KILMACTHOMAS NOTES

A SAD DEATH.
Fortified by the rites of the Holy Catholic Church, of which he was a most exemplary member, Mr. David Kirwan died at his residence, 53 The Manor, Waterford, at an early hour on Saturday last week (Festival of the Conversion of St. Paul), after an illness of some months and at the all-too-early age of 32 years.

Deceased belonged to one of the oldest and best known families of the Decies, being second-youngest son of Mrs. Mary Kirwan (nee Skehan), licensed vintner and farmer, Bonmahon, and the late Mr. James Kirwan, do. He held a high place in public esteem and respect; was possessed of the noblest attributes of head and heart; his notably refined and gentle nature, coupled with a generous and charitable disposition, warmly endeared him to all who had the pleasure of his acquaintance, and the charm and nobility of his personality won him an exceedingly large circle of firm friendships.

Mr. Kirwan spent part of his career in Coventry, England, where he occupied a good position, and shortly after returning home a few years since, he married Miss Anne Brown, 31 Emmet Place, Waterford, who is now left with an 18-months-old baby girl to mourn his untimely demise. Quietly spoken, unassuming, deceased had a keen, energetic brain, and everybody who had spoken to him, even if only for a few minutes, will feel that a young Gael of uncommon personality and ability has passed along and left the world poorer for his loss.

Two of deceased's brothers (Jack and Andy) and their father (who died on October 11th last) played a prominent part in the War of Independence. Mr. Kirwan, senior, was for years a valued member of the Waterford County Council, and of the old Kilmacthomas Rural District Council and Board of Guardians, and he was one of the finest sportsmen ever (R.I.P.).

Accompanied by a large and representative cortege, the remains of the late Mr. David Kirwan were removed from the residence on Saturday evening to St. Anne's Church, Ballylaneen, where they were received by the Rev. P. F. Walsh, C.C., Stradbally, who recited the prayers for the dead. The 11 o'clock Mass in the Church on Sunday was offered up for the happy repose of the gentle soul departed. Subsequent to the celebration of Requiem Mass next morning, interest was made in the family plot in the adjoining cemetery, in the presence of many mourners and sympathisers and amid many manifestations of profound grief.

Father Walsh pronounced the final absolution at the graveside.

A number of beautiful floral wreaths were laid on the grave.

The chief mourners included:—Mrs. A. Kirwan (widow); Mrs. M. Kirwan (mother); Miss Cissie Kirwan (sister); Jack, Andy, James (Sonny) and Frank Kirwan (brothers); Miss M. Brown, 31 Emmet Place, Waterford; Mrs. A. Kirwan, Dunbrattin, Kill, and Mrs. J. Kirwan, Waterford (sisters-in-law); Messrs. Andrew and James Brown, 31 Emmet Place, Waterford, and Mr. J. Brown, 6 Summerhill, do. (brothers-in-law); Master James Kirwan, Waterford (nephew), etc.

Mass cards were sent by—His heart-broken wife; Mother, Cissie, Frank and Jack; Bridie and Andy; Sonnie and Peg; Mrs. and John Brown; Mary and Andrew; Bessie and Willie; Sean and Mrs. Gallagher; B. Reidy and K. Fitzgerald, Osborne Terrace; The Holland Family, 12 Clashra Place, Waterford; Mrs. Cheevers; Ed. and Marion Fitzgerald; Mr. and Mrs. and Maile Gallagher, 120 S.C. Road, Kilmaham, Dublin; Nancy Kennedy and Johnny; Jim Hearne; Mrs. and Billy Kennally; Mr. and Mrs. Robinson; The Brown Family; Joe and Kathleen McGrath, Ballylaneen; J. J. and Mrs. Maher, Kilmacthomas; Johnny and Mrs. Cleary and Mary Coffey; Ellen and Ellie Carey; Michael and Mrs. O'Loughlin; Bridie Flynn; Patrick and Paddy Morrissey, Dunbrattin; Kate Walsh; Michael, Wm. and Jerry Lennon, Lisenageragh; William and Mrs. Lennon, Glen House; Mrs. Foleam and Family, Bonmahon; William and Mary Loneragan, Ballinaciscia; Jim and Mrs. Power, Carrigeady; Nicholas and Mrs. Hayes, Kildane; Denis and Mrs. O'Sullivan and Family, Kill; Betty Loneragan, Ballylaneen; John and Mrs. Lennon, Leamybrien; Denis and Mrs. Lennon, Rathany; The Kiely Family; Larry Veale, Ballyshannock; Wm. and Mrs. Power, Amestown, etc.

As on the previous occasion of the removal of the remains, the attendance at the burial was representative of all creeds and classes, including members of the business, professional and commercial life of Waterford City, Dungarvan and Kilmacthomas, as well as all sections of the general public in the district, which afforded ample evidence of the widespread popularity enjoyed by deceased.

Mr. M. Morrissey, T.D., Dungarvan, was present.

The funeral arrangements were admirably carried out by Mr. John Kent, undertaker, Kilmacthomas.

We respectfully add ours to the many messages of sincere sympathy extended to deceased's widow and mother and sister and brothers, and to the other immediate relatives, on their extremely sad bereavement.

Western Div. G.A.A. Notes

By "An Runaidhe."
All the Conventions are over and done with for this year. Nothing remains but to carry on the good work and make ready for the opening of the new season. We start off on February 16th with affiliation of clubs, draws and fixtures. Transfers, regradings and reinstatements also are dealt with at this meeting on 16th of February. All clubs intending to enter the championships should get their affairs in order at once. Don't leave it to the last minute on the day of meeting.

For the benefit of new clubs intending to enter the championships I will go over some points of interest and of instruction for them.

A team can be entered for any grade of the championships if a club is formed of at least 15 playing members. A sum of 12s. affiliation fee is paid to the Divisional Board plus 2/6 for each team entered. Thus a club entering a J.F. team pays 12/- for club and 2/6 for team. A club entering J.H. and J.F. teams pays 17/- in all. A club can be entirely hurling or entirely football or both, that is a hurling and football club with one affiliation for both games. If a Club is a hurling one only its players are eligible to play football with any other club in the Division. Similarly with a football club. If club is a hurling and football club its members cannot play with other clubs unless they are of a higher grade than the grade of their club.

For instance a senior hurler who might be a member of a junior hurling and football club could play hurling with a senior club as his own Club could not use him. The conditions governing minors are a little different and I will deal with them next week.

Having got 15 playing members and on paying the fees to the Board a Register is given to the Club and a copy of the Rules of the Association. The outside of the Register is filled up giving the name of the club and colours, and the various officials. A club cannot be called after any living person. A new club must give the club in Irish under the Co. Bye Laws. The inside of the Register must contain the names and full addresses of the fifteen players at least.

Full Christian names are required and the County Bye Laws require that the first fifteen names must be personal signatures as in the event of the team failing to turn out in its first match, the officials and the players who have signed the Register can be suspended by the Board. The Register has to be lodged with the Divisional Secretary of West Waterford at least 10 days before taking part in the first match.

The Register can be added to at any time, but all players must be registered 10 days before playing under the General Rules.

Congratulations to the members of the Western Clubs who turned up on Sunday at the Convention. There was almost a full attendance. The outgoing officials who were all members of West Waterford

CORRESPONDENCE

FIRST-CLASS ENTERTAINMENT.
To the Editor "Dungarvan Observer."

Sir,—
Another most enjoyable evening was held in the G.Y.M.S. Club-rooms on last Friday night. Long before the appointed time all available space in the spacious card room was filled up. It was pleasing to see such a large number looking so eager and enthusiastic. The ball started to roll punctually at 8.30 p.m. and then the fun began. Mr. J. Patterson (comper) assembled the following teams: No. 1—Messrs. D. Phelan, M. Nagle, J. Tobin, W. Morrissey, J. Walsh; No. 2—Messrs. M. Foley, D. O'Driscoll, J. Scott, P. J. Morrissey (solr); R. Johnson, J. Hill, Mr. L. Brennock, N.T., acted as "Questioner"; Supt. J. Walsh, adjudicator; P. Murphy, St. Thomas' Terrace, timekeeper. Questions bearing on Archaeology, History and Geography (local and general) were "fired at" each member of both teams. The answers received showed a surprising wealth of knowledge which astonished the public gallery—
"And still we gazed and still the wonder grew,
How these small heads could carry all they knew."

