THE GENERAL ELECTION

At 10.30 Friday night a proclamation dissolving the Ninth Dail was issued by the Presidential Commission, on the advice of the Taoiseach, Mr. de Valera.

The Taoiseach later made the following statement to representatives of the Press:—

"A Government with a precarious parliamentary majority—constantly at the mercy of group combinations in support of sectional interests—cannot do the nation's work as it should be done."

To do its work properly, the Government must be in a position to refuse sectional demands, which it considers not to be in the general interest to concede, without thereby having to risk defeat in Parliament and the sacrifice of its opportunity of putting the national programme into execution.

"The recent defeat of the Government in the Dail illustrates the present position. The matter in question—An Arbitration Board for the Civil Service—had been carefully examined by the Government over a considerable period of time. Legislation had been prepared, going willingly to the utmost distance that the Government felt itself justified in going to meet the demand."

"To give legislative effect to the resolution, to which the majority of the members of the Dail committed themselves in the division in the Dail, would not be in the public interest. Of that the Government is satisfied, and it believes that this would also be the decision of an overwhelming majority of the citizens if the implications of the Dail's decision be fully realized."

"The question raised by the Dail's decision is whether the Government, as guardian of the public interest, is to remain in effective control of the Civil Service, or is to resign that control in its most important aspect to a body which would not be answerable to the people."

"Expenditure on the Civil Service at present exceeds £4,000,000 a year. Under the terms of the Dail resolution the Minister for Finance, and the Government as a whole, would be powerless to prevent the enforcement of awards adding indefinitely to that already immense sum."

Nomination day is fixed for Tuesday June 27th, Polling Friday, June 17th. New Dail meets Thursday, June 30th.

PRESENT STATE OF THE PARTIES

The present state of the parties in the Dail is—

FIANNA FAIL	68
FINE GAEL	48
LABOUR	13
INDEPENDENTS	13

Mr. Frank Fahy is in the Chair, resuming the voting strength to 67. Fahy will be elected automatically for the Constituency of East Galway.

There is one vacancy in respect of Monaghan, the seat held by the late Mr. E. Rice (F.F.).

Fianna Fail won 69 seats at the election of last June as against 69 by all others.

STATEMENT BY MR. COSGRAVE

Mr. W. T. Cosgrave, Leader of Fine Gael, issued the following statement:—

"This nation's advance must not be retarded by a political party which takes five or six or sixteen years to make up its mind on simple political questions. The war on agriculture, made by the Government for the past six years, has ended. Who are to be the new target?

"The Government which taxed the people's food, which is responsible for the high cost of living, which damaged agriculture and has now unsettled industry, is appealing for a more secure majority in the Dail."

An election is now being thrust upon the people under the excuse that on Wednesday night May 25th, the Government were defeated in the Dail.

Deputies expressed their views on a matter upon which the Prime Minister himself gave a firm and clear undertaking, before the 1937 election.

That is not the only undertaking made to various sections of the community which has been broken shamelessly. The cost of public administration was to be reduced. It has never been higher than it is at the moment.

For the past six years we have been subjected to a series of ill thought out schemes which have resulted in great loss to the rural community. Gainful agricultural production must be increased.

Such an increase is the first condition for the establishment of town industry on a secure basis. Neither the poor nor the well-to-do, the workers or those seeking work, can afford a continuance of a situation in which we send more money out of the country than we get in and the last year has been the worst from that point of view."

"The Real Reason"

"The real reason for an election at this moment is that the Government who have yielded to Fine Gael policy and settled the economic war are now unable in the new circumstances to produce a practical reconstruction programme for agricultural industry."

"No Government party was ever stronger in the Dail than the present Government has been for the past six years. No Government has less productive achievement to its credit. We have national problems, economic and political still to solve. It is not a strong Government, but a strong and well-run State here which will help us on the road to unity."

"We face this election as we have faced every problem, difficult or otherwise, for the past twenty years, confident of the high destiny of this State and of the common destiny of its people, and of their adherence to the principles of disciplined democracy."

VOTES CAST IN LAST ELECTION

The total number of votes cast in the Waterford Constituency in the last election was as follows:—

Fianna Fail	19,353
Fine Gael	17,273
Labour	3,799
Independent	992

DISEASES OF ANIMALS' COMMITTEE.

Mr. Thomas Flynn, Chairman, presided at the meeting of the above on Saturday. Also present—Commissioner Moylan, P. B. Sheridan, P. J. Power, M. Walsh and M. Kelly.

Sheep Dipping

To facilitate sheep dipping, it was agreed that sites in areas suggested by the Veterinary Surgeons be procured for the penning of sheep at a cost of 2 each.

Mr. Byrne, V.S., drew attention to an outbreak of scab in the Ring district, and said that on the Egan land which was used by farmers for their sheep and these people who owned the sheep removed them knowing that there was an outbreak of scab on the land. He had a very difficult job in dealing with the matter and suggested that the guilty parties be prosecuted.

It was agreed that owners who knowingly took their sheep to other lands in spite of the scab outbreak be prosecuted.

Humane Killers

It was decided to procure 3 humane killers for the slaughter of diseased cattle.

WIRE TO HAVE AIR MAIL?

It was hoped negotiations between the postal authorities of Great Britain and Eire for the establishment of an air mail service would begin shortly. Sir Walter Womersley, Assistant Postmaster-General made this statement in the British House of Commons on Wednesday.

CAPOQUIN NOTES.

Cycling Accident

At about 8.40 p.m. a rather serious cycling accident occurred just opposite Mr. J. J. Barron's Hotel in Cook Street.

A young girl named, Miss Maher, who resides near the Knockmalinda mountains beyond Mellanahy, was cycling down from the direction of Castle Street, and was riding on the line leading down Cook Street, another cyclist was riding up in the opposite direction, and in attempting to avoid a collision with this machine she ran into a middle-aged woman named Miss Minnie Butler, who was walking down the street in front of her.

Miss Butler was knocked down with considerable force and sustained a nasty wound on the back of her head, while Miss Maher was also thrown off her bicycle, which was damaged as a result of the impact. The injured woman having been picked up, Miss Maher conveyed her down to Miss Buckley, Jubilee Nurse, for first-aid treatment, the victim being later taken to the residence of Dr. Wm. White at Derrisheen House, where the wound was attended to, after which she was able to proceed to her home in Barrock street, where she is now making satisfactory progress towards complete recovery.

Departure of Popular Townsman

Mr. "Moss" Whelan, who had spent the long period of 28 years as Assistant in the extensive Hardware Establishment of Mr. P. Walsh, Cappoquin, and later spent some years in the same capacity in the Hardware Branch of the Blackwater Valley Co-Operative Society here, left on Tuesday for Tipperary town, where he had secured an important appointment in Messrs. O'Draper's Hardware and General Establishment.

He was a member of the Committee of the Cappoquin Rowing Club for several years, and also a member of the Dramatic Society, and had frequently appeared on the stage in Amateur theatrical performances and Comedies, his greatest talent as a comedian being an outstanding feature of his character. He was also a most energetic organizer of local social functions, and organised a most enjoyable dance in the Boathouse Hall for the Cappoquin G.A.A. on St. Patrick's Night, which proved a great success.

His admirable services were always freely given on behalf of every worthy object, while as a courteous and efficient Shop Assistant his high qualities were appreciated by all. He was most popular with all classes of the townspeople, who now wish him the best of good luck and prosperity in his new sphere of duties in the port of "Gallant Tipperary."

Touching Tribute to A Dead Comrade

Mr. Jack O'Don, Radio Officer, who is at present at home on a short holiday, but who was away at sea when his lifelong friend and loyal comrade, the late Mr. James Lincoln, died last December, paid a touching and graceful tribute to the memory of his departed friend when he laid a beautiful wreath on Mr. Lincoln's grave in Afane cemetery last week, which effectively proved that although lost to him in this life, his departed friend is still fondly remembered by him in death.—R.I.P.

A Genuine Sportsman

Mr. James Ahearn, who won the final of the Bowling Tournament here, and also the valuable "Richie Ryan Challenge Cup" on last Sunday week, is one of the best and most sporting sportsmen at present in the town. He has been in turn, a notable footballer, hurler, cricketer and angler, while his striking success as a bowler now, has proved his wonderful versatility in almost every branch of sport. A young man of unassuming manner and marked ability, he is now in charge of one of Mr. Richie Ryan's important Bookmaking Offices in West Waterford, and it was a remarkable coincidence that Mr. Ryan's valuable Cup should have been won by a member of his own Firm on the first occasion.

