MUSEUM FOR YOUGHAL.

Mr. J. C. Condon waited on the Council ask for their support and co-operation in connection with the project initiated by him for a museum for the town. Some years ago it had been suggested to purchase Raleigh House, which could now be got

cheaply at the time for the purpose. A number of persons from Cork and elsewhere had approached him on the subject. He pointed out what had been done at Kinsale where they had a museum in connection with the newly built Technical School. Members of the Cork Historical and Archeological Society had asked him to go ahead with the project. He didn't ask them to expend any money, and he would be satisfied with a promise of their sympathy and co-operation. Youghal was a noted historic town with many old monuments and memories and if only a portion of their relics could be collected and put into a suitable place it would be a great addition to their attraction as a tourist resort. He had already received a number of articles from various sources, including a pair of old pistois used in 1730 by a former Mayor of Youghal-a predecessor of their chairman, who would hardly require them (laughter). He had also received promises of interesting articles from Mr. W. Verlin, solr,, and others. The President spoke in Irish throughout. Mr. Justice Conor Maguire, President of the High Court, and Chairman of the Central Council of the Irish Red Cross Society who received the ambulances on behalf of the Society, said that the presentation was but proof of the President's deep interest in the Society and its work. To a fully trained corps of a County Dublin division had fallen the honour of taking over the ambulances. The Executive Committee, however, felt that it was in accordance with the President's wishes that these six ambulances should be distributed as widely O'Ryan; Lismore, Messrs. J. KNOCKANORE NOTES

THE FINAL OF THE WEST-KNOCKANORE, 3-1; BRICKEY

RANGERS, 1-4. Knockanore surpassed the highest hopes of all local Gaels and followers on last Sunday week when they defeated a powerful Brickey combination for the final of the West. More than usual interest was displayed in the match, and even to the remote venue of Aglish, where, notwithstanding the Gaelic spirit is strong, crowds surged in, long before the appointed time. Except for a heavy shower towards the end ideal weather conditions prevailed, but the sed was sluggish and the ball slippery.

As the teams marched behind the band they held the constant gaze of the spectators. Both teams were of fine physique and an easy victory for any side seemed impossible. Knockanore, though a strong team had little experience and less training. The Brickeys had built up a reputation on pitch and paper which might have discouraged less spirited opponents, having wiped away all previous junior opposition. they were trained to the knocker and their draw with the Kilrossanty seniors (at full strength) in a practice match was the topic of the day. For the majority of the crowd | they were "smilers" for the hour and they had a rosy chance of the junior football championship for 1940. They were a good

team but they met a better one. At 4 o'clock Declar Sullivan (Dungarvan), released one of the grandest football contests of the year.

THE GAME OF GAMES. Rev. Father Tobin. C.C., Giendine,

threw in the ball. Knockanore having won the toss played with the incline. The Brickeys broke quickly away but the opposing back-line was early on its guard. Play returned to centre-field where two Brickeys concentrated on the falling ball. Power, in an effort to attack sent over the line. The throw-in sent Knockanore attacking. P. Barry, Donovan, Hynes and As pladad apread so mean to seipead; Murray raced for the goal mouth but a a wide resulted. Stephen Hickey, the Di bpit is túc, ip neapc 'n-a séasaid, veteran Brickey Ranger full back sent well up the field. Tom O Neill and Power brok the fall and Hackett (unmarked) sent his forwards attacking. The Knockanore backs began to assert themselves with a series of lengthy clearances. Mick Neville hampered by an injured knee outclassed a fast opponent and bore the brunt of many O'Aipineocamn teoca rior poin ta dangerous attacks. J. Neville, J. Moloney and P. Barry were fast, fresh and active on the ground. "Doolan," the hero of many icaipear painsing rionn, bein an rtos a grim struggle was not found wanting. But "fouls" were common and the frequent sounding of the whistle annoyed the inon the 40 yards' mark was taken by M. Donnelly who skimmed the crossbar for the opening point, a first deep breath for the Brickey supporters. Yet another attack ing field and clear well. Revins got possession and drove to P. Kelly who drove to Hynes. Hynes took a shot but was just wide of the uprights. Play moved to centre field where John Michael O'Neill, T. O'Neill, Barry and Donovan combined to secure the ball. J. O'Neill drove to Murray who sent the ball over the bar for his team's first point. Knockanore had

From this on, except for a false shot now and then, the game reached the standard of senior football. The pace was a killer and there was no flinching. The ball moved quickly from end to end of the pitch and there was no dull moment as drive counter-balanced drive and score counter-balanced score. A few of the Brickey players, steeled by inter-county experience were extra fast but at close play Knockanore were always the champions. The half time whistle saw the teams level at 4 points each.

OLD SOLDIERS NEVER DIE.

