DUNGARVAN FEIS.

A RECORD SUCCESS.

Big Entries and Keen Competition.

The Dungarvan Feis, revived after a lapse of ten years was held in the Christian Brothers' Grounds on Sunday last. It was a record success from the point of view of entries, while competition for the various items in the different age groups was of the very keenest kind and the standard reached of a very high order.

The success which attended their efforts is a great tribute to the organising committee, considering the very short time which they had at their disposal, and in this respect the committee got unstinted and indefatigable service from Miss B. Christopher, Hon. Sec., Mr. P. J. Morrissey, Chairman, and the Organiser, Mr. James Cleary.

The entries totalled 880.

Votive Mass was celebrated in the Parish Church, by Very Rev. Canon O'Brien, who was accompanied on the platform by Rev. T. B. Walsh, B.A., C.C.; Rev. Fr. Baldwin, C.C.; Rev. Fr. McGee, O.S.A.; Rev. Fr. Flatley, Dungarvan; An Fear Mor; Mr. Morrissey, T.D.; Commissioner S. J. Moynihan; Dr. D. T. McCarthy; Dr. M. A. Casey, Mr. M. V. O'Donoghue, Chairman, Waterford County Board, G.A.A.

ADDRESS BY AN FEAR MOR.

An Fear Mor, in the course of his Irish speech, said that the children of Dungarvan were a credit to the schools of the town. He always made it a point to speak to them in Irish, and the readiness and enthusiasm with which they answered his queries showed the thoroughness in which they were being taught the language in the schools. All honour to the men and women who are forging the broken link and joining up the education of the present with the glorious traditions of the past. In that respect it was a great contrast with the conditions that prevailed here in 1910 when Dr. Henery made his famous speech at Feis na nDeisibh. On that occasion the learned doctor gave a vivid description of a visit to the National School at Bine, where English was being rammed down the throats of the little children. Amongst other things that Dr. Henery said was that there was a great difference between us and all the other peoples of the world, in that every other people honour their language and traditions, customs and manners much more than the manners and customs of other peoples. We prefer the shabby and

amusements of the foreigner to the fine healthy, hearty athletics of the Gael. Other nations were studious and learned; we are without books, without learning. They regard as honourable their own attainments. Nothing with us is noble unless it comes across the water. They have courage and resource, because they rely upon and honour their own people, while we have despised and ignored the great traditions of our race. We cannot take pride in our ancestry because we are not acquainted with what they have achieved, and consequently we are a prey to every fad and fashion that is imposed upon us from without. Dr. Henery said An Fear Mor, concluded with an earnest exhortation to his audience to speak Irish continually to their children, as that was the only way in which the nation could recover its freedom and self-respect. Time has shown that the advice given by Dr. Henery at Feis na nDeisibh thirty years ago was based on a profound insight to what was the best and most advantageous policy for the elevation and regeneration of the people of Ireland.

The other speakers included: Very Rev. T. Canon O'Brien, Rev. T. B. Walsh, Commissioner Moynihan, Dr. McCarthy, Dr. Casey, Mr. O'Donoghue and Mr. Seamus Cleary.

OBITUARY

LATE MR. P. MOLONEY.

It is with deep regret we announce the death of Mr. Patrick Moloney, Lisfennel, Dungarvan, which took place at his residence on Thursday, June 26th, after a brief illness and quite unexpectedly.

The deceased young man was a member of a well-known, highly respected and widely connected family prominently identified with the farming and commercial life of the county. Of a quiet and inoffensive disposition, the deceased was a general favourite, and his numerous friends deeply deplore his early demise.

In his early days he was a keen footballer and helped the Dungarvan footballers in many a hard-fought game.

There was a very large attendance of relatives and the general public present at the removal of the remains to the Parish Church, Dungarvan, on Friday evening, where on arrival the coffin was received by Rev. Denis Power, C.C., who read the prayers for the dead.

On Saturday, after the celebration of Masses of Requiem for the happy repose of his soul, interment was made in the adjoining cemetery, where there was again a very large assembly of relatives and friends.

Rev. Father Power, C.C., assisted by Very Rev. T. Canon O'Brien, P.P., V.F., officiated at the graveside.

The chief mourners were Mrs. Moloney (widow); Miss Kathleen Moloney (daughter); Mrs. Stokes, Dungarvan; Mrs. Lynch, Ballyduff; Mrs. Ryan, Cork, and Mrs. Maher (sisters); Mr. Michael Moloney, Skeharrine (uncle); John Lynch, Ballyduff (nephew); Mrs. Spratt, Miss C. Leahy (nieces); John Lynch, Ballyduff; Thomas Ryan, Cork; Pk. Ryan, Fermoy; John Leahy, Whitechurch (brother-in-law); Mrs. Meegan, Bandon; Mrs. Linehan, Conna; Miss Ryan, Fermoy; Mrs. T. Ryan, Cork; the Moloney family, Skeharrine; Matt and D. Kieley, Moona-kirka; Mr. Michael McCarthy and Dr. D. T. McCarthy, Abbeyside; Mrs. Shalloe, Mrs. Mathew Moloney and family; Mrs. Coffey, Bannahon; Miss M. O'Meara, Dungarvan; Mr. and Mrs. E. Spratt, do.; Mr. and James Cummins, Island; James and Mrs. McCarthy, Abbeyside; Mrs. M. Shalloe, Mrs. Matthew Molony and family; Mrs. Walsh and family, Grange; Mr. Jas. Linehan, Conna; Mr. and Mrs. T. Ryan, Killyworth; Mr. James Barry, Fermoy; Thomas Curtin, Rathgormack; James O'Brien, Fermoy; Sergeant and Mrs. Vaughan, Ring; the Walsh family, Old Parish; the Wynne family, Killosera; etc., etc.

LATE MR. JOS. HACKETT

The death took place at the Hospital, Dungarvan, on Tuesday morning, July 1st, of Mr. Joseph Hackett, O'Connell Street.

The deceased gentleman, who had reached the fine age of 83 years, was brother of the late Dr. B. Hackett, Lord Bishop of Waterford and Lismore, and the late Dr. J. C. Hackett, "The Beeches," Dungarvan.

