

KILMACHTHOMAS NOTES

CONDOLANCE WITH ESTEEMED CLERGYMAN.

At a specially convened meeting of the Tipperary N.A.C.A. County Executive, a vote of condolence was passed with the Rev. D. Slattery, C.C., Dunhill and Fenor on his recent and bereavement occasioned by the death of his well and popularly known father, the late Mr. John Slattery, Ballylooby.

By the way, we recall that, following his ordination, Father Slattery administered in Cashel and New Inn, and was then transferred to the Diocese of Waterford and Lismore. While engaged in spiritual duties in his native County Tipperary, he was an energetic and able member of the N.A.C.A. County Executive. As a token of their appreciation of his valued services, his colleagues of the Executive made him the recipient of a suitable presentation on his transfer from New Inn to the parish of Dunhill and Fenor.

Waterford City Cycling and Athletic Club also voted sympathy to Father Slattery.

WITNESSES.

Messrs. R. Shanahan, Ashdown, Kilmachthomas; T. Cheasty, Ballybrack, do.; T. G. Flahavan, Glen House, do., and D. Fielding, Old Court, Kilmaden, were amongst those who gave evidence before the Drainage Commission last week.

"SPORTS CINDERELLA."

As advertised in another column, the New Hall, Kilmachthomas, will be the scene of the Waterford and District Coursing Club's grand and gala Cinderella dance, coming off on to-morrow (Sunday) night week—commencing at 9 o'clock and continuing until 2 a.m. Music will be provided by the Bohemian Accordion Band (Waterford), and a charge of tax and customary catering, the charge of admission is only 2s. 6d. per homo. The function is his only to be an out-and-outly enjoyable one. Five full hours of pleasure! Yours for the taking!! Take 'em!!!

BY THE WAY.

Formerly manager of the Kilmachthomas branch of the National Bank and now manager of the branch of same in Waterford City is Mr. Matthew Coghlan (one of Nature's own gentlemen), who is a brother of the Very Rev. L. Coghlan, P.P., Rosbercon, upon whom his Lordship, the Bishop of Cansory, has just conferred the dignity of Canon of the Cathedral Chapter. The honour has given the utmost pleasure to the parishioners, to whom Canon Coghlan has been an ideal Pastor. Amongst the many activities in the parish which owe much to his zeal and wise direction are the project to build a new church, the establishment of the Congregation of Sisters of the Holy Faith, the progress of the secondary school of Our Lady of Lourdes and the provision of housing.

IN AND OUT OF MID DEISE—

Breathes many members of the Old I.R.A. who have experienced a term of "durance vile" in Ballybricken Gaol. By an order made last week by the Minister for Justice the Waterford local farmers were to be closed as from the first day of next month.

AGRICULTURAL CLASSES.

Under the auspices of the County Committee of Agriculture, evening classes in agriculture were started at Ballylonean National School on Monday, when an appreciably large number of local farmers were enrolled. The classes will be held twice weekly and will continue to the end of March, being conducted by a charmingly mannered painstaking instructor, in the person of Mr. C. Cannon, B. Agr. Sc. (Hons.).

DEATH OF MR. J. SKEHAN.

Fortified by the rites of Holy Church, Mr. James Skehan, Island, Stradbally, died at his home on Wednesday week, after a short illness and at a moderately advanced age. There is scarcely an individual from the coast to the Comeraghs who the figure of this big, kind-hearted farmer was not familiar. He was brother of Mr. John Skehan, Ballyraddock, Dunhill; Mr. Patrick Skehan, Ross, Rathgorman; Mr. Thomas Skehan, Rathany, Killy; Mr. Henry Skehan, Glen, Rathgorman; and the late Mrs. P. O'Brien, Ballybrenock; Mrs. A. Skehan, Amberhill, and Mrs. B. Quinlan, Boola, Rathgorman. A numerous cortege accompanied the removal of the remains to the Parish Church, Stradbally, on the evening of the 16th inst. Solemn Requiem Office and High Mass were offered up for the happy repose of his soul on the following morning. Rev. J. Lawn, C.C., Stradbally, was celebrant of the Mass, and the assisting clergy were—Very Rev. E. English, P.P., do.; Very Rev. J. Croly, P.P., Kilmossanty; Very Rev. J. Nugent, P.P., Clones-Rathgorman; Rev. P. Shinn, C.C., do.; Rev. D. O'Byrne, C.C., do.; Rev. P. F. Walsh, C.C., Stradbally, and Rev. J. Hally, C.C., Kilmachthomas. The funeral subsequently took place in the family burial ground in Clones-Power churchyard, and was extremely large and representative.

The chief mourners were:—Mrs. Catherine Skehan (widow), Messrs. Patrick and Richard Skehan (sons), and the Misses Eileen and Josephine Skehan (daughters). Many Mass cards and messages of sympathy were received. May he rest in peace.

"THE HOLY SOULS."

Solemn Requiem Office and High Mass were offered up at St. Anne's Church, Ballylonean, on Monday, and the Parish Church, Stradbally, on Tuesday, for the eternal welfare of the souls of the deceased relatives and friends of the parishioners. Father Walsh, C.C., Stradbally, was celebrant of the Mass at St. Anne's and Father Lawn, C.C., do., celebrated the Mass at the Parish Church. The assisting clergy at both Masses were—Father English, P.P., Stradbally; Father Croly, P.P., Kilmossanty; Father Quessly, P.P., Fenor; New Zealand, Rev. P. L. Kilrossanty, C.C., Kilmossanty; and Father Meehan, C.C., Kilmossanty. There was a very large attendance of parishioners at both Masses.

WITH THE WATERFORDS.

The Waterford Hounds met at Kilmachthomas on Wednesday, when a nice-sized field turned out and experienced some exhilarating runs from the local covers. The company included the Joint Masters (Mr.

R. Russell and Miss M. Walker), Mr. A. Hunt, Mrs. Russell, Mr. R. De Vere Hunt, Mr. and Mrs. C. Langley, Mrs. A. Hunt and Miss Heather.

KILMACHTHOMAS WOODWORK CLASSES.

These Classes (referred to in this column last week) are being held on Tuesday, Wednesday and Friday evenings and will continue throughout the winter-time.

SYMPATHY.

A wide circle of friends and well-wishers sincerely sympathise with Mr. James Barry, farmer, Garrahalish, Kilmossanty, on the death of his brother, who was a prominent member of the agricultural community of Clonakilly (West Cork).

Exceedingly well liked Mr. and Mrs. Ned Moroney, Currahaha, Kilmachthomas, have the whole-hearted sympathy of the neighbours in their recent bereavement occasioned by the death of an infant daughter of theirs.

A meeting of the Dunhill Dramatic Club, a vote of sympathy was proposed by Mr. E. Moore and seconded by Mr. R. Delaney, to Mrs. Veale and the other members of the family in their recent bereavement occasioned by the death of Mr. Michael Veale. Several of the members stressed the valuable help which the deceased had proffered on all occasions to the Club and towards cultural and charitable projects generally. Similar votes were also passed by Dunhill Coursing Club, Dunhill Hurling and Football Club, Dunhill A.C., Fenor Football Club, Waterford N.A. and C.A., and Butlerstown A.C.

