DUNGARVAN.

## DUNGARVAN URBAN COUNCIL

Mr. M. Morrissey, T.D., Chairman, presided at the weekly meeting of the Council and its Subsidiary on Friday last, also present were:— Messrs. Thos. McCarthy, Vice-Chairman; P. Byrne, J. Dahill, D. Foley, Jas. Mansfield and M. Connors.

**EXPENDITURE.**  
A pay-sheet for £17 7s. on the general account was presented and passed.

**CHILDREN'S MEALS.**

The following accounts in connection with the Free Meals Scheme for necessitous school going children were submitted by Mr. Walsh:—Messrs. R. A. Mery and Co.—Butter, Margerine, etc., 28 1s. 3d.; Martin Kelly—Milk, 228 16s.; Messrs. A. Moloney and Sons—Bread, coal, etc., 225 10s. 11d. Total, £62 8s. 3d. The amounts were passed for payment.

**RECOMMENDED FOR HOUSE.**

Dr. Casey, M.O.H., wrote recommending the house, No. 23 Cathal Brugha Place be given to Mrs. Flynn, who has no house and a family of four children. This house had been occupied by Johanna O'Brien, mother of Mrs. Flynn. The Council recommended the report to Mr. Walsh, Rent Collector.

**ACKNOWLEDGMENTS.**

Miss Eily Power, St. Mary's Street, wrote, thanking the Council for the resolution of sympathy passed by the Council on the death of her sister.

Similar letters were read from Mrs. M. Cunningham, Church Street, and Mr. Pk. Wall, O'Connell Street.

**REFUND.**

A letter claiming a refund of 7s. water rate in respect of period in which he had no supply was read from Mr. Mce. Curran, Kiltush.

The letter was referred to the Collector.

**BERTH AT QUAY.**

Messrs. A. Moloney and Sons wrote drawing the Council's attention to the fact that their berth at the end of the quay was not completed last year. The coming tides about the 7th June would be very suitable to have this work completed and it would only take about a week to have the work done. They would feel obliged for the Council's co-operation in the matter. They expect the arrival of some outside boats shortly, and it would facilitate them if the work could be done without delay. We need not point out that this berth is a very big asset to the Council's funds and we think we are not asking too much in having this small outlay expended on it.

Mr. Hasset reported that the ground wall of premises belonging to Messrs. M. and J. O'Mahony, in Bridge Street is in a dangerous condition, also a wall the property of Mr. P. Molloy, Callan, Co. Kilkenny is in a dangerous condition.

An order was made that notices be served on the owners.

**HOUSES UNFIT.**

Mr. Williams, solicitor, wrote returning letter dealing with 168 houses reported in the 1938 survey to be unfit for human habitation but capable of being rendered fit at a reasonable cost, and stating that the Council should serve notice under Section 19 of the Housing Act, 1931, on the persons having control of these, requiring them to carry out the work specified within 21 days. When these notices have been served, the persons in control will be entitled to a grant under the Housing (Labourers) Act.

The letter was referred to next meeting.

**CLEARANCE ORDER.**

The Council next considered the following letter from Dr. Casey, M.O.H., which stated that he had received a letter from Mr. Williams, the Council's solicitor, stating that the boundary wall of his property would be levelled to the ground, thus making a commonage. The walls are built of solid stone and mortar, having windows and door built in, and about 8 feet high. He intended to store turf inside the walls, as he has 25 men cutting same during the past three weeks. He requires storage for 400 to 500 tons of turf, and the areas concerned are suitable for this purpose. About a year ago your borough surveyor examined these walls and agreed that if they were knocked down the area would be commonage, and the proper thing to do was to have windows and doors built up. This I have carried out.

**DEMOLITION ORDERS.**

Mr. Williams also wrote stating that on the 10th inst. he notified owners of houses ordered to be demolished requiring them to complete demolition and clean and level the sites. He informed them that if this was not done before one o'clock on the

23rd, the Council would do the work and hold the owners responsible for all costs and expenses. He suggested that a survey be made and in any case where the order was not complied with, that the Council workmen do the job.

Chairman—The only thing we can do is to step in and demolish and clean the sites and charge the cost to the owners.

In the case of Dr. Casey's wall; the wall in my mind is alright provided it is rough-cast or plastered.

There is one terrible eyesore and he did not know who owns the place. It is at the rear of Merry's Store and can be seen from the Square. This should be cleared.

The letters were referred to the B.S.

**WATER.**

Mr. Hasset, B.S., wrote, enclosing a report from Mr. Healy, as result of tests carried out on the water supply system to date. He further stated that he visited the head works during the week and a rather serious matter came to his notice, viz. at certain times the filters are not able to deal with the demand and raw water

has to be turned into the town. This could be extremely dangerous.

**MR. HEALY'S REPORT.**

**RE WATER MAIN EXAMINATION.**

The following letter from Mr. Daniel M. Healy, B.E., contractor and engineer, Glendale, Wilton Road, Cork, under date 30th May, was read:—

"I have carefully examined by repeated tests the 6-inch main from Deelish, as well as some of its branches. The results of pressure tests and meter readings show that the 6-inch main has no bad leakage due to such defects as cracks or bad joints, but that its effective diameter is reduced to approximately 4 inches, which reduces its efficiency by approximately 60 per cent. When the present main is supplying 8,300 gallons per hour the pressure at the Causeway is 18 pounds per square inch. If the main were of full diameter the pressure would be somewhat greater than 100 lbs. The whole town is not being supplied at present from Deelish, as some sections are obtaining supplies from Kildangan. The consumption, which does not vary much night and day, is approximately 80 gallons per head per day at the low pressure of 18 lbs. Allowing the usual consumption of 30 gallons at about 40 lbs. it becomes clear that a large number of leaks are present, and I endeavoured to locate some of the bigger ones. The result was the discovery of eight large leaks on 1-inch services; in one case the service had 10 holes, eight of which were 1/2-inch or over, in a length of six yards. The total number of leaks in 1/2-inch services were 13, and in 1/4-inch services were 63; defective fittings were 7, and this is by no means complete, even for the small area examined. The defective fittings were mainly taps and ball-cocks, the latter not shutting off, and also leaking past defective seatings. The failure of ball-cocks to shut off caused the cistern to siphon itself empty continuously. In one case which was timed the wastage was 2 gallons per minute or 2,880 gallons per 24 hours. A number of discontinued services to houses and fountains were noted and were leaking in every case. In most of these cases no stop-cocks were found, but in one such service the stop-cock was fully open and the water from the end of the service was discharging under ground. This service was leaking badly under street level also at high pressure. It is not possible to state that in these streets the main is not leaking owing to the high percentage of leaking services, but the mains are new and there is no surface indication. Service leaks can readily discharge into the rubble sewers which are laid under the services but are not near the main.

A number of sluice valves were found leaking at the body joints and through the

glands and were not shutting down, and a number of hydrants were leaking. We cleared and packed some sluice valves in key positions and found one with seating full of lead which had run in from adjacent joint. In four cases holes were found in mains and plugged. The main bulk of the leakage is undoubtedly from services and fittings and is due to the following: (1) Piping much too tight; a large amount of 1/2-inch 3/4 pound and 4-inch piping many times repaired was noted. This indicated previously recurring leaks and could be expected from this weak pipe. The 1/2-inch pipe was most 6 week against the usual 10 pound per yard; (2) services laid too shallow, many cases 6 inches below surface; (3) slip joints used instead of wiped joints; (4) use of long lengths of 1/2-inch piping which if leaking discharge much more than 1/2-inch, the area of 1/2-inch pipe being 21 times that of 1/4-inch; (5) services no longer in use not disconnected from main; (6) old type and defective cisterns and fittings; (7) absence of ball-cocks on cattle troughs and other supply tanks; (8) use of old main in streets where new main is available; (9) use of composition gas pipe for service outside premises; (10) more than one house in one case five—supplied from one service; (11) services without stop-cocks, without stop-cock boxes and with stop-cocks buried; (12) stop-cocks of low-pressure plug type, with approximately seven different variations in use; (13) timing of automatic flushing cisterns is very fast and cisterns discharge much too often.

"I would like to state that the detection of leaks at the prevailing low pressure is almost impossible, and an increase in pressure is necessary for a full examination; and to add my appreciation of the great assistance rendered by Mr. M. Hasset, B.E., and Mr. Tom Walsh, S.S.O."

Mr. Hasset said that the Council were up against trouble, if you get a dry year. One thing the Council will have to do is to make a house to house inspection. If the services were alright, half of the water leaving the head works would supply the town. If Deelish was working at full pressure all the services in the town would have to be renewed, regarding leakage, Main Street is the biggest offender and the estimated leakage there is 3,000 gallons an hour.

Chairman—You have all heard the comprehensive report of Mr. Healy. It all seems to be a matter of leaking services and defective fittings. The main from the headworks is sound.

After some discussion an order was made asking the B.S. to submit an estimate of the cost of repairs to the services.

**TRANKS.**

A letter from Mr. C. J. Murphy thanked the Council on behalf of the Parish Council for their offer of the use of the Shambles rent free.

**CHILDREN'S SCHOOL MEALS.**

Mr. C. J. Murphy, hon. secretary, Parish Council, wrote regarding the desirability of continuing the children's school meals for the summer months. The Parish Council consider necessary to help in raising funds. It would be essential that the use of the Hall for any purpose necessary would be given to the Parish Council. Whist drives, dances, and, if feasible, boxing competitions could be arranged, and sufficient funds could be procured to help this worthy object. If this is agreeable to the members, we are at present making arrangements to carry out the above-mentioned endeavours to collect the funds required, and an early reply would be much appreciated.

Chairman—We will give them the Hall, if that's what they want.

Mr. Connors—They can't get the Hall for dances.

Mr. McCarthy—We should do something regarding sanitary arrangements for the Hall.

Replying to Mr. Mansfield, the Clerk said the scheme last winter cost more than estimated for. The Council are on the wrong side.

Mr. Byrne said it was now some months since he suggested that the Council devise some means of raising funds. He was glad someone was going to lead the way. The Council should co-operate with the Parish Council.

Mr. McCarthy—This Council raised

## SHIRTS AT HADDENS.

**TUNIC SHIRTS.**  
A lovely selection of tunic shirts in new designs, colours and stripes. Well tailored, comfortable and with two collars to match. 4/11

**SUMMER SHIRTS.**

TALLOW NOTES

CONFIRMATION AT TALLOW. At the Church of the Immaculate Conception, Tallow, his Lordship, Most Rev. Dr. Kinane, Bishop of Waterford and Lismore, administered the Sacrament of Confirmation to 46 children, pupils of the local boys and girls schools, together with pupils from Kilmacthomas, Shean N.S., and Glencairn N.S. Special Mass for the occasion was celebrated by Rev. Father Corbett, C.C., who at the end of the first gospel preached a most eloquent sermon to the children particularly, to the children of the Mass his Lordship, at the conclusion of the Mass he was highly pleased with the answering of the children during their examination, and complimented the parents and teachers on the manner in which they imparted religious knowledge to them...

DEATH OF MRS. E. LANNON. Fortified by the rites of the Holy Catholic Church, of which she was a most exemplary member, Mrs. Ellen Lannon (nee Brazil), wife of John Lannon, Crough, Kilmacthomas, answered the Great Call on Whit-Sunday, after a short illness and at a comparatively early age. A worthy member of a fine old local family, Mrs. Lannon was a woman of many estimable qualities of head and heart had gained her a wide circle of friendships, and her demise is deeply regretted. Widespread sympathy is extended to her respected husband (who is plumber by trade) in his sad bereavement and loss.

A large concourse of neighbours accompanied the removal of the remains from the residence on Monday evening to St. Brigid's Parish Church, Kilmacthomas, where they were received by the Rev. W. Meehan, C.C., who recited the prayers for the dead. On Tuesday morning Requiem Mass was offered for the happy repose of her soul, and the burial subsequently took place in the adjoining cemetery in the presence of many mourners and sympathisers. Father Meehan pronounced the final absolution at the graveside. May she rest in peace.

GAELIC GATHERINGS. Newtown. Holders of last year's East Waterford Division junior football title, were at home to Ballinacorney-Kilmacthomas on Whit-Sunday, in their first round tie in the current year's Divisional Championship competition. Arena arrangements were perfect and a good gathering of enthusiasts saw a contest that was clearly contested from commencement to close, under the aegis of Mr. Sean O'Riordan, N.T., Kilmacthomas (Hon. Treasurer to the Waterford County Board G.A.A.). Play was fast and equally distributed all down the initial moiety, and excitement raged throughout the period. The homesters were warm favourites and when the interval-bell sounded they were in front of their visitors by the minimum margin: Newtown, 1-1; Ballinacorney-Kilmacthomas, 1-0.

