**WITH THE LIMITED QUANTITY  
OF COAL AVAILABLE THIS  
WINTER,**  
we must ascertain what is the most  
economical form of cooking. When  
we examine carefully all the newest  
types of ranges we will find that there  
are obvious faults in most of the new  
ranges. One would have to put a  
fire, as the freplaces are so large.  
If one would carefully examine the  
"Victor" range you will find that the  
fireplace is the ordinary size, and it is  
designed to burn coal, turf or timber,  
either individually or mixed together,  
and in addition to that can be con-  
verted into an open fire which gives  
a cheery warmth to the room. If you  
install a "Victor" range, manufac-  
tured by the famous firm, Philip  
Fierce and Co., Wexford, you will  
have made a very wise choice, as you  
will make your fuel go twice as far,  
and that is a consideration, as we be-  
lieve coal will be almost impossible  
to procure during the coming winter,  
and you may rest assured that we  
would not give our now famous  
guarantee unless we were convinced  
that this is the most economical range  
on the market, and you will never re-  
gret installing one of these famous  
ranges. Place the order with their  
agents in the district, and you will  
never regret. Sole agents: Harpur  
Brothers, Waterford.

#### A Brilliant Function.

The West Waterford Hunt dance,

Villiers Stuart, Deilmann, in a grace-  
ful speech, returned thanks to all  
who contributed to the success of the  
function, and expressed the hope that  
all had enjoyed themselves. They  
were particularly grateful to Mr.  
Chearnley for so kindly placing the  
house at their disposal. She also  
complimented the band on their ex-  
cellent playing.

Dancing concluded with the playing

### WATERFORD BOARD OF PUBLIC HEALTH

#### Commissioner S. J. Moynihan sat in the Secretary's Office, Co. Home, Dungarvan, on Thursday to discuss business under the Board of Health. Mr. M. Flynn, Secretary, and Mrs. P. A. Croke, Assistant Secretary, were also in attendance.

**FINANCIAL STATEMENT.**  
The monthly financial statement  
showed a credit balance of £371  
8s. 7d.

**HOLIDAYS.**  
Applications for annual holidays  
of 14 days were received and ap-  
proved from Miss A. Dowse and Mr.  
J. J. Glanville.

**POWDERED MILK.**  
Mr. Phelan, Superintendent As-  
sistant Officer, reported that no  
tenders were received for the supply  
of 500 cwt. of milk in the areas of  
Passage East and Villiersstown. Milk  
powder is still being supplied to  
recipients in these areas pending  
the meeting of the Board. It may  
be possible to obtain supplies of  
milk in the areas mentioned for the  
summer months and producers will  
be asked to tender.

An order was made that Milk  
Powder be supplied in these areas  
unless milk contractors can be ob-  
tained.

**BALLYLEMON WATER SUPPLY.**  
Mr. Dunne, P.E., reported that the  
water supply to the Ballylemon and  
Ballinacourty sections is very  
poor. He had investigated several  
complaints and had the 2" main at  
Ballinacourty cut and found it was  
almost completely blocked by incru-  
stated. About 300 yards of this  
section of 2" main was never cleaned  
and is in a very bad condition caus-  
ing very low supply and very low  
pressure. The cleaning of such a  
small main would be a difficult and  
expensive job and he would re-  
commend that some of the 3" pipes  
at the C4 Home be cleaned and laid  
on for a length of 800 yards. This  
would cost about £120. The work  
is urgent as some of the consumers  
are without water. It could be  
carried out by direct labour.

The Commissioners approved of  
the work and agreed to sanction  
it.

**CAPOQUIN INDUSTRIAL  
SCHOOL.**  
Mr. Bowen, Co. Engineer, wrote  
referring to the above and stated  
that in his opinion a water ret of  
23 per cent would be reasonable.  
All water rents in Cappoquin are  
very low.

The matter was adjourned pend-  
ing the fixing of a general scale of  
charges for the county.

### Monthly Report of County M.O.H.

alitis lethargica, 1; trachoma, 1; in-  
fluenza meningitis, 1.

**FEVER HOSPITALS.**  
In all there were sixteen admissions  
to County Fever Hospitals during  
the month, and sixteen discharged

**TUBERCULOSIS.**  
Tuberculosis clinics were held at  
ten centres during the month.  
Thirty-six patients, making a total  
attendance of 52, were treated. Four

District Nurses paid 218 visits to 59 patients.

**SCHOOL MEDICAL SERVICE.**  
Dr. Dunphy and Miss Casey ex-  
amined a total of 170 children at  
Tallow Boys, Tallow Girls, Mount  
Mellary Boys and Mount Mellary  
Girls Schools during the month, and  
found the following principal defects:  
Dental—82; Vision—3; Tonsils and  
Adenoids—12; Malnutrition—6.  
Miss Conboy and I carried out in-  
spection at the following schools, but  
the Nurse's return of numbers ex-  
amined and defects found is not to  
be relied on as it is the moment on the  
stick list: Aglish, Villiersstown; Mc-  
Nedice; Cappoquin Boys; Cappoquin  
N.S.; Aflane; Lismore C.B.S.; Lis-  
more Convent.

10 examined, 8 treated; Ring D.—

### HEAD-COLDS

To loosen clogging mucus, soothe irri-  
tated throat, ease the breathing, melt a  
little Vicks in boiling water and inhale  
the steaming medicated vapour. Also  
put a little of the ointment on each  
nostril, and sniff it well back.

