### SUNDAY'S L.S.F. PARADE AT WATERFORD. STRIKING SPECTACLE. GATHERING ADDRESSED BY AN TAOISEACH AND GENERAL MULCAHY.

His Worship the Mayor, who presided, addressing the huge gathering congregated in the Courthouse grounds said:—  
"My first duty here to-day is to congratulate An Taoiseach and to welcome him to Waterford. I include in that welcome the General Mulcahy, and the distinguished visitors who are with us to-day. On that of the organisers and on my own behalf, I bid them a Cord Mille Failte to our city.  
"My second duty," the Mayor proceeded, "is to congratulate the Local Security Force, the Irish Red Cross workers, and the Ambulance Unit, for their magnificent display to-day.  
"I would like to say," said the Mayor, "that while the war is a horrible thing, it has served a useful purpose in our own country, by bringing into existence this magnificent organisation that we have seen here to-day. I think that the spirit that prevails here to-day is a somewhat similar to that spirit that prevailed at the defeat of conscription in 1918."  
Proceeding, His Worship said that he hoped that spirit would continue to prevail. It was by unity, cohesion and by Christian virtue that they were to make progress. He was not there for the purpose of making a speech, but they would hear what An Taoiseach and General Mulcahy had to say, as they were the two speakers for the day.

**MAYOR'S TRIBUTE TO L.S.F.**  
"I will say," concluded the Mayor, "that as you passed the saluting base to-day, I felt proud of you; I felt proud of your fine turn out, your manly bearing, your fine physique, the splendid order and discipline that you maintained.  
"I have now the pleasure of calling on the Chief, Eamon de Valera, to address you."  
Mr. de Valera after having first spoken briefly in Irish said:—  
"I congratulate you on the work you have done since the Local Security Force was established. It is clear from what we saw to-day that you have not been wasting your time, that you have used the moments that were given to you for training. But the real training is now about to begin and you will have to be far more attentive to your work in the future than you have been in the past. What we have seen makes it clear that the people of this city and county are aware of the dangerous times in which we live. A large number has responded to the call which went up when the danger began to threaten, but we want more.  
"We cannot be satisfied until we have in the 'A' Group of the Local Security Force, every young man in the country, who is not permanently with the colours, serving whole-time with the Regular Forces. We must have every young man, between, let us say, 20 to 35 years of age in the 'A' Group."

There was scarcely any reason, said An Taoiseach, why any young man between these ages, who for one reason or another was not serving with the permanent forces should not serve with the L.S.F. He had said many times that it was in the nature of things that the young men should be at least soldiers—best able to stand the fatigue of military service, of active service, best able to learn the various things that have to be learned by soldiers.  
"The older men," proceeded Mr. de Valera, "have other work to do. There was plenty of work to be done by those who were not actually bearing arms. The 'B' Section of the L.S.F. was meant for those who were not able actively to bear arms but who were still in good vigorous health.  
"The A.R.P. services were all there to give to all the people an opportunity of serving in their own way. In a city like this attention had to be paid to A.R.P. services. He did not think it was necessary to say these services were of more importance than the services which would be rendered by the 'B' services of the L.S.F. The 'B' Section would, in the country areas, be largely able to do the work which the A.R.P. services do in the cities. In the cities the A.R.P. services had to take precedence over the work that was being done by the 'B' Group.  
"I hope," said An Taoiseach, "that you

will remember this here in Waterford and that we shall see from this on that these services get special attention."  
Mr. de Valera said that he noticed that they had organised a portion of them in advance of the Red Cross services—the casualty services. These were of exceptional value, and it should be a matter of satisfaction for the women that they were able to serve their country at a time like this equally with the men.  
"Apart altogether from the military aspect," said Mr. de Valera, "there is the economic aspect of this war. Although we are not actually at war, we are in constant danger and we shall, in fact, even though not in war—we shall suffer many evils which follow here. Our social life, in as much as it depends upon articles which are imported, is bound to be affected. We are almost certain to have a considerable amount of unemployment due to the fact that our industries cannot function as they have functioned. But the organisation of our people will enable us to meet these difficulties and overcome these evils. They must be overcome by care on our part—by care on the part of every individual."  
"Our food supplies," said Mr. de Valera, "the fundamental thing to be safe-guarded, can be made safe if the farmers of the country grow the necessary crops. Wheat, particularly, ought to be grown this spring, far more than has been grown up to the present. Every holder, even of a small plot, can grow enough for himself and his family, and the whole meal if you have it—well, it will certainly keep the wolf from the door. You have also to make sure of growing the necessary feeding for our cattle. Oats, barley, potatoes ought to be grown far more extensively than they have been grown up to the present. It is our own fault if we should be short in food supplies—the necessary supplies."  
Continuing, Mr. de Valera said that there were certain things they might be short of, and it might be a hardship to be short of them, but they could get on without them and live comfortably without them. But if our own people failed in this time to grow the necessary crops, then would be lacking not merely the desirable but the necessary things.  
The history of this city, Mr. de Valera went on, should remind them how much easier it was to let the stranger in than to get him out again. They who were armed there—the L.S.F.—they were the guarantee in every part of the country that any invader would be immediately met. They might even be in action before the Army, the regular and permanent forces, were in action. They would have to be the first in the line. He would remind everyone in the L.S.F. that when he becomes a soldier he makes a great renunciation—a renunciation of self in favour of the community as a whole and in favour of his comrades. The soldier promised to make the supreme sacrifice for the cause he was serving.  
No more noble—or very few more noble acts—could there be in human life than the act of a soldier when he swore loyalty and allegiance to the State of which he was a member.  
It was, said An Taoiseach a great act of renunciation as he had said. The soldier gave up the dearest things in life, and promised to give up life itself in the service of his comrades, who with him, had similarly given a promise to give up their lives for the welfare of the community.  
"I see around me," concluded Mr. de Valera, "a large number who have made that sacrifice and I don't think I can do better than to salute you as such."  
At the conclusion of An Taoiseach's address, the Mayor said that it was his pleasure to introduce General Mulcahy. He did not think it was necessary to say this was unnecessary for any Waterford man to be introduced to a Waterford audience.  
After speaking in Irish for some minutes, General Mulcahy opened his address by referring to the Roman Senator, Cato, who, he said, had told the Romans that arms were of no use unless there was virtue to support them. The message of Thomas Francis Meagher, in his famous speech in Conciliation Hall, had been that virtue by itself had to be supported by arms. One was an old Roman patriot, and the other a young man of 23, educated in the Christian tradition, but there was no discrepancy in what they had to say. They, now, in the defence of their liberty had called the young men of the country to arms. But the

weapon was not the thing that mattered so much as for what it was raised and used. They had been asked to protect, to guard, and in dedicating themselves to that purpose, they had made a declaration of faith, that there was something for which they were prepared to die, on the battlefield.  
When Thomas Francis Meagher had gone into Conciliation Hall to make his speech he had said he came there that day to reap the Union and he came for nothing else. "God," he had said, "gave me a mind of my own. It is not to be mortgaged to any man or group of men." There was no free Irish man or woman to-day, standing as a free man in the Irish State, who would claim less for themselves or for their neighbours than that God gave them minds that were their own, to use and not to surrender.  
Continuing, the General said that they wanted to bring inside all the national institutions, all the thoughts of their minds as free individual men to have them moulded there together with the minds and opinion of neighbours, so that the greatest possible raised voice of Irish intelligence. When they bound themselves together to-day as soldiers, under local leaders, they realized that they were binding themselves into an institution that would be part of the army, and that as such they would stand loyal and disciplined, to fight if necessary until death, if a military danger came around them. But as Irish citizens and Christians they should realize that there was another battleground—the battleground of the mind, where virtue fights over evil, in their national, their private and public affairs. They should be prepared to battle in their minds, to make their stand there, because unless they had a conception of what they were defending with their rifles, the day of battle would fade behind the sights of the rifles, and the rifles would fall out of their hands. No problem was properly looked at behind the sights of a rifle. As a matter of fact, the muzzle of a rifle raised more problems to be dealt with than anyone could think of.  
Proceeding, General Mulcahy said they had an example of this in Europe to-day, as a result of the thirty years of mistakes of statesmen. The muzzles of rifles and guns were making worse and magnifying these problems, with such a result that the problems of to-morrow would be greater even than the problems of to-day. They should, then, see to it that when they took rifles in their hands they would build up individually and in those around them the Irish virtues that had been dedicated to

Irish life, and the freedom to dedicate these things to Irish life was the thing they had to defend with their rifles.  
"This," said General Mulcahy, is a stirring time for the life of the country. They had seen through an amount of disturbance and disillusion, and now when they saw the horrors that were in Europe, and when they felt the possibility of danger outside they had gathered themselves together. Please God, the danger would not come, but the very thought that it might come had given this spirit that was here to-day. They should realize and seize upon the opportunity which the Volunteer Army afforded them and to realise that upon them depended much of Ireland's future, because they, divided in many ways and over many things in the past, held out their hands together to-day to give their best work for Ireland. They had shown that that could be done. The L.S.F. had brought men together, prepared to do all for their country. They would find that that would react like magic on the rest of the country and that they would be the pioneers and the leaders in a movement that would spread, and might be the development of public virtue and cause a resurrection of the energies that had been perhaps wasted in the past.  
The cause of Ireland, said General Mulcahy, was a cause that could not be beaten. The development of the greatness of its future might be injured, but a country that had lived through what we had lived through could not be lost. The L.S.F. in particular were its champions to-day. They should remember that they were their neighbour's keeper and if that fact was remembered it would be easier for the neighbours to help them.  
He appealed to them to strengthen the nation in its spirit and public virtue, so that perhaps without the aid of arms at all, they might be able to keep from them the terrors that were ravaging Europe to-day, and that they prayed God they might be spared from experiencing in this country of Ireland.  
His Worship the Mayor thanked An Taoiseach and General Mulcahy for the address they had given that evening. He was sure that the L.S.F. would take their words and advice to heart.  
Taking the salute with Mr. de Valera at the saluting base included—Mr. P. J. Little, T.D., Minister for Posts and Telegraphs; Senator Sean Gibbons, Cathaoirleach of an Seanad; Mrs. B. Redmond, T.D.; Mr. W. J. Sroederick, T.D.; Aid. J. Pattison, T.D.; Senator Sean Goulding; Senator J. Butler, Von. Archdeacon Kelleher, P.P.; V.P.; Dr. M. J. Maughan, M.O.H.; Dr. V. J. ### LISMORE NOTES

**R.I.P.**  
We regret to announce the death of Mr. Gregory Murphy, late of New Street, Lismore, which sad event occurred at the District Hospital, Lismore on Thursday, November 28th, after a protracted illness. The remains were removed to St. Carthages Cathedral on Thursday evening, and was followed by a large and representative crowd. On Saturday afternoon the funeral proceeded to the Parish cemetery where the interment took place. Rev. Fr. Murphy, C.C., performed the funeral obsequies.