Newtown bounded off from the resumption, and increased their lead. The visitors cracked up, and soon Newtown so dominated matters, that they scored practically as they liked and emerged victorious winners, the score-sheet at long-whistle reading: Newtown, 2-10; Ballinacorney-Kilmacthomas, 1-1.

L. Veale (capt.) E. Nugent and the brothers Bluet, Mansfield, Wall, and Power were the stars of the successful set. Bravo, Newtown!

BEHEIVED DROWNED. Lieut-Commander of the British Destroyer, Kelly, sunk recently in the Mediterranean, is missing and believed drowned, according to telegrams received last week-end by his mother, the Duchess of St. Albans, and by his sister-in-law, the Marchioness of Waterford. His brother, Capt. Lord William Beresford, is serving with the Royal Artillery, and recently spent a

stepdancing items, dramatic sketches, etc. THE DRAW FOR NEXT SUNDAY'S REGATTA. The draw for next Sunday's scratch races, under the auspices of the Cappoquin Rowing Club is as follows:— Heat 1—A. Crowley (bow), F. Walsh (2), R. J. Curran (3) and M. Daly (4); A. Sargent (bow), J. Ryan (2), S. Lee (3), and D. Landers (4); sub. (bow), M. O'Mahoney (2), J. Brackett (3), and P. English (4).

Heat 2—M. Watson (bow), M. Landers (2), W. Glavin (3), P. Lacey (4); A. Walsh (bow), S. Cahill (2), M. Landers (3), A. Crotty (4); R. Mason (bow), J. A. Walsh (2), J. O'Donnell (3), J. Foy (4).

KILMACTHOMAS NOTES

DREADFUL. Here, as elsewhere in the land, the people were stunned when they heard of the havoc caused by bombs discharged from belligerent aircraft on Dublin on Saturday morning of last week. The consequences of this unprovoked violation of our country's correctly observed neutrality in the present European conflict have been much more serious than any that followed the dropping of bombs inside our territory on seven previous occasions. The Light of Heaven to the innocent victims of the horrible outrage. With their relatives and friends sympathy is universal.

SEA LURE. Under Whit-Sunday's flaming skies big numbers of mid-Waterfordians fished to the seaside, and Bormahon, Stradbally and Ballydwan were thickly peopled throughout the day. The vast majority of the trippers cycled to and from their chosen seaboard bourne. In the evening a heavy thunderstorm swept up over the Suir valley and heavy showers fell between Mooncoin and Clonmel.

DEATH OF MRS. E. LANNON. Fortified by the rites of the Holy Catholic Church, of which she was a most exemplary member, Mrs. Ellen Lannon (nee Brazil), wife of John Lannon, Crough, Kilmacthomas, answered the Great Call on Whit-Sunday, after a short illness and at a comparatively early age. A worthy member of a fine old local family, Mrs. Lannon was a woman of many estimable qualities of head and heart had gained her a wide circle of friendships, and her demise is deeply regretted. Widespread sympathy is extended to her respected husband (who is plumber by trade) in his sad bereavement and loss.

A large concourse of neighbours accompanied the removal of the remains from the residence on Monday evening to St. Brigid's Parish Church, Kilmacthomas, where they were received by the Rev. W. Meehan, C.C., who recited the prayers for the dead. On Tuesday morning Requiem Mass was offered for the happy repose of her soul, and the burial subsequently took place in the adjoining cemetery in the presence of many mourners and sympathisers. Father Meehan pronounced the final absolution at the graveside. May she rest in peace.

GAELIC GATHERINGS. Newtown. Holders of last year's East Waterford Division junior football title, were at home to Ballinacorney-Kilmacthomas on Whit-Sunday, in their first round tie in the current year's Divisional Championship competition. Arena arrangements were perfect and a good gathering of enthusiasts saw a contest that was clearly contested from commencement to close, under the aegis of Mr. Sean O'Riordan, N.T., Kilmacthomas (Hon. Treasurer to the Waterford County Board G.A.A.). Play was fast and equally distributed all down the initial moiety, and excitement raged throughout the period. The homesters were warm favourites and when the interval-bell sounded they were in front of their visitors by the minimum margin: Newtown, 1-1; Ballinacorney-Kilmacthomas, 1-0.

Newtown bounded off from the resumption, and increased their lead. The visitors cracked up, and soon Newtown so dominated matters, that they scored practically as they liked and emerged victorious winners, the score-sheet at long-whistle reading: Newtown, 2-10; Ballinacorney-Kilmacthomas, 1-1.

L. Veale (capt.) E. Nugent and the brothers Bluet, Mansfield, Wall, and Power were the stars of the successful set. Bravo, Newtown!

BEHEIVED DROWNED. Lieut-Commander of the British Destroyer, Kelly, sunk recently in the Mediterranean, is missing and believed drowned, according to telegrams received last week-end by his mother, the Duchess of St. Albans, and by his sister-in-law, the Marchioness of Waterford. His brother, Capt. Lord William Beresford, is serving with the Royal Artillery, and recently spent a

POTATO GROWERS! PERENOX controls POTATO BLIGHT. PERENOX IS THE MODERN COPPER FUNGICIDE. IT MIXES INSTANTLY AND IS ECONOMICAL. Order through your usual merchant. PLANT PROTECTION LTD · LINCOLN PLACE · DUBLIN

That Kilmacthomas makers commenced a Cultivation of Patience Campaign at 12 o'clock to seven of the clock on yesterday forenoon. That Lazarus Lewis is laid up with digestive trouble through overwork. That Lizzie Lozenger was the belle of the beach at Bormahon last Sunday. That at last nine Nire Valley virgins had a highly happy Whitsuntide. That a full muster of the members of the Kilmacthomas L.D.F. Group were engaged at special manoeuvres on Tuesday evening.

The youth and beauty of the Balmies will be well to the fore at the grand and gala annual Cinderella dance (8-2) taking place at the popular Pike Hall on to-morrow (Sunday) night. That a widely esteemed West Waterford man will be opening a new business at Kill village in the near future.

Faha Gaelic Football Club voted sympathy to the widow and family of the late Mr. Patrick Cunningham, Grawb, Kilmacthomas. Badly needed by the residents of Ballyvaheen is a public supply of water in their village for domestic purposes. (We merely make mention of the fact—'tiffin this!')

The annual report of the above body was presented at a full meeting of the members, at which the President Mr. John Kersay, ex-T.D., occupied the chair. The Hon. Secretary (Mr. Patrick Gough) submitted his annual report, as follows: Mr. Chairman and Gentlemen—I beg to submit to you my fourteenth annual report on the work of your Association. During the year 1940, we had 21 members and 1,365 cows on the list. 321 cows completed their lactation period, and the average yield of this summer was 4,642 lbs. of milk and 159.72 lbs. of butter fat. Valuing butter fat at 1/1 per lb. and separated milk at 1d. per gallon, the return per cow would be £10/8/4. Our average yield has decreased 689 lbs. of milk and 25.91 lbs. of butter fat, owing to the dryness of last summer and its bad effect on milk production.

The best cow in the Association was a 9-year-old thoroughbred, which gave a yield of 8,927 lbs. of milk and 307.77 lbs. of butter fat in 45 weeks. Valuing as above she would give a return of £19 2s. 1d. This is a registered cow named "Hally" (R.B. 7858) and is the property of Mrs. C. Carroll, Ballyshunock. The worst cow in the Association—a four-year-old—calved on 7/8/40, yielded 2,002 lbs. of milk and 75.07 lbs. of butter fat, and would return £4/12/4, a difference of £14/9/9 in favour of the best cow.

The five best cows in the Association gave an average yield of 8,229 lbs. of milk and 298.42 lbs. of butter fat. Valuing as before they returned £18/4/11 per cow. The five worst cows gave a yield of 2,733 lbs. of milk and 97.62 lbs. of butter fat, and returned £8/0/8 per cow, a difference of £12/4/3 in favour of the five best cows.

The best herd in the Association—16 cows owned by Mr. Richard Burgess, Ballyvaheen—had an average yield of 6,475 lbs. of milk and 235.09 lbs. butter fat. I made 180 double visits to members' herds, tested 1,338 samples of milk and tattooed 13 calves. Fourteen cows passed for registration last year. We have at present in the Association about 40 registered cows and five premium milk. Members are advised to send their registered cows to these bulls and comply with the regulations of the scheme.

At the meeting of the Kilmacthomas Parish Council serious consideration was given to the situation arising out of the stoppage of supplies of paraffin for domestic use, as well as the drastic reduction of electric current from local plants. The following resolution was approved and copies of same were directed to be sent to the Press, local T.D.s, E.S.B., and "That we, the Parish Council of Kilmacthomas, representing the local community, direct your earnest attention to the already existing hardship arising out of the stoppage of domestic paraffin and the curtailment of electrically produced electric light. The latter is now limited to three hours per day. We appeal to all those concerned to give their assistance in alleviating the cruel prospects of a situation which is bound to get worse at the winter approaches. We express the view that the only satisfactory solution is to extend the E.S.B. system from the neighbouring town of Portlaur, a distance of eight miles. We understand that such a step has already been considered and we urge that nothing should be allowed to stand in the way of such development since it is now realized that nothing short of a bold and vigorous policy is likely to meet the needs of the immediate future. Whatever be its lateness, it will surely be heavily upon the shoulders of those to whom this appeal is addressed."

Some facts are hard to face, this one for instance—Ernest Westmore, make-up man (whose great-grandmother on the maternal side was a daughter of the Dunhill distiller), says there are only six basic types of feminine faces—oval, oblong, triangle, inverted triangle, diamond and square. Fats a queer complexion on things, this?

The last ten years have witnessed marked changes in the fashion in wallpapers. The newest vogue is the restoration of the Empire Regency period. Thus, when decorating a modern house, one should keep to very quiet tones, possibly introducing self-colours which help to make rooms look very much larger. This, of course, is a vital consideration in a modern house, where space is sometimes very limited. The new wallpapers stocked by us fit in well for this purpose, especially the light patterns, as these give character and a furnished effect to a room without detracting from the apparent size. The tendency to change wallpapers is greater now than ever before, as people take greater interest in the home, perhaps because there is a far larger proportion of house-owners than in previous times. It is often desirable to alter the apparent size of a room. An uncomfortably large or ungainly one looks smaller and cooler when an assertive colour like red, orange or warm yellow is used to make the wall appear to come forward—Harpu Brothers, Wallpaper Specialists, Waterford.

The prizes for next Sunday's sports meeting at Cappoquin have been on display for the past week in Mr. J. Fives' window. They include several valuable silver cups, etc.

Taking a summary of all the cows that completed their lactation period, we find the following facts: 45 cows gave a yield under 3,000 lbs. of milk; 60 cows gave a yield under 4,000 lbs. of milk; 96 cows gave a yield under 5,000 lbs.; 85 gave a yield under 6,000 lbs.; 38 gave a yield under 7,000 lbs.; 14 gave a yield under 8,000 lbs.; 3 gave a yield under 9,000 lbs.

At the inspection of cows held last June, the following prizes were awarded: For the best registered cow—1st prize, Mrs. Carroll; 2nd prize, Mrs. Thomas Gough; For the best yearling heifer—1st prize, Thomas Power; 2nd prize, Thomas Power; For the best 2-year-old heifer—1st prize, Patrick Gough; 2nd Mrs. M. Kelly. I wish to thank the President and members for their kindness and co-operation in the work of the Association during the year.

COAST TO COMERAGH CHIPS.

SERIOUS SITUATION. At a meeting of the Kilmacthomas Parish Council serious consideration was given to the situation arising out of the stoppage of supplies of paraffin for domestic use, as well as the drastic reduction of electric current from local plants. The following resolution was approved and copies of same were directed to be sent to the Press, local T.D.s, E.S.B., and "That we, the Parish Council of Kilmacthomas, representing the local community, direct your earnest attention to the already existing hardship arising out of the stoppage of domestic paraffin and the curtailment of electrically produced electric light. The latter is now limited to three hours per day. We appeal to all those concerned to give their assistance in alleviating the cruel prospects of a situation which is bound to get worse at the winter approaches. We express the view that the only satisfactory solution is to extend the E.S.B. system from the neighbouring town of Portlaur, a distance of eight miles. We understand that such a step has already been considered and we urge that nothing should be allowed to stand in the way of such development since it is now realized that nothing short of a bold and vigorous policy is likely to meet the needs of the immediate future. Whatever be its lateness, it will surely be heavily upon the shoulders of those to whom this appeal is addressed."

