary said he wrote to the Coal Contractors and received the following reply:—The coal which was sent to Dunhill Dispensary was exactly the same quality as was supplied to the other Dispensaries. Evidently there is no complaint from the latter, and we cannot understand why the caretaker at Dunhill should have any reason for complaint either.

An order was made noting the Contractors' explanation. The extra supply of coal asked for was refused.

Ardmore Water

Dr. Foley, M.O., Ardmore, wrote drawing the Board's attention to the water supply system at the Dispensary residence, which is supplied from a pump in the garden. He suggested the water be got from the new water main which passes by the residence, the piping throughout the house badly requires attention.

The letter was referred to the Engineer for report.

Ballyduff Dispensary Residence

Mr. O'Mooney, B.E., reports that when repairing the above, it was found necessary to examine the water supply service for a stoppage. It would be necessary to renew the whole service from the main to the house. All the existing pipes are almost completely closed with rust and quit a number of the pipes are split, any repair is impossible. The report suggested laying new 1 1/2" galvanized screwed pipes at a probable cost of 175. If approved he could arrange with the Contractor carrying out the existing repairs to do the work before the doctor returns.

The Engineer was instructed to get the work done.

Dr. Walker, Portlaw, wrote applying for 4 weeks leave of absence—two weeks to be taken at beginning of May and two at beginning of August. Dr. Murphy of Carrick-on-Suir, will look after my work at the usual remuneration of 15s. 6d. per week.

The Commissioner referred to the number of young doctors who were qualified, some of whom have to leave the country for want of employment. He directed the Secretary to write to the University Graduates Employment Bureau and ascertain if they can supply a locum, if not Dr. Murphy to be appointed.

Dr. Cusack, Dunganvaran, was appointed to do duty in the Ring District, subject to the sanction of the Department, during the illness of Dr. Patk. Casey, who is suffering from acute pleurisy.

YOUTH RESCUED

Capitizing Of Small Boat At Youghal

An exciting scene took place in the harbour on Sunday evening when a young fellow named Keyes had a narrow escape from drowning.

It appears he was sailing a small punt off the Waterford shore when she suddenly filled and capsized. Fortunately his predicament was seen by the crew of the ferry boat at Youghal and she was towed to the scene with all speed, picking him up in the nick of time and landing him at the slip at Youghal. The boat was manned by Skipper M. Geary, J. Loughlin, and W. Aherne, engineer.

WATERFORD CO. BOARD OF PUBLIC HEALTH.

At the recent meeting of the Waterford Board of Public Health, held by Commissioner S. J. Moynihan, the following matters were dealt with:—

Lismore Water Supply

A letter read from Dr. O'Farrell, Co. M.O.H., re Lismore Water Supply reporting as follows:—

"With reference to the present water supply to the town of Lismore, as far as I am aware the position is unchanged, and I would be grateful to be informed if any steps have been taken with a view to augmenting the supply.

"It is, I am sure, appreciated that the present supply is inadequate during the summer months and I must advise the Board of its responsibility for the Public Health of the town in the eventuality of any serious outbreak of disease as a result of the present condition of the water supply. If it has not already been done, I recommend that immediate steps be taken to augment the water supply to the town of Lismore. Perhaps a feasible solution for the difficulty would be found if the water from the 'pool' were pumped to the supply reservoir in one of the existing pipe lines by hydraulic pressure or otherwise."

The following order was made on the report:—

"This matter has already been referred to the County Engineer, who was asked to expedite his report on the subject. A letter was read from Dr. M. Murphy, Medical Officer, St. Mary's Dispensary District reporting that the nearest water supply to residents adjacent to Borough Boundary of Clonmel residing at Upper Glasnead Road is about 400 yards away at the bottom of a steep valley and recommending the Clonmel Corporation be approached with a view to extending Borough Supply so as to erect a public pump outside Borough Boundary.

An order was made that in view of the proximity of existing supply the provision of a pump is not considered necessary.

Peasder Water Supply

The Department wrote in regard to water connections at Portlaw, stating that it is noted that only 23 connections have been effected, while there are 227 houses in the town and that this position is not satisfactory and the Board should take all possible steps to ensure that the supply which has been provided at considerable public expense is availed of to the fullest extent. Also stating that a further report on the matter will be required in 3 months' time.

An order was made that the attention of the Medical Officer be brought to this matter.

The Department also wrote stating that under the provisions of the Local Offices and Employments Order 1924, the Medical Officer has approved the proposal of the Board to appoint Mr. P. Quinn, as Collector of water rent for Portlaw Water Supply with remuneration at the rate of 10 per cent. on the water rents collected and lodged to the credit of the Board.

A letter from the Office of National Education, regarding the question of the provision of a water supply which will serve Butlerstown National School stating that, on the recommendation of the Commissioners of Public Works, the Department will be prepared to sanction a grant of half the cost of sinking a well and erecting a pump convenient to the School subject to a maximum grant of £50 provided that an adequate and suitable supply of water is secured for the school.

It was ordered that a copy of the letter be sent to Archdeacon Kelleher, and that he be informed that the Board cannot accept condition as to maximum cost. The Department of Education to be also notified.

Kilnagessing Well

A letter was read from Mrs. M. Pender, tenant of cottage No. 233 at Kilnagessing, stating that the water supply to the district is in a very bad state. She drew up a deed rat and porcupine with a bucket out of the well.

The matter was referred to the Engineer and County Medical Officer of Health for report.

A letter was read from 14 residents at Lackenfans, asking for an extension of the Glendog or Ballyduff Water Supply to meet their needs. Their present supply is approximately half-a-mile from them.

The matter was referred to the Engineer for report.

Mr. A. R. Farrell, solr., Dunganvaran, wrote inquiring on behalf of Mr. Michael Slattey, Ballygegan, whether the proposed extension of Ballyduff water supply Scheme to Caelogour will be extended to this man's house.

An order was made that the pipe line has been laid down as per scheme and it is not proposed to make the extension requested.

Mr. Michael Hill, Kilmacomas, wrote stating that he is still without water and would like to know if anything can be done to improve the supply as it is unreasonable to expect him to continue paying the rent under the present circumstances.

The Secretary stated that he referred the matter to Mr. Jephson, Engineer, who submitted the following report, viz:—

"With reference to complaint from Mr. Michael Hill, I examined his premises which is a bungalow at the highest point to which water runs in Kilmacomas, and found he had water in his premises. There is no shortage of water in the town, but it may not rise to the level of the storage tank in Mr. Hill's house at all times during the day, but will fill at night."

Modeligo Water

Rev. Daniel Quinlan, C.C., Modeligo, wrote stating that the Board made an order directing that the well in

Farrell's land at Start be protected and suggesting that the Engineer inspect another well in the same locality where perhaps a better and more convenient supply could be found. Also stating that if it is considered feasible to pipe the water from this well it could be made to serve seven houses and the school where 90 children attend and have no drinking water.

The matter was referred to the Engineer for report.

Orders

The following orders were made:—
That Waterford No. 1 Rural District be fixed as the area of charge for expenses in connection with the erection of a pump at Collengah.

That Dunganvaran Rural District be fixed as the area of charge for expenses in connection with the erection of a pump at Monadhia.

That Kilmacomas Rural District be fixed as the area of charge for expenses in connection with the erection of a pump at Newtowa.

That Kilmacomas Rural District be fixed as the area of charge for expenses in connection with the erection of a pump at Newtowna.

Engines
Mr. Patrick Sheehan, caretaker of the graveyard at Aglish, applied for 15/- expenses for attendance at the Court-house, Dunganvaran, on 17th March, regarding inquiry respecting the closing of Aglish graveyard.

The meeting approved of payment.

Superintendent Sanitary Inspector

Dr. O'Farrell, County M.O.H., wrote re the appointment of a Superintendent Sanitary Inspector for the County as follows:—

"As I mentioned in my Annual Report, I have given consideration to the question of recommending the appointment of a Superintendent Sanitary Inspector for the County. I am convinced that with such an appointment the Sanitary Inspection work of the County would be carried out in a much improved manner. It appears that the Officer would have the duty of instructing and supervising the work of the various Sanitary Sub-Officers and would also have certain areas under his personal charge. I accordingly recommend that the necessary arrangements be made for the appointment of such an Officer.

I also recommend that the remuneration be fixed as follows:—£200 per annum, rising to £250 by £10 per annum with travelling allowance of £150 per annum."

It was ordered that the matter be placed on the agenda for next meeting.

Public Health Clinic

Dr. O'Farrell, writing on the subject of a Public Health Clinic in the County, asked if any further steps have been taken in the matter.

It was ordered that in view of the urgency and importance of this matter that the Department be asked to sanction the Board's proposals in regard to this.

Milk and Dairies Act

Dr. O'Farrell reporting under the Milk and Dairies Act, 1935, stated as follows:—
To date 1,135 applications for registration under the Milk and Dairies Act, 1935, of which number 146 are registered, 5 have received Refusal Orders and 29 have cancelled their applications. I recommend that 21 of the remaining 64 applicants be registered and I attach herewith a list of the following:—Dromana Estate—Milk supplied to some emplacements. In my opinion they are not dairymen. John Sullivan, keeps 3 cows, sells approximately 24 gallons of milk daily. In my opinion he is a dairymen. Mrs. Browne, keeps 2 cows, sells one gallon of milk on an average every day. In my opinion she is a dairymen. Patrick Mahony, James Lucas and Mrs. Morrissey—They keep one cow each and when there is surplus milk they sell approximately 1/2 gallon each day. I would like to have legal opinion on these cases.

