Dungarvan Parish Council.

At a meeting of the above, held at the Town Hall on Monday night, Very Rev. T. Canon O'Brien, P.P., V.F., presided.

On last Sunday Military N.C.O.s under Capt. M. Sheehan and Lieut. C. O'Shea, Military Barracks, Youghal, again attended at the Vocational Schools, Dungarvan, in another of the series of Sunday instruction of L.D.F. Officers and N.C.O.s throughout the Dungarvan District Command area.

Next Sunday will be the last day of this special course and it speaks volumes indeed for the spirit of our troops that they turned out so well each Sunday despite a lot of personal sacrifice of time and pleasure so that their training would be first class for their country's service.

Last Sunday, too, saw a keen contest between representatives of Dungarvan, Tramore, and Lismore Districts for the title of County Champion in the .22 rifle competition.

Mr. Frank Foley, who was one of the Tramore District representatives, carried off the title with a score of 91 out of a possible 100, and his magnificent performance brought the hearty congratulations and admiration of all his opponents.

It was also decided that the Secretary ascertain if farmers owning bog lands intend to cut turf, and if a surplus of turf arises, if they are prepared to sell same at reasonable price.

The Hon. Secretary was directed to interview Mr. E. Maher, manager, Co-operative Creamery, and arrange for milk to be supplied at 1/6 per gallon. If agreeable to the Co-operative Creamery, a list of persons to be supplied with milk to be given to Mr. Maher.

It was also decided that the Secretary ascertain if farmers owning bog lands intend to cut turf, and if a surplus of turf arises, if they are prepared to sell same at reasonable price.

At the meeting of the County Council held on the 29th April, 1941, Mr. Commissioner Moynihan stated that the time was drawing to a close which may decide whether people in this country are to live or die of hunger in the coming year.

The County Surveyor will supply to any person applying to him with full information as to the turf banks available. He has full authority to take over compulsorily any bog which he considers is not being properly used and to let same to persons willing to cut turf.

SENIOR FOOTBALL CHAMPIONSHIP.

Stradbally's Brilliant Start.

Stradbally, 4-6; Kilrossanty-Pike, 0-5. Stradbally met Kilrossanty-Pike in the first round of the Waterford County senior football championship, on Sunday last at the Gaelic Field, Dungarvan. The game did not at any point reach the high standard anticipated.

The Kilrossanty-Pike team won the toss and elected to play with a strong wind in their favour. The game opened with Daly in possession and the Stradbally backs were soon under pressure, but Power, O'Meara, Veale and Co. proved equal to the occasion.

Kilrossanty-Pike resumed with a number of positional changes. With Stradbally on the offensive the Comeragh men fought like trojans and for 20 minutes of the half hour held a Stradbally crack forward line at bay.

Junior Football Championship at Touraneena.

Nire, 2-4; Dungarvan, 2-1. On Sunday last, at Touraneena, the Nire defeated Dungarvan in a keenly contested junior football contest.

CORRESPONDENCE.

To the Editor, "Dungarvan Observer." (A copy of this letter was sent to each of the undermentioned officials)—J. F. Wrenne, Esq., Secretary, Cork Co. Council, Court House, Cork; S. J. Moynihan, Esq., Commissioner, Waterford County Council, Dungarvan; John Moran, Esq., B.E., County Surveyor, Court House, Dungarvan; J. H. O'Sullivan, Esq., Secretary, Waterford County Council, Dungarvan; Denis Flynn, Esq., Surveyor, Middleton, Co. Cork; Nicholas O'Callaghan, Esq., C.E., Strand, Youghal; M. H. Walsh, P.C., Town Clerk, Urban District Council, Youghal.

Dear Sir,—Acting as Hon. Treasurer of the Youghal Parish Council, I beg to advise you, we have been considering the fuel situation, especially as it will affect the poor of Youghal and district, in the coming autumn and winter.

We have been taking into account the question of the supply of turf, which commodity has not been worked in this district for very many years. It is possible that small quantities may be got from Ballyvergan Bog near Youghal, but the place is very lowlying, and anything got from it can only be won with difficulty, unless a major scheme of drainage is undertaken.

I respectfully beg to draw your attention to the possibilities of winning a considerable quantity of turf from this area. It would seem to be about equally in the jurisdiction of the Counties Cork and Waterford. There will be no difficulty in getting the turf on to the side of the Tallow Road, over good hard ground.

WEST WATERFORD NEWS

THE CLASHMORE MATCH. ARMORE 2-1; AGLISH 1-1. Following a closely contested game Ardmore defeated Aglish in the initial round of the J.F. Championship at Clashmore on Sunday last. The victors meet the winners of the Clashmore-Villierstown tie in the group final. Last Sunday's game was not of a very high standard, due no doubt to the fact that neither team was yet able to get on any intensive training. As we have previously mentioned in these columns it is difficult for teams in rural areas to devote any time to training until the middle of May or so. This, undoubtedly, detracts from the standard of play in the matches before that arrangement perfect for last Sunday's game and an expression of thanks is due to Mr. McGrath, who so kindly gave the use of a field for the day.

The play. Ardmore playing with the wind, attacked the throw-in, but a sound defence beat off the attack and play neared the other end. Following repeated attacks Ardmore sent wide and a period of fairly even play ensued. Both teams had "wides" and resuming the offensive Ardmore quickly supplemented with a point. Individual players on both teams continued to give good displays but the game was scappy in patches. There was no further scores before the interval when the position was Ardmore 1-1, Aglish nil.

On the resumption both teams infused more life into the play and the standard of play increased somewhat. Aglish attacked but sent wide. Play returned and in a lightning burst Ardmore finished the net to gain a substantial lead. Play continued to be lively and Aglish continued to play with more confidence and understanding. Keenly contested for the Aglish combination raised the white flag and thus encouraged combined well to score a major, thereby reducing their opponents lead considerably. Enthusiasm was now very high and play became rather equalised but had to contend hard for the defence and full time came shortly after twelve leaving the final scores-Ardmore 2-1, Aglish 1-1.

Ardmore-R. Troy (captain), M. Ryan (goal), P. Flynn, P. Power, T. McGrath, P. Hourigan, J. Hourigan, M. Mansfield, M. Butler, J. Leahy, J. Keavars, P. Mulcahy, M. Keane, J. O'Hagan, J. Hogan, J. Aglish (goal), M. Treacy, T. Beston, J. Meskal, Jas. Meskal, J. Hally, J. Flynn, M. Power, J. Morrissey, B. Moloney, T. Meskal, P. Feeney, J. Leahy, J. Colter. Mr. T. Morrissey, Villierstown, F. C., was a capable and impartial referee. CLASHMORE v. VILLIERSTOWN. The meeting of these old rivals in the initial round of the current year's J.F. Championship is sure to provide a splendid game in which issue is very open. The personal of both teams will be somewhat different to that of last year, but the new comers on each team can be relied on to give a good account of themselves. Neither team has had much training yet, but during the next fortnight this important matter will, no doubt, receive more attention as practice is most necessary if victory is to be achieved. A review of the teams and their prospects will appear in these columns later.

SPECIAL COURSE FOR L.D.F. OFFICERS. On Sunday next the special course of training for the officers and N.C.O.s of Ardmore, Clashmore and Youghal and East Cork units will be resumed. The Military Barracks, Youghal. All concerned are requested to attend. KINSALEBEG J.E. IN THE CHAMPIONSHIP. On Sunday next at Villierstown the Kinsalebeg fifteen line out against Cappoquin in the first round of the J.F. Championship. It is assured that these two very well trained combinations while not underrating the record of the Cappoquin team the Kinsalebeg men can be relied upon to give a splendid account of themselves. For the past few years they have given first rate displays and are a tough obstacle for the very best. A Kinsalebeg victory would be a great encouragement to the game of hurling in the district.

MANUAL CLASSES. The very successful manual classes which have been in progress in Clashmore and Kinsalebeg for the past few months, concluded recently. There was a satisfactory attendance at both centres and the students turned out many useful articles such as household furniture, etc. The Dearly beloved, I earnestly exhort you to fall in with the wishes of the Pope and the Bishops, to redouble your efforts for peace during May, and especially to make Sunday, the 11th inst., a day of real atonement and intercession. As you know, it had been intended to hold a Eucharistic Congress in Waterford this year, and part of your spiritual preparation for it was to be a crusade of prayer for peace. Unfortunately, owing to transport and other difficulties, the Congress had to be postponed, but the crusade of prayer for peace is still possible. Engage in it wholeheartedly, and you will be fulfilling the expressed desire of our Holy Father, Pope Pius XII. I remain, yours very faithfully in Christ, JEREMIAH KINANE. Bishop of Waterford and Lismore.