SOME FACTS ARE HARD TO FACE, THIS ONE FOR INSTANCE—Ernest Westmore, make-up man (whose great-grandmother on the maternal side was a daughter of the Dunhill distiller), says there are only six basic types of feminine faces—oval, oblong, triangle, inverted triangle, diamond and square. Fats a queer complexion on things, this?

The total sum payable in respect of Poor Rates by the occupier of agricultural land, the rateable valuation of which does not exceed £20, will be reduced by a sum equal to 74.6 pence in the £ on said land. A similar allowance will be made on the first £20 of agricultural land exceeding £20 valuation.

On the part of the valuation of agricultural land above £20 a reduction will be given at the Primary Allowance Rate of 74.6 Pence in the £ on an amount not exceeding £12 10s. 6d. valuation in respect of employment of each male person (17 to 70 years of age) in the period 1st January to 31st December, 1940, where claims have been lodged on or before 31st March, 1941, and admitted.

The balance of the sum allocated to the County for the purpose will go to reduce the rates by a sum equal to 40 pence in the £ on the part of the valuation above £20 that does not otherwise get relief.

The Rate Books are deposited for the inspection of any Ratepayer in the Offices of the County Council, and will there be open for such inspection between the hours of 10 a.m. and 4 p.m. (Saturdays 10 a.m. to 1 p.m.) during the fourteen days next ensuing the date hereof, exclusive of Sundays and Bank Holidays.

Signed this 31st day of May, 1941.  
**J. H. O'SULLIVAN,** Secretary to the Council.

FOUNDRY, DUNGARVAN

**LISMORE NOTES**

**CONFIRMATION AT LISMORE.**

On Friday, May 30th, His Lordship Most Rev. Dr. J. Kinane, D.D., Bishop of Waterford and Lismore, paid his biennial visit to Lismore parish to administer the sacrament of Confirmation to over 100 children drawn from Lismore and neighbouring parishes, St. Carthage's Cathedral was filled to capacity for a special Mass celebrated at 11 a.m. The celebrant was the Rev. T. Murphy, C.C., Lismore, and the following clergy were also present—Rev. T. O'Gorman, Adm., Lismore; Very Rev. T. Fitzgerald, F.P., Cappoquin; Very Rev. Fr. Gleeson, F.P., Aghish; Rev. Fr. Hennebery, C.C., Lismore.

His Lordship presided at the ceremonies and on his entry into the church he was received by members of the Christian Brothers' Community, who acted as canopy-bearers, and was saluted by a guard of honour of Catholic Boy Scouts. The Mass was beautifully sung by a first-class children's choir which included the children for confirmation. The choir was trained and conducted by the Presentation Sisters, Lismore.

By way of introduction to His Lordship's address, Fr. Murphy preached an appropriate sermon which he specially addressed to the children. He reminded them of the wonderful graces to be gained by the sacrament they were about to receive, and exhorted them to prepare for the coming of the Holy Ghost with His seven gifts. Of these seven gifts, the one they most needed at the present time was fortitude, that they might be enabled to fight bravely in the army of Christ against all the modern forces of evil.

After Mass His Lordship ascended the pulpit to give the address which was so much looked forward to by his flock. In his opening words he expressed satisfaction at the excellent religious and moral state of the parish, of which he had received such a glowing report. He was also very pleased at the sound state of repair of the ecclesiastical buildings, and at the improvements carried out in the cemetery.

His Lordship warmly congratulated the Christian Brothers, Presentation Nuns, parents, clergy and all concerned, on the thorough knowledge of Christian Doctrine shown by the children at the examination on the previous day.

A large amount of time and energy must have been devoted to their training, especially by the teachers. He wished also to express his special appreciation of the choir. He had expected to have the choir present at the C.T.S. Congress which was to have been held this year, and he hoped to see them there in happier times to come.

His Lordship then dealt with the evils of company-keeping. He was not to be taken as disapproving of all company-keeping but he laid down certain conditions which were to be observed, and pointed out the duties of parents regarding their children in this matter. The precept of Sunday mass, he said, was very well observed in the parish, but he exhorted the people to more sanctification of the Sabbath, especially in regard to absence from unnecessary servile work.

After Confirmation, His Lordship administered the pledge to the children, advising them to lead temperate lives, and in his closing words exhorted them especially to pray for a return of peace to the world.

**THE WHITSUN HOLIDAYS.**

The first burst of glorious summer sunshine coincided with the Whitsun holidays and enticed many people, who had not yet dared to shed their winter clothes, out of doors in summer attire.

Bicycles were very much in evidence during the week-end and many groups of people were to be seen leaving the town for the seaside and various other places, while holiday-makers from other places visited our locality.

The local Troop of Scouts also look forward their first week-end camp to Aghish, the pretty village near the lower reaches of the Blackwater. It was a reminder of the times in which we live to see their kit and camping paraphernalia being carried by that age-old means of transport—a donkey cart. Despite the abnormal times, these resourceful lads are evidently determined to carry on.

**"BLITZ" DAMAGE IN BALLY-SAGGART.**

The weather clerk apparently decided to carry out a "blitz" of his own during the week-end in the form of a thunder-storm which swept over part of the South of Ireland on Sunday last. There is a report of considerable damage being done in the Ballysaggart area, where the house of Mr. John Walsh, of Semochuda, was directly struck by lightning. One end of the house was completely destroyed and the entire roof stripped of slates, the occupants narrowly escaping injuries from falling masonry. The damage was so serious that the scene presented by the damaged house would convey the impression of an aerial bombardment rather than a thunderstorm.

**FORTHCOMING RETREAT AT LISMORE.**

It has been announced that a Retreat, given by the Franciscan Fathers, will commence in Lismore on Sunday June 15th. The first week of this retreat will be spent entirely for the women of the parish, and the second week will be devoted to the men.

- For One Month, from the 11th June to 8th July, inclusive: Hen Eggs, at per dozen.

For Three Months, from 1st July to 30th September, 1941, inclusive: Irish Creamery Butter, at per lb. Irish Cured Bacon, at per lb.

Tenders (which must be sent by post) on a prescribed form, containing the names of two solvent Sureties who are willing to join the person tendering for the due performance of the contract, must be lodged with the Secretary not later than the first post on the 11th June, 1941.

The lowest or any tender not necessarily accepted. EDMOND KIELY, Clerk and Storekeeper. Office: County Home, Dungarvan, 3/6/1941.

COUNTY COUNCIL OF WATERFORD.

WANTED immediately, a few Three or Four Ton Lorry Chassis, with or without engines, pneumatic tyres. Give dimensions and particulars, and state lowest price to J. BOWEN, B.E., County Surveyor, Dungarvan.

"Dungarvan Observer" SATURDAY, JUNE 7, 1941.

Our Neutrality Again Cruelly Violated.

Since the appearance of our previous number bombs released from belligerent aircraft wrought death and destruction in Dublin.

The entire nation has been horrified by the frightful tragedy, and the sincere sympathy of all goes out to those who have suffered so terribly, and particularly to those who have had their nearest and dearest slain.

Even the outside world has been deeply moved by the knowledge that men, women and children could be hurled into eternity by bombs in their homes in the capital of a State which has been strictly neutral since the outbreak of hostilities, and which has the right to expect—and to demand—that her territory and the sky above that territory should not be violated by any of the belligerent powers.

Of a verity, the black tragedy enacted in the Liffey-veined Metropolis on Saturday morning of last week is

L.S.F. NOTES.

Pulla centre was visited on Wednesday 26th May. There was a good attendance at the first aid lecture. The members seemed to take a deep interest in all that was said.

The lecturer would be very pleased to answer questions put by the class as such questions would show what points were best appreciated and what points caused difficulty or were imperfectly understood.

On June 4th, the lectures were continued. Some practice in the use of the triangular bandage was given and samples of emergency dressings shown to the class.

It is essential that one stretcher driver which will be begun as soon as possible. A tribute was paid to the members on their good work in locating the two young "wanderers" from Cork lately and having them handed over to the proper authorities.

Three members of the staff visited Modeligo on Tuesday 3rd June and were delighted at the immense crowd present. In spite of a rather threatening night over 70 were present at Dr. White's lectures.

The best thanks of the staff, the Modeligo Group, and the general public of the district are due to the Dr. and Nurses Hackett and Buckley for their fine work in this district. When volunteers "casualties" are required by the lecturer and nurses for demonstration purposes there should be considerably more enthusiasm shown by both men and women who attend.

Sitting still and watching the same four or five at work all the time will be very flattering to the active members but will never make good first aiders of the others. Much more active co-operation with the Dr. and the Nurses is expected from Modeligo Group from now on.

The response to the call for volunteer blood-donors was very disappointing. Fifteen out of a possible seventy is poor showing. Surely we may expect that every man and woman attending the lectures will volunteer next Tuesday.

Remember you are safeguarding yourself as well as your neighbour by volunteering. Remember you are showing your thanks for the demonstration work being done for you by Dr. White and the nurses by offering your services. Offer them not only willingly but enthusiastically at your next lecture.

A considerable number of the men present at those lectures belong to neither the Local Security or Defence Forces. Why? Do they come through curiosity only or are they the sort of men who wish to profit through the work of others and shift all responsibility themselves? The Group Leaders next report will tell.

A sealed emergency petrol supply was delivered to the group. We understand that Mr. J. Bannon, M.T., supplied the bandages etc. for demonstration work. When everybody in the district does his or her part in a similar spirit, Modeligo Group will be one of the best in the area.

Ardmore was visited by the members of the Staff on Tuesday 3rd June. A lecture was given on gas bombs. Methods of detecting the gas dealing with it and preventing casualties were explained. Most of the group were present and those followed the lecturer's remarks very closely.

Correct Singing Distance. When sugar beet was introduced here labourers charged they could not grow it in rows as narrow as 14-16 inches, the common Continental practice, writes a correspondent. Widening the row distance to 18-21 inches has, in fact, been shown to lower the yield but little. Making the rows wider than that does lead to appreciable reduction.

There is a tendency to try to compensate for our wider rows by leaving the plants closer together in the row, and singling distances of even six inches or even less, have been adopted. It is certain that this compensation does not occur.

It has been shown conclusively that nothing is to be gained by leaving plants nearer together in the rows than 10 in. closer singling means more roots to handle at all stages, and gives no higher yield of sugar. But the average singling distance should not exceed 12 inches, as beyond that loss of yield does occur.

It is important to single beet at the right time. If the plants are too small they cannot be handled easily, and more plants may appear later, necessitating repetition of this expensive operation. If it is left too late competition leads to very serious loss of yield.

The crop should be singled as soon as the plants have four leaves, and the work should be completed within a fortnight of that time.

lightened by the heroism and sacrifice of all concerned with the rescue work—the troops, the Gardaí, the fire services, the various units of the A.S.F. workers, the L.D.F. and L.S.F. and the Medical, Nursing, and Ambulance Services.

The shocking occurrence marked the eighth time inside of nine months on which bombs have been dropped on this country, and it certainly showed how important it is for the people to be prepared for such happenings.

MOOREHILL NOTES

CONFIRMATION AT KILWATERMOY.

On Tuesday May 26th last, at the Holy Cross Church, Kilwatemoy, Most Rev. Dr. Kinane, D.D., administered the Sacrament of Confirmation to the children of the parishes of Knockanore, Glendine and Kilwatemoy. There was a very large congregation in the Church. Mass was celebrated by Rev. Fr. T. Tobin, C.C., Glen-dine. The other clergy present were: Very Rev. Fr. Kinane, P.P., Knockanore; Rev. Fr. Corbett, C.C., Tallow; and Very Rev. Fr. Keane, P.P., Tallow.

Addressing the congregation his Lordship said he was very pleased at the excellent report of the parishes and he hoped for a continuation of this happy state of affairs. It was his great pleasure to tell the congregation that on the previous day he had examined the children, and he found them wonderfully well prepared; the answering the questions of the parishes and he hoped for a continuation of this happy state of affairs.

It was his great pleasure to tell the congregation that on the previous day he had examined the children, and he found them wonderfully well prepared; the answering the questions of the parishes and he hoped for a continuation of this happy state of affairs.

