DUNGARVAN CIRCUIT COURT.

Workmen's Compensation Cases.

Alleged Assault Case Dismissed.

Mr. Justice Sealy, S.C., opened the business of the Dungarvan Circuit Court on Wednesday last. PAYMENT FOR COTTAGE ACRE. This was an admitted application made by Mr. Williams, solicitor, on behalf of Mr. Martin Kiely, Knockteemore, Dungarvan, for the payment out of Court of £24 lodged to the credit of James Kennedy (deceased) by the Waterford Board of Public Health in respect of an acre of land acquired by the Board as a labourer's cottage plot.

To Mr. McGuire, B.L., witness said he could not go up a ladder to paint the roof of sheds as his leg pained him. Mr. Twomey, the present manager, sent him home. He did not go near the Creamery for 15 months. He undertook at the Court to go back and work himself back, but was not able to do so.

Thomas then jumped over the fence and the father told Thomas to take off his coat and give it to him (witness) now. Thomas Keating gave witness lefts and rights as fast as he could. The father encouraged him and witness heard Michael say "give him your fist under the face." Thomas struck witness first. As a result of his injuries (described by witness) he had to stay in bed three weeks and was not able to do any active work for three months. Witness was attended by Dr. McCarthy, who paid him three visits. Witness paid Dr. McCarthy £2 and owed him for two other visits. Witness had a summons for assault for the District Court and had it withdrawn.

To Mr. McDonald, witness denied that he attempted to hit Rd. Keating and that he hit Thos. Keating first. It was nonsense to say that witness was the "most pugilistic man in Kilkenny." Witness got up the day following the assault because his people were all "upsetted" about him. Witness's wife sent for the doctor.

was the agent of the defendant and he appointed a man named Patrick Mansfield as his agent. Mr. Palmer never came in direct contact with the farmers but left it to Mansfield. On September 3rd a message came from Mansfield's brother to the plaintiff that one of his cattle was very sick. When plaintiff went over he found the beast dead and also found another one dead. The two cattle were found among the laurel bushes near the residence on the land.

Patrick Whelan, plaintiff, said that he knew the defendants had land at Ballybrack and decided to graze his cattle on them. A Mr. Keane told him to get in touch with Mansfield about it. Plaintiff got in touch with Mansfield who told plaintiff to bring the cattle over on a certain date. Mansfield also told over and met Mansfield a few miles away from the land. Mansfield told witness that the charge was 6d. per head per week. Mansfield also told witness that he would water the cattle every day and promised that if anything happened to the cattle he would report it to witness. Mansfield never made any demand for payment. On July 21st witness put 13 additional cattle on the land. In September Mansfield's brother reported that one of witness' heifers was ill on the lawn at Chasley's. When witness arrived he found the heifer dead and also another one which had been dead for three days. Witness then sent for Mr. Gleeson, the Veterinary Surgeon, who said the cattle had died from laural poisoning. Witness removed the cattle on the following day and phoned Mr. Palmer selling him two of his cattle had died. Regarding the value of the cattle witness said there were two heifers in-calf and worth about £17 each.

NATIONAL FLOURING FINALS

Entries for the National Flouring Championships at Dublin on the 12th inst., are likely to tax to the last rod the twenty acre space provided at Cloughan, on the main Dublin-Swords road. Indications are that more counties will send teams than any year since the war started. The proposal to hold the junior championships at Limerick this year, has, it is learned, been abandoned.

KILMATHOMAS NOTES

SYMPATHY. - Much sympathy goes out to deservedly esteemed Gaurd John Fabery, Garda Siochana, Leamyrien, in his recent sad bereavement occasioned by the death of his mother, the late Mrs. Fabery, of Spiddal, Co. Galway. FELICITATIONS. - Cordial felicitations are extended to Mr. John Power, Bommahon, and Miss Katherine Flynn, Dunhill, on their marriage, which was solemnised at the Parish Church, Dunhill, by the Rev. D. Slattery, C.C. After the ceremony reception was held at the home of the bride, where a large party of guests were hospitably entertained and some hours were whiled merrily away with music and dance. The happy couple received a big array of costly and serviceable presents to mark the auspicious occasion. Mr. John Power is an exceedingly well-liked couple, and we join with their legion of friends in warmly wishing them many years of matrimonial happiness.

SKILL REWARDED. - Congratulations to Master Philip Kent, son of well and popularly known Mr. and Mrs. John Kent, Main Street, Kilmathomas, on his having won a prize in a crossword competition conducted by an Irish Sunday newspaper. Incidentally, other members of the family were successful in similar tests of skill on previous occasions. May continue increasing success be in store for them sincerely wish we.

LAD TO REST. - On Friday of last week all that was mortal of the late Lieut. Colonel Richard P. O'Connell, C.M.G. (1911), Gardermorris, Kill, was reverently laid to rest in the holy earth of the beautiful church (which is dedicated to Our Blessed Lady of Mount Carmel). Only immediate relatives and friends were present at the funeral. The deceased was a member of the family who were successful in similar tests of skill on previous occasions. May continue increasing success be in store for them sincerely wish we.

