WELL AT BALLINACORNEY. The M.O. reported that the Well at Ballinacorney, supplying 13 families is being contaminated by cattle using the stream...

...returning home from a dance. Fines up to 2/6 were imposed.

EXCESS PASSENGER.

Supt. Walsh charged Patrick Newton, Barney St. Cork, with having 7 persons in his car, which was licensed for 6 only. When the case was called, the defendant answered in Irish.

Guard J. Ryan having given evidence of the offence, defendant, in Irish, said he would like to ask a few questions.

Supt. Walsh, also speaking Irish, told him to proceed.

Defendant then questioned the Guard regarding the form of the summons.

The Justice—The Guard didn't issue the summons.

Defendant said, in using Irish, he didn't wish to show disrespect to the Court, but he had been practically interested in the language movement for 40 years, and this was the biggest charge ever brought against him.

Justice—It is not a very large charge.

Defendant then detailed the circumstances under which he was prevailed on to take the seven passengers.

The Justice asked him to deal with the passenger in prison—it was a very simple question.

Defendant—This is not a proper summons.

He handed in several documents, but the Supt. pointed out that the licence giving the number of passengers allowed was not produced.

After a protracted hearing, largely in Irish, on the part of the Supt. and the defendant, the case was adjourned for the production of the missing document.

DRUNK AND DISORDERLY.

Guard J. Ryan charged Patrick Mulcahy with being drunk and disorderly. He was fined 5/-.

OTHER CASES.

Timothy Conway was fined 4/- for allowing four cows to wander on the public road.

Matthew Barry was fined 2/6 under the School Attendance Act for the non-attendance of his son at school.

Supt. Walsh charged Mich. J. Keane, Pullah, vintner, with a breach of the Licensing Act. He was fined 10/-, not to be recorded, and a man found on the premises on the same occasion was fined 2/6.

Wm. Meagher, Coolbagh, for assaulting Wm. Bonayne, aged 13 years, and Mrs. M. Bonayne, was bound to the peace, fined 1/- each assault charge, and ordered to pay 20/- costs in each.

M. E. Keane, Ardmore, was charged with selling milk deficient in fat 8.6 per cent. Defendant was fined 1/- with 17/8 expenses.

to the call of the Pope, the Bishops of the world, and of their own beloved Bishop, and that they would be prepared to defend the faith against heresies and against the influences of un-Godly education.

The Lord Abbot thanked the professors, other members of the teaching staffs, and the students for their loyal co-operation during the past year in the work of the college. He expressed the hope that Mount Mellera would continue to the best of its power to co-operate in the designs of the Bishop of the Diocese for the spreading of the light of the Gospel. (Applause.)

THE ATTENDANCE.

The clergy present included: Very Rev. Canon Morrison, P.P. Kilworth; Very Rev. Fr. Croft, P.P. Cahir; Very Rev. John Gleeson, P.P. Aglish; Very Rev. William Flynn, P.P. Knockmore; Very Rev. Patk. Murphy, P.P. Clashmore; Very Rev. Pierce Hean, P.P. Clonghen; Very Rev. John Cullinan, P.P. Touraneema; Very Rev. Fr. Fitzgerald, P.P. Cappoquin; Rev. M. Hackett, C.C. Clonghen; Rev. John Murray, C.C. Aglish; Rev. Thomas Murphy, C.C. Modeligo; Rev. Denis Sheehan, C.C. Newcastle; Rev. Wm. Flynn, C.C. Dungarvan; Rev. T. Dunphy, C.C. Cappoquin; Rev. Thomas Murphy, P.P. Heathcote, Viet. Australia; Rev. James Walsh, C.C.; Rev. Fr. Guilfoyle, C.C. Pillown; Rev. Fr. Ahearne, C.C. Kilworth; Rev. M. H. Duggan, Lismore; Rev. Oliver, O.M. Cape, South Africa; Rev. C. Egan, O.P., Klecksdorp, Transvaal, S.A.; Rev. B. O'Keefe, Lismore.

CORPUS CHRISTI IMPOSING PROCESSION IN DUNGARVAN Great Act of Public Adoration.

On Sunday last, in glorious weather, the annual Procession in honour of the Feast of Corpus Christi took place in Dungarvan.

The preparations for this great act of adoration to the Blessed Sacrament were on a par with those of previous years, and nothing could excel the discriminative taste with which the decorations of the houses and the public thoroughfares were carried out. Flags and bunting were displayed in every street, and banners with appropriate mottoes stood out at various vantage points. Laurels and evergreens laid along the sidewalks gave a very artistic setting to the thoroughfares. At various points of the route altars were erected, while all the windows were decorated with religious pictures and statues in a manner worthy of so great an occasion. On the Square a beautiful altar was erected, and another at the Church gates. The day was beautifully fine, the warm rays of the sun being tempered by a cooling breeze, in which the multi-coloured flags fluttered gaily.

Sharp to time (3 p.m.) the Procession moved off from the Parish Church, in the following order:—Crossbearers; Children of Presentation Convent; Children of Mercy Convent; Children of Abbeyside Girls' National School; Christian Brothers' Boys; Children from Abbeyside Boys' National School; Students of St. Augustine's College; Legion of Mary; Children of Mary (Dungarvan and Abbeyside); Mercy Convent House Girls; Women's Confraternities, Dungarvan and Abbeyside; Dungarvan Brass and Band; Choir; Men's Confraternity of the Sacred Heart (Dungarvan Parish); Men's Confraternity (Abbeyside Parish); Urban Council; Crossbearer and Altar Boys; Clergy and Canopy. A guard of honour of Civic Guards, under Supt. M. Walsh, marched at each side of the Canopy, the rear being brought up by the Dungarvan and Abbeyside contingents of Catholic Boy Scouts, under their respective Scoutmasters.

The route taken was Mitchel Street, Fair Lane, O'Connell Street, and Square, where Benediction of the Most Blessed Sacrament was given.

Re-entering the Procession went via Main Street, Church Street, Convent Road, Ennet Terrace, to the Church gates, where Benediction was again given.

The Sacred Host was borne in the Procession by Very Rev. Canon O'Brien, P.P., V.F., assisted by Very Rev. M. Dunphy, P.P., Abbeyside; Rev. P. McGrath, P.P., Ring and Old Parish. The other clergy present were: Rev. T. B. Walsh, C.C.; Rev. W. Flynn, Rev. J. J. Power, C.C.; Kiboginnet; Rev. D. Power, C.C.; Aglish; Rev. M. Power, C.C.; Abbeyside; Rev. J. Murphy, C.C.; Modeligo; Rev. J. Murphy, C.C.; Ballinamela.

As the Procession wended its way through the streets, the Rosary was recited and hymns were sung, and the greatest fervour was manifested by the hundreds taking part.

The band discoursed a selection of religious airs along the route, and also rendered the sacred music of the Benediction.