Of a quiet and retiring disposition, the deceased was a very popular figure, and the news of his demise was received with sincere regret by a very big circle of friends and acquaintances throughout the county. He was a noted sportsman and one of the best judges of the various breeds of the canine tribe in the district. A crack shot with a fowling piece, he was always happiest when roaming the countryside with dog and gun on a river bank landing trout, at which he was an expert.

A very large cortege of mourners and friends attended at the removal of the remains to the Parish Church, Dungarvan, on Tuesday last, where on arrival the coffin was received by Very Rev. Canon O'Brien, Very Rev. Father McGrath, P.P., Ring, Rev. P. Farrell, C.C., Dungarvan, and Rev. M. Power, C.C., Abbeyside.

OBITUARY

LATE MR. THOS. BURKE.

Another well-known resident of the area passed to his eternal reward on Wednesday last in the person of Mr. Thomas Burke, Gliddane. His death at a comparatively early age, and after a brief illness, came as a great shock to all who knew him, and much sympathy is extended to his sister and brother in their bereavement.

The remains were removed to Kilgobnet Parish Church on Wednesday evening, where the coffin was received by Rev. J. J. Power, C.C., who read the prayers for the dead.

Interment was made in the adjoining cemetery on Thursday morning, after the celebration of Requiem Mass for the happy repose of his soul, Rev. Father Power officiated at the graveside.

CORRESPONDENCE.

To the Editor, "Dungarvan Observer."

Appropo the publication in a recent issue of the secretary's report, read at the meeting of the County Libraries Committee, while same furnished much information on many matters, it is to be regretted that no reference was made to the condition of the library buildings, boundary walls, and plots surrounding. On a recent visit to the Talow Library a visitor was heard to remark: "Shades of Carnegie! Such neglect! If the late Mr. Andrew Carnegie could only see this condition of affairs, would he wonder why the Noxious Weeds Act, 1936, and orders under same, were not being enforced by the powers that be."—Signed.

"PRO BONO PUBLICO."

(Name enclosed but not for publication.) "Co-operation with a united and friendly Ireland is to-day more vital than ever," declared Mr. William Gallacher, M.P., at a Press conference on Thursday last. "Co-operation with Ireland can only arise when there is unity and independence for the Irish people. Given an end to partition, the road is open for an understanding between the two islands; and for co-operation."

DUNGARVAN URBAN COUNCIL.

Dance Licence Question.

Mr. Thomas McCarthy (Vice-chairman) presided at the weekly meeting on Friday last. Other members in attendance were Messrs. J. J. Crotty, Michael Connors, and J. Dahill.

WAGES, ETC.

A paysheet for £27 9s. 1d. week's wages was presented and passed.

AMENITY UNEMPLOYMENT RELIEF SCHEME.

Mr. Hassett, B.S., reported as follows:—"Further to my letter of the 8th inst. I beg to submit the following: The scheme proposed by me and approved by you is, of course, an extension of the scheme proposed by Messrs. Delap and Waller in June, 1940. As already reported, the canal trough is not large enough to contain the flood water during the lock-in period of high tide. It is now proposed to dig out the low ground on the south side of the canal (coloured blue on the accompanying map). This spoil can be used to strengthen the new banks built in the carrying out of the 1940 scheme. It is also proposed to raise the level of the Marsh (coloured green) to a level of 10 O.D. As pointed out in my letter already referred to (copy of which I attach), this work would be too much to undertake with the amount of money that may be available, but could be proceeded with by degrees. Most of the filling necessary to the carrying out of the scheme now proposed can be obtained at the old dump near the railway station (coloured blue on the map). An agreement to obtain this has been reached with the railway company. The proposed scheme therefore, on the south side of the canal: (1) Digging out portion coloured blue, cleaning canal and using spoil to reinforce bank on north side of canal; (2) digging out and shifting approximately 2,000 yards from railway bank to Marsh and dressing to levels on latter; the work would entail the employment of 50/60 men, including carters, for a period of about 10 to 12 weeks, or allowing for broken time, etc. 14 weeks. This work is essentially a fine weather job, in as much as it can be only economically done in dry weather owing to the soft state of the ground, etc. In winter, therefore, the work would be interrupted. (3) Tools—In regard to these a large quantity of these remain on hands since last scheme, and the cost of them should not, even when added to the compensation of 3d. per cubic yard be more than 7½ per cent. to 10 per cent. of the entire work, which is provisionally fixed at £950 (see my letter already referred to). The employment of clerk of works and one or two foremen would also be necessary. This scheme can be usefully extended from time to time. When the work has been completed the field now known as the Marsh can be utilised as a public park, or any other purpose that the Council may desire.

THE DANCE LICENCE.

A deputiation consisting of Mr. N. Kelly, representing the L.D.E., Mr. Cross, and Mr. Patrick Ryan, representing the Dickens

Co. Waterford Vocational Education Committee.

At a meeting of the above, held in the Sgoil na Ceard, on Monday, June 30th, Very Rev. Canon O'Brien, P.P., V.F., took the Chair. Also present were An Fear Mor, Professor M. H. O'Hara and Mr. Liam O'Meehan.

CORRESPONDENCE.

The Department of Education wrote requesting the early consideration of the Educational Scheme in the County for the Academic year, 1st September 1941 to 31st August, 1942. The C.E.O. said he had arranged to keep the teachers at fairly convenient centres.

IRISH SCHOLARSHIPS.

A communication from the Department approved of the arrangements for the award of 20 scholarships in Irish value £8 each and tenable at an approved Irish college.

PARAFFIN OIL.

The Minister for Supplies wrote stating that he was unable to grant a permit for the use of paraffin for Domestic Economy and Manual Instruction classes.

WHOLE-TIME APPOINTMENT.

Mr. Sean O h-Obain, part-time Irish teacher was appointed to the whole-time position.

LECTURES.

The C.E.O. submitted arrangements for a series of lectures by domestic economy teachers during the month of July. The arrangements were adopted.

SHORTHAND-TYPING.

The C.E.O. reported that Miss K. Fitzgerald, a student of the Day Commerce classes for the past two years was the successful candidate out of 22 who sat for an examination for shorthand-typist in the Co. M.O.H.'s Office.

