DUNGARVAN PARISH COUNCIL

Very Rev. Canon O'Brien, P.P., V.F., presided at a meeting of the above held in the Town Hall on Wednesday night last.

Present were Messrs. C. J. Murphy, Hon. Secretary, P. B. Sheridan, J. Bowen, C. Martin, J. J. Crotty, T. Lee, M. Noonan, J. Power, W. Whelan, and P. Tobin.

Mr. Lee said he could get at least eight recruits from the unemployed.

Mr. Lee said the land was not ploughed yet. All the applications were in since the end of December.

With regard to a discussion at last meeting a letter was read from the firm who supplied the seed potatoes for the allotments last year, which stated that all seed supplied last year was tested.

The following circular already published in the "Observer" was read by the Secretary as follows:

"I wish to refer to the recent broadcast by the Minister for Agriculture on the subject of the need for increased production of wheat, oats, barley and potatoes in the present emergency. NOW is the time for all farmers to take the necessary steps, and each parish council must look upon it as its foremost duty at the present time to do everything humanly possible to further this object. I will even go so far as to say that, whatever the future of parish councils may be, they will never have a more important task than this one."

"It may not, perhaps, be thoroughly realised that the operations of the war have rendered it almost impossible for this country to import further supplies of wheat and various other commodities. At the present time our wheat production is only some 40 per cent. of total requirements, and, in fact, we may even have difficulty in carrying on until next harvest season. Having regard to this, the extreme importance of every farmer co-operating in the matter of putting additional areas under tillage of wheat, potatoes, oats and barley is apparent. If we are to survive without some serious hardship, in other words, the future of the country after September next depends on what is sown now. If any farmer finds difficulties, contact with the Secretary of the County Committee of Agriculture or with the Department of Agriculture should be established."

"In addition to the efforts of farmers all householders with plots, however small, cottiers, allotment-holders, etc. should co-operate by tilling all that they can possibly manage. Potatoes are, of course, obviously indicated as the next most important crop after wheat, but I am sure it is not necessary for me to go into details of this nature on the subject."

"There is just one further point to which reference might be desirable, and that is the need for conservation of wheat for human consumption. Instances have been known of farmers using wheat for feeding to livestock. In the present circumstances this is little short of criminal. There are supplies of roots, straw, beet-pulp, etc. available, and farmers should sell their wheat and barley so that they can be used for what must be regarded as far more essential purposes."

"I need hardly add that this circular should be regarded as both important and urgent and I shall be glad if you will acknowledge its safe receipt, and let me know in due course what steps are being taken in connection with the matter."

Mr. Tobin asked how was it that the men in the marsh had full time and those in the quarry three or four miles out had only three or four days in the week.

The Secretary replied that one was an Urban and the other a Co. Council grant.

The Chairman asked that all traders and shopkeepers be requested to send in their food returns before the end of January on the forms already received by them.

A letter from the Secretary of Mullingar was read stating that an affiliation fee of £1 was now due.

Mr. Sheridan—Anybody can get a plot but the registered unemployed have no plots and no manure.

Mr. Sheridan—You can't have a good crop without fertilisers. It's a very serious position.

It was decided to hold the next meeting on February 12th.

MUNSTER INDUSTRIAL ADVOCATE. REGISTERED AT THE GENERAL POST OFFICE AS A NEWSPAPER. SATURDAY, JANUARY, 18, 1941. PRICE 2d.

KILMACKTHOMAS COURT

Mr. F. J. MacCabe, D.J., gave a decree for £3 in a civil action for £10 brought against Michael Lennon, farmer and cattle dealer, of Lisnagarra, Bannahinch, Co. Waterford, by another farmer named James Condon, Seafeld, Bannahinch, for trespass on the plaintiff's lands.

The claim was for £10 damages sustained by the plaintiff for that on divers dates in the year 1940 the defendant's cattle and horses broke and entered lands at Seafeld and damaged and injured the fences thereof and committed trespass on the plaintiff's said lands.

It was revealed that in a similar action brought against the defendant 12 months ago he (defendant) was fined £3.

Justice to Plaintiff—What kind of land is this? Plaintiff—Pasture land for grazing, your worship.

At her residence Main Street, Lismore, on Thursday last, Mrs. H. Wright passed to her reward after a long illness which was borne with patience and fortitude.

Western Diy. G.A.A. Notes

The Gaelic year opens on next Sunday 10th at Tallow. Delegates from all parts of the Division will come and take part in the discussions on the year past and suggestions for the better working of the Board for the coming year will be offered and examined.

The Divisional Secretary is full of hope for a great year. Gaelic games are going stronger than ever according to his report and the high number of affiliated clubs continue to flourish and take an increasing interest in Divisional affairs.

The side of affairs has continued to improve and a nice little balance remains to the Board's credit. The value of a credit balance must not be underestimated as it is the most necessary thing that any Association could have when an emergency comes. It is always well to be ready for the rainy day.

I understand the Pike are joining forces with Kilsassanty for the coming year. It is said that the combined clubs will enter three teams, S.F., J.F. and J.H. The new blood should make Kilsassanty a strong force in football and a championship is likely to go down that way this year.

Mr. Landers is very active in Kilsassanty and he intends to make things hunt this season.

The Brickey Rangers are stirring up already. I heard Martin Curran was giving the once over to his men during the week. Martin is the keenest Secretary in the Division and always likes to see to things himself. He is going to the Convention on Sunday to see how things are going.

The "Brickies" consider they threw away the Co. Championship last year.

On looking through some records of the County the other evening I saw that Ealsaggaigh won the S.F. championship in 1889. What happened to football up there? Kinsalebeg winners in 1886 and 1891 and Clashmore who won 1907-07 and 1920 as well as Kinsalebeg-Clashmore (united) winners in the year 1925 have both failed to live up to a wonderful tradition. With such a record behind them they have not reached Co. Honours in any grade since 1925. The only solution I can see is to begin in the schools with the youth. A minor team is essential to a club as a wood to a carpenter. You can't expect to get seniors and juniors unless you have a nursery of minors.

I notice a lot of gaps in the junior football records. There is no record given of any winners before 1911 when Lisnagarra won the junior football championship. Then 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922 and 1923 are not recorded. Can any reader show proof such as a medal, paper cutting or photo as to who won in this grade on any of the missing years or before 1911. Some Western clubs may have won but the credit for it cannot be given until some definite proof is received. There is no question of a club claiming old medals on any pretext unless it is merely for a record of its own making. I would be glad to have any information laid before the proper quarters if any such were sent to this paper.

To come back to the present Sean-Abhail held their annual general meeting during the past week. Membership cards were distributed and a big increase in membership recorded. The report on the Balance Sheet of the Hon. Treasurer was adopted by the meeting. It was decided to try and get material for a minor hurling team as well as a junior hurling team for this year. That's the spirit. Get that minor team at all costs. If the young lads see that they are wanted they will do the rest. If you get a minor team going I mean a genuine under age minor team, you will reap what you sow. Sean-Abhail have come to stay and I wish them every luck in the competitions. Yes, Padraig! we will meet you at the appointed place on Sunday. The Convention are sure of a full house and I would like to hear from you. Villiersstown, Faugha-Balagh, Ballyduff, Stradcolla, Coghlan, Rockies and Cathal Braghias. How are things going with these Cumann's? Cushmore, Sliabh Gha, Park and a host of others have held their general meetings and arranged for the year. All meetings should be nearly over now and the new committee elected.

The Tallow Club held their annual general meeting on Wednesday evening. A full attendance of members presided well for the new year. Officers were elected and a committee formed to run the Club. The suggestion of a "Street League" Club, to start on 28th inst was decided on. It is hoped to get the game going in Tallow by this means. The meeting was very keen on the idea of a "Street League" and every encouragement was given to the committee by the members.

All information relating to meetings, etc. of clubs which is sent me for insertion in these notes should be with me on Wednesday at the latest. The newspaper Editor kicks up a row if these notes are left until the last minute. Please try and help by writing early.

AN RUNAIDHE.

The senior grade ploughing championships have been fixed to take place near the town of Navan, and the following Counties have been, by order of the N.P.A. declared eligible to send a team of four ploughmen (one not over 21 years) to compete at Navan—Westford, Wicklow, Kilsenny, Onaly, Carlow, Louth, Galway, Westmeath and Longford.

DUNGARVAN PARISH COUNCIL

Very Rev. Canon O'Brien, P.P., V.M.P. presided at a meeting of the above held in the Town Hall on Wednesday night last. Also present were Messrs. C. J. Murphy, Hon. Secretary, P. B. Sheridan, J. Bowen, C. Martin, J. J. Crotty, T. Lee, M. Noonan, J. Power, M. Whelan, and P. Tobin.

FIRE FIGHTING.
The Secretary remarked that the fire fighting for the year 1940 was a successful one. Mr. Lee said he had got at least eight reports from the fire fighting.

ALLOTMENTS.
Mr. Lee said the land was not ploughed yet. All the applications were in since the end of December.

SEED POTATOES.
With regard to a discussion at last meeting a letter was read from the firm who supplied the seed potatoes for the allotments last year, which stated that all seed supplied last year was tested.

REGIONAL COMMISSIONERS' CIRCULAR.
The following circular already published in the "Observer" was read by the Secretary as follows:—

"I wish to refer to the recent broadcast by the Minister for Agriculture on the subject of the need for increased production of wheat, oats, barley and potatoes in the present emergency. NOW is the time for all farmers to take the necessary steps, and each parish council must look upon it as its foremost duty at the present time to do everything humanly possible to further this object. It will go so far as to say that, whatever the future of parish councils may be, they will never have a more important task than this one.

"It may not, perhaps, be thoroughly realized that the operations of the war have rendered it almost impossible for this country to import further supplies of wheat and various other commodities. At the present time our wheat production is only some 10 per cent of total requirements, and we may even have difficulty in carrying on until next harvest season. Having regard to this, the extreme importance of every farmer co-operating in the matter of putting additional area under tillage of wheat, potatoes, oats and barley is apparent. If we are to survive without serious rationing, the future of the country after September next depends on what is sown now. If any farmer raises difficulties, contact with the Secretary of the County Committee of Agriculture or with the Department of Agriculture should be established.

"In addition to the efforts of farmers all householders with yards, however small, cottages, allotment-holders, etc., should co-operate by filling all that they can possibly manage. Potatoes are, of course, obviously indicated as the best most important crop after wheat, but I am sure it is not necessary for me to go into details of this nature on the subject.

"There is just one further point to which reference might be desirable, and that is the need for conservation of wheat for human consumption. Instances have been known of farmers using wheat for feeding to livestock. In the present circumstances this is little short of criminal. There are supplies of roots, straw, beet-pulp, etc. available, and farmers should sell their wheat and barley so that they can be used for stock, and be regarded as far more essential purposes.

"I need hardly add that this circular should be regarded as both important and urgent and I shall be glad if you will acknowledge its safe receipt and let me know in due course what steps are being taken in connection with the matter."

GRANTS.
Mr. Tobin asked how was it that the men in the market had full time and those in the country had only four miles out and only three or four days in the week.

The Secretary replied that one was an Urban and the other a Co. Council grant.

FOOD RETURNS.
The Chairman asked that all traders and shopkeepers who requested to send in their food returns before the end of January on the forms already received by them.

AFFILIATION FEE.
A letter from the Secretary of Muintir na Tire stated that an affiliation fee of 5/- was now due.

Chairman—I suggest that the treasurers collect the affiliation fees of this Council.

WAGES.
Mr. Tobin proposed that a petition be sent to Mr. Commissioner Moylan to ask that all wages be paid at the end of each week.

It was decided by the Chairman to refer Mr. Commissioner Moylan on the matter.

INCREASED TILLAGE.
Mr. Sheridan—We are here to do our best. There will be no emergency. The present stocks in the country will carry us on until September. I've advised all farmers to grow as much as possible. In the event of a shortage we will have the potato crop in the week before the wheat. I would ask the Council and the Government to assist the farmers in every way possible.

Some farmers are down and out since the rearmament war and on that account I would ask the Government not to press for annuities.

There is a Co. Council which many may not know of. I'd ask the Parish Priest to get the Deoise to impress on people the serious position of things. It's the poor of the town that will suffer.

Mr. Lee—I think the unemployed should get 1/- instead of one-sixth of an acre. Mr. Sheridan—I think rural area workers should get the same facilities as urban workers. We as Parish Council should request the Government to grant the same facilities to rural workers and cottiers.

It was unanimously decided to send the resolution of Mr. Sheridan seconded by Mr. Bowen to the Secretary of Muintir na Tire.

In reply to the Chairman, Mr. Lee said a couple of acres in addition to what they had would do to give all married, unemployed men a 1/2 of an acre each.

KILMATHOMAS COURT

TRESPASS.
Mr. P. J. MacCabe, D.J., gave a decree for £3 in a civil action for £10 brought against Michael Lennon, farmer and cattle dealer of Lisnagrough, Bonmahon, Co. Waterford, by another farmer named James Condon, Seafield, Bonmahon, for trespass on the plaintiff's lands.

Mr. J. Kenny, solicitor, of E. A. Ryan and Co. solicitors, Dungarvan, appeared for Condon, and Mr. Frank Hutchinson, solicitor, of Messrs. H. D. Kenne's office, Waterford, defended.

The claim was for £10 damages sustained by the plaintiff for that on divers dates in the year 1940, the defendant's cattle and horses broke and entered lands at Seafield and damaged and injured the fences thereof and committed trespass on the plaintiff's said lands.

Condon, in evidence, told the Justice that he was the owner of a 2-acre field near Seafield, Bonmahon. On various dates during the past year defendant's cattle were found trespassing on his lands and as a result much damage, the extent of which it was impossible to estimate, was caused. Horses were also found trespassing there.

It was revealed that in a similar action brought against the defendant 12 months ago he (defendant) was fined £3.

Justice to Plaintiff—What kind of land is this?

Plaintiff—Pasture land for grazing, your worship.

BUS PASSENGER PROSECUTED.
Jane Doran (who did not appear), of 14 Henrietta Street, Waterford, was prosecuted for refusing or omitting to pay the conductor, James Cogan, of a public service vehicle (G.S.R. Bus) the sum of 1/6 which was justly due and payable from Waterford to Kilmathomas. The case was adjourned to the next Court in Kilmathomas in March next in order to hear Cogan's evidence.

LARCENY OF OATS ALLEGED.
James Power and John Flynn, both of Ballyvahan, Kilmathomas, were summoned for stealing a quantity of oats, amounting to 50 sacks or thereabouts, and valued for the property of Mrs. Agnes McGrath of Newbawn, Kilmathomas.

