He brought to the discharge of his duties a mind stored with sound knowledge which coupled with steady application and unremitting toil singled him out as a reputed councillor.

He was an extensive, practical and highly successful farmer. He was a man of very sound judgement. The growth and development of his extensive farm in Gortnadia, where a useless marsh has been transformed into fertile and rich pasture land within the last decade or so is an example of what can be done by our farmers if they attack their problems with head and heart as well as brawn and muscle. The late Mr. Hartly employed a large staff of farm labourers, all of whom speak in the most affectionate terms of their late employer. He was kind and considerate to them and helped them over their difficulties and won their highest appreciation. He was a man who cheerfully lent valuable farm equipment to his neighbours and was always ready to help them when help was needed. By his demise Ring has lost one of its most progressive farmers and charming personalities; a man of few words but great deeds. He was a man of the old stock that, alas, are growing scarcer every day; a man, whose policy of action was always guided by discretion and temperance.

He was a fluent speaker of the native tongue and many of the students of Ring College were frequent visitors to Gortnadia, where they always received a cordial welcome. Gentle of spirit, quick of sympathy, he carried his varied knowledge and indulgence, his every interest, with a charming modesty.

One of nature's own gentlemen, it can be truly said of him that "he served his country and loved his kind," and lived his years without gaining an enemy or losing a friend. Always to the fore in charitable organisations, he gave freely to the demands of any deserving cause. He was a most compassionate, genial and loyal

Death of Mrs. Fitzgerald, Ballylemon, Cappagh.

Deep and profound regret was expressed on all sides when news of the death of Mrs. Fitzgerald, wife of Mr. Garrett Fitzgerald, Ballylemon, became known on Saturday last, 22nd inst. R.I.P.

The deceased, who was attending to her usual duties on Friday, passed to her eternal reward after a brief illness. A most esteemed and respected lady, her gentleness and kindness of disposition had won for her the respect and admiration of all who knew her. She was ever doing good amongst her neighbours and was extremely charitable to the poor and needy. A sterling Irishwoman, she was ever averse to oppression, and thus it was that the men of the I.R.A. in their struggle against oppression always found her happy home a haven of refuge for them. She was wife of Mr. Garrett Fitzgerald, one of the most practical farmers in West Waterford, and mother of Rev. Thomas Fitzgerald, Newcastle-on-Tyne; Mr. P. Fitzgerald, Ballylemon; Miss Mary Fitzgerald, N.T., Crehana, Carrick-on-Suir; Miss Nan Fitzgerald, N.T., Touraneena, and Miss Nellie Fitzgerald, Ballylemon.

The sorrow felt at her passing was very manifest on Sunday evening, when the remains were removed to the Abbeyside Parish Church. The funeral cortege reached immense proportions and was representative of all classes of the community, testifying in no uncertain manner to the respect and esteem entertained for the deceased and her family. The remains were received at the Church by Very Rev. N. Dunphy, P.P., Abbeyside, and Rev. J. Murphy, C.C., Ballinacoola, who recited the prayers for the dead.

The prayers at the burial, which took place immediately after Mass, were offered by Rev. P. Murphy, C.C., Ballinacoola, assisted by all the above named clergy.

A large number of Mass cards were laid on the grave, including cards from "Her loving husband," "Mary," "Nan," "Nellie," "Patie," "Her loving niece Minnie," "Paddy Whelan," "M. and Rita Whelan, 12 O'Connell Street," "Mother, Jim, and B.," "Ellie and Mary Cunningham," "Mary Kiely," "Mrs. M. We regret to chronicle the death of Mr. Thomas Harty, Gortnadhra, Ring, which occurred at his residence on Saturday evening last. Deceased had been in his usual health during the day but was suddenly taken ill in the evening. His hour had come and he passed away peacefully shortly afterwards fortified by the rites of the Holy Church and to the great sorrow of his esteemed wife, family and all who had the pleasure of his acquaintance. friend, and a sportsman to his finger tips. Now he lies in Ring cemetery which is kissed by the winds blowing across the waste of water. There he is among the things he loved, for above him the birds will sing in their season and the wild flowers will bloom. His most estimable wife has lost a loving and devoted husband and his worthy children have lost a model Irish catholic father.—R.I.P.

The late Mr. Harty has reared a family which are both a credit to himself and to the Deise. His second son, Rev. James Harty, carries out his sacred duties in Carrick-on-Suir where he is beloved by the parishioners, while his two other sons, W. J. and M. carry on the profession that the deceased perfected to such a degree of thoroughness. His only daughter, Mrs. T. O'Hanlon, is an esteemed Coth resident.

As a mark of deep appreciation to one who had been so helpful and kind to them during his lifetime the management of Ring College very kindly lent the use of their modern and up-to-date refectory to the family of the deceased gentleman in an attempt to cope with the catering requirements of the huge congregation of relatives and friends of the deceased which attended from all over Munster. In this big task the family were facilitated in every way through the courtesy of An Fear Mor and Liam Meehan, life-long friends of the deceased, who generously placed at their disposal the staff of the college.

On Sunday evening the remains were removed to Ring Church where they rested over night. Representatives from all sections of the community composed one of the most imposing corteges ever seen in these parts. Very Rev. Canon Prendergast, P.P., Carrick-on-Suir; Very Rev. Power, C.C., do; Rev. P. Farrell, C.C., Dungarvan; Rev. J. Walsh, C.C., Carricklegg; Rev. P. Baldwin, C.C., Ring, received the remains at the Church gates.

Rev. Fr. J. Harty, C.C. (son), was celebrant; Rev. P. Baldwin, C.C., Ring deacon; Rev. J. Lawn, C.C., Stradbally, sub-deacon; Very Rev. P. F. McGrath was Master of Ceremonies and Very Rev. Arch-deacon Kelleher, P.P., presided. The chanters were Rev. Fr. Byrne, C.C., Clonea, and Rev. Fr. T. O'Shea, C.C., Tramore.

L.S.F. DISTRICT STAFF TO VISIT ARDMORE.

The members of the L.S.F. District Staff will attend a general meeting of the Ardmore Group on Monday night next, 31st March at 8.30 (old time) and the general public are cordially invited to attend. It is hoped that as a result of the meeting the numerical strength of the Ardmore Group will increase considerably, as it is of the utmost importance that there should be a strong group in this important centre. In the event of an emergency the L.S.F. will have many important duties to perform and every man who is not a member of the L.S.F. should join the force at once and thus do his duty to his country. It is hoped that the general public will attend the meeting in Ardmore on Monday night when they will hear some important announcements made by the members of the District Staff.

KNOCKANORE'S TRIUMPH.
Congratulations are extended to Knockanore J.F. Club on winning the 1940 Championship. Their success is the reward for their organisation, endeavour and determination and should serve as a headlight for other clubs. We join in wishing them success in senior ranks.

THE PICTURES.
Last weekend large crowds from these parts travelled to Youghal to enjoy the excellent programme at the Regal Cinema. There will be another first class programme at the Regal on Saturday, Sunday and Monday of this weekend. The principal picture will be "Balalaika" a picture nobody should miss. The many patrons of the Regal firm West Waterford deeply appreciate the efforts of Mr. R. Hurst to supply a succession of such splendid programmes.

UNEMPLOYMENT.
Unfortunately considerable unemployment prevails in all parts of West Waterford at present. The present crisis clearly shows the many defects in our economic system. Despite our natural resources and the scarcity of essential materials our economic system is so arranged that a large section of our people are condemned to permanent unemployment. Certainly money is rationed.

Death of Mrs. Fitzgerald, Ballylemon, Cappagh.

Deep and profound regret was expressed on all sides when news of the death of Mrs. Fitzgerald, wife of Mr. Garrett Fitzgerald, Ballylemon became known on Saturday last, 22nd inst. R.I.P.

The deceased, who was attending to her usual duties on Friday, passed to her eternal reward after a brief illness. A most esteemed and respected lady, her gentleness and kindness of disposition had won for her the respect and admiration of all who knew her. She was ever doing good amongst her neighbours and was extremely charitable to the poor and needy. A sterling Irishwoman, she was ever averse to oppression, and thus it was that the men of the I.R.A. in their struggle against oppression always found her happy home a haven of refuge for them. She was wife of Mr. Garrett Fitzgerald, one of the most practical farmers in West Waterford, and mother of Rev. Thomas Fitzgerald, Newcastle-on-Tyne; Mr. P. Fitzgerald, Ballylemon; Miss Mary Fitzgerald, N.T., Crehana, Carrick-on-Suir; Miss Nan Fitzgerald, N.T., Touraneena, and Miss Nellie Fitzgerald, Ballylemon.

The sorrow felt at her passing was very manifest on Sunday evening, when the remains were removed to the Abbeyside Parish Church. The funeral cortege reached immense proportions and was representative of all classes of the community, testifying in no uncertain manner to the respect and esteem entertained for the deceased and her family. The remains were received at the Church by Very Rev. N. Dunphy, P.P., Abbeyside, and Rev. J. Murphy, C.C., Ballinacree, who recited the prayers for the dead.

On Monday morning Solemn Requiem Office and High Mass was offered for the happy repose of her soul. The celebrant of the Mass was Rev. J. Murphy, C.C., Ballinacree; deacon, Rev. J. J. Power, C.C., Kilgobnet; sub-deacon, Rev. J. Hickey, C.C., Crangemoickler. Very Rev. T. Canot O'Brien, P.P., V.F., Dungarvan, presided, and Very Rev. N. Dunphy, P.P., Abbeyside, was master of ceremonies.

In the choir were Very Rev. J. Gleeson, P.P., Aglish; Very Rev. P. Cullinane, P.P., Touraneena; Very Rev. P. Donegan, P.P., O.S.A., Dungarvan; Very Rev. P. Murphy, P.P., Clashmore; Rev. T. R. Walsh, B.A., C.C., Dungarvan; Rev. M. Murphy, S.S., Peter and Paul, Clonmel; Rev. T. Draper, C.C., Carrigis; Rev. D. Power, C.C., Aglish; Rev. B. McGrath, C.C., Touraneena; Rev. Michl. Power, C.C., Abbeyside; Rev. Michl. Power, C.C., Clashmore.

The prayers at the burial, which took place immediately after Mass, were offered by Rev. P. Murphy, C.C., Ballinacree, assisted by all the above named clergy.

A large number of Mass cards were laid on the grave, including cards from "Her loving husband," "Mary," "Nan," "Nellie," "Patie," "Her loving niece Mitche," "Paddy Whelan," "M. and Rita Whelan, 12 O'Connell Street," "Mother, Jim, and B.," "Ellie and Mary Cunningham," "May Kiely," "Mrs. M. Late Mrs. J. Donovan, Abbeyside.