### Dungarvan Dramatic Club.

Judging from appearances the  
cast for our next production, have  
not been all during the past week.  
I noticed at the recent rehearsal  
that all were inclined to put more  
"pep-head" into their parts. This  
is a good sign and shows that in-  
terest is alive, and all are evidently  
settling down to business. Evenings  
are once again on the stretch and  
with the advent of fine weather it  
will prove a bit of a struggle to keep  
up attendances at the club. For the  
majority of the members lady in  
attendances will not upset, any of  
the arrangements on hand, but it  
must be particularly stressed that  
those holding parts are expected to  
attend punctually and regularly.  
From now until the evening day (or  
made on their time and leisure, but  
it's all in the game and I feel sure  
none will grudge or demure. As  
soon now as possible get right into  
your stride; put spirit into your  
acting; reveal yourselves; become  
your parts; learn to feel, and you will  
begin to enjoy every moment at re-  
hearsals. The like Sir Frank Don-  
ohue (the great Shakespearean actor)  
pointed out that students in their  
dramatic productions should aim at  
complete representation of their  
individuality by means of all the  
different forms of dramatic art.  
Warning amateur actors against the  
danger of following any particular  
school of acting, he laid down the  
dictum that the only wrong form of  
acting was one which was not  
natural to the performer and he  
emphasised the point by stating that  
the beauty of a great work of art  
lay in its intensification of individual-  
ity and its consequent humanity.  
Therefore "be yourselves"—let the  
personal touch enter into your act-  
ing—feel your part, but at the same  
time keep a cool head, avoid the be-  
ginning habit of dropping the ends of  
each scene, and which will be  
another step upward in the hilly up-  
ward climb to perfect acting.

### An 3al Spéine.

Our Gaelic Concert at the Half-Way  
Hall on Sunday night, April  
10th, being held on a date so near  
the anniversary of that glorious  
Easter Sunday 20 years ago when a  
few hundred heroic Gaels went forth  
to challenge an Empire, and to fight  
the old cause of an Ireland un-  
divided, Gaelic and free, the programme on  
this occasion will be truly expressive  
of the National Gaelic spirit. More  
than 50 per cent. of the items on the  
programme will be in the National  
language and those in the English  
language will be truly National in  
theme and sentiment. Other items  
include step-dance by our popular  
local artistes and talented artists  
from Cluan Meala. Gaelic figure  
dances, selections on violin by locals  
and musicians from other districts;  
a Gaelic comedy by the Gaelic  
Dramatic Class, Craobh Dunga-  
rvan, de'n Chomradh, etc. The  
programme should indeed prove to  
be very interesting and being fairly  
long will commence at 8 p.m. (O.T.)  
sharp. As the number of seats will  
be very limited those who wish to get  
seats are advised to "come in time."

It is our desire to see a large  
crowd of school-children present at  
Gaelic functions of this kind, so the  
Gaelic spirit of the programme on  
this occasion may come to appre-  
ciate Irish and recognise it as a  
natural speech—something beyond  
other school-subjects such as arith-  
metic or geography. Therefore, we  
cordially invite them to attend free  
of charge and we appeal to the  
teachers to advise them to do so.  
They shall hear and see more  
things of intellectual and moral  
value, on occasions like this than  
in the foreign cinemas or dance  
halls.

The concert will be followed by a  
Ceilidhe and although we are re-  
luctant to allow any dances at our  
Ceilidhe which cannot compare  
with our graceful, dignified, native  
figures danced for the sake of  
those who are not yet in the Gaelic  
fashions, we shall allow a few "sets."  
However, as we can instruct anyone  
who wishes to learn Ceilidhe dances  
free of cost during the summer  
months, this occasion is probably  
the last in which we shall make such  
a concession.

### WEST DIV. G.A.A. NOTES.

(By AN RUNAIDHE).

**Juvenile League—**Now Young  
clubs are getting—Here's good news  
for the youths of Dungarvan dis-  
trict. A district league for hurling  
has been formed for teams of boys  
under 15 years in 1942. The compe-  
tition is still in the arrangement  
stage but I have been informed that  
it is considered that the names of  
those who wish to take part should  
be handed in to Rev. Brother  
Beecher, who is the manager of the  
club, or Mr. M. Foley, N.T., Abbeyside,  
Dungarvan. Hand in your name at  
once or better still get a list of those  
of your friends who would like to  
join your own and hand it in at once  
to any of the above mentioned. A  
list of names of clubs presented by  
Mr. T. B. Boyle, Western Tee, Dun-  
garvan, and a splendid cup, pre-  
sented by Mr. J. J. Crotty, Abbey-  
side Dungarvan, are the trophies for  
the League winners. I hope to be  
able to give you a special space  
for your games so don't delay in  
sending in your names. May I be  
permitted to congratulate those  
friends of the youths who have given  
their time and aid to the formation  
of this League and my best wishes  
and help if possible for the success.

**Inter-District Stars Get Presentations—**Christy Moylan and Willie  
Egan of Dungarvan Club will be  
presented with the gold Railway Cup  
medals won on St. Patrick's Day last  
at members of the victorious Munster  
hurling team at a special com-  
mittee meeting of the Club to be  
held at the C.Y.M.S. Rooms on  
Saturday night next, April 11th, at  
8.30 p.m.

An Apology—I would like to  
apologise to the spectators who at-  
tended at Aglish on Sunday for the  
Green Cross Dun gales, Aglish v.  
Brickey Rangers. The home team  
had all arrangements made but the  
Brickeys failed to put in any appear-  
ance or to send word of their in-  
ability to attend. Not having any  
chance of hearing the Brickey  
reason for failing to fulfill their un-  
derstanding I will say no more there  
and the public await some explana-  
tion from the junior champions.

**Abbeyside Withdraw and Kilcoblent  
Seek Postponement.**—The games  
based for Dungarvan on Sunday  
have suffered a set back. Abbeyside  
junior football team listed to meet  
Dungarvan have notified the Board  
that they cannot fulfill the engage-  
ment. So the first game billed is  
definitely off. Kilcoblent have in an  
application for a postponement of  
game versus Stradbally on same  
date and venue. This was heard at  
a Div. Board meeting on Thursday  
evening but I have not heard the re-  
sult at time of writing the reason  
given by Kilcoblent is that two of  
their players are ill and they can-  
not field a team. So there will be  
only one game at Dungarvan Field  
on Sunday and perhaps even that  
may not take place.

