National Hurling League

Waterford, 2-5 (11); Cork, 3-2 (11). Waterford (Munster Champions and All-Ireland Finalists) and Cork shared the lead at the Cork City Athletic Club on Sunday last, when they met in the last game of the series in Group A of the National Hurling League.

The (all-Ireland champions) by defeating Loughinis, at Pottisstown, also led at the top of group B. Waterford's next match will be with Tipperary, winners of Group C. Today's match at the Cork Athletic Club was a dour struggle from the first (final whistle) and despite the weather condition of the pitch the match was played at a fast pace, with the very closest scoring from start to finish.

Waterford playing with a slight breeze had an advantage in the first half, being attacking and had 5 overs to one for Cork before they succeeded in piercing the defence. The game attracted a large crowd of spectators, who, if they had come in the afternoon, would have seen a fine display of seeing high-class hurling, must have been sorely disappointed for all hope was abandoned by the heavy water-state of the pitch.

Waterford, commencing with the wind in their favour, met with a stiff defence, which was maintained for minutes, when Lynch sent in a goal worth a minute later. Creedan sent in a goal for Cork, and it was again twelve minutes later that Waterford again took the lead, when Locky added a goal to Waterford's credit. The point from Locky Byrne and a goal from Sullivan for Brennan for Cork, Waterford half-time leaders by a score of 2-3 to 1-1.

At this stage was stopped, every player standing in silence, while the body of a spectator, who had collapsed, and died in the dressing-room, were removed from the grounds. The resumption of the game the Cork began to attack, and Creedan with a goal from Sullivan with a goal reduced the score to two points. Maintaining their attack, Cork pressed on the Waterford goal until Ryan scored a goal for Waterford. The strain was eased five minutes later when Locky Byrne sent in a goal to equalise.

After the start, Barron narrowly missed a score for the Deeries. From the Cork attack and wonderful Brennan and Buckley were saved. When the play was transferred to the other end, Buttimer shone equally brightly in goal, saving superbly twice. Succession, while Thornhill and he climbed splendidly again and Waterford forwards got going from a goal and Byrne placed neatly for Lynch's goal.

Waterford was not to be deterred, and was extended by him to members, individually and collectively, on such occasions. For a long number of years he was one of their financial trustees, a position he held with loyalty and heartiness up to his demise. It was his duty to propose that the following vote of sympathy be extended to the "Keniry" family and other relatives: "That we, the members of the Tallow Race Committee (1939), tender respectfully our sincere and heartfelt sympathy to the immediate relatives of the late Mr. A. O. Joyce, in their recent sad bereavement." Mr. F. T. O'Leary seconding, it was unanimously passed in silence.

Death of Mr. A. O. Joyce, Tallow— By the demise of the above much esteemed and popular gentleman, which took place at his residence, Devonshire Arms Hotel, Tallow has had to mourn the passing of one of its most prominent and outstanding personalities. Proprietor of the well-known Hotel, he was a universal favourite with all its patrons, particularly those associated with the Commercial life of the community. Up to a few months prior to passing, he was one of the most active members of the local St. Vincent de Paul Conference and as a tribute to his memory, his remains were borne on the shoulders of the brothers of the Conference to the Church and graveside. The representative attendance at the funeral. Requiem Mass and interment was strikingly illustrative of the respect felt at his passing and the sympathy extended to his relatives.

In all efforts towards furthering the welfare of his native town the late Mr. Joyce was prominently identified, and the various committees with which he has associated will sadly miss his presence at their deliberations. Prior to the interment which took place in the family burial plot in the cemetery adjoining the Parish Church, Requiem Mass was celebrated for the repose of his soul by Very Rev. Fr. Kehoe, P.P., who was assisted by Very Rev. J. McCarthy, P.P., Ardflinan, and Rev. Fr. Corbett, C.C. and Rev. H. O'Brien, C.C., Clonchegan, officiated at the graveside.

TALLOW NOTES

Point-to-Point Races— This ever-popular annual fixture takes place on Monday, April 3rd, 1939, over what is considered to be one of the safest and most natural courses in the Southern province.

Picturesquely situated at Springfield, only a few minutes' walk from the town, the course has undergone the most careful and thorough preparation at the hands and under the direction of a most capable committee, comprised of the following experienced cross-country riders and sporting enthusiasts, viz., Mr. Frank O'Brien, who piloted Captain H. Smyth's good horse, "Pop Ahead," to victory at Tallow, in the £50 maiden race some few years ago, and later steered "Pop Ahead" again to victory in the Conyngham Cup at Punctestown; Mr. Rory O'Brien, well-known owner, trainer and pilot, whose mare "Hot Lady" won at the first point-to-point races this season at Lismore; Mr. J. F. O'Keefe, a member of the West Waterford Hunt, who is a keen follower to hounds, and exhibitor at Ballsbridge; Mr. M. Hickey, Master of the Bride Hunt Club; Mr. D. Sheehan, the popular hon. treasurer; Mr. N. McGrath, lifelong member of Committee—all of whom have set themselves the task of having the Tallow course conform to the special rule governing course formation, in compliance with I.N.H.S. regulations. Consequently, owners and trainers should feel assured that "safety" has been the guiding principle of the above-named committee.

The programme, which is drawing a large entry, consists of five stakes, value £100, viz., open light weight, open maiden, open maiden heavy weight, open farmers' and traders', and confined hunt race, all value £20 each.

Given favourable weather conditions, Tallow Point-to-Point races will provide racegoers, owners and trainers with riders, etc., with a field day long to be remembered in the realms of racing.

Tallow Race Committee Passes Vote of Condolence

At a specially convened meeting of the above, held during the week at the Temperance Hall, there was a full attendance of members. Mr. J. F. O'Keefe presided. The Chairman, addressing the meeting, referred in feeling terms to the lamented death, which occurred recently, of the late Mr. A. O. Joyce, Devonshire Arms Hotel. Continuing, he said that deceased, as they all knew, was a lifelong and highly esteemed member of their Committee since its inception many years ago, and was always ready to help, financially and otherwise, when difficulties arose. And as was well known locally, his hotel premises were always available for their committee meetings, and a more than warm welcome awaited and was extended by him to members, individually and collectively, on such occasions. For a long number of years he was one of their financial trustees, a position he held with loyalty and heartiness up to his demise. It was his duty to propose that the following vote of sympathy be extended to the "Keniry" family and other relatives: "That we, the members of the Tallow Race Committee (1939), tender respectfully our sincere and heartfelt sympathy to the immediate relatives of the late Mr. A. O. Joyce, in their recent sad bereavement." Mr. F. T. O'Leary seconding, it was unanimously passed in silence.

Arrangements are now complete for the Monster Whist Drive, in aid of the Parochial Fund, which is to be held in the Boathouse on next Sunday night March, 19th and which is expected to surpass any event of its kind ever held in Cappoquin. At the interval, tea, with cakes, etc., will be served by the Ladies' Social Committee. The chief prizes will consist of "Patrick's Hamper," filled with an assortment of the choicest goods, in the form of eatables and liquors, and these will be supplemented by a number of valuable gifts of varied kinds. Messrs. M. J. Sargent and P. X. O'Leary, two experienced gentlemen appear as secretaries, and they will have the invaluable assistance of the Parochial Ladies Committee. Already, considerable support from outside centres, including Dungarvan, Lismore, Tallow, Aghish and Villierstown, has been promised. KILMACTHOMAS NOTES

With The Waterfords—

Last week-end the Waterford Hounds met at Ballydurn. The day was dry with a cold snap in the air. An average-sized field included—

Mr. J. Russell and Miss M. Walker. (Joint Masters); Lord William Beresford, Georgetown House, Kilmacthomas; Mrs. R. Russell, Seaford, do; Miss Woodhouse, Portlaoise; Mr. Arthur Hunt, Rockmount, Kilmacthomas; Mr. R. Shanahan, Ashdown do; Mr. L. O'Byrne, do; Mr. B. Power, Graigarrush, do; Mr. Tom Cheasty, Ballybrack, do; Mr. P. Morrissey, The Square, do; Dr. Phelan, Carrick-on-Suir; Mr. W. Duggan, do; and M. J. Carroll, do.

Hounds found in the local covert, from whence their quarry headed for Curraghmore at a brisk pace.

The pack was in topping trim and forced the wily brush-bearer to wheel back to Wall's 'knock' at Newtown, where after some covert hunting, Reynard broke and was killed in the open after a further run of about ten minutes duration.

Connell's bog, at Rathmeaden, was next visited and proved uninteresting. The hunt hied to Graigue, and soon had another fox aloft from the covert there. This too took their pursuers up through Tom Power's lands and on to David Coghlan's farm, swinging back through Kilnagrange and on towards Croughan mountain, eventually making good his escape by the fastness thereof, after giving a rattling good run. The entire following fully enjoyed the day's sport.

From the meet at Feddan's Cross, Rathgormack, on Tuesday, the Waterford again experienced sparkling sport. Kilmacthomas is the rendezvous for their St. Patrick's Day meet.

The annual Point-to-Point Races, under the aegis of the Waterford Hunt Club, will be brought off at Lisniskill (one of the finest "natural" courses in the whole country) on the last Thursday of this month (30th inst.).

