WATERFORD BOARD OF PUBLIC ASSISTANCE

Mr. T. D. Conolly, chairman, presided at the monthly meeting of the Waterford Board of Public Assistance at the Courthouse, Dungarvan, on Wednesday. Also present: Messrs. B. Cunningham, P. Caulfield, Jas. Power, and Commissioner S. J. Moynihan.

Mr. M. O'Flynn, secretary; Mrs. P. A. Crook, assistant secretary; Mr. D. S. Doyle, engineer, were in attendance.

HOME ASSISTANCE EXPENDITURE.

Mr. Phelan, Supt. Assistance Officer, reported that the amount of Home Assistance distributed during the month was £2,048 2s. 9d. For the preceding five weeks it was £2,050 5s. 10d., and for the corresponding period of last year £2,046 8s. 6d.

The Secretary said that the preceding five weeks included the special Christmas week allowance, otherwise it was practically the same as last year.

M.O.'S REQUEST FOR FUEL.

Dr. Casey, M.O., Ring, wrote drawing attention to the fact that the turf supplied to him was practically unlightable because it was not dry. He asked that coal be supplied to him. He also made requisition for a supply of paraffin oil.

Mr. Caulfield—As far as I am concerned I would be only too delighted if Dr. Casey got the coal. I would have no objection at all to it. But the thing is where to find it.

Secretary—Because the coal was not available we had to give the turf.

Mr. Caulfield—We did the best we could.

Secretary—If we could get blocks.

Mr. Caulfield—If you can, get them.

Secretary—About the oil, we gave an order for a gallon for the dispensary. I don't know if he is referring to oil for his own purpose.

Commissioner Moynihan—If its for the lighting of his own house, that is a matter for himself.

The Board decided to supply 5 cwt. of blocks and to allow one gallon of oil.

CO. HOSPITAL COMMITTEE MINUTES.

In the County Hospital Committee minutes the matron stated that a new range was needed in the Convent as the present one, installed 50 years ago, was useless. The matron suggested that an anti-radiant stove be installed to replace it. A hot-water boiler was also needed, she reported.

Mr. Jephson, engineer, reporting on the matter, stated that the old range was practically useless, and that the cost of installing a slow combustion range would be £80, and the cost of a boiler £12.

On Commissioner Moynihan's suggestion it was decided to install a boiler. The question of installing a stove was deferred.

CO. HOME IMPROVEMENTS.

A letter from the Department was read asking what steps were being taken to remedy defects in the Co. Home, special attention being drawn to the men's day room.

The Secretary said that in June 1939 a Departmental inspector called attention to the men's day-room and the Board's engineer reported that a new day-room would cost between £600 and £700. The question of a new day-room had been adjourned. Its condition was really very bad and every time the inspector came he called attention to it.

Commissioner Moynihan said that they should draw the Department's attention to the engineer's estimate in 1939 and that owing to present conditions it would not be advisable to go ahead with the work.

The Board agreed to do this.

REPAIRS TO DISPENSARIES.

Mr. Jephson, engineer, reported that there was a breach in the boundary wall at the back entrance of Kilmacshannon dispensary, which he had repaired.

The report was approved.

The Secretary referred to the repairing of the roof at the dispensary at Tallow, which had cost 10/. The Board, the Secretary stated, decided to deduct it from the rent, but the landlord wrote saying he would not agree to this.

Mr. Cunningham—Every landlord is supposed to pay for outside repairs.

It was decided to deduct the 10/- from the rent.

Michael Tobin, Tober, Ballyduff, wrote stating that on the 10th Nov.

he required the services of Dr. L. Hill and Mrs. Hennessy, midwife, at his home. The river Blackwater had overflowed and he was cut off completely from the village of Ballyduff. He borrowed a horse and trap and got to the village. The doctor and the nurse agreed to come back in the trap. While crossing the river, the flood began to carry the horse away with the result that they were all thrown out into the water. The horse got entangled in the trap and damaged it considerably. The writer then went on to state that the owner of the trap had sent him a bill for repairs, which he, being a poor man, could not afford to pay.