A Great Circus

As it is many years now since Cappoquin had been favoured with a visit from any important Circus, the visit of Heckenberg's leading Circus on Monday proved a welcome treat, and the spacious and comfortable 3-pole marquee was crowded with a large and highly-appreciative audience on Monday night.

The programme was a remarkably interesting one and was of outstanding merit in every respect, full of thrills and exciting "Tums," with plenty of comedy interspersed, and the popular Proprietor, Mr. Fossett, was deeply grateful to the people of Cappoquin and surrounding districts for the generous support which they gave him, and he has promised not to fail to pay this sporting town a return visit next year.

has made it a point not to hold any Courts on Church Holidays, the usual monthly Court was not held here on Thursday 20th ult., owing to its being Ascension Thursday.

All cases listed for hearing on that day now stand adjourned for a month.

The Shops Act

It was with a feeling of the greatest relief that the various shopkeepers in the town learnt on Tuesday night that the order re the closing of their shops on Sundays has been suspended for the present. This order, if enforced would have caused untold inconvenience, as well as heavy financial loss on all these carrying on mixed trading, so that from every point of view it is a blessing that it has now been revoked, as the people were simply bewildered owing to its complicated provisions.

The Weekly Half-Holiday

Next Monday, Whit Monday, being a Bank Holiday, some doubt exists as to whether shops must close compulsorily on that day, but if they have to close, traders will be glad to know that they can remain open all day on the following Wednesday, which has been fixed as the weekly half-holiday, as the Act provides that when shops are closed on a Public Holiday they can remain open on the half-Holiday either before or after the O'Donoghue Holiday, so our "country cousins" would do well to bear this fact in mind next week.

GOOD PRICES FOR HORSES

Killigh, Co. Cork, half-yearly horse fair proved very successful, many prominent buyers attending. Over 200 animals were offered and there was keen demand. The chief purchases were:—

Substantial purchases were made by Messrs. White, Wexford; T. O'Donne, Buttevant; J. Morgan, Waterford; T. O'Brien, Middleton; R. Shanahan, Kilmac-thomas; M. Twomey, Cork; E. Rohan, Middleton; Kierdan, Lewes; McEntee, Clonac.

Farm horses made from £20 to £35, and colts and fillies from £10 to £25.

EGG LAYING

In the eighth report issued by the Department of Agriculture, in connection with the current Egg Laying tests at the Munster Institute, Cork, Miss M. O'Donoghue, Dromore, Villinstown, has again secured first place in the Rhode Island Red (15 pens) section, with Mrs. K. Earl, Grantstown House, Waterford, 3rd in the same section.

SUPPORT FOR A LOCAL INDUSTRY

WE DO NOT ADVERTISE AND WHY?

Mostly all traders have to resort to advertising, and we agree that it is good business to do so. It is, in fact, essential to advertise when you have something to push before the public—especially something not making its own way to public favour or support.

Many friends and supporters often ask us why it is that we do not advertise, they say: "We do not see your name in the local news." The answer is always the same—Our drinks are so much favoured in these parts that the demand invariably exceeds supplies—so why should we advertise?

Our Bottlings of Guinness's Brown Label Stout are now known to possess the greatest food contents of any stout on the market, and many astute connoisseurs realise that it is the strongest and most nourishing Bottled Stout obtainable, as well as being the cleanest filled and the freshest to taste.

A WORD ABOUT OUR MINERAL WATER FACTORY

Our Mineral Waters are now such an extraordinary success and so much appreciated by the public that it would be like "painting the Lily" to say any more about them.

We are taxed to the utmost to keep our present orders for Minerals supplied, but we assure our customers and consumers that the quality of OUR PERFECT BRAND MINERAL WATERS will be maintained.

OUR LEMONADE, ORANGE CRUSH AND GRAPEFRUIT

leave nothing to be desired, and will always stand possessed of that rich fruity flavour that has made a name for these Mineral Waters and distinguished our Drinks from all others on the market.

The support we are receiving as shown by our ever increasing sales goes to prove that Local Industry Products will command a ready sale when a High-Class article is produced.

May we take this opportunity of thanking our numerous customers and supporters for their kind patronage and for the quality details.

CHAMPIONSHIP MATCH AT STRADBALLY

FAHA NO MATCH FOR THE PIKE
FAIL TO REPRODUCE FORM

The Pike team created a great surprise on Sunday last by finishing with a lead of 7 points against the much-fancied Faha team in the second round of the Junior Football Championship.

From the form shown by Faha against Abbeyside in the first round of the Championship, and in numerous practice matches—particularly in holding the Fencor senior team (who were in last year's senior Co. Final) to a draw, it was expected that they would have little difficulty in their way to the final this year. They had gone through weeks of hard training and their followers consequently had expected much more from them in their display against the Pike last Sunday, but the principal cause of their defeat was over-confidence.

Again the hopes of the Pike team were further shattered by the fact that four of their stalwarts had left the country since the beginning of the year, while another was seriously ill. They were happy to hear that these four players will be back to take the field for the Pike in their next engagement and in a very short time the other players will be fully restored to their normal health.

On the other hand the Pike had just scrambled past Ring in the initial round and had only played two practice matches since Xmas and their team was scrappy and unconfident, and their forwards in particular were criticised by keen judges as being harmless. But this did not dishearten the Pike lads in the least—very few things do. They always considered themselves equal to Faha and rose to the occasion on Sunday giving them a good trouncing.

From last Sunday onwards the Pike team is considered a force in the football field and on reproducing Sunday's form should stand a good chance of winning another match or two.

Agai—Stradbally was the venue selected for the Pike and Faha encounter to settle the vexed question of supremacy in this year's Junior Football Championship on last Sunday. It was at this same venue those two teams met last year when the Pike XV, were young muckety being defeated by the very small margin of 2 points. Even so, on the hour's play it was always considered that the Pike were by far the better team, and up to a few weeks ago when Faha had a crushing victory over Abbeyside in their first 'A' there was no mention of Faha as far as the Pike was concerned. It is thus the matter beyond doubt. Mobilising all their forces a few nights before the match they decided to go all out and take Faha by surprise and give them a rude awakening, this they truly did and before a very big crowd, considering the wretched weather conditions. They were not over-stated who it was obvious the Pike boys had something up their sleeves.

Details—First Half
Heavy rain fell as the teams lined up in change of Seamus Hayes. The Pike with the rain and wind in their teeth were left in a state with the throw-in to skin the wing side of the Faha posts twice in succession. Play was very fast and for 5 minutes was very evenly distributed at mid-field. Then it was transferred to the Pike end where Faha sent wide and on the return forced a go. Despite the gale and rain the Pike went away to attack again on the kick-out when they sent several wides from within scoring range and to led two '50's.'

Faha again returned to the other end where Curran was seen to great advantage at right-half forward. But the Pike backs covering up their men well left no room to score. Faha sent over a series of wides and forced a '50's' which were put to no useful purpose. Play was returned to the other end where two Pike players who were within shooting range

collided and there was a short stop before the injured players resumed.
Several golden opportunities of scoring were missed by the Pike forwards, the principal reason for this being the front line of attack got out too far ahead. Faha returned to the other end when a free to Faha in front of the posts was sent over the bar for a point by J. Higgins, after 18 minutes play. Both sides sent wide in turn and Daly was changed from the Pike forward line to the full-back line as the last minutes of the first half ebbed away to ensure that Faha got nothing out of a free to Faha in front of the posts was sent over the bar by J. Higgins. Faha making a great rally could make no impression on the stone-walled resistance of the Pike men and very soon found out that there was no vulnerable spot in this stout back line.

Faha had to be content with a score of 0-2 when the half-time whistle sounded. Pike were still attacking.

