

### JUST COMMONSENSE

YOU need not be an Expert to realise that a Genuine Overhaul cannot be done on your Car for a few shillings. As a Motorist you would not expect a super performance from a badly worn Engine, or trust your life to a ruin salvaged from a junk yard. Yet there ARE Motorists who toy with the idea of saving a pound or two on their Overhaul, the one item concerning which parsimony is unwise to the point of foolishness.

Have your Car Overhauled in one of the best-equipped Garages in the South. Over 200 Engines Re-bored in two years, and still going strong.

FARMERS—Do not scrap that broken Wheel, or Broken Part, no matter what kind of Machine it was on. I can Weld and Machine it like new for a little more than half the price of a new one, and save you waiting time in trying to get a new part.—D. POWER & CO., DUNGARVAN.

### KILMATHOMAS NOTES

#### ST. BRIGID'S DAY.

As in past years, the good people of Kilmathomas once again followed faithfully the path of their forebears, and in a truly traditional manner in this fateful year 1941 observed, on Saturday of last week, the great Festival of St. Brigid—The Mary of the Gael—and Patroness of the ancient and historic parish at the foot of the Comeraghs. The day was kept as a regular Church holiday, and St. Brigid's Parish Church was filled to its doors at both the 8.30 and 11 o'clock Masses on the morning of the feast, Father Crotty, P.P., celebrated the early Mass, at which the vast majority of the congregation received Holy Communion. Father Meehan, C.C., sang the late Mass, which was followed by the impartation of Benediction of the Most Blessed Sacrament. The members of the choir, who were discharged their duties in a very praiseworthy manner. Throughout the day young and old of the parishioners further evidenced their great fervour and religious zeal by visiting and making the customary rounds at the Three Holy Wells of St. Brigid (beside the old churchyard, adjacent to the Parish Church), where the Rosary was reverently recited in Irish by all.

#### SNOW IN THE NEWS.

Commencing about 4.30 and continuing incessantly for four hours on Sunday morning, snow fell to a depth of eight inches throughout these parts. A heavy frost was experienced on Sunday night and again on Monday night. On Tuesday came the thaw and a change for rain—the fingers of which tapped at all mid-Waterford window-panes next day.

#### SCHOOLS SHUT.

Kilmathomas and Kilmossany schools were closed this week, as several of the children in the respective localities are laid up with the 'flu, which happily, is a mild form. We remember when the dread disease visited Kilmac some twenty-two years since it inflicted a very heavy death toll on several family-circles here.

#### RENDERED HARMLESS.

A number of mines washed ashore at various points between Stradbally and Anestown were rendered harmless by military experts within the week. Special patrols are busy on the move along the seaboard keeping a sharp look-out for the presence of these floating instruments of destruction.

#### HOME ON LEAVE.

Elder son of universally Mr. and Mrs. Arthur Hunt, Rockmount, Kilmathomas, is Captain Thomas Hunt, R.T.C., who arrived back at his parental home on Tuesday on a short period of leave from somewhere in England. His troops of friends and well-wishers in our midst are glad to find this clubbable and courageous young officer in excellent health and spirits.

#### RETURNED.

After spending a short but pleasant holiday amongst relatives and friends locally, Mr. John Joe Torpey (native of Garrun-turton, Kilmathomas) has just returned to England, where he is presently positioned. Good luck to him, sincerely say we.

#### NOTA BENE.

The Newtown Ploughing Association's long cinderella dance will be brought off at the New Hall, Kilmathomas, on Sunday, 23rd inst. Music will be provided by Peter Coady and his Band (Carrick-on-Suir), and the customary capital catering will be supplied by the hall management. The function bids fair to pan out the star social of the annum, and no dance devotee within a 20 mile radius will miss it. The charge for admission is only 3/6.

#### L.D.F.

Kilmathomas, Kill, Stradbally and Rathgormack units of the above are now receiving a special course of military training from Sergeant Clarke, of the National Army, who has been sent from the Curragh for this purpose. Incidentally, we have it that a special recruiting rally will shortly take place at Stradbally, at which a number of prominent public men will deliver addresses.

#### TO DO DUTY FOR THE DECIES.

Newtown Ploughing Committee unanimously selected the following team to represent the Decies at the National Ploughing Championship (senior grade), to be held this month—Messrs. James Kelly, Ballyshnock, Kilmathomas; Thomas Phelan, Carroll's Cross, do. (last year's all-Ireland champion); Martin Coffey, Savage-town, Kill, and Michael Hayes, Butlers-town, Waterford. Here's heartily wishing success to the quartette.

### BELLS OF WATERFORD.

larly known farming families of the Decies were joined in wedlock at Kilgobinet Parish Church on Wednesday morning, the contracting parties being Mr. Richard Costen, son of the late Mr. and Mrs. Costen, Ballygreen, Ring, Dungarvan, and Miss Alice Tobin, daughter of Mrs. A. Tobin and the late Mr. Patrick Tobin, Ballinacott, Clonmel. The ceremony, with Nuptial Mass, was performed by the Rev. John Power, C.C., Kilgobinet (cousin of the bride). The bride, who looked charming in a stone-blue coat and frock, with hat and shoes to match, was attended by her winsome nieces, Miss Nancy Howard, Dublin, as bridesmaid, and the latter wore a royal air-blue, latest fashioned zipped costume with pilot-shaped cap of the same colour and shoes to tone. Following the ceremony, the wedding party motored to Ocean View Hotel, where breakfast was partaken by over guests. A few songs were whistled merrily away with music, song and dancing, before the happy couple (who were the recipients of numerous costly and serviceable presents from relatives and friends) left for Dublin (via Clonmel), where the honeymoon is being spent. We respectfully add ours to the many congratulatory messages received by Mr. and Mrs. Costen, and warmly wish them length of years in full enjoyment of the graces and blessings of conjugal bliss.

#### DID YOU HEAR:

That the Metal Man imagines that the "plain people" of Portlaoise are only concerned with the price and not the colour of what is known—even to Nive Valley virgins—as the new bread?

That Anestown Ann is amazed that no one has even suggested that the change in the milling should result in a reduction in the price?

That Lazarus Lewis inclines to the view that the Flour Order may well spell ruin for the small baker?

That in her latest letter to Mr. Wendell Wilkie, Maud Morvah mentioned that the chaffinch is now in full and fervid song from the Coast to the Comeraghs?

That Saul Slattery was "snowballed" out of Bonmahon on Sunday evening?

That Maid of Mothel is hot on the trail of the spot of romance which started recently in the Rathgormack region?

That Kilmadame's most economic maiden means to sow onion seeds in each one of her 44 flower pots?

That Lizzie Lozinger is eagerly looking forward to the day she will be seen sporting a graceful wedding gown of parchment satin radiant, with heart-shaped corsage softly rucked, and veil of Mechlin lace with coronet of orange blossom?

### WEST WATERFORD NEWS

#### CLASHMORE C.T.A.

At the annual general meeting of the Clashmore Cow-Testing Association, held for the purpose of electing officers for the current year, Mr. James Flavin (Chairman) presided, and the following members attended: Messrs. W. Dower, J. Troy, W. Duggan, B. Curran, P. Cunningham, T. Curran and T. Foley (Supervisor) as soon as possible. The Chairman announced that owing to pressure of business he wished to resign from the position. Regret was expressed at his decision and tributes were paid to his work for the Association. On the proposition of Mr. T. Curran, seconded by Mr. W. Duggan, Mr. W. Dower was elected president. On the proposition of Mr. P. Cunningham, seconded by Mr. W. Dower, Mr. T. Foley was re-elected supervisor.

#### MINES ALONG THE COAST.

During last week a number of mines were washed ashore along the coast from Monrovia to Ardmore. The close proximity of these monsters of destruction occasioned much uneasiness amongst residents along the seaboard, but the military authorities soon allayed their fears. Military engineers were soon on the scene and, having rendered the mines ineffective, blew them up. The terrific detonations shook houses for miles inland and in some cases even broke windows. Members of the Defence Forces and the Coastal Watch are keeping a ceaseless watch along the coastal areas on the lookout for any further mines that may be blown in.

#### ON THE LAND.

The recent adverse conditions have seriously delayed tillage operations, with resultant disappointment to all concerned. It is sincerely hoped that there will be an early improvement, as it is of vital importance that the wheat crop be sown as soon as possible. There is a huge increase in tillage this year, a fact which amply demonstrates that the farmers are wholeheartedly responding to the appeal for increased production of food.

#### FOOD PRODUCTION AND SEED SUPPLIES.

The need for the increased production of food is evident to all, and in a circular to the Clashmore Parish Council the Department of Agriculture has stressed the fact that in present circumstances the provision of adequate supplies of seeds is of paramount importance. The circular points out that it has been found impossible to import the usual supplies of seeds this year, but that a sufficiency of home-grown seeds are available. Therefore farmers can rest assured that they will be able to secure sufficient seeds for the current year's crops.

#### THE L.D.F.

The L.D.F. continues to make satisfactory progress in all districts and the different groups are well advanced in training and ready for any emergency. In most districts, however, there is room for improvement in the numerical strength of the force. For some reason many people, while favourable towards the L.D.F. and L.S.F. are very reluctant to become members. All such people should become active members at once and not be ranked with those who, through cowardice or a defeatist outlook, are shirking their responsibility. It cannot be too often emphasised that in the event of an emergency the military authorities will be in control, and every man in the country must play his part in national defence. What, then, will be the position of those who could and would not join the L.D.F.?

