WATERFORD COUNTY BOARD OF ASSISTANCE
Members Want Increased Travelling Expenses.

At the monthly meeting of the Waterford County Board of Public Assistance there were present Messrs. Conolly, Dunne, Caulfield, Cullen and Power.

Moving to the absence of Commissioner Moylan, Mr. Conolly was moved to the chair.

PUBLIC ASSISTANCE MEETINGS. It was decided to hold Public Assistance meetings in Waterford at 3 p.m. in future instead of 2 p.m.

INCREASE OF PUBLIC ASSISTANCE QUOTEY.

Regarding the deputation which attended the last meeting representing the Unemployed Men's Association, Waterford, Mr. Dunne asked if anything had been done in this matter.

The Chairman said that at the last meeting Mr. Moylan had said that he would have an interview with the City Manager, Mr. Geraghty, on the subject.

Mr. Geraghty had since told him that the Public Assistance estimate already would be exceeded by £400 on March 31st, 1940, and if it were increased by 1/- all round the estimate would be exceeded by about £1,000.

In the case of a large family in receipt of Home Assistance, who were in very necessitous circumstances the increase would be granted on investigation of their circumstances and also in the case of such individuals, but the all round increase would not be approved at all.

TRAVELLING EXPENSES. A resolution was passed unanimously requesting the Minister to grant travelling expenses at the rate of 1/- per mile to members of the Board travelling to meetings at Dungarvan, and stating that the present rate is inadequate owing to the increased cost of travelling.

TEMPERATURE OF COURTHOUSE. Mr. Dunne remarked on the coldness of the Courthouse, remarking on the difference between it and the warmth of the Secretary's office at the previous meeting.

WIRELESS. The Mayor, Co. Hospital, wrote stating that she had had till the last moment expecting Mr. Doyle to return the wireless, but so far it had not arrived. Order—"That it be replaced before the week ending 23rd December.

XMAS GRANT. An order was made that the usual Xmas Grant of 1/- to each recipient of Home Assistance be made.

PUBLIC ASSISTANCE. The monthly financial report of the Chief Public Assistance Officer showed a figure of £1,578 6s. 6d. compared with £1,502 8s. 6d. for the previous four weeks, and £1,498 for the corresponding period, 1938.

VOCATIONAL EDUCATION COMMITTEE.
Scheme for Training of E.S.B. Apprentices
At the monthly meeting of the County Waterford Vocational Education Committee, on Tuesday, December 19, there were present Very Rev. Canon O'Brien, P.P., V.F., Dungarvan; An Fear Mor, Messrs. W. Meehan, and M. O'Hara, M.A., Messrs. Kirwan and O'Keefe, Department of Education Inspectors were also in attendance.

CORRESPONDENCE. The Department of Education wrote approving of the confirmation of Miss R. McDonnell's appointment as permanent whole-time Domestic Economy Instructor.

Another letter from the Department approved of the proposal to pay the balance of loans borrowed for provision of schools at Dungarvan and Cappoquin.

The Department further wrote stating that paragraph 14(b) of Memo V.7. cannot apply in the case of Mr. T. Maher, B.Sc., H.Dip.Ed., or Miss M. Ryan, B.Com., H. Dip.Ed. This paragraph 14(b) of Memo V.7. is in respect of extra remuneration for teachers who have gained Higher Diplomas in Education, and it was stated that it is not retrospective.

E.S.B. APPRENTICE SCHEME. The Department of Education also forwarded particulars of a scheme in operation for the better training, at Dublin, of Electrical apprentices employed by the E.S.B., and requested the Committee's co-operation by payment of £10 each for two apprentices resident in County Waterford area.

Mr. Kirwan, Inspector, said that the course was of three years duration, the E.S.B. paying for maintenance, and the Co. Committee were asked to pay £16 a head, to help in the training of the apprentices from the area. In the case of this committee there were two apprentices, Denis Ivory, Ballyglen, Dunmore East, and Francis Forde, Yramore.

These apprentices would be trained for fairly reasonable positions, for a small expenditure on the part of the Committee, the members of which could see that it would not be feasible to have centres all over Ireland and that it would be better to have them all trained in Dublin. The E.S.B. would pay £2,500 a year for the training of these apprentices and the Co. Committee were asked to pay £1,200. He would suggest that each boy also get 10/- a week to help to bear the cost of his maintenance.

The Committee unanimously approved of the scheme, and it was decided to grant the amounts requested.

LEAKAGES IN ROOF. In reply to the C.E.O. Mr. J. Bowen, D.E., wrote stating that in connection with the complaints of defects in the roof at Scollan school, Dungarvan, he had sent an engineer to inspect the roof and make a report.

A great wave of public sympathy went out to Mrs. James McKeown, Ballydwan, when the news of the death of his young wife became known, the sad event taking place at a private nursing home, on Tuesday last.

WATERFORD HOUNDS.

A large field turned out for the Feddan's Cross meet last Wednesday, the 18th, which proved to be a red-letter day. Finding in Ballintra, hounds went away leaving Rathgormack village on their left and through Mr. Green's land of Galloway Hill, on through Monastha and almost to Mr. Connolly's Park; from here they swung right-handed into Knockalafalla, as if they were heading for the woods at Windgap, but ran right-handed through Ballintra towards Cooanuck woods, before which hounds got up 14 their fox in Killybegilly, but this fox just managed to get into a rabbit hole to save his brush. Once hounds settled down they were not a semblance of check in this brilliant 40 minutes over a grand line of country.

Hounds next found a Ballynevin and went away close to Mottel Church, crossing the road here they swung left, through Kilmpeg, on by Currageekilly, crossing the Carrick-Dungarvan road near Joanstown, headed for Seskin woods, but bearing left-handed ran into Ballysheeh, and hounds were stopped before entering the bog woods at Killybegilly after a very fast 35 minutes over a good line of country.

From the Sweep last Saturday hounds found in Amberhill and ran a ring towards Knockaderry Lake, and to ground, where they found after 25 minutes. Hounds next found in Carrickphilip bog and ran towards Knockaderry, swinging back into the bog they then went away across the Kill road, near Savagelawn Barracks, into Knock-of-the-Cat, leaving Kilbeg Creamery on the left, they ran through Mr. Power's land to Knockaree, across the Kilmurrin road and were stopped from the cliffs at Tankardstown, and this is a five-mile point and was 65 minutes.

DISCRIMINATING DANCERS WILL PLEASE NOTE!

A grand carnival dance will take place at the New Hall, Kilmathomas, on St. Stephen's Night. To music by Griffin's Accordion Band (Waterford), dancing will commence at 9 o'clock, and will continue

A REGRETTED DEPARTURE.

When the Kilmathomas and District Jubilee Nursing Association was established some eighteen months since, Miss K. O'Callaghan, was appointed nurse for the area, and she filled the position right unsparingly and well up to the day of last week, when she left on her way to Drummin, Westport, Co. Mayo. A native of Kilmathomas, Miss O'Callaghan, who is a most estimable young lady, has made hosts of friends in these parts, and her departure is deeply regretted by all. Kilmathomas warmly wish her continued success and good luck in her new sphere of duty. Her successor in our midst is Miss Dermody (ex-Clare Island, Co. Mayo), an equally charmingly mannered member of the noble profession.

Fortified by the rites of Holy Church, Mrs. Mary Veale, Milk Depot, Patrick St., Waterford, passed peacefully and resig-

nedly away into her eternal reward last week-end after a prolonged illness and at an advanced age. Bellet of the late Mr. Edmund Veale, she is survived by one daughter, Mrs. Moran, of Patrick Street, Waterford, to whom, as well as to numerous relatives in the Kill and Bonmahon districts, widespread sympathy is extended in their bereavement. The deceased was a grand old lady of her generation, and was a favourite with everybody who had the pleasure of knowing her. Solemn Requiem Office and High Mass for the happy repose of her soul were offered up at St. Patrick's Church, Waterford, on Monday.