G. A. A. NEWS. KILKENNY WIN CHALLENGE MATCH

Thrilling Hurling at Waterford.

In a challenge hurling match between Kilkenny and Waterford played at the Sportsfield, Waterford on last Thursday evening, Kilkenny emerged victorious by one goal and a point. Hurling of the best standard was served, and from the first to the final whistle, hurling of championship standard was witnessed.

Kilkenny were short two of their championship team, while Waterford were minus the services of J. Mountain, W. Barron, M. Hickey, M. Regan, C. Warr, J. Fanning, S. Feeney, J. Butler, E. Moynihan.

From the start Kilkenny moved up field and after a nice bout of play Longton opened the scoring with a point. Moylan beat off another Kilkenny raid, and sent to Byrne, the latter being wide by inches. From the delivery P. Phelan on the left wing had another point for Kilkenny. Goode, Byrne and Daly starred in another Waterford raid. Jimmy O'Connell saved his net at the expense of a '70' which J. Keane placed well and the ball was crashed into the Kilkenny net for Waterford's first goal. From the puck out E. Byrne got possession and doubled to Mulcahy who had a goal for Kilkenny. Kilkenny now led by one goal. Blanchfield beat off another Waterford attack and drove a high ball up field, and McCabe unmarked shot another goal for the Leinster men. Curley was applauded for his wonderful goal-keeping at this stage of the game. The half time whistle went shortly afterwards.

On resuming Waterford attacked and J. Keane and Baston combined in a clever movement, the latter parting to Goode who tapped to the corner of the net to register a second goal. Shortly afterwards Locky 'Byrne' had another goal to leave Kilkenny now leading by two points. Tom Greaney secured possession from the puck-out and transferred to Baston who missed narrowly. Hurling of a high order was now witnessed, the ball travelling from end to end, without touching the ground, Kilkenny increased their lead with two points. In the next day Christy Moylan 'went down injured' and was forced to retire with a knee injury. He was replaced by F. Minogue. Andy Flanagan repelled the next attack and cleared well up-field when a wide result.

Final score:—Kilkenny, 4-5; Waterford, 3-4.

CHALLENGE MATCHES AT CLONMEL.

S.F.—Stradbally, 2-8; Shamrocks, 2-2.
I.H.—St. Annes, 4-2; O'Neills, 3-1.

The above matches were played at the Clonmel Gaelic Grounds on Sunday last in excellent weather conditions and before a large crowd.

In the football game Stradbally gave a grand display, and opening up in the second half, had a runaway victory in a whitewash which saw Shamrocks best 15.

A Curran, Bob Whehr, N. Connors, J. Veale, P. Kiely, and John Power shared on the Stradbally side, while T. O'Keefe and Dillon (inter-county men) were best for Shamrocks.

In a well-contested hurling game, St. Annes defeated O'Neills. The game was interesting all the way through, as the lead changed hands on several occasions. Troy, Burke, and Mickey Downey served St. Annes best.

at Ardmore: Wm. Mulcahy, Drumulane, Grange; Ed. Hickey, Liskiel, Grange; Timothy Conway, Mweeling, Grange; John Moloney, John O'Brien, Wm. Morrissey, Wm. Gowan, Jas. McGrath, and Quain.

The first four attended the meeting and were interviewed by Commissioner Moylan as to their capabilities for the position, after which the Commissioner said he would adjourn the matter pending an interview with the remaining five applicants.

Mr. Bowen said he did not know anything about the remaining applicants, with the exception of Quain who is the temporary caretaker, but the bunch just interviewed would be useless in charge of a scheme that cost ratepayers some thousands of pounds.

LETTING OF COTTAGES.

There were three applicants for the tenancy of the vacant cottage at Ballinamuck, viz.—Thomas Foley, Kilkenny; J. F. Sanford, Dungarvan and E. Connor.

The Commissioner said that the outgoing tenant (Dahill) had the acre planted with beet and potatoes and would be looking for some compensation for his labour, etc.

The applicant Foley, accompanied by the outgoing tenant later appeared before the meeting, and Dahill announced that they had come to an agreement about the crop. The cottage was then let to Foley.

GARRANBANE COTTAGE.

Four applicants applied for the tenancy of the vacant cottage at Garranbane, viz.—Pk. Bonnell, Glendaligan, John Houlihan, Coligan, Thos. Cotter, who had vacated a cottage at Adramone More, owing to its distance from Church and School and M. McCarthy, Co. Home.

The Commissioner after interviewing O'Donnell and Houlihan let the cottage to Thomas Cotter.

BALLINFINA COTTAGE.

The vacant cottage at Ballinfina, Carrick-on-Suir area, was let to Michael Power, Moominane, Clones, Ml. Whelan, Sheskin, Carrick, was also an applicant.

WOODHOUSE COTTAGE.

Mrs. E. Navin, Williamstown, Stradbally being the only applicant was appointed tenant.

SITE AT PORTLAW.

Dr. Pradville, M.O.H., Portlaw, appeared before the meeting in connection with the selection of a site at Portlaw.

The matter was further adjourned after a short discussion, on some three or four sites.

BALLINAMUCKINA WATER SUPPLY.

Two men named McGeehan and Power appeared before the meeting and asked that an extension from the Ardmore pipe be given to their village, the distance would be about half a mile.

Dr. O'Farrell, Co. M.O.H., said this question was on for a considerable time. There was disagreement as to the site of a well proposed to be sunk there, the people concerned could not agree.

Replying to the Commissioner, Mr. Power

fectious diseases were notified to this office during the month—Scarlet fever, 3; tuberculosis, 2. Two of the scarlet fever cases occurred in Tallow dispensary district, and the third in Tramore.

Fever Hospitals.—In all there were ten admissions to county fever hospitals during the month, and twelve discharged therefrom, including one death, leaving twelve undergoing treatment at the end of the month.

Notification of Births.—Births notified during the month numbered 71, including two stillbirths. Six records of sending for medical assistance were received.

Tuberculosis.—During the month there were 92 attendances of all patients at tuberculosis clinics, which attendances were made up by 68 patients—22 insured and 46 uninsured. Twelve domiciliary cases, 6 insured, and 6 uninsured, were attended by the tuberculosis officer, and 10 (insured) by other doctors. Four patients—3 insured and one uninsured—are under treatment in sanatoria; 15 patients—11 uninsured and 4 insured—in county institutions; and 5—2 insured and 3 uninsured—in other hospitals. Two sputa or other specimens were examined.

The Tuberculosis Officer made the following recommendations during the month:—X-ray examination in 12 cases, treatment in sanatoria in 2 cases, in the County Hospital in one case, dental treatment in one case, and artificial pneumothorax refill in one case.

District nurses paid 281 visits to 70 patients, and in addition made the following report:—Number of dressings, 31; number of reports on home conditions of new patients, 2; number of contacts reported, 8; number of premises requiring disinfection notified, 1; number of insanitary premises reported, 1.

