RETURNED FOR TRIAL. Superintendent Walsh charged Johanna Meehan, Kilminton, and her mother, Nora Meehan, on three counts in connection with the death of a newly born infant. Dr. Coughlin, State Solicitor, presented and Mr. Morrissey (Messrs. Farrell and Morrissey), Solicitor, defended. At the outset Dr. Coughlin said he would ask the case against Johanna Meehan to be struck out as she would be a witness against Nora Meehan. This case was accordingly struck out. Dr. J. McGrath, State Pathologist, deposed that on Dec. 2nd, 1941, he attended at Kilminton accompanied by Superintendent Walsh and Sgt. Teahan and with the help of Sgt. Doyle the body of a female infant which was found about a mile from where she was alleged to have been placed. They found a cardboard box containing the body of a female infant a short distance below the surface, the body was covered with a coarse cloth, there was fresh vomit from the nose and mouth of the infant and there was some decomposition. The body weighed 4 lb. 10 oz. and was well formed. From his examination of the various organs he formed the opinion that the body was that of a well-formed, full-term female infant which had been born alive and had lived for a day or two after birth. He found no signs of disease or serious violence which might cause death and the finding would be consistent and suggestive of death from neglect, exposure and starvation.

TO DR. COUGHLIN—The accused in the first instance pointed out where she had buried the infant in a cardboard box. Johanna Meehan, 27 years, said she was daughter of the accused Nora Meehan. She had lived with her parents since April, 1941, prior to that she worked in the country. While there she was keeping company with a man named Luke Manning and when she went back to her parents she knew she was going to have a child. She did not tell her parents anything. On Nov. 11th she became ill and went to an out-house about 3 o'clock in the evening and gave birth to a baby. The baby was alive, there was no one present when the child was born. Her mother came out soon after the child was born and saw the baby. Witness went in and went to bed. She left the baby with her mother and remained in bed until the following Saturday evening. She did not see the baby again or ask her mother what happened to the baby. She heard the baby was dead on the 2nd day after, but could not say who told her. To Mr. Morrissey—She was in bed a day before she left the out-house she did not ask her mother to look after the baby, she went to her room without assistance. She did not see the baby while she was in bed. Sgt. Teahan, Dungarvan, said on December 1st, he accompanied Supt. Walsh, to the home of the accused. They both interviewed the accused, who was cautioned by the Superintendent as to any statement she might make. Witness was present when the statement was taken by the Superintendent from the accused. On the same date and place they interviewed the previous witness, Johanna Meehan. She was similarly cautioned and made a statement. On the same day witness accompanied Supt. Walsh and the accused to a field near the house. Accused pointed out to the spot where she buried the baby. Witness saw the child who her daughter, Johanna, had been delivered 2 weeks previously. On Dec. 16th she again visited the field with Dr. McGrath and Supt. Walsh. Accused was also present. He assisted in the exhumation of the remains of the infant. The child was isolated out by the accused. The accused identified the remains as those of the infant which she had buried. The remains were in a cardboard box. Later he arrested the accused, Nora Meehan, and charged her with the charges set out. Superintendent Walsh corroborated the evidence of the previous witness and of Dr. McGrath and identified the statement taken from the accused and from Johanna Meehan.

TO MR. MORRISSEY—She was in bed a day before she left the out-house she did not ask her mother to look after the baby, she went to her room without assistance. BEEF PRICE CONFERENCE.

Representatives of the Irish Sugar Beet Growers' Association, Ltd., met directors of the Irish Sugar Company, on the 8th inst., and discussed with them the many difficulties under which beet would have to be grown in the coming season, and in particular the acute shortage of artificial manures with its inevitable unfavourable reaction on yield.

In view of these difficulties and in order to obtain an acreage approximating last year's figure the necessity for a substantial increase in price was emphasized.

Both parties to the discussion took a serious view of the present situation with regard to sugar production for the nation's requirements for the coming year.

The Beet Growers' Association was represented by Messrs. Wm. Mullins (chairman), J. Seymour (vice-chairman), J. N. Greene, J. Hughes, T.D., Rev. M. Flynn, C.C., M. J. Corry, T.D., and A. H. Fahy (secretary).

The Irish Sugar Company was represented by Messrs. Edm. Williams (chairman), A. A. Odium, P. E. O'Mahony, M. J. Behan (directors), T. O'Hanrahan (general manager), and J. J. Glavin (chief agricultural adviser).

RECENT DEATHS.