Hundreds of Mid-Deise Listeners—

Had the happiness of gaining a clear reception of the broadcast of the august ceremonies associated with the Coronation of His Holiness Pope Pius XII, on Sunday last. By the way, as a Ballyneally lady parishoner was sitting beside her wireless receiving set on the auspicious occasion, a tortoiseshell butterfly flew in through the open window and rested a little while on the "loud speaker."

A Stupendous Success—

The semi-final rounds of the monster "45" card drive launched in aid of a laudable local parochial purpose, were played off in the National Schoolhouse, Kilmacthomas, on Sunday night last. Every table in the spacious building was occupied, and the drive proved a splendid success in every shape and form.

The winners of the exceedingly exhilarating drive were partners David Power, Fahaleagh, Kilmacthomas, and John Hickey, Graigue, Strabally (each) were Messrs. Vincent Walsh, Comeragh, and Maurice Ryan, Kilmacthomas. To Mrs. Hickey (widow), Graigue, went the special prize of £1 for householder when winning card was played.

A committee of local ladies served a lovely tea to all participating in the drive. The reverend Pastor, Very Rev. J. Crotty, P.P., is truly thankful for the generous measure of support accorded the function.

Waterford County Board N.A. and C.A.—

The delegate representing the above body at the Annual Congress of the Association, held at Jury's Hotel, Dublin, on Saturday night (11th inst.), was Sergeant Cornelius Horgan, G.S., Kill.

Holidaying—

At present enjoying a well-earned holiday at his parental roof-tree is Mr. "Willie" Stack, the deservedly-popular son of Mr. and Mrs. John Stack, Riverside Terrace, Kilmacthomas. Friend Willie, who occupies an important and lucrative position in London, is looking in the proverbial pink, and his troops of friends and well-wishers here by the Mahon are glad to be renewing happy acquaintance with him.

Did You Hear—

That ten species of Spring flowers not usually in bloom 'til late in March were picked on Garrunturton heath last week? That two robins, a thrush, and a wild duck are brooding on full clusters of eggs in the grove and on the lake adjoining at Gardemorris (Estate of Col. R. Puer O'Shea)?

That the Mid-Deise disciple of Demeter who wondered why his cat had lost its appetite, was furnished with a fitting explanation of the animal's sleek well-being appearance when he found it in the cowhouse milking a quite Kerry cow?

That the Old Borough Hurling and Football Club's capably compiled concert card is certain to captivate a capacity house in the Town Hall, Dungarvan on to-morrow (St. Patrick's) night?

That appreciable progress is being made by those engaged at the work of building 14 workmen's houses in Kilmacthomas? That the dainty Dunhill damsel who, on the eve of Ash Wednesday, vowed a sod of turf she wouldn't smoke again until St. Patrick's Day, "puffed" no fewer than 15 "fags" on the first day of this week?

That the rollicksome resident of the Rathgormack region who punctured his "Adam's apple" with a fish-bone on the first Friday of the month, ate only a dozen potatoes plus two drisbeans for his dinner on Tuesday?

That, at a second to seven on Wednesday evening, as the perpendicular of Croughan mountain vanished into swirling wreaths of opaque mist, already grey with the approach of dusk, a cock crew thrice in a fews farmyard?

That vegetables grown in Comeragh Valley cannot be surpassed for delicacy of flavour and quality?

That on the eve of "La Felle Padraig" a hen Buffington strain, belonging to a Bommahon bean-tithe, laid a four-yolked egg—which was without any glair whatsoever?

That the Portlaoise players enjoyed their trip to New Ross last Sunday.

"The Beresford Family" Writing under the above caption, the brilliant contributor of "Who's who in Irish Life" ("Maev") in the March issue of "Model Housekeeping" ("Ireland's National Women's Magazine") says:—

The Beresford family, of which the six-year-old Marquess of Waterford is the present head, has been closely connected with sport in Ireland for very many years, and particularly with the Waterford Hounds, which in 1844-59 were known as "Lord Waterford's" and from 1859-84 as "The Curraghmores."

Lord William Beresford, who is an uncle of the present young Marquess, is Hon. Secretary of the Waterford Hounds, and resides at Georgetown House, Kilmacthomas. He was for several seasons joint-Master with Mr. R. Russell.

"Freida is daughter of the late Lt. Colonel R. H. Keane, who was Master of the West Waterford Hounds from 1920-'22. She is a niece of Senator Sir John Keane, B.T. For several seasons she acted as Hon. Whip to the West Waterford Hounds and is one of the best riders to hounds in the South.

Kilrossanty v. Dungarvan—

The meeting (replay) between Kilrossanty and Dungarvan in the 1938 Senior Football County Championship, at far and far-famed Fraher Field, Dungarvan, on Sunday will furnish followers of the Gaelic code with an opportunity of measuring up the two teams which again oppose in the initial round of this year's County Championship. Both combinations will be at full strength on Sunday, and granted fine weather the match should be one to satisfy the appetites of all lovers of the "big ball" code.

Large numbers of supporters are expected to be present to uphold and partisans will be anxious to see their performances. That the Old Borough's star is again in the ascendant is the opinion of keen followers of the game. Kilrossanty, always a team of surprises, will certainly go well to prove that "O'Donovan, N.T., who did more than one good man's part in organising the event, was unavoidably absent on the occasion.

The winners of the exceedingly exhilarating drive were partners David Power, Fahaleagh, Kilmacthomas, and John Hickey, Graigue, Strabally (each) were Messrs. Vincent Walsh, Comeragh, and Maurice Ryan, Kilmacthomas.

To Mrs. Hickey (widow), Graigue, went the special prize of £1 for householder when winning card was played.

That the St. Patrick's Night "all-night" dance in the New Hall Kilmacthomas, is bound to be the biggest, brightest and best yet by the banks of the Mahon?

That the youth and beauty of the Baronies will also be well to the fore at the "Big" Entertainment Club's grand Cinderella Dance on the night of the Festival of the National Apostle.

If you use an open razor do not think that there are only a few men like you. There are hundreds around Waterford who claim that an open razor is best and would not think of using a "safety."

Senae one of these fine days as to whether the cuckoo was heard "speaking" through the sunshine of last Sabbath Day in Newtown, or not.

More than one ear heard the bird; more than one two-earred sceptic scorns the idea. No neighbour could conscientiously crow because the cuckoo was not with us earlier in former years. The annual visitor might change its habits with the weather, and might decide that a March cuckoo-call in our climate would be congenial. Almost every day something occurs that never occurred before—or behind. In Kilmeehan, as in many other parts of Portlaoise, folks hear the nightingale at the bedside when the nightingale sings. We do not for the shocking short space of a split second suggest that the cuckoo heard in Newtown neighbourhood on the 12th inst. was an ether echo from another atmosphere. We do say—and we would kiss the book on it—if the cuckoo should come cuckooing out of the ordinary cuckooing-time wisecracks of the Dail or of the "higher" House have no "mandate" to assume the visitation is a "lark" or a "cock-a-doodle-do."

WATERFORD MEET CORK IN FIRST ROUND

The annual Munster Convention, G.A.A. was held on Sunday last in Killarney. The Secretary's report showed a substantial increase in the revenue; the championships were being maintained at a high standard; public patronage was steadily growing, and the loyalty and enthusiasm of the teams admirable.

EXTRACTS FROM CHAIRMAN'S ADDRESS It seems strange at this stage of our national existence that it should be considered necessary to enunciate and recapitulate the patriotic aspects of our programme, said Mr. Sean McCarthy, Chairman at the annual Convention of the Munster Council in Killarney on Sunday last.

"The G.A.A. does not coerce membership," he said, "but it makes a national appeal for public support. It insists, however, that its members will not enduce to pleasure what they joined to encourage and promote."

"We have place within the fold only for those who are imbued with these principles. Still we entertain no bitterness and harbour no ill-will."

A motion that the Gaels of Munster express the complete approval of the attitude of the Central Council on the fundamental policy of the G.A.A. was unanimously carried.

WATERFORD'S RISE Declaring the report adopted, the Chairman referred to the rise of Waterford to fame. They had not come into the front rank, not with a sudden burst, but with steady persistence, since they had won the minor and junior titles a few years back. Everybody regretted that while their names were inscribed on the all-Ireland records, the Waterford hurlers had not won the championship.

EWES STARTS BLASTS CHILLS GARGET MAMMITS HARD UDDERS SWOLLEN UDDERS ALL UDDER TROUBLES

UDDER troubles have ever flourished on ineffective remedies. And still do. But not on the farms where CURUD is used. CURUD always cures. This is not a catch-penny claim—it is a hard fact. Thousands of your fellow Farmers say that CURUD is the greatest drach that they have ever used for udder ills. They say so after practical use and experience. CURUD ends the days of hit or miss remedies. It cures ewes and cows quickly, and completely of garget, milk fever, chills, starts, blots, inflammation and all udder troubles. So, from now on, when udder troubles arise banish them promptly with CURUD. Read what Mr. Wrenn says: "I have a ewe which was suffering from inflammation. She got it a week before the lamb. I gave her three bottles of CURUD and, without any exaggeration, it brought her from death to life." J. Wrenn, Kinnegad, Meath. (The motto under the sheep is: USE BELLS GREAT ANIMAL CURES)

Now give CURUD a trial

You can get CURUD from Chemists and Mechanics in 5/- bottles containing seven cow drachches (14 cow drachches), or in 3/- bottles of four cow drachches (8 cow drachches). BILLS OF QUANTITIES, WATERFORD, will post six 3/- bottles for 9/-.

