LOCAL SPORTSMAN'S LOSS.—

In the death of the famous greyhound

the Rev. Mr. George Hely, one of our

most popular residents, and a splendid

sportsman, has sustained a great loss.

It will be recalled that Mr. Hely's

several fine performances on the

tracks made history by winning the Irish

and National at Harold's Cross, Dublin,

in 1922.

This year, Mr. Hely's record of the

wonderful time of 30.97 (525 yards hurdles)

on the Cork track, and in view of this

performance Mr. Hely decided to

take his charge to the English Grand

National. Towards that end he sent

him to the Burnhill Kennels, Waltham-

stow, London, to be prepared for the

event. On Friday last Mr. Hely was

notified of the dog's death from pneumonia.

His many friends in Cappoquin and else-

where deeply regret the great loss Mr.

Hely has sustained and hope that brilliant

performance by the dog now in his ken-

nel will in some way compensate him for

his hard luck.

A.R.P. TO COST HALF A MILLION

Fire Fighting Services for Counties.

The total expenditure contemplated was about £500,000, said Mr. Aiken, Minister for Defence, in the Dail on Wednesday, moving the money resolution in connection with the Air Raid Precautions Bill.

The estimated expenditure in the various scheduled areas would be:—

Total expenditure, Dublin City—£250,000; Cork City—£75,000; Waterford—£44,000; Wexford—£14,000; Cobh—£12,000.

Direct expenditure by State, Dublin City—£160,000; Cork City—£47,000; Waterford—£28,000; Wexford—£9,000; Cobh—£8,000.

Borne by State and Local Authority, Dublin City—£90,000; Cork City—£28,000; Waterford—£16,000; Wexford—£5,000; Cobh—£4,000.

It was intended to give every County Council some idea of A.R.P. organisation. Fire-fighting was one part of the scheme, and in this connection the Minister for Local Government would introduce a Bill in the near future to compel local authorities to have a minimum fire-fighting service in each county.

Mr. Aiken said that of the £250,000 contemplated expenditure about £200,000 would be spent by the State on gas masks, decontamination, and fire fighting appliances.

Part of the balance would be spent by local authorities who would also contribute a portion themselves. The half million pounds was a round figure and he did not feel himself to be bound by it. About £7,000 a year would be required for administration.

Gen. R. Mulcahy (F.G., Dublin, N.E.) said that no indication had been given of the works that would be carried out.

Could the house be given some idea of what was going to be done in Dublin? To what extent would the fire fighting appliances be strengthened, and to what extent was the money going to be provided out of these funds? Was part of the funds for temporary schools and hospitals for children evacuated from the city?

Mr. Aiken said that if they got the A.R.P. organisation going in Dublin and the scheduled areas he would have to come to the House for a supplementary estimate to cover the expenditure involved.

Apart from the £200,000 spent directly by the State there was £180,000 of that figure a sum not exceeding 70 per cent would be given by the State so that the local authorities would at least have to bear £60,000.

Gen. Mulcahy—And the Minister does not know what for?

Mr. Aiken said he had told the Deputy Eire, and his case is being looked after by the Eire Minister in Spain.

Mr. Strauss—Does that mean that his Majesty's Government is no longer interested in the case. Is the Minister aware that there is a very strong feeling in this country about it?

Mr. Butler—I am aware of the feeling of our Members. Our Ambassador has offered his help in this case.

IRISH NATIONAL WAR MEMORIAL

The question of the opening ceremony of the Irish National War Memorial has been fully considered by the Area Council of the British Legion in Eire.

It was felt that the present critical state of international affairs renders impracticable the organisation of the ceremony on lines commensurate with the dignity of the occasion.

It has accordingly been decided that the Memorial should be indefinitely postponed. It is hoped, however, that conditionally on an easier international situation, it will be possible to have this long-awaited ceremony in the summer of 1940.

In arriving at this decision the Council has been largely influenced by the advice of the Department of An Taoiseach.

The Area Council of the British Legion in Northern Ireland has been kept in close touch with the deliberations and has signified its agreement, in all the circumstances of the case, with the decision.

A. P. Conolly, Chairman.

Britain Asked to Recall Official

SWIFT REPLY TO LONDON STEP

The German Government has requested the British Government to recall its Consul-General in Vienna.

The British official in question is Mr. Donald St. Clair Gainer, who was promoted to be Consul-General at Vienna in March of last year.

This is a reprisal for the British Government's action in asking Berlin to recall Herr Reinhardt, the German Consul-General in Liverpool, whose name was mentioned in connection with the Chory secret case.

An official announcement issued on Wednesday said: "The Reich Government has found itself obliged to ask the British Government to recall the British Consul-General in Vienna, because on the occasion of a criminal procedure it has been revealed that the British Consul-General in Vienna was involved in an affair regarding a prohibited news service."

CASE OF FRANK RYAN.

BRITISH STATEMENT

The British Under Secretary for Foreign Affairs was asked by Mr. G. Strauss (Lab.) in the House of Commons, on Wednesday, whether he could state the results of the representations made to the Spanish Government concerning the imprisonment of Mr. Frank Ryan.

Mr. Butler—Mr. Frank Ryan is a citizen of Eire, and his case is being looked after by the Eire Minister in Spain.

Mr. Strauss—Does that mean that his Majesty's Government is no longer interested in the case. Is the Minister aware that there is a very strong feeling in this country about it?

Mr. Butler—I am aware of the feeling of our Members. Our Ambassador has offered his help in this case.

MANAGERIAL SYSTEM FOR WATERFORD

MINISTER EXPLAINS NEW MUNICIPAL PLANS

Dail Statement

In the Dail on Thursday, Mr. Sean T. O'Kelly, Minister for Local Government and Public Health, moved the second stage of the Waterford City Management Bill, 1939.

The Bill, he said, proposed to extend to the City of Waterford the system of Municipal Government that associated a City Manager with an elected Council. This system was already in operation in Dublin, Cork, Limerick and Dun Laoghaire.

Under the Bill the powers and duties of the Corporation would be exercised in relation to certain reserved matters by a newly constituted Council, and in other respects by the City Manager. The new Council would consist of 15 members, four of whom shall be Aldermen. The former Council consisted of 40 members, including 10 Aldermen, returned by the wards. It was considered that under the new system a numerically smaller body would be able to carry out the Council's functions with greater dispatch.

The Bill would be substantially the same as heretofore. The functions reserved to the Council would be the control of financial policy. The Council would exercise the power of striking the Municipal rate and borrowing money. There was also reserved to the Council the powers in regard to making bye-laws, bringing permissive acts into force, opposing and proposing bills, and appointing representatives on public bodies. Subject to the usual safeguards they would also have power to appoint, suspend, or remove the Manager. There was proviso by which the powers of the Council could, if necessary, be extended by an order of the Minister.

The City Manager would be appointed on the recommendation of the Local Appointment Commissioners. Pending the permanent appointment being made the Minister could nominate a temporary Manager. The person appointed Manager would also be Town Clerk.

The Tuberculosis Committee would be dissolved, and its functions transferred to the Corporation.

It would be the duty of the Manager to furnish information to the Mayor, attend meetings, advise the Council, plan works which the Council wished to have executed, and control and supervise the staff. The Council would be empowered to make orders to preserve the existing partial exemptions. As nearly as possible the Municipal rate would be levied on seven-tenths of the valuation of arable land or meadow within the city, and on three-fifths of the half rents rateable under the Poor Relief Acts.

The Bill provided machinery by which an application might be made by the Corporation for an extension of city boundaries and the determination thereof by the Minister.

Officers and servants of the Corporation would continue to hold their positions on the same tenure as at present, but they would be under the control and supervision of the manager. Employees if they had 20 years' service were given the benefit of the provisions of Section 53 of the Local Government Act of 1925, and this power could be exercised within a period of 1939 or longer, if the Minister, on the application of the Corporation, extended the period.