ward at a comparatively young age, and her demise was preceded by an illness which though extended over a period of nearly twelve months was borne with a composure which is a deep-rooted religious feeling could bestow on any neighbour who was called upon to bear so much. The full strength of Faith is never so clearly shown when the body is weakened by sickness and then it shines forth in all its purity as an example to those whose enjoyment of the great blessing of good health makes them wonder at the fortitude of one who is so stricken down. Particularly so was this the case with Miss Kiersey, who, through the best care and treatment, had endured much—so much, indeed, that death could only be regarded as a well-won reward towards the goal of an everlasting reward. Belonging to a far-flung family line, she was sister of Mr. Patrick Kiersey, Main Street, Waterford, one of the most progressive and successful merchants in the whole country, at whose residence she breathed her last, and of Miss Kiersey, who, through the best care and treatment, had endured much—so much, indeed, that death could only be regarded as a well-won reward towards the goal of an everlasting reward. ST. BRIGID'S DAY. - Sunday last, February 1st, was the Festival of St. Brigid (The Mary of the Gael), to whom the lovely parish of Kilmathomas is dedicated. The Feast was observed with all due solemnity by the faithful of the historic parish. A vast majority of the large congregation assisting at the 8.30 Mass received Holy Communion. Benediction of the Most Blessed Sacrament was imparted after the 11 o'clock Mass. St. Brigid's Wells (3), beside the old Churchyard, were visited by large numbers during the day, and these pious pilgrims made the customary "rounds" and recited the Rosary in Irish at the hallowed place. Of a verily, the revered local Pastor, Father John Crotty, P.P., and his lovely Curate, Father William Mehan, can feel pardonably proud of the fact that the good people of their spiritual care are living up to the grand old Catholic traditions of their forefathers.

SPARKING CONCERT IN STRADBALLY. - To a thronged audience at the Protestant School, Stradbally, on Sunday evening, the Kilmathomas Dramatic Society gave a grand variety concert on Sunday evening. The concert was organised under the direction of Messrs. Paddy Kirwan and R. J. Casey (the Society's capable Joint Secretaries). The programme included a grand variety concert on Sunday evening. A PRETTY WEDDING. - St. Brigid's Parish Church, Kilmathomas, was the scene of a very pretty wedding on Wednesday morning, the contracting parties being Mr. Thomas Casey, Waterford, and Miss Mary E. Power (soprano), Miss P. Galaher (alto), Mr. M. Power (tenor), and Miss P. Russell (contralto). The ceremony, with Nuptial Mass, was performed by the Rev. J. Crotty, P.P., and Rev. W. Mehan, C.C., Kilmathomas. The bride, Miss Mary E. Power, was accompanied by her cousin, Mr. O'Donnell, as bridesmaid, and Mr. Nicholas Casey (baritone) as best man. The wedding breakfast was served at Ocean View Hotel, Clonca, Dungarvan, where a large party of guests were entertained. The happy couple left for Cork on their honeymoon. Son of Mr. Daniel Casey, Waterford, and the late Mrs. Casey, Waterford, the bridegroom enjoys widespread popularity, and he and his equally well esteemed wife, Miss Mary E. Power, of South Tipperary, received numerous costly and useful gifts to mark the auspicious occasion. Good luck and success attend them in the matrimonial sphere.

IN MEMORIAM. - Two Anniversary High Masses were offered up at St. Brigid's Parish Church, Kilmathomas, during the week—one for the eternal welfare of the souls of the late Mr. James Curran and Miss Mary Curran of Robertstown, do., one for the repose of the soul of the late Very Rev. James Hennebery, P.P., Dungarvan, and Miss Elizabeth C.C. Stradbally, was celebrant of the Mass for Mr. and Mrs. Curran, and Rev. W. Mehan, C.C., Kilmathomas, for Mr. and Mrs. Hennebery. The other clergy assisting at both Masses were: Very Rev. J. Crotty, P.P., Kilmathomas; Very Rev. E. Dwyer, P.P., Stradbally; and Rev. J. Lawn, C.C., Dungarvan. (Requiescat in pace).

WITH THE LIMITED QUANTITY OF COAL AVAILABLE THIS WINTER. We must ascertain what is the most economical form of cooking. When we examine carefully all the newest types of ranges we will find that there are obvious faults in most of the new ranges. One would have to put at least a week's supply of turf to light the fire, as the fireplaces are so large. If one would carefully examine the "Victor" range you will find that the fireplace is the ordinary size, and it is designed to burn coal, turf or timber. When individually or mixed together, in addition to that can be converted into an open fire which gives a cheery warmth to the room. If you use the "Victor" range, manufactured by the famous firm Philip Pierce and Co., Waterford, you will have made a very wise choice, as you will make your fuel go twice as far, and that is a consideration, as we believe coal will be almost impossible to procure during the coming winter. You may rest assured that we would not give our new famous guarantee unless we were convinced that this is the most economical range on the market, and you will never regret installing one of these famous ranges. Place the order with their agents in the district and you will never regret it. Sole agents: Harpur Brothers, Waterford.

Blackwater Fishery Conservators.

At the monthly meeting of the Lismore Board of Fishery Conservators held recently at the Devonshire Arms Hotel, Tallow, Mr. R. G. Annesley (chairman) presided; also present, Miss G. Montgomery, Capt. R. Holroyd Smyth, Mrs. C. H. Deane, J. Daly, B.E., Wm. Dunne, J. Hackett, G. Fitzgerald, R. Sheehan, Inspector, Kenny, Joseph Power, Clerk.

The notice convening the meeting was read as was the minutes of the previous Board meeting, and duly signed. The usual monthly accounts were passed for payment. Arising out of the reading of the minutes of previous meeting, resolutions were made as to the satisfactory sale of the launch "Stella Maria" and on the proposition of Mr. Fitzgerald, seconded by the Chairman, the Clerk was directed to convey to Mr. J. L. Keane, solicitor to the Board, a vote of their congratulations on the efficient advice submitted at the last meeting concerning the sale of the launch.