**CONDOLENCE.**  
The townspeople extend their heartfelt sympathy to Mr. and Mrs. Patrick O'Donnell of Chapel Street, Lismore, on their recent sad bereavement occasioned by the death of their six-years-old daughter, Kathleen.

**HALT! COME TO THE DANCE.**  
Don't forget to reserve next Sunday night, 8th December, for the big all-night dance to be held in the Town Hall, Lismore, under the auspices of the Local Security Force. TAs should prove to be a most enjoyable function as the services of the Lismore Nightingale Orchestra (specially augmented) has been secured. Come along and dance your 'blues' away.

**ST. CARTHAGES MINOR H. & F. CLUB.**  
The annual general meeting of the above club was held in the Manual Room, Lismore on Monday, December 2nd, and a large number of youthful Gaels were present. The secretary's and treasurer's reports were indeed very satisfactory and it is delightful to record that this club have built up a reputation of which it may be justly proud. The chairman, Michael O'Donachada, congratulated the teams on fine achievements in the 1940 championships. The hurlers won the western divisional final but were harshly treated in the subsequent objection. The football team were beaten by a narrow margin in the county final but have shown that the necessary talent is available and with sufficient training there is no doubt that they can capture the 1941 football title. The election of officers for the coming year then took place. Rev. Bro. Duggan of the Collegiate Schools, an old Gael who has helped the boys in every possible way was unanimously re-elected President. Michael O'Donachada was again given the proud honour of chairman. Eamonn Lynch was elected Secretary, a position he has unopposedly held for the last 4 years; vice-chairman, Garda Seamus Byrne; joint treasurers: Frank McCarthy and Sean Willoughby; the committee: Joe Duggan, Diarmuid Forde, Sean Sullivan and Michl. Ryan.  
This new committee are going to make an effort to foster the national pastime

### Dungarvan G.A.A. Notes.

In case there are a few people who don't know what is on at Portlaw on Sunday next I might mention that Dungarvan meet Mount Sion in the replay of the senior hurling County final of 1940. I am prompted to give this information by the fact that I overheard one townsman during the week asking the question when inquiries were made as to whether he would take a seat in the Club bus. He can't have been reading my notes for the past few weeks. That reminds me that I owe an apology to some of the boys for suggesting to their girl friends that they should get them to take them to Portlaw. Don't you know Mick that women have got the vote and the jobs now and the least they can't do is pay for their own seats. Does that alter the case?  
I had hoped to be able to give the very latest about our line-out but the Club censor has been on the job and put his blue pencil through a lot I had written. I can't even tell you the club colours for Sunday. I give a strong tip for green and white of the D.L.C. but it is not yet final. The selection will be something on the lines of the Lismore line-out but even here a hush-hush policy has been adopted. One little thing I can say is that everyone on the selection is fit and eager for the match. If we lose it won't be far want of a full selection. The Committee or at least half of them went into details on Wednesday evening. They seem to have covered all the ground. There was even a discussion on the best "bottle" for half time. The advice of a famous Tippi, trainer was accepted so look out for that fighting finish. If things turn out as expected the last half will be the hardest for Mount Sion. One little detail, was I believe overlooked. To each player on the selection I say—See to your boots. Get pegs put in if they are needed. It's the little things that count and a slip can lose a game.  
The Captain of the team when questioned as regards the result just smiled and tightened his grip on the hurley. I take it that this means everyone is to go all-out. I like the remark of another player when asked about the match—"Remember the County Board are only giving 16 medals so the selectors should number their first three subs." That seems definite. Well I hope so but don't forget Mount Sion are thinking of the selectors. My advice is to go into it with the opinion that Mount Sion will win unless you play like you never played before. Don't be fooled by your supporters. They may cheer you but if you under-estimate your opponent you will lose. Pull on the ball and get rid of it. Fancy work will get you nowhere. Mount Sion can beat you at this any day and you will be playing their game.  
I gave some general advice to the team before the Lismore match. In brief this was it. Backs play the man. See to it that you do not get more than one yard from you. Let the ball go to your goalman and catch the forward play the man. See to it that you move forward at a mile-a-minute rush. If you miss him its a goal against you. Make sure you keep him off whatever happens and above all don't lift the ball unless you are quite sure you can get away with it. Centre field men—if you are the better player play an open game, if not hold and beat them up. Forwards—open out and try to use your speed. Pass sooner than try for a long shot. Corner forwards—keep the ball from going over the end line. Free will be taken by appointed men only.  
The Club bus leaves at 1 p.m. (S.T.). Those who are travelling will get a ticket. Admission to bus will be by ticket only. All buses return at not later than 7 p.m. (S.T.). If you have not booked a seat send in your name and cash (2s.) at once to any Committee man. Girls! Make him pay. It's the least he could do to take you to Portlaw. If you are not a hurling fan you will be able to keep an eye on him. We are going all out to win. It's going to be a great final. Be there to shout for your side. We ask your support from the side-line. Don't fall out. Wet or fine the games goes on. Dungarvan Abou—

### Death of Mr. A. Flannagan, Rockfield, Cappagh.

It is with deep regret we record the death of the above highly esteemed resident of the Cappagh area, which took place at the District Hospital, Dungarvan, on Wednesday last at the early age of 77 years.  
Of a quiet and genial disposition the deceased was a general favourite with all whose pleasure it was to have known him and who now mourn his loss. To his bereaved parents and the other members of his respected family deep sympathy is extended in their loss.  
Despite the very inclement weather there was a large and representative cortege of mourners at the removal of the remains to Moddegoe Parish Church on Thursday evening. The burial takes place to-day (Friday) after the celebration of Requiem Masses.  
amongst the youth of the town and in view it was decided to run an inter-estate league for a set of trophies. In this way they hope to mould a team which will in 1941 recapture the minor hurling laurels.

### GOOD DISPLAY.

Mick Regan once again exhibited his skill and prowess on Sunday last in the league match, Cork v. Waterford. Joe Duggan, St. Carthage's star minor player, and who led the Lismore junior fifteen to victory in the 1940 hurling final, made his debut in the senior ranks on Sunday. Playing in the left wing forward position, he won two plaudits of the spectators by his brilliant performance, and by his clever tactics he bagged a goal and a point. Lismore may well be proud of two such stalwarts.

## GREAT HURLING FINAL REPLAY AT PORTLAW, SUNDAY, 8th DEC. DUNGARVAN v. MT. SION

At 3.15 p.m. (S.T.) - Referee R. Galvin. - Admission One Shilling.

DUNGARVAN L.S.F. NOTES

Well indeed might the Dungarvan District feel proud of their L.S.F. Groups for on Sunday last at Waterford they proved by their military bearing that they were second to none in their training.

The District O/C (Mr. J. Mansfield) who lead the Groups was accompanied by Assistant District O/C M. Shalloe and District Officers M. Keane, B.E., E. J. Keyes, Donal Lynch, Joseph Power and R. A. Reddy, and as they stepped out to the martial strains of No. 3 Army Band they presented an impressive command staff as passed the platform on which were gathered so many distinguished visitors and citizens of Waterford.

Group Leader M. Morrissey lead the Dungarvan Group and had by his side his Assistant (Mr. J. Fraher), and as this Group swung into line the clear and precise command orders could be heard ringing clearly throughout the route of the parade.

Section Leaders J. Cody, M. Cummins, Liam Lanigan and J. Tobin got their sections to respond to the command orders with the precision that only well trained and expert instructors could do with the aid of their able Assistants Messrs. A. Moloney, C. J. Murphy, Patk. Cullinan and J. Lyons.

Ardmore, Clashmore, Cappagh and Leamybrien sent very creditable representatives under Leaders J. Prendergast, J. Donovan, J. Flynn and J. Blevins to whom well-earned recognition is given for the smart appearance of their respective groups. It was evident that very good use had been made by these Groups of the short time available for training and they must have returned to their respective Districts proud in the knowledge that their men were a credit to them.

Section "B" made a proud show too as they stepped smartly into line when rounding off the Quay into the Mall and the determined look on every face as they passed the Saluting Base showed how truly well this Section is being organised and trained under Leader D. Power, Assistant Leader T. Maher and Section Leaders Paddy Power, Jack Tobin and Patk. Reinehan. Leader T. Phelan led the Ring Section. The commands were given and responded to in a manner of which many an old soldier might justly feel proud.

The ladies of the Dungarvan Red Cross Branch presented a colourful sight as they passed An Taoiseach, and their steady tread showed that they were on no account to be outdone by their townsmen in the rhythm of their march and arm swing. Miss C. Flynn, B.A., Hon. Sec. to the Branch led the local representatives and much praise was given to their smart and regular formation throughout the march.

When interviewed after the parade District O/C J. Mansfield expressed himself as extremely proud to have led such a fine turn out from Dungarvan District and paid tribute to the soldierly appearance and conduct of the members while in Waterford.