Death of Mr. J. Coffey, Melleray, Cappoquin.

The death of Mr. John Coffey, Melleray at the early age of 45 years has been the occasion of very sincere regret in the district. The deceased man was brother of Sister Benigna, Good Shepherd, Convent, Dunboyne, U.S.A.; Sister Martina, St. Joseph of Peace, Convent, Jersey City, and of Messrs. Patrick and Matthew Coffey, Melleray, while his bereaved wife is a sister of the Most Rev. Dr. John Coleman, Bishop of Armidale, Australia; Very Rev. P. Coleman, P.P., Beavau, Brisbane, Australia; Mother Teresa, Dominican Order, Capetown, S.A.; Mr. Daniel Coleman, and Mrs. Mary Ann, Melleray.

After Requiem Masses for the repose of the soul of the deceased, the interment took place at St. Declan's cemetery, Dromore, and was attended by a large crowd of mourners.

The chief mourners were:—Mrs. J. Coffey (widow); Thomas, Willie, John, Joseph and Mary Coffey (children); Mrs. M. Mason Cappoquin (sister); Patrick and Matthew Coffey (brothers); Wm. Coleman (father-in-law); Mrs. Hayden (sister-in-law); Michael Mason (brother-in-law); together with numerous other relatives and friends.

KILBARRY BOGGS.

Section 37 of the Act contained an important provision under which the Corporation might acquire lands and drains in order to improve the drainage, and such improvement would increase the amenities of the bog. The lands which the section was designed to deal with were the Kilbarry marshes, which lie on the south boundary of the city, and on three-fifths of the over 200 acres in extent, were covered with water for the greater part of the year. This water-logged state was a menace to the health of the city, which was extending along the plough ground about the marshes. A scheme prepared under the Arterial Drainage Act 1925 and 1929 was rejected by the occupiers of the marshes. The drainage work should not present any great technical difficulties, nor should the cost prove to be prohibitive.

The B.F.I. said the Minister was present in the firm belief that it would promote the better Government of the city and the efficient administration of the many services the Corporation were now called on to administer.

DUNGARVAN URBAN COUNCIL

At the weekly meeting of the above on Friday evening, there were present Messrs. T. McCarthy, Vice-Chairman, P. Quinn, J. Mansfield, J. J. Crotty, J. Dahill and Mr. Williams, solr.

DEMOLITION

Mr. Williams, solr, stated that the Borough Surveyor and he had interviewed one of the Department's officials who said that the Council should have only one clearance area, which would be the Boreenatra area. In the other areas proposed for demolition they should serve notice on the landlords and if the landlords were prepared to spend £50 or £60 for repairs they could do so.

Mr. McGrath had prepared a map and he himself had drawn up a resolution. The Chairman, in the discussion which followed said that the M.G. gave as a reason for demolishing houses at the Convent the need for a playing ground, but the Sisters said they did not want the playing-ground enlarged and the people in the houses didn't want to leave.

Mr. Dahill—If the Councilors examine houses themselves and don't condemn them, what then? Mr. Williams—Choose some others. Chairman—There's no reason for knocking those houses I have mentioned. If the necessary sanitary arrangements were put in, they would be perfectly suitable.

Mr. Mansfield—They are very small. Chairman—They are big enough for some of the families. Mr. Crotty—if you want a clearance area, the good houses must come down with the bad ones. The members of the Council who examine these houses may not agree on the houses which should be demolished.

Mr. Williams—I want to get on with this area as it is very complicated one. Mr. Crotty—Is there opposition in that area? Mr. Williams—I believe there is. Mr. Quinn—if members of this Council examine these houses, they will meet with opposition. I don't believe any member will face that. The officials are paid to do that. What do the members care? They may not be here in a year, and nobody is going to lay himself open.

Mr. Williams—Is the Council absolutely satisfied with these houses which are on the demolition list? Mr. Quinn—I am hearing grumbling from people who say that better houses than theirs are being demolished, and want to get new houses. Mr. Mansfield—All these houses are passed by resolution. At this point the discussion closed.

PAYSHEET.

A paysheet of £25 15s. 6d. was passed. The Clerk of Works reported that 64 men were employed on the Housing Scheme.

REQUESTS FOR REPAIRS.

William Erady wrote asking for repairs to a door which was referred to the Borough Surveyor. Mrs. Hackett, Loughmore, wrote stating that the bathing boxes were in need of repairs.

Messrs. Williams wrote asking for repairs to a berth at the Quay. It was referred to the Harbour Master. Patrick McGrath, building contractor, asked permission to tap the main at Abbey-side for the building of a bungalow. Permission was granted on the usual conditions.

WATER SUPPLY.

The caretaker at Deelish reported that the stream and storage tanks were low. Chairman—There is only a dribble of water up there. Mr. Crotty—Only half the town is getting water. If everybody was getting water there would be no water supply.

Mr. Mansfield—Is there anybody looking after Kildangan? Borough Surveyor—The annual cleaning is due there now, but owing to the present state of the water supply we don't want to touch it at present.

ACKNOWLEDGMENTS

Several acknowledgments of votes of sympathy passed by the Council were received. COMPLAINTS OF DUMPING. A complaint was received of the dumping of papers outside the Shandon Dairy and a consequent nuisance.

The S.S.O. said there was a lot of papers there. Mr. Crotty—The place needs levelling. Chairman—I think we should have receptacles on the poles for paper. It is very dangerous besides for young horses. Mr. Crotty—I suggested that some time ago.

Mr. Dahill said that every evening the streets were littered with paper. Mr. Quinn—All the papers in town are blown up to Blackpool. The S.S.O. said he had begged the people to keep papers off the streets.

The B.S. said that the S.S.O. and he had seen the scavenger going up a certain street and three doors behind him people were throwing out rubbish. S.S.O.—The dumps should be levelled and railed in, to give the place a respectable appearance.

Mr. Crotty—It would only take half a day to clear it away. It was decided that the place in question be levelled off and railed in. REQUESTS FOR WATER. Messrs. Tobin and Condon, Congress Villas, wrote complaining of the state of the water supply and requesting an adequate supply.

Mr. Quinn said that Kildush residents were paying big rates, and had no water. Mr. Dahill also spoke of a shortage at Abbey-side. The Borough Surveyor said there was more pressure through the town, as he had made repairs at Glendish. He had told Mr. McConkey of these repairs, and the

CATCH CROPS

The Department of Agriculture desires to impress upon farmers the wisdom of making timely provision for the growing of home-grown feeding stuffs during the period of comparative scarcity that is usually experienced in the late spring.

Owing to the long period of dry weather experienced this year during early summer, the yields of hay crops are likely to fall considerably below average this season, and it is therefore especially desirable that arrangements should be made to supplement winter reserves of fodder.

If catch crops are to be ready for use from, say, the beginning of April onwards, preparations for first sowing should be made early after potatoes have been dug. Most of the cereals, as well as vetches, rape, hardy green turnips, cabbages, marrow stem kale, thousand-headed kale and Italian rye-grass are suitable for sowing as catch crops, the choice of crops depending to a large extent on the district.

In northern counties, rye, if sown as early as possible in August, does very well as a catch crop. It is hardy, and is usually fit for cutting in early April. Italian rye-grass, when sown in time and top-dressed with nitrogenous manure, produces a heavy cutting in the latter part of April. Where a second cutting is desired, a mixture of rye, vetches and Italian rye-grass proves very suitable. In the milder climate of the southern districts, either winter oats or wheat mixed with vetches makes better feeding than rye, especially in the later stages when the rye becomes woody. Rape sown in July for autumn consumption, if cut in early April, produces a second cutting in spring.

Farmers who are in doubt as to the most suitable crop to sow should consult the agricultural instructor for their county. Copies of Department's leaflet No. 80, dealing with the seeding and cultivation of catch crops, may be had free of charge on application to the Secretary, Department of Agriculture, Dublin.

