## DUNGARVAN SHOW COMMITTEE

### JUMPING COMPETITIONS TO BE RUN OFF

LADIES COMMITTEE THANKED  
Mr. A. Hunt, President, presided at a meeting of the Show Committee held in the Commercial Hotel, on Monday evening. Other members in attendance were—Lord Wm. Beresford, Messrs. P. A. Walsh, C. Langley, J. O'Dwyer, N. Connors, N. Morrissey, J. F. Bowen, Manager Provincial Bank, C. Dempsey, Jas. Hayes, Jervis Power, J. J. Morrissey, P. B. Sheridan, Jas. Fenton, T. Lynch, J. J. Crotty, P. J. Moloney, Hon. Secretary and John Lynch, Secretary.

Postponed Jumping Competitions  
After reading and signing the minutes of the previous meeting, the Secretary referred to the appalling weather conditions experienced on Show Day, which caused the postponement of the jumping competitions and a heavy financial loss, through the gate receipts, to the committee, he said he had one cheery bit of news for the members and read the following letter—  
"Kilminion, Dungarvan—Dear John, as an old supporter of the Show, I heartily sympathise with you on the drastic weather conditions which prevailed on Thursday. I am sure this will mean a serious financial loss. As a winner in a small way, I am prepared to forego prize money and hope if others will do likewise, it will help to keep the old popular Show going.—Yours sincerely—P. Dwan.

Mr. J. O'Dwyer, said his wife, who had also won some prizes had asked him to tell the committee likewise.  
The Secretary said he had got a letter in similar terms from Mrs. Paul J. Power. Mr. P. B. Sheridan, proposed that the best thanks of the committee be conveyed to Mr. Dwan, Mr. O'Dwyer and Mrs. Power for their generosity in foregoing the prize-money.  
This was seconded by Mr. Hayes and passed unanimously.

Ladies Committee Thanked  
The President in a graceful speech thanked the ladies committee, for the manner in which they carried out the onerous duties connected with their portion of the Show, which, had the day only held fine, would be a huge success. He thought it only right that the committee should pass a vote of thanks to the ladies and let them know how grateful we all feel for all they have done.  
Mr. O'Dwyer said he would like to second the vote of thanks and referring to the record entries in all classes in the Industrial Section, said were it not for the day we got, the Dungarvan Agricultural Show had just come back.  
The Secretary said he also would like to add his little word of praise to the ladies. From what he had heard, they were wonderful. One thing he can say that he is really glad about (from inquiries he had made) was that not one of them got a cold after such a terrible day.

Jumping Competitions  
The meeting then dealt with the question of the postponed Jumping Competitions for which record entries had been received, and after some discussion it was decided to hold the competitions on a date to be fixed.  
On the proposition of Mr. O'Dwyer, seconded by Mr. Lynch, the committee delegated power to the younger members of the committee in conjunction with the Ladies Committee, to organise an all-night dance for that night.

## TEMPLEMICHAEL CASTLE

(near Youghal)

An old, majestic and historic pile. Beautifying the landscape of Erin's Isle. Templemichael Castle—near Youghal. Which is known, admired and loved by all.  
It was built by the Geraldines long ago. When their hearts with patriotism were aglow.  
But now—'tis lovely—'tis lonely and drear.  
Although it is still by the people held dear.  
It rests on the bank of the "Irish Rhine." And has waged a battle with wind and time.  
But still it stands and holds its place. Among beautiful heirlooms of the Irish race.  
Oh, dear old castle, with ivied walls! Your stones may crumble away, and fall, But your memory will live in the minds of those.  
Who have gazed on your tower at evening's close.  
EILEEN P. LYONS, Glendine, Youghal, Co. Cork.

The whole County is going to the 9 to 1 Dance in "Wilton" on Sunday Night

Portlaw Water Supply  
A letter from the Department regarding the making of connections of houses to the water supply system from the Board should continue its efforts to deal with substantial number of connections effected, and pointed out the Board's powers under the Public Health Acts.  
The matter was referred to the County M.O.H. with a view to exercising those powers, to report on each house in which in his opinion was not provided with an adequate water supply.  
An application from Mr. Declan Kelly, Ballincourty, Dungarvan, for permission to connect with the main pipe at Ballincourty, was referred to the County Surveyor for a report.

Mill St., (Cappoquin) Sewer  
The Minister for Local Government and Public Health, wrote stating that no objection will be raised to the Board's proposal to carry out this work at an estimated cost of £60 in accordance with the documents submitted.

Old Fever Hospital, Lismore  
The Department wrote with reference to previous correspondence with the Commissioner with regard to the proposal to demolish the old fever hospital at Lismore, and to use the site as a recreation ground, stating that it will be necessary for the Board to submit a proposal to the Department for the transfer of the site to the Board of Health, on the assumption that the Board of Assistance are agreeable to the proposed action. You are requested to submit an estimate of the demolition and other works incidental to the use of the clearance site as a recreation ground, together with a sketch of the layout.  
The letter was referred to the County Surveyor.

Acquiring Plots

Tenders for Cottages  
Two tenders were received for the erection of two houses at Dunmore East, viz: Wm. Caulfield at £200 per house and P. Costin and Son at £398 per house. Mr. Caulfield's tender was accepted.

Infant Ailments  
The following letter from Mr. M. O'Farrell, Co. M.O.H. was read:  
"A Chara, The Department of Local Government and Public Health have issued a circular on the precautions to be adopted with regard to Epidemic Diarrhoea in infants. It would be well if as much publicity as possible were given to this matter so that persons would be able to take the necessary precautions to prevent this disease.  
In point of incidence Diarrhoea in infants is associated in a special degree with insanitary conditions of domicile, with the second six months of the year, and with the second and third months of infant life. They display their maximum intensity as a cause of death during the months of August, September and October, and are especially prevalent in seasons of high summer temperature. In regard to causation: Diarrhoeal Diseases are attributable to food contamination arising from disregard of cleanliness in the household and in municipal sanitary arrangements, from the agency of flies as

## DUNGARVAN DISTRICT COURT.

### CASES UNDER THE ROAD TRAFFIC ACT

#### HEAVY FINES

Before Mr. S. J. Troy, D.J.

Drunk  
Guard Farrell, had Patrick O'Donnell, and Annie Cawley, no fixed abode, summoned for drunkenness.  
A fine of 2/6 in each case was imposed.

Lights  
Guard Begley had B. Power, of the Square, and John Tobin, Colmearck, prosecuted under the Lights on Vehicles Act.  
The usual fines were imposed.

Keeping Wrong Side of Road  
Guard Straine, prosecuted Philip Wade, New Chapel Street, with driving a horse and cart on the wrong side of the road.  
A fine of 5/- was imposed.

Road Traffic Cases  
Superintendent Walsh, charged Patrick Moylan, (junr.) on two summonses under the Road Traffic Act on June 22nd at the Surgery, viz: (1) Driving on the wrong side of the road, and (2) Driving a horse and cart in a dangerous manner.  
Mr. Hartin, in reply to Inspector O'Shaughnessy, who represented Superintendent Walsh, said that on June 22nd, he was motoring from Waterford to Cork. After coming over Farr's bridge, he observed a horse and cart on the wrong side of the road coming against him. There was a lorry coming behind the horse and cart. Witness braked hard and the car skidded into the cart.  
Edmond McCarthy, driver of the lorry, said the horse and cart was on the wrong side. He was some distance back, and saw the car skid into the cart. The cart was about to enter the gravel pit at the time.  
Defendant replying to the Justice said he was on his proper side until he came near the pit gate.  
The Justice—These are the things that cause accidents. The Guards cannot be everywhere. He fined the defendant 2/6 together with one guinea costs and one guinea expense in the case of driving on the wrong side of the road; the second case he found proved and dealt with in the first. He would allow a month in which to pay.

Accident on Clones Road  
In the case of Superintendent Walsh v. Carthage Power, charged (1) with driving while power of control was diminished; (2) Driving in a dangerous manner, under the Road Traffic Act.  
Mr. Williams, solr., appeared for the defendant.

The case was a sequel to an accident on the Clones-Dungarvan road on June 16th.  
The Inspector said Mr. Power was driving from his mother's bungalow with four other passengers to Dungarvan, the accident occurred on the straight road. It would appear that Mr. Power dimmed his lights. The car went across the road somewhat, tore along on the hood and finally came back on the wheels again.  
Mr. Williams, solr., said his client was taking four passengers which included his mother, back to Dungarvan from Clones. The windows of the car were open and his mother asked him to close the window. He stretched out his left hand to do so when he found the car mounting the grass margin. He then twisted the wheel and the car dashed across the road.  
Justice—Why did he not slow down

carriers of infection and from an wholesome milk supply. It seems evident that young children suffer, particularly from the latter cause at the stage when they are changed from breast feeding to artificial diet.  
In all cases for the prevention of diarrhoea it is most important not only to insist on domestic cleanliness, but also to secure that all accumulations of dust, refuse or filth about the dwelling are removed at frequent intervals. This applies to the contents of privies, manure heaps and ashpits and to the cleansing of yards, passages and streets. In this way the possibility of flies which are most potent agents in polluting food and drink, may be prevented. All practical measures for the destruction of house-flies, in order to prevent their access to food should be taken. Shopkeepers might be asked to arrange that foods exposed outside shops or in shop windows, especially foods which are intended to be consumed without being cooked, should be kept suitably covered so as to prevent contamination by flies, wasps or dust. Strict attention to the observance of cleanliness (hands and clothing) on the part of milkers and persons used for containing milk should be enforced. Receipts for the storage of milk in dairies and in the houses of consumers should be always protected with gauze or other covering. The practice of leaving some dairies of leaving uncovered vessels outside houses for the purpose of receiving the milk supply should be discontinued.

while closing the window?  
A fine of 2 was imposed.

Accident at Spring  
Superintendent Walsh, charged Gerald Monahan, Bridge Street, on 4 counts under the Road Traffic Act, viz:—(1) Taking a motor car without the consent of the owner; (2) Having no driver's license; (3) Having no insurance; and (4) Driving in a manner dangerous.  
Mr. Williams, solr., appeared for the defendant.

Mr. A. R. Farrell, solr., held a watching brief on behalf of Mr. and Mrs. Daniel Whelan, Lackentune, who were injured on the occasion.  
Mr. Williams, solr., outlined the facts of the case which were: On the morning of the 16th June, a commercial traveller named Mr. Marshall of Dublin, had asked Mr. Monahan to take his car which was in the Hotel Garage out. Monahan did so, but unfortunately when taking it out he met Mr. Comerford, who is employed at the Devonshire Arms Hotel and took him for a drive. Monahan is a young boy of excellent character, 21 years of age, who has been employed at Lawlor's Hotel during the past 3 years. Mr. Lawlor is in court to give evidence on his behalf. His only experience of cars was 6 months training in a technical school. He asked the Justice to deal as leniently as possible with his client.

Justice—It is a very serious offence. The fine for taking a car without consent is £50 or 6 months, or both.  
Mr. Williams said there was a difference between the taking of this car and say the taking of a car without consent. This boy was handed the key of this car and told to take it out, and he would, therefore, appeal to the Justice not to inflict any punishment on this young boy which may ruin his whole career.  
Mr. Lawlor, in reply to Mr. Williams, said that Mr. Marshall had told the defendant to take out the car. Defendant is 3 years in his employment, and he found him perfectly honest, hardworking and courteous to the guests. He is prepared to keep him in his employment, and he feels sure he is not likely to interfere with a car again.

The Justice said he did not like to send the defendant to jail. On the whole, however, for driving in a dangerous manner and driving without consent he would impose a fine of £2 on each or one month in each case to run consecutively.

Abusive Language  
In the case of Mrs. Mary Tobin, Killineen, against Mrs. Egan, Mitchel St., for abusive language, the case was dismissed on defendant promising not to again interfere with the complainant.

Mr. L. F. Lanigan, appeared for the complainant.

Assault on Guard  
Superintendent Walsh, charged H. Kieley, Barrack Street, Dungarvan, with an assault on Guard Giblin, on Sunday night July 10th.

On the application of Mr. Williams, solr., for defendant, the case was adjourned in continuing bail to next Court.

## G.A.A. NOTES & NOTIONS

### By "CROTCH"

The sense of inferiority which for so long weighed down on Deise hurling received its death-blow in Dungarvan last Sunday. Waterford scored a decisive victory over a Cork team which many critics reckoned "a good thing" for this year's All-Ireland. The losers had no alibi and offered none; they had trained assiduously; they fielded exactly the same team which had trounced Limerick so thoroughly. Yet, in every phase of the game, they were beaten fairly and squarely by a Forthgarrigue team who were their masters from the moment the ball was thrown in. What is the explanation of the (to most people) extraordinary transformation in the Deise team? Here it is. For the first time, the value of aggression and determination was brought home to Waterford hurlers and their lack of field with a pre-arranged plan of campaign. Their tactical scheme was well thought out; each player had his instructions and knew just what to do. How well the players teamed up and how successful were their tactics can be gauged from the final score of seventeen points to six in their favour. And, mind you! four points were were actually scored, but disallowed by the referee on technical grounds. From the opening whistle, the Deise hurlers launched a fierce offensive with grim resolve and never once let the initiative pass to the sorely harassed Corkmen. The latter were swept off their feet, flourishing victims of the strategy which they themselves had so exploited against Limerick. Their thunder was stolen and if they had any in reserve they were never allowed to bring it into action.

