"He payeth every week in the year two
hundred pounds for wages to workmen,
and there is maintained by the money that
he goes out of his purse to labourers, four
hundred and plantations, to the great benefit
of the commonwealth.

"Upon the Lords of the Council in
England, letters, he lent in ready money,
for his Majesty's use, to clear the great
necessities of the fleet soldiers which ar-
rived in Munster, one thousand pounds,
and when the forts at Cork and Waterford,
last year before they were defensible, were
at a stand for want of money, he lent
them five hundred pounds, wherewith
they were again undertaken and made
tenable.

Lastly, he never had acre of land, pen-
sion, ward, entertainment or other matter
of benefit, given him from the late king or
queen, or from the state in Ireland, neither
ever was a tutor for any such benefit or
gift."

The following letters, (never published
before) were lately transcribed from the
originals in the public record office, Lon-
don, and will be found interesting as showing
the state of the church in Ireland in 1633,
and the quiet mode adopted by the Earl of
Cork of constructing his large fortune, by
putting himself in possession of the re-
venues, &c. of the see of Lismore and those
of the Collegiate Church of St. Mary's,
Youghal.

**THE BISHOP (3) OF WATERFORD'S
LETTER ABOUT HIS PETITION FOR
LISMORE AND YOUGHAL.**

"To the Most Rev. Father in God, &c.,
The Archbishop of Canterbury.—Most
Reverend, The care which your Grace hath
of the good of the church hath emboldened
me to write to you, and to desire that you
will be pleased to give me your assistance
in the recovery of the same, which I have
unconscionably holdeth from the Bishop-
rick of Lismore about £900 per annum,
which was sacrilegiously made away with
by my predecessors, with reservation only
of £21 odd money a year, and because the
said Earl without the economy from the
Cathedral of Lismore, whereby, ex-
cepting the chance, it is altogether ruinous
and waste, which the economy, being
worth £30 a year, if it had been put to
the right use would have long ago sufficiency
repaid, with many other spoils which he
had surreptitiously made of vicarages and
church livings by appropriating them &c.
And whereas the College of Youghal is
endowed with about £700 a year, which
should maintain a warden and divers
colleagues, all ministers, is now ready to
be swallowed up by the Earl of Cork, and
the College of Lismore, my humble suit
to your Grace is, that because the Glory
of God, &c. are the sole scope of your Grace's
actions, that you will be pleased to procure
the recovery of the same, and to direct
the Council of Ireland to direct them to
examine the unconscionable leases where-
by the Bishoprick of Lismore and College
of Youghal were made away, that restitu-
tion may be made of part or some com-
pensation to support me like myself in the
Bishoprick of Lismore, and to the colle-
gians of Youghal according to the demerits
thereof, and seeing that you are willing
to do good, and especially to those whom
your grace hath long known to have had
their breeding in the self-same college from
whence we both had our well-earned know-
ledge, and that I have a special notice that
your grace hath a pious memory your
grace hath, if you would be pleased to
send the King's Majesty's letter, with
your letters to the Lord Deputy, for the
good of the church of Lismore and the
College of Youghal, I shall acknowledge
your grace, under God, and I would request
your grace to take special notice that out
of my two united bishopricks of Waterford
and Lismore, the temporalities whereof
are about one thousand and six hundred
pounds a year, there is not above fifty
pounds rent a year reserved in commendam,
£100 a year which maintain me and my
family, &c. in all duty.—Michael Water-
ford and Lismore.—March the 7th day,
1633.

SOLDIERS' FAMILIES.

Mr. Horo-Belisha in a statement in the
Commons, on allowances announced the
military service (special allowances) Ad-
visory Committee would be empowered
henceforward to grant up to £2 a week
exclusive, and in addition to other allow-
ances received from services departments.
He said the new maximum would
take the place of the present
maximum of £2 inclusive of
special allowances, and would enable addi-
tional assistance to be granted in cases of
hardship due to special factors such as
high rent.

The Government had decided in addi-
tion to raise rates of allowances for child-
ren after first child.

In future instead of these rates being
three shillings for second child, two shil-
lings for third, and a shilling each for sub-
sequent children they would be four shil-
lings for second child and three shillings
each for all other children.

non-attendance of his children at school
was due to bad weather and the illness of
one of them. He had 12 children and he
never kept any of them from school.
Justice—He is giving himself a good

The Justice remarked that he was im-

BLACKWATER FISHERY CONSERVATORS

At the usual monthly meeting of the
above, held at the Devonshire Arms Hotel,
Tallow, there attended: Messrs. A. Grove
Annesley (Chairman), J. Kennedy, Captain
R. Holroyd Smyth, Miss G. Montgomery,
O'Donoghue, J. Daly, B.E.; Ion V. Stuart, W.
Baldwin, W. Dunne, Major P. Coote, A. H.
Davison, J. Hackett, and Messrs. J. Power
(Clerk), and J. P. Kennedy (Inspector).

NEW MEMBER.
Mr. Kennedy said he was glad to see Mr.
Murray in the Boat again.
Chairman—We are all glad to see him
amongst us again.

TROUT AND SALMON OVA.
The Department wrote stating that it
was hoped to have available for distribu-
tion a certain number of salmon ova and
sea trout and brown trout during the 1939-
40 hatching season, the price of these to be
7/6 per 1,000, plus cost of transport. Ar-
rangements were now being put in hands
for the allocation in due course.
The Chairman said that both hatcheries
should be used to the utmost capacity for
their own river.
This was agreed to.

ROD LICENSES.
A circular letter was read from the De-
partment regarding the cost of rod licences
from 1st July to 31st.
It was proposed by Mr. Villiers Stuart,
seconded by Mr. Davison, that the cost of
the existing charge of £2 be adhered to.
Correspondence was read from Mr. J. L.
Keane, solicitor, regarding the claim
against the Board for £306 13s. 9d. for ar-
rests of national health and unemployment
insurance. The Department finally agreed
to accept the claim. Mr. Keane suggested
that if the Board did not, he would
agree to pay the amount, they should em-
power him to employ counsel.
Mr. Kennedy—Why was such an amount
of arrears allowed to accumulate?
Mr. Daly—There was a serious omission
on the part of the responsible department.
The Chairman said that the accounts had
been examined and passed by the auditor
regularly.
It was unanimously decided to instruct
Mr. Keane to employ counsel.

CONNA WEIR.
A letter was read from Dr. Waters
stating that the weir at Conna was in need
of improvements at the Conna weir, in ac-
cordance with the instructions of the De-
partment's inspector.
In reply to the Chairman, the Inspector
said that the work done did not comply with
the necessary requirements.
The Clerk was instructed to again call
on Dr. Waters to make the necessary im-
provements, otherwise to put the matter in
his solicitor's hands.

QUERIES FROM DEPARTMENT.
In the course of a series of queries re-
ceived from the Department, the Board re-
plied that they had no suggestions for the
improvement of the fishing in the river.
(Latterly).

It was decided to call the attention of the
Department to the King's Gap at Lismore,
the Pass at Yermoy, and at Clonduff.
In reply to other queries, it was stated
that the salmon fishing was "dealing" and
the angling "poor".
Miss Montgomery and the Chairman
were appointed delegates to the annual
conference of Fishery Conservators, to be
held in Dublin on 13th December.

