MORE and MORE PEOPLE are changing over to-POWER'S PERFECT BOTTLING of Guinness Extra Stout-and Bass.

Why?

BECAUSE Guinness and Bass are treated under ideal conditions in Power's Brewery.

FIRSTLY, all bottles are absolutely clean. SECONDLY, bottled Stout and Bass are stored in cool underground cellars, and allowed to mature there in the correct temperatures approved by Messrs. Guinness themselves; and THIRDLY, POWER'S BOTTLING is ONLY delivered to the public when in PERFECT CONDITION.

THAT IS WHY Power's Bottling is so perfect and so different. In summer Power's have cold storage. In winter these cellars are heated, and they WILL be heated—SOMEHOW—during the coming winter too. And that is why so many people praise Power's Bottling as the best, and that is why 9 people out of 10 prefer Power's.

NOW you know why there are more and more people changing over to Power's every day—the CONSUMER because he prefers Power's Bottling, and the TRADER because he finds his trade steadily increasing when he is able to please his customers by giving them what they want—the best—which is Power's.

ALWAYS ASK FOR POWER'S BOTTLING—and insist on getting it. There is no reason why you cannot enjoy a bottle of this delightful drink, because all the leading Houses in Dungarvan and all over the district stock POWER'S BOTTLING. Customers selling Power's Bottling find their business is good, and their sales are keeping up, during these difficult times. POWER'S SALES are INCREASING every day; therefore their customers' sales must also be increasing—which speaks for itself.

MESSRS. POWER'S cordially invite their customers and friends to visit their Premises at ST. BRIGID'S WELL BREWERY at any time and see for themselves the perfect cleanliness everywhere; the modern machinery in their Mineral Water Factory—the new Plant installed in the beginning of August—where Carbon Dioxide Gas (no longer obtainable owing to the war) is manufactured. This plant was designed by the Emergency Scientific Research Bureau in Dublin, and is only one of the very many changes and additions adopted by Power's in their effort to keep going at any cost during this mergency, and to enable them to continue to give good service and the goods to their customers in spite of the difficulties arising every day now.

CHANGE IN WORKING WEEK.

Mr. Bowen, B.E., B.S., wrote:

I enclose paysheet duly certified in respect of week ended 9th inst. it would suggest to the Council that the present arrangements of the working week, which ends on Thursday, is not satisfactory. The insurance is is awkward and wifficult, involving portion of 2 different weeks. Furthermore, there is not sufficient time to enable one and my staff to theck the enable me and my staff to check the sheet and revise where necessary, sheet and revise where necessary, and it may not always be possible for me to attend to this work on a fixed day, as the work of the Co. Council must take preference. I recommend therefore that the working week be altered to end on Saturday, that the rates of wages be fixed for each ordinary day and the half day as is done by the Co. Council and that payment be made by paying order only. The long days' wages would thus be 7/2 and the short day 4/2. This will give a better and sales system.

Charman.—The B.S. suggests that the working week ent on Saturday. M. Butler.—That will mean that

RECENT COURT PROCEEDINGS.

Mr. Williams, Council's Solicitor, wrote in connection with the recent Court proceedings against the occupiers of three houses in Cathal Brugha Place and stated that if any of the three defendants is in default any week in payment of the increased rent placed on them, the Justice will at once sign an ejectment warrant which can be executed without any delay. The rent collector should therefore let him know at once if any such default occurs.

The letter was referred to the Rent Collector.

The collowing was read from the E.S.B. Offices re Public Lighting.—
We are in receipt of your letter containing order made by your Council in regard to Public Lighting in Dungaryan as from 1st inst. In contaction therewith, we wish to point out that arrangements are being made for all normal midnight lamps.

Council summoned three householders in connection with the nuisance, but the Justice after visiting and inspecting the place held against the Council.

Mr. Butler—I propose we refer it to Mr. Bowen for advice.

The proposition was passed.

M.O.H., regarding his warning to the children.

The Clerk said he did not yet write to Dr. O'Farrell but would do so at once.

Mr. Dataill—It is a terrible thing that after losing all that that money on water, you must now boll it before you drink it, and coal and fuel so scarce and dear.

I regret any allegations made by me against Mr. Patrick Ryan, Ganger, Tallow, Co. Waterford.

(Signed), MICHAEL CUNNINGHAM, Mr. Caulfield seconded the resolutions of the county council o ion which was passed in silence, all CHANGE OF HOUR OF MEETING.

Mr. Caulfield said there is an important matter which he wished to call attention to, it is to the fact that the members of the Board find it very inconvenient to get back from the meetings here due to the fact that We will keep our prices down, consistent with the high standard quality of our goods, which we will always try as far as possible to maintain. We need not remind you of our large and varied stocks which will comprise of almost everything that the housewife may need. May we mention a few: High-grade Cast Iron, Enamelled and Alluminium Holloware, Galvd. Mr. Caulfield said an alternative

lighting scheme was required in the Co. Hospital in Waterford and also in the dispensary, in the case of an air raid.