The case was adjourned to the March Court in Kilmathomas in order to enable defendants to pay 6/- expenses incurred. The oats were ordered to be returned to the rightful owner.

Superintendent Croane, G.S. Tramere, in outlining the case paid a glowing tribute to Guard Harry Hamilton, Kilmathomas, on his having recovered the stolen property.

WEIGHTS AND MEASURES.
In a weights and measures prosecution a defendant was fined 1/-, mitigated to 10/-, for having used a spring balance uncalibrated, contrary to the weights and measures Acts of 1878-1928. The balance was ordered to be confiscated.

In the other cases, listed which included "no lights" vaccination and school attendance cases, nominal penalties were imposed by the Justice.

ment to assist the farmers in every way possible.

Some farmers are down and out since the rearmament war and on that account I would ask the Government not to press for annuities.

There is a Co. Council which many may not know of. I'd ask the Parish Priest to get the Deoise to impress on people the serious position of things. It's the poor of the town that will suffer.

Mr. Lee—I think the unemployed should get 1/- instead of one-sixth of an acre. Mr. Sheridan—I think rural area workers should get the same facilities as urban workers. We as Parish Council should request the Government to grant the same facilities to rural workers and cottiers.

It was unanimously decided to send the resolution of Mr. Sheridan seconded by Mr. Bowen to the Secretary of Muintir na Tire.

In reply to the Chairman, Mr. Lee said a couple of acres in addition to what they had would do to give all married, unemployed men a 1/2 of an acre each.

Secretary—Mr. Sheridan has stressed the point to have ploughing done before the end of January.

The Sec. added he had been informed that some of the plot holders sold their potatoes in the Square last year.

Mr. Lee—There were two crops grown last year and it was the early one that was sold otherwise they would not get it.

Mr. Sheridan—Anybody can get a plot but the registered unemployed have access and manures free. I propose that every man that could should till this year.

Mr. Bowen—I suggest that Mr. Crotty should clear the air regarding the employed Urban men getting plots at the Urban Council meeting.

Mr. Sheridan—You want supervision over plots.

Mr. Sheridan—You can't have a good crop without fertilisers. It's a very serious proposition.

It was decided to hold the next meeting on February 12th.

THE HOUSE FOR VALUE!

We have received a lovely range of Suitings at exceptionally low prices.

Materials are of the Best Quality obtainable to-day, and the Prices for such, complete, fit guaranteed, and made in our own workrooms under personal supervision, are remarkably low. C. J. MURPHY & CO.,

TAILORS AND OUTFITTERS.

55, Main Street—Dungarvan.

LISMORE NOTES

DEATH OF MRS. H. WRIGHT.
LISMORE.
At her residence, Main Street, Lismore, on Thursday last, Mrs. H. Wright passed on her reward after a long illness which was borne with patience and fortitude. This lady had been caretaker of the Lismore Dispensary up to the time of her illness. During her years as caretaker she had made good use of her position and was held in high esteem by all the people in contact with, all ways being in the best of spirits and ever ready to oblige. The interment took place at the Parish Cemetery in the presence of a large cortege. The Rev. Fr. Murphy assisted by the Rev. Fr. Doyle, O.M.I., officiated at the grave-side. The deceased left behind a husband, Mr. H. Wright, who resides at Mount S. John's.

G.A.A. MEDALS.
On Sunday night, February 2nd, of the Town Hall medals will be presented to the 1940 hurling champions and also to the winners of the Tallow Pipe Band Tournament (Lismore). We wish them success in the 1941 championships.

GAELIC LEAGUE PRACTICE.
CEILIDHES.
On Monday night last the Lismore Gaelic League started its practice Ceilidh. The object of these practices is to teach the correct steps and the proper way to do the various dances. The admission is free, but all those attending are expected to become a member of the League. This can be done by paying the membership fee of one shilling and tenpence, and receiving a membership card. Mr. M. Ryan is the instructor and is proving very able and popular.

The L.S.F. are now taking over their training quarters in the Court House and under going lectures on road blocks, hand grenades, etc. The dance committee are by no means idle, and will hold one of their popular dances in the last Sunday before Lent.

WATERFORD HOUNDS

The meet of Mount Congrove on Saturday the 4th, had to be cancelled owing to frost, and Tuesday's meet at Mansfield's Forge was postponed to the next day. Hounds drew the Brown Bog blank but found in Whitestown Hill and hunted slowly to the Mahon River, circling back by Kilmoyry in Whitestown Hill where scent eventually failed. Hounds next found in Mierky's Bog and ran fast towards Georgetown, before which they bore right handed by Mount Patrick and on through Shanakill, across the Kill-Ballynaneen road to Carrigrohilly, where they were stopped as it was getting late and scent was almost non-existent. From Ballyduff Chapel last Saturday, hounds had a good day. First found in Ballyduff Wood and ran through Ballyduff Bog to Carrigrohilly, where they turned right handed and ran through Kildane back to Gardinmorris, where hounds were stopped as it was getting late and scent was almost non-existent. From Ballyduff Chapel last Saturday, hounds had a good day. First found in Ballyduff Wood and ran through Ballyduff Bog to Carrigrohilly, where they turned right handed and ran through Kildane back to Gardinmorris, where hounds were stopped as it was getting late and scent was almost non-existent.

WESTERN DIV. C.A.A. NOTES

The Gaelic year opens next Sunday 19th at Tallow. Delegates from all parts of the Division will come and take part in the discussions on the year past and suggestions for the better working of the Board for the coming year will be offered and examined. The Report of the Divisional Secretary is full of hope for a great year. Gaelic games are going stronger than ever according to his report and the high number of affiliated clubs continue to flourish and take an increasing interest in Divisional affairs. The A. S. D. side of affairs has continued to improve and a nice little balance remains to the Board's credit. The value of a credit balance must not be underestimated as it is the most necessary thing that any Association could have when an emergency comes. It is always well to be ready for the rainy day.

I understand the Pike are joining forces with Kilmossanty for the coming year. It is said that the combined clubs will enter the A. S. D. as well as Kilmossanty. A strong force in football and a championship is likely to go down that way this year. Mr. Laidler is very active 1 hour and he intends to make things bust this season.

The Brickeys Runners are stirring up already. I heard Martin Curran was giving the once over to his men during the week. Martin is the keenest Secretary in the Division and always likes to see things himself. He is going to the Convention on Sunday to see how things are going. The Co. Championship last year.

Looking through some records of the County the other evening I saw that Ballysaggart won the S.F. championship in 1885. What happened to football up there? Kilmossanty winners in 1886 and 1887 and Chalmers were won in 1887 and 1820 as well as Kilmossanty-Clashmore (twice) winners in the year 1925 have both failed to live up to a wonderful tradition. With such a record behind them they have not reached Co. Honours in any grade since 1925. The only solution I can see is to begin in the schools with the youths. A minor team is so essential to a club as a road to a career. You can't expect to get seniors and juniors unless you have a nucleus of minors.

I notice a lot of names in the junior football record. There is no record since any winner before 1911 when Lifford won. Then 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922 and 1923 are not recorded. Can any reader show proof such as a medal, paper cutting or photo as to who won in this grade on any of the missing years or before 1911. Some Western clubs may have won but the credit for it can't be given until some definite proof is received. There is no question at a club claiming old medals for any proof submitted. It is merely for a record of the games. I would be glad to have any information laid before the press quarters if some were sent to this paper.

To come back to the present Senior-Cabball held their annual general meeting during the past week. Membership cards were distributed and a big increase in membership recorded. The report of the Hon. Secretary, Mr. P. J. Curly and the Balance Sheet of the Hon. Treasurer were adopted by the meeting. It was decided to try and get material for a minor hurling team as well as a junior hurling team for this year. That's the spirit. Get that minor team at all costs. If the young lads see that they are wanted they will do the rest. If you get a minor team going I mean a genuine minor and not a Senior-Cabball have come to stay and I wish them every luck in the competitions, yes. Padraig! we will meet you at the appointed place on Sunday. The Convention are sure of a full house on the 19th.

There are a lot of clubs I would like to hear from yet. Vintestown, Finghoballagh, Ballyduff, Spiddinstown, Cullinstown and Cottin Business. How are things going with these Comers's? Chairman, Slabh gha. Pass and a host of others have held their general meetings and arranged for the year. All meetings should be nearly over now and the next committee elected.

All information relative to meetings, etc. of clubs which is sent me for insertion in these notes should be sent me on Wednesday at the latest. The newspaper Editor kicks to a row if these notes are left until the last minute. Please try and help by writing early.

AN RUNDADHE.
The senior grade hurling championships have been fixed to take place near the town of Narin, and the following Counties have been ordered by the N.P.A. declared eligible to send a team of four players (one not over 21 years) to play at Narin—Wexford, Wicklow, Kilkenny, Offaly, Carlow, Louth, Galway, Westmeath and Longford.

COAST TO COMERAGH CHIPS.
Re-appointed with Mr. Wm. Mansfield, Glenduff, Grange (West Waterford), by the Minister for Agriculture, or the Agricultural Wages Board for the County of Waterford, is Mr. Patrick Tobin, Rathglenack, who is the capable Hon. Secretary to the Mid-Waterford Comers' Club, County.

At the Rainbow Field, Kilmathomas, on Sunday evening last, the members of the local Unit of the above had their initial rule shooting competition, at a target of 21 yards range. Messrs. Sean Quinlan, N.P., and Jeremiah Collins, and Arnold Drakes were the officers in charge of the test—the winner of which was William Lundy; Patrick Egan and David O'Connell (junior), tied for second place.

Kilmossanty Unit held a similar test at Bannhill Castle Field (kindly lent by Mr. Tom Walsh), of which Michael Cheasty scoring full marks, was the winner, and Pat Barry gained second place.

Postdawn, Ballyduff-Kilmadeen, and Kildunhill Units, respectively, are holding the trials.

Kilmossanty Unit voted sympathetically to Leader Sean O'Riada, N.T., on the death of his aunt, the late Mrs. E. Coughlan, Convent Street, Fermoy.

Cordial congratulations are extended to Mr. Michael Fitzgerald, Ballyvahan, Fermoy, and Miss Margaret Power, Glenduff, who, by their marriage, which happy event was solemnized at the Parish Church, Clenaca-Power, last week, have added to the list of the happy couples.

The ceremony with Nuptial Mass, was performed by the Rev. J. O'Donnell, C.C., Ardhanan (cousin of the bridegroom), assisted by the Very Rev. J. Nugent, P.P., Glenduff, and Rathglenack; Rev. P. Shino, C.C., do.; Rev. D. O'Byrne, C.C., do.; Rev. L. Verker, C.C., Portlaw; Rev. M. Power, C.C., Kill (cousin of both the bride and bridegroom); and Rev. J. Hally, C.C., Kilmathomas, do. Miss Kathleen Power, Mansboro (niece of bride) was the bridesmaid, and Miss Margaret Power, Glenduff, and Miss Margaret Power, Glenduff, were bridesmaids. The bride was best man. After the ceremony a reception was held at the bride's home, where the numerous costly and serviceable presents received were viewed by the large company of guests present.

LOANS FOR FARMERS

THE RATE OF INTEREST CHARGED BY THE AGRICULTURAL CREDIT CORPORATION LTD.

ON NEW LOANS HAS BEEN REDUCED TO 5 Per Cent.

This is an exceptionally favourable rate for Long Term Loans. Applications from creditworthy and enterprising Farmers are invited.

WRITE TO: THE SECRETARY, 11, KILDARE STREET, DUBLIN.

AGRS.

AN APPALLING SCOURGE.

The latest statistics have shown that the amount of damage done by rabbits has risen to an alarming rate. Thousands of acres of cabbage, oats, wheat, barley and every description of green crop have been destroyed, and the effect in the coming year will be felt to an alarming extent. We have thousands of the newest type of Rabbit Traps in stock and we are offering them at a very reasonable price. In addition, we are offering guns, rifles, cartridges, nets, snare wire, and have seen that our stocks are increasing, so that nobody will be short. Owing to the food shortage it is now possible to dispose of rabbits at a good price, and we understand that the price may increase very considerably in the very near future. Get in touch with us if you wish to rid yourselves of this very alarming pest, and you can do so at a profit—Harper Brothers, 48 Quays, Waterford.

MERRY'S Old Liqueur Whiskey 16/6 PER BOTTLE; 94/- PER GALLON.

KILLEAGH PARISH COUNCIL.

Mr. P. O'Neill, P.C., in the chair. Others present included Rev. P. Mortel, C.C., Dr. M. J. O'Brien, M.O.; Messrs. M. Murphy, N.T.; C. Lynch, J. Kennedy, J. H. Hogan, D. O'Callaghan, Hon. Sec.

In connection with the electric lighting project Mr. Murphy asked if there was any information as to when the E.S.B. would be in a position to run the current through to Killeagh. Continuing, he said, they ought to do all they could to hasten the installation as the winter months were slipping quickly by, and it would be well if they had public lighting before the fair mornings of February and March. Fr. Mortel said they were doing everything they could in the matter and they would avail of every opportunity that presented itself to impress on the E.S.B. the importance of completing the installation as soon as possible.

Co. Waterford Libraries Committee

The monthly meeting of the County Waterford Libraries Committee, was held in the Courthouse, Dungarvan, on Tuesday, 7th January, 1941, at 3.30 p.m. The following members were present: Mrs. R. Going, Chairman; Mrs. Maher, Mrs. Moloney, Miss Healy, Messrs. N. J. McCarthy, R. J. Colender, Sean U. O'Callaghan, Scannadach. The minutes of the previous meeting were read and duly signed as correct. Arising out of the minutes Mrs. Going remarked on the very great inadequacy of the Fiction Stock in Dungarvan. The County Librarian stated that he had made special provision for this situation in his estimates for 1941-1942. Everything possible would be done to increase stock, but it would not be advisable to deplete the County stock unduly to meet the emergency.

WE HAVE SOME DELIGHTFUL PATTERNS TO SHOW IN NEW FURNITURE

HARPUR BROTHERS, HOUSE FURNISHERS (Tel. 96) WATERFORD

TROUT ANGLING. FERMOY AND DISTRICT Successful Year.

There was a good attendance of members at the sixth annual general meeting of the above which was held in the C.Y.M.S. Hall on Monday evening. Mr. R. J. Baylor, Secretary, presided and presided well over these present and as they had a good deal of business to perform he would ask the Secretary to read his report.

The Secretary, Mr. J. Hogan, read letters from Mr. E. O'Mahony, C.E., Mr. W. E. Tucker, Mr. C. Joyce, Kilworth and Col. Wigham regretting their inability to attend, and wishing the meeting every success.