At the suggestion of Miss Montgomery,
it was decided to bring before the confer-
ence the grave necessity of carefully con-
sidering and dealing with the condition of
the fish passes and weirs, with a view to im-
proving the fisheries in the Irish rivers.
Mr. Villiers Stuart called attention to a
notice in the new Scottish Fishery Act
which permitted the overlapping of the
officials of adjoining boards and conserva-
tors, when and where there was knowledge
or suspicion of breaches of the fishery laws
being committed.
The delegates were asked to bring the
matter before the Conference.

Replying to the Chairman, the Clerk said
they had some £700 to credit, and they
were paying out £300 that day. He had
received a small amount of rate arrears
since their previous meeting.

INSPECTOR'S REPORT.
In his report, Mr. J. P. Kenny, Inspector,
stated that during the past four weeks
practically all the rivers in the district were
constantly in flood, and that game was
being protected and the spawning beds
and spawning and dealing with the condition
of the fish passes and weirs, with a view to im-
proving the fisheries in the Irish rivers.

LATE MR. DAVID BENN.

week of Mr. David Benn, a respected resi-
dent of this locality. Deceased was a resi-
dent of Patrick Denn, the well known
fisherman. The informant took place in
a Mass cemetery in the presence of a big
concourse of mourners, and amidst many
manifestations of sincere regret.
Very Rev. Fr. Walsh, P.P., Modeligo and
Rev. Fr. Murphy, C.C., officiated at the
interment.

mences to be one of the most successful and

CAPPOQUIN DISTRICT COURT

**Octogenarian Alleges
Assault.**

School Attendance Case.
(Before Mr. G. P. Farrell, D.J.)

LIGHTS.
Hugh McGrath, Clashmore, was fined
2/- on each of two charges of having no
re-lights on a motor-tractor.
Maurice Carroll, Cork, was charged on
three counts with having his lorry parked
without lights at Cappoquin.
He was fined 2/- on the charge of having
no headlights, and 1/- on each of two
other counts.

The following were fined as follows for
unlighted bicycle offences:—P. Whelan,
Carrisroe, Cappoquin, 3/-; W. Aherne, Cool-
acrossa, Cappoquin, 3/- and 1/6; Thomas
Scanlan, Coolagurbois, 3/- and 1/6; Pat-
rick Sweeney, Cronhill; Daniel Whelan,
do; N. O'Monn, Main Street, Cappoquin;
Mrs. Ellen Healy, Ballyhane; Bernard
Moloney, Drogheda; Jack Cullinan, Tur-
rone, re James Donoghue, Liscann, 2/-;
such, Thomas O'Monn, Cappoquin, 3/- and
1/6.

OFFENCE CHARGES.
William Henley, West St., Tallow, was
charged on a number of counts in respect
of a car the property of Rigney which
was found parked in Cappoquin by Garda
Thorne.
Garda Thorne said that on the date
mentioned the car in question was
stationary and without lights at Cap-
poquin. Going to it witness found William
Henley sitting in the car. He said it was
the property of William Rigney, of Bally-
kenny and gave abuse to witnesses, saying he was
drunk.
The summonses included one for having
no insurance certificate, and one for
having the car unlicensed.
Mr. Rice, solicitor, for both de-
fendants, said that Rigney owned a garage
and was entitled to have an unlicensed car,
as his garage tax covered all of them.
Henley was the employee of Rigney,
and wished to apologise for his behaviour
to the Garda. Regarding the insurance,
Mr. Rigney's insurance policy covered all
cars used on the road.
William Rigney, defendant, said he had
a trade plate. He gave this to the witness
whom he wanted to work the Tallow dis-
trict selling accessories and spare parts.
He had had this car taxed later, but he
was not aware when taxing it of the Henley
case.
A fine of 1/- each of the lights was im-
posed on Rigney.

UNLICENSED BULL.
The Minister for Agriculture v. Richard
Kieley, Deersagh, Modeligo.
This was a case in which the Minister
represented by Mr. E. A. Ryan, State
Solicitor, charged the defendant with
keeping on his lands an unlicensed Short-
horn bull.
After evidence had been given that the
animal had since been disposed of, a fine
of £5, with 5s. expenses, was imposed.

RATES RELIEF CLAIM.
Commissioner Simon Moynihan v.
James Noonan, Poulbata, Cappoquin.
This was a case in which defendant was
charged with claiming relief for rates for
an employee to which (defendant) was
not entitled.
Mr. Hally, Solicitor, for the Commissioner,
said that he would ask that this case be
dismissed under the Prohibition of Offenders' Act. This, however,
did not mean that they would not take
strong action against offenders in this re-
spect in future.
The Justice gave the ruling requested.

MAIMING OF SOW.
Robert Corbett, Knockaluhra, Cap-
poquin, was charged by Superintendent
Quinlan with the maiming of a sow.
A youth named Roche of Bewley, Cap-
poquin, gave evidence that a sow the prop-
erty of his mother broke into the lands
of a neighbour called Tobin, where de-
fendant was employed. When the sow re-
turned witness saw that the muscles of
one of the animal's legs were cut. She
was in great distress and had to be de-
stroyed. He traced her blood over a fence
into Tobin's.
Patrick McCarthy, also employed by
William Tobin, said he saw the sow break
into Tobin's land. He saw defendant doing
nothing to the pig but he was absent for
a time and when he came back he told
witness that he had cut the sow in the
leg.
Sergeant Brown, Cappoquin, said that
defendant was cutting weeds he saw the
sow eating mangels. He threw a billhook
at the sow and struck her on the leg. He
hadn't meant to hurt her, and was sorry for
doing it.
Supt. Quinlan asked that the boy be
bound over for a period, as he was rather
backward.
The Justice said if the billhook had been
thrown deliberately, it was a most bar-
barous act, and if he thought it had been
intentional he would send the boy to goal.
He would bind him over for 12 months to
be of good behaviour in one surety of £10.
(Continued on Page 4)

WEST WATERFORD BOARD—G.A.A.

A meeting of the West Waterford Di-
visional Board G.A.A. was held in Cap-
poquin on Thursday night, November 16th,
in the absence of the Chairman, Mr. J.
Goode, County Board representative,
President and Mr. W. Sheehy, County
Board representative, Tallow and Mr.
A. Ryan, Secretary, also attended.

The following delegates were present—
Messrs. J. Mason and E. Brady, Cap-
poquin; J. F. O'Donnell and T. O'Donoghue,
N.T. Lismore; C. Murray and J. Hogan,
St. Carthage's; E. Fitzgerald, Cathal
Brugh's; and E. Condon, Tallow Pipers'
Band Committee.

Arising out of the minutes of the pre-
vious meeting Mr. J. Mason proposed and
Mr. J. F. O'Donnell seconded that Mr. C.
Curran, Clashmore be asked by Western
Board to send the name and address of
the Cork County Board member who
played in Waterford County Championship
illegally in 1937, to Secretary of
Waterford Board so as to assist
the Waterford Board in preventing this
gross breach of the Rules.
The motion was passed.

Lismore Junior Hurling Club appealed
against the decision of Tallow Pipers'
Band Tournament Committee in withhold-
ing referee's Report that the match was
abandoned and unfinished in the first
half of this tournament (Lismore v. Kilkenny)
played on the 24th September, 1939.
Lismore appealed under Rule 5, Page
127 and Rule 20, Page 17, and Rule 18,
Page 117 (Official Guide, 1938).

