THRILLING RESCUE AT WATERFORD

Boy Rescued From Cliffs.

Twelve-year-old William Lenihan, Tecon Waterford, escaped a death...

The Mount Misery cliffs, scene of the young adventurer's attempt...

The boy had descended about 100 feet when he reached a dangerous ledge...

Standing on a small plot of grass, the boy could neither proceed farther down nor ascend the face of the cliff...

Young companions, with whom he had been playing previously...

With remarkable coolness, the boy knotted the rope firmly under his arms...

Once more instructions were shouted to him, and, foot by foot...

Cheers were raised by a large gathering as the rescue was achieved.

A year ago Mr. Lynch assisted in the rescue of a man who fell into the Suir near Waterford Bridge.

OFFENCES AGAINST THE STATE BILL PASSED

Senator's Statements

He failed to see in the Bill what should have been included—provision for sealing...

On the Report Stage, amendments by Mr. Rutledge, Minister for Justice, dealing with the printing and publishing of seditious or unlawful matter, were assented to.

He said when the Bill was being drafted he did not see any way in which it would be able to deal with the position of newspapers coming into the country...

He felt it was not a desirable way of dealing with it, but while they had the opportunity that there were certain newspapers circulating in this country which had no Irish edition and which have little Irish news...

On the other hand, there might be a very innocuous paragraph in the paper which might offend. It would be very hard to say they should hold a paper up and say that they should suffer the penalty...

CHILD FALLS FROM MOVING TRAIN

Remarkable Escape.

Little Joan Cogburn, Eilickfriars, Waterford, had a remarkable escape from serious injury when she fell from a carriage of a Waterford-Tromore train.

The door of the coach in which she was travelling with others, was securely fastened when the train left Waterford, but when it reached the bridge over the river, the carriage door opened.

She was found on the railway side, suffering only superficial cuts and abrasions. She was again placed on the train and taken to Tromore, where her injuries were dressed.

YOUGHAL URBAN COUNCIL

Present—Messrs. M. D. Broderick, Chairman; E. D. Condon, M. A. Power, T. Beausang, J. Whelan, J. R. Smyth, P.C., E. P. Lynch, W. J. Broderick, T.D.; Mr. J. P. Murray, B.E. was also in attendance.

LABOUR AND WAGES. A cheque for £24 5s. 8d. labour and wages was passed on the proposition of Mr. Smyth seconded by Mr. Whelan.

THE RATE COLLECTORSHIP. The Clerk said the first matter he had to put before the meeting was in connection with the vacancy of a Rate Collector. Not receiving sanction of the advertisement for the position he notified the Council to that effect. In the circumstances they would have to re-draft the advertisement. Their colleague, Mr. W. J. Broderick, T.D., waited on the Department who were satisfied with the advertisement, provided that a clause to the effect that Irish was essential to be included. Who was to be a judge of the requisite knowledge of Irish was a matter for the Department.

MISSING POSTERS. Mr. Aherm said they were all led to believe that the advertisement was issued. Nobody seemed to have seen it.

The Clerk said he ordered the posters to be printed and issued in the usual way. He received a complaint to the effect that they were not posted. The billposter said he put them in the usual places.

He (the Clerk) went around but couldn't see any of them.

The Chairman said there was no sign of them in the usual places.

Mr. Condon—I think the billposter ought to be called on for an explanation.

Mr. Lynch—We have nothing to do with him.

Mr. Condon—We want to know who is responsible.

A letter was read from the printer who said that he had given the bills to the billposter, who stated positively that he had posted them in the usual places.

After further considerable discussion, it was decided, on the proposition of Mr. Power seconded by Mr. Whelan that in future the publication of all announcements should emanate from the office directly.

The Chairman said in the circumstances they couldn't advertise the vacancy until they received the official sanction. The only thing they could do was to re-draft it and await sanction.

Mr. Power—What is the extraordinary hurry about the thing? Even if the rate was struck, I fail to see how they could be got in these times.

The Chairman said the hurry was not about the rates, but about the cottage rents. If the tenants got into arrears, how could they collect them.

Mr. Power—Go up and down the Main Street and you will find many shops, especially licensed premises, closed up. You can't get rates from them.

Mr. Condon said that Mr. Farrell should be asked to continue in office till the appointment of his successor.

Mr. Lynch suggested that the point of the urgency of the matter to the Department, and ask for immediate sanction.

Mr. Broderick agreed.

The Clerk said he had written to the Department on the matter on the 5th and 9th inst.

Mr. Lynch's suggestion was adopted.

RED TAPE AND "CODOLGY" Mr. Power said they came there to do the business, but they were held up constantly by the Department. There was more red tape and "codology" nowadays than ever in their history. (Hear, hear.)

A MEMBER'S QUALIFICATION A letter was read from Messrs. Edredt, sons, stating that Mr. M. Cashman was not disqualified by his absence.

TALLOW STREET Mr. Power called attention to the great want of a main sewer in the populous district of Tallow Street. The residents had a great grievance.

The Chairman said there were difficulties in the way.

The Clerk said the levels were the trouble. They might get their M.O.H. and Engineer to visit the place and submit a report and estimate. They might then ask the Department for the fifty per cent grant.

Mr. Power—Why not make the landlords provide the necessary sanitary accommodation.

The Clerk's suggestion was unanimously adopted.

CHAPEL AND WINDMILL LANE Mr. Lynch said there were other localities, Chapel Lane and Windmill Lane, for instance, in a similar predicament.

EMPLOYMENT SCHEMES. The L.G.D. wrote asking for a list of those between the ages of 18 and 20 engaged in unemployment schemes and other details.

The Chairman—Owing to the lack of official sanction we have none employed.

Mr. Power—The Department are holding everything up.

WATER SUPPLY. Letters were read from the Manager of the Mental Hospital, and from the En-

gineer of the Cottage Hospital, complaining of the water supply.

The Clerk said their staff was at present engaged in cleaning the filter beds at Boula Headworks. When the work was completed the usual supply would be available.

MENTAL HOSPITAL. Mr. Lynch inquired whether the Mental Hospital authorities had renewed the internal fittings as suggested some time ago. There was more waste of water there than in any institution in Ireland. On one occasion the Council had received a similar complaint. The Water Curator and he visited the Hospital and found 24 one-inch taps running "full-belt" in the laundry. At the same time it was said that there was no water in the tank. He went up and found it full. There was something queer about the whole thing.

Mr. Beausang strongly endorsed Mr. Lynch's remarks.

THE PROPOSED NEW BRIDGE. The Clerk said that in accordance with their instructions he had summoned a meeting of the members of this Committee as they had recently and had received the following letter from Mr. J. Bowen, B.E., Waterford Co. Surveyor.

County Offices, Dungarvan, 19/5/39.

Dear Sir—I am in receipt of yours of the 18th inst. I am afraid that the meeting suggested could do nothing useful at this stage, and that it would be best to defer it for the present.

As already pointed out the business of the new bridge must be carried out by a special committee appointed by the Co. Councils, and the Committee must consist of four members from each county.