Under these circumstances I feel it my duty to draw the attention of the Board to severe penalties under the Milk and Dairies Act for selling milk until they are registered.

Dr. O'Farrell, also wrote re Venereal Disease Scheme, reporting as follows:—
"I regret to inform you that it is becoming increasingly difficult to get the Medical Officer in charge of the Venereal Disease Department to forward any required reports to this Office. On four occasions I have written to him, and telephoned twice, for the necessary material for my Annual Report but he has, as yet, failed to supply it. Further, there are special reports required by the Department of Local Government and Public Health which I am to obtain from Dr. V. J. White, and I have repeatedly written to him for the required information, but again he has failed to supply it."

Under these circumstances I feel it my duty to draw the attention of the Board to this matter, for it is evident that with such deficiencies, efficient work is impossible. I consider that a serious view should be taken of the failure of an Officer to transmit reports as forms of his primary duties."

It was ordered that Dr. V. J. White be sent a copy of this letter and informed that unless the information requested be furnished within 7 days, the matter will be reported to the Department for disciplinary action.

Letting of Cottages
The following tenants were appointed to vacant cottages:—
Dallinacree—John Moore, Shandon.

REXALL BIRTHDAY SALE

Wednesday, April 27th, to Saturday, May 7th, 1938.

YOUNG BOY SENT TO REFORMATORY

District Justice F. J. McCabe, who at the Waterford Court-house on Saturday committed to a Reformatory a boy named Martin Walsh, Loughmore, Dunganvaran, (16) who pleaded guilty to charges that on April 2nd, at Adamstown, Kilmadonagh, he broke and entered the dwellinghouse of Ellen Power and stole therefrom a sum of 3/- and (2) that on April 10th he broke and entered the dwellinghouse of Alice Doocey, Shandon, Dunganvaran, with intent to commit a felony.

During the course of his plea for leniency Walsh said that if he was given a chance he would leave Ireland and enlist in the British Army.

"But," said District Justice McCabe, "your father has written me a letter in which he states that the proper place for you is a Reformatory. Furthermore, the British Army would not take you, because the first thing the Army authorities would do would be to make inquiries about you from the Civic Guards here, and when the Army people found out what you had done that would finish you."

Proceeding, Mr. McCabe pointed out that the defendant had already been fined by Mr. Troy, D.J., who had exercised leniency—and very properly so—in Walsh's favour. But, said the District Justice, you committed those offences during the very period of your probation. I have, therefore, definitely made up my mind that you must go to Glenree Reformatory.

NEW EFFORTS TO COMBAT FOOT-AND-MOUTH DISEASE

The British Ministry of Agriculture has decided to carry out experiments on a far larger scale than has ever been attempted to put an end to the menace of foot-and-mouth disease. Several additional members have been appointed to the Foot-and-Mouth Research Committee and work at the Ministry's experimental station at Pirbright, Surrey, will be directed towards two chief goals, namely (a) the discovery of either a vaccine or serum (preparing "dead" vaccine) which can be used with safety to give immunity against all types of foot-and-mouth disease virus; and (b) the testing of the theory of airborne infection, which is claimed to explain how the present epidemic reached England from the Continent.

Drop in Sheep Values

Farmers across-Channel are complaining bitterly of the fall in sheep values. The British Minister of Agriculture, Mr. Morrison, replying to a депутат from the English Farmers Union on this subject, attributed the drop chiefly to the fact that the consumption of mutton had decreased while that of beef had gone up.

THE TRANSFERENCE OF THE TREATY PORTS—SPIKE ISLAND, BEREHAVEN, AND THE LOUGH SWILLY FORTS AT DUNREE AND LEENAN—TO EIRE.

THESE are outstanding features of the three-fold Agreement concerning trade, finance, and defence issues which was signed at 10 Downing Street, on Monday last, by the Irish and British Ministers who took part in the negotiations.

The Agreement, which is to be submitted to the Dail and British Parliament for approval, is to remain in force for three years from the date of its ratification.

There is no reference to Partition in the Agreement, the principal features of which are:—

TRADE

Abolition of the British penal duties and the Irish emergency duties imposed in consequence of the economic dispute. Free entry of Irish cattle and goods to the British market, with provisions for the quantitative regulation by Britain of imports of certain agricultural products. The British undertake that if quantitative regulation is necessary the past position of Ireland in the British market will be taken into consideration.

On the other hand, the Irish Government guarantee the continuance of the right of free entry for "certain" United Kingdom goods which are at present free of duty (such as coal). They undertake to remove or reduce the customs duties on certain United Kingdom products, and to arrange for a review by the Prices Commission of Existing protective tariffs. Existing margins of preference for United Kingdom goods imported by Eire will be preserved, and a preference will be granted to United Kingdom goods in any new duties which may be imposed or any adjustments of existing duties which may be adopted.

The Prices Commission is to review the protection duties and other import restrictions with a view to their reduction to a level which will give United Kingdom producers and manufacturers full opportunity of reasonable competition where affording Irish Industries adequate protection.

The conditions of import of motor cars are to remain as at present, the prohibition on the import of complete cars is to be abolished in respect of private cars value £750 and over which will now be admitted subject to a duty of 22-9 ad valorem.

The minimum Customs duty will be reduced from 2/6 to 1/- stamp duty on entries of non-dutiable goods will be repealed, the Post Office ice delivery fee of 6d. on parcels of non-dutiable goods will be abolished, and package duty will be reduced from 2d. to 1d. per pound.

A duty of not less than 3/- per ton is to be imposed on imports of foreign coal. Foreign goods admitted to Eire under licence will be subject to a duty of not less than 10 per cent.

FINANCE

The agreement provides that the sum of £10,000,000, which will be paid by the Irish Government to the British Government before November 30 next, shall constitute a final settlement of all financial claims of either of the two Governments against the other arising out of matters occurring before the date of the present agreement. This does not effect the continuance of the annual payment of £250,000 by the Irish Government in respect of damage to property under the Agreement of December, 1925.

DEFENCE

The agreement provides for the transfer to the Irish Government of the coast defence stations occupied by United Kingdom care and maintenance parties under the Annex to the Treaty of 1921. It provides also that Articles 6 and 7 of the Treaty and the Annex should cease to have effect.

The transfer will take place before December 31 next. In the meantime, detailed arrangements for the transfer will be the subject of discussion between the two Governments.

The ports and defences referred to are at Berehaven, Cobh, and Lough Swilly.

COAST TO COMERAGH CHIPS

At an extraordinary general meeting held at the Imperial Hotel, Waterford, it was unanimously decided that for next season the receipts and expenditure of the Waterford and Gaultier Hunts will be amalgamated into one joint account. The Waterford Hounds will hunt three days a week west of the Waterford-Tramore Road and the Gaultier Hounds two days a week east of that line. In addition, a monthly exchange of meets on either side of the dividing road was agreed to. One subscription will cover hunting with both packs. Mr. Russell and Miss Walker will be the Joint Masters of the Waterford Hounds, and Mr. De Bromhead remains Master of the Gaultier Hounds. Lord William Beresford, will act as Honorary Secretary to the Combined organisation.

The spacious new National Schoolhouse in Kill village was crowded on Sunday night last (24th inst.) when Rev. John Kiely, Professor, St. John's College, Waterford, delivered a most interesting and instructive lecture therein on "Rome and its historic associations." The proceeds will be devoted to a praiseworthy parochial purpose. The highly cultured and appreciative audience included Very Rev. T. Galvin, P.P., Newtown; Rev. M. Power, C.C., Kill; Rev. J. Hally, C.C., Kilmacthomas; Mr. T. Walsh, B.A., N.T., Kill; Miss K. Daly, N.T., do., and Miss A. Power, N.T., do. By the way, the Rev. Professor Kiely, is a former student of the Irish College, Rome, where he received his ordination.

The death took place on Thursday night of last week of Very Rev. Michael Norris, P.P., the revered centenarian Pastor of Naas, Co. Kildare. His brother who was Parish Priest of Rhode, died last year, and the only surviving member of his family is his sister, a most estimable nun of the Mercy Order in the Convent at Kilmacthomas.

During his connection with the Kilmacthomas District Court, Mr. F. J. McCabe, D.J., never had before him at a single sitting such a long string of breaches of the Dog Licensing Act as he disposed of at this month's session, when a fine of 5/- was inflicted in each instance. Fines ranging from 2/- to 5/- were imposed in a big chain of infringements of the Lights' Act, in which the complainants were—Sergt. Herity, Kilmacthomas; Guard Hamilton, do.; Guard Boyle, do.; Guard Rice, do.; Sergt. O'Shea, Leamybrien; Guard Synott, do.; Guard Daly, do.; Sergt. Tade, Strandbally; Guard Fitzgerald, do.; Guard Leahy, do.; Sergt. McElligott, Kilmadden; Guard Parke, do.; Guard Daly, do., and Guard O'Connor, Kill.

About a dozen of undefended, civil bills were dealt with in the usual way, and a few School Attendance cases were adjourned to the May Court.