Last week District Officers J. Mansfield, M. Keane and E. J. Keyes visited Leamybrien Group at their parade Hall and discussed with the local leaders their activities in times of emergency. Leader J. Blevins is in charge of this Group and judging from their smart appearance in parade the safety of this locality appears to be in good hands. An important aspect of drill exercise is certainly not overlooked.

HYGIENE IN THE HOME.

The problem of preventing infection during sleep has long occupied the attention of the scientific and medical world. It is a known fact that germs of colds, influenza and other ills remain in ordinary mattresses to propagate and re-infect. Second-hand restored mattresses are serious carriers of disease, and so important is this matter that in the U.S.A. the sale of second-hand bedding is prohibited by law. Not until the invention of the Sanitized process was sleep made utterly safe. This process, which was discovered after prolonged scientific research, is now incorporated in the O'Dearnest Sanitized Mattresses. It renders them, in addition to being supremely comfortable, actively antiseptic, self-sterilizing, odourless and permanently germ-proof. No amount of ordinary shaking, airing, brushing, or dry cleaning can weaken this effect, and continued hygienic cleanliness is consequently ensured. More and more progressive people are replacing their old mattresses with the O'Dearnest Sanitized, and thus enjoy sounder sleep and sounder health. Because this famous mattress is made only from brand-new raw materials, and because it incorporates this revolutionary health feature, sleeping on one is equivalent to having a new mattress, every night. We hold full stocks in every size and colouring. Prices very reasonable.—Harpur Brothers, House Furnishers, Waterford.

by the Leamybrien boys during their weekly parades as they go through physical exercises with the precision of thorough training. In this respect this Group has shown a creditable lead and it is understood that the District Officers will recommend such exercises in the future training of all Groups in the District as the physical fitness of the Force is of the utmost importance.

On to-morrow (Saturday) night, Dec. 7th, at 8 p.m. (Summer Time) the District Officers will attend at the Pike Amusement Hall to recruit the local men into an effective military unit for service in times of emergency and judging from the inquiries already received from this area by the District Adjutant it looks as if a very strong Section will be enrolled. Local men will offer this Section on the vote of its members and help and materials for training purposes will be forthcoming from the Dungarvan L.S.F. and Military at Ballinacourty.

And now for a very important announcement! On Sunday night, December 15th, another event of the season will occur. The third Grand Cinderella Dance under the auspices of the Dungarvan L.S.F. and Local Red Cross will be held at the Town Hall, Dungarvan. Mick Delahunty and his Band have been booked for the occasion and nothing is being left undone by this energetic committee to repeat their recent popular successes. Funds are now urgently required to provide essentials for our local men, especially during these bitter winter months when all night duties are being performed such unselfish zeal by so many ill-equipped members.

All completed cards for our £50-Forty-Five Card Drive are now to be handed in so that arrangements may be completed for the second round shortly. A last minute rush is being experienced by the Hon. Sec. in order to give an opportunity to all to get a chance of the prizes every facility is being given to players but a special appeal is made now to everyone concerned to return cards immediately.

On to-night (Friday) a full attendance of Group A is required at the Town Hall, Dungarvan, as many important matters must be attended to.

KILMACHTOMAS NOTES

POPULAR LOCAL LADY BEHEAVED.

A great wave of sympathy goes out to universally esteemed Mrs. H. M. Ormond, wife of Mr. Sean Ormond, N.T., Kilmactomas, in her sad bereavement occasioned by the death, on the 27th ult., of her mother, Mrs. Nora Hickey, relict of the late Mr. Cornelius J. Hickey, farmer, Cahernabarna, Rathmore, Co. Kerry. Mrs. Hickey's funeral, which took place from her residence to Nohoval cemetery on Friday of last week, was in points of size and representativeness, a fine tribute of public respect to the memory of a lovable type of Catholic Irishwoman, who peacefully and resignedly passed hence, fortified by the rites of her Religion and in the fullness of her years. The Light of Heaven to the gentle soul departed. A number of beautiful floral wreaths and sheaves of spiritual bouquets were laid on the grave by relatives and friends. Deceased's grief-stricken sons and daughters have received numerous messages of condolence.

L.S.F. FLASHES.

The ever-increasing growth of the L.S.F. Security Force in Kilmactomas is a difficult task to do justice to the splendid governing bodies of both Groups. Almost unheard-of, the "B" Group is working untiringly, and the entire Group can turn out at a moment's notice ready for anything. Both the "A" and "B" men were worth the praise bestowed upon them recently by the military. The attendance and punctuality of all meetings and parades could not be perfect. Supt. P. Creane, G.S., Tramore; Sergt. Herly, Kilmactomas and Guards Hamilton, Rice and Boyle, do, have given every possible assistance in bringing the Unit to its present high state. A notable feature in our midst is the complete understanding between the L.S.F. and the Red Cross under Dr. P. G. Dooley. The energetic and courteous doctor has spared no effort to help towards complete efficiency in First Aid and has proved an able organizer in this sphere for both organizations. Pleasing to publish that the members of the First Aid Class here, whom he trained and who received their Proficiency Certificates last week (same being graciously presented by the Marchioness of Waterford) at a special meeting, held in the Courthouse, made a handsome presentation to Dr. Dooley as a token of their appreciation of his valuable services. Of a very earnestness and discipline of the men and women of Kilmactomas, it may be said, and they were well to the fore in the month's parade at Waterford on Sunday last which event, incidentally, reflected the patient and skillful instruction and keen appreciation that has been packed into the past few months in the Leamybrien Garda district. The members of the respective Groups are meeting to make a special progress at 10.30 in becoming an efficient defence unit. With their vital tasks in hand, much of the other difficulties have been surmounted. They have real live-irreversible and are being splendidly instructed by Supt. Walsh, Dungarvan and Sergt. Tierney and Guards Paddy Sweeney and Kelly, of the local station. The very energetic and efficient Unit at Stradbally is busy in training. Sergt. Taaffe and Guards Fitzgald, Leahy,

and Twomey, and the officers of Groups A and B are enthusiastic, and much valuable work has already been done, and much valuable experience gained.

Kill and Dunhill Units have shown their fidelity, and assiduously supported by Sergt. Morgan and Guards Nowlan, McGrath and Cole, have set about the tasks which confront them in a manner which leaves little doubt as to their unity of purpose. The activities of the Portlaoise and Kilmeehan Groups, too, are a credit to the respective centres. The financial side is also being taken care of through the organising of social functions by each of the above named units.

GAELIC GARNERINGS.

Patrons of the Waterford-Cork National Hurling League met at Midleton on Sunday last got full value for their money. We confidently expect that the Rebel County combination will conquer the Metropolitan representation in the concluding contest of the competition—coming off early in the New Year. Here's hoping the Central Council will stage the set-to at the Fraher Field, Dungarvan. High time for a Dublin inter-county team of caman wielders to have the honour of figuring in a game on this far famed venue of the Deans. We have it that our Newtown neighbours have lodged an objection to Knockanore (to whom they succumbed last Sunday week in the County Junior Football Final of the current annum) on the grounds that the Irish Rhine-siders' line-out was illegally constituted.

Friends and admirers of the Stradbally Football Club will please bear in mind that the Xmas Drawing (€3 in prizes) under the aegis and in aid of the Club, will be held on Friday, 20th inst., and that (as mentioned in the tickets—on sale at 6d. each—for the function) all blocks and monies must be returned to the Hon. Secretary, Mr. James Whelan, on or before Wednesday of next week.

Portlaoise calling! Portlaoise calling! Portlaoise calling! All lines led to the City's admirably prepared for the Xmas drawing (€3 in prizes) under the aegis and in aid of the Club, will be held on Friday, 20th inst., and that (as mentioned in the tickets—on sale at 6d. each—for the function) all blocks and monies must be returned to the Hon. Secretary, Mr. James Whelan, on or before Wednesday of next week.

At the request of a number of the parishioners, a Novena of Masses for the restoration of peace to the world, will be offered up in St. Anne's Church, Ballinacourty, within the present month.

Widespread sympathy is extended to the widow and daughter, and other immediate relatives of the late Mr. Charles Moore, former Carriganna Stradbally (whose remains were laid to rest in the cemetery plot in Stradbally Protestant Churchyard last week-end, amid many manifestations of profound sorrow).

FELICITATIONS. Felicitations are cordially extended to Miss Agnes Cleary, daughter of Mr. and Mrs. James Cleary (Kerry), Ballinacourty.

 YOU need not be an Expert to realise that a  
 Genuine Overhaul cannot be done on your  
 Car for a few shillings. As a Motorist you  
 would not expect a super performance from a  
 badly worn engine, or trust your life to a ruin  
 salvaged from a junk yard. Yet there ARE  
 Motorists who toy with the idea of saving a  
 pound or two on their Overhaul, the one item  
 concerning which parsimony is unwise to the  
 point of foolishness.

