A LARGE SELECTION OF PERAMBULATORS AND GO-CARS AT M. MOLONEY & CO'S

DUNGARVAN U. D. C.

Present: Messrs. Thom. McCarthy (Chairman), L. Veale (Vice-chairman), John McGrath, and J. Dahill.

ORDERS MADE BY MANAGER. The following orders, made by the County Manager in respect of requests by the Council, were notified:

DETECTIVE WATER SUPPLY. Mr. Veale referred to the defective water supply to Mr. Gormley's premises at New Line, Abbeyside.

BYLAWS. Resolutions approving of the making of bylaws in respect of slaughterhouses and the conveyance of meat through the streets were proposed, signed and sealed by the Council.

Mr. Dahill—Is there any provision made for the inspection of meat, either before or after slaughter?

Mr. Veale—That is so.

Mr. Dahill—Would it not be as well to have that on the next agenda?

Mr. Veale—That is so.

Mr. Dahill—Would it not be as well to have that on the next agenda?

MEETING AT DUNGARVAN

ADDRESS BY MR. J. M. ADAMS, Agricultural Director, Department of Agriculture.

Mr. P. R. Power, Chairman, County Waterford Committee of Agriculture, presided at a representative meeting of the farming community in the Courthouse, Dungarvan, on Tuesday last, in connection with the Government's "Grow More Food" campaign.

Mr. Adams, in the course of a most interesting and instructive address, said he had been deputed to speak to you to-day about our food position, and to ask you, the Waterford Committee of Agriculture as a body, and the members of the Committee individually, for your wholehearted co-operation in securing the production of sufficient food to see the country through another year of acute emergency.

It would like to say something about the contribution of the Waterford farmers to the food production effort of last year, and what they should aim at this season. Wheat is the first and most important crop. Last year 2,516 acres were grown in the county. This was an increase of 44.4 per cent. (7,233 acres) over the previous year, which was very creditable. The area grown amounted to about 4 per cent. of the total area of wheat grown—374,720 acres—last year. There can be no question about the importance of the wheat crop. It is estimated that an area of not less than 700,000 acres would require to be grown this year in order to make the bread supply safe and to provide seed for the following year. An additional 5,000 to 6,000 acres would need to be grown in Waterford, or in other words, 11 acres should be sown with wheat for every 100 acres of ground now sown with other wheat at least to feed your own family. The time for sowing winter wheat is rapidly drawing to a close, and no opportunity should be missed of completing the winter sowings. As a very large part of the wheat crop is raised on a manured crop, the question of the limited supplies of artificial manures obtainable need not be a serious difficulty. Wheat should be sown as far as possible by sown after manured crops. The guaranteed price for wheat of the 1943 crop is 50/- per acre, and in addition, what should be credited with a bonus of 2/6 per barrel for each barrel of millable wheat delivered to the miller. The amount so credited will be used to reduce the cost of fertilizer to the farmer after the emergency.

The potato crop is only second in importance to wheat. The total acreage in the county (425,561) declined last year by over 2,000 acres, but in Waterford there was a slight increase from 7,557 in 1941 to 7,662 in 1942. The potato crop is particularly valuable, as it forms one of the principal items of food for man and beast. It is of the highest importance therefore that an increased area should be planted in the county. The fact that 4 tons of potatoes contain as much nutriment as 1 ton of grain, and that under average conditions an acre will produce 8 tons of potatoes, is evidence of the value of this crop, especially to the potato grower. It is the most important crop that an acreage should be increased to 500,000 acres this year. An additional 1,700 acres, therefore, is necessary in Waterford this season, in order to make the position safe. Every farmer should endeavour to plant an acre and a quarter for every acre grown last season.

Last year the oat crop in the whole county amounted to 878,000 acres, as compared with 820,000 acres in the previous year. Notwithstanding this increase in the oat area, together with the increase in the area of barley and clover, there is a serious shortage of grain in the county. The combined acreage of oats and barley in the county was increased by 250,000 to 1,300,000 acres in the coming year, in order to meet our needs. Co. Waterford grew 27,500 acres of oats and 4,386 acres of barley last season, or just 3 per cent. of the total grown in the county. There are few soils on which oats cannot be grown, and there is no reason to think that the acreage in this county could not be increased by at least one-fourth. More oats are required for cattle, pig and poultry feeding. The combined area under oats and barley in the county should be increased by 7,000 or 7,500 acres.