At Faha on Sunday—a great day  
is expected at Faha on Sunday next.  
Faha will meet the Coher Rangers  
in junior football, first round game,  
and Keatings' Own M.F. team try  
out the championship with Faha.  
Great rivalry is shown be-  
tween these teams, who are all close  
neighbours and last minute efforts  
to secure new players are being made.  
M. Kieley of the "Coher's" says they  
have more than a good chance but  
Nick Casey will only smile at that.  
Don't miss it as you will not have  
such a fixture again. The two minor  
teams are new and I would expect a  
very close game. Jackie O'Rourke  
will take control of both games and  
no favours given.

Last Sunday's Results (Green  
Cross Brickey Camp)—Dunga-  
rvan M.F. Cathal Brugha, 0-5;  
Keatings Own, 0-0. At Ballyduff,  
J.H. Aragon, 6-5; Curraha, 2-0;  
J.H. Ballyduff, 4-4; Coona, 0-0. At

### TALLOW NOTES

**WHIST DRIVE.**  
At the Carnegie Library on Easter  
Sunday night, the very successful  
and enjoyable whist drive was held  
under the auspices of the local  
branch of the Irish Red Cross  
Society. Due to dances and other  
attractions further afield, the at-  
tendance while being good was not  
up to former averages, but this did  
not materially detract from the  
pleasures attached to this function.  
Quite a large number were present  
from the surrounding towns and  
districts. After many intriguing  
games the following were declared  
the winners: gent's, 1st prize, Mr. J.  
McCarthy, Tallow; 2nd, Mr. M.  
McCarthy, Tallow; 3rd, Mr. B. Ser-  
gent, Cappoquin. Ladies, Mrs. D.  
Sheehan and Miss K. Slattery tied  
for 1st prize, and on a draw second  
prize went to Mrs. Sheehan; a tie for  
third prize also resulted. Mrs.  
Beecher and Mrs. Pr. forgot hav-  
ing scored equally on a draw  
Mrs. Beecher was declared the  
winner. Miss K. O'Connor won the  
half-time score.

**WINNERS AGAIN.**  
Able ridden by Mr. E. Funn, Mr.  
D. Heslin's Green Minstrel, carry-  
ing 15 stone, in a routing finish, se-  
cured the victric from Mrs. L.  
Hyde's Lovely Cottage (12-5) in the  
Lightweight Hunt Race, at Kilworth  
last week. The Open Heavyweight  
race at the same meeting was won  
by Mr. Thomas Murphy's Sundown  
II, ridden by the owner after being  
strongly challenged by Mr. C. J.  
Daly's Wild Irish. Local well-  
wishers hope that further success  
awaits these and other well-known  
owners before the season draws to  
a close.

**MARKET PRICES.**  
At last week's market the follow-  
ing prices were paid: farmer's  
butter 1/4, creamery 1/7 per lb.;  
farmer's secondary quality, 1/2 lb.;  
eggs, 1/8 per doz.; young fowl, 1/3

ROAD TRANSPORT. Motoring for pleasure is to be but a pleasant memory for the Irish people on and after the first day of next month. Even for commercial purposes the ration of petrol will be markedly meagre. Hence it seems sure that many people will revert to the use of horse and cart, pony and trap. It will mean putting the clock back about thirty years. How long it will stay back is something all of us would like to learn. The prices for horses are bound to increase. Cars and traps that have been looked upon as scrap for many years will now become precious. Holiday resorts in certain centres are likely to be adversely affected. We refer to those delightful places in the country where anglers, using their motor cars daily get to the lakes and rivers. Here, however, hotel proprietors can do much to meet the situation by securing alternative means of travelling. Nothing could be nicer in the summer than a drive by pony and trap. While the work outlook for the horse and pony may be good, there is the other side of the picture. No motor cars must mean no work for many hands employed in garages.

RED CROSS NOTES

WHAT THE SOCIETY IS DOING

Will You Help?

The following is taken from the April number of the Irish Red Cross Monthly Bulletin:

FOLLOWING the establishment on the 1st of July, 1939, of the Irish Red Cross Society, Ireland took her stand beside 63 other nations in subscribing to the International Geneva Convention, that grand agreement which first formulated in 1864 in an international effort to alleviate in some degree the great pain of human suffering.

Viewed from the standpoint of slow and steady building-up and careful organisation, the hour of the Society's birth was not a propitious one; but viewed from the standpoint of opportunity to serve, it could not have been better chosen. Within two months of the establishment of the Society, war, which was later to engulf almost the whole continent of Europe and extend world-wide, had broken out and its repercussions were quickly felt in this island home of ours.

Thus the Society had no leisurely happy childhood in which to develop and grow; it had, so to speak, to learn to run before it had even learned to walk.

The necessity for lightning organisation was met by a splendid enthusiasm which inspired all connected with the Society and its work, from the Central Council which governs its destinies to the branch officials and divisional officers responsible for local organisation. Each one played his or her part, and gave gladly and voluntarily of time and energy, asking no reward but a quiet consciousness of duty well done. No praise can be too high for these public-spirited workers who gave, and are still giving, of their best in the Society's service, their efforts have established in a firm foundation an organisation which we hope may live for centuries to come.

Now that we are approaching the end of the third year of the Society's existence, it will not come amiss if we pause for a few moments to review the work that has been, and is being, done. Such a review may serve to hearten those who have laboured with us and may act as an inducement to others to join us in our task.

The Society was founded to furnish volunteer aid to the sick and wounded of armies in time of war; in a number of cases of war to carry on and assist in work for the improvement of health, the prevention of disease, and the mitigation of suffering throughout the world. A noble programme indeed, but one almost overwhelming in its immensity.