CARD DRIVES.

The semi-final and final rounds of the Kilmossanty Parochial forty-five Card Drive (€10 in prizes) will be played off at the local National School on to-morrow (Sunday) evening week.

A similar Drive (and like prize fund), in aid of the Newtown-Kill-Kilmachthomas Parish Debt, is being generously supported on all sides.

NOTA BENE.

The Masters of the Waterford Hounds request that followers will not carry very nippers, and that they will do their best to avoid doing damage, and see that all gates are shut after them.

On this Saturday forenoon the meet will be at The Sweep (Kilmaden), and there will be a collection for "Earl Haig's Fund."

INJURED MOTOR CYCLIST.

Relatives and friends in his native Dunmore district are glad to learn that Second Lieutenant William Murphy, Volunteer Force, who was injured in a motor cycle accident at Leamybrien last week-end, is making considerable improvement under treatment by Dr. McCarthy at the Cottage Hospital, Dungarvan.

G.A. WATERFORD IN NATIONAL FOOTBALL VISITORS WORTH MARGIN. Wexford, 3-10. Profligate conditions climaxed the Waterford versus National Football League clash at Gaelic Field on Sunday last. The dry and calm, with an April-like in the ether, and the energetic Leather City had their assembly laid out, the playing pitch splendid trim for big balling, thousands of people gathered in expectancy of witnessing a game with the reputation of the home that from Loc Gorman. Stewards all that could be desired; no error was permitted, and the respect were accorded the best of fair sportsmanlike impartiality from preceptive spectators.

YOUGHAL COURT

DEATH OF MR. SEAN O'BROIN. DISTRICT COURT CLERK. The Justice said before taking up the business of the Court he very much regretted to have to announce the death of their esteemed Court Clerk, Mr. Sean O'Broin, who had served them faithfully for many years.

Mr. Wm. R. Hodnett, as senior member of the profession present, seconded. The late Mr. O'Broin was a very popular official, the late Mr. C. Weakley, but he proved himself most worthy successor. Before his arrival he had taken a very active part in the national and Gaelic movements. He (the Justice) found him a most attractive personality, a good kind and conscientious man, and a most excellent official, whom he had often consulted in many problems.

Mr. T. K. Keane asked to be associated with the proposition and endorsed the remarks of the Justice and Mr. Hodnett—his untimely death was a great loss. Coming there a stranger ten years ago Mr. O'Broin had quickly endeared himself with the people of Youghal by his many sterling qualities.

Mr. Leo Skinner, solicitor, Mitchelstown, desired to be associated with the vote of sympathy and the remarks of the previous speakers.

Superintendent Kelly, on behalf of the Garda Síochána, joined in the vote of sympathy. The Garda have lost a great friend on the death of Mr. O'Broin who had always cooperated with them to the greatest possible extent.

The Justice then adjourned the Court till after lunch regretting that the business rendered it impossible to put off the Court till next week.

UNDEFEATED CIVIL BILL. On the resumption of a number of undefeatable Civil Bills were at first disposed of, Messrs. Hodnett and Keane appearing for plaintiffs.

LICENSE CASE. Mrs. M. Reen was charged with a breach of the Licensing Act and five persons were charged with being on the premises.

Superintendent Kelly prosecuted and Mr. T. K. Keane defended and Mr. W. R. Hodnett defended one of the persons found on the premises.

Guard Carroll stated that he found five persons on the premises at 11.20 p.m. on Sunday, October 8. They said they were invited guests.

Mrs. Reen stated that three of the party had been invited in to have a game of cards, two others were from the country. It was a very bad night and she allowed them to go.

Defendant was fined £2 to be recorded and the other two defendants were fined 2/6 each.

SHEEP UNDEPIED. Guard Caesar charged Michael Foley with not having his sheep dipped twice.

HOUSEBREAKING AND LARCENY. Jeremiah O'Mahoney, junr., St. Fananah's Terrace, Mitchelstown, was charged with house breaking and larceny of £28, the property of one Mary Howard.

Superintendent Kelly (for Supt. Higgins, Fermoy) prosecuted and Mr. Leo Skinner, solicitor, Mitchelstown, defended.

Formal evidence having been given by Sgt. Lenihan, Mitchelstown, accused was remanded in custody to Mitchelstown Court.

LICENSING OF BULLS. In view of some misapprehension which appears to have arisen in the matter of the Minister for Agriculture desires to announce that it is not the present intention of the Government to suspend, during the emergency period, the operations of the Live Stock Breeding Act.

The inspection of bulls for licence will, therefore, be carried out next Spring as usual. Applications for licences for bulls calving in the period January-June, 1939, should be lodged with the Department of Agriculture not later than the 31st January next.

The licensing of boars will be continued as heretofore.

NATIVE OF WEXFORD. CHRISTIAN BROTHER DEAD. Rev. Bro. James Redmond (83), who died at St. Patrick's Ballydoyle, was born in Macmeane, Co. Wexford, and entered the Christian Brothers' Novitiate, Marino, Dublin, in 1877. His long religious life was spent in the Christian Brothers' School, Marino, and the O'Brien Institute, Dublin. His health failed two years ago, and he has since lived in retirement at Ballydoyle.

ment to make such a reform in the monetary system of the country, as will make possible the realisation of the "Principles of Social Policy" which are laid down alike in the Pápaí Encyclicals and in the Irish Constitution. (Art. 45 Nos. 1, 2 and 4).

These principles demand such an economic reform as will place a remunerative employment and family security within the reach of all. In the circumstances of Ireland, where the unemployed population are mainly of rural tradition, and the undeveloped natural resources are abundant, the necessary reform is quite feasible and can be delayed only at the risk of national safety and social peace.

G. A. A. NEWS.

WATERFORD WORSTED BY WEXFORD IN NATIONAL FOOTBALL LEAGUE AT PORTLAW.

VISITORS WORTHY WINNERS BY A CLEAR MARGIN OF SEVEN POINTS.

Wexford, 3-5; Waterford, 1-4.

Prognostic conditions climatical favoured the Waterford versus Wexford National Football League clash at Portlaw Gaelic Field on Sunday last. The day was dry and calm, with an April-like mildness in the ether, and the arena admirably laid out, the playing pitch being in splendid trim for big balling. About a thousand people gathered in the expectancy of witnessing a game in keeping with the reputation of the home team and that from Loc Gorman. Stewarding was all that could be desired; no encroachment was permitted, and the respective teams were accorded the best of fair play and sportsmanlike impartiality from the appreciative spectators. The Deise duty-doors victory over a skilful and clever Carlow combination provided a pleasant surprise, and the form then displayed by the homesters had given rise to the belief that they had a team capable of going far in the competition. It was felt also that our players would have derived great benefit from their game with Carlow, and to be more or less similar to that of Wexford high hopes of defeating the latter were entertained. Sunday's set-to produced good, fast, determined football throughout. Towards the close, when our man's best feats were seen, the play was brilliant. Wexford had a topping goalie and very strong backs, and their scoring machine was more than equal to that of the home side, which did not include Christy Moylan (who starred against Carlow) and "Flynn" Dalton who were off through being indisposed.