WATERFORD DEFEATED AT BARRETT'S PARK WEXFORD—2-6 WATERFORD—0-5

In spite of the fact that Waterford fielded a heavier team at New Ross in their National League tie (Group B), they were beaten by Wexford on Sunday last, by a considerably margin. The Waterford side was largely experimental, and on the whole put up a very creditable show.

There were several changes in the Waterford team from that previously selected. Tom Yeale who was absent, was replaced at full-back by his club-mate J. Lonergan, whose berth at left-half was filled by Sean Moriarty of St. Stephen's. The vacancy thus created at left-half back was filled by Sean Crotty, Kilsrossanty, and in the forward line, T. Dalton of St. Stephen's replaced J. Manning.

Waterford opened the scoring with a point per P. Dalton, followed a neat movement by Keane and Moore, and for about a quarter of an hour were on the offensive, but could not make any impression through the poor shooting of their forwards.

Wexford ran up a score of 10 points (2-4) in the first half, but it must be remembered that they were playing with the breeze in this half.

Soon after the resumption, Wexford added a point, and Waterford attacked strongly and added four points, a score which should have been greater, as the forwards, well-served in this half, did not give full value in shooting. Wexford added two points in this half, although the Delsman had the best of the game, but Wexford made few mistakes, fielding well, and grasping every opportunity that came their way.

It must be remembered, however, that this Waterford side was largely experimental and taken all-round the Delsman representatives gave a great display against a strong Wexford side. The latter who are at the head of their group are so far unbeaten, and have several representatives in Inter-Provincial Football. They have besides often been worthy opponents of such first-rank counties as Laois and Kildare. Waterford gave their best League display in this year's competition on Sunday, and with about four changes should be able to account for any of the other Munster teams, when the championship comes round.

Sean Drohan in goal saved well, and his coolness at awkward moments often saved the situation for Waterford, while Sean Lonergan at full-back was very sound, showing good judgment and fielding and kicking well. Jim Fennell of the Pike played the game of his life, and gave no quarter to his opponent, but Sean Crotty, who usually plays on the forward line did not seem to be too happy at left full-back. Christy Moylan, of course, played his usual sound game and put in an enormous amount of work, but the most outstanding man on the Waterford side was Wat. Aspel whose play was a revelation. Aspel, though only a minor, showed that he possesses wonderful judgment and perfect ball control. Ned Moore, fielding and kicking well, gave a sound display at centre-field, but his club mate Casey did not have a very good match.

Amongst the forwards, J. Keane and P. Dalton shone, the former showing that hurling is not his only accomplishment, while the latter stormed the Wexford goal with numerous shots, and scored all of Waterford's five points.

M. Keegan was sound but T. Dalton did not shine. Andy Fleming seemed to be rather on the light side, although his performance was very creditable. P. Daly was not a success as full-forward and should be given a trial in the back line.

Waterford in their last League tie will meet Tipperary at Cappoquin on March 26th, and this match should prove to be a valuable try-out for the Deise for the coming championship.

The following was the Waterford line-out:— (Goal) Sean Drohan Kilsrossanty Jim Fennell Sean Lonergan Sean Crotty The Pike Kilsrossanty Wai. Aspel Christy Moylan Sean Moriarty St. Stephen's Dungraun St. Stephen's Ned Casey and Ned Moore Fenor Tom Dalton John Keane Mai. Keegan St. Stephen's Mt. CHALLENGE MATCH AT DUNGARVAN

DUNGARVAN 4-4 THE PIKE 1-2 At the Gaelic Field, Dungarvan, on last Sunday, a Dungarvan selector had an easy win over the Pike junior football team, in a challenge match. The Pike footballers played a very scrappy game, fielding poorly and kicking weakly, and on Sunday's form will have to show a great improvement if they are to overcome the Kilsrossanty junior fifteen. Gusty Power, the best of the newcomers on the Dungarvan side sent in goals and points from all angles, with powerful right and left drives, while "Micky" Landers, ably assisted by G. Byrne and Tom Carbery were also prominent in the forward line.

Several newcomers appeared on the Pike side, amongst whom J. Colander and M. Norris were the most prominent. Dungarvan lead at half time by 2-2 to 1-1.

The late Mrs. O'Shea was an old and respected resident of Kinsalebeg parish and deepest sympathy is extended to her bereaved relatives—R.I.P.

Poultry Lectures— Very interesting lectures on Poultry Keeping were held in Clashmore, Ballycurran and Kinsalebeg National Schools by Miss B. O'Carroll, Instructress in Poultry Keeping. There was a large attendance of poultry keepers in all cases.

Knockanore Cellithe— In aid of the local Harrier Club a big Cellithe is being held in Knockanore Hall on St. Patrick's Night. All arrangements are in the hands of Messrs. Jack O'Neill and D. Montayne (Hon. Secs.) and an efficient committee.

Ardmore Dance— The big dance in St. Declan's Parochial Hall, Ardmore, on St. Patrick's Night promises to be even better than previous dances held at the ever popular centre. All arrangements will, as usual, be perfect in the hands of the very capable and courteous committee.

Good Books— The books supplied at the local branches of the County Library are a source of such enjoyment and pleasure to the people of the rural areas. They are instructive and help to relieve the monotony of rural life. The books supplied are of a very high literary standard. The County Librarian, Mr. F. Murphy, and his able assistants go to great pains to cater for the taste of each individual reader and no tribute paid to them is too great. It is hoped that the scheme will extend further and that the supply of books will increase.

Aglish Parochial '45' Drive— On Sunday night next commencing at 7 o'clock the final rounds of the Aglish Parochial '45' drive will be played off in Aglish National School. All arrangements are in the hands of Rev. Fr. D. Power, C.C.

Ring Concert— On St. Patrick's Night a grand Concert and variety entertainment will be held in the Technical School, Ring, commencing at 8 p.m. A Cellithe will follow.

Clashmore Match— The members of Clashmore G.A.A. club are at present busy engaged making arrangements for the forthcoming championship match, Ardmore v. Knockanore.

Whitechurch Match— At Whitechurch on Sunday last the football match between Aglish and Bricey Rangers reached a high standard and some splendid football was served up. The "Briceys" are a young and very promising combination and should give a good account of themselves in the championship.

For a new and unexperienced team Aglish gave a surprisingly good display and played first class football. They looked very well in their new green jerseys and their style is excellent. They believe in the training and experience should develop into a very good side. Youth is on their side and they have the advantage of the advice of such experienced players as Larry Cotter and Mick Dooney. We wish them the best of luck for the coming year.

It is the first championship match to be played in Clashmore for over twenty years and a big attendance is expected.

The Ardmore Club— The revival of the Ardmore club is a source of gratification to all Gaels and Mr. Martin Hurley and the other officers are to be congratulated on their initiative. It is hoped that the new club will have a successful year and we wish them well in the championship.

On The Land— Farmers have readily availed of the recent spell of fine weather to push ahead tillage operations and during the past week large areas of wheat have been planted. Work is unusually backward for this period of the year owing to the long wet spell. It is sincerely hoped that the fine weather will continue.

Salmon Fishing— During the past fortnight several satisfactory catches have been taken in Ardmore Bay. On the Blackwater and other areas there is no improvement and the season continues to be one of the worst on record.

Clashmore Parochial '45' Drive— Cards for the Clashmore Parochial '45' drive are now circulated in all areas. They may be played off in sixes at 1s. each person. It is not, however, necessary to have the cards to take part and any six people who wish to play off the first round may do so and send names of winners and cash (6/-) to the members of the committee. Finals will be played in Clashmore, N.S. on Sunday, 26th April. Cards may be obtained from Rev. Fr. M. Power, C.C., Clashmore, P. O'Donoghue, J. Dooney, C. Curran, M. Fitzgerald and C. Curran.

Rockfield Races— This year's Races Meeting at Rockfield promises to be even more successful than last year. Big entries are assured and close and exciting finishes may be expected. All arrangements are in the capable hands of Messrs. P. McCarthy, E. Flanagan and P. Browne (Hon. Secs.) and an efficient committee. The splendid grass course adjoining the main road is being specially prepared and a great day's sport is assured.

Ardmore— The pretty village of Ardmore, picturesquely situated on the West Waterford coast, is fast becoming one of the most popular centres in Ireland. Everything contributes to making it the ideal holiday resort and each summer sees the number of visitors increasing. In the near future your Correspondent hopes to contribute a series of articles entitled "Ardmore—Ancient and Modern." In these contributions it will be endeavoured to give a detailed survey of Ardmore's historic past and bring before the public eye the many attractions of the pretty resort. Ardmore will be shown as a place of contrast where ancient and modern blend to make the ideal holiday centre.

This week we again celebrate the feast day of St. Patrick, our national Apostle, and this week again hundreds of thousands of little green crosses have been posted for over-sea destinations, bearing within them the little sprays of shamrock which help to remind our kindfolk in exile of Ireland's debt to St. Patrick, and to keep his memory green in their hearts.