LATE MR. JOHN O'KEEFE.

We regret to announce the death of the above much esteemed gentleman which sad event took place recently at his residence, Monagowna, Conna, Co. Cork, and to the members of his family and relatives the sincere sympathy of their many friends and neighbours is extended.

Deceased served extensively and successfully in his native parish and was a well-known figure in farming and agricultural circles in East Cork and West Waterford. He was the late paragon member of the well-known family of the O'Keefes, of whom the late Mr. David O'Keefe, Col. and Corn Merchant, Tallow, was a member.

The immense attendance of mourners and sympathisers present at the removal of the remains to Ballynoe Church and at the subsequent interment which took place in the family burial plot in an Ballynoe cemetery testified fully the regret felt at his passing and to the esteem in which he was held.

Solemn Requiem Mass was celebrated for the repose of his soul at Ballynoe Church, by Rev. Fr. Roche, C.C., who later

Masses offered. 'Tis not the tears at the time that are shed. That show how the heart is torn. 'Tis the lonely tears of after years And the sorrow that's silently borne.'

MCCARTHY.—First Anniversary.—In loving memory of Michael McCarthy, Cathal Brugha Place, Dungarvan, who died on January 11th, 1941. 'Eternal rest grant unto him O Lord, and let the perpetual light of Thy countenance shine upon him.' Inserted by his loving wife and family.

MINISTER TO SPEAK IN DUNGARVAN.

Mr. T. Derrig, T.D., Minister for Lands, will address a public meeting in Dungarvan, under the auspices of the County Waterford Committee of Agriculture on Saturday, 24th January, at 1 p.m. The Minister will deal with, among other matters, the need for increased food production in connection with agriculture. Members of the Agricultural communities, co-operative societies and all others interested in the movement for increased tillage are invited to attend.

AGLISH HARRIERS.

The meet on Sunday next, 18th inst., will be at Rockfield.

GAELIC LEAGUE—Dungarvan Branch.

At a meeting of the Gaelic League held at the Technical School, on Saturday night, the organiser, Desmond O'Driscoll distributed copies of the play which he had selected as being suitable to our needs. The cast for each play will be selected on Saturday night next, and those who get parts should make sure to attend regularly at the meetings in future.

Great interest is being taken by some of our new members in the Irish class which has been formed at the Technical School for those who have absolutely no Irish, but who have the will to learn it. There should be no excuse in future for anybody in the town who cannot, at least exchange, the ordinary salutations in Gaelic, and is those who can already, do so. Do not reserve them for the classroom only, use them on the streets, at every opportunity—the louder the better, Slan agáibh.

PREPARING FOR RATIONING.

The forms for National Registration in Eire, which were distributed on the 16th November last, have been returned by the enumerators, and the Statistical Branch of the Ministry of Commerce and Industry is engaged in checking and examining them as a preliminary to the possibility of rationing bread and other commodities. Altogether 750,000 householders' schedules were distributed and collected by the enumerators, who performed a difficult and intricate task in an efficient and speedy manner. It will take some little time, however, before the final result of the registration will be available, although considerable strides have been made in the Department for bringing into operation, when necessary, a rationing scheme.

HOLIDAYING.

Rev. P. J. Tobin, C.F., has just returned to rejoin his regiment after spending a very pleasant holiday in his native Co. Wick. Fr. Tobin is looking fit and well and takes back with him the best wishes of his many friends in these parts.

PLOTOLDERS ASSOCIATION FORMED.

At a specially convened meeting held in the Scouts Den, Abbeystead, on Thursday night last, January 8th in connection with the setting of land for allotment plots for employed persons, it was decided after a discussion to form a plotolders association. The following were appointed: President, Very Rev. Fr. Dunphy, P.P.; Vice-President, Rev. M. Power, C.C.; Chairman, Mr. J. McHugh, Treasurer, Mr. T. A. Kynne, Secretary, Mr. B. McManus, Representative on Parish Council, Mr. L. Condon, Mr. C. J. Murphy, hon. secretary, Parish Council, attended and gave the meeting much useful information on procedure. The Very Rev. President, referring to the formation of the association at the Masses on Sunday last, dealt with the benefits to be derived

from such an association and wished it every success.

A WORTHY CAUSE.