A youth named Martin Walsh, of Loughmore, Dungarvan, was charged with, on April 21 at Adamstown, Kilmadden, unlawfully breaking and entering the dwellinghouse of Ellen Power, and stealing therefrom a sum of money. There was a second complaint against him of breaking and entering the dwellinghouse of Alice Dooney, Shandon, Dungarvan, on April 10th., with intent to commit a felony. Supt. P. Dennehy, Tramore, told the Justice that the accused was under 16 years of age, and his Worship adjourned the hearing of the charges to a Children's Court in Waterford.

Last week-end all that was mortal of the late Mr. Michael Flynn, farmer, Crough, was laid to rest in the family

plot in Fews Catholic Churchyard. Fr. Michael, C.C., officiated at the graveside. The deceased was a widely popular and respected neighbour, and the deepest sympathy is extended to his equally well-esteemed family circle. The Light of Heaven to his soul.

The interment of the remains of the late Mr. Laurence Brown (84), Briskey, Killossanty, also took place last week-end at the old cemetery at Killossanty, in the presence of his well-liked sons and daughters and innumerable relatives, friends and sympathisers. Fr. Crotty, P.P., read the burial service. Ar dheis go raibon anam.

With sincere sorrow the inhabitants of Tramore heard of the demise of Mrs. Kate Barden, "Endleigh," Tramore, which happened at her home on Friday morning of last week in her 90th year. Though in failing health over the past twelve months, she maintained to the end a keen and charitable interest in the town in which she lived such a long and useful life. Many generations of Tramore folk had the privilege and pleasure of her acquaintance, and it can be truly stated that few have attained the measure of affection which it was the happiness of the late Mrs. Barden to enjoy. Her humanity, expressed either in practical matters or otherwise, was boundless, and she numbered amongst her friends people in all walks of life. To all she had the same cheery word, for all she had a similar warm welcome; and where, in any way, her assistance could be of aid, she extended a right hearty helping hand. In her lengthy honour-crowned career she encountered many sorrows, but to the very end she maintained that optimistic and Christian outlook which marked her every action. In her death Waterford's "glorious and unrivalled" resort has lost a character which can never be replaced. Peace to her soul.

Mrs. Barden was daughter of the late Mr. Henry Galloway, and was sister of the late Mr. Henry Galloway, Cortallymore (whose widow died some few weeks since); the late Mr. William Galloway, Tramore (whose widow only predeceased her by some weeks); the late Sir Thomas Galloway, British Medical Service, and the late Col. Edmond Galloway, B.S.M. Her only surviving sister is Mere Colombe, of the Convent of the Assumption, Kensington, London. She was mother of the late Rev. John Barden, S.J., and of the late Miss Eily Barden, Tramore, and was aunt of Mr. T. H. E. Galloway, Tramore. The funeral took place privately.

RING IRISH COLLEGE CO. WATERFORD

Mr. P. O. Cadha, presided at the April quarterly meeting of Ring Irish College, Co. Waterford.

Arrangements were made for the July and August summer sessions at the College. The lectures include: school subjects, Irish history, Irish literature, folklore, singing, native study, etc.

The Committee congratulated the College Principal (An Fear Moín) on his election as a member of the Senate and Dr. Douëls Hyde, on his election as President of Eire.

The Committee tendered sympathy to Supt. Seamus O'Neill, Garda Síochána, Dingle, on the death of his wife, Mrs. Una O'Neill, B.A., who was professor at Ring College, before her marriage.

Canadian Cattle
During the week ended April 9th, a consignment of 330 cattle from Canada was landed at Birkenhead, and 684 beasts were landed at Glasgow.

Breed More Pigs!

- ★ THERE'S PROFIT
- ★ THERE'S A READY MARKET
- ★ THERE'S NATIVE INDUSTRY THROUGHOUT
- ★ THERE'S BENEFIT FOR BOTH INDIVIDUAL AND NATION

FARMERS—

Secure a good strain of pigs. House them properly. Study their feeding. Deal direct with the factory through your local Producers Association—thus securing maximum prices and minimum transport costs. Write for Leaflets Nos. 2, 18, 27, 89 and 102 to the Secretary, Dept. of Agriculture, Government Buildings, Dublin, C.17. Mark your envelope "PUBLICATIONS" and DONT stamp it.

Guaranteed Market, Prices and Profit

ISSUED BY THE PIGS MARKETING BOARD P.4

An expenditure of 78/9 on foodstuffs can bring a return of 108/7 at current prices.

Join your local producers Association and your pigs will be sent direct to the factory by the Secretary.

Your pigs will be converted into bacon in modern Irish factories by Irish workers.

Bacon ranks very high in food value bringing to the people nourishment in a most acceptable form.

M.P.S.I.

Law, Co. Waterford,

BOY SENT TO REFORMATORY

District Justice F. J. McCabe, who at the County Court on Saturday sent to a Reformatory a boy named Walsh, Loughmore, Dungarvan, pleaded guilty to charges that he and, at Adamstown, Kilmadden, entered the dwellinghouse of Mr. and Mrs. Alice Dooney, of Shandon, Dungarvan, with intent to steal therefrom a sum of £10. He was sentenced to 18 months in the reformatory. Mr. Walsh said that if he was given the opportunity he would leave Ireland and join the British Army.

District Justice McCabe, after having written a letter in which he stated that the proper place for the boy was the reformatory, the Army would not take him, because the first thing the Army authorities would do would be to make inquiries from the Civil Guards here, and the Army people found out what had done that would finish the boy.

EFFORTS TO COMBAT AND-MOUTH DISEASE

The British Ministry of Agriculture is on a scale than has ever been attempted an end to the menace of foot-and-mouth disease. Seven additional have been appointed to the Foot-and-mouth Research Committee, and work will be directed towards the discovery of a vaccine or serum (preferably serum) which can be used with immunity against all types of foot-and-mouth disease virus; and (b) the theory of bird-borne infection is claimed to explain how the epidemic reached England.

Sheep Values

Across-Channel are complaints of the fall in sheep prices. The Minister of Agriculture, Mr. Morrison, in a despatch to the Farmers' Union on this subject, the drop chiefly to the fact that the price of mutton had decreased and beef had gone up.

large numbers.

CATTLE TAKEN FROM COURT
MESSENGER—

On Friday morning last, Court...
messengers accompanied by Garda...
visited a farm in Ardmore and...
seized 11 cattle in lieu of...
unpaid rates. The cattle were...
then driven away by the Court...
messengers. Subsequently the...
Guards saw 3 of the cattle...
being driven back, and on...
investigation found that they...
were 3 of the seized cattle...
As a result a man named...
Mulcahy and two nephews, ap...
peared before a Special Court...
on Saturday morning and were...
remanded on bail to the...
District Court.

G. A. A.—
SENIOR HURLING CHALLENGE—

The following players are...
requested to meet 'bus on...
Square at 1 p.m. on Sunday...
next to travel to Portlaoise...
W. Barron, C. Moylan, D. Goode...
J. Halpin, Jim Ryan, Sonny...
McGrath, P. Daly, Jas. Dwyer...
Jas. Moloney, John Blunt, M...
Fraser, M. Sheridan, Wm. Col...
eman, Jas. Mountain, Jas. W...
aters, J. Murphy, Wm. Stack...
Jas. Barron, F. Houlihan, P...
Lannon, T. Murphy.

G. A. A.—WEST WATERFORD
HURLING CHAMPIONSHIP

The attention of the Dungarvan...
hurling team is directed to the...
fact that they will be engaged...
against St. Carthage's at Lis...
more on 15th May, 1938, in...
the first round of West Water...
ford Championship and accord...
ingly the committee of the...
Dungarvan club requests that...
the under-mentioned players...
provide themselves with hur...
leys and togs and get into...
immediate training.

J. Hourigan, M. Wade, C. Condon, A...
Lawn, Jas. Finn, Jerry Flynn, Joe...
Harrington, J. Power, P. Hickey, T...
Kiely, T. Sweeney, E. Sweeney, P...
Kiely, M. Keane, M. Lynch, P...
Cashin, P. Nagle, K. Finn, L...
Kelly, S. McCarthy, P. Ralph...
M. Walsh, M. Flynn, P. J. Mc...
Grath, Two-Mile-Bridge.

CO. WATERFORD NATIONAL
MONUMENTS ADVISORY
COMMITTEE

At the statutory half-yearly...
meeting of the above Committee...
held in Lisamore on Wednesday...
night, it was mentioned that...
no trace has yet been found...
of the effigy of St. Munna, who...
is missing from Killybunay Church...
since last year. It was also...
reported that part of one of...
the two Ogham Stones at Tober...
killeagh, Stradally, has also...
disappeared. It was recalled...
that many years ago stones...
disappeared from the following...
places: a small stone from...
Ardmore, a stone Cross from...
Ballynaguilke, and an Ogham...
stone from the Dunhill district...
The latter was blown up by...
the landowner, whose lands it...
encompassed. County Waterford...
has thus quite an unenviable...
reputation in respect of...
disappearing stones.

At a special meeting of the...
Pat and Thomas Keating Cumann...
Fianna Fail, held at Killyrossy...
Mr. M. Keating, P.C., presiding...
votes of sympathy were...
passed with the relatives of...
the late Laurence Brown and...
John Gambon.