A letter was read from Mrs. Bolster, Ravenswood, thanking the Association for the sympathy extended to her on the death of her husband.

The Secretary, Mr. J. Hogan then read his report as follows:— In presenting for your consideration the Annual Report of the workings of the Association for the year 1940, it affords me very great pleasure to be able to place on record yet another successful year in the history of the Association.

The twofold objects for which the Association was founded were, as usual, kept in the foreground of the Association's activities. Firstly, the restocking of the rivers, and secondly, the creation and maintenance of a true sporting spirit amongst all anglers. With regard to the first, the Association liberated on the River Bride and Anglin 20,000 trout fry.

With regard to the second, the Association might be said to have made history in the matter of competitions. The usual Club Competitions were held on the River Bride and Funcheon, and in addition the Association undertook the onerous task of sponsoring the Munster Federation of Trout Anglers. As you are all aware, this competition was held annually in Killarney, and usually attracted approximately 80 competitors from all over Munster.

with 4 trout weighing 4 lbs. 10 ozs. Second D. Cronin, Aghern. 11 trout weighing 3 lbs. 11 ozs.; Third, J. B. Tobin, Fermoy, 7 trout weighing 2 lbs. 5 ozs.

The Competition on the Bride was won by Mr. E. O'Mahony, Fermoy with 19 trout weighing a total of 62 ozs.; Second P. Power, County, 13 trout, weighing 3 lbs. 9 ozs.; Third, P. O'Shea, Ballyduff, 15 trout weighing 3 lbs. 4 ozs. Heaviest individual trout, C. McGrath, Fermoy, Area prizes were won by the following:—D. Heffernan, Fermoy; E. Cronin, Aghern; J. Barry, Kilworth; J. Gallagher, Ballyduff; T. Grant, Corb. In connection with the Bride Competition a special competition was included for juveniles. This was won by D. O'Sullivan, Conna; second, M. O'Mahony, Fermoy. Five juveniles took part in the competition, and next season it is hoped that this number will be doubled at least.

The Bolster Cup for the heaviest combined catch from both competitions was awarded to Mr. J. Keane, Fermoy with a combined total of 115 ozs. The Sub-Committee in charge of the Competitions are to be complimented on the exceedingly fine manner in which the Competitions were conducted, and are indebted to those who volunteered to undertake the duties of stewarding, and who combined to the success of the Competitions. They are also indebted to all those who placed transport facilities at their disposal for all the competitions.

For the first time, some members of the Club travelled to Killarney on the 10th September to compete in the Munster Individual Championship. Mr. D. J. Heffernan, who has often won prizes in our own competitions, was very successful and carried off a prize. One of the other competitors had the novel experience of the society.

Annual Dance—The annual dance was once again a success socially though financially not quite as successful as in former years.

PATRICK BROWNE, CYCLE MECHANIC.

All Machines Guaranteed for all Time. REPAIRS A SPECIALITY. 13, O'CONNELL STREET, DUNGARVAN.

Your delegates to the Annual Meeting of the Munster Federation held at Malby at the end of January acting on your instructions decided to put forward the Fever Backwater, with Fermoy as centre, as the venue for the 1940 Competition.

The suggestion was received favourably and after a site, Fermoy was selected as the venue. Little did the promoters realise the magnitude of the task they were about to undertake. The number of entries for the competition set up a record, the total being 748.

The amount of organisation required could not be overestimated. The time of the Organising Committee, and it is only right to state that each and every one of them gave of his best, and left no stone unturned to bring to a successful conclusion the competition for which they had accepted responsibility. It would be impossible for me to individualise any particular member of the Organising Committee. Yet I feel it is only just to his character our worthy President should be specially mentioned, and with him I would couple Mr. P. H. Daniels, whose sound advice and far-seeing ability to overcome obstacles were so evident during negotiations leading up to the competition.

As to the competition itself, it was a huge success, though the gods were unfavourable in the matter of providing suitable weather. I need hardly mention that it is a special source of pleasure to the members of our own Association under the leadership of our worthy Committee man from Cork City, Mr. M. K. Horgan; the other members of the winning team being Messrs. T. R. Grant (Cork), T. Barry (Cork), J. Gallagher, D. Cronin and D. Fitzgerald, Ballyhooley. Mr. Fitzgerald also captured the individual Prize for the catch. I am sure you will all join with me in congratulating the winners, and hope that next year they will successfully defend their title.

With regard to the Competition, the Association are under a debt of gratitude to various riparian owners and lessees of water, for so kindly placing at the disposal of our members all the necessary stretches of water, and also to each and every one of the Stewards, without whose co-operation it would have been impossible to run the Competition, not forgetting the donors of prizes.

With regard to the Club Competitions for the Bolster Cup, the Funcheon Competition was won by J. Keane, Fermoy

with 4 trout weighing 4 lbs. 10 ozs. Second D. Cronin, Aghern. 11 trout weighing 3 lbs. 11 ozs.; Third, J. B. Tobin, Fermoy, 7 trout weighing 2 lbs. 5 ozs.

The Competition on the Bride was won by Mr. E. O'Mahony, Fermoy with 19 trout weighing a total of 62 ozs.; Second P. Power, County, 13 trout, weighing 3 lbs. 9 ozs.; Third, P. O'Shea, Ballyduff, 15 trout weighing 3 lbs. 4 ozs.

Heaviest individual trout, C. McGrath, Fermoy, Area prizes were won by the following:—D. Heffernan, Fermoy; E. Cronin, Aghern; J. Barry, Kilworth; J. Gallagher, Ballyduff; T. Grant, Corb. In connection with the Bride Competition a special competition was included for juveniles. This was won by D. O'Sullivan, Conna; second, M. O'Mahony, Fermoy. Five juveniles took part in the competition, and next season it is hoped that this number will be doubled at least.

The Bolster Cup for the heaviest combined catch from both competitions was awarded to Mr. J. Keane, Fermoy with a combined total of 115 ozs. The Sub-Committee in charge of the Competitions are to be complimented on the exceedingly fine manner in which the Competitions were conducted, and are indebted to those who volunteered to undertake the duties of stewarding, and who combined to the success of the Competitions. They are also indebted to all those who placed transport facilities at their disposal for all the competitions.

For the first time, some members of the Club travelled to Killarney on the 10th September to compete in the Munster Individual Championship. Mr. D. J. Heffernan, who has often won prizes in our own competitions, was very successful and carried off a prize. One of the other competitors had the novel experience of the society.

Annual Dance—The annual dance was once again a success socially though financially not quite as successful as in former years.

Cork City Vocational Education Committee

Rev. Bro. Byrne, Sub-Minor, North Monastery, presided on Monday at the meeting of the Cork City Vocational Education Committee. Also present: Messrs. E. O'Mahony, B.L., T.C., M.C.C.; W. Furlong, T.C.; D. Daly, M.A.; J. J. Hurley, T.C.; M. Egan, H.C.

On the proposition of the retiring member, Mr. M. Egan, seconded by Mr. D. Daly, M. E. O'Mahony was appointed representative of the Vocational Committee on the Cork Advisory Committee for Juvenile Employment.

A letter was read from the City Manager inquiring if the Committee could place at the disposal of the A.R.P. office for the city on one or more nights each week, the lecture halls at the School of Art, Commerce, and Science.

The C.E.G. said that the lecture hall at the School of Commerce and Technical School were not at it as they were fully occupied for classes. The lecture hall at the School of Art was booked by societies on these nights definitely for work, and it would be inconvenient to dispossess them, while there were other societies on three nights definitely per week, and it would be inconvenient to dispossess them, while there were other societies who were usually accommodated.

After a discussion it was decided to write to the City Manager offering Monday or Tuesday nights at the School of Art Lecture Hall, if suitable for the A.R.P. office.

They were invited to the supply of typewriters were referred to Mr. Cusby, Head-master, School of Commerce, for his recommendation.

Sketch plans for the proposed erection of a caretaker's house and students' hostel accommodation at the Committee's Sports Grounds at Farna, Malby, were submitted by the architect, Mr. E. P. O'Flynn. In reply to Mr. Hurley, the C.E.O. admitted the plans now covered practically only the house for the caretaker. The Department, he said, had limited the expenditure to £700, and the estimated cost of the residence was £685, just within it.

Mr. Furlong said he was abnormally in agreement with the proposal, especially as provision was only made up to the present for a caretaker, and the cost did not yet include a proposed pavilion.

The C.E.O. read a letter received from the Department last month in which it was intimated that the Department desired the position of caretaker should be taken by an official of the Committee without extra remuneration, but provided with the residence for the extra duty involved.

It was decided that the Committee meet at the Sports Grounds on next Saturday at 3 o'clock and to discuss the matter. The Principal of the Technical Institute, Mr. J. F. King, submitted the names of students of the Institute who were successful in obtaining prizes by the Flour Millers Association in Ireland on results of the Department's 1940 examination in flour milling.

The following were the successful students:—

Flour Milling Prizes and Processes (Senior and Intermediate) - Collins, Corallus, Michael, first class; O'Leary, Patrick, Joseph, first class; Roberts, Abner, I. deKort, first class; McCreaney, James, second class; O'Connell, Patrick, second class.

Flour Milling Elements (Junior and Intermediate) - Connolly, David, second class; O'Leary, William Gerard, second class; O'Mahain, Sean Pluncard, second class; Sheridan, Richard, Patrick, second class.

On Mr. King's recommendation it was decided to award a scholarship of £2 each to the four senior engineering students attending at the Irish Steel, Ltd., Haulbowline, for practical experience.

Arising out of a query by Mr. Furlong, it was decided to advertise to ascertain if sufficient students would be forthcoming for the proposed class in architectural drawing.

JUST COMMONSENSE

YOU need not be an Expert to realise that a Genuine Overhaul cannot be done on your Car for a few shillings. As a Motorist you would not expect a super performance from a badly worn Engine, or trust your life to a ruin salvaged from a junk yard. Yet there ARE Motorists who toy with the idea of saving a pound or two on their Overhaul, the one item concerning which parsimony is unwise to the point of foolishness.

Have your Car Overhauled in one of the best-equipped Garages in the South. Over 200 Engines Re-bored in two years, and still going strong.

D. POWER & CO., GARAGE, DUNGARVAN.

FARMERS—Do not scrap that broken Wheel or Broken Part, no matter what kind of Machine it was on. I can find and Machine it for you for a little more than half the price of a new one, and save you a lot of time in trying to get a new part. D. POWER & CO., DUNGARVAN.

KILMACTHOMAS SYMPATHY.

Widespread sympathy is expressed for the late Mr. Sean O'Connell, Kilmacthomas, in his death, occasioned by the death of his wife, Ellen Coughlan (nee Ormond), John Coughlan, Convent Place, which sad event happened after a comparatively short illness, a moderately advanced age, from St. Patrick's Church, Fermoy, on Tuesday afternoon, 14th inst. a tribute of public remembrance of departed worth—PASSING OF PROMINENT PARISHIONER.

In the passing of Mr. James Maher, Kilmacthomas, Portlaoise, of his best known, Portlaoise, respected figures, Fortified by the Holy Catholic Church, he was ever devotedly attached to his family and resignedly answered the Call on Thursday last, 14th inst., at the age of 88 years. He was of unbounded generosity and an outdoor sports had in him.

Deceased was a notable breeder and exhibitor of horses and cattle, and in agriculture his advice was eagerly sought and was always helpful. In his private life he was never happier than in forming a good turn or a sincere friend and helper. He was the cousin of the late Mr. Edmund Kilnagrange Mills, Kilmacthomas, a life-long friend of the late Mr. Arthur Hunt, Portlaoise. The late Mr. White was Patrick White, Kilmacthomas, Nellie White, do. Mr. James Portlaoise, and Mr. Stephen Portlaoise.

KILMACKTHOMAS NOTES

SYMPATHY. Widespread sympathy is extended to the recently popular Mr. Sean Ormonde, M.T., Kilmackthomas, in his bereavement occasioned by the death of his aunt, Mrs. Ellen Coughlan (nee Ormonde), wife of Mr. John Coughlan, Convent Place, Fermoy, which sad event happened on Sunday after a comparatively short illness and at a moderately advanced age. Her funeral from St. Patrick's Church, Fermoy, to Lismore, on Tuesday afternoon, was a magnificent tribute of public respect to the memory of departed worth.—(R.L.F.).

PASSING OF PROMINENT PORTLAW PARISHIONER. In the passing of Mr. James White, farmer, Kilmagomogue, Portlawn, has lost one of its best known and most highly respected figures. Fortified by the rites of the Holy Catholic Church, to which he was ever devotedly attached, he peacefully and resignedly answered the Great Call on Thursday of last week at the advanced age of 88 years. He was a man of unbounded generosity and all forms of outdoor sports had in him a liberal patron.

Deceased was a notably successful breeder and exhibitor of thoroughbred horses and cattle, and in agricultural matters his advice was eagerly sought and was always helpful. In his own quiet way he was never happier than when performing a good turn or a charitable act, and the poor especially had ever in him a sincere friend and helper. He was a first cousin of the late Mr. Edmund Flahavan, Kilmagomogue Mills, Kilmackthomas, and was a life-long friend of universally esteemed Mr. Arthur Hunt, Rockmount, do.

The late Mr. White was father of Mr. Patrick White, Kilmagomogue; Miss Nellie White, do.; Mr. Thomas White, Portlawn, and Mr. Stephen White, Bally-

duff-Kilmeaden, with whom, as well as the other immediate relatives, deep sympathy is felt in their bereavement and loss.

Seldom has the affection of the general public been so manifested as was on Friday evening at the removal of the remains to the Parish Church, Portlawn, and again on Saturday at the obsequies and interment (in the adjoining cemetery). It was representative of every section of the community and included a very large number of friends who had travelled long distances to pay their last tribute to his memory. The good priests of the parish officiated at the graveside. The chief mourners were:—Paddy, Thomas, and Stephen White (sons); Nellie White (daughter); Mary, Kitty and Eileen White (grandchildren); Mrs. T. White and Mrs. S. White (daughters-in-law); Ciss Gough (niece); James Gough and Paddy, Michael, and Frank Murphy, and Michael Murphy (nephews); David Fitzgibbons and Joe Murphy (grandnephews), and Miss Fitzgibbons (grandniece). A number of beautiful floral wreaths were laid on the grave, and many messages of condolence were received. Mass Cards sent included:—From Paddy and Nell; From Tommy and Annie; From Stephen and Fan; From your loving grandchild, Mary; From Kitty and Eileen; From Nicholas and Molly; From all in Kilmagomogue; From Ciss Gough; etc., etc.