He reminded the teachers to impart to the children a really good knowledge of God, to serve and love him, and thus merit eternal happiness, hereafter. He wished to impress upon parents that they were sound most gravely to show good example, and by practice of Christian virtues in the home, lead their children on the right path. Continuing his Lordship said that the world is now passing through days of stress and misery, unprecedented in history. Death and destruction seem to reign supreme, anti-Christian forces have been let loose, but we must remember all suffering is temporary. No matter what suffering or misery we may endure on earth, it will cease for ever when we rise in triumph on the last day. Thank God our country has been preserved from the horrors of war. This may be due to the heartfelt prayers of the Irish people, and the Holy Father has been asking us to continue our prayers for a just and lasting peace. Speaking to the children, his Lordship impressed on them the importance of the Sacrament they had just received, it makes you soldiers of Jesus Christ, ready to fight for him, and if necessary to die for him also. His Lordship then administered the pledge against intoxicating drink to the children until the completion of their 21st year. The ceremony concluded with Benediction of the most Blessed Sacrament.

G.A.A. Things are quite in the Gaelic world down Moorehill way at present. The match advertised for Sunday next is postponed to a later date. Since the meeting of Tourist and Knockanore in the championship at Moorehill, the public have been looking forward to another clash between them. We are sure the Moorehill Club would be willing to put up a set of medals for a match between the teams (subject to sanction from the G.A. Board). We hope to be able to give full particulars later.

LATE MRS. A. McGRATH. We regret to announce the death of Mrs. A. McGrath, Dunmoo, which took place at her home on Sunday May 25th. Though in failing health for some time, still her death came as a profound shock to her many friends. Deceased was the wife of the late Mr. John McGrath, was a firm favourite in the district, and the ready smile and kind word she had for everybody will be sadly missed. Deep sympathy is extended to her bereaved son, daughters and relatives. The funeral took place on Tuesday from her late residence to Templemeach cemetery. There was a very large and representative attendance of the general public, which testified to the deep sorrow occasioned by the death of the deceased, and one and all came to pay a last tribute to a friend. The chief mourners included:—Mr. John McGrath (son); Misses J. and A. McGrath (daughters); Mrs. S. McGrath, Dunmoo; Miss M. McGrath, Moorehill; Mr. M. McGrath, Dunmoo; Messrs. L. M. and L. McGrath, Moorehill (relatives). Rev. Fr. Tobin, C.C., read the last prayers at the graveside.—May she rest in peace.

L.S.F. NOTES.

DUNGARVAN GROUP.

It is pleasing to record that the Minister of Justice in a letter has shown his appreciation of the work entailed by the local Group in connection with the distribution of the Tea Rationing Cards, over the wide area of the Dungarvan Garda District. This was a colossal job, and the Minister in giving his sincere thanks acknowledged the magnitude of the task.

At long last rules have been formulated regarding the transfer of members from the L.D.F. to the L.S.F. and vice versa. This was badly wanted, as the above Group suffered heavily from some defections. It was very disheartening to find men going from the Group after being well and truly trained, and without giving any justification. Now any man who wishes to transfer will find that the game will be hardly worth the candle.

The County Surveyor has arranged for a demonstration to take place this week in Williams' Marsh in fire fighting and the way to deal with incendiary bombs, and it is to be hoped that a large number of the group will be present.

Our Adjutant, Mr. Scott, is at present on vacation, and the Group hope he will have an enjoyable time.

Now that the Mission is over the various Sections are again hard at work—First Aid Classes, Fire Fighting, Transport and

Co. Waterford Vocational Education Committee.

An Fear Mor presided at a meeting of the above on Tuesday, May 27th, at 8.00 in the Co. Board, Dungarvan. Also in attendance were Rev. Fr. T. B. Walsh, B.A., C.C., Messrs. M. H. O'Hara, and Liam O'Meehan, S.O.Lanaglin, C.E.O.

THE C.E.O. said that with regard to turf the instructors found that the heating power of the turf was better in the range than coal. Fr. Walsh said the use of turf will offer no difficulty to cooking.

The C.E.O. reported—After last meeting Commissioner Moynihan arranged for the delivery of a load of turf from Aragen, Lisimore, to Scoll na gCeard, Dungarvan. This is excellent black turf. The instructors have been using it for the past 3 weeks and inform me that it is most satisfactory for the purpose of heating the oven for baking, etc. We have also prepared a Dutch or pot oven for demonstrations of baking, etc., on the open fire.

The use of turf will offer no difficulty here in Dungarvan for the purpose of cooking.

We have not yet tested its use in the boiler or furnace for heating, as we have 4 to 5 tons of anthracite in stock.

Correspondence. A letter from the Department of Education stated that the Minister is prepared to approve of payment of expenses at the same rate and conditions as in 1940, to members of Vocational Education Committees appointed as delegates, and to officers authorised to attend the Irish Technical Education Association Congress at Dublin on 17th and 18th June.

Circular letters from the Department notified the holding of a Summer course in Irish at Carrarose, Galway and at Ring College which had been sanctioned by the Department for Teachers desirous of obtaining the Ceard Teastas Gaeilge. The letter also stated that an examination would be held at the conclusion of these courses.

Fr. Walsh suggested that the teachers be asked for their opinion regarding the matter. Between primary and technical education Irish is practically eclipsed. They would be glad if the teachers would attend the course and the greatest extent possible of Irish should be used in the school.

An Fear Mor—Things that you tell people in Irish they seem to hold them better than if told in English. This opportunity should be availed of to the fullest extent.

The C.E.O. reported that the Department Technical School examinations had been duly held, including practical examinations in Domestic Economy.

The C.E.O. was directed to attend a conference at Cork on Friday, 30th May, between Department's inspectors and C.E.Os.

Mr. R. Tully was appointed superintendent for the Irish Scholarship Exams. on Saturday, 7th June.

The C.E.O. reported that there were 77 applications from various centres in the county; 43 to sit for examination at Dungarvan and 34 in Waterford. There were 20 scholarships to be awarded in all.

It was decided that the scholarships be given in proportion to the students, this rule not to be carried out rigidly but as a rough outline of action.

Mr. D. S. Doyle, Architect, wrote certifying account from Messrs. Morris and Kavanagh, Quantity Surveyors.

Fr. Walsh said they made no definite contract and anyone tendered did so at his own cost.

Condolence. The following vote of sympathy was proposed by An Fear Mor—"That this Committee wishes to convey to Very Rev. Canon T. O'Brien, P.P. V.F., Dungarvan, our respected Chairman its deepest sympathy on the death of his brother."

The vote was unanimously passed, in silence, all members standing.

Profession and Clothing Ceremony.

A ceremony of Profession and Clothing took place at Nazareth House, Ham-mersmith, London, on the 24th inst. feast of Our Lady Help of Christians, at the conclusion of a retreat given by Rev. Father McCauley, C.S.S.R., who also presided at the ceremony, assisted in the Sanctuary by Rev. R. Webb, B.A., St. Thomas More's, Seaford.

Miss J. Fairhall (Sr. St. Kentigern) and Miss R. Prest (Sr. St. Kentigern) received the Religious Habit.

St. M. St. Ronald (McKavanagh); Sr. Joseph, Regina (Weinmann) and Sr. M. Evangelist (Clancy), pronounced First Vows.

Sisters to make Final Vows were:—Sr. M. Theophane (Maher); Sr. M. Collette (Troy) of Nazareth House, Mallow, Eire and Sr. Joseph Hillgrade (Clery) at Nazareth House, Salisbury, Rhodesia, South Africa.

The ceremony concluded with Benediction of the Blessed Sacrament, the Te Deum and prayers for the benefactors of Nazareth House.

Communication Squads, Police details, etc. have all resumed practical training.

On Wednesday evening (notwithstanding the attraction of Jimmy O'Dea) the Fire Fighting Squad attended a practice at the Lookout under the supervision of Mr. Roddy McGrath, and the amount of work put in by the Squad was a treat to watch. That's the stuff boys!

Killeagh Parish Council.

Mr. P. O'Neill, P.C. (Chairman) presided at the usual monthly meeting of the above. Others present included Rev. P. Moriarty, Adm.; Dr. M. O'Brien, M.O.; Messrs. H. Ryall, C. Lynch, J. H. Hogan, J. Kennedy, P. Woods, J. Fogarty, and D. O'Callaghan (Hon. secretary). Mr. J. C. Condon, Assessor Court, Youghal, was also present.

Letters acknowledging the sympathy of the Council in bereavements sustained by them were read from Mr. Tom O'Mahony Park, and Mr. J. H. Hogan, Killeagh. The letters were ordered to be inserted in the minutes.

The Chairman said that, as they all probably knew, the deputation appointed to their last meeting appeared before the County Council when that body recently met. They received a patient and sympathetic hearing, and their case, as outlined by Father Mortell, was listened to with attention and respect. They had no difficulty in persuading the County Council that the end of the main street in Killeagh, where cattle are always stalled on fine days, was not a suitable place for road-metalling to be dumped, and the immediate removal of the stones, which formed the cause of their complaint, was at once agreed to.

Their thanks were due to Mr. Carron M.C.C. and Mr. T. Murphy, T.D., for the assistance they had given them. The matters about which they were concerned had also been attended to, and the efforts of their organisation in all directions were bearing fruit. (Hear, hear.) A very old friend of theirs—a gentleman to whom the people, especially the poor, of the Youghal district, owed much at the present time—Mr. Justin Condon, was with them that evening, and on behalf of the members generally he wished him a hearty good night, (Hear, hear.)

Mr. Condon thanked the Chairman for his very nice remarks, and the members who were present for their warm greetings and hearty welcome. He had come there because of his realisation of the seriousness of the situation both at present and in the future regarding the fuel question, especially where the poor were concerned, and he believed there ought to be the fullest possible co-operation between parish councils generally on this and other matters at the present time. Co-ordination between the different public bodies and parish councils was a necessity if really effective work was to be accomplished. People generally had no idea of the gravity of this question of food and fuel, where necessitous people were concerned. Day by day and week by week the situation was becoming more acute, and he dreaded the very thought of the plight in which many good people would be placed in through lack of the very essentials necessary to existence in the coming winter. The chief reason of his visit that evening was to confer with them about the cutting of tax on the Monaghan bog, which was partly at any rate in the Killeagh area. Mr. Condon then explained the position regarding ownership of the bog and the steps he, in conjunction with Rev. Father Mortell, had already taken to have it opened up and worked by the County Council. Up to the present they had not been successful, but they had no intention of relaxing their efforts because of a temporary check. (Hear, hear.)

The Secretary said he had written the Department ten days ago, but so far he had had no reply.

It was decided that the Forestry Department be again written to on the matter and, if necessary, a special council meeting be held to deal with any developments that may arise.

A general discussion on the question of having the Monaghan bog further examined

TO LET—40 acres of land for grazing on 12 months system. William Keating, Comeragh.

**WANTED**  
**JAM-JARS** Wanted—1's, 9d. per dozen; 2's, 1/4 per dozen. Gill & Co., Jam Factory, Filton Street, Cork.

Applications must be made on the official form, to be had from the Cottage Rent Collector of the district, and must reach my office not later than 12 o'clock (noon) on Monday, the 2nd June, 1941.

By Order,  
MICHEAL O FLOINN,  
Runaidhe.

Ofis an Runaidhe,  
Arus a' Chonntae i nDungarban,  
2ladh Bealltaine, 1941.

**COUNTY HOME & DISTRICT HOSPITAL, DUNGARVAN.**

**Supplies Wanted.**

THE Committee for the above will, at their Meeting to be held on the 11th June, 1941, at the County Home, Dungarvan, consider Tenders for the supply of the following —

For One Month, from the 11th June to 9th July, inclusive:  
Hen Eggs, at per dozen.

For Three Months, from 1st July to 30th September, 1941, inclusive:  
Irish Creamery Butter, at per lb.  
Irish Cured Bacon, at per lb.

Tenders (which must be sent by post) on a prescribed Form, containing the names of two solvent Sureties who are willing to join the person tendering for the due performance of the contract, must be lodged with the Secretary not later than the first post on the 11th June, 1941.

The lowest or any tender not necessarily accepted.

EDMOND KIELY,  
Clerk and Storekeeper.  
Office: County Home,  
Dungarvan, 3/6/1941.