As we go to press we notice that the Town and countryside has been posted of the announcement that a Monster Bazaar is to be held at the Town Hall, Dungarvan, between the 25th and 31st of this month. The object of the Bazaar is a most worthy one as its aim is to raise funds for to meet the very heavy expense being incurred by the Dungarvan Children's Health Committee this year in providing a meal every day during the winter months for the poor school children in the Urban District of Dungarvan.

Each year, this very essential and charitable endeavour has cost the Committee around £250 and because the local rate struck by the U.D.C. for this purpose is only a very small moiety of the amount required the balance must be found otherwise—hence the Bazaar.

A very representative Committee of prominent local Ladies and Gentlemen under the Presidency of Very Rev. Canon O'Brien, P.P., V.E., Dungarvan, has taken on the heavy task of providing in the Bazaar an entertainment second to none during the last eight days of January and judging from their endeavours so far it goes without saying that the event will be the success of the season both from the public's point of view and the financial side. The Bazaar will provide a miniature Carnival with many novel attractions and the public will not only get value for the money they spend but will contribute to one of our most worthy local charities. Members of the Ladies' Committee are leaving no stone unturned to provide novel attractions at their special Stall and many commodities now almost unobtainable otherwise will be available at competitive prices. Let us make it our business to aid the collectors when they call for our support—everything helps no matter how small the donation.

TICKETS FOR A MONSTER DRAW WILL BE SOLD THROUGHOUT THE BAZAAR WEEK.

The first prize will be £5, second prize, ton of coal, and 3rd prize, ton of blocks which were donated to the Committee by local charitable and public spirited citizens. Prizes will also be given nightly on door tickets which will cost only 3d. Each of the games of former carnivals will be available at the Hall so that every taste in this respect will be adequately catered for. We have no fear but that with such a feast of entertainment the citizens of the old Boro' will flock to pack the Hall each night of the Bazaar. The object is worthy of the fullest support as a great charity will benefit.

KINSALEEG L.D.F. DANCE.

All roads lead to Kinsaleeg on Sunday night next for the first grand annual dance under the auspices of the local section of the L.D.F. Splendid music will be supplied by John Fenton and his band, specially engaged.

A POUND FOR IRISH SALMON.

First Irish salmon of the season was sold at £1 a lb., whole fish, in Billingsgate, London, on Monday, according to the 'Daily Mail.' Cutlets would at this price, be sold at about 25/- a lb., as against the previous seasonal figure of 7/- a lb.

In connection with the above paragraph which appeared in our last issue, Mr. John Flynn, the popular Manager of Messrs. T. Clancy and Sons, Fish Exporters, has shown us a letter from Messrs. H. Barber and Son, Fish Factors, Billingsgate, stating among other matters in connection with the Fish trade—'There have been a few salmon on the market from Waterville and Sligo this week and the fish were on offer on arrival at 18/- to 20/- per lb., but found no buyers at that figure. Prices quickly fell to 12/- per lb. but very few fish cleared, and out of the original arrival of 9 boxes quite half the fish are awaiting buyers and we think that prices will have to adjust themselves at a much lower level. Generally, however, if there is no control we expect a keen demand and prices should prove encouraging for producers.'

LOD HIGH BEREAFORD LEAVES £2,800.

LOOK UP YOUR CIGARETTE CASE.

The familiar cigarette packets, with their distinctive covering are likely to vanish for the duration of the war. Within the next few weeks manufacturers will be delivering in cartons of 20 and these will be sold over the counter loose in 10's and 20's. This method has been adopted

with regard to packing materials is serious. One result, it is anticipated, will be a boom in cigarette cases.

THANKS TO LOCAL T.D.'S.

At the monthly meeting of the Committee of the Waterford Mental Hospital held on Tuesday, the Chairman, Col. T. Lynch, thanked the four Waterford T.D.'s for their efforts in obtaining sanction for the hospital electrical scheme. 'Enough was not being made of them,' said Col. Lynch. 'When they were asked to do anything they did it well and quickly.'

EIRE NOT SUBJECT OF LONDON TALK.

His talks in London were not connected with Eire in any way said Mr. J. M. Andrews, Northern Prime Minister, on his return to Belfast.

I had conversations with the Home Secretary and other British Ministers on various matters connected with Northern Ireland's war effort,' he said.

NORTH'S PLOUGHS BUSY.

Northern Ireland farmers cultivated 21 p.e. more land last year than in 1940, or almost 70 p.e. more than in the years prior to the war. Chief crops were 'wheat' 50, flax, 93; potatoes, 29; and oats 13. Nearly 250,000 acres of old land were ploughed, a grant of £2 per acre being obtainable.

