DUNGARVAN URBAN COUNCIL.

SWIMMING POOLS PROJECT Sea Front Promenade.

Mr. Michl. Morrissey, T.D. (Chairman), presided at the weekly meeting of the Council on Friday last. Also present—Messrs. Michael Connors, James Mansfield, D. Foley, P. Quinn, J. J. Crofty, Michl. Clancy, Senator J. Butler, J. Dahill, and Thos. McCarthy (Vice-chairman).

PAYMENTS. Sums of £14 10s. 10d. on the general account, £2 14s. 4d. on the harbour account, and £10 10s. on the housing account were presented and passed.

PROCEEDS OF RECENT AUCTION. The Clerk stated that as a result of the recent auction held by the Council, a sum of £26 11s. 8d. was lodged to the credit of the Council.

TRASPASS. A letter from Supt. Walsh acknowledged receipt of the Council's communication re traspass on the allotment plot field at Loughmore.

REFERRED TO THE B.S. A letter from J. O'Dea, St. Augustine's Terrace, complained of the pathway leading to his house, particularly after rain.

HOLIDAYS. Mr. Hassett, Acting B.S., wrote asking for holidays, which he could not have availed of earlier in the summer.

Mr. Butler—It is an ideal scheme, particularly the promenade by the Park.

Mr. Clancy said he was always advocated that the improvement of the sea front—but he was afraid there would always be trouble with the factory sewerage.

Chairman—I understand that it is to be brought out to low water mark. Replying to Mr. Clancy, the Chairman said if the plans were sanctioned he believed the work would be going ahead in about two weeks' time.

Mr. Clancy—That would be a good job. Mr. Quinn referred to the necessity of getting something done to the passage from the Creamery to Denis St. This is used extensively now, even by cyclists.

Chairman—That will probably be included in another scheme. It was the unanimous wish of the Council that the money go towards the proposed scheme, and an order was made to have plans and specifications prepared.

PLANS OF SEWERS AND WATER MAINS. A letter from Mr. Bowen thanked the Clerk for nine rolls of drawings received, and stating no plans or site plans of older housing schemes have been received.

The most important plans are the maps of the water distribution scheme showing sizes and positions of pipes, and a similar map for the sewerage system. Without these he cannot carry on the work properly.

Mr. Walsh—He suggested that as the Acting B.S. has a good knowledge of these systems, acquired while in the Council's service, that he would be engaged to prepare them. They will note that it is part of the conditions of his employment to get these plans from the Council, and as it will be much more satisfactory for them to have them prepared by one who knows the town and the positions of the works, he recommended that the Council should arrange for this at once.

Mr. Butler—I suppose it is essential, so we could ask Mr. Hassett to prepare them.

Mr. Crofty—Has Mr. McGrath any maps? We should ask him. The Clerk said that Mr. McGrath had promised to have another search during the week.

VACCINATION DEFAULTERS. A letter from the Department re vaccination defaulters was referred to Mr. Dee, home assistance officer.

WEIGH HOUSE AS SHELTER. J. Scott, Group Adjutant, L.S.P., wrote thanking the Council for letter intimating that the Weigh House has been placed at the disposal of the Group for use as a shelter.

With reference to heating, it is proposed that a "Queen" stove would be best. The letter also asked a transfer of the use of the Hall from Monday to Friday nights as Group training centre.

The Council approved of the changes of nights, and also the installation of the pipe through the window.

REPAIRS TO HOUSES. Messrs. Doyle and Ormonde, architects, wrote stating that the housing contractor has been instructed to report to the architects on the completion of all outstanding repairs, when they shall make final inspection. It would facilitate them to be supplied with a list of all such repairs.

Mr. Clancy asked where there are a time limit set, and if it has yet expired. If it has, the repairs would be a matter for the Council.

The Clerk said that Mr. P. Walsh, rent collector, had a list made out.

THE WATER CONFERENCE. A letter from the Minister for Local Government and Public Health requested to be informed of the date fixed for conference between the consulting engineers, the contractor, and others concerned in connection with the Dungarvan water improvement schemes. Replying to the Chairman, the

Clerk said there was no reply from the contractor yet.