The consideration of numerous replies received by the Clerk, the result of press advertisements, for offers of a motor boat to replace the "Stella Maria" took place, and after prolonged discussion, on the proposition of the Chairman, seconded by Mr. Hackett, the following "were appointed as a sub-committee": Messrs. Fitzgerald, Stuart, Dunne, Kenney, and the Inspector, and were given full powers to purchase a suitable craft to be delivered at Youghal.

Correspondence from the Galway Board of Conservators enclosing a resolution asking for the support of all fishery boards in forming a deputation to the Minister to protest against the pollution of rivers, due to the flow of effluent from sugar factories. The Board decided on the proposition of Mr. Hackett, seconded by the Chairman to give the project their full support.

Mr. J. Daly, B.E., arranged the matter of restricted traffic arrangements made by the G.S.R. Railways. Mr. Daly said, would very much hamper the export of salmon from Youghal and the surrounding areas, as consignments of fish should be forwarded by the 7.50 a.m. train each day from Youghal station to connect with the Rosslare train ex Cork. This, he said, was not possible and that the fishermen and dealers were faced with a most difficult position.

After full discussion the Clerk was directed to communicate with the Traffic Manager, G.S.R., asking that arrangements be made for one of their lorries to collect salmon from Youghal and district, to Cap-pagh or Lismore to connect with the Rosslare train.

The Clerk informed the Board that he had procured a second-hand boat, in Youghal at the cost of £12 to replace D. Ellis's boat, which was destroyed during the recent floods at Lismore.

The Clerk also produced an agreement duly signed by this man, to the effect that the boat was accepted in lieu of the damaged boat and that he had no further claim on the Board. He further informed the meeting that the Department had notified him of the agreement to the purchase of this boat. The action of the Clerk was approved and the Board directed to apply to the Department of Fisheries for a refund of the amount expended.

Intimation from Mr. P. A. Biddam, selector, that at Malinow Court, Timothy Carr, of Kileoran, Tallow, was convicted of an offence against the fishery laws and fined £5 with £4 costs and £1 s. expenses, was duly noted. A letter from the Department to the effect that the Minister for Justice had reduced the £10 fine imposed on Patrick Nagle, Gortmore, to £6, but that the 1/ fine together

with costs and forfeiture was to stand. The time for payment being extended to April 30th, 1942, was also duly noted. Notification from the Department to the effect that owing to the inadequate supply of salmon ore available this season, it was not possible to supply the Board's demands and that the Department had decided to take only 40 per cent. of its usual supply from the Lismore hatchery. Further, that no allocation of trout ore could be made this season. In the course of his report to the meeting Inspector Kenney said that from information to hand the spawning season just ended had been a successful one. Due to the high state of the rivers salmon were to be seen in exceptionally large numbers. Three cases of poaching had been reported to the Board's solicitor for advice. County Council employees at Banteer had been prohibited from removing gravel from the bed of the Altus, which is an offence for which a fine of £10 can be imposed. The possession of kelts during the open season is also an offence against the fishery laws. All the salmon ore laid down at Malinow is now almost hatched out. At Lismore hatchery, almost half a million have been laid down. Between September 15th and December 15th, 200 salmon were trapped, but 100 of these escaped in the high flood. All hatches in the weir were removed on December 17th to allow a free and uninterrupted passage for fresh salmon. These were an early appearance at the weir about the middle of December. On January 12th, together with the early analyst, he took two samples of effluent from the Malinow Beet Factory and as the campaign will end soon further samples will then be taken. Were it not for the high floods in the rivers for the past few weeks, the fish would have been poisoned as last year had the river been low. The Youghal marksman had reported the killing of two seals in December and one in January, but that on several occasions he attempted to shoot the porpoise without success. As seals are not very numerous the inspector suggested that the position of marksman be combined with that of water-keeper for the weekly close season, thus allowing five days for seal shooting. Owing to the scarcity of coal, timber had to be procured for Clondulane and Villerstown huts. The water-keepers for the open season had been appointed, as from 21st January. The report was generally approved of the position of marksman and water-keeper to be continued for which he will receive the usual weekly wages for five days seal shooting, and for two days of close season protection work will be paid at the married men's rate of wages.

Compulsory Tillage.

Inspectors of the Department of Agriculture are now actively engaged in taking over lands on which it is evident that an effort is not being made by the occupiers to comply with the tillage requirements for the year 1942. Arrangements are being made to have these lands cultivated by contract lettings or otherwise. In addition, legal action will be taken against the defaulters concerned. Strong measures are being adopted ensuring that at least the required quota will be filled on every holding.

TALLOW NOTES

The following prices were paid at last week's market: eggs, 2/5 per doz., chickens, 1/3 per lb., old fowl, 1/2 per lb., butter, 1/3 per lb., creamery, 1/7 per lb., rabbits, 4/- per pair; onions, 5/- to 6/- per stone. An increase in farmers' butter was in evidence while the supply of eggs was exceptionally good, and well graded.

SUCCESSFUL WHIST DRIVE.

Under the auspices of the local branch of the Red Cross Society, a very enjoyable and successful whist drive was held at the Carnegie Library on Sunday night, while not being up to former averages, was considered good and a pleasurable night's entertainment resulted. The eventual winners were: ladies, Mrs. Walsh, Glenaboy and Mrs. Milward, Tallow, divided the 1st prize, Mrs. P. Twomey, Cappoquin, securing 2nd prize, Mrs. Fa Sheehan, 3rd prize winner; gents: Mr. T. P. Reynolds, M. & L. Bank, 1st prize; Mr. W. Baldwin, 2nd do.; Mr. G. Cox, 3rd do., while the latter also secured the half-time prize in the gents' second, the half-time prize for ladies being awarded to Mrs. Walsh, Glenaboy, who divided the ladies 1st prize.

FIG MARKET.