After putting each member through his "paces" the following had scored very highly, Messrs. J. Scott, M. Nagle and W. Morrissey. Again questions were selected, brain was pitted against brain, the contest was keenly watched and at the end the laurels went to Mr. M. Nagle who scored the highest number of marks.

Thus concluded a very educational and interesting hours.

The concert immediately followed. Miss M. Delaney, A.L.C.M. (at the piano) accompanied each artist through their various items. Mr. T. Cronin sang "The Star of the Co. Down" with great expression and sweetness. As an encore he sang with splendid emotion "The Hearti Bow'd Down." Then Miss Sheila Crawley played a wonderful selection of Irish Airs on the accordion including: "When Irish Eyes are Smiling," "Little Annie Rooney," "Three Lovely Lassies," "Moonshine," "Woodpecker's Song," and "O Johnny," etc, all of which "got the audience going" and made them sing. The famous "Abdullah" Mr. M. Terry, next came on the scene. He gave us some wonderful impersonations of Richard Tauber singing "So Day is Night," Bing Crosby's "Singing Hills," and brought down the house by impersonating Lord Haw Haw. He received several encores and responded by giving an imitation of the Spanish guitar playing "La Paloma." Mr. J. O'Gorman sang with great expression "Mae's Mine" and "Absent" and Miss Gerly Enderson, South Terrace, received warm applause on her playing of two beautiful selections on the violin. Messrs. Dick Dee (accordion) and J. Tobin (violin) gave a fine rousing selection of jigs, reels and waltzes. Next came a "surprise packet" when Rev. T. B. Walsh, B.A., C.C. recited with wonderful expression that grand old ballad poem "Seumas O'Brien," for which he received very loud applause.

Thus ended another jolly night. Thanks again to Mr. J. Patterson (comper) and his committee, who took the responsibility and trouble to make this another happy night.

AN OROC USOAR.
should all try and secure one or more friends to come and take part. I wish this club, the oldest in the County every success.

As Divisional Boards were instructed by the Convention to arrange a panel of referees to be submitted to the County Board the clubs of the Division should submit names of any competent members to the Divisional Secretary. These names will be examined at the first meeting of the Divisional Board and selected men sent on to the County Board. Only those who are capable of doing the job well should be submitted.

MINES EXPLODE.
Two floating mines, believed to have broken from moorings by heavy seas, exploded on striking the rocks by Ballyvooney Cove, near Stradbally, on Friday of last week. So violent were the explosions that doors and windows in houses more than a dozen miles inland were shaken.

A number of similar mines were since seen drifting along, just off the seaboard, between Stradbally and Tramore, and members of the L.D.F. are assisting the military coastal guard in patrolling the stretch these days.

HIGHLY SUCCESSFUL DANCE.
The Long Cinderella Dance of the Tramore District Command, L.D.F., held at the New Hall, Kilmacthomas, on Sunday night last, attracted a record attendance of guests, all of whom were provided with a thoroughly enjoyable night's entertainment. Several members of the Force were in uniform. To the strains of Pat Cody's Band (Carrick-on-Suir), at full strength and personally conducted, dancing commenced at 9 o'clock and continued in a gay and colourful atmosphere with unabated zest to the very close, which was signalled by the playing of the National Anthem. The excellent supper provided by the Hall Management was a crowning feature of the brilliant function. Messrs. Sean Ormonde, N.T., Kilmacthomas, and D. J. Coghlan, do., and their colleagues of the capable organising committee are to be congratulated on the all-round success of the social.

MUNSTER AGRICULTURAL SOCIETY.
At the annual general meeting of the above, held at the Commercial Buildings, Cork, on Saturday of last week, Mr. E. J. Clarke (out-going President, who was unanimously re-elected) in the chair, Mr. Nicholas Fitzgerald, Ballinaciscia, Bonmahon, was elected a vice as Co. Waterford representative on the General Committee.

THE JANUARY FAIR.
This fair at Kilmacthomas on Tuesday was sparsely stocked in all sections. Petrol shortage and the recent outbreak of "foot-and-mouth" up the country, confined buying to local victuallers and jobbers. Business was slow and the comparatively few exchanges enacted were governed by late rates.

KILMACTHOMAS PARISH COUNCIL.
We have received for publication the subjoined extract from minutes of the above body, held on the 23rd ult.—"The circular received from the Co. Commissioner concerning the importance of growing more food was fully considered. Full support was given to the principles and policy outlined in the memorandum. It was pointed out that the production of more home-grown food would not be sufficient in itself to prevent starvation in the form of malnutrition amongst the poorer classes unless the purchasing power of the community as a whole was correspondingly increased either by a reduction in the cost of living or an all-round increase in wages by some scheme of family allowances. The great social evil of poverty which was the main cause of malnutrition and disease would have to be tackled at the same time as part of a great national drive to improve social conditions."

"Reference was made to the position of Denmark during the last war, when the stoppage of imports made it necessary to drastically reduce the animal population in order to make more food available for human beings."

"The suggestion to hold a group meeting to discuss the food problem from the point of view of the farmers was approved and invitations to neighbouring Parish Councils to send representatives would be

issued by the Co. Commissioner in due course.

"Satisfactory progress was reported by the sub-committee appointed to investigate the possibility of securing sufficient land for allotments. As there are over thirty applicants for plots, it was decided to make further enquiries regarding the use of certain lands now let for grazing. Various enquiries had already been made to local bodies relating to the question of grants for seeds, implements, etc., but the replies were all of a negative character. Such funds, however, inadequate, as the Chairman suggested, would be largely devoted towards the development of this local scheme, which had the enthusiastic support of each member."

"In order to strengthen the representative character of the council nominations were received and approved."

"The present high cost of fuel, especially in regard to coal, gave rise to an increasing cost would have to be largely borne by those least able to afford it and constituted a form of social injustice which called for a vigorous protest. Criticisms were directed against business interests which were tempted to take advantage of the war situation to increase and maintain their profits at the expense of a helpless community. The possibility of securing supplies of turf was suggested as a remedy."

HOME ON HOLIDAY.
Miss Mary Hanrahan, Ballinacourty, returned to resume duty in a London hospital on Tuesday evening, after having spent ten days under the natal roof.

WEST WATERFORD NEWS

CLASHMORE PARISH COUNCIL.

At a specially convened meeting of the Clashmore Parish Council, held in the local National School on Monday night last, Mr. Wm. Dover presided, and also present were Messrs. G. Kennedy, R. Russell, T. Harding, E. Flaherty, T. Bagge, M. Foley, M. Collins and C. Curran (secretary). Correspondence was read from the County Commissioner, Mr. W. S. McGarry, asking for the co-operation of the Council in the drive for the increased production of food, and it was decided to give all possible assistance in this very important matter. Members raised the question of allotments and the advisability of providing plots for the poor and also for persons who have no land and are desirous of raising vegetables and other necessities. Following a lengthy discussion it was decided to invite applications for allotments same to be received at a special meeting of the Council in the National School on Wednesday night next, 5th February. Business of a routine nature having been discussed, the meeting concluded.

FOOD PRODUCTION.

The urgent necessity for an increased production of food is apparent to all. The development of the blockade has cut us off from our sources of supply, and we are forced to rely almost entirely on the produce of our own land. Although our standard of living may be slightly lowered, there is no reason why we should not produce an abundance of good, healthy food, with resultant good effects in the health of the people. We have one of the most fertile soils in the world and should utilise it to the best effect.

THE SALMON FISHING SEASON.

