DUNGARVAN U.D.C.

Mr. Thos. McCarthy, Chairman, presided at the fortnightly meeting of the Urban Council on Friday last. Other members in attendance were: Messrs. L. A. Veale, Vice-Chairman, T. A. Kynan, J. Doherty and Mr. Morrissey, T.D., Mr. S. Moynihan, Manager, was also in attendance. **Manager's Report.**—The following was read from the Manager: With reference to certain recommendations recently made by the Council and referred to me, I have to state that I have gone into these matters with the Borough Surveyor where necessary and submit report as follows: **Railway Crossing at Causeway.**—Warning notices have now been erected which may help. The Borough Surveyor states that he has considered the question of white lines at right angles to the rails but as these might cause confusion to horse traffic and motor traffic their efficiency is doubtful. The special paint necessary for this work is not available. This matter is one for the County Council. **Screen Walls.**—The Borough Surveyor will have the work on these started at an early date. **Water Supply.**—The Borough Surveyor states that owing to a large number of leaks the supply to the high levels is likely to be poor. Efforts are being made at present to find the leaks and to have them stopped. Many have been discovered and are being dealt with. The Borough Surveyor further states that the by-laws are not being complied with in many cases. Steps will be taken in due course to have the by-laws enforced where necessary. **Quays Strand.**—The usual cleaning has been done here but apparently the Council desires a much larger area to be cleared. The Borough Surveyor suggests and I concur that owing to the lateness of the season this should be deferred to next summer. **Light on Bandstand.**—Owing to the general need for economy there does not appear to be adequate reason for the restoration of this light. The Park is not used on winter nights. **House at Castle Street.**—The Chairman asked that my attention be drawn to the gable of a house at Castle Street owned by Mrs. Kelly. This appears to be a matter between Mrs. Kelly and the owner of the adjoining site and the Council has no liability with regard to the matter. After short discussion on the various points the question of the Water Supply was referred to the Borough Surveyor. **The question of the light on the Bandstand** was referred back to the Manager for reconsideration and dealing with the Castle Street house the Clerk was directed to draw the Manager's attention to other houses in the town which were repaired by the Council. **Adjourned to Next Meeting.**—The Clerk read the following resolution forwarded from the Kilmichael Urban Council with a view to its adoption: That we hereby submit to the Minister for Local Government and Public Health that the Co. Management system during the 12 months in which it has been in operation has shown a marked and satisfactory system for the discharge of public business. The Co. Management Act of 1940 was intended to provide more flexible machinery for public administration but we are convinced that the new system is much less flexible than the old because (1) the Co. managers have ignored the elected representatives in the discharge of the executive functions and have not made any use of the local knowledge which these elected members could provide; (2) the elected members and the ratepayers generally are unaware of any action by a county manager until assistance or advice can have no effect; (3) a decision taken by a Co. manager, although the decision of an expert, perhaps is nevertheless the decision of but one man and is based only on the knowledge and experience of a few men who cannot have the necessary contacts and local knowledge to make them aware of all the facts; (4) in many instances suggestions put forward by elected members on behalf of the electorate have not received the consideration which they deserved from the county managers. That we ask the Minister to consider the amendment of the Co. Management Act, 1940, in order to give a direct participation in public affairs to elected members of local authorities. As an alternative we would suggest a system based on the following points: (1) Executive functions to be carried out by county managers to be confined to (a) the supervision and control of officers; (b) the collection of rates levied by a local authority or due to a local authority; (c) the making of payments; (d) the institution of Public Assistance such as the granting of poor relief and the admission and retention of patients in public institutions; (e) the institution and prosecution of legal proceedings on behalf of a local authority. (2) All other functions of a local authority to be transacted by the elected members. **Notice of Motion.**—Mr. Veale, Vice-

CAPPOQUIN L.D.F. SPORTS.

