WATERFORD CO. COUNCIL QUARTERLY MEETING.

Senator J. Butler (Chairman) presided at the quarterly meeting of the above held at the Courthouse, Dungarvan, on Monday last. Present were Senator S. Gauding, Messrs. Harkin, T.D.; Mr. O'Ryan, D. Moran, G. Torpey, P. R. Power, M. Butler, G. Ryan, M. Harty, D. Coughlan, N. Sullivan, M. McGowan, A. Walsh, Jas. Quirk, T. Duggan, M. F. Walsh, Messrs. S. J. Moynihan, Co. Manager, J. Boyce, E.L. Co. Surveyor, T. B. Boyle, Acting Secretary, and P. de Bultreux were also in attendance.

Overdraft.—A resolution for £20,000 on the last account and £25,000 on the present account, overdraft accommodation, was passed.

In reply to Senator Gauding, the Co. Surveyor said this was a very bad year on turf. They hadn't done anything like they would want to do. However, they had plenty of turf for their own purposes. Last year's and the year's before turf is quite good at present. They would sell last year's turf at £2.2 a ton at the bog.

Mr. O'Ryan and Mr. Coughlan both referred to the bad state of the turf of Fuel Importers, Ltd., at Waterford, and said their attention should be called to this matter.

It was decided to do this. Mr. O'Ryan then referred to the well-known turf of the Co. Council at Dungarvan, Ballymore and said it was as good as any.

Mr. O'Ryan said they must put up the price so (laughter).

Youngful Bridge.—The following resolution, passed at a recent meeting of the Cork Co. Council, was read:—That the Minister for Local Government and Public Health be requested to immediately refer the Bridge Commission in connection with the building of a new bridge connecting the villages of Waterford and Cork to a committee of Waterford and Cork in accordance with memorials submitted in January, 1942, as it is our opinion that the preliminary work in connection with the matter which is likely to take over a year to complete, should be undertaken at once, to enable the work of erection to be commenced at the earliest date possible after the conclusion of hostilities. This Council undertakes to provide a sum of £200 on account of the expense to be incurred for the preliminary work required by the Bridge (Ireland) Act, 1914.

A recent meeting of the Waterford Co. Council, the Chairman (Senator Butler) explained, a resolution something similar was passed, the only difference being that the Cork resolution does not contain the last part of the last sentence of the Waterford resolution, which is as follows: "and is proposed to provide its share of the further sums required for the preliminary work according to the usual practice of the Council." This was somewhat involved as it was based on legislation passed in 1934. Each of both counties being asked to memorial to the Department calling for the appointment of a Bridge Commission for the preparation of a new bridge. The Minister asked them for a guarantee of £200. Now they found £200 is not adequate and probably would be a waste of money. They passed that but Cork did not. The Act says that the money must be paid with the Minister. The Minister should then appoint a Bridge Commission not exceeding four persons. It is usual to appoint one of the Co. Surveyors on that Commission. Its duties are to examine sites, prepare plans, etc. This Commission decides the area of charge and in what proportion the two counties or any other county they think fit, must pay. This work may take from one to two years.

When the area of charge is fixed and the Commission is finished, then and not till then do the two Councils come in. The work will be carried by a committee of eight. This committee, once appointed, ceases to exist until the work is finished.

The Cork resolution does not advance the work any further. The Minister would appoint a Commission unless the Councils guarantee to put up the money. Unfortunately the Cork people didn't fall in with that wish.

The Co. Manager said he had written to the Department regarding the difference in the two resolutions and was awaiting a reply.

The matter was advanced pending a reply from the Department.

Mr. Harty said he thought the engineers of Cork and Waterford were capable of drawing up plans and building the bridge themselves.

The Co. Surveyor stated that the huge amount of work to be undertaken would necessitate outside engineers.

Kilshenny Resolution.—A resolution was received from the Kilshenny Co. Council to the effect that the expenses of members attending meetings of the Co. Council be fixed at

£1 per meeting subsistence allowance, plus a travelling allowance of 5d. per mile for every mile travelled.

The Chairman said he thought the Co. Council should get pocket expenses as well as travelling expenses.

The resolution was unanimously passed.

Westmeath Resolution.—A resolution from the foregoing Co. Council requesting that the Government introduce the necessary Drainage Bill to implement the report of the Drainage Commission, was also passed.