The Co. Surveyors are debarred from acting as members of this Committee as they have to act as advisers to the Committee.

I am doing everything possible to expedite the proceedings, and the actual work of the bridge, but you must understand that the legal procedure must be closely followed, and it is very cumbersome.

You will find the procedure laid down in the Bridges (Ireland) Acts of 1834 and 1867, and reference also in the Adaptation of Enactments Act & the Local Government Act of 1925.

I am informing Mr. O'Connor, Mr. Broderick and Mr. Moylan of this, as they may save time.

Yours faithfully, J. Bowen, B.E., County Surveyor.

M. H. Walsh, Town Clerk, Youghal.

Letters on the same subject were also read from Mr. R. F. O'Connor, Cork Co. Surveyor; Mr. P. J. Little, T.D., the Irish Tourist Association, and the Automobile Association.

Mr. Power said that the people were complaining that the Council were doing little or nothing in connection with this important matter, but it would be obvious from the voluminous correspondence read that they had very little say in the matter.

He would ask the Press to convey the information to the public.

A long discussion ensued during which it was stated that the T.D.'s concerned had waited on the Department in connection with the matter. They were informed that the Department could take no action at the present stage and it was pointed out that the Co. Councils only could appoint a Bridge Committee.

Mr. Beausang said that some action should be taken long ago at the Bridge.

Chairman—When the first bus went over it, it should have been reported unfit for such traffic.

BARIBOER SILTAGE The following letter was read in connection with the subject of the proposed new bridge—

Department of Industry and Commerce, Transport and Marine Branch, 23rd May, '39.

A Chara, With reference to yours of the 6th inst. on the subject of the proposed erection by the Waterford and Cork Co. Councils of a new bridge at Youghal to replace the existing structure, and requesting the Department's observations regarding the methods to be adapted to prevent siltage, which, it is stated, is at present caused by the solid masonry projections at the existing bridge, I am directed by the Minister of Industry and Commerce to say that he is not in a position to advise in this matter.

I am, however, to suggest that representations might be made by your Council to the two Co. Councils concerned, with a view to taking the interests of Youghal Harbour into consideration, when plans for the new bridge are being prepared.

Mise le neas, S. O'Flynn, Town Clerk, Youghal.

BUS TRAFFIC ON BRIDGE. Mr. Power said he would like to again call attention to the grave inconvenience to bus travellers having to wait at the bridge. Would it not be possible to have a light bus that would comply with the regulations, put into service. He proposed that they call on the Omnibus Co. to devise some means of meeting the want.

This was seconded by Mr. Whelan, and passed unanimously.

WATER WASTAGE. The Town Surveyor reported that a number of leaks in the water connections had been discovered at various parts of the town, but although the Water Curator had notified them, nothing had been done in some cases.

The Clerk said that the Water Curator had been supplied with copies of notices calling for the necessary repairs.

It was unanimously decided to take drastic action where the leaks found had not been repaired.

SYMPATHY. Mr. Power proposed a vote of sympathy with Mr. M. J. Harris and his sisters on the

death of their sister in America. Mr. Whelan seconded.

The Chairman said that the Harris family were deservedly esteemed by the community at large, and they had the sincere sympathy of all creeds and classes in their sad bereavement.

Mr. Aherm proposed a similar vote to Mr. J. and Miss Twomey on the death of their mother.

This was seconded by Mr. Beausang. Other members associated themselves with the proposition.

The Clerk on behalf of the other officials and himself joined in the vote.

The Chairman said that in adopting those votes of sympathy they were expressing the feelings of the whole community.

The propositions were passed in respectful silence.

LETTER FROM MR. LITTLE. A letter was received from Mr. P. J. Little, T.D., stating that he was taking up the question of allocation of portion of the Relief Grant on the widening of the 6 inch water main with the Minister.

A Complaint. Mr. Lynch said that local and other milk vendors had to incur considerable expense to qualify for registration. It was therefore most unfair that a certain person in Friar Street who was not so registered should be allowed to compete with and under-sell the regular vendors. The same person kept pigs in a house which should have been demolished under the Clearance Area Order.

The Town Superintendent was instructed to make inquiries and report, when the Council would take the necessary steps to have the law complied with.

BALLYDUFF NOTES

CONFIRMATION CEREMONY. His Lordship, Most Rev. Dr. J. Kinane, D.D., Bishop of Waterford and Lismore administered the Sacrament of Confirmation to fifty seven children of the parish of Ballyduff at St. Michael's Parochial Church on Friday, May 26th, on the occasion of his Lordship's biennial episcopal visit.

Mass was celebrated by Rev. Fr. McCarthy, C.C., who spoke on the importance of the Sacrament of Confirmation. He stressed the necessity for parents to continue the pious education received at school when children reach the adolescent stage, as this was the age when character was moulded into definitely good or bad habits. Parents should continue to build on the pious atmosphere of the school. Most lapses from virtue and morality occur during this critical age due in great part to the indifference of parents. His sympathy and admiration went to the parents of this and other rural parts because of the hard struggle they must make to supply the material wants of their children. They were the real patriots because they contribute in both the material and moral sense, and were imbued with the fine tradition of an intense faith. God himself chose the home of the poor, rich in faith and heirs of love, for his earthly abode.

In the course of his episcopal address, his Lordship said he was most pleased with his visitation, and the excellent report of the religious condition of the people of the parish. He congratulated especially the Parish Priest for the good order in which the Parochial buildings were maintained, and was especially pleased with the tribute paid by the curate in the people of the parish, as he fully realised how good they were. The children had been excellently prepared and he wished to thank all responsible, especially the teachers. He exhorted the parents to continue to cooperate in the religious and moral training of the children, and by exercising proper control in the early impressionable years, help to preserve them in later life.

His Lordship then gave a short sermon on the Blessed Sacrament which is God's most precious gift to man and the source of all grace and sustains the life of the soul. He appealed for an increased and intensified devotion to the Blessed Eucharist, frequent and fervent Communion restrains the rebellious instincts of the flesh, brings peace to the mind and infuses the soul with celestial joy. In conclusion his Lordship asked the congregation to offer up their Communion for the intentions of the Pope, keeping in mind His Holiness' wish for peace.

Addressing the newly confirmed children his Lordship reminded them that this was the most important day of their lives as the Holy Ghost had come upon them and made them perfect Christians and soldiers of Jesus Christ. God had given them the great weapon of grace with which to fight and he hoped they would make full use of that weapon in resisting the temptations which would assail them during life. He appealed to them to ask God that war would be averted and that the peace of Christ would reign. Having given this pledge against intoxicating liquor his Lordship asked the children to lead holy and temperate lives. Having imparted the Apostolic Blessing, his Lordship gave Benediction of the Blessed Sacrament. Sacred music was supplied by the girls' choir under Mrs. B. Prior, N.T.

The assisting clergy were Very Rev. M. Dowley, P.P., Ballyduff; Very Rev. W. Keogh, P.P., Tallow; Rev. Fr. McCarthy, C.C., Ballyduff; Rev. Fr. O'Gorman, C.C., Lismore; Rev. Fr. Colbert, C.C., Tallow.

