THE DUNGARVAN OBSERVER SATURDAY, MAY 8, 1943. OUR FEATHERED FRIENDS.

The requirements of war-time production have caused a considerable drop in the population of a host of birds. A large part has been taken off the face of the earth by the war. Many of these birds have been lost in the thousands. In some cases, they have been discovered dead or helpless on the benches, their wings clogged with the feathers of other birds which they had been unable to fly. The cutting down of trees and hedges to facilitate the construction of military projects has also done much to deprive the birds of their usual nesting places. Many classes of birds have been unable to adjust themselves to the conditions of their environment. The appearance of their feathers has been affected. An expert in bird life says that British birds have lost more of their natural insect-eating habits of their natural insect-eating habits. KILMACTHOMAS NOTES.

Death.—Much regret and sympathy has been occasioned by the death of Mr. James Loneragan, which occurred last night at his residence at Knockyellan Upper, Kilmacthomas, on Sunday evening last, following a short illness and in the fullness of his years. Deceased was a decent, upright man in every way, and was held in high regard by his neighbours and all others acquainted with him. A model Catholic and a staunch supporter of Gaelic games and pastimes, the late Mr. Loneragan was an entertaining conversationalist, and enjoyed recalling in his usual vivid manner, many outstanding episodes of our past history, including the political, social, sporting and industrial aspects, in all of which he evinced a keen interest. There was a large and representative attendance (including all his old friends and acquaintances in his natal district) at the removal of the remains on Monday evening to St. Bridget's Parish Church, Kilmacthomas, where they were received by the Rev. J. P. Walsh, C.C., who recited the prayers for the dead. Subsequent to the celebration of Requiem Mass on Tuesday morning, all that was mortal of Mr. Loneragan was reverently laid to rest in a grave beside his good wife (who died about two years ago) in the adjoining cemetery, amid many manifestations of profound sorrow. Very Rev. J. Crilly, P.P., Kilmacthomas, officiated at the graveside. Chief mourners were: Messrs. James Loneragan, Leamy, Brian; Matthew Loneragan, Ballinacoola; Patrick Loneragan, Kilmacthomas; and John Loneragan, Knockyellan (sons); and Mrs. M. Hayes, Butlerstown (daughters). Two other daughters of the deceased are domiciled in the U.S.A. The Light of Heaven to the gentle soul departed.—(American papers will please copy).

Flanna Fall.—At a specially convened meeting of the Ballynaneen Cumann, held on Sunday night last, delegates were appointed to attend at the forthcoming County Convention in Dungarvan and preparations were made in connection with the approaching General Election.

A Charming Miss.—A young lady of rare talent is Miss Eoghan Shanahan, who would up her Easter holidays in our midst on Monday of this week, when she returned to Drishane Convent School to resume her studies there. Miss Shanahan is daughter of estimable Mrs. Shanahan and the late lamented Mr. James Shanahan (farmer), Scrahan, Kilmacthomas, and she is a niece of the Very Rev. John Shanahan, C.M., All Hallows, Dublin.

Gaelic Games.—Semi-final and final rounds of Kilmacthomas Football Club's "45" and "50" were played off in the local schoolroom on Sunday night. Partners P. Keating and L. Browne, of Comeragh, won first prize (£30). Runners-up prize was divided between Messrs. "Mahe" Moroney, Keafolan, and "Dicks" Dalton, Briskee, and partners "Dicks" Teale and Maurice McGrath, of Leamyville. Exchanges were held in the spacious schoolroom were accepted, and keen play was the order of every round. Messrs. Sean O'Donovan, N.E., Kilmacthomas, and Walsh, N.T., Newtown, acted as joint-M.C.s to the complete satisfaction of all engaged. A delightful tea during an interval in the drive.

The minor football fifteen of Faha used Stradbally are all set to decide their first-round tie in this year's Western Divisional Championship at Ballynaneen on to-morrow (Sunday). The teams are well matched and both are equally confident of success. A friendly challenge between the Coler Rangers and Kilmacthomas will be featured with the minor mix.

Thomas ("Tuddie") Corbett, veteran of the Stradbally S.F. XV, is playing the game since 1921. He has figured on Waterford inter-county combinations on ten occasions and holds one junior and three senior Co. Championship medals to date. And jovial "Tuddie" harbours high hopes of adding a fourth county major-tie to his collection within the current annum. Best of the best to him and his Stradbally comrades.

Greyhound Sale.—That smart performer, Fiery Keeper, property of Messrs. Jack Flynn, Stradbally, and Percy Kiwan, Lismore, was sold to a cross-channel buyer last week for £150. But a month before the same owners cashed that equally brilliant greyhound. Famous Knight. They got 100 guineas for the latter. Fairy King, a litter-brother of the longlegs disposed of has been doing exceptionally well on the Cork track over the past month or so. Messrs. Flynn and Kiwan are all-round sportsmen, and it is their wish and worthy of the fullest success in their every venture.

