## DUNGARVAN U.D.C.

Mr. Thos. McCarthy, Chairman, presided at the fortnightly meeting of the above held on Friday last. Also present were Messrs. M. Morrissey, T.D., T. A. Kyn, L. A. Veale, P. O'Dwyer.

**Grant for Exploratory Work.**—A letter from the Department of Local Government and Public Health notified the Council of a grant of £150 in respect of the exploratory work at Declish dam.

Mr. Morrissey, T.D.—What is the amount of expenditure?

Clerk—£650.

Mr. Morrissey—What figure are they leasing the amount on? What figure for expenditure did they get?

Clerk—£650.

Mr. Morrissey—We should protest against that. Perhaps it is in respect of the expenditure of the first portion of the work which was given at £250.

Clerk—This letter says the full amount. You heard Mr. Bowen say that more work was undertaken.

Mr. Morrissey—Even so, the Department were notified. He (Mr. Morrissey) is not at all satisfied with such an allocation. He remembered quite well when Mr. Butler and himself went to interview the Department. They got most favourable consideration and he expected that at least 60 to 70 per cent. grant would be forthcoming.

To Mr. Kyn the Clerk said it is hardly possible that the figure was based on the £250.

After some further discussion Mr. Morrissey proposed and the Chairman seconded the following resolution which was passed: That we, the members of the Dungarvan U.D.C. protest against the small sum of money allocated to the exploratory work in connection with the Dungarvan Water Schemes. The total cost of the exploratory work to date is £650 and we were expecting to take the history of the whole scheme into account at least 60 per cent. grant.

Mr. Morrissey—Would it not be well to acquaint the Manager. Has he seen this letter?

Clerk—He is not aware of this letter yet. It has only just arrived. I will bring it before him in the morning.

**Acknowledgments.**—Letters thanking the Council for resolutions of sympathy passed to them were read from Pk. Power, Main Street, and Jas. Stuart, Michel St.

**By-laws regarding Slaughterhouses and the decent and seemly conveyance of meat through the public thoroughfares.**—Signed and sealed by the Council.

**Harbour Fishing.**—Replying to Mr. Kyn, the Clerk stated by way of exception of an acknowledgment of the letter, there was no further reply from the Department on the above subject.

**Municipal Authorities of Ireland.**—The Council decided to affiliate with the Council of the Municipal Authorities of Ireland and appointed Messrs. M. Morrissey, T.D., and Senator Butler to attend the annual meeting.

**Letting of Council Houses.**—Mr. O'Dwyer asked what was the procedure in regard to the letting of the Council houses now.

Clerk—The Manager makes a recommendation on the report of the M.O.H.

Mr. O'Dwyer referred to the case of a man named O'Neill who, with his wife and two children are living in a room 9' by 11'. He did not want to go into the procedure of letting, but a house was let to a man who was only recently married.

Mr. Morrissey, T.D., said he was acquainted with the fact of O'Neill's case; it is a very deserving case.

The Council unanimously decided to strongly recommend the case to the Manager.

**Votes of Sympathy** were passed in silence to the relatives of the late Mrs. Sheridan, Shanahan; the relatives of the late Miss McGregor, Abbeyside; the relatives of the late John Kieley, Skeehacrine and the relatives of the late Mrs. Beresford, Kilmurray Cottage, Dungarvan.

## DUNGARVAN BRANCH I.N.T.O.

Mr. T. Walsh, Chairman, presided at the quarterly meeting held in Egan's Hotel on Saturday, 10th April. Despite the transport difficulties there was a good attendance. The following members being present: Mrs. Condon, Mrs. Hayes, Mrs. Kennedy, Mrs. Connery, the Misses Tobin, Christopher, Walsh, Brennan, Murphy, Messrs. S. Connery, P. O'Connell, M. Brennock and W. Cullinan, secretary.

Letters of acknowledgment were received from Mrs. N. Cullinan, Touranema, Mrs. M. Prendergast, Clashmore; Mr. M. Creagh, Co. Committee Treasurer, and from the General Secretary.

The Secretary stated that for the quarter ended 31/12/42 all the members were "clear" with the organization. The Teachers' Directory, containing the names and addresses of all paid-up members of the organization will be reissued this year in a modified form.

The financial report was then adopted.

In response to an appeal for a subscription towards a charitable outlet, the Secretary was instructed to forward £5 from the branch funds.

Miss E. Murphy, Organizer, reported that she had written as instructed to the unassociated teachers in the district, urging them to join the organization before the new rule (which imposes a fine) becomes operative. As a result, three new members were received into the branch. Mr. M. Brennock, Secretary of the Co. Committee, then gave an account of the Co. Council meeting held in the past month, which was devoted to Secondary School scholarships.

The matter was discussed at length. In the opinion of the branch, the subjects of the examination automatically cut out the children of the country three, two or one-teacher schools. In the vast majority of schools the optional subjects for the examination are not taught. Also the age limit admits children to the examination who have already spent a year at least in the secondary schools. It was the opinion of the branch that only those children in primary schools should be eligible to sit for examination and that only the compulsory subjects for smaller schools be examined.