Waterford Man Is First High Commissioner. The Department of External Affairs announces that Mr. John Bearn, Legal Adviser to the Department of External Affairs, has been appointed High Commissioner for Ireland in Canada. He will take up his post in Ottawa early in August. It is understood that it is the intention of the Government of Canada, to recommend to Parliament at its next session, the appointment of a High Commissioner for Canada to Ireland. The new Commissioner is a young man who has had a distinguished and rapidly rising career in this country since the Treaty. A native of Waterford, he is the third son of the late Aid. Richard Kearney, who was a well-known nationalist and prominent supporter of the late John E. Redmond, and his son, the late Capt. W. A. Redmond. Called to the Bar in 1920, Mr. Kearney practised before Judge D. O'Brien (now Chairman of the Railway Tribunal) on the Leitner Circuit, and under Mr. Cosgrave's Government was appointed to the Department of External Affairs. He was educated at Waterpark College, Waterford, and later at University College, Dublin, taking on his lectures for the Bar at King's Inns. At University College, Mr. Kearney took a prominent part in the College Literary and Historical Society, where he was distinguished for brilliant or

REVIEWED BY "BOOKWORM"

I seldom read College Annuals. Reason: because like a certain student lampooned photographically on page xv of the Rockwell Annual, 1938, I have known them as "stagnant ground for purely cultural essays".

Not so the Rockwell Annual. I read it last year, and enjoyed it, although I have never put my foot inside Rockwell, and when it crashed through the letter box the other morning I was the first to scan its pages.

LISMORE NOTES

HOW HELVIC HEAD DERIVED ITS NAME.

Various opinions have been expressed as to how Helvic Head derived its name. While reading the Cork Archeological Journal recently I find the following information which may be of interest to those in the locality.

PROSPECTS OF CROPS.

The lengthy spell of dry, warm, weather is having an adverse effect on crops in general, especially oats and root crops. Meadows and pasture lands are very backward for the season and although we have a few days' rain already it has only acted as a sprinkling for the ground.

WATER WASTAGE.

Strong comments have been made on the scandalous and persistent waste of water which goes on in the town by leaving fountains and private taps running day and night. Over and over again one sees these public fountains gushing forth their precious supply of water, with neighbours looking on unconcernedly, while by all accounts, the water in many households is appalling.

CHILDREN OF MARY RETREAT.

The Annual Retreat of the Children of Mary will open on Monday evening at the Presentation Convent. The retreat will be conducted by a Redemptorist Father.

THE CROWS.

Complaints can be heard on all sides of the amount of damage being done to potato crops by crows. Deprived of their usual food supply by the dry weather and trying to provide for their young, they have revealed a savage of boldness seldom experienced.

TURF HARVEST.

The harvesting of turf fuel continues. In recent seasons some of the best ricks were mowed on the flooded bog and could not be carted home. The quality of peat should be good this season.

JUNE FAIR.

The Monthly Fair held in Lismore on Wednesday week was badly attended. Friends were £8 to £9 for suitable yearlings, £10 to £12 for two-year olds and £13 to £14 for three-year olds.

THE COLLECTORSHIP.

A Chair—With reference to your letter of the 28th ultimo regarding the filing of the position left vacant through the resignation of Collector Farrell, I am directed by the Acting Minister for Local Government and Public Health to state that there are certain matters in connection with the position of advertisement proposed which should be clarified before any steps are taken to fill the position.

YOUGHAL BRIDGE.

A letter was received from J. Bowen, E.E. Co. Surveyors, Waterford, stating that further restrictions must be put on at the Bridge, as cars were still speeding over it, and he co-operation could be got from the Department of Justice. Both Co. Councils were willing to erect weight bridges, but the Department of Justice would not give Grants. Cases brought before the District Courts for speeding were let off with nominal fines.

DISCOLOURED HEADS

POLTRINE will bring you a surer profit from fowl and turkeys. It is the greatest cure for discoloured heads, drooping diarrhoea and non-picking in fowl and turkeys. Read what Mrs. Sweetman says: "These send me a 5/- tin of POLTRINE for my fowl and I do not like being without it at any time."

YOUGHAL MENTAL HOSPITAL

At the usual monthly meeting of the Committee of the above there attended Messrs. W. J. Broderick, T.D., Chairman; Seumas Walsh, T.C.; and Rev. D. Duane, C.C.

The manager's report stated that since last meeting, five patients, (four male and one female) had been admitted from Cork Mental Hospital, two (one male and one female) had been transferred, and four (three male and one female) had died, leaving in residence at present a total of 425 patients (248 men and 177 women).

The Town Clerk stated that the Water Curator found the supply normal, except to one block on the high level. It would appear that the trouble was inside the building, and due to the corrosion of the service pipes, etc. The Council agreed that as soon as the work on the filter beds was completed, the Hospital would get a much better pressure. Some discussion took place on the price got for the pigs, and it was decided to advertise the sale in future.

The Farm Steward reported that the usual work was being carried out. Owing to the drought, the crops generally had got a set back, and they were now showing signs of improvement since the change in the weather. One tender was received for the supply of coals, Messrs. M. J. Fleming, 50 tons of best coal at 40/-, and 150 tons of steam coal at 39/-.

COUNTY LIBRARIES COMMITTEE

At the monthly meeting of the County Waterford Libraries Committee, held on the 13th June, Mr. R. Going Presided. Mrs. M. Maher and Mrs. J. Moloney were also present.

The minutes of the previous meeting were read and Salaries and Accounts were passed for payment. The County Librarian reported that he had been unable to attend the Library Conference this year. Arising out of this, Mrs. Going suggested that a future Library Conference should be held in the County. The County Librarian said that the procedure to be adopted was to send an invitation to the Library Association to hold their next Conference in the County. The holding of Library Conferences in different localities each year stimulates interest in Library matters and was an excellent means of local publicity.

WEST WATERFORD. LATE REV. FR. MULLINS.

The tragic death on Sunday last of Rev. Fr. Mullins, Vincent's, Sunday's Well, Co. Kerry, has struck the people of the parish with a shock. Only a few short weeks ago, the priest conducted a very successful and happy mission in Clashmore and deep pity endeared him to the people of the parish.

During the mission he paid full tribute to the people of the parish. "Here," he said, "is the world of Catholic Ireland. In no other world have I found a better Catholicism." Fr. Mullins was a missionary worker in Australia and for the past few years successful missions in Ireland. An eloquent and brilliant writer, Fr. Mullins was a lovable disposition with a sense of humour. He was born in Mullins, P.P. Roseshill, Co. Kerry. Fr. Mullins was a very Rev. Fr. Murphy, P.P. and Rev. Fr. Power, C.C., Clashmore, among the large attendance at the High Mass in St. Vincent's, Clashmore, on Tuesday last.

The circumstances of his death were extremely sad. After assisting at the end of the Church of the Holy Spirit, he was returning to his home, but he was overtaken by a serious injury from which he never recovered. R.I.P. WATERFORD v. CORK.—On Sunday next all interest of meeting of Waterford and Cork Munster senior hurling clubs will be held at the home of the Waterford team in the town of Waterford. Trains leave at 10.30 a.m. and Cappoquin G.A.A.—

On Sunday last Ardmore shire had an interesting third meeting for the initial J. P. championship. It was with Ardmore somewhat under the weather and sun in the first round scored a solitary goal. The splendid Ardmore defence over Ardmore attacked and level. At this stage it looked more victory but they were and in an unexpected attack scored a goal. Ardmore steadily but failed to score. It was their first year in the all the Ardmore players played but seemed to lack the doubt the long journey (21 miles) to Waterford. For Knocknashannon men helped make Neville brothers and O'Neil well.

The Knocknashannon team way in the championship are out. A special trip to the Cappoquin club for the arrangements in connection with the match.

TH PRESIDENT'S GARDEN. Mr. Sean O'Halloran, P.P. was amongst those invited to the President's Garden Party in the garden of the residence of Mr. O'Halloran, who is a Irish teacher, is a pioneer League, and a personal friend of the late President.