Very Rev. N. Burke, P.P., St. Patrick's, was celebrant of the Mass; deacon, Rev. Fr. Lawn, Chaplain to the Little Sisters of the Poor; sub-deacon, Rev. M. O'Farrell, C.C., St. Patrick's. In the choir were: Venerable Archdeacon Kelleher, S.T.L., V.F., P.P., Ballybricken; Rev. M. J. Phelan, C.C., do; Rev. T. Ahearne, C.C., do; Rev. Fr. Guiry, C.C., do; Rev. Fr. Fitzgerald, C.C., do; Rev. Fr. Coody, C.C., St. John's; Rev. M. Barron, Bishop's Secretary, and Rev. Fr. Alfred, O.F.M.

Immediately after the Mass, the remains (which were rested in the Church overnight) were conveyed by motor-hearse to the family burial ground in Ballynevin Churchyard, where interment was made. The accompanying cortege on the occasion was exceedingly large and representative. Rev. P. F. Walsh, C.C., Stradbally, officiated at the graveside. A number of beautiful floral wreaths were laid on the grave, and many Mass cards were received. By the way, Patrick Veale was related by marriage to the Veale family, No. 2 Patrick Street, well and popularly known members of the drapery trade in the suit-veined city.

CINEMA FOR KILMATHOMAS.

Mr. Michael Hill, Kilmathomas, (proprietor of the local New Hall), has just purchased the commodious coal-shed situated on the fair green from Mr. S. Morris, coal and timber merchant, Fiddown and Waterford. We are reliably informed that our progressive townsmen intend converting the structure into an up-to-date cinema.

NO COURT.

The usual monthly District Court was not held at Kilmathomas on Wednesday, and all cases listed for that day will be the first disposed of at the January sitting (17th prox.).

GREAT GATHERING!

Clubhouse Mr. Thomas Francis Ahearne, of Comragh, Kilmathomas, is a non-smoker, but read on! Inside of the remarkably short space of five weeks he collected 75 packs of miniature playing cards, which he forwarded to the manufacturers of a well-known brand of cigarettes, from whom he has received in exchange a splendid new bicycle. Strikes us friend T.F.'s feat is a record in its way!

Hounds next found a Ballynevin and went away close to Mottel Church, crossing the road here they swung left, through Kilmpeg, on by Currageekilly, crossing the Carrick-Dungarvan road near Joanstown, headed for Seskin woods, but bearing left-handed ran into Ballysheeh, and hounds were stopped before entering the bog woods at Killybegilly after a very fast 35 minutes over a good line of country.

From the Sweep last Saturday hounds found in Amberhill and ran a ring towards Knockaderry Lake, and to ground, where they found after 25 minutes. Hounds next found in Carrickphilip bog and ran towards Knockaderry, swinging back into the bog they then went away across the Kill road, near Savagelawn Barracks, into Knock-of-the-Cat, leaving Kilbeg Creamery on the left, they ran through Mr. Power's land to Knockaree, across the Kilmurrin road and were stopped from the cliffs at Tankardstown, and this is a five-mile point and was 65 minutes.

A grand carnival dance will take place at the New Hall, Kilmathomas, on St. Stephen's Night. To music by Griffin's Accordion Band (Waterford), dancing will commence at 9 o'clock, and will continue

A REGRETTED DEPARTURE.

When the Kilmathomas and District Jubilee Nursing Association was established some eighteen months since, Miss K. O'Callaghan, was appointed nurse for the area, and she filled the position right unsparingly and well up to the day of last week, when she left on her way to Drummin, Westport, Co. Mayo. A native of Kilmathomas, Miss O'Callaghan, who is a most estimable young lady, has made hosts of friends in these parts, and her departure is deeply regretted by all. Kilmathomas warmly wish her continued success and good luck in her new sphere of duty. Her successor in our midst is Miss Dermody (ex-Clare Island, Co. Mayo), an equally charmingly mannered member of the noble profession.

Fortified by the rites of Holy Church, Mrs. Mary Veale, Milk Depot, Patrick St., Waterford, passed peacefully and resig-

POPULAR PATRON'S GENEROSITY.

Prior to the break-up for the Christmas holidays at Kilmathomas National Schools on Friday last week, the covered Pastor, Very Rev. John Crothy, P.P., came with supplies of toys and sweetmeats, which he distributed amongst the pupils, on whose behalf the teachers thanked the generous donor. It is the accomplishment of the last 15 years of the happy life ones.

PETITIONS.

We have been favoured with the following copies of two petitions (both of which bear the signatures of some of the largest ratepayers in Mid-Deise) addressed and forwarded to Mr. Moylshin, Commissioner, conducting the affairs of the Waterford County Council—No. 1.—"Dear Sir—There is hardly a distance of 200 yards from the bridge at Fahaleagh, where the road is elevated only about two feet above the quagmires on either side, making it especially dangerous even on dry days, particularly so with regard to Upper Rath." "Rather than drive cattle or horses along this road, people are put to the great inconvenience of taking a longer and more round-about way."

"As this is a matter of vital importance to the public, we the undersigned residents of the district, hereby request that proper fences, walls, or railings be erected on this section thereby safeguarding life and property." "Hoping this matter will receive immediate attention, Yours Sincerely," "No. 2.—"Dear Sir, Drainage is a vital necessity to the health of the district, and it is in the vicinity of Fahaleagh and capities into the Mahon near the bridge at Carrigastick could be remedied by the widening of the surrounding district." "If this stream were widened and deepened, it would improve the adjacent land immeasurably."

"This could be done at practically no, or very little expense, if the many men now on the dole were put to work on the project." "Work such as this has proved most satisfactory in other sections. The stream running parallel to the road and divider Carrigorbahane and Carrigahilla, is a case in point. This was widened and deepened by men on the dole, about two years ago. "And we, the undersigned farmers of the district, hereby request that the stream flowing into the Mahon (above mentioned) be similarly improved."

"Hoping this will be done as soon as possible, we are, Yours Sincerely," "Undoubtedly, the suggested improvements in both petitions would, if carried out, spell a great boon to a big number of the neighbours." "Kilmac's shops are extremely bright and attractive, and the volume of business being transacted in the town this week is very good considering 'the times that do be in it.' By gracious permission of the Editor 'Mise Bocht Fein' unfeignedly wishes a lions share of the good wishes and blessings of the Noctilide to the 'Observer' at home and abroad. Good luck to every mother's son and daughter of us!!

SOUND FEET; GROWING SHEEP.

Foot-rot and kindred foot troubles are always troublesome, and wet land adds to the difficulties. Preventive measures should start as soon as possible, more especially, however, with the in-lamb ewes before they get too heavy to handle without risk of doing them an injury. A lame and crippled ewe is handicapped in looking after her lamb when it arrives, to say nothing of the risk of a mately-footed ewe infecting her lamb. Continued soaking in mud and water macerates and rots the horn of the foot, thus allowing the easy entrance of particles of grit and dirt into it. It also stimulates the growth of the horn, paralyzes the walls of the hoof which then have a tendency to curl inwards towards the sole and bruise the sensitive tissues beneath the horny sole. This combination of grit penetrating the hoof and the overgrowth of the horn, which does not take place when sheep are running on hard ground, results in more or less serious lameness.