The following resolution was then passed, copies of which will be sent to An Taoiseach, to the Minister of Local Government, the Manager, and to the Chairman of the Co. Council:—*Sgoilreachtáil* Comhairle an Chonaithe na h-Éireann, na meathon-sgoilbh—*Ós rud é nach bhfuil an clár so oirceadh do na scoilreachtáil na h-Éireann, ní ceart go dtuairgead na h-Éireann go dtuairgead a bhfuil a n-ainm ar an meathon-sgoil chéanna ad rolaic ar an sgoilreachtáil.*

The Compulsory Primary Certificate examination was then discussed, and it was decided to await the decision of Congress on the matter. The Secretary was instructed to call a special meeting after Congress (8th May) to discuss the Primary Certificate Examination.

A circular dealing with "Infectious Disease and School Attendance" was read and the Secretary was directed to get in touch with Head Office on the matter.

## WEST WATERFORD NEWS.

**Late Mrs. E. Villiers-Stuart.**—The sad death of Mrs. Elspeth Villiers-Stuart, Dromana, aroused feeling of the deepest regret and sorrow in these parts where the deceased lady was such a popular figure. An outstanding character, she was noted for her many estimable qualities, and her great kindness of heart and unbounded charity won her the respect and admiration of all sections of the community. She was also a keen supporter of every sporting organization, and very sporty her life helping others. Her untimely and tragic death leaves a void that is hard to fill, and to her bereaved husband, son and other relatives deepest sympathy is extended.

**Popular Guards Transfer.**—Garda Matthew Kiernan, who has been transferred from Villierstown to Dublin, was a widespread favorite, and his departure has occasioned deep regret amongst his numerous friends. During his stay in Villierstown, which extended over a number of years, he proved himself a most capable police officer. A talented musician, he performed regularly at concerts and other social functions, and was always ready to help any sporting or charitable object.

Many friends wish him many years of health and happiness in his new sphere of duty. Garda J. Hennessy, who has been transferred from Croom (Co. Limerick), replaces Garda Kiernan at Villierstown.

**Clashmore L.S.F.**—The Clashmore Group, L.S.F., of which Messrs. Thos. Bagge and Redmond J. Russell are Group Leader and Assistant Group Leader, respectively, has made excellent progress recently thanks to the energetic efforts of Sgt. Wm. Gillen, G.S. Thanks to Sgt. Gillen's organizing efforts a big number of new recruits has been secured in the Ardmore and Clashmore sections. The members attend Mass regularly and Sgt. Gillen is at present engaged instructing them in the use of rifles and teaching them foot drill. Everything is being done to make the Clashmore Group one of the best in the county. The following appointments have recently been made in the Group:—**Advt. Mr. James Healy; G/M, Mr. P. Foley and D. Scannian, Mountstuart Section, S/L, Mr. James Meehan, A/S/L, Mr. E. Glavin.**

**Late Mr. P. Heagerty.**—The death occurred recently of Mr. Patrick Heagerty, baunnaparka, Aglish, Deceased, who was a general favourite, was a keen supporter of the Kilmacdonagh family and to his bereaved relatives deepest sympathy is extended.

There are many classes at Ardmore and Clashmore centres continue to make excellent progress and at each centre the students are rapidly acquiring the knowledge of the Gaelic tongue. At Ardmore the classes are being conducted by Mr. Michael F. Fogarty, P.C., O.G., and at Clashmore by Mr. Sean O'Driscoll, P.C., O.G.

**Clashmore 45 Drive.**—The prize-winners at the recent national 45 drive in aid of the Mountstuart Section of Clashmore Group L.S.F. was held at Mountstuart, N.S. All arrangements were perfect in the capable hands of Messrs. R. J. Russell, A/G/L, and Jas. Meehan, S/L.

Because of circumstances outside the control of the Club, Aglish were unable to take part in the current year's championship. Few clubs in the west have done more for the G.A.A. and we hope to see Aglish to the fore again next season.

The newly formed Dromore Club (Blackwater Rowers) are sure to be a formidable force in the championships. The Club includes some of the leading players in the division and it will be no surprise to see this combination go a long way in the championships.

**Died in U.S.A.**—The death has occurred in the U.S.A. of Mrs. E. Williams, a native of Kilmacdonagh, Clashmore. At both Masses in Clashmore Church on Sunday last prayers were asked for the repose of her soul.

**L.D.F. Dance.**—We understand that Grange section of Ardmore Group L.D.F. are holding a grand dance in the near future. This promise to be a great attraction and patrons, in addition to securing a pleasant night's enjoyment, will be helping a most worthy cause—that of national defence. Be there.

**Road Improvements.**—Considerable improvements have been carried out by Waterford Co. Council workers in Clashmore area recently. These include the removal of the turn and the widening of the bridge over the river Greagash at Coolboe, the removal of the steep hill over the old mill race adjacent to the village and the removal of the dangerous bend on the road at the top of Lickey Hill, Kilmacdonagh. Further improvements in the same area are contemplated.