Second Half
A reshuffle in the Pike team at half-time worked wonders. The Pike selectors having a good idea of the strength of their players into the forward line, which in less than one minute from the start of the match proved disastrous to Faha. The Pike were away with a ramp dash on the resumption and from a maul on the left wing, a fast pass to the unmarked O'Connell saw the leather whizz past the Faha goal-keeper, giving the Pike a one point lead within a minute of the restart. Play now ranged freely and fearlessly on both sides and Faha returned to attack when Cowman cleared the Pike lines under pressure. At this stage Downey (Faha) retired injured, M. Power coming on in his place. Daly was next seen slipping along the wing and from 30 yards put up a very hard kick for a goal as the ball skimmed up along the cross-bar, but went to the right side for a point, and yet hardly 2 minutes of play had elapsed. With the kick-out Faha again put up a good spur and returned to the other end, but Cowman's long drive always kept them from the goal. The strength and speed of the Pike team began to tell its tale, whatever the odds the Pike man always got to the ball first and for the remainder of the game the ball rarely passed centre-field. The Pike sent over a series of wides. Eventually O'Connell getting possession sent another stinging shot through the Faha goal, which was soon followed by a beautiful point from Tom Fitzgerald, Tom O'Connell again increased the lead by another point from far out as the last minutes passed. There was a timely stoppage a few minutes from the end as W. Curran (Faha) received a head injury, but was able to resume. The Pike won pulling up. Final score:—

The Pike	0-2
Faha	0-2

Pike team—Jack Carlton, Tom Kenneally, Tom Fitzgerald, Tom Coughlan, Jimmy Fahy, Patrick Dunford, Maurice Kennell, Tom Cowman, Mick Keane, Jim Fennell, John Rowe, Paddy Daly, Tom O'Connell, Paddy Cotter, Larry Fennell.

Faha—D. Power (Capt.); J. Curran, (goal); W. Curran, J. Burke, W. Connors, F. Troy, J. Foley, T. Casey, J. Connors, B. Power, E. Foley, T. Power, M. Downey, J. Higgins, and M. Connors.

W. Curran was outstanding on the Faha team, while the Pike team was the best-balanced side from that district fielded so far.

Some undetended civil bills were disposed of.

Bank of Ireland v. Flynn
This was an application for an instalment Order brought by the Bank of Ireland against Mr. John Flynn, Carriglea, seeking to recover a sum of £536.

Mr. Farrell, solr., Dungarvan, for plaintiff.
Mr. E. A. Ryan, solr., defended.
Mr. Farrell said that the amount was due since 1931. Defendant had a farm of 52 acres and had got the money on an undertaking to pay back £100 per year. Defendant had only paid off a sum of £174.

There were 36 applications to defendant to renew the bill, but he had not even once called to the bank to do so. An attempt was made to sell the lands, but was unsuccessful. People seemed not to want to buy lands put up by a bank and certain influence were used to prevent bidding.

Mr. Ryan—A defence of lack of means has been filed.
John Flynn, on being examined by Mr. Farrell as to means, said he had 52 acres of land. In 1937 he had tilled 18 acres of land and had sold the wheat and oats for £71. He had 243 cwt. He had got credit from Mrs. McGrath, the Long Now, Dungarvan.

Mr. Farrell—How much do you owe her?
Defendant—I owe nearly £6 out of £15.
Mr. Farrell—Did you live on about £20 for 12 months.
Mr. Ryan—He has food on the land.
Mr. Farrell—What food have you on the land?

Witness—I have an acre of potatoes and turnip.
Mr. Farrell—You say you paid £65 10s. and rates and £36 15s. to the Land Commission. I have it from the Land Commission that on February £31 is 6d. when you said you got £26 15s.?

Witness—I handed the receipt to Mr. Ryan.
Mr. Farrell—You forgot to mention a lot more of your debts (Mr. Farrell enumerated sums owed by defendant).
Witness said he could not pay as his cattle and land went wrong.

Mr. Ryan—if he could get a buyer for the land he would be glad. I advised my client to sell. The man has no capital.
Mr. Farrell—He is a single man.
Mr. Ryan—Get him a wife with a fortune.

Defendant—I will give the lands to the bank to let for 12 months.
Justice—I can see that the man is in a hopeless position to do anything, and I will refuse the application.

Bread Cases
The Attorney-General prosecuted A. Moloney and Sean and K. Williams, Mrs. Mary C. Power, Mrs. Casey and Annie Kelly, for over charging for bread.

Mr. Ryan State Solr., for the prosecution said the defendants were all highly respected traders in Dungarvan and were engaged in the sale of bread. The case in question arose out of the sale of bread known as batch bread, the price of which was standardised and regulated according to the price of flour. A case from Co. Clare was stated in the High Court and Mr. Justice Hanna, held that the bread in question was batch bread. Mr. Ryan said that he understood the defence was charging the charge, the price of which was standardised and regulated according to the price of flour. A case from Co. Clare was stated in the High Court and Mr. Justice Hanna, held that the bread in question was batch bread. Mr. Ryan said that he understood the defence was charging the charge, the price of which was standardised and regulated according to the price of flour.

Mr. Williams, solr.—Mr. Farrell and I are appearing for defendants. Mr. Ryan has stated the case very fairly.
The Justice said he took the view that the bread was batch bread and it was known as such by the people.
Mr. Farrell—The traders here for sale a loaf at the cheaper price. To my mind they are victimised.

The Justice—Do not talk about victimisation, I might say too much. The price of bread was high enough without charging more for it under a different label. A fine of 20/- and 5/- costs was imposed on each of the defendants.

Lacey of Handbag
John Mahony, farm labourer, Grange, pleaded guilty to stealing a lady's handbag containing £4 3s. the property of Bridget O'Shea, Ballintaylor.

Bridget O'Shea told Superintendent Walsh, who prosecuted that on Saturday last she left the bag inside a shop door while she bandaged a friend's wrist. Defendant was standing at the door at the time. She was also watching her father's pony on the street.
Supt. Walsh said that the money was found in the lining of defendant's coat. At first defendant denied taking the bag, but later admitted the offence. The bag was found discarded in the manger of a stable in a yard in the town which had been given a good character by his employer, was ordered to pay 30/- before next Court, the case to stand for 3 months.

May Fair
The monthly fair at Lismore showed a marked decrease in prices on previous fairs probably due to the pasteurage condition due to the long spell of fine weather which prevailed in March and April. Although plenty of buyers attended very few transactions were enacted.

Daily Sweep
Mrs. Johanna Healy, The Arcade, Lismore, has drawn £15 10s. from the Derby Sweep held by Hospital's Trust, which she drew to a Dublin syndicate before she had purchased a ticket. She had bought one after she had sold anything you buy with the egg-money was lucky, says the non-de-plume.
Eggs Lucky.

JOURNAL DISTRICT COURT, AD INTERIM TRANSFER

Mr. Wm. R. Hodnett, solr., applied on behalf of Mrs. Elizabeth Halpin, for an ad interim transfer of her husband's licence in the Devonshire Hotel, Youghal.

Formal evidence having been given and Superintendent Kelly stating that there was no objection to application was granted.

Condemnation of Birth, Etc.
Bridget Ahern, originally from Ballycoleman, Killeagh, was charged with concealment of birth and with conspiring with Maurice Ahern, Ballynacarriga, Killeagh, to the concealment and Mce. Ahern, was charged with aiding and abetting and conspiracy with her in the offence.

Mr. D. Casey, State Solicitor, Mitchelstown, prosecuted and Mr. Wm. R. Hodnett, appeared for Mce. Ahern.

Miss Annette Buckley, Matron, St. Anne's Hostel, Cork, deposed that Bridget Ahern stayed in the hostel for some time in November last and subsequently got employment outside. She returned to the hostel before Xmas and remained till 8th January. Witness questioned accused who denied she was pregnant, but finally admitted it. Witness advised her to go to the County Home, but she said she should go home first, and she left. She returned to the hostel on 15th January. She said she gave birth to a baby girl in the Youghal Hospital, but said next morning that the baby was born in a hayshed, prematurely, and she put it in a box and buried it. Dr. Hamilton saw the baby on the morning she was sent to the District Hospital. When leaving she left a parcel behind, which she said contained her coat. On discharge from the hospital she remained a day or 2 in the hostel and was then discharged.

Accused asked no questions.
Det. Sgt. Quinlan, Cork, deposed he was one of the search party at Drumdiagh on 17th May, when the body was found. On the following day he went back to make a further search and found a piece of cardboard produced referred to by Sgt. Riordan just over where the body was found.

This closed the case for the prosecution.
Mr. Hodnett said there was no prima facie case on which to return his client for trial. His conduct might have been reprehensible from the moral point of view but they were not dealing with that there.