The funeral arrangements were admirably carried out by Mr. John Kent, undertaker, Kilmackthomas. The Light of Heaven to the gentle soul departed.

DEATH OF MR. M. SAMMON. Mr. Maurice Sammon, Carrigahilla, Stradbally, died at the County Hospital, Waterford, on Sunday, after a short illness and while yet in his early fifties, and the sad event—coming, as it did, but three months after his good wife's demise—evoked profound regret throughout the district, not only amongst his many friends and relatives but the general public. The possessor of numerous estimable qualities of head and heart, deceased was highly respected and exceedingly well-liked. Peace to his soul.

The remains were conveyed to the Parish Church of the Exaltation of the Holy Cross, Stradbally, on Monday evening, where they were received by the Rev. J. Lann, C.C., do., who recited the prayers for the dead.

Following the celebration of Masses of Requiem next morning, the burial took place in the adjoining cemetery amidst many manifestations of sincere sorrow. Very Rev. E. English, P.P., Stradbally, pronounced the final absolution at the graveside.

DEATH OF MISS N. MURRAY. The death of Miss Nano Murray, Ash-ton, Kilmackthomas, happened at her home on Monday, after a protracted illness and in the fullness of her years. Worthy member of a fine old family stock of the farming community, she was very popular with all classes and creeds. A model Catholic, her demise will be deeply deplored by a host of friends and relatives throughout the Decies. Deceased, who was a fluent, native speaker, was sister of Mr. Edmund Murray, Ash-ton, and Miss

Kate Murray, do., with whom sympathy is universal.

A remarkably large and representative cortege accompanied the removal of the remains on Tuesday evening to the Parish Church, Fews, where they were received by Father Meehan, who recited the prayers for the dead. Masses of Requiem for the gentle soul departed were offered up next morning, and all that was mortal of the deceased was afterwards reverently laid to rest in the family plot in the churchyard, in the presence of innumerable mourners and sympathisers. Very Rev. J. Crotty, P.P., Kilrossanty, and Rev. W. Meehan, C.C., do., officiated at the graveside.—Ar dheis De go raib a h-anam.

GAELIC GARNERINGS. Portlawn and Ballyduff Lower will be fielding out at Newtown on to-morrow (Sunday) to decide their Eastern Divisional Junior Hurling League tie, and with the sides equally well trained and confident of success a stern struggle for supremacy seems assured. The sterling Newtown Gaels have their arena (field kindly lent by Mr. Wall) shipshape for the set-to and they expect a good attendance of spectators.

The annual general meeting of the Kilmackthomas Football Club was postponed from Monday night last to this (Friday) night at Leamyriben Hall, commencing at 8 o'clock (old time). It is expected that Kilmackthomas will be able to affiliate two formidable teams in the current year's Western Divisional and County Championship competitions, viz., senior football and junior football. All members and intending members are earnestly requested to attend. The meeting will elect officers and appoint delegates for the County Convention and the Divisional Board meetings, and captains for the respective teams will be selected.

Here's a fuller report of the annual general meeting of the Faha Football Club (held on Thursday night of last week) than that we gave in the previous issue. Sympathy was voted to the brothers and sister of the late Mr. John Anderson, Faha. The annual report submitted by the Hon. Treasurer (which was adopted unanimously) showed an appreciable credit balance. Mr. John Harris was re-elected Chairman, and Mr. Nick Casey, Hon. Treasurer and Hon. Secretary. Messrs. N. Casey and M. Downey were appointed to act as delegates to the Co. Convention and to the Western Divisional Board meetings. It was agreed to affiliate a junior football team and a junior hurling team in this year's Divisional and Co. Championship competitions. Mr. Jim Connors was elected Captain of the football team, and Mr. Neddie Foley, Vice-Captain. Football Selection Committee—Messrs. John Harris, Jack Curran, Jim Connors and Johnny Foley.

Mr. Mickie Downey was elected Captain of the hurling team, and Paddy Burke Vice-Captain. Hurling Selection Committee—Messrs. J. Harris, M. Downey, P. Burke, P. Butler and F. Troy. It was decided to ask a veteran local hurler to act as trainer of this new team.

A special vote of thanks was passed to

Mr. Tom Connors, Faha, for placing a most suitable field at the Club's disposal.

The Newtown Football Club's first annual general meeting takes place on to-morrow (Sunday) evening, at 2.30 o'clock (old time).

The County Convention is coming off at the Old Borough of Dungarvan on to-morrow week (28th inst.).

COMING EVENTS.

Co. Waterford Ploughing Championships. At Ballyhussa, Kilmackthomas, in an ideal field for the purpose (kindly lent by most estimable Mrs. Catherine Nugent, licensed vintner and farmer, Newtown) this important fixture will be held on Wednesday of next week, under the auspices of the Newtown Ploughing Committee, viz., Messrs. John Kiersey, ex-T.D. (President); Laurence Veale and D. J. Kiersey (Joint Hon. Secretaries); Pat and William Cummins, Thomas Phelan (All Ireland Junior Champion, 1941); James and Patrick Gough, James and Patrick Kelly, Michael, John, Thomas, Edmund and Dennis Cummins, Simon Kenny, W. Cummins, J. Cunningham, Patrick Nugent, Edmund Drohan and Frank Drohan, P.C.

Besides the usual classes the day's card embraces a special competition for ploughmen under 21 years of age. Prize money totalling £25, plus a silver cup, are on offer for the fixture. Granted favourable weather a record crowd should witness excellent exhibitions of what today is the most important art of all. For full particulars of next Wednesday's programme please peruse the ad. sent same appearing elsewhere on this copy, and—Be at Ballyhussa on "Der Tag"!

ON WITH THE DANCE!

As advertised, a grand and gala long Cindarella dance will be brought off at the popular New Hall, Kilmackthomas, on to-morrow (Sunday) night week, under the aegis of the Tramore District Command, L.F.E. Music will be provided by P. Cody and his Band, and the admission charge is 3/6 (inclusive of the customary capital catering). Special buses will run from the Clock Tower, Waterford, at 8 p.m., sharp, stopping anywhere (Return fare, 2/6 from all points)—One bus will travel via Kilmeaden, one via Tramore, Fenon, Dunhill and Kill; one via Mooncoin, Piltown, Fiddown, Carrick-on-Suir and Portlawn. All are welcome, so—show up with your friends!

IN THE OFFING.

The Newtown Ploughing Committee and Cow-Testing Association's annual all-night dance will be held at the New Hall, Kilmackthomas, at an early date. We have it that Dr. Ryan, Minister for Agriculture will be in attendance to present the National Ploughing Association's Junior All-Ireland Cup to last year's champion, Mr. Thomas Phelan, Newtown, and other trophies to Messrs. Pat Cummins, Carrigen, and Martin Coffey, Savagstown, Kill, who partnered Mr. Phelan on the winning Waterford team at Thurles in February last. Dance devotees will not miss this sure-to-be sparkling social, details of which will be duly advertised.

IRISH AND THE PEOPLE

To the Editor, "Dungarvan Observer."

On the 2nd inst. "The Irish Press" published one of those leading articles which we see occasionally chiding the people in a mild tone for the slow progress being made by Irish as a spoken language, at the same time exonerating governments from all blame for this state of affairs. If that article reflects the views of the Government on the Irish revival it looks like this—the State has done its utmost, if the people don't do the rest "Stán leac a fuairead."

Let us get down to facts. I wonder how many of the people at present care a hang whether Irish is revived or not? It would be interesting to have a vote of popular opinion on the question of reviving Irish. The result would shake our faith in the peoples desire or ability to restore the language I think.

Who are the people anyhow, or on how many of them are we to throw the blame for our failure to make Irish popular after enjoying twenty years of so-called freedom? On all, excluding patriots and politicians I presume. Why question their sincerity even though they remain inactive watching the people allow the language to perish. Or is it a fact that a people do suddenly receive an inspiration to unite or co-operate automatically for the accomplishment of enormous tasks of this kind. History doesn't record such a miracle. The only time they have done anything great is when banded together under a bold leader who led the enthusiastic and pushed on the "slacker".

Throwing the responsibility on the people in matters of this kind is of course an old trick of democratic statesmen when faced with a tough problem. Then instead of facing their task with courage and determination they sidestep the issue by making their business everyone's business therefore nobody's business. It also gives us a true example of the rotten Democratic principle of yielding the welfare of the nation to the stupidity and egotism of the selfish individual.

If the state, with all the means which are at its disposal such as, the force of the law, the radio, the press, the cinema, the Civil Service, so-called national organisations, etc., etc., cannot solve such a problem as making Irish popular outside of school. How can we expect the people to do it? They are yet blind with Shooneism and do the blind lead the blind?

Yet the people who are unable to grasp the significance of our Gaelic revival have certainly done a thing or two in this respect, which should be appreciated, they have time and again voted into power governments who have stated that it was their policy to make Irish the spoken language of the people. Who has failed? Parents have not grumbled much at compulsory Irish in the schools. Why? because even if they did it would avail them nothing. Neither could they grumble if on leaving school their children were compelled to attend state classes for the

Gaelicisation of the youth. Only at such classes can they practice to speak whatever amount of Irish they have acquired at school and learn, or perfect their knowledge of Gaelic culture in general. When shall we realise the urgent need for compulsion in this matter? The Government have provided Irish classes in most districts for the youth to learn Irish. Someone will probably say, Well, if those classes are looked upon with contempt by the youth and even by members of so-called national organisations, and scoffed at by the "educated shooneers." What then? There are two courses only for the State to follow, in those circumstances: to act with courage and determination and protect the work being done in the National Schools against the anti-Gaelic elements, or to yield with protest to the people and allow Irish to become a laughing-stock among them.

Anyhow if we want a clear example of the result of depending on the people to do any important national work voluntarily let us take the growing of foodstuffs. Even though of vital importance to themselves and of more direct material value than Irish it required a compulsory tillage bill to make them do their duty to themselves, and to the nation. However, the State here acted with courage and foresight, though it was a bit of a departure from our Democratic ideal of freedom, and not the last or the least departure perhaps.

"A GAELIC CITIZEN OF EIRE."

HYGIENE IN THE HOME.

The problem of preventing infection during sleep has long occupied the attention of the scientific and medical world. It is a known fact that germs of colds, influenza and other ills remain in ordinary mattresses to propagate and re-infect. Second-hand restored mattresses are serious carriers of disease, and so important is this matter that in the U.S.A. the sale of second-hand bedding is prohibited by law. Not until the invention of the Sanitized process was sleep made utterly safe. This process, which was discovered after prolonged scientific research, is now incorporated in the O'Dearest Sanitized Mattresses. It renders them, in addition to being supremely comfortable, actively antiseptic, self-sterilizing, odourless and permanently germ-proof. No amount of ordinary shaking, airing, brushing, or dry cleaning can weaken this effect, and continued hygienic cleanliness is consequently ensured. More and more progressive people are replacing their old mattresses with the O'Dearest Sanitized, and thus enjoy sounder sleep and sounder health. Because this famous mattress is made only from brand-new raw materials, and because it incorporates this revolutionary health feature, sleeping on one is equivalent to having a new mattress every night. We hold full stocks in every size and colouring. Prices very reasonable.—Harpur Brothers, House Furnishers, Waterford.

County Council Quarterly Meeting: Date of third meeting, Tuesday, 18th February, 1941; Date of fourth meeting, Tuesday, 13th May, 1941. J. H. O'SULLIVAN, Secretary to County Council, Dungarvan, 25th June, 1940.

DEPARTMENT OF AGRICULTURE

CO. WATERFORD COMMITTEE OF AGRICULTURE.

Nominations of Mares, 1941

The County Committee have decided to offer Nominations to Farmers' Mares to be served by Thoroughbred Irish Draught or Halfbred Stallions on Department of Agriculture, under the conditions set forth in the Department's Scheme for encouraging Improvements in the Breeds of Horses, 1941. The following are the Centres and the days and hours at which Mares will be judged in each district:—Dungarvan—Shandon, Tuesday, 4th February, 11 o'clock a.m. Youghall No. 2—Clashmore, Tuesday, February 4th, 2 o'clock p.m. Clonmel No. 2—Ballymacarbery, Wednesday, 5th February, 11 o'clock a.m. Lismore—Lismore Show Field, Wednesday, 5th February, 1 o'clock p.m. Carrick-on-Suir No. 2—Clonea Power, Thursday, 6th February, 11 o'clock a.m. Kilmacthomas—Kilmacthomas, Thursday, 6th February, at 1 o'clock p.m. Waterford No. 1—Ballybricken, Friday, 7th February, 11 o'clock a.m. The Value of Nominations in Thoroughbred and Irish Draught Stallions shall be £3 and to half-bred Stallions £2. Preference will be given to the best Young Mares under six years of age. An entry form shall not be accepted in respect of any mare which, having received a nomination in 1939 and in 1940 proved in both these seasons to be barren, nor shall such a mare be eligible for exhibition for nomination purposes in any future year unless the owner produces satisfactory evidence that the mare has become fruitful. Each Mare must be the property of a Farmer, the Tenement Valuation of whose Holding or Holdings, wherever situated and for which he is rated does not exceed £200. As far as possible two-thirds of the Nominations shall be reserved for Farmers valued at £50 or under. The term "Farmer" is to be understood to mean a person who derives his means of living mainly from Farming. Special attention is directed to the following Regulations:—1. Only such Farmers as are rated for Holdings within the County are eligible to exhibit Mares. N.B.—(This Regulation does not apply to Herds) 2. Each qualified Rated Farmer is entitled to compete for a Nomination for One Mare only, but the Committee may award a Second Nomination to Owners of Mares on the Reserved List. 3. Special Notice—Any person found (a) exhibiting a Mare not his Bona Fide Property; (b) attempting to obtain more than One Nomination through any misrepresentation as to the Ownership of his Mares; or (c) sending for service a Mare other than the one in respect of which the Nomination was awarded, is guilty of a Criminal Offence, and will be prosecuted. Further particulars regarding these Awards, Copies of the Department's Live Stock Schemes 1941 may be had from the undersigned and Entry Forms, must be filled and returned not later than Saturday, 1st February, 1941. JOHN O'DWYER, Secretary, Co. Waterford Committee of Agriculture, Courthouse, Dungarvan, 1st January, 1941. N.B.—No Entries will be received on days of Shows, nor will Mares be allowed to compete for Nominations whose Entries do not reach me at latest on Saturday, February 1st, 1941.—J. O.D.

CO. WATERFORD COMMITTEE OF AGRICULTURE.

Auction of Grazing.