## KILMATHOMAS NOTES.

**Died in U.S.A.**—The death occurred recently at his parental residence during the week that the Rev. Wm. Lonergan, aged 134 years, deceased was grandson of Mrs. Mary Lonergan, Ballinacissla, Bonmahon, and the late Mrs. Lonergan of Bonmahon.

**Death of Mrs. J. Hassett.**—The announcement of the death of Mrs. Johanna Hassett, Kilmacdonagh, Kilmacdonagh, was received with very sincere regret throughout these parts. Consoling by the members of the Confraternity of which she was a most exemplary member, she answered the Great Call on Friday last week following a comparatively short illness and in the fullness of her years. Relict of the late Mr. Thomas Hassett, farmer, she was a devoted and lovingly remembered mother, the deceased lady came of a good old family of the name of Deccies—the Walshs of Ballykerogue, Stradbally. Endowed with the virtues of honesty, loyalty and charity, she was an outstandingly fine type of Irish womanhood, whose rare qualities of head and heart earned for her the golden opinion of those who were privileged to call themselves her friends. The late Mrs. Hassett possessed a successful and philosophical outlook on life, from which she never departed, and it was these virtues with the affectionate care and solicitude of her loving home-circle, that fortified her through her last illness. Unassuming in disposition, her goodness of mind and generosity of heart enabled her to go through life without making a single enemy. Her geniality and supreme gifts of good neighbourliness never failed to impress her legion of acquaintances who share with those of her own family the sorrow which her passing has evoked. She was mother of Messrs. William (Bill) and Sean Hassett, Kilmacdonagh, and of Mrs. T. Flynn, who is domiciled in the U.S.A.; and she was sister of Messrs. Pat Walsh, Conalshanna, Kilmacdonagh, and Monnie Walsh, Knockadrumlea, Stradbally, to all of whom she was a devoted and loving mother in her tribulation. Every family for miles around was represented in the cortege which accompanied her to her final resting place in the Parish Church, Clonapower, on Saturday evening. After the funeral Mass on Sunday, the relict took place in the adjoining cemetery, in the presence of another host of relatives, friends and sympathizers, and amid every manifestation of profound sorrow. A number of beautiful floral wreaths were placed on the casket, and sheaves of spiritual bouquets and messages of sympathy were received. There are five races on the programme and, at large entries have already been received a memorable day's racing is assured.

**Last Sunday's Games.**—In a fast and exciting game at the local Gaelic Field on Sunday last Arglan defeated Moorehill in the first round of April H.T. championships. Ideal weather conditions prevailed and there was a fairly large attendance present. The game was played in a spirit of friendly rivalry which reflects the greatest credit on both teams. A feature of the game was the ground work; the fast pace which was maintained throughout allowed little time for picking, and consequently a more interesting contest resulted. Though Moorehill showed more judgement in striking, the Arglan boys possessed a superior turn of speed which upset this advantage. Playing with confidence Arglan were away from the start and in less than 10 minutes had 2 goals and a point to their credit. Moorehill settled down, however, and soon went over to the offensive and some determined onslaughts were rewarded by a goal and a point. A period of even play followed and both defences were tested. Moorehill now pressed hard for another score but were unable to penetrate their opponents lines. Arglan further increased their lead by another goal before the short whistle when they led by 3-1 to 1-1. Play was fairly even for the first quarter of the second moiety. Moorehill were first to break through when after lively exchanges around the Arglan goal,

## LISMORE NOTES.

**Clerical Changes.**—The people of Lismore were very sorry to learn during the week that the Rev. T. O'Gorman will shortly be leaving the parish. He has been appointed P.P. of Ballyporeen, Co. Tipperary, where he succeeds the late Fr. John O'Shea, P.P. A native of Co. Tipp, himself, Fr. O'Gorman was educated at the Christian Brothers' School, Clonmel and at St. John's, Waterford, later going on to St. Patrick's College, Maynooth, where he was ordained in 1908. His first appointment was on the English missions at Northampton, where he spent about 8 years. Recalled to the Diocese, he was sent for a short time to Abbeyside, Dungarvan. His next curacy was at Knockmore, and he will be forever remembered by the people of that parish for his great work in helping to renovate the parish church. Coming as C.C. to Lismore about 21 years ago Fr. O'Gorman quickly won the hearts of the people; his kindness, sincerity and deep interest in their spiritual and temporal needs soon him beloved by all. A great organizer, he has been the spiritual director of the Rev. W. Canon Burke, he was made president of the local Parish Council and also of the local branch of the St. Vincent de Paul Society. During the long illness of our late pastor, Very Rev. Canon Burke, he was made Adm. and acted in the capacity until the appointment of our present P.P. latest and next encounter so that all members should be as fit as the proverbial fiddle when the occasion arrives and then go all out to register a further step on the road to county honours. The score board on Sunday read: Tallow, 6-3; Tourin, 1-1.