**HECTIC STRUGGLE AT MIDDLETON**  
**Waterford Defeated by Cork.**  
 The Cork senior hurling team (holders) maintained their unbeaten record in Group A of the National Hurling League, when they defeated a strong Waterford side before a large crowd at Middleton on Sunday last by 4-2 to 2-4. Cork thus qualified to meet the winners of Group B (Dublin) in the final of the League.  
 Sunday's display by the Cork players, though good, was far from being as impressive as that against Kilkenny in their previous tie. Their form and the manner in which the team acquitted itself in the League is, however, bound to make the holders warm favourites for adding another League victory to their record, but their many followers, who include shrewd judges, look to this Cork team to go further and to bring an All-Ireland championship to the Southern capital within the next 12 months. They have proved their ability to do so, but so far luck has been against them.  
 The Cork team on Sunday were again without the services of J. Quirk, the most versatile member of the team and one of Cork's representatives for a number of years past in the Munster selection (Railway Cup). W. Campbell, who was unable to play against Kilkenny, returned to his place instead of E. Young, who came on as substitute in the Kilkenny game. Except for this change, it was the same team as lined out against Kilkenny. About seven minutes from the end, P. O'Donovan, who has recently been showing a fine return to form, was injured, and retired. J. Lynch, who was captain of the team in the Munster championship, and who has been on the injured list since his team won the county final, came on as a substitute, this being his first appearance in the League this season. He received a great ovation as he took the field.  
 On the Waterford team there were three changes from their Munster championship side, and the fact that the team drew and was only beaten by two points in the replay by the All-Ireland champions, was sufficient to stamp it as a first-class team and a danger to the best. The newcomers on the team on Sunday are likely to maintain their places when the championship comes round, and Waterford will then have to be taken into serious reckoning by other counties. The fact that they did not score any point in the League is inclined to give a very wrong impression of what is undoubtedly a very fine team—a team which, with a little better understanding amongst the players, is capable of upsetting the best team in the country.  
**CORK'S GOOD LEAD.**  
 The Cork team was strongly fancied to win Sunday's match, and though they gave a facile display, they had to withstand a strong challenge in the closing stages by the Decies forwards. The Cork forwards missed several chances in the opening clashes of the game, and eight minutes elapsed before Ryan opened the scoring with a goal. Three minutes later Beckett added a second goal for Cork. The home forwards found a rare handful in John Keane, who played his usual sound game at centre-half back, and though they forced two 70s, the home side failed to turn the account. From a free the Waterford forwards got going, Barron opening their tally with a grand point after 19 minutes' play. The delivery was continued and Brennan rangled through a great goal. Waterford bailed and O'Regan doubled a dropping ball to add Waterford's second point. Some fine play was witnessed around centre field in which C. Buckley and Barrett shone for Cork, while Hickey did very effective work for Waterford. O'Grady was kept well in the alert and brought off some magnificent saves before Waterford forwards, following a free, laid siege to the Cork posts. Duggan eventually scoring a neat point. Cork forced two 70s, from the second of which Barrett drove all the way for a grand point. The interval arrived shortly afterwards, when Cork led by 3-1 to 0-3.  
**WATERFORD FIGHT BACK.**  
 Cork forced another 70 on resuming, but Curley, well supported by Mountain and Bluett, drove back the onslaught. Barrett and C. Buckley recovered possession, and in a spirited onslaught Brennan crashed a great ball into the net for a goal. Cork kept up the pressure and forced another 70, which Hickey cleared in great style. O'Regan and Morrissey exchanged places, and the change appeared to be very effective. Thornhill and Buttiner were applauded for two great clearances before Duggan snapped up a loose ball to shoot a splendid goal, ten minutes of this moiety having elapsed. Brennan replied with a point for Cork, and the teams entered the last quarter with Cork leading by 4-2 to 1-3. Waterford now launched a series of onslaughts. Buttiner bringing off one exceptionally fine save before Jacques added a goal. Both sides made desperate efforts to increase their scores, and Buttiner was fortunate to save his net at the expense of a 70. Keane placed with fine precision, and the Cork defence succeeded in effecting a great clearance. O'Donovan, who had been playing a sound game, was injured and retired, Lynch coming on as substitute. The Waterford forwards, aided by Keane and Hickey, both of whom were in the thick of the play, whether it was in defence or in attack, kept the Cork defence busy, and twice Buttiner stopped rapping shots before Hickey added a point to the Waterford tally. A Cork rally, in which Young and Buckley were prominent, led to a 70, but there was no further score in a hectic finish, which maintained interest to the end.  
 Cork—J. Buttiner (goal), W. Murphy, B. Thornhill, P. O'Donovan, W. Campbell, A. Lott, D. J. Buckley, C. Buckley (capt.).

**CONCERT AND COMEDY AT THE PIKE HALL.**  
 To an audience of 250 at the popularly established Pike Hall a grand variety programme of entertainment was provided on Sunday night last, under the auspices of the local Amusement Club. It was a good-humoured, highly appreciated audience generous to an extreme towards everyone of the contributors, which, generally speaking, are traits characteristic of crowded houses. The programme was, perhaps, the most varied that has been submitted to an audience of these parts for a long time, comprising as it did, twenty-five printed items, which were more than doubled by the well-merited encores. Very instrumental and step-dance numbers, with Irish and English renderings, which constituted a crowning feature of the entire entertainment, left no room to grumble at the length of the night's amusement.  
 In the brilliantly lighted spacious hall seating accommodation was ample, and patrons were right comfortably positioned before a tastefully decorated stage.  
 The inimitable local trio of instrumentalists—Messrs. Thomas Quinn (violin), Thomas Norris (do.) and Michael Norris (piano-accordion)—opened with a choice selection of national airs, which won them unstinted plaudits. Jovial Mr. Joe Conner, N.T., Villierstown, a familiar figure on concert platforms throughout the Decies, enhanced his reputation as a capital comedian, and was applauded to the echo for a series of songs and funny stories which tickled his hearers immensely. Miss Rita Mulcahy, of Crough, danced a reel, hornpipe and jig in turn, and also rendered a string of Irish airs on the violin, and firmly established herself as a warm favourite. By the way, this winsome and versatile young artist is a pupil of Mrs. Hallinan, of Knockenower, and has already won many medals step-dancing in open competition. Mr. Mark Kiely, Kilmacthomas, contributed comic songs and recitations with wonted ability, and he had a most enthusiastic reception. Four lovely local ladies, in the persons of the Misses Mary Kiely, Peggy Youdsen, Hanna Murphy and Maureen Barron, danced hornpipes and reels in succession. Their respective efforts were to the proverbial veins of nicely and deservedly applauded. Mr. Thomas Fahey—worthy member of Kilmacthomas's far-famed sporting family of the name—fairly brought down the house by his faultless vocal renditions, "Jimmy Mo Mhille Stór," "Sinbhal a Grath" and "Maidrin Ruadh." Genial John Patrick Walsh, of Mahonbridge, proved exceedingly popular and a singer of marked sweetness and ability. His numbers embraced "Bonny Mary of Argyle," "Mother Machree" and "Believe me of all those endearing young charms." Kilmossanty's exquisite tenor, Mr. John Drohan, who is an old favourite with Pike audiences, was accorded a wonderful welcome. "The Spinning Wheel" and "Silver Threads amongst the Gold" were voiced with captivating sweetness and effect, and it was with considerable reluctance that the assembly let Mr. Drohan free. Mr. Patrick Guiry, of the Pike (who was introduced as the unbeatable goalie of the Kilmossanty senior football team that won out the County Championship in 1919) sung delightfully, and made his exit to the accompaniment of a veritable storm of applause. Monologues given by Seoirse O' Cadhla, Baile Lanen, were well received. Mr. Eddie Moloney, Ardmore, possesses a very pleasing voice, and very effectively sung a number of alluring folk-songs, which gained him rounds upon rounds of applause. Messrs. Quinn and Norris brothers in admirable manner opened the second part of the programme with "Erin's Wreath," and as an encore did full justice to Dr. Larchet's celebrated arrangement of native airs. Incidentally it was the same musicians who played the accompaniments for the step-dancers. Ardmore Dramatic Class presented a cleverly conceived comedy, "Stratagem," a piece packed with funny sayings and situations. It was received in a thoroughly appreciative way, and was generously applauded. The performers, both individually and collectively, acquitted themselves with the utmost credit, their portrayals of their different parts being true to life. Their obvious familiarity with their lines, their excellent diction, the successful acting, and the homely costumes and utensils employed, all contributed to make up a combination that would rank high in the esteem of the true dramatic critic. The characters in the play were as follows:—the Misses Maureen and Kitty Downing, and Messrs. Patrick Mockler, Eddie Moloney and Tommy Moloney.  
 Before the truly topping treat was terminated with the National Anthem, Mr. George C. Kiely (who capably discharged the duties of M.C.), in a brief speech, returned sincere thanks—on behalf of the promoting committee—to the audience and the artistes, expressing an especial word of gratefulness to the Ardmore party for their kindness in coming such a long way to present what was undoubtedly the piece-de-resistance of the full programme.  
 A dance followed, at which approximately 150 couples experienced some few extra equally pleasurable hours.  
 If your gloves have worn out at the toes, cut round the soles with a pair of sharp scissors, then stick the soles on to the soles of your walking boots, using a solution sold for the purpose. You will thus have provided, at no expense, water-proof soles with good wearing qualities.

### SERIOUS WIN-SHORTAGE.

At the latest meeting of the Co. Committee of Agriculture (a full report of which appears elsewhere on this copy), subjects were discussed which were of vital concern to the country—the present serious shortage of heifers and of butter. Unquestionably, the while we continue shipping large consignments of heifers across-Channel, week in, week out, we are, in the words of Mr. Commissioner Moynihan, "building up for England an industry that is going to cut our throats."

Mr. P. R. Power pointed out that the ordinary farmer can only pay £20 for a heifer when the exporter can give £5 more, and the Secretary stated that the question had been raised by the Irish Branch of the Dairy Shorthorn Breeders' Society and they could do nothing. The Chairman attributed the butter-shortage to the shipment of supplies early in the year, combined with the subsequent prolonged period of dry weather.

These are days when constructive ability is needed—ability to see the right course and to make right decisions—and the people will appreciate thoroughness and business-like methods in every sector of the Government service. Therefore, it behooves the department concerned to immediately investigate these

### AN TAOISEACH MEETS BISHOP.

An Taoiseach, Mr. Eamonn de Valera, called on his Lordship, Most Rev. Dr. Jeremiah Kinane, D.D., Bishop of Waterford and Lismore, at the Palace John's Hill, Waterford, on Sunday last.

matters with a view to the imposition of a restriction on exportations—the remedy which Mr. Commissioner Moynihan suggested at the meeting, at which the view was voiced by Mr. Sheridan that "The milk production is gone down owing to the rearing of blacks," a contention also calling for careful consideration on the part of the proper authority.

We congratulate our County Committee of Agriculture in having thus focussed attention on problems of such pre-eminent importance to the people of the whole Twenty-Six Counties to-day.