#### THE SALMON FISHING SEASON.

The salmon fishing season opened under most adverse conditions, but notwithstanding, practically all crews put out and some satisfactory catches were reported, both on the Blackwater and along the coast. It is hoped that the season will be a success.

#### MOUNTSTUART GAELIC CONCERT.

On Sunday night, Feb. 9th, the members of Mountstuart Irish Class, in charge of Mr. Sean O'Halloran, P.C., are holding a Gaelic concert in the local national school. The programme will include an all-Irish play by the members of the class, and vocal and instrumental items by leading Gaelic artists from all parts of West Waterford. A full report of the function will appear in these columns next week.

#### LATE MR. PATRICK CURRAN.

The death, on Sunday last, of Mr. Patk. Curran, Monagoush, Old Parish, occasioned deepest regret amongst his numerous friends, and sympathy is extended to his relatives in their bereavement. At the removal of the remains to the Old Parish Church, and at the subsequent interment, following the celebration of Requiem Masses for the repose of his soul, there was a large and representative attendance of the general public, in addition to a large gathering of relatives and immediate friends.

#### CLASHMORE L.D.F. WHIST DRIVE.

### PLOTS FOR UNEMPLOYED

#### Generous Offer by Canon O'Brien.

There was a fairly large attendance of the public present in the Sinn Fein Room, Town Hall, Dungarvan, on Monday night last at the meeting called under the auspices of the Dungarvan Parish Council. Very Rev. Canon O'Brien (Chairman, Parish Council) presided, and explained the object for which the meeting was called, namely, to devise a scheme whereby employed persons in the urban area would get plots for the growing of foodstuffs.

Mr. M. Morrissey, T.D., Chairman of the Urban Council, said the idea is to provide one-eighth of an acre for employed men who can afford to pay the economic rent. Continuing, Mr. Morrissey referred to the necessity of increased food production and said if the people do not take the position seriously it will be their own lookout. The unemployed will be catered for by the Urban Council and will get allotment plots at a nominal rent of 1/-. He thought the one-eighth of an acre, properly cultivated, would well repay those who pay the economic rent, which he understood will be £2 15s. per plot.

A general discussion then took place. One member of the audience gave it as his opinion that he could buy his requirements in the market cheaper, when the economic rent and his own time were considered. Another member said that employed men who had families could not afford the economic rent on the present wages paid.

Mr. Morrissey said some people say "let the farmers grow and we will buy from them," but if the farmers said "let the rest of the farmers grow," or if the farmers grow all wheat and only their own requirements in potatoes, there would not be any for marketing. The Parish Council are prepared to get the land and he (Mr. Morrissey) will be disappointed and surprised if there won't be a big number of applicants. He said the price per acre accepted by the Urban Council was £5 15s. to £7.

A member said land could be got in Kilmathomas at £4 per acre.

Mr. Morrissey—Kilmathomas is not Dungarvan. The Council on Friday night had before them tenders for land and received them as they needed. He would suggest that a deputation from the Parish Council meet the owners of this land and try and get it cheaper.

A member—I am working the whole 12 months, but I could not afford to take a plot.

Mr. Morrissey—There are no further concessions under this scheme. It is run principally for men in work who can afford to pay the economic rent, and there is no use in bringing anything else in. The question to be decided is, are we going to formulate the scheme?

Canon O'Brien offered to pay the rent for the land for 40 applicants whose wage is not over £2 a week.

It was then decided to have application forms printed which can be filled up by applicants.

It was also decided to hold a further meeting on Friday night next at 9 p.m., at which the members of the Parish Council are to be specially invited.

Mr. J. J. Crotty proposed a vote of thanks to Canon O'Brien for presiding and for his very generous offer in agreeing to pay the rent.

Mr. L. Veale, seconding, said he hoped Canon O'Brien's very generous offer will be the means of inspiring local land owners to give land reasonable.

Mr. Morrissey said he wished to associate himself with the vote of thanks. Canon O'Brien has very generously offered to come to the assistance of employed men with small wages, and he hoped that when the scheme is got going, the men will show their appreciation by tilling and getting the most out of the plots.

#### FOOTPATHS AT TRAMORE.

A letter from Tramore Public Health Committee requested that footpaths be put down from the L. & N. Co. to the cross at Main Street and passing Reddy's garage, Patrick Street.

It was ordered that there was no possibility of having the work done as the funds at their disposal would not admit same.

#### COUNTY SURVEYOR'S REPORT.

The County Surveyor's report, which was then read, appeared in our last issue.

The Commissioner said he quite understood the County Surveyor's attitude in requesting an increased estimate, seeing that tar, explosives, petrol, cement and coal had all gone up in price. In his opinion it would not be necessary to spray as much tar on the roads this year owing to the petrol restrictions on private cars. The Board of Assistance estimate had gone up by £6,000, and the Board of Health estimate by £3,000. These charges, incidental to the increased cost of commodities will have to be met. I think the amount asked by Mr. Bowen cannot be conceded. I do not want to decrease the amount of work. I shall put up the same amount as the rates allowed for the roads last year, that is, £242,042. However, we hope the Government will give us the same grant as last year, that is, £11,200.

Mr. Bowen said he was deeply grieved that more money was not available. "I want to make clear," continued Mr. Bowen, "that the work which is desired to be done, cannot, for the amount allocated." The minor hurlers were congratulated on winning out last year's Eastern Divisional Championship, and votes of thanks were passed to Messrs. M. Murphy and Con Power for the use of fields for practice and match venues. The meeting also thanked Mr. Seamus O'Meara (Club's delegate to Board meetings) for his untiring interest in regard to their welfare; and Mr. Willie Flynn (Hon. Treas. and Sec.) for the efficient manner in which he has been running the business of the Club. Sympathy was voted to the relatives of the late Loughlin Byrne.

#### BY THE WAY.

A postman of these parts has "a heart and a half." He has been doing his particular round for years now, so as you would expect, he knows it pretty well. At one house where he calls there lives alone an old man. Letters he receives are few and far between, but they come, bringing into that little home an abundance of sunshine from a daughter in America. But these letters probably would never be read properly were it not for the kindness of the postman; he can't read very well himself. And so on the memorable occasions when his mail arrives, he gets "Postie" to hurry his delivery and drop in with him on his way back to the office. Thus the postman, as he reads the news from the States, gladdens the heart of one who, it would seem, lives only for this joy.

GOOD TIDINGS.  
On all sides it is very gratifying to find that farmers, cottagers and town dwellers are keeping in touch with the spirit of the times by striving their utmost to meet the serious demand for twice-yearly tillage. Wherever the land suits, wheat is sown. More than twice the concrete plots have been secured, and in many cases farmers are assisting those inclined to cultivate by lending them plots and help. Much more potatoes, corn and beet will be sown. The price of seed potatoes in Kilmathomas is 1s. per stone.

#### BUNNIES.

The present high price for rabbits is bringing a number of recruits to the rabbiting profession. As these animals are very abundant in many localities around our towns and villages, quite a big business is being done. In pre-war days a young rabbit could be bought for sixpence, but the price obtaining now is nearer to eightpence.

The opening of the salmon season on the River Blackwater in the lower reaches at Fermoy was anything but satisfactory and it appears that only one fish was caught at Careysville and two on the open waters by Mr. M. Tobin, Kilworth, on Saturday. He was also successful on Sunday when he caught one fish whilst at Careysville four were caught. It is understood that the bitter east winds and cold weather prevailing militated against a run of fish.

#### AN APPALLING SCOURGE.

The latest statistics have shown that the amount of damage done by rabbits has risen to an alarming rate. Thousands of acres of cabbage, oats, wheat, barley and every description of green crop have been destroyed, and the effect in the coming winter will be felt to an alarming extent. We have thousands of the newest type of Rabbit Traps in stock, and we are offering them at a very reasonable price. In addition, we are offering guns, rifles, cartridges, nets, snare wire, and have seen that our stocks are increasing, so that nobody will short. Owing to the food shortage it is now possible to dispose of rabbits at a good price, and we understand that the price may increase very considerably in the very near future. Get in touch with us if you wish to rid yourselves of this very alarming pest, and you can do so at a profit.—Harpur Brothers, 48, Quay, Waterford.

#### THE FINE FAT GOOSE

New Christmas it is over, and to please you every sinner. We had a nice plum pudding, and a fine fat goose for dinner. To see this goose while living, it would fill you with surprise. For if he wished to stretch his neck, He could view the world all round.

The stuffing of this monster Must baffle all belief, It took five loads of flooring And fifty tons of beef. Three lorries of strong onions Without throwing away the skin, And one thousand cooks from Paris To put the stuffing in.

To make a fire to roast this goose One million men had work, And it reached they say From Dublin Bay Into the Cove of Cork. The number of pounds This old goose weighed Was twenty thousand score, And the Cove boys with their famous band Came out to play it home.

INTRODUCED.

The new 80 per cent. flour extract loaf has already reached the tables (and the "inner circles," too) of the householders of these parts.

Mr. Clancy—"The amount in wonder; what is being done to I don't think it is fair at all. He do done there presently. I think it should hold up the scheme sent.

Chairman—I understand that that it is to be held up.

Mr. Dahill—I saw the Council some time ago the Council about the provision of a scheme. You could have a big one there to date on it?

Clerk—Roughly about £200 Messrs. Delap and Waller's fee. Mr. Dahill—Is there a fee for Mr. Crotty—Don't you know? Mr. Clancy said he understood Delap and Waller's engineers a few times lately and did not come before the Council.

Clerk—They saw the officials.

Mr. Byrne—As far as I can see such as these are only a warning ment have to try to exterminate sending them working in a sweet weather. These men have to see their feet.