"101 AND ALL'S WELL."

Miss Alice Green, Brighton Villas, Youghal, has just celebrated her 101st birthday. She was presented by her friends with a birthday cake, inscribed "101 and All's Well." She is a near relative of the late Mr. Green, the well-known traveller and inspector of fisheries.

SYMPATHY.

On the proposition of Mr. Crotty, seconded by Mr. Dahill, a vote of sympathy was passed with the widow, daughter and other relatives of the late Patrick Moloney, Listennel.

THE DANCE LICENCE.

A deputiation consisting of Mr. N. Kelly, representing the L.D.E., Mr. Cross, and Mr. Patrick Ryan, representing the Dickens

IRISH SUGAR BEET GROWERS

Meeting of the Council of the Association.

At a fully attended meeting of the Council of the Irish Sugar Beet Growers' Association, Ltd., held in Dublin on the 26th June, and presided over by the Chairman, Mr. Wm. Mullins, a discussion took place on the advisability of urging the Government to remove permanently the present live-stock market from Prussia Street to Northwall. It was pointed out that at present farmers' consignments are first of all taken to local lairages on Wednesday evening, and at an early hour on Thursday morning transferred to the market, often a considerable distance, and thence after sale by road to Northwall. This entailed considerable expense to the owners, hardship to the stock, and deterioration in the carcasses of the beasts when slaughtered. It was the unanimous feeling of the meeting that the present time would be most opportune for the full consideration of the scheme, and it is to be suggested to the Department of Agriculture that suitable accommodation should be procured at Northwall, and that an abattoir should be erected inside the new market so as to be in a position to deal with any surplus of meat that may arise in such times as the present emergency. To this market farmers would consign their stock, which would be penned there, and would not be moved until disposed of, as they would be alongside the steamer or the abattoir. It was felt that the farmers' interests in this matter should outweigh any other interests that might be antagonistic to the change. The Minister is to be communicated with on the matter.

AGRICULTURE.

It was decided to request the Minister for Agriculture to receive a deputation for the purpose of discussing the prices of wheat, oats and barley of the 1941 crop. It was also decided to communicate with Messrs. A. Guinness, Son and Co. Ltd., with a view to arranging a date for an early meeting to ascertain their requirements for the coming season.

THE MEETING EXPRESSED GRAVE CONCERN.

The meeting expressed grave concern at the spread of foot and mouth disease, and hoped that the Department would give every assistance from all concerned in eradicating the disease in the shortest time possible, and with a view to easing the situation that has arisen, by the closing of the ports, that immediate steps be taken by the Government to develop the dead meat trade, and also to arrange for the immediate shipment of fat animals for slaughter on the other side.

ATTENDANCE INCLUDED THE FOLLOWING:

Carlow area—Messrs. James Hughes, T.D.; John H. Greene, John Donohoe, Thomas Walsh. Thurles area—Messrs. John Seymour, J. P. Stakelum, Wm. Bland, and John Finlay. Mallow area—Senator Wm. O'Callaghan, Messrs. M. J. Corry, T.D.; P. O'Donoghue, C. Meaney, T.D., and P. S. Murphy. Tuam area—Rev. M. Flynn. Messrs. James Haverly, P. Beegan, T.D.; R. Lahiff, M. O'Clairigh. Head Office—Mr. A. M. Fahy, Secretary.

WE CAN CLEARLY UNDERSTAND

that the present season has not been one of profit for the average farmer. As we believe that the life of the country depends on the prosperity of the farmer, we intend to make a very strenuous effort to meet him half way. For that reason alone, we have decided to cut down our profits to the lowest possible margin. We still have great stocks of Agricultural Machinery of almost every variety. We still have huge stocks of everything a farmer requires, and we hope to have early next week a very large consignment of Blue Jay Binder Twine which is American manufactured and which we consider the best Binder Twine in the world. As long as our present stocks hold we will offer this at the lowest price possible. Offering at a price considerably under to-day's value. No matter what you want inquire our price before purchasing.—HARPUR BROS. WATERFORD.

NOTICE OF POOR RATES HAVING BEEN MADE.

COUNTY OF WATERFORD. (County Health District of Waterford.)

Notice is hereby given that Poor Rates have been duly made on the property rateable thereto in the above-named County Health District.

The rate in the Pound for the ordinary expenditure of the County for the service of the year ending 31st day of March, 1942, is 12s. 9.067d. in the Pound, made up as follows—

Table with 2 columns: Nature of Service, To be levied on Total Valuation of Holding. Rows include ROADS, COUNTY SERVICES, POOR RELIEF, BOARD OF HEALTH CHARGES, and Total General Poor Rate.

And whereas, the Separate Charges specified in Column II. of the table below are respectively chargeable on the Areas or Contributory Places specified therein in Column I. of the said table hereunder mentioned; the Special Rate in the Pound in Column III. of the said table has been made on or before October 1st, 1941.

Table with 3 columns: No., Name of Special Area or Contributory Place, Purpose or Name of Charge, Rate in the Pound. Lists various collection districts like Carrick-on-Suir, Clonmel, Dungarvan, Kilmacthomas, Lismore, Waterford, Youghal.

The total sum payable in respect of Poor Rate by the occupier of agricultural land, the rateable valuation of which does not exceed £20, will be reduced by a sum equal to 74.6 pence in the £ on said land.

On the part of the valuation of agricultural land above £20 a reduction will be given at the Primary Allowance Rate of 74.6 Pence in the £ on an amount not exceeding £12 10s. 0d. valuation in respect of employment of each male person (17 to 70 years of age) in the period 1st January to 31st December, 1940, where claims have been lodged on or before 31st March, 1941, and admitted.

The balance of the sum allocated to the County for the purpose will go to reduce the rates by a sum equal to 40 pence in the £ on the part of the valuation above £20 that does not otherwise get relief.

The Rate Books are now in my custody, and may be inspected by any person affected thereby at the Council Offices between the hours of 10 a.m. and 4 p.m. (Saturdays, 10 a.m. to 1 p.m.), exclusive of Sundays and Bank Holidays. The said Rates will be payable from and after publication of this notice.

Signed this 20th day of June, 1941. J. H. O'SULLIVAN, Secretary to the Council.