He asked the Board to give the matter their sympathetic consideration. The cost of repairs was £6 15s.

Commissioner Moynihan said that great credit was due to the doctor and the nurse for going out at all and it was very good of the man to give the horse.

Mr. Caulfield—If they were drowned, the story would be much worse.

The Board decided to pay for the repairs to the trap.

PORTLAW DISPENSARY RESIDENCE.

The Secretary said that only one reply had been received to the advertisement for a house suitable for a medical officer's residence at Portlaw. The reply was from Miss S. Murray-Phelan, who offered Knockan House at an annual rent of £70. She also stated that £200 would be needed to carry out repairs which she was not prepared to pay.

Mr. Doyle, engineer, in a detailed report of the building, pointed out that there was no kitchen and no sanitary accommodation. He estimated the cost of repairs and the necessary additions at £400.

The Board decided to reject the offer in view of the engineer's estimate.

SESKINANE DISPENSARY.

Mr. Doyle, engineer, reported that he had certified for the payment of £21 for the completion of the work of repairs at the above dispensary. He added that other repairs, which were necessary, would cost £16.

Mr. Caulfield—What kind of a house is this? Is it the house that Jack built, or is it a haunted house?

Mr. Doyle said the house was 50 years old and was built in a hollow, with the result that during heavy rain it flooded the lower part of the house.

Mr. Caulfield—This dispensary has been coming up since I became a member of the Board.

Chairman—I don't think any dispensary in the county has given us so much trouble as this one.

The engineer was authorised to carry out the additional repairs.

UNEMPLOYED LAY NURSES.

A letter was read from the Irish Nurses Organisation in connection with the two vacancies at the Co. Hospital asking the Chairman to use his influence to have two lay nurses appointed.

The Chairman said that he thought that the only solution to unemployment amongst lay nurses was to close some of the training schools. There was no point he said in training probationer nurses and then allowing them to go down a blind alley, so to speak.

Mr. Caulfield said that they did their part in asking the Government to appoint two lay nurses. It was up to the nurses organisation to use their influence with the Government now. He personally would prefer lay nurses in their hospital. From his experience of nurses, he did not think that they could improve in the nurses turned out in their hospitals. They were perfect. He would be very sorry if the Government should change to non-nurses, because these ladies are already done for, while the lay nurses are not. It is up to the nurses organisation to see that their nurses get a living in the country they were born in.

Chairman—There was a letter in the Waterford papers from Miss Smith on the same lines as the one last read. I agree that the Board has done everything that could be done as far as lay nurses are concerned. The only solution I can see is to close down some of the training schools.

The following resolution proposed by the Chairman and seconded by Mr. Caulfield was then passed: "We direct the attention of the L.N.O. to the unanimous resolution passed by our Board on January 8th, 1941, in which we asked the L.G.D. to agree to the appointment of two lay nurses for vacant positions in the Co. Hospital; further we are of

WATERFORD COUNTY COUNCIL

At the quarterly meeting of the Waterford Co. Council on Tuesday, Mr. S. J. Moynihan, Commissioner, presided. Also present were: J. Bowen, E.E. Co. Surveyor; T. B. Boyle, Deputy Secretary, and M. H. Foley.

CO. SURVEYOR'S REPORT.

The Co. Surveyor's report was as follows: In the past quarter the roads of the county were maintained in reasonably good condition generally, with some exceptions. The volume of work done was not great, owing chiefly to the limited funds available. Main roads generally are in good condition but will need considerable levelling and tarring repairs early next summer. A few lengths which have not been rolled and tarred are in poor condition.

County roads have received as much attention as possible, but generally are not up to a desirable standard. It would be very desirable to have more work done on these roads, especially the more important roads. Many roads of the lowest class, carrying little traffic, have deteriorated considerably in recent years.

There was no rolling or tarring works in progress during the quarter.

