## DICKENS LEATHER CO. LIMITED.

### Successful Year's Trading.

The Fourth Ordinary General Meeting of The Dickens Leather Company Ltd., was held on Monday, 20th May, 1940, at 12 o'clock (noon) at 4, Westmoreland Street, Dublin.

The directors present were—  
 Mr. Kennedy O'Brien (Chairman); Mr. Reginald Dickens (Managing Director); Mr. B. S. Woolnough; Mr. P. J. Moloney; Dr. Michael Casey.

The Secretary (Mr. J. Freeman) read the notice convening the meeting and the Auditors' Report.

The Statement of Accounts for the year ended the 31st December, 1939, and the Directors' Report thereon, were, with the consent of the meeting, taken as read.

#### CHAIRMAN'S SPEECH.

Gentlemen,—I propose to follow the usual procedure and with your permission will take the Accounts and Report, which have been in your hands for some days, as read.

At our meeting last year when we had before us the Accounts relating to the year 1938 I found it necessary to explain to you the reasons why the trading results for that year were not satisfactory, but I then expressed the views that I was inclined to be optimistic about the future trading results of the Company. As you will see by the Accounts before you I was justified in the optimistic views I expressed at the last meeting. There has been a remarkable improvement in the Company's trading results for the year 1939. As a result of the satisfactory year's trading the Directors have been able to pay the arrears of dividend due to the Preference shareholders and I am able to recommend the payment of the preference dividend due for 1939 and a first dividend on the ordinary shares.

The Net Profit earned by the Company for the year 1939 after providing for depreciation, directors' fees, and income tax amounted to, as you will see, £13,293 1 9. Adding to this, transfer fees amounting to £1 12s. 6d. and credit balance of £398 3 3 brought forward from 1938, provides a total of £13,692 17 6. From this has been deducted amount appearing in respect of patent process fees £500; preliminary expenses now written off £1,485 9 0, amount transferred to stock reserve account £3,747 16 1, arrears of dividend on the preference shares for the years 1937 and 1938 after deduction of tax, £1150 10 0, leaving a balance available for allocation of £6,779 2 5. The Directors ask for your approval to the payment of a dividend on the preference shares for the year 1939, which after deduction of income tax will require £575 5 0, the payment of the first dividend on the ordinary shares at 10 per cent. per annum, which after deduction of tax will amount to £885, and that the balance of £5,318 17 5 be carried forward to the next account.

As you will see by the Balance Sheet the value of the Company's assets at the 31st December last was £64,498, an increase of over £22,000 as compared with the position at 31st December, 1938. The liabilities, however, at £29,972 show an increase of over £12,000 when compared with the position a year previous. During last year there was additional expenditure on premises of approximately £1,000. The value of the plant and machinery shows an increase of approximately £500, representing cost of new plant purchased in excess of the amount provided for depreciation. This additional capital expenditure on premises and plant was necessary in consequence of the decision of your Directors to utilise to a larger extent the raw materials available within the country in the form of native sheep pelts, which development I have mentioned at the last meeting. It will be recognised that the decision made on this matter by the Directors over a year ago, which at the time was for the purpose of utilising more extensively the raw materials available within the country, was a very prudent one, particularly in view of the developments in world conditions that have taken place since and which make it increasingly difficult for the Company to obtain its raw materials from abroad.

The value of the Company's stocks has increased by £11,000 and the amount due to it by the customers by a similar amount. This is due in a great measure to the increased sales of the company, but as regards stocks it is also due to the fact that the Directors have considered it advisable in the company's interests to have available as large a stock of raw materials as the company could conveniently purchase. The item of preliminary expenses which appeared in the last Balance Sheet has now disappeared, the amount having been written off out of the balance to credit of the General Profit and Loss Account.

A new item appears on the Liabilities side of the Balance Sheet under the heading of Stock Reserve Account. This is the

amount which in the opinion of the Directors has of necessity to be provided out of the profits earned last year for the purpose of safeguarding the company's interests in the future when the present high prices of raw materials fall to the normal levels prevailing before the outbreak of war.

The substantial improvement in the trading results for last year is due mainly to increase of sales. Last year the sales in quantity and value were nearly double what they were in the previous year resulting from the greater demand for the company's products following the outbreak of War, and to the fact that the company's manufacturing activities during the year were increased by the addition of the manufacture of several additional lines for various trades.

The outbreak of the war in Europe in September last has made the work of the Directors in looking after the interests of your company very difficult. The first difficulty they had to face was that of obtaining raw materials required to be imported from outside countries. In consequence of the outbreak of war wool and the shoe manufacturers and other customers of the company had to rely almost entirely on your company to supply their raw materials as the difficulty of obtaining them from outside sources increased. I think our customers will admit that your company dealt with the second difficulty to which I have referred very satisfactorily. The difficulty of obtaining our own supplies of raw material was considerably reduced by the foresight of the Directors in making arrangements a very long time before war broke out to be in a position to substitute native sheep pelts for imported skins. I am happy to be able to tell that the company is now in a position to provide for a very large percentage of the requirements of the country for lining and other leathers which it manufactures and in view of the fact that it is now using as its main raw material native sheep pelts I have no reason to be apprehensive as regards it being able to continue to do this.

I have pleasure in paying tribute to the loyal services given to the company by my colleagues on the Board of Directors, by the Company's Managing Director, Mr. Reginald Dickens, and to pay special tribute also to the loyal services given by every one of the company's employees.

The Chairman moved the adoption of the Report and Accounts which motion was seconded by Mr. P. J. Moloney and passed unanimously. On the motion of the Chairman, seconded by Mr. Adam H. Gibson, it was unanimously resolved that the Dividends recommended by the Directors in their Report, namely 10 per cent. less Capital Tax on the Ordinary Share Capital for the year ended 31st December, 1939, and 6 1/2 per cent. on the Cumulative Preference Share Capital for the year ended 31st December, 1939, be approved.

On the proposal of Mr. Melly, seconded by Mr. Gibson, the retiring Director, Mr. P. J. Moloney, was unanimously re-elected. On the proposal of Mr. Gibson, seconded by Mr. Melly, Messrs. Kennedy, Crowley & Co., were unanimously re-elected Auditors to the Company.

The meeting terminated with a vote of thanks to the Chairman, Directors and staff.

## Late Mrs. N. O'Keefe, Melleray, Cappoquin.

### Impressive Funeral Tribute.

The recent death, in the Cottage Hospital, Dungarvan, of Mrs. N. O'Keefe, Boolah, Melleray, Cappoquin, evoked feelings of the deepest regret not only in her native district but throughout West Waterford and other places where she was well and popularly known. A member of a well-known and popular family deceased was a universal favourite and her demise, following a brief illness and at a comparatively early age, leaves a void that is hard to fill. Possessed of a charming personality the late Mrs. O'Keefe, who was an exemplary Catholic, was absolutely unselfish and it was this rare quality in her character that won all hearts. An ardent and sincere nationalist she had a deep love for her native land and during the period of Ireland's greatest travail life held no other interest but service and sacrifice for her country. Her co-workers of these days will learn with deepest regret of the passing of her gentle, noble spirit. To her bereaved husband, children, mother, brothers, sister and other relatives deepest sympathy is extended in their great sorrow.

The remains were removed to the Parish Church, Cappoquin, where Requiem Masses, were offered up for the eternal repose of her soul by Very Rev. Fr. Fitzgerald, P.P., and Rev. Fr. Dunphy, C.C. The funeral to Drumroe cemetery was of imposing dimensions and was a striking tribute to the popularity of deceased and the regret occasioned by her passing.

Louis Walsh (Presentation College, Bray; Maurice Walsh and Michael Walsh (brothers); Angela Collender, Pauline Collender (nieces); James Collender, Michael Collender, Noel Collender and Edward Collender (nephews); Daniel O'Keefe (brother-in-law) and Mrs. O'Keefe; Con O'Keefe (son) and Mrs. O'Keefe; Mrs. E. #### MONTHLY CATTLE FAIR.

The May fair will be held on Thursday next the 30th inst. and the committee earnestly hope that the fullest possible measure of support will be accorded to it by the stock breeders and stock raisers of the town and district. Since the advent of 1940 there has been a distinct falling off in the number of animals offered at the monthly fair and grave disappointment was heard on all sides, from the buyers who were present, many of whom came at heavy expense from long distances to get their supplies but had to go away short-handed. Intending sellers should also see to it that all cattle, sheep and pigs should reach the market by new time, as otherwise the shippers of live stock are frightfully inconvenienced by being not able to avail of the special facilities offered by the G.S.R. Company on occasion such as this, and who have to make other arrangements for the transportations of stock to other destinations.

## TALLOW NOTES

### SENIOR HURLING CHAMPIONSHIP AT DUNGARVAN.

Followers of the local senior hurlers was treated to a splendid hour's hurling at the Fraher Sportsfield, Dungarvan, on Sunday last, between the City representatives, St. Stephens and Tallow.

The score board, as the final whistle sounded read level chalks at 3-4. Dave Doyle's men must train hard if they expect to travel for county honours, for in St. Stephens they met worthy opponents. Ill luck, however, crossed the path of the local XV when they had a goal disallowed. Looking up the diary with a local Gael on Sunday night last we learned from that a similar incident occurred and a similar decision was arrived at. "Who is to blame, forwards or uppies?"

### THE NEW CREAMERY.

During the end of last week the contractor and his staff of workmen arrived on the site and within a space of a few hours the adjacent residents found a wooden cottage erected on the spot, its object being to house the employees during the process of construction. Since their arrival work has been going apace as foundations have been already cut and laid. It is hoped that as soon as the preliminary work has been completed and when the structure proper begins that work will be found for some at least of the local unemployed workers.

### G.A.A.

The following were the players who fielded out for Tallow in the Tallow v. St. Stephens S.H. Championship match on Sunday last at Dungarvan—M. Curley, C. Curley, J. McNamara, M. McCarthy, J. Burke, J. Daly, Ted McCarthy, W. Sheehan, T. McCarthy, P. McNamara, N. Condon, Pa' Sheehan, H. Ronayne, D. Doyle, J. Hartigan.

### TENNIS.

Since the opening of the season the membership of the Tennis Club has been considerably augmented, and applications for membership are continuing to reach the hon. secretary. The committee desire the highest possible commendation on the amount of time and forethought which they have devoted to the reconstruction of the club, and on the amount of work they have succeeded in getting done during the season. The two courts were completely returned, new equipment has been provided and a new scheme of lay out has been adopted while further improvements are in contemplation. Full advantage was taken of the recent fine spell of delightful weather for outdoor sports and the courts were fully engaged from practically mid-day to dusk. It is hoped that some tournaments will eventuate during the present season.

### IRISH RESERVES CALLED UP.

On Monday last certain classes of Reservists were re-called to the Colours. In the present circumstances the Government decided that the action was necessary in order to strengthen the Defence Forces. The above statement was issued on Monday through the Government Information Bureau.

### SYMPATHY.

Much sympathy is extended to the family circle of the late Mrs. Mooney, of Shanakill, Kilmacomas, who was buried in Kill Catholic Church during the week. Father Michael Power, C.C., Kill, read the burial service.—R.I.P.

## LISMORE NOTES

### LISMORE DEFEAT CAPPOQUIN.

The much talked of and long awaited hurling match, Lismore versus Cappoquin, was decided in Cappoquin on Sunday last. Lismore running out winners on the final score of 7 goals and 1 point to 4 goals and 2 points, thus avenging their defeat at the hands of Cappoquin in last year's Championship.

The hurling was of the highest standard and played at a very fast pace from the throw-in to the final whistle. The play at times was robust, but hard knocks were given and taken in a sporting manner and it may be well said that matches such as this are a credit to the G.A.A.

Lismore in their eagerness to defeat Cappoquin forgot the importance of position thereby giving Cappoquin an advantage which led to a half-time lead of 8 points. During this period of the game Boyce, Coffey and O'Donoghue starred for the home side, whilst Duggan, Foley, Ryan and Lyons put in trojan work for Lismore. In the second half Lismore restarted with positional changes and it became obvious that they were having the best of matters scoring 3 goals per O'Neill which gave them the lead of 1 point. They now dominated the play and their determination and grit deservedly made them winners on the score of 7-1 to 4-2.

### DEATH OF MISS MARY NOONAN.

With deepest regret we announce the death of Miss Mary Noonan which occurred early on Monday morning, May 20th, at the residence of James Willoughby, Chapel St., Lismore. A lady of lovable qualities, and a member of one of the oldest and most respected families in the town, her loss is deeply regretted by her numerous friends.

On Tuesday evening her remains were removed to St. Carthage's Cathedral, followed by a large cortege and on Wednesday at 2.30 p.m. her interment took place at the council cemetery. Rev. T. O'Gorman, C.C., Adm., Lismore, officiated, assisted by the Rev. T. Murphy, C.C., Lismore.