For the past few weeks the salmon fishermen along the Blackwater and on the coastal areas have been busily engaged in making the necessary preparations for the commencement of the season. The past few seasons have been complete failures, but it is hoped that there will be an improvement this year, thus giving those engaged some fair remuneration for their arduous labours.

ARDMORE L.D.F. "45" DRIVE.

The big "45" drive which is at present being conducted by the Ardmore L.D.F. promises to be a great success. The big sum of £10 is being offered in prizes, and the fee for entrance is only 1/-. All the arrangements are in the capable hands of Messrs. Michael O'Ryan and Jas. Pendergast, to whom cards and cash should be returned as soon as possible. The final rounds will be played off on Sunday night, February 9th.

CLASHMORE L.D.F.

The Clashmore L.D.F. are one of the best organised and most efficient units in the district, and in the event of an emergency can be relied upon to give a splendid account of themselves. The transfer to army control of the force necessitated a slight reshuffling of posts, and the officers of the Clashmore group now are—Leader, Jas. O'Donovan; assistant leader, John Barrom; adjutant, C. Curran; section leaders, Thos. Harding, Thomas Roche, Richard Tobin, and Richard Ronayne. To ensure the maximum of efficiency, some new recruits are required, and it is sincerely hoped that these will be forthcoming during the next few weeks.

G.A.A.

From now until the date of the affiliations, draws and fixtures (on Feb. 16th, is Cappquin), the various clubs in these parts will be busily engaged perfecting organisation and team building. It is understood that practically all last year's teams are again affiliating, and first-class games are assured in the coming championships.

BRICKY RANGERS' G.F.C.

The famous Brickey Rangers' G.F.C. will again be to the forefront this year and stands a good chance of winning the junior football title. The club urgently need some funds and are at present conducting a big "45" drive which, it is hoped, will get very generous public support. There are 16 in prizes, and the entrance fee is only 1/-. See advertisement in this issue for details.

JOIN THE L.D.F.

Every man of military age who may be unable to join the regular army, should at once become a member of the L.D.F., and thus do his duty to his country, by preparing himself to defend its liberty if the occasion arises. In the present emergency the manhood of Ireland has been called to arms and the response has been very encouraging indeed, and shows that the future is secure. Many, however, have asked their obvious national duty, and because of apathy, cowardice or some other reason, have failed to co-operate actively in the national effort, while at the same time continuing to enjoy all the advantages of freedom and personal liberty guaranteed by the armed forces. The wisest course is to join the L.D.F. at once. In this country is attacked, no man of military age can escape his duty. The military authorities will be in control, and every man must play his part in national defence. Those concerned would thus be acting in their own best interests by becoming members of the L.D.F. without further delay. All will not be attached to actual combatant sections, but are also required for the intelligence, observation, first aid, communications, transport and engineering sections. Do your duty to your country and yourself by joining the L.D.F. at once.

ON THE LAND.

The recent bad weather has seriously retarded the progress of agricultural operations, as the soil is in a sodden condition. It is hoped that conditions will improve in the immediate future, as this is of vital importance that the wheat crop be sown as soon as possible. There is a big increase in the area under tillage in all districts, and it is obvious that the farmers are responding readily to the appeal by the Government for increased food production. It is hoped that they shall receive just remuneration for their labours.

Most farmers are this year employing tractors to plough up their land, and a number of these machines are at present operating on the hire system in this area. They are economical and ensure speedy work and efficiency.

MINES OFF THE COAST.

The intimation at the beginning of this week that there were mines floating off the coast of Ardmore Whiting seriously perturbed persons who reside along the sea front. The military authorities, however, soon took effective steps to remove all danger. The heavy detonations of the mines that exploded in the County Cork

coast in the early hours of Monday morning were clearly heard by the people of these parts, and in some cases the reverberations rattled windows, crockery, etc.

DEATH OF MISS O'BRIEN.

The announcement of the sudden death in England last week-end of Miss Elizabeth ("Ciss") O'Brien of Ardallagh, Clashmore, occasioned deepest regret amongst her many friends and cast a gloom over her native district, where she was so very popular. To her bereaved father, sisters and relatives deepest sympathy is extended in their sorrow. The late Miss O'Brien,

who was in her early twenties, had been in employment across Channel for a number of years, and intended coming home on a holiday in the near future. Her death is rendered all the more poignant by the fact that her mother died only a few months ago.

CLASHMORE MANUAL CLASSES.

The woodwork classes in Clashmore continue to make excellent progress. Under the able direction of the popular instructor, Mr. Thomas Murray, all the pupils are making satisfactory headway and are turning out many useful articles.

WHEAT SEED.

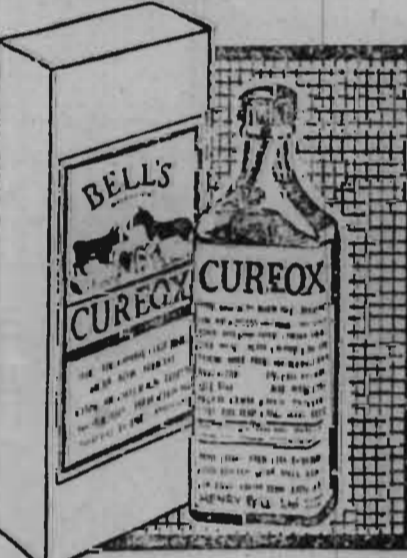

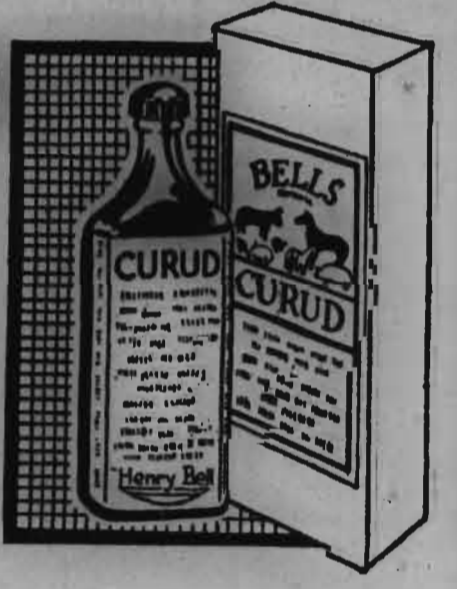

From reports which have reached the Minister for Agriculture it would appear that there is a shortage of seed wheat in certain districts in the country. Any person who requires seed wheat and is unable to obtain it from his usual suppliers should communicate with the Secretary, Department of Agriculture, 24 Upper O'Connell Street, Dublin, who will furnish him with the names and addresses of firms having supplies of home-grown seed wheat for disposal.

A BIG FAMILY.

I'll tell you a story, a story that's true
About a poor man that I very well knew,
Who had seven daughters and five little boys
To share in his comforts, his sorrows and joys.

He was blessed with a wife both thrifty and clean,
So between them they managed to maintain their home 'team.'
For honest hard labour he sought out and right
But the hardest of all was to count them at night.

They were under the table, a few on the chair,
Some on the settle, and one here and there.
Two were in bed and one in the pot,
I tell you 'twas troublesome to account for the lot.

He demanded "two minutes silence" whilst his wife made a count.
Just to give him an estimate of the total amount.
This she did carefully and gave him the score.
He said "my goodness! Kit, there should be two more."
After a re-count, he said, "carry on."
They quickly responded with a band of Tin-can whistles and horns, oh my! what a din.
I assure you this man didn't need "listening in."

On the fleet wings of time the years quickly flew,
And soon for themselves they were able to do.
They chanced emigration, which at that time was rife.
But a few stayed at home with himself and his wife.

Now very often the postman on his rounds
Will bring this old couple quite a good many pounds.
You can see after all though he suffered much noise,
He was well compensated by his girls and boys.

A BRIGHTER WORLD THAN THIS.

When first I trod life's early path,
All things were bright and clear,
And like a bird amid the flowers,
I seemed to walk on air,
I thought on days of present joy
And dreamed of future bliss;
Nor deemed that sorrow's sombre wings
Could dim a world like this.