AGLISH MISSION.—A fortnight's mission of the Parish Church on Sunday last, conducted by Fr. O'Halloran, of the Order and the various devotions attended by large and devoted congregations. A mission is also the same Fathers in Mount Ardmore.

Ardmore, like Clashmore, Brickey Range genuine set of Gaelic and the support of the best Gaelic in the parish. Tribute is due to Mr. Hurley, J. Rooney, Sean work they have done for Gaelic in Ardmore. Far from being defeated, Ardmore are in the entering several other contests to have a splendid club next year.

PHYSICAL. Knocknashannon's combination in the county to J. Neville, P. Barry, J. O'Neil, the other officials of the club are a well organized club support in their own practice and experience. They up a good show in the club. Biggest obstacles. Individually the team are as good as division.

THE WEATHER AND CROPS. The recent rainfall has had an improvement for crops. It has benefited vegetation. Corn, potatoes and root crops are doing reasonably well and able conditions good yields. Had the rain not come so doubtfully have been more. Most farmers have none. Owing to the drought somewhat below normal.

Quay Wall Co.

On Thursday evening, a Quay wall at Messrs. A. Sons new berth collapsed into the newly made berth covered with several tons and of coal which was shovelled. The coal had been the two preceding days. "Maral" it was fortunate that it did not occur while being discharged as damage which would have done to the boat the risk of injury and those engaged in the cargo would be very great.

SUNDAY'S MATCH

On Sunday next, at Fermoy, the Waterford senior hurling fifteen field out against Cork in the first round of the Munster Championship, and hearts of all good Gaeils in the county are beating with the hope that this match will be the first of a series which will terminate in victory at Croke Park.

Waterford failed in their efforts to become Munster champions, but this failure had the gratifying effect of stimulating the whole county in its determination to make amends this year.

Never has the Gaelic Athletic Association been so strong in the county before, and for the unity of purpose and enthusiasm which everywhere exists, the hard-working officials of the organization are mainly responsible. Their task has been, and still is, full of difficulties, but they have overcome all these and raised their county to the high position which it now occupies in Gaelic affairs.

The team which bears on its shoulders the honour of the county on Sunday needs no praise. Its members are known everywhere for their fine sportsmanship, and no word of blame has ever been spoken of any one of the whole fifteen. They are the backbone of the county's talent, and their spirit is the spirit of the whole county, east and west.

Victory on Sunday will be the first stepping-stone to Croke Park. To insure that victory, all who can should travel to Fermoy to cheer on their county. Encouragement from the sidelines may not be a necessary adjunct to victory, but it plays a part, and when Waterford colours are seen on the ascendancy on Sunday, it will spur the players on if they know that their efforts are being applauded by thousands of their supporters.

WEST WATERFORD NEWS

LATE REV. FR. MULLINS, C.M.—

The tragic death on Sunday evening last of Rev. Fr. Mullins, C.M., St. Vincent's, Sunday's Well, Cork, came as a great shock to the people of Clashmore. Only a few short weeks ago the deceased priest conducted a very successful mission in Clashmore and by his charm of manner and deep piety endeared himself to all. During the mission he paid a wonderful tribute to the people of Clashmore parish. "Here" he said "is the very heart of Catholic Ireland. In no part of the world have I found a better body of Catholics." Fr. Mullins who was born in Galway 60 years ago, spent several years on missionary work in China and Australia and for the past few years gave very successful missions in all parts of Ireland. An eloquent preacher and brilliant writer, Fr. Mullins was of a most lovable disposition with a wonderful sense of humour. He was brother of Rev. Fr. Mullins, P.P., Roscahill, Galway and Sr. Aloysius, Sisters of Charity, Belfast.

Very Rev. Fr. Murphy, P.P., Clashmore, and Rev. Fr. Power, C.C., Clashmore were amongst the large attendance of clergy at the High Mass in St. Vincent's Church, Cork, on Tuesday last.

The circumstances of his death were extremely sad. After assisting at Benediction at St. Vincent's on Sunday evening last he ascended to the Organ Gallery at the end of the Church to read his breviary. In an effort to recover a leaflet, however, he overbalanced and fell to the body of the Church. He received serious injuries from which he died a few hours afterwards. R.I.P.

WATERFORD V. CORK.

On Sunday next all interest centres on the meeting of Waterford and Cork in the Munster senior hurling championship and a large crowd will travel to Fermoy from these parts to support the home team. To the Waterford team we wish the best of luck and victory. Trains leave Youghal at 10.30 a.m. and Cappoquin at 11.45 a.m. G.A.A.—

NEW BALCONY—

In addition to the many alterations and improvements already carried out on the Rowing Club premises and grounds, a further important improvement in the form of a new balcony is being carried out by Mr. Luke Hackett, carpenter, Cappoquin. This work, when completed will effect a great change on the exterior of the premises, which is bound to meet with general approval. The old balcony was in a very dilapidated and decayed condition and was regarded as being very dangerous, so that the completion of this new balcony is being eagerly looked forward to by all. The painting of the extension of the club premises is also under consideration, and we understand that this work will be carried out as soon as possible. The Boathouse will, therefore, present a most gratifying appearance on the occasion of our local regatta which will take place on Thursday July 29th and which promises to attract a record entry of crews.

OBITUARY—

As we go to press we learn with deep regret of the death of Mr. Thomas O'Donnell, Main St., Cappoquin.

IREBY CO-OPERATIVE STORES—

Considerable damage to property was done by a fire which originated on the premises of the Blackwater Valley Co-operative Stores, Cappoquin, on last Friday night. The fire was first observed by a resident of Barrack St., at 11.30 p.m. and the alarm was immediately raised. The premises, which had been locked up a few hours previously were forcibly entered by a number of men, who, undismayed by the extent of the flames, immediately set about attempting to smother the fire, which had originated in a shed used as a carpenter's shop and in which there was a considerable amount of inflammable material had, before being discovered, gained a firm hold and threatened to spread to the adjoining Creamery buildings. Guards and civilians made a successful attempt to isolate the Creamery and after a couple of hours' laborious and heroic work, this was successfully done. In the meantime, the flames fanned by a westerly wind continued to spread and soon the nearby premises of Mr. Patrick Walsh, Hardware Merchant, were involved. When it was seen that there was no hope of saving the buildings actually involved, the fire-fighters directed their efforts to confining the fire. Although hampered by not having proper fire-fighting equipment, the attempt made was successful. Hundreds of buckets were brought into use and human chains conveyed water from the millrace, which runs through the Co-op. premises, to the fire-extinguishers. After six hours' hard work the flames were finally got under control.

THE WEATHER AND CROPS—

The recent rainfall has resulted in a big improvement to crops in this area and has benefited vegetation in general. Corn, potatoes and root crops are now doing reasonably well and granted suitable conditions good yields are assured. Had the rain and other crops would undoubtedly have been lost.

KNOCKANORE TEAM—

Physically, Knockanore are one of the finest combinations in the county. Thanks to J. Neville, P. Barry, J. O'Donovan and the other officials of the club, Knockanore are a well organized club and has big support in their own parish. With practice and experience they should put up a good show in the championship now that they have overcome one of the biggest obstacles. Individual players on the team are as good as any in the division.

QUAY WALL COLLAPSES

On Thursday evening a portion of the Quay wall at Messrs. A. Molloy and Sons new berth collapsed and slipped into the newly made berth, which is now covered with several tons of masonry and of coal which was stored inside the wall. The coal had been discharged on the two preceding days from the S.S. "Marall." It was fortunate that the collapse did not occur while the boat was being discharged as apart from the damage which would undoubtedly be done to the boat the risk of injury to the crew and those engaged in the discharge of the cargo would be very great.

LOCAL HORSES WIN AT MIDDLETON.