All honour and credit to the conquering sons of the Deise who brought about Sunday's magnificent triumph. A wave of pride has swept over the whole county-side. Ah! it's a fine thing to see Waterford men talk so exultingly of the deeds of their hurling heroes. But, in their hour of glory, they must beware lest success should go to their heads. The players themselves, I believe, are proof against this distressing ailment, but the great army of their supporters, especially the newly-recruited ones, are very apt to have their vision and their judgement coloured by mirages of a "soft passage" to Croke Park. They are so susceptible, alas! pessimistic even, before they now so chock full of optimism that they speak as if Clare and Galway were already beaten. There are no soft passages to Croke Park and our new-born superiority complex must not blind us to the fact that there is a long and rocky road yet to be traversed before the Deise colours fly triumphantly from the Hogan Stand. With this note of warning I conclude the general remarks on Sunday's historic match. At all costs, we must guard against the delusions which Cork cheated after their Thurles victory and which were exposed so ruthlessly in Dungarvan. When Shakespeare said that "security is not a chief enemy" he uttered the naked truth.

This Deise hurling combination is a good one, but I have yet to be satisfied that it is a great one. I am no Jeremiah, and to those who may think so, I recommend the reading of last week's "Observer." Cold facts always repay study especially so when they refer to hurling form. The Corkmen were not good on Sunday—by contrast, our lads were smashers. But, I honestly believe that to rely too much on the correctness of this form might be highly misleading. The selectors and the team must carry on according to plan, taking nothing for granted, rating no opposition as easy meat. Their work must be thorough and preparation sound and by such means alone can the goal of their desire be reached.

I am not going to individualise on the play. Every Waterford hurler gave the last ounce he had and performed his part nobly. Mistakes were made no doubt, some attack, one or two in defence, yet they were, I think due more to over-zealousness than anything else. The selectors can congratulate themselves on their acumen and efficiency; they did their job well in the face of criticism mostly sincere though severe in parts and some of it really unfair. The Waterford captain was the victim of circumstances in the last few minutes when ordered to the line by the referee. To him was allotted the most difficult task of all and he proved himself the man of the hour in defending the Deise lines. Under great provocation in the closing moments, value got the better of discretion and in a rash moment he hit back with telling effect and paid the penalty. Human patience after all has limits and few in the Deise but feel sympathy for the gallant Mick Hickey. At the same time the referee, Mick Hennessy of Clare, did his duty and did it well and so in no small measure due to his strict, yet tactful handling of that unpleasant tendencies were curbed.

Back to go to the Middle in the hurling and next Sunday. But little has been heard of the Deise in the Deise will be recalled by those who witnessed the success at the Deise hurling match at Knockmore

## YOUGHAL COURSEING CLUB

The members of the Club are already hard at work preparing for their next meeting which they intend holding early in the season, and hope that they will have as fine a day as they had in their first two very successful ventures.  
In their new field near the Reservoir— not far from the old field, they have a fine stretch of nearly 500 yards, a gradual slope to the escape, giving a perfect view from the sippers box, and well sheltered all round.  
They had to clear away a wide hedge, the full width of the field, a mass of brambles, hazel and trees, a most hopeless looking task, and yet the Treasurer states that the total cost of removing it was only 2/-, which was paid for repairs to tools—labour of course, was voluntary.  
The Club richly deserves all the support it can get and it is hoped that all those interested will increase their subscriptions, as owing to the change of venue they will be put to very heavy additional expense, even though the labour is free.

The Pike junior football team meeting a Dungarvan selection on the same programme will have a big local appeal.

## TRAMP, TRAMP, TRAMP THE DECIES CALLING

High upon the lofty height,  
Hang our colours Blue and White,  
As we march with dauntless footsteps to the goal,  
Though we've waited all these years,  
Now that rousing, stirring cheers,  
Guide us on to further laurels yet unknown.

Chorus:  
Tramp, Tramp, Tramp the Decies calling,  
Tramp, Tramp, Tramp, we'll do or die,  
Whether in brave Cork's own ground,  
Or Paddy's fields we're found,  
Oh! No matter where, for Waterford we'll strive.

Comeraghs mounts and Knockmealdown,  
Credited many of renown,  
Their beacons with an anxious clamour call,  
Though the Ates of late did frown,  
Now intent upon the Crown,  
Let us now pull on together one and all.

Set your hearts upon the task,  
Grip your hurleys, hold them fast,  
To the calling of the Decies you must hark,  
For we'er shall be at rest,  
Till you win the final test,  
And we march triumphant victors from Croke Park.

## FURTHER URGENT ANNOUNCEMENT REGARDING BLIGHT IN POTATOES

Numerous reports of the spread of Blight in Potato Crops have been received by the Department of Agriculture during the past week.  
Potato growers are urged to spray their crops without further delay if they are not already done so.  
Following the present heavy rain a rise in temperature would immediately induce spread of Blight. Present climatic conditions indicate that repeated sprayings will be necessary if the potato crop is to be safeguarded.

## DUNGARVAN SHOW COMMITTEE

### JUMPING COMPETITIONS TO BE RUN OFF

Mr. A. Hunt, President, presided at a meeting of the Show Committee held in the Commercial Hotel, on Monday evening. Other members in attendance were—Lord Wm. Beresford, Messrs. P. A. Walsh, C. Langley, J. O'Dwyer, N. Connors, N. Morrissey, J. F. Bowen, Manager Provincial Bank, C. Dempsey, Jas. Hayes, Jervis Power, J. J. Morrissey, P. B. Sheridan, Jas. Fenton, T. Lynch, J. J. Croty, P. J. Moloney, Hon. Secretary and John Lynch, Secretary.

### LADIES COMMITTEE THANKED

After reading and signing the minutes of the previous meeting, the Secretary referred to the appalling weather conditions experienced on Show Day, which caused the postponement of the jumping competitions and a heavy financial loss, through the gate receipts, to the committee, he said he had one cheer of news for the members and read the following letter—

"Kilmishin, Dungarvan—Dear John, as an old supporter of the Show, I heartily sympathise with you on the drastic weather conditions which prevailed on Thursday. I am sure this will mean a serious financial loss. As a winner in a small way, I am prepared to forego prize money and hope if others will do likewise, it will help to keep the old popular Show going.—Yours sincerely—P. Dwan.

Mr. J. O'Dwyer, said his wife, who had also won some prizes had asked him to tell the committee likewise.

The Secretary said he had got a letter in similar terms from Mrs. Paul J. Power.

Mr. P. B. Sheridan, proposed that the best thanks of the committee be conveyed to Mr. Dwan, Mr. O'Dwyer and Mrs. Power for their generosity in foregoing the prize-money.

This was seconded by Mr. Hayes and passed unanimously.

### Ladies Committee Thanked

The President in a graceful speech thanked the ladies committee, for the manner in which they carried out the onerous duties connected with their portion of the Show, which, had the day only held fine, would be a huge success. He thought it only right that the committee should pass a vote of thanks to the ladies and let them know how grateful we all feel for all they have done.

Mr. O'Dwyer said he would like to second the vote of thanks and referring to the record entries in all classes in the Industrial Section, said were it not for the day we got, the Dungarvan Agricultural Show had just come back.

The Secretary said he also would like to add his little meed of praise to the ladies. From what he had heard, they were wonderful. One thing he can say that he is really glad about (from inquiries he had made) was that not one of them got a cold after such a terrible day.

### Jumping Competitions

The meeting then dealt with the question of the postponed Jumping Competitions for which record entries had been received, and after some discussion it was decided to hold the competitions on a date to be fixed.

On the proposition of Mr. O'Dwyer, seconded by Mr. Lynch, the committee delegated power to the younger members of the committee in conjunction with the Ladies Committee, to organise an all-night dance for that night.

## TEMPLEMICHAEL CASTLE (near Youghal)

An old, majestic and historic pile. Beautifying the landscape of Erin's Isle. Is Templemichael Castle—near Youghal. Which is known, admired and loved by all.

It was built by the Geraldines long ago. When their hearts with patriotism were aglow. But now—how lovely—its lonely and drear. Although it is still by the people held dear.

It rests on the bank of the "Irish Rhine." And has waged a battle with wind and time. But still it stands and holds its place. Among beautiful heroisms of the Irish race.

Oh, dear old castle, with ivied walls! Your stones may crumble away, and fall. But your memory will live in the minds of those.

Who have gazed on your tower at evening's close. EILEEN P. LYONS, Glendine, Youghal, Co. Cork.

The whole County is going to the 9 to 1 Dance in Kilmac on Sunday Night.

### Infant Aliments

The following letter from Dr. M. O'Farrell, Co. M.O.H. was read:—  
A Circular—The Department of Local Government and Public Health have issued a circular on the precautionary measures to be adopted with regard to Epidemic Diarrhoea in infants. It would be well if as much publicity as possible were given to this matter so that persons would be able to take the necessary precautions to prevent this disease.  
In the light of incidence Diarrhoeal Diseases are associated in a special degree with untidy conditions of domicile, with the second six months of the year, and with the second and third months of infant life. They display their maximum intensity as a cause of death during the months of August, September and October, and are especially prevalent in seasons of high summer temperature. In regard to causation: Diarrhoeal Diseases are attributable to food contamination arising from disregard of cleanliness in the household and in municipal sanitary arrangements, from the agency of flies as

## DUNGARVAN DISTRICT COURT.

### CASES UNDER THE ROAD TRAFFIC ACT

#### HEAVY FINES

Before Mr. S. J. Troy, D.J.

#### Drunk

Guard Farrell, had Patrick O'Donnell, and Annie Cawley, no fixed abode, summoned for drunkenness. A fine of 2/6 in each case was imposed.

#### Lights

Guard Repley had B. Power, the Square, and John Tobin, Coolcormack, prosecuted under the Lights on Vehicles Act. The usual fines were imposed.

#### Keeping Wrong Side of Road

Guard Straine, prosecuted Philip Wade, New Chapel Street, with driving a horse and cart on the wrong side of the road. A fine of 5/- was imposed.

#### Road Traffic Charges

Superintendent Walsh, charged Patrick Moylan, (Jnr.), on two summonses under the Road Traffic Act on June 22nd at the Burgery, viz.: (1) Driving on the wrong side of the road; and (2) Driving a horse and cart in a dangerous manner.

Mr. Hurin, in reply to Inspector O'Shaughnessy, who represented Superintendent Walsh, said that on June 22nd, he was motoring from Waterford to Cork. After coming over Tarr's Bridge, he observed a horse and cart on the wrong side of the road coming against him. There was a lorry coming behind the horse and cart. Witness braked hard and the cart skidded into the cart.

Edmond McCarthy, driver of the lorry, said the horse and cart was on the wrong side. He was some distance back, and saw the cart skid into the cart. The cart was about to enter the gravel pit at the time.

The Justice—These are the things that cause accidents. The Gaards cannot be everywhere. He fined the defendant 2/6 together with one guinea costs and one guinea expense in the case of driving on the wrong side of the road; the second case he found proved and dealt with in the first. He would allow a month in which to pay.

#### Accident on Clona Road

In the case of Superintendent Walsh v. Cartilage Power, charged (1) with driving while power of control was diminished; (2) Driving in a dangerous manner, under the Road Traffic Act.

Mr. Williams, solr., appeared for the defendant.

The case was argued to an accident on the Clona-Dungarvan road on June 16th.

The Inspector said Mr. Power was driving from his mother's bungalow with four other passengers to Dungarvan, the accident occurred on the straight road. It would appear that Mr. Power dimmed his lights. The car went across the road, somersaulted, tore along on the hood and finally came back on the wheels again.

Mr. Williams, solr., said his client was taking four passengers which included his mother, back to Dungarvan from Clona. The windows of the car were open and his mother asked him to close the window. He stretched out his left hand to do so when he found the car mounting the grass margin. He then twisted the wheel and the car dashed across the road.

Justice—Why did he not slow down carriers of infection and from an unwholesome milk supply. It seems evident that young children suffer particularly from the latter cause at the stage when they are changed from breast feeding to artificial diet.

In all cases for the prevention of diarrhoea it is most important not only to insist on domestic cleanliness, but also to secure that all accumulations of dust, refuse or filth about the dwelling are removed at frequent intervals. This applies to the contents of privies, manure heaps and ashpits and to the cleansing of yards, passages and stairs. In this way the breeding of flies, which are such potent agents in polluting food and drink, may be prevented. All practical measures for the destruction of house-flies, in order to prevent their access to food, should be taken. Shopkeepers might be asked to arrange that food exposed outside shops or in shop windows, especially foods which are intended to be consumed without being cooked, should be kept suitably covered so as to prevent contamination by flies, wasps or dust. Strict attention to the observance of cleanliness (hands and clothing) on the part of milkers and through cleaning and sealing of receptacles for containing milk should be enjoined. Receptacles for the storage of milk in dairies and in the houses of consumers should be always protected with muslin or other covering. The practice observed in some districts of leaving uncovered cesspits outside houses for the purpose of receiving the milk supply should be discontinued.

