A Chara,

From the published report of the special meeting of the U.D.C., called on my proposal to deal with the scarcity of fuel in the district, it would appear that I and I alone was anxious to increase the controlled cost of firewood here. This is not correct. The fuel merchants present, one and all, declared that the main reason why they could not supply firewood was that the controlled price of 2/-per ewt. did not permit them to recover what they actually paid out. If this statement was correct and I had no means of proving otherwise. wood here. This is not correct.