At the Middleton Agricultural Show held on Wednesday last Mrs. E. Glen Browne, Belvelly, Cappoquin, took 1st prize in the class for 3-year-olds likely to make hunters, with her horse Stewin. In the yearling class, Mr. P. J. Cashman, Rockfield, got second prize.

CAPPOQUIN NOTES

NEW ROSS AND WATERFORD REGATTAS

Final preparations are being made in connection with the above Regattas to be held on next Thursday and Friday 29th and 30th inst., and at which the Cappoquin Rowing Club will be strongly represented.

No less than two Senior Fours, a Senior Eight, a Junior Four and a Junior Eight and a Maiden Four will be competing at each of these Regattas, so that the Rowing Club will have the strongest representation it has had for many years.

The highlight of the New Ross Regatta will be the Irish Amateur Rowing Cup for Senior Eight (Championship of Ireland) in which all the leading clubs in Ireland, including Cappoquin Rowing Club will be taking part.

Messrs. James Brady and Michael Sargent (capt.) will also represent the club in the Senior and Junior Sculling events respectively.

This wonderful revival in Rowing in Cappoquin has been mainly due to the untiring and enthusiastic efforts of Mr. M. J. Sargent, Vice-Pres., and Hon. Treas., being ably assisted by Mr. L. D. Dunne, Vice-Captain, Mr. James R. Daly, Hon. Sec., Mr. James Lacey, and the members of the energetic Rowing Committee.

The final selection of crews has now been made and each evening the Blackwater is alive with the various crews undergoing the most strenuous training, even up to a late hour at night.

We sincerely hope that this display of enthusiasm will be fully rewarded by success at the various Regattas this season, and they will carry the best wishes of all on their initial outings at the New Ross and Waterford Regattas next week.

At the Courthouse, Dungarvan, on Thursday last, Mr. James Hayes, auctioneer, put up for sale Morrissey's farm at Kildangan, containing 105 acres 3 rods and 39 perches. Bidding, which started at £250, lay between Mr. J. Tobin (of Messrs. J. F. Williams and Sons, solicitors) and Mr. L. F. Lanigan, solicitor, soon reached £710, at which figure it was knocked down to Mr. Tobin, in trust, subject to the approval of the Circuit Court Judge. Messrs. E. A. RING TECHNICAL SCHOOL.—

On Tuesday evening last a very pleasant function took place in connection with the closing of the present session of Technical Classes. A Collide, which was very well attended was given by the members of the class. At the interval a very enjoyable tea was served, the confectionary being made by the students of the class.

Amongst those present were: Father, Baldry, C.C., J. Lanigan, C.E.O. Dungarvan, Liam O'Midhchain, Miceal O'Connell, Tomas O'Faolain, N.T., Miss Nora Guiry, Instructress, Miss Parks, Miss Lacey, N.T., Miss Murray and a large number of visitors.

An Fear Mor delivered a very interesting address in Irish. He congratulated the students and teachers in the work they performed during the session which had just come to a close.

He gave an account of the great Garden Party given at the Vice-regal Lodge where 2,000 guests were entertained by the President last Saturday. Irish was the principal language of the gathering. The scene was calculated to give heart and hope to the most pessimistic.

While the language is becoming popular in high places, it is, I am afraid being ground in the Irish-speaking districts where its value is not fully appreciated.

The people of Ring clutch to the language when it was a decided drawback to their success in life, and now when its value should be evident to all they are not making the endeavour they should to retain it.

The Fear Mor pointed out that the people of Ring were now bilingual but no matter what language they spoke they required to be fully trained in the art of house-keeping. There is an art in the simplest duties of home life. Even the washing of a cup or the cleaning of a knife or fork requires a certain amount of skill. The ladies in the National School were given every opportunity of becoming efficient in masonry and house-keeping, and he appealed to them to avail of this good opportunity in future. By doing so they would become more efficient workers and better citizens. The proceedings after a most enjoyable night wound up with the singing of the National Anthem.

KILMATHOMAS NOTES

WEDDING BELLS.

A very pretty wedding took place at the Chapel of Ease, Ferrybank, on Wednesday morning last, with Nuptial Mass, celebrated by the Rev. P. F. Walsh, C.C., Stradbally, Co. Waterford, assisted by Very Rev. Fr. Brennan, P.P., Ferrybank, the contracting parties being Miss Alice T. Doyle, youngest daughter of Mr. M. Doyle, Slieverue, South Kilkenny, and the late Mrs. Doyle, do., and Mr. James Kiely, youngest son of Mrs. B. Kiely, Ballynahogue North, Kilmathomas, Co. Waterford, and the late Mr. John Kiely, do. The bride who looked charming, was attended by her cousin, Miss Mai O'Reilly, Slieverue, as bridesmaid. The best man was Mr. G. C. Kiely, Kilmathomas, brother of the bridegroom. The wedding breakfast was subsequently served at the Metropole Hotel, Waterford. Felicitious speeches were made by relatives and friends present, and a most enjoyable few hours were spent in music and song, after which the happy couple left for Dublin on their honeymoon. A striking tribute to their popularity was the large number of valuable and serviceable gifts received by the bride and groom to mark the auspicious occasion. Both carry with them into wedded life the very best wishes of a wide circle of friends.

Late Sowing

NO doubt owing to the abnormal dry season many gardens are not nearly so much stocked as usual. It is not even too late yet to sow any of the following Flowers: Clarkia, Nigella, Nasturtium, Candytuft, Mingnonette, Marigold, Night Scented Stock and Virginian Stock. Vegetables: Giant Stride, Gradus, Pilot and Generosity Peas, Canadian Wonder and Canadian Express French Beans, Radish, Spinach, Mustard and Cress, Early six weeks Turnip. Garden Swede will all show good results before the season is favoured.

We recommend sowing any of the above for The Tramore Flower and Vegetable Show which opens September 5th, 1939.

profession of the Faith by the people of the united parishes of Newtown and Kill, being the day fixed for the procession of the Sacred Host at Kilmathomas. The procession will form at the Convent Church in the afternoon, and will include the members of the Sacred Heart Confraternity; schoolchildren; members of the Children of Mary Sodality, and the Convent Church Choir. The processionists will march to the western end of the Main Street via the Square. They will return to the Square, where Benediction of the Most Blessed Sacrament will be imparted from a specially erected Altar, following which the procession will reform and proceed to the Convent Church, where Benediction will again be given. The townsfolk are seeing to it that the Mahon vein pile will look its best on the auspicious occasion. Parallel streamers of bunting, banners and flags will be spread across the streets. Houses along the route of the procession will be tastefully decorated; large bouquets of flowers will hang from shop windows, and fronts will be draped in large red and white banners; miniature Altars will be seen in every window, before which candles and night lights will gently flicker. Thus will the good Catholic people of Newtown, Kill and Kilmathomas contribute their manifestation of adoration and homage to our glorious Faith—the "Faith of our Fathers"—a Faith that will live right down through the corridors of time.

REV. MICHAEL FOLEY.

Who received his ordination at Waterford Cathedral last Sunday, is the son of the late Mr. and Mrs. Jeremiah Foley, Ballynahogue, Kilmathomas, and a

the Recreation Hall attached to the Hotel Majestic. Universally esteemed Mr. E. G. Rowe is Hon. Secretary to the organising committee. The syllabus of the Show embraces competitions and prize lists for flowers (18 classes), vegetables (20 do.), fruit (2), honey (1), and home-made jams (3), and entries will be accepted up to August 29th. Nice to note that in the flower section is listed a competition for a bunch of wild flowers, exhibited by children under 12 years of age. Substantial prizes will be awarded in each class and several valuable cups are to be won.

BONMAHON DEATH.