**COUNTY COUNCIL OF WATERFORD.**

**WANTED** immediately, a few Three or Four Ton Lorry Chassis, with or without engines, pneumatic tyres. Give dimensions and particulars, and state lowest price to

J. BOWEN, B.E.,  
County Surveyor, Dungarvan.

**"Dungarvan Observer"**  
SATURDAY, JUNE 7, 1941.

**Our Neutrality Again Cruelly Violated.**

Since the appearance of our previous number bombs released from belligerent aircraft wrought death and destruction in Dublin. The entire nation has been horrified by the frightful tragedy, and the sincere sympathy of all goes out to those who have suffered so terribly, and particularly to those who have had their nearest and dearest slain.

Even the outside world has been deeply moved by the knowledge that men, women and children could be hurled into eternity by bombs in their homes in the capital of a State which has been strictly neutral since the outbreak of hostilities, and which has the right to expect—and to demand—that her territory and the sky above that territory should not be violated by any of the belligerent powers. Of a verity, the black tragedy enacted in the Liffey-veined Metropolis on Saturday morning of last week is

in spite of a rather threatening night over 70 were present at Dr. White's lecture. The best thanks of the staff, the Modeligo Group, and the general public of the district are due to the Dr. and Nurses Hackett and Buckley for their fine work in this district. When volunteers "casualties" are required by the lecturer and nurses for demonstration purposes there should be considerably more enthusiasm shown by both men and women who attend. Sitting still and watching the same four or five at work all the time may be very flattering to the active members but will never make good first aiders of the others. Much more active co-operation with the Dr. and the Nurses is expected from Modeligo Group from now on.

The response to the call for volunteer blood-donors was very disappointing. Fifteen out of a possible seventy is poor showing. Surely we may expect that every man and woman attending the lectures will volunteer next Tuesday. Remember you are safeguarding yourself as well as your neighbour by volunteering. Remember you are showing your thanks for and appreciation of the work being done for you by Dr. White and the nurses by offering your services. Offer them not only willingly but enthusiastically at your next lecture.

A considerable number of the men present at those lectures belong to neither the Local Security or Defence Forces. Why? Do they come through curiosity only or are they the sort of men who wish to profit through the work of others and shirk all responsibility themselves? The Group Leaders next report will tell.

A sealed emergency petrol supply was delivered to the group. We understand that Mr. J. Bannon, N.T., supplied the petrol. When everybody for demonstration work, or her part in a similar spirit, Modeligo Group will be one of the best in the area.

Armore was visited by the members of the Staff on Tuesday 3rd June. A lecture was given on gas bombs. Methods of detecting the gas dealing with it and preventing casualties were explained. Most of the group were present and those followed the lecturer's remarks very closely.

When sugar beet was introduced here farmers decided that, because of higher labour charges, they could not grow it in rows as narrow as 14-16 inches, the common Continental practice, writes a correspondent. Widening the row distance to 18-21 inches has, in fact, been shown to lower the yield but little. Making the rows wider than that does lead to appreciable reduction.

There has been a tendency to try to compensate for our wider rows by leaving the plants closer together in the row, and singling distances of even six inches or even less, have been adopted. It is certain that this compensation does not occur.

It has been shown conclusively that nothing is to be gained by leaving plants nearer together in the rows than 10 in. closer singling means more roots to handle at all stages, and gives no higher yield of sugar. By the average singling distance should not exceed 12 inches, as beyond that loss of yield does occur.

It is important to single beet at the right time. If the plants are too small they cannot be handled easily, and more plants may appear later, necessitating repetition of this expensive operation. If it is left too late competition leads to very serious loss of yield.

The crop should be singled as soon as the plants have four leaves, and the work should be completed within a fortnight of that time.

lightened by the heroism and sacrifice of all concerned with the rescue work—the troops, the Garda, the fire services, the various units of the A.R.P. workers, the L.D.F. and L.S.F., and the Medical, Nursing, and Ambulance Services.

The shocking occurrence marked the eighth time inside of nine months on which bombs have been dropped on this country, and it certainly showed how important it is for the people to be prepared for such happenings.

parents. He reminded the teachers to impart to the children a really good knowledge of God, to serve and love Him and thus merit eternal happiness, hereafter. He wished to impress upon parents that they were bound most gravely to show good example, and by practice of Christian virtues in the home, lead their children on the right path. Continuing his Lordship said that the world is now passing through days of stress and misery, unprecedented in history. Death and destruction seem to reign supreme, anti-Christian forces have been let loose, but we must remember all suffering is temporary. No matter what suffering or misery we may endure on earth, it will cease for ever when we rise in triumph on the last day. Thank God our country has been preserved from the horrors of war. This may be due to the heartfelt prayers of the Irish people, and the Holy Father has been asking us to continue our prayers for a just and lasting peace. Speaking to the children, his Lordship impressed on them the importance of the Sacrament they had just received, it makes you soldiers of Jesus Christ, ready to fight for him, and if necessary to die for him also. His Lordship then administered the pledge against intoxicating drink to the children until the completion of their 21st year. The ceremony concluded with Benediction of the most Blessed Sacrament.

Things are quite in the Gaelic world down Moorehill way at present. The match advertised for Sunday next is postponed to a later date. Since the meeting of Tourin and Knockanore in the championship at Moorehill, the public have been looking forward to another clash between them. We are sure the Moorehill Club would be willing to put up a set of medals for a match between the teams (subject to sanction from the Co. Board). We hope to be able to give full particulars later.

**LATE MRS. A. McGRATH.**

We regret to announce the death of Mrs. A. McGrath, Dunmoon, which took place at her home on Sunday May 25th. Though in failing health for some time, still her death came as a profound shock to her many friends. Deceased who was well of the late Mr. John McGrath, was a firm favourite in the district, and the ready smile and kind word she had for everybody were sadly missed. Deep sympathy is extended to her bereaved son, daughters and relatives. The funeral took place on Tuesday from her late residence to Templemichael cemetery. There was a very large and representative attendance of the general public, which testified to the deep sorrow occasioned by the death of the deceased, and one and all came to pay a last tribute to a friend. The chief mourners included:—Mr. John McGrath (son); Misses J. and A. McGrath (daughters); Mrs. S. McGrath, Dunmoon; Miss M. McGrath, Moorehill; Mr. M. McGrath, Dunmoon; Messrs. L. M. and L. McGrath, Moorehill (relatives). Rev. Fr. Tobin, C.C., read the last prayers at the graveside—May she rest in peace.

**L.S.F. NOTES.**  
**DUNGARVAN GROUP.**

It is pleasing to record that the Minister of Justice in a letter has shown his appreciation of the work entailed by the local Group in connection with the distribution of the Tea Rationing Cards, over the wide area of the Dungarvan Garda District. This was a colossal job, and the Minister in giving his sincere thanks acknowledged the magnitude of the task.

At long last rules have been formulated regarding the transfer of members from the L.D.F. to the L.S.F. and vice versa. This was badly wanted, as the above Group suffered heavily from some defections. It was very disheartening to find men going from the Group after being well and truly trained, and without giving any notification. Now any man who wants to transfer will find that the game will be hardly worth the candle.

The County Surveyor has arranged for a demonstration to take place this week in Williams' Marsh in fire fighting and the way to deal with incendiary bombs, and it is to be hoped that a large number of the group will be present.

Our Adjutant, Mr. Scott, is at present on vacation, and the Group hope he will have an enjoyable time.

Now that the Mission is over the various Sections are again hard at work—First Aid Classes, Fire Fighting, Transport and

the use of just will offer no difficulty here in Dungarvan for the purpose of cooking.

We have not yet tested its use in the boiler or furnace for heating, as we have 4 to 5 tons of anthracite in stock.

**CORRESPONDENCE.**

A letter from the Department of Education stated that the Minister is prepared to approve of payment of expenses; at the same rate and conditions as in 1940, to members of Vocational Education Committees appointed as delegates, and to officers authorised to attend the Irish Technical Education Association Congress at Dublin on 17th and 18th June.

Circular letters from the Department notified the holding of Summer course in Irish at Carraroe, Galway and at Ring College which had been sanctioned by the Department for teachers desirous of obtaining the Ceard Teastas Gaedilge. The letter also stated that an examination would be held at the conclusion of these courses.

Fr. Walsh suggested that the teachers be asked for their opinion regarding the matter. Between primary and technical education Irish is practically eclipsed. They would be glad if the teachers would attend the course and the greatest extent possible of Irish should be used in the school.

An Fear Mor—Things that you tell people in Irish they seem to hold them better than if told in English. This opportunity should be availed of to the fullest extent.

The C.E.O. reported that the Departments Technical School examinations had been duly held, including practical examinations in Domestic Economy.

The C.E.O. was directed to attend a conference at Cork on Friday, 30th May, between Department's inspectors and C.E.Os.

Mr. R. Tutty was appointed superintendent for the Irish Scholarship Exams. on Saturday, 7th June.

The C.E.O. reported that there were 77 applications from various centres in the county, 43 to sit for examination at Dungarvan and 34 in Waterford. There were 20 scholarships to be awarded in all.

It was decided that the scholarships be given in proportion to the students, this rule not to be carried out rigidly but as a rough outline of action.

Mr. D. S. Doyle, Architect, wrote certifying account from Messrs. Morris and Kavanagh, Quantity Surveyors.

Fr. Walsh said they made no definite contract and anyone tendered did so at his own cost.

**CONDOLENCE.**

The following vote of sympathy was proposed by An Fear Mor:—"That this Committee wishes to convey to Very Rev. Canon T. O'Brien, P.P. V.F., Dungarvan, our respected Chairman its deepest sympathy on the death of his brother."

The vote was unanimously passed, in silence, all members standing.

**Profession and Clothing Ceremony.**

A ceremony of Profession and Clothing took place at Nazareth House Hammersmith, London, on the 24th inst., feast of Our Lady Help of Christians, at the conclusion of a retreat given by Rev. Father McCauley, C.S.S.R., who also presided at the ceremony, assisted in the Sanctuary by Rev. R. Webb, B.A., St. Thomas More's, Seaford.

Miss J. Fairhall (Sr. M. Erconwald) and Miss R. Prest (Sr. St. Kentigern) received the Religious Habit.

Sr. M. St. Cronan (McKavanagh); Sr. Joseph Reginald (Weinmann) and Sr. M. Evangelist (Clancy), pronounced First Vows.

Sisters to make Final Vows were:—Sr. M. Thophane (Maher); Sr. M. Colette (Troy) of Nazareth House, Mallow, Eire and Sr. Joseph Hildegrade (Cleary) at Nazareth House, Salisbury, Rhodesia, South Africa.

The ceremony concluded with Benediction of the Blessed Sacrament, the Te Deum and prayers for the benefactors of Nazareth House.

Communication Squads, Police details, etc. have all resumed practical training.

On Wednesday evening (notwithstanding the attraction of Jimmy O'Dea) the Fire Fighting Squad attended at practice at the Lookout under the supervision of Mr. Ruddy McGrath, and the amount of work put in by the Squad was a treat to watch. That's the stuff boys!

metalling to be dumped and removal of the stones, with a view to their complaint, was to. Their thanks were due M.C.C. and Mr. T. Murphy, assistance they had given the matters about which they had also been attended to of their organisation in all bearing fruit. (Hear, hear, friend of theirs—a gentlemanly people, especially the poor district, owed much at the Mr. Justin Condon, was evening, and on behalf of generally he wished him a happy failure. (Hear, hear.)

Mr. Condon thanked the his very nice remarks, and who were present for their and hearty welcome. He had because of his realisation of the of the situation both at present future regarding the fuel especially where the poor were he believed there ought to be possible co-operation between cils generally on this and other the present time. Co-ordinating the different public bodies and cils was a necessity if really to was to be accomplished. Few had no idea of the gravity of of food and fuel, where necessary were concerned. Day by day, week the situation was becoming acute, and he dreaded the very the plight in which many would be placed in through essentials necessary to exist coming winter. The chief visit that evening was to confer about the cutting of turf on bog, which was partly at any Killeagh area. Mr. Condon the position regarding ownership and the steps he, in conjunction with Father Mortell, had already taken it opened up and worked by the Council. Up to the present it been successful, but they had of relaxing their efforts because rary check. (Hear, hear.)

The Secretary said he had Department ten days ago, but had no reply.

It was decided that the Form sent be again written to on the if necessary, a special council held to deal with any developments may arise.

A general discussion on the having the Monahree bog further with a view to its being open event of a drainage system been then took place, and arrangements made by which both Father Condon would endeavour as possible to advance, through Council if possible, and if feasible, then the possibilities of private enterprise will be before leaving, Mr. Condon the thanks of the council for and advice.