DEATH OF MRS. J. WILLIAMS—

The news of the death of Mrs. Julia...
Williams, nee Moore, Dungarvan...
who took place at Newbridge...
Co. Kildare, early on Thursday...
morning, after a few hours...
illness, occasioned expressions...
of deep regret, and widespread...
sympathy to be extended to...
the members of her respected...
family.

The deceased was relict of the late J...
F. Williams, the well-known...
Dungarvan solicitor, she was a...
lady of refinement, kind, gen...
tle, of a most amiable disposi...
tion and a sportswoman of the...
first order, and some years...
ago was a regular, and one of...
the most daring followers of...
the Waterford hounds. She...
was daughter of the late Rich...
ard Burke, The Grove, Fethard...
who for many years was Master...
of the Tipperary Hunt.

The remains which arrived in...
Dungarvan on Thursday evening...
were met en route by practica...
lly the whole population of...
the town and surrounding...
districts, while big contingents...
of mourners were present from...
Cappoquin, Lisamore, Tallow...
Kilmacthomas and Waterford...
city, as well as from the ad...
joining counties of Tipperary...
and Cork, so that when it...
arrived at the Church gates...
it was of huge dimensions...
testifying in no uncertain...
manner to the respect and...
esteem entertained for the...
deceased and the members...
of her family.

The burial takes place today...
(Friday) at the Parish Church, Dun...
garvan, at 4 p.m.

PASSING OF A POPULAR
NEWTOWN PARISHIONER—

The death of Mr. Richard Wall, New...
town, Kilmacthomas, which...
sad event took place rather...
unexpectedly at his residence...
on Tuesday night, has caused...
profound regret throughout...
Mid-Waterford, where he was...
particularly well and popular...
ly known. The worthy member...
of a good old local stock, who...
was but in the prime of his...
manhood, was a most exem...
plary Catholic, and a kind...
and generous neighbour, and...
was beloved of all who knew...
him. He was a valued member...
of both the Newtown Cow...
Testing and Ploughing Competi...
tion Committees.

The large and representative...
attendance at the removal of...
the remains to the Parish...
Church, Newtown, on Wednes...
day evening, bore eloquent...
testimony to the esteem in...
which he was held by the...
deceased, who was a most...
exemplary Catholic, and a...
kind and generous neighbour...
and was beloved of all who...
knew him. He was a valued...
member of both the Newtown...
Cow Testing and Ploughing...
Competition Committees.

The large and representative...
attendance at the removal of...
the remains to the Parish...
Church, Newtown, on Wednes...
day evening, bore eloquent...
testimony to the esteem in...
which he was held by the...
deceased, who was a most...
exemplary Catholic, and a...
kind and generous neighbour...
and was beloved of all who...
knew him. He was a valued...
member of both the Newtown...
Cow Testing and Ploughing...
Competition Committees.

WANTON DESTRUCTION—

What is sweeter than the song...
of the bird on a spring morn...
ing? Where do you find more...
vividly expressed, than in...
the hedgerows, woods and...
glens, when the birds pour...
forth their vocal notes. And...
still, much as we delight in...
melodious chirpings, we...
allow the wanton destruction...
of our bird life to go on...
Every spring thoughtless...
young boys rob birds' nests...
for no other purpose than...
to break the eggs. By such...
mischievous means are...
lost every year. We would...
respectfully ask teachers...
to impress upon their pupils...
the preservation of bird...
life and the harm done by...
robbing birds' nests. Our...
singing birds have enough...
of enemies to contend with...
without having their nests...
robbed by youngsters who...
do not understand the harm...
they do.

DEATH OF CYCLIST
Bishop Of Waterford Involved
In Accident
CLONMEL TRAGEDY

His Lordship Most Rev. Dr. Kinane...
Bishop of Waterford and Lismore...
was involved in a fatal acci...
dent on Thursday, when his...
motor car was in collision...
with a cyclist. The cyclist...
John McNamara, aged about...
sixteen, of Thomas Street...
Clonmel, who was fatally...
injured, was, it was stated...
carrying his younger brother...
on the machine when the colli...
sion occurred, and the lat...
ter escaped with slight inju...
ries. The Bishop was driv...
ing the car of which he was...
the only occupant, and after...
the collision, did everything...
possible for McNamara, who...
was found to be dead on...
admission to hospital. An...
inquest was held on Friday.

LISMORE CRICKET CLUB

The Lismore Cricket Club held...
a specially convened meeting...
at their club house in Lis...
more on Wednesday night...
last at 9 p.m., to arrange...
matters for the coming seas...
on. There was a large and...
representative attendance...
led by Dean Stanley, The...
Deanery, Lismore, was...
elected Captain for the...
fourth successive year—a...
splendid tribute to his great...
services to the club. Mr...
J. Feeney was elected Vice...
Captain and Secretary, and...
Mr. M. Gough, was elected...
Hon. Treasurer. The Club...
is therefore, in very good...
hands.

Messrs. J. Collins, J. Casey, W. Duke...
M. Browne, T. Hogan and others...
rendered valuable service...
to the club during former...
years attended.

Organisation and Club...
finance were among the...
matters discussed, and...
all members are looking...
forward to an enjoyable...
season. Prospects are...
indeed very bright. The...
Club has its first match...
against the estate of the...
late John Morrissy, late...
of Villierstown, County...
Waterford, on 15th May...
next. This should prove...
a great day's match. May...
not the weather remains...
fine. There are also...
arranged with Cappoquin...
and Carballuney Cricket...
Teams, and other fixtures...
shall be made as the...
season progresses.

TO LET

EAST CORK JOTTINGS

May Sunday in Killeagh and Glenbowser... What had in a thirty miles radius does not thrill at the thought of May Sunday in Killeagh and Glenbowser?

The Draw... At a meeting of the East Cork Divisional Committee held in Middleton on Wednesday, Mr. Spillane, N.I., presiding, the draw for the Killeagh two-day tournament, starting on May Sunday was proceeded with, and resulted as follows:-

INCH NOTES

G.A.A. News... On Sunday last a very interesting match took place in the Killeagh Club grounds between teams representing Inch and Killeagh. The weather was favourable and there was a fairly good attendance.

On changing over M. Collins put Inch on the offensive, and soon the homesters had to concede a "70" which the Inch Captain sent wide. A lively bout at mid-field followed the puck-out and Callaghan crossing to P. Power, the latter opened the scoring with a lovely point for Inch. This appeared to rouse the Killeagh men, and a determined dash by them saw the green flag go up in their favour.

The teams were:- Inch-P. Power (Capt.), E. Walsh (goal); M. O'Mahoney, P. Joyce, E. Treacy, J. Collins, S. O'Leary, T. O'Callaghan, M. Collins, J. Hennessy, M. Treacy, Joe Collins; 3. Jower, Et. Walsh, J. Power. Killeagh-P. Foley (Capt.), D. Foley, T. Foley, J. Foley, P. O'Neill, P. J. O'Neill, T. O'Neill, Pat. O'Neill, O'Leary, J. Cotter, J. Motherway, E. O'Loughlan, D. Barry, J. Walsh, J. Crowley.

OPERATION OF SHOPS ACTS

The Minister for Industry and Commerce has made Orders bringing into operation on May 16 all the provisions of the Shops (Hours of Trading) Act and the Shops (Conditions of Employment) Act, according to an official statement issued last night.

Working and meal times are regularised, and normally a worker's day is divided into spells which cannot be more than two in number or have an interval of less than four hours between them.

The working hours in a normal week are 48, save in the case of hotels, where the normal working hours may be 56. There are special provisions in regard to overtime.

Hotel workers and workers in restaurants are covered by the Act. Juveniles under 11 years may not be employed, and juveniles under 16 may not work overtime.

Average weekly earnings are not to be reduced as a result of any reduction in hours in order to comply with the Act, and a minimum wage is to be set up which may fix minimum wages.

Offences may be prosecuted by the Minister, or the worker concerned, or an official of a registered Trade Union of which he is a member.

At the monthly meeting of the Lismore Board of Fishery Conservators, held at the Grand Hotel, Fermoy, Mr. R. G. Annesley (chairman) presided.

BLACKWATER FISHERIES.

ILLEGAL FISHING COMPLAINT

The Chairman said he had received a letter from the man in charge of the hatchery at Malloy, stating that all the fry had been liberated by Mr. West, Department Inspector, and that Messrs. Davison, Sheehan and the Chairman had assisted in the distribution.

Mr. Baldwin said that in his opinion the hatcheries were not of great value, but if the spawning beds were properly protected and cared for they would be of the greatest value to the river, and better fish would result, as the process would be natural.

The Chairman said they congratulated Messrs. Power and Kenny on their appointment. Mr. Power, who was present, suitably thanked the Board.

Illegal Fishing... Capt. Maxwell said he understood that persons who had licensed themselves for fishing on the Blackwater had thought that they should have a bye-law passed by which such persons, when convicted, would have their licenses endorsed and deprived of them for a number of years, as may seem fit.

Major Longfield said that he was grateful to Mr. Riordan, who had a tough time, and carried out more than the duties of Clerk. They would consider his remuneration, which would come before the Board at the next meeting.

Mr. Kent referred to the catching of salmon and trout fry by adults and children, which was most destructive to the fishing, and he thought that notices should be put up in an endeavour to prevent this, and also that this should be brought to the notice of children in the schools.

Mr. Sheehan said that he thought that the Anglers' Association should make it their business to try and prevent this destruction.