Following an illness of weeks duration and at the all-too-early age of 56 years, Mr. Thomas F. Buckley, The Glebe, Bonmahon, passed hence at his home on Wednesday of last week, to the inexpressible grief of his most estimable wife and son, and daughter, to whom we tender our sincerest sympathy in their sorrow. The late Mr. Buckley was a familiar figure in commercial circles in the South, and was held in the highest esteem for his probity in all his dealings. Remarkably large and representative was his funeral to Knockmahon Protestant Churchyard on the evening of the 16th inst., it being a fine tribute of public respect to departed worth.

DEATH OF MISS M. CROTTY.

We regret to announce the death of Miss Margaret Crotty, Brennan, Bonmahon, which occurred last week-end after a short illness and at a comparatively young age. A model Catholic, she was associated with every charitable movement in her parish. The deceased lady was extremely kind to the poor and was respected by all classes

religious; a staunch Nationalist of the "old school," and was revered by all classes of the community, as was evidenced by an exceptionally large and representative funeral cortege which accompanied the removal of the remains on Monday evening to St. Anne's Church, Ballynaeen, where they were met by Father Walsh, C.C., who recited the prayers for the dead. The cortege was a glowing tribute in every sense of the word—and deservedly so, as the deceased, during his honour-crowned career, attended at all funerals which took place in his own parish and in the adjoining parishes.

Requiem Masses for the perpetual welfare of his soul were offered up on Tuesday morning, and all that was mortal of the deceased was later laid to rest in the graveyard attached to the Church. Father English, P.P., read the burial service. To the widow and family of the late Mr. Mason widespread sympathy is extended in their trouble. The Light of Heaven to his soul.

GAELIC GARNERINGS.

Ballyduff Lower against St. Anne's (Kilmathomas) in a friendly junior hurling test staged at Faha on Sunday last lured a large crowd of local lovers of the purely Celtic code to the nicely laid out arena. The game was always nice to watch, the sides at times showing delightful hurling. Ballyduff got going smoothly, featuring long sweeping passes, and it wasn't long before a movement brought results. St. Anne's made themselves chances in counter-attacks, but failed in finishing power. Further Ballyduff "bursts" were rewarded with both major and minor favours. This spurred St. Anne's on a bit, and for a while were quite active in attack, their front-line's efforts being eventually crowned by a beauty through the target. Play was in midfield at the short-whistle, when the register read—

Ballyduff Lower, 3-2; St. Anne's, 1-0. In fourteen minutes from the resumption St. Anne's had levelled scores. To a man they were now playing a winning hand, and they quickly forged ahead. Except for a breakaway, in which a Ballyduff marksman missed a clear opportunity through hesitancy, the side were kept defending adown the closing quarter.

Result:—
St. Anne's, 6-1; Ballyduff Lower, 3-2. "Berky" Power for the triumphant team was the best welder on view. Friend "Plus" Dalton refereed right rufefully and well.

We heartily congratulate the Stradbally minor football fifteen on having held their Old Borough opponents of last Sunday to an "honours easy" ending at Fraher Field.

No gainsaying the fact that the Gaels of the Baronies will flock to Fermoy in full force on to-morrow (Sunday) to cheer and encourage our senior inter-county caman combination in their feverishly awaited clash with Cork in the initial round of the current annum's Munster Championship competition. John Keane and Co. can be counted on to "do their stuff," and there's no reason why they shouldn't repeat their victory of last year over the Rebel County XV. Play up, Waterford!

EAST CORK JOTTINGS

INCH HURLING TOURNAMENT.

At a meeting of the East Cork Board held during the past week, it was decided that the new Inch hurling tournament would commence on Sunday July 16th, and the following fixtures were made for that day, Dungourney v. Inch and Kileronät v. Ballymacoda. In view of recent happenings these matches will be of more than ordinary interest and are bound to attract large crowds. Inch is a famous venue for well prove even more thrilling than those played there played there on July 16th may well prove even more thrilling than those already played there.

FERMOY NEXT SUNDAY.

Practically every conveyance in the Inch Killeagh district is being pressed into service to convey the Gaels—young and old—to Fermoy next Sunday for the Cork v. Waterford matches for the Munster Championship. It will be a notable gathering of patrons of our national pastimes and the games are certain be worthy of the occasion. 'Tis to be hoped that the weather will be favourable. The senior match was spoiled to a great extent last year at Dungarvan by the vagaries of the Clerk of the weather. Let us hope he may be in a more amiable mood this time and that there will be no cause for complaint on this occasion at Fermoy.

DIVISIONAL CHAMPIONSHIP MATCH AT KILLEAGH.

ANOTHER DRAWN GAME.

For the second time in the course of a few weeks the divisional championship hurling fixture between Inch and Dungourney, played at Killeagh last Sunday, resulted in a draw. The first match which was played at Ballymacoda was a well-contested and very exciting one, and because of this last Sunday's meeting aroused considerable interest. No doubt the meeting of Castlemartyr and Youghal at Ballymacoda militated against the attendance at the Killeagh venue. Yet there was a good crowd present and the match was one of the closest and fastest seen here for a long time back. It was a pity the grass on the pitch had not been cut, as it was a bit on the long side and made really scientific hurling difficult. The side lines were however, well kept and this added to the comfort of the spectators and the convenience of the players. As I anticipated in this column last week, this was really the match of the day, if not of the season in East Cork. Thrill followed thrill all the way through. It was a most strenuous game and time and again the spectators were driven nearly frantic with excitement. Yet, through it all the players in both teams battled bravely on and it is surely a great tribute to them that not a single unseemly incident, not even an angry or ugly word escaped the lips of those thirty gallant and manly young fellows, who fought so hard and so unselfishly for victory for their side and for the club. Their demeanour was certainly creditable to the G.A.A. and furnished a headline that other teams would do well to follow. The behaviour of Dungourney and Inch on the hurling field was highly commended in his report of the Ballymacoda match to the Divisional Committee by Mr. George Cashell, N.T., who refereed on that occasion. No doubt the report of Mr. Phil O'Neill, who was the referee at last Sunday's match, will be equally creditable. The great Dungourney team, mainly composed of the sons and other relatives of those who made up the great

IMPROMPTU NEXT SUNDAY—A very interesting conveyance in the Inch district is being pressed into service to convey the Gales—young and old—to Fermoy next Sunday for the Cork Waterford matches for the Munster Championship. It will be a notable happening of patrons of our national pastime and the games are certain to be of the occasion. 'Tis to be hoped that the weather will be favourable. The race match was spoiled to a great extent last year at Dungarvan by the vagaries of the Clerk of the weather. Let us hope he will be in a more amiable mood this time so that there will be no cause for complaint on this occasion at Fermoy.

VISUAL CHAMPIONSHIP MATCH AT KILLEAGH

Another drawn game—For the second time in the course of a few weeks the divisional championship hurling fixture between Inch and Dungarvan, played at Killeagh last Sunday, resulted in a draw. The first match which was played at Ballymacoda was a well-contested and very exciting one, and because of this last Sunday's meeting aroused considerable interest. No doubt the contesting of Galsworthy and Young at Ballymacoda militated against the attendance at the Killeagh venue. Yet there was good crowd present and the match was one of the closest and fastest seen here in a long time back. It was a pity the ball on the pitch had not been cut, as it was a bit on the long side and made really exciting and difficult. The side lines were however, well kept and this added to the comfort of the spectators and the confidence of the players. As I anticipated in this column last week, this was really the match of the day, if not of the season in St. Columba. The following were the scorers in the most strenuous and exciting game of the season yet seen here. TALLOW COURT

(Before Mr. G. P. Farrell, D.J.)

BETTING OFFICES AT TALLOW AND LISMORE.

Mr. J. W. O'Gorman, solicitor, Lismore, applied on behalf of Mr. Richard Power, bookmaker, Tramore, for a certificate of suitability of premises in Lismore and Tallow, which had been, opposed by Superintendent Quinlan.

The Supt. said he opposed the application on the grounds that the number of registered premises in the area was sufficient to meet the wants of the public. There was already one in Lismore and there was another in Tallow.