SCREEN WALLS. Mr. Clancy said some time ago the Council made an order to put up three screen walls when money was available. He asked how the matter now stood.

Mr. Mansfield—We asked for a report but we did not get it. Mr. Clancy—I think we got an estimate.

The Clerk said they got an estimate in April last.

Mr. McCarthy said the screen wall at the top of Fitzgerald Place was a good one but at the lower end it was only half a wall and a person can see up to the top of the street at the back of the houses.

The matter was referred to the B.S. for a report.

ARCHITECTS' FEES. The Department wrote regarding the claim of Messrs. Doyle and Ormonde, architects, for fees in connection with the 139 housing scheme and stating that the maximum fees allowable for the work amounted to £834, i.e. 139 houses at £6 per house.

The recasting of the specification must be regarded as part of the normal work on the scheme, payment for which is included in the £834. In view of the fact that it was found necessary to visit three different sites on various dates, no objection will be raised to the payment of an additional £10 10s. for this item.

COMPLAINT RE SEWERAGE. A complaint from Mr. Hill, Church Street, reported by the S.S.O., was referred to the B.S. to deal with.

OPENING OF ROAD. Permission to open the road at St. Bridget's Terrace was received from the County Council, with a notification that the cost of re-surfacing would be 10/- per square yard.

LIGHTING OF PUBLIC LAMPS. Mr. Walsh, town inspector, submitted a list showing the location of the 39 public lamps in the urban area and asked that the Council select the lamps to be lighted as from October 1st under the electrical lighting system.

Chairman—It is the intention of the Council to reduce the number of lamps, is it not?

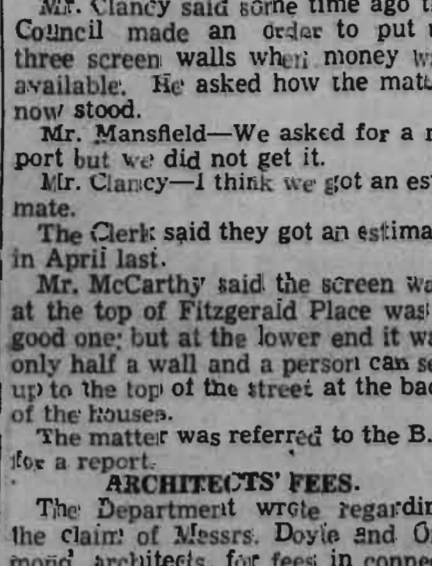

Mr. Walsh—I took it so, and prepared a list of all lamps. Mr. Mansfield—The tenants at Fitzgerald Place complain that they have no light at the top of the street.

Mr. Butler—When are the lights to be put on again? At present it is positively dangerous to be out.

Mr. Walsh said it was the Council's intention to light a certain number from the 1st October.

Mr. Connors suggested putting on

all lamps up to 11 o'clock instead of as formerly 12 o'clock.

Mr. Clancy—The position at present is dangerous, but as the B.S. pointed out, we must help to conserve the supply. As Mr. Connors said, it would be better to light them all for a shorter period.

Mr. Quinn—If some are lighted and others left out, you will have demands and deputations from the people where the lamps are not lighted.

Mr. Dahill—Arrangements could be made to cut off all lights for the six nights of the full moon.

It was finally decided to have all lamps lighting to 10.30 p.m., with the exception of the harbour and pilot lamps, which would be cut off during the six full moon nights.

HOLIDAYS. James Veale, hall porter, was granted his annual holidays.

CHANGE OF CATTLE POUND. A letter was read from Mr. Colbert stating that Mr. English had found the premises satisfactory, subject to the necessary alterations and repairs being carried out. The letter asked the Council to see that the premises are made suitable as a pound without delay.

Mr. Dahill asked as to the deed under which this yard was held.

Clerk—Dr. Casey holds it in fee-simple.

Mr. Crofty—What are you going to do with regard to the letter from Mr. Bowen on this subject?

Chairman—Yes, that will also have to be considered.