Mr. Jack Phelan, Chairman of the Memorial Committee in New York City and who was also Q.M. of the 7th Battalion Area during the National Struggle, is by the way bringing a very short but enjoyable holiday to a close. He is most anxious that a full meeting of the Committee be present and he has some very important matters to raise in connection with the early erection procedure and unveiling of the Memorials.

Late Mr. M. White, Waterford— Striking manifestations of regret were witnessed at the removal of the remains of the late Mr. M. Apart from the hundreds of City and County sympathisers, the whole staff of the E.S.B. which had ceased work for the day, marched directly behind the bier and shouldered the remains outside the city boundary. A guard of honour was also provided by his E.S.B. comrades. The greatest sympathy is extended to the deceased's parents and other members of the family in their loss. At the request of his fellow employees the 7.30 o'clock Mass on Tuesday was offered up for the happy repose of his soul at the Friary, Dungarvan.

Late Mr. D. Barry, Ballinacorty— The death took place at the District Hospital, Dungarvan on Thursday last of Mr. Daniel Barry, Ballinacorty.

G.A.A.— The Faha junior football team had their first match of this year on Sunday evening last, when they travelled to Dussill and opposed the junior combination of that historic district in a friendly challenge. From the very outset the visitors dominated play in all departments, and when the long whistle sounded, the register showed Faha's superiority to the tune of 11 pts. as against a virgin sheet for Dussill. A big local crowd eyed the encounter, which was fought out in a spirit of commendable sportsmanship from commencement to close. A return game will take place in Faha in the near future.

Waterford Bull Show— On Tuesday next, Messrs. Fiahavan Harty and Co. will sell under the auspices of the Irish Dairy Shorthorn Breeders' Society, as advertised elsewhere in this issue at Killohan Park, Waterford, 124 Bulls, Dairy 65; Shorthorn, 20; Aberdeen Angus and Hereford. The Auctioneer wishes to draw attention to the excellent opportunity this sale offers of acquiring a first class bull of any breed at a reasonable price. Entries have been received from the leading herds in Waterford, Wexford, Kilkenny and adjoining counties. Any farmer requiring a bull should make a point of attending the above sale as they will be well repaid for the extra cost of keeping bulls until required as they will be able to pay considerably more for inferior animals as the season approaches.

Lord Mayor of Cork: Congratulations— The Secretary, Muntrim na Tire, Ardmore Branch writes:— A Chara,

It is through the medium of your paper I congratulate Lord Mayor, Mr. James Hickey of Cork, on behalf of Muntrim na Tire (Ardmore Branch) on his refusal to give official welcome to the German naval officers who visited Cork a short time ago.

Having had Mr. Hickey in Ardmore last year during the rural week, we feel we must say how much we appreciated the courageous stand he made.

Miss Le Neac, —Maire Ni Chuanin (Rannidhe)

Trial Matches— The teams from the Dungarvan area to play against the Lismore area at Cappoim in both junior hurling and junior football will be selected from the following players:— Junior Football—M. Coleman, A. Noonan, S. Kieckes, P. McGrath and M. Noonan; T. Sheehan, P. Sheehan, P. O'Leary, J. O'Brien, R. Whelan, K. Whelan, Paddy Whelan, J. Curran and M. Connors (Strathally); D. Power and E. Curran (Faha); P. Barry (Kilrossanty); T. Power (Sliabh Ghu); J. Moloney, P. Grant and J. O'Donnell (The Pike); A. Baker, J. Burke, C. Coleman, T. Ryan and A. Noonan (Abbey-side).

These matches were originally fixed for March 17th—St. Patrick's Day, but owing to the Harty Cup Semi-Final being played at Lismore on the same date (6.15 p.m. v. North Monastery), they have been postponed to a further date.

Dungarvan v. Kilrossanty— At the Gaelic Field, Dungarvan on Sunday next, March 19th, Dungarvan and Kilrossanty again meet for the final contest in the 1888 Senior Football Championship. This much advertised match should be a good exhibition of high-class football, as both teams about that all their players are fit and eager for the struggle. It will be remembered that both teams met before Xmas and battled so gamely that neither side were able to gain the upper hand.

So far no changes have been made in either team, although the Connera's meet contemplate the inclusion of N. Crotty, P. Moloney, J. Walsh and J. Kett. On the other hand, Christy McMan, Dungarvan's "ace" player will be engaged on St. Patrick's Day on the Munster selection against Lismore, and may not be able to turn out for the Old Boro' on Sunday next. It is to be hoped, however, that this will not be so, and that Dungarvan will with Kilrossanty, field their very best teams.

To judge by accounts, Kilrossanty has a splendid team this year, which is considered to be the best ever fielded by the parish.

Even, strong and active, they will fight the issue to the finish, and believe that they can defeat Dungarvan on a dry day.

Dungarvan, on the other hand, are always a team full of surprises, and always win when least expected to do so. They have often dashed the hopes of Connera's selectors before and believe that Kilrossanty will not succeed in beating them.

Still, from the last game and from practice matches, it is quite probable that the country team will add another and well-deserved senior football championship to their list.

Departure of Ballinacorty Lady— The many friends of Miss Mary Hanrahan, of Ballinacorty, Dungarvan, who were farewelled to that very popular young lady, who left Dungarvan on her London night, to take up a position in London. She will be very much missed in her own locality, where she was loved by all.

### DUNGARVAN URBAN COUNCIL

**Paysheet signed by Acting Chairman under Protest**

**Economic Best of New Houses Water and Sewerage Schemes**

At the weekly meeting of the above on Friday, Mr. John Dahill in the Chair, the other members present were Messrs. J. J. Crotty, P. Quinn, P. Byrne, and D. Foley.

#### Paysheet

A paysheet for £26 16s. 8d. was presented.

The Chairman referred to a milk item on the sheet under the heading of Town's Improvement and questioned the B.S. as to the expenditure and what the work consisted of.

B.S.—Two men were employed putting clay over the wall near the Shandon Dairy premises to fill up the opening between the roadway and the bulwark left by the sewerage Contractor.

Chairman—Why should this Council be asked to pay for two men who were working for the housing Contractor?

Mr. Crotty—I think the Chairman is on the wrong track now. Personally I would be delighted if I could get the whole lot from the Contractor, but all he would give me until this place is filled in.

Chairman—I refuse to sign the paysheet while this expenditure is on.

Mr. Byrne said he agreed with Mr. Crotty, there are several people who would be delighted to get this clay for tramping but they could not get it from the Contractor.

Mr. Crotty—Yes, Mr. Dahill is on the wrong track. If I got it I would have my own men to help the Contractor's men. The Council will eventually have to pay for filling up this Cul de Sac. He is most anxious to get this stuff, but the Contractor will only give him one lorry load at the end of the day.

Mr. Byrne—I know people who asked the Contractor for some loads of this clay, but he refused until such time as this place is filled up.

Chairman—This place would be filled by the Council and others dumping stuff there, in one week.

Mr. Byrne—Would you give a guarantee it would be done in a week.

Chairman—I am giving no guarantee. Mr. Crotty—I think it is a bit to get this work done in this manner.

Mr. Quinn referring to the remark of Mr. Dahill, said that according to the Engineers, the Council should get particular stuff, yellow clay for this, dumping by the scavenger would not suit there.

Chairman—But why should we pay two men?

Mr. Crotty said he thought the Chairman had taken up the wrong attitude. He would be delighted to take 20 loads a day if he got it.

Mr. Byrne—What does the Chairman want to have done? Is it to dump the stuff on the road side?

Chairman—They won't dump the stuff on the road side because Mr. Bowen won't allow them.

Mr. Crotty—It will make no difference to the Contractor, there are lots of people looking for this stuff. What is the position now? No payment for the men?

Clerk—Perhaps the Chairman will sign the paysheet under protest.

The B.S. replying to the Chairman said he would inform the Contractor and the matter would not arise again.

Mr. Byrne—Does Mr. Dahill think it is a loss to the ratepayers?

Mr. Crotty—It is a gain to the ratepayers. The Council are getting this stuff delivered free by the Contractor's lorry. Replying to Mr. Crotty, the Clerk said the amount of wages for the two men was £2.

The B.S. replying to Mr. Crotty said there is over 100 tons of clay gone into this place.

Mr. Byrne—And as Mr. Quinn stated you are getting the right stuff as suggested by the Engineers.

The Chairman said he was not aware of any order having been made by the Council to have this place filled in. The place could have been filled in with the usual dumping by horses.

Mr. Quinn—The Council are getting this particular job done at quarter the cost.

Mr. Byrne—Now that Mr. Dahill understands that the Engineers wanted this place filled in properly.

Chairman—I understand the thing perfectly. Clerk—What will you do? Perhaps you will sign it under protest.

After some more discussion the Chair-

man signed the paysheet under protest.

**Harbour Account**  
Two paysheets were presented on the Harbour Works account, one £4 4s. 3d. was for repairs to the Quay wall opposite Moloney's stores, and the other £22 10s. 8d. was in respect of the deepening of the new berth at the end of the Quay.