The Cappoquin Bacon Factory proprietors deserve to be highly complimented by the local bacon producers and the townspeople in general for having opened a purchasing centre in the town on Monday, and thus coming to the aid of the producers, who of late have had a difficult time with unstable conditions which have been referred to recently in these columns. At Monday's market the supply on offer exceeded the factory's quota, and consequently they were unable to effect a total clearance, a small number having to be held over until next Monday's market with the assurance that they will be dealt with first thing next week. It is to be hoped that producers in general will now rise to the occasion and see to it that the live-weight purchasing scheme inaugurated by the Cappoquin Bacon Factory for the first time in 1942, at Tallow, will be accorded the fullest support and by so doing obviate the disappointments met with for some months past. It is to be hoped that a factory representative will attend every Monday henceforward from 10 to 11 o'clock (S.T.).

ENTERTAINMENT.

The "Flash Parade" entertainment company occupied the Cinema during the present week with an exceptionally good variety of programmes which were very well attended by appreciative audiences each night. As a mark of appreciation of the support accorded, the management allocated one night's returns towards the funds of the local Red Cross branch and the company deserves the best thanks of all concerned for their generous spirit and noble-minded action.

CORRESPONDENCE

L.D.F. TACTICS, SUNDAY, JANUARY 25th.

To the Editor, "Dungarvan Observer."

Sir—The notes published in your paper last week under the above heading, I beg to contradict same, as commander of the defending forces. The true facts of the case are that the village was attacked from the south of the Blackwater bridge by forces drawn from Tallow, Moorhall and Viliestown groups, Ballyduff group defending. The objective was to take and capture the Blackwater bridge, the time limit being 4.30 p.m. All vantage points were manned, and rearward actions fought by outposts, reserves being near the bridge. In the meantime, when the attack was on from the south, word was brought that the village was assailed from the north side by parachute troops dropped behind our lines. These were drawn from Lismore group. They attacked also, with a time limit. Some of this unit arrived in the vicinity of the village before the time and were taken prisoners. At 4.30 the village and all approaches were held by the defenders, and at 4.35 the "cease fire" was ordered, the defenders recalled, and at 4.50 p.m. the vanguard of the attackers from the south arrived and, of course, meeting with no opposition, marched into the village. Thanking you to publish the above, yours, M. WALSH, Group Leader, L.D.F., Ballyduff Upper, February 2nd, 1942.

YOUGHAL URBAN COUNCIL

Present: Mr. R. C. Farrell, V.C. presiding, Messrs. R. Savage, E. P. Lynch, W. Broderick, T.D., H. Power, J. J. Whelan, T. K. Keane, P. J. O'Gorman, S. P. Daly, B.E. and W. Dunne, Harbour Master.

Mr. Lynch—It seems to me the whole business is thrown over on the ganger.

Mr. Power—This is a place I am very interested in and I'd like to know why the filling is being taken away from the slop bank we have placed Mr. Dunne in charge.

Mr. O'Gorman—I have seen empty shovels for many years and there's no sense in putting debris at Dunne's Park unless the drains are there to retain the debris.

Order—The ganger is to take orders from the Harbour Master while this work is on.

Mr. Lynch—What about pot holes at Burnt Stores Quay.

Order—They are to be filled in at once.

Mr. Whelan—I have been informed by a ratepayer that carters dump stuff at Dunne's Park and then fill the butts next day with the same stuff and this Council is being criticised for the way work is being carried out.

Mr. Lynch—I think there is a check which is almost fool proof.

Mr. O'Gorman—Every time I pass, the ganger has his truck out and it seems to me he is working carefully.

Mr. Daly—The Clerk should see this timekeeper and the data.

Mr. Whelan—You know as well as I do how grants are being carried out.

Clerk—You are handicapped when your engineer is not living in town.

Order—The ganger is to furnish a full report.

Mr. W. J. Broderick—I propose we extend to the family and relatives of the late Mr. Bowen, the sympathy of this Council. For over forty years he was Press representative here and while in Press reporting you cannot please everyone, yet he did his best. His loss is a hard blow to his family.

Mr. Power—He always acted as a gentleman, he was always a gentleman. The other members present and the Clerk having associated themselves with the resolution.

Mr. Lynch—There was nothing left for him to add except to confirm what he heard from the townspeople, that he had a very high opinion of the deceased.

Similar votes were passed to Mr. T. Murphy on the death of his son on the proposition of Mr. Daly, seconded by Mr. Broderick; to Mrs. L. Daly on the death of her husband, on the proposition of Mr. Power, seconded by Mr. Lynch, and to the family and relatives of the late Mr. Sean Mcweeney, Cork, on the proposition of Mr. Lynch, seconded by Mr. Power.

PURCHASE OF HORSE. With regard to the purchase of a new horse it was decided to re-advertise horses for inspection to be brought to the Council's stables for the inspection by the veterinary inspector and a committee of the Council.

Mr. Power—We have no idea of the condition of the stables where the Council's horses are kept. The report is very high.

Mr. Daly agreed with Mr. Power. It was decided to have them examined. The vet is to be asked to submit a report and recommendation on the stables.

Mr. O'Gorman—When purchasing a horse I think members of the U.D.C. should keep out of it. Get the matter referred to the Council.

Mr. O'Gorman—I have been asked by several people about the road at MacCartan's station, which is in a very bad condition. Every time I car pass the fronts of the houses are all splashed.

Mr. Whelan agreed. Mr. O'Gorman—All the traffic from the station is going this way now.

The matter was referred to the engineer.

Mr. Power—Tallow Street, is flooded all the time and there is a plan to level it.