Maternity and Child Welfare.—Jubilee nurses in their districts throughout the county attended 12 clinics. The attendances were as follows:—Mothers, 40; infants, 30; children, 34.

Expectant mothers.—No. on books on 1st of month, 66; new cases sent during the month, 13; No. remaining at end of month, 66; No. of visits paid during month, 128; No. of cases where doctor was sent for by nurse, 1.

Mothers.—No. on books up 1st of month, 387; new cases sent during the month, 10; No. remaining at end of month, 396; No. of cases where doctor was sent for by nurse, 6.

Babies under 1 year.—No. on books on 1st of month, 388; new cases sent during the month, 24; No. remaining at end of month, 387; No. of visits paid during month, 440; No. of cases where doctor was sent for by nurse, 3.

Children under 5 years.—No. on books on 1st of month, 1,068; new cases sent during the month, 1,077; No. of visits paid during the month, 1,297; No. of cases where doctor was sent for by nurse, 9.

General Sanitation.—During the month sanitary sub-officers throughout the county

Milk and Dairies Act, 1935.—Reports on the premises of 52 registered suppliers were received during the month, as also the results of 22 minut dilt tests. The following nine persons were reported unsatisfactory, and I recommend that the usual notice be issued in each case: Thomas Kenneally, Farnane; John Galvin, Ardmore; John Hartery, Ballybeg; Patrick Higgins, Lismore House; John McGrath, Dysert; Thos. Hartery, Carriganard; Annie Hennessy, Kibarry; Thomas N. Ryan, Ballinanesagh; Richard Dalton, Kibarry.

The veterinary inspector recommended that one cow with septic udder be removed from the herd of Mr. P. A. Usher, Cappagh. The premises of M. Slattery, Ballyegan, are now reported to be fit for registration, and I accordingly recommend that they be registered.

Foods and drugs inspectors took sixty samples during the month, including samples from the following free milk suppliers, which were reported genuine:—Patrick Reill, Kilmacshoma; Miss H. Jacob, Lismore; Mrs. E. Condon, Tallow; Martin Kelly, Kiboginnet; Thos. Maher, Bonmahon; Denis Hoskin, Aglish; Thomas Shipsey, Dunmore East; Edw. P. Parkinson, Ballyearnane; Cappoquin Estate Co.; John Sullivan, Villierstown; Mrs. M. Byron, Ardmore; Mrs. S. McGrath, Stradbally; Thos. Kenneally, Farnane.

Thos. Medical Inspection.—The following schools were inspected during the month:—Clones Boys, Clones Girls, Clashmore Boys, Clashmore Girls, Rathgormack Boys, Rathgormack Girls, Crehana, Windgap, Coolnahorna, Ballyduff Boys, Ballyduff Girls, Clonghen, Portlaw Boys, Portlaw Co. V.C.H., Clonghen, Kinnetschurch, Newtown, Ballysheehy, Russelstown, Ballysheehy Girls.

The following principal defects were noted in the 824 children inspected:—Dental, 223; vision, 32; tonsils and adenoids, 62; malnutrition, 21.

132 children were called for dental treatment during the month, and 49 children were treated for defective tonsils and adenoids.

Inspection of Midwives.—During the month midwives were inspected at Kill, Clashmore, Aglish, Clonmel, Kilsheelan.

M.O.H. ON EPIDEMIC.

Dr. O'Farrell wrote as follows:—“A Chara.—The Department of Local Government and Public Health have issued a circular on the precautionary measures to be adopted with regard to epidemic diarrhoea in infants. It would be well if as much publicity as possible were given to this matter, so that persons would be in a position to take the necessary precautions to prevent this disease.

In point of incidence, diarrhoeal diseases are associated in a special degree with urban conditions of domicile, with the second six months of the year, and with the second and third months of infant life. They display their maximum intensity as a cause of death during the months of August, September and October, and are specially prevalent in seasons of high summer temperature. In regard to causation, diarrhoeal diseases may be due to food contaminated owing to disregard of cleanliness in the homes and in municipal sanitary arrangements, or to the agency of flies as carriers of infection, and may arise from an unwholesome milk supply. It is noted that young children suffer particularly from the latter cause, at the stage when they are changed from breast feeding to artificial diet.

The prevention of diarrhoea is most important not only to insist on domestic cleanliness, but also to secure that all accumulations of dirt, refuse or filth about dwellings are removed at frequent intervals. This applies particularly to the contents of privies, manure heaps and ashpits, and to the cleaning of yards, passages and streets. In this way, the breeding of flies, which are such potent agents in polluting food and drink, may be prevented. All practical measures for the destruction of flies in order to prevent their access to food, should be taken. Shopkeepers might be asked to arrange that foods exposed outside shops or in shop windows, especially foods which are intended to be consumed without being cooked, should be

quired by the Milk and Dairies Regulations, 1934, strict attention to the observance of cleanliness (hands and clothing) should be enjoined.

“Receptacles for the storage of milk in dairies and in the houses of consumers should be always kept suitably covered. The practice observed in some districts of leaving uncovered vessels outside houses for the purpose of receiving the milk supply should be discontinued.—Misc. le meas.

“MICHEAL UA FEARGHAIL.”

“County Medical Officer of Health.”

MWELAHORNA WATER SUPPLY.

The County Surveyor wrote stating that the above should be treated as a matter of urgency, in view of the continued drought, and the big influx of visitors to this area for the coming months.

He doubted if any economy may be expected from the use of the old pipes. A better job would result from the use of new 4-inch glazed sewer pipes.

An order was made that in view of the big influx of visitors to this area during the next couple of months, this work should be carried out by the engineers, by direct labour, work to proceed at once, and 4-inch glazed sewer pipes to be used.

TENDERS.

For the wiring of 46 houses in Tramore, and 46 in Portlaw, the E.S.B. tendered at £331 5s., and Messrs. Keatinge & Gaule at £372 12s.

The E.S.B. tender was accepted.

DRAIN AT TALLOW.

The M.O. reported that the open drain at the north side of West Street, Tallow, leading to the plots river, is choked with sewerage matter, and recommended that the drain be cleaned out.

It was referred to the engineer to get done.

MANURE DUMP.

The County M.O.H. reported that he had interviewed the owner of a nursery at Ballinakil, on which there was a manure dump regarded as a nuisance, and he had agreed to remove the manure from its present position and to abandon the site as a dumping place.

DUMPING GROUND FOR BALLENA-GAUL.

The Engineer wrote stating that he had selected what he considered a suitable site, for a dumping ground at Ballynagall, on the west side of the road, about two-thirds the entire length of the village, from the south end. It is owned by Maurice Walsh, Ballynagall.

The area of the site mentioned would be about 4 square perches.