At the same time there was a 40 p.e. increase in the number of in-calf heifers, while increases also were registered for dairy cattle and poultry. Sheep and pigs decreased, the latter by 25 p.e.

ON AGRICULTURE.

We are indebted to a reader of the 'Observer' who forwarded us the following cutting from the 'World Digest.' The prime defect of our agricultural system is the superstition that any fool can farm, but that only a well-educated man can cast accounts, sell history, type letters or report inquiries. Education may make a bad farmer a good farmer; it can certainly make a good farmer a better one. A nation which starves the countryman's mind so that it may pamper herds of machine-minders is on the way to hell. I cannot see any sense in a society which pays a ploughman, a more highly-skilled labourer, less than it pays a scrawny fop. We want better-educated, better-housed and better-paid agriculturists of all sorts. To pay the man who grows the crop less than the man who sells it is worse than a crime; it is a blunder. To tempt a farm-labourer to leave the land to live in a slum is both a crime and a blunder.

GRAND FORTY-FIVE DRIVE AT SCOUTS DEN, ABBEYSTAD.

On Wednesday night last the drive at the Scouts' Den was very well patronised. Winners at the 27-Table Drive were Messrs. J. O'Dea, S. Meagher, P. Daly, J. Plunkett, P. Quinn and J. Dee who decided to divide the prize money equally and each received £1. Winners of a 9-Table were Messrs. J. Plunkett and J. Duggan; runners-up being Mrs. Foley and Messrs. J. Carroll, T. Barry and M. Power. A second 9-Table was won by Mrs. Curran and Mrs. E. Morrissey, runners-up being Messrs. J. Hayes, L. Farrell, P. Quinn and J. Dee. During the drive Rev. Fr. Power thanked all those present and announced that similar drives would be held each Wednesday night, and asked players to tell their friends that once a week prizes would be handed out at the rate of £5 per 27 tables, which is good value at 1/- entrance.

MUNSTER & LIMERICK BANK.

The balance sheet of the Munster and Limerick Bank for the half-year ended December 31st shows a net profit for the period of £52,194, which is £5,367 less than for the half-year ended December, 1940, and £2,939 less than for the six months ended June 30th, 1941. The deposit, current and other account balances standing at £28,136,771 are £2,323,914 more than a year ago, and £849,030 more than at the end of June last. The advances at £11,889,885 are £218,889 less than in December, 1940, but £366,636 more than in June. The liquid assets have increased by £2,589,898, compared with the amount at the end of 1940. They represent the extraordinary high ratio of almost 64 per cent. of the bank's liabilities to the public. A dividend of 9 per cent. free of income tax is recommended, compared with 10 per cent. a year ago. Having regard to the higher rate of income tax this year, decrease of dividend is smaller than it appears in print.

WATERFORD MAN FOUND DEAD IN BED.

A well-known Waterford jockey-driver, named William Gallagher, was found dead in bed at his residence in Ross Lane on Wednesday afternoon. It is understood that the deceased lived alone, and that the tragic discovery was made when a caller, who knocked repeatedly at the door, received no response.

MR. G. A. NOLAN, SOLICITOR, CITY CORNER, after considering the facts submitted to him by the authorities did not deem an inquest necessary.

West Waterford Div. G.A.A. Notes.

By "N. RINDAHE"

INFORMATION.

I have been asked to give information on the following:—Can players from another county play in Co. Waterford championships if they continue to reside outside the county? Under ordinary circumstances the answer is "no." Some times, if these men made application to the Munster Council (if both counties are in Munster) through their own Co. Board or through the Co. Board of the county they wish to play in, giving the facts of the case, permission is granted. This is only given where men in another county are on the border and there is no club in their own county near enough to them to play with. The matter has to be sent to the Munster Council before anything like playing can be done. Usually, unless the county they live in agree, permission is refused.

FAHA H. AND F. CLUB.