He then reviewed the evidence as to what occurred in the man's house.
The Justice refused informations against the male accused and returned Bridget Ahern for trial to the Cork Circuit Court.

Michael McCloy, of no fixed address, but said to hail from Wexford, was charged with indecent assault.

Mr. Casey, prosecuting said the accused attacked a respectable young girl, going through the fields on her way home near Carrigrohilly. He was clad in an overcoat and boots only. The girl resisted him successfully.

Accused pleaded guilty.
Supt. J. L. Murphy, Cobh, stated that in 1936, accused got 12 months for burglary. On that occasion he was found naked under a teacher's bed.

He was sentenced to 6 months hard labour, the Justice commencing on the peculiar feature in that and the previous case and asking that the attention of the prison doctor be called to the matter.

ARDMORE MAN SENT TO JAIL IN LONDON, PLEA OF GUILTY

Arrested in Ardmore and brought to London, a man who was stated by the police to have been struck off the Roll of Solicitors, was at West London on Friday last sentenced to twelve months' imprisonment for obtaining £1,700 by false pretences.

He was George Douglas Collis (42), described as of no occupation, of Melrose, Ardmore, Co. Waterford, Ireland, who pleaded guilty to obtaining sums of £500 and £200 from Miss Noel Mary Ryan in October, 1933, and October, 1934, and further to obtaining two sums of £500 in November, 1934, and January, 1935, from Esther Evangeline O'Connell by false pretences.

Collis asked that two other cases of obtaining sums of £950 and £500 from relatives in Dublin be taken into consideration.
Mr. Lawson Walton, prosecuting, explained to the magistrate (Mr. Paul Bennett) that Collis obtained the money only from members of his own family and friends. He was connected with a very successful gravel-pit concern at Chichester, and suggested to his cousin, Miss Ryan, that she should invest money in it. She gave him a cheque for £500, but soon afterwards he told her that he intended forming a new company, to operate another gravel-pit nearby. He suggested that she should transfer her money to the new concern, and she agreed, and parted with a further £200. The transaction appeared to be very profitable, added Mr. Walton, for he received dividends from time to time and she induced her friend, Miss O'Connell, to invest £1,000 in the company. In fact, no such company ever existed, and the dividends were paid out of Collis' own pocket to keep up the fiction. Collis was eventually made bankrupt, and he went Ireland, and it was not until the proceedings were instigated that he was traced.

Det-Sergeant May, stated that Collis served as a lieutenant in France, was wounded and taken prisoner in 1916. He became a solicitor in 1926 and practised at Dunstall and at Newcastle-under-Lyme until 1926. He was involved in a motor car crash in which he lost the sight of an eye, and received £1,400 compensation. He was advised to give up indoor work and went into a wireless business, but there was a disagreement with his partner, and after that he took up any sort of agency work. While connected with the gravel-pit concern at Chichester in 1933, it was discovered that he had

been sentenced to 6 months hard labour, the Justice commencing on the peculiar feature in that and the previous case and asking that the attention of the prison doctor be called to the matter.

Witness continuing, said that on 19th May, 1934, he was called to the house of Mce. Ahern, Ballynacarriga, who put the body in a box and hid it under some bushes in a field at Drumdiagh. Later that night the Guards with the accused B. Ahern, went to a field at Drumdiagh, Killeagh. She pointed out a shallow drain into the fence as being the place where she had put her child in the box last January. At 11.40 p.m. he saw Det-Sergt. Riordan find some pieces of a cardboard box and a few feet away, he found the dead body of a child wrapped up in a pillow case, and in a very advanced stage of decomposition. D. L. C. CARNIVAL DANCE—

The following are among the selections which Mick Delahunty has chosen for the Masked Carnival Dance in the Town Hall, on Whit Sunday night—

BREAD WILL BE CHEAPER

4lb. Loaf 3d. Less

The Minister for Industry and Commerce has made an Order under the Bread (Regulation of Prices) Act, 1936, fixing the "standard" price of flour at 48/6 per sack of 280 lbs.

The Order is entitled the Bread (Standard Price of Flour) (No. 9) Order, 1938, and in conjunction with the Bread (Price) (No. 2) Order, 1937, has the effect of fixing the maximum price at which batch bread may be sold, retail, at 11 3/4d. per 4-lb. loaf, delivered.

The "standard" price of flour laid down in the Order is not the statutory maximum price for flour which is to be adhered to by the millers and the public in actual sales, but is a definition by the Minister of the most important factor affecting the price of bread.

A rise or fall in the price of flour to the extent of 3/- per sack of 280 lbs. in certain price ranges and of 4/- in other price ranges is regarded as justifying an increase or decrease of 1/2d. in the price of the 4-lb. loaf of batch bread, and the Minister is advised that as long as the price of flour exceeds 46/-, but does not exceed 50/- per sack, as at present, the price of the 4-lb. loaf of batch bread, delivered, retail, to the customer, should not exceed 11 3/4d.

The Order, it is understood, will become operative on Monday, when the price of bread will be reduced 3/4d. per 4-lb. loaf.

The Order, it is understood, will become operative on Monday, when the price of bread will be reduced 3/4d. per 4-lb. loaf.

Will the Minister say if when in London, had any discussions with them when they were discussing?

TALLOW NEWS.

G.A.A.—Senior Hurling—
Tallow v. Erin's Own—
Erin's Own Co. Champions 1937/38 will be seen in action at Tallow on Sunday next, when they engage the local team (1936 champions) on their own grounds which are now in perfect condition. Both teams are going through an intensive course of training for the contest.

The inclusion of the inter-County stars, Charlie Ware, J. Fanning, (Erin's Own) and Mick Curley and Pa Sheehan (Tallow); should give an added interest in this all important set-to.

It is hoped that there will be a large hosting of Gaels at the Brideside venue next Sunday to see a rare hurling treat between the teams that have belonged closely within recent years to rank Waterford as a stylish hurling combination.

The match is timed for 3.15 p.m. old time and Tallow Pipers' Band will play to the teams on to the field.

Tallow Monthly Fair—
The numbers of cattle and sheep presented for sale at the May fair exceeded the promoters' anticipations, and while a large number of sales were effected equally large numbers were left unsold, this was in large measure due to the values put on their stock by sellers, on account of the removal of tariffs, but they should have recognized the fact that enhanced prices could not be obtainable in such a short time and rate values in keeping with ruling conditions. However, good results may come from their action in holding their stocks at a considerably higher level than they had previously, for the purpose of the COTTAGE SCHEME the County has been divided into the following Districts in each of which separate competitions will be held, viz.

10 Lismore, Dungarvan; Clonmel No. 2 and Youghal No. 2 Rural Districts
2) Kilmacomas; Carrick-on-Suir No. 2 and Waterford No. 1 Rural Districts.

The County Committee have decided to offer prizes for—
(A) COTTAGES WITH GARDENS.
(B) SMALL FARMS.

For the purpose of the COTTAGE SCHEME the County has been divided into the following Districts in each of which separate competitions will be held, viz.

10 Lismore, Dungarvan; Clonmel No. 2 and Youghal No. 2 Rural Districts
2) Kilmacomas; Carrick-on-Suir No. 2 and Waterford No. 1 Rural Districts.

The buyers who attended expressed themselves as highly satisfied with their purchases. Prices—yearlings £7 to £10; two-year-olds—£11 to £14; three-year-olds £15 to £18; fat hogs ranged from 45/- to 55/-; bonhams 27/6 to 30/6.

It is to be regretted that notwithstanding the promoters repeated requests for stall-holding still continues to the detriment of all concerned.

MAHON-SIDE SNIPS

At St. Brid's Parish Church, Killrossanty, on Tuesday morning, solemn Requiem Office and High Mass was offered up for the soul of the late Miss B. Mulvaney, Ballykerogue, Stradbally, in the presence of an overflowing congregation of mourners and sympathisers. The Rev. W. Meenan, C.C., Killrossanty, was celebrant of the Mass and the assisting priests were—Very Rev. J. Coffey, P.P., do.; Very Rev. E. English, P.P., Stradbally; Rev. P. Walsh, C.C., do.; Rev. J. Lawn, C.C., do.; and Rev. W. Flynn, C.C., Dungarvan (cousin of the deceased lady).