The matter was adjourned.

TRAMORE WATER SUPPLY.

Jas. F. Keogh wrote stating that at a meeting of the Public Health Committee, Tramore, it was decided to warn consumers against wastage and that if the dry weather continues, water will be shut off each day much earlier than at present.

WELL AT BALLYVOILE.

The M.O. reported that the Well at Ballyvoile, supplying 13 families is being contaminated by cattle using the stream, that flows into the well. Several complaints had been made to him by the residents, and he recommended that suitable steps be taken to ensure a safe and clean water supply.

The matter was referred to the Engineer for report.

ANNESTOWN REQUEST.

A number of residents of Knockane, Annestown wrote requesting the erection of a pump, as there was no water suitable for drinking purposes in the locality. It was referred to the M.O.H.

CRICKET.

Lismore C. C. were visitors to Newtown, C.C., at their grounds at Watlington on Saturday last. The day was ideal for cricket and the game showed the Lismore batsmen to be in excellent form. Lismore won on the following score:—

Lismore First Innings—150, second (3 wks.)—69, total—219.

Newtown First Innings—49, second—70, total—119.

T. Power—47, G. Whelan—21, J. Feeney—38, P. Gough—23. For the winners, A. Gough, J. Casey and J. Feeney bowled excellently.

SALARY INCREASE REFUSED.

LICENCE RENewed.

The application of Risteard O'h-Artaigh, Barber-Chapman on Rinne, Teo, An tinn, for renewal of licence under the Patents and Pharmacy Act 1908, was granted.

ESTABLISHED OVER 100 YEARS. R. O'KEEFE & SONS SCULPTORS. Abbeyside, Dungarvan, and Waterford.

THE BOYS OF COMERAGH

Kilrossanty beat Dungarvan in the first round of the senior football championship 1939, and Mr. Maurice McGrath whose knowledge of the game is recognised and valued by many football experts throughout the county tipped them as the winners of the 1939 championship.

The old football team of Kilrossanty captained by Patsy Wall, won the championship of County Waterford in 1888 without a single score being registered against them, not even a forfeit point.

Jim Torpey's team beat Clashmore and were drawn, in the final against the famous Dungarvan team, Erin's Hopes, but owing to some misunderstanding the match was never played.

Here's to the Boys of Comeragh, yes three loud ringing cheers.

They scored eight point the first half hour, and then gallop hill and wind.

All honour to Dungarvan, too, on many a hard-fought field.

God rest your soul, Pat Keating and John Fitzgerald too.

And Josey Wyse, Dungarvan's son, who fought, Old Land, for you.

But the name and fame and glory of those heroes will not die.

God rest your soul, Pat Keating and John Fitzgerald too.

And Josey Wyse, Dungarvan's son, who fought, Old Land, for you.

CURUD. CURUD puts orders right in cows and ewes. It is the greatest drench for Blasts, Garget, Milk Fever, Chills, Stars and Hard Udders.

EAST CORK JOTTINGS

CORK'S GREAT CORPUS CHRISTI PROCESSION.—On Sunday last I was privileged to witness Cork's great Corpus Christi procession and it was a spectacle I shall not readily forget.

Substitution of Hours. A number of local vintners applied and were granted a substitution of hours.

PROVINCIAL BANK v. GLEESON. This was an application in connection with an Instalment Order granted to the Bank against M. and J. Gleeson.

A GOOD GAEL BEREAVED.—By the death of his sister, Miss O'Mahony of Berrings, Co. Cork, Mr. P. O'Mahony of Killeagh has suffered a severe family bereavement and we respectfully offer to him and to his brothers our respectful sympathy in his sorrow.

YOUGHAL BRIDGE CASES. There were a number of cases of speeding across Youghal Bridge, Inspector O'Brien prosecuting.

On the proposition of Mr. Hayes, Abbey-side, £1 was passed to Brickey Rangers and £1 to Stradally.

APPLICATION FOR RE-INSTATEMENT. Arising out of the application for re-instatement of Jas. Ahearne by the Cappoquin Club, a letter was read from Mr. Sean McCarthy, Secretary, Munster County Council.

Mr. Curran, Clashmore proposed the match be awarded to the Brickey Rangers. Chairman—in view of the rule, I don't see how that amendment could be considered.

Mr. Curran, Clashmore proposed the match be awarded to the Brickey Rangers. Chairman—in view of the rule, I don't see how that amendment could be considered.

A Welcome Break.

The tardy showers of the past week have been welcomed with an enthusiasm which has rarely been equalled in this humid country of ours.

While urban citizens rejoiced in the recent heat wave, farmers were disturbed by its harmful effects on their crops.

The drought has illustrated once more how completely at the mercy of the weather and of circumstances the farmer must always, of necessity, be.

CAPPOQUIN NOTES

G.A.A.—The Cappoquin Sportsfield will be the centre of G.A.A. interest again on next Sunday, June 18th.

J.H.—LISMORE, 5-0; FAUGHA-BALLAGH, 3-5.

At the Cappoquin Sportsfield on last Thursday evening (Corpus Christi), in ideal weather, and in the presence of a large crowd.

J.F.—VILLIERSTOWN, 2-6; AGLISH, 0-3.

The long-awaited junior football championship match, Villierstown v. Aglish (2nd round) was played at the Sportsfield, Cappoquin, on last Sunday evening.

DUNGARVAN URBAN COUNCIL

At a meeting of Dungarvan U.D.C. on Friday evening, June 9th, there were present Messrs. M. Morrissey, T.D., Chairman, T. McCarthy, Vice-Chairman, J. J. Crotty, J. Dahill, P. Byrne, J. Massfield.

A paysheet of £14 6s. 2d. was passed for the week.

ELECTION DATE.
Regarding the annual meeting for the election of a chairman and vice-chairman, it was stated that it must take place between June 23rd and July 1st.

Mr. Dahill—Hold it on Monday. It is the quietest day.

The Chairman suggested June 26th as the date for the election, at 12 o'clock and the Council unanimously agreed on this date.

ADJOURNMENT PROPOSAL.
At this point Mr. Dahill suggested that the meeting should be adjourned owing to the death of Mr. Foley, their fellow member's father, who had himself been a member of the Council.

Mr. Crotty—We would have done so were it not that Mr. McConkey (of Messrs. Delap and Waller) is coming.

WALL PROPOSAL.
Guard McGee wrote to the Council suggesting that the wall between his kitchen and an adjoining room be removed.

Mr. McCarthy said he would agree with this suggestion.

The letter was referred to the Borough Surveyor.

The Chairman said that the County Surveyor had spoken to him of stop-cocks not being at a proper level.

Mr. Dahill said that one at the bottom of Mary St. was very low. It hadn't been set up properly.

John Beresford wrote, complaining of an offensive odour in his vicinity, and asking that the nuisance be abated.

It was stated that the odour referred to arose from the factory.