The chief mourners were—C. P. O'Neill, Dublin, D. Noonan, M. Noonan, K. Noonan (nephews); Mrs. J. Willoughby, Misses Noonan (nieces); John and James Willoughby, W. McCarthy (Cappoquin); Miss B. Morrissey (Cappoquin); J. Cronin (do.); M. J. Sargent (do.); Mrs. M. J. Sargent (do.); Miss M. Fraher (do.); Miss M. Willoughby, Miss B. Canning, Miss A. Campion, Miss R. Baldwin, Mr. J. O'Gorman (solr.), Mr. J. Noonan, Miss T. Noonan (nieces).

The following were the Mass cards received:—From May, Jim and family; Teresa, Tom and Kevin; J. Singleton and family; Maggie and Jim; Mrs. Morrissey; Mary, James and family; Kit and Peg; Bridget, James and family; John Sullivan and family.

# KILMATHOMAS NOTES.

## DEATH OF MRS. E. TOBIN.

On Wednesday night of last week, Mrs. Ellen Tobin (nee Dooney), relict of the late Mr. Thomas Tobin, farmer, Currahaha, Kilmathomas, died at the County Hospital, Waterford, after a short illness in her 63rd year.

One of nature's own genuine gentlewomen, the deceased was a most exemplary Catholic, and to the many who admired her kindly Irish qualities her passing has come in the nature of a personal loss, and their earnest prayer will be "May the soil rest lightly o'er her ashes."

There was a large gathering of relatives and friends when the remains were removed on Thursday evening to the Catholic Church at Faha, where they were received by the Rev. P. F. Walsh, C.C., Stradbally, who recited the prayers for the dead. On the following morning Solemn Office and Requiem High Mass were offered up for the eternal welfare of the departed soul.

Father Walsh was celebrant of the Mass, and the clergy assisting in the choir were: Very Rev. E. English, P.P., Stradbally; Very Rev. J. Crotty, P.P., Kilmossanty; Rev. J. Lawn, C.C., Stradbally; Rev. W. Meehan, C.C., Kilmossanty, and Rev. P. O'Farrell, C.C., Dungarvan.

The funeral, which left immediately afterwards for Kilmossanty Churchyard, was very representative. Father Crotty, P.P., officiated at the graveside, assisted by Father Meehan, C.C. A number of beautiful wreaths were laid on the grave and numerous Mass cards and messages of sympathy were received.

The chief mourners were:—Messrs. Patrick and Michael Dooney, Currahaha (brothers); Messrs. Dooney, do. (nephews); the Misses Dooney, do.; Mrs. J. Downey, St. Anne's Terrace, Kilmathomas; Mrs. Flynn, Knockadrumlea, Stradbally; Mrs. Quailly, Gremam, Kilmathomas; and Mrs. Hally, Dunbrattin, Kill (nieces); Mrs. P. Dooney, Currahaha; Mrs. M. Dooney, Ballyboy; and Mrs. M. O'Reilly, Kilmathomas (sisters-in-law), and Mr. Jas. Tobin, do. (brother-in-law).—Peace to her soul.

## NICE TO NOTE—

That Mr. John Coleman, Shanakill, Kilmathomas, an employee of a farmer of that townland is making satisfactory progress towards complete recovery in the County Hospital, Waterford, from injuries he sustained last week as he was returning from the creamery at Kilbeg, Kill, when his horse shied and he was thrown violently off the cart against a stone fence. Mr. Coleman is a deservedly popular figure in local sporting circles.

## A MOTORING ACCIDENT.

Universally esteemed Dr. B. McCarthy, who was recently appointed M.O. of the Clonea-Power and Rathgormack Dispensary District, had a shoulder blade dislocated in a motoring mishap at a point on the main (Waterford-Cork) road some 200 yards to the Kilmathomas side of Leamybrien Cross, on Sunday morning last. We are informed that the steering-wheel suddenly failed and the vehicle swerved sharply and eluded over the low fence on the right-hand side (the car was facing Dungarvanwards) and became wedged in a nearby drain. The Dr. then got clear of the car and later sent for a car to Kilmathomas, in which he was conveyed to the Bon Secour Hospital, Cork, where his first cousin, Surgeon P. Kiely, attended him. We are glad to hear that Dr. McCarthy is much improved.

## DEATH OF MISS B. HURLEY.

A charmingly mannered lady, beloved of all who had the pleasure of her acquaintance, was Miss Bridget Hurley, daughter of Mr. and Mrs. Maurice Hurley, Faha, Kilmathomas, whose death took place in the County Hospital, Waterford, after a somewhat protracted illness and at the all-too-early age of 16 years. A great wave of public sympathy goes out to her respected parents and brothers and sisters in their very sad bereavement and loss.

A big concourse of neighbours accompanied the removal of the remains on Thursday evening of last week to the Catholic Church, Faha, where they were received by Father Meehan, C.C., who read the prayers for the dead.

Following the celebration of Requiem Masses next morning, the burial took place in the family plot in the adjoining cemetery amid manifestations of profound grief. Father Crotty, P.P., pronounced the final absolution at the graveside.—May the rest be peace.

## IN MEMORIAM.

At St. Anne's Church, Ballylaneen, on Tuesday morning, Solemn Requiem Office and High Mass were offered up for the repose of the soul of the Very Rev. John Foley, P.P., Kilgobnet, the anniversary of whose death, in 1929, occurs about this time. Very Rev. T. Canon O'Brien, P.P., V.F., Dungarvan, presided.

Rev. P. F. Walsh, C.C., Stradbally, was celebrant of the Mass; deacon, Rev. J. Lawn, C.C., do.; sub-deacon, Rev. P. O'Farrell, C.C., Dungarvan.

In the choir were:—Very Rev. E. English, P.P., Stradbally; Very Rev. J. Nugent, P.P., Clonea-Rathgormack (cousin of the deceased Pastor); Very Rev. J. Crotty, P.P.,

Kilmossanty; Very Rev. T. Galvin, P.P., Newtown; Rev. W. Flynn, C.C., Dungarvan, and Rev. W. Meehan, C.C., Kilmossanty.

There were numerous relatives amongst the large congregation present.

The late Father Foley was uncle of the Rev. Michael Foley, C.C., Northampton, England; Mr. Edmond Foley, Ballynabanna, Kilmathomas; Miss Joan Foley, do.; Mrs. J. J. Ryan, do.; Mrs. W. Fitzgerald, Abbotside, Dungarvan; Miss Margaret Foley (nurse), Dublin, and Messrs. Patk. and Michael Morrissey, Kilmathomas. He was a first-cousin of the Very Rev. Canon Walsh, P.P., Ballylooby, and the late Very Rev. John Lennon, P.P., Stradbally.

Father Foley's grave is in Ballylaneen churchyard.—Requiescat in Pace.

## DEATH OF MR. M. COSTEN.

Though not unexpected, the death of Mr. Michael Costen, farmer, Knockyelan Upper, Kilmossanty, on Sunday night last, nevertheless caused widespread and deep regret amongst a very large circle of friends and acquaintances. Fortified by the rites of the Holy Catholic Church, of which he was a most exemplary member, he passed peacefully and resignedly away in the fullness of his years. Deceased always took a keen and active interest in national affairs. He was a fluent Irish speaker and enthusiastic for the progress of agriculture. He was a life-long supporter of the Kilmossanty Gaelic Football Club and saw his parish team winning last year's County Championship from Stradbally at Cappoquin. He was a most cheerful and witty companion to his intimate friends, and an interesting and clever raconteur, who could always give point to an enjoyable story.

Every family for miles around was represented in the imposing procession which followed the removal of the remains on Monday evening to St. Bridget's Parish Church, wherein they were rested overnight on a catafalque before the High Altar.

The spacious sacred edifice was filled to its doors on Tuesday morning, when Solemn Office and Requiem High Mass

were offered up for his soul's eternal welfare. Rev. W. Meehan, C.C., Kilmossanty, was celebrant of the Mass, and the priests assisting in the choir were:—Very Rev. J. Crotty, P.P., do.; Very Rev. E. English, P.P., Stradbally; Rev. P. F. Walsh, C.C., do.; Rev. J. Lawn, C.C., do.; Rev. M. Power, C.C., Abbotside; and Rev. J. Walsh, C.C., Carrickbeg. All that was mortal of the late Mr. Costen was subsequently laid to rest in the adjoining cemetery in the presence of innumerable relatives, friends and sympathisers. All of the priests already named again officiated at the graveside.

The chief mourners were:—Mr. Richard Costen, Knockyelan Upper, and Mr. David Costen, Ballyboy, Kilmathomas (brothers); the Misses Costen, do.; and the Misses Walsh, Barnakill, Kilmossanty, Kilmossanty (nieces); Messrs. Walsh, do. (nephews); and Mrs. D. Costen, Ballyboy (sister-in-law).—The Light of Heaven to his soul.

## DEATH OF MR. J. WHITTY.

At mid-day on Tuesday, Mr. James Whitty answered the Great Call at the residence of his son-in-law (Mr. Edward Thompson) at Currahaha, after a rather tedious illness borne with truly remarkable fortitude and Christian resignation, and at an advanced age. "Jimmy" Whitty, as he was known to the legion of friends who knew and admired him for his kindly, cheerful disposition, was for a long number of years employed by the G.S.R. Company, and had retired from work more than a decade ago in receipt of a well-earned pension. He was in his hey-day an all-round athlete of considerable merit, and had the honour of competing against Ireland's first all-round champion—the late Mr. Dan Fraher, Dungarvan—at a sports meeting held in the Mill Field, Ballymacarbery. His younger son, Mr. James Whitty, who is now domiciled in New York City, was on the Kilmathomas junior hurling team which won out the county championship in that year, defeating Ballytruckle in the final at Waterford Gaelic Field, and the referee on the occasion was the present Chairman of the Eastern Division Board—Mr. Liam Walsh. The late Mr. Whitty had a great grudge in his heart for the games and pastimes of the Gael. Ar dheis De go raibh a anam.

The remains were conveyed to the local

Rathgormack temples of worship, and warmly thanked—on behalf of his confessor and himself—the revered local Pastor, Father James Nugent, P.P., and his good curate, Father Philip Shine and Father Daniel Byrne, for their unforgettable kindness and hospitality and prayed God's blessings on all.

## MAY PROCESSION.

Edifying scenes were witnessed in Stradbally on Sunday evening last when the annual May Procession in honour of the Blessed Lady took place at the Parish Church of the Exaltation of the Holy Cross. Favoured by glorious weather, the procession was one of the most colourful and devotional seen for many years. The fervour of the occasion extended itself to large throngs who attended from the village and adjoining countryside, joining wholeheartedly and humbly in the annual tribute of loyal affection and devotion. Set in the sylvan surroundings of the fine Church grounds, the ceremonies began with the recital of the Rosary by the Very Rev. E. English, P.P., who was attended by Father Lawn, C.C., and the procession took place immediately afterwards. The Children of Mary in their blue cloaks; the pupils of the local Mercy Convent Schools; the Boy Scouts and Girl Guides; the members of the Sacred Heart Confraternity and of the Church Choir took part, prayerfully rendering appropriate hymns as the procession slowly wended its way over the usual route from and back to the sacred edifice, where, on the return of the processionists, Benediction of the Most Holy Sacrament was imparted by Father English, assisted by Father Lawn, which brought the striking impressive proceedings to a close.

## QUARANT ORE.

The Forty Hours Adoration were begun in St. Anne's Church, Ballylaneen, on this (Friday) morning, when Holy Mass was

celebrated at 8.30 by the Rev. P. F. Walsh, C.C., Stradbally, assisted by a crowded congregation, and the Exposition of the Sacred Host took place. The beautiful Quarant Ore ceremonies will terminate at 11 o'clock Mass on Sunday, with a procession of the Blessed Sacrament followed by the imparting of Solemn Benediction.

## SYMPTATHY.

Mid-Waterford friends of well and popularly known Mr. Joseph O'Keefe, licensed vintner, Boolagh, Cappoquin, and of equally well and popularly known Mr. Edward Fielding, bus proprietor, O'Connell Street, Dungarvan, will offer heartfelt sympathy to both on the death of their respective life-partners, which sad events are chronicled elsewhere in this copy. The late Mrs. O'Keefe (nee Nan J. Walsh) was an active member of the Cumann na mBan during the Anglo-Irish armed struggle. Her husband, who is left with a young family to mourn her demise, is a native of Co. Tipperary and is a nephew of the late Very Rev. Father Benedict O'Keefe, O.Cist., Mount Mellary Abbey.

The late Mrs. Fielding was formerly Miss Katherine Brown, of Currahahallinclair, Carrick-on-Suir. Her husband is one of the "Gaelic of Moonharrig" being of the famous Fielding family associated with Mooncoin hurling. This is his twelfth year in the Old Borough, where he is now left with his daughter to mourn the loss of his most estimable wife.

## IN BRIEF.

Owing to illness, the doctory Kilmossanty full-back, Tom Veale, was unable to travel with the inter-county team to Kilrush last Sunday. He hopes to be O.K. for the replay, and will make his presence felt, you bet!

Miss S. E. White, Instructress under the County Committee of Agriculture, is at present giving a series of lectures on poultry keeping to large classes at Mrs. Crotty's Hall, Leamybrien.