Mr. Bowen's letter on the subject (already published) was then read.

Mr. Dahill—You should refer the whole matter to our solicitor.

Mr. Butler—Will this place be included in the scheme Mr. Bowen has in mind?

Mr. Connors said it was what the Council had in mind should count. Are the Council to take up everything that is put up to them here.

Mr. McCarthy said if the giving of this yard will mean giving permanent employment to twenty men we should facilitate the factory in every way.

Mr. Clancy said that Mr. Bowen had special powers under the Town Planning Act.

Mr. Crofty—We would all like to oblige the Dickens Leather Co. if this won't interfere with Mr. Bowen's amenity scheme.

The Chairman said that what he would like to know was what number of feet the County Surveyor would require. Perhaps he may not want any more than five feet.

Mr. Mansfield said the Council should not be dillying. We are giving

the yard away in a very good cause, and he would therefore propose that it be granted.

Mr. Connors seconded.

Mr. Clancy said that he would propose an amendment that the matter be deferred for a week. It is no good being too hasty. We have two big interests here, the factory and the amenities of the town, and there is not much information. Mr. Bowen hasn't given any particulars in his letter as to what he wants.

Mr. Butler said he would like to facilitate the Dickens Leather Co. in every way possible, but he would like to have a little more information, and he would suggest that it be left stand for a week.

Chairman—And in the meantime the B.S. can report on what both the parties want.

Mr. Butler—Could not the members of the Council see Mr. Bowen—the Chairman and Mr. Connors or Mr. Mansfield?

Mr. Mansfield—I don't like this putting off night after night. We have already postponed this for three or four weeks. We should give all the facilities possible to anyone who is prepared to give permanent employment. The Dickens Leather Co. are doing this, more than any other company in Ireland, and the granting of this yard will enable them to be independent of any imported material, as they can then deal with native sheep skins.

Mr. Connors—The men could be working on it for the past 3 weeks. The Chairman said he still thought it if it was deferred for a week the parties may be able to settle on their requirements.

An adjournment was then agreed to, and the Chairman with Messrs. Crofty, Mansfield and Connors were deputed to interview the County Surveyor on the matter.

REQUEST FROM PARISH COUNCIL. Mr. Crofty said that at the last Parish Council meeting he was deputed to ask the Council to allow the Parish Council to cut down the stumps of trees in the Park.

It was decided to ask Mr. O'Shea, horticultural instructor, to inspect the trees and give his opinion as to whether they will grow again.

HARBOUR BUSINESS. Mr. Curran, Harbour Master, in his monthly report, stated that imports for the month of August was the worst on record, only one cargo (salt) being imported. September, however, was good. He also reported that due to a shifting sand bank, a new channel in the harbour was forming. The shifting bank was a danger to navigation. This will necessitate the shifting of the lights at Fishinacourty.

On the proposition of Mr. Crofty, seconded by Mr. Foley, a vote of sympathy was passed with the wife and relatives of the late T. F. O'Higgins, late of Abbeyside.

Mr. Clancy proposed, and Mr. Butler seconded, a resolution of sympathy to the Misses Murphy, Main St., on the death of their uncle.

Mr. Crofty proposed, and Mr. Clancy seconded, a resolution of sympathy to Dr. Cusack on the death of his uncle, Monsignor Byrne, Cashel.

Mr. Quinn proposed, and Mr. McCarthy seconded, a resolution of sympathy to the family of the late Mrs. Farrissey, Shandon.

Mr. Dahill proposed, and Mr. Mansfield seconded, a resolution of sympathy to the relatives of the late Michael Keane, Mary Street.

Mr. Donnor seconded, a resolution of sympathy to the relatives of the late John Curran, who died in America.

Mr. Skinner—The injuries you were black marks?—Yes. Mrs. Coffey never best you in fashion before?—No, sir. She never chastised you in any way. She best me a little. Questioned as to whether Mr. Coffey asked him before the boy was 12, which she missed from purse, witness said she did not take money.