Owners of wireless sets in these parts all gained a clear reception of the broadcast of the English Derby from the Epsom course on Wednesday, and not a few of our neighbours were "on" the right "un, you bet!"

Annestown Anne has just seen a shop window in which there appears this bright sign—"Please to meet you; meet to please you!"

"There is no tax today on smiles and they pay big interest." So much has been said lately about taxes the above quotation from the "Metal Man's Memoirs" struck us as being particularly apt.

At a specially convened general meeting of the Dunhill Athletic Club the following outgoing officers and working committee were unanimously re-elected for the ensuing twelve months: President—Very Rev. D. Morrissey, P.P., Vice-President—Rev. D. Slattery, C.C., Joint Hon. Treasurers—Fr. Morrissey, P.P., and Mr. Michael Veale; Joint Hon. Secretaries—Messrs. M. Veale and T. Downey; Delegates to Co. Board—Fr. Slattery, C.C., and Mr. Paddy Gough. The Working Committee appointed to work in conjunction with the above were: Messrs. E. Moore, E. Grace, F. Murphy, P. Delaney, J. Dower, P. Murphy, J. O'Keefe, and J. Gough.

General satisfaction was expressed at having received the permit to hold the Club's annual sports fixture on Thursday, June 10th, and the Hon. Secs. were directed to deal with a number of inquiries received from prominent Deseathletes. A comprehensive programme was drafted and approved of by all the members. It includes the usual field, track and novelty events, and also "side-line" attractions. With the Club operating most enthusiastically and smoothly, it may be taken 190 facts this season's sporting gala at delightful Dunhill will easily eclipse all similar fixtures held in this historic region.

A lengthy discussion took place in connection with the proposed revision of rates, and finally, on the part of Mr. Kent, seconded by Mr. Shearman, it was unanimously decided to have a general revision of rates.

Rate Letters

The Clerk read a letter to the Department expressing grave concern at the state of the collection, and requesting that put on all defaulters, as they are a danger to the protection of the river.

Replying to the Chairman, the current matters amounted to the current money £227. He did not think that it had been circulated. Since the revision of rates, Mr. Major Longfield—Are there any old stages on the list? (Mr. Kent—Yes, they were forwarded.

The Department to strike some defaulters off.

Mr. Kennedy—And the refusal to allow it.

Major Longfield—Does not of Limitations operate in the Let the Financial Committee matter.

The Department wrote that of Ed. Healy, convicted of a breach of the Fisheries Act, and costs, there could be no question.

Unfit Report

The Inspector reported that a salmon weighing 57 lb. had been taken at Fermoy. The fish was shown to Mr. Kenney by the Inspector. The fish was certified it was unfit for consumption. The fish was brought by Capt. Creagh, Meath, father was also present. He obtained a P.C.'s order and took the fish to the inspector. In this connection a letter from Messrs. Rice, sons, of Mr. Kenney, who had been the English market for man never had a fish rejected. purchased the fish from Pats 50/-, perfectly fresh, and he with the Inspector. The fish in the usual way with rod and gaffed. They were instructed for a refund of the 50/- paid and 10/- costs, or proceeding taken.

Replying to the Chairman, Mr. Shearman said he had no doubt the caught legally. It was blown Mr. Shearman—Isn't this man who bought the fish in the way?

The Inspector—Unless you sale of dynamited fish you dynamite.

Mr. Shearman—Would you know the difference?

The Inspector said he did not know the difference between a fish caught in the usual way and one blown up with dynamite.

The Inspector—If the health certifies that the fish is fit for human consumption, we have nothing to do with the matter.

Major Longfield—Is the Chairman satisfied with the report of the fish suit for his assumption, they could hardly be liable.

Mr. Kent—The Urban Council have authority to prosecute, the Fisheries Board.

Messrs. Rice's letter was read.

Mr. Kennedy—Is a dynamite or not?

The Chairman—I'm afraid it's not.

Mr. Kent—We should ignore business.

BLACKWATER FISHERIES.

At the usual monthly meeting of the Lismore or No. 4 Board of Fishery Conservators at the Corner House, Tallow, there attended—Messrs. R. G. Annesley, Chairman; Major Longfield, E. P. Maxwell, Capt. Jameson, R. Sheehan, A. H. Davison, Lt. Col. Pennefather, Lord Charles Cavendish, J. Kennedy, W. Dunne, Capt. R. Holroyd Smyth, Tom Villiers Stuart, J. B. Montgomery, M. Shanahan, J. Kent, J. Murphy, W. Baldwin.
Messrs. J. Power, Clerk and J. Kenny, Inspector, were also present.

Travelling Expenses
A long discussion took place on the question of the Inspector's travelling expenses and finally on the proposition of Mr. Kent, seconded by Mr. Montgomery, it was unanimously decided to allow the Inspector (who has his own car) 4d. per mile with no restrictions as to mileage for 6 months.
Mr. Davison—Of course his account would be subject to the usual monthly check.
A proposition by Mr. Kennedy to allow Mr. Kenny a lump sum of £150 per annum for expenses was withdrawn.

Sympathy
Mr. Baldwin, in view of his permission to propose a vote of sympathy with their esteemed colleague, Lord Cavendish, on the death of his distinguished father.
The Chairman seconded and the members stood up in respectful silence.
Lord Charles thanked the members of the Board for their kind sympathy.

Rate Revision
A lengthy discussion took place on the proposed revision of rates, and it was unanimously decided on the proposition of Mr. Kent, seconded by Mr. Maxwell to invite the Revisor down with a view to having a general revision of the whole river.

Rate Appeals
The Clerk read a letter from the Department expressing grave dissatisfaction with the state of the collection of the rates, and requesting that the defaulters be put on all defaulters, as there was clearly a danger of the protection services breaking down.

Replying to the Chairman, the Clerk said the arrears amounted to £730 and the current moiety £227. He had informed the Department that all defaulters had been circualarised. Since then he had received some £80.
Major Longfield—Are there any of the old staggers on the list? (laughter).
The Clerk said he had sent circulars to all on the list. They were all brought forward.

Major Longfield said they had asked the Department to strike some of the old defaulters off.
Mr. Kennedy—And the Department refused to allow it.

Major Longfield—Doesn't the Statute of Limitations operate in those cases? Let the Financial Committee go into the matter.
It was finally proposed by Mr. Maxwell, seconded by Mr. Davison, and passed unanimously that the collection of arrears be placed in the solicitor's hands forthwith.

The Department wrote that in the case of Ed. Healy, convicted at Fermoy Court of a breach of the Fishery Laws and fined £4 and costs, there could be no mitigation.

Unfit Fish
The Inspector reported that he seized a salmon weighing 37½ lbs. in Mr. Kenney's store at Fermoy. He examined the fish and showed Mr. Kenney the difference between a fish legally captured and one blown up. The fish was examined by Capt. Creagh, Meat Inspector, and he certified it was unfit for human consumption. The fish was bought from an angler named Cullen. Lieut. Pennefather was also present. He (Mr. Kenney) obtained a P.C.'s order and had the salmon destroyed.

In this connection a letter was read from Messrs. Rice, Soirs., on behalf of Mr. Kenney, who had been exporting to the English market for many years and never had a fish rejected. Their client purchased the fish from Patk. Cullen for 50/-, perfectly fresh, and he didn't agree with the Inspector. The fish was killed in the usual way with rod and line and gaffed. They were instructed to apply for a refund of the 50/- paid for the fish and 10/- costs, or proceedings would be taken.

Replying to the Chairman, the Inspector said he had no doubt the fish wasn't caught legally. It was blown up.
Mr. Shanahan—Isn't this unfair to the man who bought the fish in the ordinary way?

The Inspector—Unless you prevent the sale of dynamited fish you can't stop dynamiting.
Mr. Shanahan—Would Mr. Kenney know the difference?

The Inspector said he pointed out the difference between a fish caught in the ordinary way and one blown up.
The Chairman—If the Inspector is of the opinion that the fish is not fit for human food we have nothing further to do with the matter.

Major Longfield—Is the Board liable for the value of the fish and expenses? The Chairman said if the Health Officer certified the fish unfit for human consumption, they could hardly be held liable.
Mr. Kent—The Urban Council would have authority to prosecute, apart from the Fishery Board.

Messrs. Rice's letter was marked "read."
Mr. Kennedy—Is a dynamited fish clean or unclean?