Mr. McCarthy—That will be the affairs until the workers organ APPLICATION FOR INCREASE EMPLOYERS.

Mr. O'Dwyer asked if there reply from the Department re increase of wages passed by the the employees.

Clerk—No reply yet.

Mr. O'Dwyer—The Council and other Councils did—ignore the and give the men the increase.

Clerk—You will be surcharged.

Mr. O'Dwyer—How is it the the were not? He would ask the These men are entitled to an the cost of living going up.

Mr. McCarthy—Everything except wages.

Mr. Byrne asked if there is substitution in the forestry as a Provision.

Chairman—Yes.

Chairman—Send them on plaints.

PAYMENTS. Pay sheets presented and passed showed expenditure for the week on the general account as £18 18s. 6d. and on the unemployment scheme as £5 5s. 6d.

Mr. Clancy—In connection with the unemployment scheme—that is the Marsh? Clerk—Yes.

Mr. Clancy—The amount is £3 9s. 5d. I wonder what is being done there. Really I don't think it is fair at all. Nothing could be done there presently. I think the Council should hold up the scheme for the present.

Chairman—I understand from the B.S. that it is to be held up.

Mr. Dahill—I saw the place this evening. Some time ago the Council were talking about the provision of a swimming pool. You could have a big one there.

Mr. McCarthy—How much is expended to date on it?

Clerk—Roughly about £200, including Messrs. Delap and Waller's fee.

Mr. Dahill—Is there a fee for them? Mr. Crotty—Don't you know there is.

Mr. Clancy said he understood Messrs. Delap and Waller's engineer was down a few times lately and did not see anyone or come before the Council.

Clerk—They saw the officials.

Mr. Byrne—As far as I can see, schemes such as these are only a way the Government have to try to exterminate the people, sending them working in a swamp in such weather. These men have bad boots on their feet.

Mr. McCarthy—That will be the state of affairs until the workers organize.

APPLICATION FOR INCREASE BY EMPLOYEES.

Mr. O'Dwyer asked if there was any reply from the Department regarding the increase of wages passed by the Council to the employees.

Clerk—No reply yet.

Mr. O'Dwyer—The Council should do as other Councils did—ignore the Department and give the men the increase.

Clerk—You will be recharged.

Mr. O'Dwyer—How is it the other Councils were not? He would ask that the matter be again referred to the Department. These men are entitled to an increase, with the cost of living going up.

Mr. McCarthy—Everything is going up except wages.

A GRIEVANCE ABOUT REPAIRS.

The tenant of No. 14 St. Bridget's Terrace appeared before the meeting and voiced her complaints on the condition of her house, for which she was paying 7/6 a week.

The Chairman said the question of repairs would be attended to by the engineer.

ROAD REPAIRS.

Miss M. C. Curran, The Quay, wrote drawing the attention of the Council to the state of the roadway in front and at the side of her house.

The matter was referred to the County Surveyor.

Mr. O'Dwyer said the place was worse than a country boreen.

Mr. Byrne referred to the concrete footpaths at Loughmore, and said the paths were holding the water in the gardens of some of the houses down at the end of the streets. At a funeral this week one of the houses, the child's coffin had to be taken out over the railing in the garden, as they could not go out the gate.

The Clerk at this point read a letter from Ed. Fitzgerald on the matter of his yard, which in rainy weather is all mud and water which come from the houses higher up.

M. J. KEANE & CO., DUNGARVAN.

Chairman—Will we refer these complaints to the engineer?

Mr. Clancy—There is no use in doing that.

Clerk—There is a letter here from the engineer.

The following letter was then read from Mr. Brady:—

"Owing to taking up a position in Kilkenny on Monday next, I wish to tender my resignation as temporary town surveyor. I wish to take this opportunity to thank the members of the Council and staff for the very valuable assistance you have given me during my term of office."

Mr. McCarthy—We have no engineer now. Is there any chance Mr. McGrath would come back again, at least temporarily?

Chairman—I wonder would Mr. Hassett take it up?

Mr. Dahill—And you have Mr. Ormonde, another local man.

Mr. Byrne—He has a job. One man one job.

Mr. Clancy—But this job won't pay any man unless he has another job.

After some discussion the Council decided to have the Department's advice on the question of the appointment of an engineer.

Mr. Brady's resignation was accepted.

Mr. Dahill—We are sorry to be losing Mr. Brady's services so soon.

Mr. Dee, caretaker, Glendine waterworks, reported that the temporary pipes are still getting choked and he has to keep screens cleaned all day and up to 12 o'clock at night. At 4 o'clock this morning (31st Jan.) the tank was out.

Chairman—Can we devise anything to keep the screens clean?

Mr. Brady, B.S.—Everything possible is being done, and the supply is not too bad. There is no complaint from the Dickens Leather Factory, and they would be the first to complain if there was a shortage.

The Clerk read the following letter from the Dickens Leather Company:—

"Really the water supply here is hopeless. There is none coming in now, and for the last few days it has been a constant worry watching the water supply and having to hold up the dressing of our leather while we wait patiently for the water to trickle in. We cannot carry on like this, and we want to know from you what exactly is the position and what hopes you have of being able to give us a reasonably good supply. If nothing can be done about this, then we must take other steps to ensure a supply of water to keep our factory going and our men employed."

Mr. Brady—The Factory got an immediate reply to that.

Mr. Dahill—You should send a copy of that letter to Messrs. Delap and Waller.

Mr. O'Dwyer said there is a shortage at the Factory. He saw them drawing water to the tanks.

Chairman—Yes, I believe they would not complain without reason.

Mr. Clancy—Where do we stand with regard to the water supply at all?

Chairman—I believe we have some correspondence here on it.

The Clerk then read the following:—

WATERWORKS MAIN CONTRACT.

Messrs. Delap and Waller wrote:—

"We note in yours of the 27th inst. that reference is made to the completion of the dam at Deelish. The scheme for the repairs at Deelish were submitted to the chief engineer, Local Government Department, but the work cannot be attempted until later in the year, under more suitable weather conditions. We wish to remind you that there is an outstanding balance of £117 11s. 2d. fees and £50 5s. 10d. expenses due since 31st July, 1939. Owing to the unfortunate circumstances which arose and prevented the completion of this job, and though we claim that no fault lies at our door in connection with the design, we have not pressed for payment, as we are very anxious to see the job completed in good order first. We wish, however, to point out to your Council that the failure at the dam has involved us since 1938 in a very considerable amount of additional work and also in out-of-pocket expenses, and we feel that we must now ask for the £50 5s. 10d. outstanding out-of-pocket expenses to be met, together with those which have occurred to date and which amount to £22 4s. 2d., which with £50 5s. 10d. make a total of £72 10s. 0d. and outstanding £117 11s. 2d., making a gross total of £190 1s. 2d."

Clerk—That's all they say about the water.

Mr. Dahill—Money they want, only.

Clerk—There is a further letter on the minor water scheme.

The following letter was then read:—

MINOR WATER SCHEME.

"We note the above scheme is deferred. Under the schedule of fees of the Institute of Civil Engineers of Ireland, under which they work, we now become entitled to fees and expenses on a deferred scheme, to cover attendances on the employer and preliminary discussion, examination of site, report, plans and specification, amounting to 2½ per cent. and for bills of quantities 1½ per cent. on the estimated cost of the work. This amounts to £211 1s. 9d. plus out-of-pocket expenses £23 9s. 3d., total £234 11s., and we will be much obliged for your cheque."

Mr. Dahill—And no gallon of water.

Clerk—There is a further letter from them in connection with the sewerage scheme.

A long letter was read re the sewerage scheme, in which it was stated that Messrs. McCaffery and O'Carroll had called on them relative to the outstanding balance due to them, and stating they are not surprised to hear the contractors are pressing for same. The last certificate made out to them was dated April 3rd, 1940, and under your contract it should have been met within 28 days of presentation.

"We have to point out that our own account, rendered 8th April, 1940, amounting to £89 8s. 6d. is still outstanding, since when we have incurred further out-of-pocket expenses amounting to £12 12s. 1d.,

Our auditors have drawn our attention to this account, and we must ask the Council to make payment at an early date. We ourselves have to meet our debts, rent, rates, salaries, etc., and cannot do so unless our clients meet our accounts within a reasonable time. We are compelled to meet such outgoings when they occur, and therefore the little latitude we can gain in from the bank and for which we have to pay. We must therefore reserve the right, if our accounts with you are not met more promptly, to consider the addition of a percentage on the outstanding balances equal to bank rate."

Mr. Crotty—Did we ask them for plans for the minor scheme?

Chairman—We have that scheme here if it is a success, that is a scheme that must go on.

Clerk—That minor scheme came before you a week ago and you made an order that you were not going on with it.

Mr. Dahill said he was the only member who opposed getting an engineer for that scheme, stating that it required no engineer when it was a question of taking up one pipe and putting down another. No levels were required. He opposed that tooth and nail at the time. All the Council have got from them so far is bills.

UNEMPLOYMENT RELIEF SCHEME.

Messrs. Delap and Waller wrote:—

"We have to remind you of our account in connection with the above, dated 12th November, 1940, amounting to £28 10s. 0d., and we attach hereto a further account for fees and expenses amounting to a total of £10 10s., gross total £17, for which we would be obliged for your Council's cheque."

SUMMARISED STATEMENT OF ACCOUNTS.