### DANCING.

The Accordion Dance Band will hold a grand three-day dance in the Town Hall on Sunday night next, 8th inst. The music will be supplied by the talented Accordion Dance Band, augmented by the inclusion of the Scottish Screeners' Band, so that a feast of high-class music is in store for all patrons.

### IRISH RED CROSS SOCIETY.

**Dungarvan Sub-Branch.**  
We have been asked to remind the ladies of the above Branch of the Irish Red Cross Society that as from to-night the Work Depot will, through the kindness of the Authorities, be located at the Technical School and not at the Parochial Schoolhouse as heretofore. Work commences at the usual hour of 8 p.m., when, given a full attendance, it is hoped to complete on Friday night—Miss F. Claxton, Miss H. Claxton, Miss M. Casey, Mrs. M. Cunningham, Miss M. Dee, Miss C. Flynn, Miss N. Foley, Mrs. Going, Mrs. Hill, Miss J. Loney, Mrs. J. Moloney, Mrs. J. H. O'Sullivan, Mrs. J. Power, Mrs. M. Shalloe.

A First Aid meeting, lasting approximately one hour, will be held every Monday night at 8 p.m. (S.T.) until further notice. The object of this weekly meeting is to prevent First Aid knowledge from becoming rusty and all First Aiders who intend to use their services as such, should the necessity arise are asked to attend. Any others interested in First Aid who may wish to attend will, of course, be heartily welcome.

At a meeting of the Dungarvan Branch of the Irish Red Cross Society held on Friday, the 29th November, considerable exception was taken to the manner in which the First Aid Units were asked to parade in Waterford City on Sunday, the 1st Dec., i.e. wearing a Red Cross armband over ordinary attire. The committee expressed the opinion that Units should parade as they were expected to turn out for action should the necessity arise, as they are in white coats and caps and equipped with their First Aid bags. After much discussion on the subject the following resolution proposed by Dr. M. Casey and seconded by Mr. A. W. MacComiskey was adopted:—"That the secretary go in touch with Mr. Gallagher, County Hon. Secretary, by telephone to-morrow morning and inform him that this committee protests against the manner in which the First Aid Units are asked to parade on Sunday. They feel that their First Aid Unit should parade in white coats and bags and, in other words that they should parade as a First Aid Unit should—equipped for action—and as First Aid Units in other counties have paraded. Accordingly they request that he permit our Unit to parade in their white coats and bags and should he not agree that the Committee protest to Dublin against the manner in which the Units are asked to parade."

### THE ORDINARY BUSINESS OF THE MEETING WAS PROCEEDED BY THE 45 DRIVE FOR XMAS HAMPER.

Dungarvan Foot Beagles Club will hold a 45 drive, 27 table, at Egan's Hotel this Friday night at 8 o'clock (S.T.).  
**DUNGARVAN FISH AND RED CROSS SOCIETY.**  
Will hold another of their enjoyable dances in the Town Hall, Dungarvan, on Sunday night, December 15th. For full details see posters.

### A GRAND CONCERT.

Will be held in the Ballinameela National School on to-morrow (Sunday) night, in aid of the funds of the local branch of the L.S.F. A big array of well-known artists will contribute to the varied programme planned out by the energetic committee in charge.

### D.L.C. SOCIAL CLUB'S VARIETY CONCERT.

The arrangements for this concert, now practically complete, and the people who visit the Town Hall on next Wednesday night are assured of three hours of the greatest entertainment. We have heard on all sides during the week, "Delia Murphy is coming to town, isn't it wonderful?" It must be, because nearly every wireless set in Dungarvan was besieged with listeners last Tuesday to hear her sing from Portobello Barracks, Dublin. When she visited Waterford a few weeks ago the demand for tickets was so great that two further performances are being given. Last week we also mentioned Mick Delahanty and his Harmony Band. Mick and his Band will play some new and old melodies during the concert, and Mick himself will give some accordion and saxophone solos. The O'Keefe Brothers on the unsupported chairs are masters of their profession, and their act is certainly the most spectacular ever staged in Dungarvan. Mrs. Rya Fetherstone, whose beautiful voice has on countless occasions held audiences spellbound, will return, after an absence of over a year, to repeat her triumphs of the past. Pe. Johnnie Downes, who made a famous debut in this town recently, will again demonstrate his antics to the audience. Lovers of Irish dancing will be well catered for by the Misses P. Noonan, T. Aherne, O'Donnell, J. Power, and M. Walsh, who have won many awards at contests throughout Waterford. Miss B. Waters, well-known local soprano, who has sung at various places in this and other counties, needs no introduction to the people of Dungarvan. Mrs. Bultin and Miss Sheila Crawley will once again give us a rousing selection of tunes on the piano-accordions. Mr. M. Terry, the local accordionist, will crown some popular numbers. Mr. M. Waters, tenor, and Mr. T. Cronin, baritone, will render some old and new favourites. Mr. J. Drohan, Waterford's golden-voiced tenor, is sure to delight his listeners, while Messrs. T. Sandford and H. O'Brien, two local boys, will also perform. When the Abbesside Boy Scouts take the stage we can expect something very good. Who is Abdullah? Everywhere we went throughout West Waterford during the past week we have heard this question asked. We have also heard many answers to it. The answers are merely guesses, and to know the answer to this question you must come to the Town Hall next Wednesday. "Abdullah" will give his imitations of many film and radio stars, as well as numerous other things. The accompanist will be Miss M. Delaney. A.T.C.L. whose faultless style is well known, and the comper will be the popular Mick Delahanty. Be sure you secure a seat.

### ARMORE RED CROSS.

This very active and well organized branch of the Irish Red Cross continues to make satisfactory progress and is now one of the best units in the country. Any members who desire to sit at the forthcoming first aid examination are requested to give their names to Mrs. M. E. Collins, hon. sec., before Monday, December 16th.

Once again we direct our readers' attention to the Red Cross Whist Drive in Melrose Hotel, on Wednesday next, 12th December, and hope the good cause will get liberal public support.

## DUNGARVAN URBAN COUNCIL

Mr. Michael Morrissey, T.D., Chairman, presided at the weekly meeting of the above, held on Friday last. Others in attendance were Messrs. E. McCarthy, Vice-Chairman; P. Byrne, J. Doherty, Michl. Connors, J. S. Crotty, Michael Clancy, and Senator Butler.

### ACKNOWLEDGMENTS

The following letter was read from his Lordship, Most Rev. Dr. Kinnane, Bishop of Waterford and Lismore:—  
"Dear Mr. O'Meara,—Will you be so kind as to convey to the Dungarvan Urban District Council my sincere thanks for their resolution of sympathy on the occasion of the death of Rev. Wm. J. Flynn, C.C. Father Flynn was much loved in the diocese, and his loss is widely and deeply deplored by priests and people. I am grateful also for the expression of sympathy by you and the other officials of the Council."  
A similar letter was read from Very Rev. T. Canon O'Brien, P.P., V.F., Dungarvan. Other letters of acknowledgments were read from Mrs. M. F. Clancy, Main Street; Mrs. M. Carroll, Keating Terrace; and Miss Kitty Flynn.

### DAMAGE

Mrs. Mary Riely, Castle Street, wrote complaining that during demolition work on the houses in Castle Street, damage was caused to the gable of her house by the removal of beams and rafters. She will be thankful if the Council will send their engineer to inspect and have the necessary repairs carried out.

The letter was referred to the Borough Surveyor.

### RATES AND PEAL

Messrs. Farrell & Morrissey, solicitors, wrote notifying instructions from Very Rev. Father Donegan, O.S.A., to appeal against the valuation of the school.

### PUBLIC LIGHTING

The E.S.B. wrote regarding the public lighting contract with the Council, which

### AN APPALLING SCOURGE

The latest statistics have shown that the amount of damage done by rabbits has risen to an alarming rate. Thousands of acres of cabbage, oats, wheat, barley and every description of green crop have been destroyed, and the effect in the coming winter will be felt to an alarming extent. We have thousands of the newest type of Rabbit Traps in stock and we are offering them at a very reasonable price. In addition, we are offering guns, rifles, snares, traps, nets, snare wire, and have seen that our stocks are increasing, so that nobody will be short. Owing to the food shortage it is now possible to dispose of rabbits at a good price, and we understand that the price may increase very considerably in the very near future. Get in touch with us if you wish to rid yourselves of this very alarming pest, and you can do so at a profit. Harpur Brothers, 48, Quay, Waterford.

included the lighting of all public lamps (excepting pilot lamps) from dusk to midnight. The letter stated that the decision to extend summer time throughout the winter will have the effect of reducing by one hour daily the period of lighting. As an offset the Board offers an additional hour of public lighting, either from midnight to 1 a.m. or in the morning for an hour before daybreak.

### LIGHTING BEFORE FAIRS

A letter from the E.S.B. asked whether all-night lighting is to be provided on the eve of winter fairs in the town in respect of the year ending 31st March, 1941. The extra charge for this service will be £11s. 3d. per night.

### RECONSTRUCTION GRANT

Mr. John Flynn, Coolagh Road, Abbeyside, writing in respect of his application for a reconstruction grant, which, he stated, he understood from the local Press, has been rejected. He would be grateful for an explanation, as he had done everything required of him by the Council, and if a mistake has been made, as he suspected is the case, it cannot be attributed to him. He asked the members of the Council to do all in their power to see that justice is done. The letter further asked for information regarding the procedure to be adopted in regard to his house.