Mr. Crotty said they are making a very good job of the quay wall at the Lady Eell berth. It was in a bad condition.

Replying to Mr. Byrne, the Harbour Master said, as the job is tidal it will require three or four spring tides to complete the deepening of the new berth.

To Mr. Crotty the Harbour Master said the stuff they were removing was being dumped into holes in the stand, so that it would not be unjustly.

The Harbour Master raised the question of the men's wages. They get 4/- a tide. It is very dirty work, and the men work hard. They had suggested to him that they should get at least 5/- a tide.

The Council decided to give the men the extra 1/-.

The Harbour Master said this work was also outside the scope of his ordinary duties.

He got 5/- a tide on similar work before and he thought he was entitled to it now.

The Council agreed the Harbour Master get 5/- a tide subject to sanction.

**Council to be held Responsible**  
Jas. Hackett, Loughmore, wrote complaining that the repairs done for him were useless. The wire put up is only a swing for children. For any damage done after this notice he will hold the Council responsible.

The letter was referred to the B.S.

**Application for Water Supply**  
Mr. John Dwan, Kilminton, wrote renewing his application for a water supply during the erection of his house.

(The application was before the Council at a previous meeting and refused.)

The B.S. said all Mr. Dwan required at present was a supply for making concrete blocks.

Mr. Crotty—if it can be given it should, this man only wants to build a house, and by the time the house is up there ought to be a decent supply in town.

Mr. Quinn—While the present shortage holds it would not be right to give any further concessions.

The Chairman suggested giving a supply for building only.

The Clerk replying to a member said the application of the Dickens Leather Co. was refused.

Mr. Byrne—The Council must consider the majority and not the minority, while there is a shortage inside the Urban Area you can hardly give a supply to people outside the Urban Area.

It was decided to defer the matter to next meeting.

Mr. Dwan later appeared before the meeting and said he was ready to start building and would be held up if he did not get the supply.

Mr. Byrne said the Council had already come to a decision, and had the matter deferred to the next meeting.

Mr. Quinn said the position at present was that they had to refuse people inside the Urban Area for a supply. They had to refuse the Dickens Leather Co.

Mr. Foley said the Mr. Dwan could not be compared with the Dickens Leather Co. in the amount of water he would use.

The order deferring the matter to the next meeting was allowed stand.

**Trespass**  
Messrs. Deo Bros. wrote that the fence dividing the new houses at Gallows Hill, and causing damage to their wheat crop by trespassers coming from the building site and trusting the Council will see their way to repair the fence and stop the trespassers.

The letter was referred to the B.S.

**Green**  
The Hall was granted to the Green Badminton Club on Thursday next.

**Legion Meeting**  
The Hall was granted to Mr. P. Renihan on Thursday, March 23rd for the purpose of holding a meeting of the British Legion of ex-service men.

**Sewerage Scheme**  
Mr. Williams, solr. wrote, enclosing the following report of Mr. Hayes, Auctioneer and Valuer:—

Dear Sirs—As instructed I visited Mr. Kelly's lands. They consist of bogland and I can see no damage done. There is a spring well at the west side which is flowing very freely which indicated there was no stoppage of drainage; as regards Mr. Ballott's premises, this is a boundary wall between Mr. Ballott's holding and

other parties. The fence is an old one, built of large stone and clay with a white-thorn top, the damage I estimate to be no more than £2.

The Club in Stephen St. As pointed out by the members of the club, the pipe was run through the back room which they used as a card room. This was left open for some time. I would estimate the damage for flooring etc. at £5. They had to lay down a concrete floor and repair both sides of the wall where the pipe came in.

Mr. Quinn—The club undoubtedly were put to expense.

**Applications for Houses**  
No action was taken on applications for new houses read from Wm. Kennedy, Jacknell St. and from James Power, Park Tee.

**Water Mains**  
The B.S. submitted a specification for the taking up of certain water mains which are to be replaced by 3" mains.

It was ordered that the specification be forwarded to the Department and that application be made for a grant towards the cost.

**New Berth**  
The B.S. reported taking levels at the new berth, and estimated that 500 cubic yards of material will have to be removed at a cost of about £80.

**Allotment Holders**  
The Department wrote stating that the 36 applicants for plots are eligible to receive same at reduced rents.

Mr. Byrne—Some of the men were asking me to try and get the Council to speed up the scheme, it is getting late. Clerk—We have tenders for seeds and manures, ploughing etc. before us to-night, so there will be no time lost. The Inspector was here during the week and he said we should have tenders for ridges and scoring.

**Water**  
A letter from the Department stated that representation had recently been received from Rev. Mr. G. G. Abbeyside, re the water supply.

Chairman—That portion is one of the minor groups.

**Dampness at Loughmore**  
A letter from Mr. B. Byrne, Loughmore, stated that the boards in one room are eaten away with dampness.

Mr. Byrne—That is so, no one can sleep in this room. Nos. 59 and 66 are in a similar state. With regard to no 36, which was vacant for a while, the bars are missing off the railing.

With regard to the house occupied by J. Mahony, to which the tenant had asked to have alterations made, the B.S. replying to Mr. Byrne said he had visited the place and told Mahony that he understood the Council would give permission but that he was to do the job himself.

The complaints were referred to the B.S.

**Water Shortage**  
Mrs. Keating, Burgery, wrote stating that the Council had promised a full supply of water some time ago. There was no water with the past two weeks, and she would be very thankful to the Council if something would be done to increase the supply.

**Report of Water Scheme**  
Messrs. Delap and Waller, consulting Engineers, reported on the above as follows:—

Dear Sir,  
We regret to have to report that a small subsidence has occurred in the crest of the new dam at Deelish, approx. 10 feet long and 4 feet deep, which was the subject of careful investigation by us last week, accompanied by the Assistant Engineer, Department of Local Government and Public Health, and the Contractor.

The dam was raised to above the high water level, RL 374 early in October, 1938, but owing to very bad weather the portion that was not completed until the 23rd December. Water was allowed enter the reservoir from 29th November, and had reached RL 367 by 28th December, RL 374 being reached about January 5th, 1939.

After that for a few weeks the dam held water well. One of the drains carrying spring water was then observed to be discharging at a higher rate than previously, and another one, more recently to be discharging dirty water. It is impossible to diagnose accurately why this subsidence has occurred. It is quite different to the usual form of "slip" for it started on the upstream side of the puddle line, and was above high water level. It is feared that some leaking of the material below may have been caused by the piping of the puddle wall of the rock below it.

If piping of the puddle wall has occurred we think there is a good chance of this closing under the weight of the dam. We therefore advise that the reservoir be kept empty until mid-June, when we will again examine it to see if it has dried out sufficiently and, should such be the case, the water will be allowed to rise at a rate of a few inches per day. While the reservoir is out of commission the water may at times reach the town slightly off the best clear colour, but no anxiety need be felt as to its purity.

We were informed that numbers of people go to see the dam and walk over it. The dam bore evidence of having been trampled on the crest and back slope, the sodding had been damaged, and, if this slips, the earth fill will be cut out by the driving rains, the dam being in an exposed position.

It is urgently necessary to stop this traffic. We suggest notices against trespass, should be put up at each end of the dam, and at the entry gate from the road, and action taken against those who disregard the notices.

In connection with the above, the caretaker is urgently required to be at hand, and also to regulate the filters. Last week he had not yet been given orders to occupy the new house which has been ready for some time. The filters have been put into commission drawing direct from the stream by means of temporary piping, while the reservoir is empty, and the caretaker is required to regulate the filters several times a day. He should also see that they are regulated to provide sufficient water as it will enter the pipes and cause trouble if he

lets the clear water tank drop too low. We made further investigations into the carrying capacity of the main on Wednesday, 1st inst.; we found that air had entered the pipes between Curran and Deelish, due to cut off during the connecting up of the temporary supply pipes. This had been connected on Thursday 2nd inst., and on that afternoon there was a pressure approx. 160 lbs. at the cattle trough near Tarr's Bridge, 54 lbs. at Tournmore Road and 30 at the Council's Yard; this latter is equivalent to approx. 70 feet head or about RL 90 sufficient to command all the high level area.

The drop in pressure between Tarr's bridge and Tournmore is disproportionately high compared to that between Tournmore and the Council's Yard, as Abbeyside is drawing off the latter stretch.

The water Inspector reported that he had recently examined the outer area and taken up all leaks, but that for many years pressure records had shown a similar state of affairs, a big drop of pressure between Tarr's Bridge and Tournmore.

The B.S. had temporarily tapped four of the five air release points, when the fifth had been attended to a further improvement can be expected, but we recommend that an extra air valve be inserted at a rise in the road between Tarr's bridge and Tournmore, where the original longitudinal section of the main shows a fall, but may not have been so laid, thus causing the constriction we have been trying to trace.

Yours faithfully,  
J. K. Macnevey,  
Delap and Waller.

Deferred to next meeting.

The Clerk said he had written to Mr. Deo to call to the Solr's office to sign the agreement.

Mr. Quinn—As regards the report it is a case "as you say."

Mr. Byrne—Trying to make the best of a bad job.

Mr. Crotty—There will be a temporary supply only, until June next.

Mr. Quinn—That report is not very reassuring.