Col. Pennafather said that he had seen this in many of the small streams when other hunting.

DEPARTMENT OF AGRICULTURE.

REPORT ON AGRICULTURAL CONDITIONS IN MARCH, 1938.

WEATHER AND WORK... The weather during the month of March was the most favourable for farm work experienced for many years. Except for occasional showers the days were dry and mild with an unusual amount of sunshine.

Live stock shows will under the influence of the prevailing good conditions and were reported to be in good health and condition. No serious outbreaks of disease were reported from any quarter.

POTATOES... Considerable supplies of potatoes were on hand at about farms at the close of the month. Demand during the month was rather slow, and a good part of the supplies will probably be reserved for feeding to the stock.

WINTER CEREALS AND SATCH CROPS... Winter wheat and earlier sown spring wheat made good progress and had good prospects at the end of the month. Further extensive sowings of spring wheat were made during the month and these braided evenly.

CATTLE... Cattle were reported to be in good health and in better condition than at the corresponding period last year. The numbers offered at the various centres were rather low, but average many owners holding in the hope of still higher prices.

Sheep... Apart from outbreaks of Sheep Scab in the County of Leitrim and portion of Cavan, flocks were reported to be in good sound health and their improved condition reflected the better grazing available this year.

Pigs... The total number of pigs marketed during March was lower than that for the corresponding period last year. At the four principal Southern centres the average range of prices for pigs suitable for the pig curing industry was 65s. 3d. to 70s. 6d. per cwt. dead weight, or approximately 40s. to 55s. per cwt. on the live weight basis.

Bornhams were in ample supply and realised good prices, ranging as high as 42s. each according to quality, age and district. Breeding stocks were well maintained with a continued tendency to increase.

YOUGHAL URBAN

Present-Messrs. P. P.C., Chairman: E. D. Power, J. Daly, B.E.; R. J. Whelan, T. K. Keane, Lynch, T. Beausang, M. Farrell; Vice-Chairman, Rick.

The Chairman said he was arising out of the meeting of the previous meeting said he wished to repeat did some excavating the men were employed only the material on to the road to hear that those men send a letter to the paper to the statement that he had only 12 hours. He concluded.

The Chairman said he further discussion on the Mr. Power, proposed, if any member accused anything that could be should give the names of traitors he would call Mr. Condon—I think that far.

The Chairman said he any member be discussed Mr. Power—If you knew you would not have allowed on at the last meeting, in question should have means to append their names. The Chairman—in my gentlemen referred to the straightest members of the the straightest (hear, hear).

Mr. Power—I never know order to be straight (hear). The Chairman—discussed length at last meeting as there was an expression of Mr. Savage had done it ashamed of. I don't know brought up now again Mr. Daly—The matter last Thursday's meeting was raised again. After a further prolonged discussion, Mr. Power put forward any person having against any member of it should be sent in in writing siding chairman.

Mr. Beausang, seconded Mr. Keane, discharged members should be allowed discretion. He proposed amendment. Mr. Condon, seconded. After further discussion withdrew his proposition dropped.

A letter was read from Mr. Power called attention to inconvenience caused traders and all concerned the banks would not open when fair days fell on bank days. The Chairman said he asked the Council to approach asking them to open for such days, but the bank would not agree.

Mr. Farrell agreed with Mr. Power but he was doubtful if the action would alter their view. A Committee was appointed the various banks in committee.

New Sewer and Water... A letter was read from Mr. Power regarding two houses he had bought on the Main Road, and asked the Council to propose extension of water mains to enable him to connect them. The Clerk said that he decided to adjourn the matter for the Council to consider. After a short discussion, to forward the plans of the tenders to the Local Government with a view to obtaining a grant towards the cost.

Member Resignation

A letter was read from Mr. Macnamara, solicitor, tendering resignation as a member of the Council, enclosing a cheque for £100. Mr. Broderick said he had to hear that letter read. Mr. Macnamara as one of the members of the Council. He family long and honourable with the town and the Council perfectly suggested that he should be recommended to be a loss to the Council as he persisted in his resignation.

The Chairman said he to hear that Mr. Macnamara decided to resign from the Council. Mr. Power said he should learn of Mr. Macnamara. They often had a bit of a tangle, but they met smiling. It was unanimously decided Mr. Macnamara, to reconsider.

A Commission Mr. Whelan—A Commission by very useful in Youghal.

YOUGHAL URBAN COUNCIL

Present—Messrs. P. J. O'Gorman, P.C., E. D. Condon, R. Power, J. Daly, B.E.; R. Savage, P.C.; J. Whelan, T. K. Keane, solr., E. P. Lynch, T. Beausang, M. Ahern, R. C. Farrell, Vice-Chairman, M. D. Broderick.

The Previous Meeting
Arising out of the reading of the minutes of the previous meeting, Mr. Savage said he wished to repeat that while he did some excavating the two unemployed men were employed only in shovelling the material on to the road. He regretted to hear that those men were asked to sign a letter to the paper. He adhered to the statement that the men had worked only 12 hours. He condemned such action.

The Chairman said he could not allow further discussion on the matter.
Mr. Power proposed that if in future any member accused another of doing anything that could be objected to he should give the names of his informants—traitors he would call them.
Mr. Condon—I think that is going too far.

The Chairman said he would not allow any member be discussed in his absence.
Mr. Power—If you knew your business, you would not have allowed the discussion at the last meeting. The member in question should have got his informants to append their names.

The Chairman—In my opinion this gentleman referred to is one of the straightest members of the Board, if not the straightest (hear, hear).

Mr. Power—I never knew one of his order to be straight (laughter).

The Chairman—I am entitled to talk and I am going to talk.

Mr. Savage—I ask you as Chairman, did you treat the matter as it should have been treated?

Mr. Power—Certainly not. This matter was discussed at considerable length at last meeting and was closed. There was an expression of opinion that Mr. Savage had done nothing to be ashamed of. I don't know why it should be brought up now again.

Mr. Daly—The matter was ended at last Thursday's meeting and should not be raised again.

After a further prolonged and heated discussion, Mr. Power proposed that in future any person having a grievance against any member of the Council, it should be sent in writing to the Presiding Chairman.

Mr. Beausang, seconded. He thought members should be allowed use their own discretion. He proposed a negative amendment.

Mr. Condon, seconded.
After further discussion, Mr. Power withdrew his proposition and the matter dropped.

A letter was read from Mr. M. Morrissey, T.D., thanking the Council for their vote of sympathy.

Banks on Fair Days
Mr. Power called attention to the serious inconvenience caused to farmers, traders and all concerned by the fact that the banks would not open for a short time when fair days fell on bank holidays.

The Chairman said that some years ago the Council approached the banks asking them to open for a short time on such days, but the banking authorities would not agree.

Mr. Farrell agreed with Mr. Power, but he was doubtful if the Bankers Association would alter their attitude.

A Committee was appointed to wait on the various banks in connection with the matter.

New Sewer and Water Mains
A letter was read from Mr. Jas. Keogh, regarding two houses he had just completed on the Main Road at Seafield. He asked the Council to proceed with their proposed extension of sewerage and water mains to enable him make connections.

The Clerk said that the Council had decided to adjourn the proposed extension for the present.

After a short discussion it was decided to forward the plans of the proposed extensions to the Local Government Department with a view to obtaining sanction, and a grant towards the work.

Tinkers
Mr. Beausang called attention to the great nuisance caused by tinkers camping on the quarry road.

Mr. Broderick said they were worse than a nuisance. He proposed they be summoned for trespass.

This was seconded by Mr. Power and passed unanimously.

Member Resigns
A letter was read from Mr. J. N. R. Macnamara, solr., tendering his resignation as a member of the Council and enclosing a cheque for £1.

Mr. Broderick said he deeply regretted to hear that letter read. He looked upon Mr. Macnamara as one of the best members of the Council. He was one of a family long and honourably associated with the town and the Council. He respectfully suggested that they should ask him to reconsider his decision. It would be a loss to the Council and the town if he persisted in his resignation.

The Chairman said he was very sorry to hear that Mr. Macnamara had decided to resign from the Council.

Mr. Power said he also regretted to learn of Mr. Macnamara's resignation. They often had a bit of a battle (laughter), but they met smiling afterwards.

It was unanimously decided to ask Mr. Macnamara, to reconsider his resignation.

A Commissioner
Mr. Whelan—A Commissioner would be very useful in Youghal.

Mr. Condon proposed that they consider the question of having a Commissioner.

The Chairman said it would be much better for themselves and everybody else. Members of Public Boards could not act in the way a Commissioner would. It might appear a slap at democracy, but there was something to be said for it.

Mr. Broderick disagreed. Judging by the result of Commissioners in several places, their administration was not always satisfactory.

Mr. Ahern—Hear, hear.
Mr. Savage—We have got enough of dictators and we don't want miniature ones.

New Cottage Hospital
Mr. Daly said he understood that the Minister would open the new Cottage Hospital at an early date, and he suggested that the Council should give him an official welcome.

The Chairman said they would be delighted to welcome the Minister on such an important occasion.

The Clerk was directed to ascertain the date of the opening and to duly notify the members of the Council.