### Accident at Spring

Superintendent Walsh, charged Gerald Monahan, Bridge Street, on a count under the Road Traffic Act, viz.: (1) Taking a motor car without the consent of the owner; (2) Having no driver's license; (3) Having no insurance; and (4) Driving in a manner dangerous.

Mr. Williams, solr., appeared for the defendant.

Mr. A. R. Farrell, solr., held a watching brief on behalf of Mr. and Mrs. Daniel Whelan, Lackenune, who were injured on the occasion.

Mr. Williams, solr., outlined the facts of the case which were: On the morning of the 16th June, a commercial traveller named Mr. Marshall of Dublin, had asked Mr. Monahan to take his car which was in the Hotel Garage out. Monahan did so, but unfortunately when taking it out he met Mr. Comerford, who is employed at the Devonshire Arms Hotel and took him for a drive. Monahan is a young boy of excellent character in years of age, who has been employed at Lawlor's Hotel during the past 3 years. Mr. Lawlor is in court to give evidence on his behalf. His only experience of cars was 6 months training in a technical school. He asked the Justice to deal as leniently as possible with his client.

Justice—It is a very serious offence. The fine for taking a car without consent is £50 or 6 months, or both.

Mr. Williams said there was a difference between the taking of this car and say the taking of a car without consent. This case was handled the key of this car, and told to take it out and he would, therefore, appeal to the Justice not to inflict any punishment on this young boy which may ruin his whole career.

Mr. Lawlor, in reply to Mr. Williams, said that Mr. Marshall had told the defendant to take out the car. Defendant is 3 years in his employment, and he found him perfectly honest, hardworking and courteous to the guests. He is prepared to keep him in his employment, and he feels sure he is not likely to interfere with a car again.

The Justice said he did not like to send the defendant to prison, but he found him perfectly honest, hardworking and courteous to the guests. He is prepared to keep him in his employment, and he feels sure he is not likely to interfere with a car again.

### Abusive Language

In the case of Mrs. Mary Tobin, Kilmishin, against Mrs. Egan, Mitchel St., for abusive language, the case was dismissed on defendant promising not to again interfere with the complainant.

Mr. L. F. Lanigan, appeared for the complainant.

### Assault on Guard

Superintendent Walsh, charged H. Kiehy, Barrack Street, Dungarvan, with an assault on Guard Giblin, on Sunday night July 10th.

On the application of Mr. Williams, solr., for defendant, the case was adjourned in continuing bail to next Court.

## G.A.A. NOTES & NOTIONS

### By "CROTOG."

The sense of inferiority which for so long weighed down on Deise hurling received its death-blow in Dungarvan last Sunday. Waterford scored a decisive victory over a Cork team which many critics reckoned "a good thing" for this year's All-Ireland. The losers had 20 allibs and offered none; they had trained assiduously; they fielded exactly the same team which had trounced Limerick so thoroughly. Yet, in every phase of the game, they were beaten fairly and squarely by a Portlaine team who were their masters from the moment the ball was thrown in. What is the explanation of the (to most people) extraordinary transformation in the Deise team? Here it is. For the first time, the value of aggression and determination was brought home to Waterford hurlers and they took the field with a pre-arranged plan of campaign. Their tactical scheme was well thought out; each player had his instructions and knew just what to do. How well the players teamed up and how successful were their tactics can be gauged from the final score of seventeen points to six in their favour. And, mind you! four points more were actually scored, but disallowed by the referee on technical grounds. From the opening whistle, the Deise hurlers launched a fierce offensive with grim resolve and never once let the initiative pass to the sorely harassed Corkmen. The latter were swept off their feet, flourishing victims of the strategy which they themselves had so exploited against Limerick. Their thunder was stolen and if they had any in reserve they were never allowed to bring it into action.

All honour and credit to the conquering sons of the Deise who brought about Sunday's magnificent triumph. A wave of pride has swept over the whole country. Ah! it's a fine thing to see Waterford men talk so excitingly of the deeds of their hurling heroes. But, in their hour of glory, they must beware lest success should go to their heads. The players themselves, I believe, are proof against this distressing malady, but the great army of their supporters, especially the newly-recruited ones, are very apt to have their vision and their judgement coloured by mirages of a soft passage to Croke Park. Those who were sceptical aye pessimistic even, before are now so chock full of optimism that they speak as if Clare and Galway were already beaten. There are no soft passages to Croke Park and our new-born superiority complex must not blind us to the fact that there is a long and rocky road yet to be traversed before the Deise colours fly triumphantly from the Horan Stand. With this note of warning I conclude the general remarks on Sunday's historic match. At all costs, we must guard against the delusions which Cork cherished after their Thurles victory and which were exposed so ruthlessly in the replay. When Snake-spear said that "security is mortal's deadliest enemy" he uttered the naked truth.

This Deise hurling combination is a good one, but I have yet to be satisfied that it is a great one. I am no Jeremiah and to those who may think so, I recommend the reading of last week's "Observer." Cold facts always repay study especially so when they refer to hurling form. The Corkmen were not good on Sunday by contrast our lads were smashers. But, I honestly believe that to rely too much on the correctness of this form might be highly misleading. The selectors and the team must carry on according to plan, taking nothing for granted, rating no opposition as easy meat. Their work must be thorough and preparatory sound and by such means alone can the goal of their desires be reached.

I am not going to individualise on the play. Every Waterford hurler gave the last ounce he had and performed his part nobly. Mistakes were made no doubt, some in attack, one or two in defence, but they were, I think due more to over-eagerness than anything else. The selectors can congratulate themselves on their acumen and efficiency; they did their job well in the face of criticism mostly sincere though severe in parts and some of it really unfair. The Waterford Captain was the victim of circumstances in the last few minutes when ordered to the line by the referee. To him was allotted the most difficult task of all and he proved himself the man of the hour in defending the Deise lines. Under great provocation in the closing moments, valour for the better: discretion and in a rash moment he hit back with telling effect and paid the penalty. Human nature after all has limits and few in the Deise but felt sympathy for the gallant Mick Hickey! At the same time the referee, Mick Hennessy of Clare, did his duty and did it well and his only real measure due to his strong, yet tactful handling that unpleasant tendencies were curbed.

Back we go to the little bit in the hurling world next Sunday. But, little bits are things that are not to be had and I am sure that in the Deise we will be reflected in vastly increased attendances at the Junior Championships games in Tallow and Knockmore. What Knockmore?

### YOUGHAL COURAGING CLUB

The members of the Club are already hard at work preparing for their next meeting which they intend holding early in the season, and hope that they will have as fine a day as they had in their first two very successful ventures.

In their new field near the Reservoir—not far from the old field, they have a fine stretch of nearly 500 yards, a gradual slope to the escape, giving a perfect view from the slippers box, and well sheltered all round.

They had to clear away a wide hedge, the full width of the field, a mass of branches, ferns and trees, a most hopeless looking task, and yet the Treasurer states that the total cost of removing it was only 2/-, which was paid for repairs to tools—labour of course, was voluntary.

The Club richly deserves all the support it can get and it is hoped that all those interested will increase their subscriptions, as owing to the change of venue they will be put to very heavy additional expense, even though the labour is free.

### TRAMP, TRAMP, TRAMP THE DECIES CALLING

High upon the lofty height,  
Hang our colours Blue and White,  
As we march with dauntless footsteps to the goal;  
Though we've waited all these years,  
Now we're raising stirring cheers,  
Guide us on to further laurels yet unknown.

Chorus:  
Tramp, Tramp, Tramp the Decies calling,  
Tramp, Tramp, Tramp, we'll go on;  
Whether on brave Cork's own ground,  
Or Portlanna's fields were found,  
Oh! No matter where, for Waterford we'll strive.

Comeraghs mounts and Knockmaldown,  
Cradled many of renown,  
See them beckon with an anxious clayton call;  
Though the fates of late did frown,  
Now intent upon the Crown,  
Let us now pull on together one and all.

Set your hearts upon the task,  
Grip your hurleys, hold them fast,  
To the calling of the Decies; you must bark;  
For we ne'er shall be at rest,  
Till you win the final test,  
And we march triumphant victors from Croke Park.

Final Score—Waterford, 5-2; Cork, 1-3

ON Sunday last, Waterford Senior Hurling Team broke a record by defeating Cork at Dungarvan. Although Waterford were conceded an excellent chance of beating Cork in the Munster Hurling Semi-Final, few expected that the homesters would win by such a wide margin as 11 points. The match was played in a downpour of rain and the soft ground made foot-work very difficult.

The Cork team having a sensational victory over Limerick three weeks ago were installed favourites for last Sunday's game, but they never reproduced this form and were in arrears after a minute and a half of play, which they never regained for the remainder of the hour. Even though Cork fought desperately to the final whistle, there was never any doubt about the superiority of the Deise men. Faster on their feet, they out-paced the Leesiders, and their first time hitting threw them completely out of their stride. As predicted last week, Cork was an over-rated team and today we have no hesitation in saying that Waterford is the best hurling team in Ireland.

Waterford now qualify to meet Clare in the Munster Final at Cork on July 24th, by their defeat of Cork at the Gaelic Field, Dungarvan last Sunday.

This was indeed a record broken by Waterford, as a Cork Senior Hurling team never went under to Waterford at this same venue. Waterford put the question of doubt at the very start and led by 3 goals at the interval. The game was played under appalling weather conditions, which was witnessed by over 15,000 spectators, and in the second half, players found it very hard to keep their feet.

The Cork team showed no change from the team that out-played Limerick three weeks ago at Thurles in the opening round. Waterford were probably the steepest side fielded by that county so far, and went far above last year's championship form.

The Deise men were much speedier and appeared to suit themselves to the adverse weather conditions much better than their opponents. Yet, the Leesiders fought out a heroic finish, and were pressing at the final whistle. Charlie Ware, John Keane and Johnny Fanning were the mainstay of the Waterford defence in the period of Leeside attacks that failed against the hard-hitting Waterford backs, who lashed out at everything, while a large Waterford attendance cheered their efforts to the echo.

M. Curley in the Waterford goal brought off some brilliant saves and when called to the rescue acquitted himself in many a fashion, lashing out balk from all angles.

M. Hickey (Capt.) on several occasions came into the limelight and in the second half had some great encounters with his opponent Brennan. Ware, Fanning and Keane subdued all Cork runs and Walsh and Mountain were sound in the half-back line. Feney and Moylan were masters at midfield. Greaney and Locky Barry were the stars of the day, while Barron and "Pat" Sheehan shone in the forward line. Good played the game of his life at night full-forward and Halpin sent into the goalmouth anything that came his way.

Rain had started to fall as the time fixed for the Senior game approached, so the usual parade of the teams was dispensed with. The attendance, estimated at about 60,000, stood to attention, when the teams were lined out, while the Dungarvan Brass and Reed Band played the "Soldier's Song." Mr. M. Hennessy (Chair), who had been appointed by the Munster Council at the previous day to referee the match owing to Mr. F. J. Purcell being unable to do so took charge of the whistle.

Winning the toss, Waterford elected to play with the wind and rain in their favour. Cork started well but it soon became apparent that all was not going smoothly with the Cork team. Their marksmanship was at fault and some very chances were missed. The Waterford forwards soon got the measure of the Cork defence and though the Cork backs fought back well, they found the Waterford tally mounting up. The rain, which had started with a drizzle, began to fall and when the change-over came, the weather was decidedly in favour of the Deise.

Details SENIOR GAME

Owing to the late finish of the minor game the Senior Teams did not line up at the time appointed. At 4.2 p.m. the teams were set in action. From the scuffle between both sets of forwards on the throw-in C. Moylan (Wat.) with a nice grouse cut sent the ball into the right wing on the Cork side. Donovan Cork doubled against the flying ball and returned it to midfield where Feney and Greaney (Wat.) had the better of the Cork centre-field pair Lynch and Kelly, sending Waterford to attack. A free to Waterford taken by John Keane was just wide by inches. Waterford, cheered fiercely by their supporters went to attack but Cork cleared. Play was very fast, quarter neither being given nor asked on either side; the ball travelling up and down like lightning. Cork returned to the Waterford end to drive wide. Moylan doubling on the flying ball on the puck-out sent to Feney who passed to Tom Greaney; the latter sending the ball soaring between the post from the touch line, 50 yards out for Waterford's first point one and a half minutes from the start.

Charlie Ware returned a high one from the "square" and play ranged fierce and furious at centrefield for some seconds, eventually, the Cork forwards broke through and John Keane put Waterford out of danger when he sent the ball 80 yards down with a long drive. Moylan (Wat.) sent to Good who centred nicely, but the Corkmen cleared. Greaney getting possession on the 50 yards mark sent the ball a few inches at the wrong side of the Cork right goalpost. Barron leaping into the air stopped the puck-out. Cork returned to attack and C. Ware sent back well. A free to Cork was saved by the Waterford goalkeeper (Curley). Again Ware started off a desperate Cork raid and Cork made a great rally, but Moylan, tain cleared for Waterford. For two minutes there was a fierce struggle for possession in the left wing on the Waterford end. Walsh cleared and Barron with a solo effort along the right wing sent to Greaney who just missed a score by inches. Waterford press again and a nicely entered free by J. Keane was swayed back. Waterford returned again and a quick pass from a melee in front of the Cork goal, outwards saw "Pat" Sheehan skip in between the opposing backs and drive the ball all the way for Waterford's first goal after ten minutes play.