DIFFERS FROM FOOT-ROT

Complications by pus formations or suppuration beneath the horn of the hoof often follow. This condition, which may be termed "foot-sore" to distinguish it from foot-rot proper, which is a specific contagious disease occurring with equal frequency during wet and dry seasons, and on hard and wet ground.

It is as well, however, to point out that should the contagion of foot-rot be present in any given pasture, or be imported by fresh comers to the flock, the conditions above described are extremely favourable to an extensive outbreak of the more serious trouble. It would be advisable, therefore, to examine all feet carefully, and not wait until lame animals show that something is wrong. Carefully pare and trim the feet back into their proper shape, and length of claw, with knife and rasp. After this the sheep may be walked through a foot-bath containing a five per cent. solution of copper sulphate, once weekly, as a preventive of further trouble. The old expedient of driving the sheep through a gateway thickly strewn with lime may be reverted to as the next best thing.

Severe cases of foot-sore should be treated as for foot-rot, which as I have said, is contagious. Foot-rot proper commences in the soft structures of the foot, and any diseased condition of the horn which may occur is a secondary matter. Lameness is the first symptom usually observed.

Examination reveals a small, moist and unhealthy looking sore, which will be found beneath the claws. Later on, if the side of the foot is probed, a slight, dirty discharge will be seen coming from the edge of the horn round the ulcerated spot, which may, in bad cases, cover the whole of one claw.

The disease progresses from above downwards, whereas in foot-rot the suppurative process works from below upwards, having started within the horny box of the hoof.

In severe cases the whole foot becomes swollen, hot and tender, and abscesses form in the soft tissues and burst out round the coronet, leaving behind them angry-looking and discharging ulcers, in which proud flesh is liable to form and prevent healing.

Although the cases of foot-sore and foot-rot are quite distinct, the treatment is the same for both. In neither case should this be delayed. The foot should be carefully pared so that all detached and diseased horn is removed. The diseased tissues beneath must be fully exposed, and free drainage for the discharges obtained. Abscesses should be lanced, proud flesh removed with knife or scissors, and the sheep then put through the foot-bath containing a ten per cent. copper sulphate solution at frequent intervals.

ANTISEPTIC PROTECTION NEEDED.

In severe or neglected cases, which necessitate extensive cutting away of the horn, the foot should be protected with tow soaked in an antiseptic, such as eusol. This should be nipped in the bud from the very start. Since it may not be so easy to distinguish between the contagious and the noncontagious forms at the beginning of an outbreak, affected and non-affected subjects should be kept quite separate from one another. V.E.T.

MANURE FOR FARM.

The farm steward reported that the usual seasonal manure was being carried on. They would require manure for the land. The Chairman said the manure was necessary.

Fr. Duane—Yes, but not old stuff, jam jars, old motor tyres and other stuff of the kind (laughter). The Chairman said there was great difficulty in procuring artificial manures at present. They should get some kind of manure. The management was instructed to take the necessary steps in the matter.

JUST COMMONSENSE.

YOU need not be an Expert to realise that a Genuine Overhaul cannot be done on your Car for a few shillings. As a Motorist you would not expect a super performance from a badly worn Engine, or trust your life to a ruin salvaged from a junk yard. Yet there ARE Motorists who toy with the idea of saving a pound or two on their Overhaul, the one item concerning which parsimony is unwise to the point of foolishness.

Have your Car Overhauled in one of the best-equipped Garages in the South. Over 200 Engines Re-bored in two years, and still going strong.

EAST CORK JOTTINGS

To every reader of this column and to
 our friends everywhere I wish a very
 happy Christmas and a bright and gay
 new year. The old year, now rapidly pass-
 ing away, has been a memorable and ex-
 citing one and practically the whole world
 but particularly Europe is seething with
 trouble and unrest. At the conclusion of
 the war, whenever that may be, states once
 flourishing, will have disappeared and one
 wonders what the maps will then be like.
 Let us hope and pray that whatever our
 privations and our difficulties may be,
 our poor country may be spared the horrors
 and the ravages of war and that when
 Christmas next comes round the world
 may be more peaceful than it is to-day.

HOLIDAY ATTRACTIONS.
 There are not very many locally. The
 Breda Hunt will meet on St. Stephen's
 Day. Probably either at Inch or Mount
 Uniake. Very likely there will be a joint
 meeting of the Breda and Colcap packs,
 for they usually hunt together on that day
 and always show good sport. Then the
 United Hunt Club will meet at Clonmilt,
 and, as has been the case for so many
 years, this meet will attract hundreds of
 sportsmen and hunting enthusiasts. Clon-
 milt has always been the rendezvous for
 the United on the 28th December and most
 of the local young men and not a few of the
 local young ladies never fail to turn out on
 horseback on the occasion. There is never
 much hunting done for with the crowds on
 foot and on bicycles as well as on horse-
 back that is impossible, but it is always en-
 joyable for the people are imbued with the
 holiday spirit and are always in a rollicking
 mood. The Killageh benches
 will also meet that day and they are a right
 merry little pack of hard working and
 well trained dogs, and as they are most
 capably cared for and hunted they always
 give satisfaction.

THE CARD DRIVE.
 It is very pleasing to be able to record
 that the success of the Parochial '45' drive
 is definitely assured and though the finals
 are to take place on January 7th, at Kil-
 leageh a new set of cards may have to be
 prepared to supplement the now rapidly
 dwindling stock in hands. It was thought
 at the start that the number of cards or-
 dered from the printer would be more than
 ample for the requirements of those wish-
 ing to take part in the tournament, but no-
 tably then could have foreseen the extra-
 ordinary enthusiasm with which the pro-
 ject was taken up by the people generally.
 In conjunction with the playing off of the
 finals a stop-watch competition will take
 place and the sale of tickets for this is also
 proceeding apace. It may be as well to point
 out that on the night when the finals are
 being played no new cards can be bought
 or played for. So that if there are any
 others who may wish to take part and have
 not yet secured their tickets they should
 get them immediately.

G.A.A.
 The East Cork Convention will be held
 in the Town Hall, Midleton, on January
 7th, 1940, and will, no doubt, be as repre-
 sentative as ever. Nominations and
 motions should be forwarded to Mr. Eamon
 Fleming, hon. sec., as early as possible so
 as to facilitate him in compiling the
 agenda. Clubs should get into harness as
 quickly as possible, for the championships
 will open early in the new year.

IRISHMAN DIES AT BOSTON, U.S.A.
 We regret to announce the death of Mr.
 John Hartnett of Rath, Inch, which took
 place recently in Boston, U.S.A., to the
 great grief of his wife and family and many
 friends. Mr. Hartnett went to America
 shortly after his marriage more than
 twenty five years ago, and though he had
 planned to come home on more than one
 occasion since then something always
 made him change his plans. He was one
 of those who started the Inch Fife and
 Drum Band more than thirty years ago,
 and was also a valued member of the Inch
 Dramatic Society, in one of whose plays
 "The Shaughraun," he used play the part
 of Corry Kinnella. We regret his passing
 at such a comparatively young age, and we
 extend our sympathy to his relatives and
 friends. May he rest in peace.

**NATIVE OF MOUNT UNIAKE PASSES
 IN AMERICA.**
 American exchanges to hand contain
 the sad intelligence of the death of Mr.
 David Butler, formerly of Mount Uniake,
 Killeageh, deceased, who was a com-
 mitive young man went to the states
 many years ago and did very well there.
 He spent a brief holiday in his native land
 some time ago and hoped to come home
 again. That hope, alas, cannot now be
 fulfilled. He was always very popular
 with those who knew him and his death is
 much regretted. To his relatives in
 Mount Uniake we offer our sincere
 sympathy.