### REDUCTION OF RENTS REFUSED

A letter from the Department of Local Government and Public Health relative to the proposal of the Council to reduce by one-sixth the rents of the houses in the 139-house scheme, was read. The letter referred the Council to previous correspondence relating to the fixing of rents for this scheme. It was then pointed out to the Council that the proposed rents would double the annual loss on the Council's houses and that this increase appeared high, having regard to the level of the rents in the urban district. The letter concluded:—"It should be noted that the Council have had to borrow a supplemental loan for this scheme, and that the additional annual loss due to charges on this loan will involve a further increase of 7d. in the £ in their rates. The effect of the proposed reduction in the rents would enhance this loss by a further 6d. in the £, making a total annual loss of 2/4 in the £ on the rents for this scheme. From the most recent housing survey carried out in the urban district it would appear that about 148 houses are still required of which about 100 are estimated to be needed for rehousing persons residing in houses which are unfit for habitation. Any further losses incurred in existing schemes is bound to seriously prejudice the provision of houses for families in urgent need of alternative accommodation. Having regard to all the circumstances, the proposed reduction cannot be approved."

The Council decided to ask the Minister to reconsider his decision on the suggestion of Mr. Butler, Mr. Doherty dissenting.

### SUPPLEMENTAL LOAN

A letter from the Department of Local Government and Public Health informed the Council that the Minister has sanctioned the raising of a supplemental loan of £4,300 to defray the cost of completing a scheme for the erection of the 139 houses out of the Local Loans Fund.

The loan is to be repaid on the annuity system within the unexpired period of repayment of the loan of £3,700 borrowed for the purpose of the scheme, interest charges only being payable for the first two years of the repayment period. The loan is to bear interest at the rate in force under Section 12 of the Local Loans Fund Act, 1935. The finance committee will prepare the mortgage deed for the loan and will communicate direct with you when you will be required to lodge, in advance, the cost of preparing the deed.

### CONNECTION WITH WATER MAIN

John French was granted permission to connect with the water main near Tarr's Bridge, provided he satisfies the requirements of the Water Inspector.

### OPENING OF ROADS

Letters from Mr. Bowen, County Surveyor, granted permission for opening of the roads in Main Street and at Thompson's Lane.

### TRAINING IN FIRE FIGHTING

Mr. Bowen also wrote asking the Council's permission to use the fire hydrant and water for training men in fire fighting, also a few lengths of hose, stand pipe and valve key. Training is to commence next week.

The letter was referred to the Water Inspector.

Mr. Bowen, writing further re opening of roads, stated:—"It is noted that your application is dated 21st inst. but the work again that your Council have no authority whatever to interfere with any road surface of which the maintenance is in the hands of the County Council, without the previous consent of the County Surveyor. It is extraordinary that it should be found necessary to open this reinforced concrete road, only recently laid, and the cost of its restoration, which is likely to be very heavy, must be borne by you, as I must insist on a first-class repair and not a patched-up affair."

### LIGHT AT STRANDSIDE NORTH

Mr. J. O'Neill "Cilldara," Abbeyside, wrote:—"I understand that at a recent meeting of your Council an order was made for the erection of a light on the third electric pole at Strandside North. I now find that the light was, in fact, placed on the second pole in which position I get no light from it. Can you let me know the reason the order was not complied with? I would draw your attention to the fact that the four poles were erected at my expense, and therefore contend that it is to be only one light, it should be placed on the third pole, in compliance with the order, where at least it will be some advantage to me."

The Council decided to get another lamp put on the fourth pole.

### LIGHT SOUGHT IN MITCHEL STREET

Thirteen residents in Mitchel Street wrote asking that a light be placed in Mitchel Street, between St. Mary Street corner and Old Chapel Lane corner.

The letter stated that some years ago there was a light on a pole there which was discontinued.

### EXTENSION AND REPLACEMENT OF WATER MAINS, ETC.

A letter from the Department of Local Government and Public Health was read in reference to the Council's proposed scheme for the laying of new water mains and the renewal of old mains in the town, asking whether the Council proposed to proceed with this scheme.

The documents having been examined, the following observations are for the consideration of the Council and the consulting engineers:—

- (1) The proposed extension from O'Connell Street to Gallows Hill does not appear to be of immediate urgency and could be omitted from the grant.
- (2) The diameter of the main in Coxes Lane should be increased to 3 inches.
- (3) If on examination it is found necessary to relay the main in Grattan Square, it should be 4 inches in diameter, the diameter of the 3 inch proposed would not appear to be sufficient.
- (4) The extension at Knockateenore, 1/2 of a mile in length, will involve considerable friction losses, and if building development is anticipated along that line, it would be advisable to lay a 4 inch pipe.
- (5) The 3/4 inch Skeeharine is also very long and a 5 inch feeder main should be laid in 3/4 of a mile to Sarsfield Street, supplying Sarsfield St., Sheares St., Friar's Walk, and the Skeeharine area. The portion of the main from Sheares St. to Parklane should be in 4 inch and the remainder in 3 inch.

The letter further stated that the conditions of contract require a memorandum, which were set out in detail.

### ABBESIDE PARK

A letter enclosing sketch showing the amount of the Abbeyside Park required for road widening purposes, was read from Mr. J. Bowen, County Surveyor.

Mr. P. Broderick wrote on the same subject as follows:—"I thank you for your letter informing me of the decision of your Council regarding my application for space adjoining my premises in Abbeyside. As I anticipate some trouble whenever it may be necessary to do painting or carry out repairs on the east side of the house, which no space appears to have been added, I would be glad if the Council would give me reasonable access to that portion of the premises, by making a provision similar to that asked for by the County Surveyor in respect of the portion granted for road widening purposes."

Mrs. Griffin, Strand Hotel, wrote:—"In connection with the Council's decision to allot a portion of the Park to Mr. Broderick, I submit I am entitled to object, and ask for a reconsideration, if I can show that an injustice is being done to me and that I am not getting the fair deal which you stated was due to me. The proposed extension back from Mr. Broderick's shop will cut across one of the wire stays securing my tennis court and which extends about six feet into the portion proposed to be allotted to that gentleman. Surely it cannot be considered anything but unjust to compel me to remove this stay and so weaken the whole structure. In the same way, the extension from the side will necessitate the tearing up of shrubs and trees which I took years to grow and will prevent passage from my front portion of Park to road side portion, the latter thus becoming a sort of 'no man's land'. I am going, therefore, to ask, before the final marking takes place, that some members of the Council be deputed to come over and see the place and thereby enable me to make clear to them the real deal which, unknowingly, they are going to give me."

It was decided, after a discussion, that the map and lake be prepared in accordance with the orders already made by the Council.

### NUISANCE AT SEVEN OUTLET AND MARSH

The Off-road County M.O.H. wrote asking he had investigated conditions at Shandon Marsh. An offensive odour arises at the sewerage outfall where refuse is dumped, that is, at the other side of the road from the Shandon Dairy. This odour is offensive for residents when the wind is from a certain direction. I am of opinion that decaying organic matter in the dump gets dislodged by the flowing tide and causes odour when it ebbs. I am also of opinion that it would be difficult to prevent this odour unless refuse were dumped more carefully and covered. Sewerage matter may also be washed back by the flowing tide and of course, cause odour at ebb. It would be well to have the consulting engineer's opinion as to whether an extension of 10 or 15 feet to the sewerage outfall would help to prevent this matter. Offensive odour arising in the Marsh field would be caused if refuse dumped there were not properly covered. It should be covered by about 9 inches of clay. I further understand that at certain times, possibly during rainy weather one of the covers of the sewerage retaining tank is forced open and sewerage matter escapes; this would also cause offensive odour. If the whole area at the sewerage outfall is completely trunked in and covered over with clay, I believe the nuisance would be abated and would not recur.

The Council decided to send a copy of the letter to Messrs. Delap and Waller.

Should a small quantity of custard be left over from the sweet course, use it up as a basis for salad dressing to be used the next day. To the custard add a small quantity of made mustard, pepper, salt, vinegar, vinegar, also a few drops of olive oil, and a lot of all. Mix thoroughly.

## Eucharistic Congress and C.T.S. Conference for Waterford.

### Bishop's Announcement in Cathedral.

The announcement that the Catholic Truth Society's Conference and the National Eucharistic Congress would be held in Waterford from June 27th to June 29th of next year was made by Most Rev. Dr. Kinane, Bishop of Waterford and Lismore, when he preached in Waterford Cathedral on Sunday during solemn ceremonies.

His Lordship said the eyes of the whole country would be turned on Waterford. Pilgrims from many countries, including most of the Irish hierarchy, would visit the city for the occasion. Many preparations would be necessary, including transport, stewarding, catering and publicity. But he had the greatest confidence that with the co-operation of priests and people of the diocese, and especially of the city, both the Conference and the Congress would be successful from the standpoint of impressiveness.

This was important, but more important than the impressiveness of the external ceremonial was the effect the event would have on their souls and lives. If it enabled them to get a deeper knowledge of our Divine Lord's life and character, then, and only then, could the event be considered a real success.

Dr. Kinane added that the plans for the Conference and Congress were already well advanced. He then referred to what he described as Waterford's magnificent response on Sunday week to the Holy Father's appeal for prayers for peace, saying Waterford's devotion to the Blessed Eucharist was to him a source of much consolation. He exhorted the congregation to begin immediately the spiritual preparation for the Conference and Congress.

THE SHORTAGE OF BAR IRON TO-DAY

Is appalling, and the price prohibitive, and this applies especially to Horse Shoe Iron. Anticipating this scarcity we purchased early last year a tremendous quantity of Swedish Horse Shoes in every shape and size. We need not remind you that Swedish Horse Shoes are the finest in the world, and give wonderful wear, and the price will be less than half the present-day prices. We would appeal to every farmer to purchase half a dozen sets to carry him over the winter. We cannot advise you too strongly on giving this matter your serious attention, as we know that in a very short time it will be impossible to purchase any class of horse shoes, or the iron to make them. Send us your order at once while the quality is good and the price reasonable. Remember we deliver all goods free to your door.—Harpur Brothers, Ironmongers and House Furnishers, Waterford.