AN ALLEGED STATEMENT. The statement alleged to have been made by Mrs. Coffey was that she was to the effect that she received a week in respect of the boy's maintenance. On 7th September she missed 12/- and blamed the boy taking it. She gave him a coin until the evening to return it, when he did not return it. She was the bell of the fire machine. Being beaten him she asked him to take his clothes and go up to his room, but did not intend to beat him, and was now sorry for beating him, and did not hit him with the tongue. She may have hit him on the head, but she did not. Her husband was so angry for the boy until 12.30 a.m. on Monday and again during the day. She admitted she admitted the boy and marks were inflicted by her, and was sorry for it now.

Dr. Mullany said he saw the child on 10th September. He found a huge mass of abrasions, contusions, which were also on upper and lower limbs. There was a contused wound on the back of head. The wounds would be consistent with a very severe beating.

LAST SUNDAY'S RESULTS.—Co. Championships (West Division). At Dungarvan (Divisional Final)—J.F. Brickey Rangers, 0-7; Cappoquin, 0-1. At Modeligo (Divisional Semi-Final)—J.H. Dungarvan, 3-3; Tourin, 3-3. NEXT SUNDAY'S GAMES.—Co. Championships (West Division). At Cappoquin (Divisional Semi-Finals). M.F. Cathal Brughas v. CLONMEL COURT

Unusual Case For Ballinamult. BOY SEVERELY BEATEN.

How a 12-year-old boy child ran away from the home foster-mother after receiving a beating from her and was found by a Guard, was described by Mr. T. G. Burke, B.L. (Assistant Justice) at Clonmel Court, when Mrs. Kate Coffey, Dr. Ballinamult, was summoned to the child, James Dunne, ill-treating, abandoning, and exposing him.

When the Sup't. produced a witness said it was not the boy who used was thicker and was last—About ten minutes. When the Sup't. produced a witness said it was not the boy who used was thicker and was last—About ten minutes.

Mr. Skinner—I put it to you she put the matter of the 12/- and asked you to get the 12/- and do—I roamed all over the field that night I slept in a barn. On following day I went to the barracks. G.A.A. NOTES & NEWS.

Western J.H. Semi-Final At Modeligo.

Dungarvan And Tourin To Meet Again.

Dungarvan, 3-3; Tourin, 3-3. The Tourin junior hurlers created another surprise on Sunday when they held the much fancied Dungarvan fifteen to a draw in their tie in the semi-final of the West Waterford championship at Modeligo. The game a hectic struggle from start to finish and hard-pulling and close marking left no room for brilliant hurling. The teams were evenly matched, but it did not seem for the marvellous saving of the goalkeeper, M. Power, the old 'Boro' would have been well beaten. This player has few equals in the County. Dungarvan were the better out-field team and the forwards made good use of every opportunity. They seemed to have more control in possession and little difficulty in side-stepping an opponent. The Dungarvan men who were faster to raise and the ball were rarely hooked by an opponent and the drives were deadly accurate. The best score of the day came when Jim Riordan (Dungarvan) picked up on the right side a free ball between the uprights from a most difficult angle near the close of the first moiety. This side was at a disadvantage, playing without 'Ned' Power who was engaged in the junior football match with the Bricey Rangers against Cappoquin at Dungarvan. J. Burke who played centre half-back for the Old Boro in the first half and went back in the second was easily the best player on the side. He was ably assisted by J. Riordan, B. Moloney, P. Butler, J. Dwyer, R. O'Brien, T. Healy and T. Cahin. For the replay Dungarvan will have an improved team. Ed. Power will take up the back in the left wing and J. Cody, J. Barron and P. Cahin will also be available. All the minors who played on the side last Sunday did remarkably well.

The Tourin team which was not as evenly balanced included six or seven senior hurlers. They are out for the first time this year and are admired by all West Waterford. They were pitted against the best trained team in the County on Sunday last and were unlucky to lose. Tourin are a determined lot and use their wit and strength to the best advantage. On Sunday they were too much inclined to raise the ball when first-time pulling may have given them the right to enter the Western final against M. Power and Cappoquin. Time and again forwards in good positions were dropped and a sound drive would have been more effective. Those who appeared most conspicuous on the side were M. Murray (full-back), J. Fives, Mee, Fives, T. Phelan, D. Landers and M. Coleman. They are a fine combination and will take some beating. With practice they should develop into one of the best hurling strings in the County. There is no doubt but the team will be improved for the replay and we wish them luck.