Within a few short months of its establishment the Society was receiving calls on its services; shipwrecked crews were being flung up on our beaches and battered against our rugged coast line. Cork, Wexford, Clare, Kerry, Galway, Mayo, Sligo and Donegal, from wherever the call for help came it was readily and speedily answered.

Swedish, Danish, British, Greek, Swedish, Dutch and our own countrymen were tended and cared for in the name of the Irish Red Cross Society. Food, clothing and comforts were provided, and, whenever necessary, arrangements were made for hospitalisation.

While carrying on its humanitarian work with the one hand, the Society was speeding ahead its organisation with the other, never knowing what might be the next call it would have to meet. Rapidly the network of its organisation spread throughout the country until to-day there are over 600 branches, and the number continues to grow every month.

The advantage of having trained personnel in every town or village, of the very necessity of having them in these days, must be apparent to anybody who gives the matter a moment's thought. Accordingly one of the first actions of the Society was to organise classes in first aid and home nursing throughout the entire country; members gave up their spare time willingly in order to undergo the necessary training and nurses and doctors sacrificed their scant leisure to act as lecturers. The Society has issued 22,400 first aid and 4,800 home nursing certificates, and to-day these qualified workers are rapidly being formed into uniformed and disciplined groups comprising voluntary aid divisions which will, should the need arise, provide the very best of medical service similar to that which the Army Medical Service provides for the regular army, and first aid divisions whose care will be the civilian population.

But the hands of trained personnel are tied if they have not the necessary equipment; and it has therefore been the task of the Society to provide, at local first aid posts throughout the country, supplies of first-aid requirements. These supplies have been supplemented by the branches themselves, so that a nucleus has been built up in hundreds of centres, ready for immediate use should the need arise. In addition, reserves are

An Appreciation by a Friend.

The passing of a true and valued friend provides one of the tear-strained pages of life's varied experiences. Genuine friendship is a human asset that no creditor can touch; it remains a cherished possession until the end. It lives when all else passes on. When adversity lays its heavy hand upon you and those who studied in brighter days no longer pass your way, real friendship stands firm as at its best—stable, unwavering, changeable, a bulwark in time of need. The friend of all who knew it, what finer tribute could be paid the memory of any man? What more eloquent epitaph could be engraved on the hearts of those who were made happier because of pleasant association with him? Such a man was Mr. Jack Hurley, a true friend with a smiling outlook on life that never wavered in sunshine or in storm, a real man whose place memory alone can fill.

P. F. RENEHAN.

LABOUR SAVING DEVICES.

To-day the modern housewife is only too anxious to avail herself of the newest and most modern labour-saving devices, particularly in the kitchen. It has always been our concern to satisfy, as far as possible, the housewife in her particular sphere. We quite recognise that our obligation does not cease with the supply of the article. We would like to emphasise the fact that we spare no trouble or expense in providing services which may assist in the satisfactory using of the articles which we sell. We would direct special attention to our range department, where you will find the newest and most up-to-date ranges manufactured to-day. We also direct your attention to the "Basic" cookers, which carry almost a perpetual guarantee—Harpur Bros., 48, Quay, Waterford.

"The League of Red Cross Societies," and that it has international as well as national obligations. Just as the Irish Red Cross Society has the right, in an hour of grievous need, to call upon other members of the League for help, so has the Irish Red Cross Society received and answered calls for help from sister societies in other countries who found themselves faced with situations which exhausted their resources. Finland, Turkey, Hungary, Britain, Poland, France and China have all been given such help as lay within the power of the Irish Society. Our own Society has not yet been faced with a disaster of a magnitude that necessitated such a call for help; nevertheless, through the good offices of a sister Society—the American Red Cross—we are receiving a gift of drugs and equipment which will be of immense value to us in our preparations. In these gloomy days this spirit of international co-operation in a great humanitarian work sheds a ray of light and hope.

The Irish Red Cross Society has only one regret—that it cannot do more in every realm of its activities, but unfortunately its hands are tied by lack of funds and lack of workers. To complete our preparations to meet whatever emergencies may arise, we want more workers and we want more funds. It would be a tragedy indeed if a great test should come and the Society should fall to do all that it might because it lacked adequate equipment, or because it had not sufficient trained workers to call upon.

The Society's cause should be the cause of every Irish man and Irish woman, for it knows neither creed nor politics, but only one great slogan: "For the Service of Suffering Humanity." And there is a personal side to its appeal: To-day, more than ever before, it is true to say that nobody can count himself immune from disaster. It might so easily have been you or one of your family that the Red Cross donor at the local hospital was giving his blood to save.

LAUDABLE TESTIMONY

We have received the following testimonial for the death of Thomas Kirwan:

"I have known Thomas Kirwan for many years, and I can say that he was a most worthy and upright man. He was a most devoted husband and father, and his death is a great loss to his family and to the community. He was a most generous and kind man, and his memory will be long and fondly remembered by all who knew him. His wife and children are to be commended for their noble and selfless conduct in the face of this great disaster. I am sure that their grief will be alleviated by the knowledge that their loved one's death was a noble and heroic one. I am sure that his memory will be long and fondly remembered by all who knew him. His wife and children are to be commended for their noble and selfless conduct in the face of this great disaster. LAUDABLE KILL TESTIMONIAL

We have received the following for publication—Following the death of Thomas Kirwan a committee was formed in Kill for the purpose of finding some means with a view to alleviating, to some small extent, the hardships which must now be endured by his grief-stricken widow and children. Their present position is well-known locally but for those not acquainted a short summary of the situation is given. Thomas Kirwan died in the prime of life and left to mourn him his wife and nine young children whose ages range from 15 years to three months. During his life he worked and kept his family comfortable on only 5 acres of land, which unfortunately, was not his own property. His wife and children are now depending on the kind benevolence of their friends and neighbours.