The second half was a treat which will not easily be forgotten. There are times when a few players have figured much in the success of their team but this was one where every player was called upon for his last ounce and he gave it. It was a battle of giants. Knockanore playing against the hill seemed to have a small chance. Play became hotter and rougher. Luck seemed to be against the blue and ambers as free after free was given against them but the fought the battle of their lives. A good shot by Donnelly, however, procured the wide margin of a goal for the Brickey Rangers, which was scored by W. Fennell. There was great exultation in the Brickey lines, hats, coats and hankerchiefs were high in air. But, as a Brickey correspondent rightly observed Knockanore are not beaten until the final whistle. "Doolan" sent a long drive to Revins who transferred to Cunningham, and the latter led a movement which raised the green flag. The teams were level once more. For at least ten minutes the contest was hectic and fast with little advantage to either side. Knockanore were the chief attackers and the Brickeys began to fade from the several wides and it looked as though ill

kept on attacking. Mick Neville now sent well up the field a high ball into the danger zone. Cunningham landed with the ball and crossed to Hynes who was fouled B. O'Keeffe, Tourtane House, Lismore, close in. There was yet another chance. Donovan shouted to his men for one more Centred well, Patz Kelly flung himself out to meet it, and dashing clear for an opening of the day. The team which held Kilros-

Dungarvan, 3-9; St. Stephens, 2-6. brilliant hurling was witnessed, was the know their opponents' measure by now. It outcome of the meeting of Dungarvan and must be remembered that in 1937, when St. Stephens (Waterford) senior hurling Limerick were supreme in the hurling selections at the Waterford Sportsfield on world, and Waterford were only just Sunday last. The game attracted a crowd gathering their forces, the latter were of 2.000, the gate receipts being returned barely beaten in the last two minutes at at £36 odd. The City team, a splendid | Clonmel, in the first round of the championbunch of evenly balanced players, and ship. Two serious reverses, one the inability of Paddy Dalton, owing to a dragged muscle to turn out and the loss of Paddy Daly, who sustained accidental but severe head injury in the first minute of the game, did not in any way upset the morale of the "Blues." The game which was handled in brillian fashion by Mr. J. Ormonde, N.T., Kilmac thomas, Hon. Treasurer, County Board, was a cracker from the start. The injury to Daly in the first minute necessitated a reshuffle in the Dungarvan team, Jimmy Goode going from left full-forward to centre back, the left-full position being taken by Kirwan who came on as sub. Lack of proper cohesion in the Dungarvan full line of attack lost them many scoring chances in the first quarter. A big im- J. These changes proved the turning point of the game in favour of the "Blues" for, although they did not bring any immediate results, the undoubted superiority of Goode and Moylan at centre field and their co-operation with Barron on the right flank and Joe Foley on the left saw ball after ball being sent to the square or over the bar until the superb defence of the Stephens had to admit defeat. These three in particular never put a "foot wrong" during this gruelling test. The best score of the day was that by the Dungarvan right corner forward, Michael Fraher, when he fairly flew through space to tap into the net off O'Grady's blade. DANCE LICENCES. Mr. Hodnett applied on behalf of Mr. M. H. Walsh, town clerk, for a renewal of the dance licence for the Town Hall on the same terms as previously.

The application was granted. Mr. Keane made a like application on behalf of Mr. R. W. Atkins for the Strand Palace same as before, and it was granted. This was the annual licensing sessions. Inspector Carroll said there was no objection to the licensing certificates' renewal, publicans' certificates, and all were signed. There were a number of applications for renewal of exemption orders and whole-

sale beer dealers' licences, which were all Mr. F. McCarthy-Morrogh, B.L. (instructed by Mr. A. Healy, solicitor, Cork) applied on behalf of Timothy Guill, Main St., Midleton, for the renewal of a publican's licence which had been objected to at Midleton District Court, on the grounds that certain formalities had not been complied with. This was not the applicant's fault, as owing to certain delays for which

he wasn't responsible. Everything was now in order. Evidence having been given corroborating this statement. Inspector Carroll said that in view of the

facts put before the Court, he would withdraw the objection. The application was granted.

ASSAULT CASES. There were four cases of assault between two families-tinsmiths named Hagan, of Cork Hill and Gallaher's Terrace.

Mr. Keane appeared for plaintiffs and Mr. Macnamara for defendants. After a protracted hearing of directly contradictory evidence, Hannah Hagan was

POSITION OF CATHOLICS IN THE NORTH

A Protestant View.

"Because he is a Catholic he has been turned down for a number of jobs for which he has applied."

This is a passage from a report by the National Council of the Irish Union of Six Counties.

The report, which is based on investiga-Ballymoyer, County Down, this summer,

"With the instruments of propaganda of urgent importance that the refusal by many to employ Catholic boys should be discouraged. It may be that the form in which it is often stated, the cry of 'dis-An application was made for a grant of crimination against Catholics' is ill-founded; but it is a powerful fact that the vast majority of boys attending the Juvenile

Instruction Centre are Catholics. "The evidence of quite good boys who have been constantly looking for jobs and who have failed to get them in works where it, suggestive. We continue to neglect this There was no objection and the applica- problem at our peril. One wonders if it is

WORK OF WATERFORD RED CROSS BRANCH

It was ascertained from enquiries made to Mr. R. I. Gallagher, B.D.S., N.U.I., Secretary of the County Waterford Branch of the Irish Red Cross Society, that nearly 600 evacuees have already passed through the hands of the Waterford City Branch of the Irish Red Cross Society. This meant that approximately 1,200 meals have been so

TALLOW NOTES

APPLE GRADING STATION.

Extra good progress is being made at the apple grading station recently established at Tallow. The newly recruited staff have responded in a remarkable manner to the training they have had from the officer in charge and have become adepts in the work of grading and packing the large supplies of apples received daily from the various growers, in specially constructed boxes supplied to them. When graded, the apples are put up in similar boxes, which are lined papers, and following inspection of the con-On Thursday, 28th ult., 18 women and tents, the boxes are expeditiously closed 21 children were received and 78 meals and marked according to quality.