LATE MR. MICHAEL MURRAY.
 The late Mr. Michael Murray, whose
 death took place recently in America, was
 a brother of Mr. John Murray and was a
 native of Mount Uniake, and was a
 brother of Mr. John Murray, of Corbally,
 to whom, and to whose family, we extend
 our respectful sympathy in the bereave-
 ment they have sustained. Death is
 always welcome, but is particularly so
 at this season. It is well, however, for
 those who are left to mourn, to feel that

LETTER FROM CANON DINNEN.
 The following letter was read—St.
 Mary's Presbytery, Youghal—Dear Mr.
 Walsh—Please convey to the members of
 the Urban Council my very sincere thanks
 for their kind resolution of appreciation
 with reference to the prizes for unem-
 ployed allotment holders. I sympathise
 very deeply with the unemployed under
 present conditions, and I consider it not
 merely a pleasure and privilege but also a
 duty to do something personally to encour-
 age and help men especially when I find
 that they are anxious to help themselves.
 I am very glad to learn that the number
 of applications is so satisfactory, and in
 view of the fine response to the Council's
 appeal, I am prepared, as an incentive to
 keener competition to give an extra prize
 of £2 to the best among the prize winning
 plots.

Thanking you for your personal expres-
 sion of appreciation—Yours Sincerely, D.
 Dinnen, P.P.

The Council expressed their sincere
 gratitude for the Canon's additional ad-
 mirable gesture.

TEMPORARY TOWN SURVEYOR.
 There was one application for the posi-
 tion of temporary Town Surveyor, Mr. G.
 St. Wayne, Cork Street, Cork.

On the proposition of Mr. Power, ac-
 cording to Mr. Whelan, Mr. Wayne was
 unanimously appointed, subject to sanc-
 tion.

Mr. Wayne appeared before the Council
 and thanked them for his appointment.

MILK AND MEAT.
 The Co. M.O.I. submitted the Veteri-
 nary Inspector's report on the inspection
 of meat for the month which was very
 good.

The report of the inspection of milk for
 the month—all the samples taken were de-
 clared satisfactory.

APOLOGY.
 A letter was read from one of the young
 men involved in the row at a recent dance,
 apologising for his part in it.

Replying to a query the Clerk said no
 word had been received from the other.

DANCES.
 Applications for the Town Hall for
 dances were received on December 22nd
 (2), 29th, 1st January, 3rd January, 7th
 January and 22nd January.

Mr. Smyth said they would have to em-
 ploy a special book-keeper to look after
 the dance business (laughter).

The Chairman said they should give pre-
 ference to applications from responsible
 committees who would keep proper con-
 trol.

A letter was read from Mr. J. R. Thomas
 thanking the Council for their kind resolu-
 tion of sympathy on the death of his
 brother.

ARMED ROBBERY.
 A letter was read from Mr. P. J. Little,
 T.D., regarding the bus service Ardmore-
 Youghal, when the Secretary of the De-
 partment of Industry and Commerce in-
 timated was already in operation.

A letter was read from the Station Master
 Youghal, regarding the want of lighting at
 the beet loading bank. He hoped there
 would be no ground for complaint next
 season.

Mr. Power said, in connection with the
 matter, he had been reported as saying
 that the light was required in the morning.
 What he said was that it was required at
 night.

LAST RELIEF SUMMER.
 A letter was read from the Department

regarding the sum of £130 extra expended
 on the last Relief Scheme. The Depart-
 ment would consider the question of sanc-
 tion to the raising of the loan for the
 amount.

PAYMENT OF MEN.
 The Local Government Department
 wrote stating that arrangements should be
 made for payment of men employed in the
 Relief Scheme, before Christmas.

The Clerk—We always do that.
 The Chairman—If the Department had
 sanctioned the scheme in proper time we
 would have a much larger number of the
 unemployed at work.

Replying to a query the Clerk said they
 had 75 men at work at present, and they
 would have thirty additional on next week.
 They had 920 tons of stores on hands.

A WEIGHING SCALE.
 Arising out of a discussion on the weigh-
 ing or measuring of stores for the Relief
 Scheme, Mr. Power suggested that they
 should consider the question of putting up
 several weighing scales. It would be a
 public advantage for weighing animals,
 etc.

Mr. McCarthy suggested that it might
 interfere with private enterprise.
 Mr. Power said that they represented
 the ratepayers and should look after their
 interests.

It was decided to procure estimates for
 a new weighing scale.

RENT ARREARS.
 The Clerk submitted a list of rent arrears
 due on the Council's houses, ranging from
 1 week up to 27. The amount had been
 reduced somewhat but there were still
 several bad cases.

It was decided to serve notice to quit on
 those.

Mr. Power said there was a great im-
 provement on the previous lists of arrears.

XMAS WORK.
 A long discussion took place on the
 question of providing work for unemployed
 coming on Christmas.

Mr. Whelan called attention to the hard
 cases of men in receipt of small pensions,
 who were excluded from the benefit of the
 Relief Schemes.

Mr. Lynch strongly endorsed Mr.
 Whelan's remarks.

The Chairman suggested that they might
 get some work as in former years.

The Clerk said he regretted to object
 but the people were unable to bear any
 further burden. The Council had to put
 up several big sums in connection with
 the various relief Grants.

Mr. Power said that those grants should
 not have to be subsidised by the
 local authorities.

The Chairman said he feared that future
 grants should have to be refused
 as the local authorities were not in a posi-
 tion to subsidise them.

Mr. Daly thought the Council should
 make an effort to put up a small amount
 to provide work for those not employed
 on the Relief Schemes.

The Clerk—I want to be honest with you.
 I tell you the Council can't afford it.

The Chairman—The Collector can tell
 you the great difficulty he has in getting in
 the rates.

Replying to Mr. Lynch the Clerk said
 there were 143 names on the list received
 from the Labour Exchange.

Mr. Power said that many of the men
 excluded from the benefit schemes had
 wives and families, some of them very
 large. Give them the same employment
 as last year.

The Clerk—You can't afford it in the
 present state of things.
 Mr. Power said it was worse than narrow-
 minded in the part of the Government to
 exclude men in receipt of small pensions.
 These men had earned them by going out
 to light, while the Government were giving
 6/- a week to men who had done and
 were doing nothing.

"THE BLACK-OUT."
 Mr. Lynch complained of the want of
 some lighting at a dangerous point at the
 head of Windmill Lane. A lady trying to
 avoid a motor had fallen and sustained
 serious injuries.

A letter was received from the lady re-
 ferred to asking the Council to pay the ex-
 penses of X-ray examination, etc.
 The letter was referred to the Council's
 solicitors, Messrs. Hodnett.

FUTILE MISCHIEF.
 The Clerk said a very fine lamp in the
 strand was deliberately smashed recently.
 The Council had put up four new lamps
 on a Monday and on the following Wednes-
 day they were all deliberately smashed.
 Mr. Power—This shows a grand
 spirit.

GOLF NEWS.

The Xmas Turkey Competition played under the auspices of the Dungarvan Golf Club, at the Ballinacree Links evoked keen competition among the members, over 50 members competing. In the Ladies' section the birds were won by Miss Maura Murphy, Main St., while in the Gentlemen's section, Superintendent M. Walsh secured the prize.

WRONG DATE.

In the report of the meeting of the Urban Council which appeared in our last issue dealing with the deputation which attended on behalf of the Dungarvan G.A.A. ded on behalf of Mr. T. A. Kyne was the spokesman, the following paragraph appeared: of the debt, £2 13s. 6d. was owed for the Hall on last St. Patrick's night; that paragraph should have read: Of the debt £2 13s. 6d. was owed for the Hall for St. Patrick's night 1938.

WEDDING BELLS.