CAPPOQUIN NOTES

G.A.A. MATCHES AT CAPPOQUIN. Two interesting challenge matches were played in the local Gaelic Field on Sunday last in the presence of a good attendance of spectators.

In M.H. Cappoquin lined out against Crowhill (Mellera) in the J.H. challenge, but the game did not come up to expectations, being very one sided particularly in the concluding stages. The final scores were 9-2 to 3-1 in favour of Cappoquin. The game was efficiently refereed by Mr. E. Brady.

CAPPOQUIN v KINSALEBEG-AGLISH. On Sunday next, at Villierstown, Cappoquin J. H. meet Kinsalebeg-Aglish in the initial round of the current year's championship and a thrilling struggle is assured.

Both teams will be at their best, determined to leave nothing undone to attain victory. While some regard the issue as fairly open there is little doubt that Cappoquin, if they reproduce last season's form, should win comfortably. Each man on the team has plenty of experience and it was only sheer bad luck that prevented the locals from going far in the championship last season, they were beaten by Lismore who went on to win the county title in convincing style.

Kinsalebeg-Aglish on the other hand are a strong, rugged team with plenty of determination and are likely to provide tough opposition next Sunday. So far this year they have had little opportunity to train and this may prove a handicap in the concluding stages of the game. Individual players on the Kinsalebeg team can hold their own with any in the Division.

Whoever will win a good game is assured and granted propitious weather conditions a good attendance is expected at the popular Villierstown venue situated in beautiful surroundings overlooking the Blackwater.

A PECULIAR ACCIDENT. On Monday last a most peculiar accident occurred near Cappoquin when Mr. Thomas Kennedy, an employee of the Cappoquin Estate Co., received serious injuries. It appears that while Kennedy was engaged ploughing, the plough struck a large stone and as a result of the impact, the handles were jerked upwards with considerable force striking him a violent blow on the head and inflicting a deep gash. He received medical attention and is progressing as well as could be expected. VOTE OF SYMPATHY.

At a specially convened meeting of the Cappoquin C.Y.M.S. a vote of sympathy was passed to the Cahill family, Mill St., Cappoquin, in their recent bereavement occasioned by the death of their father, Mr. Patrick Cahill, Treasurer of the Branch. The vote was passed in respectful silence all the members standing.

FISHING TACKLE.

Gut that is particularly fine drawn, special flies tied to pattern, hundreds of rods, baskets, reels, trout lines, sea lines, hooks, casts and baits of every description, you will find them all in exhaustive variety at Harpur Brothers. Harpurs devote a special department to the care and selection of trout flies which are all hand-tied from carefully selected materials, with the wings matched so as to be as perfect a copy as possible to the real fly. Every hook used is made from the finest steel and will stand the hottest strain. Harpurs have over two hundred varieties in stock, selling at 2/- a dozen, post free. Enclose a 2/- postal order for a dozen and give Harpurs' flies a trial.-Harpur Brothers, 48, Quay, Waterford.

classes were conducted by Mr. Thomas Murray, who proved himself a most capable and popular instructor. MOUNTSTUART L.D.F. DANCE. The Mountstuart L.D.F. intend to hold another dance in the near future. This promises to be just as successful as the recent function held at the same popular centre. All arrangements will again be in charge of S/L J. Conner, N.T.; Squad Leader T. Foley (Hon. Sec.) and the members of the local section. Full particulars will appear later.

SALMON FISHING. There was a slight improvement lately. Both in the Blackwater and along the coastal areas, conditions however, are bad at present and the season is little better than that of last year. An early improvement would be most welcome. LATE MR. JOHN BAGGE, TYNNOCK, CLASHMORE. We regret to announce the death of Mr. John Bagge, Tynnock, Clashmore. Deceased spent a number of years in the U.S.A., and fought with the American Army in the Cuban war. He was a member of a well known and popular family and his demise at a comparatively early age, has occasioned deep regret. To his bereaved family sympathy is extended.

The funeral to Clashmore cemetery was of large and representative proportions. Very Rev. Fr. Murphy, P.P. and Rev. Fr. Power, C.C. officiated. CLASHMORE PARISH COUNCIL. A special meeting of the Clashmore Parish Council will be held tonight (Friday) at 8 o'clock (old time) and all members are requested to attend. ORGANISING THE L.D.F. A public meeting for the purpose of organising a section of the L.D.F. in the area will be held in Ballycurran, Clashmore, on Wednesday night next at 8 p.m. Officers of the Force will attend and a large attendance of the general public is hoped for.

STORAGE FOR WASTE. Mr. L. Comerford, Hon. Sec. Red Cross Branch, Financial wrote requesting the use of a supper room (ground floor) of Hall for the purpose of storing paper, pending the conveyance buyers.

Mr. Dahill said he had no objection to the use of the room, should occur there would be covered by insurance. Mr. Clancy-What kind of insurance he want to store?

CLERK-WASTE. Mr. Clancy-We can instruct Clerk to see about it. If with other arrangements, it could be covered by insurance. Mr. Clancy-Do they know of any other arrangements, it could be covered by insurance. Mr. Clancy-Do they know of any other arrangements, it could be covered by insurance.

TURF PRODUCTS. The Emergency Order No. 10 to the acquisition of bogs and turfs was read.

The Clerk said that Mr. Sec. Dunbarvan Parish Council to him during the week in this matter. He (Mr. Murph) that the Council had money for the production of the Urban Area and that could be recycled afterwards (Murphy) pointed out that Council Surveyor could only for the use of the Co. Council.

Mr. Clancy thought it uneconomical seeing that the bogs anywhere near the Town Clerk-Mr. Murphy mentions Moanama.

Mr. Mansfield-There's no only scarce. Mr. Quann-I thought invested in the Co. Surveyor. Mr. Mansfield-There is a in town to produce turf and know there will be no scarce this town.

CLERK-The coal importers asked for a statement of the coal imported for the last figures were given to the B. Mr. Mansfield-I doubt if it economic proposition for the produce turf.

CLERK-We have no funds anyway. Mr. Clancy-I don't know any good bogs near the think there are, and for don't think it would be economic. I think the County, proper body to deal with it. And, besides, we have the County Council have men all over the county to men to go outside, to go to instances.

Chairman-They'd go it while. Mr. Clancy-I think the are the proper body, they ment and the men and the Here Mr. Byrne protested mark of Mr. Clancy, who was trying to cut out turf. Mr. Clancy-I am not. T interpretation, Mr. Byrne is to provide fuel for the remark about cutting out man.

Mr. Byrne-I stick to what Mr. Clancy-You are mis interpretation on what I said has men all over the County no turf bogs adjacent to this Mr. Byrne-There is one Mr. Clancy-They are understand there are 100 there. We have no turf any

DUNGARVAN URBAN COUNCIL

Mr. T. McCarthy presided at the weekly meeting of the Dungarvan Urban Council. Also present—Messrs. D. Foley, P. Quann, M. Clancy, J. Dahill, P. Byrne, M. Connors, Jas. Mansfield, Senator J. Butler.

A pay sheet of £21 4s. 2d. was passed.

STORAGE FOR WASTE PAPER.

Mr. L. Comerford, Hon. Sec. Dungarvan Red Cross Branch Financial Committee, wrote requesting the use of the former supper room (ground floor) of the Town Hall for the purpose of storing waste paper, pending the conveying of same to buyers.

Mr. Dahill said he had no objection to giving the accommodation, but if a fire should occur there would the Council be covered by insurance.

Mr. Clancy—What kind of material does he want to store?
Clerk—Waste.

Mr. Clancy—We can instruct the Town Clerk to see about it. If it interferes with other arrangements, it can't be given.

Mr. Clancy—Do they know that?
Clerk—Mr. Bowen has the exclusive use of that part of the Hall.

The application was referred to the Town Clerk to deal with.

TURF PRODUCTION.