The children were very tastefully attired, and sponsored by Mrs. B. Prior, N.T., Ballyduff; Mrs. K. Long, N.T., Woodcock; Miss K. Butler, N.T., Ballyhealy; Mr. J. Murphy, N.T., Ballyduff; and Mr. P. O'Neil, N.T., Ballyhealy.

As the Bishop left the Church a large number of people lined up to kiss his Lordship's ring.

MAY PROCESSION. The annual procession in honour of our Blessed Lady took place at St. Michael's Parochial Church on Sunday evening last in the presence of a very large congregation.

The first decade of the Rosary having been recited by the Very Rev. Fr. Dowley, P.P., in the Church, the statue of Our Lady was borne by four school girls down the aisle and out into the Church grounds followed by the school girls in their white veils and blue dresses, then the school boys and the whole congregation. During the procession hymns as Our Blessed Lady were sung. The remaining decades of the Rosary were then recited, and during the beautiful hymns—"Oh! Mary we crown thee with Blossoms to-day." The statue was crowned by the youngest child present. A short sermon on devotion to the Blessed Virgin was delivered by Rev. Fr. McCarthy, C.C., after which the procession returned to the Church where Benediction of the Blessed Sacrament was given. At the conclusion of the ceremonies "Faith of Our Fathers" was sung by all present.

WEATHER. The advent of fine weather brought a very notable change in everything. Everybody seems imbued with new life. The

drabness and dreariness of winter have gone, the country looks fresh and green and, greatest boon of all, the shadow of war has passed away, leaving a feeling of hope and thankfulness. God grant that this may be the dawn of a new era of peace and prosperity for the world.

FISHING. The improvement in the weather has not brought any corresponding improvement in the fishing. Salmon are still very scarce and it is exceptional to hear that one has been caught. We notice that Dr. Ryan in a reply to Mr. Linehan, T.D., in the Daily Mail stated that fish come over the Lismore weir in the ordinary way. Ambitious sportsmen like this are not very enlightening and give the impression of evading the question. We who are directly interested in the matter, know it would be extraordinary for a salmon to get over this weir known as the Queen's Gap, and if he came down and had a look for himself, as we had on previous occasions stated in these columns, the killing hatch, which the salmon cannot escape—is operated from 6 a.m. on Monday to 6 a.m. on Saturday and during that period fish have no chance of reaching the upper waters.

Some years ago the riparian owners paid a large sum to have this killing hatch left idle for the first three months of the season. This sum was of course added to lessees of the different fisheries, who ultimately objected as they logically stated that it was ridiculous to be paying big prices for fisheries and then have to pay someone at Lismore to let the fish up the river. Since this tribute has ceased the Killing Hatch is operated full time with the result that rod fishing on the Blackwater is practically finished, and large numbers formerly employed as gillies and attendants are now out of work, and money is being circulated in districts near the river is seen no more. It is time that Ministers, Conservators and others, whose duty it is to see that the rivers are adequately protected and stocked, should wake up to the fact that the salmon country on the Blackwater are just a source of commercial gain to a select few who rely on some ancient charter as proof of their rights.

Fortunately the Blackwater is fairly well stocked with trout, and although up to the present large bass have not been the rule, it is expected that with the hatch of the various rail bass river, catches will be made each evening from now on. We were pleased during a recent evening stroll along the bank of the river for about a mile to count a dozen anglers hard at it, fishing. The most of these were tubging men who when the toll of the day is over love to spend a quiet evening trying to catch the sporting trout. What a pity that it should now be proposed to put a tax of 5/- on each one of them. For some it will mean having to give up their fishing as when their meagre earnings are taxed on top of food, taxed clothing and taxed amusements, they cannot afford taxed fishing also.

DUNGARVAN URBAN COUNCIL

At a meeting of the above on Friday night, May 26th there were present Messrs. M. Morrissey, T.D., Chairman; T. McCarthy, Vice-Chairman; D. Foley, J. Dahill, M. Connors P. Dwyer and P. Byrne.

Also present were Messrs. Williams, solr., and Dr. Casey, M.O.H. The minutes having been signed, a wage sheet of £24 19s. 4d. was read and passed, and other payments amounting to £334 5s. 1d. were also passed.

QUOTATIONS The quotation of John Moloney for a range of £8 4s. 6d., being the lowest, was accepted and the quotation of the Reps. of Maurice Flynn for spraying material for the plots, being the lowest, was also accepted.

WATER SUPPLY F. H. Campbell's application for connection with the water supply was granted, subject to the usual conditions.

APPLICATIONS FOR NEW HOUSES. Mary Flynn and John Daly applied for new houses under the Housing Scheme.

Mr. McCarthy said that John Daly had a very bad house. A tenant at 82 Loughmore road asking for a new house on the site of the old one which he had left in order to oblige the Council.

WATER SUPPLY Denis Deo, Caretaker, reported that the stream was very low owing to the dry weather. There was a good supply in the tank and filters.

The Chairman said that he had recently been standing on the Square and he could hear water gushing under his feet. The same applied to Mary Street.

The S.S.O. said he was waiting for the plumber. Chairman—Haven't you compulsory powers if those people don't attend to the matter?

S.S.O.—Yes, we can cut off the supply. Chairman—We have been requested by the Department to see to wastage and leakage.

A report should be sent in as soon as possible. Borough Surveyor—All leakages have been seen to.

Mr. Dwyer—The water supply is no better, and all repairs are bunkum. Mr. Byrne—Can the Department's Engineers do anything so that the people will not have to suffer?

Chairman—They'll suffer worse if dry weather comes. We were promised a supply and we haven't got it. There is something wrong, and we must be sure that if a sworn enquiry is held, our officials cannot be blamed. I would propose if something isn't done, that a sworn enquiry be held. We should have an increased pressure.

Mr. Byrne—Didn't the puddle dam give way? Chairman—Yes, and that will give trouble yet.

Mr. McCarthy—Has the well been repaired yet? Chairman—No. It was suggested that there were springs, but it is strange that the springs were not seen when the dam was empty.

Mr. McCarthy suggested that the pipes be taken up. Mr. Byrne—Didn't the Department suggest that the valves at Deelish be adjusted?

Borough Surveyor—The man who was to come did not arrive. Chairman—We should make an order asking the B.S. to make a report to the Department.

Borough Surveyor—I will attend to it. Mr. Byrne—Would it be any use to ask Mr. McConkey to attend a meeting? Mr. McCarthy—It would be no harm to remind him.

Mr. Byrne—My opinion is that there will always be trouble at that dam.

GOLF CLUB DANCE Mr. Liam F. Lanigan for the Dungarvan Golf Club requested the use of the Town Hall on the night of June 18th, for a dance. The request was granted.

HOUSING SCHEME EMPLOYEES The Clerk of Works reported that on the week ending May 20th, 63 men were employed on the Housing Scheme.

ARCHITECTS' FEES. Messrs. Doyle and Ormond, architects, applied for £190 fees.

BATHING BOXES Mrs. Norris, New Lane, wrote applying for the use of the new bathing boxes, if Miss Wall was not applying.