DISEASES OF ANIMALS COMMITTEE

Mr. Commissioner S. J. Moynihan, presided at a meeting of the above held in the Courthouse, Dungarvan, on Saturday, 30th November. Also present were Messrs T. Flynn, P. B. Sheridan, and P. R. Power. Mr. C. P. Hynes, V.S., Local Authority Veterinary Inspector, was also in attendance.

CORRESPONDENCE.

A letter from the Department stated that the proposed expenditure, amounting to £7 10s 0d, for the improvement of three sheep dipping sites in the Lismore Lowland Area, may be regarded as approved.

SHEEP DIPPING DEFAULTERS.

The Committee again considered the lists of sheep owners in Lismore and Youghal Areas who had failed to have their sheep dipped this season in accordance with the local regulations.

Mr. Hynes reported that the several defaulters in Lismore District, submitted to previous meeting, had since dipped their sheep under supervision with the exception of five owners.

Mr. Hynes—if defaulters are allowed to go free, this will have a very bad effect on other sheep owners.

Mr. J. J. Walsh, V.S., in his report, referred to the failure of certain sheep owners in Youghal No. 2 district to have their sheep dipped under supervision as required, and stated that any leniency shown in this respect would undo the work they had been doing to bring sheep scab under control.

Chairman—In Lismore Area there are four who only dipped once and one who failed to dip. They should be prosecuted. Mr. Hynes said that Mr. Casey, Main St., Lismore, only dipped once under supervision and added that Mr. Casey says he has proof that he dipped them a second time under his own (Mr. Casey's) supervision. Technically he did not comply.

Chairman—There is too much money being spent to see sheep scab breaking out.

Mr. Hynes—Last year's defaulters did not come at all this year.

An order was made that the following defaulters be prosecuted: Lismore District—M. F. Casey, Main Street; R. Smith, Lisfenny, J. Mills, Kilwatermoy, James O'Brien, Kilwinny, Michael Waters, Shean, Ballyduff; Youghal District: James Keane, Prospecthall, Richard Tobin, Kilmaloo, Richard Morrison, Ballynaclassy; Thomas Torpey, Knockaneeris.

CONCRETE FLOORS FOR CATCHING FENS

Mr. Walsh, V.S., submitted quotations received for the laying down of concrete floors in reception pens at the public sheep dipping centres at Clashmore, Piltown, Boda, and Whiting Bay, in Youghal, No. 2 district.

Mr. Sheridan—This is no time for erecting tanks. The frosty weather would be detrimental to them.

The matter was then adjourned to March meeting, 1941.

SHEEP SCAB.

Mr. M. A. Foley, Clerk, said the Veterinary Inspectors had reported quite a number of outbreaks of sheep scab in Dungarvan and Lismore districts, as follows: Dungarvan district—Daniel O'Rmond, Carrowgarra; Michael Walsh, Kilkannon; Lismore district—Patrick O'Brien, Glendish East, Edmond Ryan, Knocknarehan, Margaret Whehan, Glenfallia, Jas. Dunne, Glenfallia.

Mr. Hynes said the cases were well in hand.

WATERFORD HOUNDS

On Tuesday the 26th these hounds were at Faha Chapel and with a high glass and South-West wind, all seemed favourable for a great scenting day, which proved to be the case. Finding in Carrigahilla, hounds raced away through St. John's Lodge, across the Waterford Main road, into Mc. Shanahan's land, almost to Cross Lodge. Here hounds swung left, handed by Fahafields Cross Roads and into Faha Bog, where the fox was found having the pace too hot, and got to ground in a drain by Mr. Connor's farm after a racing 20 minutes.

Carraigrea was next drawn blank, but a good fox went away from Carrigahilla Gorse, through Newtown, close by Mr. Moore's farm, through Kilkenny and Moonakiska, where the fox was viewed in front of hounds, which hunted on by Williamsdown, across the New Line and to ground on the edge of Garranturton Bog, from which he was reticent and killed; this was a very fast 33 minutes over a grand view of country and no wire. Seafield covert and Ballymahonogue were subsequently drawn blank.

The mixed pack was at Carrigahone last Thursday for a bye day and after much woodland burning with a poor scent, hounds managed to account for a fox. The meet last Saturday was at Kasecken but sport was indifferent owing to a satisty scent and bad foxes.

Rust can be removed from cake tins and other tin cooking utensils with a little wet sand or with glass-paper. Clean the tins afterwards with soap and whitering rubbed on with a clean rag. Rinse and dry thoroughly.

Clean your greasy playing cards with a soft rag dipped into spirits of camphor. They will look twice as expensive and be much nicer to handle.

WEST WATERFORD NEWS

WEST WATERFORD L.S.F. GROUPS ATTEND REVIEW.

West Waterford L.S.F. Groups attended the Review, by An Taoiseach and General Mulcahy, at Waterford on Sunday last. Practically all wore uniforms and carried rifles and bore themselves with perfect military precision. About 40 members of Clashmore Group travelled while Ardmore and Knockmore Groups were also strongly represented. All the Clashmore men travelled by car. The car owners in the parish rose to the occasion in an admirable manner and placed their vehicles at the disposal of the Force free of charge. To those who acted in such an unselfish and patriotic manner the thanks of the L.S.F. is due. Clashmore Group were in charge of Group Leader J. O'Donovan and Assistant Group Leader J. Barron and M. Collins. Ardmore Group were under the command of Group Leader J. Prendergast and Section Leader H. O'Reilly.

SYMPATHY.

At a specially convened meeting of Kin-salebeg Hurling and Football Club, Mr. M. Conroy (Chairman) presided and there was a full attendance of members. On the proposition of Mr. D. Fitzgerald seconded by Mr. J. Barron a vote of sympathy was passed to Mr. Thomas Byrne, Treasurer of the Club, on his recent sad bereavement occasioned by the death of his father, Mr. W. Byrne. The vote was passed in respectful silence all the members standing.

THE WEATHER.

The weather continued to be mild during the week with occasional fall of rain. It is, however, very satisfactory for this period of the year.

ON THE LAND.

Work on the land is progressing satisfactorily and is well advanced for this period of the year. The pulling and delivering of the current year's beet crop is now nearing completion in all areas. Some winter wheat has already been sown.

OF INTEREST TO FARMERS.

In the course of his recent lecture on "Food Production" in Clashmore N.S., Mr. D. Hurley, R.Agr.Sc., referred to the fact that grass seeds will be very dear this year owing to waxy conditions. He also pointed out that there would be a scarcity of super-phosphate and that this useful manure should be reserved for the more important crops. There would be no potash supplies available for grain crops and a scarcity of manure seeds was also to be expected. Referring to the utilisation of lime as a dressing for land Mr. Hurley pointed out that it is always followed by good results and farmers should avail of the Lime Subsidy Scheme of the Waterford County Committee of Agriculture. He also advised farmers to continue in pig production. Owing to the upsetting of trade because of the war there would be a scarcity of many food stuffs and farmers should as far as possible take precautions by producing their own requirements.

AIR RAID PRECAUTIONS SCHEME.

The various Parish Councils in this area have received a communication from the County Commissioner, inviting co-operation in the recruitment of suitable volunteers for training in fire-fighting, demolition, etc. It is proposed to organise a series of lectures and demonstrations in fire-fighting in the towns and villages of the county where a sufficient number of volunteers is secured. It is hoped that each parish council will take the necessary steps in this important matter without delay. Persons who are desirous of volunteering for this important work should hand their names at once to the Sec. of their local parish council.

INSTRUCTION IN ARMS.

On Monday night last the members of Clashmore Group "A" L.S.F. had a special course of arms instruction at the hands of an N.C.O. from Youghal Military Barracks. For the purpose of instruction the new American rifles were used. These are the types of rifles that will be used by the L.S.F. when they are fully equipped.

CLASHMORE L.S.F. FORTY-FIVE DRIVE.

Only another week remains until the final of the Clashmore L.S.F. Monster Forty-Five Drive. This is a great attraction and it is hoped that large numbers of cards will be played off. It is not necessary to have the official card to play the first round. Any six may play off and send names of winners to any member of the organising committee. The entrance fee is only 1s. and there are £12 in prizes. First rounds may also be played on the night of the final. See advt. in this issue.

COAST-TO-COMERAGH CHIPS

HOME ON LEAVE.

Lieutenant R. Russell, R.N.C., returned from England on Tuesday to his natal residence, Seafield House, Bonmahon, on a short period of leave. This is his second trip home since he was called up for active service some six or seven months since. His hosts of friends and well-wishers will be happy to hear that he is enjoying excellent health. Lieut. Russell, with whom Miss W. Walker, Portmahon, shares the Joint Membership of the Waterford Hounds, will be hurrying the pack at all of the meets listed during his stay.

WELL KEPT.

The Parish Church of the Emulation of the Holy Cross, Stradbally, is surely one of the finest country churches in the land, and the cemetery adjoining this beautiful edifice is always to be seen in a clean and tidy state. Very Rev. E. Baglish, P.R., is the respected Pastor, and his good Curate is Rev. P. F. Walsh and Rev. J. Lavan.

XMAS BILLS.

Is 9d. per lb. is the top price being paid for hedges at the local markets. The kids are not as plentiful in the area as in former years.

GOOD FARMING NEEDS CAPITAL

THE Farmer who tries to live on his land without using sufficient working Capital gets the worst results. Both he and his land become steadily poorer.

The good Farmer knows that money wisely used gives an abundant reward. A long-term loan with interest fixed at FIVE PER CENT. per annum and regular half-yearly payments is the ideal form of credit for the man who is both enterprising and thrifty. Such a farmer can plan ahead with confidence. With his land in good heart, with good stock, tools, and machinery, he will prosper in bad times as well as good.