Messrs. Delap and Waller wrote:—

"As we have rendered a number of reminders and new accounts this week, in connection with the several different schemes, we summarise them as below for the convenience of the Council:—Waterworks, main contract, outstanding £117 11s. 2d., expenses £50 5s. 10d., new expenses £22 4s. 2d., do. minor branch mains £189 16s. 9d., do. minor branch scraping £41 5s. 0d., Sewerage, outstanding £85 15s. 3d., expenses £3 13s. 3d., new expenses £12 12s. 1d., Unemployment relief, outstanding £8 10s. 0d., fees £6 6s. 0d., new expenses £118 8s. 7d., Gross total, £543 12s. 9d."

Chairman—The Marsh scheme can't go on until weather conditions are more favourable.

Mr. Clancy said he thought it was time the ratepayers came together to demand a sworn inquiry. There are thousands of

practice dance was read from the Dickens Leather Co. Social Club.

Mr. Byrne—Spin the coin for it.

Mr. O'Dwyer—Isn't there an order on the books regarding giving second turn?

Chairman—Yes, regarding the practice dances. One of these applications is for a social club and the other is for a national object.

Mr. O'Dwyer—Grant it for the national object.

DISTRICT PLANNING SCHEME.

On the proposition of Mr. Clancy, seconded by Mr. Butler, the Council adopted the District Planning Scheme.

SEWERAGE FOR LOUGHMORE.

A letter read from Mr. O'Flynn, Secretary, Board of Public Assistance, stated his Board had paid the sum of £12 11s. 9d. for half-year ended 30th September 1940, in respect of the repayment of loan obtained for the purpose of the sewerage scheme in connection with the County Home and the urban houses at Loughmore, and asking for proportion payable by the Urban Council, viz two-sevenths thereof, or £20 14s. 9d.

The matter was left to the Clerk to deal with.

MILK PRICE INCREASE.

Mr. M. F. Walsh, Coolnagour, contractor for the supply of milk, wrote stating that as the Department have sanctioned the increase in the price of milk, he expected to get same from the date of his application, December 13th, 1940.

LAND FOR ALLOTMENTS.

The following tenders were received:—

Mr. Michael Ryan, Mitchel Street, wrote offering land at Loughmore for allotment on the same terms as last year.

Dee Bros. wrote offering a field containing 4a. 3qr. 2 perches at £6 10s. per acre. John Bluet, Youghal Road, offered 4 acres at £6 10s. per acre.

Michael Brennock offered 2 acres 3 roods 8 perches at Skehcrine at £7 per acre. E. Curran Ballinure, Dungarvan, offered 5½ acres at Ballinure (¼ mile from borough boundary) at £5 15s. per acre.

The Clerk said that Mr. McGrath offers 2½ acres at Abbeyside on the same terms as last year.

Replying to the Chairman, the Clerk said there are approximately 140 applicants from the town and 32 from Abbeyside, 10 of which are doubtful.

Mr. O'Dwyer—Some of those men are only employed 5 or 6 weeks. They should not be delisted from the scheme.

Chairman—All casual workers are entitled to benefit by the scheme.

Mr. O'Dwyer said he knew one man who was 11 months idle and got a job just before the plots were given, and he lost his allotment plot. Another man that was working 11 months and got unemployed at the time, and he got a plot.

Mr. Dahill—Any man who does not earn more than £20 a year is entitled to a plot.

Regarding the suggestion that men with large families get an extra ½ of an acre. The Clerk said the inspector said that if ½ acre is well tilled it is sufficient for a family.

Mr. Byrne—They gave an extra ½ last year, when there was no great scarcity. Are they serious about it at all?

Clerk—If the land is available they will get the extra this year also.

The Clerk, in reply to a member, said the inspectors will inspect the land before the tenders are accepted. They intimated that £6 an acre will be the limit allowed. They have no difficulty in getting land for that around Dublin.

Mr. Byrne—Will this hold us up? Clerk—You can accept the tenders subject to sanction.

Mr. O'Dwyer—Plot-holders will refuse to go any distance outside the town.

Chairman—The Parish Council will have a meeting on Monday night, and they may take the remainder of this land not required by the Council.

Mr. Dahill said it is unfair not to allow more than £6 an acre. That was allowed last year, and the price of wheat is gone up higher this year, so that the land owner could make more than last year if he tilled the land himself.

TENDERS FOR SEEDS AND MANURES.

Messrs. Michael Molony & Co. wrote offering the Council 180 parcels of seed and manures, containing the following: ½ cwt. British Queen seed potatoes, 1½ cwt. Kerr's Pink do., ½ oz. cabbage seed, ½ oz. parsnip seed, ½ oz. onion seed (summer variety), ½ oz. onion seed (autumn variety), ½ stone shellish, 100 cabbage plants, 1½ cwt. compound fertilizer No. 12 special potato manure, at £1 17s. 8d. per parcel.

A footnote stated that in the event of any advance in prices, the prices charged at date of delivery will be charged.

Reps. Maurice Flynn, Dungarvan, tendered for the same list at £1 18s. 6d.

Mr. Crotty—I'm surprised at their quoting at all. It is practically impossible to get supplies.

Mr. Clancy said as regards the condition in Messrs. Molony's tender, there is no assurance. If they have the seeds we get them and if they haven't we go without.

Messrs. Flynn's tender was then accepted.

TIMBER ON QUAY.

Mr. Curran, Harbour Master, said as regards the timber, he had a conversation with the owner, who informed him that he would be only too happy to ship the timber but he can't get sale for it.

Mr. Dahill—Give him another month's grace.

Harbour Master—It is a pity it can't be shipped. It would be better for all, and carters would be earning money drawing more timber.

Chairman—The Clerk was directed to find what charge was made for timber stored on the quay.

Clerk—I had not time during this week to look up the matter.

Chairman—It is only right that there should be a charge. While he agreed it is hard lines on Mr. Dalton not to be able to sell, it is also hard lines on the Council to have the whole front of the quay taken up. We should have a charge and enforce it.

Mr. Clancy said he agreed, but there are extenuating circumstances in this case, as

VETS SAY

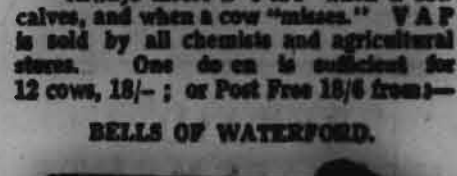

THERE IS NO CURE FOR ABORTION.

When you see a Veterinary Surgeon about abortion (and you ought to) he will not promise that he can prevent it. He will, however, prescribe an antiseptic treatment to kill the disease germs.

V.A.P. contains the most powerful antiseptics known for this purpose and is specially prepared so that there is none of the trouble of syringing. If a cow has "slipped" insert a V.A.P. immediately—no instruments needed—it will kill and prevent the spread of disease germs and assist the removal of the disease germ.

Always insert a V.A.P. when a cow calves, and when a cow "milks." V.A.P. is sold by all chemists and agricultural shops. One 4s. 6d. is sufficient for 12 cows, 12/-; or Post Free 12/6 from—

DISEASES OF ANIMALS COMMITTEE.

Mr. S. J. Moynihan, Commissioner, chairman, presided at a meeting of the above held in the Court House on Saturday last at which Messrs. Thomas Flynn, John J. Cunningham, and M. A. Foley, Clerk, were present. Messrs. R. P. Byrne and C. P. Hynes, Local Authority Veterinary Inspectors, were also in attendance.

Letters of apology for inability to attend meeting owing to petrol restrictions were read from Messrs. W. J. O'Donoghue, T. R. Mulcahy, and J. J. Walsh, Veterinary Inspectors.

WARBLE FLY (TREATMENT OF CATTLE) ORDERS, 1936 AND 1939.

Communication from the Minister for Agriculture stated that the Warble Fly (Treatment of Cattle) Orders, 1936 and 1939 would again come into operation on the 1st March, 1941.

The committee decided to request the Minister for Agriculture to re-appoint for the coming season those inspectors employed last season.

It was decided that two of the Church Holidays falling within the period of employment, 1st March to 7th July, of the temporary inspectors, be substituted for two of the public holidays falling within that period as follows:—Ascension Thursday, May 22nd, be substituted for Easter Monday, April 14th; Corpus Christi, June 12th, be substituted for Whit Monday, June 2nd.

The Committee, on the motion of Mr. Flynn, seconded by Mr. Cunningham, approved the following resolution. "That the Department be asked to introduce colouring matter into the wash preparations, so that Inspectors may know that cattle have been treated."

The Veterinary Inspectors reported in connection with the outbreaks of sheep scab in Dungarvan and Lismore districts, notified at previous meeting, including withdrawal of detention notices in respect of outbreaks on premises of Patrick O'Brien at Glendelish East, Lismore, and Edmond Ryan, at Knocknafreane, Cappoquin.

The Garda Siochana, Kilmacthomas, reported relative to a suspected outbreak of Swine Fever on the premises of Mrs. Annie Mulcahy, at Scranan, Kilmacthomas.

FERMOY MAN'S £5,794.

Mr. James O'Brien, of Cairn Lodge, Fermoy, Co. Cork, farmer, who died on March 31st, 1939, left personal estate valued £5,794 in England and Eire. He left £500 to his daughter, Bridget Dwyer and the residue to his sons, John and David. Probate of his Will has been granted to his sons John and David O'Brien, farmers, of the Cairn Lodge.