Have it that the fine old golf links hard by Ocean View Hotel, Lismore will be the venue for an open coursing meeting towards the close of this year.

WAKE UP YOUR LIVER BILE

Without fasting—and you'll jump out of bed in the morning full of vim and vigor. The liver should pour out two pints of liquid bile into your bowels daily. If this bile is not flowing freely, your food does not digest. It just decays in the bowels. Can you blame your stomach? You get constipated. You feel nervous in yourself and you feel sour, rank, and tired. You get no sleep. Laxatives help a little, but a more powerful remedy is needed. This is where the good old Carter's Little Liver Pills come in. They are a gentle, safe, and reliable way to get your liver working again. They are sold in every drug store. Buy a box today. You'll feel the difference. Use it until you are cured. From thousands of testimonials, it is the best and most reliable. CURE SCOUR ONE OF THE GREAT ANIMAL CURES

CAPOQUIN NOTES.

Capoquin N.A.C.A. Club.—The annual general meeting of the above was held in the C.Y.M.S. Hall on Friday night last, 20th April. The meeting was very well attended and many new members were enrolled. Many important matters were dealt with and officers were elected for the coming year. All the outgoing officers were re-elected so that the committee is as follows:—President, Sergt. J. Browne, G.S., Capoquin; Chairman, Mr. E. X. O'Leary, M.T.; Hon. Secretary, J. J. (Sonny) McGrath, and Treasurer, J. J. Foley. The Club decided to do all in its power to promote athletics in Capoquin, particularly amongst the younger blood. In order to do this it was decided that two evenings each week be devoted to training in the Sportsfield. This ought to bring to light much new talent and infuse greater enthusiasm into all supporters. In the course of an address, Mr. J. J. McGrath referred to the many titles won by club members last season. Four Munster Three Miles Cycling Championships were carried off. The 440 yards championship of Munster was held by D. McGrath. Power won the Munster High Jump title, and Jimmy Foley annexed three championships on the cycling track. The titles won by J. J. Foley are as follows: One and Five Miles Championship of Munster and Five Miles Championship of Ireland. Having congratulated the athletes on their achievements during the past year the Secretary said he hoped that they would renew their form this coming season and uphold for the Club the high position it now enjoys among the foremost in Ireland. It was decided to hold a sports meeting in Capoquin on May 30th, and the committee hope to obtain the consent of the Cycling Board to have the Three Miles Cycling Championship of the County Waterford decided at this meeting. As all the outstanding athletes and cyclists in the County will be present, a first class day's sport is assured. It was decided to hold another meeting on Thursday night, 6th May, and to invite all the sportsmen from the various military posts. After several matters of routine had been dealt with the meeting concluded.

Capoquin Aerial Victorious.—At the Sportsfield on Sunday last a very fine crowd saw Capoquin defeat the newly affiliated Glen Rovers team in a junior hurling challenge game. As weather conditions were ideal a grand exhibition of hurling was witnessed. This was the second meeting of these two teams. In a previous encounter Capoquin won by a wide margin. Having improved wonderfully in the meantime, the Rovers gave a far better display and were only beaten on the score 2-7 to 1-3. With a little more combination and experience the Glen boys would have done better. Capoquin were followed by a sound Capoquin defence in which Ahearn and Cahill were outstanding. Exchanges were pretty even and the short whistle saw the locals leading by 2-2 to 1-1. In the second half Capoquin took full advantage of the breeze and their greater craft and experience enabled them to overcome the stout resistance put up by the Rovers. The full-time whistle left Capoquin worthy winners on the score, 2-7 to 1-3. Mr. J. Vaughan, Lismore, proved a most capable and impartial referee.

May Procession.—This annual May Procession will be held in the Convent of Mercy Grounds on Sunday next, May 16th. Nothing is being spared to make this event better than ever this year. With the beautiful grounds of the Convent, the splendidly capable hands of the Sisters of Mercy and some members of the Children of Mary, we feel sure that Sunday's May Procession will be the finest held here for a long time.

Off to the Bog.—On last Monday morning a party of young men left Capoquin to take up employment in the Turf Bog in Kildare. They were given a rousing send-off at the Railway Station. The men were employed last year in turf production for Waterford Co. Council. No transport is available this year to take the men to their work in the bogs and eleven miles from Capoquin. The men would have to cycle the long journey to work or remain at home. With tyres and bicycles parts so scarce and costly at present the men had to forego the employment offered them. Now that they have taken up employment in another county is ample proof of their desire for work and that given a fair chance they would prefer to stay in their own country than seek employment elsewhere. We compliment them on their undertakings and wish them the best of luck in their new positions in the "Short Grass County".