An Inspector from the Irish Land Commission visited Crown, Kilmossanty, this week, and stated that division of the lands thereof to suitable applicants will be affected in the near future.

Turf cutters are toiling from sunrise to sunset these days in the bogs at Comeragh, Leamybrien and Glen (near Stradbally), and have already "banked up" huge ricks of the precious fuel.

## DID YOU HEAR?

That, though the latest news from Ireland's Eye has had a depressing effect on the transactions of the Portlaw Put and Take Trust, there has been no panic selling in the Rathgormack region?

That, while in the Far East Shanghai dollars have improved to 4d., the official rates have been maintained in Dublin and Fenor?

That Ancestress Anne has predicted that printed silk suits are going to be seen a lot in Tipperary this season?

That the exotic colour contrasts are a feature of early summer ensembles in Kilmathomas?

That Lizzie Lozenger looks lovely in her new dinner dress of primrose taffeta, which she wears with brooch and earrings of coral and carved jade?

That the value of the U.S. dollar in sterling is approximately 4s. 11½d. at Bonmahon the nonce?

That the new "spuds" now being tabled in Kilmathomas are as dry as pepper and appreciably large?

That Toby Tombstone thinks it would be well to communicate with An Oge with a view to converting the disused workhouse at Kilmathomas into a Youth Hostel?

MUNSTER SENIOR FOOTBALL CHAMPIONSHIP.

WATERFORD AND CLARE DRAW IN THRILLING GAME.

At Kiltross, on Sunday last, Waterford and Clare lined out in the first round of the Munster Senior Football Championship, and after a thrilling hour's play the score was level and the result was a fitting finish to a good clean game.

The Kiltross Pipers' Band played the teams on to the field and at 4 p.m. the referee, Dan Ryan, Kerry, set the teams in motion. Waterford, aided by a slight breeze attacked from the throw in but McHugh sent up field for Clare who were repulsed by D. McGuire. Play was now at centre-field and C. Moylan sent his forwards away, the result being a wide.

From the kick-out Sean Lonergan secured on the half way line and sent to Waters, who transferred to Greaney, the latter drawing first blood for Waterford with a point. From the kick-out Waterford again attacked and D. Goode had the second score, a point, with a left-footed drive from forty yards out. Clare now moved up field but could not penetrate the Waterford defence where Lonergan, Coffey, Hahesy, Walsh, Moloney, and McGuire starred.

"Plus" Dalton moved in from the right wing with the ball and passed out to Goode who shot struck the upright and came back into play. From an ensuing melee in front of the goal Goode got possession and passed to Dalton and the latter made no mistake in goaling from close in.

Despite counter attraction at the various neighbouring centres, as well as at Dungraun and Cappoquin, there was a good crowd present to witness the encounter. The Modeligo club had the field arrangements perfect, and the match itself, despite the discrepancy in the score sheet was interesting and although Four-Mile-Water deserved their win they had to fight hard for every score. The Rockies, on the other hand, on the run of play were worth a few green flags which, however, they failed to hoist.

The match was played in the best sporting spirit making the task of the referee (L. Condon, Abbeyside), an easy one.

The teams were:— FOUR-MILE-WATER—P. Halpin, P. Grant, P. Ryan, W. Ryan, A. Ryan, J. J. Moore, T. Fitzgerald, M. Fitzgerald, P. Ormond, J. Power, M. Morrissey, W. Whelan, W. Grant, J. Fraher, J. Grant. COLLIGAN ROCKIES—Peter Moloney (capt.), M. Flynn, P. Walsh, P. Cliffe, T. Condon, P. Whelan, G. Foley, J. Reynolds, J. Flynn, P. Hickey, P. Burke, J. Hickey, P. Foley, E. Power.

LISMORE'S VICTORY. Hectic Struggle at Cappoquin.

LISMORE, 7-1; CAPPOQUIN, 3-5. At Cappoquin Gaelic Field on Sunday last Lismore met the local combination in the second round of the current year's junior hurling championship and following a hectic struggle the visitors won by a fairly comfortable margin.

The match aroused more than ordinary interest and for some weeks past the chances of the opposing sides were eagerly discussed in Gaelic circles. It was agreed on all sides that the issue was wide open and that whichever side won would go a long way in the championship.

In the initial round of the championship Cappoquin defeated Faugh-a-Ballagh (Mellera) while Lismore disposed of Glenmore Rovers (Ballyduff). Since then both teams have trained consistently, determined to enter the third round of the competition and on Sunday each player was as fit as the proverbial fiddle determined to do his part manfully.

The arrangements reflected the greatest credit on the Cappoquin Club who had the pitch in perfect order while stewarding arrangements, etc., were carried out with satisfaction to all. Despite counter attractions and the early hour for which the match was fixed (2.30 P.M.) there was a huge attendance who were treated to a great game played in a clean sporting spirit. An interested spectator was the Very Rev. Fr. Fitzgerald, P.P. Cappoquin.

The game was one of the best seen for a long time and a terrific pace was set for the hour. The display aroused the spectators to great heights of enthusiasm and great excitement prevailed at times while interest was sustained until the final whistle.

THE PLAY. Cappoquin attacked from the throw-in but the opposing defence was sound. The pace was fast with the locals keeping on the offensive and it appeared to be only a matter of time before the Lismore net would fall. Faulty forward play, however, lost possible scores and play veered to the other end for the visitors to send wide by a small margin. On the puck out play became very even while close marking was the order with the hurling most spectacular. Good combination gained ground for the local boys, who were playing a fine

game, and amidst great enthusiasm Curran opened the scoring with a grand goal. This score was soon supplemented by a point sent over by Boyle who was one of the leading players on the field.

With a lead of 1-1 to nil Cappoquin continued to play with confidence and had the better of exchanges. In a lightning attack Lismore sent all the way to the net per Lawton, a feat which was cheered to the echo. With only the smallest of margins separating the sides interest heightened and play became more robust with each player "all out."

O'Donoghue at full-back, was playing a splendid game for Cappoquin as were Boyle, Fives, Curran, McGrath, Grace, O'Shea, Sargent and Daly, while outstanding for Lismore were Lyons, Duggan, Healy, O'Neill, Ryan, Lawton and O'Gorman.

Cappoquin continued to have an advantage and from a free Boyle lashed into the net. Heartened by this the locals played with renewed confidence and scored two points in quick succession. Lismore assumed the offensive on a few occasions but could not penetrate a splendid defence led by O'Donoghue whose fine clearances earned the plaudits of the crowd.

The locals again pressed and forced a '70' which was taken by O'Donoghue who sent over the bar. The ball travelled from side to side but no further scores came before the interval when the position was:— Cappoquin, 2-4; Lismore, 1-0.

During the respite players and supporters expressed confidence in the ability of their respective sides to win out. Cappoquin made some positional changes but these did not bear the desired effect. In the second half the locals were playing towards the road goal.

On the resumption Cappoquin broke away but were repulsed but the backs returned and the ball went wide. Curran handled and sent the ball sailing over the bar. With a clear lead of eight points it looked well for the locals who continued to be slightly better than their opponents. By now, however, the sweating heat and the hard pace was having an adverse effect on the players who showed signs of tiring.

The visitors continued to fight hard and in a flash sent all the way for a goal. Amidst terrible excitement they returned to the attack for Ryan to again lash into the net. At this stage the Cappoquin defence seemed to be feeling the effects of the hard going.

Cappoquin having sent wide twice the visitors returned to again raise the green flag and thus gain the lead. This unexpected transformation in the game aroused the spectators to great heights of enthusiasm and the Lismore spectators shouted encouragement to their side. Keeping on the pressure the Lismore men, showing good understanding, scored two other goals to give them a safe lead. Both sides were awarded frees but they were of no avail. The locals rallied and crashed into the net but subsequent attacks were beaten off by the Lismore men who again assumed the offensive and sent all the way to the net. On the puck out Cappoquin took up the running but the visitors again attacked and sent over the bar for the last score of the game. Some even play ensued and the final whistle left Lismore winners on the scores:— Lismore, 7-1; Cappoquin, 3-5.

The teams were:— LISMORE—John O'Brien, John Vaughan, Thomas Lyons, Edward Foley, Wm. Broderick, Wm. Moore, Patrick Ahearne, Joseph Duggan, Joseph Healy, James O'Neill, John Ryan, Paul O'Gorman, Michl. Coleman, John Lawton, Maurice Pollard. CAPPOQUIN—Patrick English, Wm. Coffey, John O'Donoghue, John Fives, Moe. Fives, John McGrath, William Sargent, Stephen Brennan, Patrick O'Shea, Walter Grace, Cornelius Boyle, John Brackett, Richard Curran, Liam Ryan, Michael Daly, sub. John Denn.

Mr. James Goode, Dungarvan was an impartial and capable referee.

DAVIN PARK TOURNAMENT. KILKENNY, 7-14; COEK, 3-7. TEFFRABY, 4-2; WATERFORD, 2-4.

In the Davin Park Tournament at Carrick-on-Suir, on Sunday last, Kilkenny and Coek provided an interesting game in their first meeting. Coek sparkled in the first quarter, but Kilkenny then took the lead and towards half way through the second quarter they had built up a large lead and forced the game as they wished. Langton gave an extraordinary display of solo runs and scoring bouts. Nothing could pass Paddy Whelan. Kilkenny fielded most of their champion side, but Coek had scarcely half a dozen of their county champions. It was a field day for Kilkenny.

The Tipperary and Waterford game was poor. Tipperary were short of Sarsfields, county champions, and several county players, being on the senior football selection, were absent on the Waterford team. Hickey was the outstanding player for Waterford.

Challenge Match at Bohadoun. THE PIKE, 1-2; KILGUBINET, 1-2.

On Sunday last the Pike met Kilgubinet at Bohadoun in a friendly junior football challenge match. Both sides fielded minus a number of their regular players. The football was of a moderate standard with some bright patches. Honours were easy at the short whistle, the score being 1-1 each.

WEST WATERFORD NEWS.

A STRUGGLE FOR SUPREMACY.

On Sunday next Kinsalebeg will be the scene of that long awaited event—the meeting of the old sporting rivals, Ardmore and Knockanore, in the second round of the current year's J.F. Championship. For weeks past the Gaelic public have been eagerly looking forward to this great clash which promises to be one of the most thrilling matches ever played in these parts. In expectation of a great struggle for supremacy a record attendance is expected and an historic day is promised in Kinsalebeg. Intense rivalry prevails between the sides who have trained consistently for the encounter and at the line out on Sunday each man will be as fit as the proverbial fiddle and determined to do his part manfully for victory and the honour of his native parish.

Both combinations are a blend of youth and experience. On the Ardmore team Cal Keane, P. Flynn, R. Troy, D. O'Grady and M. Ryan have long experience of football and can still meet and beat the best. Keane, Troy and O'Grady have inter-county experience and they are adepts at the best tactics and are an encouragement to the younger and less experienced players. Of the younger players McGrath, Keever, Quinn, Hourigan and Keane are best. In the initial round of the championship Ardmore disposed of a sound Aghlish team. A well balanced combination, it will take a good team to beat them.

Knockanore are a heavier and more experienced side and in the first round created a sensation by defeating a fancied Clashmore side. Physically they are one of the finest teams in the county and as a result of recent hurling matches are perfectly fit and have great staying powers. Leading players on the side are the Neville brothers, O'Donovan (capt.), Moloney, Kelly, Reavin, Barry, O'Neill, Baldwin and Walsh.

Knockanore are a stiff obstacle to overcome and the winners of next Sunday's encounter should go a long way in the competition. May the better team win. Centrally situated, Kinsalebeg is an ideal venue for the encounter and Mr. M. O'Connor, Dungarvan, will referee.

CLASHMORE.

We regret to announce the death following a brief illness and at a comparatively early age, of Mr. James McGrath, Clashmore. A member of a well known and popular family, deceased was a general favourite and his demise has occasioned deep regret. In his younger days he was one of the leading members of the famous Clashmore team which for years was unbeaten in championship or tournament. He played inter-county matches on several occasions. Possessed of a genial manner, the late Mr. McGrath was an exemplary Catholic and the fact that he leaves a widow and young family to mourn his loss makes his death all the more poignant. He was cousin of Very Rev. Fr. W. McGrath, S.J., Milltown Park, Dublin; Rev. Fr. D. McGrath, C.C., Kilsheehan, and Rev. Fr. A. McGrath, Los Angeles, U.S.A.

To his bereaved widow, children, brothers, sisters and relatives deepest sympathy is extended in their sorrow.

At the removal of the remains to Clashmore Parish Church and at the subsequent interment in the adjoining cemetery there was a large and representative attendance of the general public from all parts of West Waterford.

The chief mourners included Mrs. McGrath (widow) and family; David McGrath, Michael McGrath, Patrick McGrath (brothers); Mrs. Mooney, Miss McGrath (sister); Rev. Fr. D. McGrath, C.C., Hugh McGrath, Michael McGrath, Miss M. McGrath, Miss B. McGrath, Miss N. McGrath, Ed. McGrath, T. McGrath, Andrew McGrath, James McGrath, Mrs. Mullane, Mrs. Flavin, Sister M. Thomas Moore, Miss O'Brien, E. Mooney, R. Whelan, James McGrath, J. J. Whelan, M. McGrath, Mrs. M. O'Brien, P. O'Brien, P. Massfield, J. Mooney, M. Flavin, Mrs. Walsh, Mrs. P. Curran, etc. (cousins and relatives).