EAST DIVISIONAL J.H. FINAL.

Ballytruckle, 2-4; Ballyduff, 1-1. A record crowd was present at the Waterford Sportsfield on Sunday afternoon for the Eastern Junior Hurling Final. Ballytruckle were first to go. A second raid was also successful but the goal was disallowed. Ballyduff met the goal was disallowed. Ballytruckle's first score came from a free by J. O'Shea, and Ballyduff replied with a similar score was Ballyduff, 1-1; Ballytruckle, 0-1.

Ballyduff playing with the breeze on the resumption looked likely to win. Ballytruckle opened the scoring with a point followed by a goal from this moment Ballytruckle outshined their opponents. Ballytruckle's score was not higher. Ballytruckle had a point and P. Power, a goal. Play followed and Mee, Fives, lifting the ball on the left wing had the first score, a point, after 5 minutes' play. The Tourin half backs were excellent. Power, Cahin and Dwyer were in action through this line of defence. Fives returned the puck from goal and following a determined raid by the forwards T. Phelan lashed in a goal 3 minutes later. Fives and Landers had stemmed another Dungarvan attack before J. McGee was called on to save his goal from a hard shot by M. Coleman. D. Landers was prominent in the Tourin half-back line and his long drives were always dangerous. P. Butler, Dungarvan retired and was replaced by P. Stack. A long cut-in by J. Fives was snatched by J. Burke, who was the outstanding Dungarvan defender and returned. Murray saved from Riordan and a side cut by Fives was well directed, and Murray raced in for a goal. The teams were now playing 20 minutes and Tourin had a lead of 7 points.

Bricey Rangers Quality For County Final.

Cappoquin Decisively Beaten.

Bricey Rangers, 0-7; Cappoquin, 0-1. At the Gaelic Field, Dungarvan, on Sunday last, the Bricey Rangers had an easy victory over Cappoquin in the final of the Western Divisional junior football championship when they romped home with a lead of 6-7 to 0-1. Cappoquin were without the services of a number of their army players and their loss was severely felt. The Bricey men were playing with a lead of 6-7 to 0-1. Cappoquin were without the services of a number of their army players and their loss was severely felt. The Bricey men were playing with a lead of 6-7 to 0-1.

On the re-start J. Burke, who was now in the full back position cleared and within a minute M. Power had a free. The same player was just a minute later with a long shot over the centre field area and he was high as the Tourin men strained their slender lead of one point. Two minutes later Joe Harrington had a point. When Hehir centred on the edge of the field, who were now playing with a strong wind were fully confident and play was confined to the Tourin forward line. A long puck by Landers was returned by P. Moloney and R. O'Brien. When Hehir centred M. Coleman put Dungarvan ahead with a goal. Both sides were all out now and hard knocks were the order. Owing to the marking stops, 8 minutes from time Landers sent in a point. Murray saved from M. Coleman on the third attempt. T. Phelan was responsible for this score. Both sides made determined raids but there was no further score before the full time whistle when the teams were on level terms at 3-3 each.

Mr. Ed. Walsh, Sean-a-Cabhall H.C. was a most impartial referee. Distinguished by M. Power, M. Coleman, J. Lyons, T. Cahin, P. Butler, J. Dwyer, Joe Harrington, M. Power, M. Coleman, M. Coleman, J. Hehir, J. Riordan. Tourin—J. McGee, J. Fives, J. Fives, Mee, Fives, T. Phelan, D. Landers and M. Coleman. They are a fine combination and will take some beating. With practice they should develop into one of the best hurling strings in the County. There is no doubt but the team will be improved for the replay and we wish them luck.

JUNIOR FOOTBALL SEMI-FINAL.