It was stated that Miss Wall was making no application, and Mrs. Norris was requested to send in her tender for the next meeting.

BACK DOOR Mr. Quinn applied to the Council for the opening of a new back door on his premises as he had to take out a pack of beagles.

Mr. McCarthy said that the Council

should do their best to facilitate Mr. Quinn as he kept a large number of dogs. The letter was referred to the Borough Surveyor.

DEMOLITION OF HOUSES When the demolition of houses was being discussed, Dr. Casey, M.O., said that at the last meeting he had been asked to go around to four of the streets, and having done so he felt that New Chapel Street should be included as in the original scheme. There was one thing against demolition there, which was that there was plenty of air and sunlight, but otherwise the houses were not fit for habitation.

Chairman—I thought so myself. The M.O.H. had just read a report on New Chapel Street when a resident of New Chapel Street appeared before the Council, and asked for a new house. He stated that there were seven in his house in which there was only one room. He would be prepared to pay rent the same as any other man.

The Chairman said that in all probability he would be included as the Council were just then dealing with that area.

Discussing Quay Street, the M.O. said it was disgraceful to have children living there.

In the case of one house in Quay Street, in which it was stated that the tenant's son, by his trade, earned a livelihood, Mr. McCarthy said that if he were removed he would be deprived of his livelihood.

Mr. O'Dwyer—I don't agree with the M.O. This man has a family of ten, and he would have only three rooms in one of the new houses. At present he has six rooms. A lot of these houses are better than those in Loughmore.

Chairman—The recommendation is made by the M.O. It is a matter for the Council to decide.

Mr. Dwyer—If a man is removed the Council should pay heavy compensation. The man will lose his livelihood.

Another member said that the house had not been condemned three years ago. The M.O. said that this was not so.

The Chairman said that they would have no housing scheme if this was looked into.

Mr. Dahill said that shortly nobody would be living in that street as they would all clear out of it.

M.O.—To my mind those seven houses should be demolished. If they are left it will mean that New Chapel Street and others will be left. We can't make fish of one and flesh of the other.

Mr. McCarthy—Some of us object to Quay Street.

Mr. Byrne—Four houses in Mitchell St. should be included.

The Chairman said that if this was gone into they would not have twenty houses left.

The M.O. said that half the tenants who were to go were objecting.

Mr. McCarthy—Because of the rents which they think will be placed on the new houses. This man objected because he would be deprived of earning his livelihood. There were a lot of questions at the last meeting.

Chairman—We displaced a lot of people in our last housing scheme. We cannot help that. Those people will eventually settle down there.

Mr. McCarthy—That is not so. Chairman—If we take all those difficulties we'll have no removals.

Mr. McCarthy—We should know the rents first before demolishing houses.

A resolution, proposed by Mr. P. Dwyer and seconded by Mr. T. McCarthy was then read, that three houses in Quay Street be excluded from the demolition order.

M.O.—If the Council accept this resolution, I will have to go over the whole lot again on that basis.

Mr. Connors—This resolution should not be entertained. Other members can come along if it is entertained and make similar resolutions. Members have been approached, and I have been approached, by people who are anxious to prevent their houses being demolished.

Mr. Dwyer said he would like to have the measurements of these houses. None of the houses condemned were as large as those three.

The M.O. said that the houses in this place were not bigger than those in Thompson's Lane.

The Chairman said that none of them wished to remove this man, but if they did not others could say they did not want to go.

Mr. Williams said that since the M.O. had made this recommendation, they could not go into any question of inconvenience to anybody such as this.

Mr. Dwyer asked that the resolution be put to the Council.

The M.O. suggested that the house in Jacknell Street be omitted. It could be included in the next scheme. In the original report only 3 houses were condemned in Quay Street, but he wanted seven included.

The seven were then placed on the list, and the house in Jacknell Street and one in Sexton Street were eliminated.

The Chairman said that this brought them to 139.

Mr. Byrne—What about the four in Mitchell Street.

Chairman—They are included.

M.O.—I would like to see this area turned into a playground for children. There are no sanitary conveniences in the houses and they are overcrowded. They should be demolished.

Mr. Byrne—I have no objection to all the old houses being knocked down, if the rent is reasonable. Some of the old houses are better than the new ones.

Chairman—The new ones are a good job anyway.

When Mr. O'Dwyer asked that his resolution be put to the Council the Chairman said he would ask that it be withdrawn, as it would place the Council and the M.O. in an awkward position.

Mr. Dwyer said he was entitled to have his resolution put to the Council. Those

in the houses just excluded wanted new houses, and those in Quay Street didn't. The M.O. said that if the resolution was passed it would leave them open to many things. He would be sorry to condemn houses better than those left standing.

Mr. McCarthy—Will you accept the resolution Mr. Chairman?

Chairman—Yes, but we should be able to talk the thing out.

The resolution being put to the Council, three members (Messrs. McCarthy, Dwyer and Byrne) voted for, and four (Messrs. Foley, Dahill, Connors and the Chairman) voted against.

The resolution was therefore defeated. The list of 139 houses, including the 18 in New Chapel Street, and seven in Quay Street was then read out.

The Chairman said that they should now submit the list to the Department for sanction. He would suggest that the officials get to work as soon as possible. It would take a long time to get the business through.

The M.O. said that they should try to have the people up in the new houses before the middle of August.

The following resolution was passed:—"That we, the Dungarvan U.D.C. request the Minister for Local Government and Public Health to reconsider the decision not to grant a subsidy based on £ of £250 of the all-in cost of the scheme of 139 houses."

The burden that will be placed on the incoming tenants and the general body of ratepayers will be too great if the rents of the new houses are to be based on two-thirds of the cost of the all-in cost.

We respectfully request the Minister to grant the concession. Proposed by Patk. Byrne and seconded by Patrick O'Dwyer."

The Chairman said that they had been three or four months too quick, so to speak. Mr. McCarthy said the Department had taken a mean advantage of them.

Mr. Byrne—I agree.

The Chairman said that when they started the scheme they knew they were only getting a subsidy of £300. Subsequently the loan was raised, and the Council was unlucky. Senator Butler and he had made representation to the Department to have the new loan retrospective.

The Secretary of the Department told them that they had been fighting for this increase for a long time, and when they got it, they wanted it to be retrospective, but the Department of Finance would not have this. That was the position.

Mr. Dwyer—Didn't we get an assurance that the loan would be greater?

Chairman—No. When we initiated this scheme we were all aware that the subsidy was only on £300, and we sent up requests for a greater subsidy.

WATER SUPPLY. Regarding the Department's letter asking that the cost of the above be reduced, read at the last meeting, the Chairman said that there was a lot to be done yet before they got sanction.

B.S.—There was nothing put up that wasn't necessary. It was referred to the Borough Surveyor.

E.S.B. CHARGES. The E.S.B. wrote stating that no reduction could be made in the charge, for public lighting.

It was decided to accept the E.S.B. figure.

POULNACURRA. Mr. Williams, solr., wrote stating that three or four people were claiming this place.

Chairman—This place is being used as a dump.