And Still they Go.—During the past couple of weeks a large number of young men and women from Capoquin have departed to take up employment in England. On Wednesday morning, 5th inst., a few more went. Among the last batch was the well-known and popular Coach, Paddy English. Paddy was a sportsman of the first order. Captain of hurling and football teams in Capoquin for great loss to his team and club. His undying efforts often turned defeat into victory for his team. No Capoquin team was complete unless the old veteran, Paddy English, turned out. As well as being an outstanding hurler and footballer, Paddy was a bowler of no less repute, so that he will be a genuine loss to all games in the town of the "Old Cornerstone". To all who went with him as well as

MOOREHILL NOTES.

Kilmacthomas Parish Council.—At a special meeting of the above, held on Sunday week last, it was proposed that the Council's sympathy be extended to the relatives of the late Mr. D. J. O'Brien. Members referred to the late Mr. O'Brien as an outstanding personality and as one whose quiet and kindly disposition and willingness at all times to serve his neighbour, his parish and his country had endeared him to all who knew him. It was recalled that he was one of the pioneers of the Sinn Fein movement in this part of the country; he was chairman of the local Sinn Fein club, adjutant of the Kilmacthomas O.I.R.A. Coy., and a member of the old Lismore Rural District Council at a time when all that was to be gained by being a public representative was danger and personal inconvenience. Reference was also made to the able assistance which he gave some years ago in organising "rice meetings" and other events for the purpose of raising the fund then urgently needed for the renovation of the Kilmacthomas Church. The vote was passed in silence, and the meeting adjourned.

Successful Concert and Question Time.—On Sunday night week a grand variety concert and question time was held at Knockmore Hall, under the auspices of the L.S.F. and was very successful, the hall being filled to capacity. The programme was of a varied and high class character. During the evening Mr. H. O'Brien, Lismore, captivated the audience by his delightful rendering of "Galway Bay," which brought him a long ovation to which he had to respond. A very attractive item followed when Mrs. O'Brien, Kilmacthomas, Master O'Brien, do, and Mr. D. Dunne, Knockmore, sang a three-part humorous song, "Old King Cole." These letters were in reply to a statement made at a Council meeting that handymen were employed. The condition of certain footpaths in the Main Street is again to be referred to the Manager.

Mrs. Hurley.—I was going to suggest asking the Manager to examine the condition of the Main Street. Mr. O'Gorman.—That is a matter that should be attended to immediately. It is an extraordinary thing that our own engineers is not here to make a report on this matter. Town Clerk.—He has already been asked. Mr. Lynch.—What about the butters at Green Hole Strand? Town Clerk.—These matters are now in the Department's hands. Mr. O'Gorman.—The Manager should go around himself and see what is to be done. Mrs. Hurley.—I suggest we ask the Manager to see all these things himself.

Chairman.—We brought the Manager here before Christmas, and I said it would be impossible to carry on the business of the L.S.F. unless the Colour Party were in charge of District Staff Officer R. Keating, Clashmore L.D.F. Group were in charge of District Staff Officer C. Curran, Aglish L.D.F. Group were under the direction of Group Leader T. Osborne and District Staff Officer J. Collins, Group Leader S. J. Bagge and Sergt. Gillan, G.S. were in charge of the L.S.F. units. The District standard was carried by Group Leader J. O'Donovan (Clashmore Group) and Section Leader E. Cunningham, do. The whole parade was in the hands of the District Staff Officer M. Mahoney and other L.D.F. officers who marched at the head of the main body were D.J. J. Mansfield, D.S.O., R. A. B. Kelly, D.S.O., P. J. Keyes, Assst. Group Leader T. Roche (Clashmore Group); S. V. P. O'Donovan (Clashmore Group); S. J. Murphy (Youghal Group); S. L. T. Collier (Aglish Group); S. L. T. Fitzgerald (Clashmore); Group G/M. T. McCarthy (Aglish).

Championship Match at Ardmore.—At Ardmore on Sunday last the old rivals, Clashmore and Old Parish met in the first round of the current year's junior football championship and a hectic struggle ensued. The game was closely contested from the throw-in and it was clear from the painting that the teams were evenly matched. At intervals the game reached a high standard and the greatest enthusiasm prevailed. A number of the game was the strength of both defenses. In the concluding stages both sides narrowly missed scores. The final whistle left the position a scoreless draw—a rather unique result. The replay is sure to be a game well worth seeing. Last Sunday's game was impartially refereed by Mr. P. Moloney, Aglish P.C.