THE LINE-OUT. The opposing units lined out as under—

WATERFORD. J. Walsh (goal), T. Veale, P. Hahesey, D. McGuire, M. McGuire, N. Connors, P. Kiely, P. Daly and E. Moore.

WEXFORD. M. Keogh (goal), J. Furlong (capt), M. Maguire, M. Moore, P. Baggan, F. Clancy, J. Moore, J. Roche and J. Black.

M. Lenihan, T. Somers, M. Roche, W. Howlin, J. Smith, P. Roche, M. Redmond, and C. O'Connell (deputising for M. T. Powell) sent spinning into the air the coin which was to decide the direction in which each team should play, and after what seemed an unusually long second, it revealed the fact that the visitors should have the "fall of ground" in their favour for the first half. Then the arbiter, having ascertained that all was in readiness, threw in the ball to as resolute a group of men as ever took possession of a football field.

THE OPENING MOILITY. Facing the Sur-side citadel, Waterford were best away. Crofty, from a pass, drove well into the Wexford lines. Clancy cleared. Intent on straining every nerve the visitors brought the leather "south of the border" where a lively bit of play ensued for a few minutes until a "reliever" from Connors set it back again to Percy Goode, who kicked a low rasper which Keogh brilliantly blocked and sent to Baggan, who continued to Roche. Well tackled by Moore, Roche just managed to flat the sphere to Roche, who crossed to Howlin, who, after a tidy bit of manoeuvring succeeded in drawing "first blood" by placing a minor to the credit of his side. Following the kick-out came a free to Waterford, which, taken by Daly, went well up, but was returned by Furlong. Black fouled Daly and the latter again took the free, which was stoutly followed up and Wexford's defenders got something to do; siege was laid by the home forwards who charged their opponents line of defence but failed to register—Dec Goode once more found that custodian Keogh was alive to the occasion and dexterously relieved his charge. With increasing efforts Wexford swooped down with mercy on the Waterford goal, but only to have the disappointment of seeing all their efforts baffled by the resource and coolness of the home backs, who staved off danger in an admirable fashion, notwithstanding the passing and re-passing with bewildering rapidity of the visitors. Both sides had frez and play swung up and down field at a fast pace. A Wexford raid was rewarded with a point per P. Roche. Soon afterwards Waterford conceded a 50 which Wexford wided. The visitors were now going great guns, but the homesters were undaunted. Daly, Moore and Lonergan having put in some good performances for Waterford, Wexford invaded, for Smith to make the most of an acceptable scoring chance by notching a major. Play remained in the Waterford lines and M. Roche pointed. In the next stage a free to Waterford, taken by Lonergan, travelled a good distance up field, and the home marksmen, combining cleverly, engineered a movement which led to the hoisting of the white flag by Percy Kirwan. Shouts of "most a' yeas," "most a' buacall," burst forth from the lines of onlookers, which had the effect of animating all the players without exception with double vigour and courage. The next duel saw the visitors in a favourable position and Smith smartly goaled. A little later the Wexford stronghold was under pressure. Keogh again sparklingly stopped a "hard" run from Dec Goode, but the latter got possession anew and fopped a beauty above the bar. A further Wexford try for a score struck the cross-bar, rebounded into play and was "run" well down field. Tom Veale was responsible for a notable clearance, but the leather was returned for Smith to net his third goal. Following the goalie's delivery, the interval-blast sounded, leaving the position—

WEXFORD, 3-5; WATERFORD, 0-2.

THE SECOND HALF. The second moiety opened with a Wexford push which Connors frustrated, and Waterford flashed down field. After many sturdy exchanges, the sterling home-side skipper (Paddy Veale) put over a pretty point. Portlirage kept up the pressure and Dec Goode best Keogh with a delightful net-shaker. Each side had frez for minor infringements, and play ebbed and flowed from end to end. Waterford continued to fight hard for scores but the odds were distinctly against them. Keogh made several wonderful saves. Lenihan pointed for Wexford, and a nippy Deise movement missed the objective. The visitors were showing a fine turn of speed but the opposition was proving effective. Each side conceded a brace of 50s. The respective defences were doing great work. A free to Waterford brought the ball very near the gap but Keogh was well on the alert and saved. The Deise men were accomplishing some pushing play when an "over" put a stop to their gallop for the nonce. Soon after the delivery play was in neutral ground for some minutes and raging fast and furious. Eventually when Somers got possession, there was undoubtedly danger ahead, for soon a punt was noted in the account-book to the credit of Wexford. Waterford didn't lose heart, but did some gallant play after the kick-out. A Deise back was penalised but—thanks to Hahesey and McGuire brothers—"the open" proved of no avail. Again did the Waterfordians come out with redoubled efforts and from about forty yards, shot a magnificent minor, which, incidentally, proved to be the last score of the terrific tussle. From this period to the close it was hard to pass judgment on the game, but alternately with no sent from goal to goal, and the sphere was when S. Lonergan sustained an injury and had to retire, being replaced by his Kialrossy club-mate, "Mahe" Moroney. Full-time saw some grand phases at centre, leading the "Boys of Wexford" triumphant on the scores set forth at the head of this report. The victors, all of whom are under 25 years of age, are a beautifully balanced team. They have speed and strength and style and dash and stamina; they are excellent fielders and their hand-passing is a treat, as they never "over-do" it. They are firmly set on winning through the competition, and "by the cut of things" their chances of doing so are exceedingly rosy. A fault of not a few of the Waterford team in Sunday's game was kicking the ball high into the air instead of driving it low and long towards the goal. However, every one of them gave of his very best, and all were gallant in defeat, being the first to cordially congratulate their antagonists at this end of the encounter.

The teams were hospitably entertained at the Waterford Arms Hotel (Mrs. Harney's), and most of them mingled with the merry throng at the highly successful Cellidhe held in the Irish Tanners well-appointed Hall that night, to which the musical accompaniments were right pleasingly supplied by the local Gaelic League Band. The capable committee in charge of the elastic function included Messrs. Frank Roche (President of the Irish Tanners' Hurling and Football Club); Ted Wall (Hon. Secretary, do.); and Ed. Walsh (Hon. Secretary to the local branch of the Gaelic League). At a variety, the language and games and pastimes of the Gael are going great guns in the Clodagh-veined centre—God bless the trim and tidy place and its kindly people!

YOUGHAL NOTES

ARMISTICE DAY OBSERVANCE.

Remembrance Day was fittingly observed in Youghal. In the Parish Church a large congregation of the British Legion and their friends attended Mass which was celebrated by Rev. Fr. W. Carey, C.C. Addressing those present Fr. Carey appealed to them to pray for the souls of those who lost their lives in the great war and counselled them to pray for a speedy termination to the present European conflict.

The Parish Choir in charge of Mr. L. Morley contributed appropriate hymns. Poppies were worn generally on Saturday and exservicemen also wore their medals. The two minutes silence was solemnly observed at the Legion headquarters on the Quay.