YOUGHAL URBAN COUNCIL. Present: Messrs. M. D. Broderick, chairman, T. Beausang, J. K. Smyth, P.C.; R. Savage, P.C.; J. Whelan, E. P. Lynch, R. Power, J. Daly, B.E.

Mr. J. J. Walsh, M.R.C.V.S., Veterinary Inspector, came before the Council and complained a victualler on the Strand constantly evading the bye-laws by not giving him notice of his intention of killing and by exposing unstamped meat for sale.

Mr. Whelan said there was £100 for the Town Hall. The Clerk said he thought they might do something to the floor.

Mr. Whelan referred to the Poor Rate demand of £2,742. They were getting very little out of it. The greater part was spent outside.

Mr. Lynch denounced the action of the Government on the wages question. They were only looking after the millionaires.

Mr. Power said that all the public bodies concerned should stand up against the injustice. Pay the Board of Health what they owed them but not a penny more.

Mr. Lynch referred to the export of new potatoes. The local man, who had been dealing satisfactorily with the matter for the past thirty years, had been refused a licence to export, on the ground that his premises were not suitable, and it was given to a man at Mallow.

Mr. Whelan proposed and Mr. Whelan seconded, that the communication be sent to the Minister for Defence.

KILMACTHOMAS PARISH COUNCIL. Dr. P. G. Dooley (Chairman) presided at a meeting of the above body, held at the Courthouse, Kilmacthomas, and the following is a copy of the minutes of same.

"The attitude of the owner of the Lyre bog in regard to the Council's efforts to extend the present scheme was strongly criticised. It was announced that the average price now paid throughout the country for each ton of turf cut from a bog amounted to 3d. per ton.

"It was announced that the hold-up in the building of a shed by a local merchant for the storage of turf, caused by certain disgruntled and mischievous-minded persons, was now at an end, as the decision of the County Surveyor was entirely in favour of the merchant in question.

"The question of the scarcity of animal feeding stuffs was introduced by a member, who had received complaints which suggested that certain people in a privileged position were exploiting the community to their own advantage.

"Correspondence, in the form of replies in answer to a resolution sent to the local T.D.s, E.S.B., and Minister of Supplies, was read and discussed. The Council could not accept all the reasons put forward for the failure to extend the E.S.B. scheme to rural districts, and expressed the opinion that money in plenty could always be made available for war purposes but apparently not for peaceful and more worthy objects.

"The water curator reported that the height of water in the reservoir was at its maximum—17 feet 6 inches.

"The Clerk reported that the local contribution to the forthcoming relief scheme would be £275. He estimated the Government grant at £3,208.

"A long discussion took place on the proposed works to be carried out. EMERGENCY REQUIREMENTS. The L.S.F. forwarded a list of requirements, including stirrup pumps, respirators, ladders, ropes, etc., in the event of an emergency.

"Dungarvan Observer" DUNGARVAN L.D.F. Notes.

THE CARNIVAL. During the past week the Committee in charge of the L.D.F. Gala Carnival which will shortly open at the Christian Brothers Grounds, Dungarvan, were busily engaged in selecting all the necessary arrangements and judging from the varied amusements being provided by Messrs. McDonald & Sons, the event should prove to be the gala one of 1941.

The official opening will take place on Sunday evening the 13th July when by kind permission of the authorities a Military Band will parade through the Town to the Amusement field. A galaxy of special features will be provided and these will include such stirring and thrilling items as the Lifford High Diver, and Wall of Death. The Lifford High Diver will jump from a height of 70 feet into about 5 feet of water, which will be ablaze. It is a breathtaking spectacle which has thrilled thousands throughout the country for the last few months and must be seen to be appreciated.

The Wall of Death which is coming has never been seen in Dungarvan and should act as a bonanza with shows of a similar nature which have already come in our midst. This event is a double feature one as representatives of both sexes give an awe-inspiring exhibition of trick motor and motorcycle manoeuvres on a veritable wall of death. Another special attraction will be the spacious Dancing Marquee, which will be erected on the grounds and in which continuous dancing sessions will be held each night to near midnight. Dancing space will be available for about 250 couples so that no dancer in our town or neighbourhood will be denied the opportunity of enjoying in comfort perhaps the most popular amusement of them all. A Dance Band of the highest reputation has been engaged. Besides our patrons will also have the ever popular dogdrams, beans, roulette, rifle range, chairplanes, roll'em in, etc. to amuse themselves with and competitions, draws and prizes will be a special feature of the Carnival.

During the coming week a meeting of the general committee will be held at the Town Hall, Dungarvan, to complete the many little details to be straightened out so that every man will be on his own particular job when required. Volunteers of both Dungarvan Group L.D.F. are therefore requested to attend the meeting as it is only by such wholehearted co-operation that the public can be treated to the full benefit of our show. There is a job waiting all hands and the Hon. Secs. (Messrs J. A. Carthy, right, Walter Cullinan, N.T. and J. Bullin) are to be congratulated on their untiring endeavours in organising what we believe will be the greatest Carnival yet come to Town.

It is hoped that the public will not have any difficulty in avoiding them on the main road. Evidence having been given by the plaintiff and two witnesses of the fact that the damage done to the car was done by the defendant's car, a decree for £11, with £2 expenses, was granted.

WEST WATERFORD G.A.A. NO. 1

By AN RURA. CO. BOARD MEETING. I hear that there will be a meeting of the County Board on Sunday, the 7th July, 1941, at 10 o'clock in the morning, at the County Board Office, Dungarvan. The Divisional Committee are attending the meeting to discuss the objection by Moorehill, The County Board, to the playing of Gaelic football on the Moorehill Grounds, Co. Kerry. The County Board are also attending the meeting to discuss the objection by Moorehill, The County Board, to the playing of Gaelic football on the Moorehill Grounds, Co. Kerry. The County Board are also attending the meeting to discuss the objection by Moorehill, The County Board, to the playing of Gaelic football on the Moorehill Grounds, Co. Kerry.