**Irish Red Cross**  
**ARDMORE BRANCH.**

The Rev. Fr. O'Byrne, P.P. last, presented those members who had passed the examination with their certificates entered and all passed with dard. The names are as M. Collis, Miss Agnes Fitzgerald, Miss K. Fitzgerald, Hurley, Mrs. McGarry, Miss O'Leary, Miss Agnes Prentiss, Miss Quinlan, Mrs. Spence. Fr. O'Byrne expressed his work which had been done in this branch. There had of first aid lectures, and one was now in progress, and valuable as, apart from the gained, they provided an for neighbours to know other better, and to work greater friendship and understanding.

Very grateful thanks were Ann Foley and Dr. J. N. Curran for those of home nursing, O'Farrell, M.O.H. for candidates in first aid.

The Hon. Secretary said the tors of St. Declan's College in branch the use of a room in

Killeagh Parish Council.

Mr. P. O'Neill, P.C. (Chairman) presided at the usual monthly meeting of the above.

Letters acknowledging the sympathy of the Council in bereavements sustained by them were read from Mr. Tom O'Mahony, Park, and Mr. J. H. Hogan, Killeagh.

The Chairman said that, as they all probably knew, the deputation appointed at their last meeting appeared before the County Council when that body recently met.

Their thanks were due to Mr. Carey, M.C.C., and Mr. T. Murphy, T.D., for the assistance they had given them.

Mr. Condon thanked the Chairman for his very nice remarks, and the members who were present for their warm greetings and hearty welcome.

WHEN NEXT REQUIRING A HAT TRY OUR CHRISTY'S LIGHT-WEIGHT SUMMER HATS. FOR QUALITY AND STYLE TRY WALSH'S, Draper, SQUARE DUNGARVAN

Late Mr. R. Fitzpatrick, Michael St., Waterford.

THE DEATH OCCURRED at his residence, Michael Street, Waterford, on Wednesday last, of Mr. Richard Fitzpatrick, after a very brief illness. Large numbers attended from every district in West and Mid Waterford, and the Shamrock Dance Band, Dungarvan, rendered excellent music. GREAT SENIOR FOOTBALL CLASH AT LISMORE. What promises to be a rare treat for Gaelic fans will be the meeting of Dungarvan and Knockanore in the Waterford senior football championship at Lismore on Sunday next, June 8th. Knockanore, last year's junior champions are making their first appearance in senior football ranks, and judging from their form last year, they are fit company for any of the senior teams in the county. Beating all before them in junior status last year, they are equally confident of bringing off the senior crown this year. In the O'Neills, Nevilles and Baldwin, they have some class footballers, who need no introduction to the Gaelic world. They believe in high fielding, long kicking. If Dungarvan are to survive Sunday's challenge they will need to be at full strength and all-out to defeat the might of Knockanore, who are renowned in song and story. Dungarvan, who last held the senior Co. crown in 1938 retained it from 1937, are travelling at full strength to Lismore. Nearly all of the Dungarvan players who won the final in 1937 and 1938 are available for Sunday's game. The "Old Boro" will have the service of Moylan, Good, Barron, Mountain, Waters, Walsh, Lannon and Curran, all well-known exponents of the big ball code, and with those a sprinkling of young players will constitute a useful Dungarvan combination. Enthusiasts are most anxious to see how the junior champions will fare against the "Old Boro." The answer will be at Lismore on Sunday next at 4 p.m., under the whistle of Mr. M. V. O'Donoghue, Chairman of the County Board. CINDERELLA DANCE AT PIKE HALL. A grand cinderella dance will be held at the above hall, on Sunday night next from 8 p.m. to 2 a.m. The music will be supplied by the Dungarvan Accordion Band, which is sure to attract a large crowd to this ever-popular dancing venue. The committee in charge of all arrangements for the dance have done their utmost to assure its success. THE POST OFFICE. In the Dial on Wednesday Mr. P. J. Little (Minister for Posts and Telegraphs) moved an estimate for £1,629,242 for the Department of Posts and Telegraphs. Mr. Little said that there had been quite a substantial drop in revenue during the past 12 months. Complete figures were not yet available, but it was estimated that compared with 1939-'40 the decrease would amount to about £200,000. FOOT-AND-MOUTH DISEASE, DEPUTATION TO MINISTER. A Deputation of the deputies from Co. Waterford, including Mr. P. J. Little, Minister for Posts and Telegraphs, waited on the Minister for Agriculture at Leinster House on Thursday, and on behalf of the farmers of Co. Waterford urged him to intensify, if possible, the efforts to prevent the spread of the disease. The deputation informed the Minister that the farmers had asked that racing and other sporting fixtures, as well as music festivals over a very wide area should be suspended. A member of the deputation stated that Dr. Ryan expressed his appreciation of the helpful attitude of the Co. Waterford farmers and assured the deputies that everything possible was being done to stamp out the disease. Mrs. Redmond, Mr. W. J. Broderick and Mr. M. Morrissey accompanied Mr. Little.

OPENING ANNOUNCEMENT MISS KATHLEEN MURPHY, of Clonpriest, Yougal, begs to announce that she has taken up practice, and is open to receive Maternity, General and Convalescent Patients at the NURSING HOME EMMET PLACE, YOUGHAL.

YOUGHAL URBAN COUNCIL

Present—Messrs. M. D. Broderick, chairman; D. McCarthy, R. Savage, P.C.; E. P. Lynch; T. Beausang, R. Power, P. J. O'Gorman, P.C.; J. Whelan, J. Daly, B.E.; R. C. Farrell, vice-chairman; E. D. Condon, T. K. Keane, solo.

Mr. W. Danne, Harbour Master, was also in attendance.

PROPOSED INCREASE IN DUES. Replying to the chairman, the Secretary said that he had received a reply from the Department of Industry and Commerce stating that they were considering the proposed increase in harbour dues.

REPAIRS TO QUAY WALL. The Harbour Master stated that the Engineer and he had examined the Quay wall which he reported in a bad condition. Engineer estimated the repairs would cost about £300.

CONGRATULATING MILITARY. Mr. O'Gorman, referring to the promotion on removal of Comdt. Halpin, said it was with mingled feelings of regret and congratulations the news had been received by the whole community.

Mr. Daly, seconding, cordially endorsed Mr. O'Gorman's remarks. He was everything that could be expected, as a soldier and a man and richly deserved any tribute they could pay to him.

Mr. Power said Comdt. Halpin was a soldier and a gentleman all through, giving a fine example to his officers and men (hear, hear).

The Chairman said they all gladly associated themselves with the proposition. The conduct and bearing of the officers and men under his command was most exemplary.

The Town Clerk asked to be associated with the proposition. He had frequent occasion of contact with Comdt. Halpin and he found him always to be all that had been said of him (hear, hear).

Mr. Daly proposed that they also extend congratulations to Comdt. Lewis, Capt. Kelly and MacAlister, who had been closely associated with Comdt. Halpin.

This was seconded by Mr. Savage and joined in by the other members and the Clerk.

CARETAKER OF DUNNE'S PARK. There were seven applications for the position of caretaker of Dunne's Park.

Mr. Power said it was simply ridiculous to appoint a caretaker for the Park in view of its present condition. It was absolutely dangerous as a playground, being full of stones and ruts.

The Chairman said the matter was on the agenda. The successful applicant need not take up duty until the place was put in proper order.

Mr. O'Gorman proposed, and Mr. Farrell seconded, Michael McCarthy, North Main Street.

Mr. Lynch proposed, and Mr. Beausang seconded, James Cashman, Mount Pleasant.

On a poll, both received six votes, and the Chairman gave his casting vote for James Cashman, who was declared appointed.

ACKNOWLEDGMENTS. Mr. Power begged to thank the Council, the Chairman and the Clerk for their kind vote of sympathy on the death of Mrs. Power's father.

Letters of acknowledgment of sympathy were received from Miss Harris, Trowl Hill, and Mr. J. Boland, the Mall.

NEW RELIEF SCHEME. Some discussion took place on the various works suggested by the engineer to be carried out under the forthcoming relief scheme.

The Clerk said among them was one dealing with the flooding of Tallow Street and the quay wall. As regards the extension of the protection works from the promenade onwards, the engineer estimated that it would cost £10 per foot.

Mr. O'Gorman—We will do the more essential works first.

Replying to Mr. Power, the Clerk said that the amount involved would be about £3,500, of which they would contribute about £300.

The Chairman said these relief schemes had saddled local authorities with an additional rate of 1/11 to 2/3 for works largely non-productive—footpaths, etc. There was no mention of a local contribution at first; that was an afterthought.

Late Top Dressing Are Safe

For some weeks now that extra sack per acre has seemed to be slipping through our grasp. All the more reason, therefore, why we should intensify our efforts to bring it off.

The man who, in an unfavourable season, can make two ears of corn grow where only one grew before will have earned an honoured place among the few to whom so many owe so much.

The way to higher yields is through nitrogen: a sack for a half a sack, 30s. for 10s., and the exquisite satisfaction from work well done.

Early top-dressings about March or April, when tiller formation in wheat is normally active, tend to increase the number of ears and the weight of the straw at harvest. They may turn a thin crop into a thick one.

May dressings tend to increase the ear but not the weight of straw. Therefore, with a May dressing there is a good chance of an increased yield of grain without causing lodging.

In other words, maximum yields are likely to be obtained from a May top-dressing of 1 cwt. sulphate of ammonia per acre applied to a crop that appears already to be all the land will carry.

Late dressings have also done well on oats. With Spring sown barley sulphate of ammonia is most effective when applied in the seed-bed.

Provided phosphate and potash are not lacking, 1 cwt. of sulphate of ammonia per acre will improve both yield and quality. For malting purposes a high starch content in barley is required.

In this case, therefore, sulphate of ammonia must be used with discretion. Feeding barleys are all the better for a high content of nitrogen. Consequently, nitrogenous dressing for these may be more liberal.

Owing to the lateness of the season and the fact that many fields both of oats and barley are only just "braiding," May top-dressings would be in place if nitrogen has not been harrowed in with the seed, and in all cases where wireworms are active an immediate top-dressing may be the means of saving the crop.

IMPROVING STRAW QUALITY. To prevent the vacant spaces filling up with weeds it would be well to mend with barley or even Italian rye-grass. The latter will have the worthwhile effect of improving the feeding quality of the straw.

Part to play in the feeding of farm animals next winter its quality deserves consideration. Nitrogenous manuring increases the amount of nitrogen compounds in the straw and the total weight of feeding material, also the straw is softer, less woody and of greater feeding value.

It is only when nitrogen is used in excess and the crop consequently lodges that the feeding value is impaired.

THEM. They were at present discharging a cargo of 300 tons of gas coal, sufficient to carry them right through the summer.

The Council expressed their genuine gratification.

Mr. O'Gorman said that in view of the recent scare, local and outside, he asked the Press to give the good news the publicity it deserved.

The Chairman said that the damage done by the advertisement would now be made good.

On the proposition of Mr. O'Gorman, it was unanimously decided to properly advertise the matter.

Mr. Power asked about the price of coke to local needs for the present, with a few certain exceptions.

Mr. Lynch said how they had got the gas coal, the pressure ought to be increased somewhat.

The Chairman said that might well be left to the discretion of the gas manager, who had had very great trouble handling the whole question for some time past.

PAYMENT OF COUNTY COUNCIL WORKMEN. The resolution of the Mallow Urban Council, dealing with the delay in payment of certain workmen under the County Council, was unanimously adopted.

The Chairman said that might well be left to the discretion of the gas manager, who had had very great trouble handling the whole question for some time past.

The Clerk said he had good news for the grievance.

CO. WATERFORD BOARD G.A.A.

At a meeting of the above on Tuesday night last at Egan's Hotel, Dungarvan, Mr. M. V. O'Donoghue, Chairman, presided. Also present were: — W. Walsh, D. McCarthy, J. Flavin, C. Ware, T. Kyne, J. Goode, M. Regan, J. Hayes, M. O'Connor, J. Ormonde, W. Sheehan, J. O'Donnell, M. Landers, Sgt. P. Kelleher, Dungarvan; P. Lynch, Killoosanty-Pike; D. Power, Portlawn; P. Duggan, Mt. Sion; Messrs. Creed and Grant, Erin's Own; J. Power and J. Orpen, Stradbally; J. Neville, Knockanore; and D. Goode, Secretary.