This set the Waterford supporters wild with excitement on the side line, and with excitement were not lacking for support from the "ditch" at this period, and the "stewards" had a busy time to secure a clear view for all. Cork fighting every inch of the game attacked for Barry to score before the match was over. Barry's first point after twelve minutes sent the Cork fans into a state of excitement. A free in front of the goal 50 yards out, a snelling pace. Waterford and Cork pressed in turn and Moylan (Wat.) sent to the Cork goalmouth, where a free to Cork eased the situation. Cork sent to attack by a well-centred free were repelled by Moylan sending to Barron, who in turn sent to Feney, the latter centring to D. Sheehan who snuffed the flying ball on the "square" and pulled net-wards, but the Cork full-back was ready to stop the puck. "Pat" Sheehan snuffing the rebounding ball netted Waterford's second goal 15 minutes having elapsed. Waterford and Cork pressed in turn and Ware and Fanning saved the Waterford goal 17 minutes. Cork was cleared by set, and it was from this point that the Cork forwards dashed in from the "square" led by Brennan, burst in Cork's first goal after 16 minutes. At this stage the game was terrific, with fast, close tackling, a feature of the game. D. Hickey (Portlaw) cannot participate as he was sent off the field by the referee together with his opponent Brennan arising out of an incident which took place in the last minute of the game. Nevertheless, we understand the selectors have discovered a fit substitute for that responsible position of right full-back. Whatever the odds, and weather conditions, the whole county plump on an easy Waterford victory against all comers.

MONEY-SAVING FIREPLACE REPAIRS

Any woman can permanently repair a fireplace simply, cleanly and cheaply with Pyrama. It is as easy to apply with a kitchen knife as putty, but it comes ready for application—no messy mixing. Pyrama does not crack or crumble away like bricklay. It grips the brick, sets to rock-like hardness and resists intense heat. Result—the unsightly, wasteful dangerous fireplace has gone. More heat radiates into the room and less fuel consumed. And if you do not use the whole tin, Pyrama will keep for another day.

## Second-hand Cars.

Many people do actually price Second-hand Cars without seeing or testing them—in all cases giving wrong prices for them.

Sometimes a "buyer" will express considerable surprise at the thorough examination and test I give his car before quoting on it; but some day he will think better of it and incidentally make a mental note that a USED CAR bought from me will be a good specimen.

Reconditioned and Guaranteed Cars are overhauled in perfect order.

### SHEEP DIPPING ORDER 1937

County Waterford Sheep Dipping Regulations, 1938

WE, the Executive Committee of the Waterford County Council acting as the Local Authority under the Diseases of Animals Acts, at our meeting held on the 28th day of May, 1938, by virtue and in exercise of the powers vested in us under the Agriculture Act, 1931, the Diseases of Animals (Ireland) Acts, 1894 to 1935, the Orders made thereunder, and of every other power enabling us in this behalf, hereby order as follows:—

1. All sheep in the Administrative Area of County Waterford required to be dipped under the Sheep Dipping Order of 1937, shall be caused to be dipped by the owner or person in charge thereof at such times and at such Dipping Stations as may be specified in a Notice signed by an Inspector of the Local Authority, and served by post or otherwise on the owner or person in charge of the sheep referred to in the Notice. It shall not be a compliance with these Regulations to dip sheep at any other times or places save those as prescribed in the Notice above referred to.

2. Any sheep in the Administrative Area of County Waterford shall be dipped, under the supervision of a Dipping Inspector appointed by us under the Sheep Dipping Order of 1937, twice yearly (with an interval of not less than seven or more than fourteen days) in the period between the 1st day of August and the 31st day of October, provided that in any case in which inclement weather renders dipping impossible on the date appointed, the dipping shall be carried out on the next day that the weather is suitable therefor without any further Notice being given by the Inspector.

3. A fee of one penny per sheep in respect of sheep dipped in the Comeragh and Knockmealdown Mountain Areas, and a fee of twopence per sheep in respect of sheep dipped in the Lowland Areas (except as provided in Article 4 (d))—the expression sheep includes lambs—shall be paid to the Inspector of the Local Authority, in all cases by the owner or person in charge at the time of the dipping of the sheep.

4. (a) Where the Local Authority are satisfied that an owner or person in charge of sheep in the Area to which these Regulations apply has in his possession or under his charge a proper swim tank, the Local Authority may, subject to such conditions as they think fit, allow the sheep of such owner to be dipped in such swim tank on such dates within the prescribed dipping period as may be appointed for the purpose by an Inspector of the Local Authority, and such dipping shall be deemed to satisfy the requirements of these Regulations, provided (1) the dip used is a dip approved by the Minister for Agriculture, and (2) the dipping has been supervised by and carried out to the satisfaction of the aforesaid Inspector.

(b) Any exemption under this Article may at any time be withdrawn by the Local Authority or their Veterinary Inspectors.

(c) Applications for such exemption should be addressed to the Local Authority's Veterinary Inspector for the District and must be made on or before the first day of August.

(d) Where, with the permission of the Local Authority or their Veterinary Inspectors, an owner uses his own tank and an approved dip, no fee shall be payable for the supervision of the dipping by an Inspector of the Local Authority.

5. Dip approved by the Minister for Agriculture and supplied by the Local Authority shall be used in all cases except where exemption is granted under Article 4 (a).

6. Whenever required by an Inspector of the Local Authority, an owner or person in charge of sheep in the area to which these Regulations apply shall accompany the Inspector to the mountain or place where such sheep graze, at such time as required by the Inspector, and shall collect all the sheep of such mountain or place.

7. An owner or person in charge of sheep in the Area to which these Regulations apply shall comply with all reasonable requirements of an Inspector of the Local Authority as to the collection and penning and dipping of all sheep in his possession or under his charge, or on lands in his occupation, and shall afford all reasonable assistance and facilities that may be required for the dipping of all such sheep.

8. No sheep in the Area to which these Regulations apply shall be moved into or exposed for sale in any fair, market or saleyard in the Area between the 1st day of September and the 31st day of October unless they have been twice dipped in accordance with these Regulations after the 31st July previous, and are accompanied by a Certificate of Dipping signed by an Inspector acting for the Local Authority, which Certificate shall be produced by the person in charge of the sheep on demand to any member of the Garda Síochána or an Inspector of the Minister for Agriculture or of the Local Authority, who may record on such Certificate of Dipping particulars as to the sale of any such sheep at such fair or market or saleyard.

9. Any owner or person in charge of sheep in the Administrative Area of County Waterford who fails to comply with any of these Regulations shall be deemed guilty of an offence against the Diseases of Animals Act, 1894.

These Regulations shall apply to the entire area of the County of Waterford and shall come into force on the 1st day of August, 1938.

IN WITNESS whereof the County Council of the County of Waterford

have hereunto set their official seal this 28th day of June, 1938.

Mrs. Usher would like to thank the committee and stewards for the way they worked in face of the weather on the day of the Show. It seemed a miracle that the cups of tea were ready for all the Show grounds in spite of the being found perfectly flat in the rain. If the weather had been more propitious the Show would certainly have been held for many years in Dun in regard to the high standard set by all sections. On going through the needful section with the food was greatly struck both by the and the high artistic quality of the exhibits. SUNDAY IN DUNGARVAN

On last Sunday the Gaelic Field, Dungarvan, was the scene of thrilling hurling encounters when the Home County met Cork in the Semi-Final of the Munster Championships and Cork and Tipperary tried conclusions in minor grade hurling. From early morning the crowds began to arrive and by the time the last of the special trains had discharged its human cargo, the invaders of the Old Boro' must be between 20,000 to 25,000.

Full provision had been made in the town for catering for the visitors, with the result that there was perfect satisfaction on all sides.

The keenest speculation was rife as to the outcome of the Senior game. Cork by their recent defeat of Limerick were installed favourites, but the Deices supporters were quietly confident that their hurlers would, on this occasion overcome the toughest opposition which the Rebel City could offer, and that their confidence was not misplaced, the result of the game published in this issue will amply show.

Mr. Sean McCarthy, Tralee, the genial Secretary of the Munster Council, was present and supervised all the arrangements in his own efficient manner. He was ably assisted by members of the Munster Council, and the Waterford Co. Board.

As to the field itself, it was the acme of perfection. The pitch presented a charming picture as ever met the eye. Mr. "Munie" Fraher, had left nothing undone and everyone of the hundred and one items requiring attention had been attended to days previously, so that everything worked with clocklike precision.

The weather promised well in the early morning, but some showers seemed to threaten, all went well until half way through the minor contest and then the rain started to fall, but as the time approached for the start of the big match a steady downpour took the place of the light drizzle and spectators were rained-soaked before the match was finished.

The Dungarvan Brass and Reed Band, under Mr. M. J. McHugh, Band Master, played the National Anthem prior to the Senior match and the sight as thousands of people lining the field stood bare-headed and to attention was most inspiring.

ADDRESS OF WELCOME

When the Cork Senior team accompanied by the officials of the County Board arrived in the dressing rooms they were met by the members of the Urban Council, and the following address of welcome read by Mr. Wm. O'Meara, Clerk.

"On behalf of the townspeople whom we represent, we have much pleasure in extending to you a cordial and hearty welcome to Dungarvan.

In you, the Gaels of Rebel Cork, we recognise men imbued with true patriotic spirit, and foremost amongst the exponents of our National Games an Pastimes. Occasions such as this contribute to more closely unite us in friendship and goodwill, and to foster a kind and better spirit in our people. We pray that the many Gaels of the country will continue to strive for the attainment of our National Ideals and to uphold the honour and glory of our native land."

The address was then presented to Mr. Harry O'Mahony, Chairman Cork Co. Board, by Mr. Michael Morrissey, T.D., Chairman of the Council amidst applause.

CO. WATERFORD LIBRARIES COMMITTEE

At the monthly meeting of the County Waterford Libraries Committee, held in the Courthouse, Dungarvan, on Tuesday, Mrs. R. E. Going, Vice-chairwoman, presided.

The following members were also present—Mrs. M. Maher, Miss May Healy, Messrs. R. J. Collender, M. J. McCarthy, M. O'Hara and S. Uí Guilidhe. The Minutes of the previous meeting were read and duly signed as correct. The salaries and accounts were duly passed.

Charge for Registration of Borrowers.— The County Librarian reported as follows on the question of suggested charge for Registration of Borrowers:— (a) The Minister for Local Government and Public Health has no functions which enable him to advise the Committee as to the legality of such a charge. The Committee decided against charging for Registration.

The County Librarian was instructed to take out a Workmen's Compensation Insurance policy for the whole of Health-Insurance staff, to cover liability in case of accident to any of the same was not adequately covered by existing Comprehensive Motor Policy. It was decided to make inquiries as to the adequacy of a

INCH NOTES

Dungarvan Last Sunday—Our hearts were light and our hopes were high as we left this hill-sheltered East Cork village on Sunday morning and took the long winding road to Dungarvan to see the Senior hurlers of Cork and Waterford, and the Minors of Tipperary and Cork to battle in their respective Munster Championship engagements.

We started late, but lost no time on the way. There was not over much traffic on the road, and it was one way traffic—the cyclists had gone on, and the congestion lay ahead. We barely glimpsed at Ardmore as we flashed by but we had to slacken speed when we got to the winding road with its many hairpin bends.

Win for Cork Minors—Cork minors won well although for a brief period at the start Tipperary held the lead. Cork however, soon got on level terms and forging ahead they never once looked back. In the middle of the second half Tipp rallied, but it was a forlorn hope, and soon faded out.

Junior Hurling Championship—The chief topic this week is the match which takes place at the local venue on Sunday next between Knockanore and Lismore. A dog-dog game is expected.

ORDINATIONS AT MOYNE PARK, CO. GALWAY. CO. CORK AND KERRY RECIPIENTS—Ideally situated in a beautiful wooded country 6 miles from Tuam, the House of the Missionaries of the Sacred Heart was the scene of the Annual Ordinations on Sunday.

Cloyne Priests' Retreat—The Retreat for the Clergy of the Diocese of Cloyne opened in Fermoy on Monday July 11th and concludes on Saturday July 16th. The few priests left at home to attend to sick calls, etc., will have a very big day to attend to during the week.

LISMORE NOTES.

Impressions of Dungarvan on Sunday Last—We joined one of the dense, moving columns of men and ladies that led us to the Gaelic Field entrance, where there was not the slightest confusion or delay in getting to your selected seat amongst the old Gaelic veterans of Cork and Waterford by the side-line, anywhere along the spacious terrace, or amongst the great democracy of patrons, whence the soured paudits emanated.

It was a great day for Dungarvan, and it was rather a pity that the rain should come during the big match to dull the edge of a perfect day. The Guards, who had been kept so busily engaged all the forenoon, welcomed the interval of rest. Towards the end of the game the returning crowd had been tricking back to the streets and soon the Guards at the junction of a narrow street which ran at right angles to the main thoroughfare, got something to do.