LATE MR. SEAN O'BYRNE.

A large and very representative gathering of the general public attended the funeral of Mr. Sean O'Byrne, District Court Clerk, Youghal, whose death was reported in these columns last week. The remains were borne from the residence by a party of Garda Síochána in charge of Sergeants O'Beirne and Lupton. The chief mourners included—Mrs. O'Byrne (widow); Colbert, Sean and Dermot O'Byrne (sons); Maire and Claire O'Byrne (daughters); William and Daniel O'Byrne (brothers); Mrs. Cassin (sister); M. Cassin, Kevin O'Byrne, P. Cassin, Thomas Cassin (nephews); Maire O'Byrne, Cassin, Nan and Kathleen Cassin (nieces); J. and Mrs. O'Neill, Mrs. Carly and family; Mrs. Doran, Mrs. O'Reilly, Miss O'Reilly, T. Hanlon, T. Healy, Miss Gaynor. The interment took place at Esker, Co. Dublin.

A large number of beautiful Mass cards were handed in.

YOUGHAL BRIDGE.

The "Bridge Question" was again referred to at a recent meeting of the Urban Council and dissatisfaction was expressed that something practical was not being done towards the initiation of a scheme for the erection of a new bridge.

The condition of the present bridge has adversely affected Youghal trade as normal between Youghal and Kilmorogh. Ardmore, etc. has been upped with consequent loss to the trade and business of the town. The present system of obstructions on the bridge are a cause of much inconvenience to all but especially to lorry drivers.

The "Bridge Question" is a serious matter for Youghal and as a member aptly remarked at a recent meeting of the Council—"The bridge was more than local—it was a national highway."

THE REGAL CINEMA.

"To Hot to Handle," starring Clarke Gable and Myrna Loy, was the principal attraction at the Regal last week-end. This was a wonderful action picture. The supporting programme included "Lilly of Lagona," starring Rene Ray and Jerry Verno.

On Tuesday and Wednesday "The Girl Down Stairs" was shown with Francisca Gail and Franchoe Torr as the leading characters. The supporting programme included "Meet the Missus," starring Victor Moore and Helena Broderick, and "Jungle Jim," "King of Alcatraz" (Gail Patrick and Lloyd Nolan) and "Sons of the Legion" (Lynne Overman and Evelyn Reyes) were shown to full houses on Thursday night.

On Sunday night next the principal pictures at the luxurious Regal Cinema will be "Sky Giant" and "The Mountains of Moagne," so do not miss seeing these wonderful and thrilling gems of the screen.

THE GRAND DANCE.

On Sunday night last a large number of dancing enthusiasts from Youghal attended

LISMORE NOTES

THE FAIR.

Large fair on Wednesday; demand slow, prices somewhat down since previous fair. A good number of cattle were unsold. Prices—31 year olds £20; 24 year olds £18; 14 year olds £11 to £13. Milch cows £15 to £20. Large number of sheep. Trade quiet. Lambs, 30/- to 45/-; ewes £3; hoggets 50/- to 60/-; mountain sheep, 30/- to 35/-.

BONHAMS CHEAPER.

There has been a decided drop in values of young pigs during the last week or two and buyers despite improved prices of bacon pigs have got very cautious owing to the difficulty in obtaining feeding stuffs, chiefly maize. A drop in bacon production is bound to result.

PRACTICE DANCES.

As a result of numerous appeals, the Lismore Coursing Club have started a series of practice dances in the Town Hall, Lismore, commencing on November 21st.

TOWN HALL DANCE.

Last Sunday night's usual practice dance in the Town Hall was attended by a huge gathering of dancing enthusiasts from all parts of East Cork and West Waterford.

Splendid music was supplied by the popular Serenaders' Dance Band and the floor was in perfect order. Mr. M. O'Mahoney was a capable M.C. and all present had a very enjoyable time. These dances are proving very popular this year.

A REMOR OF NOTE.

Mr. Michael Bransfield, the young and popular Youghal tenor is now recognised as one of the leading singers in the south and has made many public appearances lately. In all cases he captivated his audiences with his beautiful and expressive rendering of open the most difficult songs and every one was favourably struck by his rich voice and perfect elocution. Mr. Bransfield sang a group of songs at the recent Parochial Concert at Clashmore. His next appearance will be at the Pilsen Celebrity Concert on December 1st.

Mr. John Forrest, the gifted Youghal accordion player will also contribute at this concert as will two other Youghal artists.

YOUGHAL G.A.A.

The Youghal G.A.A. Club intend holding a Cellidhe Mhor on St. Stephen's night when the stop watch competition, at present being conducted by the club, will be decided. The members of the Town Hall Ball room has already been secured so that from now on the club will be engaged making all the preliminary arrangements. The last Cellidhe Mhor held in the Town Hall, under the auspices of the G.A.A., was very successful and the forthcoming event promises to be an equal success and just as enjoyable. A first class Cellidhe band is being engaged for the occasion. Further particulars will appear in our advertising columns later.

THE WEATHER.

Wretched weather conditions have prevailed in Youghal for the past fortnight and people got little opportunity of coming out of doors. Owing to the wintry weather conditions, indoor games are now

LISMORE NOTES

in full swing. Most popular games in town are Badminton and table tennis. Large crowds attend the pictures each night while the practice dances in the Town Hall are also well patronised as the young people regard the increase in the price of COST OF LIVING.

The recent rises in the prices of essential commodities caused much disappointment in Youghal, especially amongst the poor who are worst affected. While many people regard the increase in the price of drink, cigarettes and other "luxuries" as inevitable it is regarded as incomprehensible that there should be such an advance in such essential foods as sugar, meat, etc. Prior to the war many families were finding it difficult to "make ends meet" and people of the poor people will now become much worse.

It is surely unfortunate that it is the poor people who suffer in every crisis.

Skin Troubles are instantly relieved by CHIN-O-SO BRIN GINTEMENT. Rashes, Itchy Patches, Eczema, Rough Skin, Sore Feet, Piles, Ulcers, Cuts, Bruises, etc.—all yield quickly to this wonder ointment. Sold by the following Chemists in 1/3 and 2/- boxes:—HELY'S Medical Hall, Cappoquin, K.A.A.

TALLOW NOTES

"FOOD PRODUCTION" INTERESTING LECTURE AT TALLOW.

A most interesting subject was delivered by Mr. D. Hurley, B.Sc., to a very large representative and interested audience who were present at the Boys' National School, Tallow, on Monday night.

In the course of his address Mr. Hurley stressed the necessity of doing everything possible to comply with the Government wishes on the subject of increasing Home food production.

He pointed out that the present prospects of the securing of and keeping up of supplies from outside sources, were anything but reassuring and this being so, particularly in the case of maize, it behooved all food producers to keep up and doing to provide suitable substitutes for this all-important cereal, and in his opinion barley and oats were the best substitute to be adopted and increased acreage should be devoted to these all important crops.

Due to the high prices for wheat and best increased acreages were assured and he advised the early sowing of winter wheat, for which there was abundant supplies of seed available but he was not so sure that stocks of spring wheat would be equal to the demand.