Alas! Alas! my fairy dream,
Soon from my fancy flew,
And those dear friends I dearly loved
Were soon numbered with the dead,
And as upon their pallid lips
I pressed a farewell kiss,
They spoke to me of heavenly rest,
In a brighter world than this.

My wounded heart required relief,
It found the good I sought,
And midst my trials and my grief
I have a soothing thought,
And it is this—that in God's book
I find a truer bliss,
I read therein there is indeed
A truer and brighter world than this.

THE SHORTAGE OF BAR IRON TO-DAY

Is appalling, and the price prohibitive, and this applies especially to Horse Shoes. Anticipating this scarcity, we purchased early last year a tremendous quantity of Swedish Horse Shoes in every shape and size. We need not remind you that Swedish Horse Shoes are the finest in the world, and five wonderful wear, and the price will be less than half the present-day prices. We would appeal to every farmer to purchase half a dozen sets to carry him over the winter. We cannot advise you to strongly on giving this matter your serious attention as we know that in a very short time it will be impossible to purchase any class of horse shoes or the iron to make them. Send us your order at once, while the quality is good and the prices reasonable. Remember we deliver all goods free to your door—Harpur Brothers, Ironmongers and House Furnishers, Waterford.

HYGIENE IN THE HOME.
The problem of preventing infection during sleep has long occupied the attention of the scientific and medical worlds. It is a known fact that germs of colds, influenza and other ills remain in ordinary mattresses to propagate and re-infect. Second-hand restored mattresses are serious carriers of disease, and so important is this matter that in the U.S.A. the sale of second-hand bedding is prohibited by law. Not until the invention of the Sanitized process was sleep made utterly safe. This process, which was discovered after prolonged scientific research, is now incorporated in the O'Dearst Sanitized Mattresses. It renders them, in addition to being supremely comfortable, actively antiseptic, self-sterilizing, odourless and permanently germ-proof. No amount of ordinary shaking, airing, brushing, or dry cleaning can weaken this effect, and continued hygienic cleanliness is consequently ensured. More and more progressive people are replacing their old mattresses with the O'Dearst Sanitized, and thus enjoy sounder sleep and sounder health. Because this famous mattress is made only from brand-new raw materials, and because it incorporates this revolutionary health feature, sleeping on one is equivalent to having a new mattress every night. We hold full stocks in every size and colouring. Prices very reasonable.—Harpur Brothers, House Furnishers, Waterford.

SATURDAY, FEBRUARY 1, 1941.

The End is Not Yet.
When Parnell told the farmers of Ireland to keep a firm grip of their homesteads, he did so because he realised that national independence could not be built upon a basis of economic servitude. To-day we have travelled a long way towards the goal for which the Land Leaguers, Sinn Feiners, and soldiers of the War of Independence strove. We have gained a good measure of freedom. But the end is not yet, and the day will dawn when the sovereignty of the Irish people will be extended to every inch of Irish soil. At the present time, however, we are, through heavy pressure of world circumstances, obliged to stand sentinel over the liberties we have achieved. That is the task of the moment, and it is a grave and onerous one. But the spirit of the nation was never higher, and we are fully confident that our people are ready, if called upon, for even greater sacrifices than those which their fathers and grandfathers made in the yester-years. The urge towards freedom—complete and absolute freedom of a thirty-two county Ireland—is strong in the heart of every Gael worthy of the name. Assuredly the Cause lives!

Death of Mr. Wm. Power, Rice's St., Dungarvan.

The death occurred at the District Hospital, Dungarvan, on last Monday night of Mr. William Power, Rice's Street. The deceased, who was a member of an old and widely connected family (the Powers of Lackendarra), was a quiet, unassuming and extremely popular gentleman, and his passing, in the prime of life, is deeply regretted by a wide circle of friends and relatives. He had been a temporary employee in the County Council offices, Dungarvan, over a long number of years, where he earned the respect and esteem of the officials and the general public.

The remains were removed to the Parish Church, Dungarvan, on Tuesday and placed in the Mortuary Chapel, where they remained overnight. On Wednesday, after the celebration of Masses of Requiem, the funeral took place to Kilgobinet, where interment was made in the presence of many relatives and friends. May he rest in peace.

Late Mary C. McCarthy, Cork.

A former resident of Dungarvan passed to her eternal reward in Cork on Wednesday, January 22nd. The deceased lady was daughter of the late Denis McCarthy, the Quay, Dungarvan, and her death is deeply mourned by her many friends in Dungarvan.—R.I.P.

The interment took place in Cork.

Death of Miss E. Kiely.

The death took place in the County Home Hospital, Dungarvan, on January 13th last, of Miss E. Kiely. The deceased, who had reached a ripe old age, was formerly a resident of Friary Street, Dungarvan. The remains were interred in the Parish Church cemetery on January 15th.—R.I.P.

L.D.F. DANCE.
Dancing folk had a most enjoyable night at the above dance held on last Sunday night. The crowd was slightly below usual dimensions, but this in no way detracted from the enjoyment. The dancing season is now drawing to a close and the second last dance (before Easter) will be held by the L.D.F. on February 9th. Make a note of this date and do not miss it. DISTRICT NURSING ASSOCIATION.
In this issue we publish a list of subscriptions received by the Committee of the Dungarvan and District Nursing Association. In the report of the activities of the association for the year, dealt with by the very capable and painstaking hon. secretary, Mrs. H. Cusack, it is shown that the number of visits made during the year by the Jubilee Nurse was 10,411, or roughly 29 cases per day attended to. This is indeed a great total and the Association deserves the thanks and unstinted support of the public in furthering this good work.

COAST TO COMERAGH CHIPS.
Happy to hear that jovial Mr. Patrick Mansfield, formerly of Newtown and now living in Fenor, is making satisfactory progress towards complete recovery from the effects of his recent cycling accident—he was violently thrown when the bike skidded on a slippery surface, and sustained a nasty leg hurt, and was quickly conveyed to the County and City Infirmary for treatment.

POINT-TO-POINT MEETINGS.
The annual point-to-point race meeting under the auspices of the Waterford Hunt Club will take place over the well-known Lisnaskill course on Thursday, April 17th, next.

Kilgobanny Harriers' point-to-point races have been fixed for Thursday, May 1st next.

WITH THE WATERFORDS.
Inclement conditions climatic prevailing on Tuesday did not deter a nice-sized company of riders from turning out at the meet at Kilmacomas on Tuesday, when pretty good sport was experienced over a big stretch of fine hunting country covered.

A RATHGORMACK RESOLUTION.
At the local Schoolhouse was held a meeting of the Rathgormack Parish Council, presided over by the Rev. D. O'Byrne, C.C., at which, arising out of a protracted debate on the circular re-increased production of wheat (received from the County Commissioner), the following resolution was adopted a vote, on the proposition of Mr. G. J. Greene, seconded by Mr. P. Power:—"That we consider that the price for the 1941 wheat crop to be inadequate and uneconomic, in view of the exorbitant price being charged for wheat offals and other animal feeding stuffs, and the unwarranted increase in the price being of artificial manners, and in order to create a stimulus for an increased wheat crop, we are of opinion that the price be at least 50s. per barrel."

PETROL SCARCITY.
The petrol shortage is daily making itself more evident in our midst. One may traverse the principal thoroughfares and see but one or two motor-cars, or vans or lorries, where heretofore were witnessed numerous such vehicles. Commercial travellers arriving in Kilmacomas journey mainly by bus or train.

NEW TOWN GALEIC FOOTBALL CLUB.
There was a full attendance of members at the annual general meeting of the above, held in the local National School on Friday night of last week, Mr. Frank Drohan, P.C. (outgoing Chairman) presiding.

CO. WATERFORD G.A.A. CONVENTION

(Continued from previous page)

enforced. Matches were postponed for the fittest of excuses.

Mr. McCarthy seconded that the second round of the championships should be played before the inter-county championships begin.