Rev. D. McGrath, C.C., Kilsheehan, assisted by Very Rev. Fr. P. Murphy, P.P., Clashmore and Rev. Fr. M. Power, C.C., do, officiated at the interment.

WITH WEATHER conditions summerlike crops are progressing satisfactorily and granted favourable conditions good yields are assured this year. There is a big increase in the area devoted to tillage this year.

CAPPOQUIN NOTES.

LAST SUNDAY'S MATCH. Beautiful weather favoured last Sunday's great struggle for supremacy between Lismore and Cappoquin in the second round of the junior hurling championship. The big crowd present were in happy mood and enjoyed every minute of the struggle while the greatest enthusiasm prevailed, the rival partisans cheering their favourites. A special tribute is due to the members of the Cappoquin Club for the perfection of arrangements which gave complete satisfaction to players and spectators alike. As a precaution against incidents the general public were not permitted inside the enclosure. A few stragglers were inclined to become vocally demonstrative and shouted unsporting remarks towards Cappoquin players and the referee. Such irresponsible individuals can, however, be treated with complete contempt as they are no addition to any association.

The game itself was played in a clean sporting spirit and was a credit to the players on both sides. A spirit of good humoured rivalry prevailed amongst the spectators and not a single untoward incident occurred with the exception of the childish actions of the few individuals already referred to. In the first half Cappoquin were definitely superior and with a lead of seven points at the interval victory seemed probable. On the resumption they broke away again for Curran to send over the bar and some spectators were even thought of a "runaway". But suddenly a transformation took place. Lismore attacked and the Cappoquin backline seemed to crack up. In quick succession the visitors lashed in five goals to give them a safe lead and ultimately a decisive win. Cappoquin went down with colours flying and undismayed by defeat. Each one of the local boys did his best and fought to the last. At the conclusion of the game some of the victorious Lismore men were carried off the field on the shoulders of their supporters.

AN ACCIDENT. Another rather serious accident occurred at Melleray hill on Saturday. It appears that a local cyclist lost control of his machine and crashed, receiving rather severe injuries. Under medical care he is progressing satisfactorily. This is the second accident at this spot recently.

NEW MANAGER TAKES OVER. Mr. Paul Twomey has assumed his new position as manager of the Cappoquin Blackwater Valley Co-operative Stores. Possessed of unlimited business ability and acumen the new manager is a tireless operative stores will, no doubt, go from success to success.

CAPPOQUIN SPORTS. Delegates from the newly formed Cappoquin Branch of the N.A. and C.A. (1) attended the County Board meeting in Dungarvan last week. It was decided provisionally to hold the big sports meeting in Cappoquin on Sunday, June 30th, or Sunday, July 7th. Further particulars will appear later.

VISITORS TO MOUNT MELLERAY. On Sunday last there was a record influx of visitors from all parts to Mount Mellera. All spent a pleasant day in the sanctified spot and were hospitably entertained by the monks.

**PREPARATIONS.**  
During the past week vast and elaborate preparations have been made in the town for next Sunday's solemn event, when the people will be given an opportunity of making a public demonstration of their Faith. Since the holding of processions in Youghal was initiated by the late Dean Keller, the great act of Devotion has been held annually and each year it increases in splendour and magnificence and this year's event promises to be no exception. All the houses in the route of the Procession have been newly painted and decorated and on Sunday the whole town will be transformed with a splendid display of flowers, evergreens, bunting, etc., while shrines and pillars, will also be erected on route. The Benediction in the Green Park is the most solemn event and is an inspiring sight as the huge crowd kneel in humble devotion to receive the Blessing. A guard of honour of Catholic Boy Scouts will walk on each side of the Blessed Sacrament in the Procession.

**MISSING.**  
The intimation that Mr. Patrick Ahearn of the R.A.F., and a native of Youghal, had been reported missing came as a great shock to his many friends in town. Before joining the R.A.F. two years ago he was a prominent member of the G.A.A. His family have been the recipients of numerous messages of sympathy in their sorrow. There is, however, hope that he is still alive and may be a prisoner of war. His friends hope that this is so and that they may one day see him again alive and well. G.A.A.

**AT YOUGHAL GAELIC FIELD ON SUNDAY LAST** the local team was defeated by Killeagh in a friendly junior hurling match. Play was of a high standard and eventually the visitors won by a small margin. The other match arranged (Clashmore v. Youghal in junior football) was postponed to a later day. According to present arrangements Youghal travel to Villierstown on June 2nd to play the locals in a junior football challenge and on Sunday 9th, Youghal play Luch in the Grade B. junior hurling championship.

**THE MONTHLY FAIR.**  
The usual monthly fair was held on Monday last in the North Main Street. There was a plentiful supply of live stock and with a good attendance of buyers demand was brisk and prices satisfactory. Fat stock were best in demand and exchanged hands at good figures.

**THE REGAL CINEMA.**  
On Saturday, Sunday and Monday next the Regal presents a splendid double feature programme including that famous picture "Keep Smiling." For further details see advt. in this issue.

**YOUGHAL DISTRICT NURSING ASSOCIATION.**  
On Monday night next a special benefit in aid of the funds of the Youghal District Nursing Association, will be held in the Regal Cinema, kindly placed at the disposal of the Association by the popular and genial proprietor—Mr. R. Hurst. All arrangements are in the capable hands of the energetic hon. sec.—Mrs. H. Watson and Miss Keane. Programme will include a splendid Laurel and Hardy picture entitled "Bonnie Scotland," selections by Miss Nancy Crowley and her famous band, contributions by the talented pupils of the Loretto Convent, songs by Miss Condon, the talented and popular Tallow artists whose beautiful soprano voice is a treat to hear; accordion selections by Mr. J. Brooks, Youghal; songs by Mr. Michael Branfield, the leading tenor who recently sang in the Opera House, Cork and violin solos by Miss Crowley. This is a splendid show so come along and enjoy yourself and help this very laudable object. All are welcome.

**ROMEO'S PICTURE PALACE.**  
On Saturday, Sunday and Monday the principal pictures at Horgan's Picture Palace are "Rocks for Scandal" and "The Man who made Diamonds." On Tuesday, Wednesday and Thursday is showing "Woman in the Lake Flat."  
"Fool's for Scandal"—This is a light confection, tracing a hectic romance between a hard-up French nobleman and a Hollywood film star. He meets when she is touring Montmartre incognito. Following her to London, she engagingly audaciously

**A HUMANE ACTION.**  
Much credit is due to the four popular young local men, who in the early hours of Sunday morning last, whilst chatting on the Abbeyside Bridge, heard the whining of a dog which had somehow got into the water. The four young men (who prefer to remain anonymous) at great personal risk and inconvenience succeeded in securing the animal from its perilous position and in an exhausted state.

Romeo installs himself in her household as cook, to the tune of tremendous scandal. Determined to be revenged, the movie star stages a dinner for the purpose of celebrating her engagement to an American admirer, and insists the Frenchman does, with such devastating results the meal is an absolute failure. It is a short putt from here to the inevitably happy denouement however, the couple getting together for a fade-out embrace, on the stage of a big theatre during the performance of an Opera.  
"The Man Who Made Diamonds" is the kind of fast moving, unusual drama which cannot fail to keep any audience gripping their seats with excitement.

**LOANS FOR REAPERS AND BINDERS.**  
As there is a possibility that owing to war conditions there may be difficulties in filling orders for certain types of harvesting machinery later in the season, and as some weeks must elapse before preliminaries necessary to granting loans can be completed, the Minister for Agriculture desires to advise farmers wishing to obtain loans for the purchase of reapers and binders to make immediate application to the Department of Agriculture (Section 24), Upper Merrion Street, Dublin. Farmers purchasing agricultural machinery privately would be well advised to place their orders without delay. See advt. in this issue.

**OFFICIAL OPENING OF THE YOUGHAL GOLF LINKS.**  
Golfers and the general public will be interested to know that the official opening of the Youghal Golf Links will take place on Wednesday next, the 29th May, at 4 p.m.

The Links are in perfect order and condition, and from the point of view of situation are second to none.  
An exhibition match will be held on the opening date between the following giants in the golfing world, Mr. George Crosbie and J. Higgins, Cork, and Mr. Redmond Simcox, Cork and R. Higgins, Muskerry. This match between such well-known exponents will be a treat to all visitors to the course, and will no doubt be the means of imparting knowledge of the finer points of the game to all aspirants, local and visiting. Herculean work has been carried out by the local Committee in the establishing of the Course, and their labours have been amply rewarded by the enthusiasm and keenness with which the game has been taken up by the local people. Undoubtedly the Links will be a great boon to visitors to Youghal this summer, and will help to bring more and more to this famous resort in future. Those who have already played over the Course testify to the fact that it is one of the best and most picturesquely laid out courses in Ireland.

The Ceilidhe Mhoir, held at the Town Hall, Dungarvan, on Sunday night, under the auspices of the Gaelic League (Dungarvan Branch), was a most enjoyable affair, and although the crowd was not exceptionally large, those who did attend enjoyed a really hearty night's amusement. The Cathal Brugha's Ceilidhe Band pleased everybody with their fine rendering of Irish dance music.

**CLOPET-YORKE PRODUCTIONS, LTD.**  
The Clopet-Yorke Company, are this week having a very successful run at the Town Hall, Dungarvan, and their plays have given great pleasure to those who have attended them.  
On Monday night and Thursday night "White Cargo," based on the novel "Hell's Playground," was staged, and its intensity and the high quality of the acting displayed were brought home convincingly to the audience. Tuesday night's play "Just Married," was in a different category but just as finely done, and the clever work of Stanley Hillyer brought forth continuous applause. Wednesday night's play "Charlie's Aunt" needs no comment, except that in this case the acting and production of the play could not have been better. On Friday the immortal "Fog On My Heart" will be shown and on Saturday "Charlie's Aunt" will again be shown. These two plays should not be missed. On Sunday night next, May 25th, the Company will hold a grand Casino dance, from 9.30 to 2 a.m. Admission is 2/6. Music will be supplied by the famous Twilight Serenaders Dance Band and refreshments, at reasonable charges, will be provided. A great night is expected, and a large crowd is expected to attend.

He was a regular exhibitor at the various shows and fairs in the south. He was also prominent in sporting circles, being particularly interested in coursing. He is survived by his widow, by two sons, Messrs. Patrick and John Pierce, and by two daughters, Misses Margaret and Kathleen Pierce. He was brother-in-law of Rev. Fr. Hynes, Ballykillybeg. To the relatives, the sincere sympathy of a wide circle of friends is extended in their loss.

EAST CORK JOTTINGS.

G.A.A.—HURLING MATCH AT INCH. INCH, 2-2; MOOREHILL, 2-1.

It was good to be in Inch field at Mount Unlickie last Sunday. The sun shone with a brilliant radiance; the pitch was in good order and everybody was in high good humour. The scene was reminiscent of the junior tournament of three years ago when Castlemary and Kilmacross clashed in four successive draws for the Inch medals. Since then the local club has had a lean period and for a time it looked as if it would fade out. Thanks, however, to a few patient tireless workers and to the good will and breath of vision of all concerned, the obstacles that impeded the team's progress have been overcome, and on Sunday last there was the same good fellowship in evidence that has always been so characteristic of the players in all their matches. The team was not at full strength but that was through no fault of anybody, and considering that few of them caught a hurley since last August the show they gave on Sunday was very creditable. Moorehill, the visiting team, was not at full strength either, but they appear to have plenty of material at their disposal and are exceedingly well trained. They are a fine many lot of clean hurlers whose sole ambition is to play a man's part in a man's way. They were beaten by the narrowest margin on Sunday but it made not the slightest difference to them. They gave of their best and had no regrets. Inch are giving them a return match on Sunday week at Moorehill and we shall all look forward to another rousing game that day. Mr. Michael Collins of the Inch Club made his debut as a referee on Sunday and gave all round satisfaction for his impartial handling of the teams.

THE GAME.

Moorehill won the toss and played with the sun at their backs. Inch were away at once and Hogan skimmed the posts with a fast shot. The puck out was returned by Barry and Paddy Walsh sent a deadly shot at the Moorehill net but the goalie saved in superb fashion and Murray put Moorehill attacking strongly. O'Leary held up a daring forward movement and O'Mahony eased the situation for Inch by sending to midfield. Treacy got possession but was fouled and Bob Dunne placed the resultant free in the square. Moorehill defended strongly but Hogan, taking a nice pass from Budds raised the white flag for the homesters. T. O'Callaghan put Inch again on the offensive but Murray cleared and a fine shot for the goal by this good player almost found the net. Ned Walsh, the Inch custodian, who was in great form pulled on the flying ball and Paddy Joyce, smashing everything that came his way sent strongly into the visitors' territory. Edmond Budds had a nice shot at goal but Pender was not to be caught napping. Murray, Neville, Baldwin and "Roundy" now launched a fierce attack on the Inch posts and though the backs defended gamely the visitors were not to be denied and finally got through for a goal which they subsequently added a point. They again looked like scoring but a long puck by James Power eased the situation. "Sonny" Power had hard luck in just missing the Moorehill uprights with a nice shot but Hogan made amends a few minutes later by getting Inch's second point just before the interval. The half-time score was: Moorehill, 1-1; Inch, 0-2.