Mr. J. F. O'Donnell gave a brief out-
line of the case. He stressed the fact that
the match was played under 'rule 4' or no
supervision of the Committee; the
players on both sides conducted them-
selves in an excellent manner. He drew at-
tention to the fact that spectators would
say at the interval that the match was
a draw. After 35 minutes play in the
second half an interval while a lost
ball was being looked for. When the ball
was found the referee endeavoured to
restart the game but could not do so. He
(the referee) told him (Mr. O'Donnell)
and the Captain of each team that he was
awarding the match to Lismore who had a
lead of 3-1.

Mr. O'Donnell explained that he had
three witnesses to confirm his statement.
He drew attention to an appeal being
awarded the match and held that this
proved his case that the Kilkenny team
that Lismore had got the match on the
field from the referee.

The Chairman having questioned Mr.
O'Donnell re how he understood that a
draw had been arranged, said that he had
no doubt but that this match had been
awarded to Lismore. He believed Mr.
O'Donnell and Mr. O'Donoghue would not
come before the Board and state a lie.
He ruled that the match had been awarded
to Lismore, by the referee and upheld the
appeal thereby, declaring Lismore winners
of the tournament, subject to the appeal
to the County Board by Tournament Com-
mittee.

The Secretary read a letter from the
Secretary of the South Tipperary Board
stating that he had no information re any
Gaelic players from his district playing in
the West Waterford Divisional Cham-
pionships at Dungarvan.

Mr. J. Mason said that Bob Redmond
stated he knew six of those who had
played but that they were "foreign game-
men".
The Secretary was instructed to write
to the Secretary of the South Tipperary
Board and Bob Redmond, Clonmel for
further information.

Clashmore F.C. notified the Board of
the withdrawal of their objection to the
Stradbally minor football club. A letter
was read from the Secretary of the Clash-
more Club re nomination of team to re-
present Western Division in the County
final. It was left to the Secretary to
answer. On the proposal of Mr. J. F.
O'Donnell, seconded by J. Mason, the
Board endorsed the action of the Secretary
in selection Stradbally to represent the
Division in the County Minor Football
Final, Cathal Brugh's, were declared di-
visional winners in minor football.

E. Brady asked re the medals of a tour-
nament promoted by Ballylin Church in 1938
or 1937.
He stated that Cappoquin and St. Car-
thage's were in the final which had yet to
be played.

The Secretary was instructed to try and
secure the medals & arrange that the final
be played, the Ballylin Secretary to be ap-
proached for his view re running of same.
It was decided that the Annual Con-
vention of the Board be held in Dungar-
van, on Sunday, 14th January, 1940.

This concluded the business of the
meeting.

During the war many people have got
very uneasy over the shortage of Iron-
mongery and household goods. Now, we

last. Mr. M. J. Sargent, P.C., presided.
Mr. X. P. Daly, Hon. Secretary, also at-
tended and there was a full attendance
of members.
Business was of a routine nature. The
proposed extension to the Boat-house was
under discussion. It was decided to hold
a forty-five drive (confined to members)
on December 2nd. It was arranged (pro-
visionally) to hold the grand social, under
the auspices of the Club, on January 2nd.
It was also decided that the profits on
the forty-five drive and other games in the
Boat-house on Friday night next be de-
voted to Parochial Funds.

conducted by the Club, was also referred
to. Between 50 and 60 members are taking
part in this handicap.

PAROCHIAL FORTY-FIVE DRIVE.

THE WEST WATERFORDS.
The West Waterfords had a successful
meet at Crough. From Crotty's Rock a
fort pair in a double 20 to ground in the
original covert. This was a good run of

15 minutes duration. The covert at
Lackanarr yielded a fox which ran over
a nice dose of country by the creamery at
Bounadabain and through Lagh but
the hounds were called off when picking for
the mountains at Blearth. They followed a
universally fast run. Leading away from
Fenton's covert Reynard pointed as if for
Crough but turned sharply to the right
and sped away to mark to ground at
Knockan.

Just as hounds were being drawn an-
other fox ran out of the covert and took
the chase on a nice spin as far as Bally-
corrie where hounds were drawn. This
run concluded a good day's sport. Those
out included—Mr. Jon Villiers-Smart,
M.P.E.; Miss A. Geoghegan, Hon. Whip; Mr.
M. Miles, Hon. Whip; Mr. T. C. Williams,
Solicitor; Mr. G. Cummins; Capt. J. Wall, Mr.

again visited the Mitchestown and Free-
moot Cooperative Creameries and pre-
sented to the persons responsible the neces-
sity of having suitable filter erected so
as to prevent poisoning of salmon or trout
by the discharge of sewer effluent. Dur-
ing the month he visited various districts
and found the water keepers on duty, with
one exception, only one complaint reached
him of poisoning in the Newmarket dis-
trict. The man's name at Youghal reported
the killing of six seals was reasonable and
would be effectively dealt with. The total
number of salmon killed, according to ex-
tracts taken from licensed dealers' regis-
ters, was approximately 14,000, and the
number of seal 4,000, which was double the
quantity taken in 1938.

WEST WATERFORD BOARD—G.A.A.

A meeting of the West Waterford Di-
visional Board G.A.A. was held in Cap-
poquin on Thursday night, November 16th,
in the absence of the Chairman, Mr. J.
Goode, County Board representative,
President and Mr. W. Sheehy, County
Board representative, Tallow and Mr.
A. Ryan, Secretary, also attended.

The following delegates were present—
Messrs. J. Mason and E. Brady, Cap-
poquin; J. F. O'Donnell and T. O'Donoghue,
N.T. Lismore; C. Murray and J. Hogan,
St. Carthage's; E. Fitzgerald, Cathal
Brugh's; and E. Condon, Tallow Pipers'
Band Committee.

Arising out of the minutes of the pre-
vious meeting Mr. J. Mason proposed and
Mr. J. F. O'Donnell seconded that Mr. C.
Curran, Clashmore be asked by Western
Board to send the name and address of
the Cork County Board member who
played in Waterford County Championship
illegally in 1937, to Secretary of
Waterford Board so as to assist
the Waterford Board in preventing this
gross breach of the Rules.
The motion was passed.

Lismore Junior Hurling Club appealed
against the decision of Tallow Pipers'
Band Tournament Committee in withhold-
ing referee's Report that the match was
abandoned and unfinished in the first
half of this tournament (Lismore v. Kilkenny)
played on the 24th September, 1939.
Lismore appealed under Rule 5, Page
127 and Rule 20, Page 17, and Rule 18,
Page 117 (Official Guide, 1938).

Mr. J. F. O'Donnell gave a brief out-
line of the case. He stressed the fact that
the match was played under 'rule 4' or no
supervision of the Committee; the
players on both sides conducted them-
selves in an excellent manner. He drew at-
tention to the fact that spectators would
say at the interval that the match was
a draw. After 35 minutes play in the
second half an interval while a lost
ball was being looked for. When the ball
was found the referee endeavoured to
restart the game but could not do so. He
(the referee) told him (Mr. O'Donnell)
and the Captain of each team that he was
awarding the match to Lismore who had a
lead of 3-1.