There was a very large attendance of mourners and the general public present on Wednesday evening at the removal of the remains of the above respected lady from the Hospital, where she died on Tuesday night last, after a rather protracted illness. DUNGARVAN URBAN COUNCIL.

Mr. Thomas McCarthy (Vice-chairman) presided at the weekly meeting of the above Council on Friday last.

Mr. James Patterson, hon. sec., Dungarvan Boxing Club, applied for the use of the Hall for training purposes for the forthcoming tournament.

Mr. Hassett, B.S., wrote stating that the cost of supplying and fixing new hydrant plates opposite hydrants and painting same, would be about 7/- each.

Mr. Walsh, S.S.O., reported that the roof of the property of Mr. Lavin, in the Fish Market, is in a dangerous condition.

The Department wrote approving of the scheme of allotments as submitted by the Council.

Mr. Thomas McGrath, contractor, new housing scheme, wrote thanking the Council for cheque for £3,259 15s. 10d. due since February, 1940.

The Clerk stated the contractor for the sewerage scheme had applied for a similar payment, amounting to £40.

Mr. Clancy—Every additional lamp will cost £3. It appears to me, said Mr. Clancy, that most applicants were looking for a luxury of lighting.

After some further discussion, the Town Inspector was instructed to furnish a report regarding the public lighting for next meeting of the Council.

A letter from the Department of Local Government and Public Health recommending that consideration be given by the Council to making advance arrangements to ensure the maintenance of road communications in their district in the event of an emergency.

The tender of Mr. M. F. Walsh, Coolnagour, at 1/2 per gallon, to supply milk under the free milk scheme, was accepted.

On the proposition of Mr. Byrne, seconded by Mr. McCarthy, a vote of sympathy was passed with Mr. Nicholas Noonan on the death of his wife.

A similar vote was on the proposition of Mr. Quinn, seconded by Mr. Clancy, passed to the family of the late C. Desmond, Kildangan, and to the relatives of the late John Tutty, Davis Street.

The Town Clerk drew attention to complaints from 45 residents in Shandon who, he stated, were deprived of water for some time and were very badly off.

Mr. Quinn—Do we intend to remedy the supply for these 48 residents, or do we intend to go up to Kildrush?

Mr. Clancy—It would be very hard lines on the Kildrush residents if their supply is not remedied. They were paying a lot for service and are getting none.

Mr. Quinn—If the Council propose to remedy the Shandon supply under threat of legal proceedings, the Kildrush residents could also threaten legal proceedings and get their supply remedied.

After some more discussion, the B.S. was asked to estimate the cost of a new main to Shandon and one to Kildrush.

TALLOW NOTES

LAND OPERATIONS. Never in the history of the town and district was there such an extensive programme of tillage in evidence as that which is to be found on all four points of the compass in the parish at present, and full advantage was taken of the recent fine weather conditions to get into the ground all the seed possible, particularly winter wheat, which had been so long held up waiting favourable conditions.

Again we have to record the continued success of the fortnightly drives sponsored by this energetic committee, under whose auspices these fortnightly entertainments are run. Despite other similar attractions being readily available, the attendance was up to the usual high standard, and this resulted in the usual spirited contests all through the progress of the games, but the full zest was reached until the semi-finals, during these, card-playing of the best developed, with whirlwind finishes.

THE number of bacon pigs on show at Tuesday's market fell far short of the demand, and buyers had to go to producers' premises in the hope of filling their orders. Even this method of securing supplies did not obtain the desired results, as owing to recent disturbances in market prices and other hardships, producers in many cases are taking animals direct to the adjacent factories, with much advantage to themselves.

Judge Sealy was presented with white gloves at Clonmel Circuit Court. There were no criminal cases from Clonmel, Nenagh or Thurles.

Waterford Hounds.

On St. Patrick's Day these hounds met at Kilmachomhis and had a good day's hunting. The first fox went away very fast from Shanahan's gorse towards Newtown, but was headed back through the gorse and crossing the Newtown road, got to ground in a drain on the main road near Scrahane.

Last Saturday the meet was at the Sweep. Whitfield was first drawn and a fox from here went away at once at the Butlerstown side, with the result that half the field was left and missed a good hunt. Hounds ran very fast across the racecourse at Lisnakhil, on by Lisnakhil Cross, right-handed over Pembrokestown, through Ballynacloogh bog, where hounds checked, but were quickly put right again and ran on through Carricknagrog, over Ballyscanlon hill, towards Fenor mountain, where it looked as if he was making for the cliffs, but instead he turned back right-handed and hounds ran him to ground in the Ballynacloogh bog, after a very good run of 70 minutes. This was a five mile point. Hounds were then taken back to Ballyduff bog, and finding here they ran through Ballyduff wood to Amberhill, but as half of the pack had changed on to another fox, they were stopped and the rest of the pack collected. The Slate Quarries gorse failed to hold, but finding in Ballyvad, hounds ran fast through Kilmovee, across the Whitestown road, and were stopped from Beallough after a nice gallop of 15 minutes.

JUST COMMONSENSE

YOU need not be an Expert to realise that a Genuine Overhaul cannot be done on your Car for a few shillings. As a Motorist you would not expect a super performance from a badly worn Engine, or trust your life to a ruin salvaged from a junk yard. Yet there ARE Motorists who toy with the idea of saving a pound or two on their Overhaul, the one item concerning which parsimony is unwise to the point of foolishness.

Have your Car Overhauled in one of the best-equipped Garages in the South. Over 200 Engines Re-bored in two years, and still going strong.

FARMERS—Do not scrap that broken Wheel, or Broken Part, no matter what kind of Machine it was on. I can Weld and Machine it like new for a little more than half the price of a new one, and save you waiting time in trying to get a new part.—D. POWER & CO., DUNGARVAN.

GALVANIZED WIRE NETTING.

It is almost impossible to-day to secure a full range of good galvanized wire netting. We were lucky to secure a large cargo from America some time ago, and it would be impossible to offer at to-day's prices if we had to purchase now. Where sure protection from animals, vermin and birds is needed, depend upon galvanized wire netting. There are a thousand and one places where it is invaluable. It saves its very low costs many times over in the sure protection it gives. And that cost can be very low. At Harpur Brothers you can buy galvanized wire netting for as little as 1d. a yard. You can afford to renew old netting or replace snakeskin, untidy and inefficient protection methods, with neat, safe netting at this price, easily. At Harpur, too, you can choose your netting from one of the largest and most varied stocks in the South of Ireland. Only large stocks and large sales permit netting to be offered at so low a price. When you need protection from animals, vermin and birds in your garden, as you will from now on, use wire netting. When you want galvanized wire netting at a low price, get it at Harpur Brothers, 48, Quay, Waterford.

KILMATHOMAS NOTES.

ESTEEMED LOCAL FAMILY BEREAVED.

The news of the death at a very early age of Sr. Mary Rosalie, Convent of Mercy, Tipperary, was received with feelings of dismay and intense regret by the people of these parts. The sad event happened last week, after an illness of some few weeks. Sr. M. Rosalie was younger daughter of Mrs. Power and the late Mr. Martin Power, farmer, Kilmoylan, Kilmathomas, she was sister of Messrs. Richard and Nicholas Power, do., Mrs. B. O'Sullivan, Whitestown, do., and the late Mr. Maurice Power, Kilmoylan (who passed hence just over two months ago), and she was niece of Mr. Richard A. Dee, wholesale and retail merchant, O'Connell Street, Waterford. The charm and nobility of her personality had become a part of the community among whom she lived and laboured, and to her intellectual gifts and attainments she added a life of most edifying sanctity and prayer. She bore her last illness with the most cheerful and exquisite fortitude, and died a holy and a happy death. The Light of Heaven to her gentle soul. With the dear departed nun's esteemed mother and brothers and sister, and other immediate relatives, sympathy is universal.

MANOEUVRES.

All Groups in the Tramore District Command (L.D.F.) area were engaged in the special manoeuvres held in our midst on Sunday evening last, the main object of the exercises being the elimination of snags in defence operations. The District Staff attended and were greatly impressed by the efficiency of the Group Leaders and men participating, all of whom acquitted themselves right admirably and well displaying great skill and initiative. The entire turnout and practice was deemed very successful from a military point of view. The Kilmathomas Group showed up at full strength and were specially complimented on that score. Those of the respective Groups in action looked smart in their uniforms, and showed that they were determined to do their duty towards the nation. The Units concerned were: Tramore, Kilmathomas, Portlaoine, Kilsantony, Rathgormack, Stradbally, Kill and Kilmadden.

The military officers present were: Colonel Gilheaney (Divisional O.C., L.D.F.), Major J. Bamford (Brigade O.C.), Command. McLoughlin, Command. Doyle, Command. O'Laughlin, Capt. Duffy (L.D.F.), Capt. Whelan, Capt. Connolly, Capt. Sean O'Meara (A. A. O., L.D.F., Waterford), Capt. Galvin, Capt. Lennon, Capt. McGonnell, Lieut. McEvoy, Lieut. Mullins, Lieut. Keane, Lieut. Dromey, Lieut. Moore, Lieut. McCabe, Lieut. Rowan, Lieut. Cassidy, Lieut. Barrington, Lieut. O'Brien, Lieut. Lannen, Lieut. Lennihan, Lieut. McCann, Lieut. Chapman, and Lieut. Graham. The L.D.F. District Command Officers and Group Leaders included: District Staff Leader D. Kenneally (Tramore); Assistant District Staff Leader Sean Ormond, N.T. (Kilmathomas); District Staff Adjt. Fergus Power, Solicitor (Kilmadden); District Staff Transport Officer Andrew Kirwan (Kill); District Staff Medical Officer David Coghlan, junior (Kilmathomas); District Command Staff Intelligence Officer Jeremiah Collins (do.); Group Leader Frank Roche (Portlaoine); Group Leader Patrick Tobin (Rathgormack); Group Adjt. T. J. Casey (Kilmathomas), etc.

At the conclusion of the manoeuvres a meeting of the officers took place at the Courthouse, Kilmathomas, at which important matters in connection with the day's activities were discussed. Col. Gilheaney presided at the meeting.

TILLAGE.

The land attached to the local disused workhouse, which the Kilmathomas Parish Council proposed recently for tillage purposes, was distributed amongst fifteen suitable applicants on Monday evening. The Council received 10/ for each plot (one-eighth of an acre) parcelled out. Dr. P. G. Dooley (Chairman), Mr. G. Brown, Mr. P. J. Gaule and Mr. M. Murphy (Hon. Sec.), conducted the distribution on behalf of the Council (who had covered the cost of the ploughing of the land before dividing it up).