The Chairman—I'm afraid I can't answer that.
Mr. Kent—We should ignore the whole business.
Mr. Murphy—Have we not a right to question those things? What are we

YOUGHAL URBAN COUNCIL.

Present—Messrs. P. J. O'Gorman, P.C., Chairman, M. Abern, E. P. Lynch, J. Daly, B.E.; J. Whelan, R. Savage, P.C.; T. K. Keane, Soir.
Weags, Etc.
A cheque for £87 1s. 7d., labour and wages for work was passed on the proposition of Mr. Savage, seconded by Mr. Whelan.

'08 Celebrations
Mr. Daly referred to the '08 celebrations throughout the country, and suggested that something should be done by the Nationalists of Youghal.
Mr. Lynch agreed. Youghal had its own heroes and they should pay some tribute to their memory.
After some discussion it was suggested that they should re-name the "Green Park" calling it "'08 Park."

The Clerk was directed to put the matter on the agenda for next meeting.

Sympathy With Taiseach
The Chairman referred to the bereavement recently suffered by the Taiseach, by the death of his esteemed uncle. He proposed that they tender him their respectful sympathy.
Mr. Savage, seconded, said that the deceased gentleman had much to do with moulding the splendid character guiding the desire of his country.

Mr. Whelan said all shades of politics joined in sympathy with the Taiseach.
Mr. Lynch, the Clerk and others having associated themselves with the proposition it was passed in respectful silence.

Notice of Motion
The following notice of motion in the joint names of Mr. Lynch and Col. Pennefather as taken up—
That the Department shall be asked to authorise the addition of new Bye-laws as under—

- (1) Any person who holds a fishing licence and who is convicted for an offence under the Fishery Laws shall, on such conviction, have his licence endorsed by the Garda Síochana, and shall not be eligible to obtain a renewal of his licence for a period of 5 years after such conviction.
- (2) Every person applying for a licence to fish shall produce to the licence distributor either (a) his licence for the previous year or (b) a certificate from the Garda Síochana of the district in which he resides certifying that he is eligible to obtain a licence under paragraph (1).
- (3) Before any visitor from abroad or any other Fishery District in Ireland may obtain a licence to fish he shall produce to the licence distributor either (a) his licence for the previous year or (b) a valid fishing licence from another Authority in Ireland or Great Britain or (c) a certificate from the Garda Síochana of the district in which he is temporarily residing certifying that he is a bona-fide visitor and eligible to obtain a licence under paragraph (1) above.
- (4) It will be illegal for any person to possess or carry a gaff having a handle more than 5 feet 6 inches in length.
- (5) The length of the gaff shall be ascertained by the Inspector.

Major Longfield said he understood the proposer had in mind rods only. Anything else therefore, would be the question of another notice of motion. There was an enormous amount of poaching going on and in 90 per cent of cases through licensed fishermen, so that it was very hard for the bailiffs to catch them.
Mr. Stuart suggested that in trivial cases, the question of forfeiture might be left on the recommendation of the Board.
The Chairman said the proposition could be amended by including Mr. Stuart's suggestion.

Mr. Kenney thought the proposition too strict—say 2 convictions.
Mr. Sheehan—Mr. Maxwell's idea is to have a statement effect.
Mr. Maxwell—I don't think it will hit anybody but rogues.
Mr. Baldwin proposed that there should be two convictions and endorsements before forfeiture.

Mr. Kennedy, seconding, said he considered the matter tyrannical.
The Inspector—If you have a gang of fellows going around dynamiting the river.
Mr. Kennedy—That is a different matter altogether.
The Inspector—You have rod anglers who have dynamited the river.

Major Longfield said the object of the proposition was to catch the poachers who had taken out rod licenses to cover themselves for dynamiting or gaffing fish.
Mr. Kennedy said the proposition was harsh and tyrannical.

Mr. Maxwell said his only objection was try and catch the poacher with a view to disposing of their fish.
Mr. Kennedy thereupon withdrew the proposition and Mr. Maxwell's as amended was passed unanimously.

The Clerk read a lengthy and detailed report of the Inspector on his activities for the month. He had visited all parts of the river, examined the various mill races and fish passes and recommended certain repairs and improvements. On 26th April, accompanied by Major Longfield and Mr. Sheehan, he visited Armore, where he seized a fixed net 314 yards long, 114 over the legal limit. He seized another at Youghal 234 yards long. In both cases the Justice ordered the forfeiture of the net.
A protracted discussion took place on the disposal of the forfeited net and of the circumstances in which they were seized.

The matter was finally left to the Inspector and a member.
The report continued—two men were prosecuted and fined at Tallow for being in possession of a gaff and stroke haul. The cases were proved by Guard Kehoe and bailiff P. Ronane. While the bailiffs were on patrol at Ballinaclash (sheds were fired over the boat. The fishing was had during the month with the exception of a few good hauls at Youghal. Very little was taken by rod and line.

The Inspector made a number of suggestions regarding the placing of the bailiffs.
The matter was left in the Inspector's hands.
The Inspector reported on a revolver. He had a permit to carry a gun, and Mr. Kennedy said that matter came before them on a former occasion, but it was turned down by the Department.

The Chairman said it wasn't fair to ask the Inspector to be in a boat to be fired at.
Mr. Kennedy—If anything happens where do we come in? I was directed to request the Department for authority for the Inspector to carry a revolver in self-defence, which authority he had in County Limerick, and to ask Messrs. Keane and Riordan for their opinion as to the Board's position.

The Chairman said it was evident from the Inspector's report that he wasn't idle (laughter).
Major Longfield said he would like to compliment their new Secretary on the manner in which he had handled his duties.

YOUGHAL URBAN COUNCIL.

Present—Messrs. P. J. O'Gorman, P.C., Chairman, M. Abern, E. P. Lynch, J. Daly, B.E.; J. Whelan, R. Savage, P.C.; T. K. Keane, Soir.
Weags, Etc.
A cheque for £87 1s. 7d., labour and wages for work was passed on the proposition of Mr. Savage, seconded by Mr. Whelan.

'08 Celebrations
Mr. Daly referred to the '08 celebrations throughout the country, and suggested that something should be done by the Nationalists of Youghal.
Mr. Lynch agreed. Youghal had its own heroes and they should pay some tribute to their memory.
After some discussion it was suggested that they should re-name the "Green Park" calling it "'08 Park."

The Clerk was directed to put the matter on the agenda for next meeting.

Sympathy With Taiseach
The Chairman referred to the bereavement recently suffered by the Taiseach, by the death of his esteemed uncle. He proposed that they tender him their respectful sympathy.
Mr. Savage, seconded, said that the deceased gentleman had much to do with moulding the splendid character guiding the desire of his country.

Mr. Whelan said all shades of politics joined in sympathy with the Taiseach.
Mr. Lynch, the Clerk and others having associated themselves with the proposition it was passed in respectful silence.

Notice of Motion
The following notice of motion in the joint names of Mr. Lynch and Col. Pennefather as taken up—
That the Department shall be asked to authorise the addition of new Bye-laws as under—

- (1) Any person who holds a fishing licence and who is convicted for an offence under the Fishery Laws shall, on such conviction, have his licence endorsed by the Garda Síochana, and shall not be eligible to obtain a renewal of his licence for a period of 5 years after such conviction.
- (2) Every person applying for a licence to fish shall produce to the licence distributor either (a) his licence for the previous year or (b) a certificate from the Garda Síochana of the district in which he resides certifying that he is eligible to obtain a licence under paragraph (1).
- (3) Before any visitor from abroad or any other Fishery District in Ireland may obtain a licence to fish he shall produce to the licence distributor either (a) his licence for the previous year or (b) a valid fishing licence from another Authority in Ireland or Great Britain or (c) a certificate from the Garda Síochana of the district in which he is temporarily residing certifying that he is a bona-fide visitor and eligible to obtain a licence under paragraph (1) above.
- (4) It will be illegal for any person to possess or carry a gaff having a handle more than 5 feet 6 inches in length.
- (5) The length of the gaff shall be ascertained by the Inspector.

Major Longfield said he understood the proposer had in mind rods only. Anything else therefore, would be the question of another notice of motion. There was an enormous amount of poaching going on and in 90 per cent of cases through licensed fishermen, so that it was very hard for the bailiffs to catch them.
Mr. Stuart suggested that in trivial cases, the question of forfeiture might be left on the recommendation of the Board.
The Chairman said the proposition could be amended by including Mr. Stuart's suggestion.