The Emergency Order No. 2073, relative to the acquisition of bogs and the production of turf was read.

The Clerk said that Mr. Murphy Hon. Sec. Dungarvan Parish Council, had come to him during the week in connection with this matter. He (Mr. Murphy) thought that the Council had power to provide money for the production of turf outside the Urban Area and that the Council could be recouped afterwards. He (Mr. Murphy) pointed out that the County Council Surveyor could only provide turf for the use of the Co. Council.

Mr. Clancy thought it would be uneconomical seeing that there were no bogs anywhere near the town.

Clerk—Mr. Murphy mentioned one at Moonanman.

Mr. Mansfield—There's nothing there only scrag.

Mr. Quann—I thought all power was vested in the Co. Surveyor.

Mr. Mansfield—There is a body formed in town to produce turf and as far as I know there will be no scarcity of turf in this town.

Clerk—The coal importers in town were asked for a statement of the amount of coal imported for the last three years. The figures were given to the Board.

Mr. Mansfield—I doubt it would be an economic proposition for the Council to produce turf.

Clerk—We have no funds at the moment anyway.

Mr. Clancy—I don't know if there are any good bogs near the town. I don't think there are, and for that reason I don't think it would be economical to produce it. I think the County Council is the proper body to deal with it. We can't do it. And, besides, we haven't the money.

The County Council have gangers and men all over the county. We couldn't get men to go outside, to go to Leamybrien, for instance.

Chairman—They'd go, if it was worth while.

Mr. Clancy—I think the County Council are the proper body, they have the equipment and the men and the organisation.

Here Mr. Byrne protested against a remark of Mr. Clancy, who, Mr. Byrne said, was trying to cut out town men.

Mr. Clancy—I am not. That is a wrong interpretation. Mr. Byrne. Our difficulty is to provide fuel for the poor. I made no remark about cutting out the working man.

Mr. Byrne—I stick to what I said.

Mr. Clancy—You are putting a wrong interpretation on what I said. Mr. Bowen has men all over the County. There are no turf bogs adjacent to this town.

Mr. Byrne—There is one in Leamybrien.

Mr. Clancy—They are at work there. I understand there are 100 men working there. We have no turf around Durig-

van for miles. It would cost a lot to transport it to town.

Chairman—Couldn't we get samples of the stuff in the bogs near us. The stuff may be good for all we know.

Senator Butler—We could instruct our engineer to examine any bog within a reasonable distance of the town.

Mr. Mansfield—If Leamybrien was available we could put men to work there.

Mr. Connors—The bogs down there are small and are only fit for the local people.

Mr. Byrne—In my opinion something must be done. Coal is out of the reach of the poor. The 12s. home assistance drawn by men is now only equal to 4s. due to the increased cost of living. I think the Council should make an order to approach Mr. Dalton, Carrick-on-Suir, asking him to present to the Council the timber lying idle on the Quay. There are other people in the district, who have big woods and they could be approached and asked to give some timber.

Mr. Foley—I don't think we could expect Mr. Dalton to go as far as that. You could call him a good man and he need not do that. It is a good suggestion though.

Mr. Clancy—That timber is very good for commercial purposes. Its a pity it is not kept in the country and worked.

Clerk—I can get in touch with Mr. Bowen about the question of the turf.

Mr. Clancy—I don't know the conditions governing the financial side of it, but would a scheme be economic? How is the money to be paid back? If we produce turf, it's no use.

Mr. Quann—Timber would be a better proposition; it could be sold cheaper than turf. If we had to go 20 or 25 miles for turf, it would be very dear fuel for the people.

After further discussion the Clerk said he would get in touch with the County Surveyor about the question.

TRESPASS AT PLOTS.

Letters were read from George O'Brien, Loughmore, and Edward Fitzgerald, do, asking why they had not got plots.

The Clerk explained that all the land was filled up.

Arising from this, the Chairman said that some of the plotheolders had complained about trespass on their plots by people and animals. A stop should be put to it as it was very unfair to the plotheolders, who, after a hard day's work, saw their plots trespassed on by animals next day. Strong action should be taken against the owners of these animals.

Mr. Foley—We can't prosecute unless we get the names.

Mr. Clancy—It's moral cowardice not to give the names. Is it the Council or the plotheolders have the power to prosecute?

Clerk—My opinion is that the plotheolders have the power.

Mr. Clancy—The Clerk can get the Solicitor's opinion on it.

TOWN HALL IMPROVEMENTS.

Mr. T. C. Williams, Solicitor, wrote giving his opinion on the improvements necessary as outlined in a letter from Dr. M. O'Farrell, County M.O.H.

Chairman—I think we should apply for a dance licence as soon as possible because every boy and girl in the town are grumbling because we did not apply for a licence.

Mr. Foley—Under the circumstances will we get a licence?

Mr. Connors—It's no use in applying, I think.

Chairman—I think we should apply, and as soon as possible too.

Mr. Byrne—According to Mr. Williams, the plans may be modified.

Mr. Clancy—We couldn't do it to-night anyway; it must be dealt with by notice of motion. On the requirements of the Co. M.O.H. was based the Engineer's estimate. These improvements may be elaborate. No member is agreeable to spend £1,000 on them. I think it should be referred to the County M.O.H. and he could modify the requirements and we

could get our engineer to give an estimate and then go ahead.

Mr. Mansfield—I don't know what the County M.O.H. has to do with it. Is his recommendation necessary at all?

Mr. Clancy—Apparently he has something to do with it.

Mr. Connors—No doubt the Hall wants repairs; but is it necessary to go as far as he wants? The Engineer could plan something within reason.

Mr. Clancy—Why not get a report from our own M.O.H.?

Mr. Butler—I think the Engineer is the important man.

Mr. Clancy—Refer Mr. Williams' letter to the County M.O.H.

Mr. Dahill—it was referred to the Co. M.O.H. for his minimum requirements.

Mr. Quann—I don't think it is a suitable place for a dance hall at all, owing to its close proximity to the Friary.

Mr. Butler—Is it the duty of Municipal authorities to provide dance halls?

Mr. Quann—The floor of the town hall is not suitable for dancing. If you can't get a ground floor, you have trouble every 12 months.

Mr. Byrne—I have opposed a licence myself, but now I can see boys and girls going miles out the country to other halls and coming home at late hours. I'd like to have a licence applied for.

Mr. Connors—That won't keep them from going out.

Chairman—I think it would keep our boys and girls at home.

Mr. Clancy—Have they any other entertainment than going into dance halls?

Chairman—That's their own business.

Mr. Clancy—Young children going into halls! It's a shame!

Chairman—There are no children going there.

Mr. Clancy—The members present have expressed their views already on this. Its no use bringing it up again.

Mr. Dahill—We refused the Hall to one applicant because children under age were allowed in.

Chairman—But it did not happen since.

Mr. Clancy—Something must be done to accommodate entertainments such as play companies, opera companies, concert companies.

Mr. Connors—That's necessary outside dances.

Mr. Clancy—Some improvements must be done, but we can't do them solely for dances.

Mr. Quann—in other words, to my mind, we will be making a dance hall of the Town Hall. The Town Hall is too adjacent to the Friary; it isn't an appropriate place for dances.

Chairman—If it's a sin to have it in Friary St., it's a sin to have it anywhere else.

Mr. Quann—I didn't say it was a sin. I said it was an appropriate place for dances.

The Council finally agreed to refer the Solicitor's letter to the County M.O.H.

EMPLOYMENT SCHEMES.

The Local Government Department wrote stating that a local contribution of £190 would require to be provided from rates in the present financial year towards the cost of employment schemes to be undertaken for the additional employment in the Urban District by the aid of a grant from the Employment Schemes Vote 1941-42. The Minister was prepared to consider proposals, continued the letter for the carrying out of works of a high labour content, such as schemes for the provision of public parks, playgrounds, and other works of local amenity or suitable road schemes. Waterworks or sewerage schemes would not be accepted under this heading.

Mr. Mansfield—That means we are going to get a grant?

Clerk—Yes, but we must contribute £190.

Mr. Clancy—We have discussed schemes already. We spoke about taking the mud from the quay, and mention was made of

a play ground for the town. There is no town in Ireland that hasn't a playground except this town. It would be a good thing if there was one here, for you have children playing on the streets and smashing windows of residents.