I have just received cheering news from the friends in mid-Waterford. The sixth annual general meeting of Faha H. and F. clubs has just been held. The Secretary (Mr. Nicholas Casey, Gawn), reporting on the financial position of the club, stated the club was down in a better position for the past three years. The general state of the club was also in a good sound position. New members were joining and the old members were keen and determined. There were now looking forward to 1942 games. A sign of progress was shown by the decision to enter a minor football team as well as a junior hurling and a junior football team this season. The following officials were elected: chairman, Mr. John Harris (outgoing); vice-chairman, Mr. Nicholas Casey (outgoing); capt. (football), Mr. John Foley (incoming); Mr. John Kieley, football selection committee; Messrs. J. Harris, J. Foley, J. Dee, J. Kieley, P. Butler; captain (hurling), Mr. P. Burke; vice-captain, Mr. M. Downey; selection committee, Messrs. M. Downey, P. Burke, P. Butler, J. Harris, T. Walsh; representative to Div. Board, Messrs. M. Casey and W. Curran; minor football captain, Ed. Power. I am glad to hear Faha are going strong. That minor football entry will pay for itself. I foresee a title going to Faha this year. Great work Nick.

A MID-DIVISION SUGGESTED.

I have read in the paper (including a cross-channel weekly) that some clubs are suggesting a further division of the county for G.A.A. purposes. I have also heard it is to come up by way of motion at the county convention. I did not hear the reasons put forward for the suggested change beyond that it would act as a "buffer" between the East and West. This latter I got from the cross-channel writer who seems to know all about it. I have been thinking a lot about the pros and cons for a further division. I can't say much for it and unless a very good reason is put up at the convention I can't see it being accepted. Of course, it is hard to know what to think about this suggested division as anything may be causing it. One thing I do know is that the western clubs likely to be affected will find that the loss of Dungarvan's field will need a lot of making up for. The nearest suitable venue could often be Newtown and Clonea. Perhaps this has been thought of also, so I will leave it at that.

ARMORE H. & F. CLUBS.

There is talk of an amalgamation between Kinsalebeg and Armore to form a junior hurling team. Moss is I hear, moving behind the scenes. I would be glad of any amalgamation that would secure a championship at that end of the county. Certainly they deserve it. Years after you've they have been knocked down by hard luck. What about the football team. If any parish has a football tradition the men from the Round Tower district have it. What of the boys of Sean and Con Downey, Martin Hurley, the Cullen brothers from Anxiano to mention only a few. Are not the youth of today able to be anxious to follow in their footsteps. Many of these are still there to help as leaders. I will the new C.C. Fr. Baldwin, is a genuine Gael who, if asked, is only too anxious to help with leaders and tradition the Armore district could field a team second to none. I have not mentioned Cal Keady or Ryan as I know they will not alone help to show support but actually take the lead in play for their beloved village. Come on Armore!

T.D.'S AND SENATORS' ATTENTION.

Quite a lot of talk has been heard about how much the country depends on the youth from ministers, T.D.s and senators, not to mention the world-famous politicians of each parish, we get so very often the well-known party cry "why not look out for the youth," and what have we? Hardly a national school in 79 County is provided with a proper playground for the children. Do not our farm labourers and tradesmen's children need the same facilities for exercise as the more pampered sons

LATE MISS MARGARET BURKE, BURGERY, DUNGARVAN.

The death took place at her residence, Burgery, Dungarvan, on Tuesday 6th inst. of Miss Margaret Burke. Of a quiet and unassuming nature the deceased was held in high esteem by all who knew her. The funeral, which was very large and representative of all sections of the community, took place in the afternoon on Wednesday evening at 8 o'clock in the graveyard, R.I.P.

ANOTHER AMALGAMATION.

Faugh-a-Balighs and Ash-a-Cab-hall have agreed to unite under a new name. The best in both clubs should make a formidable team. I would suggest the entry of a minor team in both grades with the increased area to pick from. Perhaps we will see that happen later for from the minors will follow the juniors and seniors.

THE CONVENTION.

The Courthouse, Lismore, on Sunday next at 3 p.m. (S.T.) will be crowded with delegates from all the clubs in the Division. I am given to understand that outgoing officials, Chairman, Secretary and Treasurer will be returned unopposed. The big contest will be for seats on Co. Board. The motions are fewer than usual so we must be striving a date of perfection. I would suggest to the delegates that a very early start be made for draws and fixtures. Putting off this date delays the championships and the activities of clubs are held up.

THE EARLY BIRD MOTTO IS A GOOD ONE. HAD THE EAST A SQUARE DEAL.

My attention to a letter under the above heading was called by the correspondent. I am sorry I cannot deal with it this week. I did not intend to take any notice of it as I know most Gaels know the facts only too well. I will try and explain what happened in next week's "Notes" without becoming as sectional as the writer did.

SUNDAY'S ENGAGEMENT.

Divisional Convention, Courthouse, Lismore, 3 p.m. (S.T.).