Mr. Kenney thought the proposition too strict—say 2 convictions.
Mr. Sheehan—Mr. Maxwell's idea is to have a statement effect.
Mr. Maxwell—I don't think it will hit anybody but rogues.
Mr. Baldwin proposed that there should be two convictions and endorsements before forfeiture.

Mr. Kennedy, seconding, said he considered the matter tyrannical.
The Inspector—If you have a gang of fellows going around dynamiting the river.
Mr. Kennedy—That is a different matter altogether.
The Inspector—You have rod anglers who have dynamited the river.

Major Longfield said the object of the proposition was to catch the poachers who had taken out rod licenses to cover themselves for dynamiting or gaffing fish.
Mr. Kennedy said the proposition was harsh and tyrannical.

Mr. Maxwell said his only objection was try and catch the poacher with a view to disposing of their fish.
Mr. Kennedy thereupon withdrew the proposition and Mr. Maxwell's as amended was passed unanimously.

The Clerk read a lengthy and detailed report of the Inspector on his activities for the month. He had visited all parts of the river, examined the various mill races and fish passes and recommended certain repairs and improvements. On 26th April, accompanied by Major Longfield and Mr. Sheehan, he visited Armore, where he seized a fixed net 314 yards long, 114 over the legal limit. He seized another at Youghal 234 yards long. In both cases the Justice ordered the forfeiture of the net.
A protracted discussion took place on the disposal of the forfeited net and of the circumstances in which they were seized.

The matter was finally left to the Inspector and a member.
The report continued—two men were prosecuted and fined at Tallow for being in possession of a gaff and stroke haul. The cases were proved by Guard Kehoe and bailiff P. Ronane. While the bailiffs were on patrol at Ballinaclash (sheds were fired over the boat. The fishing was had during the month with the exception of a few good hauls at Youghal. Very little was taken by rod and line.

The Inspector made a number of suggestions regarding the placing of the bailiffs.
The matter was left in the Inspector's hands.
The Inspector reported on a revolver. He had a permit to carry a gun, and Mr. Kennedy said that matter came before them on a former occasion, but it was turned down by the Department.

The Chairman said it wasn't fair to ask the Inspector to be in a boat to be fired at.
Mr. Kennedy—If anything happens where do we come in? I was directed to request the Department for authority for the Inspector to carry a revolver in self-defence, which authority he had in County Limerick, and to ask Messrs. Keane and Riordan for their opinion as to the Board's position.

The Chairman said it was evident from the Inspector's report that he wasn't idle (laughter).
Major Longfield said he would like to compliment their new Secretary on the manner in which he had handled his duties.

Agricultural Conditions

APRIL, 1938

Weather and Work.—The weather during April was abnormally dry, no rain for two or three thirfters, no rain fell during the month; the rainfall indeed was lower than that experienced in the corresponding month in any year within memory. The days were dry, with bright sunshine. Night frosts were scarce.

From the point of view of outdoor farm work, the weather was favourable, but the long continued drought had a bad effect on growth and rain was very badly needed. During the month all seasonal farming work was well in advance of that usually attained in April. The cutting of all spring cereals was completed, as well as the planting of potatoes, and good progress was made with the sowing of mangals and sugar beet, although it was not easy to secure a proper tilth for the latter crop, particularly on strong land.

State of pastures and condition of livestock.—At the end of March all pastures were in very good condition, but the long period of drought, the severity of the night frosts and the cold winds played so much havoc with the grass that at the close of April the state of affairs was a bare condition except in the case of rich loamy soils and fields in sheltered positions which had received dressings of artificial manures. In some districts such dressings were applied to an increased extent with very favourable results as the pastures so treated withstood the weather conditions much better than did those untreated. Dairy cows had to be hand-fed, but fortunately there were considerable reserves of fodder, grain and roots.

Live stock generally were reported to be in good health and in fair condition at the end of April. Although there were no serious outbreaks of disease—the outbreaks of Sheep Scab in counties Leitrim and Cavan reported last month having since been got under control.

Cereals.—The sowing of all Spring cereals was completed during the month, the wheat being carried on up to the last week of the month. The sowing of oats and barley was finished earlier. The crops germinated well and appeared to be holding out well despite the drought, but the cry heard in every district was that of the need for rain. Although the crops looked fairly well at the end of the month, the general feeling was that unless a heavy rainfall occurred soon there was a real danger that they would suffer severely, particularly Spring wheat. Seed was in rather short supply for the Spring wheat sowings, but ample supplies of oat and barley seed were forthcoming in every district. Oat seed made up to £1 per barrel, barley seed up to £1 15s. per barrel and imported seed wheat up to £2 17s. 6d. per barrel.

Catch Crops.—The small area sown with catch crops did not make as much progress as usual during the month owing to lack of moisture. Nevertheless, some were ready for feeding early in the month, and as a source of supplementary feeding proved very valuable when grass became scarce. In many cases farmers must have regretted that they had not sown a larger acreage of such crops.

Flax.—Sowing of last season's crop was completed, and the limited quantities on offer during April varied considerably in quality. Demand was comparatively inactive at prices ranging up to 10s. per stone.

It was generally thought from the preparations in hand that an increased area would be sown this year, but the weather up to date was unfavourable, the ground being too dry, and consequently sowings were not as general or as extensive as anticipated.

Potatoes.—Although the tubers had been used freely for feeding, considerable supplies of old potatoes remained on hands at the close of the month. Demand was slow at prices ranging from 2s. to 4s. per cwt. according to districts. In the counties where potatoes are grown for export the demand was dull at the beginning of the month, but improved towards the close when the return to the growers ranged from 40s. to 50s. per ton according to variety. Planting was effected under ideal conditions. Seed was in adequate supply. Early potatoes made good progress at first, but suffered later from the severe night frosts.

Cattle.—The provincial fairs held during April were mainly on the small side, stock being held up in many cases in view of the prospect of better prices. A good demand existed for all classes of cattle, but particularly for stores.

The following quotations may be regarded as representing the average range of prices realised at provincial fairs during the month for the various kinds of stock mentioned—

Calves under one month £1 15s. to £3 15s.; calves 1 to 9 months £3 10s. to £5 15s.; first-class stores 9 to 12 months £6 10s. to £10 5s.; first-class stores 12 to 15 months £8 to £11 5s.; first-class stores, 15 months to 2 years £9 10s. to £14; first-class stores, 2 to 3 years £11 10s. to £17; first-class stores, 3 years and over £12 10s. to £18 10s.; first-class fat bullocks and heifers £14 10s. to £20; best fat cows and bulls £10 to £15; Choice Springing Cows and Heifers £13 10s. to £19; choice down-calf cows £11 10s. to £19 10s.

The general health of flocks was well maintained, with the exceptions mentioned in paragraph 3. Lambing of lowland sheep was completed during April, and that of mountain sheep was well advanced. So far the crop of lambs is above the average, and as lambing was carried out under ideal conditions the number of fatalities was well below normal.

The market demand was rather slow during the month and prices were difficult to maintain. Fat sheep realised up to 65s. each. Fat Lambs realised up to 50s. each, according to quality.

Pigs.—The number of pigs on offer at the various marketing centres during April was about the same as during March. At the principal centres the average range of prices for pigs suitable for the bacon curing industry was from 65s. 3d. to 70s. 6d. per cwt. dead weight, or approximately 49s. to 52s. 6d. on the live weight basis. Average prices for pigs of porter weights ranged from 60s. to 65s. per cwt. dead weight. Bonhams were in good supply at most markets and realised up to 40s. each according to age, quality and district. Breeding stocks, which were well maintained, still showed a tendency to increase.

Horses.—The trade for horses continued active during April, good working horses realising up to £45 and Troopers up to £60. Made hunters realised up to £120 each.
Milk.—The supplies of milk reaching Creameries during April showed a very marked increase over those for the corresponding period last year. Milk collected in the counties adjacent to Dublin for retail sale in the City returned 2s. 8d. per gallon on the farm to producers. Milk supplied to Creameries in March realised 5.25d. per gallon with separated milk returned to producers.