It was agreed to refer the letter to the B.S., so that he could formulate schemes and have same ready for the next meeting.

PUBLIC LIGHTING.

The E.S.B. wrote stating that in view of the economy in Public Lighting, they were withholding authorisation so that the Council could notify them regarding the number of lamps to be discontinued for lighting.

The Town Inspector reported as requested on the Public Lighting in the town.

Mr. Dahill pointed out that the period of 6 days during the full month could also be taken into consideration.

Mr. Byrne asked what saving would be to the Council.

Clerk—I don't know.

The Town Inspector was directed to report further on the matter.

TRESPASS COMPLAINT.

Mr. M. Ryan, Mitchell Street, wrote complaining about trespass by tenants of the new houses and animals on his field, adjoining the houses and asking the Council to do something to remedy the matter.

Mr. O'Dwyer referred to a complaint by Mr. Sheridan some time ago which he said was somewhat similar. After pointing out that a wall had been built in Mr. Sheridan's case Mr. O'Dwyer asked why could not the same be done about Mr. Ryan's complaint.

Clerk—Where will we get the money?

Mr. Foley—if it is our responsibility, we can't avoid it.

Mr. Connors was of opinion that it was the Gallows Hill end that was similar to Mr. Sheridan's case, the side going up was not.

Chairman—Have we the same responsibility here as in Mr. Sheridan's case.

Clerk—I don't know.

Mr. Byrne—We have created great hardship on the tenants because they can't keep their animals out. There is no fencing there.

Mr. Butler—Mr. Ryan is not looking for a wall.

Mr. Foley—Some kind of partition should be there.

Mr. Connors—Yes, something substantial. It would be only about 50 yards.

Mr. Clancy—It would be as well to find out our liability by referring it to the Solicitor. I agree that it's a terrible annoyance to Mr. Ryan; in fact the field is almost useless to him. The question is—are we liable; and the Town Clerk says, where can we find the money. If we are liable, we must do something. It's not fair at all.

Mr. Butler—But the Solicitor can't say if we are liable unless he gets a report from the architects or our engineer.

It was agreed to refer to matter to the engineer to report.

Mr. Clancy drew the Council's attention to a practice of the tenants of the new houses, who, he said, were throwing stones and refuse from their garden on to the road, so that the whole road was "full of stones." He asked that they be collected by a horse and cart, to be employed if necessary.

The rent collector was instructed to inform the residents to keep the refuse and it would be collected.

WATER CONNECTION APPLICATION.

Mr. Jas. Foley, Kilrush, asked for permission to connect with the main for a domestic water supply.

It was granted, charge to be considered and revised after annual revision.

Arising from this, the Chairman referred to the proposed proposals to remedy the Glendine supply and asked when would a start be made about them. The Department was treating them very badly about this. If the water was not remedied soon, there would be sickness all over the town.

Mr. Foley referred to the cleaning of the Shehacrine main and said the contractor, Mr. Healy, was making a good job of it.

Mr. Clancy said it was gratifying to learn about the reports from Mr. Healy.

Mr. Walsh—He has done the Shehacrine stretch. He has the plant on the spot and it would be a pity to take it away without doing the main at Strand Side South. There is a 2 1/2 inch main there and it is about two thirds corroded. It is about 200 yards long.

It was agreed to do the work.

CINEMA LICENCE.

Messrs. Farrell and Morrissey, Solrs., on behalf of Mr. D. Crotty, Cinema proprietor, applied for a seven day licence.

Mr. Foley—Give it to him. It will make no difference any way. I propose he get it.

Mr. Dahill seconded.

Mr. Clancy—As the Chairman is absent to-night, I wonder if in the spirit of fair play you would defer it until we have a full Board. I appeal to you to do it.

Chairman—I don't think you should have asked that Mr. Clancy. It's not fair. On the last occasion, the Chairman's vote defeated it.

Mr. Clancy—We had a full Board.

Mr. Quann—I remember we adjourned it on that night.

Chairman—I adjourned the first application the same as Mr. Morrissey did the last night.

After Mr. Clancy and Mr. Quann had again asked for an adjournment Mr. Dahill asked—Have you a guarantee that there will be a full Board next week?

Chairman—If the Board is in favour of adjourning, I'll agree.

There was no proposition to that effect proposed and Mr. Clancy then moved an amendment that a six-day licence be granted.

Mr. Quann seconded.

The meeting agreed to take one vote, viz., for a seven-day or a six-day licence.

The voting resulted—For a seven-day licence : Messrs. P. O'Dwyer, M. Connors, J. Dahill, D. Foley and the Chairman (Mr. McCarthy)—5.

For a six-day licence—Messrs. P. Byrne, Jas. Mansfield, P. Quann, M. Clancy and Senator Butler—5.

As the voting resulted in a tie the Chairman gave his casting vote in favour of a seven-day licence, which was declared passed.

The licence was granted.

Mr. Clancy referred to a nuisance at Boreenawillin, which was brought to the notice of the Board of Health, but nothing had been done about it. He considered that something should be done to abate it.

The Clerk was directed to bring the matter to the notice of the County M.O.H.

EARLY SPRING.

Successful gardeners plan ahead; that is one reason why they are successful. An early spring does not catch them unprepared. They have settled beforehand the seeds, plants and bulbs that they intend to grow. They have decided the number and kind of garden tools that are required. Some garden experts have predicted an early spring, so, like good campaigners, they have purchased their simple tool needs already, and the assurance of July weather in March would not flurry them a bit. They are prepared. You, too, may need a spade, a rake, a digging fork, or a trowel. A spade saves so much work when anything more than a bucketful of earth has to be moved; a rake saves so many backaches and so many pinches that can be turned to productive work; a digging fork is indispensable, for it saves you literally from cutting away the roots of your horticultural hopes; a trowel is the inseparable companion of the digging fork and the necessary small brother of the spade. Why not get one of more of these tools now at Harpur Bros. and be prepared? Harpur has everything for the garden at all prices.—Harpur Brothers, 48, Quay, Waterford.

"Dungarvan Observer" SATURDAY, MAY 3, 1941.

The Toll of War.

The information given in the Northern Ireland House of Commons by Mr. J. C. McDermott, K.C., Minister of Public Security brought home to the Irish people in a new way the frightful results of the recent air raid on Belfast and other Northern Ireland centres. The official announcement revealed that great loss of life and wholesale destruction of property had been wrought. The thoroughness with which precautions against assaults launched from the sky have to be carried out, both in the military and civil spheres, if heavy casualties are to be evaded, is one of the numerous lessons of this initial attack on a large scale on objectives in Ireland. But while the night bombers can function well night with impunity—and every country still seems remote from obtaining an effective answer to nocturnal bombing—it is inevitable that men, women and children will suffer from the horrors of this form of warfare. We are positive that the Irish people will heartily hearken to the call of the Hierarchy and repeat with ever-greater frequency and fervour their prayers to the Omnipotent that He may be pleased to re-establish peace in the world and so save His people from further harrowing sufferings and hardships. En-passant we would remind our readers that, by direction of the Standing Committee of the Irish Hierarchy, to-morrow (Sunday) week will be observed as a day of special atonement and intercession.

WEDDING BELLS.

MR. J. P. CASHMAN AND MISS M. LYNCH.

A pretty wedding was solemnised at the Parish Church, Kilgobinet, at noon on Saturday last, when Mr. James P. Cashman, Rockfield, Cappagh, was united in matrimony with Miss M. Lynch, of Killineen, Dungarvan. The bridegroom is son of Mrs. and the late Mr. Patrick Cashman, Millstreet, Co. Cork, and the bride is only daughter of Mrs. and the late Mr. James A. Lynch, Killineen, Dungarvan. The ceremony was performed by the Very Rev. J. Roche, P.P., Kilgobinet, assisted by Rev. J. Murphy, C.C., Modeligo, in the presence of a large gathering of friends of the contracting parties. The bride, who was attended by Miss Margaret M. Shanahan, Whitestown Hojasa, Clonea, Carrick-on-Suir, was given away by her mother, and Mr. Patrick J. Lynch, Killineen, was best man.

After the ceremony a reception was given at the bride's home, and subsequently the happy couple, who were the recipients of many presents, left for a tour of the West of Ireland, where the honeymoon was spent.

