KEEP THE HOME FIRES BURNING!

There is great activity in the Turf areas to-day. Thousands of workers are cutting and preparing Turf for our requirements in the months which lie ahead. The despised fuel of yesterday has now assumed a vital importance due to the restrictions imposed by the present emergency, and we will have to depend on the work of the Turf Cutter for our cooking and heating next winter.

This is also the time to make provision for the winter of our years, and the security of our dependents. The safest and most profitable form of investment is Assurance, and the Policies of The Irish Assurance Company, Limited, will ensure a contented present and a care-free old age.

Particulars of all classes of Life Assurance will be gladly given by our Representatives or on application to:

WEST DIV. G.A.A. NOTES.

(By AN RUNAIDHE.)

Junior Hurling Selector.—A Capoguin reader who signs himself "Over the Bar," has sent me his ideal junior hurling team to play Cork in Fermoy. He cannot understand why Bob McGrath (Lismore) is omitted. He claims Bob is the best centre half back in the county. Since does not permit publication of his selection in full but I would point out that Paddy Nagle, Dungarvan, is not eligible to play junior having played senior with Dungarvan. His selection is the very best I have yet seen with this exception. I will have pleasure in sending it to any of the junior selectors who wish to see it.

Assistant Match Official.—The Kilgobnet Strabally match seems doomed to postponement. Last Sunday the game had to be put off again due to the death of Miss Devine, Kilgobnet, sister of one of the Kilgobnet players. The sympathy of the Division is extended to the Devine family in their trouble. The burial on Sunday was attended by a large number of the Kilgobnet club members. The practice field of the club is the property of the Devine family, who have kindly lent it to the club for practice. The game has been postponed for Sunday, May 24th, at Dungarvan.

Durrow v. Kilsrossney.—Football fans in the Faha, Kilsrossney and Strabally area, will have a first-class game on Sunday at Faha, when Kilsrossney meet Durrow. Kilsrossney need little comment as everyone knows that no matter how little they fancy themselves they are a difficult team to beat. Durrow are a new team to the division but they have offered some old players in their ranks who will be able to steady the ship.

Waterford Juniors go Out.—I don't have to rub it in by saying "I told you so" but I feel that Sunday's defeat should settle for ever the method of selection adopted this year. The selection of teams should be left solely to a committee appointed by the Board. This is the only method of selection I can recommend and I feel confident that if given a fair trial it would justify itself in the year. I say this without any intention of making little of any of the present selection committees.

Armoree Meet Villiersdown.—A last we have got a suitable date. Without fail Armoree meet Villiersdown on Sunday. Villiersdown have secured a number of prominent players who have gone in the defence forces and fully expect to win the game. Armoree have had their boys in training for the past six weeks for this game and they are just as fully convinced that they will win as their rivals. Stephen Hickey will be in charge of the whistle, so a fair do can be expected for both sides.

Last Sunday's Results.—(Co. Wick own seeds, and had not proper facilities to keep them, have very badly postponed to 24th May owing several fields that had been planted had to be ploughed out again and re-given with other cereals. Why should the farmer be put to this expense and met Talloy at Lisnane on Sunday and sustained a rather severe defeat. The lads were harassed by lack of training for some time and travelled with a much depleted team.

Self.—At the annual general meeting of the Golf Club Mr. S. J. Meynihan was re-elected president. Mr. J. O'Dwyer, vice-president. Mr. J. Bowen was elected captain. Mr. J. Ryan, vice-captain. Mr. J. F. Lanihan, secretary and J. A. Cartwright, hon. treasurer. Committee: N. C. Enger, T. C. Williams, T. Maher, P. Ryan, J. Lynch, M. F. Dunne, P. I. Power, J. Leo, J. Lanihan, Dr. M. K. Cusack.

In the Dail during the debate on Agriculture, Mr. W. J. Broderick, T.D., said:—I appreciate fully the utility of recrimination, and will content myself with making a few remarks on the subject. The Minister's policy and attitude last week seems doomed to postponement. May Procession.—The annual May procession in honour of Our Blessed Lady took place in the grounds of the Convent of Mercy on Sunday afternoon, although affected to some extent by weather conditions. The holy event was as usual solemn and impressive. The order of the procession was: Cross bearers; Crozier; attendants; children of St. Michael's Industrial School; Children of Mary's Convent National School and of St. Ann's Convent; pupils of the Mary's Convent; and members of the Sisters of the Community of the Sisters of Mercy. While the procession was in progress appropriate hymns were sung and when the Convent reached solemn Mass was celebrated by the Rev. Fr. Duffin, C.C. Our minor hurling team met Talloy at Lisnane on Sunday and sustained a rather severe defeat.

GAELIC NOTES (SERIOR CLUBS)

By "TADUINE"

It will come as a disappointment to the many followers who intended that no objection should be raised against the installation of the telephone in the Clerk's private residence instead of in the office as originally intended. A further letter approved of the appointment of waterkeepers for the open season, 1942. Another letter that occurs to those amongst the players they could not field out, the match will not take place until the 5th August, 1942. All were noted some future date. It was a great pleasure to see the first big test of the year in West Waterford and the respective writers hardly more so. The solution of the British Food Council in connection with the British Food Council is in my notes on the 15th of the previous day.

The Department asked for a full as well as a good report on the operations of the Department in connection with artificial insemination of the fish. The Clerk informed that the following report had been received from the Department of Fisheries, London, and from the Duke of Devonshire in connection with the solution of the British Food Council in connection with the British Food Council is in my notes on the 15th of the previous day.