KILMATHOMAS MONTHLY FAIR.

Above, held on Tuesday, was small, compared with the usual March fair and with matters still in a very unsettled state.

buyers were very cautious and a good deal of stock remained unsold. There was, however, good buying for forward two-year-olds, up to £14, and good yearlings up to £8; but the general price was much below those figures. Beef, around 85/- per cwt, dead weight. In-calf heifers (poor inquiry) fetched around £12 and £14. Good hoggets sold well, the best bringing over 60/- apiece. Bonham's were a tardy trade, and many lots remained unsold. Ten-week-old slips sold from 7/6 to 12/6; older ones, 20/- to 30/-.

WORK.

A number of County Council workmen are at present employed at quarrying operations at a quarry on the farm of Mr. Thomas Cunningham, Ballynabonogue, North, Kilmathomas.

REVERED LOCAL PASTOR'S NIECE WEDS.

The beautiful Church of the Three Patrons, Rathgar, Co. Dublin, was the scene of a pretty and interesting wedding on the morning of the 19th inst., the contracting parties being Professor Jeremiah J. Hogan, M.A., B.Litt. (Oxon.), University College, Dublin, son of the late Mr. Thomas Hogan and of Mrs. Hogan, St. Joseph, Cowper Road, Rathmines, and Aine, daughter of Professor J. M. O'Sullivan, T.D., and Mrs. O'Sullivan, Aberfoyle, Orwell Road, Rathgar. The ceremony, which was with Nuptial Mass and Paeal Blessing, was performed by the Very Rev. John Crotty, P.P., Kilsantony (uncle of the bride), assisted by the Ven. Archdeacon Kelleher, Waterford, and the Very Rev. Michael Crotty, P.P., Cahir (cousin of the bride). The bride, who was given away by her father, wore a gown of white satin cut on classic lines. The train was cut in one with the skirt. A headpiece of lilies and orange blossoms held in place the white tulle veil. The bouquet she bore was of St. Joseph lilies. The bride was attended by two bridesmaids, Miss Molly Hogan (sister of the bridegroom) and Miss Peg Carly.

Mr. T. Hogan (brother of the groom) acted as best man, and the groomsmen in the Church were Messrs. Sean M. and Ulick O'Sullivan (brothers of the bride) and Mr. Pat Hogan (brother of the bridegroom). After the ceremony the bride's mother received immediate members of the bride's and the bridegroom's family to breakfast at Aberfoyle. The honeymoon was spent in the South of Ireland.

FEELICITATIONS.

Feelicitations are cordially extended to Mr. Michael Holloway, third son of Mr. and Mrs. M. Holloway, fish and fruit exporters, Green Side, Carrick-on-Suir, and Miss Mary Terry, third daughter of Mr. and Mrs. Patrick Terry, farmer, Monastih, Rathgormack, on their marriage, which joyous event was solemnised at the Parish Church, Rathgormack, on St. Patrick's Day, by the Rev. D. O'Byrne, C.C., do. Miss Maureen McGrath, Rathgormack, was the bridesmaid, and Mr. Edward Holloway (brother of the groom) functioned as best man. Following the ceremony, a reception and breakfast took place at the bride's parental home, where a few hours were pleasantly whiled away with music, song and dance, upwards of forty guests participating.

CLUBS' CONDOLENCE.

At a specially convened meeting of the Dunhill Parish Council, Very Rev. D. Morrissey, P.P. (Chairman) presiding, a vote of condolence was passed on the proposition of Mr. Frank Murphy, seconded by Mr. P. Burns) to the relatives of the late Mr. James Delaney, ex-N.T., Annewstown. In supporting the vote the Very Rev. Chairman said that the late Mr. Delaney sacrificed his time and energies in every movement that had for its object the welfare of his co-parishioners, cultural or charitable, and by his demise his former pupils have been bereft of a sincere friend and advocate.

The members of the Dunhill Amateur Dramatic Club, at a special meeting, voted sympathy to their colleague, Mr. Patrick Delaney, in his bereavement occasioned by the death of his father, the late Mr. James Delaney, ex-N.T.

R.I.P.

At both the 8.30 and 11 o'clock Masses at St. Brigid's Parish Church, Kilsantony, on Sunday last, prayers were offered up for the happy repose of the soul of Mr. Patrick Ryan (formerly of Shanbally, Kilsantony) who died recently in Wales.

ANOTHER DEATH.

On Tuesday of this week all that was mortal of the late Mr. John Riordan was reverently laid to rest in Kilsantony Churchyard, in the presence of many mourners and sympathisers. Peace to his soul. Deceased was son of 'deservedly popular Mr. Thomas Riordan, farmer, Curraheen, Kilsantony, and brother of Mr. Patrick Riordan, do.; Miss M. Riordan, do.; Mrs. J. Curran, Garranbane; Mrs. Whelan, Kilnafrehan and Mrs. P. Mulcahy, Carrickbeg, with all of whom sympathy is universal in their sad bereavement and loss.

GALIC GARNERINGS.

We congratulate the Kilsantony-Pike junior football string on their fine display at Fraser Field on Sunday last. Have it that the Stradbally senior football set (County Champions, 1940) are getting down to training for their initial-round tie in the current year's C.C. Championship—against their old and honourable rivals of the adjoining parish. HIS MANY MID-WATERFORD FRIENDS AND WELL-WISHERS—

Sincerely sympathise with the Rev. James Hartly, C.C., Carrick-on-Suir, in his

bereavement occasioned by the death of his widely known and respected father, Mr. Thomas Hartly, Carrick-on-Suir, Dungarvan—a gentleman who, during his long and honour-crowned career had placed to his credit a record of unremitting service to his native Decies—(May he rest in peace).

BOB WELDON MEMORIAL.

A further meeting in connection with the above project will be held at the residence of Mr. Pat Power, Mahonbridge, Kilmathomas, on to-morrow (Sunday) evening at 3 o'clock (old time), and all interested are expected to attend. We understand that permission to hold a collection outside Church gates throughout the Decies on Easter Sunday (for the Memorial Fund) is being sought from official quarters.

GOLDEN JUBILEE.

The Rev. Br. Michael Bernard Aylward, Superior of the Christian Brothers' College, Middle Park, Melbourne, Australia, who celebrated his Golden Jubilee on the 19th of December last, is an uncle of Mr. Patrick Aylward, farmer, Carriceady, Bonmahon. On the occasion of Br. Aylward's Jubilee a Solemn High Mass of thanksgiving was celebrated at the Carmelite Church, Middle Park, and the Rev. Brother Provincial of the Australian Province was in attendance.

Waterford Hunt Meeting.

A Committee meeting was held at the Imperial Hotel on the 5th inst., and amongst those present were Sir Robert Paul (in the chair), Miss Walker, M.P.H.; Messrs. A. Hunt, J. H. de Bromhead, C. Langley, J. L. Richardson, R. B. Nolan, and R. de V. Hunt (hon. sec.). After the minutes of the last meeting had been read, the Secretary read a letter from Miss Walker in which she stated that she would have to resign from the joint mastership of the Waterford Hounds at the end of this season. On being asked to reconsider her resignation, Miss Walker replied that she could not do so, at which the Committee expressed their deep regret, and a vote of thanks was passed to her for having kept the hunting going under such difficulties in the past seasons, especially as Mr. Russell was away.

ARRANGEMENTS FOR NEXT SEASON.

The Secretary stated that Mr. Russell had offered to carry on the hounds next season as best he could, assisted by Lord William Beresford. The Committee expressed their appreciation of this very sporting offer, by Mr. Russell and Lord William Beresford, who were both away on active service, and this proposal was unanimously adopted.

PORT-TO-PORT.

There was considerable discussion as to whether the point-to-point should be held this year, and at length it was decided to abandon it, on account of the petrol shortage and also the prevalence of Foot and Mouth Disease in neighbouring counties which would greatly reduce entries.

LIFEBOAT AWARDS

Ballycotton Cox. Gets Medal for Gallantry.

The Royal National Life-Boat Institution has awarded its bronze medal for gallantry to three Irish lifeboat men—Coxswain Patrick Siney of Ballycotton, Co. Cork; Coxswain Patrick Murphy, of its lifeboat at New Castle, Co. Down, and Robert Agnew, the New Castle motor mechanic. It has also awarded its thanks on Vellum to each of the six other members of the New Castle Crew, and (£100); one hundred and nine pounds, to the crews and launchers of the two stations—Coxswain P. Siney (Ballycotton), already holder the gold medal of the Institution, V.C. of the Lifeboat Service and Coxswain Murphy has twice won the bronze medal in 12 days.

These awards have been made for two services, both on the same day carried out in heavy seas. The Ballycotton Lifeboat rescued eight men from the ship's boat of a steamer which had turned turtle. The men had been in the boat for 12 hours when the Lifeboat was 50 yards away. A heavy sea broke in the ship's boat and filled her. She sank but her air cases brought her up again and the Lifeboat was just in good time to rescue the eight men, drenched, exhausted and helpless with cramp.

New Castle Lifeboat brought ashore the crew of a steamer which with her engines damaged was dragging helplessly towards the rocks.

SOW SUGAR-BEET EARLY

Never has sugar-beet crop been so vital to the country as the one to be harvested this year. It is essential, therefore, that growers should take every precaution to ensure a maximum yield. What is the first step towards this end? At this stage, undoubtedly, the earliest possible cultivation to enable early sowing of the seed. In many districts where labour shortage is anticipated, the effects of this will be felt less keenly if the arable programme is so planned as to spread to the utmost the call upon available hands.

The sowing of beets as soon as possible is a step in the right direction. Mr. Whitmore used to make his sowings between April 1 and 24, and results showed that there was a drop of 3 tons to the acre towards the end of that period. This year he is aiming at starting this week and finishing about April 10th. This is black fen land where the rotation is generally potatoes, beet and wheat, the beet getting the advantage of the unexhausted values from the previous potato crop, which, in most cases, is usually heavily manured.

Cultivation, of course, vary according to the type of soil and weather conditions, but the main thing is to conserve the moisture in the seed bed. A typical process of cultivation is as follows:—Harrow with three-horse harrows, and as soon as the land is dry enough follow with a tractor with a fairly straight line duck foot. Follow again with a two-horse set of harrows; Cambridge roll as soon as the roll will run clean, light harrow again, roll down and drill.