Returning home from the hurling match at Midleton on Sunday, Thos. O'Shea, The Rock, Carrigrohilly, fell from his bicycle at Knockgriffin and received serious head injuries. Luckily, Dr. Jerome O'Leary, M.O.H., Walshtown Dispensary, was passing in his motor car at the time and had the man conveyed to the Midleton Cottage Hospital where several stitches were found necessary. He was detained for treatment and is progressing satisfactorily.

BABY'S COLDS

Avoid upsetting the stomach with internal "dosing". Rub this soothing ointment on throat, chest, and back at bedtime. Its poultice-and-vapour actions continue for hours while the child sleeps, break up most colds overnight.

MATCH POSTPONED.

The senior football championship match, Dungarvan v. Knockanore, billed for Lismore on Sunday next, is unavoidably postponed, due, it is stated, to the illness of a number of the Knockanore team.

DON'T FORGET—

TRYING TIMES.

Although there is an acute shortage of cycle accessories, I have been fortunate in securing a good comprehensive stock. Owing to the uncertainty of replacing same when exhausted, it is advisable to have your cycle overhauled as soon as possible. —Michael Doherty, Cycle Agent, Mitchel Street, Dungarvan. (Adv.)

MINOR HURLING AND FOOTBALL SELECTIONS.

The following players are requested to be at O'Connell Street, Dungarvan, at 5.45 p.m. on Sunday next, May 4th, to leave for minor football and hurling trials in Cappoquin.—Michael Moloney (Cushcamm), Thomas Power, James Lyons, Seamus Young (St. Augustine's), John Cullinan, R. O'Brien, T. Cahill, J. Goode, J. Harrington, Michael Houllihan, B. Moloney, M. Clancy, J. Kiely, J. Hehir, P. Stack, J. Dwyer, T. Riordan, E. N. Kirby, P. Foley, S. O'Brien (St. Augustine's), J. Butler, D. Hill, John Power (Slah gCua), N. McGrath, (St. Augustine's Seminary), P. McCarthy, do.

L.D.F. SYMPATHY.

At a meeting specially convened during the week for the purpose, votes of sympathy were passed by the Dungarvan District Staff, L.D.F., with Mr. J. Fraher, G/L Dungarvan No. 1 Group, on the death of his father, Mr. J. Fraher, Ballygurry; and with the Gough brothers, Dungarvan No. 1 Group, and family, on the recent sad death of their brother, Rev. W. Gough, Mitchel Street. During the passing of the votes of condolence all members stood to attention, and the District Adjutant was directed to convey to the bereaved families the Staff's sympathy in their bereavements. District Officers J. Mansfield, M. Shaloe, E. J. Keyes, M. Keane, D. Lynch, L. Lannigan, J. Power, and R. A. Reddy were present. DEMISE OF WELL-KNOWN TOWNSMAN.

By the death, which took place at the Hospital, Dungarvan, on Saturday last, the town has lost one of its best-known citizens, in the person of Mr. John Flynn, better known as "Long Johnny." The deceased, who had reached the four score mark, was hale and hearty up to a few hours before his death. He was taken ill on the street on Friday evening last and removed to hospital, where he expired after a few hours and after receiving the Rites of the Church, R.I.P. The remains were removed to his native Abbeyside on Monday evening, where interment was made in the presence of a very big gathering of friends. Rev. Father M. Power, C.C., officiated at the graveside, in which floral tributes were laid.

GOLF NEWS.

The annual general meeting of the Dungarvan Golf Club was held at the Court-house on April 24th, when there was large attendance of members.

Mr. S. J. Moynihan presided and in addressing the meeting referred to the very satisfactory position of the Club as reflected in the report and statement of accounts. He expressed appreciation of the very valuable work done by the Ladies' Committee in connection with catering at Socials and providing teas on Sundays and Thursdays, and by the Dance Committee and the Band in the organisation of the socials which were a source of revenue to the Club. The President also appealed to members for the early payment of subscriptions in order to facilitate the running of the Club and to prevent the unnecessary trouble and expense which would be caused by having to furnish more than one application. The following are the officers and committee elected for the coming year: President—S. J. Moynihan, re-elected; Vice-President—J. O'Dwyer; Captain—Supt. M. Walsh; Vice-Captain—J. F. Bower; Hon. Secretary—L. F. Lannigan, re-elected; Hon. Treasurer—J. A. Cartwright. Committee—Messrs. J. Lynch, P. I. Power, T. C. Williams, B. Mulcahy, Dr. M. K. Cusack, N. C. Egan, J. Lannigan, T. Maher, F. Ryan, J. Bulfin. It was decided to hold a dance on Sunday night, May 4th from 8 to 12 at the Club-house.

ALLEGED LARCENY OF BICYCLES.

On Tuesday evening last, Guards Begley and McGowan, while on duty in the Clonckrairie area, took into custody two young men named John Keane and James Keane, both of Tralee, Co. Kerry, on suspicion of being concerned in the larceny of a bicycle in Waterford city. The arrested men were conveyed to the Dungarvan Garda Barracks, where later on Tuesday night they were taken over by Garda from Waterford city and conveyed there for trial. Later both were remanded in custody charged with the larceny of a gent's bicycle value £7 10s, the property of Jos. Murphy, Aghlish, Mooncoin.

ST. JOSEPH'S YOUNG PRIESTS' SOCIETY

(Garda Siochana Branch).

A copy of the 15th annual report and balance sheet of the St. Joseph's Young Priests' Society (Garda Siochana Branch) to hand shows the amount subscribed from the various garda divisions for the twelve months ending 31st December, 1940, at £342 17s. 9d. The commitments of the branch in respect of the current school year include responsibility for the secondary education of 20 boys. These boys were distributed as follows: Blackrock College 10, Rockwell College 2, Munget, Apostolic School 4, Wilton College 2, Kilmurray College 1, while three other boys are retained (pending their adoption at a later stage) at secondary schools for the current year, as a partial charge on branch funds. The auditor in his report deals with the increasing number of students for adoption by the branch, and appeals to the divisions for a greater measure of support than hitherto. He also stated that if the existence of the garda branch and its objects and responsibilities were more widely known, numbers of the Catholic public would be anxious to co-operate in its work.

With this view we are in thorough agreement, and we feel sure that if the objects of the branch—the preparation of young boys for the priesthood—became widely known, the Catholic public will help the branch in this very laudable work.

MAY SUNDAY IN KILLEAGH

Oh! come to lovely Killeagh on next Sunday afternoon, when the blossoms all are blooming and the songsters are in tune!

When there's life and mirth and gladness in the woodland of Glenbower, Sure 'twould drive away all sadness—just one pleasant, peaceful hour.

Oh! come to lovely Killeagh when the azure's in the sky, When the summer is returning and the clouds go drifting by: When the perfumes sweet are wafted on the warm, gentle breeze, And the daffodils are dancing on the plain beneath the trees.

Oh! come up to the dancers' bridge and lightly trip the floor, Where you'll see more fun and banter than you've ever seen before: With the lads, and lasses dancing and their laughter ringing out, And wild echoes o'er the valley flinging back each joyful shout.

Oh! come to lovely Killeagh, when there's music everywhere, When the mellow breath of Maytime with its fragrance fills the air; When the emerald fields are gleaming 'neath the bright sun's golden ray, And the bright Hawthorne blossoms fall in showers all along the way.

So come to lovely Killeagh on next Sunday without fail, Where no screaming air-raid warnings e'er disturb the quiet vale, Where there's sunshine and there's shadow and the lark in all his power Is a-warbling o'er the meadow by the woodland of Glenbower. EDMOND FOLEY, Knockmonlea, Youghal, Co. Cork.

EAST CORK JOTTINGS

A GREAT GAEL.