THE SHORTAGE OF BAR IRON TO-DAY

Is appalling, and the price prohibitive, and this applies especially to Horse Shoe Iron. Anticipating this scarcity we purchased early last year a tremendous quantity of Swedish Horse Shoes in every shape and size. We need not remind you that Swedish Horse Shoes are the finest in the world, and give wonderful wear, and the price will be less than half the present-day prices. We would appeal to every farmer to purchase half a dozen sets to carry him over the winter. We cannot advise you too strongly on giving this matter your serious attention, as we know that in a very short time it will be impossible to purchase any class of horse shoes, or the iron to make them. Send us your order at once while the quality is good and the price reasonable. Remember we deliver all goods free to your door—Harpur Brothers, Ironmongers and House Furnishers, Waterford.

**TO AVOID A SERIOUS FOOD  
 SHORTAGE.**

Economy on a nation-wide scale has been called for. Although we are not at war, we are living in the midst of a war zone, and the conflict is affecting our national economy very adversely—so adversely, indeed, as to compel us to revise our ideas and re-adjust our standards.

Economy can take many forms and operate in many ways. The use, for instance, of a greater wheat content for the manufacture of flour, which has been made obligatory, represents a substantial saving. In this connection it has been pointed out over and over again that whilst wheat is of primary importance the cereals should not be overlooked, and that land not suitable for wheat-growing can, in many cases, be utilised for the production of other cereals or root crops.

Hardly necessary to stress the innumerable ways in which minor economies—economies which are within the compass of every cook—can be carried out. Cumulatively, they become a matter of national importance. The substitution of porridge, potatoes and other vegetables, at some meals at least for bread, and the increased use of milk as food, are only two examples of the way in which our food stocks can be conserved—incidentally, with advantage to the health of the community. We have to look to the future and to realise that the position we are in at the moment is likely to deteriorate as time goes on.

**THE UNDETONATED MINE  
 PERIL.**

Over the past fortnight numerous mines, which are believed to have been broken from their moorings by rough seas, were washed up against our shores, and one of these grim instruments of destruction has been responsible for the killing of four members of our National Army. The explosion of others caused much damage to property.

Mines, of course, are playing a major part in the blockade and counter-blockade going on incessantly and remorselessly outside our Isle. The problem they present cannot be counted an easy one. We have a truly topping coast-watching service, but even when the presence of a mine is spotted, the job of making it ineffective is a very delicate and dangerous operation. Coast-watchers must exercise unceasing vigilance; while on the part of sea-board-side dwellers, the utmost caution is called for. Since undetonated mines are monstrous weapons capable of spreading death and havoc on an extensive scale, none, save military experts, should approach or handle them. Vividly and tragically it has been brought home to us that these mines are not curious to be carelessly examined, and so—huf said!

EAST CORK JOTTINGS

KILLEAGH POINT-TO-POINT RACES.

It is now a good many years since the Point-to-Point races were inaugurated at Killeagh, and from the first, by reason of good management, the nature of the course over a perfectly sound, galloping country, with plenty of stout jumping, but no traps, which presents an ideal test for the genuine hunter, it was evident that the meeting would be an annual one, and would become increasingly popular with time. That those early prospects have been fulfilled everyone will now agree. No meeting, however, at the present time attracts greater patronage than the Killeagh meeting, and thanks to the ripe experience of the promoters. No race anywhere are better managed and conducted. No detail, however trivial, or of whatever magnitude, that could add to the popularity of the meeting or the comfort and convenience of the public has been overlooked or neglected. At the present time the moment is as near perfect as it is humanly possible to make it. The races will be run up to time and finished according to schedule, and delays or time wasted will not be tolerated. A perfect view of the course from start to finish may be had from the hill which forms a natural grand stand, whose advantages in this respect hundreds of people always avail of. From the viewpoint of transport and transit facilities Killeagh is unrivalled. The railway station is actually in the race course and the buses pass right through. The advantages these conveniences give at a period when the motor problem is so acute cannot be over-estimated. To horse-owners the committee give the usual facilities as regards transit expenses and for horses staying overnight there is ample first-class accommodation. The only factor concerned with the success of the meeting and over which the promoters have no control is the weather, but considering the bad weather we have had for so long now, it surely is not unreasonable to hope for a fine day on Wednesday next. Should our wishes and expectations in that respect be fulfilled all previous records in the way of attendance returns will be smashed to smithereens.

THE FLU.

Although the 'flu is definitely on the wane there are still many people not quite recovered in the Killeagh district. The epidemic generally speaking, was of a mild nature and though the victim had to remain a few days in bed, and a few days indoors there was nothing too much to worry about, and with an improvement in the weather, long overdue, conditions will quickly get back to normal again.

THE WEATHER.

There was quite a heavy fall of snow in the past last week-end and on Sunday morning the fields and roads were white. People had some difficulty in getting to early morning Mass as those who usually travel in horse-drawn vehicles could not venture to bring out their animals because of the conditions of the roads.

THE L.S.F. COLLECTION.

In Killeagh the collection for the L.S.F. fund has been completed and the response on the part of the people generally has been very satisfactory and is indicative of a deep and intelligent appreciation of the gravity of the situation as it exists today. Nobody can tell when, or from what quarters the danger may come and the storm break. Outside the regular army and police forces, the L.S.F. and the men of the L.S.F. along with their auxiliary organisations are practically the only bulwark against the chaos, with their attendant consequences, which are bound to arise should the crisis come. It is entirely to their credit that the people of Killeagh appreciate this fact, and have done their part by subscribing generally to the fund on which the L.S.F. are depending for their equipment and their training.

KYLE L.D.F.

The response in Kyle has also been satisfactory and the amount realised substantial. The Kyle Group are a very good body, who take their work seriously and are representative of a people who are fully alive to the dangers at hand and are resolved to leave nothing undone to minimise as far as is possible the risks that lie ahead. That this can only be done by strengthening the home defences and making sure their equipment is satisfactory they are all aware, and they have done their part in the only practical manner open to them by putting their hands deep in their pockets and showing the extent of their interest by the amount of their subscriptions.

DUNGOURNEY L.D.F.

There is no more efficient unit in the organisation than the Dungourney Group and should an emergency arise they can be relied on to give a first-class account of themselves. Their parades and patrols are always well-attended and are held with unflinching punctuality. The special collection which has just been completed for the L.S.F. fund has been most successful and is one of the best in the Middleton division.

FERRYMOY L.S.F.

At a meeting of the "B" Group, Ferry Moy L.S.F., the following appointments were made: Mr. T. Cotter, Ferry Moy—District Leader; Mr. Liam Casey, Mitchelstown—Assistant District Leader; Mr. Denis Foley, Ferry Moy—District Adjutant; Mr. M. O'Donnell, P.C., Kilmorth—District Squad Master; Mr. F. O'Brien, Ferry Moy—District Transport Officer; Mr. E. Carroll, solicitor, Ferry Moy—District Communication Officer; Mr. D. Stack, Ferry Moy—District First Aid Officer; Mr. J. TALLOW NOTES

SNOW.

To the utter amazement of practically all the residents of the town and district, on awakening from their slumbers on Sunday morning they found all the roofs, yards, gardens and fields as far as the eye could vision enveloped in a mantle of snow varying in depth up to 12 inches in places and with the flakes still falling. Fortunately there was very little wind, consequently there were no deep drifts to be encountered by the parishioners attending early Mass, most of whom had to travel on foot as the regular traffic was rendered impossible. Snowballing naturally was resorted to by all the lively members of the community for some hours, the sport being fully enjoyed by the elder and more soberly folk from safe observation positions, to whom, no doubt, happy visions of youthful memories of similar escapades came as they watched those engaged in the exhilarating sport, so seldom available, of "good old snowballing." Severe frost setting in during the early afternoon of Sunday and continuing during the night, rendered travelling conditions impossible, and all farm and other works had to be suspended for a couple of days.

45 DRIVE.

The attendance at the fortnightly 45 drive (held to augment the finances) at the Temperance Hall on Sunday night exceeded by large numbers the expectations of the committee in charge, as the weather conditions were anything but favourable. Those who had the courage to brave the elements had the pleasure of having an exceptionally good night's entertainment in very pleasant surroundings. All the games were keenly contested from the outset, the second rounds, semi-finals and finals reaching a very high standard of play. The winners were—1st prize, Messrs. C. Murphy and J. Prendergast; 2nd, Messrs. P. Hancock and M. Hogan; 3rd, Messrs. T. Kelleher and Wm. O'Mahoney.

POINT-TO-POINT RACES.

Owing to the course being covered with snow, and the frosty spell continuing the Race Committee, in the interests of all concerned, particularly owners and trainers of horses whose entries had been accepted, decided on Tuesday to postpone the fixture to Saturday, 9th February.

WATERFORD HOUNDS

On Tuesday the 14th January these hounds had an excellent day from the meet at Pigott's Cross. Finding first in Garravone bog, hounds ran fast towards Crehanan Hill, but were stopped from this very rough country on the Curraghmore road. Mottel Gorse was blank, but a fox was quickly found in Ballygarra bog and hounds ran very fast across the Rathgormack road through Ballynacarra, where hounds had a brief check but on hitting it off again ran hard through Ballyknock, on by Sheekin Cross and Millvale Creamery into the Coolnamuck Woods, where hounds were stopped after a very nice 35 minutes over a grand line of country.

Hounds were next taken back to Ballynafina, where a fox was soon on foot and went away by Paddans Castle across the Carrick main road by the Dispensary, through the Ballyneal Covert to the Gloneal road, where the hounds checked as the fox had been headed, but Thatcher soon put them right and they went on towards Mithel, right-handed through Glenstown and Old Grange and into Curraghmore by Lawry's bridge, where fresh foxes were on foot, but hounds stuck to their hunted fox and rolled him over at the end of the Racecourse, after a grand 60 minutes; this was a 45-mile point.