Mr. Crotty—It means the town will have to depend on an auxiliary supply till June.

B.S.—Yes. But you will have the same pressure.

Mr. Byrne—We are only getting a temporary supply now. I've been informed that it is in the center of the puddle core the leak is. I hope that is not the case, I was in a position to see the puddle core put in, it was supposed to go in four inches at a time but it went in at 18 inches. There was no supervision.

Mr. Quinn said that when there was a report about the Clerk of Works, the Council got very little to say in it. To his mind this scheme, from first to last, was a Department scheme in which the Council had very little to say.

Mr. Crotty—This is a very important letter for the people of the town, and I suggest that it be returned for the attendance of more members of the Council.

Further comment on the letter was then deferred.

Mr. Crotty said he was out there recently and he suggested that the B.S. should draw the attention of the Engineers to the pipe carrying the water over a ravine. There was no protection for this pipe and he thought it should be protected by casing of some kind, as if anything happens to the pipe, the town will be completely without water.

**Tenders**  
Only one tender, that of Michael Kennelly, Thompsons Lane, was received for the ploughing of the allotment plots field.

Mr. Byrne said that Kennelly was a first-class man for the work.

Mr. Crotty—Does he understand he will have to supply plough and horses.

Mr. Byrne said he would accept the tender.

**Free Milk Supply**  
Two tenders were received for the supply of milk under the Free Milk Scheme, viz. Martin Kelly, Kilminton at 1/01 per gal. and Mr. M. F. Walsh, Coolagour at 1/01 per gal.

Chairman—Mr. Kelly is the contractor four or five years now; is there any complaint?

Mr. Walsh, S.S.O.—No, Sir.

Chairman—Then I suppose we had better accept his tender.

**Seeds and Manures**  
Two tenders for the supply of seeds and manures for the allotment plots were received, viz. Messrs. M. Moloney and Co. £24 4s. 0d.; Reps. of Maurice Flynn, £29 6s. 0d.

Messrs. Moloney's tender was accepted.

**Closing a Right of Way**  
Two men named Hogan and Fitzgerald, appeared before the meeting in connection with a right of way at the rear of houses, Nos. 7, 8, 9, and 10. They asked that this right of way which was being turned into a dumping ground be closed.

All the occupants with one exception were agreeable to have it closed.

Mr. Byrne—It can never be kept clean as it is.

**Rent of New Houses.**  
The Clerk informed the members the economic rent of the 129 four-roomed houses would be 5/2 per week plus rates 1/2, total 6/4.

For a 10 three-roomed house the economic rent would be 4/-, plus rates 1/-; total, 5/- per week.

Mr. Byrne—In God's name how can the people who are to occupy these houses pay 6/4 a week, while the most of them are only drawing 6/- a week home assistance?

Mr. Foley—What do you suggest?

Mr. Byrne—What I suggested 3 months ago: that these people hang on to the houses they are in.

The Chairman suggested grading the houses into four groups.

Mr. Quinn—We can't expect the people going into these houses to pay the economic rent. If we did, we would have to be putting them out again after a few weeks.

Mr. Foley—But if you put any more on

the ratepayers you will be putting them out also.

Mr. Quinn said, regarding the Chairman's suggestion, he would not go so far, but would suggest two grades.

The Clerk suggested sending the figures to the Department, and ask their opinion on the grading.

Mr. Quinn said there should be a bigger meeting of the Council to discuss such an important matter.

Mr. Byrne—Ninety per cent. of the people for whom these houses were built will be the one class.

Mr. Foley—There is no use in asking the ratepayers to do any more. I know people with 30 or 40 acres of land, inside the urban area, and they are as poor as the people going into the houses.

Mr. Byrne agreed with Mr. Foley. The ratepayers, he said, had enough to do. The people of Loughmore will not pay any more. He thought the Government should come to the rescue.

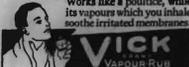

Replying to Mr. Crotty, the Clerk said if the houses were let at the same rent as the Loughmore houses it would mean an increase of 2/3 to 2/6 in the £.

Mr. Crotty—That is big. It would work out at about 2d. per week on the Loughmore houses.

Mr. Byrne said the Government, which professes to be very fond of the workman, should step in. They stand on platforms and say they will build houses for the workers at 2/- a week.

**Sympathy.**  
On the proposal of Mr. Crotty, seconded by Mr. Quinn, a vote of sympathy with the family and relatives of the late Mr. Laurence Joy was passed in silence.

### C.B.S.I. NOTES.

**4th WATERFORD TROOP, ABBEYSIDE. FIRST TROOP HIKE OF THE YEAR.**  
The 4th Troop hike of the 4th Waterford Troop (St. Joseph's) this year was exceptionally well attended on Sunday last. The day was very fine, and luckily remained so for the day.

The troop left the Club at 11 o'clock, each scout taking with him provisions for the day. At Tarr's bridge a halt was called, while the scouts rested and quenched their thirst. After this the S.M. gave orders for each patrol to depart alone and find the shortest route to Deelish, trespassing being forbidden. When the campsites were reached, sticks were gathered and the sod was cut, and everything prepared for the cooking of dinner.

Then came a game, "Hares and Hounds." The 2nd Patrol (Eagle) were the "hares," and received a five-minute start, and were pursued by the remainder of the troop. The "hares" were instructed to sound a whistle at intervals, to give the "hounds" an idea of their whereabouts.

When the game was over, the task of cooking dinner began. "Soot's" small columns of smoke were seen rising from the campsite, and the pleasant odour of stew and rashers filled the air.

When everybody had done justice to a fine dinner, another game was begun. This latter was of practical value also, as it taught many scouts a lesson in semaphore. In the meantime some members of the troop were being examined in tracking by the A.S.M., after which all returned to the campsite, and thence home, which was reached about 6 o'clock, after what every member of the troop voted a most enjoyable hike.

**Investiture on Monday Night.**  
During the troop meeting on Monday night, a Rawly and 2nd Class Investiture took place. J. Byrne and J. Fraher (4th Patrol), and J. O'Donnell (5th) were enrolled as members of the C.B.S.I., while P. Byrne (1st), L. Whelan, S. O'Brien (2nd), and M. Ryan (3rd) were promoted to the rank of 2nd Class. Present at the investiture ceremony were Mr. McCarthy, Chairman, Troop Committee, and Rev. Fr. Power, Troop Chaplain, S.M., A/S/M, and the entire troop.

Rev. Fr. Power gave a short address on St. Joseph, Patron of the Troop, and the devotion paid to him, who was the father of the Holy Family.

Dungarvan Development Association.

At a meeting of the above on Monday March 13, Rev. Fr. T. B. Walsh, B.A., C.C., Dungarvan, presided.

Ring Toy Factory. When the minutes had been read, Fr. Walsh said, in connection with the proposed industry in Ring that the association should facilitate any effort to establish an industry in a neighbouring district like Ring, and they would do everything they could to help them to establish a toy factory.

An Fear Mor, who with Rev. Fr. McGrath, P.P., headed a deputation from Ring, said that they were interested in establishing an industry in Ring. There was a toy factory (Bealain) in Dublin which the owners were very anxious to transfer to a place in the Gaeltacht such as Ring. They were turning out very fine products, but had not sufficient capital, and their premises was rather circumscribed. They thought the situation in Ring was ideal, and they in Ring were thinking of giving them a site free. The firm in question felt that the labour in Ring would be satisfactory, and were anxious to commence as soon as possible in order to capture the Xmas market. There were a lot of sidelines which could be captured as well.

A representative of the Bealain firm said that the value of toys imported into this country annually was £93,774, while the value of wooden toys was £10,000, and the firm would at first confine themselves to wooden toys but this figure could be greatly expanded.

The market was a protected one, and only toys under 9d. were not protected, and he believed that this was because no application for a tariff had been made. He had consulted with the Department of Industry and Commerce, and had got an assurance that their undertaking was consistent with the Government's policy, and there was no reason why they should not get the tariff. Wooden toys did not appear on the London Agreement Schedule, and this was an important point, as they could thus get protection.

£36,198 was the value of the metal toys imported into this country, and no toys of this kind were made here. It all, there was £35,000 worth of business to be captured, and they needed capital to capture it. There was no other business they could see which had £35,000 of an unutilized market.

They had started years ago with no capital, and in a small way. All the labour in the undertaking would be local.

An Fear Mor thanked the meeting for its help. They were raw in industrial organization themselves and were glad to have the help of the Dungarvan Association. The finding of capital was the difficulty, and they would request to be independent of the Government and set up the business themselves. The fact that they would be quite safe investing at home, as to foreign trusts, and that they would rely on the success of the industry, there was great interest in Ring in the project, and it was a good omen that the clergy of the parish were present. They wished to thank them as well as the members of the association for the interest they had shown.

Rev. Fr. Walsh, C.C., Chairman, said that on the whole a good case had been made. It would be practical if some members of the Association were to meet Fr. McGrath and the Fear Mor on the matter. They would all like to support their own industries, especially in the Gaeltacht, which has preserved the language. It would be a splendid thing if the language could be kept there by keeping the people there and giving them work.