Mr. O'Donnell explained that he had
three witnesses to confirm his statement.
He drew attention to an appeal being
awarded the match and held that this
proved his case that the

CAPPOQUIN COURT

(Continued from Page 1). ASSAULT ON OCTOGENARIAN. James Gillin, Millstreet, who stated that he was born in April, 1859, charged Patrick Murray, game warden, with assault. Mr. Murray, solicitor, Lismore, appeared for plaintiff, and Mr. E. A. Ryan, solicitor, Dungarvan, was for defendant.

Plaintiff stated that on the day of the assault he was standing in his plot when he heard a shout and looking up he saw defendant, who shouted "Get out of here," and showed witness "with vim," knocking him down. Witness then chased Murray with his stick, and the defendant ran into his house for a spring, but his wife "coloured him." (Laughter.) Witness then ran in for something to defend himself with. He had got a bad fall, had to attend a doctor, and couldn't sleep for 3 weeks with pain.

To Mr. Ryan, he denied that he provoked the boy, or that defendant tried to lead him out of his garden, and that he (witness) started and fell. He admitted that he chased defendant, who ran "with the speed of a zephyr's wind."

Mr. Ryan—That's very poetically expressed. You invaded his territory then? You attacked the Maginot Line? Defendant—Yes.

Mr. Ryan—You're a tough old fellow? Witness—There's four or five of 'em of good stuff in me yet.

P. Murray, defendant, said that Gillen was always trespassing. On this day he came into witness's garden, breaking the boundary fence and trampling on his cabbage plants. Witness just placed his hand on Gillen's shoulder and led him out. Gillen refused to go out at the boundary and witness pushed him out. He fell, and then got up and chased witness with a stick, witness having to defend himself by holding up a watering can.

To Mr. Murray—He couldn't stand by and see a man trampling on his plants. He was annoyed certainly, but he did not feel roughly with him.

The Justice said that defendant took a risk in pushing an old man. There was a law against trespass, which was the proper course to take. He then dismissed the case.

YOUGHAL NOTE

THE MONTHLY FAIR. The usual monthly Youghal fair on Monday last. There was a supply of livestock, there was a tendency of buyers and demand. Cattle fetched good prices while sheep and pigs exchanged hands figures.

In the Imperial Hotel yard, Condon, M.L.A.A. (John Condon, Auctioneer and Valuer) put auction 25 selected to and post. All exchanged hands at generous THE NATIONAL ANTHEM.

In several public entertainments in Youghal there is a great lack of the National Anthem by a number of the public. This is a fault of the proprietors of public entertainment places, neither is it the fault of public entertainments.

It is regrettable to see the bustle prevails while the National Anthem being played—it shows a complete respect and nationality.

In other countries, even in pagtries, every solitary individual rigidly and frantically to attention the national flag and other symbols are treated with a like. How very different is the attitude large section of our people in this. The men of 1918 died that the son had my life. Did they die in vain THE COST OF LIVING.

At the last meeting of the Youghal Council members referred to increased cost of living and it was out that there was little local employment present and that consequently people were hard hit. One mentioned the case of a poor man and wife and eight children. This was so badly off that the little had to go to school with a bread and a little tea. This is a fairly tragic state of affairs. Increase in the cost of living has poor of Youghal very badly. Evermal times these poor people found to make a living—now their position is rendered worse. We are not yet we see living in conditions we want.

THE FISHING. As the opening of the salmon season draws near, expectancy amongst those directly interested been rumored that a lot of salmon gone up the river recently and justified some optimism. It is hoped the expected improvement will be reality. The past few seasons have complete failures. Several crews to say expenses, much less make a profit. In the old days as men were taught in one week as a whole season nowadays. Yet the fishermen are compelled to pay a charge which would be considered even in normal times. The fisheries service justice.

THE "BRIDGE QUESTION." Members of the Urban Council, recent meeting, again referred to famous "Bridge Question" and to disappointment at the delay of settlement in sanctioning the approval of a joint committee of the Co. Waterford Co. Council. It is until this Joint Committee is a practical move can be made towards erection of a new bridge to replace present condemned structure.

The restrictions on the use of sent bridge have resulted in a dislocation of traffic between Youghal and West Waterford. The stopping G.S.R. bus service was the worst and has resulted in a serious loss to Youghal and much inconvenience West Waterford residents. Agtogether from the dislocation of the erection of the "dogleg" obstacle bridge is a source of much annoyance to many appears ridiculous. The of these obstacles was rendered necessary because of the absence of motorists across the bridge which declared unsafe by the Co. Council Waterford and Cork. The obstacle, who have a good civic spirit and believed to pay the penalty for the "offence" "speed merchants."

For the public good it is sincerely trust that the future some positive will be made towards the ere a new bridge. Such a move would come on all sides.

UNEMPLOYMENT. Owing to scarcity of public work is a lot of unemployment in town sent. This is regrettable, especially present time when the cost of living is so high an unbearable degree people are worst affected. During past few years hundreds of young have left these parts for England, are not able to find employment for who remain. Unemployment is our major national problem is parently no serious effort is being to find an effective solution. In a to being discouraging it is demonstrated and opens the way for many Surely there is something radically with the economic system which can a large section of our people to idleness THE OLD WORKHOUSE.

It has been suggested that the old house buildings be used as a miller racks. This is a very practical suggestion which if put into practical effect would of immense benefit to the town and rounding countryside. In the old Youghal was a prominent military. There is no reason why it should be again.

AN ABLE OFFICIAL. Mr. M. H. Walsh, P.C., the popular very efficient Town Clerk of Youghal and again tributes have been paid efficiency and devotion to duty. capacity as Town Clerk he has done human work for his native town. A proud national record and took eminent part in the Anglo-Irish case A POPULAR BANK OFFICIAL.

Councils. It appears that until this Joint Committee is set up no practical move can be made towards the erection of a new bridge to replace the present condemned structure.

The restrictions on the use of the present bridge have resulted in a complete dislocation of traffic between Youghal and West Waterford. The stopping of the G.S.R. bus service was the worst blow and has resulted in a serious loss of trade to Youghal and much inconvenience to West Waterford residents. Apart from the dislocation of traffic, the restriction of the "bridge" obstacles on the bridge is a source of much annoyance and to many appears ridiculous. The erection of these obstacles was rendered necessary because of the shameless speeding of motorists across the bridge which had been deemed unsafe by the Co. Councils of Waterford and Cork. The ordinary public, who have a good civic spirit, are compelled to pay the penalty for the conduct of these "speed merchants."

For the public good it is sincerely hoped that in the near future some practical move will be made towards the erection of a new bridge. Such a move would be welcomed on all sides. UNEMPLOYMENT. Owing to scarcity of public works there is a lot of unemployment in town at present. This is regrettable, especially at the present time when the cost of living has risen to such an unbearable degree. Young people are worst affected. During the past few years hundreds of young people have left these parts for England, yet we are not able to find employment for those who remain. Unemployment is one of our major national problems but apparently no serious effort is being made to find an effective solution. In addition to being discouraging it is demoralising and opens the way for many abuses. Surely there is something radically wrong with the economic system which condemns a large section of our people to idleness.