The matter was referred to the engineer, and he was reminded that when his report was not yet been prepared.

The Town Superintendent's report having been read.

Mr. Whelan—I would like to hear what the men are doing every day.

Mr. Savage—You have got holes in many places.

Mr. Lynch—How can you have clean water tables when they are not cleaned.

LISMORE NOTES

WEDDING BELLS.

A very pretty wedding took place in St. Catharines Cathedral on Saturday last when Miss Alacoque O'Donnell, eldest daughter of Mr. and Mrs. Thomas O'Donnell, the popular proprietors of the Devonshire Arms Hotel, Lismore, became the wife of Lieut. A. G. Sutton, Defence Forces, who is son of the late Mr. Thomas and Mrs. Sutton. Lieut. Sutton formerly spent some time as an official of the Munster and Leinster Bank, Lismore, and during that time he became well-known and extremely popular throughout the district. The best man was Mr. George Sutton, brother of the bridegroom, and Miss Mary O'Donnell, sister of the bride, was bridesmaid. Nuptial Mass was celebrated by Very Rev. Canon Walsh, P.P., V.F., and at the marriage ceremony he was assisted by Rev. T. Murphy, C.C. The bride was given away by her father who wore a pink jacket frock with nigger accessories, and her travelling dress was a beige costume and musk fur coat.

FOOD PRODUCTION.

A circular letter from the Minister for Agriculture stressing the importance of increased tillage was read at the Hasses in Lismore on Sunday last, and at the 1st Mass Very Rev. Canon Walsh added his own earnest exhortation to the Minister's words. He said he felt there was no need to impress upon his parishioners the vital importance of this appeal. Self-sufficiency was a necessity for our country in

CLASHMORE 45 DRIVE.

A successful 45 drive, under the auspices of the Parish Council, and in aid of the local allotment scheme fund, was held in Clashmore on Sunday night last. All arrangements were perfect in the hands of Messrs. W. Dower (chairman), M. Foley (treasurer), C. Curran (secretary), T. Bagge, M. Collins, R. Russell, G. Kennedy, T. Harding, and S. O'Halloran, P.C., and the prize-winners were Mrs. Alice Glavin, Colobagh; Messrs. J. Troy, Cross, J. Ormond, Ballyhenry, and R. Deo, do. Addressing those present, Rev. Father M. Power, C.C., vice-chairman, Clashmore Parish Council, returned thanks to all who had contributed to the success of the drive, and expressed the hope that they had all enjoyed themselves.

DANCE AT CLASHMORE.

All roads lead to Clashmore on Sunday night next, 8th inst., for the grand all-night dance, under the auspices of the L.D.F. and L.S.F., in aid of a social object. This promises to be the dance of the season, and a social committee are making a special effort to make it the most successful and enjoyable social function yet held at this ever popular centre. For the big occasion Miss Sheila Hitchens' Dance Band will be specially augmented by two of the best known musicians in the South, and the outstanding feature will be a substantial supper, arrangements for which are in the capable hands of Miss K. Götter and a number of local young ladies. No dancing enthusiast in West Waterford or East Cork should miss this great dance. See advertisement for further details.

SALMON SEASON AT LISMORE.

The abnormal height of the Blackwater rendered conditions very difficult when the salmon fishing season opened at 6 a.m. on Monday last, and consequently the opening catch was very far below the average. However, there is every reason to believe that when the flood subsides, the precious fish will be had in the usual abundance which has made Lismore the home of anglers in the south of Ireland.

LAIRY M. POWER.

One of the oldest men in these parts died last week in the person of Mr. Maurice Power, Knockbrack, Clashmore. Aged 94 years, he deceased was in good health up to a short time ago, and possessed all his faculties until the end. To his bereaved family and other relatives deep sympathy is extended. The interment took place in Clashmore cemetery, R.I.P. Mr. Power, C.C., officiating, R.I.P.

G.A.A.

G.A.A. clubs in all parts are now busily engaged making arrangements for the forthcoming championships, for which it is expected, a big number of teams will be entered. We hope to see all the old clubs—Ardenmore, Aglish, Clashmore, Knockmore, Kinsalebeg, etc.—active again. A successful year's sport is to be Gaelic arena is assured.

AGLISH DANCE.

The forthcoming dance at Aglish, under the auspices of the local Harrier Club, promises to be a huge success from every point of view, and a big attendance is expected. First-class music will be supplied by a leading Dungarvan dance band, and a great night's enjoyment is assured to patrons. A capable organising committee have all arrangements in hand.

AGLISH MAN'S DEATH.

A popular Aglish man died last week in the person of Mr. William O'Keefe, Gosh. Deceased had a long and useful life, and to his bereaved relatives deepest sympathy is extended. At the removal of the remains to Aglish Parish Church, and at the subsequent interment in the adjoining cemetery, there was a big attendance of the general public. R.I.P.

ON THE LAND.

Despite unfavourable conditions, work is well advanced, and there is an increase in tillage in all areas. The increase in the price of wheat and other commodities on all sides, and it is hoped that this will result in a still further increase in the areas planted.

DUNGARVAN U.D.C.

Mr. M. Morrissey, T.D., Chairman, presided at the weekly meeting of the above on Friday last. Also present were: Messrs. T. McCarthy (Vice-Chairman), J. Dahill and J. J. Crotty.

PAYMENTS.

Sums of £18 12s. 0d. on the general account, £7 17s. 8d. on the Kildangan water supply, and £1 1s. 6d. on the Loughmore Housing Scheme were presented and passed.

ACKNOWLEDGMENTS.

Mr. J. Power, Lisfennel, wrote on behalf of himself and his family thanking the Council for the resolution of sympathy passed to him in his recent bereavement.