PLENTY OF SEED

Mr. Whitmore believes in liberal quantities of seed, around 22lb. to the acre, sown just in the moisture and rolled down. Producers need have no fears on the score of seed being available; supplies are ample. Mr. Whitmore sows 2 cwt. of superphosphate per acre down the coulter when the beet is drilled. To avoid burning the seed this is diluted with ashes in the proportion of two parts ashes to one part superphosphate. Ashes now being difficult to obtain brick dust has been employed. Horse hoing is commenced immediately the beets show up sufficiently well enough in rows for a man to see them and rapping out is started immediately the second pair of leaves appear, as young plants always recover from operation much more quickly than the larger ones. Beets are sown in 16in. rows and gapped out 9in. from plant to plant.

Increased food production is of supreme national importance

A CRUISE IN THE PACIFIC OCEAN

Now all you dear readers pay attention to me, Whilst describing a cruise that I once had at sea, Vancouver B.C., it was our destination. To take over command of the Pacific Station.

That fine ship the "Impy" was eight thousand tons; Had submerged torpedo tubes and excellent guns. Her marines, with stokers and seamen so bold, Compiled a fine compliment of eight hundred all told.

We steamed out from Portsmouth of which you're all heard, For a place called St. Vincent in famed Cape de Verde, We didn't go south quite as far as Cape Horn, But went thro' the tropics of Cancer and Capricorn.

In our stokeholds there wasn't much fear that we'd freeze, For I once saw the thermometer at 140 degrees. Food was quite scarce and not of the best, So for to survive we were put to the test.

Thro' the straits of Magellan we then made our way, Anchoring at night-time and proceeding by day.

Early one morning there was much commotion, 'Twas the first time we entered the Pacific Ocean.

To Coquimbo, in Chili we next steamed away, The crew were delighted when we got to that Bay, With two nice days' leave and a very good rest. We all felt O.K. and prepared for the next.

Then we made off to a port in Peru, Where the mountains are high, very high it is true, They're as lofty as any you may happen to meet, As one peak exceeds twenty-three thousand feet.

As you pass by the coast they present a grand sight, Some are volcanoes and illuminate at night, They are also majestic to look at by day, I shall not forget when we steamed along that way.

Acapolca in Mexico it was our next call, I thought that this port was the warmest of all, I've been to hot places and ports in my day, But saw nothing to equal the heat of this Bay.

We steamed out well clear of the tropics once more, And obtained a fine view of California's grand shore, We very soon after got to our destination, And became the new flagship of the Pacific Station.

After three weary years we steamed back to those Isles, Having travelled a distance of seventy-five thousand miles; So I felt very glad that the cruise was all over.

And enjoyed a good holiday in sweet Walshtownmore.

GROW MORE POTATOES

and provide feed for the Summer of 1942 by converting them into Potato Silage next Harvest.

Clover Meals Ltd., Waterford, have developed a Potato Cooker which is capable of cooking 25 to 30 Tons of Potatoes for Silage weekly. This Cooker will be sent around to the Farms to do the work on the spot, and will be in charge of a capable man to see the Potatoes are cooked and the Silage properly made. The use of the Cooker will be free, and the Farmer has only to supply the fuel and pay the wages of the man in charge.

These Cookers will work on any class of fuel—bushes, timber, scrub, turf or coal and are economical in the use of firing. It is generally conceded that 4 Tons of Potato Silage is equal to 1 Ton of Maize Meal, and when you remember that the cooking season can be extended over at least thirty weeks, you realize that feed can be produced on the home farms from one Cooker equal to more than 200 Tons of Maize.

There will be no imported feed in Ireland while the War lasts, and we appeal to all Farmers to grow at least ONE EXTRA ACRE of Potatoes for conversion into Silage, and as far as possible we will arrange to supply those who use our Cookers with Meat Meal at a reasonable price to make their Silage into a balanced ration. We would thank those intending to make Potato Silage to make arrangements NOW for the use of our Cookers, stating the quantity they intend to cook, and not forgetting that small unmarketable potatoes, and even black potatoes, are all right for Silage.

Address all communications to: CLOVER MEATS LTD., WATERFORD.

LOCAL SECURITY FORCE (Ardmore Group).

THE members of the District Staff, L.S.F., will attend a general meeting of the Ardmore Group on MONDAY NIGHT NEXT (31st March), at 8.30 (old time). The general public from ARDMORE, GRANGE, and the SURROUNDING DISTRICTS are cordially invited to attend.

ACKNOWLEDGMENTS.

DERVAN—The parents, sister and brother of the late Mrs. Catherine Dervan (nee Wall) wish to return sincere thanks to all those who sympathised with them in their recent great sorrow; special thanks to those who sent Mass cards, telegrams and letters of sympathy. Trusting this will be accepted by all in grateful acknowledgment.

MULLANEY—The wife and family of the late Mr. John Mullane, Ballyvoile, Stradbally, wish to thank most sincerely all those kind friends who sent Mass cards, telegrams and letters of sympathy in their recent sad bereavement. They trust this will be accepted by all in grateful acknowledgment.

POWER (Sixth Anniversary)—In loving memory of Mrs. Mary Power, Ballyknock, Dungarvan, who died March 28th, 1935. R.I.P. We saw her slowly pass away; We drank the bitter cup of grief; The night we saw her die; How our footsteps love to wander; To that little treasured spot Where lies our own darling mother. Who will never be forgot. —Inserted by her loving family.

The Man in 'The Cap.

ON what is wrought within the next few weeks will depend, to a great extent, the measure of the food scarcity which Eire is likely to experience later in this fateful year. We do not, of course, suggest that a situation is likely to crop up in which there will be any danger of a famine, but that there will exist the same plentuousness or the same variety of food as in normal times is, in the utmost degree, improbable. Undoubtedly there will be a scarcity of certain essentials and the task immediately confronting the nation is to render that scarcity as small as possible. Our daily bread depends on the next harvest, for we can no longer rely on securing any imports. Due

to the adverse conditions climatical throughout the months of January and February, the acreage of winter wheat sown has fallen short of expectations, and in view of that it is all the more imperative to ensure that the spring sowing should be as exclusive as possible. The extreme gravity of the situation was underlined by the Minister for Agriculture when he said that it would be hardly possible to give the country a full wheaten loaf during the twelvemonth subsequent to September 1st next.

Therefore, the next few weeks must see a sowing of crops for food on a scale larger than ever before. Assuredly the farmer is the man in the gap, and if he takes the right view of the position, he will not confine himself to the mere acreage that satisfies statutory requirements. He will go all out to the fullest extent of his resources and extract the last possible ounce of food from his land. Where he cannot sow wheat, he will put in potatoes or oats or barley, thus providing the absolutely vital substitutes that will be wanted in the lean times ahead. Obviously there can be no question of over production of these all-important crops and no uncertainty about prices and markets. The farmer can sell—and sell well—what he does not need for his household, his livestock, and his poultry. By doing his level best in the "Grow More" campaign he is surely safeguarding his own interests as well as performing a service to the whole community.

(What a tragic misfortune that in a time of general shortage of foodstuffs the worst outbreak of cattle disease that has affected Ireland in longest living memory should have occurred! We sincerely sympathise with the farming fraternity who have already had their hands full with the onerous task of increased tillage, and we fervently trust that each and every one of them will willingly co-operate with the Department in its efforts to rid the country of this frightful foot-and-mouth scourge).

Late Mrs. Mary Noonan, Loughmore.

We regret to announce the death of Mrs. Mary Noonan, 81, Loughmore, Dungarvan, which took place at the Dungarvan Hospital on Thursday night last, 26th inst., after a brief illness. She deceased, who passed away at an early age, was much loved by all who knew her for her gentle disposition and never-failing kindness. A large and representative cortege accompanied the removal of the remains on Friday evening to Kilgobinet Church.

Immediately after Mass on Saturday morning the burial took place in the adjoining churchyard.

The deceased leaves a young husband to mourn her loss.

Late Mr. P. Terry, Ballinacourt, Dungarvan.

The death took place at the Hospital, Dungarvan, on Friday last, of Mr. Patrick Terry, Ballinacourt, Dungarvan. Deceased, who was brother of Mr. J. Terry, Lower King Street, Abbotside, and of Miss B. Terry, Ballinacourt, was a retired British naval petty officer.

The remains, followed by a big concourse of mourners and friends, were removed to the Abbotside Parish Church on Saturday evening, and on Sunday the interment took place in the Kilminon cemetery.

Late Mr. William Colbert, Woodstock.

It is with sincere regret we record the death, which took place on Thursday morning last, 13th inst., of Mr. William Colbert, Woodstock.

The deceased was the happy possessor of a quiet and genial disposition and his death will be deeply deplored not only by his family but by a very large circle of friends. He had reached a fine old age and had enjoyed perfect health up to a few weeks before his death. He was attended during his illness by Very Rev. J. Gleeson, P.P., Aglish, so that his death, like his long and honourable life, was a peaceful and happy one.

The remains, followed by an imposing cortege, were removed to the Ballinacourt Church on Friday evening, and on Saturday morning, following the celebration of Masses of Requiem by Rev. Fathers Gleeson and Power, the funeral took place to Whitechurch, Rev. David Power, C.C., Aglish, officiated at the graveside.

The chief mourners were Patrick Colbert (son); Bridget (daughter); Michl. and Mrs. Colbert, Wm. Colbert, Mrs. Flynn, John Flynn, M. O'Driscoll, Edmond and Mrs. Vesle, Michael O'Brien, etc. (cousins).

L.S.F. NOTES

The District Staff visited Ring, on 12th March and held a meeting with the Ring, Old-Parish, and Killy's Cross Groups.

Mr. B. Murphy, Ring was elected in charge of the Red Cross Section and was directed to have stretchers, and First-Aid satchels made locally. The organisation of A.R.P. and Communications is well under way.

On the following Tuesday Clashmore Group was visited and further arrangements were arrived at concerning the Red Cross Section, Communications, A.R.P. Similar visits were paid to the following Groups—Ardmore, Old-Parish, Leantyrrian and Cappagh.

On their round of visits the Staff were very impressed at the attendance and arrangements that had been carried out by the Leantyrrian Group. On the other hand they were equally disappointed at the lack of enthusiasm shown by the people of Ardmore in not coming in to give of their help and leaving all the work to so few of their number. Every credit is due to those who turn up regularly in spite of the lack of support.

All the members of the Dungarvan Group have now practically completed their Red Cross training and are busy perfecting their various arrangements.

We hope that on our next visit we shall see a number of new members enrolled in the above Groups.

The attention of all readers is directed to the fact that these notes will appear regularly in this column each week.

BALLYMACARBERY GROUPS.

The death occurred on the 23rd inst. at his residence, The Laurels, Ballymacarbery, after a protracted illness of Mr. Michael Grant.