The last of my selections for the senior selection committee was "An Taisceán Moorehill Gaelic" and "Green Flag." I have a minor in "Dungarvan" and put in "Dungarvan" as being stamped as near to the county selection as I could get. I elected "Lismore Rambler" and put in "Dungarvan" as being stamped as near to the county selection as I could get. I elected "Lismore Rambler" and put in "Dungarvan" as being stamped as near to the county selection as I could get. I elected "Lismore Rambler" and put in "Dungarvan" as being stamped as near to the county selection as I could get.

The selectors could not win so they put down a team that looks a useful team and I would choose J. Duggan as the captain. The selectors will give my own idea of the County LISMORE ON TOP. Tourin had to take defeat. Lismore junior football set. The game was more than scientific but it was a thrilling struggle under the hard luck Tourin. Better. It is very unusual for a team to be so successful at the L.D.F. AT DUNGARVAN. On Sunday Dungarvan had an interesting game in Dungarvan are taking no chances in their rivals as they put up any kind of a show. I would be a first class team of that kind of talk if I were a Dungarvan team. People who are not the ones who have secured the spot. These should be a great help. Strabally have been under the eye of the great Cummins, O.S.A. for the juniors have been made in practice games and great form. These juniors football in the right way, a hard nut for any team to next will be of special interest. BRICKER RANGERS' TEAM. KINSALEEG MATCH. JULY 13th. The Ardmore Club has been postponed to Sunday. There has been a spot of the fixture and the alteration the only way of getting things up. Why all this? The Board makes each side has a chance of the meeting. AT TOURIN. Moorehill minor hurlers' team at the moment (S.T.). The alteration of agreed to by both teams. "Green Cross" game will not make any difference to day evening in Tourin as coming to the venue. Subject to win but Moorehill a lot to say about the time is 8 p.m. (S.T.). Dungarvan in the Divisional GORM AGUS BAIN. Under the above notice to the local papers suggest.

Mount Sion Fail to Extend Champions.

One-Sided Game at Newtown.

Stradbally, 1-9, Mount Sion, 0-2.
 There was a large crowd present at Newtown on Sunday last, where Stradbally opposed Mount Sion in the semi-final of the County senior football championship. Excellent weather conditions prevailed and the gate receipts totalled £13 odd.
 The Stradbally team were again in their usual devastating form and won by a ten-point margin, from a well-trained team. They have now qualified to meet their old rivals, Dungarvan in the final, the date and venue for which will be decided by the County Board at the next meeting of body. There was no change on the Stradbally team from the team which won last year's senior championship and defeated the Kilrossanty-Pike team in the first round this year by the wide margin of 13 points. Most of the boys have improved since and there is not the slightest hope of their downfall in the current year's county final. Their goalkeeper on Sunday was only called on twice to save his net and the ball rarely came within scoring range. But on the whole Stradbally had a very large number of wides, but with plenty practice should improve 100 per cent. for the final.

In Mount Sion, they defeated a first-class team, with every man as fit as the proverbial fiddle, and well able to last the hour. The city men, having won the senior hurling championship in 1938, '39 and '40, were all out this year for the "double," a feat which was last achieved in this county in 1928 by Dungarvan. They had all the facilities for training and had a convincing win over Erin's Own in the first round. Nevertheless, they were unable to make any impression on their opponents on Sunday, although included on their team were outstanding footballers in the persons of A. Fleming, John Keane, M. Gallaher and W. Morrissey, who started right through the game. A feature of the game was the high fielding of John Keane, who was rarely beaten for the ball, while playing at centre field for Mount Sion.

The game was refereed by Mr. J. Ormonde, N.T. (Treasurer, County Board G.A.A.), Kilmactonus, in his usual impartial manner.
THE GAME.
 At 4 p.m. the teams were in action, with Mount Sion playing against a strong sun and slight breeze. John Keane had possession on the throw-in and a passing movement brought the City team in the Stradbally territory where Paddy Dowling was dispossessed by an opposing defender, close to the posts. Stradbally went on for a wide. For the next ten minutes the ball was in the Mount Sion territory where there were several wides and "Tuddles" Corbett, Stradbally's sharpest shooter had two points. Keane, Gallaher, Fleming and Morrissey were prominent for the City team in the next exchanges. A long kick

in by Kevin Whelan connected up with J. Veale, who finished to the net for a goal. Cummins soon followed with a point from pass by Curran. Percy Kirwan had a point from a free on the 21 yards' line. Stradbally went all out for a goal but the Mount Sion full-back and goal man were unbeatable. There were several meles close to the posts before Mount Sion were relieved by a long drive from Fleming. Keane and Morrissey forced their way to the other end where a forward in a good position sent wide. Keane returned the kick from goal which was again sent wide. A long kick out by J. O'Meara was taken down by Connors who delivered across to J. Veale, and the Stradbally forwards were again attacking. For the remainder of this moiety play was held at the Mount Sion end where the Stradbally forwards combined beautifully to notch two further points before the half-time whistle came when the scores were: Stradbally, 1-9; Mt. Sion, 0-2.

Stradbally attacked from the restart and almost immediately were up another point. Mount Sion were away from the kick out and Keane and Morrissey transferred their forwards, when Dowling had their first score, a point. Stradbally went back again and from a free Percy Kirwan had a point. Mount Sion got away on the left wing from centre field, when the same side secured another point. For the remainder of the hour Stradbally had complete control of the game and play continued in the vicinity of the Mount Sion posts. A free close in to Stradbally was taken by J. Veale, who aimed for a goal, but the Mount Sion full back cleared. Stradbally had two further points before the full time whistle leaving the final scores: Stradbally, 1-9; Mount Sion, 0-2.
 Stradbally—P. Kirwan (Captain), J. Corbett (goal), J. O'Meara, J. Power, J. Whelan, N. Connors, T. Veale, J. Orpen, P. Kieley, J. Veale, K. Whelan, J. Curran, J. Cummins, D. Hickey, T. Corbett.

NEWTOWN V. PORTLAW.
 Prior to the senior game Newtown (last year's junior football champions of the East Division) met Portlawn in a friendly challenge. Both teams were on level terms at a point each when the half time whistle came. At full time Newtown were winners on the score, 1-2 to 0-2. Both teams were short a number of their championship players.

Late Mr. Thomas Walsh, Barnakill.