Mr. Byrne—What authority have these people to claim this place?

Chairman—We should apply to the Minister for foreshore rights, and the Borough Surveyor should draw up a map for submission to the Minister.

VENTILATION PIPE Mr. Williams wrote stating that in his view no court would uphold the claim of David Foley, Abbesside, that damage was being caused by children climbing up the ventilation pipe at the side of his house.

WILLIAMS' MARSH. In connection with Williams' Marsh, the Chairman said the Department want to know for what purpose the Council needed the marsh. They should ask for sanction of the marsh as a children's play-ground, and if they did that he thought sanction would be forthcoming.

STREETS RENAMED. It was decided that Western Terrace should not be renamed.

The Chairman said that he had in mind a number of names for these streets. This was an opportunity, even though a small one, of showing their respect for the memory of Cathal Brugha, who had associations with Waterford, and who died for Ireland. It was also an opportunity of showing their respect for the two Keating brothers and Fitzgerald, who also gave their lives for Ireland. He was sure they would all agree that it was the least a public body could do.

Mr. Byrne said he was delighted that the Council was availing of this opportunity of respecting their dead patriots. He would also suggest the name of James Connolly, who did so much both for the independence of the country, and for the workers in it.

Mr. Dahill said he would suggest that the Gallowhill area be called Cathal Brugha Place.

It was unanimously decided to do this.

It was also decided to rename Lord Edward Street, Fitzgerald Terrace; that Nicholas Street be called Keating Street, and that a portion of Mitchell Street be changed to Connolly Row.

The Chairman said he would like the name of Wolfe Tone to be included, and it was decided that Fair Lane be called Wolfe Tone Road.

VOTE OF SYMPATHY Mr. McCarthy proposed, and Mr. Dwyer seconded a resolution of sympathy to Mrs. Walshe, The Quay, on the death of her sister Mrs. Hackett, and to the relatives of the late Michael Dower, Youghal Road, and the Chairman proposed, and Mr. Dahill seconded a resolution of sympathy to the

All who have visited the Technical School and Parochial Hall at Ring in recent years have been much impressed by beautiful paintings there representing scenes from Ardmore, Ring, the Comeragh mountains and other places. Safety First.

With the return of Summer, there recurs once more the old problem of safeguarding the lives of those who use our roads during the summer months. An ever-present problem, road traffic becomes even more difficult to manage during the summer months when ordinary traffic is greatly increased, and holiday-makers and tourists add their quota to the number of vehicles on the roads, and it should not be too much to ask that everybody, motorists, cyclists and pedestrians should take reasonable precautions when using public thoroughfares.

CAPPOQUIN NOTES

WATERFORD V. CLARE ON NEXT SUNDAY, JUNE 4th, AT CAPPOQUIN SPORTSFIELD.—On next Sunday, June 4th, at the Cappoquin Sportsfield, Waterford clash with Clare in the first big senior hurling match in connection with the Mount Melleray Church Building Fund tournament. Both sides are holding their full championship teams and as it will be a pointer for the Munster Championship, it should provide a classical display of hurling which will be well worth seeing.

The organizers of this most important tournament being Messrs. Joe Mason, Hon. Sec. and P. McOath, Hon. Treas., while the Waterford County Board, the Munster Council, and Mr. M. J. Sargent, Hon. Sec., Melleray Building Fund are giving their valuable assistance also to the promoters. The big match will start at 4.30 p.m. (S.T.). At 3 p.m. a very interesting minor hurling trial will take place between P. H. Pease's (Waterford) and a Tallow selection, so that two high-class and exciting games can be anticipated. The local Gaelic have been very busy engaged during the week in preparing the playing pitch and making the necessary arrangements. The Mount Melleray Pipers' Band will play the teams on to the field, so with such a sparkling Gaelic programme, we hope to see a large influx of enthusiastic Gaelic fans from all parts of Munster to Cappoquin on next Sunday.

GRAND CINDERELLA DANCE.—Following the important matches on next Sunday evening at the Sportsfield, a grand Cinderella Dance will be held in the Boathouse on that night under the aegis of the Cappoquin Rowing Club.

Due to the great popularity which the "Twilight Serenaders" Dance Band secured last week Monday night (Scratch Race Night) they have again engaged the services of this high-class dance band, so we again hope to see a still greater attendance on next Sunday night, when the event will be held in the Boathouse. By being present you will be helping the "Dark Blues" in every respect, and so enabling them to carry out the wonderful programme of sport which they have mapped out for the Regatta season. See our advert for full particulars.

NOTE.—The Twilight Serenaders' Dance Band have been engaged for the Regatta Dance on Thursday, July 27th, 1939.

LISMORE NOTES

CONFIRMATION CEREMONY AT LISMORE

Post Rev. Dr. Kinane, Bishop of Waterford and Lismore, paid his biennial visit to the parish of Lismore on Sunday and administered the Sacrament of Confirmation to 102 children including boys and girls, who were becomingly arranged in white with flowing veils to match and made a pretty picture...

AT THE CONGREGATION

At the congregation of Mass, His Lordship addressed the congregation and paid a tribute to the solemn religious and moral condition of the parish. He paid special high tribute to the teachers of the parish. Their work after the priests and parents was most important in the Christian training of the children. The standard set up was extremely high and he never saw a higher standard maintained. He was thoroughly pleased with his visitation to find everything in such excellent condition. He was glad to see Rev. Canon William Bourke, his distinguished parish priest, in such excellent spirits, and felt sorry that he was no longer able to take an active interest in the Pastoral sphere of the parish. In this historic town the lamp of faith shone with brilliance in the past and it was a consolation to know that it still burns as bright. The children he was now about to confirm will be the men and women of tomorrow and he trusted that they would be an unrivalled power over the hearts of their children to co-operate in their spiritual advancement, so as to be able to overcome the many dangers that threatened to-day. He blessed them from his heart for their future welfare and for all the blessings that the Almighty may have in store for them.

THE TEAMS

To the accompaniment of heartening cheers of their respective camp-side posing units moved to the mark, where they took their positions. The football displayed surprising speed and skill. The game was a really fine game. Amateurs were many old players, every one of them lavished praise on both victors and vanquished. The football displayed surprising speed and skill. STRADBALLY v. DE LA SALLE

SPARKLING SET-TO AT KILL.

Collegians Convincingly Conquered

Stradbally, 2-6; De La Salle, 0-2.

The boys must be given credit for much good football and a spirited fight, which serves to emphasise how skillful were the winners, who showed splendid form all round.

Whit Sunday has served the sporting and Gaelic minded Portlaoise public with many thrilling moments. The list of fixtures was quite extensive and the games were run off according to schedule at the various venues. There have been some disappointments experienced by the combinations concerned in the County Championships. We cannot have winners without there being losers—the fortunes of sport, you know.

Good Gaelic John Joe Walsh, Michael Morrissey, and Kirwan and Co. of the Kill Club, had their playing pitch in apple-pie order for the enactment of the important first-round clash between Stradbally and De La Salle, in connection with the current year's senior football championship of the County. Brilliant sunshine, tempered by an exhilarating easterly breeze, favoured the fixture, which attracted a happy-thronged host to the home and hospitable village, whose folk harbour a great regard for their hearts for the "big ball" code.