TALLOW NEWS—Like all other parts of Munster, the Chief topic of conversation during last week, in Tallow was the What would be the outcome of the Munster Hurling Semi-Final? and amongst those competent to judge, an air of absolute confidence in the County team securing premier honours prevailed and permeated the whole parish, with the result that a full quota of local Gaels travelled to Dungarvan to see the match, and shared with the many other thousands present, the thrilling encounter which resulted as was expected, by Waterford's defeat of their worthy opponents from Cork on the score of 5-2 to 1-3.

Naturally the inclusion of two of the local team, viz. Mick Curley and Pa Sheehan, gave an added interest, and both players are to be congratulated on their splendid display. Curley for his wonderful net keeping and Sheehan for the two goals which laid the foundations of the Decies big score.

Junior Hurling Championship—The chief topic this week is the match which takes place at the local venue on Sunday next between Knockanore and Lismore. A dog-dog game is expected. Knockanore fresh from their victory over Ballyduff (1937 finalists) will not hear of defeat and are training hard, while Lismore having a blend of experience and youth, do not anticipate "going under."

ORDINATIONS AT MOYNE PARK, CO. GALWAY. CO. CORK AND KERRY RECIPIENTS—Ideally situated in a beautiful wooded country 6 miles from Tuam, the House of the Missionaries of the Sacred Heart was the scene of the Annual Ordinations on Sunday.

ABBEYSIDE SCOUTS WIN FARRELL CUP

Report by Troop Scribe

The Diocesan competition for the Farrell Cup was to be held on 3rd July. The 4th Waterford (St. Joseph's Abbesside) Troop entered a team of the following Scouts: Senior Patrol Leader Mahony, Patrol Leaders O'Brien, Murphy, McManus, Power, T. Whelan, T. Butler and J. Regan.

Every spare night we worked at full pressure, and the slogan: "We'll win the Cup" took precedence over all other activities. Time and again we went over the First Aid and General Scout Knowledge, and time and again the good old answers were given until it seemed as if each member of the team was a gramophone set in motion by the smell of a question. Down to the field with us then to practice tent-pitching and signalling. Shorter and shorter the time was before, and the heat and heat sat the old bell tent as the days passed, until we safely felt that not even the much famed De La Salle Troop were a patch on us. Faster and faster became the rate at Semaphore and more accurate became the placing and reading. This good work reached its peak when a 270 letter message was sent and received at the other end of the line at the rate of 73 letters a minute. The knotter lashed into their practice in fine style and seldom was one of their number to be seen without a length of rope with which he knotted and knotted until he became a machine jerked into quick action automatically at the mention of one of the prescribed knots. The Fire-lighting was fast to be "in the bag."

The weather during the week before the 3rd. was a holy terror, "Flaming June" baring her teeth and lashing us with continuous icy showers, and providing "bright intervals" which were no use to us. By dint of hard searching and at the expense of a wetting to the skin, a few of us managed to collect enough wood and kindling to give a sack each to the teams for Firelighting.

The 3rd dawned with drizzly persistent rain and the prospect of a successful Rally and competition was poor. Conditions changed however, and a sudden overcast sky gave place to the shining sun. After Mass we went to our Den and there found that the Diocesan Commissioner had arrived bringing with him the Cup—a beauty—and when we saw it resting on one of our tables we were determined that any team that hoped to take it away again would be disappointed.

At 2.30 p.m. there was a Parade, led by the Dungarvan Band, of all the visiting Troops, and the Chief Scout Professor J. J. Whelan, M.A., took the salute from the marching Scouts near the Provincial Bank. The parade passed through Abbeyside to the Sportsfield, all Troops lined up for inspection by the Chief (who took special interest in the younger chaps). Soon the inspection was over and all but the Cup teams dispersed, glad that their part in the affair was over—bar shouting—for the day was tent-pitching. The signal came at last and each member of the team started to his allotted task, and we slung up the tent in the safe old way at lightning speed and returned to our places. But if we were fast, the De La Salle team were faster and erected their tent in the record breaking time of 2 minutes 45 seconds beating our time by 17 seconds. However after a check on faults we were awarded 92% only 3 points behind our doughty rivals. The Stradbally and Dungarvan teams also erected their tents in good time and gained substantial marks.

The other events followed one another in quick succession. De La Salle and Abbeyside teams competing keenly. We got ahead in Knotting (100%) and Signalling (91%) but they more than evened the issue by high marks in First Aid and General Knowledge. The excitement was intense when the final event—Firelighting—was called. All gathered round the eight competitors (two from each team). When the whistle went De La Salle started off with a bang. "Gallogs" and cross-sticks were in place in extra quick time and they proceeded to light the fire, but something went wrong, and though they stuck to their task with grim tenaciousness the fire did not light. Meanwhile our Senior P.L. and his partner went about their work in a quiet thorough fashion. They carefully built a little cork's nest of small "cipins" about the fistful of kindling and, having struck only one match, slowly but very surely built up a lasting fire. When the result was announced we had drawn with Stradbally for first place with 45 marks out of 50.

In a cheerful mood we marched back to the Den, because though we could not be absolutely certain, we felt very hopeful of victory. As we sat at table before tea, the Diocesan Commissioner in the course of a short speech introduced the Chief Scout who addressed us at some length, stressing the spiritual side of Catholic Scouting and its important place in the forefront of Catholic Action. He concluded by complimenting all concerned on the success of the Rally, tantalisingly tartness he kept us in suspense by reading the total marks obtained by each team, by analysing the result, and then, as if in afterthought, declared the local Troop (Abbeyside) to be the winners. Hats, spoons and even cups shot up into the air as a deafening storm of cheering. S.M. Zanigan received the Cup on our behalf. A few words he paid a tribute to the sporting manner in

which all competed and said that a good honest effort was just as much deserving of praise as achievement, "but" he added, smilingly, glancing at the Cup, "we're glad to have it." We then attacked the "eats" and when all were literally "fed-up" the other Scoutmasters repelled shortly to our S.M.'s address, and then Commissioner Egan, in the course of a humorous speech advocated the formation of First Aid Sections in the Diocese. All serious "spiffing" being over we related to a short sing-song, after which the visiting Troops decamped, leaving us "alone in our Glory" with, and almost gloating over, the Cup. P.L. S. McMANUS, Troop Scribe.

YOUGHAL URBAN COUNCIL

Present—M. D. Broderick, Chairman,  
R. Power, J. R. Smyth, P.C., E. P.  
Lynch, J. Whelan, P. J. O'Gorman,  
P.C., J. Daly, B.E.

Wages

A cheque for £113 wages etc., for  
work was passed on the proposition of  
Mr. O'Gorman, seconded by Mr. Whe-  
lan.

Late Chairman

Mr. Power said he would like to pay a  
warm compliment to the late Chairman,  
Mr. O'Gorman, on the able and courte-  
ous manner in which he had presided at  
that Council. He was always amiable  
and impartial to every member, a gentle-  
man to the end. He (Mr. Power) re-  
gretted his resignation.

The Chairman said he was very pleased  
to hear Mr. Power's remarks, which  
would be endorsed by every member.  
Mr. Power—If we had the numerical  
strength we would have elected a Fianna  
Foil Chairman.

The Clerk endorsed Mr. Power's re-  
marks and said he would like to add that  
he had always received every possible  
help and co-operation from Mr. O'Gor-  
man in his position as Chief Executive  
Officer.

Mr. Whelan also endorsed Mr. Power's  
remarks.

Mr. O'Gorman returned his thanks for  
their kind comments. He was always  
in the most friendly terms with his col-  
leagues, and their kind remarks, he  
assured them, would enhance the kindly  
feelings existing.

New Building

Mr. J. Goggin, Friar Street, submitted  
plans of proposed extensions to his pre-  
mises.

Mr. Lynch objected to the considera-  
tion of the plans. That place had been  
grabbed.

Mr. Power—So do I. Others had re-  
fused to have anything to do with it. The  
man interested had fought for his coun-  
try and the applicant, who had a good  
job, came along and grabbed it.

Mr. Lynch proposed, and Mr. Power  
seconded that the matter be not consid-  
ered.

Mr. O'Gorman proposed that the plans  
be submitted to the Town Surveyor as  
usual. He was not in possession of the  
facts, but he thought the objection raised  
was not a matter for the Council.

The Chairman agreed with Mr. O'Gor-  
man. As a Council they were not aware  
of the facts referred to. It was not for  
them to decide whether it was grabbed  
or not.

Mr. Lynch—Wasn't I evicted out of  
it?

Mr. Power—The grabber is the curse  
of our country.

Mr. O'Gorman said he was unbiased  
in the matter. Mr. Lynch could substi-  
tute his case there was another place  
law. As a citizen Mr. Goggin was en-  
titled to his rights.

The Chairman agreed and seconded  
Mr. O'Gorman.

Mr. Power said that Mr. Lynch was  
victimized for his political convictions.  
Goggin with a good job came along and  
took that place. Mr. Lynch did his part  
for his country and should have their  
support.

The Chairman said that was not the  
place to deal with that aspect of the case.  
The proper thing was to refer the plans  
to the Town Surveyor.

Mr. O'Gorman—I would like to ask  
Mr. Lynch what is the reason for his  
objection.

Mr. Lynch—That is my own business.  
Mr. O'Gorman—If I thought Mr.  
Lynch had good and worthy reasons for  
his objection I would support him, but  
he does not disclose them.

On a poll there voted for the amend-  
ment—Messrs. O'Gorman and the Chair-  
man—2.

Agreed Messrs. Whelan, Daly, Lynch  
and Power—4.  
Mr. Smyth didn't vote.  
The proposition was therefore, carried.

Acknowledgments

Letters of acknowledgment of resolu-  
tions of sympathy were read from Miss  
McNally, The Mall, and Mr. J. Webster,  
South Main Street.

Workmen's Wages

A letter was read from the County  
Surveyor, stating that the men engaged  
in repairing the Sea Wall had to work at  
low water. Consequently they did little  
work. Their work never exceeded 48  
hours per week.

After a short discussion the Clerk was  
directed to make further inquiries.

Vandalism

A workman named Daly wrote complain-  
ing that he had been stoned by a  
man and two boys.

The Chairman said that a new form of  
vandalism had been perpetrated by some  
local blackguards. They tarred the seats  
on the Promenade so that people were un-  
able to use them.

The Town Clerk—it was done deliber-  
ately with a brush.

Mr. Power said there was over a ton of  
stones thrown on the roof and floor of the  
lavatory at Green's Quay.

Mr. Whelan said the Council should  
take drastic action in the complaint be-  
fore them. They should protect their  
workmen. The tarring of the seats was a  
scandalous outrage.

Mr. Daly suggested that the parents  
be written to and warned.

The Chairman—I disagree with you.

Mr. O'Gorman—You have three names  
before you. They should be prosecuted.

The Clerk said that on the previous  
day he saw 5 or 6 boys with bars tearing  
down the front of Daycastle. Quite re-  
cently a lot of damage was done to the  
new public convenience at the Green  
Park.

Mr. Whelan suggested that they get  
into touch with the Civic Guards regard-

ing tarring of the seats on the Strand.

Mr. Power—What is the country com-  
ing to at all?

It was unanimously decided to submit  
the complaint to their solicitor, Mr. Wm.  
R. Hodnett, with a view to prosecution.

Train Time

The Clerk said he had been asked to  
call the attention of the Council to the  
fact that the morning train to Cork,  
which left at 8.5 did not enable people to  
reach their business till considerably after  
9, and it had been suggested that the  
Railway Co., should be asked to alter the  
hour of 7.35.

Mr. O'Gorman said it was an excellent  
suggestion.

The Clerk was directed to communi-  
cate with the Railway authorities.

Nursing Association

Mr. M. J. Kelly, Hon. Sec., of the  
local Nursing Association, wrote asking  
for the usual facilities in connection with  
their Annual Dance on 17th August.

This was unanimously agreed to.

New Relief Scheme

The Town Surveyor wrote suggesting  
a committee meeting to consider the  
question of the works to be carried out  
under the new Relief Grant. The amount  
involved was £1,981. They might con-  
sider the question of devoting a portion to  
the completion of the repair of the Sea  
Wall.

A Committee was appointed to meet  
on Tuesday.

Council's Resolution

Letters acknowledging Council's resolu-  
tion regarding the employment of Irish  
technicians in native industries were re-  
ceived from the Secretary of Industry and  
Commerce, Dr. Kiely, Cork and the Presi-  
dent U.C.C.

Blackwater Fisheries

Replying to Mr. Power, the Clerk said  
he had received no answer from Lismore  
to his letter written over 4 weeks ago.

Mr. Power said he hoped they would  
soon see the beginning of the end of the  
Duke of Devonshire's power over the  
river Blackwater. They were all glad to  
see how Messrs. Broderick and Brazier,  
T.D.s, put the fishermen's case before the  
Dail, telling the Government that the  
river belonged to the Irish people by  
right. It should have been taken over  
long ago by their own Government. They  
might confidently look forward to the  
time when the Duke and his claims would  
be wiped out.

Mr. Whelan said that Messrs. Broder-  
ick and Brazier deserved warm congratu-  
lation on their action.