The Council's plant and machinery have been maintained in good working order. There is very great difficulty in securing materials for repairs of plant, and fuel for operating it.

The relief grant for the current financial year, amounting to £1,500, to which a local contribution of £325 was added, is being expended. The works include a new approach to Carraras Strand, repairs of roads at Glencarr and Pulla and protection work at the Beach, Tramore. The latter work is intended to hold the beach in position and to prevent its lowering by being washed inland at the back. The works are of a somewhat tentative nature and may need alteration or addition later on.

The supply of labour available for these works is very limited. Similar remarks apply to many other areas throughout the county.

The turf production work of the financial year to date cost £12,150 10s. 4d. It is hoped that all this will be recouped by the sale of the turf produced. A considerable proportion of the turf is still on hands, and it is not intended to dispose of it at present.

The new season's turf production work should be put in hands at an early date, and it is hoped with an earlier start and more favourable

opinion that the only solution for the present unemployment problem among lay nurses is the closing down of some of the schools for the training of probation nurses and we think that the L.N.O. should direct the attention of the L.G.D. to this matter.

STOCK-TAKERS.

Mr. James Hayes, Main Street, Dungarvan, and Mr. J. F. O'Donnell, Lismore, were appointed stock-takers for the County Home, Dungarvan, and Lismore Hospital, respectively.

SYMPATHY.

A vote of sympathy was passed with Mr. Wm. O'Meara, Town Clerk on the recent tragic death of his son.

COMMISSIONER'S PLEA FOR INCREASED TILLAGE.

Commissioner S. J. Moynihan said he would like to draw the attention of the public to the County Council scheme for the provision of seeds, etc., by way of loan, to farmers and particularly, he would draw the attention of the tenants of labourers' cottages in the county to the necessity of tilling the maximum amount possible of their plots. These tenants also came under the scheme for obtaining seeds and fertilisers by way of loan. Application can be sent to the Secretary, County Council, Dungarvan. A number of the tenants last year did not comply with the Order made by the Board of Health, that at least three-quarters of the plots should be tilled, or if not, steps would be taken to dispossess them of their holdings. These regulations will be strictly enforced during the coming year. The amount of food that can be produced in labourers' plots in the county would be considerable if all the plots were tilled and would help to tide them over what might be a hungry and anxious winter. Last year a scheme of allotments was carried out in the various villages and these were very successful and excellent results were obtained. Many schemes were carried out by parish councils and great credit is due to them. Many of them are looking for an increased area this year. The County Council and the Board of Health, he concluded, will help to further the food schemes in every way possible.

Late Mrs. C. Kirwan.

We regret to announce the death of Mrs. Catherine Kirwan (relict of the late Patrick Kirwan) which occurred at her residence, Knockmeal, Ballinacull, on Friday, the 13th inst. The deceased lady, who was a member of one of the most respectable families in the district, enjoyed a long life of happiness and good works, until God saw fit to call her to her reward.

The remains were removed to Touraneena Parish Church on Saturday afternoon, and the funeral cortege, composed of representatives from every home in her native

Dungarvan Dramatic Club.

Brilliant Production.

The Dungarvan Dramatic Club presented to capacity audiences on Monday and Tuesday nights Mr. Charles Hawtrey's play, "The Private Secretary." From the moment the first curtain was raised until the National Anthem ended the last performance, it was obvious that nothing had been omitted to ensure that the highest possible measure of perfection should be attained.

One of the most apparent factors which tended to achieve such a great spirit of "bon camaraderie" which existed between the artists, was the ready manner in which they suppressed the most outstanding features of their personalities, so that they could give the maximum co-operation to each other and, in particular, to those responsible for the production.

This co-operation is all the more remarkable when it is appreciated that all grades of the social scale and all local religious denominations are represented in the caste.

On final analysis it must be admitted that the play was excellently produced and presented.

THE CAST.