Referring to motion 4, which read as follows: "That Waterford senior county championships be started on first Sunday in April of each year, and finished on or before the last Sunday of September of the same," tabled by Mount Sion. Mr. Duggan emphasised the fact that if there is an inter-county match in July we don't usually play a match for six weeks before, in case of any player getting injured. This should not be.

Mr. Foley—If you bound the County Board there would be no other way out.

Mr. Duggan expressed a wish to withdraw motion 4.

Mr. M. Morrissey—The County Board picked members on last year's form, and this system is wrong.

Mr. M. Creagh—There was a case last year where they picked them on next Sunday's form. (Laughter.)

Referring to motion 2 (b) the Chairman said that the running of the senior championships had been made a success for the last two years. The reason was that the teams were fit. It's not the start that's going to make for the early finish. It's the Sunday in June and July that are lost. The senior teams turn out fitter in May. The weather and light are conducive to success. The fixtures in April cut across the divisional fixtures.

Mr. Duggan—We want to make a hard and fast rule.

Chairman—There is no reason why we couldn't start senior fixtures on the first Sunday of May.

The following resolution was passed:— "That the senior championships start in May and end in September."

Motions 2, 3 and 4 were embodied in this resolution.

Carrickbeg-Windgap Appeal.

Standing Orders were suspended while a delegate from the Carrickbeg-Windgap Club raised the question of the partition of Carrickbeg Parish.

The delegate said that since the inception of the G.A.A. the Carrickbeg-Rathgormack Club have helped the G.A.A. To-day they find it impossible to carry on with the good work, and they now appeal to the County Board to put the matter before the Munster Council to regain their lost territory.

The traditions of Carrickbeg are known to most of the members present. I have a representative from Tipperary with me who lives across the road, 14 feet from me. I would ask the delegates to give me all the support possible to keep the club going.

Mr. Creagh explained that a popular member of the Tipperary County Board lived in Carrickbeg, and seeing that he was then illegal, got that portion transferred to Tipperary, through influence.

Mr. J. Foley (Tipperary)—We are anxious to come under Waterford.

Mr. Connors—I remember the case in question. He claimed that all Carrickbeg wanted to play with Tipperary.

Chairman—If a large proportion of the young Gaels in Carrickbeg want to play with us, it is our duty to try and secure what we should have on the south side of the Suir.

A resolution proposing that all Carrickbeg Parish be united, was passed, to go before the Munster Council.

Faha's Grievance.

Mr. N. Casey (Faha Club), emphasised the fact that nobody clearly understands where the boundary between east and west lies.

Chairman—By-law No. 1 clearly amplifies the boundary. Groups of players are to get permission from the Co. Board through the divisional Boards. A man can not play hurling in one division and football in the other in the same year. The by-law also applies to individual players.

Proportional Representation.

Mr. Creagh again spoke on the question of a quota in the election of three representatives on the County Board already reported on last week's "Observer." He said the practice had been that the quota was usually one more than the number of delegates voting, while the rule says that it must be the votes that are to be taken into consideration. In the recent Eastern Divisional Convention there was fifty delegates voting, and as each had three votes that gave a total of 150 votes. Therefore if 26 was a quota five members could be elected on the first count. Then 38 must be the valid quota for that election. That would allow three members to be elected on the count not four. We hold that the recent election was null and void. For the past eleven years no delegate from a junior county club could get on the Co. Board.

THE DECISION.

All unanimously agreed with Mr. Creagh's argument and it was decided that from now on in any election that takes place the quota will be: the number of valid votes divided by one more than the number of persons nominated. A new quota must be set up after every count.

Discussion of Motions Resumed.

Standing Orders were again adopted and the motions were resumed.

That all senior hurling county finals be played at the official G.A.A. venue in the county, the Waterford Gaelic Field, and the senior football finals be played in

STRANGE MAN IN FERMOY.

There was considerable hubbub amounting almost to excitement pitch in Fermoy recently among the workers of all trades when it became known that an individual had arrived in the town looking for lodgings for about thirty men who had come to erect air raid shelters at the Race Course and in the district. This number was to be augmented by dozens of other local men who were to be employed on similar work by the unknown benefactor and contractor. He had for the time being taken lodgings at Cork Road and the rumour immediately spread of his intention to employ. The work which was to be of some duration seemed heaven sent and men of all trades whispered to their friends so as to be first on the scene with the result that scores flocked to the house at Cork Road and each interviewed the unknown contractor, who showed a certain contempt for the small wages asked and was generous enough not to disappoint any applicant but welcome all at a wage so far unheard of in Fermoy. Labourers were to get up to 2/- per hour, painters up to 45 pence, carpenters 45 a week and Clerk of Works anything from 40 upwards, masons and plasterers were all to get the same rate. Workers were in a high state of glee and on Friday afternoon the rush was so great that the unknown contractor, who had anything but the appearance of one, had to take a short rest for a half an hour after which he resumed contact. It did not seem to strike any of the applicants that the offer of practically double wage might be a hoax but on Saturday morning when interviews were to be resumed it was found that the unknown man had vanished from his lodgings and there was no account of him. Some say that he "went with the wind" and others that he journeyed with a donkey and cart in the direction of Lismore but so far no account of the good man has reached the pretty town on the banks of the Blackwater.

Dungarvan. (Mount Sion H. & F. Clubs).

Mr. T. Murphy in proposing the motion said they had to fight hard against foreign games in the city. The minor hurling final was the only one final played in Waterford this year.

Mr. Sean Downey seconded.

Mr. D. O'Sullivan said if two teams from the west met in the final it would be rather awkward.

Mr. Foley added that it was football they wanted to counteract the soccer.

Jas. Goode—Wouldn't a more central venue be better.

The Secretary said that at the Munster Council fixtures last year the members would not tolerate the Waterford venue. They intimated it was too far out of the way.

Bro. Brendan said Waterford City had been neglected.

After some more discussion the motion was withdrawn.

6.—That the Divisional Boards pay reasonable travelling expenses to the teams representing them in the county finals. (St. Carthage's H. & F. Clubs).

This was passed a voice.

7.—That County Board meeting be held alternately in Waterford and Dungarvan. (Erin's Own H. & F. Clubs).

The Chairman considered that it might be better to hold two consecutive meetings at Dungarvan or Waterford as the case may be at different times. He explained how in the year past a meeting was held in Dungarvan which only implicated Western teams and another alternative meeting was held in Waterford in which also only western teams were implicated. If both of these meetings had been held in Dungarvan it would facilitate matters immensely, while the next two meetings could be held in Waterford, or vice versa.

This was agreed on.

8.—That the Co. Board do everything possible to give outstanding medals to clubs this year. (Erin's Own H. & F. Clubs).

Mr. Creagh—Start with the teams to whom the medals are longest due.

This was passed.

9.—That a panel of referees be selected. (Erin's Own H. & F. Clubs).

Chairman—If the divisional Boards set up a panel each then the County Board could select.

This motion was adopted.

10.—That we object strongly to the re-grading of senior players to junior status, especially (Faha F.C.).

The Chairman said the rule in the guide sanctioned re-grading of some players.

11.—That all meetings of the County Board start at 8 p.m. sharp and finish not later than 11.30 p.m.

This was passed with acclamation.

12.—[Irish text regarding a meeting]

Mr. Creagh—You can't expect people to carry on all the work in Irish. Mr. Downey could make out a dictionary of terms such as "I propose," "I second," etc. for a beginning.

13.—[Irish text regarding a meeting]

It was decided to ask the Press to write the Irish in Roman characters.

CONDOLENCE.

The Chairman proposed a vote of sympathy to the relatives of all those Gaels in the county who passed away during the year especially to those of Loughlin Byrne. In order to commemorate the name of Loughlin Byrne in some form he asked that the new stand in Waterford Gaelic Field be called the "Byrne Stand."

Mr. W. Walsh in seconding said "Locky" was a great Gael and a thorough and straight-forward gentleman.