THE TEAMS.
To the accompaniment of the decidedly heartening cheers of their equally enthusiastic respective camp-followers, the opposing units moved to the mid-morning mark, where that able captain, capable Paddy Donnelly (of the Ballyduff-Lover Club) was "standing by" to set the mix in motion at the appointed time (4 p.m.). Both teams looked in the pink of physical perfection, and high confidence was the key-note of each side.

They lined out as follows—

STRADBALLY.
J. Walsh, J. Power, J. Whelan, D. Power, R. Hickey, J. Walsh, P. O'Connell, K. Kelly, and N. Connors. J. Curran, J. O'Connell, P. Kirwan, J. Curran, M. Halpin, T. Colbert.

DE LA SALLE.
C. McCarthy, S. Brennan, Bro. O'Callaghan, T. Fenlon, M. Moriarty, J. Fitzgerald, B. Houlihan, T. Johnson and D. Collins.

Bro. Leander, M. Cronin, Bro. Canice, M. O'Connor, E. Burns, A. Jordan. The football departed surmised all expectations, and all present were treated to a really fine game. Amongst the spectators were many old players, and each and every one of them lavished unstinted praise on both victors and vanquished. As explained, Stradbally won by 2-6 to 0-2. The battle was no walk-over for them. They are a very nicely balanced team, and each player is capable of carrying his own responsibility, but, nevertheless, they had to fight hard for whatever scores they got from their antagonists, who are a young group and full of possibilities.

EBB AND FLOW OF THE FRY.

The point of the coin favoured the side of the Collegians' captain, who elected to avail of the advantage of sun and wind. Bro. Leander got possession from the throw-in, but his kick was returned by Dick Hicks. Play lay fast and furious about mid-field for some time, and "Aeroplane" and "Slicker" Connors had a series of hectic duels with their respective "marksmen"—T. Johnson and D. Collins. Eventually a noisy Curran got the leather and passed prettily to "Tadpole" Colbert, who, though closely tackled by Brennan, shot for a point from an acute angle, but the wind took the sphere wide to netter. Receiving from kick-out, B.

EX-PASSANT.

It was a grand win for the Stradbally men, who, now that they have overthrown the first big obstacle to the main objective, are not likely to be lightly thwarted in their ambition to contest another County Final. It looks certain that it will take the very best of players for the coveted championship, as not it out of reach of either side.

Like the sterling sportsmen they surely are, the doctored De La Salle seniors were the first to congratulate their conquerors at the end of last Sunday's hard-fought hour, and the Collegians warmly wished them the best of luck through their every coming bout in the competition.

Stradbally will next meet the winners of Foner v. St. Stephen's (which game takes place at Waterford on Sunday next, June 11th) in the semi-final of the Waterford County Senior Football Championship.

SENIOR HURLING CONTEST

Thrilling Display at Lismore

DUNGARVAN GO INTO SECOND ROUND

STUBBORN RESISTANCE FROM TALLOW.

Dungarvan, 5-2; Tallow, 3-4.

Putting their heart and soul into the game and showing real determination to keep in front throughout, Dungarvan defeated Tallow in the first round of the Senior Hurling Championship at Lismore on Sunday last in a thrilling game. Tallow failed to get into their stride in the first half but on the resumption they narrowed the gap to one point and proved the way for further success. Dungarvan, always noted for their grit and with the fine leadership of Christy Moylan rose to the occasion and the result was a hectic finish. Though the game was not up to the highest standard, stoppages being too frequent, the teams were well matched and there were some fine individual displays.

The inter-county men on both teams show promise on the Tallow side, while Moylan, Goode, Barron and Mountain were outstanding for Dungarvan. Special mention, however, must be made of the great finish of Paddy Daly for Dungarvan, without which the Old Boro' would undoubtedly have been beaten. Playing a sound game in the first half, in the second half Daly opened up and completely outplayed all opponents. Tommy Curran, in the Dungarvan forward line, also played a great game.

The match was played in beautiful weather, and the large crowd of enthusiasts which attended were rewarded by an exciting match in which fine individual displays were a feature.

THE GAME DESCRIBED.
Dungarvan were quicker into their stride but the Tallow defence proved sound and no score resulted. The Tallow forwards soon got a great chance which they failed to utilize. Jimmy Goode sent well out the field to be returned by Pa Sheehan. Condon drove a grand centre to Doyle, who doubled to the net for a clever goal for Tallow. Five minutes of play having elapsed, Willie Barron was then seen to great advantage for Dungarvan, who kept his forwards well fed. The Tallow defence was rendering a fine account of itself, and few scoring chances were given. A free to Dungarvan was landed in the square by Christy Moylan and Deo Goode cut the ball over the bar with a grand round pick for a point. Dungarvan continued to have the better of the game territorially, but the Tallow defence, including the two Curleys, was still proving sound. Tommy Sheridan, however, snatched up a loose ball to beat Mick Curley for a clever goal. Tallow continued the delivery and led by a point. Dungarvan next met the winners of Mt. Sion v. P. H. Pearse in the second round of the senior hurling championship. The match was refereed by Mr. J. Ormonde, Nt. Kilmahonans.

The teams lined out—

DUNGARVAN.
J. Goode, A. Sandford, J. Waters, P. Nagle, P. Daly, C. Moylan, G. C. J. Mountain, J. Ryan and W. Barron. J. Murphy, T. Curran, J. McGrath, M. Sheridan, D. Goode, W. Coleman. (Continued on next column.)

TALLOW.
M. Curley (Capt.), J. McManara, F. Fitzgerald, C. Curley, J. Burke, J. Harrigan, J. O'Keefe, J. Daly and Pa Sheehan. P. Moore, N. Condon, W. Sheehan, D. Doyle, P. McManara, T. McCarthy, P. P. Knockanore; Rev. P. McLaughlin, C.C. Dublin; Rev. H. O'Brien, C.C. Clongheen.

Large numbers of relatives and friends, mourners and sympathisers sent floral tributes and Mass cards.

The match was a closely contested affair. Villierstown had an early lead when Tom McGrath kicked a goal after two minutes play. This was quickly followed by another goal by John Lyons, his third in the first half of the game. This set-back to Lismore out a new face to the game and led by Willie Moore who was most outstanding. Whelan landed a neat point. Just before half time J. Ryan hand passed to J. Ormonde who sent to the net.

The turn over saw Lismore strike their true form but Treacy proved a veritable menace to their backs. After fifteen minutes play Tommy Lyons shot the winning score to leave Lismore in by a narrow margin.

BALLINAMULT NEWS

G.A.A. AFFAIRS.—An interesting challenge hurling game was staged on Sunday last at Ballinacorney between Four-Mile-Water and Kibrien minor hurlers, and was patronized by a good crowd. Although Four-Mile-Water won by a comfortable score the play was at all times interesting and some very fast and vigorous exchanges were witnessed.