Mr. McCarthy asked whether it would be any use asking the factory to keep in stuff until the tide was going out, when it would be taken away. They didn't want the factory closed, but there were a number of complaints.

Mr. Mansfield—I suppose we would be the responsible people.

Chairman—Yes, but can we compel the factory to do that?

Mr. Crotty said that they should have a septic tank as suggested by Mr. McCarthy.

Chairman—Is this a public sewer?

S.S.O.—Yes.

Chairman—Then it is our responsibility.

It was referred to the S.S.O. who said that the residents of Church St. and other places had complained, but of offensive odours in the area.

Mr. Freeman at the factory had told him that the opening of the skylights might abate the odour.

ENGINEER'S STATEMENT.
At this point Messrs. McConkey and Delap appeared before the meeting.

The Chairman said they were very glad to have them present as the Council was perturbed by the state of the Water Scheme which was most unsatisfactory.

The Scheme had been on for some time and they were given to understand that they would have increased pressure from an increased head, but the pressure had not increased at all.

They were the representatives of the rate-payers, and hearing in the streets open expressions of dissatisfaction, they felt that something should be done to ascertain what would be the outcome. As they had Mr. McConkey, who had been closely in touch with the Scheme, there, the Press should take note of everything that was said so that the people would know how matters stood. The Council had done all that was asked and required of them, and the people expected a satisfactory Scheme. If there was a flaw in the Scheme they wanted to know where and what it was, and they wanted the Engineer to point it out. Mr. McConkey was asked to come, to find out what was wrong.

Mr. McConkey said he could explain matters fairly clearly. He could understand the Council's responsibilities in the matter, and he would show that he understood the position of the Engineers. There were two points in the matter which he would discuss.

Their water Scheme was in a bad state of repair. An English company had made an extensive survey of it and reported that leaks should be taken up, and that the main had deteriorated and was only the equivalent of 4 or 5 inches. They advised the Council, as consultant engineers, to erect a dam and make a reservoir, rely on the Deelish Stream, put in filters at the dam, and because of the

increased supply, they should be able to get an ample supply in the town. But they had also put a rider that the Council might have to resort to scraping the main.

The larger work was completed. Unfortunately the dam only held water for a short time. There were signs that the water was getting through and it became necessary to lower the water in the reservoir. On examining the dam they found that the filling-in was in a sodden state, and they found it best to leave the dam for 4 to 6 months to consolidate.

The second point dealt with the mains. They would have to advise the Council further. Water was delivered to the town to give a temporary supply while the dam was in progress. These pipes delivered water at a greater rate than the town was drawing. There was sufficient water to supply the town, with ample pressure. That was all he had to say of the Scheme. They regretted that this hitch occurred, but it was outside anything they could do to make it any better. The contractor was directly responsible to the Council for the satisfactory completion of the work.

The second point dealt with the mains. The town had a poor supply, obviously because the mains were not carrying the water to the town. He came down, went over the system carefully with the Borough Surveyor. He made a full investigation and sent in reports on two visits. He found that the main between Deelish and Curraun could carry a large volume of water. It was obvious that the stretch between Curraun and the town was the cause of the trouble. Owing to repairs, it had been possible for air to get into the pipes and this air could make its way up to the stretch between Deelish and Curraun.

If the stretch was not closed there would be restrictions. They found that the Co. Council had put down 4 or 5 air valves. There were several humps on the road between Tarr's Bridge and the town, which had no air-valves and probably never had. These humps restricted the size of the main.

All these things couldn't be done in a day. He had suggested that plumbers be taken on for the programme of work. He was appalled at the state of the water supply in the town which was in a bad way. He had been in one house where there was only a drip of water, and he told this was better than the supply had been for some time previously.

Their company were not plumbers or excavators. It was for the Council's own officers to carry out the work. When the repairs were done, they could advise the Council whether they would last or whether they could do something more, or must have the main scraped. He had given an estimate for this about 3 years ago, at about £200. The price had since gone up and it would be a different project now. He would advise scraping between Curraun and the town. This would cost in the neighbourhood of £700 or £800.

The Chairman said he would like questions from the members which would take him out of the line of fire. They were in the same position at present as they had been before the scheme. They had been given to understand that the Engineer's recommendations would be an improvement. Mr. McConkey had said that they had a sufficient supply and ample pressure. He had no doubt about the supply but they had not the pressure except at the source.

Mr. McConkey—That is exactly what I said.

Chairman—We want it here in town. We want to know what is the next step.

Mr. Dahill—Another £1,000 on the rate-payers.

Continuing the Chairman said he was of the same opinion as Mr. McConkey, that there was something wrong between Curraun and the town. There was a report in March that air was entering the pipes between Curraun and the town, and there was a drop of 58 per cent. in the pressure. This drop was never explained. No suggestion was made by anybody, and nothing was done.

Mr. McConkey said that several air-valves were buried in that stretch. There were two humps which had no air-valves, and there was no reason why they shouldn't be cleared in the next two or three days.

The Chairman said it didn't take very much investigating to find those humps.

Mr. McConkey said that running in a car it was hard to discern the hump. It was near the cottage.

The Chairman said it was allowed to rest since March.

They were aware of this defect for some time, and had no storage of water now. They had hoped for two or three million gallons storage. They should get down to finding the difficulties, and he would suggest that definite proposals be made to get over any defects as quickly as possible. The Engineer's recommendations had been carried out but not satisfactorily. They did not want to see two or three months elapse before the air-valves were out in. There was the point about the scraping of the main. If it was in need of scraping the Council should be told so. They shouldn't be dilly-dallying with air-valves here and there, and if the main required scraping they should go ahead with it. In an earlier report the Engineer was of the opinion that the supply was sufficient. Mr. McConkey said he was still of that opinion, and would believe in having the water reservoir full in case of a higher demand.

He still maintained that the humps might be the cause of the whole restriction. It shouldn't take more than two or three days for the B.S. to tap them and draw the air out. If this wasn't successful as soon as the Council let them know they would draw up a report as to what should be

Late Sowing

No doubt owing to the abnormal dry season many gardens are not nearly so much stocked as usual. It is not even too late yet to sow any of the following Flowers: Clarkia, Nigella, Nasturtium, Candytuft, Mingonette, Marigold, Night Scented Stock and Virginian Stock. Vegetables: Giant Stride, Gradus, Pilot and Generosity Peas, Canadian Wonder and Canadian Express French Beans, Radish, Spinach, Mustard and Cress. Early six weeks Turnip. Garden Swede will all show good results before the season is ended provided the weather is favourable.

We recommend sowing any of the above for The Tramore Flower and Vegetable Show which opens September 5th, 1939.

Harpur Bros.
SEEDMEN—WATERFORD.

done. If there were difficulties of money, they could scrape the main with a pressure scraper but the main might need re-lining after a few years, as this was the cheapest method. They could also have the ordinary scraper.