Votes were also passed to the relatives of A. Madders, N.T., M. Phelan, E. Moore, M. Vesle, J. Lineen and T. Connors.

WATERFORD COUNTY COUNCIL.

County Surveyor's Report.

The following is the report of the Co. Surveyor to the Commissioner administering the affairs of the County Council for the road works, held on Tuesday, Jan. 21st, 1941.

Sir—I have pleasure in submitting the Provisional Road Works Scheme for the year 1941-42, together with estimate of costs of works proposed to be done in that year.

The scheme includes a total sum of £34,425, in respect of main roads, and a sum of £47,032 for county roads. No figures have been included for Urban Roads. The total is £81,457.

The provision for main roads includes a sum of £13,370, to be obtained as maintenance grant, £500 for Contingencies, and £20,585 for maintenance work. There is no provision for improvement works.

The importance of the main roads cannot be over estimated, and while a considerable proportion of our mileage is in good condition, there is still a lot to be done before all can be put into a state commensurate with modern requirements.

There is now much more required on a modern road than the mere provision of a surface, even when the lines, and general safety require much attention. For the safety of the public super-elevations must be provided, removal of bends and other sources of danger, widenings and other works, and it is of the greatest importance that such works should not be neglected. I am very glad to say that our efforts in this direction in the past have met with reasonable success in reducing the number of accidents on our roads that might be attributed to the roads themselves as distinct from other causes.

Many of the county roads are of great importance, and remarks above relating to main roads apply equally. For several years past the amounts available for maintenance of county roads have been entirely inadequate, and the result is general deterioration. In many cases no stone has been applied for several years, or only a very insufficient amount, while in other cases the side work has not been done for years instead of the usual twice a year cleaning. This state of things should not be allowed to continue.

The cost of works of all kinds is steadily increasing year by year, and likely to continue to do so. A certain amount of work on roads costs a certain amount of money, and if that amount of money is not forthcoming, the work cannot be done, and this will apply equally to every other work or service. The volume of work to be done is increasing, due to past neglect and increased traffic requirements, and it is therefore doubly necessary to provide substantially increased funds for road works.

This county has a very large road mileage as compared with other counties. There is here one mile of road for every thirty-one of the population, for seventy 321 acres, and for every £185 of Poor Law Valuation.

MOOREHILL NOTES

MOOREHILL GAEL WEBS.

A very pretty wedding was solemnised at St. Carthage's Cathedral, Lismore, on the 16th January by Rev. Father O'Gorman. Adm. Lismore. The contracting parties were Mr. Patrick McGrath, Moorehill, and Miss Ellen (Nellie) Power, Glasnagatt, Lismore. The bridegroom is son of Mr. L. and Mrs. Abina McGrath, Moorehill, Tallo, and is a well known sportsman and harrier, being a popular playing member of the Moorehill Hurling Club. The bride is daughter of Mrs. Ellen Power and the late Mr. John Power, Glasnagatt, Lismore, where she is well and popularly known. The bride, who looked charming, was given away by her brother, and was attended by her sister, Miss Abina (Agnes) Power. Mr. Laurence McGrath, brother of the bridegroom, was best man. A reception was held after the ceremony and was attended by many friends, after which the happy couple left on the honeymoon, carrying with them the best wishes of their numerous friends. Many valuable and serviceable presents were received by the happy couple. We join with their many friends in wishing Mr. and Mrs. McGrath all the best in life—health, wealth and happiness.

SPEED THE PLOUGH.

The drive to grow more food is meeting with a great response around Moorehill district. Fields that have not been tilled with a number of years are being ploughed up, and everyone is anxious to help, for, after all, we should do our best to meet the emergency. God has given us soil as capable of producing food as any soil over the world. Hundreds of acres of land are held by the Land Commission in this district for grazing, and it would be a very good idea if portion of this land could be let for cultivation. Everything helps nowadays. We expect the Land Commission will come to the rescue and do all they can to help to grow more food.

SHROVE.

Dame Rumour seems to be very busy of late. The writer couldn't help overhearing some of the "wise ones" very busy arranging things to their own way of thinking. Perhaps there's something in it, but sure it's Shrove anyway.

HURLING CLUB DRAW.

The drawing of prizes in aid of Moorehill Hurling Club will be held on Tuesday night next, and all who have counterfoils are asked to return them on or before that date. If you have not purchased a ticket, you can still get one. We advise you to hurry, you'll be sorry if you fail to get one, as the prizes are good.

THE WEATHER.

The weather conditions of late are very bad indeed, with hail, rain and storms. It certainly looks as if Mr. Weatherman is all out to make up for the dry weather we had last year; but let us hope that with the coming of February things will improve.

Domestic Economy Instructor Appointed.

At a meeting of the above held in Scoll na gCeard, Dungarvan, on Tuesday evening last, Very Rev. T. Canon O'Brien, P.P. V.F., chairman, presided. Rev. T. B. Walsh, B.A., C.C., Professor M. O'Hara, Mr. Liam Meehan, and Mr. S. O'Lonagain, C.E.O., were also in attendance.

The Department of Education wrote suggesting that Mr. R. Johnson, Clerical Assistant be employed on a temporary whole-time basis until 31st August, 1941. In the meantime he must obtain success in the Department's Technical School Examinations in shorthand and commercial arithmetic.

This suggestion was approved. On the suggestion of the Department a resolution that Mr. T. Murray, Manual Instructor's, period of probation be continued until 30th October, 1941, was passed.

A communication from the Department of Education confirmed the permanent appointment of Miss N. Gury, D.E. Instructor, and sanctioned her first increment in salary.

The Minister for Education forwarded a certificate authorising a demand for the annual local contribution to the scheme.

The Secretary of the Waterford County Council inquired as to the committee's approval of a proposal to use the Technical School, Dungarvan, as a First Aid Post, in a time of national emergency.

Mr. Meehan—it won't be wanted for anything else then.

Chairman—We authorise the C.E.O. to give him all the facilities he can. The first aid classes here are a great success.

A letter of thanks to the C.E.O. and Committee for the use of a room for their meeting was read from Mr. W. Cullinan, Secretary, Dungarvan Branch, I.N.T.O.

Letters were read from the Secretary, Kilmathona Parish Council, and Mr. J. Walsh, concerning the use of the school site for growing food crops.

The C.E.O. was asked to offer to Mr. J. Walsh at £4 per acre.

Mr. T. Murray, Manual Instructor, was granted special leave on absence for his marriage.

Miss Siobhan O'Shea, Technical School, Kilmuckridge, was appointed Domestic Economy Instructress. In case she would not accept the position Miss Margaret Kelleher, Liss Ard, Co. Cork, was proposed and seconded for the position.

SUGAR BEET.

Representatives of the Irish Sugar Beet Growers' Association, Ltd., had an interview with the Minister for Agriculture at Government Buildings, on Wednesday, 22nd inst.

The price of pulp to growers under the 1941 beet contract was discussed, as also was the question of freight subsidy on beet delivered to the Carlow factory in the coming season. The deputation urged the Minister to use his good offices to see that the Carlow growers were given the same treatment as regards freight subsidy as the suppliers of beet to the Thurles and Mallow factories.

The position in regard to supplies of petrol and fuel oil for tractors for agricultural purposes was put before the Minister, and he undertook to take the matter up immediately with the Minister for Supplies with a view to seeing that the matters complained of were attended to at once.

The question of any unforeseen circumstances occurring in regard to the delivery of beet next season was mentioned, and the Minister informed the deputation that he would make an announcement on the matter at an early date.

The deputation also discussed with the Minister the position in regard to supplies of artificial manures and seeds with particular reference to the price of seed wheat and oats.

The B.G.A. was represented by Messrs. Wm. Mullins, chairman; John Seymour, Thurles Board; Senator Wm. O'Callaghan, Chairman, Mallow Board; James Haerty, chairman, Tuam Board; A. M. Fahy, secretary.

SUGAR BEET SEASON 1941/42.