A letter was addressed to many householders asking them to come to the assistance of the committee but it was impossible to send a letter to all who may like to subscribe and it is hoped that this notice may prompt you to do so. The committee (included in which are: Rev. Fr. Power, C.C. Kill; Mrs. Fadden, Kill; James Cummins, Kill; Thomas Stehan, Rathanny; Patrick O'Byrne, Dunabatin; John J. Cooney, Kill; and Thomas Walsh, N.T. Kill) will be grateful to receive, and acknowledge any assistance given and doubtless God will one day also acknowledge it when given with a good heart and for His sake.

### KILMACTHOMAS NOTES

#### SYMPATHY.

Widespread sympathy is extended to Mrs. I. O'Monaghan, widow of the late Mr. Sean Ormond, N.T., Kilmacthomas, in her bereavement occasioned by the death of her cousin, the late Mr. Cornelius J. Hickey, Geneceguilla, Rathmore, Co. Kerry (merchant), all that was mortal of whom was reverently laid to rest in St. Joseph's Cemetery, Rathmore, on Holy Thursday evening—11 P.

#### EAST SUNDAY'S GREAT FESTIVAL.

As in past years, the people of M. Waterford once again followed faithfully the path of their forbears in a truly traditional manner in the year 1942 observed the great festival of Easter. The religious aspect of Easter was, of course, the predominant one. The area held capacity congregations all during Holy Week.

On Easter Sunday evening very large numbers of the faithful received Holy Communion. Benediction of the Most Blessed Sacrament after the 11 o'clock Mass brought the Holy Week ceremonies to a close at each parish. The crowded sacred edifices at all the Easter ceremonies conveyed an impression of spiritual joy and well-being, of which no word pictures are possible. In this way the good Catholic inhabitants of these parts at the great height of the spiritual longings during the "season of sackcloth and ashes" before turning to worldly comforts, and we cordially congratulate them on the splendid manner in which they attended the various ceremonies and fulfilled their duties in a most praiseworthy manner.

#### GAELIC GANERINGS.

The Ballyaneen School Field, Ballyaneen (kindly lent by Mr. Patrick Dunphy, Rock View House, do.), was the scene of two capitally friendly football matches on Easter Sunday. The ties were arranged at very short notice and the Green Cross' Fund. Had there been sufficient time to better advertise the bouts the attendance would undoubtedly have been much larger than it was.

The Newtown and Stradbally minor fifteens were first collected with Mr. John Kieley, of the Ballyaneen Club, in charge of the Newtown team. The game was of interest, and both goal-keepers were frequently tested by the forwards, who maintained a fast pace. The teams at times revealed a splendid combination, the respective lines of backs playing clever, constructive football. Admittedly, the Stradbally marksmen had many shots which only just missed, while several of the Newtown forwards almost bore fruit. E. Flynn notched a point for Newtown after forty-three minutes, and this proved to be the sole score of the game. The teams were—Newtown: J. Fitzgerald (capt.), N. Power (goal), M. Power, E. Flynn, J. O'Connell, J. Mulligan, M. Corcoran, J. Doyle, S. Maloney, T. Power, Jas. Dunphy, W. G. Walsh, W. Walsh, J. O'Connell, D. Power. Stradbally: E. Phelan (capt.), J. O'Reilly (goal), S. Murray, E. Dunphy, M. Power, J. O'Connell, P. Lucey, M. Coffey, P. Morrissey, B. Dunphy, S. McGrath, T. Harris, J. Burke and J. White.

Favoured by a strong westerly breeze, the local Coher Rammers were in rampant mood in the initial moiety of their mix with all present dancing merrily to the strains of Premier Band (Waterford). Mr. Paddy Barron (Kilmac) filled the role of M.C. with commendable tact and ability.

#### CLONREA-BATHGORMACK RACES.

THIS was held on Easter Monday—held over a well laid-out course held by Clonrea-Power village. The goal takers, all present, fields turned out for the different stakes, and keen finishes were crowned features of the day's card. The goal takers were: Mr. J. O'Connell (1st), Mr. J. O'Connell (2nd), Mr. J. O'Connell (3rd), Mr. J. O'Connell (4th), Mr. J. O'Connell (5th), Mr. J. O'Connell (6th), Mr. J. O'Connell (7th), Mr. J. O'Connell (8th), Mr. J. O'Connell (9th), Mr. J. O'Connell (10th).

Congratulations to the Kilmacthomas senior football team on their fine win over the Old Borough at Fraher Field on Easter Sunday. Keating's O'ra (Kilmacthomas) minor football string, though worsted on the occasion, put up a brave show and, with more experience, will be a very formidable combination in their grade.

### EXCELLENT EASTER ENTERTAINMENT.

The variety concert and drawing of prizes held on Easter Sunday night in the spacious and beautiful national schoolhouse at Kill, in aid of parochial funds, proved to be a complete success. The night of the Kilmacthomas Dramatic Society who contributed the major portion of the admirably arranged programme received prolonged applause, and judging by the number of encords the audience throughout the evening, the group of Kill schoolchildren who faced the footlights deserve a special mention and praise. The drawing of prizes took place at the interval and the winners were: Miss Margaret Donnelly, Ballyneen (1st prize, 2/-); Mrs. Power, Ballyneen (2nd, 1/-); Mr. Peter Barron, Ardara (3rd, 1/-); Mr. J. O'Connell (4th, 1/-); Mr. J. O'Connell (5th, 1/-); Mr. J. O'Connell (6th, 1/-); Mr. J. O'Connell (7th, 1/-); Mr. J. O'Connell (8th, 1/-); Mr. J. O'Connell (9th, 1/-); Mr. J. O'Connell (10th, 1/-).