The cast was as follows:—Douglas Cattermole (a student), Victor Hadden; Mrs. Stead (his landlady), Jessie Sim; Mr. Sidney Gibson (Bond Street tailor), Sean Sandford; Harry Marsland (friend of Douglas), Michael Cullinan; Robert Spalding (the Private Secretary), Willie Quinn, junr.; Mr. Cattermole (Douglas's Uncle), Patrick Murphy; Knox (a writ server), Jerry O'Mahony; Miss Ashford (companion to the young ladies), Rya Fetherston; Mr. Marsland (Harry's Uncle), Noel Potter; Edith Marsland (his daughter), Maura O'Delany; Eva Webster (her friend a Dympha Halpin; John (a butler), Tom Walsh.

Mr. Victor Hadden, as "Douglas Cattermole" presented a very good interpretation of a very difficult role. His acting was particularly good.

As "Mrs. Stead" (his landlady), Miss Jessie Sim gave a remarkable interpretation of the role.

Mr. Sean Sandford in the role of "Mr. Sidney Gibson" (Bond Street tailor) succeeded in bringing the correct atmosphere around his work.

One of the most captivating artists in the cast was Mr. Michael Cullinan, who played the part of "Harry Marsland" (friend of Douglas). He played his part which comprised of a love-making episode quite unconscious of the audience and received a great ovation.

In the title role of "The Private Secretary," Mr. Willie Quinn, junr., made most of every opportunity. Unquestionably he is a coming artiste.

As "Mr. Cattermole" Mr. Patrick Murphy had an opportunity to get in some very good acting and made the most of his opportunity. The applause he received was well merited.

Although Mr. Jerry O'Mahony as "Knox" (a writ server) had only a small part, he made the most of it.

As "Miss Ashford," Mrs. Rya Fetherston almost stole the show. She proved by her interpretation of the difficult role that she is capable of still more difficult portrayals. Her stage presence was remarkably good and it will be decidedly interesting to watch her progress.

Mr. Noel Potter as "Mr. Marsland" acquitted himself admirably. This young gentleman possesses wonderful ability and it will be interesting to watch him progress in more important roles.

Misses Maura O'Delany (Edith Marsland, daughter of Mr. Marsland) and Miss Dympha Halpin (Edith's friend) presented a very pleasing picture and each was action perfect and their voices were of very good quality.

Mr. Tom Walsh as "John" (a butler) fitted the role like a glove.

ORCHESTRA.

The members of the orchestra who served up such a magnificent musical programme were: Violins I, Mr. M. J. Walsh (leader), Miss A. Crotty, Miss M. Donaldson; Violins II, Miss H. Boyle, Mrs. P. J. Moloney, A.R.C.M., Miss G. Enderon, A.L.C.M.; Clarinet, Mr. M. Clancy; Trumpet, Mr. E. Attridge; Piano, Mrs. M. H. O'Hara, A.L.C.M. (director); Conductor, Mr. M. J. McHugh.

Compulsory Tillage Order.

ENTRY ON LANDS.

Under the Emergency Powers (No. 124) Order, 1941, the Minister for Agriculture is authorised to enter on and arrange for the cultivation of any holding to which the Order applies if the occupier has not taken reasonable steps to cultivate the prescribed area, namely one-fourth of the arable land comprised in the holding.

Within the past few weeks the Minister has authorised entry on holdings in Counties Clare, Cork, Donegal, Galway, Kilkenny, Limerick, Meath, Waterford and Westmeath. Entry has actually been made on several of those holdings and cultivation is already being carried out by means of conacre lettings. In a few cases the cultivation of the land is being carried out directly by the Minister's authorised officers and this procedure will be adopted in any case in which conacre lettings cannot be arranged.

The Order requires an occupier to cultivate at least one-fourth of his arable land but there is no limit to the area which the Minister may arrange to have cultivated after he has taken possession of the lands because of the occupier's default. Arrangements have been made for the cultivation of more than one-fourth of the arable land on several holdings of which possession has been taken and this procedure will be adopted wherever practicable.