On Tuesday the 26th, hounds had a busy day from the meet at Kilmahomas. They first found in Curraghmore and ran through Stafford Lodge, across the main road to Faha, right-handed over the railway line and back to Curraghmore; but hounds forced their fox away again and were settling down for a good hunt, when he found an open chair in Mr. Shanahan's land. Next found in Fahaleagh bog and ran across the Stradbally road towards Carrigara, but this proved to be a twisty customer and got to ground in Glen after an hour's hunting round Glen bog and Fahaleagh. Hounds then drew Seafield covert and had a nice sing out towards Carrigara and back to Seafield where he got to ground, but was bolted and hounds hunted at a racing speed to Carrigara, where fresh foxes were on foot and little more could be done.

THE MAID OF SCARRIGLEA

As a feather the heart in light, And I'm feeling contented and bright; From my mind has been left dull care, When out walking my feet are tingling on air, For the maiden I love soon will be well, So hurrah for the maiden Scarriglea.

The stars that are keeping high, The moon that looks down in the sky, The fawn in the thicket, the lake, The notes of the linnets in brake, Are sweet to the eye and ear, But my Nora's more fair and more clear, And her sweet ringing laugh, me; So hurrah for the maiden Scarriglea.

Her foot is the lightest by far, When she's present no other chance, Her eyes are the bluest I've seen, Her heart is the truest, my queen, Her teeth are the whitest, my rose; Her beauty's the brightest I know, Her like you'd not find from to be; So hurrah for the maiden Scarriglea.

There are suitors in plenty, her hand, But their ardour the fire of fanned, 'Till it burst into flame, can't quench, But at last she said "Yes, at Inch." And that is the reason I'm here, And that's why my heart is in care, Her slave and her lover for ever, And I'll live for the Maiden Scarriglea.

Congratulations are extended to Mrs. H. Main Street, Capinquin, who secured first place at the recent held in Dublin for Assistant

MOOREHILL NOTES

**KILWATERMOY PARISH COUNCIL.**  
A special meeting of the above was held recently, all the members being present, several important matters were dealt with. A discussion took place on wheat growing, the members promised to do all they could in the matter, and a special appeal was made to the farmers in the district to double the wheat acreage this year. It was also decided to hold a Church gate collection on Sunday next, the funds being required in case of emergency. On Sunday morning last Rev. Fr. T. Tobin, C.C., asked all the parishioners to subscribe generously as possible, as the collection is for a very good cause and while he hoped and prayed that the emergency would pass still there is nothing like being prepared to meet any emergency that should arise, and when things come back to normal again, if the funds are not required, it will be turned over to the Church Parochial Fund. So we appeal to everybody to subscribe as generously as possible on Sunday next.

**AGRICULTURAL CLASS.**  
The Agricultural Class at Kilwatemoy has been suspended for a few weeks, as the instructor, Mr. D. O'Brien, is at present engaged lecturing on food production all over the County, all the members are looking forward to a resumption of the classes which are both interesting and instructive, in the near future.

**MOOREHILL HURLING CLUB.**  
A special meeting of the above was held last Friday night, a large number being present. Mr. D. Cody proposed and Mr. J. Ryan, seconded that Mr. Sean Prendergast be co-opted a member of the Committee, and it was passed unanimously. A motion was passed congratulating Mr. Patrick McGrath, Moorehill, a prominent member of the hurling club on his recent marriage, all the members wishing him and his bride every success and happiness. It was decided to hold the annual hurling club forty-five drive on Sunday, March the 30th, when it is to be hoped they will have the usual good attendance.

**DRAWING OF PRIZES.**  
The drawing of prizes in aid of the hurling club was held at the Local Defence Force Hall, on Tuesday night, a large crowd being present, all eagerly looking forward to a prize. The winning tickets were drawn from the drum by Mr. S. Roberts, Moorehill, and were as follows—1st prize, No. 384, Sgt. Power, St. Mary's Hall, Athlone; 2nd prize, No. 99, Miss M. T. Cahalane, Moorehill House, Tallow; 3rd prize—No. 125, Guard O'Shea, Tallow. The hurling club sincerely wish to thank all who sold tickets for the draw, and to the general public for their support, they are very grateful.

**NO EXCHANGE.**  
Up to the city to see the sights, the countryman happened to pass a Labour Exchange. On one door he read the words "Women's Exchange." Going in, he saw a female clerk eying him sternly from behind the counter. "Is this the Women's Exchange," he asked. "It is," she snapped. "And are you the woman?" "I am." "Then I'll stick to Mary!"

THE MAID OF SWEET CARRIGLEA

As a feather the heart in my bosom is light,  
And I'm feeling contented and merry and bright;  
From my mind has been lifted a load of dull care,  
When out walking my feet are just tread- ing on air.

For the maiden I love soon my fond bride will be,  
So hurrah for the maiden of sweet Carriglea.  
The stars that are keeping their vigil on high,  
The moon that looks down from its home in the sky,  
The lawn in the thicket, the swan on the lake,  
The notes of the linnet in bramble and brake,  
Are sweet to the eye and are soft to the ear,  
But my Nora's more fair and her voice is more clear,  
And her sweet ringing laughs is music to me,  
So hurrah for the maiden of sweet Carriglea.

Her foot is the lightest by far in the dance,  
When she's present no other colleen has a chance,  
Her eyes are the bluest that ever were seen,  
Her heart is the truest, and she is my queen,  
Her teeth are the whitest, her lips like the rose,  
Her beauty's the brightest as everyone knows,  
Her like you'd not find from Blackwater to Lee,  
So hurrah for the maiden of sweet Carriglea.

There are suitors in plenty who sigh for her hand,  
But their ardour the fire of my love only fanned,  
Till it burst into flame that coldness can't quench,  
But at last she said "Yes, we'll reside out at Inch,"  
And that is the reason I'm walking on air,  
And that's why my heart has no longer a care,  
Her slave and her lover for ever I'll be,  
And I'll live for the Maiden of Sweet Carriglea.

Congratulations are extended to Mr. M. Moloney (nephew of Mrs. R. J. Coffender, Main Street, Cappoquin) on having secured first place at the recent examination held in Dublin for Assistant Chemists.

CAPPOQUIN NOTES

SUCCESSFUL L.D.F. DISTRICT STAFF DANCE.

Despite the appalling conditions prevailing there was a very large attendance at the L.D.F. District Staff Dance in the Boat-house Hall, Cappoquin, on Sunday night. In addition to a big attendance from Cappoquin and the surrounding districts parties attended from Lismore, Fermoy, Clonmel, Youghal, Middleton, etc., and all had a very pleasant and enjoyable time dancing to the glorious strains of the Twilight Serenaders' Band (Fethard) which was at its best and once again proved itself to be one of the leading dance bands in Ireland today. In addition to a very large gathering of the general public amongst those present was a body of military officers and officers and men of the L.D.F., all wearing uniform. FOUNDERED ON CORK COAST.

Ballycotton Lifeboat Rescues Crew.

Having been adrift in their open lifeboat for some hours eight members of the crew of the S.S. Primrose, registered tonnage 251, were rescued by the Ballycotton lifeboat recently.

The Primrose was on a voyage from Dublin to Cork with a cargo of grain. The vessel struggled along the southern coast and had practically reached the mouth of Cork harbour when she capsized. The crew of nine were in imminent danger of being drowned but eight of them managed to get into their small lifeboat. The mate unfortunately lost his life. An extensive search was made for him by the crew but it is believed that he went down with the ship.

**SIGHTED BY COAST WATCHERS.**  
The small boat with the crew was adrift from 9.30 a.m. when the vessel foundered until the afternoon, when it was sighted by coast watchers off Flathead near Nohoval. They immediately reported the matter to the authorities.

Ballycotton Lifeboat Station was then notified and the lifeboat put to sea at once. The sixteen miles journey to the sailors was covered in extra good time and the crew were taken on board and brought to Ballycotton which was reached about 7 p.m. It was found that one member of the crew was injured.

**CARED BY RED CROSS.**  
At Ballycotton the members of the local branch of the Red Cross, did everything possible for the comfort of the men. They were immediately provided with hot drinks, a complete change of clothing and boots. Subsequently the sailors were carefully attended to by Mr. John F. Connolly, P.C., Ballycotton, agent for the Shipwrecked Marines Society. The men were housed by Mrs. Lynch and Mrs. Connolly.

**ARMY INSTRUCTOR BEREAVED.**  
The course of instruction for members of the Cappoquin L.D.F. has been temporarily interrupted owing to the fact that the instructor, Corporal J. Madden, has suffered a sad bereavement by the death of his brother at Gorey, County Wexford. Sympathy is extended to Corporal Madden who is most popular in Cappoquin.

**Waterford Co. Committee of Agriculture.**  
Mr. T. Flynn, Chairman, presided at a meeting of the Co. Committee of Agriculture, held at the Courthouse on Saturday last. Mr. Commissioner S. J. Moynihan, Mr. J. O'Dwyer, Secretary, and Mr. D. O'Brien, Treasurer, were also present.

**RATHGORMACK PLOUGHING COMPETITION.**  
A letter from the Department approved of the schedule of prizes for the above, also the allocation of the Committee of £12 to the competition was approved.

**PREMIUM BULLS.**  
Five applications were received from premium bulls and one for a premium boar. An application for 255, the usual amount was received from Waterford I.D.S.B. in connection with the bull show. The amount was granted.

**NATIONAL PLOUGHING CHAMPIONSHIPS.**  
The Secretary said the junior championships would take place near Cork on February 12th. The senior championships would take place in Cavan on February 18th.