### The Spirit of 1916.

The men and women who fought and suffered and died in Easter 1916 drew their inspiration from the days of Tone, Emmet, Davis, Mitchell, Doherty, Stephens, Smith O'Brien, O'Donovan Rossa and all those who marked the way of freedom. It was a spiritual victory over selfishness, materialism, expediency and compromise with evil, a victory for which Ireland should humbly and gratefully thank God through all the years of time.

It recalls to mind the splendid work of the rank and file of men and women who took part in the Insurrection and then returned to their homes unadvised and unable to work for their country (momentarily) but no less effectively throughout the years that followed. The vast body of these men and women who risked their lives and their means of livelihood in that magnificent gesture have demanded nothing of their country (in return); they have been crushed into the earth by the unyielding stamped for jobs by people who had far less than they and did it at a later period when the plaudits of the crowd were with them. After many of these men were released from Frongoch, some people were reluctant to have any connection at all with the misguided rebels, less that connection adversely affect them in their business or in other worldly affairs. The majority of these people in time themselves became good Sinn Feiners when the 'trait' had been placed for them by British jails and Welsh internment camps and the movement had been save the mark made "fashionable."

### Co. Cork Turf Supplies.

The Government Information Bureau issued a statement dealing with a resolution on turf production passed at last Thursday's meeting of the Cork County Council. The statement says: "The attention of the Parliamentary Secretary to the County of Cork was called to a report of the proceedings of a meeting of the Cork Co. Council on Thursday, 2nd, and to a resolution passed thereat that no steps be taken as regards turf in 1942. The Council of Cork next winter and in 1943.

The actual position in the country generally is as follows: (1) While there is a reduction in the normal import of coal into the country, the production of about one and a half million tons of turf. The actual fuel position in 1941 therefore was relatively easy over the whole country due to imports and stock conditions which will not recur during the emergency.

(2) It is practically certain that in 1942 the imports of coal will fall by many hundreds of thousands of tons and may cease altogether. (3) The accumulated stocks of coal are nearly exhausted and the total gross production of turf in the country will not sensibly increase. The actual condition at the moment is represented by the fact that no coal is available for domestic consumption in any part of the country and coal and turf areas alike are now dependent on native fuel alone.

(4) All available excess turf produced in turf areas which can be dealt with by the limited long distance transport available will be required to provide a minimum ration of fuel for the congested boro areas. (5) County Cork is and will remain a scheduled area. It has the possession of its County Council about fifty thousand tons of turf produced in 1941 to meet the needs of a population of 300,000 people. This reserve plus the absolute maximum of its possible production by private and County Council producers will be less than sufficient for the fuel needs of the County even up to the beginning of the turf harvest of 1945.

### LISMORE NOTES

#### DEATH OF MISS M. BRODERICK, MAIN STREET.

We regret to record the passing on Wednesday, 1st inst. of an old and respected resident in the person of Miss Margaret Broderick, Main Street, Lismore, following a rather brief illness. Many years ago the deceased lady was closely associated with the business life of the town when she and her sister ran an extensive dress-making establishment in the Main Street. Of a kindly and religious disposition, she was a general favourite and her demise has occasioned sincere regret. At the funeral to St. Carthage's Church on Holy Thursday evening and at the interment in the Parochial Cemetery on Good Friday a large concourse of the general public attended, testifying to the popularity of the deceased lady with all classes. The Rev. T. O'Gorman officiated. The chief mourners were—Mrs. E. O'Donnell (niece); Richard, Michael and William Broderick (nephews); LATE MR. JAMES DUNNE, COOLISHAL.

The death took place at his residence in Coolishal, Lismore, on Monday, 5th March, of Mr. James Dunne, at an advanced age. A practical and industrious farmer and a man of many lovable qualities, the deceased, throughout his long span of years enjoyed the esteem and respect of a wide circle of friends who deeply mourn his passing. He was father of the Very Rev. Fr. James Dunne, at present on the Australian Mission. The funeral to St. Carthage's Church took place on Tuesday evening, followed by a gathering representative of every section of the community. On Wednesday, following Requiem Office and High Mass for the repose of his soul, the interment took place in the Council Cemetery. The chief mourners were Very Rev. Fr. Dunne, Patrick Dunne (son); Bridie Dunne and Kitty Dunne (daughters).

### LISMORE LADY'S PROFESSION.

The profession took place at the Convent of Mercy, Carysfort Park, Blackrock, Dublin, on Tuesday, April 7th, of Miss Annie Lawton (Sister De La Salle) daughter of Mr. Daniel and the late Mrs. Lawton, Twparks, Lismore. Her numerous friends in Lismore and the neighbouring town join in wishing her every happiness in her religious life.

### GREEN CROSS FUND.

Kilronan, 7-2; Lismore, 4-5. Tallow, 5-1; Tourin, 1-5. On Sunday last at the Gaelic Field, two exciting senior hurling games in aid of the Green Cross Prisoners' Dependents' Fund were witnessed by a large gathering of hurling enthusiasts from the district and surrounding parishes. The first clash between Kilronan and Lismore proved a real thriller, both teams going all out from the throw-in and never easing the pressure till the final whistle. Lismore won the toss and played with the wind in the first moiety and despite a brilliant Kilronan defence had a lead of two goals and four points at the interval. Lismore, 4-4; Kilronan, 2-0. On resumption the play continued as close as ever. The Kilronan forwards now made very determined attacks on the Lismore goal and were rewarded with a few scores. Shortly after Lismore equalised. For the next ten minutes the tide of battle surged uncertainly from one end to the other and it was not until the closing stages that Kilronan got the scores which gave them the victory.

The second game between Tallow and Tourin was also well contested. This was Tourin's first appearance as a senior team and in putting up such a good display against their more experienced opponents, proved that they are likely to be a danger to the best this year. Matters opened up lively and after some exchanges Tourin raised the white flag for the first score. Tallow then pressed home the attack for a major score. Tourin responded with a similar score and continued to do most of the attacking until the half-time whistle, scoring a further two points, Tourin, 1-3; Tallow, 1-0.