Veterinary Surgeon's Salary

A letter was read from the Department  
refusing to alter their decision regarding  
the Veterinary Surgeon's salary.

Mr. Power said it was a proper scandal.  
Their Veterinary Surgeon was a whole-  
time official in name, but a whole-  
time in reality.

Mr. Broderick said the Council was un-  
animously of the opinion that the in-  
crease they passed, which was not sanc-  
tioned, was insufficient for the work.

Mr. Whelan said it was very petty on  
the Department's part to differ with the  
Council in a matter of £10 in the salary  
of such an efficient official.

The Clerk was directed to get into  
touch with the local T.D.s.

1939, are now payable.

their own protection that they should

RESISTANCE TO TUBERCULOSIS IN LIVE STOCK

According to work carried out on tubercu-  
losis at the Edinburgh University Animal  
Breeding Institute, high disease-resist-  
ing power does not appear to be a clean-  
cut Mendelian character, more than one  
hereditary factor is involved, so that  
little progress in building up restraint or  
immune strains of cattle or other stock  
can be expected by breeding on purely  
Mendelian lines.

Environment and general management  
appear to be as important factors in the  
incidence of bovine tuberculosis as heredi-  
tary. This, perhaps, explains why Here-  
ford and other beef cattle living practi-  
cally all their lives out of doors are rela-  
tively free from the disease, compared  
with dairy cattle kept indoors for a great  
part of the year, and subjected to the  
strain of heavy milk production, often ac-  
companied by inadequate nutrition.

Another point of interest mentioned is  
that, according to the observation of two  
French workers, cattle possessing a light-  
coloured coat and hide contract tubercu-  
losis more readily than those with dark  
skins even when placed in the same in-  
fected sheds.

HIS FIRST HOME MASS

The Rev. Joseph Colbert, M.S.C., who  
was ordained at Moyne Park, County  
Galway, on Sunday, had the happiness  
of celebrating his first Mass in the Parish  
Church of this town Youghal on  
Tuesday morning. Fr. Colbert is son of  
Mr. M. Colbert, ex-Post Master.

COUNTY COUNCIL OF WATERFORD

NOTICE TO CREDITORS

The attention of Creditors is specially  
directed to Section 51 (7) of the Local  
Government (Ireland) Act, 1898, which  
states that in the event of a creditor  
not being paid in full he shall be paid  
within the next year in which same was  
incurred or, if he dies, within three  
months after the expiration of such half-  
year, and not afterwards.

NOTICE IS HEREBY GIVEN that  
all claims should be sent to me as soon  
as possible after the date of the quarter  
in which they became due.

J. H. O'SULLIVAN,  
County Secretary's Office,  
Dungarvan, 19th July, 1938.

INCREASED POTATO YIELD

The experience of many years has conclu-  
sively proved that the loss caused by  
potato blight can be, to a great extent,  
prevented by spraying, and the operation  
has now come to be regarded as essen-  
tial to the successful cultivation of the  
potato crop. The reports received by the  
Department of Agriculture from a large  
number of districts show that those who  
take the trouble to carry out the work  
properly are abundantly rewarded with  
an increased yield, while those who re-  
frain to spray suffer heavy losses both in  
quantity and the quality of the crop.

Now is the time to spray. Get in touch  
without delay for your spraying materials  
with Messrs. Ross, Quay, Waterford.

YOUGHAL URBAN COUNCIL

ELECTION OF CHAIRMAN

At the statutory meeting Mr. P. J.  
O'Gorman, P.C. (outgoing Chairman)  
took the chair, and the others present  
were—Messrs. J. R. Smyth, P.C., R. C.  
Farrell (outgoing Vice-Chairman); D.  
McCarthy, E. D. Condon, M. D. Brode-  
rick, T. K. Keane, solrs., M. Ahern and  
M. Cashman.

The Chairman said for certain reasons  
it was his intention not to seek re-election  
especially as he would not be able to de-  
vote the time and attention he would like  
to the duties of the position. He highly  
appreciated the confidence and support  
shown him in by electing him four years  
ago and re-electing him annually since,  
and he had reciprocated by doing his best  
in the interest of the Council and the  
town. Now that there were signs of a  
better spirit there and abroad in the coun-  
try, the new Chairman would have had  
bright prospect before him, and he  
(Mr. O'Gorman) could promise him every  
co-operation. He had great pleas-  
ure in proposing Mr. M. D. Broderick,  
for the position. He was most attentive  
and had always taken great interest in  
the welfare of the place. Mr. Broderick's  
father was for several years an esteemed  
member of the Board, as also was his  
brother, Mr. W. J. Broderick, F.D.,  
Chairman of the County Council. Before  
leaving the chair, he wished to pay a  
sincere tribute to their Town Clerk Mr.  
M. H. Walsh, for his ever valued co-  
operation.

Mr. Condon said he had much pleasure  
in seconding the proposition.

There being no other proposition,  
The Chairman declared Mr. Broderick  
elected and left the Chair, which was  
then taken by his successor.

The Chairman said that while finally  
appreciating the honour paid him he also  
recognised the great responsibility of the  
position which he did not ambition as he  
would prefer to be an ordinary member.  
However, he accepted it as the personal  
request of the Chairman. He thanked  
Mr. O'Gorman for his kind remarks re-  
garding his family and himself. He  
would do everything in his power to fill  
the trust placed in him, hoping to be re-  
lieved of the responsibility in the near  
future.

Mr. Keane proposed the re-election of  
Mr. Farrell to the Vice-Chair. When  
called on he had always filled the posi-  
tion in a most capable and courteous  
manner. The Chairman, whom he cordi-  
ally congratulated on his election, could  
rest assured that in his absence, the duties  
of Chairman would be ably carried out.

Mr. Condon, for his kind remarks re-  
garding his new Chairman on his unani-  
mous election.

There being no other proposition,  
The Chairman declared Mr. Farrell  
unanimously re-elected and said he felt  
the Vice-Chairman would be a bulwark  
to him in carrying on the public business  
of the town.

Mr. Farrell returned thanks for the re-  
newed honour conferred on him. While  
regretting the retirement of their old  
Chairman, he congratulated the Council  
on the capabilities of his successor. He  
hoped his own share of the duties would  
be made as light as he would wish  
(laughter).

The Clerk having gratefully acknowl-  
edged the Chairman's kind remarks,  
the meeting concluded.

AN ENGLISHMAN ON THE "NEW IRELAND"

Many readers of the "Dungarvan  
Observer," who have read Mr. H. V.  
Morton's charming book: "In Search of  
Ireland," will recall his beautifully writ-  
ten account of his visit to Mount Melle-  
ray and other parts of Cork relative to  
County Waterford.

His kinsman—Mr. J. B. Morton, the  
well-known English Catholic writer—  
humourist (Beechomber) has written  
"The New Ireland" (Sands and Co.,  
3/6).

The simple title of the book conceals  
its far-reaching importance as a contribu-  
tion to the literature evoked by the Irish  
struggle for freedom from British and  
Dublin Castle Ascendancy domination  
that culminated in the 1922 Treaty and  
the 1937 London Agreement.

Coming from an Englishman Mr. Mor-  
ton's book is the most convincing justifi-  
cation of the National and the Sinn Fein  
and Irish Volunteer Movements of our  
day and of all they aimed at and suc-  
ceeded in attaining for Ireland. No  
Irishman of our acquaintance could have  
written a work so thoroughly in its pages  
of the National and the Sinn Fein and  
the Irish movements of the past 20  
years and of the allied National activities  
of the Gaelic League, Sinn Fein and other  
organisations that prepared the way for  
the final triumph of the National ideal.

Mr. Morton's Catholicism and his  
Catholic Philosophy of life are two big  
factors in his capacity to understand the  
Irish National and Catholic side of our  
struggle.

The pity is that there are numerous  
Irishmen Catholics who in their cultiva-  
tion of "respectability," and tone—  
especially in our small towns—think it  
the correct thing to be anti-Irish or  
non-Irish. We wish we could afford to  
make a present of Mr. Morton's "New  
Ireland" to a few score of such persons.  
If it would not convert them it might  
give them some embarrassing twinges  
of conscience that an English Catholic  
can be so sympathetic and enthusiastic  
about Ireland's national struggle, so ap-  
preciative of the Irish language move-  
ment; our industrial revival; our un-  
equivocal and anxious position as a Catholic  
nation, and our aversion towards a Free  
and Gaelic Ireland, having its legislative  
and social system based on the principles  
of the Gospel and the teachings of the  
Papal Encyclicals.—S.O.F.

GENERAL O'DUFFY'S "CRUSADE IN SPAIN"

Most of our readers are aware of the  
organising abilities of General Eoin  
O'Duffy, exemplified in his work as head  
of the Civic Guard force from 1922 to  
1932 and his campaign through Ireland  
in 1932-'33 in connection with the Blue  
Shirt movement. Few of these who met  
him or listened to his speeches in the  
1932-'33 period or who later on followed  
with interest his activities with the Irish  
Brigade in Spain, would visualise him  
as a man who could write so interesting  
and fascinating a book as "Crusade in  
Spain" (Brown and Nolan, Dublin 5/-).

Beginning with a well-written and  
formative sketch of historical relations  
between Ireland and Spain from the  
earliest times to the battle of Kinsale, he  
goes on to an account of the events that  
led up to the formation of the Spanish  
Republic in 1931 and the developments  
between 1931 and 1936 that brought  
about General Franco's rising against the  
Spanish Republic and Government; the  
voracious anti-Catholic and anti-Christian  
activities of the Republicans, influenced  
and guided by Russia prior to General  
Franco's insurrection.

Following this we get the motives that  
inspired General O'Duffy to bring the  
Irish Brigade to General Franco's assist-  
ance, the formation of the various units  
of the Brigade; the difficulties it encoun-  
tered owing to the Irish Government's  
non-intervention policy in Spain; the dis-  
appointment of the Passage East (Water-  
ford) arrangements for transport of the  
Brigade by sea from Waterford harbour  
to Lisbon; the eventual landing of the  
members via Galway Bay and Liverpool.  
The entire book is written in a detailed  
and impartial tone, devoid of any allu-  
sions to the existing political events in  
Ireland that militated against the work  
of those who were genuinely inspired by  
a desire to help Catholic Spain.

All that befel the Irish Brigade from  
their landing in Spain in October 1936 to  
their return in June 1937 are set out in  
detail by General O'Duffy in a style that  
makes one wish that he had long ago  
taken to the pen or typewriter. Many  
local allusions will be found in the book  
and touching tributes to the edifying con-  
duct of the courage and patience, the  
many hardships of officers and men of the  
Brigade. There are interesting accounts  
of General Franco, General Mola, Pre-  
mier De Rivera, General Robles and  
other prominent men in Spain.

The kindness of the Spanish Bishops,  
Priests and nuns who came in touch with  
the Irish Brigade and their warm appre-  
ciation of the worthy and unselfish  
motives that inspired their going to  
Spain are set out clearly by General  
O'Duffy.

The book will be very useful for  
future Irish historians as a record of an-  
other episode of the place of the Irish  
"Wild Geese" in international affairs—  
S.O.F.

HOUSING IN CARRICK-ONSUIR

Those who visited Carrick-ONSUIR this  
summer after having been absent from  
the town for some years were very  
pleased at the success of the Urban Coun-  
cil's Housing Scheme that has provided  
200 houses for families that had been liv-  
ing in the worst conditions of slumdom.  
A further 120 houses will be built next  
year. The Urban Council has frequently  
testified to the excellent and expeditious  
work in which Messrs. O'Reilly Brothers,  
Clonmel, have carried out their building  
contracts and of the good relations that  
have existed between the contractors and  
their employees.

YOUGHAL DISTRICT COURT.

Before Mr. G. P. Farrell, D.J.

Poor Rate Cases  
Mr. J. Condon, Poor Rate Collector,  
got decrees against a number of de-  
faulters.

Mr. Wm. R. Hodnett, solr., for the  
Urban Council, pointed out that his  
clients were only acting for the County  
Council.

In one case the defendant said he had  
offered the Council to pay 2/- weekly.  
Mr. Hodnett pointed out that it would  
take two years to clear it.  
A decree was granted.

Undeclared Civil Bills

A large number of undeclared civil  
bills were disposed of, Messrs. Wm. R.  
Hodnett, T. K. Keane and J. N. K. Mac-  
namara, solrs., appearing for the plain-  
tiffs.

Abusive Language

Cathleen Malley, Cork Lane, charged  
Margaret Doyle, Raheen Lane, with  
abusive and threatening language.  
Mr. Macnamara appeared for com-  
plainant.

Complainant having given evidence,  
which was corroborated by her daughter,  
Defendant denied having used the  
language complained of.  
Mrs. Malley admitted to her that it was  
not Margaret Doyle, who used the lan-  
guage in question.

The Justice, dismissing the case said he  
thought the Malleys exaggerated a lot.  
Mrs. Malley being under a rule of bail, if  
anyone was proved before him to be  
troubling her, he would trouble him or  
her.

Housebreaking and Larceny

John Cunningham, of no fixed abode,  
was charged in custody on remand with  
house breaking and larceny.  
Superintendent Quinlan, Lismore, pro-  
secuted, and Mr. T. K. Keane, solr., de-  
fended.