On resuming Inch sent wide thrice in succession. The Moorehill backs were playing a very sound game. Deane, and Barry at mid-field were outstanding for Inch and Hogan and P. Walsh were always a danger to Moorehill. Lifting far out on the wing Michael Budds sent in a beauty which S. Power doubled on and crashed into the net. Inch were now a point ahead and appeared to have the match in hand but a strong rally by Moorehill saw them retaliate with a green flag which gave them a two-point lead. Aberne, who was playing well for Moorehill got hurt but resumed after a little while. Play was now fast but Inch seemed to have the better of the argument. S. Power had to retire injured and his place was taken by his brother, Paddy. Inch were fighting desperately against time and Moorehill held grimly to their lead. Neville and Morrison led a sortie into the homesters' preserves but were repulsed by the Inch goalie and backs. Deane, Barry, and Treacy drove down the field and T. O'Callaghan sent into the net but the score was disallowed as the whistle had gone. Deane took the free and though well placed it was beaten back by Murray. Mills sought an opening for Moorehill but Paddy Joyce drove across to M. Budds who centred nicely and Paddy Power shook the net with a shot which gave Pender no chance. This was the last score of the game which was credible alike to victors and vanquished. The final score was Inch 2-2; Moorehill, 2-1.

WATERFORD 200 YEARS AGO.

Turning now to the relations between the owners and the occupiers of the soil, I have to present a picture of more varied outline, more complicated in its lights and shadows, more difficult to comprehend and interpret. Materially, I have reason to believe the conditions of the mass of the tenant farmers corresponds with that of the country around, which, though not cultivated or improved to anything like a high point, wears, on the whole, a look of prosperity. In this, as in other parts of Ireland, the land twenty-five years ago was engrossed to a great extent by cottiers, whose intense competition caused rents in many places to be extravagantly high, and also considerably diminished the proper area of legitimate and remunerative husbandry. This class has now, for the most part, disappeared, and though the change was necessarily accompanied by an immense amount of suffering and hardship, and occasionally, doubtless, of cruel wrong, the benefit which has resulted from it cannot be questioned. The land in this county is now held in farms varying from one hundred to ten and even five acres in size, twenty and thirty acres being very common; and, from every inquiry I have made, the occupiers, as a rule, are reasonably thriving. There is, as I have said, but little tillage, the great staple being dairy produce; and at the average prices of the last ten years, this mode of farming has been extremely profitable. Mr. Conway, a prominent figure on land and sea is the recipient of many congratulations. The farmers are disinclined to exhibit the outward signs of wealth, it is impossible not to see that they are at present comfortable; and I have been informed, on the very best authority, that many of them have large sums in the banks, and what I was very glad to hear, that the small holders were doing as well as the large. As for the rate of rent, I do not think it high; and though I have heard some complaints of rack rents, these instances I am convinced, are exceptional, and the rents are generally paid without difficulty. From a comparison, moreover, of different periods, I am satisfied that the burden of rent on the tenant has been steadily diminishing; and though, rents have been gradually rising, I do not think, as a general rule, they are as high as might be expected. In the days of Arthur Young, the rent in this county was from 15/- to 50/- the Irish acre—that is, from about 8/- to 30/- the English; when the Devon Commission held its enquiry it had risen from 30/- to 43—that is, taking the above proportion, from about 18/- to 26/-; it is now, probably, from 36/- to 43 5s. or in other words, at the same scale, from £1 1s. 7d. to 40/- the English acre. But in the days of Arthur Young the prices of farm produce were not much more than a third of what they are at this time; the average amount of produce raised was not, probably more than two thirds; and at the period of the Devon Commission the rate of prices and the sum of the produce were, perhaps, 30 per cent. less than they are at present. It follows that the real pressure of rent is considerably less in 1889 than it was in 1844; and though the exact proportion may be difficult to ascertain, I have no doubt as to the general conclusion. "I do not hesitate, then, to assert that the occupiers of the soil are, in a material point of view, by no means an unprosperous class. Yet the resources of the country are not half developed; its wealth is due to its natural fertility, and not much to the industry of man; and its agriculture is backward, and in most cases, what may be called its agricultural plant and fixed capital is of an inferior description. Nor are the farmers, as a body, contented; they are, many of them, dissatisfied in a vague way; they put forward several distinct grievances; are not as the corresponding class in England is, conservative in feeling. With some not inconsiderable exceptions, and those chiefly of modern date, all that has been done here for the improvement of the land, the draining enclosing, and building of farmsteads, has been the work of the occupiers, not of the owners; and though the occupiers, during their tenancies, have, of course, received the accruing benefit, they complain that, as a general rule, they have obtained no allowance or compensation. They say, moreover, that, in some instances, their rents have been actually enhanced in consequence of what they have done, and that they are discouraged from improving by a general apprehension of such a result; and, though I have not been able to find out well-authenticated cases of such injustice, I have little doubt that some might be discovered. Furthermore, leaseholds are exceedingly few; the tenancies are all at will, determinable at a six months' notice to quit; and, though I can affirm with confidence that no general system of oppression exists, and that evictions from land are rare, it is evident that under these conditions of tenure, the tenants are at the mercy of their landlords; and it is quite certain that some members of this class, not backed by kindly associations and feelings with that in complete subjection to it, occasionally abuse their dominant position. Another circumstance connected with the system of tenure requires particular attention. On the majority of estates, an outgoing tenant is accustomed to sell the good-will of his interest; very large prices are paid in this way for holdings usually only at will, and though legally a purchaser acquires no new right, it is impossible to satisfy him that by his outlay he has not become virtually a part proprietor. In most instances this tenant right is treated by the landlords with respect, but in some it has been disregarded; it has no sanction whatever from law, and I have heard of cases in which an incoming tenant has been capriciously evicted though he had paid his rent, and though he had, perhaps, invested £10 an acre as a premium for merely obtaining possession. Such cases are extremely rare, but when they occur it is difficult to deny that the tenant suffers very great hardship.

KNOCKANORE NOTES

DONE IT AGAIN.

Yet another success was achieved by the Straightword and Crossword competitors of the district when Mr. John Conway, Strancally recently drew a prize in a Weekly Straightword Competition. Mr. Conway, a prominent figure on land and sea is the recipient of many congratulations.

THE MISSION.

A mission, which will be preached by the Augustinian Fathers will open in the parish on Sunday next. It is to last a fortnight. During the first week it will be confined to Knockanore while in the concluding week it will extend to the two other branches of the parish, Glendine and Kilmahonny. It is eight years ago since a mission has been held locally and the coming one is a treat to which many look forward. Let's hope it will be a success and a blessing to all concerned.

KNOCKANORE v. ARDMORE.—J.F. Following the alteration by a substantial vote, of the venue for the Knockanore and Ardmore match, the respective teams will take the field at Piltown on the coming Sunday. The history of both teams, as well as their evenly balanced chances should bring a record crowd to the pitch for the challenge promises to be tough and exciting. In fact as the writer of the West Waterford News proposed 'twill be a thriller from beginning to end.'

There were many thrills in the former struggles of Knockanore and Ardmore and it is curious to say their "beginning was at the end." Watch out for the struggle which will clinch them all. May the better team win.

MOOREHILL v. LISMORE.

Lismore defeated Cappoquin at their home pitch on last Sunday and consequently they are to meet Moorehill in the next round of the championship. By that time Moorehill will have profited much by practice and experience and Lismore have built up a reputation which will not easily be filed down. They are probably the best trained junior team in the county and they have reserved tact and energy to draw upon when they are overpowered by strength and physique. In the Cappoquin team they met a stout fifteen who were also well-trained, and fired by a strong determination. In the opening half they fought and hurled with such dogged ferocity that Lismore were almost at their wits' end. The Captain Gamelin to "conquer or die." The second half saw a vast change in the programme. They neither "conquered nor died" but faded from the picture as Lismore lashed balls to the net with amazing swiftness of succession. They lost heart in a moment when it was so much needed. Boyle, a good forward on the right wing gave them many good opportunities but few of them were availed of. Their forwards were unlucky in sending many shots over the line but they were unluckier still in missing such fine "backs" as Gunki Foley, W. Broderick and Johnny Vaughan. Joe Duggan was his usual self and with the grand left hand stroke which has done its work in many a hurling crisis was as prevalent as ever. The Lismore forwards saw the advantage of first hitting. The followers of Cappoquin, looked to their team for a last minute recovery but it never came. Even the "secret weapons" of Mick Sargent were looked for in vain. Lismore held their lead and emerged victors by a comfortable margin.

Death of Rt. Rev. Monsignor John Maher, Lismore.

The death has taken place in New York of Right Rev. Monsignor John Maher, Lismore, aged 69 years. He annually visited Lismore since his emigration to America 40 years ago and out of his own private resources he built the Presentation Convent and an addition to the Christian Brothers Schools, Lismore thus showing the great affection he had for his native town.

YOUGHAL COURT

Before Mr. J. S. Troy, D.J.

UNDEFENDED CIVIL BILLS.

A number of undefended Civil Bills, in which Messrs. W. R. Hodnett, T. K. Keane and J. N. R. MacNamara, solrs. appeared for the plaintiffs were first disposed of.

NO DEALER'S LICENSE.

Guard Stack charged James Gleeson, Mill Road, with travelling as a general dealer without a license.

Complainant said the defendant admitted the offence. He had a license for 1939 but failed to renew it. He dealt in scrap iron. He was fined 10/-.

LICENSING CASE.

Mrs. E. Halpin, Devonshire Arms, was charged with a breach of the Licensing Act, and five locals were summoned for being on the premises.

Supt. Kelly said that the Guards entered the premises at 11.10 on the night of 23rd April and found the five non-bona-fides there.

Mr. T. K. Keane, defending admitted the offence. There was no previous charge against the premises.

Mrs. Halpin was fined 5/- and the other defendants 2/6 each.

DISORDERLY CONDUCT.

Guard O'Connor charged four young men with disorderly conduct, shouting on the Main Street at 11.10 on the night of the 20th.

One defendant said that a friend and others were going home and they only cheered him. They didn't mean any harm. Complainant said that kind of offence was becoming very prevalent. That was the first prosecution.

The Justice said that such conduct at night could not be permitted. As it was the first prosecution he would adjourn the cases for three months with a warning to others.

RATE ARREARS.

Mr. J. Condon, Collector, had a number of persons sued for arrears of poor rates. Decree were granted, time being given in one case on the application of Mr. Keane.

UNLICENSED DOGS.

Guards O'Connor, Nevin, Griffin and Devaney, had a number of persons charged with having unlicensed dogs and fines of five shillings each were imposed.

NO LIGHTS.

Guard Fodrell charged several persons with using unlighted bicycles and the usual fines were put on.

NO DRIVER'S LICENSE.

Guard Dempsey charged Helen Rossiter with using an expired driver's license. The license having been produced the case was dealt with under P.O.A.

ROAD TAX AND DRIVER'S LICENSE.

Guard Madden charged Douglas Collis with not having the road tax displayed and with failing to produce a driver's license. Defendant said it was all a mistake. He now produced his registration book and driver's license.

LARCENY OF LEAD.

Patrick Hogan, Cork Hill, was charged with the larceny of lead value 10lb. from the old Cottage Hospital and with malicious damage.

Mr. MacNamara, defending, said he was instructed to plead guilty to the larceny. As regards the accusation for malicious damage, the Act required proof or amount to bring it into the section.

Mr. W. Conran, Electrical Engineer to the Mental Hospital, said he looked after the Old Cottage Hospital. On the 14th inst he missed 35 pieces of lead 10x14. Later some of it was found hidden near the premises and he saw the rest at the Barracks, having been sold for 10/-. He thought the damage was over £5.

Cross-examined by Mr. MacNamara—The sum of £5 was only a rough guess. The Justice—Lead is very expensive now. Mr. MacNamara—We are only charged with stealing lead value 10/6. Our case is that the old Cottage Hospital was disused and without a caretaker and youngsters are constantly entering and damaging it. We, therefore, require strict proof.

The Justice said that the witness was very modest and careful in his estimate.

Mr. MacNamara said the building was derelict and a temptation to youngsters and others. He asked the Court to deal with the charge under the P.O.A.

The Stip. said there was nothing against the defendant before but he should make good the 10/6 he got for the lead he had sold.

The Justice said that class of offence, looting disused premises was becoming a habit and should be put a stop to. However, in view of the fact that that was the defendant's first offence, he would deal with him under P.O.A., the lead to be returned to the Hospital authorities, and the defendant to pay back the 10/6 he received from the lead he sold.

Mr. MacNamara agreed to this and defendant was discharged.

DANCE LICENSE.