An occupier whose lands have been entered may also be prosecuted because of his failure to comply with the requirements of the Order and, if prosecuted and convicted, is liable to a fine of £100 or to imprisonment for a term of six months or to both such fine and such imprisonment.

KILMACTHOMAS COURT

(Before Mr. P. G. MacCabe, D.J.)

MOTORING PROSECUTION.

Thomas Baldwin, the Garage, Passage East, Co. Waterford, charged on four counts under the Road Traffic Act viz. (a) being drunk in charge of a motor lorry, (b) dangerous driving of same, (c) failure to produce a driver's licence, and (d) with overloading the lorry, on the 23rd November last.

Defendant was fined £1 in respect of the fourth charge, and 2/6 in respect of the third. The other two charges were dismissed on the merits. Supt. Walsh, Dungarvan, prosecuted, and Mr. R. J. Farrell, solicitor, Waterford, defended.

Opening the case for the prosecution, Supt. Walsh called Sgt. Tierney, Leamybrien, who stated that on the night in question he was walking towards Kilmacthomas, at Leamybrien, with Guard Kieley. A vehicle overtook him on the road at 9 p.m., driving slowly on the left hand side of the road. As it passed him he had to step on the grass margin to avoid him. It stopped opposite him for a second and then moved on. It was a lorry. A man leaned out of the left door, flashed a torch, and said: "Mind the poles, Guard." There were two poles of 12 and 15 feet protruding from the end of the lorry. It then proceeded down the road for about a mile and stopped. He followed it and saw a man at the driving wheel and another man beside him who told witness that they pulled up as the driver got sick. Witness remarked that he was afraid the man was drunk. When he got Baldwin out of the car he fell. Witness picked him up and asked him for his driving licence, which he later produced. They linked him to the Barracks as he was unable to walk without aid.

Cross-examined by Mr. Farrell, witness said he was being told later that Baldwin had been bringing fishing weir poles from Helvic, with a man named Barron. It was a wet, windy night. (To witness)-Did you find any fault with the driving as the lorry came up to you? Witness-No.

After further cross-examination by Mr. Farrell, Guard Kieley was called and corroborated the evidence of Sergeant Tierney. Dr. Myles Stetley, in reply to Mr. Farrell, said that he examined Baldwin the previous day and found him suffering from valvular heart trouble. This ailment was slight, but it could possibly have an effect on this incident.

Guard P. Sinnott, barrack orderly, also gave evidence, in which he stated that Baldwin was in a dazed condition. Witness would consider that defendant was very bad until they left him out at 2 a.m.

WEIGHTS AND MEASURES CASE. Sergeant Kelleher prosecuted John F. Mearney, poultryer, John Street, Carrick-on-Suir, for a breach of the Weights and Measures Act. It was stated in evidence that the breach occurred when defendant was engaged in the purchasing of nineteen turkeys from a Mrs. O'Reilly at Stradbally. The Justice fined him £2, with 10/- costs.

HUSBAND AND WIFE IN COURT. Mrs. Bridget Landy, Kilmacthomas, charged her husband, Mr. Thomas Landy (for whom Mr. D. R. Counihan, solicitor, Waterford, appeared), with desertion. The case was dismissed.

OTHEE CASES. Thomas Cotter, Kilrossanty, was allowed out under the Probation of Offenders Act when charged, with the breach of 11 ratters, valued 5/-, from a dilapidated farmhouse at Kilrossanty, in November last, the property of Mr. Andrew Mirwan. The Minister for Agriculture (represented by Mr. D. R. Counihan, solicitor, Waterford) prosecuted Mr. Michael Galvin, of Moominane, Clonsilla, Carrick-on-Suir, for a breach of the Noxious Weeds Act. The Justice, dismissing the summons, said that it would serve as a warning to others.

Niel Gleeson (for whom Mr. P. J. MacPhee, solicitor, Dungarvan, appeared) was left off after giving an undertaking not to commit the same offence. Charges were charged with using a motor tractor on the public road which had not properly fitted wheels. The usual fines were imposed in the "no lights" cases.