Mr. Cosgrave said if they didn't get the estimates until next meeting the alternative lighting scheme would not be in intil the month after and then the winter would be gone.

An order was made that Mr.
O'Flynn, Sec., set an estimate from
Mr. Jephson and also sanction of the
Department for next meeting.
The skeleton scheme in the County

The Secretary said he asked Mr. Jephson to make a report and he estimated re-plastering at from £10 to £15, but treating the wall with plaster might be sufficient.

The matter was referred to the engineer to have it attended to.

COOKER REFUSED.

Dr. Foley, M.O., Ardmore, asked the Board to install an A.B. cooker in the dispensary residence. The present range was useless as it required best quality coal and burned twelve tons per annum.

Mr. Phelan, A.O., said that in rural areas, a man got 14/- per week unemployment assistance, while im the urban area he got 12/- unemployment assistance and 5/- special food allowance.

After some discussion the Board decided to add the addendum that it also include recipients of unemployment assistance in rural areas.

Resuming, a College offensive looked avourable, but the C.B.S. backs leared well, and midfield exchanges uled for some time. After 10 minu the College increased the lead to two goals, when Wall had a nice major. Five minutes later, the same player repeated his performance. The C.B.S. now took up the running and in a goal scramble, goaled. Encouraged by this score, they again estacked but the College defence stood up well, and the C.B.S. for-

tion arising out of a discussion on the framing of a scheme for the allocation of food vouchers by the Board of Health under the recent Government grant. Attention was directed to the anomaly which at present exists in regard to the treat-ment of Old Age Pensioners, Widows nection the following resolution was

passed:—"That we call on the Government to extend the existing Government to extend the existing food voucher scheme, calready in operation in urban areas as to include Old Age Pensioners, Widows and Orphans, and National Health Insurance recipients who are resident in receipients who are resident in care as as we consider the description unfair and a further incentive to people to flee from country to the towns."

REFLECTIONS,-The war, the inclement weather and the high cost of living have not completely dulled our artistic sensibilities and frequently within the last week or so quently within the last week or so we have heard enraptured comments on the beauty of the season we will be leaving behind us a forntight hence. It would be difficult to say whether spring or autumn is the loveliest Irish season, but he would have been blind indeed, who could have looked unstirred at the mass of colour that has bounded our highways since the season of mists and mellow fruitfulness began. Rich browns and bronzes blend daintly with flaming yellows and golds and fading greens, and every other day drifts of fallen leaves will be making great pools of colour on the dull great pools of colour on the duli green of the autumn fields. Gazing on it, one is struck by a thought that comes often to those who look on Ireland's loveliness—"an artist who painted it would be laughed at for his exaggeration." Even we, who see it year by year, still look upon Nature's canvas with incredulous eyes. Next month, in the city and in the town, they will be shovelling up all this glory into little wooden carts and trundling it off to some rubbish dump to be burnt with the refuse of the garlage cans. It was stated that there was a disgraceful scuffle on last Sunday night, the parties having to be turned out. On the same occasion a young girl threatened to commit suicide because she was slighted by her partner. (Laughter). She climbed the Mall wall, went down the ladder and jumped, landing on the mud, the tide, fortunately, being out. (Laughter.)

It was decided to invite the assistance of the Civic Guards, and to insist on the employment of a man at the door.

LARCENY CHARGE.

Supt. Quinlan at the suit of the Attorney General charged T. Coleman, Church St.; Ml. Walsh, Bally-saggartbeg, and 3 minors—John Walsh, Simon Scanlon, Fred Ryan—with breaking into the fowlhouse of Mrs. Catherine Lyons, Ballysaggartbeg, and committing a felony by taking four hens.

Mrs. C. Lyons said that on March 22nd she went to the rosary at 6.30 and returned at about 9.15. There was a pad-lock on one door of the hen-house. On Sunday morning she heard the hens making noise and when she went to the hen-house she found the back door was taken off the hinges. She identified two of her hens at the Barracks on the following Tuesday.

Tuesday.

At this point Mrs. Lyons asked to have the defendants let off.

The three minors, Walsh, Scanlon and Ryan, pleaded guilty and were let off under the Probation of Offenders Act, and the other two youths were bound to the peace for twelve months on their own recognisances of 25 each.

Vernon Terrace, St. Luke's Cork, with dangerous driving at the Sweep, Tallow, on the 3rd May, 1941, of a motor lorry, when approaching a curve he failed to drive as near as practicable to left edge of the road-

accident and when he went to the scene he found a two ton lorry lying on its side. There was an air compressor in the lorry. He examined the road and saw a brake mark 60 feet showing, 81 feet from right hand side and 35 feet from the left. There is a special sign on the side of the road approaching the bend. The compressor was very heavy at least one ton. There were also ropes and rubber tubes in the lorry.