Mr. Keane said they intended pleading  
guilty.

Accused in reply to the Court, pleaded guilty.

The Justice—What are the facts of the  
case?  
The Superintendent said that on 8th  
March last accused called to the house  
of Mrs. Ormond in the mountain area  
near Mount Melleray. She and her  
daughter were in the act of going to cut  
turf. She locked the door and placed the  
key under a bucket. Accused saw her  
doing it. He asked Mrs. Ormond for  
some water to make tea. She went back  
took the key from under the bucket and  
boiled the water for him. After having  
his tea he left and Mrs. Ormond and her  
daughter locked up, put the key in the  
usual place and proceeded to cut turf.  
When they returned, Mrs. Ormond went  
to get some money, but she found her  
purse with 32/- gone.

The Justice—Has any of this money  
been found?  
The Supt said no. It was 3 months  
afterwards he was got, but he thought the  
man was prepared to make it good.  
There was nothing previously against  
him. He was a travelling shoemaker who  
worked all over the country, and people  
who knew him were surprised to hear of  
his lapse.

Mr. Keane said the accused was a  
native of Abbeyleix and came of a re-  
spectable family. He had been travelling  
the country 10 years and there was never  
a complaint against him before. On that  
occasion he yielded to the temptation.  
When questioned by the Garda he ad-  
mitted the offence. He was informed that  
accused expected money from the es-  
tate of a deceased sister in America and  
he (Mr. Keane) was instructed by the  
solicitor acting for him to make good the  
amount. In the circumstances he asked  
his worship to allow the man out under  
the P.O.A.

The Justice left him out under the  
P.O.A. in his own recognisance and on  
his own bail of £20. Mr. Keane having  
paid into Court the amount taken, with  
a warning that if he yielded to temptation  
of that kind again he would be severely  
punished.

YOUGHAL URBAN COUNCIL

Present—M. D. Broderick, Chairman, R. Power, J. R. Smyth, P.C., E. P. Lynch, J. Whelan, P. J. O'Gorman, P.C., J. Daly, B.E.

Wages A cheque for £113 wages etc., for work was passed on the proposition of Mr. O'Gorman, seconded by Mr. Whelan.

Late Chairman Mr. Power said he would like to pay a warm compliment to the late Chairman, Mr. O'Gorman, on the able and courteous manner in which he had presided at that Council. He was always amiable and impartial to every member, a gentleman to the end. He (Mr. Power) regretted his resignation.

The Chairman said he was very pleased to hear Mr. Power's remarks, which would be endorsed by every member. Mr. Power—If we had the numerical strength we would have elected a Fianna Fail Chairman.

The Clerk endorsed Mr. Power's remarks and said he would like to add that he had always received every possible help and co-operation from Mr. O'Gorman in his position as Chief Executive Officer.

Mr. Whelan also endorsed Mr. Power's remarks. Mr. O'Gorman returned his thanks for their kind compliments. He was always in the most friendly terms with his colleagues, and their kind remarks, he assured them, would enhance the kindly feelings existing.

New Building Mr. J. Goggin, Friar Street, submitted plans of proposed extensions to his premises.

Mr. Lynch objected to the consideration of the plans. That place had been grabbed.

Mr. Power—So do I. Others had refused to have anything to do with it. The man interested had fought for his country and the applicant, who had a good job, came along and grabbed it.

Mr. Lynch proposed, and Mr. Power seconded that the matter be not considered.

Mr. O'Gorman proposed that the plans be submitted to the Town Surveyor as usual. He was not in possession of the facts, but he thought the objection raised was not a matter for the Council.

The Chairman agreed with Mr. O'Gorman. As a Council they were not aware of the facts referred to. It was not for them to decide whether it was grabbed or not.

Mr. Lynch—Wasn't I evicted out of it?

Mr. Power—The grabber is the curse of our country.

Mr. O'Gorman said he was unbiased in the matter. If Mr. Lynch could substantiate his case there was another place to do it. They were not the Court of Law. As a citizen Mr. Goggin was entitled to his rights.

The Chairman agreed and seconded Mr. O'Gorman.

Mr. Power said that Mr. Lynch was victimised for his political convictions. Goggin with a good job came along and took that place. Mr. Lynch did his part for his country and should have their support.

The Chairman said that was not the place to deal with that aspect of the case. The proper thing was to refer the plans to the Town Surveyor.

Mr. O'Gorman—I would like to ask Mr. Lynch what is the reason for his eviction.

Mr. Lynch—That is my own business. Mr. O'Gorman—If I thought Mr. Lynch had good and worthy reasons for his objection I would support him, but he does not disclose them.

On a poll there voted for the amendment—Messrs. O'Gorman and the Chairman—2. Against Messrs. Whelan, Daly, Lynch and Power—4. The proposition was therefore, carried.

Acknowledgments Letters of acknowledgment of resolutions of sympathy were read from Miss McNally, The Mall, and Mr. J. Webster, South Main Street.

Workmen's Wages A letter was read from the County Surveyor, stating that the men engaged in repairing the Sea Wall had to work at low water. Consequently they did tide work. Their work never exceeded 48 hours per week.

Vandalism A workman named Daly wrote complaining that he had been stoned by a man and two boys.

The Chairman said that a new form of vandalism had been perpetrated by some local blackguards. They tarred the seats on the Promenade so that people were unable to use them.

The Town Clerk—It was done deliberately with a brush.

Mr. Power said there was over a ton of stones thrown on the roof and floor of the lavatory at Green's Quay.

Mr. Whelan said the Council should take drastic action in the complaint before them. They should protect their workmen. The tarring of the seats was a scandalous outrage.

Mr. Daly suggested that the parents be written to and warned.

YOUGHAL URBAN COUNCIL

ing tarring of the seats on the Strand. Mr. Power—What is the country coming to at all?

It was unanimously decided to submit the complaint to their solicitor, Mr. Wm. R. Hodnett, with a view to prosecution.

Train Time The Clerk said he had been asked to call the attention of the Council to the fact that the morning train to Cork, which left at 8.5 did not enable people to reach their business till considerably after 9, and it had been suggested that the Railway Co., should be asked to alter the hour to 7.55.

Mr. O'Gorman said it was an excellent suggestion.

The Clerk was directed to communicate with the Railway authorities.

Nursing Association Mr. M. J. Kely, Hon. Sec., of the local Nursing Association wrote asking for the usual facilities in connection with their Annual Dance on 17th August.

This was unanimously agreed to.

New Relief Scheme The Town Surveyor wrote suggesting a committee meeting to consider the question of the works to be carried out under the new Relief Grant. The amount involved was £1,981. They might consider the question of devoting a portion to the completion of the repair of the Sea Wall.

A Committee was appointed to meet on Tuesday.

Council's Resolution Letters acknowledging Council's resolution regarding the employment of Irish technicians in native industries were received from the Secretary of Industry and Commerce, Dr. Kiely, Cork and the President U.C.C.

Blackwater Fisheries Replying to Mr. Power, the Clerk said he had received no answer from Lismore to his letter written over 4 weeks ago.

Mr. Power said he hoped they would soon see the beginning of the end of the Duke of Devonshire's power over the river Blackwater. They were all glad to see how Messrs. Broderick and Brazier, T.D.s, put the fishermen's case before the Dail, telling the Government that the river belonged to the Irish people by right. It should have been taken over long ago by their own Government.

They might confidently look forward to the time when the Duke and his claims would be wiped out.

Mr. Whelan said that Messrs. Broderick and Brazier deserved warm congratulation on their action.

Veterinary Surgeon's Salary A letter was read from the Department refusing to alter their decision regarding the Veterinary Surgeon's salary.

Mr. Power said it was a proper scandal. Their Veterinary Surgeon was a part-time official in name, but a whole-time in reality.

Mr. Broderick said the Council was unanimously of the opinion that the increase they passed, which was not sanctioned, was insufficient for the work.

Mr. Whelan said it was very petty on the Department's part to differ with the Council in a matter of £10 in the salary of such an efficient official.

The Clerk was directed to get into touch with the local T.D.'s.

NOTICE IS HEREBY GIVEN that all claims should be made as soon as possible after the date of the quarter in which same became due.

ELECTION OF CHAIRMAN

At the statutory meeting Mr. P. J. O'Gorman, P.C., (outgoing Chairman) took the chair, and the others present were—Messrs. J. R. Smyth, P.C., R. C. Farrell (outgoing Vice-Chairman); D. McCarthy, E. D. Condon, M. D. Broderick, T. K. Keane, solr., M. Ahern and N. Cashman.

The Chairman said for certain reasons it was his intention not to seek re-election especially as he would not be able to devote the time and attention he would like to the duties of the position. He highly appreciated the confidence they had shown him in by electing him four years ago and re-electing him annually since, and he had reciprocated by doing his best in the interest of the Council and the town. Now that there were signs of a better spirit there and abroad in the country, the new Chairman would have a brighter prospect before him, and he (Mr. O'Gorman) could promise him every co-operation. He had great pleasure in proposing Mr. M. D. Broderick, for the position. He was most attentive and had always taken great interest in the welfare of the place. Mr. Broderick's father was for many years an esteemed member of the Board, as also was his brother, Mr. W. J. Broderick, T.D., Chairman of the County Council. Before leaving the chair, he wished to pay a sincere tribute to their Town Clerk Mr. M. H. Walsh, for his ever valued co-operation.

Mr. Condon said he had much pleasure in seconding the proposition. There being no other proposition, The Chairman declared Mr. Broderick elected and left the Chair, which was then taken by his successor.

The Chairman said that while finally appreciating the honour paid him he also recognised the great responsibility of the position which he did not ambition as he would prefer to be an ordinary member. However, he accepted it at the personal request of the Chairman. He thanked Mr. O'Gorman for his kind remarks regarding his family and himself. He would do everything in his power to fill the trust placed in him, hoping to be relieved of the responsibility in the near future.

Mr. Keane proposed the re-election of Mr. Farrell to the Vice-Chairmanship. When called on he had always filled the position in a most capable and courteous manner. The Chairman, whom he cordially congratulated on his election, could rest assured that in his absence, the duties of Chairman would be ably carried out.

Mr. McCarthy, seconding, congratulated their new Chairman on his unanimous election.

There being no other proposition, The Chairman declared Mr. Farrell unanimously re-elected and said he felt the Vice-Chairman would be a bulwark to him in carrying on the public business of the Council.

Mr. Farrell returned thanks for the renewed honour conferred on him. While regretting the retirement of their old Chairman, he congratulated the Council on the capabilities of his successor. He hoped his own share of the duties would be met as light as he would wish (laughter).

The Clerk having gratefully acknowledged the Chairman's kind remarks, the meeting concluded.

RESISTANCE TO TUBERCULOSIS IN LIVE STOCK

According to work carried out on tuberculosis at the Edinburgh University Animal Breeding Institute, high disease-resisting power does not appear to be a clean-bred Mendelian character, more than one hereditary factor being involved, so that little progress in building up restraint or immune strains of cattle or other stock can be expected by breeding on purely Mendelian lines.

Environment and general management appear to be as important factors in the incidence of bovine tuberculosis as heredity. This, perhaps, explains why Hereford and other beef cattle living practically all their lives out of doors are relatively free from the disease, compared with dairy cattle kept indoors for a great part of the year, and subjected to the insanitary conditions of intensive, often accompanied by inadequate nutrition.

Another point of interest mentioned is that, according to the observation of two French workers, cattle possessing a light-coloured coat and hide contract tuberculosis more readily than those with dark skins even when placed in the same infected sheds.

AN ENGLISHMAN ON THE "NEW IRELAND"

Many readers of the "Dungarvan Observer," who have read Mr. H. V. Morton's charming book: "In Search of Ireland," will recall his beautifully written account of his visit to Mount Mellera and other parts of Cork relative to County Waterford.

His kinsman—Mr. J. B. Morton, the well-known English Catholic writer—humourist (Beechomber) has written "The New Ireland" (Sands and Co. 3/6).

The simple title of the book conceals its far-reaching importance as a contribution to the literature evoked by the Irish struggle for freedom from British and Dublin Castle Ascendancy domination that culminated in the 1922 Treaty and the 1937 London Agreement.

Coming from an Englishman Mr. Morton's book is most convincing justification we have so far read of the Sinn Féin and Irish Volunteer Movements of our day and of all they aimed at and succeeded in attaining for Ireland. No Irishman of our acquaintance could have written a work so thoroughly in its pages of the National and Christian importance of the Irish movements of the past 20 years and of the allied National activities of the Gaelic League, Sinn Féin and other organisations that prepared the way for the final triumph of the National ideal.

Mr. Morton's Catholicism and his Catholic Philosophy of life are two big factors in his capacity to understand the Irish National and Catholic side of our struggle.

The pity is that there are numerous Irishmen Catholics who in their cultivation of "respectability," and tone—especially in our small towns—think it the correct thing to be anti-Irish or non-Irish. We wish we could afford to make a present of Mr. Morton's "New Ireland" to a few score of such persons. If it would not convert them it might give them some embarrassing twinges of conscience that an English Catholic should be so sympathetic and enthusiastic about Ireland's national struggle, so appreciative of the Irish language movement; our industrial revival; our unenviable position as a Catholic nation, and our advance towards a Free and Gaelic Ireland, having its legislative and social system based on the principles of the Gospel and the teachings of the Papal Encyclicals.—S.O.F.