Mr. Dahill said they should have a definite report when the work would be finished.

Mr. Crotty asked was the pressure scraping done without taking up the main.

Mr. McConkey answered in the affirmative.

Mr. Dahill said that a section which was taken up in Abbeyside was very clean.

Mr. McConkey said that this small section was clean, but a good deal of the rest of it could be in need of scraping. They could first see to the air valves, and if this wasn't sufficient, they could have the mains scraped.

Mr. Dahill asked were they not getting only a temporary supply, which was only equivalent to the old supply?

Mr. McConkey said there were over 200,000 gallons coming down if they only could get it into the town. There was water enough supplied to the filter tanks.

He had been up there that day with the Borough Surveyor, and the clear water tank was full all day. He did not know what the supply had been like in the town during the day.

Mr. McCarthy said that he had had a better supply during the day than usual.

Concluding, Mr. McConkey said he did not want to run the town into expense.

Mr. Crotty said it was not impossible that there might have been no necessity for a water scheme, if the air-valves were the cause of the trouble.

Chairman—We needed head power.

Mr. McConkey—The level is not high enough to push a water supply through a six-inch main.

Mr. Crotty asked whether the Engineers had agreed on every point with the Government, and the Government with the Engineers?

Mr. McConkey—Yes.

Mr. Delap—We cannot thank the Government enough for the interest they have taken.

Mr. Crotty—I am glad to hear that.

Mr. McConkey said there was really enough water coming down, if they could get it down. If they were patient, the dam would settle down. In reply to Mr. Crotty, Mr. McConkey said that it was customary to give water schemes regular inspection. Even if it were giving no trouble, it should be inspected once a fortnight.

Mr. McConkey said it was not altogether to give an added supply that the scheme was begun, but also for purification. The Council were fortunate in having a fairly pure supply, and were getting water which was safe to drink. When the water was dosed they would have a safe supply all the year round.

The Chairman said there would be a greater demand from the new housing Scheme which was on a high level. The occupants would be in a deplorable state, without a water supply.

After further discussion Mr. McCarthy asked, if the humps were not remedied, what would the alternative be.

Mr. McConkey—Scraping the mains.

The Chairman said that the report on the dam was very vague, both from the Engineers and the Department at the moment. They were evidently hoping that the dam, which had been built in a damp period and had not been allowed time to set, would eventually settle down. They would have

to let the dam stand over until the time was ripe to refill it again.

Mr. McConkey said they might decide to refill the dam in six months. They would refill it very slowly. They had notified the contractor that the dam should hold water for at least six months before refilling it.

The Chairman said Mr. McConkey had cleared the air. Mr. McConkey, in Dublin, had not known the agitation which was in the town. They knew where they were now, and that if the investigation of the humps was not sufficient, they should have the mains scraped. He would suggest that the Borough Surveyor proceed immediately with the work of putting in air valves. When this was done, if the supply was not improved, the mains should be scraped, and they should get an estimate of the cost.

Mr. McConkey said that the Engineers wanted the supply in as quickly as the Council. They had taken great trouble over it, and it was a troublesome job.

That this would clear the air, and the members of the Council and the people, from the Press, would grasp the situation. All they could do was go ahead. The Borough Surveyor would go to the recommendations next week.

The Borough Surveyor said the airvalves would be put in on Monday. He would phone Mr. McConkey on the result.

RESOLUTIONS OF SYMPATHY.
A resolution of sympathy, proposed by Mr. Crotty and seconded by Mr. Dahill was passed to Mrs. Thomas Foley, Abbeyside, on the death of her mother.

A resolution of sympathy proposed by Mr. Morrissey, T.D., and seconded by Mr. Crotty, was passed to Mr. David Foley, a member of the Council, on the death of his father, a former member of the Council. Mr. Dahill assisted himself with the resolution which was passed in silence, all members standing, and the meeting was adjourned as a mark of respect.

FREE DELIVERY TO YOUR DOOR.
No matter where you live, even if it is 20 miles away we will deliver free to your door in our special delivery truck. Think of all the inconvenience coming to town, having your goods sent out by train or truck, paying carriage and sending your own carts to the Railway Station. This is all saved by dealing with Harpur Bros. who give you delivery at once and free delivery. You can buy paints, Oils and Colours, Wallpapers, Distemper, Linoleum, Carpets, Hearth Rugs, Binders, Binder Twine, Mowers and Reapers, Hay Rakes, Turnip Sowers, Galvd. and Corrugated Iron, Bar Iron, Barbed Wire, Plain Fencing Wire, Interlaced and Chain Fencing, Guns, Rifles and Cartridges of every description, Bedsteads, wood and iron, Bedding, Furniture, Cutlery, Electro Plate, Ranges, Grates, Slate and Marble Mantelpieces. In fact, HARPUR BROS., Ironmongers and House Furnishers, 48 Quay, Waterford.

SUNDAY'S MATCH AT TOURANEENA.
On Sunday next, the Pike Junior XV will take the field against Barra na hUidhre at Touraneena Gaelic grounds to contest their tie in the second round of the junior football championship. The men from the Nire district, since their convincing win over Faha in the first round will be favourites. Jimmy Moloney and his stalwarts are all out for a County Championship this year, and if strength and the will to win are necessary assets, should be able to achieve their ambition.

The Pike team, however, have come through their first round with colours flying, and will leave no stone unturned in their endeavour to overthrow the Nire men. Although it will probably come very hard on them to field out fifteen men, as a number of their players have recently been transferred to other clubs, they will, nevertheless give the Nire men a good run, and their long drives will always be a menace to their heavier opponents. With Mick Keane and Tom Fitzgerald back again they will take some beating, and a good game should be the result. The Slabh gCua Gaels are leaving nothing undone in making all field arrangements perfect.

The winners of this game will meet the winners of the Slabh gCua v. Strabally tie in the Western semi-final.

REGULATION OF IMPORTS OF RAW TOMATOES.
The Department of Agriculture announces that the Minister for Agriculture has made an Order under the Agricultural Products (Regulation of Import) Act, 1938, the effect of which is to prohibit on and after 12th June, the importations of raw tomatoes except in accordance with a licence issued by the Minister under the Order.

CORPUS CHRISTI

In ideal weather conditions the Annual Public Procession of the Most Blessed Sacrament was held at Youghal on Sunday, on the same elaborate scale that has been faithfully adhered to since its inception 41 years ago, by the venerated patriotic priest, Dean Keller and his devoted curates, afterwards the late Canons, the Very Rev. T. Roche and T. Bowler.

With the break in the heat wave during the week end and a slight rainfall on Saturday, many weather wiseacres prognosticated at least a showery day, but providentially they proved to be false prophets.