The marriage was solemnized with Nuptial Mass on the 16th inst. at St. Mary's Parish Church, Dungarvan by Very Rev. Canon O'Brien, P.P. of Charles H. O'Donoghue, B.S.K., H.D.E. son of the late Wm. and Mrs. O'Donoghue of Railway City and Gertrude G. Browne, daughter of the late Ex-Bead-Constable Browne and Mrs. Browne, Convent Road, Dungarvan.

The bride and bridegroom were attended respectively by Mrs. E. McLennan, sister of the bride and Miss Maeve Curran, and Mr. Patrick Moade and Mr. Patrick J. Morrissey. The bridegroom is attached to the lay staff of the Christian Brothers' Secondary School, Dungarvan. A reception was held at the bride's home, after the ceremony.

FARMERS' DANCE.

A meeting under the auspices of the Farmers' Dance Committee was held in Egan's Hotel on Saturday night last.

Mr. E. Maher, Manager, Dungarvan Co-operative Creameries Ltd., was moved to the chair. There was a large attendance. It was unanimously decided to hold an all-night dance on Wednesday, 24th Decr., with an admission fee of 5s. 6d. to be payable in advance. The meeting discussed in length ways and means of improving ice conditions in the Hall, it being finally decided to leave the matter to the following committee to visit the Hall and report to a later meeting—Messrs. E. Maher, Mr. J. F. Bowen, Manager, Provincial Bank, C. Dempsey, J. Broderick, J. Lynch (Jnr.), with J. P. Cashman and T. D. Smyth, Hon. Secs.

GARLIC LEAGUE CEILIDHE.

Everybody who can possibly could should be present on Friday night (tonight), December 22nd, at the Gaelic League Ceilidhe at the Town Hall, at 8 p.m. The increasing success of these ceilidhes is a tribute to the great fare provided by the Gaelic League, Clonagh, and to the jolly, carefree atmosphere which prevails at the Ceilidhe. A few hours at Friday night's ceilidhe is guaranteed to banish depression, the blues, the flu, or an inferiority complex, so that everybody is cordially invited to this truly Irish Xmas-tide fixture. The Villiers-Ceillidhe Band will be present as usual, and give of their best at their very best. The price of admission is only one shilling.

C.Y.M.S. XMAS HAMPER.

An overflowed crowd attended at the C.Y.M.S. Rooms, Mary St., Dungarvan, on Sunday night last to take part in the Hamper Forty-Five Drive. So great was the crowd that the committee were compelled to run a further drive, this also being filled and played off in record time. The Xmas Hamper (containing 2 hams and 2 turkeys, was won by Messrs. Rd. Kiely, Mitchel St. and Thos. McCarthy, Ballygullane, the runners-up who received 10s. each being Messrs. Jas. Dunne, E. Lenthall, Jim Curran and Ned Carthy. The winners of the second drive for a prize of £6—(30s. each to winners and 15s. each to runners-up) were Mrs. E. Power, Main St. and Mr. W. Moloney, N.T. Runners-up—Jas. Curran, Harbour Master, J. Harrington, Rd. Kiely and Thos. McCarthy.

DANCING ON ST. STEPHEN'S NIGHT AT CLONEA.

As will be seen from our advertising columns the Dungarvan Foot Beagle Club are holding their Annual Dance at Clonea on St. Stephen's night. The Music will be supplied by Mick O'Shea and his Harmony Band, Waterford, who will have all the latest Dance Music. This band is well-known at social functions all over East Waterford. The committee have arranged all details and as the Club's dances have been so popular in the past, the dance on St. Stephen's night promises to add another successful dance to the list. Hackney cars will run from the Square to Clonea on that night at reasonable charges. Catering will be the capable hands of Mrs. Monahan, adjoining will be from 10 to 3 a.m. and admission 2s. 6d. This is the only dance in the vicinity on that night.

FATAL ACCIDENT TO CARRICK GUARD.

Mr. Patrick McManus, Barrack St., Waterford was a Carrick-on-Suir Court on Monday last (before Mr. F. J. McCabe, D.J.), charged with the manslaughter of Gerald John Harrington, Carrick, at Deerpark on November 2nd. He was also charged with driving a Calor Gas van in a dangerous manner.

Mr. Egan O'Connor, State Solicitor for County Tipperary, prosecuted.

Mr. P. O'Connor, solicitor, Waterford, appeared for Mr. McManus.

The Justice said he would hear evidence in the summary jurisdiction case of dangerous driving. Having heard the case he would decide whether there was justification for the charge of manslaughter.

Should he find on the evidence that there was a prima facie case for a charge of manslaughter he would take depositions on the charge.

Mr. O'Connor, State Solicitor and Mr. P. O'Connor for defendant, agreed to this course.

The charge of dangerous driving was then proceeded with.

After a lengthy hearing the case was adjourned to next court for the attendance of E. Moore, Waterford.

The indictment case of manslaughter was also adjourned to next court, defendant to be on continuous bail.

The Justice said he would like Mr. O'Connor, State Solicitor, to represent to the Attorney General that the view was that there was not evidence to support a charge of manslaughter.

Mr. O'Connor will do that.

Justice—The other witnesses need not appear will be called on Friday, 1st attend at the next court. The witness Moore will be the only witness we shall require.

FOOT BEAGLES.

The Dungarvan Foot Beagles meet on Sunday next at Pullah Cross, at 12.30 p.m. The members by travelling on Dungarvan Ardmore Bus at 12.15 will arrive in time. Beagle Dance at Clonea on St. Stephen's night.

On Sunday last the Dungarvan Foot Beagles met at Pullah Cross and tried the mountain lands adjoining. The day was very fine with a good north-easterly breeze. A hare was found in the mountain at Pullah and he was directly south to Garranage Boggs. Several other hounds were found in sight to the shelter of a high cover; and after hunting towards Aemairigh, the hare crossed the road and went straight on to the mountain, right across towards Glenmore. Hounds gave splendid chase and he turned towards Ballygaurry and circled back again to the mountain and bog. Here the hounds got separated and number of them still hunted through the bog although parts were waterlogged. On hunting in the higher lands a hare was found and the hounds were called off as the light was falling and ended a great day's hunting. Those out were—Messrs. T. Kiely, E. Fontanari, J. Murphy, Whip; E. Keyes, M. Brennan, J. Moynihan, J. Donovan, M. Brennan, W. Quinn, Jack Bunn, E. Kistly, J. Donovan, Hon. Sec.

DUNGARVAN URBAN COUNCIL

WATER AND SEWERAGE SCHEMES.

MANY MATTERS DEBATED.

At the weekly meeting of the Dungarvan Urban Council on Friday, December 15th, there were present Messrs. M. Morrissey, T.D., Chairman; T. McCarthy, Vice-Chairman; J. J. Crotty, D. Foley, J. Dahill, J. Mansfield, P. Dwyer, J. Butler, M. Clancy.

CROSSFIRE OF COUNCILLORS.

When the minutes had been read, Mr. Dahill said that evidently more had been done at the last meeting than had been done at the meeting on the 1st.

Mr. McCarthy said that at the last meeting of the Council, a deputation from the local G.A.A. Club requested that the Council accept a lump sum as settlement of a debt owed by them.

Mr. Dahill said he would be willing to do so, but Mr. McCarthy dissented, and later left the meeting without a quorum.

Mr. Dahill said he would be willing to do so, but Mr. McCarthy dissented, and later left the meeting without a quorum.

Mr. Dahill—It was the unanimous wish of the Council.

The Chairman said that any repairs which were urgent should be carried out.

Mr. Clancy said they agreed three weeks ago that only urgent repairs be carried out but they hadn't been carried out.