MESSEURS QUEALEY & BALLOT have been favoured with instructions by the Executors of the late James J. Walsh to sell by PUBLIC AUCTION, on the Lands, on MONDAY, JANUARY 26th, 1941, at 2.30 p.m. (old time) the Grazing of 73 Acres of Land for a period of 11 months, from the 1st February, 1941, in suitable divisions. Terms: Cash; 5 per cent. Commission. QUEALEY & BALLOT, AUCTIONEERS.

NOTICE.

Acquisition of Land (Allotments) Acts, 1926-1934.

THE DUNGARVAN URBAN DISTRICT COUNCIL will, at their Meeting to be held on FRIDAY, 31st JANUARY, 1941, receive applications from Owners of Land who are willing to let for the season 1941 about 19 Acres (more or less), not necessarily in one lot, in Dungarvan Urban No. 1 Area; also about 4 Acres in Abbeyside Urban No. 2—all to be suitable for Allotments under the above Acts. Tenders will also be considered for a supply of Seeds and Manures, particulars of which can be had from the undersigned. By Order, WILLIAM O'MEARA, Town Clerk, Urban District Council Office, Town Hall, Dungarvan, 15/1/1941.

WATERFORD COUNTY COMMITTEE OF AGRICULTURE.

PREMIUMS TO BULLS, 1941.

THE County Waterford Committee of Agriculture invite applications from persons intending to compete for Premiums to Bulls under the conditions set forth in the Department's Live Stock Schemes, 1941, and who are prepared to purchase or exhibit such Animals at any of the following Spring Shows or Sales approved by the Department:—February 28th and 27th—Cork: Munster Agricultural Society's Sale. March 4th 5th and 6th—Dublin: Royal Dublin Society's Bull Sale. March 20th—Waterford: Irish Dairy Shorthorn Breeders' Society's Sale. The Breeds of Bulls eligible for Premiums and the Values of such Premiums will be as follows:—Pure-bred Registered Dairy Bulls (Class A) £20 Pure-bred Registered Dairy Bulls (Class B) £18 Half-bred Registered Dairy Bulls £16 Pure-bred Shorthorn Bulls £15 Aberdeen Angus and Hereford Bulls £12 In making selections, the Committee shall have regard to the need for securing the location of an adequate number of bulls of the Shorthorn (including Dairy Shorthorn) Breeds. The Committee shall see that up to the date (inclusive) of any Meeting at which such applicants are selected at least two-fifths of the applicants selected have been selected to keep bulls of the Shorthorn (including Dairy Shorthorn) breed, but in carrying out this requirement the Committee must also see that, of the total number of premium bulls of all ages to stand in the County in 1941, the proportion of Shorthorn (including Dairy Shorthorn) bulls must not be less than the corresponding proportion in the year 1940. The Committee require all Applicants for Premiums to deposit with their applications £2, such deposit to be refunded in case the Applicant is not selected by the Committee or if he procures a Premium Bull. In the event of an Applicant failing to procure a Premium Bull, the deposit so made shall be forfeited. Applications on Forms, which may be had from the undersigned, will be considered at a Meeting of the Committee to be held on the 25th January, 1941. J. O'DWYER, Secretary to Committee, Offices: Courthouse, Dungarvan.

COUNTY COUNCIL OF WATERFORD.

AGRICULTURAL GRANT, 1941-42.

Abatement of Rates on Agricultural Land.

EMPLOYMENT ALLOWANCES.

NOTICE IS HEREBY GIVEN that Forms on which claims for abatement of rates in respect of male persons (17-70 years of age) at work during the whole of the year 1940 have been issued to every rated occupier of land whose holding (or combined holdings) in the County Health District exceeds £20 a year rateable valuation. Any occupier of agricultural land exceeding £20 in valuation, who has not received a Form, should notify the undersigned immediately. The number of each employee's National Health Insurance Card and the number of the Qualification Certificate (if any) under the Unemployment Assistance Acts must be given in the space provided on Page 2 of the Claim Form. The space should be marked "None" if this information does not apply to the claim. An Employment Allowance by way of Abatement of Rates will not be allowed in the financial year commencing on the 1st April, 1941, unless a claim is made on the Form provided by the County Council. Every occupier who makes a Claim will receive an acknowledgment of receipt of claim. If no acknowledgment is received in due course, a notification should be sent to the undersigned. A false return made with a view to obtaining an abatement renders the person making it liable to prosecution. J. H. O'SULLIVAN, Secretary of the County Council, County Secretary's Office, Dungarvan, 2nd January, 1941.

Cottage to Let. The Commissioner administering the affairs of the Waterford Board of Public Health will, at his meeting to be held at the Secretary's Office, County Home, Dungarvan on Wednesday, the 12th February, 1941, consider applications from agricultural labourers (as defined by the Labourers Act, 1935) for the tenancies of the following Cottages, viz.: Youghal No. 2 Rural District, 151—Coolbeggan, Waterford No. 1 Rural District, 452—Carrickphilip, Carrick-on-Suir No. 2 Rural District, 29—Portlaoise. One new Cottage at Portlaoise. Applications must be made on the official form, to be had from the Rent Collector of the District, and must reach my office not later than 12 o'clock (noon) on Monday, the 3rd February, 1941. By Order, MICHAEL O'CONNOR, Rent Collector, 15, South Quay, 15, South Quay, 1941.

Cottage Plots to Let. THE Commissioner administering the affairs of the Waterford Board of Public Health will, at his meeting to be held on Wednesday, the 12th February, 1941, consider applications from Agricultural Labourers (as defined by the Labourers Act, 1935) for the tenancies of nine plots of land in various parts of the County, pending the erection of Cottages thereon. A list of the Plots referred to has been forwarded to the Rent Collector of each District and the will be available for application forms and any information required. Applications on official forms must be lodged with me not later than 12 o'clock (noon) on Wednesday, the 12th February, 1941. By Order, MICHAEL O'CONNOR, Rent Collector, 15, South Quay, 15, South Quay, 1941.

LOCAL HAPPENINGS

DEATH. O'NEILL (Dungarvan)—On January 15th, 1941, at Cork, John V. O'Neill, of 4 Western Terrace, Dungarvan, R.I.P. Requiem Mass on today (Friday) at St. Mary's (Parish Church, Dungarvan, at 10 a.m. (S.T.). Interment immediately afterwards.

DEATHS. CONNORS (Faha, Kilmacthomas)—Jan. 16th, at his residence, Thomas Connors. Deeply and deservedly regretted by his sorrowing family. Burial leaving Faha for Kilmacthomas at 3 p.m. (old time) today (Friday). High Mass on Saturday at 10.30 a.m. Burial immediately after in family plot adjoining.

BARRON (Knockboy, Dungarvan)—On January 15th, 1941, at Knockboy, Bridget (relict of the late Patrick Barron, and sister of Rev. John Gleeson, P.P., Aglish). R.I.P. Remains were removed to Touraneena Parish Church at 3 o'clock (old time) on yesterday (Thursday). Office and High Mass at 11 o'clock today (Friday). Funeral immediately after to Knockboy.

ACKNOWLEDGMENT. Mrs. Matt. Cunningham and family, Ballysillagh, Youghal, wish to thank the many kind friends who sent Mass cards, telegrams and letters of sympathy in their recent sad bereavement. Trusting that this announcement will be accepted by all in very grateful acknowledgment.

DUNGARVAN FAIR. Small supplies; demand quiet. Dungarvan fair on Wednesday last was very sparsely supplied in the cattle section. The supply of sheep, pigs, etc., was up to the average. Trade for fat and good strong cattle was fairly brisk. Young cattle were very difficult to sell, and the demand for these by shippers was nil. Springers met a very quiet trade. Best class weaning calves made from £6 to £8 10s.; 1 1/2 year olds, £9 to £12; 2 1/2 year olds, £12 to £15; 3 year olds and upwards, £16 to £21; springers, £17 to £20. Good young fat cows made up to £20; others made from £7 to £12, according to size, age and quality. Sheep, 45/- to £3; lambs 35/- to 50/-; pigs, 30/- to £3 15s.

DUNGARVAN MARKET PRICES. Meal—special 35/- per sack, middlecut 34/6 do.; flour, 28/6 do.; bran, 14/- per cwt.; pollard, 14/- do.; flake maize, 16/- do.; coal, 62/- per ton; eggs, 2/- per dozen; chickens, 1/- to 1/2 per lb.; old fowl, 6d. to 7d. per lb.; rabbits, 2/6 per brace.

GOLD MEDAL FOR NURSING—LOCAL LADY'S SUCCESS. From a cross-Channel journal to hand we clip a paragraph containing the result of examinations in State nursing. This contains the name of Miss Mary Kiely as a successful entrant. Miss Kiely, who is formerly of Crough, Colligan, and latterly of Kilmacshane has passed her final State nursing examination at Grimsby General Hospital. She also won a gold medal for nursing—entitling her to free midwifery training at a Leeds hospital. This charming young lady

AN ROINN TALMHAIDHEACHTA (Department of Agriculture). EMERGENCY POWERS (No. 53) ORDER, 1940 (AMENDMENT) ORDER, 1941.

Notice to Occupiers of Land. THE above-mentioned Order, made by the Government on the 7th January, 1941 amends the Emergency Powers (No. 53) Order, 1940, so as to require the cultivation in 1941 of at least one-fifth of the arable land on each holding comprising ten or more statute acres of such land. Copies of the Order will be placed on sale without delay, and will be purchasable from the Government Publications Sale Office, 3/4, College Street, Dublin, or from any bookseller. D. TWOMEY, Secretary, 8th January, 1941. 15/B.1438 W.H.Co.

"Dungarvan Observer" SATURDAY, JANUARY 18, 1941.

GROWING GRAVER. As the war grows more deadly and devastating, more destructive and more horrifying, all neutral nations are certain to be more and more adversely affected. In so far as our own country is concerned, all the indications are that there will be no lessening of the people's difficulties in the days immediately ahead. The recent temporary stoppage of petrol was surely a blessing, since it plainly revealed the pitiable plight we would be in should food supplies run short. It is more imperative than ever before that the civilian population co-operate whole-heartedly with the Government. Advice that was unheeded in the past must be taken now. It is up to us, both individually and collectively, to assiduously attend to every iota and detail of affective preparedness. Work, such as tillage, for the welfare of the community as a whole, should be carried out with increasing seriousness and vigour. The Government is acting in the best interests of the State, and it would be a lamentable catastrophe if our loyal support is not accorded as the crisis becomes more acute.

is a daughter of the late Mr. and Mrs. Patk. Kiely, Crough, and is niece of Mrs. Michael Moloney, Sheeharaine, Abbeyside, and of Mr. Jack Kiely, do., and Michael Kiely, Knocknappier. We join with her many friends all over the county in offering Miss Kiely very hearty congratulations on her brilliant success, and wish her many years of health and happiness in the fulfilment of her noble calling.

L.D.F. A full parade of all members of the Dungarvan No. 1 Group A of the Local Defence Force will take place in the Town Hall on this (Friday) night at 8 p.m. sharp. By order of Group Leader.

OBSERVATION UNIT. The members of the Observation Unit attached to the No. 1 Group A, Dungarvan L.D.F., are asked to parade in the Town Hall at 7.30 p.m. on Monday next, 18th inst., at 8.30 p.m., when important matters will be discussed.

DUNGARVAN C.Y.M.S. On Sunday last 12th inst., the usual enjoyable week-end drives in the C.Y.M.S. Hall were won by Messrs. J. Crotty and E. Cullinan. Runners-up were J. Moloney, M. Pover, J. Docey, and M. Whelan. No. 2 drive was won by Messrs. R. Rossiter and B. Lynch. Runners-up were J. Hickey, P. Dee, P. Hurley, and M. Walsh. Drive commences on Sunday night at 8.15 p.m. Entrance fee, 1/-.

On Friday night, January 24th, a "question time" and a concert will be held in the club room when a full house is expected. L.D.F. CEILIDHE. The above will hold a ceilidhe, old time waltzes, set dances, etc., in the Town Hall on Sunday night, 19th inst., from 8 to 11 (S.T.). Music will be supplied by the Cathal Brugha Ceilidhe Band. The price of admission will be only 6d. Make a note of this event and have an enjoyable night.

GROUP 2 A, DUNGARVAN L.D.F. RIFLE COMPETITION. All members of the above group are requested to be at the Shandon Quarry at 11 a.m. (S.T.) on Sunday next, 19th inst., when the first round of the rifle competition will be fired. It is very important that all members be in attendance. VISIT POSTPONED. Mr. Anech McMaster, whose well-known play company was to visit the Town Hall, Dungarvan, has postponed his visit to a future date.

RED CROSS (DUNGARVAN). The annual general meeting of the above branch of the Irish Red Cross Society will be held in the Courthouse, Dungarvan, on Tuesday next, 21st inst., at 8 p.m. (new time). The following ladies were in attendance at the work depot last Friday night: Mrs. W. Condon, Miss F. Claxton, Mrs. M. Dee, Mrs. N. C. Eager, Miss C. Flynn, Mrs. Going, Mrs. Hill, and Miss Long.

DUNGARVAN DOG WINS DERBY TRIAL STAKE. That popular owner of "Smutty the Dog" Mr. Patrick Moloney, Sheeharaine, Dungarvan, was the recipient of numerous congratulatory messages on the success of his dog at Crohane and Killenau annual coursing meeting on Tuesday last, when he won the Derby Trial Stake from a useful entry of high-class puppies. In the first round "Smutty the Dog" beat "Ever So Fast," and then accounted for "Gurteen Lemon," "Patent Man," and meeting "Sean's Bob" in the final, won in convincing style. AMENDMENT OF COMPULSORY TILLAGE ORDER. The attention of occupiers of land is directed to the Government notice, which appears in our advertising columns to-day, relative to the amendment of the Emergency Powers (No. 53) Order, 1940. The amending order, entitled the Emergency Powers (No. 53) Order, 1940 (Amendment) Order, 1941, requires the cultivation in 1941 of at least one-fifth of the arable land on each holding comprising ten or more statute acres of such land. The necessity for the increased cultivation under the amending order is due to the position arising from shipping difficulties in importing food stuffs for human and animal consumption. This position is not likely to improve in the near future and, therefore, the need for ensuring supplies of essential food stuffs by increased home production is of paramount importance for the security of the general community. The Minister for Agriculture trusts that occupiers who have regularly tilled a larger proportion than is required by the order will in the national as well as their own interests, extend their tillage by breaking a larger area of grass land than they would plough in their normal rotation and thereby make a substantial contribution to increased food production. ENJOYABLE DANCE. A most enjoyable dance under the auspices of the Dungarvan L.D.F. and Red Cross was held in the Town Hall, Dungarvan, on last Sunday night. The big crowd which patronised the gala function thoroughly enjoyed it. Another of these popular dances will be held on Sunday night, 26th inst. See advertisement in another page of this issue.