Farmers Should Note

- (1) That the allotment of the 1941 Sugar Beet Acreage will be made in the immediate future. (2) That they should apply at once for acreage to their Loading Agent or nearest Sugar Factory if they wish to grow Beet in 1941. (3) That applications received after 10th February will be too late for consideration as all available acreage will by then have been distributed.

COMHLUCHT SIUCRE EIREANN TEO., 7, CLARE STREET, DUBLIN.

TALLOW NOTES

FORTNIGHTLY PIG MARKET. The supply of fat pigs at Tuesday's market was by no means sufficient to meet the demand, notwithstanding the increase values obtaining, and many buyers present expressed grave disappointment at the supplies on offer. The recent uncertainty as to values and the scarcity of feeding stuffs in great measure accounted for the apathy of farmers and others concerned in completing the fattening process. It is hoped that since more remunerative prices are now certain that good supplies will be available for the next market. Current rates were payable all round and heavy fat sows were in exceptional demand. Stores and bonhams were a very negligible quantity. 45 DRIVE. The popularity of the fortnightly 45 drives, sponsored by the Coursing Club, was again made evident on Sunday night, when a record attendance was recorded, despite the many other attractions available. The usual consistent keen card-playing was in evidence from early on, and the finals were very evenly contested, the eventual winners being Messrs. Robert McNamara and William Aherne, Convent Street; second prize going to Messrs. H. Willis, Kilwinney, and Wm. Collins, Temperance Hall; and third prize being won by Messrs. Thomas Connelly, Kilkalf, and Patrick Henley, West Street. POINT-TO-POINT RACES. This ever popular annual fixture takes place on Wednesday next, Feb. 5th, over what is considered to be one of the safest and most natural courses in the Southern Province. Picturesquely situated at Springfield, only a few minutes' walk from the town, the course has undergone the most careful preparation at the hands of capable assistants under the direction of a most capable sub-committee, all of whom set themselves the task of making Tallow conform to the special rule governing course formation in compliance with the L.N.H.S. regulations. The programme consists of five races, value £100, viz: Open light-weight Hunt Race; Open Heavy Weight Open Maiden Race; Open Farmers and Traders and Confined Hunt Race all value £20 each. A grand Cinderella dance sponsored by the race committee will be held at the Cinema Hall, on race night. There was a very fine and representative attendance of members and supporters at the annual general meeting of the Tallow hurling and football clubs, which was recently held at the Temperance Hall. Mr. William Sheehan presided and in a short address said he was very pleased to see such a fine attendance of members and local Gaels, as it proved conclusively that the Gaels was very much alive in Tallow and adjoining districts and it augured well for the future to see so many of the younger generation taking such a deep interest in G.A.A. activities. While they could not congratulate any of the clubs on having achieved victory during 1940, the players on the whole had rendered a good account of themselves in all the matches that were played, and this should be an incentive to them to go all out in the present year to secure victory, which would not be denied them if a little more determination was put into their practising, training and development of team spirit rather than individualistic effort and by so doing, honours should eventuate during the present season. He would now ask the Hon. Secretary to submit his report and statement of accounts. Addressing the meeting the Hon. Sec. said that due to the strictly conservative attitude of the treasurer, and the success which had attended their efforts in procuring funds, the financial position was sound and with this being secured they could go forward in the coming season with a confidence which should begot success. On the motion of the chairman, a hearty vote of thanks was unanimously extended to the hon. secretary and treasurer. Election of officers was then proceeded with and resulted as follows: Mr. J. O'Brien, president; Mr. T. Burke, vice-president; Mr. Wm. Sheehan, chairman; Messrs. T. Hancock and P. McCarthy, joint

LISMORE NOTES

RED CROSS MEETING. Rev. Father O'Gorman presided at the annual meeting of the Lismore Branch of the Irish Red Cross which was held at the Courthouse on Tuesday night, January 28th. There were about 50 members present and the Chairman opened the proceedings by presenting Red Cross Certificates to the following members who successfully passed the examination held a few months ago—Mrs. Fogarty, Mrs. B. Canning, Mrs. Stanley, Mrs. Carey, Miss J. McGrath, Miss M. Daly, Miss M. O'Connell, Miss Kelleher, Miss O'Brien, Miss M. Noonan, Miss C. O'Brien, Mrs. O'Farrell, Miss E. Wright, Miss Kelly, Miss Veale, Mrs. Dennehy, Dean Stanley, M. Ryan. The Chairman congratulated the successful candidates and said that the progress made by the Branch since last June was indeed praiseworthy. Continuing, he admonished the members to make every effort to further the aims of the society in the coming year because it was both a humanitarian and patriotic work. He proposed a vote of thanks to Dr. D. Healy, Lismore, who gave a series of instructive and interesting lectures during the term. Dr. Healy, congratulating the members said he was highly pleased by the 100 per cent. results of the candidates. The election of officers for 1941 then took place—Chairman, Rev. Fr. O'Gorman; Vice-Chairman, Dr. D. Healy; Hon. Secretary, Mrs. Kennedy; Hon. Treas., Mr. Arthurs, National Bank; Committee: Dr. O'Farrell, Dr. Donnelly, Rev. Fr. Murphy, Miss O'Keefe, Mrs. Joyce, Mrs. Healy; Auditors—Miss Dwyer and Miss D. O'Brien. Dr. O'Farrell was elected as the Representative on the County Committee. The new committee will meet in the Courthouse on next Tuesday night at 8 o'clock (S.T.). AGAIN ELECTED. At the Waterford County Convention which took place last Sunday at Dungarvan, Mr. Michael O'Donnchada, B.E., Lismore was once again returned to the Chair. Mr. O'Donoghue, one of the finest Gaels in Munster has held this high position since 1936. During that time he has striven with might and main to further the aims and ideals of the Association and the fruitful results indicate that his efforts have not been in vain. It has ever been his cherished ambition to instill into the hearts of his fellow-Gaels, especially the youth of the county, a deep-rooted love for the mother tongue, the national games and dances. We congratulate him on his great achievements and wish every success in the future. G.A.A. The annual general meeting of the Lismore hurling and football clubs will take place on Sunday, February 2nd, 1941, at 3 p.m. (S.T.). All members and intending members as well as those interested in the clubs are invited to attend.

MANY FLOATING MINES ALONG COAST.

The Military, Gardaí, and particularly the Coast Watching Section of the Forces, had a busy time last week-end and during the first days of this week, when numerous mines were afloat along the seashore. A violent explosion in the Helvic direction on Saturday last, which resulted in the banging of open doors and the rattling of window panes, was the first intimation the people of the town had that anything was amiss. On Sunday and Monday many mines were located, being carried shorewards by the rough sea and a strong S.S.W. wind. Thanks to the military experts, all mines were quickly dealt with and rendered harmless. Only one mine came into the harbour here, and this was fortunately, carried by the wind and sea towards the railway at Barranawee, instead of coming up the harbour, where it was beached on the sand at Skeheerine. hon. Secs.: Mr. J. Cunningham, hon. Treas.: committee, Messrs. Neol Condon, J. O'Keefe, J. Burke, Michael Cronin, Jas. McNamara, Patrick Malone, Ed. Condon, D. Doyle, capt., C. Curley, vice-captain. On the motion of the chairman that in recognition of their past services, Messrs. Frank Ryan and Jas. Deane be re-elected ex-officio members, hon. pres-elects Messrs. T. Hancock and P. McCarthy, joint