Mr. Hodnett applied, on behalf of Major A. H. Watt, for a dance license to be held in aid of the poor of Middleton on 4th June. There being no objection, the application was granted.

Mr. E. P. Finn, solr., Mitchelstown, applied, on behalf of Wm. Perks, for a similar license in connection with the Mitchelstown Carnival, 18th to 26th inst.

Supt. Kelly said there was no objection and the application was granted.

SERIOUS ASSAULTS.

John Delany (from Co. Kilkenny) of no fixed abode, and James Cash (from Co. Wicklow) of no fixed abode were brought up in custody, charged with causing grievous bodily harm to three persons at Mitchelstown on the 11th inst.

From the deposition in the case it appeared that one of the injured men were still in hospital, and the two others were confined to bed and under doctor's care.

Sergt. J. Hassett, Mitchelstown, having given formal evidence of arrest etc., applied for a remand in custody to enable him to complete his inquiries.

Both accused were remanded in custody to Mitchelstown Court on the 26th.

**GETTING READY FOR HAY MAKING.**

It is not a bit too early to spend an hour or two checking over the haymaking machinery. Take first the mower; look at the knife sections; will they last the season or will it be better to replace them with new ones now? If the section are worn to a point it is better to replace them for although the old ones may be perfectly sharp they do not engage the full length of the cutting edges of the fingers. Worn fingers tear the crop off instead of cutting it cleanly and the draught of the machine is made much heavier.

Never try to use the old rivets when you fit new knife sections, nor indeed when you are only tightening an old section where the rivets have worked loose. Knock them out and use new ones. Buy rivets of the right size and with the right type of head. Put the rivet in from the section side and hammer the end into the countersunk cavity on the knife back side and file it flush.

**KNIFE MUST RUN EASILY.**  
When the rivets are in and tight, run your eye along the length of the knife to see whether any sections are out of line. If the knife has got bent straighten it so that it will run freely.

Now look at the wearing plates and knife clips. Are they worn? They are adjustable for wear; too much room should not be left because if the knife is sloppy it may foul somewhere and break. If, after you have adjusted the plates and clips to their limit, there are still too much clearance you must replace the worn plates and clips by new ones.

Test the lie of the cutter bar for being square. You may find that it slopes backward. On nearly every make of machine there is an adjustment provided to bring the bar back into correct alignment.

Now do some thorough lubricating. Fill up the reservoirs. If the machine has an oil gear box, drain out the old oil and fill up with new. Give liberal doses from the oil can wherever you can see engaging surfaces.

So much for the mower. There are still the horse rake, swath turner, side rake and tedder group of implements and each of these machines needs much the same sort of preparation.

Jack up the machine and take off the travelling wheels. Clear away the old hay wrapped round the inside of the hubs. Clean the swarf from the axles and wash the bearings in paraffin. Dry them and then oil them and replace the wheels.

The hayloader, too, will need to be looked over pretty carefully. Any tight links in the conveyor chains must be loosened with paraffin, and then oiled. Bent hooks must be hammered back to the correct angle or renewed.

Jack up the wheels of the hay wagons and make sure that all the wheels are true and easy. Look at the shafts and poles to discover any breaks, not forgetting the hooks for breeching and hame chains.

What about the ropes on the rick lifters? Are there any weak places in them? Do not risk a worn rope.

If you use a sweep, test each wooden link. Is there a cracked one? If so, you may be able to repair it by binding it. But be sure that the finished binding is smooth and streamlined.

**OILING THE ELEVATOR.**  
Look to the elevator. Oil its moving parts and look over chains to find any weak links. If it has its own special engine give it a good clean.

Flush out the water hopper and cylinder jacket and refill. You will find you have shifted ounces of porridge hay-seed gruel that very likely caused lot of engine overheating last season. Clean the carburettor and fuel pipes, and then start up the engine to satisfy yourself that the magneto is in order. M.J.H.

**SAINT HONOURED.**

The feast of St. John Baptist De La Salle, founder and Patron of the De La Salle Order, was observed with due solemnity in the Cathedral on Monday last.

Rev. J. J. Keating, B.A., St. John's College, was the celebrant of the High Mass; the deacon and sub-deacon being Rev. M. O'Donovan, C.C., the Cathedral, and Rev. J. Cahill, C.C., do. The Master of Ceremonies was Rev. John O'Connor, Adm., Cathedral. Very Rev. Nicholas Burke, P.P., St. Patrick's and Rev. David Power, Adm., St. John's, were present in the Sanctuary. Members of the De La Salle Order present included: Very Rev. Bro. Brendan, Principal, De La Salle College; Rev. Bro. Bernard, Principal, St. Stephen's School, and St. Declan's School. Pupils of the De La Salle Schools in the City were also present. The sacred music of the Mass (IX Cum Jubilo), was very sweetly rendered by St. Declan's and St. Stephen's De La Salle Schools' Choir. Mr. Stanley Bowyer presided at the organ.

**PRIESTS' APPEAL.**  
Addressing the boys during the Mass, Fr. Keating said that it was not necessary for him to mention why they were all gathered there that morning. They all knew it was to honour their patron and Founder of the De La Salle Order, St. John Baptist De La Salle, a great Saint of the Church. "While celebrating this feast to-day in union with the De La Salle Order throughout the World," continued Fr. Keating, "it is sad to think that in certain parts the war has caused much sadness, and my appeal to you is that you pray hard that peace may reign everywhere."

"That is the blessing that you ask of St. John Baptist De La Salle," he concluded. Immediately after the Mass, all present joined in the singing of the hymn to St. John Baptist De La Salle.

A "Missio Cantata" in honour of St. John Baptist De La Salle was celebrated in De La Salle College Chapel, on Monday morning, by Rev. Fr. Leahy, L.S.S., Chaplain.

**DUNGARVAN URBAN COUNCIL.**

**MR. DAHILL'S TRIBUTE TO LATE COUNCILLOR.**

At the weekly meeting of the Dungarvan Urban District Council, on Friday, May 17th, there were present Messrs. T. McCarthy, vice-chairman, P. O'Dwyer, J. J. Crotty, J. Dahill and M. O'Connor.

**PAY SHEET.**  
A pay-sheet of £18 0s. 2d. was read and passed.

**MR. O'DWYER'S QUERY.**  
Mr. O'Dwyer asked if there had been any reply from the Department concerning the request for an increase in remuneration for the Council's employees.

The answer was in the negative.

**QUAY WALL.**  
Mr. O'Dwyer drew attention to the state of the quay wall and asked if it would be repaired as soon as possible.

The Borough Surveyor said the money which would be needed was already spent on other repairs.

**MR. CROTTY—HAVE WE ANY MONEY IN THE HARBOUR ACCOUNT?**  
Clerk—No, sir.

**MR. CROTTY—THEN WHAT ARE WE HERE FOR?**  
I thought we had plenty of money in the harbour account.

**DOORS DISCUSSED.**  
The Chairman—The Clerk has just told us that we have no money, but a certain tenant wants a door very badly, and surely he cannot be expected to put it up himself? It must be done.

Mr. Crotty—I'm not questioning the fact that this man wants a door, but some of the tenants who got new doors didn't deserve them. It's all over the town that good doors were taken down by some of the tenants. It's a scandal.

**CLERK—HAVE WE ANY MONEY, AND WE WON'T GET ANY FURTHER LOAN.**  
The Clerk then gave particulars of the various accounts, adding that the Council have withdrawn from incurring too much expense earlier.

**CHAIRMAN—I AGREE WITH YOU THERE.**  
Mr. O'Connor—Some people took down good doors because others got them, and they thought they should get them too.

Mr. Dahill agreed.

The Borough Surveyor said it was a case of "why should you pass my door when 'So and So' gets a new one?"

**CHAIRMAN—WELL, I SUPPOSE WE'LL HAVE TO LET THE DOOR FALL.**

**REPORT OF S.S.O.**  
The S.S.O. reported that acting on Mr. McConkey's instructions he was inspecting service pipes, air valves, hydrants and scour valves in a number of places and would let the Council have the report within a few days. He had sent a report to Mr. McConkey of water pressure before and after the check valve at Glendine was altered by him.

Continuing the S.S.O. reported on inspection he had made of various slaughter houses in town, and mentioned premises at O'Connell Street at the rear of which there was a large quantity of very offensive offal.

**ORDER—NOTICE TO BE SERVED ON THE OWNER.**  
The S.S.O. also reported that two flush tanks in the Girls' National School, Abbey-side, were leaking.

**ORDER—Board of Works to be notified.**

**TENDER.**  
The tender of James Street for the caretaking of the Park at 15/- per week was accepted. No other tender was received.

**E.S.B.**  
A letter from the E.S.B. was deferred to the next meeting.

**LAMP REQUESTED.**  
John Bultin, on behalf of the residents of Strand Side North wrote requesting that the Public Street lamp promised to them would be included in the 1940 contract with the E.S.B.

The matter was deferred to the time of the fixing of the contract.

**TRESPASS.**  
Re Williams' Marsh, Hanna Daniel, Shandon, wrote complaining of trespass on her land at Shandon by animals, and the destruction of her boundary fence.

As the Marsh is not yet the Council's property, it was decided to inform the writer that the Council have no responsibility in the matter.

**RECONSTRUCTION GRANT.**  
Michael Hennebery wrote requesting that the reconstruction work on his house at Jacknell Street, be inspected, and a part payment on account of the grant.

It was referred to the Borough Surveyor.

**USE OF HALL.**  
The use of the Hall for a cinderella dance, 9 to 2 a.m. on Sunday, June 2nd, was granted to the Dungarvan Accordion Band.

**BREACH OF RULES.**  
On behalf of the District Nursing Association Committee, K. Foley, Hon. Secretary, wrote apologising most sincerely for the breach of rules when their dance was continued until 2.45 a.m. She stated that it was entirely accidental and due to a misunderstanding.

**BOXING CLUB.**  
The use of the Hall for a cinderella dance, 9 to 2 a.m. on Sunday night, June 16, was granted to the Dungarvan Boxing Club, on the application of James Patterson, Hon. Sec.

**ACKNOWLEDGMENT.**  
Kathleen Foley, "Hermitage," Abbey-side, wrote acknowledging a vote of sympathy passed to her by the Council.

Mrs. Dalton and family, 11 Mary Street, also wrote acknowledging the Council's recent vote of sympathy to them.

**CONDEMNED HOUSES.**  
Mr. W. O'Donnell, Youghal Road, wrote asking for the justification for the report of the M.O., concerning his house in Rices Street, occupied by Robert Rossiter, which was in good repair. The family of the tenant might be considered too large by the M.O. for a house of this size but surely this could not be the reason for condemning a house. If it was, there would be many houses condemned in Dungarvan.

If any repairs were needed, concluded

**YOUGHAL MENTAL HOSPITAL.**

At the usual monthly meeting of the Committee of the above, there attended Messrs. W. J. Broderick, T.D., Chairman; Seamus Walsh, T.C., Very Rev. D. Canon Dineen, D.D., P.P., and Rev. T. O'Hanlon, C.C.

**MANAGER'S REPORT.**  
The Manager's report stated that since last meeting two female patients had been admitted from Cork Mental Hospital and two had died. The total number in residence at present was 424 (248 men and 176 women). Contracts had been satisfactorily carried out during the month. Certain commodities for which there was no contract would need to be purchased—might they be procured locally? The usual report on boilers and electric plant was submitted, also the auditor's report. Sums amounting to £25 had been received towards the maintenance of patients and lodged to the credit of the Mental Hospital account.

The auditor's report stated that the Capital Grant for the period under was £19,815.

The Chairman—That is scandalous. By law the Government were liable for 50 per cent, but were giving them only 18 per cent.

It was stated that the average cost per patient in Cork was £42 11s. 10d.—an increase of £4 7s. 0d. since 1937. It was the second lowest in Eire. The average cost in Youghal was £33 9s. 9d., an increase of £2 15s. 2d. The superannuation was the highest in Eire.

The report on boilers, etc., was declared satisfactory.

The manager was instructed to procure locally the commodities for which there was no contract.

**DOCTOR'S REPORT.**  
Dr. E. T. Riordan, temporary visiting physician, reported that since last report two female patients had died. 8 male and five female were confined to bed with debility and other causes. There was no complaint of the water or food supplies. The general health of the Institute was good.

**TEA PRICES.**  
Messrs. Coyle, Ltd., wrote notifying a reduction in the price of tea to 1/10 per lb., which would be continued until further notice.

**TENDER FOR COAL.**  
Messrs. M. J. Fleming, Youghal, tendered for a cargo of Welsh steam coal at £3 2s. 6d. There was an increase in price as the coal shortage was acute, and it was very difficult to get promise of a shipment.

**A DELIGHTFUL OCCUPATION.**  
THERE is no more delightful occupation than fishing on the banks of an Irish river in summer time. Can you imagine the sport you will get from playing a fine trout or pulling in a big salmon. We cater for the fisherman and have a wonderful stock of Rods, Lines, Casts, Flies, Artificial Bait and every description of Fishing Tackle. We will do everything in our power to help you to make your selection and we can assure you that our prices are most reasonable. May we hope you will give us a call. **HARPUR BROTHERS, Fishing Tackle Experts, Waterford.**

**CASEOUS FLUID**  
The little bottle with the big name FOR COLIC INTERNAL CHILLS, DEBILITY, Etc. 2/- Per Bottle

**DAYSON & HEWITT**  
IRELAND LTD.

Mr. O'Donnell, they would be carried out at once.