The late Mr. Grant had been a member of "A" Group L.S.F. since its inception and was a very efficient and popular member, and his death at a comparatively early age is deeply regretted by all. The interment took place at Bannetschurch Cemetery on the 24th inst. The coffin was draped in the tricolour and was borne by members of the L.S.F. to the burial ground. The R.D.F. formed a Guard of Honour and the Rev. Fr. Casey C.C. officiated at the graveside.

At a general meeting of Ballymacarbery Groups of the L.S.F. and L.S.P. held on the 25th inst. Mr. J. J. Moore, Group Leader, proposed a vote of sympathy with the relatives of the late Mr. Grant which was seconded by Mr. Matthew Ryan and passed unanimously all the members present standing in silence for two minutes as a mark of respect to the deceased member.

L.S.F. DUNGARVAN GROUP.

RED CROSS NOTES

Members and townspeople will be happy to hear that comprehensive supplies for the A.R.P. First Aid Post at the Technical School to which Dr. Cusack has been appointed Medical Officer, have now arrived. Accordingly the Red Cross First Aid Post, to date located at the Dispensary, St. Mary Street, is now dispersed with and as arranged our drugs, dressings, stretchers and personnel are being transferred to the Technical School. Nurses and qualified First Aiders who had been detailed for duty at the Dispensary will now attend at the Technical School at the hours already allotted to them in the event of an emergency, which are as follows:—

To attend immediately circumstances require the opening of the Post—Miss M. Casey, Mrs. M. Dow, Mrs. M. Shogwee, 12 a.m. to 8 a.m.—Mrs. M. K. Cusack, Miss A. Murphy, Messrs. T. Donnelly and D. Phelan.

8 a.m. to 4 p.m.—Miss J. Maher, Mrs. D. Power, Mrs. J. Power, Mr. A. Speart, 4 p.m. to 12 a.m.—Mrs. W. Condon, Miss S. Crawley, Miss C. Flynn, Mr. P. Walsh.

Please make a note of your hours of attendance so that should circumstances warrant the opening of the Post there will be no confusion as to who should attend at the various hours, with perhaps consequent depletion of staff. Prompt attendance is expected from all First Aiders and is confidently anticipated.

Pending the completion of arrangements for a First Aid Post, those who are duty at the depot will go at once to the scene of scenes of disaster and render what First Aid they can on the spot. Equipped First Aid Bags will be stored at the Technical School and can be collected there when the need arises. These should be returned to the Post without delay when not in use.

Of course the 27-arrangement in connection with the A.R.P. First Aid Post in no way affects our original arrangements as regards the Abbotside Dressing Station at the Scout's Den, Antiseptics, dressings, stretchers etc. are stored in this building and the following are the hours of attendance of the staff detailed for duty:—

To attend immediately circumstances require the opening of the Post—Miss H. Conboy, Miss K. Gough, 12 a.m. to 8 a.m.—Miss M. Claffy, Miss F. Claxton, Mr. M. Murphy.

8 a.m. to 4 p.m.—Miss H. Claxton, Miss E. Power, Mr. T. Whelan, 4 p.m. to 12 a.m.—Mrs. M. Arrigan, Miss H. Miller, Messrs. M. Brennan and C. Power.

WEST DIVISIONAL C.A.A. NOTES.

DUNGARVAN WIN.

Dungarvan minor hurlers struck a winning patch on Sunday last. They defeated Cathal Brughas selection by a big margin. If they continue in this fashion they should be a serious danger in the championships.

Dungarvan—J. Goode, J. Harrington, P. Stack, M. Moloney, T. Power, B. Moloney, M. Houlihan, J. Hehir, M. Clancy, P. Foley, T. Cahin, J. Cullinan, E. Kirby, J. Donnelly, J. Kieley.

Cathal Brughas—S. Lee, R. O'Connor, M. Moloney, W. Curran, D. Hennessy, E. Wall, T. Griffin, F. Hogan, L. Crotty, D. Murphy, J. Duggan, M. Donnelly, J. Curran, C. Donnelly, C. Fitzgerald.

"Fitz" can always be depended on to "dig out" a new minor. "I find them and Dungarvan coax them away the following year" says this old and tried Gael.

The Cathal Brughas full back on Sunday covered himself with glory. A finer exhibition of hurling would be hard to find. The selectors have I hear his name in their note books.

KILGOBNET UNLUCKY.

Kilrossanty-Pike junior footballers just managed to get through their first round. Kilgobnet held them for three-quarters of the game and should with any luck have at least a 3-1 lead at that time. Bad forwards sport scores of chances and even luck was not on their side. With three forwards the Kilgobnet side could go a long way.

NEW CLUB UNSETTLED.

Kilrossanty-Pike did not seem to settle down to good football until the last quarter. Although individually better than rivals they never seemed to combine. It was only towards the close they began to work as a team. It is only fair to say that they were not at full strength due to several players being unavoidable absent on Sunday.

RE FIXTURE AT TALLOW.

St. Carthages and Tallow minor hurlers have agreed to play at Tallow on Sunday, April 6th. This match had been postponed due to illness amongst players of both clubs. The time and referee stand as on former fixture.

NEW MINORS ASK FOR AFFILIATION.

Paddy Sweeney of Crowhill is anxious to have a minor hurling team in the championships. A request for permission to enter late will be before next Board meeting. The team would be from Melrery district. With the consent of the other minor clubs the request could be granted. Encourage the youth at any cost. Red tape should never keep youths from playing the game.

PERMITS WARNING.

A last warning to clubs who intend to stage or take part in matches other than championship. A permit is required for all games. Teams taking part in games for which a permit has not been issued will be suspended. Permission in writing must reach the Div. Sec. at least seven days before date of match. It will not do to notify Sec. on the day or so before the match. If teams suffer for their neglect to secure permits after these repeated

NOTES.

warnings they have only themselves to blame.

PLAYER INJURED.

I was very sorry to hear of a serious accident which occurred at a hurling practice on Sunday last. A member of Sean-a-Cabail H.C. received a head injury which caused his removal to Dungarvan Hospital. While his condition is serious these are strong hopes for a speedy recovery. The injury was entirely accidental and at the time the players were only hitting the ball about. I trust that he will make good progress towards an early return to normal health.

INSURANCE OF PLAYERS.

It is only when we hear of an accident on the playing field that we admit the need for insurance of players. The present insurance scheme gives quite a good return for the fee charged. It should be understood that practice or tournament games are not included in the scheme where an inquiry occurs in these games the responsibility is on the club running the game. The Board may help a genuine case if a permit was issued. If a permit was not issued the Board are powerless to help. All clubs should try and insure their teams before the championship engagement. The cost is £1 for a team 10/- for minors. This is for the whole year.

CLUB PERSONALITIES.

Sean-a-Cabail H.C.: Colours—White and Blue. Teams entered J.H. and M.H. Hon. President—Rev. Fr. Casey, P.P. Modello. Hon. Treas.—Mr. Jas. McGrath, do. Hon. Sec.—Mr. Patk. McCarthy, Ballyhane, Cappoquin.

Only entered the championships in 1940 but have made wonderful progress since then. This year the club have entered a minor hurling team for the first time. Sean-a-Cabail are blessed with an energetic and efficient secretary.

SUNDAY'S FIXTURES.

Co. Championships at Lismore.—J.H. Lismore v. Tallow at 4 p.m. (S.T.). Tallow Ref.

TOURNAMENT.

At Dungarvan (Town League) Football—Abbeyside v. Shandon Rovers at 12.30 p.m. (S.T.). At Cappoquin, Tournament to be resumed. No particulars available at time of going to press.

CHALLENGE.

At Faha.—J.F. Faha v. Stradbally at 3.30 p.m. At Villierstown.—J.H. Finnisk Rovers v. Mooncill, at 4 p.m. (S.T.).

CHAMPIONSHIP AT LISMORE.

Tallow will field a strong team to meet the local boys on Sunday. Included on the selection will be those seniors who were relegated at the last Divisional Board and Co. Board meetings. Tallow can always put out a useful second string and with the few seasoned players added they should be a little above the average junior standard. Lismore are depending on the speed of their players. Last year's victory in junior hurling proved that a young fast team can overcome any kind of veterans. With such well-balanced teams engaged the public can expect a great display. The old rivalry is still there and it will put a little bit of fire into the game which when given in moderation can give a sparkle that spectators love to see.

CONDOLENCE.

At a parade of the Officers and N.C.O.s of the Dungarvan No. 1 Group A. L.D.F. held on Thursday night, a sincere vote of sympathy was passed with Mr. T. A. Callanan, a brother officer, on the death of his mother, Mrs. A. Callanan, Church Street, Ennistymon, Co. Clare. At the weekly parade on Tuesday night last of No. 2 Section, Dungarvan No. 1 Group, L.D.F., a vote of sympathy was passed to Volunteer Patrick Moroney on the death of his sister, the late Mrs. Nicholas Noonan, Loughmore, CONGRATULATIONS—

Are extended to John Joseph Devine, Mount Stuart, Cappoquin, and P. E. Egan, Ballinamult, Dungarvan, who, as the result of a recent examination held at Cork on the 11th inst., in which they secured first place from a very large entry of students, are now to take a special course of instruction in the Military College, Curragh, Co. Kil-dare.

DUNGARVAN BOXING CLUB.

At a meeting of the above, it was decided to hold a tournament on April 25th. The Committee are looking for lads to take part in the tournament and anyone who would like to try his "hands" at the boxing game will be taken in hand, by Mr. Matt Barry, who has taken on the job as trainer.

RED CROSS & L.D.F. 45 DRIVE.

The date fixed for the finals of the above drive was March 30th. Owing to unforeseen circumstances, this date has had to be changed to April 20th. Full particulars of arrangements, time, etc., will be given in next issue.

DISTRICT COMMAND DANCE.

The Dungarvan District Command L.D.F. will hold a grand dance on Easter Sunday night, of which full particulars will appear in our next issue.

MORE ALLOTMENT PLOTS AVAILABLE.

The Dungarvan Parish Council has received an offer of a further 2½ acres of land, if sufficient applicants are available to take it. A meeting of the Parish Council will be held on Monday night, 31st inst., at 8 p.m. (S.T.). All interested are invited to attend. The Council is open to receive offers of land from owners in the Abbeyside area, and all those who are anxious to receive plots should communicate with the hon. secretary, Mr. C. J. Murphy, Main Street.

LEGION OF MARY.

The Aclies, or annual consecration of the Legion of Mary, will take place on next Sunday, March 30th, in the Parish Church, at 4 p.m. Auxiliary members are requested to attend.

NATIONAL BLOOD TRANSFUSION SERVICE.