Dunhill, 1-2; Fenor, 1-1. At the same venue Dunhill and Fenor junior footballers met in the Eastern semi-final. It was a stubbornly contested game all through. Dunhill were the more experienced and were not expected to do so well against their heavier and more experienced opponents. As it happened Fenor gave a great display and their backs held off determined sides. The backs were very clever and broke up several movements. Fenor were first to score when the backs slipped away and O'Brien had a goal. Fenor gave a great display and their backs held off determined sides. "It is the desire of the Holy Father that the Irish Episcopate promote the special public prayer for the Church and for peace during the coming month of October."

YOUGHAL COURT

There were a large number of un-defended Civil Bills, applications for Examination Orders, etc., in which Messrs. W. R. Hodnett, and T. K. Keane, solrs., appeared for plaintiffs. Sgt. Lupton charged three young messenger boys, Thos. Sullivan, Thos. Mulcahy, and Patk. Lynch with cycling abreast across the main road. Complainant said that their hands on each others shoulders, forming a complete chain across the road. The Justice said that was the first case of the kind which came before him there. He would therefore let them off with a caution, but he was determined to put a stop to the frequent breaches of traffic regulations by cyclists and would impose heavy penalties for future offences.

KILMACHTHOMAS NOTES

FOWL AND RABBITS WANTED.—Widely and popularly known throughout his native Co. Waterford and the adjoining counties of Kerry, Tipperary and Cork, is Mr. Patrick Hoare, Mahonbridge, Kilmachthomas, who (as advertised elsewhere on this copy) is now engaged in the poultry-and-rabbit-buying business. For several years past, Mr. Hoare has been foreman-salesman on the outdoor staff of the extensive and progressive Kilmachthomas firm of Messrs. Edward Hill and Son, Ltd. He is a man of singular integrity, of character—honourable, upright and honest—and we warmly wish him the best in his new trading venture. (See advt.).

DANCING.—Last Sunday night's cinderella dance at the New Hall, Kilmachthomas, provided excellent entertainment to the very large number of devotees of the Terpsichorean art who attended from parts near and far. Mr. Paddy Barron was again the M.C. par-excellence, and the music supplied by the local Rainbow Band was most pleasing to all patrons. Calling all lovers of the light fantastic art to the New Hall on to-morrow (Sunday) night is the "Harvest Cinderella," which special attraction is scheduled to start at 9 o'clock and to stop at 2 a.m. Billy Foley's Band (Carrick) has been booked for this sure-to-be-pleasurable affair.

SOME LOCAL MARKET PRICES.—Eggs, 2/2 per dozen; butter, 1/6 to 1/8 per lb.; potatoes, 10d. to 1/- per stone; chickens, 7/6 to 9/- per pair; ducks, 5/- to 7/- per pair; old hens, 2/- to 2/6 each.

THE FAIR.—The usual monthly fair of Kilmachthomas, held on Tuesday, was well supplied in all sections. Contrary to expectations there was no improvement in the demand for cattle, all classes of which were held their own as compared even with a month before. Yearlings fetched from £5 to £7; two year olds, £10 to £12, and three and four year old forward bullocks, £18 to £22. Good demand for milch cows and dry cows, most of which just maintained late rates. Sheep, however, were down on 55/-, with stores around 35/- to 40/- each. Older ones up to three months opened last year, and which proved such a blessing to the apple growers of the immediate and adjoining districts, has begun operations again this season, under new auspices, and it is earnestly hoped that extensive and small growers alike will take full advantage of the services again placed at their disposal by marketing their crops at the local centre. Growers should pay particular attention to the handling of their apples, as bruised or otherwise damaged fruit cannot be accepted. Good prices will be paid for all grades, but particularly for first quality.

LOCAL MARKET PRICES.—The following are the quotations which ruled at last week's market:—Chickens, 1/4 per lb.; old hens, 1/3 per lb.; eggs, 2/4 per doz.; salted, 1/4 per lb.; creamery butter, 1/7 per lb.; rabbits, 3/4 per pair; onions, 4/8 per stone; blackberries, 1/2 per stone; tomatoes, 1/2 to 1/6 per lb.