**Street Lighting.**—The residents of the town appreciate very much the augmented lighting of Chapel Street, but regret to find the number of lamps allocated to the rest of the town have not been increased as hoped for. Could not a better arrangement be made for the lighting of Convent Street, thus one lamp which is situated at almost the extreme end while the next lamp is at the Square, approximately one-quarter mile away. A few more lamps placed in between would make all the difference. An inspection of the present lighting during the hours of darkness will best convey the actual position as to the requirements of the town as a whole.

They raised the green flag for their only score of this moiety. There was now only a goal in the difference and with almost 15 minutes to go the Moorehill supporters began to entertain hopes of victory, or at least a draw, but the speed and stamina of the Arglan team now began to tell and soon they were away to increase their lead by a point. Keeping up the pressure they had another goal which settled matters and the final whistle left them deserving winners on the score Arglan, 4-2; Moorehill, 2-1. In a curtain-raiser Bride Rowers met and defeated Tourin Ramblers in the initial round of the M.H. championship. Though Tallow were the heavier and more experienced side and had the best of the play throughout, the losers are to be congratulated on the great display they put up. There are many young hurlers of great promise in the Tourin team of whom we expect to see next year.

**Boxing Tournament.**—Wednesday, April 21st, promises to be a big day for Lismore, as in addition to the Races, a monster military boxing tournament has been arranged for that evening. It will be the first time that boxing has ever been staged in the town, and so a record attendance is expected. Many prominent army boxers, including several present and former champions, are expected to compete and a great night's sport is promised. The tournament will be held at St. Anlon's Hall, Townparks. This spacious hall which is not yet fully completed will have a seating capacity for about eight hundred people and when finished will be one of the finest in the County.

## TALLOW NOTES.

**Obituary.**—We regret to announce the death of Mrs. Mary Higgins (nee Stapleton) of Barnack Street, which sad event took place recently at the County Hospital, Dungarvan after a somewhat brief illness, and to her bereaved husband the sincere sympathy of his many relatives and friends is extended in the great loss that has befallen him. By the passing of deceased, yet another one of the town's oldest families has been exterminated.—May her soul rest in peace. The representative attendance at the removal of the remains to the Parish Church and at the subsequent interment in the adjoining cemetery illustrated fully the popularity of deceased and the regret felt by her demise.—Rev. Fr. Corbett, C.C., officiated at the graveside.

**Congratulations.**—Their many friends extend heartfelt congratulations to the owners of "Springfield Boy," who so successfully contested the Heavyweight Hunt Race at Kilmacdonagh Point Races last week. Now that this old favourite has regained his former stamina, it is hoped that further success will be achieved before the present season draws to a close.

**G.A.A.**—Congratulations are extended to our minor hurlers who so successfully contested the opening round of the county championships on Sunday last at Lismore Gaelic Grounds. It is earnestly hoped that this early success will prove an incentive to more consistent training during the period between their latest and next encounter so that all members should be as fit as the proverbial fiddle when the occasion arrives and then go all out to register a further step on the road to county honours. The score board on Sunday read: Tallow, 6-3; Tourin, 1-1.

WESTERN DIV. C.A.A. NOTES (By "AN RUNAIDHE.")