DEATH OF MR. M. MCCARTHY. The death took place at his residence, Cathal Brugha Place, Dungarvan, on Saturday morning 13th of Mr. Michael McCarthy, formerly of Callan Co. Kilkenny, the deceased came to reside in Dungarvan many years ago. Quiet mannered and industrious he was respected by all. His bereaved wife and family have the sympathy of all in their loss. On Saturday evening the remains were removed to the Parish Church, Dungarvan, where they were received by Rev. D. Power, C.C., who read the prayers for the dead. On Sunday the burial took place in the adjoining cemetery, after 12 o'clock Mass. Rev. Father O'Farrell, C.C.,

read the burial service. IRISH ASSURANCE CO., LTD. We direct the attention of our readers to the Irish Assurance Co., Ltd. As our readers are aware, the Irish Assurance Co. came into being in 1939 as a result of legislation. In this way the company has the benefit of the experience of nine of the leading insurance offices amalgamated at that time. The local superintendent of the company is Mr. J. Brennan, whose office is at Mary Street, Dungarvan.

DEATH OF MRS. B. BARRON, KNOCKBOY. The death occurred on Wednesday last at her residence of Mrs. Bridget Barron, relict of the late Mr. Patk. Barron, Knockboy, Touraneena. Deceased, a gentle, refined lady, was a member of one of the oldest and most widely connected families in West Waterford. She was sister of the Very Rev. John Gleeson, the popular and revered parish priest of Aglish. There was a wonderful large and representative cortege at the removal of the remains to the Touraneena Parish Church on Thursday evening. Requiem Office and High Mass will be celebrated on this (Friday) morning at 11 a.m., after which the funeral will take place to the family burial plot in Knockboy cemetery.

DEATH OF MR. T. CONNORS, FAHA. It is with very deep regret that we learn as we go to press of the death of Mr. Thomas Connors, Faha, Kilmacthomas, which occurred on Thursday. The remains will be removed to the Parish Church, Kilmacthomas, on this (Friday) evening at 2 p.m. (old time). The burial takes place on Saturday, after the celebration of Requiem

AT WALSH'S, DRAPERS, GRATTAN SQUARE, DUNGARVAN.

Late Mrs. H. O'Connell. The announcement of the death in Dublin of Mrs. Helen O'Connell Redmond, widow of Dr. Gabriel O'Connell Redmond, M.D., F.R.C.S., occasioned deep regret in the late husband resided for a number of years and where they were so popular amongst all sections of the community. The deceased, who was a member of a well-known local family (the Quinlans of Clonkerdan) was mother of Rev. Fr. Gabriel O'Connell Redmond, (Dooly, York-shire, Mr. Raymond O'Connell Redmond of the British Civil Service; Mr. Robert O'Connell Redmond, of New Zealand; Mr. Henry O'Connell Redmond, the well-known journalist; Mrs. O'Sullivan, Kilkenny and Miss Helen Redmond, while another daughter is a leading member of the Irish Sisters of Charity. To these and the other relatives of deceased, sympathy is extended in their bereavement.

Office and High Mass at 10.30 a.m. (old time). LAURENCE JOHN O'NEILL, WESTERN TERRACE. The remains arrived in Dungarvan from Cork last evening at Mr. John O'Neill, Western Terrace, Dungarvan. The deceased gentleman, who had been for a considerable time in a Cork hospital, was well known and extremely popular in his native town, where he carried on an extensive hotel, bakery, bar and grocery business, before retiring some years ago. The burial takes place today (Friday) after the celebration of Requiem High Mass in the Irish Church at 10 a.m. (S.T.).

THE NEED FOR INCREASED FOOD PRODUCTION.

THE IMPORTANCE OF THE POTATO.

The following is the text of the speech broadcast on the 13th inst. by Dr. Henry Kennedy, Secretary, Irish Agricultural Organisation Society:

The dire calamity of a war waged by sea and air all round us has already given some rude shocks to our ways and habits. We have taken for granted as being always available for our use and enjoyment have grown scarce. Some are already unobtainable, others may be unobtainable before many months have passed. We are being driven to concentrate on life's necessities, and of these the first is food.

In these talks it was fitting that the first should be devoted to the production of wheat so that what has come to be regarded as "the staff of life" may be provided and that the feeding of our people may be safeguarded without too violent a change in food habits. But bread was not always "the staff of life" for the great majority. There will be some in my audience whose memories can go back to the time when the potato held that position, and if by any mischance of unfavourable weather conditions at seeding or harvest, the wheat crop were jeopardised, there need be no misgivings as to food requirements if an adequate acreage of potatoes is grown this spring. Even today the potato occupies a very important place in the provision of our food.

While at one time the potato was regarded to some extent as the symbol of poverty, as to its value as a food there can be no question. It is primarily a starch or energy producing food. In addition, it is an important source—in some Northern countries the main winter source—of Vitamin C. It needs to be balanced with meat or milk and green vegetables. All accounts agree on the physical perfection of the race of which the main food was potatoes and milk. The standards have certainly not been improved by over-reliance in these days on a diet of impoverished white bread and tea. Arthur Young, that shrewd and impartial observer, who travelled this country in 1776, speaking of the food of the people—potatoes and milk—says: "I have heard it stigmatised as being unhealthy and not sufficiently nourishing for the support of hard labour; but this is very amazing in a country, many of whose people are as athletic in their form, as robust and as capable of enduring labour as any upon earth. . . . When I see the people of a country, in spite of political oppression, with well-formed vigorous bodies, and their cottages swarming with children; when I see their men athletic and their women beautiful I know not how to believe them subsisting on an imbecile food."

The potato is a native of South America, and was introduced into Europe at the end of the sixteenth century. It developed in Ireland as a common crop far earlier than in any other European country. There were two reasons for this: the extraordinary suitability of the potato to our humid climate, and the fact that in the seventeenth century, when the country was ravaged by war, it was about the only food material that could not be destroyed. It was the main food of the people in the eighteenth and the greater part of the nineteenth century. If the need arises, it can once again preserve our people from hunger in a period of crisis. It is significant that Great Britain—not normally a great consumer of potatoes—should give a first place to that crop in its war time programme.

I have stressed the importance of the potato as the second line of defence against hunger, and I appeal to farmers to see that the second line of defence is strengthened by growing a greater acreage and better crops of potatoes, so that no citizen of our state may be without adequate food even under the most adverse circumstances.

But the potato, more than any other cultivated crop, has another function to fulfil, namely, the maintenance of our agricultural production, especially of pigs and poultry. We are deprived of the maize which we used to import. Even if, as we all hope, all the necessary wheat will be available there will be less of it on account of the higher extraction of flour. If, therefore, production is to be maintained, it can only be done by home-grown foods, and of these the most important is the potato. The potato can be used for every animal on the farm, but the pig especially uses the potato with great efficiency in the production of meat.

There is no country in Europe, and possibly none in the world, so suitable as this to the culture of the potato. It occupies a greater percentage of the ploughed land in

this than in any other country. Since 1851 the acreage under potatoes has decreased less than the acreage of any of the other major crops. These are sure signs of the realisation by the farmer of its special significance in Irish agriculture. Almost 60 per cent. of the crop is normally used for animal feeding, an amount about equal in food value to the maize imported, so that already much of our agricultural output is based on the potato. In the years 1927-1931 the yields in the Department's variety tests all over the country—the crops being Kerr's Pink in the first two years, and Arran Banner in the other three—averaged 15 tons 6 cwt. per statute acre. These results show what can be done in ordinary farming practice. Crops of over 20 tons per acre have been obtained again and again in many districts. A crop of 12 tons to the acre is equivalent to 3 tons of maize, and it is no exaggeration to say that that yield can be obtained by proper husbandry on practically every type of cultivable land in this country. There is no other crop which can give such yields of food nutrients per acre for man or beast on practically every variety of soil. Even when Wakefield wrote in 1812, referring to a district in County Limerick, he states that "it was estimated that an acre of potatoes will make a ton of pork."

In the year 1938, we imported 350,000 tons of maize largely for pig-feeding. As one ton of maize is equivalent to four tons of potatoes, to replace the maize there would be needed an extra 1,400,000 tons of potatoes. At 12 tons per acre this would require, approximately, 120,000 extra acres; and at 8 tons per acre, the replacement of the maize would only involve an average of an extra half-acre of potatoes per farm in the country.

The food requirements of a 2 cwt. pig, including the food of the sow from the time of service till the bonhams are weaned can be provided by 40 gallons skim-milk, 56 lbs. meat meal, 2 cwt. of cereal meal, and 22½ cwt. of potatoes. If adequate milk is available, the meat meal can be replaced by a further 100 gallons of skim-milk. For the production of the fat pig, therefore, only 2 cwt. of meal are necessary. The pig is an accommodating animal, and the meal can be provided by 1 cwt. of crushed oats and 1 cwt. of pollard or barley meal. Even in the event of pollard and barley meal not being available, the requirements can be fairly well satisfied by finely ground oats. A farmer can produce eight pigs on a total of slightly over 1½ acres. Even with an eight ton per acre crop, the food can be produced on less than two acres. There should be no reason whatever to view with alarm the absence of maize meal in connection with the maintenance of our pig production.

Potatoes have some disadvantages as against maize meal. In the first place, the pig cannot assimilate adequate quantities of potatoes on account of their bulk to make quick enough gains. Hence the need for supplementing the ration with meals. Experiments carried out in Germany about 15 years ago, however, have shown clearly that satisfactory gains can be ensured with even as little as 1½ lbs. of meal per day in addition to the necessary protein supplement of meat meal or skim-milk, and as much potatoes as the pigs will eat. This system of feeding was carried out last winter with the most satisfactory results by Mr. McGuckian in his well known pig enterprise in Cloughmills, Co. Antrim, where he fed 40 tons of potatoes per day to his pigs, and about 7,000 tons in all. It is the so-called Lehmann system of pig feeding, from the German scientist who carried out the experiments. The system is not very different from traditional practice on our small farms, where potatoes were abundant, but where money to buy meal was scarce. The use of potatoes to replace up to two-thirds of the meal has been thoroughly tested on the Department's farms.

Probably one of the reasons for the great popularity of yellow maize in the past, and the preference given to it by farmers over other cereals, is its content of Vitamin A, which is absent in potatoes, but is equally absent in white maize, barley, oats and mill offals. It can easily be replaced—and it is important to replace it—by fresh grass, green cabbages, kale, etc. Finally, potatoes are poor in minerals, and a suitable mineral mixture should be provided.

Poultry, as well as pig production, is jeopardised by the impossibility of importing maize, and here, too, the potato can play an important part in maintaining production. At least one-half by weight of the ration can be provided from potatoes without reducing production. The value of the potato for other farm animals is too well known to need emphasis. Potatoes suffer from the disadvantage of loss in storage in the late spring, and associated with this is the labour of turning the potatoes. This problem can be solved where there are suitable facilities for cooking. The potatoes are well washed, cooked, and packed tightly into a simple rectangular concrete silo. The closely packed mass is covered with sacks and a layer of dry straw to exclude the air. The potatoes treated in this way will keep indefinitely without deterioration of feeding value. They are available the whole year round and can be fed direct from the silo. This is now and has been for a number of years common practice in Germany, where simple plants consisting of washer, boiler and cooking vessels travel from farm to farm to cook the potatoes. The process has been tested and demonstrated on the Department's farms and is described in the Department's special leaflet No. 9.

To grow potatoes with profit for pig and

poultry production, everything depends on getting large yields per acre. This again depends on good cultivation, before and after sowing, on good seed, on the use of high-yielding varieties, such as Arran Banner and Kerr's Pink, on adequate manuring and on spraying early, spraying well, and spraying at least twice in the season. Good seed is of primary importance. Seed may contain the sources of leaf roll and mosaic diseases, which make it impossible to produce a good crop. A mere change of seed is useless unless the new seed comes from healthy stocks. Nowhere are better seed potatoes grown than the certified seed produced in this country. If certified seed is not available, the object should be to get seed grown from certified stocks or as near to certified stocks as possible.

The ideal manurial dressing for potatoes is about 15 tons of farmyard manure supplemented with 4 or 5 cwt. of superphosphate, 1 cwt. of muriate of potash and 1 to 2 cwt. sulphate of ammonia per statute acre. Muriate of potash is not obtainable this season, but compound manures containing potash are available in reasonable quantities, and 5 or 6 cwt. of one of these will replace the superphosphate and muriate of potash. While muriate of potash is desirable, it is by no means indispensable and farmers who can apply about 15 tons of farmyard manure, 4 to 5 cwt. of superphosphate and 1 to 2 cwt. of sulphate of ammonia may confidently expect yields not less than the comparatively moderate one of 12 tons already mentioned. Indeed, if he has to do entirely without phosphatic manure for the whole or portion of his potato crop, he can still get good yields from 15 tons of farmyard manure and 2 cwt. of sulphate of ammonia per statute acre.

In urging farmers to extend the acreage of potatoes and to grow heavier crops, I have no mental reservations whatsoever, for it is and long has been my personal view that pig production can be carried on with more profit to the farmer in this country in peace or in war on the basis of potatoes than on the basis of imported maize. I ask especially those farmers, and they are the majority, who operate their farms with family labour: What is the added cost of growing another acre of potatoes? The added cost is the seed, the manures, the spraying materials, and the acre of what in too many cases is very indifferent grass. A 12 ton crop of potatoes equal to three tons of maize, can be got by way of added cost at a fraction of the cost of maize. In my view, it is good business to grow a greater acreage and better crops of potatoes. In these anxious days it is good citizenship to safeguard the food of the people by increasing the production of potatoes for direct consumption, if the need should come, and for the production of meat and poultry products to give variety and balance to our food resources, and to maintain the flow of trade which is essential to our economic life.

The farmers of this country have never failed in service in the many dark hours of our troubled history. This nation is faced with the stern reality of having to rely on itself for its food supply. On you farmers, the security of that food supply depends. The need is urgent, and the time is short. Grow more wheat; but grow another acre of potatoes on every farm. Its generous harvest will banish the spectre of hunger and want.

KEEP SMILING

Whenever you're feeling kind of blue you need some frank advice and truth. So here's the best that I can do:

Just try to keep on smiling. No matter if it rains or snows, why be upset if a storm blows? This life is short, sure goodness knows, so try to keep on smiling.

A laugh is good, and a merry joke will force a smile from any "bloke." You'll always find some fun to poke if you will keep on smiling.