TALLOW NOTES

HARVESTING OPERATIONS.—Thanks to a beneficent Providence a bountiful harvest has been reaped all through the parish and surrounding districts, and reports from farmsteads where threshing has been completed go to prove that very satisfactory returns are being obtained, while in some, exceptionally high averages have resulted. The hum of the threshing gear is to be heard on all sides, the owners of which are to be complimented on the bold efforts they are making to overcome the difficulties presented by the coal, petrol and kerosene shortages. Except for being so much slower, turf and wood blocks are proving fairly good substitutes for raising steam.

DRAMATICS.—During the past week, for the first time, Mr. Anrew McMaster and his company of talented artists occupied the Cinema Hall, where they staged many of their masterpiece productions to crowded audiences each night during their stay, clearly proving that the residents appreciate first class entertainment at all times. The music supplied by the local Rainbow Band was most pleasing to all patrons. Calling all lovers of the light fantastic art to the New Hall on to-morrow (Sunday) night is the "Harvest Cinderella," which special attraction is scheduled to start at 9 o'clock and to stop at 2 a.m. Billy Foley's Band (Carrick) has been booked for this sure-to-be-pleasurable affair.

EPIDEMIC.—Owing to a return visit of the measles and whooping cough epidemics, it was considered advisable by the medical officer of health that the re-opening of the schools after the summer holidays should be postponed until a clean bill of health should be declared. Local opinion is very expressive on the point that the lack of proper sanitary equipment in the schools is a decidedly contributory factor, and surely in these days of hygienics such a state of affairs should not be permitted to exist, seeing that a new sewerage system at considerable cost was laid down only a few years ago, and to date the powers that be have failed to realise their responsibilities in the interests of public health.

APPLE PACKING.—We are pleased to announce that the apple-grading station which was opened last year, and which proved such a blessing to the apple growers of the immediate and adjoining districts, has begun operations again this season, under new auspices, and it is earnestly hoped that extensive and small growers alike will take full advantage of the services again placed at their disposal by marketing their crops at the local centre. Growers should pay particular attention to the handling of their apples, as bruised or otherwise damaged fruit cannot be accepted. political life of the county. He was liked by all; an humble, inoffensive, likeable citizen, and a loyal Catholic. Playing with the talented local amateur dramatic club of a few years ago, he distinguished himself in his every role. Deserving of everything good that could be said of him, his passing, while yet in his early thirties, is profoundly lamented, and the heartfelt sympathy of all of these parts is extended to his good brother, Mr. Patrick Gleeson, Stradally, and the other proximate ties, in their heavy sorrow. A cortege of imposing dimensions accompanied the removal of the remains on Tuesday evening to the Parish Church of the Exaltation of the Holy Cross, Stradally. Requiem Masses were celebrated on Wednesday morning, and all that was mortal of the late Mr. Gleeson was subsequently laid to rest in the family plot in the adjoining cemetery. In the presence of innumerable mourners, service, wreaths and spiritual bouquets were placed on the grave, and numerous messages of sympathy were received.—R.I.P.

CYCLE RACE.—Under the auspices of the Irish Tanners' Cycling and Athletic Club, Portlaur, a road cycle race will be brought off on to-morrow (Sunday) evening. The race will be over a distance of about eight miles, it is confined to the parish of Portlaur, and competitors must not use other than ordinary bicycles. Winner will receive a new bicycle (presented by Mr. W. O'Keefe, Carrick-on-Suir), and the entrant who finishes second will get a shaving set (presented by Mr. W. J. Nolan, M.P.S.I., Dungarvan). Much local interest is centred in the event.

RETURNED.—Son of Mr. and Mrs. Patrick Barron, Garranurton, Kilmachthomas, is Mr. James Barron, who last week-end terminated a pleasant holiday at his parental foot-plate, where he occupies an important and responsible position in the Omnibus Road Repairs.—The road from the cross adjoining Ballylauran old cemetery to Fahafeleagh Cross (via Garranurton) is in a very bad condition at present and requires to be resurfaced and re-gravelled, the men-rolled all the way. Hoping it will be so treated without undue delay.