Sergeant Ballantyne, Lismore, stated that the population of Lismore was 1,195, and of the whole sub-district 2,578. There was one office already there, run by Mr. Ryan.

The Justice—Is he a local man? Mr. O'Gorman—How has he all over Ireland. Mr. O'Gorman—He is in Lismore?—About two years.

The Supt.—I opposed one for Mr. Ryan in Cappoquin and your Worship granted it. He has offices in Cappoquin, Tallow and Lismore.

The Justice—How many in Cappoquin?—Two, the applicant and Ryan. Mr. Power—If I don't come in, another will.

The Supt. said that pressure had been brought to bear on headquarters by the Betting Association, of which Mr. Power is a member, not to have too many of these offices.

The Justice—What about Tallow? Sergeant Grey said there was one office there also. The population of the place was 830, and of the district 1,816.

The Justice—Do you consider the existing betting office is sufficient for the public?—It should be. I don't see any rush except on big-race days.

Mr. O'Gorman—It is a case of supply and demand. The Justice—How about the premises? Mr. O'Gorman—The premises are suitable. Mr. O'Gorman argued that there was no justification for giving a monopoly to one bookmaker. The ground of refusal was that there was already an accessible premises, but there was only one in Tallow and Lismore, while there were two in Cappoquin.

The Justice—What is the ground for your opposition? Supt. Quinlan—That the existing number is in excess. Mr. O'Gorman—But there is only one in Lismore.

The Justice—Did you grant the ones in Tallow and Lismore? The Supt.—I granted them because there was none there.

The Justice—Are you satisfied as to the propriety of the proprietors of these offices?—Yes.

The Justice—Why do you want to come to both those places, Mr. Power? Mr. Power—I am trying to extend the business. They want a bookmaker alongside them. They won't go across the road. (Laughter.)

The Justice—What about the point that your Association wants to limit the number of offices? Mr. Power—They did pass some resolution not to have any more when there were 108 offices; now there are 500.

After some legal arguments, both applications were granted. NO LIGHTS. Sergeants Grey, Tallow, and Houlihan, Ballynora, and Guards Kehoe, Lennon, and Carr had a number of persons charged with using unlighted vehicles, and the usual fines were imposed.

UNLICENSED DOGS, ETC. Sergeant Houlihan and Guards Carr and Healy had others summoned for having unlicensed dogs and wandering animals, and fines up to 5/- were put on.

BURNING GORSE. Sergeant Houlihan charged Richard Coughlan, Monagh, with burning gorse without permission on 7th April. Supt. Higgins, Fermoy, said he attended in connection with the case, but he would leave it in the Sergeant's hands.

Complainant stated that on the date in question defendant burned seven or eight acres of gorse near a plantation. The place was largely frequented by game. Defendant said the place was burned to protect his corn from rabbits, which were destroying his crops for a long time. They destroyed five acres already this year. When he took the place he got the game rights, which he preserved for a number of years, but young men came there in the early morning, and he had to do something. He didn't know that he was bound to ask for permission.

The Sergeant said there were 120 acres of plantation burned down near the place recently. The Justice—What notice was the people of this Act? Supt. Higgins said it was in force since 1930.

The Justice—Is there anything to call farmers' attention to the Act, apart from reports in the Press? The Supt. said reports of cases of the kind appear very often.

Defendant was fined 10/-. ROW AMONGST TINKERS. Guard C. Sheehan, Tallow, charged Patk. Connors, sen.; Patrick Connors, jun.; Danl. Connors, sen.; Danl. Connors, jun.; Thomas Connors, Michael Connors; and Margaret Connors, all of no fixed abode, with disorderly behaviour.

Complainant stated that on the evening of the 16th inst., at Tallow Bridge, he found the defendants "stuck in one another." They were hopping around like flies when he got in amongst them. Fortunately Wm. Henley, Tallow, who was passing, came to his assistance, and they finally succeeded in stopping the row.

The Justice—Was there any damage done? Witness said that Michael Connors, sen., received a nasty blow of a stone. Patrick Connors, jun., got a kick in the stomach, and others of the party were bleeding in the face and head. But for Wm. Henley's help the results might have been very serious.

APPEARANCE OF BLIGHT

A case of potato blight has been reported in the South of Ireland. An early attack of blight may have serious consequences this season as growth has been retarded by the prolonged spell of dry weather. It is important to spray before the crop is attacked and to make further applications as growth advances. The most successful growers spray three or even four times.

Supplies of copper sulphate and washing soda should be purchased now, and owners of spraying machines should ensure that their machines and equipment are in good working order.

Full information will be found in Leaflet No. 14 "Potato Blight and its Prevention" which can be had, post free, on application to the Secretary, Department of Agriculture, Dublin.

G.A.A. NEWS.

MATCHES AT DUNGARVAN

S. H.-St. Stephens', 8-5. Lismore, 3-2. M. F.-Dungarvan, 0-4. Stradbally, 0-4.

The attendance was on the small side at the Gaelic Field, Dungarvan, on Sunday last when two matches in the current championships were down for decision. The day was gloriously fine and the beautiful pitch with the grass neatly trimmed never looked better. The first match was a minor football contest between Dungarvan and Stradbally. Stradbally were favourites due to their superior experience, but the Dungarvan bunch, some of whom were having their first football game put up a stout resistance and Stradbally must be considered lucky to hold them to a draw as it was only in the closing stages they got the equalising point to leave the score four points each at the final whistle.

For Dungarvan, Hallinan and Condon at midfield put in some useful work. Madden, Good and Finbar O'Shea were a trio of hardworking forwards while all the backs worked hard. For Stradbally Kevin Whelan, Veale and M. Connors were outstanding.

Half-time score, Stradbally, 0-3; Dungarvan 0-1.

Final score, Stradbally 0-4, Dungarvan 0-4.

Mr. E. Hayes, Abbeyside H.C. made an impartial referee.

The teams were—

DUNGARVAN—E. Sweney, F. Hallinan, J. Hallinan, P. Cahlin, J. Flynn, J. Power, J. Galvin, C. Condon, K. Finn, V. Morrissey, J. Maher, J. Madden, F. O'Shea, J. Good, J. Hayes.

STRADBALLY—K. Whelan, M. Connors, P. Organ, D. Fahy, P. Walsh, B. Murphy, E. McGrath, D. Morrissey, Jas. McGrath, Wm. Cleary, Jas. Flynn, Wm. Power, T. Kieley, W. Curran, T. Veale.

ST. STEPHENS v. LISMORE

Lismore, last year's junior hurling champions were completely outclassed by St. Stephens when they defeated in last year's junior hurling final. On the whole it was a poor display of senior hurling. Lismore missed many scoring chances when playing with a strong breeze in the first half. This was due to the long striking from centre-field. The half time score was—

Lismore, 3-2; St. Stephens, 2-2.

On the resumption, and favoured by sun and breeze St. Stephens dominated at all points and in this moiety ran up six goals and three points to which Lismore could not make any reply.

The final whistle found the score sheet reading—

St. Stephens, 8-5; Lismore, 3-2.

A disgraceful incident took place about ten minutes from the final whistle when one of the Lismore players struck one of the St. Stephens backs across the head with a hurley. To this the St. Stephens players retaliated and a general scuffle took place. This ugly situation was however, firmly handled by Mr. D. Good, referee, who ordered the offending Lismore player to the sideline and the injured St. Stephens player being replaced by a substitute, the game proceeded without further incident.

ST. STEPHENS—J. Shortall, G. O'Grady, T. Manning, J. Walsh, M. Cullen, C. Jameson, P. Nolan, R. Galvin, T. Dalton, S. Jameson, J. Plunkett, J. Kelly, Ed. Roche, Jas. Jacques, M. Fudha.

LISMORE—J. O'Gorman, G. O'Brien, C. Murray, J. Maloney, T. O'Donoghue, T. O'Donoghue, P. O'Gorman, M. Phelan, M. Coleman, Mcc. Pollard, C. O'Higgins, T. Lyons, B. McGrath, J. Horin, J. Ormond.