The Secretary added, Mr. Veale, Secretary, has entered a junior team this year.

Messrs. Watson wrote regarding the increase in trees.

The letter was referred to the Department asking if give subsidy to cover the increase in cost.

A concert given by a party from Collins Barracks, Cork, at Middleton, saw the unusual spectacle of the public lining up an hour and a half in advance.

When the time came for the start of the concert, which was a most enjoyable affair, the hall was filled to capacity, and at least twice as many had to be turned away for lack of room. The concert was in aid of the soldiers' welfare fund and was sponsored by the local ladies' committee. All the artistes were from Collins Barracks, and Lieut. D. P. O'Hara, the conductor of the No. 2 Army Band, was a very capable comper.

LISMORE NOTES

**ANNUAL GENERAL MEETING.**  
A large number of Gaels were present at the annual general meeting of the Lismore H. & F. Clubs which took place in the Courthouse on Sunday last, February 2nd. The Chairman, Mr. J. O'Gorman, addressed the members and gave a short review of the year's work. He said that the spirit of unity was manifest amongst the members and the townspeople should be proud of our teams especially of the youthful junior hurlers who crowned themselves with glory by capturing the 1940 championship. He stated that the conduct of the players both on and off the playing pitch was exemplary and that all matches were played in a fine sporting manner. The treasurer's report, which showed an appreciable balance, was unanimously adopted. Mr. J. Ormonde was elected honorary president of the club; Mr. John O'Gorman was re-elected chairman, and Mr. J. F. O'Donnell vice-chairman; Mr. W. Lineen and Mr. J. Ross, as hon. secretary and hon. treasurer, respectively. The following are the members of the committee: Messrs. M. Regan, J. Byrne, C. Murray, J. Duggan, J. Bransfield, P. Gorman, J. Ryan, G. O'Brien, N. Darragh, C. Higgins, P. Moore, and M. Ryan. **VICTORY CELLIDHE.**  
There was a record attendance at the Lismore hurlers' victory cellidhe, which took place at the Town Hall, Lismore, on Tuesday night. The hall was gaily festooned with flags and bunting, and the dancers were in a gay and festive mood. Excellent Irish music was supplied by Tomas Keating's Cellidhe Band, and a thrilling night's sport was enjoyed by all. Songs were sung by many of the Gaels present. Miss Edna Whelan sang "The Irish Emigrant" in a sweet and pleasing voice. Mr. J. Meade sang the club's rallying song "The Blackwater Ramblers," in rousing style, and was chorused by all. Mr. Eamonn Lynch recited in a convincing fashion "The Rebel," and Mr. P. Gillen gave a wonderful exhibition of step-dancing (hornpipe). The 1940 junior championship medals were presented by Mr. J. F. O'Donnell, and the following Gaels received medals amidst the loud applause of the throng: J. Duggan (capt.), J. O'Brien, J. Vaughan, T. Cunningham, W. Moore, J. Lawton, J. Bransfield, T. Lyons, P. Lineen, J. Ryan, M. Coleman, P. Ahearne, J. Neill, P. Gorman, C. Healy, M. Pollard, W. Broderick, J. Sullivan, E. Foley, W. Lineen, K. Lincen. The medals which were won by the locals in the 1939 Tallow Pipers' Band tournament were also distributed. Mr. J. Ross, the hon. treasurer, thanked the Gaels for their loyal support and said that he felt proud of his association with the club and that the year 1940 would forever remain in his mind many pleasant memories of the memorable achievements of the Lismore junior hurlers.

HYGIENE IN THE HOME.

The problem of preventing infection during sleep has long occupied the attention of the scientific and medical worlds. It is a known fact that germs of colds, influenza and other ills remain in ordinary mattresses to propagate and re-infect. Second-hand restored mattresses are serious carriers of disease, and so important is this matter that in the U.S.A. the sale of second-hand bedding is prohibited by law. Not until the invention of the Sanitized process was sleep made utterly safe. This process, which was discovered after prolonged scientific research, is now incorporated in the O'Dearst Sanitized Mattresses. It renders them, in addition to being supremely comfortable, actively antiseptic, germ-proof. No amount of ordinary shaking, airing, brushing, or dry cleaning can weaken this effect, and continued hygienic cleanliness is consequently ensured. More and more progressive people are replacing their old mattresses with the O'Dearst Sanitized, and thus enjoy sounder sleep and sounder health. Because this famous mattress is made only from brand-new raw materials, and because it incorporates this revolutionary health feature, sleeping on one is equivalent to having a new mattress every night. We hold full stocks in every size and colouring. Prices very reasonable.—Harpur Brothers, House Furnishers, Waterford.

RESCUE. While playing on the Mall, young Jack Smyth of Tallow Street fell over the wall into the harbour. Some of his companions ran for help and Mr. Patrick Lane who was fortunately in the vicinity at the time, immediately went to the child's assistance. The tide was high at the time, having been on the fall for about half an hour, and Mr. Lane discovered the youngster in the water close to the pier in the sea-wall behind the Town Hall. Lowering himself to the water's edge he was able, after some time and with some difficulty, to reach the drowning boy with his foot and draw him close to the wall where he was able to grasp him without entering the water. The boy was immediately taken into the C.Y.M.S. rooms in the Town Hall and given first aid. He was able to go home shortly afterwards. Had the tide been lower Mr. Lane would have had to plunge into the icy water to save the boy, but as it was he effected the rescue without wetting more than one leg. On three previous occasions this child has been rescued from drowning in the vicinity of the quays.

MINES. The floating mines which were washed ashore in the vicinity of the sea front during the week have caused considerable repudiation in the local community. The explosion about 1.15 p.m. on the 27th ult. at Ballycotton shook the houses in Youghal and the general uneasiness concerning the mines which were closer to the town did not relax until the military experts had removed the detonators. The mine at Clonard was first discovered by Mr. John Bransfield, a member of the Gortroe Local Security Force, who's naval experience aided him in recognising the mine and appreciating its danger. He immediately detailed other members of the L.S.F. to warn the public of the danger and then reported the matter to the Guards and Military who were quickly on the scene. The Gortroe L.S.F. is to be congratulated upon its vigilance and the episode provides ample proof of the necessity of keeping a close watch upon the sea coast.

RED CROSS. The Secretary's report regarding the

Death of Mr. Walter (Watt) Wall, Mary Street.

By the death of the above highly esteemed and respected gentleman, Dungarvan has lost one of its best known citizens. "Watt," as he was affectionately called by all whose pleasure it was to have known him, was a wonderful favourite with young and old. Of a happy disposition, he was ever in good humour, and his reminiscences and stories of his early life in Australia, to which he emigrated while still a young boy, were most interesting. To his bereaved relatives, but more particularly to his niece, Miss Mary Wall, with whom he resided since his return to his native land, the deepest sympathy is extended. The remains were removed to the Parish Church, Dungarvan, on Monday evening, followed by a big crowd of mourners and friends. Despite the treacherous condition of the streets (due to snow and ice) the services of the waiting hearse were not availed of, but the coffin was borne by relays of his fellow members of the Commercial Club to the Church, where it was received by Rev. P. O'Farrell, C.C., who read the prayers for the dead. On Tuesday, interment was made in the family plot adjoining the Church, after the celebration of Masses of Requiem. Very Rev. Canon O'Brien, P.P., V.F., officiated at the graveside. Numerous Mass cards, telegrams and letters of sympathy were received by the relatives.

Death of Mr. P. Curran.

The death occurred at the District Hospital, Dungarvan, on Sunday last, Feb. 2nd, of Mr. P. Curran, Monaghan, Old Parish. A big cortege of mourners and friends attended at the removal of the remains from the Hospital to the Old Parish Church on Monday. The burial took place on Tuesday, after Requiem Masses, in the family plot adjoining the Church. R.I.P.

activities of the Youghal Section of the Irish Red Cross Society for the past year is very interesting and discloses that a huge amount of work has been accomplished by the officers and members, coupled with the generous support of the public. The Section is considered to be one of the best in the County. It has a membership roll of 150. Amongst its activities were two successful Flag Days held during the summer; a dance and a whist drive, both of which were very well patronised. Large contributions were sent to the Central Fund, Dublin. Two classes in first aid have completed their courses successfully, thanks to the lecturers Drs. Peggy Condon and E. T. Riordan. Large quantities of medical supplies have been procured and surgical dressings have been prepared by the lady members of the first aid classes. One of the most recent developments of the Section has been the acquisition of a house, kindly given by Mrs. McNevee and Mrs. O'Neill, free of rent, to be equipped as a first aid post. The County Council has contributed a substantial sum towards its repair and maintenance. A motor ambulance has also been secured, which is now under the complete control of the Section, and will be paraged at the new premises. The local Section benefits by the new rules of the organisation, which now permit Sections to retain 2s. out of each 5s. membership subscription. The remainder will be divided as follows—2s. to the Central Fund and 1s. to the County Branch.