COUNTY COMMITTEE OF AGRICULTURE

At a meeting of the above, at the Courthouse, Dungarvan, on Saturday last, Mr. T. Flynn, presided. Also present were Messrs. J. O'Mahony, Department Inspector; Commissioner S. J. Moynihan, P. B. Sheridan, P. R. Power, and J. O'Dwyer, Secretary. Messrs. D. Hurley, A.L.; P. O'Shea, H.L.; and Miss M. M. Mullins, P.I. were also in attendance.

ALLOCATION OF FUNDS.—The provisional allocation of funds of Live Stock and Agricultural Schemes, 1942-43 having been explained by Mr. Mahony, Inspector, Mr. S. J. Moynihan proposed a vote of thanks to the Inspector for the help he had given to the Committee of Agriculture in explaining the estimates to them. Mr. Moynihan also added that he would like to thank the attention of the Department of Supplies to the fact that last year the instructors were held up owing to the shortage of petrol, till late in the season.

Mr. Sheridan in joining in the vote of thanks said they were all very pleased to have Mr. Mahony's help in every way possible. Mr. T. Flynn, Chairman—We approve of the estimates, and we thank Mr. Mahony for the clear way in which he explains the estimates when he comes. Mr. Mahony, Inspector, in a short address said he would like to express his appreciation of the Committee's vote of thanks and kind remarks. It is always a pleasure for him to come to a meeting of the clear way in which he explains the estimates when he comes.

Mr. D. Hurley recommended a subsidy of £5 each for the erection of 10 silos. In reply to Mr. Sheridan, Mr. Hurley said that seven of the ten silos had been engaged. The recommendation was approved.

TEMPORARY INSTRUCTOR.—Mr. P. J. O'Sullivan, Bantry, was appointed temporary instructor in Horticulture for a period of three months beginning 1st October. There were two other applications for the position.

TENDERS FOR FRUIT AND FOREST TREES.—The tender of Messrs. Walsh, Nurseries, Rathdrum, Co. Wicklow, for forest trees was accepted. The tenders for the fruit trees were considered too high.

LIQUOR.—A letter from Knockmole Co-Op. Creamery dated they were in a position to supply milk from the kiln at Kibber, at 3/6 per barrel ex kiln and 3/9 per barrel f.o.r. Cappoquin.

The Secretary said that a very reasonable offer. Mr. Sheridan added that hardly ten per cent. of the artificial manure required next season would be available.

Mr. J. Flynn, Mary St., wrote stating that owing to the collieries at Castlecomer being controlled by the Minister for Supplies and the amount of cinn reduced by at least fifty per cent., it looks very bad for the coming spring as a reduction in cinn means a reduction in output of lime.

The following resolution was unanimously adopted.—That the Department of Supplies be asked to make a sufficient quantity of cinn available for lime kiln owners, as owing to the great shortage of artificial manure a very considerable increase in the quantity of lime is absolutely necessary during the season now commencing.

LOCAL HAPPENINGS.

A PLAYING PITCH FOR THE YOUTH.—We have learned with extreme delight that the local Christian Brothers, true to the noble tradition of the Order, have gone a further step to foster and cater for our native games. Much progress in this line has been made in recent years by the local community, and the present project of laying out a playing pitch on the beautiful grounds attached to the institution will be a fitting monument to the unstinted labour and energy which members of the community have devoted to his lighter side of education. The health of our youth, after the religious aspect, must be a foremost consideration of parents and teachers and if we are to have citizens worthy of our race what more fitting training could we provide than the good old Irish games of hurling and football. Thanks to the goodness of the late Dan Fraher, and his worthy son, a ground second to none is at the disposal of the local schools. It is not the intention of the Brothers, we are assured, to forego this facility, but rather to provide for the need of a playing pitch during school hours, which he had given to the Committee of Agriculture in explaining the estimates to them. Mr. Moynihan also added that he would like to thank the attention of the Department of Supplies to the fact that last year the instructors were held up owing to the shortage of petrol, till late in the season.