Referred to the Borough Surveyor.

APPLICATIONS FOR HALL. J. Donovan, Hon. Sec., on behalf of the Dungarvan Footbeagle Club applied for the use of the Hall from 8 to 11 on Sunday night, January 23rd, next, for the purpose of holding a concert and variety entertainment.

Mr. McCarthy said it seemed to be no harm to hold a dance on Sundays in the Hall, so what harm was there in holding a concert? They should support plays and concerts. Let them be consistent or stop giving the hall altogether.

Mr. Clancy said it would be as well to grant the Hall, subject to the consent of the clergy.

Mr. Foley said he thought the application should be granted.

Mr. McCarthy said he had no objection to dances, but let them have concerts as well.

The application was granted subject to the approval of the Parish Priest.

THE APPLICATION OF THE DICKENS LEATHER CO. Social Club for the use of the Town Hall, on Sunday, January 21st, from 2 p.m. to 8 o'clock p.m. for the purpose of holding a "45" drive was granted.

Mr. McCarthy—It's laughable. The application of Richard Johnson, on behalf of the Gaelic League Cumann for the use of the Town Hall for a cillidhe on Friday night, December 22nd, '39, was granted.

Thomas Power, Mitchell Street, for the Dungarvan Accordion Band, applied for the use of the Hall on Sunday 17th inst., 8 to 11 p.m. for the holding of the usual practice dance.

It was granted subject to payment of the Band's outstanding account.

TOWN HALL AS CINEMA? Mrs. M. A. Bally, Town Hall, Cinema, Ballyglass, Co. Wicklow, wrote asking if the Town Hall would be available for the purpose of running it as a permanent cinema. If it were available she wished to know the seating capacity, if fitted with seats at present, amount of rent required, etc.

Mr. Crotty—A permanent Cinema? Mr. McCarthy—That would do away with plays, concerts and all.

COUNCIL'S YARD. A letter from the Dickens Leather Co., Dungarvan, asked if the Council would be willing to dispose of the yard at the end of Quay Street, and if so, at what price.

Consideration of this matter was deferred.

The same Company also wrote stating they had recently acquired the yard at Cody's Quay, formerly the property of the County Council.

In view of the processes which they intended to carry on, it would be necessary to connect up with the steam system at the factory proper; and for this reason they proposed to link up the supply as shown on an enclosed rough sketch.

They proposed they were in order in proceeding with this work and they would be glad to receive the Council's acquiescence in the matter as soon as possible.

Mr. Crotty—It's a good sign of the company to see them extending.

The application was granted subject to the approval of the Borough Surveyor.

HOUSING. A letter from the office of the Inspector of Taxes requested the following details:

(1)—Whether the Dungarvan Housing Scheme has yet been completed.

(2) If it has been completed, state the amount of fees paid to above named (Messrs. Doyle and Ormond) since April 6th, 1939.

(3) If it has not been completed, could the probable date of completion be stated.

(4) It is understood that the amount of fees payable to Messrs. Doyle and Ormond was fixed at the commencement of the scheme. Could the Council therefore give details of the balance of fees now remaining unpaid?

The letter was noted.

Mr. Mansfield asked if there was any letter from the Clerk of Works about the Housing Scheme.

The Clerk said there was not. There were a number of particulars required by the Department and he could not send these as he had not received any from the architects.

(To the Chairman)—The Clerk of Works was the Council's officer until they served a notice on him. He had written to the architects about this matter, and they had replied that there were still some minor details requiring attention. This was about three weeks ago.

Chairman—Is it necessary to keep a clerk of Works for minor details?

Mr. Dahill said that there had been a discussion on this matter a few weeks before.

The Chairman said it seemed extraordinary, nobody was working on the houses.

HALL LET FOR BOXING DAY. The use of the Town Hall was granted to Mr. Annew McMaster, for Boxing day, and the four following days.

WATER CHARGE ON GARDA STATION. The Chief Superintendent, Garda Stiochann, Barrack Street, Waterford, was stating that he had been directed by the Accountant, Department of Justice (Garda Stiochann Section) to make formal application to the Council with a view to having the annual water charge in respect of Dungarvan Garda Station reduced.

The charge on these premises is at present £7 10s. 0d. per annum flat rate. He understood that the water rates at Dungarvan on buildings other than public buildings is computed according to valuation. Calculating the water rate on the Garda Station on this basis, the annual amount

SEED WHEAT. We are finding it exceedingly difficult to procure English Seed Wheat this season. We have secured a small parcel of GOOD WHEAT, and would ask you to send in your Orders as early as possible, as it may be impossible to procure later on. We are also booking for Scotch Imported Oats for next Spring. HARPUR BROS. SEEDSMEN WATERFORD.

payable for the year ending March 31st, 1940, would be £1 0d.

The number of Garda attached to Dungarvan Station is fifteen all of whom are indirectly paying water rates through their respective landlords who take into account the water charges when letting their houses. He would like to point out too that all members of the Force at Dungarvan are married and do not reside on the Station premises. Water is, therefore, only used for sanitary purposes.

In the circumstances he would deem it a favour if the Clerk would place the matter before the Council with a view to effecting a reduction in the present rate. All considered, it was felt that this charge was excessive, having regard to the extent to which water was used.

Mr. Dahill—Wait until we strike a new rate.

Mr. Crotty—Wait until the new valuation comes in, and see what they put it up to.

INFLUENZA. A long circular letter from the Department stating the necessity for taking immediate steps for dealing with any outbreak of influenza in the district, stating the necessary precautions in dealing with an epidemic, and asking that any exceptional prevalence in the district should be promptly notified to the Department.

WATERWORKS. Regarding the waterworks the following letter from the Department was read—I am directed by the Minister for Local Government and Public Health to acknowledge receipt of your letter of the 21st inst. in regard to the Waterworks and Sewerage Schemes and I am to confirm the statement conveyed to the Chairman of the Urban District Council on the same date that it would be necessary to defer consideration of the Council's request that a deputation be received until the Council are in a position to furnish more specified information on the matters to which reference is made in your letter.

This letter and your previous communication of the 7th ultimo constitute the first intimations received from the Council as to their direct views on these schemes. Previous correspondence related mainly to reports from the Consulting Engineers and none of these reports dealt directly with the two statements now made, viz. that the supply of water to the town has not been improved by the installation of the new waterworks system and that the Urban District Council are not satisfied that the Sewerage Scheme is a success.

It is understood that the new water supply is being made available to the town by means of a temporary intake. There should therefore be an adequate supply of water in the town if the distribution system is functioning properly. If the Council are satisfied as regards the distribution system, they should obtain a report from the Consulting Engineers on the causes of the alleged shortage and lack of pressure in the supply.

As regards the references in your letter to faulty work and matters in dispute between the Consulting Engineers and the Contractor, the views expressed by the Consulting Engineers in the Correspondence forwarded with your

letter of the 21st ultimo, should be amplified, for the information of the Council and this Department, by a much more detailed review of the facts and circumstances which in their opinion have given rise to the present unsatisfactory position as regards the dam. Are they yet in a position to state with reasonable certainty the cause of the initial subsidence.

When reviewing the whole matter for the Council the Engineers should give their precise reasons for holding that the Contractors are responsible in the manner set out in the penultimate paragraph of their letter of the 9th ultimo and they should also furnish detailed replies to the following queries—

(1)—What are the grounds on which they suggest in their report of the 25th October last that the major leakage has probably ceased?

(2)—When was the cracking of the tunnel first observed?

(3)—Was the tunnel constructed on rock or on earth, or partly on each?

(4)—What was the extent of the backfill, if any, under the tunnel.

(5)—What are the reasons for suggesting that material was leached away from under the tunnel?