The letter was referred to the M.O.

**ABBESIDE COMPLAINT.**  
M. Kenneally, Abbeyside, wrote drawing attention to the dangerous condition of his house owing to the partial demolition of the house next to his.

The matter was referred to the owner.

**HOUSE AT ABBESIDE.**  
John Flynn, Abbeyside, applied for a reconstruction grant for a house at Coolagh Road, Abbeyside.

Mr. Crotty, having referred to the necessity of cleaning up the neighbourhood at Cat's Lough, went on to ask if the water supply was being filtered.

Borough Surveyor—It is.

Mr. Crotty said that sand or clay seemed to be coming through the pipes. If the water were let stand in a basin the stuff could be seen settling at the bottom.

**LOCAL MALPRACTICES.**  
The Chairman said, at the conclusion of the meeting, that they were all very pleased to hear that Mr. P. J. Morrissey, O'Connell Street, had been successful in his final Law Examination. It was only right that the Council should congratulate him and he hoped that the Clerk would convey their congratulations to him.

**VOTES OF SYMPATHY.**  
Mr. Dahill proposed and Mr. Crotty seconded votes of sympathy to the brother and sisters of Mother Mary Gonzaga Scanlan, daughter of Mr. J. Scanlan, Main St., Dungarvan, and to Mrs. Griffin, Strand Hotel, Abbeyside, on the death of her sister, Mrs. Tobin, Ring.

In connection with the former vote of sympathy Mr. Dahill said that the late Mr. John Scanlan, a former Council member, had been a very prominent business man and had built a large number of houses which had increased the valuation of the town, and also had helped to decrease the rates for the other residents of the town. The late Mr. Scanlan had not been an architect and less money had been spent on the repairs to the houses he had built than had been spent on some of the Council houses which had been erected only four years ago. His son, Mr. Matthew Scanlan, had also contributed valuable services to the town.

The resolutions were passed in silence, all present standing as a mark of respect.

**LIQUID MANURE: HOW MUCH IS WASTED?**

In present circumstances we cannot afford to waste so effective a plant stimulant as urine. It contains not only a large part of the nitrogen excreted by the animal, but the greater part of the potash as well. In addition, it contains them in soluble form, so that they are immediately available to the plant.

It is not a complete, all-round fertiliser like dung, since most of the phosphate excreted is present in the solid manure. Phosphate, however, tends to be retained in the soil so that, when generous quantities of dung or phosphatic fertilisers have been used in the past, there are often considerable soil reserves. In this respect, therefore, urine resembles potash-nitrate, which intensive growers such as market-gardeners have come to appreciate as one of the most effective top-dressings available.

**VARIABLE QUALITY.**  
The quality of liquid manure varies according to the care taken of it. If much rain water or washing water from the cowsheds is allowed to mix with it, it may be so "thin" as to be of little value, except for distribution by natural irrigation. In its natural state, however, urine is twice as rich as farmyard manure in both nitrogen and potash, and every practicable means, therefore, should be taken to preserve it. When straw is plentiful a large part of the liquid excrement can be absorbed in the litter, but under modern farming conditions, particularly in the case of dairy farming, little bedding is, as a general rule, available, and the chances of wastage are thus very great.

Surplus liquid manure should, of course, be directed into a tank and periodically distributed over the land. In practice, however, the manure tank generally figures only as an emblem of good intentions; it needs a war to restore it to its true place and purpose in the scheme of things in saving all available fertility.

Liquid manure is used to best advantage on grassland intended for hay. It should be applied in winter or spring when the soil is moist, and preferably during rainy weather. Under dry conditions the liquid tends to scorch the herbage, as may readily be observed by anyone who cares to note the use of urine of any kind during dry spells in the summer.

Undiluted it is too strong for direct application to growing plants; it needs to be weakened by the addition of at least an equal volume of water. About 2,000 galls. per acre is a usual dressing.

Liquid manure can also be applied with good effect to bare land intended for such crops as mangolds or kale, and even to pasture where an early bite is wanted.

**ST. CARTHAGE OF LISMORE HONOURED.**

Most Rev. Dr. Kinane, D.D., Bishop of Waterford and Lismore, presided at the Solemn High Mass which was celebrated later in honour of St. Carthage, Patron of the Diocese of Lismore. The celebrant of the Mass was Very Rev. Canon Coffey, president, St. John's College; deacon, Rev. M. Sheehan, C.C., the Cathedral; sub-deacon, Rev. J. Cahill, C.C., do. The Master of Ceremonies was Rev. M. Lane, St. John's College. Assisting the Bishop at the throne were—Right Rev. Monsignor William Dean Byrne, D.D., V.G., P.P., St. Peter and Paul's, Clonmel; and Ven. Archdeacon Kelleher, S.T.L., V.F., P.P., Ballybricken. The Master of Ceremonies at his Lordship's throne was Rev. John O'Connor, Adm., the Cathedral. Members of the Diocesan Chapter present included—Very Rev. E. Canon Pringle, P.P., St. Nicholas', Carrick-on-Suir; Very Rev. D. Canon Walsh, P.P., St. Mary's, Clonmel; Very Rev. N. Canon Walsh, P.P., Holy Cross Church, Tramore; Very Rev. Professor Canon Patrick Power, M.R.I.A., D.Litt., John's Hill, Wexford; Very Rev. Canon O'Brien, P.P., Dungarvan; Very Rev. W. Canon O'Donnell, P.P., Dunmore East; and Very Rev. W. Canon Ryan, P.P., Ballyneale. The Paschal Mass (Luxi et Origo) was rendered by the students' choir from St. John's College, under the direction of Rev. J. J. Keating, B.A. Students from the same College also acted as Cereomonialists. Presiding at the organ was Mr. Stanley Bowyer, Cathedral Organist. There was a large congregation present. A meeting of the Chapter was subsequently held in the Cathedral Sacristy.

distasteful to stock. In my experience a fresh green bite in early spring is never distasteful. A suckling ewe at a hungry time of the year will eat green grass off a midden. Farmers who wari dairy or out-wintering stock along with breeding ewes, are never likely to be inconvenienced by a spring "flush."

The first growth will be readily eaten, and the second, if likely to get beyond control, can be tormented into hay or silage.

**OTHER FACTORS OF VALUE.**  
It is not, however, for its direct manurial effect alone that liquid manure is so valuable; it is also an innocuous which starts up certain beneficial processes in the soil, whereby inert vegetable material is converted into plant food. Much of the old grassland that is being broken up for arable cropping would give a better account of itself if first treated with animal excrement, liquid or solid.

It is too late, for this season, to make amends for past neglect. We can, however, see to it that no avoidable waste is permitted in the future.

LISMORE BOARD OF FISHERY CONSERVATORS

At the usual monthly meeting of No. 4 or Lismore Board of Fishery Conservators, at the Devonshire Arms, Tallow, there attended: Messrs. R. G. Annesley (Chairman), J. Charles Cavendish, Miss G. Montgomery, Major Humphries, R. Sheehan, T. E. Montgomery, A. H. Davison, I. V. Stuart, Major C. Coote, and T. Loughane.

The Chairman said they all welcomed Major Humphries to the Board. He was a well-known fisherman and knew a good deal about the fishing at Ballycotton.

The essential difference in the modern outlook on grass, as compared with the old, is that now we know the feeding value of grass to be very high when young and to be very low when mature, i.e., at the hay stage.

At this time of year, as all practical farmers are agreed, grass is one of the most economical of all feeds as the sole ration for live stock such as cattle and sheep.

Experiments in the conservation of young grass have shown that if reasonable care is taken the high quality of the feeding material can be retained by either artificial drying or ensiling.

It has been shown that there is not a great difference between the two methods with regard to their efficiency, though there is a tremendous difference in costs.

The Secretary said he had been informed that there had been a number of salmon taken with "trammel" nets recently at Ballycotton, and that there had been several sharks operating in the vicinity.

The Inspector said that was a fact. Mr. Sheehan said it was strange that they did lose all their efficiency for capturing salmon when they were transferred from Youghal to Ballycotton.

The Chairman said it seemed that the Department could give no satisfactory definition of a "trammel" net.

A letter, dated 8th May, was read from the Department referring to Section 29 of the Fisheries Act, 1939, stating that in connection with the provisions of sub-section (1) of the Section it was proposed to have an inspection made of the weir on the Blackwater at Lismore not earlier than the 3rd prox.

The Department would further on the 18th re the proposed inspection stating:—As already intimated, the officers carrying out the inspection will confer with local residents who might have evidence to offer as to the facts of the case, e.g.

(a) Whether the gap should, in the general fishing interests, be placed at some other point.

(b) Whether the gap had not in past been placed elsewhere, and if so, with what results, or any other particulars which might in residents' opinion bear directly on the matter at issue.

Before "satisfying" himself for the purposes of the section, in question, the Minister would have availed himself fully of technical advice on legal, engineering, and administrative aspects on the matter.

The Clerk was directed to make all the necessary arrangements for the officers carrying out the inquiry, and to insert an advertisement in the Press giving one notice to all interested.

The Department wrote calling attention to the provisions of sub-section (1), (3), (4) and (5) of Section 34 of the Offences Against the State Act, 1939, regarding the disqualification on certain convictions by a Special Criminal Court. It will be observed that disqualification from office or employment operate for 7 years from the date of conviction save as provided for in sub-section (4) and (5).

The Department wrote with reference to a resolution proposed by Mr. J. Kent at the last meeting to the effect "that until the 15th September no rates be demanded from any former rate defaulter who had not his fishery let, and all legal proceedings

SUMMER GRASS AS WINTER FEED.

Dried grass is generally regarded as a concentrate, and is used to replace meals and the high protein cakes. Grass silage, on the other hand, is generally looked upon merely as a substitute for hay or for straw or turnips.

This is an entirely false representation of the value that grass silage can have and has arisen because it was made only when the weather did not allow the crop to be made into hay.

The essential difference in the modern outlook on grass, as compared with the old, is that now we know the feeding value of grass to be very high when young and to be very low when mature, i.e., at the hay stage.

CARRICK DISTRICT COURT.

Carrick-on-Suir District Court was held on Monday before Mr. F. J. MacCabe, D.J.

LICENSE TRANSFER. Mr. Quirk (for Mr. Seumas Murphy, solicitor) applied for a transfer of the license of premises at 32 Main Street, Carrick-on-Suir, from the late Mr. Thomas McGrath to Miss Bridget McGrath.

Mr. Quirk said Mr. Murphy was unavoidably absent and had instructed him that the administration in respect of the late Mr. T. McGrath had not yet been completed. He asked for the transfer of the license to Miss McGrath pending the completion of the administration. Evidence of completion of the administration would be produced at next court.

The Justice granted the transfer. INTERESTING POINTS IN DRIVING CASE. Superintendent Kelly, Clonmel, v. Arthur Morris, Fiddown.

Mr. R. J. Farrell, solicitor, Waterford, for the defendant. Guard Nolan, Carrick, stated, in reply to Supt. Kelly, that on 3rd April, about 12 o'clock he was on duty at Pill Road. When passing down by the Christian Brothers Schools towards Carrick he saw a G.S.R. Bus approach him. Witness was walking on the left hand side of the road. The bus was going towards Waterford. It was right in the left side of the road. Witness had seen the bus swerve to the left suddenly. Witness looked behind him and saw a motor car coming down right on top of him.

Witness—Not on top of you, I hope. Witness—I would have been on top of me but for the fact that I jumped into the gate at the Christian Brothers' farm just above the entrance to the Schools. The car passed on and witness took the number of it. The number was IP 4017. It was a large-sized car. It was travelling at a speed of from 40 to 50 miles an hour. The car did not stop. The width of the road at the place is 22 feet. There is a footpath there and there is a high wall down to the roadway.

Cross-examined by Mr. Farrell—Witness was in uniform at the time. There is a slight bend in the road at the spot but there is a good clear view. The bus coming up would see the defendant's car coming down the road, where there is a view for 140 yards.

Mr. Farrell—The car was in the centre, or crown of the road? Justice—I gather the car was so much on his own side he forced the bus right into the left side.

Guard Nolan—he saw the car swerve and it came almost on top of him, about three yards behind me. Mr. Farrell—The car had quite a clear view. Do you suggest the driver wanted to run you down? Guard Nolan—Oh, no. Had I stood where I was I would have been knocked down by the bus. Mr. Farrell—I suggest you appeared to be walking across the road towards the bus.

Guard Nolan—I could not have done that. Justice—Do not say you could not have done it. I am not saying you did it but you could have done it had you wished.

Mr. Farrell—Did you give the impression that you were walking towards the bus? Guard Nolan—No. Mr. Farrell—Have you ever driven a car? Guard Nolan—I have.