With feelings of profound regret we chronicle the death of Mr. Thomas Walsh, Barnakill, Kilrossanty, which sad event occurred at his residence on Friday of last week (Octave of the Festival of the Most Sacred Heart of Jesus), following a comparatively short illness and in the fullness of his years.
 Deceased came of a well-known, widely-connected and highly respected family stock; he took a keen interest in agriculture and farmed extensively, employing the most up-to-date methods, and was a notably successful breeder and exhibitor of thoroughbred horses and cattle, a sound Nationalist and the late Mr. Walsh was a great supporter of everything pertaining to sports and pastimes, particularly Gaelic games. In his heyday he figured prominently on the famous Kilrossanty football team (of twenty-one players) that brought the County Championship to the historic parish for the first time—away back in 1888 (in what year the formidable combination experienced the hardest of hard luck at Clonmel, losing the Munster Final to Boherrowe, by one point to nil.
 Mr. Walsh spared neither time nor expense in furthering the interests of the G.A.A. in the Decies. Throughout his long and useful career he formed many happy associations with his natal parish and its surroundings, and was one of the best-known and most likeable personalities in these parts.

We have referred to his admirable business and sporting qualities, but there was another aspect about him, and that was his lovable personality and charm of manner. Such traits are not always evident where the cares and worries of expansive dairy and tillage farming demands are apt to be reflected in the activities of one's business career, but deceased was certainly immune from anything that did not win the spontaneous and heart-felt esteem of the community. Whether in farming or sporting life, it was always a pleasure to meet him, and he always had a jolly and a happy smile for everyone, let him be stranger, friend, or the poor wayward man of the road. They in turn entertained the utmost regard for him, and the passing of such a kindly gentleman could not but provoke feelings of deep sorrow amongst all sections in the locality.
 None can testify to the late Mr. Walsh's worth better than his neighbours in Kilrossanty, by whom he was so much loved and admired for his piety, zeal, good nature and success.
 During his last illness his spiritual requirements were assiduously attended to and he passed hence peacefully and resignedly, dying a truly holy and happy death.

He is survived by his amiable wife (nee Coffey) and family of three sons, with whom sympathy is universal in their bereavement and loss. Incidentally, two of his sons—Pat and David, are Gaelic footballers of pronounced merit, and both have distinguished themselves on Provincial representation in the Provincial championship competitions for a number of years past.
 On Sunday evening the remains were removed to St. Brigid's Parish Church, Kilrossanty, where they were received by the Rev. W. Meehan, C.C., who recited the funeral service. The attendance on the occasion included large numbers of relatives and friends from all over the Decies, comprising the members of the business, professional, agricultural, sporting and social life, which was indicative of the widespread popularity enjoyed by deceased and the esteem of his kinsmen and friends.

After the 11 o'clock Mass on Sunday, interment was made in the family plot in the adjoining cemetery, amid many manifestations of genuine grief. Father Meehan pronounced the final absolution at the graveside.
 A number of beautiful floral wreaths were placed on the grave, and sheaves of Mass cards and messages of condolence were received.
 The chief mourners were: Mrs. Walsh (widow), Messrs. David, Patrick and Martin Walsh (sons); Mrs. Margaret O'Sullivan, Commercial Hotel, Dungarvan (sister); Mr. Daniel Walsh, do. (nephew); Mrs. P. Walsh, Clontarf (daughters-in-law); Mr. John Coffey, Carrigastle, Bonmahon (brother-in-law), and wife and family; Mr. Maurice Coffey, Savagetown, Kill (do.), etc., etc.

The Waterford County Board, G.A.A., was represented at the funeral by Mr. Declan Goode, Dungarvan (Secretary). It would be impossible to give a complete list of the general public present.
 A big congregation of mourners and sympathisers again filled St. Brigid's Parish Church on Monday morning, when Solemn Requiem Mass and High Mass were offered up for the happy repose of the soul of the late Mr. Walsh.
 Rev. J. Walsh, C.C., Carrick-on-Suir (cousin of the deceased), was celebrant of the Mass, and the clergy assisting in the choir were: Very Rev. E. English, P.P., Stradbally; Rev. W. Meehan, C.C., Kilrossanty; Rev. J. Hart, C.C., Carrick-on-Suir (cousin); Rev. J. Power, C.C., Kilgobnet (do.); Rev. P. F. Walsh, C.C., Stradbally; Rev. J. Lavin, C.C., do. and Rev. D. O'Byrne, C.C., Rathgormack.
 Another sister of the late Mr. Walsh, is Mrs. B. Shanahan, who is domiciled in New York City—Go ndeanaidh Dia trochaire ar h-anam. (Irish-American papers will please copy).

BLACKWATER FISHERY CONSERVATORS

At the usual monthly meeting of the No. 4 (or Lismore) Board of Fishery Conservators, held at the Devonshire Arms, Talrow, recently, there were present: Messrs. R. Grove Annesley (Chairman), Captain R. Holroyd Smyth, J. Hackett, J. Kent, Miss G. Montgomery, M. Deane, G. Fitzgerald, and Lieut.-Col. Pennefather.
 Messrs. James Power, clerk, and J. P. Kenny, inspector, were also in attendance.

PLACE OF MEETING.
 In accordance with notice, Mr. Hackett proposed that future meetings, owing to the scarcity of petrol and high cost of travelling, be held at Fermoy and Talrow, alternately.
 Mr. Kent seconded the proposition, which was passed unanimously.
 Mr. Kent complained that Wednesday was an awkward day for the meeting, as it was the day for courting, hunting, etc., and he would hand in notice of motion to change it to Tuesday or Thursday.

FISHING AT BALLYCOTTON.
 A letter was read from the Department referring to a passage in the minutes of the meeting of the Board on the 30th ult. regarding the use of trammel nets in Ballycotton Bay, and calling their attention to the Department's letter of 6th May, 1940, on the subject. Where proceedings were instituted in connection with the use of trammel nets, it would, of course, lie with the District Justice to decide whether the net used was in fact such. Should the Conservators consider that reliable evidence could be brought forward to show that trammel nets used legally in the permitted area in Ballycotton Bay were habitually used for the capture of salmon, it was open to them to apply to the Department for the alteration of the bye-laws permitting their use.
 The Clerk read a letter received from the Department some time previously stating that there was no legal definition of a trammel net, but if the Board could produce evidence that salmon were caught in trammel nets it was open to the Board to apply for an inquiry.
 The Inspector said they were in a position to prove that salmon were taken in trammel nets.