It was recently decided to form a national blood transfusion service which may be necessary should any acute emergency occur. This service has for its immediate object the saving of valuable lives which might otherwise be lost. An appeal for donors will be made in every area and volunteer donors will be selected to supply when necessary, blood to patients who as a result of injuries due to war or other conditions require it and for whom there is no other form of treatment that could produce the same life-saving effects. As regards the donor the scheme does not create hardship and does not interfere with their ordinary avocations nor does it entail any risk or physical upset. Hundreds

of lives may be saved by a generous response to this appeal and the general public are confidently asked to give their assistance and co-operation in making the scheme a success in this country. As the service is purely local, volunteer donors may be placed in the happy position of saving the lives of their nearest and dearest in addition to performing one of the highest types of national service.

Further particulars required by intending donors may be had from your local doctor.

Daniel T. McCarthy, M.B. and Michael O'Farrell, M.B. who are county directors.

FIANNA FAIL.

A general meeting of the above will be held in the Town Hall, Dungarvan, on Monday next March 31st at 8.30 p.m. (s.t.)

A big effort is being made to form a strong branch of the organisation in Dungarvan. It is therefore important that all interested should attend.

Several well-known speakers will address the meeting.

MARIA LEGIONIS.

The March issue of Maria Legionis, the voice of the Legion of Mary, continues the high standard attained by previous issues. It contains many interesting features.

Frank Duff's absorbing history of the Legions, campaign against Dublin's stronghold of vice will probably claim first attention. The instalment in this issue reviews the position in Bently Place on the eve of what looks to be "Crisis."

"Mary's View of Human Nature" gives us a new point of view on the place of Our Blessed Lady in the scheme of things. The article is contributed by Fr. Sylvester O'Brien O.P.M. until recently in Louvain, and is another one in the important series of articles of Marian interest which the paper has featured from the beginning.

America is much to the fore. The progress of the Legion there as reported by one of its envoys, is reviewed. The account of the successful "blitz" conducted by the Toronto Legionaries during the Canadian National Exhibition against the bigotry and prejudice that exist towards the Catholic Church, makes lively reading.

Andy Kennan, the legion humourist, pays a visit to the old legionaries' home, to get the inside story of the reform of an erring Prim Minister, and two legionary brothers contribute a very topical article on what is to-day an acute problem—sportsmanship in or popular outdoor sports.

"C. K. C's" Father Brown (Rt. Rev. Monsgr. John O'Connor) briefly gives his impression of the Legion of Mary, and its "staying" qualities. An important work recently undertaken by the legion "The over Seas Social Club" with the ambitious aim of enabling African and Asiatic students in Dublin to acquire a knowledge and understanding of Catholicism and Catholic ideas, is also briefly reviewed.

There are the usual question book, praises of Mary page and Legion news from all quarters. Professor T. Bodkin's magnificent contribution is also continued, and there are features which legionaries will find particularly instructive. The whole is profusely illustrated.

"Maria Legionis" can be bought from any active legionary, from book-sellers, or direct from Immaculate House, 37 St. Dominic Street, Dublin. Notwithstanding increased cost of production, the price continues at 3d. per copy.

BLACKWATER BOARD OF FISHERY CONSERVATORS.

The monthly meeting of Lismore Board of Fishery Conservators was held at the Grand Hotel, Fermoy, on Wednesday, 19th inst.

The Secretary, Mr. J. Power, read a letter from the Department of Agriculture forwarding audited abstracts of the accounts for the two years ended 30th September last.

A letter was read from the Group Adj. L.F.F. Youghal asking that the Board's marksmen, Mr. J. O'Neill, would be allowed off on Sundays from 3 p.m. to 6 p.m. for training.

A letter was also read from the marksman, stating he had been asked to devote every Sunday to training in the use of arms and drill.

The Department wrote pointing out the necessity of the Board keeping the expenditure within the Estimate for the coming year, and that where items may be exceeded a reduction should be made.

Mr. Shanahan proposed that as the marksman was a trained man in the use of arms and drill they considered that it would not be necessary for him to devote Sundays to training in this matter.

The Department wrote pointing out the necessity of the Board keeping the expenditure within the Estimate for the coming year, and that where items may be exceeded a reduction should be made.

The Chairman said it would be a good thing if the marksman were supplied with a diary or report book.

The Chairman said he thought that their best thanks were again due to the Lismore Estates Co. for the handing over of such a large quantity of salmon ova to the hatchery at Malloy.

Mr. Dunne said that he thought that the hours of duty on the part of the marksman should be left to his discretion as the periods for shooting depended on the tides.

Mr. Dunne said that he sometimes had to go shooting at 6 a.m. or 8 a.m., and he thought it only quite reasonable that the hours should be left to his discretion.

A discussion took place in connection with the application of the Inspector for travelling expenses, as he was unable to use his car owing to not being able to procure petrol.

YOUGHAL URBAN COUNCIL

Present—Messrs. M. D. Broderick (Chairman), R. Power, T. Beausang, T. K. Keane, Mr. J. Daly, B.E.; P. J. O'Gorman, P.C.; and R. Savage, P.C.

Mr. W. Dunne, Harbour Master, was also in attendance.

Mr. O'Gorman asked what funds were in the Harbour Board.

Mr. O'Gorman said that the upper portion of the Pier Head badly required attention.

After discussion the question was left to the Chairman, Secretary and Harbour Master to make inquiries.

The application was granted unanimously.

Arising out of a discussion on the allotments, the Clerk said he would like to say that there were 140 allottees and his experience of them was that the most of them were good fellows and he would like the Press to take note of his remarks.

Mr. O'Gorman said they should make an example of him.

Mr. Savage—He should be prosecuted.

The Clerk was directed to write to the man in question asking him to return the seeds, etc., and if he didn't comply, the Council should take proceedings against him.

The Clerk said some of those who had allotments last year hadn't returned the implements they got as bound.

It was decided to take steps in the matter.

A letter was read from the L.G.D. approving of the price of 1/4 per gallon for the summer period, but in the case of the winter period for which Mr. William Smiddy quoted 1/8, the Minister stated that he would sanction 1/4.

A letter was received from Mr. Smiddy stating that owing to the difficulty of procuring feeding stuffs, he could not undertake to reduce his tendered price.

Mr. Power said that Mr. Smiddy was the only one to tender, and he had always given satisfaction.

It was unanimously decided to forward Mr. Smiddy's letter to the Department, with a recommendation that his tender should be accepted.

A letter was read from the L.G.D. reminding the Council that in the event of an emergency they (the Council) must ensure the maintenance of all road communications.

BETTER LEYS: BETTER CORN CROPS.

Good temporary leys are as vital to our war effort as the ploughing-up of more grassland, for the good leys of to-day will yield the heavy corn crops of to-morrow.

Advantages of the short ley are often overlooked, but a sound ley will far out-yield permanent pasture or meadow, giving both early bite and late meadow, and well got seeds may replace imported feeding stuffs.

Barley and oats are perhaps the favourite nurse crops, although in recent years wheat has been commonly used.

Before drilling the corn crop I like to apply at least 5cwt. per acre of high grade high-soluble slag, or should this type of slag be unobtainable, 3cwt. per acre of superphosphate.

I have found that this treatment makes all the difference between a patchy take and a good one. Remember, the phosphate must be kept at the surface. Those who normally slag the stubble after harvesting the nurse crop should try this earlier application and note the result.

I am a great believer in sowing this at the same time as the cover crop, for, over a number of years now, I have found it one of the surest means of getting a good establishment. In a wet season the grasses and clovers may be so advanced by harvest time to give trouble in the sheaves, but the straw will be more valuable.

It stands to reason that if the corn crop is well established before the clover mixture is sown, instead of being a 'nurse' crop it will actually rob the young seeds of light, air and water.

When choosing any mixture the first thing to decide is: What do I want? Is it one heavy cut of hay, or hay and aftermath grazing, or two cuts of hay?

For early grazing and rapid establishment, there is nothing to beat Italian ryegrass. Together with some yellow trefoil this will provide a wonderful early bite. In fact, it is a very good plan to under-sow part of the wheat crop with the mixture for an early bite and added fertility to the soil which can be gained before the succeeding root crop.

For hay, perennial ryegrass is pre-eminent as it lives in better harmony with the clovers than does Italian, and while the latter may appear to give a heavier crop of hay, actually when weighed it is found that the perennial-clover mixture will outyield it by a good margin.

For late mowing, particularly on the heavier and sealy classes of soils, and in districts of high rainfall, timothy is a wonderful cropper and it is a pity that more use is not made of this grass. The seed is small and usually four to six pounds per acre is ample in a mixture.

COCKSFOOT MUST BE THICK. Cocksfoot should always be included in mixtures for two or more years' duration. It is unsurpassed for producing a

large bulk of nutritious herbage, particularly in dry weather on light soils. The rapidly with which it recovers from grazing is remarkable. It is disliked, I know, by many on account of its tufted habit of growth. But if sown thickly not less than 2lb. per acre and kept under control by adequate grazing, there will be little room for complaint.

With clovers, it is necessary to differentiate carefully between the broad red clover and late flowering red or cowgrass. Broad red is several weeks earlier than the late flowering variety, and will give two cuts of hay. Late flowering clover, on the other hand, though late, will bulk more and is persistent for two or three years.

An increase in price and a scarcity of seed may bring a temptation to cut down seed rates. Each farmer knows his own land best, and while on certain good soils economies can doubtless be effected without impairing the result, in general it is not a wise procedure.

Twenty pounds an acre is average seeding for a one year mixture of grasses and clovers, about 25lb. being required for a two year mixture. The following figures may illustrate the point. A one-year general purpose mixture composed of 4lb. Italian ryegrass, 14lb. perennial ryegrass, 2lb. late flowering red clover, 2lb. broad red clover, 2lb. white clover was sown at the rate of 15, 20, 25 and 30 lb. per acre, under a nurse crop of barley. The 15lb. seeding gave rather a thin plant and a reduced yield of hay. The 30lb. seeding gave a very thick plant, but this did not result in any increased yield, and it is obvious that too much seed is just as undesirable as too little. My advice, therefore, is not to stint on seeds, unless, of course, they become unobtainable, and note the result.

I am often amazed at certain farmers who take a pride in getting their land clean and well worked, are generous with their fertilisers, yet try to save a few shillings on seed. I know some who always buy their seed in the cheapest market possible, regardless of quality, and others who, strangely enough, will buy a small amount of the very best seed and then dilute it with their hay-loft sweepings.