The members then left for a tour of the town, Mr. Justin C. Condon, Ashton Court, Youghal, explaining various points of interest, including—The site of Daniel O'Connell's "large meeting" in Friar Street; the house at Mail Lane, in which William the Fourth was entertained by the members of the Corporation, on the occasion of his visit to Youghal as Commander of the British frigate "Pegasus," the old water gate at Quay Lane; the town walls; the Benedictine Monastery to be seen at Messrs. A. N. Cole and T. Murphy's in the North Main Street; Glory Lane, Cromwell's headquarters, now occupied by the Munster and Leinster Bank; the Alms Houses at North Main Street, which were founded for a former Duke of Devonshire and a former member of the Roanoye family; Tynte's Castle—the Seat of a very powerful family of that name the Dominican Abbey in the Mass Yard at North Abbey. On the conclusion of his remarks at this point, Mr. Condon said he could not allow the opportunity to pass without paying a tribute to the great work performed for Youghal by the researches of two former Rectors—The Rev. S. Hayman, M.A., and the Rev. Pierce W. Drew. They had been unsparring in delving into and preserving the old history of the town and the latter reverend gentleman, a member of the esteemed Mocollop family, had spent vast sums out of his own resources, in works of restoration, especially in connection with the east wing of St. Mary's which had been in a state of ruin since the occupation of the Earl of Desmond.

The members then visited Myrtle Grove, the former house of Sir Walter Raleigh, by kind permission of Major and Mrs. Arbuthnot, where the party were placed under the guidance of Mrs. Raburn. The magnificent old church of St. Mary's, under the guidance of Mr. Wm. Murphy, with the kind consent of the Rector, Rev. Mr. J. McCarthy, and the Church Warden, then to the College adjoining, for which kind permission was graciously given by Mrs. Fleming and family.

A full session concluded when the party returned to the Devonshire Arms Hotel, and partook of a pleasant treat. The Professor of the Society, Professor O'Riordan, proposed very cordial votes of thanks to the Youghal people who had contributed to the afternoon's enjoyment. The following local people accompanied the party through the town—Col. Rech, Woodbine Hill, W. R. Hodnett, solicitor, Rev. J. J. Carthy, Oliver Crosbie. It is expected that members of the Society will find it possible during the summer session to pay a full day's visit to Youghal for the purpose of making an examination of some of the other numerous points of interest including—The site of the old church of St. Koran; Kilmatoora Castle; the Precinctory of the Knights Templars at Rhuacrew; the Abbey of St. Monala and Templemeach Castle, in the town of Co. Wick; Harold's Cross at Ballymatray, and the most interesting ruins probably in Ireland, at Ardmore, County Waterford.

Cork Historical and Archaeological Society's Visit

The Cork Historical and Archaeological Society had an informal outing to Youghal on Saturday. The members assembled at the Devonshire Arms Hotel, where very interesting papers were read by Mr. O'Connell, Cork, the subjects being—The Franciscan Priory, St. Anne's Convent and Lighthouse, and the Benedictine Monastery. A warm vote of thanks was passed to Mr. O'Connell for his very interesting papers. Mr. M. H. Walsh, P.C., Town Clerk, Youghal, then informed the meeting that an underground passage had recently been discovered at the side of the hill at Clifton, Youghal, during some building excavations. The passage had not yet been explored, but was believed to lead to the Lighthouse, where there had been a convent in ancient times.

Mr. J. N. R. Macnamara, solicitor, Youghal, made an exhibit of some interesting relics of old Youghal, which his grandfather the late Dr. Charles Roanoye had preserved, these were a Deed of the Provost of Youghal, dated 1304 written in Norman French, and several pipes believed to have been dug up in Myrtle Grove some years ago, and the original Seal of the Prior of the Franciscan or South Abbey, Youghal.

Tour of the Town.

G.A.A. NOTES & NOTIONS

By "CROTOG."

...ing summer rain spoiled the play and the attendance at many a Gaelic match last Sunday. At Lismore, the hardy minor hurlers of Dungarvan and St. Carthage's lined out to the whistle of Willie Sheehan. Scarcely a score of spectators were there to cheer the youngsters...

The local juveniles won well because they played fast ground hurling throughout. Their first-time methods were better suited to a greasy sod. Dungarvan erred in over-handling the rioter, a fatal policy under the prevailing conditions. Despite the 20-10 winning margin the game was highly exciting owing to the fierce tackling and deadly earnestness of the youthful rival. Their determination was an object lesson to junior and even senior teams.

Next Sunday, the opening game in the Senior County Hurling Championship is being played in Waterford City, the contestants being Portlaw and Dungarvan. These two stalwart sides met in the final at the same venue last year and City Gaels still thrill at the memory of that hectic encounter. This time both teams are stronger than ever and as they have come through a course of intensive training, a homeric struggle should result.

Latest reports from the rival headquarters indicate the line-out as follows:

Table with 3 columns: Player Name, Position, Club. Includes J. McInerney, J. Waters, W. Coleman, D. van, J. Nolan, J. Maher, T. Power, etc.

Next Sunday too, our minor hurlers are engaged in Killarney in the first round of the Munster Championship, Kerry providing the opposition. There is a disposition to under-rate the Kingdom youngsters in the hurling field, but those present in Tralee last year had many an anxious moment before the Kerry lads were beaten. The selectors, I hope, will not have forgotten that lesson. Here is the minor team to do duty for the Deise:—S. Moore, P. Sneyd, S. O'Meara, J. Crowe, J. O'Brien, (P. H. Pearce); P. Duggan, M. Lauer, W. Galvin, P. Power (Portlaw); A. Lawa, S. Madden, T. Kieley, J. Hourigan, J. Power (Dungarvan); S. Fitzgerald (W. Slon); M. Ware (St. Stephens); Foley, Healy, More, Pollard (St. Carthage's).

Next Sunday too, will see in Dungarvan a highly attractive junior Championship match for which hurling fans have been eagerly waiting. The meeting of Four-Mile-Water and St. Anne's should provide the boys with plenty material for hurling gossip and argument. Each has been tagged quietly for junior honours and Sunday's game should throw a lot of light on the situation. The sturdy nine lads have John Joe Moore again at the helm and with a big infusion of fiery new blood are confident of beating the boys from the Lisbon valley. The latter boast a fast compact team of stylish hurlers foremost among them being "Hawker" Downey, "Fido" Dillon and Andy Fleming. There will be a great rooting from the Comeragh glens and valleys to spur on their favourites in this all-important tussle.

On Sunday week, the Gaelic Field in Dungarvan will be invaded by thousands of Deise Gaels, all anxious to see our Senior and Minor footballers do battle with Tipperary in the Munster Championship. The following selections are announced:—

Minor—S. McCarthy, T. Kieley, P. McGrath, P. Nade, J. Finn, M. Keane (Dungarvan); R. O'Connell, M. Finn, J. J. Power (St. Carthage's); W. Keble, E. Mc-

VOL. 25 No. G. A. A. COUNTY SENIOR CHAMPIONS. Champions Swamped Hitting Dungarvan

At the Gaelic Field, Waterford, on Saturday last, the Gaels of the County Home, Dungarvan, were the victors in the Senior County Hurling Championship, being crowned champions by the fastest and cleverest play in the history of the game. Dungarvan has had for many years the reputation of being the best team in the county and this year they have proved that reputation to be well founded. The match was a hard fought one, but the Dungarvan forwards were too good for the Portlaw defence. The final score was 10-4 to 1-1.

On resuming Dungarvan's attack, the winged forwards were in the ascendant. With the wings spread out side lines they began a free play well in the Portlaw goal. The Dungarvan forwards made their mark in the first half, hitting the goal several times. The Portlaw defence was unable to contain them and the Dungarvan forwards were able to score several goals. The final score was 10-4 to 1-1.

Dungarvan centre-field strategy was a masterpiece. The forwards were in the ascendant and the Portlaw defence was unable to contain them. The final score was 10-4 to 1-1.

SUDDEN DEATH IN C. An unmarried woman, Miss Quinn, aged 55 years, died at her residence in Barrack Street, Dungarvan, on Monday evening last.

Although she had been ill for some time, she had been able to get about and was in the habit of going to the market. She was found dead in her bed on Monday evening last.

Sergeant J. Broome, of the Dungarvan Police, reported that the death was unexpected and proved a great loss to the family. The funeral will take place on Wednesday next.