A similar acknowledgment was read from Miss Margaret Quinlan, Mary Street.

FOOTPATHS.

Mrs. Attridge, No. 13 Cathal Brugha Place, wrote complaining of the footpath outside her house. The complaint was that after rain the mud must put ashes on to fill in the holes in which the children's feet get wet. As ratepayers, the letter continued, we are entitled to a footpath, and even though the house is in Cathal Brugha Place that is not the reason we should put up with anything. They in Cathal Brugha Place don't want the Swimming Pool 50 feet from them and outside their gates is certainly not the place for dumping ashes, but what can be done, is either that or swim out.

Arising out of the above which was referred to the B.S. Mr. Crotty raised the question of the Abbeyside footpaths and said he understood that it is the Council's duty to approach on this matter, as the road was in an old route road.

It was decided to bring the matter before Commissioner Moylan.

HOUSE WANTED.

A man named Moylan appeared before the meeting and asked for an answer as to whether he would get one of the vacant Council houses. He and his wife and family are living with another family (10 in all) in one small house in Slate Lane.

The members agreed that Moylan be pointed out that the matter was one for the Rent Collector. After some discussion it was decided to ask the Rent Collector to report on this.

SWIMMING POOL.

A letter from the Department stated that in regard to the proposed swimming pool, the B.S. might consider the construction of the pool to standard international dimensions. The letter continued—"It is not clear why the level of the water at A and why the level of the water at B. The levels of the sluices are not given in the documents furnished. Accommodation should be provided for children at the shallow end and the floor level should be raised to give depth of 2 feet 6 inches over an area which can be raised off from the deeper sections. It would also be an advantage if the 17 ft. space between the screen wall and bath were increased as this width is narrow for bathing boxes, promenade, etc."

A more detailed specification should be furnished to the B.S. with a more detailed estimate, giving the quantities of work to be done. This was referred to the B.S. to deal with.

FINAL INSPECTION.

Mrs. Coleman, 14 St. Bridgid's Terrace, appeared before the meeting and complained of the condition of her house.

The Clerk said that the architect and contractor were making a final inspection on the following day.

OLDSMANS.

The tender of Messrs. W. and G. Hadden Ltd., was the only one received for the supply of oilskins for the Council's workmen.

The quotation was as follows:—3 short oilskin coats, 22/6 each; 3 oilskin trousers, 25/6 each; 3 pairs oil leggings, 6/6 pair; 2 long oilskin coats, 35/6 each.

The quotation was for goods actually in stock, as further supplies are very uncertain, immediate delivery can be had of quantities quoted.

SEEDS AND MANURES FOR CLASHMORE.

Messrs. M. Mahoney and Co. wrote re tenders for shotguns regarding being an able to quote for same at the date as the price of manure hasn't yet been fixed for the season.

The letter suggested that the Council write to the contractor for further fortnight.

Mr. Crotty—Mr. Mahoney is right, the figures are not fixed yet and they could not possibly quote at present.

DRAMATIC CLUBS.

Mr. J. Scott, wrote on behalf of the above asking for the use of the Hall for the week preceding 16th and 17th February, for rehearsals and the arranging of stage fittings.

The application was unanimously granted.

MORE LIGHT.

Messrs. Deo Bros. wrote asking for necessary permission to break a window out on Mary Street, from their poultry premises.

The letter was referred to the B.S. for a report.

EXPENDITURE ON MARSH. A letter from the Department of Local Government and Public Health stated the Minister had under examination the final expenditure on the building and embellishment for relief of flooding undertaken by the Council, according to the analysis submitted the actual wages paid to unskilled workmen including carters' fares in receipt of Unemployment Assistance, which was a percentage of the final cost, fell much below the original estimate of the unskilled labour content of the work. The letter asked whether there was any explanation to account for the difference between the actual and estimated figures.

The matter was referred to the B.S. and clerk of works.

A further letter regarding the Marsh is asked that the work be expedited as much as possible in order that all expenditure on the Marsh be incurred in the current financial year. No portion of the grant will

West Waterford Div. G.A.A. Notes.

By "AN RUNAIDHE"

EARLY BIRDS.

Great activity is reported from many clubs. Aglish started the entry for the championships for 1942 with the affiliation of a junior football team. They only just beat St. Morchuda (Clashmore), who entered a minor football team the same day. Faha have notified their intention of entering junior hurling, junior and minor football. Every day up to 10th inst. teams will be entering for the season's games. As far as I can learn, we will have all the 1941 cumann under old or new names. Strabally was the first of the big clubs to get under way. The county football champions are again entering three teams—senior, junior and minor football. I heard to-day that Tourin, Cappoquin and St. Carthages have already decided on their entries. The time is running short now, and any newcomers will have to make a quick start if they are going to get in for this year. I understand that an advertisement appears in this issue of this paper warning clubs that no entry will be accepted after the meeting on Sunday, 15th inst. Hurry and get all details fixed up, and let us get away with an early start.

LISMORE GAELS MEET.

On Sunday next, 15th inst., at the Courthouse, Lismore, at 3.30 p.m., the local club will hold the annual meeting. All members and intending members are requested to attend, as the business to be transacted is most important, and the welfare of the club for the coming season will depend on the attendance. The Lismore cumann has a proud tradition behind it, and I hope that on Sunday next the attendance at the meeting will be worthy of the club as successors of the old "black and amber."

WITH THE AGLES.