TEA RATIONING. REGISTER AT THE HOUSE NOTED FOR BEST QUALITY TEAS. J. J. QUEALY, 82, O'Connell St., Dungarvan

EARLY SPRING. Successful gardeners plan ahead; that is one reason why they are successful. An early spring does not catch them unprepared. They have settled beforehand the seeds, plants and bulbs that they intend to grow. They have decided the number and kind of garden beds that are required. Some garden experts have predicted an early spring, so, the good campaigners, they have purchased their simple tools needs already, and the assurance of July weather in March would not hurt them a bit. They are prepared. You, too, may need a spade, a rake, a digging fork, or a trowel. A spade saves so much work when anything more than a bucketful of earth has to be moved; a rake saves so many backaches and so many minutes that can be turned to productive work; a digging fork is indispensable, for it saves you literally from cutting away the roots of your horticultural hopes; a trowel is the inseparable companion of the digging fork and the necessary small brother of the spade. Why not get one of more of these tools now at Harpur Bros. and be prepared? Harpur have everything for the garden at all prices.—Harpur Bros., 48 Quay, Waterford.

DUNGARVAN DISTRICT COURT

TIPPERARY HOUSE-BREAKING CHARGE.

At the Dungarvan District Court, held on Wednesday, before Mr. Farrell, B.L., D.J., a man named Jas. Courtney, was brought up in custody on a charge of housebreaking in Tipperary Town. Inspector Holland, G.S., proved the arrest of the accused and applied for a remand in custody to the Tipperary District Court on April 4th. Accused in reply to the Justice said he had no question to put. A remand in custody was granted.

EJECTMENT.

Mr. Williams, Solr., to the Dungarvan Urban Council applied for an ejectment order against Mr. Kenneally, 37 Cathal Brugha Place.

T. Cashman, C.B.O., said he served notice to quit on the defendant on 28th September 1940, and an ejectment order on 28th January.

P. J. Walsh, Rent Collector to the Council said defendant was a weekly tenant at 3/6 per week. The amount of arrears of rent was £7 10s.

UNDEFENDED CIVIL BILLS.

A large number of undefended civil bills were dealt with and decrees were granted in all cases.

APPLICATION FOR COMMITTAL ORDER.

The Attorney General represented by L. F. Lanigan, Solr., sought a Committal Order against Luke O'Brien, Ballintaylor, in respect of a payment Order made by the District Court on assessed succession duty of £17.

Mr. Farrell, Solr. (Messrs. Farrell and Morrissey) appeared for the defendant. Defendant in reply to Mr. Farrell, Solr., said he had promised to pay, but was unable to do so, he had lost cattle.

To Mr. Lanigan witness said he sold some beef and had his land let. He had only two cows, a horse and a sow. He had 71 acres of land, annuity £24, valuation £64. The Justice adjourned the case for one month.

ALSO ADJOURNED.

In the case of a committal order sought by David Riordan, Shandon, against Patrick Humble.

Mr. Farrell, Solr. for Riordan said as Mr. Kenny, Solr. for the defendant could not attend Court to-day, he (Mr. Farrell) agreed to an adjournment.

CAPPAGH COLLISION.

A recent collision at the Cappagh level crossing had a sequel, when Superintendent Walsh charged a man named C. O'Brien on two counts, viz. dangerous driving and with failing to comply with the Road Traffic Byelaw. Pk. O'Mahony, Killageh, Co. Cork, was also charged in connection with the same offence.

Mr. Williams, Solr., appeared for O'Brien.

Mr. Farrell, Solr., appeared for O'Mahony. Superintendent Walsh said that O'Brien was driving a motor lorry from Dungarvan to Cappoquin and O'Mahony was coming from Cappoquin to Dungarvan, driving a V8 car. The damage done was very slight, and he understood that O'Brien was not close enough to his proper side, it appeared to admit that this was the case of the accident.

The collision was a very technical one. O'Brien in evidence said he was a lorry driver employed by Denis McCarthy, Ballyduff, the collision was due to the lorry skidding on the snow. He is driving for 15 years. On this day he was coming from Dungarvan towards Lismore. It was a snowy day which obstructed his view. When approaching the level crossing he was travelling at 20 m.p.h. and slowed down to 10 when crossing the gates. He pleaded guilty to the fact that he could have been more to his own side, but he had to keep out to see traffic approaching from the other side.

Mr. Williams said the negligence was very slight, as was also the accident was due to the angle at which the gates are erected.

IMPLICATED CARS.

Guard McGowan charged a man named Jas. Power from the Kilmachomas district, with using an untaxed car.

Mr. Hutchinson, Solr., said his client drove the car to the Dungarvan Fair and would have taken out the tax that day had

he been able to get a reasonable assurance that he could get petrol. The car had not been taken out since.

A fine of 10/- was imposed. Guard O'Dea had a similar case against R. Lucey, Durrow.

Mr. Farrell, Solr., for Mr. Lucey explained that he had the car taxed for the past 8 years, but he was waiting to see if petrol would be available before he would do so this year. A fine of 10/- was imposed.

John Whelan, Killooney, who did not appear was fined 20/- in a further tax case.

Guard Lacey, Cappagh, was complainant in a similar case against J. N. McCarthy, Rathcoole, Co. Cork. A fine of 2/6 was imposed.

OCCASIONAL LICENCE.

Mr. Williams, Solr., applied on behalf of Mrs. M. C. Power, for an occasional licence for the night of April 14th, the occasion of the dance under the auspices of the L.D.F. and Red Cross.

The application was granted.

DANCE LICENCE FOR TOWN HALL.

Mr. Williams, Solr., acting for Mr. Wm. O'Meara, Clerk of the Urban Council, applied for a dance licence for the Town Hall for one month.

Mr. Williams explained that Mr. Troy, D.J., only granted a licence for 6 months this year due to the lack of sanitary arrangements in the Hall.

The Council, Mr. Williams explained, had a lot of changes in their Borough Surveyors during the past six months, but the last Borough Surveyor had prepared a plan of the improvements to be effected but which are not yet sanctioned by the Department.

Superintendent Walsh said he did not want to oppose the application too strenuously, but the County Medical Officer of Health came before the District Justice at the Annual Licensing Sessions, to oppose the granting of a license pending the improvement of sanitary arrangements.

The Justice granted the license for a month.

LIGHTS.

Guard O'Malley, Ring v. Thos. Sullivan, Glenwilliam, Ardmore, fined 3/6. Guard Giblin v. M. Coleman, St. Bridget, Street, 3/6; Sergt. Tierney, Leamybrien v. Michael Walsh, Comeragh, 3/6; same v. Pk. Flynn, Glendaligan, 3/6; Guard Enright v. Pk. Wall, Ballinacree, 3/6; same v. M. Dalton, Bohadon, 3/6. Guard Straine v. Jas. Hayes, 10 Davis St., 2/6; Guard M. Gowen v. D. Kieley, Ballinamult, 3/6; same v. C. McHugh, 2/-; same v. Wm. Cullinane, Lackendarra, 2/-; same v. Rd. Cullinane, Ballyduff, light and reflector, 3/6 and 2/-.

SCHOOL ATTENDANCE.

Guard L. Farrell, School Attendance Officer prosecuted Wm. Havens in respect of the non-attendance at school of two children.

Complainant said that out of 50 school days one was absent 39 days and the other 43 days.

Defendant said both children suffered from sore eyes and the doctor recommended him to keep them out in the open air. He took the doctors advice. They were now better and going to school. He handed in a doctor's certificate.

The case was adjourned for 2 months to see how they will attend.

Similar cases against Mary Koshan and M. Kennelly by the same complainant got a like ruling.

DRUNK AND DISORDERLY.

Sergt. Teahan prosecuted Margaret Reilly, na fixed abode with being drunk and disorderly.

The case was dismissed with a caution.

ATTEMPTING TO FIGHT.

Sergt. Liddane prosecuted Jas. Wright, Fitzgerald Place, with a disorderly conduct by attempting to fight. A fine of 5s. was imposed.

WORKING UNFIT HORSE.

Guard O'Leary prosecuted Thomas Donnelly and his son, Pk. Donnelly, Loughmore, with working a horse while in an unfit condition, the animal, complainant said, was in an emaciated condition and when untacked from the cart which was pushed home the horse stopped a few times before reaching Loughmore. There were two sores on the animal's back also.

To Mr. Farrell, Solr., who appeared for the defendants, complainant said the cart contained a load of coal and two empty barrels.

The father, Thos. Donnelly did not say he bought the animal from tinkers and that it was used to stopping. The horse was more than merely thin, it was starved, it is a hollow backed horse.

Thos. Donnelly said he had the horse about 8 months. It is about 13 years old. He did not know who the horse was bought from. This horse was getting oats, mangolds and hay, the same as his other horse, but he is a bad stable horse. He is a miserable looking, hollow back horse. He is out on grass in Killosera since the day Guard O'Leary met him.

Guard O'Leary said he saw the horse, the previous day, it was imposed.

EJECTMENT.

Mr. Farrell (Messrs. Farrell and Morrissey, Solrs.) applied on behalf of K. Borden, Mark Anthony and others for an ejectment order against James O'Brien, New Chapel St.

Mr. Thos. Power, agent said he served notice to quit on January 13th and demanded possession on January 25th. It was a verbal weekly tenancy at 2/- a week. Mr. Farrell said the house was in a condemned area.

Co. Waterford Vocational Education Committee.

Very Rev. T. Cannon O'Brien, P.P. V.F. presided at a meeting of the above held at Scoll na gCeard, Dungarvan, on Tuesday 25th. Also present were Rev. T. B. Walsh, B.A. C.C. and Professor M. H. O'Hara, B.A. Mr. D. S. Doyle, B.E., also attended.

CORRESPONDENCE.

The Department of Education wrote approving of an increment of £10 in the salary of Mr. Sean Kieley, Engineering Instructor, Dungarvan.

PORTLAW SCHOOL.

A number of tenders for the erection of a two-roomed Technical School were received. Messrs. Nolan's, Waterford, was the lowest tender at £3,900, the highest tender being £7,170.

In reply to the Chairman Mr. Doyle, B.E. said that there was more building material in the country than there was demand for, at present. He did not anticipate any difficulty in procuring the materials.

Fr. Walsh—Do these tenders include that they have enough material in stock now to complete the work?

Mr. Doyle—They are entitled to the war clause.

Fr. Walsh—You can't get a binding contract now?

Mr. Doyle—That is not usual £3,900 is very high for a two-roomed school, but it is due to the conditions prevailing at present. I don't think the lowest tender is out of the way. My estimate in December 1939 was £2,500 and £3,000 in June 1940. Whether a two roomed school is worth that or not is another matter.

Rev. Fr. Walsh said he thought the venture a general waste of public money. The children ought to be thought more on agriculture lines now; how to conserve supplies and how to use vegetables.