The sun will brighten any place. A smile is the same on any face. So now please do the dark clouds chase. And try to keep on smiling.

The laughing man is usually fat. Be his name either John or Pat, you will not ever appear flat. If you will keep on smiling.

No, it's never nice, a face that's grim, and never, never, never plump. For life for the wearer is a difficult sum, so try to keep on smiling.

Smile, and life is one golden hour, with never a moment of it sour. So if you want to live in a happy bower, you must try to keep on smiling. "SLEEVE-BRUGH."

VEGETABLE WATER.

Often enough we have been told of the valuable properties of the water in which vegetables have been cooked, and in these days of shortages it is more than ever important not to waste it. Here is a recipe for a nourishing soup made with the water in which cabbage has been boiled:— To half a pint of cabbage or Brussels sprout liquid add half a pint of water. Dissolve in one Oxo cube. Bring to the boil, add a cupful of chopped cooked cabbage, and simmer for five minutes. Season to taste.

CLASHMORE PARISH COUNCIL DANCE.
The grand all-night dance held in Clashmore N. S. on Sunday night last, under the auspices of the local Parish Council and in aid of the Parish Fund was a huge success and the large attendance had a very pleasant and enjoyable time. Mr. J. O'Donovan was an efficient M.C. and the other arrangements were in charge of Messrs. William Dower, Chairman; Maurice Foley, Treasurer; T. Harding, T. Bagge, R. Russell, M. Collins, G. Kennedy, M. Kenure and C. Curran, Secretary. Splendid music was supplied by Steve Sheehan's popular dance band (Youghal) while catering arrangements were perfectly carried out by Mr. Michael Kenure, Clashmore. The floor was in first class order and the dance room was tastefully decorated while nothing was left undone to ensure that patrons had the maximum of enjoyment. One of the best dances yet held at this popular centre concluded with the playing of the national anthem.

CLASHMORE PARISH COUNCIL.
At a meeting of the Clashmore Parish Council a letter was read from the County Commissioner, Mr. W. S. McDarry, asking for the co-operation of that body in the drive for increased production of foodstuffs. It was decided to give all possible assistance and to impress upon the public the urgent necessity for increased tillage to guard against a food scarcity later. It was pointed out that large areas in the Parish are already under tillage.

KNOCKANORE G.A.A. CEILIDHE.
At Knockanore on Sunday night last, a successful ceilidhe was held under the auspices of the local G.A.A. Club. There was a large attendance and all had a very enjoyable time. Arrangements were perfect in the capable hands of Mr. T. Joyce (Hon. Secretary) and an efficient committee and excellent music was supplied by Miss Sheila Hichens' Band.

YOUGHAL CLUB.
Result of match play for T. K. Kenure prize—First Round—J. P. Murray beat C. Hickey 5 and 4; J. K. Walsh beat P. Morrissey 2 up; J. C. Murray beat P. J. O'Gorman 2 up; M. Walsh beat Dr. E. T. Jordan 2 up.
Second Round—J. K. Walsh beat J. P. Murray 3 and 2; J. C. Murray beat M. Walsh 1 up at 22nd.
Final—J. K. Walsh beat J. C. Murray 1 up.

ESSENTIAL DAIRY OVERHAULS

By H. J. H.

When churns, cans and bowls become dented and cracked, they provide lodging for dirt, and that stands up the bacterial count of the milk. To beat out dents it is well to use a lead hammer, while for thin utensils even a rubber hammer will do. A steel hammer must never be used, for it will knock away the coating of tin, giving a fresh foothold for dirt and leaving the iron exposed to rust, and the position as bad as ever.

Some solid objects has to be put inside the vessel to act as a last or anvil to counter the blows of the hammer, and this, too, should have a soft covering. Cracks in the tinned surface of a vessel can be filled in with solder. But whether the solder is being used merely to cover scratches or whether it is being used to stop actual leaks, it is essential that the surface of the finished repair shall be smooth. CAUSE OF ROUGHNESS.

Roughness, which will collect milk and resist sterilising, is usually caused by the soldering being done at too low a temperature. There has been insufficient heat to melt the whole of the solder at once and so leave a smooth continuous surface to solidify. Therefore a large well-heated soldering iron should be used. Always keep the tinning intact on any parts of coolers and strainers that are made of copper. Copper is slightly soluble in milk, and there have been cases where it has given a distinct oily flavour to the milk.

A sound rule in the regular maintenance of milking machines, coolers, sterilising chests, separators and butter-making churns is to replace frequently their various washers and gaskets. Washers, whether they are of rubber or cotton, soon become swollen and spongy. They then hold dirt firmly and are difficult to clean. Regular overhauling of utensils should include tests of the bacterial purity of the milk being produced, for it is extremely encouraging to be able to see direct evidence of benefit from an overhaul.

The most convenient test for home use is the Methylene Blue test. The colour given to milk by adding methylene blue to it gradually disappears. The rate at which it disappears depends upon the number and kind of micro-organisms present in the milk. A simple outfit of apparatus for the test can be bought from makers of chemical apparatus. A milking machine overhaul means tightening all the pipe line joints to prevent air leaks, correcting any slackness in the vacuum pump, and inspection and tuning up of the petrol engine or electric motor which drives the pump.

It is unlikely that an electric motor will need any attention beside a little lubricating. A petrol engine, too, will drive the milking machine for many months without any repair; but when the outfit can be spared it is worth while to lift the cylinder and decarbonise the engine. KEEP SPARES HANDY.

If the decarbonising has to be done between the morning and evening milking, it is essential to have ready any spares that are likely to be needed. The most likely are piston rings. Also some stout brown paper should be at hand to make new gaskets.

The bearings of butter-making churns should be cleaned and well lubricated. If the churn is hand-turned, it is very important to the comfort of the operator that the legs of the stand should be firmly fixed to the floor. If the hump of the churn can raise one side off the floor at each revolution the jerk becomes very tiring indeed.

O'MAHONY BROS. IMPORTANT NOTICE.

CO. BOARD OF PUBLIC ASSISTANCE

INCREASED ESTIMATE OF EXPENDITURE

Alderman T. D. Connolly (Chairman) presided at the monthly meeting of the above, held in the Courthouse, Dungarvan, on Wednesday. Other members present were Commissioner S. J. Moynihan, and Messrs. P. Caulfield, J. Cosgrave, M. Cullen and J. Power.

ESTIMATE FOR 1941-2

The Secretary wrote as follows:— I beg to submit my estimate of expenditure to be provided in respect of year ending 31st March 1942, the total amount being £2,874, as against £2,678 last year, or an increase of £1,956. The increase is due almost entirely to the increased cost of provisions, coal, and other supplies required for the Board's institutions which will result in a debit balance at the end of the current year of £5,044, as against a debit balance of £1,928 at the corresponding period last year, or, in other words, your position on the 31st March next will be worse than at the same date last year, to the extent of £3,116. To this has to be added an estimated net increase in expenditure for the ensuing year of £2,412.

The cost of maintenance of patients in extern institutions shows an increase of £462 for the year, while there is an increase in farm expenses due principally to increased prices paid for pigs, but this is offset by increased profits from sales.

The Secretary said he was sorry he could not bring in a lower estimate.

Commissioner Moynihan—What was the increase last year?
Secretary—£6,000.

Commissioner—That is an increase of £12,000 in two years. What is the present position of your bank account?
Secretary—Some home assistance paying orders may still be outstanding.

Commissioner—Could we find out the present position?
Secretary—The position is as stated in my estimate. That will be as posted at the 31st March.

Mr. Cosgrave—The increase is practically entirely due to increased cost of provisions for institutions, and that is unavoidable. It is no pleasure to the Secretary to be presenting an increased estimate.

Commissioner—There was big expenditure in accumulating stock, particularly of coal?
Secretary—Yes, I have allowed for that in the estimate, but notwithstanding that you have accumulated stocks you will be compelled to get more.

Commissioner—You must keep in the reserve supplies.
Mr. Caulfield complained that on his last visit he only saw two litters of pigs at the County Hospital, when there was plenty of room to keep three litters. He also thought more pigs could be kept at the County Home, Dungarvan, as the last time he was out there he only saw seven pigs there.

Secretary—There are much more there now.
Mr. Caulfield—There is profit on them when fed on the offal.

Mr. Cosgrave asked what proportion of the increase will fall on the city.
Secretary—Roughly about 4d. in the £.
Mr. Cosgrave—About £1,500.

Secretary—The exact amount is £2,324.
Mr. Caulfield—We can do nothing but adopt it, so I propose the estimate be adopted.

Mr. Power seconded the proposition, which was passed unanimously.

TRAVELLING AND HOTEL EXPENSES.
An account was received from Mr. Dixon, architect, County Waterford hospital scheme, in connection with his travelling and hotel expenses. Hotel expenses were charged for at £2 a day.

Mr. Cosgrave said he would like very much to know what Mr. Dixon had got altogether out of this scheme, on which nothing practical had been done, but a lot of done of paper. The public would like to know this, and there is a lot of criticism of members over the whole business.

The Secretary said Mr. Dixon was paid not out of the rates, but out of the Hospital Trust funds.
Mr. Cosgrave said he opposed the appointment at the time it was made but the majority of the Board were for the appointment. This man was appointed about two

years ago and we are still without a hospital.

Chairman—Six years ago.
Mr. Cosgrave—Six years; you would have the Tower of Babel built in that time. I move, if I am in order, that the Board get a return of what is paid to this man.

Secretary—I could not tell the amount from memory, but can have the information for next meeting.

Mr. Caulfield proposed that the Board allow £1 for hotel expenses, instead of £2. Mr. Power seconded.

Mr. Cosgrave—What hotel expenses are allowed to our superintendent assistance officer when he is out from morning until night? He only gets about.

The proposition was passed.

WIRELESS SETS FOR WATERFORD HOSPITAL.
Arising out of a recommendation by the Waterford County Hospital Committee, that four wireless sets be installed in the Hospital.

The Secretary said that Mr. Haughton, clerk, had asked for quotations from wireless dealers, and those were now read.

Mr. Cosgrave objected to considering the tenders, as he held that all dealers were not approached for quotations. He referred to a dealer named Wright.

Commissioner Moynihan—proposed that in view of the increased costs that we do not get the sets. Everyone, continued the Commissioner, may well be called upon in the near future to make some sacrifice, and the patients will not mind doing without. In any case, maybe they would not like what they would hear.

Mr. Cosgrave asked would Commissioner Moynihan agree to have at least one installed in the two consumption wards?
Commissioner Moynihan—I would not object to two if it is the wish of the Board.

Mr. Cosgrave suggested that the question of accepting any tender be deferred, pending getting quotations from all dealers.

Mr. Caulfield strongly opposed any such suggestion, and said it would be most unfair to those who tendered.

Mr. Caulfield proposed and Commissioner Moynihan seconded, that the two sets be purchased from the lowest tenderer.

Mr. Cosgrave proposed and Mr. Cullen seconded an amendment, that they refer to the sets.

The amendment was then put and declared lost. The show of hands showed the proposer and seconder voting for, and Messrs. Caulfield, Power, and Commissioner Moynihan voting against.

The proposition by Mr. Caulfield was then put and declared lost as the Chairman voted against and gave his casting vote against.

A further proposal by Mr. Power, that every dealer in Waterford be notified by advertisement, was passed. Mr. Caulfield dissenting.

SEKINANE DISPENSARY.
The following letter was read from Dr. Mullany, M.O.E.—

The repairs are now going on satisfactorily. I would draw your attention to the following: All the windows need painting, etc. Some joints in the lint are rotten and part of the front hall door. The grate in the dispensary waiting room has burned away such being a great hardship on the door in this weather. At the garage door, a pool of water collects in wet weather, with the result that the car cuts up the ground, thereby interfering with the working of the doors, with resultant damage to same. Concrete would remedy this. Again, point out that failure to attend to these urgent repairs will certainly result in a huge debit in the near future, thereby resulting in increasing expense of the ratepayers' money, of which I contribute over £60 annually. My attention has been drawn by several people to the local press where recent fair and unkind unfounded remarks (the last Board meeting were reported about my tenancy, thereby exposing me to ridicule, reflecting on me professionally and causing unfavourable and untrue comment. I lodge an emphatic protest against any false and misleading and untrue malicious report tendered to that meeting. I was in no way responsible for the neglect to do the repairs in time, and I am now a victim of a qualified competent and impartial engineer on the matter and insist any members of the Board to come and see for himself.

E.E.—I have carried out several minor repairs at my own expense for which the Board was responsible.

The letter was marked "Noted."

WANTED, FAT SOWS

HIGHEST PRICES GIVEN. APPLY: JOHN KIELY Ballinamult.

ARDMORE DISPENSARY RESIDENCE.
Dr. Foley reported that a chimney is smoking badly and slates on outhouse are loose.

The letter was referred to Mr. Hassett, engineer.

DUNGARVAN DISPENSARY.
Dr. Casey wrote stating that he considered some means of heating by electric heaters should be available in the Dispensary, in view of the deterioration of the stocks as there is no means of heating. In his opinion two heaters and three plugs are necessary.

The Board approved of the suggestion.

KILMATHOMAS DISPENSARY.
Dr. Dooly, Kilmathomas, wrote calling the Board's attention to derelict houses situated close to the Dispensary and suggested that same be purchased by the Board, cleared, and incorporated in the area immediately surrounding the Dispensary.

The letter was marked "Refused."

DEATH OF LISMORE CARETAKER.
Dr. Healy, M.O. Lismore, wrote reporting the death of Mrs. Hannah Wright, caretaker of Lismore Dispensary.

The Board decided to advertise for a caretaker at the existing rate, the present temporary caretaker to do duty until the appointment.

RELIEVING OFFICER TO BE APPOINTED.
The Board decided to advertise for a relieving officer for the Kilmeneaney-Tramore area at a salary of £125 per annum.

APPLICATION FOR INCREASE.
The adjourned application of Mr. J. Broderick relieving officer, Youghal No. 2 area, was next considered.

The Secretary, as directed had given each member a list of the salaries of all relieving officers in the county, which showed Mr. Broderick's salary under both the Board of Health and Assistance as £141 15s. 8d.

Commissioner Moynihan said that in view of the increased estimates he would propose that the application be refused. Mr. Broderick's salary, continued the Commissioner, compares favourably with all the other officers.

Mr. Power proposed that an increase of £25 be granted.

Mr. Cosgrave—He has to be always standing to.

Mr. Cullen seconded Mr. Power's proposal.

Commissioner Moynihan—Outside the city and Dungarvan, Mr. Broderick is the highest paid in the county. If the Board are going to pass this, they should also give an increase to them all.