Western Div. G.A.A. Notes

By "An Runaidhe." To continue some points of interest and some general information for clubs both new and old I will run through the formation of a minor club. A minor club affiliated solely as such can affiliate and enter the championships for the reduced fee of 5s. The only difference between a club so affiliated is that the delegate to meetings does not have any vote. The club can be affiliated at the ordinary rate of 12s. plus 2/6 for each team. The ordinary rules of clubs apply and the extra one that all playing members must be under 18 years on the 1st January of the current year's competition. Thus for the year 1941 he must be under 18 years on the 1st of January, 1941. Members of a minor club either hurling or football are eligible to play junior or senior with any club with whom they have no affiliation or breaking the rules. A club with a junior or senior team can enter a minor team if so desired for 2/6. These minors are not free to play with other clubs unless their own clubs has not a team entered in the competition in which they play. In other words they must play with their own club, junior or senior, if possible. The age rule is the same and transfers etc. are as binding on minors as on other players. It should be clearly understood that there cannot be two clubs of the same name in any of the codes, hurling or football. A club can be entered for football and a separate entry for hurling. This is called double affiliation 12s. for each. Then the club can have the teams entered attached to each club thus, hurling, senior, junior and minor, and the same with football. A hurling or football club cannot enter a minor club separately. A transfer from one club to another is required if a player is less than 12 months from the date of playing last match with the club he is leaving. This has to be applied for personally to the Board, which can refuse same. Application must be made on official transfer form which costs 1s. 6d. Reinstatement applications are made personally stating why required. A fee of 5s. must come with same except in cases of "foreign games" when fee is 10s. All applications for reinstatement must give the date or dates of offence and must be written on Irish watermarked paper and signed in Irish. This rule applies to all official communications of the G.A.A. Regarding from senior to junior can be personal application or made by a Club Secretary, on behalf of one or more players. Reasons for the request should be given. Transfers can be considered under Bye Laws with eight weeks from the date of draws and fixtures but regradings must be made at first County Board meeting following same. Applications for transfers, regrading and reinstatement must come through the Divisional Boards before going to County Board for consideration. The Whist Drive promoted by the Dungarvan Club on Sunday night was a huge success. Considering the arctic conditions prevailing the attendance was wonderful. The Club officials must be proud of the support given and the £ 2 s. d. side of the matter will be very useful. All clubs should try and develop the social side of the Club life. The G.A.A. Cumann in the district should keep in touch with the public as much as possible by means of card drives, dances and concerts, etc. It will help club funds and it will also get support at our games during the year. The following is a translation of the letter written in Irish and read at the Convention. I am indebted to my Kilmac friend for same and I am sure it will be of special interest to all Western clubs:—"It is the earnest wish of the Kilmac Club to bring before the Gaels of the Deise that the grave of Robert Weldon, poet of the Comerghs lies without a stone to mark its head. We consider such a stain on our name. The name of Robert Weldon ranks with pride among the little band of Irish poets who treasured and preserved for us the beauty of the Irish tongue. Our aim is, that it should go forth from this Convention that we would gladly lend a willing hand to any other body of Gaels who would interest themselves in such a work. Robert Weldon was buried in Kilmac and his last resting place remains hidden, due to the neglect of the generations which followed."

I am sure the Gaels of West Waterford would do all in their power to help the Kilmac Club to achieve this worthy object. A special committee of representatives from the Kilmac Club, the Co. County Board and both Divisional Boards, together with any other body interested should be formed to see what can be done in the case. Although my notes are only to cover Western teams and their affairs I have received the following item and I would not be happy if I neglected to publish it. I hope Mick McCarthy, the East Divisional Secretary will not consider it as poaching. Clones-Power have held their annual meeting and are affiliating a senior, junior and minor hurling team. They hope to have many important fixtures in their new and up-to-date Mid-Waterford venue—Best wishes Clones and many fixtures. Several interesting Gaels from the Eastern border keep on demanding a group senior hurling team. Its good points are given but as yet I have not seen anyone bring it before any Board. I can't understand why the matter was not up at the Convention if the clubs around there favour it. My advice is to get it brought up at the first Board meeting. Don't forget that applications for transfers, regrading and reinstatement will be dealt with on Sunday week's meeting at Cappoquin. All applications must have the fees required enclosed. Transfer forms cost 1s. each and will not be issued without cash. I heard a few evenings ago from a member of a West of Waterford club who is in Dublin that Mickie Feeney and his brother Jackie, are playing great hurling in Dublin. Any of our "exiles" who

An Appreciation.

"WATT" To the members of the National and Commercial Club, after his immediate family circle, may be granted the lamentable privilege of honouring the departure of "the father of the house"—poor old Watt—as he was affectionately known to the members. His unexpected end came as an extreme shock to the Club which he joined at the inauguration some thirty years ago on his return from Australia. To "Watt" it became his second home, and outside the Club circle it was known as "Watt's" Club. A silent worker, with personal ambition as his bug-bear, he was known for years an ordinary member, and persistently refused election on the Committee. He was an especial favourite amongst the forty-five players. They will miss him keenly despite their many runs to escape his nightly visit to the tables as official collector of "rent." He travelled silently from table to table, gently reminding would-be defaulters of their duty by an ominous jingling of the pennies which he had already secured. If one were short of change Watt was ever ready to oblige by converting the proffered pound note into shillings and pence. He was extremely methodical in his methods and was guided in all his actions by his never erring time-piece. The sun and stars might course through the heavens with mathematical accuracy to check the time of Big Ben, nevertheless, Watt's time piece could be the final arbiter in determining the time of day. Much against his own wishes his fellow workers prevailed upon him to accept the Treasurership, and eventually, Presidency of the Club, and he watched over our welfare and progress with fatherly pride to the day of his death. It is hard to place a value on the loss of a true friend, and we, of the National and Commercial, will be sorely pressed to fill the vacant chair, though the memory of dear old Watt will be ever fragrant in our minds. May he rest in peace and reap the reward of an honest life.

The following resolution was passed:—"That this Club thank the Waterford Co. Convention for their assistance in passing the motion requesting the Munster Council to unite in Co. Waterford the whole of Carrickbeg Parish for G.A.A. purposes. The members speaking to the resolution expressed the desire of the Club to stand behind the Waterford delegates to the Munster Convention and to help them in every way possible to achieve the aim of the Club in securing the unity of their Parish which the meeting so much desired. The Rev. Chairman addressing the meeting and reviewing the past year's activities said he knew how hampered the Club was in the past by the partition of their Parish and how hard it had been to carry on. To day a ray of hope gleamed on the horizon and if at the Munster Convention the Waterford delegates secured the much desired unity of the young Gaels of Carrickbeg Parish the Club would be strong in 1941. This partition of their Parish existed only since 1937, as since the inception of the Association in 1884 Carrickbeg was in Waterford. It was changed by some people who did so for personal motives against the wishes of the Gaels there. The people of Carrickbeg were out to repair that damage. The old Kilmacora Club and past Carrickbeg clubs served Waterford well and now wish to do the same as their forefathers did for the Deise. The meeting to-night gave him faith in the young Gaels' unity who braved such a snow-storm to attend in such large numbers. The Secretary also spoke and hoped for unity in the parish and said he hoped 1941 would be a glorious year for the Club. Further notes received on Thursday morning will appear in next week's notes.

FERMOY A. F. BRIGADE.

A series of lectures on Fire Fighting were commenced at the Fermoyn Commercial Club by Mr. J. P. O'Callaghan, B.E., Assistant County Surveyor, on Friday night last, January 31st. There was a very satisfactory attendance of the members of the Fire Brigade and Mr. M. J. Young, C.U.C. at the outset welcomed Mr. O'Callaghan, who had been appointed to give these lectures and instruction in the use of the Trailer Pump and other fire fighting equipment. The knew that Mr. O'Callaghan had attended in Dublin a course in connection with fire fighting and during the next few weeks he would give them all the benefit of this knowledge. He as well as all of them, hoped that the occasion for putting their work into operation would never arise if it did, he was sure that the Fermoyn Brigade would improve its efficiency. Such a Brigade was absolutely necessary at any time and he impressed upon them to attend all the lectures and thus receive the information and instruction necessary to do so. Mr. O'Callaghan thanked Mr. Young, and those present for their kindly welcome. It would give him great pleasure to have them every assistance and information in regard to Fire Fighting. He knew that his task with them would be easy as they had already received some instruction and were more advanced than in other places. He hoped to continue the lectures on each Friday night and also to have a demonstration with the trailer pump. Mr. O'Callaghan then delivered a very interesting lecture on incendiary bombs, and how to extinguish them.

GROW FOOD CAMPAIGN

The following circular has been sent by Commissioner S. J. Moynihan to the following towns and villages in the County: Lismore, Cappoquin, Tallow, Aghlish, Villierstown, Ardmore, Stradbally, Boamahon, Clashmore, Kilmacothomas, Fortlaw, Tramore, Dunmore East, Passage East, Cheekpoint, Rathgormack and Ballyduff. A Chara—I propose to introduce at the meeting of the Board of Health to be held on the 12th inst., a scheme of allotments for small towns and villages in the County for persons of the labouring class to enable them to produce food for themselves and their families in the coming emergency. The co-operation of your Council in this matter will be very greatly appreciated. The plots will consist of one-eighth acre of land and a small rent will be charged which will be merely nominal for unemployed applicants. The following is the information I require as early as possible:— (1)—Number of applicants for plots (a) Employed, (b) Unemployed. (2)—Name and address of person who would be willing to rent land for a period of three years and sum required per acre. Land should, of course, be good tillage and as near village as possible. In the cases of needy persons who would be unable to supply their own seed the Parish Council could assist by obtaining the seed required under the County Council Scheme for supplying seeds on Loan—the Parish Council to be responsible for the repayment charges which must be paid before the 31st December. This would be a simpler method than to have each individual make application to the County Council and the Parish Council's undertaking will be accepted by the Co. Council. There is no Scheme in existence for the provision of Free Seed for Rural Allotments. Please give this matter your immediate attention and let me have the information required by return if possible but not later than the 12th inst.—Miss M. Meas, S. J. MOYNIHAN, Commissioner.