Rivals Meet at Cappoquin.—The lifelong hurling rivals meet at Cappoquin on Sunday next, when Lismore line out against Dungarvan in the first round of the Western hurling competition. Notwithstanding the loss of such outstanding players as Regan and O'Garra, the "black and amber" team will be a "hot one." Youth will play a big part in its make up, and as has been found elsewhere, it always pays to give young players a chance. Dungarvan will have an altered team also on Sunday, having lost its quota of players owing to emigration. Goode brothers, Mountain, Moylan, Curran and Barron will be the pivot of the team, which will also show a big number of youths. The game will give a decided pointer to the 1943 championships, and it is likely that some players may secure or lose their places on the "inter-county" team. James Ahearne will be in charge. Minor Challenge.—Prior to the senior hurling, Eire Og will play the local minors in a friendly. Tallow to Play Army Hurlers.—Tallow senior hurlers have, like the great sportsmen they are, agreed to forego the bye and meet the Army team, the "McDermotts," in the Western hurling competition. The date, venue, etc., will be arranged later. Bricker Rangers v. Abbeyside.—At Dungarvan on Sunday, Bricker Rangers will meet St. Augustines (Abbeyside) in junior hurling. The Rangers are very keen on their chances this year and are out to make a record for the club by winning a junior hurling championship. St. Augustines are also very happy about Sunday's game, and their secretary informs they have a better selection of players than he had for the past two years. He believes they will win—and win well at that. The Football Game.—Following the hurling, Ballyvoce (the newcomers to the championships) will take on Kilmathomas. Ballyvoce have a wealth of footballers to select from, and I have heard of over 30 players tagged out at weeks at their headquarters at Ballyvoce. The question troubling Ballyvoce is if Kilmathomas will survive long enough to meet them. Kilmathomas with football tradition behind them right back to the start of the Association, are promising big things this year. C. has very good management they hope to figure largely in junior and senior competitions. Ballyvoce would be well advised not to count their chickens before they are hatched. Sunday will tell, but anyhow, two keen games will be likely. At Faha.—Durruss, the "hard luck" team of 1942, meet the Coher Rammers for this year's first round in junior football. These neighbours are both very keen to survive, and a great rivalry has sprung up as to which shall be the victor. Intense activity has been the order of the day for the past week, as players are made sure of and all arrangements made so that the teams are in perfect trim for Sunday's engagement. Kevin Whelan, the famous inter-county Stradbally footballer, will act as referee. The fixtures made for the Green Cross Fund on Easter Sunday appear below. Will clubs at which games are fixed please arrange to have venues in order and referees appointed. Where possible it should be arranged that prior to the games, a short prayer for the rescue of the souls of all who have fallen in the cause of Irish Freedom should be recited. Also the National Flag should be flown at half mast. As usual, only actual expenses incurred will be taken from the gates. The object of the fund being what it is, no club will object to having the return as large as possible for the fund. The fixtures arranged are:—At Durruss (F.) Durruss v. Faha, 3 p.m.; (H) St. Augustines v. Kilmathomas, 4.15. At Ballyneety (F.) Kilmathomas v. Coher Rammers, 3.30. At Dungarvan (F.) Ring v. Kilmobnet, 3 p.m.; S.F. Dungarvan v. Stradbally, 4.15. At Ardmore (F.) Ardmore v. Old Parish, 3.30. At Geash (F.) Geash Emmetts v. Blackwater Rovers. At Ballyduff (H.) Ballyduff v. Aragon, 3.30. At Lismore (H.) Camphure v. Glen Rovers, at 3 p.m.; S.H. Tallow v. Lismore, 4.15. At Cappoquin (H.) Cappoquin v. Touris, 3.30. Matches arranged for Whitechurch have been cancelled, as the home club are not able to fulfill the engagements. The teams to play the Brickers were: (F.) McDermotts; (H.) Affane-Modelligo. Teams willing to agree on a venue in aid of fund should notify the divisional secretary before Tuesday next. Last Sunday's Results.—At Dungarvan (M.F. county) cships: Ballyneety, 1-3; Kilmathomas, 0-1. S.F. (Russell Cup), Stradbally, 2-6; Ballyneety, 1-1. At Lismore (H.) Ballyneety, 5-6; Touris, 1-1; J.H. Aragon, 4-2; Moorehill, 2-1. Sunday's Fixtures.—At Cappoquin (M.H. challenge), Cappoquin v. Eire Og, at 2.30; ref. J. Ahearne; two (Western competition), Lismore v. Dungarvan, at 4 p.m.; ref. James Ahearne. At Faha (county), James J.F. Coher Rammers v. Durruss, at 4 p.m.; ref. K. Whelan. At Dungarvan, J.H. county cships: Ballyneety v. St. Augustines, 3 p.m.; ref. P. McCarthy; J.F. Kilmathomas v. Ballyneety, 4.15; ref. J. Geash. At Ballyneety (F.) challenge: Ballyneety v. Affane-Modelligo.

RUSSELL CUP COMPETITION.

STRADBALLY WIN REPLAY.

Stradbally, 2-8; McDermotts, 1-1. At the Gaelic Field, Dungarvan, on Sunday last, Stradbally had an easy victory over the XV in the replay of the in the above competition.

Though the game was evenly contested in the first half, it was all one-way traffic in the closing moiety. The champions held the upper hand in practically every department; they were the better fielders and showed an all-round improvement on their display in the drawn game.

Tom Veale, their star centre half-back, was absent but his place was filled by Andy Fleming with marked ability. While all the Village men acquitted themselves admirably, N. Connors, Fleming and Veale, in the half-back line, once again were the game.

Stradbally attacked before the Army men had a wide. A free by Kely close in was cleared. Connors opened the scoring for Stradbally with a point. Shortly after the same player had another point. The Army score a minor before K. Phelan had a point and Salmon a goal for the Cove boys, leaving the half-time score: Stradbally, 1-3; McDermotts, 0-1.

Stradbally had a strong westerly breeze in their favour in the second half and attacked from the throwing. A ruck by Percy Kirwan rebounded off the cross bar back into play. K. Phelan had a goal and Stradbally kind friends who sympathised with her in her recent sad bereavement; to those who sent Mass cards, letters and messages of sympathy, and all those who attended the funeral. She trusts that this grateful acknowledgment will be accepted by all.