On Thursday last, on the second day of the Royal Dublin Society's sale of Pedigree Bulls, conducted by Messrs. Gavin & Co., Ltd., at Ballsbridge, a notable increase was recorded in the number sold, and the average price obtained.

The Shorthorn Champion, Ballinakin Royal Park, owned by Mr. R. A. Latta, Farnham, was the subject of keen bidding, and his price rose quickly. At 270 guineas, Messrs. P. and G. Hughes of Crews, secured him for export to Buenos Aires.

When Mr. J. K. Wright's Kilkea Barriest, the reserve champion, entered the ring, the bidding differed from the judges in their estimation, as he fetched 200 guineas, falling to the bid of the representative of the Department of Agriculture. Two of the bull's progeny were sold at Perth two years ago for £200 each.

TRAGIC ACCIDENT IN WATERFORD INQUEST STORY.

Young E.S.B. Employee's Sad End.

Whist engaged with other working colleagues at Sallypark, Waterford, in the operation of attaching electric cables to one of the new pylons on each side of the River Suir, Mr. Michael White, an employee of the E.S.B. who was involved in an accident, which within a very short time, proved to be fatal.

Mr. White, who was the son of Mr. Thomas White and Mrs. White, Emmett's place, Waterford, was working on a tower ladder placed against the pylon at a height of about thirty feet from the ground, on the main Waterford-Dublin road. Owing to some cause he overbalanced, and was precipitated head-on to the roadway beneath. He was immediately picked up by his colleagues and rushed in a motor car to the infirmary. He died a few minutes after admission.

The tragedy has occasioned profound regret amongst the large circle of friends and acquaintances with whom the late Mr. White was deservedly popular. It is remembered all the more poignant by reason of the fact that the unfortunate victim was still in his early twenties. A steady and competent workman, he had been for a number of years past in the employment of the E.S.B. He was brother of Mr. James White, the well-known Waterford middle-weight boxer, and a prominent member of the Waterford Amateur Boxing Club, with which his father, Mr. Thomas White, has also been associated for some time past. Mr. White, senr., has been employed at the E.S.B. showrooms, O'Connell Street, Waterford, practically since the inception of the Shannon Scheme in the city.

The deceased young man was well-known in Dungarvan where he often acted as a relief man, and had only left this town a few days previous to his tragic death. The inquest into the circumstances touching the tragedy was opened by Mr. C. A. Nolan, City Coroner, and a jury, at the Public Free Library, Lady Lane, on Monday evening.

Dr. J. J. Hogan, Infirmary Resident Surgeon, who described the fatal injuries, gave his opinion that death was due to fracture of the base of the skull and the rupture of the spinal cord. The injuries were consistent with a fall from a height—not necessarily a great height.

Thomas White, father of the deceased, who identified the remains, said his son was employed by the E.S.B.

Engineer's Evidence.—Arthur P. Healy, E.S.B. Engineer, who was an eye-witness of the tragedy, said he was in charge of the erection of wires from Bilberry to Mt. Misery. To get the electrical cables over the telegraph wires he erected a tower ladder on a lorry at Newryah. The stage or platform of the ladder on which the deceased was working would be about thirty feet above the ground. It was the deceased's duty to take the wire clear of the top rail of the platform, as the wires which were being pulled up from a much higher tower were free. The tower ladder was usually bolted to the floor of the lorry, but it was not so bolted on this occasion.

Asked by Mr. McKeown (who conducted the proceedings) as to what caused the ladder to topple over, Mr. Healy said that before the deceased went up the wire was resting lightly on the post office wires on each side of the road, and also on the rails of the platform at the top of the tower. The deceased then went up the ladder to the top of the platform and was instructed, at the appropriate time, to lift the wire rope to which the copper cable was attached, so that the joint could pass over the rail without fouling it.

Mr. Healy, describing the accident, said that when the deceased attempted to lift the wire, he seemed slow about doing so, and the wire slid along the top of the rail in a direction at right angles to the direction in which the copper cable was being pulled. The wire caught on a projection on the top of the rail of the platform and caused the tower ladder to topple over. It all happened in a flash. This was due to the fact that for the purpose of clearing a bridge the cable was not being pulled in a straight line. In the opinion of witness the pressure on the wire could not have been very great, as the telegraph wires were able to support it. The cable was being pulled off from the Bilberry side of the river by a winch and was being pulled up at the Mt. Misery side by another winch.

In answer to the Coroner, Mr. Healy said the copper wire was across the river at the time of the accident, and was being pulled by the steel wire. As the tension was taken by the steel wire, the copper cable slipped on the rail. He deceased was holding the steel wire at the time. The platform tumbled sideways towards the river in the recess at the goods gate of the G.S.R. Co. The deceased was thrown inside the railway wall.

The Coroner—Had the tower ladder been bolted down would it have fallen?—Very probably it would.

As a juror, Mr. Healy said the case was closed to the lorry by ropes.

Asked by Mr. C. S. Quinlan, solicitor (next-of-kin), whose duty it was to see that the floor boards of the lorry were properly secured, Mr. Healy said it was his, but he was assured that the tower ladder was properly fastened when it left the depot. The job of fixing the ladder, he went on, was given by Mr. Enright (E.S.B. District Engineer), who was his (witness's) superior, to Mr. Barry, the foreman, who was primarily responsible for seeing that the cage was secured on the lorry. The apparatus arrived in Waterford at 5.30 on Saturday evening.

Mr. Quinlan—Was it subjected to any tests on arrival?—I personally made no tests. To the Coroner, the witness said he was returned.

EARLY SPRING—

Successful gardeners plan ahead—that is one reason why they are successful. An early Spring does not catch them unprepared. They have decided beforehand the seeds, plants and bulbs that they intend to grow. They have selected the best kind of garden tools that are required. Some garden experts have predicted an early Spring, so like good campaigners, they have purchased their simple and needs already and the assistance of July weather in March would not fluster them a bit. They are prepared. You too may need a spade, a rake, a digging fork or a trowel. A spade saves so much work when anything more than a bucketful of earth has to be moved, a rake saves so much back-aches and so many minutes that can be turned to productive work; a digging fork is indispensable for it saves you, literally, from cutting away the roots of your horticultural hopes; a trowel is the inseparable companion of the digging fork and the necessary small brother of the spade. Why not get one or more of these tools at Harpur Bros. and be prepared. Harpur Bros. has everything for the garden at all prices. Harpur Bros., Quay, Waterford.

Farrell, solicitor (for the A.T. and G.W.U., of which the deceased was a member), Mr. Healy said he thought the tower ladder was extended to very near its maximum.

Mr. P. J. O'Connor, solicitor, who appeared for the E.S.B., said they welcomed the fullest inquiry into the unfortunate and regrettable accident. A report of accidental death was

COUNTY WATERFORD BOARD OF ASSISTANCE

Mr. S. J. Mornihan, Commissioner for County Waterford and Mr. Meehan, Commissioner for Waterford City attended a meeting of the above on Wednesday, March 15.

Proposed Co. Hospital, Waterford. Mr. Frank C. Ward, Chartered Quantity Surveyor, wrote regarding his appointment as Quantity Surveyor in connection with the proposed County Waterford Hospital and stated that during the year 1937 he had increased his staff, and during the year 1938 had a bigger staff than requested for his immediate purpose in order to cope with the work which would be involved by his appointment with the Board.

Fever Hospital. Mr. P. J. Meehan, Commissioner, Co. Borough of Waterford, wrote stating that he wished to report that on Saturday 4th March, he inspected the Fever Hospital, and appears to be adequate for present needs.

In the main block of the hospital there appeared to be a few points worthy of mention. The present lighting is by gas, and appears to be adequate for present needs.

An extension at the rear of the main block is used for scarlatina and scarlet fever cases. This block requires re-slating. He understood from Mr. Meehan that the roof timbers are sound.

All these works were necessary, and it might be well if a contract were given for them, to include the removal of the old sheds on the infirmary side of the building.

Erinnox Beef Extract. On the recommendation of Dr. D. McCarthy, it was decided that the Medical Officers of the Board's institutions be asked to prescribe Erinnox Beef Extract cubes in preference to foreign products.

Lisimore District Hospital. Mr. Ormonde, Assistant County Surveyor wrote stating that the matron of Lisimore District Hospital reported to him some time ago that ceiling plaster had fallen off some of the wards of the Fever Hospital.

County Home Wards. Mr. Ormonde also reported that he had inspected the T.3 and Madam's wards at the County Home, Dungarvan. The walls were for the most part seriously affected with dampness and should be replastered.

County Home Dining Hall. Mr. Ormonde reported that he inspected the flooring of the men's dining hall, County Home. The flooring and joists are very badly decayed and this is not surprising as they are laid on soil without any protection from dampness or any ventilation.

Ardenno Dispensary. Mr. Ormonde, Assistant County Surveyor, wrote stating that he had inspected Ardenno Dispensary. In general, this building was in dilapidated condition, and rather unsuitable as a dispensary, especially as the surgery is over the waiting room.

Dungarvan Dispensary. Mr. Ormonde also reported that he was renewing the tinned gutters at the rear of the Dungarvan dispensary, and had found

Dungarvan Hotel Boots In Serious Motor Accident.