Longford Resolution.—The following was noted from the Longford Co. Council:—That the attention of the Government be directed to the fact that several foreigners, mainly Jews, have succeeded in changing their names to names of Irish origin and that Longford Co. Council protest against this practice being permitted to continue in the interests of the community.

Kilbride Parish Council wrote thanking the Co. Council for their recent resolution concerning the turbarry road.

The Co. Surveyor said that a grant of £120 for this purpose had been notified.

Workmen's Compensation Act.—The Chairman drew attention to the fact that a workman getting the maximum amount under the Workmen's Compensation Act got an increase under the Emergency-Powers Orders while a man not getting the maximum amount was not entitled to any increase.

The Co. Surveyor remarked that those getting the lesser amount may be only partially disabled and would be able to do some work.

It was decided to call the Department's attention to this matter.

Holidays.—Mr. Torpey asked if Co. Council orders were entitled to holidays.

Co. Surveyor:—We believe not.

Mr. Harkin, T.D., thought if they were entitled to Workmen's Compensation they were entitled to holidays.

Diseases of Animals' Business.—The Chairman said that the Minister had stated above was a managerial function.

Mr. Coughlan:—There is no reference to it in the Managerial Act.

On the suggestion of the County Manager it was decided to call a meeting of the Diseases of Animals Committee to let them express their views.

Council Employees For Harvest.—In reply to Mr. Harty, relative to the recruiting of Council workers for the harvest by farmers, the County Surveyor said the farmers could apply to the ganger or assistant Co. Surveyor for the men and pay up to him (farmer) to deal with them.

Outstanding Arrears.—Mr. Jas. Quirk:—Anything being done regarding land annuity defaulters?

Chairman:—The new lists are available in the office.

Mr. Quirk:—We should press for those arrears from people that are able to pay, not those that are unable to pay.

Reservoir Standpipe.—Mr. Harkin asked for a standpipe at the reservoir at Tallow Hill, as if people could get water there it would be a great hardship.

The Co. Surveyor said he understood that there was some objection to putting it there before, but he would look into the matter.

Mr. Quirk drew attention to a leakage in a reservoir at Inchacorney.

Mr. Harty referred to a recent prosecution of a local firm because the milk sold could not be traced.

Mr. O'Ryan said the firm broke the law.

Senator Gauding said that every order will hit someone.

A Resolution was read from the Westmeath Co. Council calling on the Government to convene a conference under the presidency of His Excellency, Most Rev. Dr. Paschal Robinson, Papal Nuncio, of all accredited representatives of neutral states to make a joint appeal to warring nations for peace. The resolution was adopted.

CAPPOQUIN NOTES.

Last Sunday's Matches.—Cappoquin was the Mecca of all Gaelic on Sunday last when two important matches were played in the sports field. Tourin played Knockanora in junior football and the Bricey Rangers and Dungarvan crossed canons in junior hurling. Both games proved very close and exciting and kept the interest of spectators at fever pitch throughout. Tourin found it rather hard to hold a team against Knockanora but eventually succeeded in doing so, and put up a brilliant show. Hurling appears to be the predominant pastime in this locality and hence the difficulty in finding a football fifteen. The greater experience and fieldcraft of the Knockanora men was the deciding factor in a game which produced plenty of thrills and excitement. The hurling game was a needle affair. The Bricey Rangers won the wind advantage in the first half but ran up a big score which the Dungarvan lads were unable to cope with. The greater weight and robust tackling of the Briceys was more than a match for the craftier and speedier lads from the Old Bore. The Briceys were declared winners by a narrow margin.

N.A.C.A.—Last Sunday was a very successful day for our local Athletic Club. No fewer than five valuable prizes were carried off by our clubmen. J. J. Foley and M. J. Sargent, both of Cappoquin, were successful in the 100 yds. sprint with splendid success. Jimmy Foley won the three miles' event handily in great style and was second in the five miles' cycle handicap. M. J. Sargent got a good second place in the one mile. At another sports meeting at Drummony was (Wexford) another clubman, Lar Moran, was successful in winning the long jump and also the pole vault. There were really creditable performances on behalf of all and we ought to be very pleased to have such brilliant athletes in our midst, who, Sunday after Sunday, keep the name of the "Old Cornerstone" town before the minds of all Irish sportsmen throughout the country.

Back from Youghal.—Our L.D.F. men looked fine and fit as they arrived back from Youghal on Saturday evening last. A further party will go at a not far distant date. This idea of giving members a week's training is a good one and should act as a great encouragement for new members.