CO. BOARD. Contrary to rumour there will not be a County Board meeting this week. In fact I have got reliable information that next Co. Board meeting will not be held until the first week of March. I would like to point out that all applications for re-graduation must be before this meeting. Any applications not in by that date are not considered. Further information to the Minister Council have to have the sanction of the County Board. Unless the applications are in for this meeting in March they will not be in time for the start of the championships. Application late for last Divisional meeting if re-

turned. 6.15-Ceol: Edward Dockery (Violin). Mairín Ní Shuilleabháin (Soprano). 6.40-Sports Results. Official Announcements. 6.45-News. 7.5-"Your Gardening Problems." -G. O. WEST DIV. G.A.A. NOTES.

(By AN RUNAIDHE).

RECORD AFFILIATION AND ENTRY.

As I hinted in my "Notes" for the past three weeks the affiliations and entry at the Divisional Board meeting in Cappoquin on Sunday last were well up to the high record already set up. "What I did not foresee was that a record entry of clubs and teams would be made. This year 45 clubs entered the huge total of 60 teams. This beats all previous records by a big margin. Our games are going from success to success and the numbers playing are ever increasing. It is a nice answer to our critics.

APPOQUIN CLUB DOUBTFUL OF ENTRY. It was with genuine regret that the Board heard from the Cappoquin delegates that there was a big doubt of the club being able to enter the 1942 championships. The reason given, that the Sportsfield management are looking for a big increase in rent for club practice and also for match days, is a difficulty hard to overcome. The Club finds it hard to enter under last year's terms and any increase will simply make it impossible for them to carry on. The club members are anxious for their own and for the townpeople's sake to have the Sportsfield available for G.A.A. and kindred sports for the coming season. Last year over 5,000 people attended games and sports in the field during the season. Averaging 2/6 per head spent in the town the loss to the traders and indirectly to the townpeople in general would amount into £275. This money put into circulation in the town each year can help a lot and its loss, looking at the financial side only will be felt. I hope that the club will be successful in its efforts to arrive at a settlement.

The delegates were in rare good humour on Sunday, with one exception. Every delegate seemed anxious to come to the draws and fixtures and as a result transfers, reinstatements and regrading were passed as requested in almost all cases. ORDERLY CONFUSION. The scene when the delegates split up into their own groups to make the fixtures was one to bring the mind of the Tower in the Bible to mind. Everyone speaking together and ceaseless moving about of delegates seemed to be beyond hope of any good work being done. The result was a surprise. After twenty minutes or so of this awful "din" the Divisional Secretary was handed complete lists of fixtures, giving venues, dates, time and referees of every first round fixture drawn. There was only one game where the clubs concerned could not agree. Ninety-nine per cent. success is something to be proud of. Congratulations are due to the new spirit of sportsmanship! May it extend to the playing fields when we start off on the 15th of March.

OUT OF BOUNDS. The minor, who applying for reinstatement claimed he had gone outside the County by mistake, "naised a laugh but I wonder who will have the last laugh about these mistakes. He, at any rate, was honest enough to admit his fault, and apply for forgiveness and he will be legal when his suspension period is up. What about a big number of "travellers" who did not apply and who think they are not known. I would earnestly advise them to reconsider and save a lot of trouble for themselves, their clubs and the Board later on. He, who laughs last, laughs best, they say. WELCOME TO THE NEW CLUBS. I would like on behalf of the Division to extend to the new clubs a hearty welcome to the championships. To Araglan, Keatings' Own, The Cohors, St. Abigail's, Modelligo, Afane, and its counter part Affane, as well as the new combination, Kinsalebeg-Ardmore. I wish the best of luck for the season. One piece of advice "Depend on the youth rather than on the come backs!"

IMPORTANT NOTICE TO CLUB SECRETARIES. I have been asked by the Divisional Secretary to point out that at least fifteen playing members of the club. Registers must be fully completed and returned at least 10 days before the club takes part in its first game. Secretaries who have not yet secured registers should apply at once to the Divisional Sec.