From this change over Tallow began to assert their superiority and soon it was evident that they had the match under their control. Tourin contested the game to the end and some nice hurling was witnessed. Tallow had matters well in

Despite many counter attractions this proved one of the most successful functions held in Lismore for some time. Approximately 100 couples were present. Miss Sheila Hichens' Band, Youghal, was engaged for the occasion and all the patrons had a most enjoyable night dancing to the strains of the latest tunes. During the dance a drawing of prizes took place and the winner of 1st prize, a ham, was Miss H. Leach, of the Flash Parade Co. G.A.A. NEWS.

Congress in Dublin.

Very Rev. M. Hamilton, Adm. Ennis, Chairman, Clare Co. Board, writing to the annual G.A.A. Congress in Dublin on Sunday, suggested that the G.A.A. and kindred bodies should weld themselves into a mighty organization whose motto should be to 'win, or to die'.

The Irish mind is of a peculiar nature, and it is not surprising that it is inclined to be suspicious of any movement which is not of its own making.

It is a fact that the G.A.A. and kindred bodies have been working for some time to weld themselves into a mighty organization whose motto should be to 'win, or to die'.

The President said that he had great pleasure in congratulating the G.A.A. and the county was enthusiastic.

One of the most serious questions of the moment for the G.A.A. and the county was emigration.

It was regrettable that many of the young men had to leave their country to find employment.

The difficulties of the situation were becoming serious. The G.A.A. and the county were enthusiastic.

Rev. P. McGouran, O.M.L., representative of the Colleges Council on the Central Council, in his report which was adopted by the Congress.

He reported that the position of the colleges was very serious. Of 23 colleges in the province, 18 played Gaelic games.

He reported that the position of the colleges was very serious. Of 23 colleges in the province, 18 played Gaelic games.

CLARE MOTION. Mr. A. McCann (Clare) moved that the motion be suspended for the duration of the existing emergency.

Mr. Quailly (Clare) seconded the motion. Capt. P. Cowan (Westmeath) said that at a time when men whom they had thought were their friends had turned out to be their greatest enemies it was most important that the helmsman should be a man who had presided over the Association with honour.

The President said he thought that the interests of the Association would be safe under the presidency of either Mr. O'Rourke or Captain J. Croft and P. Lynch.

The match was most interesting and well played. The Gaelic Field, Dungarvan, on Sunday last.

Following a consultation between the President, Mr. O'Rourke and the Board, it was decided to hold a meeting of the Gaelic Field, Dungarvan, on Sunday last.

Mr. O'Rourke, who was in the chair, said that he had great pleasure in congratulating the G.A.A. and the county was enthusiastic.

One of the most serious questions of the moment for the G.A.A. and the county was emigration.

It was regrettable that many of the young men had to leave their country to find employment.

The difficulties of the situation were becoming serious. The G.A.A. and the county were enthusiastic.

Rev. P. McGouran, O.M.L., representative of the Colleges Council on the Central Council, in his report which was adopted by the Congress.

He reported that the position of the colleges was very serious. Of 23 colleges in the province, 18 played Gaelic games.

CLARE MOTION. Mr. A. McCann (Clare) moved that the motion be suspended for the duration of the existing emergency.

Mr. Quailly (Clare) seconded the motion. Capt. P. Cowan (Westmeath) said that at a time when men whom they had thought were their friends had turned out to be their greatest enemies it was most important that the helmsman should be a man who had presided over the Association with honour.

The President said he thought that the interests of the Association would be safe under the presidency of either Mr. O'Rourke or Captain J. Croft and P. Lynch.

KILLEAGH PARISH COUNCIL.

Mr. P. O'Neill presided at a meeting of the Parish Council on Tuesday evening, the other members in attendance being Dr. M. F. O'Brien, M.O.H.; Messrs. M. Murphy, N.T.J. B. Dator, J. Kennedy, P. J. O'Mahony, and D. O'Callaghan (sec.).

The Secretary said he was speaking in reply to the meeting, and he wished to explain to the meeting that his absence, that night, was not due to indifference or carelessness but to the fact that the date had escaped his memory until ten minutes before the hour of meeting.

Messrs. Ryan and Hogan sent letters of apology.

The tenant of a labourer's cottage at Ballycraggan came before the meeting and asked the assistance of the Council in providing him with a second half acre.

The Chairman said every tenant who was entitled to an acre of land with the cottage and it was extraordinary that the matter was not looked into long ago.

The applicant said he was not the original tenant and he thought the Council was doing well to be so careful of the part of the former occupier.

The Secretary asked if the owner of the land on which the cottage was built had been asked about the matter, and the applicant said the cottage was built on Michael Milling's farm and he was quite willing to give the second half acre.

It was decided to write to the Secretary, South Cork Board of Health, about the matter and endeavor to get for the tenant the amount of land the law allows him.

Dr. O'Brien asked if any reply had been received from the L.G.D. regarding the sewage scheme.

The Secretary read a letter from the South Cork Board of Health in which it was stated that as soon as the plans were approved in Dublin and the necessary sanction given, the work would be started at once.

No reply had been received from the L.G.D. although he had written them nearly three weeks ago.

The Chairman said it was very courteous on the part of the authorities to ignore the Secretary's letter on such an important matter.

MOOREHILL NOTES

The great festival of Easter was observed in Kiltawney in the usual religious manner. Holy Mass was celebrated at the Church of the Holy Cross, by Rev. T. Tobin, C.C., and was attended by a very large congregation.

On Good Friday, the Stations of the Cross were made by Rev. T. Tobin, C.C., and on Easter Sunday, the services of the Holy Eucharist, etc., were held at the Parish Church of Kiltawney.