Dance at Clashmore.—On Sunday night last a most successful dance, under the auspices of the L.S.F. was held at Clashmore. There was a very large crowd and all had a most enjoyable time dancing to the rousing strains of St. Mary's Dance Band (Youghal). General arrangements were perfect under the capable hands of D.S.O. M. Collins; G/L T. Bagge, A/G/L R. J. Russell, Group Adj. J. Healy, and the other members of the organising committee. Dancing concluded with the playing of the National Anthem.

Circulars to Electors.—The duty is being imposed on Returning Officers in the forthcoming election of circulating to electors in their press cards containing their numbers on the register and the places at which they shall vote. A Bill to give effect to this scheme has been introduced in the Dail. Heretofore the parties and independent candidates undertook this work. The new plan will lead to a considerable economy in paper.

Civil Guards' Transfer.—Guard Hannigan, Templemore, has been transferred to Carrick-on-Suir to take the place of Guard Molloy, transferred from Carrick to Rathfriland.

Youghal Urban Council

Present—Mr. M. D. Broderick (Chairman) presiding, Messrs. L. Daly, E. P. Lynch, K. C. Farrell, P. J. O'Gorman, S. P. Daly, B.E., and Mrs. S. Hurley. With regard to the public lighting of Youghal by electricity, the Clerk stated that the additional extensions would amount to about £50. Chairman.—Your lighting cost will be a big one and although the E.S.B. will have many new customers at the Mill Road, they will not allow us anything for the extension.

Mr. O'Gorman.—I would not like the people to think we were neglecting them. It is the outskirts of the town you would require light there. Chairman.—I agree, but we should get the E.S.B. to bear the cost of the poles to the Mill Road. Finally, Mr. O'Gorman proposed, and Mr. S. P. Daly seconded, the necessary financial resolution to empower the Manager to authorise the additional extension.

With regard to Good Friday closing of the Main Street, he thought they should request the people to close at 2 o'clock and remain closed for the remainder of the day. Mr. Farrell.—In Dungarvan I was closed at 2.45 until after devotions. I would be satisfied to close from 2 o'clock. Mr. O'Gorman.—I take it that it is agreed in future we ask the people to close all day from 2 o'clock. Correspondence re proposal to run the ferry boat by electricity was read, and it was decided to await further information which has been written for.

Messrs. M. Kennedy and T. Murray & Son, contractors, wrote stating that they never employed handymen to do tradesman's work. These letters were in reply to a statement made at a Council meeting that handymen were employed. The condition of certain footpaths in the Main Street is again to be referred to the Manager. Mrs. Hurley.—I was going to suggest asking the Manager to examine the condition of the Main Street. Mr. O'Gorman.—That is a matter that should be attended to immediately. LISMORE NOTES.

Lisamore Man's Death in Waterford.—Expressions of regret were heard over a wide area at the news of the death of a Lisamore man in Waterford, of Mr. Jack Colbert, a well-known native of this town. Belonging to a highly respected local family, the late Mr. Colbert left Lisamore many years ago to make his home in Waterford, where he became the proprietor of a high-class tailoring establishment, which he continued to manage successfully up to a short time before his death. Son of one of Lisamore's leading families, the late Mr. Colbert enjoyed the respect and esteem of all classes in both his native town and the home of his adoption and his passing at a comparatively early age is much regretted. On Saturday morning last the remains were conveyed by rail to Lisamore and were received by St. Carthage's Church, where they were received by Rev. M. Ahearn, C.C., who recited the prayers for the dead. A large and representative gathering of the general public attended the interment in the family burial plot in the church grounds on Friday evening. The Rev. M. Ahearn officiated, the chief mourners were: Mrs. C. Colbert (widow); Nellie, Kitty & Madge Colbert (daughters); Miss Refo and Mrs. Edmunds (sisters); Mr. Garrett Colbert (brother); and Mr. D. Colbert (cousin).

Parade of Defence Forces at Clashmore.—A big parade of the Defence Forces was held at Clashmore on Sunday last. Participating were Clashmore Group L.D.F., Aglish Group L.D.F., representatives of Ardmore, Cappagh and Youghal L.D.F. Groups and Clashmore Group L.S.F. The parade "fell-in" adjacent to the church grounds on Friday evening. The National Standard and led by Youghal L.D.F. Pipers' Band playing martial airs, marched to 12 o'clock Mass in the Parish Church. At the Mass a guard of honour was provided in the sanctuary and at the Elevation the Colours were dipped, arms were raised and the Army and Bugler sounded the Royal Salute. Following the Mass the parade reformed and marched to the village. Having marched through the village street the parade was dismissed outside the local L.D.F. hall. The whole parade was most impressive and the military bearing and smartness of the men on parade was admirable and would have done credit to members of the famous army. The Colour Party were in charge of District Staff Officer R. Keating; Clashmore L.D.F. Group were in charge of District Staff Officer C. Curran; Aglish L.D.F.