Funeral of the Late Mrs. Beresford, Kilmurray.—The funeral of Mrs. Philip Beresford, Kilmurray, whose death we briefly reported in our previous issue, took place in the Parish Church, Dungarvan, on Friday last, April 9th. A very large and representative cortege of mourners and sympathisers followed the remains. On Saturday, after the celebration of Masses of Requiem for the happy repose of her soul, the interment took place in the presence of another large concourse of relatives and friends. Rev. Fr. O'Farrell, C.C., officiated at the graveside. A very large number of Mass cards and messages of sympathy were received.

# BALLYHANE MURDER CHARGE

## THURSDAY

There was a dramatic development on Thursday during the resumed hearing at Fermoy of the charges against Wm. O'Shea (24) and Thos. Patrick White (17), both of Ballyhane, Alliance, Cappoquin. The two accused are charged with conspiracy to murder and the murder of Mrs. Maureen O'Shea, wife of William O'Shea.

When Garda Joseph Dalton, of the William Street, Limerick, Garda Station, who escorted the prisoners from Limerick Prison on Thursday to the Court, and had remained with them in the dock, was called and it was announced by the State Solicitor that he proposed to tender evidence of a statement made to him by the accused O'Shea in the dock during the evidence of the State Pathologist.

Mr. J. F. Kenny, solr., for O'Shea, objected on the ground that when he appeared in the beginning in this case he had advised his client in the best of his knowledge and belief that he considered the proper way, and if his client had not adhered to that advice, he (Mr. Kenny) had no business there and might as well leave.

The Justice—That is a matter between yourself and your client. Do you object to this evidence on legal grounds?

Mr. Kenny—I do. These men were at the time under legal advice, and while I quite appreciate that they are inclined to make voluntary statements, I will have to ask some questions about this. To the witness—How did you get this statement?

Witness—It was an outburst at the time by the prisoner O'Shea when Dr. McGrath was giving evidence. I was standing in the dock, and the prisoner O'Shea was sitting on my right and the prisoner White on my left. O'Shea said—

The Justice intervened and witness said O'Shea made a certain statement to him.

Mr. Kenny—Did that statement incriminate himself?

The Justice—That does not matter. Had anything been said by you to him before he made the statement?

Witness—No. I did not ask him any question or induce him to make any statement. He made it purely voluntarily.

Mr. Kenny—As he was continuing with the statement did you make any remark to him?—No, until he was finished.

You did not administer any caution to him?—No, I did not. I simply went out of the dock and made a note of what he had said.

Did you make the note immediately afterwards—you did not make it in the dock—No, approximately ten minutes afterwards.

Did you show the note to the accused?—No.

Did White hear this statement also?—Yes, he was listening.

Did he say anything?—He said something, but I could not be sure of what he said.

The witness added that earlier Garda Rafferty, Limerick, had been on duty in the dock.

Garda Rafferty was called and was questioned by Mr. Kenny, to whom he said that he had no conversation with the prisoners, except that White had asked him for the time.

Mr. P. J. Morrissey, solr., for White. Did you speak to White in the barracks today?—Yes.

What did you say to him?—I was there with White when he got in refreshments, and when he came out of the barracks I could not say exactly what took place between us, but he said something about food. It strikes me he also did say something about O'Shea. They did say they had plenty food.

Did you say to White: "Now is the time to plead mercy"?—No, he said something to me about pleading for mercy.

Did you say that to him?—No, when he was here in the cell he mentioned to me about pleading for mercy, and when coming to court a second time I asked him if he wanted to plead for mercy.

Did you say anything else?—No.

Did you ask him to make a statement?—No.

Dr. Counihan, State Solicitor, then proceeded to examine Garda Dalton.

Don't let your calves die!

Mr. Hughes, Aberlow, writes:—

"Gureox completely cured the two calves. They were in a dying condition when I gave the first dose. Soon I noticed a big change, and they came on gradually until completely cured."

BE WISE! At the first sign of grinding teeth, stretching neck, staggering, drooping, scours, and Gurex in calves, also Wool Ball in lambs, give a few doses of Gureox and see the difference. Used in time, it never fails.

ment in evidence. It related how White had been asked to give an account of his movements. Accused said: "I will tell you the Gospel truth. Lies are no good to you or me." The accused then proceeded to detail his movements on 15th March. He told how he cycled to Dungarvan and Cappoquin during the day on different missions. Coming to the night, the statement told how on his journey home from Cappoquin he met O'Shea and his wife, and his (White's) uncle on the road, talking. He did not move of his bicycle at all, and only said, "Hallo!" It was then about eight o'clock (old time). He went home and had his supper after which he sat down at the fire, reading the paper, as it was then too late to go anywhere. "About ten o'clock," the statement continued, "my mother came in with my two young brothers. She said Maureen was shot, and I asked her where she was, and she said she did not know my more. It was then 11 o'clock and I went to bed. On my aunt said not to go up at all. She got a great fright when she heard it. She is not strong, she was in hospital some time ago. I was not long in bed when the Cappoquin sergeant came. He came up to where I was sleeping and he asked me some questions."