Unfortunately, due also to the situation created by the Powers there would be a scarcity of artificial manures, particularly in the potato sector, as these were imported from the Continent but small quantities of sulphate of ammonia would not be equal to the demand, hence it would be advisable for all those interested to make the necessary calculations as soon as possible and place orders with their usual suppliers. Because of the likelihood of the scarcity of artificial, he earnestly recommended that every thing possible should be done to increase the supply of farmyard manure for which it was a most difficult problem to supply a substitute.

Mr. Hurley pointed out that while there was a lime subsidy scheme sponsored by the Waterford County Council, the Committee of Agriculture he regretted to say that up to the present it was not fully availed of, and he expressed the hope that in the present circumstances more advantage would be taken of the scheme. A sum of £1,500 had been allotted for this purpose but only £800 of this had been allowed, therefore £700 was still available to those who were up and doing. Continuous supplies of lime would be available throughout the season at two adjacent kilns, the proprietors of which had special facilities for delivery and had quoted reasonable prices, but the latter could not be guaranteed to remain in force for a special period, consequently he would advise all those interested in this subject, to get in touch with the kiln owners as early as possible and secure supplies.

In conclusion Mr. Hurley recommended that all those who had held over supplies of seeds from this year's produce should send samples of same to the Department of Agriculture for testing as to their germination prospects, before finally deciding on planting same, and for this purpose envelopes were distributed to all those interested. Other leaflets in Lime Subsidy, etc. were also handed round.

Discussions on other subjects followed and resulted on very useful information being imparted, all of which were decidedly interesting and informative. Mr. Hurley thanked all those present for attending and for the great interest shown in the subjects discussed.

SUCCESSFUL GUNDERELLA DANCE.

Under the auspices of the Tallow Republican Memorial Committee one of the most enjoyable dances of the present season was held at O'Brien's Cinema Hall, at which there was approximately 180 couples present, all of whom were most expressive in their appreciation of the delightful musical programme which was provided by The Erin-go-Brath Dance Orchestra, Fermoy, which was specially augmented for this occasion. Their introduction into the programme of most of our old Irish airs, the re-arrangement of many to suit the particular dances was delightfully effective and pleasing so much so indeed that "repeats" were continuous, the band graciously conceding the requests.

The scheduled closing hour came all too soon so enjoyable had been the preceding hours, all present expressing themselves delighted with the pleasures that had been provided by the Committee and living in the hope that a similar re-union would be arranged by the Committee before the dance season closes.

IMPORTATION OF TOMATOES.

The Department of Agriculture announces that the Minister for Agriculture has made an Order under the Agricultural Products (Regulation of Import) Act, 1928, entitled the Tomatoes (Regulation of Import) (Revocation) Order, 1939, the effect of which is that, on and from the 14th November, 1939, until further notice there will not be any restriction on the quantity of raw tomatoes allowed to be imported.

IN MEMORIAM. GREENE—in loving memory

Greene, The Burgary, who died November 16th, 1937. Our Sweet Jesus have mercy, offered.

"The Dungarvan Observer" SATURDAY, NOVEMBER 18, 1939.

Europe Disturbed.

Much is being heard in this day of the great strain which European situation has put resources in this country, at last there are leamer days for us all than there would war never been declared.

Unavoidable. What should be remembered, however, is our position outside the war operations, when contact with the unenviable position of most of the countries of Europe.

The countries whose outlook is blackest at the moment of the European situation are those which are faced with what amounts to a siege for the duration of the war and must allow the ordinary operations of all their nationalities to be subordinated to wartime necessities. All their wealth must be directed into war channels and the best of their manhood must be prepared for the supreme sacrifice.

Expensive and intensive preparations have had to be made for the safety of their civilian populations, while all the nations involved are hanging on the latest developments of the war. These are a few of the many troubles which are afflicting belligerent countries.

The neutral Continental nations are faring little better in cases. Holland and Belgium are anxiously awaiting further developments of the war which seriously affect them and have to make drastic preparations to fend their neutrality which feel, is none too secure. Denmark has had to face a great re-orientation in her export trade, the life of the country, which is agricultural, and was the main livelihood for the vast majority of Danish farmers. Latvia, Estonia and Finland are now the thumb of their power.

Finland is also facing grave difficulties. The other Scandinavian countries too have had to step warily owing to the delicate situation in the war theatre. Switzerland, Hungary, and the Balkans are other countries which reason to fear the further progress of the war, while the neutral nations of Italy, Spain and Portugal are essentially involved in the conflict between their powerful neighbours.

If, then, we have to undergo a certain amount of hardship to the present situation it will be remembered that hardship is caused by the stances for which nobody country is to blame. Let us that the present situation serve to awaken in every greater solicitude for the unemployed than was in the piping days of peace.

WATERFORD COUNTY COUNCIL

At a meeting of Waterford County Council, on Tuesday, November 14th, at the Secretary's Office, Dungarvan, Commissioner S. J. Murnaghan, presided.

COUNTY SURVEYOR'S REPORT.

The report of the County Surveyor was as follows:—

Dear Sir—For the quarter ending 30th September, 1939, the weather was generally bad for road working. In July we had rain on twenty two working days. In August there was rain on nine working days, and September, five working days. Wet weather involves loss on working, and any work involving the use of tar or bitumen cannot be done. One result of this is that we have not been able to complete what was intended to be done in a few places.

Generally the roads are in fair condition with the exception of certain of the more important County Roads. Main roads are in good condition. The funds available for the maintenance of county roads, and Urban roads are totally inadequate. Very little work can be done beyond diverting floods and bare essentials. Allowances for main roads maintenance, including maintenance grant, are reasonable, and good work is being done. More results will be required for substantial improvements. It will be possible to carry on with a lesser sum for main road maintenance, and to divert more money towards county roads.

The re-surfacing of the County Road, Tramore to Dunmore, six and a half miles, has been completed. This was a very heavy job, involving 28,191 cubic yards of stone, at a cost of £9,000, one half free grant, one half loan. A good job has been done. This road must be tarred and chipped early next summer.

The re-surfacing of the county road from Cappoquin to Youghal, with branch to Lisamore is proceeding. A heavy rock cutting job was necessary for widening the part along the river side, and has now been completed. This work is financed by a grant of two-thirds of the cost—£7,500 for this year's work. It is understood that similar arrangements will hold for the coming two years to enable the road to be completed to Rinecrew Bridge. An earlier allocation of the money, and start of the work, would be desirable, and lead to economy.

This Winter's Improvement Grant was allocated on 21st August, £2,500. Work is in hand for some time, but it is quite probable that it may be necessary to stop for a few months in the winter to secure suitable weather for working. It is most regrettable that this grant is not made early in each year to enable the work to be done in the proper season, when there is a possibility of getting value for money.

The Improvement Grant is for main road works, and is necessary and desirable as such. In this County we have a number of most important county roads, which should have been classed as main roads. These roads are not in good condition for their class, and should be brought up by re-surfacing. The advisability of diverting some of the Improvement Grant to these roads must be seriously considered next year. Such a diversion, in the absence of any other means of doing the work, would appear to be in the public interest.