If you are interested in improving your farming, but are short of the necessary capital, write to—

MOOREHILL NOTES

PRAYERS FOR PEACE. At Kiltwatermoy Church on Sunday morning last (in compliance with the wishes of the Holy Father for a general Holy Communion for peace), almost the entire congregation approached the altar rails, it was certainly an inspiring scene. Very Rev. W. Flynn, P.P., celebrated the Mass and congratulated the people for the wonderful way they had responded to the Holy Father's appeal and he asked God to bless them all. He asked the congregation to pray that God in his mercy would bring peace to the unhappy countries at war. FORTY-FIVE DRIVE. Under the auspices of the Church Fund Committee a forty-five drive was held at Kiltwatermoy School on Sunday night last, the attendance was small, although the night was very fine. But in spite of a small attendance some very keen and exciting games were witnessed during the evening. The prize winners were—T. Ryan, Moorehill; W. Murphy, Ballyhamlet; J. J. Roche, Moorehill, and T. Roche, do. G.A.A. The Moorehill Gaisch wish to congratulate Knockane on winning the County Championship, thus bringing the honours to the "little village" for the first time and they hope that further honours are in store in the near future. MATCH POSTPONED. Keen disappointment was experienced in Vikerstown and surrounding districts when the match between Finisk Rovers and Moorehill was postponed as several of the Moorehill players were at the L.S.F. parade in Waterford, we hope it will be possible to arrange it for a later date. CEILIDH. The Ceilidhe under the auspices of the Moorehill Hurling Club will be held at the Cinema Hall, Talloow, on Thursday, Jan. 9, 1941. The music will be supplied by the Erin Go Brath Ceilidhe Dance Band, Fermoy, and lovers of Irish dancing can be assured of a gala night. The committee in charge are leaving nothing undone to make it a record night, so look out for it.

CAPPOQUIN NOTES

THE L.S.F. Strong units of the L.S.F. are now formed in all the local parishes and the different sections are carrying out the tasks allotted to them in a most thorough and unselfish manner. Apart altogether from its immense value as a military body the Force has served a useful purpose in that it has united all classes and creeds all actuated by one motive—to serve their country as soldiers. In some areas, however, the Force is not yet at sufficient strength and it is hoped that during the next week or so many more will join. Some areas are badly represented and somebody should take the initiative in these places and endeavour to form local sections. It is a good, patriotic work deserving of the highest recognition and those who have voluntarily come forward and placed their services at the disposal of their native land will have no reason to regret their action. PARISH COUNCILS. Parish Councils are also playing an important part in making preparations for any emergency. Here, too, is an example of patriotic endeavour. Citizens of classes and creeds have banded themselves together and given time and labour towards the national effort. In order, however, that Councils may carry out their functions properly the co-operation of the general public is necessary. One experience is that this is forthcoming in nearly all instances. Only cranks wait to be exceptions. AGLISH L.S.F. DANCES. For the purpose of raising some necessary funds the L.S.F. are holding a series of short practice dances at Aglish. These will take place in the local hall and the hours are 8 to 11 p.m. The first of these dances will be held on Sunday night next (December 8th) and it is hoped that it will be well supported by the general public. CLASHMORE PARISH COUNCIL FUND. The Clashmore Parish Council (Emergency) Fund Dance will be held on either the 12th or 19th of January, 1941. Already dancing enthusiasts are eagerly looking forward to this function which promises to be a huge success. Music will be supplied by Steve Sheehan's Continental Dance Band (Youghal), which performed so well at the recent L.S.F. dance, and catering will be done by local people to ensure satisfaction. The charge for admission will be 3s. per person with an extra charge for supper. Further particulars will appear in our advt. columns later. THE PICTURES. Large crowds visited the Regal Cinema (Youghal) last weekend to enjoy a splendid programme while big numbers also made the journey on Monday night to attend the Grand Variety Concert in aid of the Strand North F.A.A. New Saturday and Sunday the Regal presents a first class double feature programme—"The Rains Came" and "Prairie Justice"—with a news reel. For details see advt. in this issue. LECTURE ON FOOD PRODUCTION. Mr. D. Hurley, Agricultural Instructor, delivered a lecture on Food Production in Piltown (Kinsalebeg) to an audience of farmers and others. The lecture was somewhat on the lines of those delivered at other centres and already reported. Instead of using egg for cooking vessels, fish, etc., before frying make a thick batter of pea flour, water and a little salt. The batter will puff up when the food is fried, give a delicious flavour, and be crisp and appetising. AN ACCIDENT. During the past week a local man—Mr. Michael McCarthy of Barrack St., who was employed by a Dublin firm of timber merchants, received a fractured leg when a tree fell on him at Glenshane wood. Medical aid was immediately forthcoming and he was later removed to hospital where he is progressing satisfactorily. A GREAT WORKER. At all functions in the Boathouse (valuable assistance is given by Mr. Paddy Eneen. On Wednesday night last Paddy was again an untiring worker and gave the ladies committee great assistance in preparing for the huge gathering which attended the B.C. dance. DUNGARVAN DOG WINS TRIAL STAKE AND CUP. Heartly congratulations are extended to Miss K. Quenly, O'Connell St., Dungarvan, on the success of her dog, "Coolidge" (Clannáin) in the National Breeders' Trial Stake run at Ardpatrick and Kiltmore on Wednesday and Thursday last. Coolidge Champion disposed of an opposition in convincing style. STRAYED FROM THE LANDS OF ISLINGTON. Ballinacourty, a spaniel, information will be thankfully received by N. Beresford, Skeahere, Dungarvan, or at any Garda Station.

In order, however, that Councils may carry out their functions properly the co-operation of the general public is necessary. One experience is that this is forthcoming in nearly all instances. Only cranks wait to be exceptions. AGLISH L.S.F. DANCES. For the purpose of raising some necessary funds the L.S.F. are holding a series of short practice dances at Aglish. These will take place in the local hall and the hours are 8 to 11 p.m. The first of these dances will be held on Sunday night next (December 8th) and it is hoped that it will be well supported by the general public. LECTURE ON FOOD PRODUCTION. Mr. D. Hurley, Agricultural Instructor, delivered a lecture on Food Production in Piltown (Kinsalebeg) to an audience of farmers and others. The lecture was somewhat on the lines of those delivered at other centres and already reported. Instead of using egg for cooking vessels, fish, etc., before frying make a thick batter of pea flour, water and a little salt. The batter will puff up when the food is fried, give a delicious flavour, and be crisp and appetising. AN ACCIDENT. During the past week a local man—Mr. Michael McCarthy of Barrack St., who was employed by a Dublin firm of timber merchants, received a fractured leg when a tree fell on him at Glenshane wood. L.S.F. PARADE AT WATERFORD. Thirty six members of the local Group L.S.F. were amongst the thousands who paraded at Waterford on Sunday last, and great credit is due to their officers for the magnificent manner in which they executed the duties imposed on them on the occasion. Their military bearing and handling of arms were up to the high standard required for such demonstration, and was favourably commented upon by the higher officers who were in charge. On behalf of the officers and men, best thanks is offered to the directors and managers of the local firms who so kindly subsidised the lorry on which they travelled to Waterford. "45" DRIVE. There was the usual good attendance at the fortnightly "45" drive sponsored by the committee of the Temperance Hall, on Sunday night last. The usual keen competition amongst the players was evident from the early stages, and the semi-finals and finals were particularly intriguing. First prizes was won by Messrs. J. Cox and M. Power, second prize going to Messrs. John Lynch and Thomas O'Sullivan, and third prize was divided between partners Messrs. Con Cronin and M. Morrison, and J. Cox and P. O'Mahoney. LECTURE ON FOOD CONSERVATION AND PRESERVATION. A very instructive lecture on the above important subjects was delivered at the Carnegie Library, Talloow, by Miss N. Brody, Domestic Economy Instructress, on Thursday last week. There was an overflow attendance and the lecturer dealt extensively with all the aspects of the problem, and advocated early attention on the part of all present to the importance of the subject with which she had dealt. Further lectures on other topics will be given at early dates. GROW MORE FOOD CAMPAIGN. At the Boys National School of Mr. Hurley B.C., Agricultural Instructor to the Co. Committee, delivered a lecture on the importance of growing more food in the coming season. The lecturer stressed the necessity for all concerned to be up and doing at once, and recommended the immediate sowing of winter wheat for which there was abundant supplies of seed available. Instructive discussions followed, partly dealing with manures, ensilage, late sowing, dressing of seeds, etc. There was a great attendance, which was not by any means fully representative of the farming interests. MR. MAURICE FITZGERALD, LISUABRIN LODGE, CURRAGLASS. We regret to announce the death of Mr. M. Fitzgerald, Lisuabrin Lodge, Curraglass, which took place after a somewhat brief illness at St. Anne's Hospital, Fermoy, and to his bereaved family, the deepest sympathy of their many relatives and friends is extended. Deceased was a native of Limerick, was a well known figure in Civil Service circles in Dublin, Cork and other centres. Some eight years ago he came to live at his late residence which he had purchased some years previously, with a view to attending farming as an outlet for an unbounded energy with which he was blessed, and in this sphere, the early training at his youth stood him in good stead as was proved by the success which attended his efforts. His passing has created a void in the farming community of his adopted parish not easily filled. A most poignant feature attending his demise was, that it occurred so soon after the death of his daughter, Grace, which occurred as recently as mid-September last. Following Requiem Mass at Fermoy, of which the celebrant was Rev. Fr. J. Kelt, S.M.A., Cork, the remains were removed to Fermoy by Parish Church, Co. Limerick, where they were laid overnight, the funeral service being both large and representative. Prior to interment which took place in the family burial plot in the cemetery adjoining the Church, Very Rev. Deceased, who was in the prime of life, was particularly popular with all his neighbours and with all those who had the pleasure of knowing him intimately, especially his local sporting circles. Evidence of the esteem in which he was held was forthcoming by the representatives of the various parishes at the funeral which took place at Knockane cemetery, where the interment took place in the family burial plot, amid striking manifestations of his grief-stricken relatives and friends. Prior to interment Requiem Mass was offered for the repose of his soul at St. Anne's Parish Church, by Very Rev. M. Aherne, P.P., Rev. Fr. O'Dwyer, C.C., who assisted by Very Rev. Fr.