SIABH ACUA PREPARES.—The Siabh ACUA team are strenuously preparing for their championship clash with Kilgobinet at Dungarvan on next Sunday. The locals are in tip-top form and can be relied on to give a good account of themselves, but we hear that Kilgobinet are also going all out to win this match, so that the issue will be a close and exciting one.

RECRUITING.—On Tuesday night last the local Area Administrative Officer attended the Ballinacorney Barracks for the purpose of enlisting recruits for the Volunteer Force. A fair number enrolled, so that now with the existing Volunteers, Ballinacorney is well represented in the National Volunteer Defence Force. The new recruits are now awaiting to be called to start their initial training period which will take place at the Curragh Camp in a few weeks' time.

CHILDREN'S OUTING.—The children of the local schools had a very enjoyable outing to the historic Broc Mountain on Whit Monday. The stiff climb up this steep mountain was well repaid by the glorious panoramic view unfolded to their spell-bound gaze.

A merry picnic was partaken of by the youngsters on the green slopes overlooking famed Mount Mellary and afterward they spent a number of hours exploring the many mysterious caves in the vicinity.

SUCCESSFUL MEETING.—On Tuesday night last another successful meeting was held in Touraneena Schools under the auspices of the Irish Farmers Federation. Although the attendance was not very large, it was representative of all sections catered for by the organization.

Mr. J. McConville opening the meeting said that the main object of all members should be to co-opt new members, as it was essential that every farmer and farm labourer should join the organization. He himself thought it a good suggestion that every member get at least one other to join the team. The speaker again stressed that politics were not tolerated in the Federation, as some other members understood it to be a political organisation, but this was not so. It was his intention continued the speaker to supply each badge with a membership card and name in the near future.

Mr. E. Murke who was one of the delegates to the County Convention in Dungarvan on Sunday last then spoke of his experiences there. He was favourably impressed with the meeting between the farmer and labourer, and he hoped that all the local labourers would join. Mr. Burke stated that he pressed for a minimum wage of £1 per week for the labourer there.

A long discussion then took place as to disposal of the funds collected and it was decided to instruct delegates to vote for keeping half in a local fund and giving the other half to the central fund. It was unanimously decided to appoint the same delegates to the next County Convention in Dungarvan on Saturday next and instructed them to press for a labour delegate from the County being sent to the National Convention in Dublin.

The next meeting to be held will be a public one when it is hoped to have some prominent supporters of the Irish Farmers Federation to address the crowd. All are invited to this meeting which will be held in Touraneena on Sunday week after first Mass. An attempt is also to be made to organise the neighbouring parishes which have not yet given any support to the Federation.

CONCERT AT KILBRIEN.—A highly successful concert was held in the Kilbrien National School on Sunday night last in aid of the local hurling club. Long before the performance was due to begin the hall was packed to its utmost capacity. The enthusiastic audience were treated to a first class programme of song, music and dance in which there was not a dull moment. The high lights of the entertainment were the violin selections by Miss Mary Crotty, a native of Scar, who recently won a first prize in London for violin playing and the dancing and violin selections by the young Misses Whelan, Beary's Cross. These items almost brought down the house and several encores had to be responded to.

The promoters are to be congratulated on their capable running of the concert in which there was not a hitch from beginning to end, and we look forward in the near future to another such enjoyable function from them.

We welcome to the district Guard Aeneas Casey who has come on transfer from Dublin as Guard T. Casey's successor. We feel confident that Guard Casey will find in the local people a likeable and law abiding disposition, while they, in turn will find in him a courteous and efficient officer.

KILMACTHOMAS NOTES

A UNIQUE POSTCARD.—Came to Kilrossanty from the Antipodes the other day. A Souvenir of South Australia's record heat wave, it depicts the left hand of Old Sol holding a scroll on which is printed the following:— "This is to certify that John Adelaide sweltered through the greatest heatwave in our history—January, 1939." Underneath are set out, day for day, beginning Friday January 6th and ending January 14, the thermometer readings, the highest figure being 117.7 on Thursday, January 12, and the lowest 88.5 on the previous day. Summer's in Mid-Deise since Sunday last, and big numbers of people can be seen daily bathing in the briny along the local seaboard.

WHIT-MONDAY NIGHT DANCES.—The "Long Short" dance held in the New Hall, Kilmacthomas, was a brilliant success, bringing as it did patrons from every district in this wide area and many supporters from outside parts. Mick O'Shea and his Band (Waterford) supplied the music with wondrous ability, and Paddy Barron (Kilmac) filled the role of M.C. in a manner pleasing to all participating. The last dance of the season at Baldwin's Hall, Kill, attracted a large party of merry-makers who thoroughly enjoyed the proceedings. The pretty Pike Hall, too, was packed and presented a truly animated and colourful scene as the dancers gaily and gracefully glided over the rink-like floor to the sweetly haunting strains of the orchestra which should be styled THE MILLIONAIRES' BAND.

NOTA BENE.—The usual weekly dance will be resumed at the New Hall, Kilmacthomas, on tomorrow (Sunday) night. A smooth, spacious floor. And music the best; Boys and girls galore— Be there with the rest!

CONGRATULATIONS.—Mr. cordially extended to Mr. and Mrs. Michael Donovan, Kilnragrane, Kilmacthomas, and Mr. and Mrs. Samuel Battye, Currahaha, do., on the recent happy event in their respective homes.

AT KILL.—On Thursday night of next week a grand variety concert and raffle will take place at Baldwin's Hall, Kill, for the praiseworthy purpose of reducing the Newtown and Kill Parochial debt. A bumper house is confidently anticipated.

NEW HOLIDAYING.—At his parental roof-tree is Mr. Patrick O'Connell (accompanied by his most estimable wife), who is attached to the staff of one of the branches of the National Bank in Co. Tipperary. He is a son of Mr. and Mrs. Thomas O'Connell, Ballydunn, Kilmacthomas, and a nephew of the V.V. Rev. W. J. Canon O'Connell, P.P., Dungmore.

A GREAT WAVE.—Of public sympathy goes out to Mr. and Mrs. Whelan, of Ballyduff Lower, Kilmacthomas, in their extremely sad bereavement and loss occasioned by the death—within the last 11 weeks—of three promising children of theirs, aged 12, 16, and 14 years, respectively. Each one of the youthful trio had a remarkably large and representative funeral. May they rest in peace.

GAELIC GARDENINGS.—We salute the senior footballers of Stradbally and the junior hurlers of Kilmac (St. Anne's) on their respective Whit Sunday successes, as fully detailed elsewhere in this copy. A cycling and athletic sports meeting, under the aegis and in aid of the local hurling club, will be held at historic Dunhill on the 28th inst., and the fixture bids fair to pan out a stupendous success. Skipper John Power, Jimmy Whelan, Percy Kirwan, "Fox" Wall (goalie), Johnny Cummins, "Aeroplane" Kiely and the Colbert brothers (2)—the "veterans" of the Stradbally senior "big ball" string—all played the game of their lives on KIL's picturesquely positioned pitch on the 28th ult.