In view of a case pending, the matter was adjourned.
RATES ARREARS.
 The Department wrote stating that it appeared that the position regarding the collection of rates in the Lismore district was at present very unsatisfactory. The Minister accordingly desired that continued pressure be brought to bear on defaulters with a view to securing a much-needed improvement in the existing position. The Department required at the end of the present month a statement showing the progress achieved in the measure.
 Mr. Kent said the Department ought to know that where there was no revenue it was hard to find rates.

LISMORE WEIR.
 Senator O'Callaghan submitted a letter received by him from Dr. Ryan, Minister for Agriculture, regarding the Lismore weir. It stated that the "enquiry at Lis" referred to was merely one of the steps taken by three officials (representing the legal, administrative and engineering sides, respectively), with whose advice he wished to be fortified before deciding as to how far the structure as it stood failed to comply with the requirements of the Act of 1939. He had satisfied himself as to certain requirements which must be fulfilled by the owners of the weir in order to comply with the statutes, and he had caused appropriate notice to be served on them accordingly. Should they feel themselves aggrieved by the terms of that notice, they had a right of appeal to the Circuit Court.
 The whole matter at the present stage was sub judice. The Chairman said that the Act of 1939 washed that out. The Department, who altered the weir and put it right, said that the fish could pass up without having to depend on the goodwill of the Lismore Co.

Mr. Kent—The alteration should be made subject to the approval of all concerned.
 The Chairman said that in the interest of those who made their living by fishing they should see that there was a free passage for fish at Lismore.
 Mr. Hackett said if the fish couldn't get through the pass they would be caught in the traps.
 The Chairman said if the King's Gap were made to comply with the law it would be a great benefit to all concerned.
 It was decided to convey the thanks of the Board to Senator O'Callaghan.
 A letter was read from Mr. R. J. Baylor, solicitor, Fermoy, on behalf of the Fermoy and District Trout Anglers' Association regarding the poisoning of the River Funcheon. The Association strongly protested against the poisoning which occurred last week below Mitchelstown. The poisoning on that occasion was very extensive and upwards of 90 trout were found dead on the river. On the last occasion of poisoning an undertaking was given by those responsible that it would not occur again, but last week's poisoning was of a very severe nature and if allowed to continue it would destroy all trout and other fishing in the River Funcheon. The Association requested the Board to take active steps to deal with the matter as soon as possible before the trout fishing was irremediably destroyed.
 The Chairman said it was very serious, as Miss Montgomery could tell them that it had been going on for some time past.
 Col. Pennefather—For five years the Inspector said he had called on the manager,

 STOCKED BY PRINCIPAL LICENSED HOUSES IN TOWN AND DISTRICT.

who promised that it would not occur again.
 Mr. Hackett said that four years ago Mr. Kent and he had called on the manager, Mr. Roche, and he gave them a guarantee that it would not occur again. There was no hope for a new sewerage scheme for Mitchelstown at present.
 After a further protracted discussion, it was proposed by Mr. Hackett, seconded by Mr. Davison, and passed unanimously, that the matter be placed in the hands of Mr. Riordan, solicitor.

INSPECTOR'S REPORT.
 In his usual monthly report the Inspector (Mr. J. P. Kenny) stated that net fishing had shown a very marked improvement. The total amount of salmon taken by nets, weirs and rods, as shown in dealers' registers, was 3,600, weighing 44,224 lbs. In addition, to these, 400 grilse were taken, weighing approximately 2,250 lbs. These figures show an increase of almost 2,000 salmon over the corresponding period of 1940. The amount of grilse has been exceptionally good for the month, the average weight being around 6 lbs. The run of salmon smolts was small during the latter weeks of May, but up to the 15th of the month large numbers descended to the sea. There was no second run that year. The biggest migrations took place towards the end of April and during the first two weeks of May. During the past week another outbreak of poisoning occurred in the River Funcheon, from it was alleged, the effluent from the Mitchelstown Co-op Creamery. In connection with it he visited the townlands of Kildorrery and Mounteague on the 18th inst. and removed a number of dead trout and one salmon from the river. In a stretch of 500 yards he had counted 90 dead trout. He removed 18 and sent 6 to the Fishery Department for analysis. He showed Mr. Roche some of the dead fish, and he promised to give the matter his prompt attention. For years trout had been continually poisoned in that stretch of river and no effort had been made to remedy the complaint. That fine stretch of river would eventually become devoid of trout if something wasn't done immediately. On getting a complaint of net poisoning in the Lormardstown area, he visited Malrow on the 11th inst. and after examining a package containing a salmon at the railway station consigned to a dealer in Fermoy, he seized same and later got a Peace Commissioner's certificate for its destruction, as it wouldn't be fit for human consumption pending the matter being dealt with by the court. (A summary of the report made by Waterkeeper Forde in connection therewith was here given.) He visited the Cappoquin Bacon Factory last week in connection with a complaint received, and drew the manager's attention to certain waste deposit lying at the rear of the factory and in the river. That matter would, in his opinion,

FEIS SLIABH gCUA.

This great Gaelic function under the auspices of Craobh Aodh O'Donnabháin will be held in Touraneena on Sunday July 13th. A most enjoyable day is assured and as the proceeds are to be devoted to Parochial needs this event is doubly deserving of support. We, therefore, expect to see a record gathering representative of Slabh gCua and the adjoining parishes in Touraneena on that day while we are hopeful that our Gaelic League friends in the Decies and Clonmel will send "forces" to our aid.
 As July 13th is to be "Gaelic Day" in Slabh gCua we appeal to young and old to make it a special occasion for speaking the language of the Gael without fear or shame, the language of the dead generations of Slabh gCua when this locality was famous for its poets, its scholars and its hospitality.