Mr. Lynch, in a brief address, dealt with the question of lack of capital by the wounded farmers of the County Council, whereby such farmers should be made available to those men to enable them to procure seeds. Mr. Michael O'Ryan, replying to Mr. Lynch, dealt with the seeds and fertilizers scheme adopted by the County Council, whereby such farmers can get their requirements. He agreed with Mr. Kearney that the farmer should get a good price, but if an extraordinary price is given it will react on the poor of the towns. At the present time the farmer is the mainstay of the country.

Mrs. Redmond, T.D., said she refrained from joining in the discussion, as she felt it was a farmer's day. She thanked Mr. Adams for his address.

The quantity of artificial manures which is hoped can be made available in the coming season will be far short of what we require. It is expected that it will be possible to distribute 12,000 tons of a compound manure for the sugar beet crop, and 5,000 of a similar compound for seed potato crops, allotments, and for other seed crops. In addition, about 28,000 tons of 20 per cent. superphosphate, and 10,000 tons of 25 per cent. nitrogen, and 1 per cent. potash. The quantity of artificial manures which is hoped can be made available in the coming season will be far short of what we require. It is expected that it will be possible to distribute 12,000 tons of a compound manure for the sugar beet crop, and 5,000 of a similar compound for seed potato crops, allotments, and for other seed crops. is compared with 10 or more acres last year. The Order also provides that a farmer may be required to cultivate his quota on a specified part of his holding, and to grow wheat on a specified part of his farm. These provisions are designed to deal with land owners who deliberately select the most unsuitable of their land for the purpose of fulfilling their tillage quota, and will be invoked in cases where it is clear that the owners are not complying with their obligations in a satisfactory manner. Next year, that is, in 1944, the tillage quota will probably be increased to one-third of the arable land on holdings, but first-year hay will be regarded as tillage to the extent of not more than one-fifth of the required quota on each holding. This will afford an opportunity to sow grass seeds and clover this spring on lands which have grown repeated corn crops and allow it to rest.

I would like to say something about the contribution of the Waterford farmers to the food production effort of last year, and what they should aim at this season. Wheat is the first and most important crop. Last year 2,516 acres were grown in the county. This was an increase of 44.4 per cent. (7,233 acres) over the previous year, which was very creditable. The area grown amounted to about 4 per cent. of the total area of wheat grown—374,720 acres—last year. There can be no question about the importance of the wheat crop. It is estimated that an area of not less than 700,000 acres would require to be grown this year in order to make the bread supply safe and to provide seed for the following year. An additional 5,000 to 6,000 acres would need to be grown in Waterford, or in other words, 11 acres should be sown with wheat for every 100 acres of ground now sown with other wheat at least to feed your own family. The time for sowing winter wheat is rapidly drawing to a close, and no opportunity should be missed of completing the winter sowings. As a very large part of the wheat crop is raised on a manured crop, the question of the limited supplies of artificial manures obtainable need not be a serious difficulty. Wheat should be sown as far as possible by sown after manured crops. The guaranteed price for wheat of the 1943 crop is 50/- per acre, and in addition, what should be credited with a bonus of 2/6 per barrel for each barrel of millable wheat delivered to the miller. The amount so credited will be used to reduce the cost of fertilizer to the farmer after the emergency.

The potato crop is only second in importance to wheat. The total acreage in the county (425,561) declined last year by over 2,000 acres, but in Waterford there was a slight increase from 7,557 in 1941 to 7,662 in 1942. The potato crop is particularly valuable, as it forms one of the principal items of food for man and beast. It is of the highest importance therefore that an increased area should be planted in the county. The fact that 4 tons of potatoes contain as much nutriment as 1 ton of grain, and that under average conditions an acre will produce 8 tons of potatoes, is evidence of the value of this crop, especially to the potato grower. It is the most important crop that an acreage should be increased to 500,000 acres this year. An additional 1,700 acres, therefore, is necessary in Waterford this season, in order to make the position safe. Every farmer should endeavour to plant an acre and a quarter for every acre grown last season.

Last year the oat crop in the whole county amounted to 878,000 acres, as compared with 820,000 acres in the previous year. Notwithstanding this increase in the oat area, together with the increase in the area of barley and clover, there is a serious shortage of grain in the county. The combined acreage of oats and barley in the county was increased by 250,000 to 1,300,000 acres in the coming year, in order to meet our needs. Co. Waterford grew 27,500 acres of oats and 4,386 acres of barley last season, or just 3 per cent. of the total grown in the county. There are few soils on which oats cannot be grown, and there is no reason to think that the acreage in this county could not be increased by at least one-fourth. More oats are required for cattle, pig and poultry feeding. The combined area under oats and barley in the county should be increased by 7,000 or 7,500 acres.

