Butler was unanimously adopted :- "I hereby give notice that I will move or cause to be moved at the meeting of the Council to be held on Monday, the 28th June, 1943, that the Minister be requested to immediately set up a Bridge Commission, in connection with the building of a new bridge connecting the Counties of Waterford and Cork at Youghal in accordance with the memorials submitted in January. 1941, as it is our opinion that the preliminary work in connection with this matter, which is likely to take over a year to per-form, should be undertaken at once to enable the work of erection to be commenced at the earliest date possible after the conclusion of the emergency. This Council had provided the sum of £200 required by the Bridge (Ireland) Act. 1834, and is prepared to provide its share of any further sums required for the preliminary work according to this and other Acts affecting the same."

Kilbrien Turbary Read.—A letter
was received from the Kilbrien
Parish Council relative to the repairing of Kilbrien Turbary Road.

The Co. Surveyor said this road was made by grant about ten years ago. It was not a Council road. He understood a grant was being made available for the work. He would be most happy to expend it. A figure of £300 had been mentioned. Mr. T. Hickey, Barracree, ap-peared on behalf of the Kilbrien Parish Council.

The Co. Surveyor said if he had charge of the making of the road this trouble would not be there

Election of Chairman and Vice-

The Chairman said he thought the building was very appropriate.

The Co. Surveyor said he thought they got good value. The money would come out of the ratepayers pockets anyway, as the rate-payers themselves went up to within £10 of the price.

In reply to Mr. Veale's suggestion to declare more county roads as main roads, the Co. Surveyor said

should have been dealt with at the Estimates Meeting and the Road Works Meeting. He would, however, remedy the complaints mentioned by Mr. Harty.

WEST DIVISION G.A.A. NOTES Views Of My Readers .- "Cam" vrites congratulating the team and

the Department relative to the use of farmers butter, but Mr. O'Ryan added there was no farmers butter in his area.

Mr. Heskin said any worker holding an insurance card should be entitled to 1 lb. butter. He would like to include all other workers.

Strike.—Mr. Heskin asked what was being done about the strike in Lismore, and said it was a pity to lose the fine day.

The Co. Surveyor said nothing writes congratulating the team and selectors that beat Tipp. He suggests a "shake up" in the forward line. He goes on to suggest the Co. Board should try and arrange for a train if we beat Limerick in Cork on Sunday. Well, the forwards should have greater drive by the inclusion of Mick Hickey sc one point is met. The writer does not suggest anyone likely to make any further improvement. As regards the train I am certain it must be ruled out. The venue for this game if we beat

At Clashmore.—Old Parish, fresh main roads, the Co. Surveyor said this had been tried several times already up to 1925. From that on it was a matter for the Minister. They had no say in the matter.

Mr. Power referred to the grants of 75 per cent. towards bad roads if residents came together to contribute 25 per cent.

Mr. Heskin suggested that the £12,000 which came in after the striking of the rate be used to finance these road works.

The Co. Surveyor said these works should have been dealt with at the from their recent triumph 'over Board meeting at Cappoquin on Friday, July 9th.

LUCAS v. DUNGARVAN CO-OP.

The Dungarvan Circuit Court was opened by Mr. Justice Sealy on Wednesday morning and concluded the wall; in his opinion Keane has carried out a big amount of work on a very formidable job. Even when the work is finished the trespass will still continue, as at low tide the cattle can come in from the strand

Mr. Quirke suggested that the men go back to work while the weather was fine and the matter could be settled in the meantime.

Commercial Hotel.—Mr. Quirke referred to the recent purchase by the Council of the Commercial Hotel and the high cost of the building.

Considers that the newspaper talk about a bad Tipp selection is all thrash. Like "Cam" this writer is satisfied with the team but suggests a change in the forward line. In a P.S. he laments the standard of J.F. served up prior to the hurling game. Mr. Molloy—I suggest one boat a month a fair average. Witness-There were more than

Defendant, Keane, replying to Mr. Kenny said he could have built a fence that would fall down before twelve months; he had to cut a foundation three feet wide by three feet deep. It will be 600 yards and he has about 200 yards of building material on the site. Mr. Maher has estimated that it will cost £50 to estimated that it will cost £50 to finish. He said the statements about trespass were false. He had

five men working on it to-day.