MONTH'S MIND FOR THE LATE CANUN BURKE. - The Month's Memory Requiem Office and High Mass were celebrated at St. Carthage's Cathedral, Lismore, on Monday last, for the repose of the soul of the late Very Rev. Canon Burke, P.P., V.F. Although the weather was inclement, the faithful turned out in their hundreds to pay tribute to the memory of their deceased paster. The pupils of the Presentation Convent and Christian Brothers' Schools also attended with their teachers. The celebrant of the Mass was Ven. Archdeacon Kelleher, P.P., V.F., Ballybricken. The deacon was Rev. Daniel O'Byrne and the sub-deacon, Rev. J. Hennebry, C.C., Lismore, Rev. Fr. Tobin, C.C., Glendine, Youghal, was Master of Ceremonies, and the Rt. Dom Celsus O'Connell, Lord Abbot of Mount Melleray, was in the Sanctuary. Large numbers of clergy from all over the diocese were present at the ceremony. NEW PARISH PRIEST OF LIS-MORE.—The people of Lismore extend a hearty welcome to their newly-appointed pastor, Very Rev.

Canon Michael Walsh, P.P., who succeeds the late Canon Burke Canon Walsh has just been transferred from Ballylooby, Co. Tipperary, while he has enjoyed great popularity as parish priest for the last twenty years. He had previously spent a similar lengthy period as a curate in Dungarvan where also he was well known and beloved. In congratulating him we wish him many years of health and the shifting of the compressor.

Mr. O'Connor, defendant, in reply happiness in the sacred office to Lard, Dripping, Black heartiest congratulations to our neighbours, Tourin, on their sweeping victory over Cappoquin in

the Junior Hurling Divisional Final at Lismore on Sunday last. A record crowd came from all parts to see the game, as widespread interest had been aroused by the meteoric rise to fame of the newlyformed Tourin team. By springing this surprise on Cappoquin, who The case was marked proved and had lately built a high hurling reputation, they justified the highest hopes of their supporters, and confounded the critics who had underrated their staying-power in the match against Dungarvan. The

West. GOOD CROPS. - This year's potato crop in Liemore district is Rich Sultana Cake, of almost record yield and quality. This is an inestimable blessing when we are facing a winter in | lced Dessert Cake, which we must rely solely on home products. Blackberries have also been in copious abundance this year and many have taken full advantage of the good price offered for them. The wild fruit market has now extended to sloes, and it is to be hoped that many people will make profit

Exceptionally keen card-playing was evident early on, and in the semi-finals and finals still beaner and closer play was maniand in the semi-finals and finals still keener and closer play was manifested, so much so, indeed, that a "gallery" of supporters remained to see the finals, which resulted in Messrs. D. McCarthy, Kilwinney, and W. Ahern being declared the winners, while the runners-up were Messrs. N. Curley, West Street, and N. O'Mahoney Cooladoody, and the third prize going to Messrs. E. Cody (playing as substitute) and Thomas Connery, Kilcalf.

West Waterford Div. CO. G.A.A. Notes.

GAELIC EXILES FROM CLUB .and Abbeyside district that Gaelic players from West Waterford who have been forced to go to Great Britain to earn their livelihood have not forgotten their lore for our Gaelic games. In one part of England at post a party of exiles have formed a nurling club. Writing home the Hon Sec. of the new club (an ex-Abbeyside hurler) asks for help from Gaelle lovers at home to supply hur-leys and hurling balls. He says it is mpossible to secure either in Engand and unless the help of those here is given, the club will be a failure. It would be a pity if such an appeal remained unanswered, as the playing of Gaelic games will unite those in England with the Motherand at home. It would be a small matter for a committee to be formed to raise the necessary few pounds to buy a set of hurleys and a few hur-ling balls for those lads. Someone

To open the views for the benefit of those present. The ratepayers of Dungarvan, con-tinued the Chairman, feel the failure of this scheme very much. He cannot express in words strong enough their disappointment at this failure. He will say that the people of the town have been very patient. The Chairman then referred to the originally mooted Kilnafrehan scheme, for which the estimate was £3,000 odd. and which was abandoned in favour of the Deelish scheme, for which the nal estimate was £5,077 12s. 6d. On this scheme, which is a complete failure, we have, to date, spent £9,070 19s. 8d. Added to that there is an overdraft on which the Council are paying interest since 1939, and in many cases the Council had to forego involve protracted legal proceedings. evere loss to a Council with very little revenue. The people want to know why it should be a failure. We placed ourselves in the hands of competent engineers and we gave them every facility and have not put the ratepayers a supply of water. The Council felt that something should be done, and we asked for a sworn in-quiry into the failure, but the De-partment refused the Council's re-quest. The request for that sworn ry was the result of a general town. It is by now generally recognised that the Council are not at fault are blamed for being too lenient in the money that was spent on what has turned out to be a white elephant. The Chairman asked Mr. Maconchy if he was satisfied at the time the puddle trench was opened and certain other works carried out that it would be a success. Mr. Maconchey said he was. The grouting was done for £250, as they did not want to bring in a cementation firm on the job, as it would cost £1.000 to get the machinery on the site, and about £1,500 for the work. No man, no matter how brilliant an engineer, except he had an X-ray eye, can know where the leakage is, and that is why we are recommending that these tests be made. There is the possibility that if the banks of the tunnel have set right, that the dam will hold water. If not, you will