THE OLD WORKHOUSE. It has been suggested that the old Workhouse buildings be used as a military barracks. This is a very practical suggestion which if put into practical effect would be of immense benefit to the town and surrounding countryside. In the old days Youghal was a prominent military station. There is no reason why it should not be so again. AN ABLE OFFICIAL. Mr. M. H. Walsh, P.C., the popular and very efficient Town Clerk of Youghal is one of the ablest of public officials. Time and again tributes have been paid to his efficiency and devotion to duty. In his capacity as Town Clerk he has done superhuman work for his native town. He has a proud national record and took a prominent part in the Anglo-Irish conflict. A POPULAR BANK OFFICIAL. Mr. Oliver Crossie, Agent, Bank of Ireland, Youghal, has been transferred to Cork on promotion. During his stay in

WEST WATERFORD 200 YEARS AGO.

THE STATE OF THE BISHOPRICK OF LISMORE IN IRELAND. "The Bishoprick of Lismore and Waterford is one of the ancientest and best seats of the Kingdom of Ireland, and has enjoyed of so great note that the bishop thereof was always to the Pope legatus a latere, and the seat of the bishoprick named Lismore ever called Civitas Sancta; but now, partly by the corruption and iniquity of former times, but principally by force, fraud, and abuse of the episcopal and chapter seals of those bishopricks in broken times, have been all unconsciously made away from these churches, either by unreasonable long leases or in fee-farm for ever, so that the episcopal house of Lismore, together with the manor lands and fishing of Lismore, as also the manors and lands of Bewley, Ardmore, Killeen, Newthmeane, Ballec, Balin, Ballintrafer, Balligarran, Killocher, with all the rents, royalties and privileges of them, now worth about £1,000 a year, are all enjoyed by the Earl of Cork, at the rent of £20 a year, by grant from our late great sovereign King James, of famous memory, under colour of Sir Walter Raleigh's attainder.

"The said earl under the said pretext hath likewise passed from his Majesty the economy of Lismore, being the parsonage of Lismore, and worth £100 a year, being given by the foundation of the Cathedral for the repairing and re-edifying of the Cathedral Church of Lismore, which now lies ruinous and in waste, and this he hath passed on a concealment.

"The said earl hath also passed in the said grant from his Majesty all the vicars' choral lands, being five vicars, which by the foundation of that Church, were to attend the service of God there, as concealed lands, although some that are now living were in possession of the said lands at years choral, and now worth about £60 a year.

"The said earl hath likewise passed in the said grant from his Majesty all the lands and manors belonging to the Prior of the Lazar or Lepers house of Lismore, as concealed lands, who is superintendent or overseer of all the lazars and Lepers in the kingdom, where there are many now infected with that disease, and was likewise to attend Divine service in the said Cathedral. All the aforementioned particulars are supposed by some of his Majesty's counsels in the laws to be now in his Majesty's hands, who, no doubt, will take it a happiness to have an opportunity to re-employ and restore so ancient a bishoprick upon any pious and religious motives made unto him to that end.

"The said earl hath gotten into his hands the dean's lands and the treasurer's lands of Lismore and part of the crops of the archdeaconry.

"The vicarage of Tallow hath been in the quiet possession of the vicars choral of Lismore near two hundred years, until within these two years the said earl hath seized thereon as inappropriate.

"The said earl hath likewise of late challenged and leased the vicarages of Rathnash, Ardman, Baldrinan, at Rothestown, at Rincrow, Kilmowry, Killochan, and the parsonage of Clorea, all in the diocese of Lismore, as inappropriate to some religious house or other, notwithstanding the said vicarages were ever in the possession of the Vicars who had set fruits and tithes parts to his Majesty until they were usurped as aforesaid.

Youghal Mr. Crossie was most popular amongst all sections of the community and took a prominent part in the social and sporting circles. He was also Chairman of the Youghal Branch British Legion and in that capacity proved himself a wonderful and unselfish worker. He was also a hunting enthusiast and invariably attended the meets of the West Waterford Hunt on Castlebar. His numerous friends, while regretting his departure, congratulate Capt. Crossie on his deserved promotion. Mr. M. J. Chambers succeeds Mr. Crossie as agent at the Youghal Branch. A LEADING DANCE BAND. We wish to draw our readers' attention to an advertisement appearing in this issue announcing that the famous Serenaders' Dance Band (Youghal) is now open to public engagements. This is one of the leading bands in those parts and is composed of all first class musicians. Further particulars may be had from Miss Lily Jones, Youghal. PRACTICE DANCING. On Sunday night last a huge crowd gathered in the Town Hall Ballroom for the usual practice dance. Special music was supplied by Miss Crowley and her Dance Band.

On Tuesday night there was a big attendance of dancing enthusiasts from all parts. Superb music was supplied by Miss Lily Jones, and all present had a very enjoyable time. THE REGAL CINEMA. "The Mountains of Mourne" starring Rene Ray, Nall McTinnis and Jerry Verna, and "Sky Giant" starring Jean Fontaine and Chester Morris, were shown to packed houses at the luxurious Regal Cinema last week-end.

The "Mountains of Mourne" was a outstanding Irish story told amidst the scenery of the Emerald Isle. The singing of the Irish songs by Niall McGinnis and Rene Ray was glorious. On Tuesday and Wednesday, George Raff, Henry Donohue, D. S. Lamour, Louise Platt, and John Barrymore starred in the "Spaw" of the North—one of the greatest sea stories ever filmed. The supporting programme was composed of "Big Business" and "Jungle Jim."

On Thursday Ruby Keeler, Le Dixon, and Allen Jenkins played the leading parts in "Ready, Willing and Able." For this week-end the principal picture at the Regal will be "Honor 4 U" which is supporting programme will be up to its usual high standard.

ACKNOWLEDGMENT FROM RED CROSS SOCIETY. Mrs. Madeline E. Collins, Melrose Hotel, Ardmore, has received from the secretary, Irish Red Cross Society, the following acknowledgment:—"Dear Madam—I am very much obliged for your handsome cheque, the result of a whist drive held on the 15th. My committee greatly appreciate the trouble you have taken to raise these funds—Yours very truly David L. Robinson, organising secretary."

MORE TEA ALLOCATED. Following special representations by the Irish High Commissioner, Mr. J. Dolan, two allocations to the Twenty-Six Counties, totalling close on two million pounds of tea, have been made by the Tea Control Committee of the British Ministry of Food. The Irish people use over nine pounds per head per year, and are among the world's largest tea-drinkers, and traders and exporters had been concerned about the trade for Christmas.

PUBLIC LIGHTS. The restoration of the public lighting system in the town on Tuesday night last was very pleasing to the inhabitants. The cooling of all the lamps was very effective, while preventing an upward glare, the streets were efficiently lighted, which did away with the head-on collisions between pedestrians, which were of frequent occurrence during the suspension of the lighting system.

SUNDAY WITH THE BEAGLES. On Sunday last the Foot Beagles met at Dr. Halley's Bridge, and tried the thirty-guiney marshes where they found a stout-running hare which headed towards the marshes with bays in full cry. Passes were run towards Clonacra, where a scent was lost, probably due to the evening turning extremely cold, so that what promised to be a most exhilarating run turned out a disappointment. New ground will be tried on Sunday next, the meeting being at Kilmahonan, and as there are plenty at the foot of the Comeragh a good day's sport is anticipated.

HAIRDRESSERS' REQUEST. The secretary of the Waterford Hairdressers' Union wrote to the Waterford Mental Hospital Committee suggesting that a tradesman/hairdresser be employed to the institution. Referring to the meeting, the R.M.S. said that at present the hairdressing in the institution was done by the attendants and by patients. The Chairman inquired if the work of the letter was written on his own behalf or the behalf of an organisation. The R.M.S. replied that he did not say that he represented anybody. The writer in his letter used the words: "Hairdressers' Union, Waterford."