Next Sunday's Great Game.—The meeting of Tallow and Dungarvan senior hurlers at the Sportsfield here on Sunday next should attract a record crowd of Gaelic fans. This promise to be the match of the year. The field will be in splendid order and granted a favourable draft, a great hour's hurling is assured.

Recent W.M.—Miss Elizabeth L. Jennings, Monkstown, Co. Dublin (formerly of Waterford), left 5:17.260.

PORTLAW v. MT. SION.

Before a large attendance, Mount Sion (Waterford) qualified for the senior hurling Co. final versus Dungarvan or Tallow at Ballyduff on Sunday last when they completely outplayed a strong Irish Tenners (Portlawn) fifteen.

The game, brilliant at times, was marred by many stoppages but never during the course of play did Portlawn look like winning. Mt. Sion showed superiority from the start and with wind and sun in their favour turned over with a substantial lead, the score at half-time reading: Mt. Sion, 5-4; Portlawn, 1-1.

The second meeting saw Portlawn with many positional changes but this in no way improved the team and with a strong wind could only add a further 2-1 to their total. Mt. Sion had a further goal and three points and the final score read: Mt. Sion 6-7; Portlawn, 3-3.

Prominent for Mount Sion were J. Keane, P. Dowling, F. Minogue, B. Doyle, J. O'Meara and Andy Fleming. Mick Hickey, Dave Power and W. Malvin were best for Portlawn.

GORED BY BULL.

DEATH OF YOUNG BALLYLEMON MAN

There was a tragic sequel to the attack by a bull on William Cantwell, Ballylemon, Cappoquin, when an inquest was held on last Saturday on the remains at the Dungarvan District Hospital, where the young man died on that morning.

The unfortunate accident occurred on July 25th in a field at Kildangan, Dungarvan. The deceased young man, who was only 21 years, suffered severe injuries, and despite the care and attention of Dr. D. McCarthy and the Hospital staff, he succumbed to his injuries just two weeks after the attack.

At the inquest it was disclosed that young man, Michael Tobin, Knockacullen, Cappoquin, made a plucky attempt to save the young man. Mr. Tobin, alone and unarmed, went into the field, where he was attacked, "the deceased was lying on the ground tossing about, with the bull standing over him." Mr. Tobin caught the bull, and led him to a nearby field, where he tied him to a tree. Mr. Tobin's courageous action was in vain, however, as the young man had already been savaged by the bull and had sustained considerable injuries.

Mr. Tobin then summoned assistance, and the young man was removed to Dungarvan Hospital. The jury commended Mr. Tobin's action in attempting to save the young man's life.

THE INQUEST.
Dr. D. T. McCarthy, Coroner, held the inquest. The jury were: Messrs. J. Wall (foreman), J. J. Power, Roger Hayes, A. Lavin, Wm. Quinn, M. Whelan, Pat. Humble, Supt. M. O'Mahony, Dungarvan and Sgt. J. Liddane, ds., represented the Garda Síochána. Mr. Ryan and Co., Soles, appeared for Mr. Lynch, Inchindriah, owner of the bull.

Supt. M. O'Mahony, Dungarvan, said that on July 27th he interviewed the deceased in Dungarvan Hospital. The deceased was then conscious and could make a statement which witness produced.

The statement said that the deceased was born on January 27th, 1922 and lived with his brother at Ballylemon. In August, 1942, he went to Cappoquin, Dungarvan, to work as a farm labourer. On Sunday, July 25th, at about 1.10 p.m., he (Wm. Cantwell) drove the bull to a part of Mrs. Lynch's farm at Kildangan.

Continuing, the statement said: "I was there for about an hour, and I then went to catch the bull, to take him away. He had a ring on his nose and there was a rope tied to it and was twisted around the bull's neck. When I was about to catch the bull he made a drive at me and struck me with his head above my knees. I fell to the ground and I think he struck me in the same place a second time. At that moment, Mr. Tobin came along, caught the bull and took him away."

The statement concluded by saying that deceased was removed to Dungarvan Hospital and that he (deceased) never knew the bull to attack anyone previously.

INJURIES DESCRIBED.
Dr. M. Casey, Dungarvan, said that he examined the deceased on a number of occasions, while he was a patient in the Hospital. He suffered from complete paralysis of the lower extremities of his body due to compression of the spinal cord caused by fracture of the dorsal spine. The deceased also suffered from injuries to his kidneys. Death was due, in witness' opinion, to the above described injuries.