Farmers! FOOD SECURITY IS A MATTER OF LIFE OR DEATH

- HOME PRODUCED FOOD FOR ALL—OR HUNGER. 3,000,000 people—your own kith and kin—rely on you to safeguard them from food shortage. Enough food CAN be produced to provide the Nation's Bread in full and to maintain all our livestock. PROVIDED you increase by one-fifth the area under food crops. The land is there, the seed is there, prices are good and markets assured.
WHEAT IS VITAL. Reliance can no longer be placed on imports. The area under wheat must be increased by at least 20 per cent over 1942. In another two weeks your last chance to sow Winter Wheat will be gone. Every moment is precious; every acre every half acre counts.TILLAGE QUOTA FOR 1944. It has already been announced that should the emergency continue, occupiers will in 1944 be required to cultivate not less than one-third of the arable land on each holding. First crop grass will, however, count to the extent of not more than one-fourth of the quota, provided tillage crops are produced on the balance of the quota.

CAPOQUIN NOTES. BOXING TOURNAMENT POSTPONED. The boxing tournament arranged to take place in the Boat House Hall on to-night (Friday) has been postponed owing to the military having to take part in exercises. The tournament will be held on Friday night.

Perfect in flavour Whisky at its best

KILMACTHOMAS NOTES.

A SPLENDID JOB. Some weeks ago the work of widening and resurfacing an old thoroughfare through the district of Ballylennan Upper was begun by a number of County Council workmen, operating under the direction and supervision of Mr. Patrick Kiely, Glendalough. Kilrossanty. The work is now nearing completion and is certainly a credit to the energetic and painstaking overseer and his team. The praiseworthy improvement wrought spells of veritable boon for the local farmers and other regular users of this very convenient passage. The cost of the job is being covered by a special Relief Grant, which was procured through the good offices of Mr. W. Morrissey, T.D., to whose notice the project was brought by the Ballylennan Cumann, Fianna Fail.

LADY WATERFORD'S FATHER. On Tuesday of this week, Mr. Lindsay, father of the Marchioness of Waterford (with whom he is staying at Curraghmore) celebrated his 80th birthday. Waterford Hunt met specially at Curraghmore that night in honour of the event, and Lady Waterford's hospitality knew no bounds. Shoals of congratulatory messages were received by Mr. Lindsay, who, as all who know him will say without hesitation, a "greatheart" in real life. We respectfully join with the rest in warmly wishing this 80-year-old gentleman many happy returns of the anniversary of his nativity.

WEDDING BELLS. Cordial felicitations are extended to Miss Margaret Dee (daughter of Mr. and Mrs. Maurice Dee, Gawn, Kilmacthomas) and Mr. John Power (son of Mrs. and the late Mr. Matthew Power Carrigahilly, Strabally), on their marriage, which happy event was solemnised at St. Bridget's Parish Church, Kilrossanty, on the 19th inst., by the Rev. W. Meenan, C.C. do. The bride, who looked charming, was attended by her cousin, Miss Alice Power, Faha, Kilmacthomas, as bridesmaid. Mr. M. Mason, Seafield, Bonmahon (cousin of the groom) acted as best man. The newly-weds, who devotedly enjoy a very wide circle of friendships, were recipients of many useful and costly presents, and mark the auspicious occasion. May they experience length of years of joy without alloy in the matrimonial sphere.

ON HOLIDAYS. Domiciled across-channel is Mr. John Keating, a member of the worthily honoured Curraghmore (Kilrossanty) family of the name, who is now home on a visit.

WATERFORD PRIEST NEW P.P. IN LIVERPOOL. ARCHBISHOP. Archbishop Downey has appointed Rev. Fr. Thomas J. Kennedy, curate at St. Luke's, Whitton, Prescott, Lancs., to be Parish Priest of St. Vincent's, Derbyshire, Hill, St. Helen's, Lancs. Son of the late Mr. and Mrs. Patrick Kennedy of Waterford, the new Pastor was educated at Waterpark College, Mount Mellery, St. John's, and Ocois, where he was ordained in 1923 by Most Rev. Dr. Barry, Bishop of Plymouth. After eight years at St. Bede's, Widnes; three years at Havertree, Liverpool; and a year at the Metropolitan Pro-Cathedral Church of St. Nicholas at Coppens Hill, Father Kennedy was appointed to Whitton three years ago.