The appeal was that in which Ellen Whelan and her husband, Daniel Whelan, appealed against a decision of Circuit Court Judge Sealy at Dungarvan, dismissing their claim for £300 each against Messrs. Eason and Sons Ltd., for alleged negligence in driving a motor car on June 16th, 1938, at Spring Road, Dungarvan, whereby it collided with a donkey and cart in which plaintiffs were travelling, and as a result of which plaintiffs were seriously injured.

Mr. J. I. McGuire (instructed by Mr. A. R. Farrell, Solr.) appeared for the appellants; and Mr. Kingsmill Moore, S.C. and Mr. F. G. O'Budd (instructed by Messrs. J. F. Williams, Solr.) were for the respondents.

Repeating the facts, Mr. McGuire stated that at about 9 o'clock on the morning of the 16th June of last year—which was a Church holiday—Daniel Whelan, and his wife Ellen Whelan, were driving in a donkey and cart along the road about two miles outside Dungarvan, known as Two-Mile-Bridge. As they approached a corner known as Springmount corner—which was really not a corner at all, but a gradual bend in the road—a car, which was the property of the defendants, appeared, travelling at a rate of about 50 miles per hour.

"As the case would proceed," went on the Counsel, His Lordship would appreciate that the driving of that motor was in the hands of an incompetent driver, who, as he came round the bend, appeared to have lost control of the car to the extent that he was unable to keep it on its own side of the road, and going at about 45 or 50 miles an hour, he crashed into the donkey, killed the donkey, and completely destroyed the cart.

"And worst of all," said Mr. McGuire, "Mr. and Mrs. Whelan were thrown out of the car on to the road, where they lay unconscious. They were taken to Dungarvan District Hospital, where they both spent a number of weeks." Proceeding, Counsel said that the essential matter with which his Lordship would be chiefly concerned, was what was the real cause of this tragedy which befell Mr. and Mrs. Whelan. It was, he continued, necessary to go back to the previous night in order to see where the responsibility for what the plaintiff suffered really lay.

On the evening of the 15th June last year, the defendant's commercial traveller, a man named Marshall, arrived at Lawlor's Hotel, Dungarvan, where he intended to do and did in fact, stay the night. He arrived at about 9.30 p.m. and was met at the door by the boots, Gerald Monaghan. When Monaghan had taken the bags into the hotel, Marshall told him to drive the car to the garage which was situated about twelve or fourteen yards away. To get into the garage, Monaghan had to cross over a public footway in one of the busiest streets in Dungarvan.

"Mr. Marshall," said Counsel, "apparently didn't care a hang whether the boy, Monaghan, to whom he gave the car, was a licensed driver, or whether he was covered by insurance. He did not make any enquiries as to whether Monaghan was a competent driver. Having put the car in the garage Monaghan returned to Marshall, who was then in the key of the building, and handed him the key of his car. Marshall told Monaghan to take on to the key, adding 'you will want to take the car around to the front of the hotel again in the morning.'"

"By leaving the key with this young man," said Mr. McGuire, "he was leaving with a person whom I say on the very appearance, suggested irresponsibility and carelessness, he chose between 9.30 that night and the following morning. All youth, the means whereby to use that car through that night and the early hours of the morning, Monaghan had the means to use the car precisely as he liked. The following morning Monaghan brought the car to the front of the hotel, went for a drive in it, and caused the injuries to the plaintiffs that I have already described."

"There is," said Counsel, "one important feature of this case, around which every thing must hang, and it is the act of Mr. Marshall when he parted with a low price of the car that night, for, I think, your Lordship, as a motorist, will appreciate the suggestion that if a motorist hands over the key of the car to a youthful person, he is undoubtedly, handing over everything that is necessary for that person to do what he wishes with that particular vehicle. I would have expected that a motorist of Mr. Marshall's years and experience would at that moment have asked himself the question, 'Am I wise in leaving the key of my employer's car in this young man's possession? So that, as far as the legal propositions are concerned, the plaintiffs case may be reduced to this simple proposition, viz.—that it was Mr. Marshall's carelessness in not anticipating what might not unfortunately happen that was the real and effective cause of the mischief.'"

Mr. McGuire proceeded to read authorities to his Lordship, who was informed by Mr. Kingsmill Moore, that in so far as the driving of the car by the person who is actually driving was concerned, he would not suggest that it was not negligent. It was not part of the boy's duty, said Mr. McGuire, to touch a motor car at all. Mr. McGuire then went on to quote decided cases in support of his contention as to the defendant's liability.

"Is it to go out from the court," said Mr. McGuire, "that a motorist may part with the key of his car to a young man and is not held to be negligent in doing so? One is not entitled to assume that a person is not going to commit a crime," he added in reply to the Judge.

Richard Marshall, who appeared under sub poena, said he is employed for the past nine years as commercial traveller by Messrs. Eason, who supplied him with

AMATEUR BOXING. DUNGARVAN AND WATERFORD MEN IN CHAMPIONSHIP FINAL.

It is little more than a decade since amateur boxing in this country had a recognised association. Since then amateur boxers from Ireland were looked forward over the world, and in both hemispheres justified their reputation and brought honour to their country. In later years Irish boxers felt they had a grievance, in not having a national stadium of their own. To remedy this, boxers, from beginners to champions, all over the country held tournaments and gave the proceeds, and in many cases returned their prizes, to help to build such a stadium as would be worthy of their prestige in the boxing world. This they have done, and it is noteworthy that the European championships are to be held there next month. This year's European championships are looked forward to with the greatest interest by boxers and fans alike, as our men, boxing at home for the first time, should feel more confident before an audience of their own countrymen. The Irish championships were therefore looked forward to with the keenest interest, and to add further spice was the added incentive of the American and European tours, apart from the international championships with Scotland, England and Wales.

This year in particular Waterford boxing fans had a particular interest in that they had two finalists, viz. S. Sullivan, Waterford B.C., middle weight, and J. Draper, St. Andrews and Dungarvan B.C., in the feather weight, both of whom have only just turned twenty years. S. O'Sullivan has only been a year or so boxing, and is a protégé of Garra (Boy) Murphy, to whom the progress of amateur boxing in this country is chiefly due.

S. Sullivan in the semi-final defeated Corporal Reid, of the Army B.C., who had defeated last year's champion, M. Coffey. Coffey, it will be remembered, created a sensation in America last year by his quick wins, due to his terrific punching. Sullivan was only narrowly beaten in the final by P. C. Marshall, Belfast, who had far greater experience. J. Draper, the feather-weight finalist, who through boxing under the colours of the St. Andrew's B.C., is a native of Dungarvan, and comes of a well-known Dungarvan family, both in the sporting and business spheres.

Clarence Draper, however, was always known on boxing, and had all the youngsters about his own age in Dungarvan, as it were, boxing mad. He first came into prominence in last year's junior championships, when after reaching the final he was narrowly defeated by J. Smith, the man named Marshall, who had far greater experience. In this year's final Draper met J. Draper, who had far greater experience. In this year's final Draper met J. Draper, who had far greater experience. In this year's final Draper met J. Draper, who had far greater experience.

This year, in the senior championship, Draper upset all calculations by defeating Gunner Dowdall, of the Army B.C., in the second decision in Dublin the spectators strongly voiced their disapproval of the verdict. In this year's final Draper met J. Glennon, of Unity B.C., and though the verdict was given against him, Press reporters thought that Glennon's last-minute recovery must have influenced the judges. Since then it seems a mistake was made by one of the judges in adding up the score card, and the verdict is now likely to be reversed.

Great credit is due to Jackie for his wonderful showing, as he had not done any boxing or training for several months, owing to having to sit for examinations, and having to reduce ribs, at very short notice. Dungarvan fans were also interested (even if indirectly) in Matt Barry, the local water-weight, who will be remembered for his great fights against Col. Moore in Waterford and Col. Ewenden in Dungarvan. Both these men were defeated in their USA. tours. This year both were hotly fancied for the title, and it was generally expected that they would be the finalists. They met, however, in the first round, Col. Ewenden winning after a great fight, and then going on to win the championship Matt Barry put up a wonderful show against both these men, and if Dungarvan had only a proper gymnasium and facilities enjoyed by other clubs, it is more than likely we would have a water-weight champion.

A motor car. He covered Eire and visited Dungarvan about three times a year. Proceeding, Marshall described how on arrival at Lawlor's Hotel on the night of June 15 he was met at the entrance by 'Boots' Monaghan, whom he knew and whom he gave the car and the key, telling him to take the car to the garage, and bring it round to the front of the hotel at 10 o'clock next morning. Marshall added that nobody used the car but himself.

In cross-examination witness said that Monaghan, who had been employed as 'Boots' at Lawlor's for a number of years, had always appeared to be a decent respectable boy. He had taken witness's motor car from the hotel to the garage for a number of years and had returned it on several previous occasions and had always done so properly. It was the custom to give the key to the 'Boots' to take the car to and from the garage, and he had never heard any suggestion that the boy had gone for a joy-ride before. He added that it was a common practice amongst commercial travellers to give the car keys to the 'Boots' in order that the cars could be taken from the garage in the order required.

THE DECISION. His Lordship held as a matter of law that Messrs. Eason were not liable for the injuries these people had suffered, and consequently he dismissed the claims.