Imbued with their usual Christian determination to make the day worthy of the deed, the Catholic community, not alone on the route of the procession, but all over the old town, in bystreets and lanes, proceeded to renovate and decorate their business premises and homes, in honour of the August Visitor. Long before the time scheduled for the start of the procession, practically the whole town had been transformed by a wonderful display of flowers and greens, banners and bannetries, with elaborate altars and sacred objects of all kinds. This applies also, in a special degree, to the various public buildings. A beautiful temporary altar was set up in the Green Park by the name of the Loretto.

Punctually at 2 o'clock the solemn function began in the Parish Church when the Rev. T. Draper, C.C., carrying the Blessed Sacrament, and assisted by Rev. D. Ryan, C.C., and Rev. B. Murphy, under a magnificent canopy, proceeded down the aisle, and on to the street outside, the Choir, under Mr. L. Manly, organist, singing the "O Salutaris," followed by the "Pange Lingua." The Very Rev. D. Canon Dineen, D.D., P.P., was Master of Ceremonies, with Rev. W. Carey, C.C., and Rev. R. Thornhill, C.C. Amongst the other clergy were:—Rev. D. Duane, C.C., Rev. D. Duggan, C.C.

The following was the order of the procession:—Cross-bearer with Acolytes, Convent School Children, Loretto Children, Children of Mary, Women's Confraternity, Sodality of St. Stanislaus and Boys of the Christian Schools, with the Brothers in charge, Gurtree Contingent, Men's Confraternity, League of the Cross with Band, a detachment of Cavalry and Cycle corps from Summerfield Camp, under Corporal Slynne, the Young Men's Society, Society of St. Vincent de Paul, Parish Choir, Altar Boys, Clergy, Torch-bearers, Flower Children, Thurlifiers, Sacred Ministers with the Most Blessed Sacrament. The local Boy Scouts formed a Guard of Honour about the canopy.

In addition to the League of the Cross Brass Band, the North Abbey Pipe and Drum Band, and the Youghal Pipers' Band took part.

During the route hymns to the Sacred Heart, the Blessed Sacrament, and the Blessed Virgin were sung, the Rosary at intervals recited, and sacred airs played by the Bands alternately.

The procession proceeded from the Church by Emmott Place, Waham Street, to Browne Street, Catherine Street, the Quay, Market Square, Hanover Street, Strand Street, South Abbey to Green Park. Here when all the processions had gathered around the temporary altar, Benediction was given, after which several hymns were sung in community. The Processions then reformed and proceeded by South Abbey, Devonshire Square, Friar Street, South and North Main Streets, William Street, to the Church, where final Benediction was given.

The Canopy was borne by prominent public men in relays.

The Civic Guards under Sergt. O'Brien and Lupton regulated the traffic at all congested points.

L. & N. SEASONABLE LINES

TABLE JELLIES
(Assorted Flavours),
3d., 4d., 4½d. Pint Packet.

KILMACTHOMAS NOTES BACK TO THE BROAD HIGHWAY—A valued Waterford City reader of the "Observer" writes: "It's great to get out into the green country again, and for the best of it commend me, this time of the year, to the leafy lanes of Mahonbridge, lying but a league or so away from Lake Coumshingaugh. "Lilac time, laburnum time, Hawthorn time, blossom time . . . and no better time to rub the last dregs of winter's sleep out of your eyes. "Washed blue of the sky; sun shining on fleecy banks of cloud; sheen of distant Atlantic; Comeragh's purple walls (with a cross-like background of murmur of birds and fowl and cattle, the melody of peace broken now and again only by the staccato yelp of a dog. "What matter if the stuttering roar of a plane high above Comeragh Mills brings thoughts of other things: of dictators and wars and rumours of wars. "All that is fantastic nonsense. Of course it is! You don't believe it. Put your hands in your pockets and walk along. "Life holds nothing better and nothing different. "The ball-players—especially the youngsters—just now making the dead walls of Mid-Deise echo. Handball is one of the oldest of our pastimes. It is practised by the ancients, and old and young amuse themselves with it. Damsels are represented in the Odyssey as playing it to the sound of music. In the Greek gymnasium and in the Roman centes playing ball was to be found, the game played being similar to that indulged in at the present time. In the Middle Ages the sport continued very popular both as an indoor and outdoor exercise, and was a favourite Court pastime until the end of the 18th century. POPULAR LOCAL LADY'S DEATH—The rather sudden and unexpected death of Miss Julia Tobin, daughter of Mrs. J. Tobin, Ballygarra, Kilmacthomas, and the late Mr. M. Tobin, do. occasioned deep regret to a wide circle of relatives and friends. The deceased was only in her 27th year, was in the employment of Mrs. J. Kent, Main Street, Kilmacthomas. On Friday evening of last week she was walking from her employer's place to her home, when, at a point about midway between the Post-Office and "Tracy's Hill," she suddenly fell on the road. She hailed a girl friend who was nearby at the time, and the latter immediately summoned assistance. Miss Tobin was taken to her home in Mr. Kent's motor car, being accompanied by Mrs. Kent, who did everything possible for her. Father Kelly, C.C., attended and administered the last Sacraments, and some short time later she peacefully passed away. The news came as a veritable thunder-bolt to the town and district for miles around. Next morning Dr. J. C. Walsh, Marfield, Clonmel (Cotner for East Waterford), held an inquest at which Dr. Elliot (acting locum tenens for Dr. J. G. Dowley, Kilmac), who is away on holidays) deposed that in his opinion death was due to cardiac failure, and a verdict in accordance with the medical testimony was returned. Miss Tobin's untimely demise is very much regretted, not only by her numerous friends but by all who had the pleasure of her acquaintance. Her gentle, amiable and kindly disposition, ever cheery and generous, won the respect and esteem of the people of these parts. To her esteemed mother, brother and sister, many expressions of sincere regret have been handed. An exceptionally large funeral procession which accompanied the remains from her residence to St. Anne's Church, Ballyaneer, on Saturday evening, and again on Sunday when the interment took place in the family burial ground in the adjoining cemetery, marked the feeling of respect for the memory of deceased. Very Rev. R. English, P.P., Stradbally officiated at the graveside. The chief mourners were: Mrs. Tobin (mother); Mr. Patrick Tobin, Ballygarra; and Miss Mary Tobin, Louisa (sister). A number of beautiful floral wreaths were laid on the grave. Requiem Masses for the happy repose of the soul of the late Miss Tobin were offered up during the week—May she rest in peace. DELIGHTFUL DANCE FUNCTION.—Last Sunday night's usual weekly dance in the New Hall, Kilmacthomas, was second to none previously held in that popular establishment both as regards the attendance and the all-round success of the event. The music and enjoyment of the evening. The music was provided by Griffin's Band (Waterford), who gave a fine variety programme, and to its sweet and haunting strains dancing was kept up with the fullest zest. Mr. Paddy Barron was an admirable A.C. And finally, every reader knows the proverb: "Happy is the bride who renounces on." June is the month which the sun has the best chance. The old belief is, if the sun shines on a bride the wedding is certain to be happy and prosperous. So readers will see there is something in the legend of June being the best month for weddings. GALLIC GARNERINGS.—Last Sunday evening's musical entertainments were just nice for all hurriers and footballers in action on the occasion. Kilmacthomas had a surprisingly large win over Dungarvan at the latter's ground. Captain Paddy Veale and Co. can now rightly claim the honour of being the first Kilmacthomas senior football representation to best an Old Borough ditto in a championship clash over the past fifty years. Well done, Kilmacthomas. All praise to the local "K's" who shot Portlaine into the headlines by bringing off a well-deserved double at Clonmel. Considerable interest was focussed in both bouts, which were inter-county challenges. The famous Clonmel Shamrocks suc-