GENERAL O'DUFFY'S "CRUSADE IN SPAIN"

Most of our readers are aware of the organising abilities of General Eoin O'Duffy, exemplified in his work as head of the Civic Guard force from 1922 to 1932 and his campaign through Ireland in 1932-'33 in connection with the Blue Shirt movement. Few of those who met him or listened to his speech at the 1922-'23 period or who later on followed with interest his activities with the Irish Brigade in Spain, would visualise him as a man who could write so interesting and fascinating a book as "Crusade in Spain" (Brown and Nolan, Dublin 5/-).

Beginning with a well-written and informative sketch of historical relations between Ireland and Spain from the earliest times to the battle of Kinsale, he goes on to an account of the events that led up to the formation of the Spanish Republic in 1931 and the developments between 1931 and 1936 that brought about General Franco rising against the Spanish Republican Government; the voracious anti-Catholic and anti-Christian activities of the Republicans, influenced and guided by Russia prior to General Franco's insurrection.

Following this we get the motives that inspired General O'Duffy to bring the Irish Brigade to General Franco's assistance, the formation of the various units of the Brigade; the difficulties it encountered owing to the Irish Government's non-intervention policy in Spain; the disappointment of the Passage East (Waterford) arrangements for transport of the Brigade to Lisbon; the eventual landing of the members via Galway Bay and Liverpool. The entire book is written in a detailed and impartial tone, devoid of any allusions to the existing political events in Ireland that militate against the work of those who were genuinely inspired by a desire to help Catholic Spain.

All that befel the Irish Brigade from their landing in Spain in October 1936 to their return in June 1937 are set out in detail by General O'Duffy in a style that makes one wish that he had long ago taken to the pen or typewriter. Many local allusions will be found in the book and touching tributes to the edifying conduct of the courage and patience, the many hardships of officers and men of the Brigade. There are interesting accounts of General Franco, General Mola, Premier De Riveria, General Robles and other prominent men in Spain.

The kindness of the Spanish Bishops, Priests and nuns who came in touch with the Irish Brigade and their warm appreciation of the worthy and unselfish motives that inspired their going to Spain are set out clearly by General O'Duffy.

The book will be very useful for future Irish historians as a record of another episode of the place of the Irish "Wild Geese" in international affairs.—S.O.F.

HOUSING IN CARRICK-ON-SUIR

Those who visited Carrick-on-Suir this summer after having been absent from the town for some years were very pleased at the success of the Urban Council's Housing Scheme that has provided 1200 houses for families that had been living in the worst conditions of slumdom. A further 120 houses will be built next year. The Urban Council has frequently testified to the excellent and expeditious way in which Messrs. O'Reilly Brothers, Clonmel, have carried out their building contracts and of the good relations that have existed between the contractors and their employees.

YOUGHAL DISTRICT COURT.

Before Mr. G. P. Farrell, D.J.

Poor Rate Cases Mr. J. Condon, Poor Rate Collector, got decrees against a number of defaulters.

Mr. Wm. R. Hodnett, solr., for the Urban Council, pointed out that his clients were only acting for the County Council.

In one case the defendant said he had offered the Council to pay 2/- weekly. Mr. Hodnett pointed out that it would take two years to clear it. A decree was granted.

Undeclared Civil Bills A large number of undeclared civil bills were disposed of, Messrs. Wm. R. Hodnett, T. K. Keane and J. N. R. Macnamara, solrs., appearing for the plaintiffs.

Abusive Language Cathleen Malley, Cork Lane, charged Margaret Doyle, Raheen Lane, with abusive and threatening language. Mr. Macnamara appeared for complainant.

Complainant having given evidence, which was corroborated by her daughter, defendant denied having used the language complained of. One witness for the defence said that Mrs. Malley admitted to her that it was not Margaret Doyle, who used the language in question.

The Justice, dismissing the case said he thought the Malleys exaggerated a lot. Mrs. Malley being under a rule of bail, if anyone was proved before him to be troubling her, he would trouble him or her.

Housebreaking and Larceny John Cunningham, of no fixed abode, was charged in custody on remand with house breaking and larceny. Superintendent Quinlan, Lismore, prosecuted, and Mr. T. K. Keane, solr., defended.

Mr. Keane said they intended pleading guilty. Accused in reply to the Court, pleaded guilty.

The Justice—What are the facts of the case? The Superintendent said that on 8th March last accused called to the house of Mrs. Ormond in the mountain area near Mount Mellera. She and her daughter were in the act of going to cut turf. She locked the door and placed the key under a bucket. Accused saw her doing it. He asked Mrs. Ormond for some water to make tea. She went back took the key from under the bucket and boiled the water for him. After having his tea he left and Mrs. Ormond and her daughter locked up, put the key in the usual place and proceeded to cut turf. When they returned, Mrs. Ormond went to get some money, but she found her purse with 32/- gone.

The Justice—Has any of this money been found. The Supt said no. It was 3 months afterwards he was got, but he thought the man was prepared to make it good. There was nothing previously against him. He was a travelling shoemaker who worked all over the country, and people who knew him were surprised to hear of his lapse.

Mr. Keane said the accused was a native of Abbeyfeich and came of a respectable family. He had been travelling the country to years and there was never a complaint against him before. On that occasion he yielded to the temptation. When questioned by the G-ards he admitted the offence. He was informed that accused expected money from the estate of a deceased sister in America and he (Mr. Keane) was instructed by the solicitor acting for him to make good the amount. In the circumstances he asked his worship to allow the man out under the P.O.A.

The Justice left him out under the P.O.A. in his own recognisances and on his own bail of £20. Mr. Keane having paid into Court the amount taken, with a warning that if he yielded to temptation of that kind again he would be severely punished.

DO WE OVERFEED BACON PIGS?

The old rule in pig feeding was to give as much food as the animals would clear up promptly. But a number of experiments made recently suggest that a pig's appetite is not always the safest guide to the amount of food which it pays the owner best to allow. If less food is eaten it may take more than a month longer to reach bacon weight, but tests at Cambridge showed that restricted pigs grading above standard, outnumbered those which had always satisfied their appetites by nearly four to one. Better grading gave an increased return of 3s. 9d. each and the saving on food amounted to 2s. 4d. per pig, but it is a question for every farmer to decide whether the extra 1s. 1d. average profit made by each of the pigs paid for the cost of labour needed to care for them 35 days longer. The restricted pigs averaged about 4 lbs. of food daily and those eating as they fancied had nearly 5 1/2 lbs. But tests made at Harper Adams College have shown that 4 1/2 lbs. is a ration which is safe for baconers. When less is allowed growth is slowed up too much and the carcass fat is liable to be soft. Needless to say in any tests of the kind a farmer may make for himself, he must use only a properly balanced ration to ensure that all the various requirements of the pig's body are satisfied. If separated milk is not available, any mixture of cereal meals that may be used must contain at least one-tenth of a concentrated food such as white-fish meal which supplies all the protein and mineral matter needed for steady and economical growth. It is, in fact, the starchy part of the ration which is likely to be eaten to excess and by restricting this the animals' digestive organs are enabled to function more efficiently and waste is cut down to a minimum.

### CAPPOQUIN NOTES.

**Interesting American Visitors.**  
Although the weather so far has not been very favourable for the tourist traffic in Ireland, still a large number of tourists from Great Britain and America have already arrived in this country, the unrivalled scenic charms of which can always be relied on to attract thousands of visitors from overseas year after year.  
During the past week we have had the pleasure of meeting two popular and interesting Irish-American visitors, viz. Mr. Thomas Sheehan and Mrs. Sheehan, New York, both of whom are natives of Cappoquin parish, and who are now home for a holiday after many years' absence from the "Old Land."

Mr. Thomas Sheehan is a native of Belmount, Cappoquin, and left here over 35 years ago for New York, and this is his first visit to his native town during all those years. Before leaving for America Mr. Sheehan was for several years a member of the staff of Messrs. Thomas Power and Co., Bottling Merchants, Dungarvan, and while resident in that town he was a prominent member of the famous football team which was then captained by Mr. Wm. Stokes, so that he should be well remembered by many of the older Gaels in Dungarvan today.  
He is brother of Miss May Sheehan, who was for many years in charge of the important licensed and provision establishment owned by Mrs. Walsh in Main St., Dungarvan, out who is now happily married to a well-known Dungarvan man, Mr. Towler, in New York.  
A gentleman of marked ability and rare intelligence, Mr. Sheehan obtained an important and lucrative position soon after his arrival in New York, and later married Miss Susan Lynch, a member of a most respectable family in Camphire, Cappoquin, who was well and popularly known in the business life of this town before she left for the States.  
Mr. and Mrs. Sheehan are accompanied by their two charming and accomplished young daughters, the Misses Rita and Susan Sheehan, and their numerous friends in Cappoquin and West Waterford generally are now delighted to find them amongst them after such a prolonged absence, and looking in the best of health and spirits.  
They are at present staying with Mrs. Sheehan's mother and brothers at Camphire, and after a short rest there, they intend to go on an extensive motoring tour through Ireland, and when the time comes for their return to New York, they will carry with them the best wishes of all here for their continued happiness and prosperity in the land of the Stars and Stripes.

**Another Daylight Robbery.**  
A daring daylight robbery took place at Saltbridge, Cappoquin, on last Sunday. Further details of the robbery and the fate of the robbers will be given in our next week's issue.

Entrance was effected to the house by breaking some window panes, but an extraordinary feature of the case is that while there was a bundle of notes in one of the pockets of a coat belonging to Mr. Kelly, only the sum of 39/- was taken from the pocket, the remainder of the money being left intact.  
Although no arrests has so far been made in connection with the robbery, the Cappoquin Guards are making active investigations into the matter, and in view of the great ability which they have shown in detecting the authors of similar cases in the past, we are confident that the perpetrator of this latest offence will be duly brought to justice in a short time.

**More Local Successes.**  
Mr. J. Foley, Lisnure, whose cycling successes at the Kilworth and Youghal Sports, we referred to last week, has further enhanced his record by winning the one mile cycle event at Garryduff Sports recently, while he got second in the two miles' Cycle Race at the same fixture.  
At Cove sports on last Sunday week he won his heat in the one mile race, and was outright in the two miles Novice cycle race, and will be again seen in action at the Kil sports on next Sunday, when we wish him still further victories.

In the athletic events at Cove Sports on Sunday week, Mr. Norman Walsh, won the 220 yards' Novice race, being second in the Open 100 Yards, and third in the Open 120, being only beaten by a very narrow margin in the 100 Yards by W. Nestor, Cork, who is regarded as one of the fastest sprinters in Munster this year.  
This promising and brilliant young athlete is son of Mr. Aiden and Mrs. Walsh, Springfield, Cappoquin, and is at present studying for the Priesthood in St. John's College, Waterford, and we hope to have further athletic victories to record for him before the sports season grows much older.

**Aquatic Items.**  
Owing to lack of sufficient training the Rowing Club has found it impracticable to send a Senior Eight crew to the Cork Regatta this week, but the club was represented there by a second senior Four and an Under-Age Four.  
The Cappoquin Regatta, which had originally been fixed for the August Bank Holiday, will now be held on next Wednesday week, July 27th, as owing to the lateness of the tide on August 1st, the event could not be held on that date.  
As the Cappoquin club has supported both the Waterford and Cork Regattas, they can safely rely on receiving entries from both centres for our own Regatta here, so that everything points to this enjoyable fixture being as successful as any of the similar fixtures held for many years past.  
Further details of the Regatta together with full list of entries will appear in next week's issue.

**Local Enterprise.**  
We wish to draw the attention of our readers to the important advertisement elsewhere in which Mr. Tim Flynn, announces the opening of a new Conyard in the premises of Mr. Thomas Daly, beside the Bacon Factory, and opposite Mass Lane, at the western end of the town.  
Mr. Flynn has filled an important and trustworthy position on the clerical staff of the Cappoquin Bacon Factory for over 20 years, during which his great courtesy and efficiency have been greatly appreciated by farmers and others having business dealings with the Factory, but now that he has started a business of his own, we hope his old friends will support him in his new undertaking.

**The Band and the Regatta.**  
We trust that it will be found possible to have our local band available for the Regatta on the 27th inst., as nothing can ensure the enjoyment of an event of this kind better than to have a few delightful selections of music played during the afternoon.  
Within recent years we have had to be content to listen to "canned music," in lieu of a band, so we hope that no obstacle will now be placed in the way of the band members to prevent them from discarding a nice programme of music on the banks of the lovely "Irish Rhine" on this occasion.

**Improving the Streets.**  
All the streets in the town which had been considerably cut up in the course of the work on the Gwerage Scheme, are now being re-surfaced and steam-rolled by County Council workmen, under the direction of Mr. J. Brackett, ganger, so that "everything in the gas-works will be lovely" in a short time, and the street will again be in perfect condition for motor traffic, after presenting such a rough and uneven surface during the past year.