To Supt. O'Mahony, witness said that the injuries would be consistent with the deceased's story of being attacked by a bull.

Dr. R. V. Mullin, corroborated Dr. Casey's evidence, and said he agreed with him as to the cause of death.

Cathaluis Tobin, Ballylemon, identified the remains and said he saw him last alive on July 25th, when witness saw the deceased lying on the ground, apparently hurt. He asked him what happened and was told that he had been knocked by a bull.

"I saw a bull standing over him." Mr. Tobin, Knockacullen, Cappoquin, said that on July 25th, he was in the townland where Mr. Lynch had a farm, when he heard shouting. Getting on his bicycle, witness went towards the direction of the shouting.

"When I got there," continued the witness, "I saw about 20 cattle in a field at Kildangan. I heard a man roaring from amongst the cattle. I went into the field and found the deceased, Wm. Cantwell, lying on the ground, tossing about. I saw a bull standing over him. There was a rope tied to a ring on the nose of the bull. I caught it and led the bull to the next field and tied him to a tree."

Continuing, witness said he then came back to where the deceased was. Witness did not encourage him to talk owing to his condition. Witness went for assistance and saw the deceased removed to hospital as quickly as possible.

The Coroner, addressing the jury, said this was one of those unfortunate accidents which, as they saw in the press, had occurred rather frequently

CORRESPONDENCE.

To the Editor "Dungarvan Observer".

Dear Sir:—Permit me, please, to draw attention of the members of the Dungarvan Coursing Club to a matter which is important to all supporters of coursing. For the past two seasons the local club has abandoned their meetings to the unknown. Perhaps the war, transport, etc., may have hindered them but in comparison to other clubs who have continued successfully, Dungarvan has travelling facilities second to none. Clonmel, Waterford, Cork and Tralee have secured us pretty well and would, no doubt, suit a coursing meeting in Dungarvan.

Well, 1943 is another season and now is the time to get going. We have the tradition of good meetings in Dungarvan and we can produce dogs as good as the best. We have men well known in the coursing arena who are nominators in the Tipperary Cup, Cork Cup and several others. Sportsmen and greyhound fans get together and hold a meeting this year. Time is short and good dates are being snapped up by other clubs.

"MICK THE MILLER."

St. Augustine's College, Dungarvan.—We publish in this issue the result of the Leaving Certificate Examination as secured by the above educational College, a perusal of which will show the high standard of education imparted thereat. Out of a total of twelve pupils presented, eleven passed, eight with honours. We congratulate the teachers (clerical and lay) and the pupils on this splendid result.

In different parts of the country during the past few weeks. The injuries had been described by Dr. Casey and had been of a very grave nature. There had been no evidence of negligence on the part of the owner given at the proceedings and he (Coroner) would suggest to them that they return a verdict in accordance with medical evidence.

A verdict that death was due to fracture of the dorsal spine and laceration of the kidney accidentally received, was returned.

Mr. J. Wall, referring to the action of Mr. M. Tobin, in going into the field where the bull was, said he should be highly commended for his courage.

The Coroner said it showed great pluck and courage on Mr. Tobin's part in his attempt to save the life of the young man.

A vote of sympathy, in which the Coroner, the Jury, Supt. M. O'Mahony, and Mr. J. F. Kenny, joined, was then passed with the relatives.

The remains of the late William Cantwell were removed from the Hospital to the Parish Church, Dungarvan, on Saturday evening escorted by a bodyguard of L.D.F. of which the deceased was a member. On Sunday afternoon the funeral took place to Ballinaculla Church, where interment was made. The coffin was covered with the Tricolour and escorted by a Guard of Honour of the L.D.F. The District Staff of the L.D.F. were represented by D/L Mansfield, A.D./L. Shatto and D/O's Cartwright, Reddy, Keating and O'Gorman, Rev. Fr. P. Farrell, C.C. assisted by Rev. Canon O'Brien, P.P., V.F., and Rev. Fr. Corbett, C.C., read the prayers for the dead.