AGLISH HARRIERS. The next meeting of above takes place on Sunday, 22nd inst., at Ruckfield, at 2 p.m. (s.t.). G.A.A. AFFAIRS. A record in the number of teams affiliated to the West Waterford Divisional Board, G.A.A., is disclosed in the report of the 1942 convention, held in Cappoquin on Sunday last. Forty-five clubs, embracing a total of 60 teams have paid affiliation fees entitling them to participate in the 1942 championships in junior and minor hurling and football. SEEDS AND MANURE FOR PLOTHOLDERS. At a special meeting of the Urban Council, held on Monday night last, tenders were received for the supply of seeds and manure for plots for the unemployed. The tenders were from Messrs. M. Moloney & Co., Bridge St., at £1 13s. 3d. per plot, and Messrs. the Reps. of Maurice Flynn, Main St., at £1 14s. 3d. per plot. Messrs. Moloney's tender was accepted. CHALLENGE HURLING GAME. The following members of the Shandon Rovers' league team are requested to be in the Gaelic Field, Dungarvan, on Sunday next, 22nd inst., at 2.30 p.m., with tags and hurleys, for challenge game with the Briceys' Rangers' hurling team - Sean Noonan, T. Sheridan, T. Greaney, R. O'Brien, V. Morrissey, Tim Mooney, S. McGrath, T. Curran, B. Moloney, M. Sheridan, N. Fraher, T. Dalton, Sean Houlihan, W. Barron, J. Plunkett, J. Duggan, T. Riordan, T. Power, M. Houlihan, S. Whelan, J. Burke. L.D.F. (DUNGARVAN GROUP). Members are reminded that the group will meet in the Town Hall at 8.30 p.m. on Tuesday next, 24th inst. BREAD RATION. The Minister for Supplies will make a statement of bread and flour rationing very soon. It was learned at the Government Information Bureau on Wednesday. The interview attributed to him in the "Irish Post" regarding the proposal to ration bread accurately represented the position, said Mr. Lemass, Minister for Supplies, replying in the Dail to questions by Mr. Norton. The bread supply position was receiving careful examination, and announcements would be made from time to time as to the nature of the control to be exercised. Mr. Norton asked the Minister to ensure that any bread rationing scheme would not be on a head basis, but on the basis of need. Mr. Lemass said rationing on that basis would be very difficult. WHEAT ON FARMS. Replying to Mr. Davin (Leix-O'Flaherty), Mr. Lemass said there was no definite information as to the quantity of wheat which might be held by farmers, surplus to their own requirements, but it appeared clear that the total was substantially less than 100,000 tons. Many appeals had been made to farmers to market excess wheat, and the question whether further measures could usefully be taken was under consideration. DUNGARVAN FAIR. The February fair held on Wednesday before Co. Board meeting will be considered at same if sent through Divisional Secretary, but they will have to go back to the Divisional Board before they are in order. CHALLENGE GAMES. Moorehill club are trying to arrange benefit matches at Moorehill on Sunday next for the "Sonny" Curvey fund. The games, Tallow v. Curryknore (7), and Tallow v. Moorehill (H) should prove attractive and give the spectators value for their money. The object of the games needs no recommendation from me to the clubs from Tallow and Moorehill areas. CONDOLENCE. I desire on behalf of the Western Gaels to offer to Laurence Condon and the other members of the family the sincere sympathy of the Division with them in their recent sorrow on the death of their mother. The Condon Brothers were well known G.A.A. men in Waterford Inter-County and County games and the family were ever loyal to Gaelic games and interests. SUNDAY'S GAMES. At Moorehill (Challenge, Curvey Fund), Tallow v. Curryknore (F.); Tallow v. Moorehill (H.). At Dungarvan (Challenge, H.2) - Briceys Rangers v. Shandon Rovers (Dungarvan Club), at 3 p.m. (S.T.).