Mr. Power said they had not asked. Mr. Broderick had the moral courage to come forward.

Commissioner Moynihan—And we should have the moral courage to refuse it. (Laughter)

Chairman—I suggest we grant £10.

Mr. Cosgrave—It is too small, Mr. Chairman, after 17 years' service.

On a vote an increase of £25 was granted, subject to sanction.

The voting was—For, Messrs. Power, Cullen and Cosgrave (3); against, Commissioner Moynihan and Mr. Caulfield.

The Chairman did not vote.

MOOREHILL NOTES

MOOREHILL G.A.A. CELEBRATE.
The Ceilidhe under the auspices of the Moorehill Hurling Club, held in the Cinema Hall, Tallow, on Thursday night last was a great success, and was attended by one of the largest crowds ever seen at a Ceilidhe in town, large numbers attending from all the surrounding districts, and one and all were of the opinion that it was the most enjoyable Ceilidhe ever held in Tallow. The Hall was gaily decorated for the occasion, the floor was in perfect order, everybody was in a happy mood, so there were few dull moments, for it was a night enjoyed by all, and as the dancers thronged from the Hall you could hear them say "hope they'd have another soon."

The music was supplied by the Erin Go Bragh Ceilidhe Dance Band, Fermoy, and it seemed to exceed all previous performances. Before the end of the Ceilidhe the M.C., Mr. J. Baldwin thanked the crowd on behalf of the Moorehill Hurling Club for their wonderful support, thus making the night such a great success. The Ceilidhe was brought to a conclusion by the playing of the National Anthem.

AGRICULTURAL CLASSES.
The above class has been resumed at Kilmeneaney School after the holidays, and is being attended by large numbers of young and old. On Tuesday night of last week the instructor, Mr. D. O'Brien, held a special night for the County Committee of Agriculture to impress upon farmers the necessity for increased wheat growing in the coming season for according to the present outlook it will be next impossible to obtain any supply of feed stuffs for human or animal consumption.

The Board decided to advertise for a caretaker at the existing rate, the present temporary caretaker to do duty until the appointment.

RELIEVING OFFICER TO BE APPOINTED.
The Board decided to advertise for a relieving officer for the Kilmeneaney-Tramore area at a salary of £125 per annum.

APPLICATION FOR INCREASE.
The adjourned application of Mr. J. Broderick relieving officer, Youghal No. 2 area, was next considered.

The Secretary, as directed had given each member a list of the salaries of all relieving officers in the county, which showed Mr. Broderick's salary under both the Board of Health and Assistance as £141 15s. 8d.

Commissioner Moynihan said that in view of the increased estimates he would propose that the application be refused. Mr. Broderick's salary, continued the Commissioner, compares favourably with all the other officers.

Mr. Power proposed that an increase of £25 be granted.

Mr. Cosgrave—He has to be always standing to.

Mr. Cullen seconded Mr. Power's proposal.

Commissioner Moynihan—Outside the city and Dungarvan, Mr. Broderick is the highest paid in the county. If the Board are going to pass this, they should also give an increase to them all.

Mr. Power said they had not asked. Mr. Broderick had the moral courage to come forward.

Commissioner Moynihan—And we should have the moral courage to refuse it. (Laughter)

Chairman—I suggest we grant £10.

Mr. Cosgrave—It is too small, Mr. Chairman, after 17 years' service.

On a vote an increase of £25 was granted, subject to sanction.

The voting was—For, Messrs. Power, Cullen and Cosgrave (3); against, Commissioner Moynihan and Mr. Caulfield.

The Chairman did not vote.

THE SHORTAGE OF BAR IRON TODAY.
Is appalling, and the price prohibitive, and this applies especially to horse shoe iron. Anticipating this scarcity we purchased early last year a tremendous quantity of Swedish Horse Shoes in every size. We need not remind you that the Swedish Horse Shoes are the finest in the world, and give wonderful wear, and the price will be less than half the present-day prices. We would appeal to every farmer to purchase half a dozen sets to carry him over the winter. We cannot advise you too strongly on giving this matter your serious attention, as we know that in a very short time it will be impossible to purchase any class of horse shoes, or the iron to make them. Send us your order at once while to purchase is good and the price reasonable. Remember we deliver all goods free to your door.—Harpur Brothers, Ironmongers and House Furnishers, Waterford.

WEST WATERFORD NEWS

GROW MORE FOOD.
It is hoped that the campaign initiated by the Government for the production of more food will meet with success. As has been pointed out, your conditions have not been entirely cut off our supplies and we are forced to become self-sufficient. There is no reason why we should not produce all our own sugar and four while sufficient quantities of potatoes, vegetables, fruit, etc. can also be grown.

ON THE LAND.
Despite delays caused by bad weather work on the land is well advanced and large areas of wheat have been sown while more is in course of preparation. There is a big increase in tillage in all areas.

G.A.A.
Following the convocations G.A.A. clubs will be busily engaged making preparations for the coming championships. We understand that practically all the clubs in this area will officiate again this year.

THE SALMON FISHING INDUSTRY.
With the beginning of the salmon fishing season sea and bank fishermen are at present busily engaged making the necessary preparations. It is hoped that the coming season will be better than those of the past few years, when most crews failed to pay expenses much less make a profit. The salmon fishermen are an important section of our people yet they receive little consideration. The fishing industry is in a bad way and the authorities are doing nothing to assist it. Unless something practical is done in the near future it will not get worse.

THE WEATHER.
At the conditions have prevailed throughout West Waterford for the past week, and conditions out of doors were most unpleasant. Although there were periods of sunshine it was bitterly cold, especially by the coast and in mountainous districts. There were heavy falls of snow in some areas and roads became very slippery and difficult to travel on. It looks as if the cold spell will continue for some time.

THE ICE.
Large numbers of people in these parts are at present suffering from flu and severe colds, caused in a great measure by the very severe weather conditions. On the whole, however, the epidemic is of a light nature and is not nearly as severe as that of previous years. It is wise, however, to be careful until the fine weather comes again.

RECORD PRICE FOR RABBITS.
During the past week the record price of 1/3 per lb. was paid for rabbits at the local market.

SCARCITY OF PETROL AND OIL.
The scarcity of petrol and paraffin oil is causing much inconvenience to owners of motor vehicles and householders in these parts. To make matters worse there is little likelihood of an increase in supplies in the near future.

AGLISH L.D.F. DANCES.
The Aghlish L.D.F. dances continue to be very successful and are proving a great source of enjoyment for the young people of the locality. We are informed that they will continue for the winter months.

OLD PARISH L.D.F. DANCE.
The Old Parish and Ring L.D.F. are holding an all-night dance in the near future which promises to be successful and enjoyable as the last function. Further particulars will appear later.

THE HOUSE FOR REAL GOOD VALUE.
GENT'S READY-MADE SUITS, GENT'S OVERCOATS (Finest Quality Water-proof), IRISH BLANKETS, SHIRTS, HOSIERY, etc., etc.

Agent for the following Celebrated

BOOTS
KERRY HAND-MADE FARMERS' FRIEND DRY-FIT.

ALL IRISH MANUFACTURE.

CALL AND JUDGE FOR YOURSELF.

WILLIAM POWER
Draper, Cutter and Boot Merchant, Mary Street, Dungarvan.

CAPPOQUIN NOTES

BIG ATHLETIC DAY IN CAPPOQUIN.
Sunday next will be a big day in athletic circles in Cappoquin when the long awaited cross-country races and tug-of-war competitions will be held over the splendid course at Killybegs. The programme consists of an open cross-country race, a cross-country race confined to L.S.F. teams and a tug-of-war competition. Valuable prizes are being awarded and a record attendance is expected to witness what promises to be a first class programme. The course has been specially laid out for the events the competitions in the races will pass the spectators on three occasions. All arrangements are in the capable hands of Messrs. F. X. O'Leary, J. McGrath, J. Barry, D. McGrath, J. J. Foley, W. O'Donnell, Sergt. Browne and the other members of the local N.A. and C.A.I. Club who are to be congratulated on their initiative and energy in promoting such a splendid programme.

LATE MRS. R. BARRON.
Deep and widespread sympathy is extended to Very Rev. P. J. Gleeson, P.P., Aghlish, on his recent and bereavement occasioned by the death of his sister, the late Mrs. Bridget Barron, Knockboy. The remains were removed from her residence to Tuomevara Parish Church on Thursday evening and the imposing cortege included a number of people from Aghlish, Cappoquin and the surrounding districts. Amongst them were Rev. Fr. Dunphy, C.C., and Mr. M. J. Sargent, P.C. The interment will take place in Knockboy cemetery on to-day (Friday) following the celebration of Requiem High Mass for the repose of her soul.—R.I.P.

CAPPOQUIN DISTRICT NURSING ASSOCIATION WHIST DRIVE.
All roads lead to Cappoquin on Wednesday night next for the Whist Drive in aid of the local branch of the District Nursing Association. Considering that the drive is in aid of such a very worthy object it is hoped that generous public patronage will be forthcoming. All arrangements are in charge of Mrs. E. O'Connell, 11, St. John's Street, Miss Bell, 11, St. John's Street, and the other members of the local branch who can be relied upon to ensure that patrons have a pleasant time. Numerous substantial prizes are being awarded and a splendid supper will be served at the interval.

An important meeting of the Cappoquin Parish Council will be held in the C.M.S. Hall on Monday night next at 8 o'clock (R.I.) and all members are requested to attend. The business will include discussions on the formation of an N.E.P. section in the town. It is understood that the L.S.F. and Parish Council are to give attention to this very important matter.

ARRANGEMENTS.
Arrangements are at present being made for an all-night scheme in Cappoquin. It is hoped that the proposed scheme will be a success as it will give all concerned an opportunity of obtaining necessary food and thus guard against any possible scarcity that may be caused by very conditions.

THE WEATHER AND SICKNESS.
Very severe weather conditions have prevailed throughout this area for the past week. The atmosphere was extremely cold and conditions were most unpleasant. Heavy snow fell in periods and the ground was very hard, while night frosts and the resulting slippery roads were a great hindrance to all up with heavy cold and flu and as a result the Cappoquin schools are closed until the epidemic passes.

L.D.F. DISTRICT STAFF DANCES.
The forthcoming L.D.F. District Staff dances, from 10 to 12 o'clock, will be most successful functions yet held in the Boat-house, Cappoquin, and a record attendance is expected. A special attraction will be the presence of the popular, well-known Serenaders Dance Band, while a competent adjudicating committee will assist to arrange matters. Full details will appear later.

HUNTING.
The West Waterford has had a good day at fox and had some fine runs. A strong fox ran from Creggs to Knockacris and over the Cribmore road and for the old fort but the hounds sharply as the right cross the Creggs and to go to ground near Laccagh. From Ballinacree a fox took the dog on a snipe to the ground and another ran from Terry's covert in a circle back to the finding place.

DUNGARVAN

Held on Wednesday last in the Court of S. Troy, D.J.

EJECTIONMENT FOR OVERHOLDING.
Mr. Mossessey (Messrs. Morrissey, solrs.) for applicant Lanigan, solr. for defendant. This was an application for an order for overholding in respect of the Cross Strand Street premises, Kathleen Barden and Mrs. against Daniel Wade.

Thomas Power, agent for the defendant, on July 26th, demanded possession which on the 3rd August was refused. Mr. Lanigan, solr., said in support of the defendant in the case, first before the court. There is to this application, but he wanted some time and he said Justice put a stay on the order.

Mr. Morrissey said the defendant was living in a new house. The Justice made an order for possession.

LARCENY OF CASH AND GOLD.
A young man giving the name of O'Leary, otherwise John, appeared in custody in charge of Tipperary town charged with an offence on 17th January of 1941 in connection with the theft of the Hill.

Mr. Morrissey, solr., who appeared on behalf of the defendant admitted the offence. A Garda Detective from Tipperary that on receipt of a report of the defendant he had been visited by a vagrant camp and interviewed the defendant, a statement admitting the offence.

Supt. Walsh said that Mrs. O'Leary, who is the wife of the defendant, when she returned she found her cigarettes missing.

Mr. Morrissey said the defendant was the worst for drink that ever came into Mrs. Hill for a drink he had on the premises.

Justice—What is his character? Supt. Walsh—There are 22 convictions against him.

Defendant—I appeal to you, sir—I was drunk.

Justice—You are only out of the court. I will pay all the costs of the court. I give the defendant a short sentence, 14 days.

Defendant—Thank you, Justice. I will be out of the court on the day of the week.

Justice—Oh no, you are not out of the court. The Justice commented on the defendant's remarks and asked Supt. Walsh to convey his remarks to the defendant in Tipperary.

Supt. Walsh thanked the Justice for his remarks and promised to do so.

OCCASIONAL LICENCE.
Mr. Williams made application for an occasional licence for M. C. Power who was granted the licence for some time during the month of February 1941, for driving a L.D.F. and Red Cross, horse-drawn carriage.

SALMON AND TROUT.
Mr. Williams, solr., on behalf of Clancy, Main Street, was granted a licence to carry on the salmon and trout trade.

SCHOOL ATTENDANCE.
Cases against Kate Moran, Bruchas Street, and Mitchell Street, at the suggestion of the School Attendance Officer, in violation of the Compulsory Attendance under the P.O.A., as the school sent closed.

LIGHTS ON VEHICLES.
Guard McGowan prosecuted for failure to use lights in respect of the same complaint charged against Loughmore, with a like offence, fined 3/6 and 2/6.

Sergt. Teahan v. Jas. Brennan, no light or reflector, fined 3/6. Same v. M. Nagle, Ballinacree, no light or reflector, fined 3/6. M. Navin, Ballinacree, no light or reflector, fined 3/6. Guard Bagley, Ring v. D. Barrinbrook, 3/6. M. Trillip, no light or reflector, fined 3/6. Guard, Enright v. N. Deane, no light or reflector, fined 3/6. Same v. M. and Wm. Kerogue, 2/6. Each.

Guard Giblin v. M. Thomas, no light or reflector, fined 3/6. Mr. Williams, solr., appeared on behalf of the defendant and the case was adjourned until under the name of Guard Farrell v. M. Williams, 3/6.

Guard O'Donoghue v. James Deane, no light or reflector, fined 3/6.

DRIVING LICENCE.
A case of driving without a licence in respect of John Guard O'Donoghue, who was driving a 3-Cat Ballinacree, was adjourned until under the name of Guard Farrell v. M. Williams, 3/6.

BREACH OF LIVE STOCK ACT.
The Minister for Agriculture, John Dunphy, Kilmessy, has kept a red slaughterhouse, playing with the provisions of the Live Stock Breeding Act.