Rents of Houses
In accordance with notice, Mr. Power moved: "That the rents of the Council's new houses amounting to 2/6 (with rates 1/6) be reduced by 1/- per week to 1/6 which with rates would amount to 2/6, per week." He said the poor people were unable to pay 3/6, and it would be better to get 2/6 than nothing.

Mr. Lynch, seconded, and Mr. Savage supported the proposition.

Mr. Farrell said while he would like to favour the proposition, he thought the time inopportune. He was in hopes that in a short time there would be an improvement in business and employment and then there would be no need for the proposition. There was a big increase in the Poor Rate and he understood there would be the same in the Town Rate. Therefore, he proposed they make no change for the present.

Mr. Keane, seconded.
Mr. Power said that in one case alone solicitors' costs amounted to £5.

The Clerk read a report from the Collector, stating that the arrears amounted to £95. Some of the tenants asked why they should pay when one man owed 53 weeks rent.

Mr. Whelan said it was evident that they could not hope to collect the arrears and the Council would have to subsidise them. They were forced to put the poor people into houses at a rent they were not able to pay. They ought adopt Mr. Power's proposition while the present conditions obtained. They might also look arrears to 3 or 4 weeks.

Mr. Broderick supported the amendment. This ratepayers had to provide £100 for each house in addition to subsidising the rent by 1/6 a house. The Council had no say regarding the type of house, which he thought was beyond the requirements of the poor people concerned.

Mr. Power said the poor people were as much entitled as anybody else to the facilities provided.

Mr. Savage said while there was much to be said for Mr. Farrell's statement, he thought the Government should see to the position of those unfortunate people. There was no employment and the salmon fishing was finished. Why carry on the false pretence of trying to collect what was not there?

Mr. Broderick said all that trouble devolved on the Government. When they realised that they could not provide work for the people—and they admitted that by giving the dole—they should also accept responsibility for the rent, which was almost as essential as food. If the poor people could not buy food, how could they pay rent? It was, therefore, a matter for the National Authority.

Mr. Daly said if the Government extended the period of the loans, it would ease things somewhat.

A poll was then taken with the following result:—
For the amendment—Messrs. Keane, Farrell, Condon, Broderick and the Chairman—5.
Against—Messrs. Whelan, Savage, Lynch and Power—4.

Messrs. Daly and Ahern didn't vote. The proposition was therefore defeated.

Mr. Power—What about the arrears? On the proposition of Mr. Broderick, seconded by Mr. Savage, it was unanimously decided to ask the Government to undertake the responsibility of the rent for those unable to pay at present.

Lamb Born in Police Station
A lamb was born to a Blackface ewe in Glasgow Southern Police Station last week. The ewe was found wandering about the streets and had apparently strayed from a field in the vicinity.

A Grand Pair! FOR UDDER ILLS

YOUGHAL DISTRICT COURT.

(Before Mr. G. P. Farrell, D.J.)

McKay v. Touhy
This was a civil bill in which Messrs. W. J. Hegarty, solr., Cork, for plaintiff, and Mr. M. Powell, solr., Cork, for defendant.

After a very protracted hearing a decree for the full amount was given.

Undeclared Civil Bills
There was a large number of undeclared civil bills, in which Messrs. W. R. Hodnett, solr. Youghal, T. K. Keane, do., J. N. R. Macnamara, do., W. J. Barry, Middleton and T. Hutch, Middleton solrs., appeared for plaintiffs, and decrees or adjournments were granted in unsettled cases.

Ad Interim Transfer
Mr. Hodnett, solr., on behalf of Miss C. Ledingham, applied for an ad interim transfer of the license held by her deceased mother in the Green Park Hotel.

The application was granted.
Mr. Macnamara, solr., applied on behalf of Simon McGrath, for a dance license for the hall at Campine in aid of a Cappoquin charitable fund.

The application was granted.
Mr. Barry, on behalf of Daniel Ahern, Castlemaunty, applied for a change of hours.

Superintendent Kelly, said there was no objection, and the application was granted.

Motor Cases
John Stranforth, Cork, was charged with (1) not having a road tax for his lorry, (2) for carrying on road transport business without a license, (3) with failing to have the weight of the lorry painted thereon.

Superintendent Kelly prosecuted, and Mr. I. K. Keane, solr., defended.

Mr. Keane, admitted the offence. His client had applied months ago for a transport license, and had enlisted the support of several T.D.'s, but the procedure was very slow. The lorry had been laid up for repairs and there had been a dispute with the Insurance Co. He had been asked to carry a quantity of stone to the new Church of Mount Melleray. The lorry was defendant's only means of support, and he appealed to the Court to deal leniently with the case.

The Superintendent said the defendant could not carry for reward beyond 15 miles outside the city without a license, and he noted several previous convictions against him.

He was fined 10/- in each of 2 charges and 1/- for the omission of the weight.

The driver, J. Mahony, was also summoned for the road tax, and was fined 1/-.

Guard Stack, charged Patrick Wade, and Gerald Daly, driver, Waterford, with using a car not having the trade plates or the road tax displayed.

Mr. Wm. R. Hodnett, defended.

Mr. Hodnett said that Daly, employed by Wade, was sent to Cork on the day in question to take delivery of a new Ford 8. Having to leave Waterford early in the morning he forgot to bring the plates with him. On his way from Cork to Waterford, he was held up by Guard Stack at Youghal. The whole trouble was caused by the regulation that car could not be registered except where the purchaser lived. In that case the purchaser lived in Waterford. He (Mr. Hodnett) purchased a car in Dublin recently and had to bring it to Youghal to be registered (laughter).

Sergt. O'Beirne—If anything happened with the car in the meantime?

Mr. Hodnett—I have the Sergt. as well as the Superintendent against me now (laughter). Up to recently you could register anywhere.

The Superintendent said a serious point was involved, and he suggested an adjournment.

Mr. Hodnett said that the driver of the car, gave evidence corroborating Mr. Hodnett's statement.

After a lengthened argument the Supt. said he thought in the circumstances that a caution would meet the case.

The case was then dismissed with a caution.

Kennelly v. Curran
This was a defended civil bill for £2 12s. od., balance of the price of 3 ash frames, by Mr. P. Kennelly, contractor, Youghal, against John Curran, Shanacoole, Co. Waterford.

Mr. J. N. R. Macnamara, for plaintiff and Mr. T. K. Keane, for defendant.

From the evidence it appeared that defendant ordered at 26/- each 3 frames. He took one and paid for it, but did not take the others. The defence was that the measurements were wrong.

A decree was given for the amount claimed.

Guard Dempsey, charged James Power, Ballymacush, with selling milk, 6 per cent. deficient in fat.

Mr. W. R. Hodnett, solr., defended. Evidence was given to the effect that

there had been no tampering with the milk. Defendant stated that the only explanation he could suggest was that they had to change the feeding from turnips to mangolds.

Defendant was fined 1/- with 10/1 costs.

Night Bakery Cases
Sergt. Lupton, charged Michael Hanon, with a breach of the Bakeries Act.

Mr. T. K. Keane, defended.

Complainant stated he found defendant baking at 5.30 a.m. on the 4th inst.

Mr. Keane said those were the first cases of the kind in the district. Defendant had a very small oven, only half size, and there was a certain amount of rivalry about supplying the country around.

Complainant—There is trade jealousy in the town without going outside (laughter). The Act is in force since 1st February 1937.

The Justice—A lot of those Acts are passed to be put in force later.

In a similar case against M. J. Fleming, Mr. Keane, for the defendant, said they had to work to supply the Mental Hospital which ran short of bread.

TALLOW NEWS

Old I.R.A. Officer Bereaved—
The death has taken place at her residence Lymacarra, at an advanced age, of Mrs. Ellen Walsh, and to her bereaved family and large circle of relatives is extended the deepest sympathy of the community of her native and adjoining parishes.

Her passing has caused expressions of widespread sorrow to be heard on all sides. Deceased was the mother of a large family, and one of her sons Thomas actively participated and shared in the command of the company of Irish Volunteers who occupied the Four Courts during the Rebellion of Easter Week 1916.

The latter with many of his comrades was later interned in Frongoch until the general amnesty was extended to the prisoners. During the Black and Tan regime and the civil war-period, he was on active service.

The home of the Walshs of Lymacarra was always open to the soldiers of the Irish Republican Army, and a warm welcome always awaited those who sought rest and shelter there.

Requiem Masses were celebrated for the repose of her soul by Rev. M. Hickey, parish priest, and Glendine, who also attended the funeral and officiated at the interment, which took place in the family burial plot at Kilwatermore cemetery.

The funeral cortege was exceptionally large and representative, and was a striking tribute to the memory of the deceased as well as an appreciation of the part played by her and her family from 1916 onwards.

The chief mourners who were present on the sad occasion included—Mrs. Richardson, Dublin (daughter); Messrs. John and Patrick Walsh, Lymacarra (sons); Mr. Thomas Walsh, Howth, Co. Dublin (son); Mr. John Ducey, Pike, Tallaw (nephew); Mr. John Walsh, Ballydaniel, Youghal (nephew); Mr. Maurice McCarthy, Brideane, Tallaw (nephew-in-law); Messrs. Maurice and Garret Connery, Clonmilk, Mr. E. F. Lybby, D. C. Youghal, Mr. J. Keboe, do., Mr. Thomas Fitzgerald, Ballinraty Commons, Mr. and Mrs. Wm. Kelleher, Youghal, Messrs. C. and J. Connery, Clonmilk, Messrs. Maurice and Michael and Miss E. Walsh, Ballydaniel, Youghal; Miss Margaret McCarthy, Brideane, Tallaw, etc., (relatives).