Every man in a public administrative capacity who is worth his salt has his critics, and Mr. Eamonn Fleming, East Cork's divisional G.A.A. secretary, is no exception to the general rule. For practically half a century Eamonn has toiled unceasingly to advance Irish culture and promote and foster the games and pastimes of ancient Ireland, his able remuneration being the successful fruition of his efforts and the consciousness of work well done. A native of Cloyne, being born beneath the shadows of the round tower, he became secretary of the Young Men's Society while yet a mere boy and at a period when the society's finances were in anything but a flourishing condition. Even in the days of young Fleming gave evidence of that grit, determination and energy which have become his chief characteristics in later years. Due entirely to the devotion of its spiritual directors and the enthusiastic assistance of Eamonn Fleming and his associates, that period of depression passed and financial stability was established. It was, however, in the reorganisation of the G.A.A. that the genius of young Fleming specially manifested itself, and the successful working of a new club and tournament in East Cork bears evidence of his handiwork and of his fostering care. As a token of their appreciation of his work for the movement the Cork County Board has conferred on him the rank of honorary vice-president of the association of the county. As secretary to the East Cork Divisional Committee it would be hard to overestimate the value of his services, and the flourishing condition of the movement is a striking tribute to his work. Up to quite recently, while residing at Midleton, he was quite convenient to the meetings—which are usually held at the Town Hall—but since taking up his abode at Youghal, things have become more difficult, and Mr. Fleming is no longer twenty-one. Midleton is approximately 18 miles from Youghal, and many a younger man would be daunted at the idea of cycling there and back to divisional meetings, especially when the return journey has often to be made in the small hours of a bad morning. Considering of this kind, however, have never weighed with Mr. Fleming, and he is always at his post when a meeting opens. Even though he has never grumbled, it is hardly fair that this state of affairs should be allowed to continue. Consideration is shown to men in every movement whose work is relatively of far less importance, and East Cork's divisional secretary should not, at his age, be allowed to cycle close on forty miles—generally at night—in order to attend to and conduct the business of various meetings. By everybody who has seen him in action it is acknowledged that he has gifts of administrative capacity far beyond the ordinary, and he is above everything a "fact merchant." Rumours and gossip find no favour with Eamonn, and the man who goes to him with fanciful, highly-coloured tales, detrimental to club or team, gets very short shrift. This is one of the secrets of his success. For statements or complaints made, authority must be quoted, and the party involved given an opportunity for contradiction or defence. Failure to observe this very essential principle as everybody knows, always leads to confusion and gives opportunities for many undesirable things to happen which often bring disaster in their train.

MAY SUNDAY CELEBRATIONS.

Inter-County Hurling Match at Killeagh.

As already announced in connection with the May Sunday celebrations at Killeagh, the local hurling club are staging an important inter-county hurling match, the teams concerned being Tallow (Waterford) and Imokilly (Cork). This will no doubt prove a most attractive fixture and will add very considerably to the entertainment which May Sunday festivities at Killeagh and Glenbower never fail to provide. Everybody knows the prowess of the Tallow team; their skill as capable wielders of the caman has been demonstrated so often that comment of any kind here would border on superfluity. It is, however, permissible to state that they are at the top of their form at present, and that so seriously have they taken this particular match that they have undergone a special course of training in preparation for it, and are quite confident of their ability to bring back to Brideide the laurels of victory. Imokilly, as everybody is aware, is an East Cork selection, drawn exclusively from the junior teams of the division and comprised of players who have been extremely well trained and have given very brilliant service to their clubs and to the Association. This is their first match together as a team, and by their display on Sunday will be securing of their places permanently on the team as a senior divisional unit be determined. The selection committee will be present on the sideline, and the final selection will subsequently be made. As a curtain-raiser to the big match, the minors of Cloyne and Moyle will cross camans, and this in itself will be well worth seeing, for both teams are evenly matched and experts in ball control. The Tallow Pipers' Band will accompany the Waterford team and will play at intervals during the match.

O'Mahony, C. Sexton, J. O'Connor, W. McSweeney, Tom Neville, P. Draddy. Reports from headquarters regarding organisation gave rise to considerable discussion, and it was agreed to accept new members during the next few weeks, after which the lists will definitely be closed. A series of meetings, at which lectures and instructions regarding different phases of training in freighting, observation, communications, etc., will be given, were arranged for. Sergeant Eddie said he would undertake to have instructors present on these occasions. He would like, he said, to compliment the members of that group on their efficiency, and said their enthusiasm was very heartening. Mr. O'Callaghan said anything they had achieved in the way of efficiency was due entirely to Sergeant Eddie, who had taken very considerable pains and had inconvenienced himself very much on their account.

IRISH RED CROSS.

Arrangements are being made to have a unit of the Red Cross established in the Inch district. There is every likelihood that a very good branch will eventuate, as there is plenty of material on which to work, so the sooner a start is made the better.

DRAMATIC ENTERTAINMENT AT MOUNT UNIACKE HALL.

A very successful entertainment was given by the Mount Uniacke Dramatic Society at the local hall on last Sunday night. The programme was a very enjoyable one, being made up of a one-act comedy in two scenes, a two-part concert, for which really good talent was much in evidence, and a very amusing farce. The various artists got through their parts very efficiently, and the management are to be congratulated on the good and efficient performance of all concerned. The hall was packed to capacity, and everybody was pleased with the night's entertainment.

FOUND DROWNED IN THE BLACKWATER

Inquest at Fermoy.

A verdict of found drowned was returned by Coronet E. A. Rice, Solr. at an inquest held at Fermoy on Saturday evening on Patrick Ryan, a native of the Kilmurphy district, unmarried, aged about 85 years, whose body was taken from the river Blackwater at the Boathouse Fermoy at about noon on the same day. The deceased had spent many years at the Imperial Hotel, Fermoy. He was a quite inoffensive man and was held in great respect by all who knew him.

Co. Waterford Vocational Education Committee.

Very Rev. Canon O'Brien, P.P., V.P., presided at a meeting of the above on Tuesday evening last. Also present were: Messrs. S. J. Moynihan, Commissioner; M. H. O'Hara, Liam O'Meehan, and S. O'Leagain, C.E.O.

SUBSTITUTES FOR WHEATEN FLOUR.
A circular was read from the Department of Education re the use of substitutes for wheat flour, suggesting that special lectures be organised and leaflets be prepared for distribution.

The C.E.O. said the staff gave lectures such as these last Autumn.

Commissioner—One of the most important essentials is to teach people to cook food with turf. It would be as well for the Committee to get turf here. These are things that should receive consideration now. An open grate is the best for the use of turf. The turf I hope has come to stay instead of foreign coal.

C.E.O.—It's doubtful if turf in normal circumstances could compete with coal. Commissioners—It costs more to bring a ton of turf 30 to 40 miles in this country than coal from England to Australia. Even machine-won turf is not economic whether economic or not we'll have to use it. The Co. Surveyor can be told what amount is needed and he will make supplies available for the different centres.

Chairman—An open fire is what most of the girls are used to in their homes.

The C.E.O. said the range could be converted into an open fire.

It was finally decided to get in turf and get the instructors to use it, but it was decided to postpone the lectures suggested by the Department until the end of June and July when the vegetables would be in the garden.

ANNUAL CONGRESS.
Very Rev. Canon O'Brien, Chairman, and Messrs. M. H. O'Hara and W. Meenan were delegated to attend the Annual Congress of the Irish Technical Education Association to be held at Dublin in June.

An Fear Mor was nominated to the Standing Council.

SUBSCRIPTION RATES.
The Committee approved of the revision of Subscription Rates to the Association as previously notified.

LEITRIM RESOLUTION.
A resolution forwarded by the Co. Leitrim Vocational Education Committee concerning tuition in agriculture in rural National Schools was adopted.

Commissioner—We should encourage it.

RED CROSS SOCIETY AND L.S.F.

THANK COMMITTEE.
Misses O'Flynn and Bell, hon. sec. of the Dungarvan and Cappoquin Red Cross Societies respectively and Mr. J. J. Tobin L.S.F. G/L, wrote thanking the Committee for the use of the Technical Schools.

SUPERINTENDENTS APPOINTED.
With regard to the Superintendent for the Gaeltacht Scholarship Scheme it was unanimously decided to ask Messrs. M. O'Connell and M. O'Conchubhair to act.

ARDMORE

We are glad to say that Fr. Walsh, C.C., continues to make good progress towards recovery in his serious illness. We all hope and pray that it will not be long before he is well and about again.

A new and interesting visitor to Ardmore last week was Captain Herbert, Skipper of S.S. "Wild Rose". Some weeks earlier our keen-eyed Coast Watchers saw a boat floating, empty, some distance off Nam Head. A dinghy was rowed out, the craft secured and rowed home. It proved to be a life-boat from the "Wild Rose", cast adrift when the ship was abandoned off the Tuscar Head.