EAST CORK JOTTINGS

KILLEAGH PARISH COMMITTEE. Mr. P. O'Neill, P.C., chairman, presided at a recent meeting. Others present were Rev. P. Mortell, C.C.; J. B. Barter, J. H. Hogan, J. Kennedy, M. Murphy, N.T.; P. O'Mahony, T. Blight, D. O'Callaghan, hon. secretary. The correspondence disclosed that a deputation from the Ballymacoda Parish Committee was attending the next meeting of the Co. Council in connection with the matter of trying to improve the very bad condition of the local roads. As it had already been decided to send representatives from the Killeagh Committee it was agreed that the deputation would be a joint one and the following were appointed as local representatives the Chairman, Rev. P. Mortell, Messrs. J. H. Hogan, P. O'Mahony, J. Kennedy, J. B. Barter, C. Lynch and M. Murphy. A circular from the secretary, Co. Council in reference to the drive for increased tillage and pointing out that the Seeds and Fertilizers scheme was in force in the Co. was read and it was agreed that the committee would give all the help possible in giving the matter publicity. Mr. P. Woods drew attention to the lack of proper loading facilities for cattle in the form of v-shaped pens at the Killeagh Railway Station, and said it was hard enough for farmers and others who had cattle to sell to have to leave their homes—many of them at midnight—and drive their cattle along badly fenced roads without risking life and limb in trying to get them into railway waggons from an open bank. He moved that the Secretary be directed to enter a very strong protest with the Railway authorities against these conditions and demand that a sufficient number of v-shaped pens be immediately erected to meet public requirements. Mr. Barter in seconding said the present conditions were intolerable and should be corrected as soon as possible. Mr. Woods said that because of the scarcity of petrol fewer lorries would be running from this on. This would mean that more sheep than ever would be taken from the fair by rail and would result in conditions being more than ever congested at the approaches to the railway yard. The Chairman said it was difficult to understand the mentality of the railway people in not giving more consideration to the convenience of their patrons. The proposition was unanimously adopted and the secretary said he would write immediately to the Railway people. Fr. Mortell said they would be glad to know that the site for the new creamery at Inch had been definitely selected at Park. Building operations would start in a week or two and the creamery would be working, they expected, by the first of April. The Secretary said Fr. Mortell was entitled to the gratitude of the whole community for all the trouble he had gone to in getting the creamery for the Inch district. The fight had been a hard one because when Fr. Mortell and men like him had by hard work and endeavour made it possible to have a creamery in the Inch district other people sought to flinch from the result of their labour. Mr. Hogan said if any help of theirs was required it would be very cheerfully given, for they all owed more to Father Mortell than they could ever hope to repay. Next meeting Monday, Feb. 3rd at 8 p.m. EAST CORK MAN DIES IN AMERICA. American exchanges to hand record the passing away, after a brief illness, of Mr. Patrick Goggin, formerly of Park North, near Youghal, deceased, who was a brother of the very well known and popular sportsman, Mr. Edmond Goggin, Park North, who went to America as a very young man, and after visiting many of the American cities and industrial centres, he finally settled down near Boston. His wife predeceased him by a few years. To his relatives we offer our sympathy. THE CARD TOURNAMENT AT KILCOUNTRY AND INCH. The card tournament which was recently held at Kilkenny and Inch to raise funds for a charitable purpose, was very well supported, and realised a sum that will be very useful in helping to alleviate distress in this particular case. There were two sessions—one in each district—the deciding played off at Inch. After several interesting games, Mr. Tom O'Mahony, Park, and Mrs. Sliney (who had as proxies Mr. James O'Mahony and Mr. Wm. O'Keefe) were declared the winners. Messrs. M. O'Brien, P. Treacy and other willing workers had charge of the arrangements, which were carried out without a hitch. KILLEAGH POINT-TO-POINT RACES. At a meeting of the Race Committee during the week, the Chairman, Mr. P. Woods, said that in these very uncertain times it was gratifying to find that their old supporters and subscribers who had never failed them in the past were still loyal and unwavering in their allegiance to the Killeagh meeting, and that despite depression and confusion engendered by the deplorable European situation, their patrons had received the collectors with all the old-time generosity and friendliness, the result being that financially their position would be as sound this year as ever it was. (Hear, hear.) Their position, satisfactory as it was, had its responsibilities, and these responsibilities they would not shirk in the slightest degree. Their patrons expected a thoroughly sporting meeting on February 12th, and they would give them one of the best meetings in all Munster this year. They were in a position to do this because the petrol shortage would hardly affect them at all. The train and bus services, as they all knew, was right on to the course, and there was no need to go miles into the country after getting off a train or bus, to see the races. The convenience of the Killeagh course in this respect had always been recognised and appreciated by horse owners, and that was one of the reasons why they had always had such exceptionally good fields in all their events. Another reason of course, was the fact that their course was one of the soundest to be found anywhere. This was admitted by every-

CLONEA-POWER PARISH COUNCIL.

Under the auspices of the above a largely attended meeting of the cottiers of the district was held at Clonea N.S. on Friday evening last, 24th Jan. Among those present were Messrs. J. Veale, L. Meehan, M. Coughlan, P. Kearney, J. Mooney, M. Brazill, P. Mackoy, J. Killy, T. Walsh, W. Devine, D. Brazil, E. Whelan, M. Keane, J. Keane, T. Brien, J. Power, C. Anderson, J. Mahoney, W. Meehan, M. Anderson, P. Walsh, and Mrs. Halpin. Mr. P. Murphy, P.C., Chairman of the Parish Council, and Mr. P. J. O'Sullivan, N.T., were also present. In opening the meeting, the Honorary Secretary mentioned that he was glad to see such a fine crowd present. They all understood the necessity at the present time for increased food production, and that it was up to every man—cottier and farmer—to till what he could to ensure that there would be no scarcity of food in the country. A lengthy discussion followed, and the following resolutions were passed unanimously: "That the authorities should provide seeds and manures free to cottiers, since owing to the high cost of living cottiers are unable to bear the cost themselves." "That cottage plots less than an acre in extent be increased to include at least one acre." The Hon. Secretary was requested to enclose a copy of the resolutions to the different parish councils in the county and to ask them to give the matter their consideration. HARPUR BROS. NOW PRESENT. O'Mahony, Vice-President, said they couldn't be over grateful to the landowners for the consideration they had always shown them in placing their fine fields at their service for the races. There was no better galloping ground anywhere than theirs. It was an ideal hunting country, free from death-traps and awkward angles. No wonder they were able to attract big fields and huge crowds, and that their meetings were so popular. They owed much to the landowners, for without their co-operation success such as they had achieved would not have been possible. (Hear, hear.) KILLEAGH BARRIERS. The meet on Sunday was at Ballymacoda, and there was a big crowd-out. Mr. M. Millerick's covert was drawn without any result, which is rather unusual, as it generally holds a fox or two. Mr. M. Ahern's was next drawn, and soon it became evident that Reynard was at home. Breaking away towards Millerick's, he faced in the Killeagh direction and wheeled towards Droimdhia with hounds close up and hunting well. Leaving Droimdhia behind, he faced for Gurtanagappa, but again wheeling to the right he faced for Ballyglassin glens. Here hounds had their only check, which was availed of by our pilot to gain some sorely-needed odds on the fast-running pack. "Bellman" got the line, however, and away we went in full cry once more. On to Burgess's Cross we raced unchecked, over the Cork-Youghal road, and away towards Mr. Ryall's covert at Ballyglassin. This good fox was now fighting desperately for his life, and "Boxer" and "Bellman," with the whole pack well in view, were straining hard for the kill. It was a thrilling finish to a great run. Just when it seemed inevitable that he must die, he saved his brush by finding sanctuary in a rabbit hole. This was a four miles' run over a stiff country, and the order for home was given. The meet next Sunday, 2nd Feb., will be at Ballyquirk at 12 noon. Note.—Ticket sellers for draw are requested to return immediately blocks and cash either to John Green, David Aherne, or Nicholas Walsh, so that the drawing of prizes may be carried out at once.

West Waterford News.

A NEWSPAPER OF THE PAST. In the possession of a Clashmore reader is a copy of the "Dublin Evening Post" of Saturday, August 7, 1830. Amongst the many very interesting features in it is a list of appeals to electors by candidates who were to contest the general election which was to be held shortly after that date. One of them was from Richard Power "to the gentlemen, clergy and freeholders of the County of Waterford." An interesting item was an account of serious rioting in France.