On Monday evening last, at Aglish, a meeting of the local football club was held. There was a good attendance of members, and high hopes for the future life of the club were expressed. The election of officers for the year resulted as follows: Chairman, Mr. Jos. McGrath; vice-chairman, Mr. Bernard Moloney; hon. treasurer, Mr. Joe. Flynn; hon. sec., Mr. Wm. Begley. An energetic committee was elected to help the officials, and the secretary instructed to arrange for the entry of a junior football team for 1942. Well done, Aglish! Best of luck.

DUNGARVAN MEDAL LEAGUE.

There were many secret meetings in Dungarvan hurling ranks during the week. The stir was caused by the official notice being issued of the fixtures of the final of the hurling league run by the club. The two finalists are the Shamrock Rovers and the Wasps, Sunday, 22nd inst., at 3 p.m. (S.T.), in the Frazer Field, will see the Rovers, led by Willie Barron, do battle with the famous Wasps, under Dec. Goode. The Rovers have, I understand, stolen a march on their rivals. They have already secured training quarters and, more important still, a supply of hurleys. Well, Dec., and what about your boys? Give us a line for next week. I know you believe in plenty of fish for your seatron hurlers, but cockles are out of season this month. If I remember right...

WHAT THE BIRD TOLD ME THIS WEEK.

That "Fitzie" has a new scheme for a 1942 team, sided by the "Village" boys. That Dungarvan club have hopes of staging in the morning finding himself able to play and interpret the works of Chopin and Schumann on the piano. This modern expectancy of the desired effect without the necessary industry is in a great way responsible for the musical chaos of to-day. In conclusion, a word should be said about the attitude of the teacher towards the choir. In nine cases out of ten he is responsible for its downfall. This is a hard statement but it is nevertheless true. If we take, for example, the weekly choir practice in not only the towns but also in many cities, when the teacher arrives one night wearing a weary face announcing with a sob that, in future, all effort must be directed towards the study of plain chant. A tumult follows, the teacher is beset on all sides and reproved for his cruelty and ingratitude. In vain does he protest his innocence pointing to the new curriculum which prescribes the chant; he begs to state that he is powerless in the whole matter and the meeting breaks up in disorder. The root of the whole trouble lies in the fact that the chant is generally looked on as a style possessing no music merit or value and completely devoid of all beauty—an empty form to be gone through willy nilly in order to conform with the prescribed ceremonies. If the teacher adopts this attitude, the choir or class will certainly not become impressed, with the result that nothing will ever be achieved. How different the ending would be if in the first instance, the teacher had announced that he was now going to teach a different style of liturgical music containing beauties of its own which he concealed beneath the surface of the notes; beauties which rise and brush gently like the summer wind, or rise to a crest and sink to a hollow like the waves of the ocean.

ANOTHER ENTRY.

I have just got news that Knocknora are again entering this year's competitions. The far west of the division are early on the move. I wonder what the town clubs are doing?

WHEAT SUPPLIES.

The Department of Agriculture announces that, on the 30th January, 1942, the Minister for Agriculture, in order to facilitate the distribution of the wheat supplies now available, made an Order entitled the Home-Grown Wheat (Purchase Percentage for Cereal Year, 1941/42) (Amendment) Order, 1942, varying the percentages which holders of milling licenses are required to purchase and take into store before the end of each of the six months, January, 1942 to June, 1942.

PRICE OF HOME-GROWN TOBACCO OF THE 1942 CROP.

Under the Emergency Powers (No. 146) Order, 1942, made by the Government on 3rd February, 1942, the price for tobacco in 1942 will be equivalent to that of imported tobacco of similar grade or to the price paid to growers in 1941 for tobacco of corresponding grade, whichever is the higher. This growers in 1942 are assured of at least as good a price as in 1941 and will get the benefit of any increase in the price of imported tobacco.

GREGORIAN CHANT AND ITS APPRECIATION.

(Continued from a previous issue)

Every gem of art, from the simplest to the most elaborate, that has lived through many centuries must necessarily be beautiful for it has held its own down through the fluctuations and meanderings of public taste. This is true to a remarkable extent of the traditional music of the church. It has evolved more than sixteen hundred years ago, was cast aside, was revived again, and is being revived at the present day to a great extent. Though it will always live for its beauty and perfection of finish, it is doubtful if it will ever become really popular amongst all classes any more than will the music of the classical school. Thousands of pianists "study" back for examinations, yet how many really understand and appreciate him? The same hum drum is gone through with the chant in many schools, in order to comply with the prescribed curriculum, but very often with dire result. Very little can be anticipated until a correct method of teaching becomes general and receives due encouragement. That old-fashioned and pernicious system of exalting one form of music at the expense of all others should be abandoned as quickly as possible. Excellencies exist in all standard works but in different ways. There are good and bad symphonies, operas, songs and waltzes, and a good fox-trot is better than a bad opera. The mind of a young pupil should be directed towards beauty in whatever path it may lie. At first the beauty spots should be pointed out, later the pupil will learn to discover them himself. It would be absurd for a teacher to ask a musical student such a question as the following: Which of the two Viennese Masters is the best, Mozart or Beethoven? An intelligent pupil would look in astonishment at such a question and would possibly answer that both masters are of the same school; that Mozart is graceful, delicate and tuneful, but Beethoven appears to be a greater logician, every bar, phrase and motive seems to fit in where one would naturally expect. There are always merits and demerits when great works are analysed comparatively; where one excels the other fails and vice versa, where one fails the other excels. It should always be remembered that good musical achievements do not come by chance, they are the result of natural gifts, of course, but added to this must be hard work and endless practice and perseverance. Everyone is prepared to ridicule the obliging man who when invited to a party one night was asked, after the festivities, if he could play the violin; he replied he could not but did not mind having a try. Nobody unskilled ever went to bed at night and woke in the morning finding himself able to play and interpret the works of Chopin and Schumann on the piano. This modern expectancy of the desired effect without the necessary industry is in a great way responsible for the musical chaos of to-day.