Mr. Lanigan—Until we have day classes we can't have rural science classes.

Mr. Walsh—It is rather hard on the rate payers.

Chairman—Then you see we may not have the school at all; it may be blown up. After some discussion the whole matter was deferred for the present.

A requisition form for taxation of his costs was received from Mr. Williams, Solr.

CAPPOQUIN RED CROSS BRANCH.

Miss Bell, Sec. Cappoquin Red Cross Branch, applied for use of Cappoquin Technical School for a first aid post in case of an emergency. The application was unanimously granted with the proviso that some one responsible should take charge and see that the requirements are properly stored.

The application was granted, the Local Defence Force being liable for any damage that might be done.

was more than merely thin, it was starved, it is a hollow backed horse.

Thos. Donnelly said he had the horse about 8 months. It is about 13 years old. He did not know who the horse was bought from. This horse was getting oats, mangolds and hay, the same as his other horse, but he is a bad stable horse. He is a miserable looking, hollow back horse. He is out on grass in Killosera since the day Guard O'Leary met him.

Guard O'Leary said he saw the horse, the previous day, it was imposed.

L.D.F. NOTES

Owing to pressure of other activities it was not possible to have these notes prepared in time for last week's issue and we feel flattered indeed to hear from numerous quarters that so many of our members were disappointed accordingly. Of late the L.D.F. activities in the district have been so varied and numerous that it is very hard to keep on record even a running commentary on same.

St. Patrick's Day parade was, of course, the recent big event as far as the public are concerned and judging from all the favourable comments heard from all participants was a heartening sight to have seen the District O/C, J. Mansfield, Assistant District O/C, M. Shalloe and District Officers M. Keane, E. J. Keyes, D. Lynch, R. A. Reddy, J. Power, L. Lanigan, J. Riordan and T. F. Lynch headed the parade and were followed by Dungarvan No. 1 Group L.D.F. under the leadership of Mr. Morrissey and Assistant G/L J. Fraher. Next came Dungarvan No. 2 Group under Group Leader J. Tobin and Assistant G/L R. Keating followed by Cappagh Group L.D.F. comprising of sections from Knocknower, Ballylemon and Ballinacreeagh under their own officers. Then paraded the Dungarvan L.S.F. under District Staff Officers D. Power, T. Maher, Paul I. Power and P. O'Mahony together with Group Leader J. Tobin and Assistant Group Leader M. O'Meara who were followed by the local Red Cross Volunteers and Scouts attached to Dungarvan and Abbeyside Catholic Troops.

The procession formed up at the Look-out and marched to 10.30 a.m. Mass at the Parish Church where it was met by the Very Rev. T. Cannon O'Brien P.P., V.F.; Rev. Fr. Walsh, B.A. C.C. and Rev. Fr. O'Farrell, C.C. who expressed their appreciation at the fine turn out and escorted the Volunteers to their seats in the Church.

During the Mass which was celebrated by the Rev. Fr. Power, C.C., Miss H. Boyle, Organist, played some beautiful Church music appropriate to the National Festival and after Mass concluded with the stirring Hymn of "Faith of Our Fathers" in which the whole congregation joined with noticeable fervour. On reforming outside the Parish Church the procession moved off through Mitchell St., to O'Connell St., on to the Square where appropriate honours were rendered during the playing of the National Anthem by the Dungarvan Brass and Reed Band which as well provided the martial airs throughout the march. The District O/C then gave the dismiss which concluded the parade.

It was originally arranged that a Ceremonial Parade be held after Mass but unfortunately this was found impossible in the last minute owing to difficulties over which the local Officers had no control and it was an evident disappointment to everyone as more spectacular details had been arranged to celebrate the National Holiday. But judging however, from the favourable interest taken by the huge throngs of the people who lined the route of the parade it must have been a great relief to our townpeople to know that so many of our men and women are preparing so hard to be of service to our country's Cause should the occasion unhappily arise. Their material bearing heavy burdens of studied training and a credit to them and to our country as well as to their leaders who have never spared themselves for many months back in the bringing to such perfection the local security services required in times of emergency. The precision of movement, smartness of dress and determined appearances of the paraders should do credit to all-military organisations.

Our local Red Cross Members who were led by Messrs. Mee, Broomeck, N.T., D. Phelan, Main St., and P. Walsh looked particularly smart in their uniforms and armlets and while perhaps small in numbers were efficient looking enough to satisfy even the most critical casualty.

The other members of this organisation who paraded were—Miss C. Flynn, B.A. Hon. Sec., Mrs. Condon, N.T., Miss M. Long, N.T.; Mrs. M. Walsh, Harbour View; Miss P. Fogarty, do; Miss M. Barry, Board of Health Office; Miss A. Dower, Ballylemon; Miss E. Foley, Mitchell Tee; Miss Mary Clancy, do; Mrs. J. Power O'Connell, St.; Miss N. Foley, do; Miss D. Lawry, Square; Miss B. O'Neill, Strand Side; Miss E. Moloney, Bridge St.; Miss A. Christopher, Stella Maris; Miss Curran, Kilrush and Miss Mulcahy, Abbeyside.

The troops of the Catholic Boy Scouts from Dungarvan and Abbeyside of which Messrs. L. Comerford, B.A. and L. Lanigan Solicitor, are the respective Scoutmasters) gave a colourful appearance. They brought up the rear of the procession with the precision of light-hearted youth united with their elders in honouring the National Apostle.

When this parade was first mentioned in these notes we only visualised a far more unpretentious affair but the idea was taken up by all sections with such enthusiasm that original preparations had to be altered to suit the wishes of everyone.

If special mention is allowed at all we think that the members of our local Band should get it since they had to make perhaps the greatest sacrifice for over a week beforehand by attending so regularly to nightly practices. That we appreciate their work may be judged from the fact that we hope to again avail of their services in the not so distant future. Mr. J. McHugh, Bandmaster, and the Committee in charge are offered our sincere thanks for their help.

And so much for St. Patrick's Day. Let

MOOREHILL NOTES

FORTY-FIVE DRIVE.

The annual forty-five drive under the auspices of the Moorehill hurling club will be held at Kiltwatermoy on Sunday night next, commencing at 7.30 p.m. As this will be the last drive of the season, we hope to see a record crowd attend and so help to augment the funds of the club. After all, a hurling club deserves the support of the general public, not here in the County where there is no other form of amusement in summer. What more pleasant and healthy way to spend the evenings, than on the playing pitch. So on Sunday night we hope to see all our old friends and legions of new ones at our little social gathering, and as an old "crack" forty-five player told the writer the other evening, there is something enjoyable, something magnetic about the drives at Kiltwatermoy. If you go there once you simply must come again, so if you haven't been there before be sure and come on Sunday night, and for the modest sum of sixpence we guarantee you a very enjoyable evening, so come in your numbers and you can be sure of a hearty comradeship-faite.

CAPPOQUIN NOTES

EASTER SUNDAY NIGHT CONCERT.

All arrangements are now being completed for the grand all night concert in the Boathouse on Easter Sunday night and the function promises to be one of the most successful yet held at this popular centre. As the local artistes are studiously rehearsing for the big night and leading artists from all parts have offered their services. Details later.

LECTURES IN FIRST AID.

Dr. Noel Curran has very kindly agreed to give lectures on First Aid to the members of the Clashmore L.D.F. and L.S.F. The first of these lectures will be given in the L.D.F. hall on Monday night next, 31st March at 8 o'clock (old time).

LATE MISS NORA FIVES.

Sympathy is extended to the Fives family in their bereavement occasioned by the death of Miss Nora Fives which took place at the residence of her sister, Mrs. Wall, Main Street. A large concourse of mourners accompanied the funeral from the Parish Church to the New Cemetery at Drumore. Rev. Fr. Dunphy, C.C. officiated.

SUDDEN DEATH.

The death occurred suddenly of Mrs. J. Cashman, Moolanora, wife of a well known and popular Co. Council worker. Deceased was mother of Mr. John J. Cashman. The interment takes place in Tallow —R.I.P.

GAELIC LEAGUE MEETING AT HALF-WAY.

A meeting will be held in the Half Way Hall on Thursday, April 3rd, at 7.30 p.m. to unite the Gaels of the parish of Slabh gCua and the adjoining parishes in one branch of the Gaelic League, which will co-ordinate the Gaelic activities in the said districts. We are confident that the parishes of Four-mile-water, Slabh gCua, Modeligo, Kilibrien, will be well represented at this meeting. No Gael can afford to be absent. We want young and old, not only those who know Irish, but all who believe in an Ireland Gaelic and free. Mr. Seamus O'Maoldhomhain, N.T., will preside.

TWO TO SPORE.

The match is certainly going to be a thriller.

MINOR HURLING.

Owing to illness in both teams the minor hurling match St. Carthages v Tallow was postponed until 6th of April. The St. Carthages players are mostly all recovered and are slowly but surely getting down to training. We believe that the Tallow youngsters are also putting in a spot of training.

The St. Carthages war-cry this year is "We want that Cup and Medal". They are taking no chances.

L.D.F.

The Group, Section and Squad Leaders of the various groups in the Lismore district are undergoing a course of lectures on each Sunday to continue for 7 Sundays in the Military Post Lismore. The lectures which are delivered by N.C.O. and Officers start at 11 a.m. and finish at 7 p.m. These lectures are personally supervised by Command. Hatpin O.C. Voughal Barracks.

LISMORE NOTES

LISMORE BOY SCOUTS.

On Sunday last the Scouts arranged a trip to the Mountain "Gap." Each Scout brought his own rations, as they were to "grub" on the march. The scouts about 20 strong "fell in" at the Christian Brothers Schools at about 11.30 and started on their way. All the boys were in the best of spirits and fell to with a will when a halt was called for lunch at the mountain "Barrack" at 2 o'clock, which when over they continued on their way, and on reaching the "Gap," spent a considerable time sight seeing etc. They returned home about 7 p.m. tired but happy.

The Group was under Mr. P. Walsh, A.S.M. and one could not fail to notice a large number of new faces in the troop.

JUNIOR HURLING AT LISMORE.

The Championships are on, and next Sunday 30th March at 3 p.m. Lismore Junior Hurlers will start off against Tallow in the Gaelic Field Lismore. This match should indeed prove a "battle Royal" Tallow has had some senior players regraded and we believe they have a very strong team and are confident of winning the Junior County Championship this year.

Lismore on the other hand have a young team in fact very young, and judging from their display against the seniors on last Sunday they are very well balanced, and have plenty of speed and good judgment, and of course the home ground. I think with everything taken into account Lismore have a slight advantage, and will