INTER-COUNTY MATCHES. The Chairman said the Board should protest very strongly against the way their senior hurling game versus Tipperary was postponed without this county being consulted or a meeting of the Munster Council. The Chairman added "It is just because we're Waterford that we are treated in this manner."

Mr. W. Walsh expressed the view that a Munster Council Meeting should have been called to straighten out the matter. He did not think anyone in Waterford wanted to take advantage of the fact that there was an outbreak of foot-and-mouth disease in Tipperary. They wanted to play the match.

Chairman—The question then arises when and where the match is to be played. The semi-final in hurling is on the first Sunday in July, therefore, the latest date this match can be played is 22nd June.

A letter was then read from the Farmers' Association asking the Co. Board not to take part in the championship with teams from the infected areas.

It was finally decided after much discussion that the two delegates to the Munster Council meeting on Saturday night next notify the Council of their willingness to let both junior and senior matches versus Tipperary stand. The senior hurling match to be played not later than the 22nd June, and the junior matches not later than June 29th.

OBJECTIONS. Lismore senior hurling team objected to Tallow being awarded the senior hurling game played at Lismore recently on the grounds that their team was illegally constituted.

The objection having been stated, Mr. W. Sheehan, Tallow, held that according to the rule the address on the envelope should have been written in Irish. As this rule was not complied with, the objection was ruled out of order.

TALLOW V. CAPPOQUIN AND WESTERN BOARD. This was a sequel to an incident which arose out of the reading of the referee's report on the match, Cappoquin v. Tallow, when the Divisional Secretary made an error in stating the time both teams took the field.

The Chairman said it was the duty of the Tallow representatives to ask what time both teams took the field. He then added that he was ruling out the objection on a technical point as the Western Board should have dealt with the matter first.

JUNIOR FOOTBALL—INTER-COUNTY SELECTION. A letter from Knockanore Club, last year's junior football champions, was read which stated that when picking the county football inter-county team they did not think senior players were eligible to play.

Sgt. Kelleher said a genuine error was made and requested that the junior selection be dissolved.

Mr. M. Regan, a member of the Selection Committee said he wished to hand in his resignation seeing that Knockanore had two selectors and in Dungarvan area there was no selector.

Mr. J. Neville asked that a selector from Dungarvan be put on the committee. Mr. Jas. Goode was appointed to fill the vacancy.

REGRADING. M. Phelan, Clonsa H.C., applied for a re-grading from senior hurling to junior hurling. The matter was referred to the Eastern Board for investigation.

When the referee's report was read regarding the Portlawn v. Clonsa match the two players who were put to the line for fighting were suspended for three months each.

DRAWN. S.H.—Erin's Own v. Mt. Sion, at Waterford, on June 15th or June 22nd. Referee, P. Gough, at 3.30 p.m. S.H.—Dungarvan v. Tallow, at Lismore, on June 15th or 22nd. Referee, M. Regan, at 3.30 p.m. S.H.—Portlawn v. Tallow or Dungarvan, at Dungarvan if Tallow, Referee, D. Goode. If Dungarvan, Referee, J. Ormonde. S.F.—Dungarvan v. Knockanore, on 8th June, at 4 p.m. Referee, M. V. O'Donoghue. S.F.—Stradbally v. Mount Sion at Newtown, on June 29th, at 4 p.m. Referee, J. Ormonde.

SOCCER CLUB. Dame rumour has it that a committee is being formed in Moorehill, to organise a soccer team during the coming season. The writer made inquiries into the matter, but all the information he could gather was that a suitable playing pitch was being inquired about, so they look like business. What will the local G.A.A. have to say to that? We wonder.

WEST WATERFORD

ANNUAL GENERAL MEETING CLASHMORE C.T.A. At the annual general meeting of the Clashmore C.T.A., Mr. W. Walsh, president, was in the chair.

The supervisor's report was read and Mr. Walsh wished to submit to you the year's association for the year 1938 members' records with 214 cows and 100 pigs. Complete records are available and their average milk yield and their average butterfat test of 3.66 per cent. This shows a decrease of 24.39 lbs. butterfat in comparison with the year 1937—a decrease which may be due to the disastrous effects of 1937 and autumn.

The best individual cow was old registered Shorthorn, the property of Mr. M. O'Donoghue, who yielded 8,799 lbs. of butterfat and with an average yield of 117.94 lbs. per cow. This cow earned £3 11s. 6d. a difference of £13 18s. 6d. the good cow.

The five best cows in the county gave an average yield of 8,100 lbs. of butterfat and a 3.67 per cent. test, whereas the five best gave an average yield of 8,100 lbs. of butterfat and a 3.67 per cent. test, whereas the five best gave an average yield of 8,100 lbs. of butterfat and a 3.67 per cent. test.

The following are the yield of 3-year old heifers: — Miss "Lil" O'Connell gave a yield of 3,122 lbs. of butterfat and a test of 3.67 per cent. Miss "Lil" O'Connell gave a yield of 3,122 lbs. of butterfat and a test of 3.67 per cent.

There were 5 cows presented for entry in the Dairy Competition. At present there are 10 cows in the association. The Cattle Price Scheme organised by the Committee of Agriculture for the best cow shown at the show was awarded to Mr. James O'Connell's prize cow, "Rose" second prize was awarded to the best heifer offered.

There were 5 cows presented for entry in the Dairy Competition. At present there are 10 cows in the association. The Cattle Price Scheme organised by the Committee of Agriculture for the best cow shown at the show was awarded to Mr. James O'Connell's prize cow, "Rose" second prize was awarded to the best heifer offered.

A summary of cows with a yield of 3,000 gallons or more is as follows:—13 cows with a yield of 3,000 gallons or more, 50 between 400 and 500 between 500 and 600 and 700 gallons, and three a yield of 600 gallons.

The aim of every cowman should be to increase his yield of milk and to increase his yield of milk and to increase his yield of milk and to increase his yield of milk.

Mr. W. Walsh then advised members and advised them to get their catch crops for the coming year. Mr. W. Walsh then advised members and advised them to get their catch crops for the coming year.

KILGOBINET WIN REPLAY.

Players, Referee and Spectators Engage in Fistic Combat.

Kilgobinet, 0-3; Kilrossanty-Pike, 0-1. At the Gaelic Field Dungarvan on Sunday last two matches were played in the current year's championship...

MINOR HURLING.

A magnificent Dungarvan selection of well-trained hurlers played havoc to a strong Abbeyside team. The Village lads held out well for the first quarter but they lacked the staying power so evident in the Dungarvan side...

While every member of the Dungarvan side acquitted himself brilliantly, Jackie Goode, Harrington, Moloney and O'Brien were the most conspicuous of the galaxy and ran out winners with a final score of 15-2 to 0-2.

KILGOBINET V. KILROSSANTY-PIKE.

These teams met previously on March 23rd when the Comeragh side emerged victors on the score, 2-5 to 1-0. On an objection by Kilgobinet, this match was declared null and void and a replay was ordered by the Western Board...

The game was a desperate struggle for supremacy and knocks of the heaviest calibre was the order of the day. From the outset it was evident that the referee's task was a very difficult one, and he was forced to terminate the game some 4 or 10 minutes from the end owing to the encroachment of the spectators on the playing pitch...

From the opening exchanges Kilgobinet got away and John Power (the veteran Kilgobinet player, now playing 24 years in championships) saved well. Kilgobinet returned from mid-field per Flynn and Walsh and Tom Fitzgerald pulled down a high kick from Devine. The Comeragh side forced a head per D. Walsh and J. Mullaney, and Fitzgerald got the forwards going for a wide. Even play followed but eventually Kilgobinet forced the attack, but the back line, in which J. Power and M. Lynch started were equal to any opposition. The Kilrossanty-Pike goalkeeper, "Billy" Power was next called on to save his side which he did in brilliant fashion...

Half-time score—Kilgobinet, 0-1; Kilrossanty-Pike, 0-0. On resuming Kilgobinet faced the sun and were defending the road goal. Shortly after resuming Jimmy Collender put both teams on level terms when he lifted the ball over the bar from 30 yards out. The Kilgobinet lines were under hard pressure and it was thought that their opponents would pile up the score but P. Bunford, J. Moloney and J. Hickey were equal to the occasion and beat of several attacks...

Outstanding for Kilgobinet were P. Dunford, J. Hickey, P. Moloney, L. Mahony, T. Beston, Stan Walsh, and D. Flynn. The lavers were best served by "Billy" Power, John Power, T. Fitzgerald, Davy Walsh, J. Mullaney, M. Lynch, Wm. Power, Pat Walsh and J. Collender. With a few practice matches Kilgobinet should spring a surprise in the championship.

Championship Replay at Castlemartyr.

Youghal Win Hectic Bout By Narrow Margin.

YOUGHAL, 4-4; KILCRONAT, 4-2. In last Sunday's brilliant sunshine the beautifully laid out and well kept Gaelic pitch at Castlemartyr was at its best and a big gathering of hurling enthusiasts from this district as well as from the surrounding parishes turned out to witness the Junior hurling championship replay between Youghal and Kilcronat...

In the first half of the match the pace was exceedingly fast and the fact that the players stood it so well was a tribute to their training. Power saved a ripping shot from Barry, but from an opening in the ensuing exchanges Youghal got through for a sensational goal. Nothing daunted Kilcronat fought strongly to equalise and Owen Casey, by a clever piece of work again had them on the offensive. The short whistle left the position—

FIRST HALF.

Kilcronat played with the sun at their backs and had no time in raiding the territory of their opponents—their stay was short lived; the Youghal men worked back to midfield and here Barry getting possession, a mighty effort on his part saw the flag go up for a Youghal point a minute from the start. The Youghal supporters were jubilant but the crossing of the flags and goal centre denoting a disallowed score damped their spirits somewhat. Buckley fed a Kilcronat invasion and Lynch and Mullaney added their weight but though the Youghal backline of defence was penetrated the goalie brought off a marvellous save and Sullivan sent well down the field. Drake put Buckley again in possession and a mighty Kilcronat war whoop heralded the hoisting of the white flag. From the pack out Youghal launched a vigorous attack and Power and Hurley were called on time and again to assist the Kilcronat goalie in defending the citadel. Finally play reached midfield and here O'Loughlin got possession and once again the Kilcronat posts were in jeopardy. Burke relieved the pressure and in a twinkling the Youghal backs had to go all out to save their own net from falling. Mullaney tried hard to get through but McCarthy sent back to the wing and a terrific onslaught at the other end saw the Kilcronat backs concede a 70 which O'Loughlin placed well but the defence held out and Roche was playing a grand spring to the other end. The Kilcronat forwards dashed in full of eagerness, but McCarthy again cleared and only a wide result. From a rut in O'Callaghan (Youghal) got a white flag and the teams were on level terms and the spectators keyed up to a high pitch. O'Loughlin sent a grand spring into the Kilcronat goalmouth but Hurley pulled on the dropping ball and sent it right in to the Kilcronat forward division. When saving the Youghal backs conceded a 70. Condon improved the effort with a daring shot across the goal-mouth. Mullaney made a great effort to turn it into the net but just failed and the ball went dead. Kilcronat, still on the offensive, again wiled and then O'Neill and O'Loughlin relieved the pressure on the Youghal end but the respite was temporary. Buckley meeting a ball in the air drove it back with the force of a bullet. McCarthy and Condon had a vigorous bout. O'Neill, Barry and O'Loughlin combined splendidly and it looked as if the Kilcronat defence would succumb to the determined Youghal efforts to get through. Power saved and a free to Kilcronat eased the pressure on their lines. Roche sent it well in and in the ensuing melee in front of their own goal a Youghal man was injured, but after a time resumed. A 70 to Kilcronat

players and most of the spectators were in a free fight. After some time the referee had the game going again when Kilgobinet got two points in quick succession. The Kilgobinet men were now playing, they well and looked like winners. They were playing better football than their opponents. A Kilrossanty-Pike player was down injured and in a few seconds players' referee and spectators were involved in a hectic combat. When the field was cleared and the teams lined up again the referee blew the final whistle and awarded the game to Kilgobinet, some 9 or 10 minutes from the end.

Outstanding for Kilgobinet were P. Dunford, J. Hickey, P. Moloney, L. Mahony, T. Beston, Stan Walsh, and D. Flynn. The lavers were best served by "Billy" Power, John Power, T. Fitzgerald, Davy Walsh, J. Mullaney, M. Lynch, Wm. Power, Pat Walsh and J. Collender.

brought no advantage. The pace was exceedingly fast and the fact that the players stood it so well was a tribute to their training. Power saved a ripping shot from Barry, but from an opening in the ensuing exchanges Youghal got through for a sensational goal.