At the annual meeting of the above held in Dooley's Hotel, Quay, Waterford, on Sunday, Chief Superintendent Duffy, President, presided. After reviewing the progress of athletics in the County during 1939 Superintendent Duffy said:—"The lack of public support seems to be one aspect which is a serious handicap to the development of athletics in this county. I feel that the people of the county do not enthuse as much about athletics as they do in other places. It seems that if bulk of the youth now stay, especially in cities and towns, appear to favour spending their leisure hours in cinemas, gaming booths, and such like places, at seaside resorts, rather than enjoying outdoor sports such as athletics."

The following officials were appointed: President—Chief Superintendent Duffy; Vice-Presidents—Rev. Fr. Slattery, Dunhill and Rev. Fr. Robin, Glendine. Messrs. Leo Dunne and Mr. Spillane were appointed Secretary and Treasurer respectively.

IRISH FARMERS' FEDERATION. An important meeting of the above will be held in Egan's Hotel, Dungarvan, on Saturday at 2.30 p.m. For particulars see advertisement on page 4 of this issue.

PROFESSION CEREMONY AT MERCY CONVENT. A very impressive ceremony was performed in the pretty chapel attached to the Mercy Convent, Dungarvan, on Wednesday last, by his Lordship, Most Rev. Dr. Keane, D.D., Bishop of Waterford and Lismore, when the profession took place of Miss Della Crowe (in religion Sister Mary Anne), and Miss Mary Turley (in religion Sister Mary Rita). His Lordship was assisted by Very Rev. T. Canon O'Brien, P.P., V.F., Dungarvan; Very Rev. M. Dunphy, P.P., Abbeysteele; Very Rev. M. F. Heame, P.P., Portlary; Very Rev. P. F. McGrath, P.P., Old Parish; Very Rev. P. Donegan, P.P., G.S.A.; Rev. W. Flynn, C.C., Dungarvan; Rev. P. O'Farrell, C.C., do.; Rev. M. Power, C.C., Abbeysteele; Rev. Fr. Flynn, C.C., Carrigrohilly; Rev. Fr. Spooly, C.C., London. After the ceremony, his Lordship, accompanied by Canon O'Brien, visited the primary and secondary schools. His Lordship evinced great interest in the work being done by the various classes. He expressed great pleasure at seeing such a fine crowd of happy, healthy and intelligent children, and offered his warmest congratulations to the teachers and pupils on their continued and striking successes at the various examinations, and particularly at the intermediate examinations, which, as time goes on, show ever-increasing lists of successes for the school. He then asked the Rev. Mother to give the children a half-day, which, needless to say, was granted.

A WONDERFUL SUCCESS. The eighth annual dance, under the auspices of the County Waterford Branch of the Irish Dairy Shorthorn Breeding Society, was held in the Town Hall, Dungarvan, on Wednesday night last. The event was an unqualified success from every point of view, and the huge crowd enjoyed themselves to their hearts' content. The music, supplied by Michael Carran and his Dublin Carnyval Dance Band, was a treat to listen to. The catering arrangements by Mrs. Greene, Square, left nothing to be desired, so that the 200 couples who participated in the gala event voted it "the best ever." The committee deserve congratulations for their untiring efforts and attention to the smallest detail, which contributed in no small degree to the making of the dance the success it undoubtedly was. Mr. J. O'Dwyer, Secretary, County Committee of Agriculture, is a few well-chosen words, thanked on behalf of the committee, all who (despite the very inclement weather, which prevailed on Wednesday evening) attended. He paid a well-deserved compliment to the band for the superb music rendered. He also thanked the members of the local relief band who played during the interval.

RETIRES AFTER FORTY-FIVE YEARS SERVICE. Mr. Thomas Murphy, Dungarvan, our esteemed citizen who held the important position of Post Office Clerk, being appointed in November, 1894 (45 years ago), has now retired. He had been a most popular and efficient man and has given entire satisfaction to priests and parishioners in the performing of his arduous duties. During those years, early and late, he was always punctual in the morning. He was appointed in 1896 by the Parish Committee as collector for weekly dues at the church (about £2,200) which he collected in small sums from home to home in weekly subscriptions from the parishioners and succeeded in paying the debt cleared in 1911. Most courteous and obliging to all, he was extremely popular amongst his associates and fellow-citizens. He devoted his spare-time to literary work and has been the author and compiler of beautiful compositions in prose and verse and composer of high-class music for his own use. He received numerous press opinions and tributes in Eire and abroad. All his productions evince talent, which has made his name famous in the literary and musical world. We trust he will enjoy the rest he is so very much entitled to and will not cease to contribute some more of his wonderful productions to the press. He now appears to the parishioners as a subscriber to the fund organized for his benefit and approved by the Very Rev. Canon O'Brien J.P. on the part of the Clergy of the Parish, which will be held on Sunday next, 26th November, at all Masses at the Parish Church, so that a fitting presentation be made to him as a tribute to his long and faithful service.

At the annual meeting of the above held in Dooley's Hotel, Quay, Waterford, on Sunday, Chief Superintendent Duffy, President, presided. After reviewing the progress of athletics in the County during 1939 Superintendent Duffy said:—"The lack of public support seems to be one aspect which is a serious handicap to the development of athletics in this county. Death of Mr. Patrick Joye, Glendalligan, Killossanty.

Mr. Patrick Joye, Glendalligan, Killossanty, had all the consolations of his Religion before breathing his last at his residence on Monday evening, and his death was a truly holy and happy one. He was an ex-Serviceman, and took part in the Boer War. He had been in robust health up to a short time ago and had retained all his faculties to the end. Deceased, who had reached a fine old age, was a popular figure with his neighbours, who regarded him as a loyal friend and steadfast upholder of his principles, and his departure hence is deeply and deservedly regretted by all. Much public sympathy goes out to the members of his family both in the homeland and in America in the bereavement they have sustained. A numerous cortege accompanied the removal of the remains to St. Bridget's Parish Church, Killossanty, on Tuesday evening. Father Crotty, P.P., received the remains at the sacred edifice and recited the prayers for the dead. Next morning Masses of Requiem were celebrated for the happy repose of the late Mr. Joye was afterwards reverently laid to rest in the adjoining cemetery. In the presence of many mourners and sympathizers, Father Crotty officiated at the graveside, assisted by Father Meenan, C.C. A number of beautiful floral wreaths were laid on the grave, and several Mass cards were received. The chief mourners present included—Mrs. P. Tobin, Curraheen, and Mrs. M. Burke, Glendalligan (daughters); Mr. Patrick Tobin, and Mr. Martin Burke (sons-in-law); Mr. J. Tobin, Curraheen (grandson); Misses Mary and Bridget Tobin, do. (granddaughters), etc. (As in last papers will please copy).

DUNGARVAN URBAN COUNCIL

WATERWORKS AGAIN DISCUSSED

"URBAN COUNCIL A TARGET, A COCKSHOT, AND A SKIT."

REPORT ON MARSH.

"ANOTHER EXPERIMENT"

At a meeting of the Dungarvan Urban District Council on Friday, November 17, the following members were present:—Messrs. T. McCarthy, Vice-Chairman, M. Clancy, J. Mansfield, P. Quinn and J. Butler.