To his Lordship—He would finish the fence in a month by putting on the fence in a month by putting on two extra men.

His Lordship said Keane bought the Cunnigar in 1929 and is allowing trespass on Curran since and action after action is being brought against him. The co. Surveyor saide thought they go good value. The money start themselves went up to within £10 of the canney of the constant supervision on such ergohankments.

Mr. Goulding stressed the necessity of constant supervision on such ergohankments.

Mr. Heskin was of the opinion that the tenants would not look after them and suggested some responsible body should be appointed to look after the work.

The Co. Surveyor explaining the Confine case briefly, said the Land Commission had instituted a fund of are maintenance as the tenants would be delighted to do for £1.200, the interest of which will provide a fund for the maintenance as the tenants would be delighted to do them. There are no grants available.

Mr. Quirke asked if grants could be a relief in this knew the money is there.

Patrick Tobin, Mitchel Street, brought an action for damages against Thomas Lannon, Esplanade, Dungarvan, for assault. Mr. D'Arcy, B.L., instructed by Mr. T. C. Williams, solr., for plaintiff. Mr. McGuire, B.L., instructed by Mr. Kenny, solr., defended.

Plaintiff, replying to Mr. D'Arcy, said he is working at Messrs. K. Williams & Co. over the past 13 months, at £2 5s. a week. On Sunday, June 6th, he was sitting on the wall of the Park pear the pool and wall of the Park near the pool and lefendant was walking around the Pool. There were some children near the bandstand; witness was not talking to the children. Lannon came up and said he was talking to them and that he would take his life. When knocking off for dinner was discharged in a fortnight fully recovered; there is no foundation for the pain in the back which is due to the fact that he is off full work for a while man named Callaghan put Lannon To Mr. D'Arcy. B.L.—There was not much wrong but in the case of a and returned to work but had to give up at 5 p.m. and it took him an hour to get home; he had terrible pain and went to Dr. Cusack the following morning who gave him a belt to wear. He has the pain still.

Mr. McGuire was proceeding to examine witness on a sentence of six nonths passed on him in 1938 when

Mr. D'Arcy objected.

Patrick Callaghan, another employee of Messrs. K. Williams and Co., said when Lannon came in on Monday he struck Tobin two blows. Monday he struck Tobin two blows. Lannon had come in about 9.30 a.m. and had to go to the witness box where his lordship explained the cir-There is a length of wall, 39 feet by 4 feet high built. Mr. John McHugh, Manager, K. Williams and Co., said he had Tobin employed at £2 1s. per week plus overtime of about 4/- and found him a satisfactory workman. Dr. Cusack gave evidence on the

injury.

Mr. T. Lannon, defendant, said he assisted his mother at business at the Quay. He is married and has three children. When at the swimming pool on Sunday, June 6th, he knew his little girl was in the Park with other girls. When he looked up he saw defendant's back and the children were running away. Witness went up and asked him was he calling the children and said he would have his life. He knew this man was convicted before. On Monday when he was going home to lunch he saw Tobin coming out of lunch he saw Tobin coming out of Williams' yard. In the course of the beating witness's knee he Tobin's groin. He saw Tobin walking all-

She remembered Mr. Lyons calling three times at intervals of two or three days, on the third visit he gave witness the notice. She did not know what was in the notice.

what was in the notice.

After legal argument on the question if the service of the notice being in accordance with law, his lordship said the court has to be satisfied tha defendant got the notice to quit be-fore it can operate. He (his lord-ship) is not satisfied as to what date this notice was served on Mrs. Mc-Grath who lives a quarter of a mile from defendant's house. This notice to quit fails, for several reasons, and

he, therefore, gave a dismiss OBJECTION TO WILL. Mr. McGuire, B.L., and Mr. Hod-nett withdrew from the case.