GAELIC GARNERINGS. At the annual festival meeting of the Coler Bannock (Ballylennan) Junior Football Club, held on Friday night of last week the following officers were elected for the ensuing twelve months:—Chairman, Mr. M. Kiely; Vice-Chairman, Mr. J. McGrath; Hon. Treasurer, Mr. Wm. Dunphy; Hon. Secretary, Mr. M. Kiely; Messrs. E. Foley and P. Lannon were appointed to act as delegates to the Western Divisional Board meetings. Mr. P. Lannon was chosen team captain, and Mr. Jas. Weldon, vice-captain, for the coming season. A selection committee was also formed. The semi-final of the medal tournament—Dunrow versus Coler Bannock—was fixed for to-morrow (Sunday) evening, the venue is Ballylennan (field kindly lent by Mr. R. Russell, M.F.H.) and the match is timed to start at 4 p.m. (S.T.), with

MOOREHILL NOTES.

WEDDING BELLS. A very pretty wedding was solemnised at University Church, Dublin, on 20th Jan., by Rev. Father Devine, C.C. The contracting parties were Mr. M. Lynch, West St., Tallow, and Miss Elizabeth Carey, Galway. The bridegroom is son of Mrs. and the late Mr. J. Lynch, Tallow, and is one of its most popular townsmen as well as all over West Waterford. During the hectic years of the Anglo-Irish war Mick was ever to the fore and proved himself a sterling and gallant Irishman. The bride has been a resident in Dublin for a number of years, where by her kind disposition she made hosts of friends. The bride, who looked charming, was given away by her brother, Mr. Vincent Carey, and was attended by Miss Donnelly, Dublin, as bridesmaid. Mr. Richard Lynch acted as best man. After the wedding ceremony a reception was held and was attended by many friends. Most of the guests and serviceable presents were received by the happy couple to mark the auspicious occasion. We join with many friends in wishing Mr. and Mrs. Lynch all the best in life—health, happiness and prosperity.

REGRETTED DEATH. It is with deep and profound regret we announce the death of Miss Brigid O'Neill, Stranally, which sad event occurred at Lismore Hospital, after a brief illness, and at a moderately advanced age, and fortified by the rites of Holy Church of which she was a most devoted member. A gentle, refined lady deceased was beloved by all whose pleasure it was to have known her. Her winsome personality and her quiet and unobtrusive manner won for her the lasting admiration of her many friends. The late Miss O'Neill was an ardent Catholic, a good Irishwoman, a kindly neighbour, and a staunch churchwoman, and her passing has left a void which time cannot fill. The remains, accompanied by a large cortege, were removed to Knockanore Church, where they remained overnight. Requiem Masses were offered up on the following morning, and the interment took place in the adjacent cemetery, where all that was mortal of deceased was reverently laid to rest. Very Rev. Father Flynn, P.P., read the last prayers at the graveside. Peace to her gentle soul.

THE FISHING SEASON. During the past week there has been a welcome improvement in the number of salmon caught by our fishermen, and it was badly needed, for during the opening weeks the fishermen had a lean period, due to the weather, which had caused heavy floods most of the time. Let us hope that with the improvement in the weather, which has given his views on the state of the country and the

FIFTY YEARS A POSTMAN.

The late Mr. Thomas Milles has been fifty years a postman in the Carrick-on-Suir district, and area, and was extremely popular over wide area.

Mr. Paddy Donnelly (Ballyduff-Kilmacdonagh & F.C.) in charge of the whistle and he to have six umpires from his club.

LABOUR MEETINGS. Messrs. Patrick Barron (Chairman); Michael Downey (Hon. Treasurer); and William Fitzgerald (Hon. Secretary), of the Kilmacthomas Branch, I.L.P. organisation, were the speakers at meetings held at Ballylennan and Faha over the week-end. A branch had been previously established at Ballylennan. A new branch was formed at Faha, where we learn, upwards of thirty members were enrolled. Further meetings are being arranged for Kilrossanty, Strabally and Clonea-Power at early dates.

"TRY AGAIN".

BALLYNABANOGUE. This ticket, referred to in the previous number, won £100 prize in the latest Sweep for Mrs. Jeremiah Lennihan, Ballynabonogue, Kilmacthomas, who bought the ticket from Miss Kate Power, of the same address. Congratulations to both on this good luck.

LISMORE M. LATE MR. T. E. O'SHEA. Sincere regret is expressed throughout the county of Mr. Timothy O'Shea, T.C., who died suddenly at his apartment, 10, Wellington Street, on Wednesday, 18th inst. Mr. O'Shea had attended the Co. Council for many years, and had been a member of the Co. Council since he was elected to that office in 1928. He was a well-known and popular member of the Co. Council, and was a devoted friend of the Irish Transport and General Workers' Union. He was also a member of the Co. Council's administrative staff, and had been in charge of the Co. Council's financial affairs for four years as a Co. Council member. He was a well-known and popular member of the Co.