It is well at this stage to refer briefly to the needs of main roads. Speeds have increased very much in recent years. All cars and lorries are being driven faster. Only fast cars are in demand by the public. Very many more vehicles are put on the roads each year. The surface of twenty years ago is no use to-day, and the lay-out of the roads, most of which are more than a century old, is no longer safe. While a big contribution to road safety can be made by surface widenings, reduced cambers, and super-elevations, it is becoming increasingly necessary to look to the lay-out, and in fact to the question of entirely new lines. This work will prove ex-

pensive, but it must be faced, and the difficulties now in the way must be removed. We still have entirely too many dangerous places and death traps which, in the public interest, demand a remedy.

There is still no advance towards the construction of a new bridge at Youghal. Everything possible has been done by both Councils to have the preliminary work put in hand. Traffic is limited in weight and speed, and the restrictions are being enforced as far as possible. Gates are provided and operated to check traffic, and obstructions are fixed on the roadway to prevent high speeds. These are undoubtedly a source of great annoyance and inconvenience, but are essential. The bus traffic over the bridge, for the heavy Railway Buses, has been stopped since February last. This is a cause of loss and injury to the trade of the country, to the town of Youghal, and to tourist traffic. On such an important route, every day is too long until a remedy is in operation. It is certainly high time that something definite was done, as distinct from talk. It is no use blaming the war, as the preliminary work will probably take a year to complete.

Plant and machinery is in good working order and repair, and has been at work continuously in the quarter. Some new additions will be necessary for next year. These will be referred to again later on.

The Road Works Scheme for the coming financial year has been prepared, and will be submitted in due course.

COMMISSIONER'S REMARKS.

Regarding Youghal Bridge the Commissioner said that as far as the County Council was concerned the preliminary preparations had been advanced to the farthest possible stage, but there seemed to be some hold up at the Department about it. It was to be hoped that the war would not interfere with the work. With a number of concrete factories in Ireland there were no reasons why it should.

Mr. Bowen, B.E., County Surveyor, said that the preliminary work would take a year if not longer, and if the necessary steps were taken by the Department it would enable them to go on with the work. Borings would have to be made, and the work would take a long time. The war would probably be over before it would be finished, the work would take so long, but it would be done. Irish labour and Irish materials would largely be used in the work. He was afraid the Department did not realize the importance of the matter. It was now a year since the matter had been opened, and if a Committee from both counties were formed, they could be getting on quietly with the work.

The Commissioner said that one of the main causes of the delay seemed to be the grant. The Bridge was a costly item, and it would be hard on the two counties away.

TEMPORARY ASSISTANT SURVEYOR.

A letter from the Department of Local Government was to the effect that no objection would be raised to the appointment of temporary Assistant Surveyor of Mr. M. Haggitt at a remuneration of £6 6s. with scale travelling expenses, subject to period of employment to the provisions of the Local Authorities Act.

The letter was noted, the appointment of a permanent assistant surveyor to be put on the agenda for the next meeting.

OFFICIAL CONTRACTORS.

A communication from the Department asked that local authorities should not in any circumstance agree to the payment of an increased price demanded by official contractors who are unable owing to the European situation to supply goods at the prices stated in their applications without first obtaining the Minister's sanction to such payment.

CAPPOQUIN SEWERAGE SCHEME.

The Waterford Board of Health applied for a supplemental loan of £256, required to complete the work on Cappoquin Sewerage Scheme.

Payment of the loan was passed.

YOUGHAL COUNCIL

Mr. M. D. Broderick (Chairman) presided at the meeting of Youghal U.D.C. Also present—Messrs. R. Power, R. Savage, P.C.; E. P. Lynch, R. C. Farrell, Vice-Chairman; J. R. Smyth, P.C.; T. Beaumont, Capt. C. Watson, P. J. O'Gorman, P.C.; M. Ahern, J. Daly, B.E.; J. Whelan.

A resolution from the National Agricultural and Industrial Development Association, calling on the Government to reconsider their present financial policy anew was adopted unanimously.

Applications for the use of the ballroom for dances were received from a number of local organisations for the 14th, 15th, 17th (2) and 19th (2), and were granted—one each for the 17th and 19th.

The Chairman said he thought it had been decided to consider those applications each week.

Mr. Farrell said that it might be sometimes necessary to advertise the function for some time beforehand.

Mr. Power—We have been talking for some time about the new floor for the ball-room. With all this competition we should soon be able to get it (laughter).

A letter was read from Mr. E. Clancy, thanking his former colleagues for their kind vote of sympathy on the death of his mother.

Mr. Daly asked when were they to get a supply of books for the County Library. The Clerk said he had seen the County Librarian, who had left him under the impression that they would have a supply in a week's time.

Mr. Daly—Isn't it the County Council that is holding up the scheme just now.

The Clerk—I believe so.

Mr. Daly—This matter is going on for years.

The Clerk—It is a great shame.

It was decided to again communicate with the County Council, through the Chairman.

PUBLIC LIGHTING.

Several members complained of the extreme darkness in certain parts of the town, and the Gas Manager was instructed to see to the matter, in view of the revised regulations regarding public lighting.

Mr. Power drew attention to the danger of cattle falling on the streets on fair days. Instructions had been given to spread some gravel before the fairs, but it was not done.

It was decided to instruct the Town Superintendent to have gravel spread on the morning of the fair.

On the proposition of Mr. Farrell, seconded by Mr. Whelan, the Town Superintendent was called on to submit a report weekly as to how the Council's orders were complied with.

The Town Surveyor reported on the dangerous condition of houses in Barry's Lane and the North Main Street, and it was decided to serve the necessary notices on the owners.

A letter was read from Messrs. Hodnett, solicitors, stating that the ferrymen were entitled to holidays, as well as the other employees of the Council.

The Clerk was instructed to notify the men.

The Hon. Sec. G.A.A., wrote applying for the Town Hall for St. Stephen's Night to hold a cullie.

Mr. O'Gorman said he understood they had made an order against dealing with application of the kind ahead.

Mr. Daly said the G.A.A. was a voluntary organisation, working to cultivate the national games—they were not out for the mere making of money.

The application was granted unanimously.

A letter was read from the County Surveyor, per Mr. Broderick, regarding the Council's complaint of the conditions of the footpath in front of the Strand Church, stating that it would be attended to.

THE BRIDGE QUESTION.

Mr. Power inquired were any developments regarding the bridge question.

The Clerk read the correspondence from the T.D.s (already reported). He had written them again that day.

Mr. O'Gorman suggested that they call a public meeting of the town and surrounding country to impress on the authorities the necessity of having something practical done. That bridge was more than local—it was a national highway.

After a protracted discussion, it was decided to adjourn taking action till replies had been received from Dublin, the Clerk to wire the T.D.s at once.

Resolutions of sympathy were passed to the families and relatives of Sean O'Brien, Miss Miller, Mr. Lindsay, Fermo, Mr. Raeburn and Rev. Mr. Thomas.

Clonmel, applied for an increase of 10 per cent. on existing printing contract prices, owing to the increased costs of paper and other materials.

The contractor was asked to furnish further details.