(6)—Are the Engineers satisfied that the reinforced concrete cut-off wall did not fail or become in any way displaced when subjected to the full hydrostatic pressure of the reservoir?

(7)—What methods are proposed by the Consulting Engineers for the pressure grouting of the tunnel and what would be the extent of the work.

(8) Is it intended to solidify the filling under the tunnel by cementation and thereby to make good any voids which have resulted from leakage or settlement?

As regards the sewerage scheme, I am to point out that the Council have supplied no details of the respects in which they consider the scheme to be unsatisfactory, and that no communication whatever has been received from you in regard to this scheme from the 30th March last, when you submitted statements of expenditure, up to the 22nd ultimo when you forwarded a copy of a report from the Consulting Engineers regarding flooding at the Marsh.

The Department engineer had reported that in 1939, five visits in all. Why didn't they tell the Council what he reported to the Department? It was misleading anyhow.

The Chairman said they had one report from the Engineer as far as he remembered.

Mr. Mansfield—We had a report that he was there, that was all.

Mr. Clancy—The only way the Department could help is by sending down an expert.

Mr. Butler—But he is coming.

Mr. Clancy—Yes, but he is asking for specific details.

Chairman—They're saying they got no direct complaints from us.

Mr. Foley—We couldn't have any opinion last March.

Chairman—That's one point that meets it. When all is done we find the Water Scheme is not a success.

The second paragraph was then read.

Mr. Butler—That, in my opinion, is the most important paragraph. If we can't fix the distribution the scheme is a failure anyway.

The B.S. said he had put down the alternatives, made a test, and submitted it to the Department engineer. It showed that there was no leak in the main.

Mr. Butler—The Engineers expressed that view.

Mr. Dahill—When the scheme started we were told that they could put the water at Deelish up to the moon. Well, I'm living in a fairly low part of the town, and I get nothing like normal pressure.

Mr. Mansfield—We could express the opinion that we consider the 6-inch main inadequate.

Chairman—They said it was.

Mr. Dahill—Messrs. Delap and Waller said they had another idea in their heads, which would cost £500. It would cost £700 now I suppose.

Mr. Clancy—Are the Department Engineers and our Engineers to be apart all the time?

Mr. Crotty—I asked our consulting engineers, if they and the Department engineers agreed on all points, and they said they did.

Mr. Butler said that if the distribution system was all right, the scheme was a failure.

Mr. Dahill said that if they gave quarter the attention to Kildangan it would be better. There was as much water going waste at Kildangan, as would supply the city of Dublin.

Chairman—Mr. McGrath is quite satisfied with the distribution system.

Mr. Crotty—Don't think, in any part of the town, that you have any extra pressure, more than before.

Mr. Clancy said that in Mitchell Terrace there was a great pressure of water sometimes. Of course, it might be due to the water being cut off elsewhere.

Mr. Butler—Is it true that you sometimes have no water in Mitchell Terrace.

B.S.—Sometimes.

Mr. Dwyer said that on the higher levels there was no water.

On the Chairman's suggestion the matter was deferred pending detailed reply from Engineers regarding various queries in Department's letter.

SEWERAGE SCHEME. The following letter from Messrs. De-

lap and Waller, regarding the Sewerage Scheme was read:—

"We have to date been unable to get a reply from the Contractor, since last writing to you on the subject, and therefore have not been able to come to agreement over certain outstanding items. We presume that this delay, which has been primarily caused by the Contractor by delay in rendering his account and in dealing with items under discussion, is not causing inconvenience to your Council. Should it be causing any inconvenience, please let us know at once, and we will take steps to issue certificates for the amounts which we consider reasonable.

We would prefer to come to agreement with the Contractor before issuing certificates, which is the usual course for substantial completion and final certificates. Where agreement cannot be reached, the matter has to go to arbitration which is not desirable for either party. We have, therefore, to issue these certificates before we reach agreement with Messrs. McCaffrey, the latter might call for arbitration, and this we wish to obviate if possible.

Perhaps you would let us know what is the latest date by which certificates should be in so that they would be ready for the Department, and be dealt with before the end of your financial year.

The following letter, from Messrs. Delap and Waller, was also read:—

"With regard to the Water Scheme: As you are aware, correspondence has been going on with the Contractor, in which Messrs. Fitzpatrick appear to be lending to refute their responsibility with regard to the completion of the work, the dam, though they have not definitely asked for arbitration as yet. We have informed them of our opinion that they are responsible under the contract, and have urged them to submit their proposals for completion of the work at earliest.

Owing to the extremely bad weather over the last couple of months, conditions were not suitable for the work to be carried out, but as we have pointed out to the contractor, the methods to be employed and all arrangements should be agreed to and made ready, so that when a finer spell of the weather sets in the work could be started without further delay.

With regard to the Sewerage Scheme, your Council asked us to make a report in connection with the flooding of the Marsh, and as we have already informed you, before we can draw up such a report a survey will have to be carried out, and a considerable amount of levelling done, to contour part of the Marsh, and this work cannot be carried out under the wet conditions which have prevailed to date.

Following a long discussion, the B.S. said that flushing the tank would not abate the flooding of the Marsh.

Mr. Clancy said the lock-up period was too long and was a cause of the whole trouble. Since the tank was put there they had abnormal flooding. They were told that this was due to abnormal rain, which was ridiculous.

Mr. O'Dwyer said he had seen the Marsh flooded before the new scheme, but nothing like it was at present.

Mr. Crotty said he remembered seeing greyhound coursing on the Marsh.

The Chairman said he thought the sewer scheme should remain over for further consideration.

Mr. Clancy—Will that survey cost more money?

Mr. Mansfield—Naturally.

Mr. Dahill said that if they drove the back-water further they would have people coming there every night looking for compensation.

Mr. Mansfield suggested either deepening or widening the canal. It would be just another experiment?

The matter was taken deferred.

XMAS EMPLOYMENT. Mr. T. McCarthy, proposed, and Mr. Patrick O'Dwyer seconded, that an extra 12 men be employed one week before Xmas, and one week after.

Mr. Dwyer said it was done every year. He hoped they would be men who needed the job.

Mr. Dahill—I'd like to see what work we have for them.

B.S.—Can't see.

Mr. Foley—There was talk of putting a branch to the bridge. It would be a good idea.

Mr. Dahill—It's not the Council's. Mr. McCarthy said that there were a lot idle.

The B.S. said he would not suggest anything except the levelling off of the dump at the Shannon Dairy.

It was suggested that the sewer opposite the Customs House be extended, and the Chairman suggested employing the 12 men on the main. It was then the work on the sewer at the forshore.

ALLOTMENTS. The Clerk said that there were 96 applications for allotments in Dungarvan and 13 in Abbeyside.

Mr. Mansfield—Do they all claim unemployment?

Clerk—Practically all. We will need 14 acres in Abbeyside.

Mr. Dwyer said that many of the applicants were only casually employed and later on might be signing on for unemployment.

Mr. Dahill suggested that they get land in 1, 2 or 3 lots. They could advertise for that night three weeks.

It was decided to advertise in this way.

SIMPATRY. A vote of sympathy, proposed by Mr. J. J. Crotty, and seconded by Mr. D. Foley, was passed to the relatives of the late Patrick Power, Hermitage, Abbeyside.

COUNTY SETTLEMENT

COMMENTS ON

At a meeting of the County Land Settlement Association, September 17th, at Dungarvan, present Messrs. Thomas Seaview, Chairman, James Kilminion, Secretary, Dungarvan, and a representative of the branch areas through county.