The statement then related how the accused got up at the Sergeant's request and went out with him. From this on the statement was in the form of question and answer, and according to the answers White said that his mother told his Maureen was shot. He knew who she meant, as there was no other Maureen there, and he was friendly terms with O'Shea and his wife. O'Shea asked him to slip with him while Mrs. O'Shea was in hospital. His boots were wet by-accident he walked over the grass-looking at his snares. He had not been in the ploughed field nearly for two months previously. He was a member of the L.D.F. and as such had got a shot-gun but no ammunition, and he had never fired a shot out of it. He cleaned the gun on the previous Sunday evening in his home, with paraffin oil and a rag. His reason for cleaning it was because there was a parade on St. Patrick's Day. He did not leave the house for any purpose from the time he came in from Cappoquin on the evening of the 15th March, until Sergeant Brown came to him. He had never got, and never tried to get, any ammunition for the gun from anyone.

To the question as to whether White O'Shea had ever given him a shot-gun cartridge, the reply was: "Never at any time." To the question, "Did he ever loan to you?" The answer was: "No, sir." O'Shea never told him, the statement continued, "that he had got a cartridge from Edmund Ducey. When asked to account for the fact that he had his pants, the accused said he got it a few months previously while forgetting. He did not go to Byrne's house after Maureen was shot, because his aunt would not allow him. What asked who stood for Willie O'Shea's child, he replied: "My cousin, Margaret Burke and himself." The statement concluded by saying that sometime later he was taken to Cappoquin station.

Dr. John McGrath, State Pathologist, said that on 16th March, he examined the body of Mrs. O'Shea on the post mortem, assisted by Dr. White. The body was that of a well built young woman, 31, 32, in height. There was a hole through the back of the left shoulder, and three inches below the shoulder. There was a gunshot wound on the left hand, on the outer side of the thumb. The lissaks inside the wound were blackened, and the charge had penetrated the left shoulder blade, and had gone through the chest wall breaking the sixth rib, and into the seventh. It then tore through the left lung and the breast bone. The cause of death was a shock and haemorrhage, due to a gunshot wound, and in his opinion the shot had been fired from very close range.

John O'Donoghue, Lacken, said on Sunday night, March 14th, he saw near "The Spout" White standing in a dyke within twenty yards of the spot where Mrs. O'Shea was shot 23 hours later.

Pat. Veale, Cullinahina, said on the same night he saw a man who appeared to be O'Shea standing under a tree in a dyke near "The Spout."

Pte. Jas. O'Driscoll, Younghill, whose sister was the second wife of Michael Glavin, father of Maureen O'Shea, spoke of frequent quarrels, "that they were not much," which seemed to get worse at time went on. Prior to the birth of her child he heard Maureen O'Shea say in her husband's presence that he (O'Shea) was preparing "that I would have the child soon and he thinks I'm going to die having it."

Continuing his evidence, Supt. O'Mahony said he went to Knockzoalaha on March 16th at 9.35 a.m., where he saw the body of Mrs. O'Shea lying on the roadway. White was sitting on the fence, a short distance away. "I asked what he was doing there," said witness, "and he said that the Cappoquin Sergt. had told him to come up here. I then told him to walk along the road with me. As he was getting up from the fence he said that he wanted to tell me something about the fire. I said to him, did you not tell me all you know about the fire on the last day?" He replied, "I was I locked the door. I forgot to tell you that much." I asked him to explain what he meant by locking the door or what door was locked, and he said that when he was leaving O'Shea's house on the night it was burned, Mrs. O'Shea had called him back and told him to lock the door and put the key on the window sill, and he did that.

The witness said that there was one door to the house, and he said to White that if that was so she was locked in when the fire started, and he replied: "I suppose so." He then told White to go back to where he had been. Witness said that after a brief visit to Cappoquin he returned to the scene of the tragedy. White was still on the roadside, and as the day was cold, witness told him he could sit in his car if he wished, and he did so. Later, acting on instructions from Chief Supt. O'Reilly, he took a statement from White concerning his movements on March 15th. He gave a very full account of his movements from morning until night without any necessity on witness's part to ask him a single question. The witness added, "I wrote down this account as he gave it to me, and afterwards I put him a number of questions, some of which were suggested by the Chief Superintendent, and he signed the whole lot." White was not cautioned before that statement was taken. The Superintendent put this state-

ment in evidence. It related how White had been asked to give an account of his movements. Accused said: "I will tell you the Gospel truth. Lies are no good to you or me." The accused then proceeded to detail his movements on 15th March. He told how he cycled to Dungarvan and Cappoquin during the day on different missions. The statement then related how the accused got up at the Sergeant's request and went out with him. From this on the statement was in the form of question and answer, and according to the answers White said that his mother told his Maureen was shot. He knew who she meant, as there was no other Maureen there, and he was friendly terms with O'Shea and his wife. O'Shea asked him to slip with him while Mrs. O'Shea was in hospital. His boots were wet by-accident he walked over the grass-looking at his snares. He had not been in the ploughed field nearly for two months previously. He was a member of the L.D.F. and as such had got a shot-gun but no ammunition, and he had never fired a shot out of it. He cleaned the gun on the previous Sunday evening in his home, with paraffin oil and a rag. His reason for cleaning it was because there was a parade on St. Patrick's Day. He did not leave the house for any purpose from the time he came in from Cappoquin on the evening of the 15th March, until Sergeant Brown came to him. He had never got, and never tried to get, any ammunition for the gun from anyone.