PAYMENTS.

A payment for £25 lbs. 11d. was read and passed.

WEIGH MACHINE

Only one tender for the weigh-house for the year, that of Joseph Walsh, at £7, was received. It was accepted.

REPAIRS.

A number of requests for repairs were received.

RECONSTRUCTION GRANT.

Michael Hennehy made formal application for a reconstruction grant for his house at Park, Dungarvan.

CARETAKER'S REPORT.

Denis Dea, caretaker, reported that the temporary pipes to the filters at Deahill waterworks were constantly getting choked, in consequence of which the supply in the tank runs down.

HOUSING SCHEME.

Thomas McGrath, Contractor, wrote informing the Council that the Housing Scheme was completed and ready for occupation.

Mr. Clancy—Have you any idea how many houses could be occupied at present. Clerk—About 40 odd.

Mr. Clancy—Therefore there are less than 100 left. Could we do anything to have them occupied. Winter is coming on now.

Mr. Quinn—Some people in Boreenatra are in very bad circumstances. Some of them are living under the stars, I understand.

Mr. Clancy—If we can't do anything we are losing revenue.

Clerk—That's true, certainly, but we have no notification.

Mr. Quinn—The Department are throwing the blame on us saying we are not quick enough. The unfortunate thing is that the people who are to occupy these houses think the Council are responsible. That's the galling thing about it.

Chairman—They don't think so now, but it would be well if the Press took a note of it.

The next item dealt with was a report from the Clerk of Works on the Housing Scheme to the effect that five men were engaged on the work ending November 11.

Mr. Clancy—Whatever is responsible the houses should be occupied immediately. We're losing revenue.

Chairman—I agree with you. I'd like the Clerk to write and ask for a reply before next Friday if possible. I hope it isn't necessary to have this man come down and open them.

FRIARY STREET DARKNESS.

Mr. M. Keane came before the Council as representative of the residents of Friary Street, asking why the black-out was imposed so seriously on that street. Recently he said, an old lady who was going into the church stumbled and fell in the darkness. Not so long ago the Council had been worried about this question, and had changed the lights at some expense to the ratepayers.

The Clerk said that this matter rested with the Minister for Defence.

Mr. Keane—I think this town is an exception in this regard.

Continuing, Mr. Keane said that the Street had been in darkness for the past few weeks. He had seen Mr. Walsh about it, and thought that he might bring the matter before the Council but he had not seen from the Press that this had been done. Evidently nothing had been done about it.

Mr. Walsh, S.S.O. said that he had seen the E.S.R. representatives who refused to do anything about it.

Mr. Keane—Is there any saving in this? The Clerk said that the Council had a claim in it.

Mr. Keane—We were under the impression that this was an exceptional case. It is very serious for church-going people.

Mr. Clancy—It's well that the people know now that the Council have nothing to do with it.

Clerk—The lights will be cowled from now on.

Mr. Keane then thanked the members and left.

The Chairman said in his locality it was too dark altogether.

Mr. Clancy—I'm surprised there's not more damage done. I don't see the need for it all.

Bridge Street, Dungarvan.

The dam started leaking badly in February, 1938. We have therefore to call on you to put the matter in order with our further delay, and to act in accordance with our letter of 25th ultimo.

With regard to safeguarding of the temporary supply to the town pending the completion of the works, as already stated, we do not consider the leaving of the clearance of the pipes to the care taken as sufficient safeguard. Precautionary measures such as those indicated should be taken to keep material from entering the pipes.

Mr. Quinn—There's a big issue raised now between the contractor and the Council. Now we're getting into the mire. It may take years to get out of it.

Mr. Clancy—Read that bit about the rodding again.

The Clerk then read the excerpt mentioned.

Mr. Clancy—There you are again. The orders of the engineer are not carried out.

Chairman—What's the matter here? Mr. Clancy—I think it would be best to ask the Clerk to write to the contractors.

Mr. Clancy—We're left in the dark. War has been declared between the contractors and the engineers. What are we to do? It's a serious matter for the town and for the ratepayers.

Chairman—I suggest we refer it to our solicitors.

Clerk—I suggest you send a deputation to your solicitor, Mr. Butler, the Chairman—That's all right.

Mr. Clancy—Should we move at all until we get a reply to the report we sent the Department? Why shouldn't the Department send down an engineer about the whole scheme, with Messrs. Delap and Waller, and the contractor. Should we wait until we get a reply from the Department before we make the next move?

Mr. Clancy—Should we move at all until we get a reply to the report we sent the Department? Why shouldn't the Department send down an engineer about the whole scheme, with Messrs. Delap and Waller, and the contractor. Should we wait until we get a reply from the Department before we make the next move?

Mr. Clancy—We're left in the dark. War has been declared between the contractors and the engineers. What are we to do? It's a serious matter for the town and for the ratepayers.

Chairman—I suggest we refer it to our solicitors.

Clerk—I suggest you send a deputation to your solicitor, Mr. Butler, the Chairman—That's all right.

Mr. Butler—The marsh isn't purchased yet. You're going to drain and it's not yours at all.

Chairman—I thought that was sanctioned. It was sanctioned.

Mr. Butler—Then it is our property. Mr. Mansfield—It's going to be another experiment.

Mr. Quinn—Some of us remember a time when it was perfectly drained and didn't hold a thimbleful of water.

To correct a failure we've offered a scheme costing about £4,000.

Mr. Butler—The engineers should be asked to perfect the work they have in hand.

Mr. Quinn—In one of their reports they said they'd come in summer and adjust these clappers. No one came.

Mr. Mansfield—Wouldn't it be as well to ask them when the Engineer is down about the Waterworks? He should inspect the marsh also?

Mr. Quinn—It's extraordinary that the engineers 60 years ago could manage it. An order was made to this effect.

WATERFORD FARMERS' DEMAND.

Demand that the Government make an Order immediately controlling the prices of maize, bran, and pollard at the August price level, and that any miller or merchant who, since September 2nd, charged prices in excess of the amount of the excess charged or hold himself liable to be prosecuted as a price profiteer, are made in a statement issued on Monday by Waterford Branch, Irish Farmers' Federation.

The statement, having referred to the Order issued after the outbreak of the war that prices were to continue at the level obtaining during the last week of August, says that maize, bran, and pollard then cost from 27 10s. per ton.

Whereas the price now ranged from £10 10s. to £11 10s. The price charged in Great Britain and Northern Ireland at the commencement of hostilities (£8 per ton) had remained stationary.

The statement recalls that according to recent statistics issued by the Department of Industry and Commerce imports of maize between January 1st and August 1st were up by 50,000 tons, and imports of bran and pollard by 23,000 tons as compared with the corresponding period in 1938.

In spite of these excess stocks being available, it says, prices were permitted to soar in the case of feeding stuffs used by farmers to supplement home-grown crops in the extensive winter production of bacon, milk, eggs, poultry, and beef.

The statement warns the public that these price millers were allowed to advance their prices in a reckless manner, the public will in the near future be faced with substantial increases in the necessities of life mentioned above.

The solution, the statement concludes, is to be found in the Government standing over the order made at the outbreak of the war.

MOTOR CYCLE FATALITY

INQUEST ON YOUNG VOLUNTEER OFFICER.