No matter what kind of holiday you like— YOU'LL GET IT IN IRELAND. The family man and the sportsman, the energetic young people who want to tramp and climb mountains, and dance, the many whose idea of a perfect holiday is rest, in peaceful quiet surroundings—can have their ideal holiday in Ireland. Those who wish to see more of the country will find ample opportunities in the splendid Fall and road tours. Ireland possesses attractions that bring tourists from the ends of the earth. Yet many thousands of Irish people have never seen them. Don't you be amongst them. This year, have the holiday of your life, in Ireland.

IRISH TOURIST ASSOCIATION 15 Upper O'Connell St., Dublin. The I.T.A. can solve your holiday problem. It has a list of publications free, including Irish Tourist Directory, which contains full particulars of accommodation and charges at all resorts. Call or write to:

of the Blessed Sacrament for adoration of faithful. Holy Mass was again celebrated on Saturday morning. Large numbers received Holy Communion on these mornings and again on Sunday morning. At 11 o'clock Mass on Sunday, Miss Cantata was sung by Father Walsh. There was a very large congregation. Subsequently the procession was formed. The Sacred Host was borne under a magnificent canopy (carried by four members of the Sacred Heart Confraternity) by Father Walsh, with whom was Father English, P.P. The altar boys, children, the church choir, Men's Confraternity, Women's Confraternity and Children of Mary. On returning to the Church, Benediction of the Most Blessed Sacrament was imparted by Father Walsh. The hymns sung by the congregation were devotionally rendered by the choir, which was suggested by Messrs. D. Power (tenor) and J. Dunne (baritone), of the Kilmacthomas Sacred Church Choir. Miss M. Flynn presided at the organ with wonted ability. Throughout the Forty Hours Adoration, the good parishioners in large numbers visited the Sacred Edifice to pay acts of homage, their piety and zeal being truly worthy of the best Catholic traditions of their forefathers, and the revered Pastor of Stradbally and Ballyaneer (Fr. English) and his lovable Curates (Fr. Walsh and Father Leary) the good reason to feel pardonably proud of young and old of their flock.

THE DEBY HOT SPELL OF WEATHER.—Had a break in Mid-Deise over the weekend. Only some light showers fell, but the atmosphere was much cooler than what had been experienced since the 1st inst. WHY IS JUNE—Such a popular month for weddings? The real reason goes very far back. It is an age-long custom and nobody really knows when it started. Probably fine weather and plenty of flowers had a lot to do with it, for the ladies always do their best to look attractive in June. Anyhow, long before our present marriage custom was in vogue, one of the ways in which the man showed prowess and bravery was in wrestling and fighting. These sports usually occurred in June, just as ours do to-day. If a young lady had two "boys" they fought together and she generally chose the stronger. Ladies usually do select the man she believes to be the strongest and most courageous. It was in June that the lovely Atalanta gave herself in marriage to the best runner. In ancient Greece it was the custom to give a garland of flowers as a sign of betrothal, and of course, June is the best month for flowers. Coming nearer home, there used to be a June custom among certain Irish villages. The relatives of the bride would seize her when she reached the church door. They'd carry her off to the hills. Then the disappointed bridegroom would set off in pursuit. He would soon capture her—the lady saw to that—and whoever shook certain to be married within a year. This custom was always celebrated in June. Another very ancient Irish custom has its funny side. If the pair got married in June, the bridegroom was under no obligation to speak to his mother-in-law, unless it was absolutely necessary. Here's a chance for the cynics to say why June weddings are so popular. The custom has died out completely, but we understand in other parts of the world it is still carried on. Yet another reason for June weddings is the bridesmaids were supposed to strew garlands of flowers in the path of the bride. The poet Herrick, who wrote in the 17th century, has written many verses on this theme. Baskets of roses were common gifts and were considered emblems of beauty and happiness. And finally, every reader knows the proverb: "Happy is the bride who renounces on." June is the month which the sun has the best chance. The old belief is, if the sun shines on a bride the wedding is certain to be happy and prosperous. So readers will see there is something in the legend of June being the best month for weddings.

Read what Mr. Burns says: "I have been using CUREUX with great success. I had a cold, or from BELL'S WATERFORD, post 6d. extra. KEEP A BOTTLE HANDY. CUREUX USE BELLS' GREAT ANIMAL CURES."

MAKE QUALITY YOUR STANDARD AND YOU WILL CHOOSE A RALEIGH THE ALL-STEEL BICYCLE. Last year more Raleighs were sold than ever before—proof enough that the Raleigh policy of building only Quality Bicycles is abundantly justified. Remember that when you buy a Raleigh you get a machine controlled throughout by the manufacturer and not just an assemblage of standard parts. Raleigh Individual Production gives you a Bicycle built to your individual needs, scientifically designed for easy-running and interpreted only in the finest materials. And the lustrous enamel finish, thick chromium plating and rust-proof spokes give your Raleigh an appearance worthy of its high quality and make it a Bicycle you will be proud to own.

EASY TERMS CAN BE ARRANGED FOR ANY MODEL. CATALOGUES FREE ON APPLICATION. THE ALL-STEEL RALEIGH HAS NO CONNECTION WHATSOEVER WITH ANY OTHER BICYCLE FIRM. Old Machines Taken in Exchange. Bring your Raleigh Repairs to the Raleigh Agent. FROM £5:19:6 (CASH), OR 10% DOWN. AGENT FOR DUNGARVAN AND DISTRICT: J. B. COOKE MAIN STREET—DUNGARVAN.

J. DANIEL & SONS CARPENTERS AND FUNERAL UNDERTAKERS, 29, Main St., Dungarvan (OPPOSITE MERRY'S). ALL FUNERAL ARRANGEMENTS AT REASONABLE PRICES. Elm Coffins from 50/- upwards. Also Fanelled Coffins in Oak and Elm. Windows, Doors, Frames, Tables, Wash-Stands, Dressing-Tables, Wardrobes, and Presses. Stocked at Very Low Prices. All kinds of Furniture made to order.