REFUND.

A refund of the second moiety of his rates in respect of a house "Ivy Lodge," Ardmore, was ordered to Major Gerald Furlong.

APPOINTMENTS.

Miss Mary Cox, Convent Street, Tallow, was appointed to the permanent non-pensionable position of Librarian-Caretaker of Tallow Library at a remuneration of £20 p.a. subject to sanction.

The members of the Infirmary Board for the previous year were re-appointed by the Co. Council.

CONVEYANCE OF LAND.

The conveyance of a plot of land at Ardmore from Martin Hurley to the Council was sealed.

CINEMATOGRAF LICENCE.

The application of Michael Hayes for a licence under the Cinematograph Act, 1909, was granted.

E.S.B.

The Electricity Supply Board informed the Council that the cost of cabling and switching the four existing public lamps at Passage East would amount to £6 15s. This was accepted.

WEST WATERFORD NEWS

**GRAND ANNUAL DANCE AT
HOTEL MONATREA.**

The Grand Annual Dance was held in Hotel Monatrea on Sunday night last and there was a large and fashionable attendance drawn from all parts of the Co. Waterford, East Cork and South Tipperary. Every one contributed to the success and enjoyment of the event—splendid music was supplied by Nancy Crowley and her popular dance band, the floor was in perfect order, carnival novelties and picturesque decorations added to the gaiety of the scene and the spirit of hilarity prevailed throughout the night. As usual the catering arrangements were perfect in the capable hands of the efficient hotel staff. Everybody had a thoroughly enjoyable time and dancing concluded at 5 a.m. with the playing of the National Anthem.

FORTHCOMING ARDMORE DANCE.

As will be seen from our advertising columns, the second grand annual dance under the auspices of the local guild of Muintir na Tire will be held in St. Decilian's Hall, Ardmore on the night of December 8th. Miss C. Quaine, B.A., Hon. Sec. and the other members of the Muintir na Tire committee are at present making preliminary arrangements. This dance promises to be even better and more enjoyable than previous dances held at this ever popular centre and a great night's amusement is assured to all who attend. A first class dance band is being engaged for the occasion while the floor rollers will appear in later editions.

**CLASHMORE PAROCHIAL WHIST
DRIVE.**

As will be seen from an advertisement in this issue, a grand whist drive, in aid of Parochial Funds will be held in Clashmore N.S. on Sunday night, November 26th. On this occasion the prizes will be even more substantial than those given at previous drives so, with this added attraction, there should be a record attendance of whist enthusiasts. The Whist Drives at Clashmore are most popular and are always well attended. At last season's drives there was an average of 40 tables while there was also a large attendance at the opening whist drive recently.

Further particulars will appear in next week's issue.

CLASHMORE LECTURE.

To the National School, Clashmore, Mr. Denis Hurley, B.Sc., Instructor, Waterford County Committee of Agriculture, delivered an interesting lecture entitled "The Production of Food."

In the course of his address, Mr. Hurley said that a scarcity of some foodstuffs was probable owing to the international situation. It looked as if there would be a shortage of maize, which was one of our principal feeding stuffs for livestock. They would have to replace it by barley, etc. An increase in the acreage of wheat and best was likely, as there was a fixed price for each. He advised farmers to sow winter wheat as soon as possible. There was a plenty of winter seed wheat, but he was not so sure about the stocks of imported spring seed wheat. There was plenty of home grown spring wheat available, but it would be advisable to have it tested for germination before sowing.

There would also be a scarcity of some kinds of artificial manures. Superphosphate and potash superphosphate would be difficult to obtain, as they came from France and Germany. Sulphate of ammonia and nitro-chalk would also be scarce, but if they had sufficient farmyard manure they need not worry.

The lecturer then referred to the lime subsidy scheme initiated by the Waterford County Committee of Agriculture, and expressed the hope that it would be readily availed of. A sum of £1,500 had been available, and of this £200 still remained. Referring to the Compulsory Tillage Order, the speaker said that few farmers in that area would be affected by it, as they were practically all tilling more than the required amount already. He also encouraged the growing of oats and barley. Although there was no fixed price for these, there would be a considerable market for them. Beans were also a useful crop.

HINTS FOR FARMERS

Calves usually begin to chew the cud when a month old, and they can then deal with dry hay in moderate quantity.

When making butter for potting exceptional care is needed at every stage, otherwise it will not keep long.

Helpers over eight months old should thrive on 8lb. of hay, 20lb. of kale and 3lb. of dairy cake per head per day.

Early hatched ducks may lay at five months old and then go into a moult, while those hatched after May often do not lay until well into the new year.

A cough-paste suitable for a cow: powdered camphor 1oz., chlorate of potash 4oz., powdered liquorice 4oz., treacle 12oz. Give one tablespoonful on the tongue three times a day.

Where basic slag is to be used for a crop on newly broken grassland it should be applied after ploughing and harrowed into the seed bed.

**THE SHORTAGE OF WOOD FOR
KINDLING.**

We have a very long Winter before us and it may be exceedingly difficult to procure wood for lighting fires. We have taken up an agency for a new fire lighter which will get over all your difficulties. The price is right as a 9d. packet will light all your fires for at least a fortnight. This is one of the most economical fire lighters at present on the market and we recommend it with every confidence. You have a cheery fire in a few moments, no paraffin, no sparks and no danger. Not many of life's daily necessities are so cheap.—Sole Agents, HARPUR BROTHERS, Ironmongers, Waterford.

DUNGARVAN URBAN COUNCIL

At a meeting of the Dungarvan Urban District Council the following were present—Messrs. T. McCarthy, Vice-Chairman, D. Foley, M. Connors, J. Butler.

PAYMENTS

A paysheet for £18 6s. 6d. was read and passed.

S.S.O.'S REPORT

Mr. T. Walsh, S.S.O. reported that Mr. James Lanigan, C.E.O., Sgoil na gCeard, Dungarban, had written requesting that the street lamp near the school at South Terrace be lighted at night.

The roofs of some stores in Carbery's are out of repair, and in their present condition are a danger to the public. Notice should be served on the owner to get the roofs repaired or removed here-with.

It was decided that notice be served accordingly. The S.S.O. further reported that his attention had been called to a small hole in the footpath opposite Cumliffe's in the Main Street, which was a matter for the Co. Council.

He was requested to acquaint the Co. Council. With reference to the caretaker of the Park, the S.S.O. stated that the usual period for which he is appointed is from May to October.

REPAIRS TO PASSAGEWAY

Mr. A. R. Farrell, solr., on behalf of Mr. J. J. Quailly, O'Connell Street, wrote reminding the Council that he had received an undertaking on his behalf that the remainder of the repairs, due to the sewerage scheme excavations, would be done, yet the passageway into Mr. Quailly's yard was in a most deplorable state.

If he had to take proceedings against the Council to compel the Council to do this work then it would be additional expense to the Council, and he would therefore inform them that unless this was performed within 14 days he would institute proceedings and they would only have themselves to blame for any additional cost imposed.