One fact is worth a million fancies! More and more Farmers are using Bell's Great Animal Cures because they cure what they are claimed to cure and save your animals. • You are using the BEST when you use Bell's.

Bell's Warble Fly Powder and Sheep Dips—Powder, Liquid, Non-Poisonous Cake and Fly Paste are famous for their high quality and low prices. They are officially approved by the Department of Agriculture, and made by a firm with over 75 years' practical experience.

CUREOX The famous cure for Calves and Lambs 5/- & 3/- Positively prevents and cures scour, grinding teeth and stretching neck in Calves and woolball in Lambs. Used in time it never fails. For animals over six months old, with scour, use SCOUROX: 5/- & 3/-

VAP PUTS COWS RIGHT A VAP should be inserted immediately after every cow calves, falling this, when she has "missed" (sterility). No instruments are needed. VAP is the modern and most powerful antiseptic for insertion after abortion. To remove the afterbirth, in conjunction with VAP give Bell's Cleansing Drenches: 2-dose in 2/-

WASTERITE POWDER AND FLUID Cures "Wasters" and "Piners" 3/- each These two used in conjunction quickly restore the appetite and make cattle thrive. For those falling away in condition without apparent cause give them WASTERITE—it picks them up!

Dungarvan Dramatic Club.

A visit to our booking agent (Miss Cunniffe) during the week convinced us that we are going to get two bumper houses for our production. Only a few reserved seats are now available, so I would advise anyone who intends to book to do so immediately. I would also advise all who can do so to book seats as it avoids unnecessary delay. We intend to collect the booking sheets on Wednesday of next week so all booking will finish from that day; also all tickets must be purchased by that time. We will not reserve a seat for anyone who has not purchased a ticket. Our 1/6 tickets are now also for sale at all the local newsagents. Early purchase of these is also recommended for the above reasons. We are now putting the finishing touches to our preparation. Rehearsals have developed into very hard work, but a great spirit of co-operation is evident between producers and artists. Each club member has his or her job to do and all are doing it with a will. We do not aim at high-headed praise or vague criticism, we do the job "just for the love of the thing." That is the spirit that has carried us on and which will be the means of holding us together; it is the spirit which will make possible many more productions in the future. Already we are planning for our next play. In this way we hope to stimulate interest and keep our artists fresh. But as yet it is a little too early to speak of these things; our minds are now fully concentrated on our first big step, so of our future plans, more anon. In the meantime make sure of your seats and all who can should purchase the 1/6 tickets as soon as possible.

MOOREHILL NOTES

ST. BRIGID'S DAY.

On Sunday last the great Festival of St. Brigid, "the Mary of the Gael" was observed in Killywatermoy, Mass was celebrated by Rev. T. Tobin, C.C., and a very large congregation was present. The Coronation and heartfelt prayer was offered up to St. Brigid, that God in his mercy might spare our beloved country the horrors of war, and we know and trust St. Brigid will look after her own beloved people, in the critical times we are passing through.

NEW TEACHER.

On Monday last Miss B. Tully, N.T., took up her duties as assistant teacher at Killywatermoy School, to which she was appointed some weeks ago. As will be remembered Miss Tully was here some years ago, but owing to decreasing averages, she left to take up another position. Her many friends throughout the district were very glad to hear of her appointment, for during her former period in Killywatermoy, she was very popular with all classes, and they take this opportunity to extend to her a hearty and most cordial welcome.

CIGARETTE SCARCITY.

Within the past few weeks we have heard numbers of our young men (and some of the ladies too) complaining of the great scarcity of cigarettes. They have travelled town and country and got the same answer, "sorry, no cigarettes." Now here's a simple remedy—the local hurling club are holding a drawing of prizes in the near future and one of the prizes is a carton of cigarettes, so be sure you purchase a ticket which only costs 3d. before they are all sold.

NEW POSTMISTRESS.

Her many friends throughout the District will be very pleased to learn of the appointment of Miss M. Montayne, as postmistress of Knocknora branch, to which important position she was appointed some time ago. Miss Montayne is daughter of Mr. T. and Mrs. Montayne, Stranacally. She is a very courteous and efficient young lady, and is a general favourite in the district, to her appointment is a very popular one. We join with her many friends in wishing Miss Montayne every success in her new sphere of duties.

HURLING CLUB MEETING.

At a recent meeting of the Moorehill Hurling Club, the following were re-elected members of the Committee: Messrs. S. Roberts, T. Geary and D. Geary, and at the same meeting they were heartily welcomed by the Chairman, Mr. M. Ahearn who was elected captain of the junior team for 1942, and Mr. M. Murray, vice-captain. The selection committee are: M. Ahearn, M. Murray and W. Neville.

Late Mrs. M. Torrie, John's Hill, Waterford.

The funeral of the late Mrs. Mima Torrie, whose demise took place recently, from her residence, Rosemount, John's Hill, Waterford, to the family burial ground at the cemetery. The remains were enclosed in an unpolished oak coffin with brass mountings, the brass plate bearing the inscription: "Mima Torrie. Entered into rest 25th January, 1942, in her 84th year." The coffin was borne to the church by the branch managers of the London and New Castle Tea Company, under the supervision of Mr. J. Young, Waterford, and thence to the graveside by members of the Presbyterian Church.

The chief mourners were—Mr. Robert I. Torrie, and Mr. Wm. J. Torrie (sons); Mr. Robt. Torrie, Coleraine (grandson), the Rev. Edwin Torrie (son), Coleraine, was prevented by illness from attending.