THE FAIR.—Held at Kilmacthomas on Tuesday was largely stocked in all sections, and there was a good attendance of buyers. Cattle of quality were quickly bought up. Quotations:—3-year-olds, 1st class, £18 to £20; 2nd, £16 to £18; 2 year-olds, 1st, £14 to £16; 2nd, £12 to £14; 18 month-olds, 1st, £9 to £11; 2nd, £8 to £10; yearlings, £4 to £5; droppeds calves, 45- to 60-; springers, 1st, £16 to £18; 2nd, £14 to £16; inferior sorts, £12 to £13 each. Top current rates ruled all exchanges enacted in both sheep and swine departments.

APPROACHING 11 O'CLOCK, P.M.—On Tuesday night an aeroplane passed over Kilmacthomas and appeared to be facing for Foynes. It was probably the same plane that was seen flying over the Mahon Valley heading seawards, in the early hours of Wednesday morning.

KILMACTHOMAS FRESH BUTTER MARKET.—Was opened on Thursday of this week, when Dungarvan's deservedly popular buyer, Mr. P. O'Mahony, purchased the precious commodity at his "stand" at Mr. Percy Kirwan's premises in the Main Street. Mr. O'Mahony is the Co. Waterford agent of the well-known Cork firm—M. E. Shanahan and Son. Season in, season out, over the past two decades, he has been in regular attendance at the weekly market here, as in like manner for several years previously was his universally esteemed late-lamented father (R.I.F.), buying also for the same honourable firm. Almost all of the butter-makers of these parts are customers of Mr.

O'Mahony, whom we were glad to see "still going strong" in our midst on Thursday. DEATH.—Fortified by the rites of Holy Church, Miss Mary Foley, of Ballygarran, Bonmahon, passed peacefully away to her eternal reward on Friday of last week, following an illness of somewhat protracted duration and at an advanced age. A grand type of Catholic Irishwoman of her generation, she was a great favourite with everybody who had the pleasure of her acquaintance. On Saturday evening a numerous cortege accompanied the removal of the remains from her home to St. Anne's Church, Ballylneane, where they were received by Father Walsh, C.C., who officiated at her residence on Monday day, after the 11 o'clock Mass on Sunday, interment was made in the adjoining cemetery. Father Walsh officiated at the graveside. The chief mourners included Messrs. John and Patrick Hayes, Sleevem, Kill and Mr. and Mrs. John McKee, Ballygarran (cousins). Ar dheis De go raibh a-banann.

AGAIN.—It is our sad duty to record the demise of Mrs. Julia Moloney, relict of the late Mr. J. Moloney, Comeragh, Kilrossanty, which occurred at her residence on Monday day, after a short illness and at a comparatively early age. Of a quiet and retiring disposition, the late Mrs. Moloney enjoyed a very large circle of firm friendships and much sympathy is extended to her family in their trouble. A huge concourse of neighbours followed the removal of the remains to St. Brigit's Parish Church, Kilrossanty, on Tuesday evening. Requiem Masses for the happy repose of her soul were offered up next morning in the presence of a big congregation of relatives, friends and sympathisers, and the burial subsequently took place in the family plot in the Churchyard. Father Crotty, P.P., pronounced the final absolution at the graveside. The Light of Paradise to her soul.

KILMACTHOMAS BRANCH.—Of the Ulster Bank, Ltd., has been finally closed down, and in the next few days, Mr. J. Duffy, who has been Manager thereof for the past twelve years, will be leaving to take up a similar post at another branch of the Bank at a centre convenient to Dublin. Associated with him here over the last six years was Mr. P. A. Boyle, Cashier, who left on this (Friday) morning, also to become absorbed in another branch of the service. A remarkable manifestation of the high esteem in which both these gentlemen were held was the presentation to each of them last night in the establishment of Mrs. K. O'Donoghue, Main Street, on the occasion of their impending departures. There was a repelling attendance. Felicitous speeches preceded the making of the presentations, which the respective recipients suitably acknowledged. An enjoyable smoking concert followed, and the proceedings concluded with a rousing chorus.

OUR WATERFORD HURLERS.—Dungarvan Observer. What is the use of a baneful bill of hard-luck sympathy if the result is a false sense of security? Let us be honest and apply an antidote of fair criticism, instead of lulling our hurlers into a dreamy attitude of laissez faire. The Thurles match convinces one that there was nothing fluky about Dublin's victory. They concentrated on short, snappy play, showed more combination than our Waterford representatives, in manoeuvring for scoring position, and shot home at the opportune moment. We on the other hand, lacked judgment and combination, displayed too much individualism, and essayed too many long distance shots. Long, clearing strokes may be essential in the back line, but in mid-field this should be the exception rather than the rule. On numerous occasions in Thurles our mid-field men overshot the mark, and lacked the vital consideration of connecting up with the forward line. If a man's sole obsession is to beat the opponent he becomes too individualistic. Instead of conserving his energy he runs himself to a standstill, and the opposition is ready to give a helping hand in bringing a movement to fruition. More combination and less individual feats of play must assuredly improve a team which, man to man, is as good as the best of them.

COUNTRY WOMEN'S CONGRESS

Better home-making is the fundamental aim of our organizations throughout the world," declared the President of the Associated Countrywomen of the World, Mrs. Alfred Watt, Canada, in her Presidential Address in London yesterday to the Conference of the Association. Delegates from 37 countries answered the roll-call, which opened the day's proceedings. Five delegates representing the 51 guilds of the Irish Countrywomen's Association were present wearing traditional Irish costumes.

PRESIDENT'S ADDRESS.—Mrs. Watt stated that, despite the calamities that had stricken country homes in many parts of the world, despite world depression in agriculture, and the fall in world prices, countrywomen had kept their farms together, nourished their families, dressed their children, and sent them to school.

Mrs. Watt, who, in the course of the past two years, visited Countrywomen's Associations in all parts of the world, including Ireland, quoted the words of Mr. Wallace, U.S. Minister for Agriculture: "Conservation of the soil is the last defence against national suicide."

In the matter of State support for the better organisation of rural homes the United States led the way, she said, but for quality and organisation the countrywomen of Scandinavia led the world.

In Switzerland and the Netherlands also the educational standards were high and the practice and theory of domestic science were taught with great efficiency.

WANT TO "PARK" THEIR HUSBANDS.—The married women from other lands who have descended on London for the Triennial Congress of the Associated Country Women of the world, are informally discussing what to do with their husbands while the Congress lasts.

One member suggested "a sort of creche where they could be 'parked' and kept out of mischief." The most likely solution, a reporter was informed, was the organising of sight-seeing trips—just like those arranged for women folk when men attend a conference.

The London meetings will last ten days, when the delegates will go into the counties to see English country life.

Avoid "Dosing" Children's Colds. Don't upset your child's stomach with internal "dosing." To break up his cold—your own—quickly and safely, rub VICK VapoRub on throat, chest, and back at bedtime. It acts direct through the skin like a poultice and, at the same time, releases medicated vapours that are breathed in for hours. This direct double action loosens phlegm, relieves coughing, makes breathing easy, breaks up most colds overnight. Just rub on VICK VAPORUB.