COUNTY CHAMPIONSHIP MATCHES AT CAPPOQUIN

J. F.-Knockanore, 1-1; Ardmore, 0-1.

M. H.-St. Carthages', 13-5; Affane, 0-0.

At Cappoquin on Sunday last two very important matches in connection with this year's county championships were played when Knockanore lined out against Ardmore in the 2nd replay of their junior football tie, and St. Carthages' met Affane in minor hurling. The junior football match

was the subject of much interest, and this accounted for the exceptionally large attendance, with the added attraction of beautiful weather conditions.

The Cappoquin hurling and football club had all football arrangements perfect, and deserve praise for the manner in which they catered for the match. Cappoquin is becoming a force in Gaelic matters, and the excellent lay out and arrangement of the Gaelic Field in the Cornerstone town is in itself proof of this.

At 3 p.m. the minor match began, with Mr. Jim Ryan in charge of the whistle. The game opened very evenly, with the Lismore facing a strong breeze and sun. Ten minutes had elapsed before a goal for Lismore opened the score. Affane fought back for an equaliser, but the forwards sent wide. Lismore were now definitely on top, and sought to improve their score, but the Affane backs were sound, and the goalman saved brilliantly several times. It was a feature of the Affane team that the backs were extremely sound. Lismore had a series of goals in quick succession at the end of the first half, and the half time score was—

St. Carthages, 6-3; Affane, 0-0.

The teams were—

AFFANE—W. O'Driscoll, P. Lenane, J. O'Sullivan, J. Twogh, J. Kirby, P. Kirby, J. Lewis, T. Crotty, M. Flynn, J. Kieley, M. Watson, J. O'Driscoll, J. Walsh, J. Kett, Joe O'Donnell.

ST. CARTHAGES—W. Broderick, A. Drohan, J. Fibbs, J. O'Sullivan, M. Foley, M. Fennessy, C. Healy, E. Foley, J. Bransfield, P. Lennon, T. Ryan, D. Forde, S. Duggan, F. Crotty, J. O'Gorman, J. Leen.

KNOCKANORE v. ARDMORE

The junior football match between Ardmore and Knockanore was the third meeting of the two contending teams in the junior football championship and has been much discussed ever in Western circles during recent weeks. Ardmore and Knockanore first met on March 26th at Clashmore when Knockanore defeated Ardmore by 8 points.

Following an objection by Ardmore, a replay was ordered at Villierstown, which resulted in a draw, a sign of many improvements in the Ardmore team. In the second replay on Sunday last football did not reach the high standard which had been expected, and much of the blame for this must be attributed to the unusually frequent fees which prevented any development of high-class football. Another factor in the game which took from the attraction was the fact that play was confined to the centre of the field. The wings were not availed of and the amount of cross kicking was negligible.

The backs on both sides were very sound and to this may be attributed the low scoring on both sides.

Mr. Joe Mason, who refereed strictly and impartially, had the teams in action at 4.15 sharp. Knockanore, playing with a very strong breeze, faced the road goal. From the start the play was evenly divided at centre-field before Knockanore began to press. The Ardmore backs were very sound, and Knockanore could make no impression. Cal Keane was outstanding at left full-back for Ardmore, and the full-back was also very sound, while the full-back B. Tobin, when called on to save his net, did so in brilliant fashion. The game was fast and furious and Knockanore aided by the strong breeze kept up the pressure for the greater part of this half, but faulty forward work on the part of the Knockanore team discounted several golden opportunities of scoring from good positions. A free on the 21 yards line to Knockanore was sent over the bar by Barry, and the teams changed with the solitary score of one point in favour of Knockanore.

On resuming, Knockanore again attacked, and though repulsed showed better form than in the first half, and had two wides in rapid succession. Frees were very numerous, and lowered the standard of play. Ardmore worked back and M. Carlton, fielding a high ball, had a great point from 50 yards out with a fine kick, to even the score. The latter keeping up the pressure failed to score and had several wides. Both sides pressed in turn, but eventually Knockanore forced their way down the field and the right full-forward

struck the cross-bar, a piece of very hard back for Ardmore. The latter keeping up the pressure failed to score and had several wides. Both sides pressed in turn, but eventually Knockanore forced their way down the field and the right full-forward

MUNSTER COUNCIL MEETING

Haugh (treasurer); Sean McCarthy, Tralee (secretary); The following delegates were present—Rev. M. Hamilton and Mr. J. Burke (Clare); Messrs. Sean O' Murphy and S. Long (Cork); W. Gleeson and Tim Ryan (Limerick); D. Ryan (Kerry); J. Leahy and J. O'Keefe (Tipperary); J. Goode and T. Kyne (Waterford).

The objection by Tipperary to the Limerick minor team was withdrawn and the counter objection by Limerick was also withdrawn.

The Council decided to fix Sunday, 30th July, for the Munster Hurling final, but agreed to alter this date if necessary should arise as a result of draws.

The following fixtures were made—S.F. Semi-final, July 2nd—Clare v. Tipperary, at Limerick; S. Moyinhan, Kerry, referee.

S.H. Semi-final, July 9th—Clare v. Limerick, at Limerick; Dan Ryan, Kerry, referee.

M.H.—Same date. Limerick v. Cork or Waterford; W. O'Donnell, Tipperary, referee.

S.F. Final—July 16th, Kerry v. Tipperary, at Clonmel; or Kerry v. Cork, at Ennis. D. Goode, Waterford, referee for Kerry v. Tipperary; T. Cullane, Limerick, referee for Kerry v. Cork.

Minor finals will go with these matches. I.H. July 9th—Waterford v. Cork, at Dungarvan; P. Purcell, referee.

J.F. Semi-final—Kerry v. Cork, at Kenmare; T. O'Connell, referee.

Knockanore v. Ardmore.

Long, Cappoquin, will wish to spin, a tale of football life.

That in their midst, on Sunday last, they witnessed from the line.

Sure thousands thronged the rate-ways; in the streets were many more.

To watch our local team try out the stalwarts from Ardmore.

The first half-hour, we're not in power, our chance lying somewhere else.

A vicious wind is feign to blind, direction is not true.

Yet Tom O'Neill at centre-field drives well into our joint.

While Barry takes a lovely free and cheers us with a point.

A sound defence Patz Kelly here is hastening to destroy;

While Donovan is in his stride to master Richard Troy.

And Cunningham at centre-field is springing a surprise;

His brother and the brothers Ruairc are men we can't despise.

The second half, that brought surprise to all spectators here;

For sure they said, with wind ahead, that we were better than we seem.

Ardmore pressed hard some little while; "a point" their umpire cry.

Our hopes began to ebb, 'tis true, but yet they did not die.

Mick Neville kicks much harder now and Jack is ever sound.

While "Doolan" makes a brilliant save; There's five upon the ground.

John Kelly clears with dashing power; John Mick has gained renown.

That's Baldwin known as "Bobby Beggs" that brings the high ones down.

Against a daring South West breeze they make the leather soar.

Again, again Ardmore will charge, but yet they fail to score.

Time after time with daring poise they make us feel in dread.

But yet the blue and amber, boys shine out above the red.

Then watch the green flag wave on high; Lenane has netted fair.

Dan Collins leaves an extra shout; all eyes are in the air.

Ardmore begins to feel the pace; John Kievers down is seen.

The stylish kicks of Pat O'Brien are few and far between.

McGrath is easily subdued, while Flynn with labour plays.

Cal Keane resigns his will to shine with dreams of better days.

The match is o'er we've gained the score; objections have no scope.

The eosobar is the best of larch; it might have been a rope.

No Clonakilly seniors here to aid us in the fight.

The stewards are keeping order well; in fact we're rather quiet.

The pitch is plenty long and wide, for met to play their play.

So drink the health of Knockanore, this is the day. "CNOC DUBH."