Mr. T. C. Williams, deputy Coroner, sitting with a jury at the District Hospital, Dungarvan, on Friday last held an inquest into the circumstances surrounding the death of Second-Lieutenant William Christopher Murphy, who died in the District Hospital on Thursday where he had been conveyed by Sergt. John O'Shea, Leamybrien, on Friday night, November 10th, after Sergt. O'Shea and Guard Flaherty had found him lying unconscious and bleeding on the roadside.

The following jury were sworn:—Messrs. M. Cunningham (Foreman); Matthew Cummins, Pierce Casey, Richard Reddy, Bernard Dee, Daniel Walsh.

Superintendent M. Walsh, Dungarvan, and Sergt. Liddane represented the Gardaí. Lieutenant McCormack, Curragh Camp, represented the Military Authorities.

Dr. Daniel T. McCarthy, House Surgeon, Dungarvan Hospital, said he examined the deceased William C. Murphy immediately after admission to the Hospital at 12.20 a.m. on the morning of 11th November. His condition on admission was as follows: He was fully clothed, his outer coat was extremely blood stained about the collar area and he was profoundly unconscious. He was suffering from multiple fractures of the skull, particularly the base of the skull and was bleeding freely from both ears, both nostrils and from the mouth. There was a contused wound of the left temple and the left eye was swollen and closed. Deceased was subsequently seen by witnesses and four other doctors.

He died on 16th November, without regaining consciousness. In his opinion the cause of death was multiple fractures of the skull producing shock, haemorrhage and meningeal infection. The personal property of the deceased was handed over to Sergt. O'Shea, who had conveyed deceased in his car to the Hospital.

Mr. John Murphy deposed in reply to the Superintendent that he was a farmer and resided at Rathmoylean, Dunmore East; he is a brother of deceased who was unmarried and aged 23 years. Deceased was an officer of the Defence Force. Before the accident witness last saw him on October 22nd. He saw him in the District Hospital on November 10th and was present when he died, sometime after 2 p.m. Deceased enjoyed good health prior to the accident. He was riding a motor cycle about seven weeks prior to the accident.

Sergt. John O'Shea, Leamybrien, deposed he went on patrol duty on Friday night, November 10th, at 8.30 p.m.; at 10.30 p.m. he was joined by Guard Faherty and they returned towards the station from the Dungarvan direction, about 10.35 p.m. His attention was attracted by the light of a vehicle coming from the Dungarvan direction. When the vehicle came around a bend he knew it was a motor cycle, which he saw in the townland of Knockeylan. He noticed the machine was ridden by a man wearing a light coat. The road was perfectly straight for on its normal speed (about 30 m.p.h.) and driven at a fast speed (about 50 m.p.h.) he noticed the light suddenly go off. He could still hear the engine running but with a strange noise. Witness and his companion hastened to see what was the matter. They were then about 25 yards off. When they got to the man they found the motor cycle thrown against the fence with the rear wheel out on the road. The oncoming car mentioned could have nothing to do with the accident, the car was at the time the light of the cycle went off. He saw the left foot-rest of the cycle was turned completely up through coming in collision with a pillar of a gate-way. Deceased was lying on his back on the side of the road with his feet towards the fence on his proper side. He was unconscious and bleeding. Witness went to his own car and took the injured man to hospital. From his examination of the place later, it could be seen that the bicycle tore along and then mounted the fence 14 feet back from the road. The driver was thrown on to the road. The lights on the cycle were not capable of being put on when they arrived. From papers in deceased's possession witness ascertained his name was William C. Murphy. The injured man was perfectly sober and showed no sign of having any drink taken. The road was wet at the time the cycle towards the fence 14 feet back. Guard Straine, Dungarvan, deposed he examined the motor cycle, Z.C. 9304, at Leamybrien, on Monday, November 13th. The cycle was the one ridden by deceased. He found the left foot-rest was bent up, the headlamp smashed and the handlebars loose. He examined the bulbs of the lamp. One was broken and had fused, the other seemed alright. The handlebars were loose at the centre where they are held by four nuts and the bars could be lifted up and down. When the handlebars came down they interfered with the steering as they came in contact with the tank. The condition of the cycle would be consistent with evidence given by Sergt. O'Shea.

The jury returned a verdict in accordance with the medical evidence, viz.—That the deceased died from multiple injuries to the skull received as a result of an accident when riding a motor cycle on Leamybrien on November 10th.

SYMPATHY WITH RELATIVES. Mr. Cunningham on behalf of the jury said he wished to express deep regret to the relatives of the deceased.

The Coroner associating himself with the expression of regret said this unfortunate and tragic occurrence was due to the lights suddenly falling. He deeply sympathised with the relatives, who, however, will always have the satisfaction of knowing that this young man died in the course of his duty.

Dr. McCarthy, on his own behalf and on behalf of the Hospital staff also joined in

TEN YEARS AGO.

Below we publish excerpts from the "Dungarvan Observer" of ten years ago. They will undoubtedly be of great interest to our readers, and help to refresh their minds memories of other days.

GIFT TO STRADBALLY CHURCH.

A beautiful set of vestments has been presented to Stradbally Church by the Duchess of Montalban, Spain. They were made by her own hands. The Duchess belongs to the parish of Stradbally. Some members of this branch of the family in times of trouble left their native land and settled chiefly in Spain where many of them rose to high positions. The Duchess is the daughter of the late Mr. James Barron in 1804. The picturesque school at Stradbally, now used as a National School was built and endowed by Pierce Barron, Faha, in 1806 for education of the poor of Stradbally and Faha.

JUDGE ON TOURIST DEVELOPMENT.

Granting an application for an extension of a license attached to a Youghal hotel, Judge Kenny said that the tendency of the trade of this country was towards expansion, and he had no doubt, notwithstanding anything that might have been said, that Youghal would continue to improve, and that a greater number of visitors would throng there on account of the great natural attractions, and also on account of the fact that the people are extremely courteous and kindly, and extremely good business people. Youghal was extremely attractive, he knew no more attractive place on the coast of this country.

RECENT DEATHS.

One of that fine old Catholic womanhood, a narrator of the folk-lore of rossanty parish, Miss John passed away into her eternal home, leaving a somewhat protracted illness of her years. Friends will miss her kindly manner, and her interesting the olden days, of historical interest. Respected and all who knew her, a practical of public respect was paid to in the very large attendance hours at her burial, which took place in the family plot in the cemetery at St. Bridget's, Kilmacross, after the celebration Masses for the happy soul. The prayers at the grave were read by the reverend local John Crotty, P.P.—Dunmore East.

At her home in England, demise of charmingly depicted Teresa Griffin, dearly beloved of her husband, Mr. John Griffin, 65 Greenbush, Chester. She had been ailing some time, and, fortified by the Church (of which she was a member), she passed peacefully and resignedly, coming in her 26th year of age, after a long illness. An immense congregation of relatives and a wide circle of friends gathered for the funeral, which was well-known for her neighbourhood, which was outstandingly characteristic of a daughter of universally admired Mrs. William Whelan, Kilmacross, to whom, as well as her husband, she was extended in their bereavement. An immense congregation of Requiem Masses for her soul at the Church of the Holy Spirit, on the 14th inst., was made subsequently at the cemetery amid many profound sorrows. A funeral service was held at the cemetery on the 14th inst., which was to have been at the Kilmacross Public Street.

Above are now capped which effect a partial black winter wheat.