RED CROSS NOTES

On Sunday next, the 8th June, the Irish Red Cross Society, through the medium of its branches all over the country, makes an all-Ireland appeal for essential funds. We here in Dungarvan relay that appeal in the branch area in the confident hope that it will meet with the wholehearted support it deserves.

As you are aware the Irish Red Cross Society, which is an independent autonomous branch of the International League of Red Cross Societies, is a voluntary humanitarian organisation pledged to give volunteer aid to military and civilian casualties in time of war, to furnish relief to victims of war and in time of peace or war to carry on and assist in the improvement of health, the prevention of disease and the mitigation of human suffering throughout the world.

At the end of May a total of 14,000 members, prepared to man volunteer first aid services, had qualified in first aid, while approximately 1,000 ladies had received the home nursing certificate, another 1,000 having just completed the course of instruction and awaiting examination. First aid posts were established in the four hundred towns throughout the country, expenditure on medical equipment and stretchers for some totalling £2,360/15/0, and sanction had been given for expenditure on the establishment of stations in the remaining large towns and villages having suitable qualified personnel. Dressing tins, bandages etc. made by the various depots had been supplied to the branches. Army and L.D.F. at a cost of £8,271/15/0, sixty ambulances had been acquired by the Society and equipment for use at a total cost of £8,271/17/0 and arrangements had been made for the use of four hundred emergency van ambulances if and when required. At the moment two types of first aid divisions are in process of organisation throughout the country, one to provide essential casualty service for the L.D.F. and the other to cater for all other types of casualties.

NATIONAL BLOOD TRANSFUSION SERVICE. In addition to the foregoing primary needs of a first aid service the Society has organised a National Blood Transfusion Service at a cost to date of £370/19/8 for laboratory tests etc. The following is the position with regard to volunteers whose blood had been tested up to the 29th March, 1941:—Co. Carlow—242, Co. Cavan—422, Co. Cork—329, Co. Donegal—154, Co. Dublin—256, Co. Galway—61, Co. Kerry—157, Co. Kildare—32, Co. Leitrim—18, Co. Leitrim—59, Co. Limerick—155, Co. Longford—36, Co. Louth—0, Co. Mayo—273, Co. Meath—0, Co. Monaghan—0, Co. Offaly—118, Co. Roscommon—0, Co. Sligo—38, Co. Tipperary—242, Co. Waterford—315 (volunteers to date), Co. Westmeath—134, Co. Wexford—209, Co. Wick—212, Co. Kilkenny—127.

Approximately 12,000 refugees from England were met and cared for at the various Irish ports. Hot meals were supplied in all night accommodation provided where necessary, children and babies were taken care of, medical attention given as required and unattended children seen safely to their place of destination. It does not need a very lively imagination to realise what such care meant to the weary dazed victims of 1916 warfare, many numbed by the loss of everything they held dear in this world, and possessing only the clothes they wore, and all in urgent need of a patch of helping hand. Up to the 31st March, 1941, £3,043/18/6 had been expended by the Society in Ireland in the relief of distress arising out of war, and the following grants had been made for similar work in other countries:—Finnish Red Cross Society, £2,005/15/6; British Red Cross Society, £1,000; International Red Cross Society for French refugees, £1,000; Turkey Red Cross Society, £500/10/0; International Red Cross Society for Polish refugees, £500; China Red Cross Society, £500; Greek Red Cross Society, £500.

At a later date when war approached nearer home and Belfast refugees poured South the Irish Red Cross Society took cognisance of the apparently chaotic situation.

DISEASES OF ANIMALS COMMITTEE.

Sheep Dip Contract Divided.

Mr. Commissioner S. J. Moynihan, Chairman, presided at a meeting of the above on Saturday last, at the Courthouse, Dungarvan. Also present were:—Messrs. Dunbar, Thomas Flynn, Patrick B. Sheridan, Thomas Flynn, James Fenton, James Hourigan, and Martin Kelly. Messrs. R. P. Byrne, C. P. Hynes, and J. Walsh, Local Authority Veterinary Inspectors, were also in attendance. The Clerk stated that he had received a telephone message from Mr. W. J. O'Donoghue, Veterinary Inspector, regarding his inability to attend the Meeting and stating that he had been instructed that morning by the Veterinary Officer, Kilkenny, to deal with a suspense case of Foot and Mouth Disease in the County Kilkenny.

ACKNOWLEDGMENT.

Mrs. Nan Walsh, Ballyduff, Dungarvan, wrote conveying her sincere thanks to the Executive Committee for their kind message of sympathy.

ACKNOWLEDGMENT. Mrs. Nan Walsh, Ballyduff, Dungarvan, wrote conveying her sincere thanks to the Executive Committee for their kind message of sympathy. SHEEP DIPPING REGULATIONS, 1941. Acknowledgments of the Committee's Resolution, recommending alteration of the Sheep Dipping Period, received from Mrs. B. M. Redmond, T.D., Mr. P. J. Little, T.D., and Mr. Michael Morrissey, T.D., were read.

The Minister for Agriculture, in a letter, stated that the proposed Sheep Dipping Regulations adopted by the Committee for the current year may be regarded as approved but that it was, however, to be understood that, in the event of unfavourable developments in the position with regard to Foot and Mouth Disease, it may be necessary to suspend public dipping arrangements.

CONCRETE FLOORS FOR CATCHING PENS.

The Minister for Agriculture, in a letter stated that he would offer no objection to the Local Authority incurring an expenditure of £14 in connection with the laying of concrete floors in the reception pens of four public sheep dipping centres in the Youghal District, viz., Clashmore, Piltown, Boola and Whiting Bay.

At a meeting of the South Tipperary County Committee of Agriculture, regarding the question of coal supplies from Slieveardagh Collieries, Senator Quinn said he believed the only thing holding up the work was the question of machinery. Attempts were being made to get machinery from America, and he believed the chances of getting it were good.

WELL AT TRAMORE.

Mr. J. O'Rourke, B.E., inspected the well at Farnham, Mr. E. Walsh, and stated in inspecting the well and the approach would be about £20. The matter was referred to the engineer who was directed by the Board to carry out.

DISEASES OF ANIMALS REPORTS.

Reports were read from the Garda Síochána and from Mr. Hayes, V.S., Veterinary Inspector, relative to suspected outbreak of swine fever on premises at Andrew Murphy at Catherlough, Hill, Kilmacshane, which, on investigation was not confirmed. Reports from An Garda Síochána and from Mr. Mulcahy, V.S., Veterinary Inspector, relative to outbreak of sheep scab on premises of Richard Skeel Walsh at Ballydoonagh, Ballymossney, Clontarf. The animal affected was a hogget of unknown ownership which strayed into Mr. Walsh's lands.

In Dublin alone 500 such refugees were housed, fed and clothed for many weeks while all over the country, particularly in Counties Louth, Dublin, Cavan and Sligo, the effective helping hand of the Society was unfailingly at the disposal of refugees. Again when in the early hours of Saturday, the 31st May, tragedy struck the city of Dublin the Irish Red Cross Society was once more to the fore in its work of mercy. All along the line whenever tragedy stalks there will you find the humanitarian hand of the Red Cross Society.

Co. Waterford Committee of Agriculture.

At a meeting of the above on Saturday, May 31st, Mr. T. Flynn, presided. Also present were Commissioner S. J. Moynihan, P. B. Sheridan, P. R. Power, J. O'Dwyer, Secretary, and Messrs. D. Hurley, A.I. and P. O'Shea, H.I.

AGRICULTURAL SCHOLARSHIPS.

A letter was read from the Director of the Albert Agricultural College, Glasnevin which stated that they wished to convey to the Committee the appreciation of the authorities of University College for their proposal to offer a scholarship (tenable at this college for the session commencing October next). The letter added that the examination would be held towards the end of July. The committee would be notified of the exact date and the centre of the examination as soon as they would be fixed.

SILOS.

A letter from the Department stated that the Minister had approved of the resolution adopted by the committee for the erection of silos, subject to the inclusion in the scheme of the following conditions:— (1) Each silo should be circular and shall be erected on an approved site and constructed of mass concrete suitably reinforced or of concrete blocks as described in the Department's leaflet No. 195. (2) The internal diameter of the silo shall not be less than 14 ft. and the internal height not less than six feet.

The communication also stated that the allocation of the committee of a sum of £50 for the purposes of the scheme is approved. The matter was noted.

ITINERANTS AND FOOT AND MOUTH DISEASE.

The Carlow Co. Committee of Agriculture sent the following communication:—The following resolution was unanimously adopted at a meeting of the above Co. Committee held on the 29th inst. It shall be obliged if you will kindly submit it to your Committee for consideration by them.

Proposed by Mr. T. Hayden, seconded by Mr. Kavanagh and passed unanimously: "That owing to the risk of spreading foot-and-mouth disease the Department of Agriculture be asked to issue regulations and to designate the movements of itinerants, especially those using caravans."

COAL FROM SLIEVEARDAGH.

At a meeting of the South Tipperary County Committee of Agriculture, regarding the question of coal supplies from Slieveardagh Collieries, Senator Quinn said he believed the only thing holding up the work was the question of machinery. Attempts were being made to get machinery from America, and he believed the chances of getting it were good.

WELL AT TRAMORE.

Mr. J. O'Rourke, B.E., inspected the well at Farnham, Mr. E. Walsh, and stated in inspecting the well and the approach would be about £20. The matter was referred to the engineer who was directed by the Board to carry out.

DISEASES OF ANIMALS REPORTS.

Reports were read from the Garda Síochána and from Mr. Hayes, V.S., Veterinary Inspector, relative to suspected outbreak of swine fever on premises at Andrew Murphy at Catherlough, Hill, Kilmacshane, which, on investigation was not confirmed.

WELL AT BALLYMOR.

Dr. O'Farrell, Co. M.O.H., inspected the well at Ballymor, Co. Wick, and stated that the total population of the district is from the date of a spring well nearby. It could be procured at a cost of £200. The matter was referred to the engineer who was directed by the Board to carry out.

SOLVE YOUR PROBLEM BY INSTALLING AN ESSE... CALL AND INSPECT... M. MOLONEY, Bridge St., D.

WATERFORD BO PUBLIC HEA

At a meeting of the above on Wednesday, 11th inst., Mr. J. O'Rourke, B.E., presided. Also present were Commissioner S. J. Moynihan, P. B. Sheridan, P. R. Power, J. O'Dwyer, Secretary, and Messrs. D. Hurley, A.I. and P. O'Shea, H.I.

TRAMORE PARISH C.

The following resolution was adopted by the Secretary of the Council:— "That in view of the fact that the poor section of the parish is suffering from the small ration of tea available almost complete absence of it was unanimously approved by the County Board of Health to the working of the Free Milk Scheme as possible."

The matter was referred to the Home Assistance for report. The following resolution was passed:— "That having regard to water supplies are likely to be owing to the difficulty of access for the Pumping Station, the Board of Health be requested to have cleaned, at least twice yearly, out of the list supplied by the TRAMORE PUBLIC HEALTH COMMITTEE."

Mr. J. F. Keogh, Secretary, Public Health Committee, reported on the meeting held on May 28th as follows:—The Secretary stated that the Surveyor had directed him to meet with the water supply at 10 p.m., owing to the shortage of water being shut off at 10 p.m. the month of June.

P. Connors (Waterworks) said two water tanks be cleaned and repaired. The committee recommended be employed during the summer months to clean the case last season, to keep the tanks clean, to keep the tanks clean, to keep the tanks clean.

It was decided to notify the engineer who was directed by the Board to carry out.

Mr. W. H. Jephson, B.E., inspected the well at Farnham, Mr. E. Walsh, and stated in inspecting the well and the approach would be about £20. The matter was referred to the engineer who was directed by the Board to carry out.

Mr. J. O'Rourke, B.E., inspected the well at Farnham, Mr. E. Walsh, and stated in inspecting the well and the approach would be about £20. The matter was referred to the engineer who was directed by the Board to carry out.

Mr. J. O'Rourke, B.E., inspected the well at Farnham, Mr. E. Walsh, and stated in inspecting the well and the approach would be about £20. The matter was referred to the engineer who was directed by the Board to carry out.

Mr. J. O'Rourke, B.E., inspected the well at Farnham, Mr. E. Walsh, and stated in inspecting the well and the approach would be about £20. The matter was referred to the engineer who was directed by the Board to carry out.