The Secretary read the report received since the previous meeting. Messrs. P. Little, T.D., and M. T.D., acknowledging the report received from the Association, the matters mentioned in communications were receiving due attention.

Senator Quirk also wrote in looking into the matter by the Secretary or himself. Senator Sean Goulding, writing in his inability to attend. There had been an intention on Land Settlement in the County on 14th. It was generally going through the Land, and land would be acquired for the owing to the war situation should endeavour to overcome. As the Secretary was strong opposition to the of land, and this should not influence the Land Commission was available.

SENATORS' REMARKS. The following portion of the motion in the Senate: Senator Professor Johnson, in the City of Dublin, to the Mount St. Club, was SEAN O'DWYER, M.P., Senator Goulding—I have Johnson made reference to the Mount Street undertaking paying proposition, that it is an subscriptions and contributions that his hope is that the come to the aid of the Land, and way of grant or loan in and on its way. I think we should to make any organisation going self-supporting. If we talking on the State all the party to support organisation sort by subsidies, and that would be desirable. We endeavour, if we are to establish organisations, to see that the least self-supporting. The Secretary hope to finance or finance a number of these, if they happened to be in the country. Inevitably, I agree to the suggestion contained in motion, we would have suggestions seeking State aid. I am the idea at all but I think very careful to see that the landless men in various country, men who are well land and who are urgently are first attended to. Some of that we should first attend to the economic holders, they require an additional sum. We will try to take those points into account, I think, before we propose such as are now made, the position of economic holders was only objection raised that given in lots of four or five, only occasion where that was the case of cottiers to whom land was given in whole acre or half acre they held on some cases this scheme was given in lots of four or five, and in spite of every effort to cess of his allotment, it is not careful. In the case of a labourer, a large family, the family after the land, but in the this may not apply. I do not courage Senator Johnson, but make any decision on this should look at it from every say practically what every said. I think the matter well debated but I would like fact that co-operation in farm rather difficult thing to operation for the sale of goods manufacture of butter is a simple organisation because the co-operation in the operative factory is done by number of paid employees, comes to be co-operation in where you take a large area put a considerable number of on it in shares, you are more for trouble. Human nature is you will find one good and you will find another land worker. Inevitably, you arrive where the efficient workers say, "why should I work and efficiently when my own working with far less efficiency is getting the same.

Both artistes received unstinted applause.

ARDMORE G.A.A.
There was a large and enthusiastic attendance at the annual general meeting of the Ardmore G.A.A. Club. Rev. Fr. N. Walsh, C.C., presided and addressed those present.

The report of the Hon. Sec., Mr. P. Mocker, was as follows—A year ago a few of us conceived the idea of forming a H. and F. Club. It was a bold adventure, as we had neither organisation nor funds. However, our club met with a fair amount of success on the field and won the admiration of all for the fine sporting spirit displayed on and off the field. If there is one man more than another who deserves the gratitude of the Club it is Mr. Martin Hurley. It was he who bore the brunt of the initial expense and asked nothing in return but that playing members attend at practice. This they did consistently.

We also owe a debt of gratitude to Mr. Michael Power for the use of his field, free of charge, for practice.

Our thanks are also due to Mr. Jas. Rooney for placing his car at our disposal and for his personal attendance at Board meetings. We wish also to express our appreciation to Mr. Sean Downey for representing us at Board meetings at his own expense. For my own part my services are always at the disposal of the club—it is a pleasure to be of any service.

The following officers were unanimously elected for the ensuing year—President, Rev. Fr. N. Walsh, C.C., Ardmore; Chairman, Mr. Sean Downey, Ardmore; Hon. Treas., Mr. Martin Hurley, do.; Hon. Sec., Mr. Patrick Mocker, do.

THANKS.
The West Waterford Hunt and Mr. G. D. Collis desire to thank all who contributed to the success of the recent Whist Drive at Melrose, particularly those who came long distances to extend their patronage. Owing to a misunderstanding prizes secured for the last drive did not arrive in time and as there are now on hands it is intended to hold another drive in the popular hotel at an early date.

Despite the fact that prize money (with the exception of the Gentlemen's first prize, given by Capt. T. O. Jameson) and expenses had to be deducted from the takings at the last drive, a sum of £5 has been forwarded to the Hunt Committee by Mr. Collis.

It is hoped that the next drive will be equally successful and enjoyable.

LATE MRS. FOLEY, KINSALEBEG.

DUNGARVAN XMAS FAIR.

Held on Wednesday last, the Dungarvan December Fair was small in the quantity of stock on offer as compared with previous fairs. Late prices were well maintained and an early clearance was effected. Nice conditioned cattle were in keen demand, and the small supply of store pigs and bonhams on offer were quickly bought up at enhanced prices. Weanling calves fetched from £5 10s. to £2 15s.; 11-year-olds £7 10s. to £10 10s.; 24-year-olds £9 10s. to £13 10s.; 3-year-olds and upwards made up to £19 for best quality. Springing cows and in-calf heifers met a fair demand, best quality realising £20 to £25. Fat cows made from £7 to £12, especially choice animals making up to £15; sheep and lambs 45s. up to £3 each. Pigs and bonhams made from 35s. to £4 15s., according to age and weight. Sows with litters £14 to £20.

LATE MISS FRANCES COUGHLAN, ABBEVY, DUNGARVAN.

The death occurred on Tuesday last at her residence, ABBEVY, Dungarvan, of Miss Francis Coughlan, to the great grief of her relatives and a wide circle of friends. Deceased who had reached a ripe age passed to her eternal reward peacefully and resignedly, fully fortified by the rites of Holy Church of which she was during life such a staunch and exemplary member. She was sister of the late George Coughlan, Square and of Mrs. Cunningham, ABBEVY.

A large cortege followed the remains to the Parish Church, Dungarvan on Wednesday evening. On Thursday the interment took place in the adjoining cemetery after the celebration of Masses of Requiem for the happy repose of her soul.

Rev. Fr. W. Flynn, C.C., assisted by Very Rev. P. F. McGrath, P.P., Old Parish, officiated at the graveside.

TALENTED COMPANY IN DUNGARVAN.

The famous Anew McMaster with his full company are at present in Dungarvan, for 5 nights, commencing on St. Stephen's night, at 8.15 p.m. they will present plays which are themselves of world-wide renown and which will be further enhanced by the talented company which will fill the roles of their dramatic personae.

On St. Stephen's night Mr. McMaster will open with "Little Lord Fauntleroy," and his son, Master Christopher McMaster will be in the name part, following his phenomenal success in the London Palladium, the B.B.C., Television, etc. This young actor bids fair to attain the great heights reached by his father, and will capture the hearts of everybody as "Little Lord Fauntleroy." Anew McMaster himself will play the part of the Earl of Dorincourt, the boy's crusty grandfather, and these two together will ensure a packed house at the Town Hall on St. Stephen's night. This play will be followed by the murder scene from "Macbeth," and by a dance, to which all those attending the play are invited, and at which the members of the McMaster Company will be present. This is the only dance in the year given by the company. On Wednesday "Frank Vosper's" thriller "Love from a Stranger" will be staged, followed on Thursday by the great drama "Night Must Fall" will be presented, followed by "Romeo and Juliet" on Saturday night. This selection is certainly a wonderful one combining two of the most famous Shakespearean plays with three of the greatest and most popular plays of modern times. The prices for admission are 2/6, 2/-, 1/3, and 9d. and the performances will commence each evening at 8.15 p.m.

DANCE AT HALF-WAY HALL.
A cinderella dance will be held on St. Stephen's night at the Half-Way Hall, under the auspices of the Ballinmut Social Club. A great night's enjoyment is expected at this popular centre and the admission price is 6d. (including tax) is within the reach of all.