Death of Mr. Wm. Ryan, Ballynoe—
After a very brief illness the death took place at his residence, Ballynoe, Tallow, of Mr. Wm. Ryan, Builder and Contractor. His death occasioned expressions of deep regret and widespread sympathy to be extended to his bereaved wife and daughter, as well as to a very large circle of relatives and friends.

Deceased was about his usual avocations until a short time prior to his demise and his passing in almost tragic circumstances, has created a void in his native parish, which it will be almost impossible to replace.

For many years he was contractor to the East Cork Co. Board of Health, and previous to the coming into existence of the latter body, he acted in a similar capacity to the Youghal District Urban and Rural Councils.

Of a quiet, gentle and kindly disposition, he was much beloved by his many neighbours, friends and associates, all of whom will sadly miss him.

The large and representative cortege which followed the removal of the remains to Ballynoe Catholic Church bore striking testimony to the esteem in which deceased was held, and equally large numbers were present when the interment took place in the family burial plot in the local cemetery.

Requiem Masses were offered for the repose of his soul at Conna and Ballynoe Churches, the celebrants being Very Rev. Fr. Ahern, P.C., Conna, and Rev. Fr. M. Harrington, C.C., Ballynoe, and

they also recited the last prayers at the graveside.

The chief mourners were—Mrs. Josephine Ryan (widow); Miss Nora M. Ryan (daughter); Mrs. M. Barry, Lestrane, Kilworth (sister); Mrs. K. Leary, Ballytrasna, Mr. Thomas Morrison, Glentrasna, Miss L. Morrison, Cork, Mr. and Mrs. P. Beecher and Miss Kathleen Beecher, Longueville, Conna, Mr. David Morrison, Ballycullane, Mr. and Mrs. T. Hurley, Ballynoe, Misses Mary and Kathleen Hurley, Ballynoe, Miss K. Walsh, Conna, Mrs. C. Malachy, Curraheha, P.O.; Mr. Richard and Mrs. Morrison, Ballygibbon, Mr. Michael Fleming, Barada, Miss K. Quirke, Barada; Mrs. Murphy, Walshtown; Mrs. Phelan, Tallow, Mr. John and Mrs. Aberne, Castletownroche, Mr. Wm. and Mrs. Roche, Charleville, Mrs. E. Kirby, Ballymacaimon, Mr. John Morrison, Glentane, Mrs. James Morrison, do.; Mr. James Quirke, Inchelomay, Fermoy, etc., (relatives).

Death of Mrs. Mary O'Keefe, Ballynoe—
The death which took place rather unexpectedly at her residence Ballynoe, Tallow, of Mrs. Mary O'Keefe, has caused profound regret throughout the joint parishes of Glengouran, Ballynoe, C.C., and Glendine, as well as the parish of Tallow, in which she was particularly well known. Deceased was relict of the late Mr. Patrick O'Keefe, whose family has been associated with farming interests in County Cork and Co. Waterford.

The large proportions and representative attendance at the removal of the remains to the Church of the Immaculate Conception, Tallow, bore eloquent testimony to the esteem in which deceased was held and the sorrow felt for her bereaved children.

Sympathisers representative of the Professional, Commercial and farming life of the districts, in which she was so well known, also attended in large numbers at the Requiem Masses offered for the repose of her soul, and at the interment which took place in the cemetery adjoining the Church.

The celebrants of the Masses were—Rev. Fr. Tunney, C.C., Conna, and Rev. Fr. Corbett, C.C., Tallow, who with Very Rev. Fr. Keboe, officiated at the graveside.

The chief mourners present were—Messrs. James and Edward O'Keefe, (sons); Miss Eileen O'Keefe (daughter); Mr. James Newell, Tallow, (brother); Miss Nellie Newell, Tallow (niece); Master Eddie Neville, Middleton (nephew); Mr. Daniel O'Keefe, Lisinbarin (brother-in-law); Mr. and Mrs. P. Higgins and Messrs. David, James and Denis Higgins, Ballynock, Mrs. Bridget O'Mahoney, Messrs. John, James, M., Patrick and Bartholomew O'Mahoney, Kilkronat, Miss Margaret O'Mahoney, Kilkronat, Mr. and Mrs. M. Hogan and Miss Hogan, Ballinaha, Tallow, Mrs. H. Willis, Kilmoney, Mrs. M. O'Brien, Messrs. William and James O'Brien, Tallow, Mr. Ray O'Brien, James, Mr. M. O'Mahoney, Ballygavan, Mr. K. Flynn, Park, Youghal; Mrs. M. Gallagher, Misses Breda and Mary Gallagher, Messrs. Michael and Daniel Gallagher, Curraglas, Messrs. John, Edmund and Maurice Spillane, Curraglas, Mr. and Mrs. Barry, Lisinbarin, Messrs. Kevin, James, William and Patrick Barry, and Miss Mary Barry, Lisinbarin; Mr. James Sheehan and Misses Mary and Eileen Sheehan, Crough, Fermoy; Messrs. James and John Lane, Monagown, Messrs. Michael and Patrick Flavin, Filtown, Youghal, Miss A. Flynn, Tallow, Mr. M. Flynn, Spilke, Conna, Miss E. Flynn, Kilmore, Mr. and Mrs. J. Murphy, Miss W. Murphy, Kilmore; Mr. T. Murphy, and Miss J. Murphy, Kilmacow, Mr. and Mrs. John Flynn, and Miss N. Flynn, Kilkronat, Conna (relatives).

YOUGHAL GOLF LINKS PROJECT

Progress Made
At a meeting held in the Town Hall, in connection with the projected new Golf Links for Youghal, there attended—Messrs. J. L. Keane, solr., (moved to the Chair); Justin Condon, S. A. Ryall, Manager Prov. Bank; J. P. Murray, B.E., R. L. Atkins, J. Meade, Atlantic Hotel; Liam Clancy, T. K. Keane, solr., J. N. R. Macnamara, solr., R. Savage, P.C., U.D.C., Harbour View Hotel; S. O'Brien, D.C.C., John Murray, F. Ferguson, M. H. Walsh, P.C., Town Clerk, J. K. Walsh, T. P. Walsh, R. C. Farrell, Vice-Chairman U.D.C.; J. G. Thornhill, Mrs. Fell, Adelphi Hotel, T. E. Riordan, M.D. Hon. Sec., etc.

The Chairman said he was glad to be able to inform the meeting that extra land had now been offered by Miss Fleming, in lieu of Fitzgerald's lands, the negotiations for which had broken down.

The new course was ideally situated, convenient to the town and Strand and overlooking ocean, harbour and the beautiful river Blackwater.

Mr. Murray, B.E., said that golfers would be pleased to hear that the proposed new grounds would actually give a longer course than that originally intended.

Several speakers expressed themselves enthusiastically in favour of the proposed new course, with its many scenic and other attractions and it was unanimously decided to take immediate steps to carry out the necessary work with a view to having the Links ready at the earliest possible date.

An influential and energetic Committee with Mr. V. F. O'Donoghue, Manager Munster and Leinster Bank as Treas., and Dr. Riordan, Hon. Sec., was appointed.

It was decided to hold weekly meetings of the Committee to push the scheme on and to invite subscribers to send their promised subscriptions to any of the following:—Messrs. P. J. O'Gorman, P.C., Chairman U.D.C.; R. C. Farrell, I. P. Murray, B.E., or the Hon. Sec., or Treasurer.

NATIONAL LEAGUE (FOOTBALL)

The match was played under ideal conditions in the shadow of the Wicklow hills, and was the best seen at this picture-house venue for a number of years. At 4.15 p.m. Phil Murphy of Enniscorthy set the teams in motion, and after some hard mid-field tussles, Barron secured possession on the wing, he sent a low ball to his club mate Ryan, who replied with a minor score for first blood.

The game was keenly and closely contested from the throw-in. Stradbally pressed with great vigour, and the Dungarvan defenders were kept busy on the move. The ground was very hard, and consequently, players had to be wary. The standard was somewhat scrappy, and there were many bursts of ragged play before Stradbally drew first blood—a point. This came after ten minutes, but on the run of the play Stradbally should have been well in front. Overcrowding on their forwards spoiling several chances. A series of rushes to either end culminated in another point for Stradbally. The ball travelled swiftly and both sides adopted rushing tactics. In a stirring bout Stradbally were whittled up at a dangerous distance and lost their lead when the Old Borough boys scored. From the kick-out, Stradbally put up a great rush, but were unable to break through. Just before the interval the green flag was hoisted for Dungarvan, who changed sides with a lead of 1 goal 1 point (2-4 to 0-2). On resuming Stradbally broke away in similar style as at the start of the game, and only a fine defence kept them from scoring. The sole score of this meeting—a goal—was notched by Stradbally in the closing quarter. An argument cropped up over this score and hostilities were suspended for several minutes. When the match was in motion once more, Stradbally strove their utmost to improve their register, but failed to do so. Final scores:—

Dungarvan 1-0; Waterford 0-4. Excitement ran high as the visitors gradually took the upper hand, and Casey and Moore of Fenor easily secured the posts to register the second point for Waterford. Play at this stage in the game was very rough, and Wicklow were awarded a free from which Dalton, sent over the equiser from 30 yards out. Wicklow again returned to the attack and Sullivan seized on a mis-kick to score a goal—total which put Wicklow in the lead, which they held until half-time. On the resumption several changes were noticed on the Waterford team. Ryan and Coffey exchanging places and Hickey, Stradbally, coming on in place of his club mate Power who went off through injury. Those changes seemed to be the turning point of the game, for Waterford had two points added to their score sheet. Fenor, to leave the score: Wicklow 1-2; Waterford 0-4. Excitement ran high as the visitors gradually took the upper hand, and Casey and Moore of Fenor easily secured the posts to register the second point for Waterford. Play at this stage in the game was very rough, and Wicklow were awarded a free from which Dalton, sent over the equiser from 30 yards out. Wicklow again returned to the attack and Sullivan seized on a mis-kick to score a goal—total which put Wicklow in the lead, which they held until half-time. Those changes seemed to be the turning point of the game, for Waterford had two points added to their score sheet. Fenor, to leave the score: Wicklow 1-2; Waterford 0-4.