The Feis programme while being limited in some respects, caters for many branches of our national culture. It includes competitions in step-dancing, singing (Irish and English songs which must be truly National), music (violin and melodeon), story telling in Irish for school children under fourteen, and even there is a place for those who can whistle an Irish air or tune. There are also sports events—a race for boys under 14, 100 yards open; ladies race, 100 yards; the longest pook (hurley), longest kick (football), tug-of-war (team of eight), and also a hurling match Four-mile-water v. Medelisee.
 Attractive prizes, both medals and cash, are being offered.

This Feis should provide a good evening's entertainment for all, and as a fitting finish to this great Gaelic event a Celdhe Mor will be held that night in the Half-Way Hall.
 All the competitions are open and entries accompanied by entrance fee 8d. (tug o'war 2/6 per team) should reach an Runaidhe, Padraig O'Flonnghusa, Reidin na dtIompan, Baile Mhís Cairbré, Cluain meala, not later than Friday July 11th. Programmes can be had from an Runaidhe or from Donnabháin O' Cadla, Cathair na Leige, Baile na Mol.
 pollute the river, especially in warm weather. The manager promised to have it removed immediately, as it was there without his knowledge. He had received one report of poisoning during the weekly close season at Knockadoom and it was being investigated. The marksman reported the killing of three seals at Ardce Headland during May, and stated that a fourth was killed by Captain Holroyd Smyth, in his salmon weir at Ballintraoy.

Eire Border.

CRITICISM BY SIX COUNTY M. P.

The unhampered movement of people from Eire to Northern Ireland was criticised by Prof. R. Corkey (Unionist Queen's University) in the Northern House of Commons.
 "There should be a tightening up of border regulations," he said. "It would be an advantage to the war effort. People could cross the border without the question, and it should be made more difficult to enter northern Ireland. He had been told that letters from Eire to Northern Ireland were not censored. Censorship operated between England and Northern Ireland, and the Government should impress upon the Imperial authorities the necessity of bringing it into operation between Eire and Northern Ireland."

IRISH RED CROSS NOTES.

The Branch has now received official sanction for the establishment of a First Aid Post at the Scouts' Den, Abbeyside, and the purchase of the required equipment is proceeding.

FIRST AID NOTES.

Before proceeding to outline the general principles underlying First Aid it will help if we clarify the meaning of a few words. Symptoms are the abnormal sensations the patient complains of, for example, pain, dizziness, nausea, inability to move a limb, etc.

Signs are the abnormal things you notice, for example, bruising, deformity of a limb, deep or shallow breathing, and so on.

The History is the account of the events leading up to the sudden illness or accident you are called on to deal with.

Now it is well to have an orderly method of approach to the case and to handle it in a systematic manner.

1.—Reassure the patient—ask him to lie quietly if he is able.

2.—Do not allow the bystanders to crowd closely around the patient.

3.—Obtain any persons and hold any articles that may afford a clue as to the diagnosis or may in any way be helpful.

4.—If the patient is conscious enquire as to the history and symptoms; if he is unconscious some bystander or relative may be able to give an account of the former.

A.—UNCONSCIOUS PATIENT.

Assuming that the patient is unconscious you should proceed as follows:

(a)—Send for a Doctor.

(b)—Note if there is any severe haemorrhage—this may be quite obvious if in an exposed part, or if taking place under the clothing may be betrayed by dampness or the seeping through of blood.

(c)—Note the presence or absence of breathing, and if present its nature: deep, shallow, slow, quick, noisy, etc., and the odour of the breath.

(d)—Note the presence or absence of the pulse by placing the tips of three fingers along the front of the wrist about half an inch from the outer side.

(e)—Note the colour of the face.

(f)—Notice whether there is any sound or any fluid escaping from the nose or ears.

(g)—Are the pupils large or small, are they equal in size?

(h)—Does one side of the body appear limber than the other, that is, is one side paralysed?

(i)—Examine the body for fractures, wounds, dislocations, etc.

B.—PATIENT CONSCIOUS.

If it happens that the patient is conscious the above examination should still be carried out but it will be made easier by reason of the fact that you have the patient's co-operation.

As a result of an examination on the foregoing lines you may quite possibly be able to arrive at a diagnosis, then remember—

1.—To stop severe haemorrhage; more important than anything else.

2.—To keep the patient warm.

3.—Not to move him till broken bones have been rendered immobile.

4.—To give him warm drinks of tea or coffee if he is conscious.

5.—To handle the patient gently.

6.—Not to say the patient is dead—leave that responsibility to the Doctor.

It is proposed in this article to deal with one of the commonest and often one of the most serious conditions that the First Aider will be called on to treat, namely "Shock".

Shock is due to overstimulation of the nerve centres, and in its severer degrees it may result in unconsciousness, fainting, to a condition in which all the vital processes of the body are so lowered that death may ensue.

Shock in some degree is a factor in every accident and in most sudden illness. Obviously the primary cause of the shock is the actual accident or injury, but this cause produces its effects by two methods as a rule:—(1)—By haemorrhage; (2)—By severe pain.

There are, in addition, several factors that may aggravate the already existing shock and chief amongst these are (a) exposure to cold, (b) mental anxiety, (c) careless and rough handling of the patient.

SIGNS AND SYMPTOMS.—The patient may be anxious but if the shock is at all severe he is more likely to be semi-conscious or even unconscious.

The breathing is rapid, shallow and sighing in character, and in severe cases may appear to stop for a short time—some seconds—then begin faintly, gradually increase in depth and then fade away and stop again, this cycle of events being repeated (Cheyne-Stokes Respiration).

The skin is blanched and clammy, the lips are pale and the cheeks are sunken (especially if there has been haemorrhage).

The temperature is subnormal. Such a patient unless treated promptly will die rapidly.

HOME NURSING NOTES.

The bed should be so situated in the room that air can circulate freely round it. The nurse can easily get at the patient. It must not have its side close to a wall or its head against an outside wall.

External cold or hot according to the weather. All these variations in temperature and atmosphere will affect the patient adversely.

When possible, the bed should be 1 foot or 18 inches from the wall of the next house or the partition of the next room.

It should never be in the line of draught from the window and fireplace and it should not face the window or by facing the door be exposed to scrutiny and an inspiringly devotional one.

The impenetrable religious zeal of the people (the young as well as the old), Newport looked up with a charming grace, the place being tastefully decorated for the August festival.