Fortunately, the ship was not sunk, but towed with all her crew safe to Rosslare Harbour. Eventually the discovery of the life-boat, having been reported in due course, was made known to Captain Herbert and he set off to Ardmore to identify the boat. Captain Herbert expressed himself as charmed with Ardmore and his reception there; his appreciation of the keenness of the coast-watchers and his hope that they would be suitably rewarded in due course.

A little bird has whispered to us that "Maestro" Mick Delahunty with his Band will be playing in Ardmore during the present month. Further particulars will be announced later but, in the meantime lovers of dancing will be delighted with this news.

Salmon fishing has had a bad fortnight. The prevailing East wind has proved fatal to the hope of catches. We hope, however, for the sake of these men, who have no reward whatever for the cold and miserable hours spent in their boats, that the luck will soon change.

During the past fortnight, Ardmore has been entertained by Wm. Costello and his company of "Bohemian Players". The merit of their performances drew large audiences and both entertainers and entertained were sorry when the visit drew to a close.

MOOREHILL NOTES

PARISH COUNCIL.
A meeting of the Kiltwatermy parish council was held at Kiltwatermy School on Sunday evening. Mr. J. J. Roche, Chairman, presided. Mr. D. Cody, Hon Sec. was also present. The attendance of members was on the small side but some important matters, re fuel, etc., were discussed. It is certainly very surprising that a more lively interest is not taken in the organisation by the farming community, after all if there never was danger of an emergency, a parish council is something that should be encouraged by all sections in the parish, so a special appeal is made to all the young men to help the organisation, come to the meetings, give their views, let the council members discuss them, and they will be helping a good cause.

RED CROSS.
We offer our sincere congratulations to Miss Kitty Dunne and Miss Mary Morrison, of this parish, on having successfully passed the Red Cross examination, held recently. On Wednesday night of last week, the First Aid Certificates were presented to them, as well as to a number of others, from the Tallow and surrounding districts. In connection with the presentation, a very happy social evening was enjoyed by all present. From this on, we're sure, all the young men will not mind getting a "bash" on the head, when there will be a pretty girl to fix it up.

MOOREHILL DEFEAT BALLYDUFF.
At the Tallow venue on Sunday last, Moorehill defeated Ballyduff in the first round of the West Waterford junior hurling championship, after a very close and hard fought game. The local Gaels had the pitch in excellent order, the attendance was good and the weather though cold was favourable. Both teams were on the field in good time, and in a short while the free had everything in order. Moorehill won the toss and decided to play with the wind. Soon the game became exciting with Moorehill pressing. Play was transferred to centre field, for Ballyduff to send well in and open the scoring with a point. The delivery saw play transferred to the other end for Baldwin to send wide. Following the puck out Murray went down injured but resumed. Some very close play followed with Moorehill attacking, and Murray placed Neville for a goal. Donovan returned the puck out and Murphy drove over the bar. Some very hard clashes took place at centre field. Flynn sent Ballyduff attacking but Pearse dergast cleared time after time. Play went to centre field and Sonny Murray sent a long drive to the net. Play became very fast as Ballyduff invaded but Ahearn, Hogan and Mills were very sound defenders, and cleared time and again. Following a melee in front of the goal, a player from each side went to the line, but Pearse gave rise to some very fine bouts of hurling and Pearse and Daly cleared for Ballyduff. Flynn and Daly sent them attacking and despite a great defence Moorehill had to concede a goal to bring the teams level. The Ballyduff goalie made a very fine save in the next raid, and a long clearance saw Ballyduff take the lead by a point. Ash clashed on ash as Moorehill strove for the equaliser, which came per Baldwin, and the teams were level again. It was now the Moorehill backline was seen to advantage. Ahearn delivered to Morrison, who sent to centre field where J. Murray was fouled in possession. Moorehill had a point off the ensuing free. Following the puck out Ballyduff went all out for a goal, and a free from a good position was sent wide. The puck out reached centre field and Moorehill went on to attack when Neville put Murphy through for a goal. Ballyduff went all out to pull the game out of the fire, but had to be content with an over. Following the puck out the last whistle left the score: Moorehill, 3-4; Ballyduff, 2-3.

Mr. J. Hartigan, Tallow, was a capable referee.

Moorehill—M. Ahearn (Capt.), J. Prondergast, F. Murray, J. Baldwin, P. Allen, M. Murray, T. Donovan, G. Mills, P. Hogan, J. Donovan, J. Ryan, G. Morrison, J. Murray, C. Murphy, W. Neville. Ballyduff—P. Flynn (Capt.), M. Coleman, M. Pearse, C. Daly, C. O'Brien, P. Feeney, J. Daly, J. Hannon, W. Daly, W. Murphy, T. Farrell, W. Farrell, W. Devine, J. Devine, M. Becher.

CATTLE SLAUGHTERED. The Secretary submitted an account amounting to £35 5s. for cattle slaughtered under the Bovine Tuberculosis Act for the past quarter.

APPROVAL AND CANCELLATION. Correspondence read by the Secretary, under date of February, showed the Department's approval of the appointment by the Committee of Inspectors under the Warble Fly (Treatment of Cattle) orders.

Further correspondence was read from the Department stating that cattle owners are required under the Order to dress their cattle even though the Inspectors will not call on them.

The Secretary explaining that he had a quantity of handbills printed before the cancellation order was made and asked the committee for a direction as to their disposal. An order was made that the handbills be sent to the schools of the county with a request to the Teachers to distribute same.

SHEEP DIPPING SCHEME 1941. The Secretary submitted the Scheme for compulsory dipping of all sheep in the county under supervision for the Dipping Period 1941.

AN EARLIER START WITH DIPPING. Mr. Hynes, V.S. suggested that the Committee ask the Department to allow dipping commence on July 1st, so that the double dipping would be completed before the start of the harvest. The harvest this year, continued Mr. Hynes, is of paramount importance to the nation. Many of the prosecutions for failure to comply with the order last year, were caused by the fact that farmers were at the time in the middle of harvesting operations.

The following resolution on the subject was then proposed by Mr. Fynn, seconded by Mr. Sheridan, and passed unanimously: "That, in view of the extra amount of harvest to be carried out this season, the Department of Agriculture be asked to

SMILE.

The visitor was looking around the settlement in Mexico. "What's this big log-cabin here?" He asked a local man. "That's our Club!" was the reply. "We got a new treasurer as the last one was a swindler!" "So you sacked him?" said the visitor. "Waal," drawled the local man, pointing to a tree, "No—We suspended him!"

seriously consider the question of having the Sheep Dipping Order, 1937, amended so that the Dipping Period should start on the 1st July instead of the 1st August. We are of opinion that if dipping started early in July the compulsory Double Dipping would be completed before general harvesting operations begin, and would obviate any interference with the saving of this year's cereal crops which is of such paramount importance to the Nation.

"That copies of this Resolution be sent to the Department of Agriculture and to the T.D.s for County of Waterford. Quotations for the laying down of four concrete floors in dipping pens in the Youghal No. 2 area were received from Wm. Costin £14 and Pk. Barry £4 10s. each.

PROSECUTION OF DEFAULTERS. The Committee's Solicitor (Mr. M. M. Hally) wrote enclosing a list of the prosecutions against Sheep Dipping defaulters in respect of the 1940 dipping period and the judgement recorded in each case.

SUSPECTED FOOT AND MOUTH CASES. Reports were read from the various Veterinary Inspectors, dealing with cases reported of suspected Foot and Mouth Disease, which in all cases were found to be due to other causes. The Chairman said it is good to see that anything suspicious was reported at once.

THE OLD MOUNTAINEER

I met him at the crossroads, on a lonely mountain side. His youth had long since vanished, yet nimble was his stride; And though Time indeed had left his stamp upon that manly face, His aged eyes still glittered with the pride of an ancient race.

I watched and felt his searching glance as I bade the time of day. A glance that seemed to penetrate whatever came its way; But a smile lit up his features as his lips began to part.

And I felt those words of welcome as a greeting from his heart. We sat and talked of things that are, and things that used to be; We talked of places here and there, at home and o'er the sea.

Of a world that lost its bearings in a gale of lightning shocks, And now drifting to destruction like a ship on hidden rocks.