Mr. James Dorney, Grange, a well-known member of the farmifc community. The deceased was a kind, gentle and upright man, beloved by all his neighbours and by those with whom he came in contact so that his death after a very short illness caused a painful shock, not alone to his relatives, but to his many friends in the town and throughout the county where he was so well and popularly known. Great Co. Waterford Greyhound. —The Irish Greyhound racing season was won at Harold's Cross Park on Saturday night last by Famous Knight, bred by Messrs. Flynn and P. Kirwan, Stradally, and recently sold by them at a big figure. The winner is by King of the Ring (Mr. Jas. Hart's great dog) ex Ely's Fortune. In presenting the Cup to the owner, Miss R. McMillan, the L.C. Chairman said: "It was a clean run race, won by a great greyhound. After being led to the third bend by Famous Knight, Famous Knight grasped an opening on the rail to finish two lengths in front of Discretion, that was badly over-run in the closing stages. Famous Knight broke in front and Famous Knight hot on his heels, tried for the rails but a knock that momentarily knocked him off his stride. He recovered, recovered in a moment and showing brilliant pace on the back stretch proved himself the best greyhound in the race. It was 325 yards and was won by two lengths in 30.26 secs. Winner Bought For £1,500.—Famous Knight, who won the Irish Greyhound Derby at Harold's Cross on Saturday, has been bought by Mr. B. Barry, on behalf of an English owner for £1,500. Mr. James Harty, Ballinamona, the sporting owner of Highland Run, is, we believe, the only Irish owner of an English Derby winner, and other classic races, who has kept his dog for stud purposes refusing all offers made for him. THE IRISH LANGUAGE.

To those who look upon the revival of the Irish language as a waste of time and energy, the Golden Jubilee of the Gaelic League means nothing at all. The revival, like every other national and cultural movement, has had its dips and lifts. Though progress is slower than might have been anticipated at the beginning of the League, the language movement goes on and we are convinced that it has the support of the mass of the plain people. Not lightly does a nation discard its foremost distinguishing mark or throw away cultural heritage that has survived the shocks of centuries. Intelligent people with ordinary patriotic instincts are alive to the fact that the Gaelic revival can go on side by side with the work of building up a prosperous nation. In no sense are the two things antipathetic. It was, in truth, men of the same-outlook in national affairs who set in motion both the Gaelic League and the industrial revival. The two movements grew up together as part of the national resurgence. Surely there is no reason whatever why they should not go on side by side now and all down the future.

WEST DIVISION G.A.A. NOTES

By "AN RUNAIDHE."

Brickies Win.—The surprise of the season was sprung by the Brickie Rangers junior hurlers when they defeated Dungarvan on merit. The standard of hurling was high and the winners are very fancied as likely to be in the running for junior honours. I hear Fourmiletier, who met the Brickies on the 29th of the month at Modeligo are in no way dismayed by the exhibition given by them on Sunday. The Ballymacarbery boys say they will put a stop to their race for the championship. It should be a great game and one I will see at any cost.

Old Parish Victory.—Old Parish continue on their all-conquering way. By defeating Villierstown last Sunday they have reached the group final. They meet Blackwater Rovers at Piltown on Sunday, 22nd inst. The re-tire of the game on Sunday was a bit of luck for Old Parish as they will not have to worry about any of the Villierstown players fielding out with the neighbouring club as they were said to be doing. Well done Old Parish. Never mind the poets. Satisfied.—I would like to make a short statement on the refereeing of the Gaelic of West Waterford in saying that should we have a team to bring us into the Munster Final in 1944 we would be not only willing but anxious to play under Mick Hennessy and we would get what we always got or wanted—a fair do.

Senior Hurling At Cappoquin.—Tallow and Dungarvan meet at Cappoquin on Sunday. Tallow have undergone a hard course of training for the game and are very confident of a win. They do not underestimate their rivals but feel that they can depend on lasting out the hour's play a fitter team. Dungarvan will, I hear, have a number of last Sunday's juniors included in their team. These should put a lot of speed into the Blues that was badly needed. Whatever the result, the game will be a hot one and value for the money.

A challenge game between Tourin and the Brickie Rangers at Cappoquin (it is not yet definitely settled) will take place prior to the senior game. Ring Tournament.—At Ring on Sunday the first of the games for the Ring tournament takes place. Ring meet Geogh Emmetts at 3 p.m. (S.T.) and it is hoped to have the Brickie Rangers meet Durrwo at 4.15 p.m. The latter game is not certain as yet. I trust the Ring Club will get the support they deserve for promoting our games in Ring.