REPORT OF BOROUGH SURVEYOR

The Borough Surveyor reported on the complete water main tests of the supply to the town. Owing to many leaks discovered in the early tests certain areas had to be gone over after repairs were carried out, so that he could give a definite record. The leaks discovered were on the lead services and he was very definite that there was no leak in the main.

During all these tests all the House taps were open or at least could be used in his house. He also appeared before the Council with this request.

ACKNOWLEDGMENT

B. and T. Casey, 6 Main Street, wrote acknowledging the Council's recent vote of sympathy to them.

ALLOTMENTS

In connection with the above letter from the Department informed the Council that the terms of the Acquisition of Land (Allotments) (Amendment) Act, 1938 precluded the Minister from making grants to the Council in respect of the provision of free seeds, etc., for employed allotment-holders.

In this connection another letter informed the Council that the sum of £24 3s. 11d. had been paid to their Treasurer as recoupment of the loss sustained by them in providing allotments for unemployed persons.

APPLICATIONS FOR HALL

Applications for the use of the hall were received from the following—Dungarvan and District Nursing Association for a dance on Sunday, December 3rd. Granted.

Dickens Leather Co. Social Club for a Ciderella Dance on Monday night January 1st, 1940. Deferred.

The Merry-makers' Concert Party wrote asking if they could book the hall for a few Sunday night concerts.

HOUSING SCHEME

The Clerk of Works reported that 16 men were employed on the Housing Scheme.

APPLICATION FOR REPAIRS

An application for repairs was received from Mary O'Mahony, 66 Loughmore, and referred to the Borough Surveyor.

LINOLEUMS AND FLOOR CLOTHS.

Owing to the increased cost of raw materials due to the war prices for Linoleum and Floor Cloths have advanced very considerably almost every place.

We were extremely lucky as we had placed good contracts for stocks which have now arrived and which will be offered as long as they last at the old prices. Some of our designs are lovely and it will pay you to inspect our patterns at the earliest possible moment in order to secure genuine bargains. We have no hesitation in stating that our stocks to-day are the largest in Waterford. Remember we deliver free to your door no matter where you live.—HARPUR BROTHERS, Ironmongers, Waterford.

EAST CORK JOTTINGS

AGRICULTURAL LECTURE AT KILLEAGH.

On Monday night of last week Mr. P. F. Moloney, Departmental Inspector lectured in the Killeagh Schoolroom on Agricultural topics generally. This covered a very wide field and included a variety of subjects but the lecturer was quite familiar with every phase of the many complex problems with which he dealt, and held the attention of his audience throughout. At the conclusion the vote of thanks proposed by Mr. Phil O'Neill, Ballycurranis and seconded by Mr. Richard Ahern, Ballymackee, was carried with acclamation. The attendance must have gratified the promoters and pleased Mr. Moloney to whom it was somewhat in the nature of a personal tribute, for no more popular man than he ever came to the district. He has been visiting East Cork for a long number of years and has conducted Agricultural classes at various centres there. Kindness, courtesy and gentleness coupled with all round efficiency and thoroughness have always been characteristic of him and he never failed to win the affectionate respect of his pupils. It is a matter for regret that there are no winter classes in the district this year. Those that were here in the past were always well attended and were very successful. There were rumours of an Irish class some time ago but these did not materialise. A carpentering class did remarkably well here some years ago, and if something like it were again possible it would be a decided boon. In any case the lecture last week was decidedly successful, and the thanks of the farming community and all others interested are due to the Rev. Fr. Sheahan, P.P., for his kindness in giving the use of the school for the occasion.

PAROCHIAL FUNDS.

A series of what drives and other similar forms of amusement for the purpose of augmenting the Parochial funds are in contemplation in the Killeagh-Inch district. The drain on those funds for some time back has been very heavy and many other claims are in the offering. The work of erecting five new schools in the parish must soon be undertaken. This is a gigantic task in present conditions and will cost a mint of money. Of course, the Educational Department will provide most of the funds required, but even so, a good portion will have to be provided locally. This is a task that can be lightened considerably by mutual co-operation. A good deal of money has been raised here in the past by way of concerts, sports, etc. By supporting projects of this kind business and pleasure may be combined. The cause is a good one, and the work necessary. The burthen will be light if shared willingly by all.

AN ADVENTUROUS CAREER.

By the death of Mr. Maurice Cadogan of Reinduff, during the past week, the family name in the parish has ended. There is, I think, a sister still living in America, but there is no longer a Cadogan in Reinduff. Deceased, who had long since attained man's allotted span of three score and ten was a man of splendid physique, standing well over six feet in his socks and built proportionally. Up to the very last he was as straight as a lath, and though suffering a good deal from rheumatism in the last few years he walked with a light, lively step, and his graceful swinging carriage was a joy to see. He must have been a striking figure as a young man and being of a roving disposition he left his native district at a very early age. His many appearance attracted the attention of an English recruiting sergeant and he soon found himself enlisted as a private in a regiment of the guards. The adventurous Irish youth soon tired of the routine and red tape of barrack life, and besides, the red coat of those days was repugnant to his nationalistic principles and after a short period he made up his mind to desert. This was a difficult proposition and called for daring and resource. That he possessed those qualities in abundance young Cadogan quickly proved, he eluded the vigilance of the authorities and returned to Ireland. His father met him at Cobh and soon the young deserter was on board an ocean liner bound for America. It was only now that Cadogan really began to see life, he was present at every big boxing match all over the country, and was personally acquainted with many of the biggest boxers, these included John L. Sullivan, Jim Corbett and many others. Finally in one of the western states his friends lost all trace of Cadogan and eventually he was mourned as dead. His parents in Ireland gave up all hope of again seeing the boy, and so the years rolled on, until

thirty summers had come and passed away, and the thoughts of the old people were turning to the world beyond the grave. Then like a bolt from the blue came the news of the return of the wanderer. He was supposed to have died and come back to life again, and Cadogan, no longer young, but still fresh and vigorous came back to his fathers home again. Soon the old people passed away and the wanderer was again on his own. The neighbours loved to listen to his stories of boxing matches and boxers and revelled in his tales of foreign lands. Shortly before his death he walked all the way to Mount Melleray, a distance of twenty five miles. He died fortified by the rites of Holy Church and his bones lie with his father's in Ardagh graveyard. May he rest in peace.

G.A.A.—CO. CORK J.H. FINAL.

At Midleton last Sunday in the presence of a good crowd the Junior Hurling championship of Cork County was brought to a conclusion, the finalists being Cloyne, East Cork Champions and Mayfield, City Selected. Many good judges thought this would be an easy thing for the City men, but Cloyne supporters were quietly confident. That this confidence was not misplaced was shown by the result, for though Mayfield opened strongly they were unable to stick the pace set them by the East Cork stalwarts, and at the conclusion of the first half were well in arrears, the score being, Cloyne, 2-4, Mayfield, 1-1. In the second half Cloyne still further asserted their supremacy and though Mayfield rallied strongly towards the end they were unable to stem the tide now so strongly running against them and the long whistle left the score, Cloyne, 6-5; Mayfield, 3-3.

At the conclusion of the match the Cloyne men were lustily cheered by their supporters.