He paused awhile, then raised his eyes, and slowly fixed his gaze As if drawing inspiration from the dreamy, distant haze;

Back to the hidden depths of Time his thoughts had forced their way, And I listened there in silence to the words he had to say:

"I often pause and ponder when the shades are drawing nigh, And my mind begins to wander back to the days now long gone by;

I long to live amid the scenes and friends I used to know, For I'm but a lonely relic of that world of long ago.

"That world was not a heaven: there were ups and downs in life; Its people's faults were many and sometimes there was strife; Some found it hard to make ends meet and slaved through life, 'tis true, While the products of their honest toil went to enrich the few.

"Yet they went their way contented and never craved for more, But with truly Christian patience their lot they calmly bore; They entertained each other in a way now deemed uncouth, But they paid no painted parasites to prey upon the youth.

"They had their armed forces for defence or for attack, But they did not strike at empty hands that could not strike them back; The soldier did the fighting and the others did their part, Then the dusky god of Hatred did not rule the human heart;

"But to-day we've dropped the virtues that our fathers loved of old; The springs of Right and Justice are now frozen stiff and cold;

The friendly voice of Brotherhood is hushed into a sigh, And the roaring jungle threatens as its echoes fill the sky.

"In bygone days, though mammon ruled, he seldom terrorised, But now we're in a demon's grip whose roar is idolised: A world of slaves who crave for peace, but crave, alas! in vain, For they sold their rights as freemen for the despot's cruel chain.

"And as I look around me here I see the poison spread; We've left the National trail behind for something new instead:

That something new which maddens first, and then destroys at will, While men who should not worry whether it will cure or kill.

"And kill it will, as kill it did, wherever it was tried: That something new which leaves a race bereft of manly pride; Which makes its victims rush like beasts upon their fellow-men, And the race that worships at its shrine will never rise again."

He left me with a friendly smile as the shades were drawing near, And round the turn of the road I watched him disappear, But still his voice rings in my ear like a trumpet's warning blast:

TALLOW NOTES

BLOOD TRANSFUSION SERVICE. Under the auspices of the Irish Red Cross Society, a meeting was held recently at the Carnegie Library Tallow, for the purpose of establishing a branch of the above all-important service. Very Rev. Wm. Kehoe presided. Introducing the lecturer (Dr. M. O'Farrell, M.O.H.), the Chairman said that the discourse on this all-important service, which the lecturer was about to give, merited the very earnest attention of all present, and he hoped that as a result a good number of volunteers would come forward.

Opening his address, Dr. O'Farrell said he was somewhat disappointed at the attendance, but that perhaps the short notice given possibly accounted for it. He also expressed regret that the attendance of L.S.F. and L.D.F. members wasn't quite what he hoped for, due probably to the same cause. Having explained fully in detail all the various aspects of this all-important service, and visualised what benefits accrued to suffering humanity in cases where blood transfusion was deemed necessary, and the results obtained therefrom, together with the necessity of having donors tested and registered so that should the occasion arise where the service was required locally, no delay in finding a suitable donor in the shortest possible time, would occur. He asked intending donors to come forward and fill in the registration forms, and 23 of those present came forward as volunteers. On the platform with the Rev. Chairman were Rev. Dr. Ryan Rector; Dr. J. O'Mahony, M.O.; Mr. F. T. O'Leary, N.T.; hon. sec., Red Cross (local branch).

PRESENTATION OF FIRST AID CERTIFICATES.

A very happy gathering of first aid students was present at the Carnegie Library, Tallow, Co. Waterford, recently, when first aid certificates were presented to the successful students, who numbered 23. Very Rev. Wm. Kehoe, P.P., who presided, congratulated the successful candidates. He stressed the necessity and advisability for all of them to keep up the study and practice of what they had learned, so that they may be ready to play their part in any emergency that may arise. Certificates were then presented to the following:— Miss A. Ryan, Misses P. and R. Bryan, Miss I. Coulton, Miss M. McEvoy, Miss M. McCarthy, Mrs. J. M. Beecher, Miss M. Hogan, Miss K. O'Connor, Miss E. O'Keefe, Miss E. Delaney, N.T.; Mrs. B. Walsh, N.T.; Miss C. Slattery, Miss E. Lynch, Miss M. Kelleher, Miss M. O'Neill, Miss B. Burke, Miss K. Brennock, N.T.; Miss F. Hodnett, N.T.; Miss M. Morrison, Miss K. Dunno, Mr. F. T. O'Leary, N.T.; Mr. D. Sheehan, M.P.S.I. The lecturer, Dr. J. O'Mahony, M.O., was the recipient of a handsome presentation from the members and friends of the local branch of the Red Cross Society. The pleasant function concluded with a very enjoyable tea, supplied by the lady members, after which vocal and instrumental items were contributed.

The monthly meeting of the above was held in the Courthouse, Dungarvan, on Saturday last. Mr. Thomas Flynn (Chairman) presiding, also present—Messrs. P. J. Power, P. B. Sheridan and Commissioner S. J. Moynihan.

MESSRS. J. O'DWYER, Secretary; C. Hurley, A.I.; D. O'Brien, A.I.; P. O'Shea, H.I.; and Miss M. M. Mullins, Poultry Instructress, were also in attendance. APPLICATIONS FOR SILO PLANTS. The Secretary said he had received six applications for Silo Plant grants. The Committee had already allocated £50 for this project and there was a balance of £7 making in all £57. The grant allowed by the Committee towards the construction of the silo is £5.

The meeting approved of the applications received. RESOLUTION RE SEED POTATOES. Arising out of a resolution passed at a previous meeting asking the Department to approve a scheme whereby farmers with a £40 valuation and under would receive seed potatoes at the rate of £4 per ton. A letter from the Department stated that no funds are available for such a scheme. TRANSFER OF PREMIUM BOAR. The Secretary read correspondence from the Department asking what action the Committee intended to take regarding the application of Mr. M. F. Hanaway, Ballykinsella, Tramore, who had written to the Department asking for the subsidy. The Secretary—He should have applied to the Committee for permission to transfer the premium.

Commissioner Moynihan—He may not have understood. It was decided to write asking for an explanation. PREMIUM BULLS. Further applications for Premium Bulls were read from Mr. John Connors, Furruleigh, Kilmacthomas, and Mr. John Hickey, Knockroe, Colligan. The applications were granted.

CARRICKBEG DISCUSSED.

Mr. Seamus Gardiner (Chairman) presided at the meeting of the Munster Council, delegates present were: Limerick, Messrs. W. Scanlan, Jack Leddy; Kerry: Mr. M. O'Rourke, Clare: Rev. M. Hamilton, S. Burke; Waterford, Messrs. C. Ware, M. McCabe; Cork: Messrs. Sean Murphy, J. Long; Mr. D. Lanigan, Vice-Chairman; Mr. Sean Kelly, Munster Colleges; Mr. Liam Haugh, Treasurer; Mr. Sean McCarthy, Sec.

After a prolonged discussion, it was decided to have a stand erected in the Limerick field, and that tenders be got for the building of a boundary wall, the maximum expenditure for this year not to exceed £800.

Fr. Power (Chairman, Limerick Co. Board) inquired what attitude the Council would adopt towards the holding of the Thomond Fairs hurling contests on Sunday, 4th May, having regard to the prevalence of foot and mouth disease.

The Chairman said that the question was one for the Limerick Co. Board. If Limerick did not want Clare, Cork or Tipperary to travel they would not do so. In his opinion, the cinema and dances were a greater potential danger than hurling matches.

A motion came before the meeting from the Munster Convention as to whether Carrickbeg was affiliated to Waterford or Tipperary.

Father Hamilton said that the entire dispute arose because the Munster Council was following two systems in the matter of county boundaries. There was a conflict between the ecclesiastical boundaries and the county boundaries, and, in his opinion, until the Central Council decided to adopt parish boundaries or county boundaries for G.A.A. purposes, difficulties would always arise in relation to teams such as Carrickbeg.

The Chairman said heretofore Carrickbeg was regarded as being in Co. Tipp., but Waterford now claimed that it should be included in their county. After a prolonged discussion, it was decided, on the suggestion of Father Hamilton to allow the matter to stand over for solution until next year.

It was also decided to ask the Chairman of the Central Council to appoint a small sub-committee to investigate the matter of parish and county boundaries, and to define them in an abstract way, without reference to any specific case.

FELICITATIONS.