PARISH COUNCIL DANCE. A grand dance under the auspices of the Kiltawney Parish Council was held at Moorehill Hall, on Sunday night, and was very successful.

On Sunday night all roads lead to the Moorehill venue for the great junior hurling clash, Conna v. Moorehill, when the teams met a few weeks ago in Conna, the visitors were successful, after a great game.

Mick Burns says Conna will reverse the verdict on Sunday, but Mick Ahern says, wait and see. So all lovers of the Gaelic games are advised to look for Moorehill on Sunday evening, March at 2.30 p.m.

Knockanone and Moorehill served up a delightful display of hurling at Moorehill on Sunday last in a friendly hurling contest in aid of the Green Cross (Prisoners' Dependents' Fund). It was a real hard game of hurling between two evenly balanced teams but Moorehill ran out worthy winners at the end.

The day was cold but sunny and the pitch was in excellent order, but the attendance was on the small side, due no doubt to counter attractions at Lismore. Knockanone won the toss and played with the wind, and attacked from the throw-in, but Ryan cleared and Murray sent well in but a free release the pressure for Knockanone. Geary sent well up, but the Knockanone defence was very sound and Moloney cleared.

Mills sent Moorehill attacking but the ball went over. The puck out reached Donovan, who sent his forwards moving, but the past six or eight months and no sewerage system yet laid down was something short of a public scandal.

The representatives should be drawn to the matter. There was no good in writing letters when they would not be answered.

Mr. O'Mahony agreed. The present arrangements were condemned most strongly two years ago or more by Dr. Cony and Dr. O'Brien, and it was inconceivable that such pressure should be put on the County Council to carry out the scheme.

He agreed with Mr. Barter that the representatives in the County Council should be asked to take the matter up with the Department.

After further discussion it was agreed to write to Messrs. Little, Broderick and Conry, and Mrs. Redmond, and ask them to take whatever steps they consider best to have the matter rectified and the work started as soon as possible.

The Secretary said he had heard nothing further about the widening of the Knockanonegrappah Lineway. It was resolved that the T.D.s be also asked to look into this matter and bring pressure to bear on the appropriate department to have it speeded up.

Mr. Murphy said the turf cutting season was fast approaching and many boys who were starting at once, so that turf winning could begin as soon as the weather was dry enough to save it.

This was the time to get off the water, and in any bog in which they were interested they should endeavour to see that drainage was not delayed.

Mr. Barter enquired. The fuel problem was one for which it would be difficult to find a solution, and nothing should be neglected that might help to ease the situation.

It was resolved to write to the Cork County Council and ask that, if it were contemplated to develop turf cutting locally this summer, the necessary drainage should be started at once.

Inch Farmers' Meeting.

New Creamery To Be Opened on 20th April. A largely attended meeting of farmers and others interested in agricultural purposes was held in the new creamery so nicely situated on the banks of the Turig, about two miles east of Inch on Thursday, April 2nd. Prior to the start of the meeting, those who were present had an opportunity of inspecting the very modern and thoroughly up-to-date machinery and appliances with which the building is equipped.

Mr. J. Holland, Manager, Inch Creamery, and Mr. O'Connell, Ballycraggan, explained the various sections to a very interested audience who were impressed with the amount and the quality of the work which had been done in a comparatively short time.

The Rev. Fr. Finn, C.C., who presided at the public meeting said he was glad to see such a very fine attendance and he was grateful for being asked to preside over such a very important meeting. It was certainly a good omen for future success to have so many interested farmers and others there.

Mr. Holland said the Inch Creamery had been built, and equipped, and they all sincerely hoped it would be a wonderful success and bring added prosperity to the district. (Applause). He had come there that night to show his interest in the project.

God speed to their good work and his stay in the parish was long of short he would work wholeheartedly for the advancement of the people both spiritually and temporarily. (Applause).

Mr. Holland, Manager, Inch Creamery Co., said their meeting that night was a most important one, marking as it did the successful termination of the first period of construction. The people of that district had for many years been agitating for a creamery.

Various sections had taken up the people's time and again, but though they all worked hard and earnestly success had always been denied them. When the work was brought to his notice a few years back he made up his mind that he would do his best in an honest endeavour to give effect to the wishes of the people of that district.

When the matter was brought to the notice of the Inch Creamery Co., they gave it favourable consideration, and he and other members of the committee met the Inch people and pledged themselves to give them a creamery if they, on the other hand, would guarantee supplies. (We," said Mr. Holland, "have kept our pledge, though the task was a heavy one for we encountered obstacles that were almost unmountable, but we were determined to win through and we did." (Applause). It was now up to the people to keep their part of the contract and he had no doubt but that they would do so. (Heart heard).

Their chief business that night was to ask the farmers when they wished to have the creamery opened up. It was ready for work in the morning if supplies were forthcoming, and it was for the people themselves to decide the matter and agree on a date. Living as they were in abnormal times they would not for the present be able to provide the facilities they had always given for getting in the milk. (Applause). They were also in a position to supply cans to those who required them at a very reasonable rate. In fact anything they could do to convenience people would only give them pleasure and satisfaction. (Applause).

In conclusion, he paid a high tribute to their former curate, Rev. Fr. Mortell, to whom they were all deeply indebted for his invaluable services, which were at all times freely and unselfishly given. He was glad to find that in Father Finn, their Rev. Chairman at that meeting, they had found a most worthy successor. (Applause).

A discussion in which those present took part, then ensued. Various suggestions as to the opening date were put forward, and eventually it was decided unanimously on the proposition of Mr. J. O'Connell, that it would be opened on Monday, 20th April, and it was also agreed that a meeting of all interested would be held in the Inch School after 9 o'clock Mass on to-morrow (Sunday). Those requiring cans are expected to make their requirements known at this meeting, when carting arrangements will also be attended to.

A warm vote of thanks to Father Finn for presiding, to which he suitably replied, concluded the proceedings.