To the question as to whether White O'Shea had ever given him a shot-gun cartridge, the reply was: "Never at any time." To the question, "Did he ever loan to you?" The answer was: "No, sir." O'Shea never told him, the statement continued, "that he had got a cartridge from Edmund Ducey. When asked to account for the fact that he had his pants, the accused said he got it a few months previously while forgetting. He did not go to Byrne's house after Maureen was shot, because his aunt would not allow him. What asked who stood for Willie O'Shea's child, he replied: "My cousin, Margaret Burke and himself." The statement concluded by saying that sometime later he was taken to Cappoquin station.

Dr. John McGrath, State Pathologist, said that on 16th March, he examined the body of Mrs. O'Shea on the post mortem, assisted by Dr. White. The body was that of a well built young woman, 31, 32, in height. There was a hole through the back of the left shoulder, and three inches below the shoulder. There was a gunshot wound on the left hand, on the outer side of the thumb. The lissaks inside the wound were blackened, and the charge had penetrated the left shoulder blade, and had gone through the chest wall breaking the sixth rib, and into the seventh. It then tore through the left lung and the breast bone. The cause of death was a shock and haemorrhage, due to a gunshot wound, and in his opinion the shot had been fired from very close range.

John O'Donoghue, Lacken, said on Sunday night, March 14th, he saw near "The Spout" White standing in a dyke within twenty yards of the spot where Mrs. O'Shea was shot 23 hours later.

Pat. Veale, Cullinahina, said on the same night he saw a man who appeared to be O'Shea standing under a tree in a dyke near "The Spout."

Pte. Jas. O'Driscoll, Younghill, whose sister was the second wife of Michael Glavin, father of Maureen O'Shea, spoke of frequent quarrels, "that they were not much," which seemed to get worse at time went on. Prior to the birth of her child he heard Maureen O'Shea say in her husband's presence that he (O'Shea) was preparing "that I would have the child soon and he thinks I'm going to die having it."

Continuing his evidence, Supt. O'Mahony said he went to Knockzoalaha on March 16th at 9.35 a.m., where he saw the body of Mrs. O'Shea lying on the roadway. White was sitting on the fence, a short distance away. "I asked what he was doing there," said witness, "and he said that the Cappoquin Sergt. had told him to come up here. I then told him to walk along the road with me. As he was getting up from the fence he said that he wanted to tell me something about the fire. I said to him, did you not tell me all you know about the fire on the last day?" He replied, "I was I locked the door. I forgot to tell you that much." I asked him to explain what he meant by locking the door or what door was locked, and he said that when he was leaving O'Shea's house on the night it was burned, Mrs. O'Shea had called him back and told him to lock the door and put the key on the window sill, and he did that.

The witness said that there was one door to the house, and he said to White that if that was so she was locked in when the fire started, and he replied: "I suppose so." He then told White to go back to where he had been. Witness said that after a brief visit to Cappoquin he returned to the scene of the tragedy. White was still on the roadside, and as the day was cold, witness told him he could sit in his car if he wished, and he did so. Later, acting on instructions from Chief Supt. O'Reilly, he took a statement from White concerning his movements on March 15th. He gave a very full account of his movements from morning until night without any necessity on witness's part to ask him a single question. The witness added, "I wrote down this account as he gave it to me, and afterwards I put him a number of questions, some of which were suggested by the Chief Superintendent, and he signed the whole lot." White was not cautioned before that statement was taken. The Superintendent put this state-

ment in evidence. It related how White had been asked to give an account of his movements. Accused said: "I will tell you the Gospel truth. Lies are no good to you or me." The accused then proceeded to detail his movements on 15th March. He told how he cycled to Dungarvan and Cappoquin during the day on different missions. Coming to the night, the statement told how on his journey home from Cappoquin he met O'Shea and his wife, and his (White's) uncle on the road, talking. He did not move of his bicycle at all, and only said, "Hallo!" It was then about eight o'clock (old time). He went home and had his supper after which he sat down at the fire, reading the paper, as it was then too late to go anywhere. "About ten o'clock," the statement continued, "my mother came in with my two young brothers. She said Maureen was shot, and I asked her where she was, and she said she did not know my more. It was then 11 o'clock and I went to bed. On my aunt said not to go up at all. She got a great fright when she heard it. She is not strong, she was in hospital some time ago. I was not long in bed when the Cappoquin sergeant came. He came up to where I was sleeping and he asked me some questions."

The statement then related how the accused got up at the Sergeant's request and went out with him. From this on the statement was in the form of question and answer, and according to the answers White said that his mother told his Maureen was shot.