Mr. Farrell—Do you still say the car was driven at from 40 to 50 miles an hour? Guard Nolan—I do. Patrick Moloney, the driver of the bus in question, stated, in reply to Supt. Kelly, that on 30th April he left Carrick-on-Suir for Waterford on the midday bus. When at the Christian Brothers' Schools, half-way up the hill he saw a Guard walking on his up the left-hand side of the road and saw a motor car approaching the bus on the centre of the road. He had a view of about 130 yards at the time. The car held on to the centre of the road and witness pulled into the extreme left of the road, where there is a high wall and a channel just opposite the Brothers' Schools. The motor car was going very fast. He could not judge the speed at which the car was being driven but it was being driven very fast. Its number was IP 4017. Witness' impression was that the driver of the car did not appear to realise the danger of the position.

To Mr. Farrell—The car was at least 120 yards from the bus when he first saw it. It was made out at peaching at Killavullen. Had their car taken a couple of feet to the left witness would have cleared it of the road. He had to keep in mind that the Guard was on the road when he went into the extreme left to avoid the oncoming car.

Mr. Farrell—The car did not go within some feet of the Guard. Witness—Yes; it did. The Guard was on a level with my bus. Had the car kept where it was and had I not gone right into the extreme left the car would have torn the side from my bus.

To Mr. Farrell—The Guard saw witness that evening when he (witness) returned to Carrick on the bus for Limerick that leaves Waterford at six o'clock. The Guard observed to witness that he had had a narrow escape.

Mr. Farrell—With the car under control properly a foot would have cleared him of the bus. Witness—I dare say it would. Guard Nolan, Piltown, stated, in reply to Supt. Kelly that on receiving the number of the car (IP 4017) he established that it belonged to Mr. Arthur Morris, Fiddown. He interviewed Mr. Morris and notified him of an intention to summons. Mr. Morris admitted to witness that he drove past the Christian Brothers, Carrick-on-Suir, on the date in question at about 12.18 p.m.

Mr. Farrell—The Guard would have to prove that Mr. Morris was in the car on the day in question and at the hour and place. Justice—When Mr. Morris said to Guard Nolan that he drove the car past the spot

mentioned at the hour mentioned is prima facie evidence. Guard Nolan said Mr. Morris stated he saw the Guard walking on the road in the way of the car.

Gerald Lynch, the conductor of the bus, stated he was seated in the back of the bus when they got to the Christian Brothers. He saw a motor car approaching. It was travelling at from 20 to 25 miles an hour and slowed as it approached the bus. He saw the Guard walking on the road and saw him salute the bus driver.

To Supt. Kelly—Witness denied that he said to Guard Nolan that evening in Carrick that he (Guard Nolan) had had a narrow escape. Witness had volunteered to make a statement and give evidence on behalf of Mr. Morris.

Supt. Kelly—And you contradict the driver of the bus? Witness—Yes. Arthur Morris, defendant, was examined by Mr. Farrell and stated that on April 3rd he drove down Pill Road, Carrick-on-Suir. He saw the bus approaching about 300 feet from him and saw a Guard walking on the side of the road. He was driving at first at from 25 to 30 miles an hour. As he approached the bus and the Guard he slackened his speed. Passing the bus he saw the Guard turn his head towards the bus. He thought the Guard was going to wander out on the road. Witness swerved to the right. He would have hit the Guard if he had swerved to the left as the Guard had swerved.

To Superintendent Kelly—The Guard was two to three feet from the left hand side of the road. He gave witness the impression that he was looking over his shoulder. Witness did not see the Guard jump towards the gate, nor did he see him jump at all. That might have happened after witness had passed the Guard.

Supt. Kelly—You did not stop the car or go back. Witness—No. Justice—You probably had something in your mind that you had a very narrow shave.

Witness—That might be, but I did not think anything had occurred that would require me to stop. To Mr. Farrell—Witness looked in his mirror and saw the Guard on the road behind him. Justice—You should have pulled up. Witness—I thought there had been an accident or anything approaching an accident I would certainly have pulled up and gone back.

Justice—Would you say it is a dangerous road there? Witness—I do not think so if one drives carefully. Justice—I know that a young man like you would be a capable and dexterous driver, but outside schools one should not drive 25 to 30 miles an hour. It is too dangerous.

In cross-examination by Supt. Kelly, Gerald Lynch, conductor of the bus, said although he was seated on the side seat in the back of the bus he had as good a view in front as the driver had. He was not occupied at the time in checking or giving out tickets.

Supt. Kelly—I put it to you that the whole thing happened before you realised it. Witness—That is not so. I had a good view of the car coming on. Witness again denied that he had said that evening to the Guard: "You were a lucky man."

Giving his decision, the Justice said when he had heard Guard Nolan giving his evidence in such a detailed manner he was not much impressed. It was not given in that dispassionate way one usually gets the evidence from a Guard who is not an affected party in the case. Later in evincence he was impressed by it. He was impressed by the evidence of the driver of the bus and by the defendant, whose evidence was in many respects similar to that of the driver of the bus. He would not hold that defendant had driven the car in a dangerous or careless manner, but he would hold that he had driven on a school road near a school one should not drive at from 25 to 30 miles an hour. He convicted the defendant for driving without due care and attention and fined him £2, the conviction to be endorsed on the driving licence if notice of appeal was not given. He would not suspend the driving licence of defendant.

POINTMAN IN LOBBY CASE. John Corcoran, Level Street, Carrick-on-Suir, was summoned for not having a light

on his lorry, for not having the lorry taxed and for carrying goods without having had a merchandise licence.

Defendant satisfied the Justice that he had paid the driver's licence and insurance on the lorry since the Guards spoke to him, and these cases were dismissed. He was fined 2s. 6d. for not having lights on the lorry.

The Justice then dealt with the charge of having carried merchandise in his lorry without having a merchandise carrier's licence.

Guard Nolan, Piltown, stated, in reply to Supt. Kelly, that on the 9th April he observed defendant's lorry going into J. Anthony's yard at Piltown. He found the defendant delivering two casks of stout to Mr. Anthony. Defendant had not a merchandise licence.

Defendant stated he was carrying his own goods. He had delivered at Mr. Anthony's a load of gravel he had bought and paid for. Mr. Anthony asked him to go to the Railway Station and take two barrels of stout to his place. He carried the stout to Mr. Anthony's but he was not paid for carrying it.

Sergeant Langan, Piltown, stated that he interviewed Mr. Anthony on the day in question. Mr. Anthony stated that defendant had been employed on and off by him from time to time and that he had delivered loads of sand for him.

The defendant said it was because Mr. Anthony's lorry was out of order that he had asked for the stout. He could produce a receipt for the sand he had paid for and delivered to Mr. Anthony. Mr. Anthony paid him for the sand and for carrying it.

The Justice told Mr. Anthony that he was not obliged to answer any questions that might incriminate him on the charge for having employed Corcoran to carry goods knowing that he had not a merchandise carrier's licence.

Mr. Anthony stated, in reply to Supt. Kelly, that he had engaged the defendant to carry loads of gravel for him. He (Mr. Anthony) had bought gravel from Phil Dwyer and had been carting the sand until his own lorry got out of order. He then arranged to have the sand carted by Corcoran. He did not pay Corcoran anything for having carried the stout from the Station.

Supt. Kelly—Were you speaking to Corcoran on 28th April? Witness—I cannot recollect now; I did not think it any harm to have asked Corcoran to carry the stout from the Railway Station when I had him hired to carry the sand for which Phil Dwyer had been paid by him.

The Justice said regarding the carrying of the stout, the fact that it had been carried free might be taken as prima facie evidence that there had been no payment but that would not exempt the defendant from the necessity of getting a merchandise carrier's licence. He shared the suspicions entertained by Guard Nolan and Sergeant Langan in the case but he felt justified in dismissing the charge against Corcoran for having carried the stout when the latter had not a merchandise carrier's licence, was also dismissed.

In a number of cases of no-lights on lorries and bicycles fines from 2s. to 2s. 6d. were imposed. Harold Mohn, owner of a travelling show, was fined 2s. for allowing six horses to wander on the public road. When the defendant asked the Justice to dismiss the case, the Justice said that Mohn had got more than 2s. worth of free grazing.

Mohm—It is almost impossible to get free grazing on the roads now. J. O'Shea, Naas, was summoned for driving an uninsured motor car. Mr. Quirk, for defendant, said the car was insured up to 23rd March. Defendant held a life policy with the same insurance company and was also an agent for the company. From correspondence he had had with the Insurance Company, the defendant thought he had 15 days' grace to pay the car insurance premium. The car has since been insured. Dismissing the case with a caution, the Justice said he took a very serious view of using uninsured cars but he believed that the defendant had really thought he had the 15 days' grace. He dismissed the case with a caution. VAGRANCY CASES AND DRUNKNESS. Patrick Hanrahan was sentenced to 14 days imprisonment for wandering in the streets of Carrick-on-Suir at night without

DANGERS OF "WORM FARMING."

Starchy concentrates when fed with spring grass prevent much of the scouring which takes place at this period of the year, but I am convinced that our sheep, cattle and horses would in many cases make far better use of the grass if the system of stocking was so organised that worms (by these I mean internal parasites) were controlled.

Sheep farmers are now agreed that sheep kept on a sound system according to their particular district require far less trough feeding to keep them healthy. I now have plenty of evidence that this applies not only to sheep but to young cattle. There are excellent examples, too, in the worm troubles that occur in young horses in paddocks which have been overstocked with horses.

Because his animals are not making the growth or carrying the condition of those on other farms, the owner naturally assumes that his grass lacks something and is not as high in feeding value, whereas it may be due to internal parasites arising from lack of system in stocking the pastures.

EXTRA FEEDING WASTED. The farmer often feeds concentrated foods in an endeavour to maintain the condition of the animals. The longer the animals stay in the field—the greater is the number of worm eggs passed out in their dung to hatch out and be picked up again by the animals which are susceptible to them.

Thus, instead of getting at the root of the trouble, the extra feeding, maintaining them there for a longer period, lays up more trouble for the future. This can truly be called worm farming and not stock farming, because concentrates are maintaining the animals in a sufficiently good condition for the worms to be passed out in the dung which will grow more grass to feed more stock to get more worms, and thus they will require still more concentrates, unless medicinal treatment is given and reorganisation of the stocking takes place.

Perhaps the reason for many upland farms being recognised as healthy stock farms is because, the soil being poor, the head of stock carries is low. If the stock are ranging the whole farm during the course of either a season or a number of years, the land and the live stock are more likely to remain healthy.

Any field which is used too much for any one class of animal will eventually become tainted and sick of that particular kind of stock, especially if they are youngsters; in other words, if worm farming has started.

I have often emphasised the importance of clean ground for sheep. I have obtained considerable evidence that clean ground is equally important for young cattle, particularly for those up to about twelve months old.

Some men who keep young stores on clean land, find that their young cattle can summer out satisfactorily without concentrated feeding stuffs on what would be termed healthy stock pastures. How much of the cake that is fed to this class of cattle during the summer on contaminated land goes to feed the worms or counteract the effect of the worms is difficult to assess.

With good farm organisation, systematic grazing and the aid of suitable medicines, full use can be made of the grass to the benefit of both the farmer and the stock.

visible means of subsistence. The Justice said he had let the defendant off with a caution at last court but he had not caught him a lesson.

Sergt. Duffley prosecuted James Brady for drunkenness and disorderly conduct and for breaking a panel in the door of the house of Mr. Bourke, Lough Street.

Sergeant Duffley said the defendant was a very troublesome blackguard. Defendant asked the Justice to let him off this time. He had come to Carrick to the hurling match and was singing to raise the price of the bus to Kilkenny to get to Dublin.

Sergt. Duffley—His conduct was very bad here yesterday. He is a low blackguard and uses very bad language. Justice—I let you off in Waterford on Saturday last. You will go to jail for a month on this charge.

Sergeant Duffley summoned Bridget Power, Carrickbeg, for drunkenness and disorderly conduct. The Sergeant said defendant was a great nuisance when she was drunk in the streets. She had been convicted for drunkenness on a number of occasions. A term in jail would do her good.

Defendant was fined £1 or 14 days imprisonment. In a case in which Guard Hickey, School Attendance Officer, summoned Denis Cullinan for not sending his son to school, defendant said his son had been in hospital for eye-treatment. One of his eyes is twelve points short. He can read the English but cannot read the dots over the letters in Irish and gets into trouble in school (laughter). Defendant offered to produce the boy in court.

Justice—Do not bother. I am not an eye-specialist. Pay 2s. 6d. fine and send the boy to school. Defendant—Sure they won't leave him in the school; they turned him out. Guard Hickey—That is not so. Another defendant in a school case said his son suffered from ring-worm. He had him in court and could show the ring-worm. Justice—Do not mind. I am not a doctor. Fined 2s. ROAD OBSTRUCTION. Guard Bennett summoned Wm. Ennis, James Power, Maura Pheon and Richard Grace for having obstructed the roadway at Ballinura by placing quantities of timber on the road. Defendants are carters who cart timber to Carrick. They were fined 2s. 6d. each.