From a throw-in, Barron got possession and he sent a low ball to Casey, who the latter left Wicklow power helples, with a ground to the net, and once again Waterford were in the lead. Undanted by this sudden reverse, the Wicklow again returned to the attack, and from a free on the 21st minute, they succeeded in scoring a lucky goal, which completely baffled the Waterford defence. Waterford returned to the attack and Casey, taking in, took a free from Barron, and with a low drive sent the ball into the goal. On the kick-out, Wicklow worked up field, and had a brace of points per Sullivan and Breen. Excitement was tense, as both teams fought for supremacy, and from a free Wicklow had a point, the score at the period of the game reading: Wicklow 2-5; Waterford 3-4. A free to Waterford taken by Lonergan, was driven back, but Russell getting possession scored a neat point, to again level the scores. From the kick-out Casey got possession and sent a high ball to Barron, the latter evaded several opponents, and with a "kick" left the Wicklow goalkeepers. The end came soon after with Waterford winning on the final score:—

KILMACHTHOMAS NEWS

There was a fine hosting of happy-humoured Gaels in attendance at the two-part programme staged at Leamybrien on Sunday last. A refreshing breeze found the dry and sunny weather which favoured the fixtures, and deservedly popular Mr. John Patrick Walsh and his comrades of the Conoveragh F.C., had charge of the arrangements. Both bouts belonged to the first-round of the present year's West Waterford Divisional Championship competition, and considerable local interest was centred in the enactment of each encounter. With Mr. D. Walsh, of the Kilrossanty F.C., acting as referee, the minor football fixture of Stradbally and Dungarvan, opened in the opening match and fielded out as follows:—

Stradbally—J. Morrissey, J. Power, M. Flynn, K. Phelan, R. Foran, T. Clancy, J. Flynn, R. Phelan, M. Phelan, T. Dunphy, J. Curran, P. Whelan, J. Kiely, K. McCarthy, and T. Yeale. Dungarvan—J. McCarthy, M. Walsh, M. Wade, T. Kiely, P. Hickey, P. Cashin, J. Houllihan, P. Ralph, P. Nagle, M. Flynn, G. Flynn, J. Power, J. Finn, K. Finn and M. Keane. The game was keenly and closely contested from the throw-in. Stradbally pressed with great vigour, and the Dungarvan defenders were kept busy on the move. The ground was very hard, and consequently, players had to be wary. The standard was somewhat scrappy, and there were many bursts of ragged play before Stradbally drew first blood—a point. This came after ten minutes, but on the run of the play Stradbally should have been well in front. Overcrowding on their forwards spoiling several chances. A series of rushes to either end culminated in another point for Stradbally. The ball travelled swiftly and both sides adopted rushing tactics. In a stirring bout Stradbally were whittled up at a dangerous distance and lost their lead when the Old Borough boys scored. From the kick-out, Stradbally put up a great rush, but were unable to break through. Just before the interval the green flag was hoisted for Dungarvan, who changed sides with a lead of 1 goal 1 point (2-4 to 0-2). GUARANTEED RADIO REPAIRS

Being members of Radio Manufacturers Service we are in a position to give you days Guarantee with all repairs. If your Set has lost its original power tone or selectivity, let us re-balance it with our up to the minute Servicing equipment. The day of pliers and screwdriver repairs is gone and Radio manufacturers Service will give you the satisfaction of a thoroughly Scientific Repair. R. A. REDDY, R.M.S. Radio & Electrical Dealer, Mary Street, DUNGARVAN.

SMOKE CHESTNUT FLAKE made from finest Virginia Leaf 10d. per oz. DUNNE Tobaccoist, Dungarvan.

PROTECT YOUR STOCK AND SAVE MONEY. Blackquarter, Timberworm, Hoose, Curd, Scour, Abortion, Udder ills, Murrain, Worms, etc.

We hold EKRUH specific remedies for all Cattle, Horse, Pig, Sheep, Dogs and Poultry diseases. Write or call to: BURKE'S Youghal Veterinary Dispensing and Photographic Chemist.

THOROUGHBRED SIRE FOR 1934 AT KILMALOO STUD. AMBASSADOR. Registered by Department of Agriculture. This is a good looking brown horse with good bone and a perfect mover. Foaled 1934. 16 hands 1 inch high. Sire: "Knight of the Garter" (Champion Sire in Ireland) by "Sallyhawk". Dam: "The Temperess" by "The Boss". g-dam "Winking Anne" by "Winkfield". See Stud Book vol. XXVIII page 97.

SPECIAL MIXTURE OF GRASSES AND CLOVERS. In view of the largely increased demand for Carters Prescriptions of Grasses and Clovers, Carters Special Seeds Ltd. have now given special attention to packing a Mixture most suitable to the general conditions and soil of Eire. The contents of the Mixture have been largely influenced by the success customers have secured with prescriptions supplied for a number of years. Carters are in a position to supply in this way best quality Grasses and Clovers of guaranteed germination and purity at a most reasonable price, carefully selected to produce a large and most nutritious crop.

Carters special Mixture of Grasses and Clovers comprises the following: 9lb. Cocksfoot, 9lb. Meadow Fescue, 28lb. Perennial Rye Grass, 9lb. Italian Rye Grass, 1lb. Sheep's Fescue, 3lb. Timothy, 1lb. Rough Stalked Meadow Grass, 5lb. English Red Clover (Cow Grass), 1lb. Alsike, 1lb. Kenish White Clover (Gullweed). Total, 60lb. Price 42s. For one Irish acre. Packed in 1 acre Sealed and Branded Bags (30lb.), 21s., enabling Farmers to give trial to this Mixture with a minimum of outlay. Packed at Carters Irish Depot at Waterford; on sale at all shops and stores stocking Carters Test-D seeds.

Northern Fruit Crop in Danger. Northern Ireland's apple crop of 7,000,000 acres is threatened with destruction as a result of the recent frosts at nights. Considerable damage, it is reported, has already been done, especially to the Brimley blooms, which represent about 75 per cent. of Northern Ireland's total apple production. Bonhams in Demand. Bonhams were in ample supply and realized good prices last month, ranging as high as 42s. each, according to quality, age and district. Breeding stocks were well maintained, with a continued tendency to increase.

He's KEEPING YOUNG. No man can pass his youth to his children. No man can show his children the way to keep young. No man can give his children the secret of a hair tonic. CAPTAIN'S HAIR TONIC. Sold in all chemists and druggists. Waterford: 21, Market Street.

Stocked locally by THE DRUG STORES, DUNGARVAN.

SPECIAL MIXTURE OF GRASSES AND CLOVERS. In view of the largely increased demand for Carters Prescriptions of Grasses and Clovers, Carters Special Seeds Ltd. have now given special attention to packing a Mixture most suitable to the general conditions and soil of Eire. The contents of the Mixture have been largely influenced by the success customers have secured with prescriptions supplied for a number of years. Carters are in a position to supply in this way best quality Grasses and Clovers of guaranteed germination and purity at a most reasonable price, carefully selected to produce a large and most nutritious crop.

Carters special Mixture of Grasses and Clovers comprises the following: 9lb. Cocksfoot, 9lb. Meadow Fescue, 28lb. Perennial Rye Grass, 9lb. Italian Rye Grass, 1lb. Sheep's Fescue, 3lb. Timothy, 1lb. Rough Stalked Meadow Grass, 5lb. English Red Clover (Cow Grass), 1lb. Alsike, 1lb. Kenish White Clover (Gullweed). Total, 60lb. Price 42s. For one Irish acre. Packed in 1 acre Sealed and Branded Bags (30lb.), 21s., enabling Farmers to give trial to this Mixture with a minimum of outlay. Packed at Carters Irish Depot at Waterford; on sale at all shops and stores stocking Carters Test-D seeds.

Northern Fruit Crop in Danger. Northern Ireland's apple crop of 7,000,000 acres is threatened with destruction as a result of the recent frosts at nights. Considerable damage, it is reported, has already been done, especially to the Brimley blooms, which represent about 75 per cent. of Northern Ireland's total apple production. Bonhams in Demand. Bonhams were in ample supply and realized good prices last month, ranging as high as 42s. each, according to quality, age and district. Breeding stocks were well maintained, with a continued tendency to increase.