The cycling and athletic sports organised under the auspices of the L.D.F. were held in the Sportsfield here on Sunday last. The weather proved deplorable for the occasion, so that the attendance was very small. The morning was fine and dry and gave every promise of a good day, but it soon changed. The first event was timed for 2.30, and an hour before that time the sky assumed a dark and rainy appearance. Soon the loud rumble of thunder was heard and this continued, with intermittent flashes of lightning, for some time. Just as the sports were due to begin the heavens opened and rain poured down in torrents. Very few people were in the field at the time, as the thunder had kept them at home. Those who were in the field were forced to run for shelter, of which very little was available. The thunder continued, with occasional flashes of lightning and an unceasing down-pour of rain. After about an hour the rain eased and the noise of the thunder died away in the distance. The track, which in the morning had been in splendid condition, was now almost a quagmire. Streams of water flowed along, and it was thought for a time that the sports would have to be postponed or abandoned. This would indeed have been a terrible blow to the energetic members of the committee who had devoted so much time and labour towards the success of the meeting. Things looked so bad at this period that the gate collectors left their posts and large numbers walked into the field free. Somebody suggested scattering cinders, which were available in abundance, around the worst parts of the track. This was done and so improved matters that it was decided to proceed with the events. It was now found necessary to clear the field completely and re-admit only those who held their admission tickets. This caused some delay and it was some time before the first event was called. The cycling track was still in a very dangerous condition, and the cyclists deserve great credit for the risks they took in competing. There were great "fields" in all events and competition was very keen. It was indeed a pity that the weather was so unfavourable, as the cream of Ireland's cyclists and athletes were present. The stewards wisely decided not to proceed with the half mile cycle championship of Ireland on account of the condition of the track. However, all the other events were run off and some great sport was witnessed. The event of the day was the two miles cycle scratch race in which Sean Donnelly beat M. Anderson by inches in a thrilling finish. Local clubs had a good day and fully justified the confidence reposed in them by their supporters. **Results.**—80 yards, boys under 12—1st, J. THE MUNSTER HURLING FINAL

By a CORK HURLER.

For the many Gaels who have seen and enjoyed the pulsating thrills and great rejoicings which have long been associated with our Munster hurling finals, this year's final between Cork and Waterford did not come up to expectations—there was something unusual about it—something that calls for an explanation. Clearly, the huge Cork following was keenly disappointed, the usual demonstrations and scenes of jubilation being completely absent at the close. As a Cork hurler, I want to make it quite clear that this most unusual situation was not due to the fact that Cork's winning margin was but a modest two points—in fact, I can safely say that Cork supporters were unanimous in admitting that Waterford on the run of play, could have won with a bill of larks, or at least they were decidedly unlikely not to have drawn. The real cause of the disappointment may be attributed to the fact that the Cork hurlers in the eyes of all Leeseiders, struck an off day and failed to live up to their reputation. This, however, should not be construed as a reflection on the standard of the play or on the merits of the Waterfordmen. The game was a typical tussle for the Munster Hurling Crown, and the Deiseimien challenged lightly and certainly did not supply of candles at least be made available for the country people who are the hardest hit in the way of artificial lighting.

Yet, we were not at all pleased with the display of the Cork hurlers. This is what our ever-popular and very efficient Co. Secretary (Mr. Sean Og Murphy) had to say to Press reporters before the All-Ireland Final: "I say that Cork struck a freak day against Waterford in the Munster Final, as never before did I find our County team making so many changes." This explanation had hit the nail on the head as far as Cork supporters are concerned. I have no doubt that Mr. Murphy, when speaking of the "many changes" in the Cork team, referred to the positional placings or perhaps I should say "mis-placings," as never before in my memory had a team been so shuffled about, and badly placed. We have ample proof of this from the actual play, when the Cork selectors were forced to make quite a few positional changes in an effort to stave off defeat and pull the game out of the fire. I may also mention that the merits of some of the 15 who represented the "Rebel

MOOREHILL NOTES.

Annual Pattern.—The annual pattern in honour of the Exaltation of the Holy Cross, to which the parish is dedicated, was held in Kilwatermoor on Tuesday, 14th inst. Mass was celebrated at 9 a.m., at which a large congregation was present, and a large number received Holy Communion in honour of the feast. From an early hour on Tuesday morning pilgrims—many from a far distance—could be seen wending their way to the holy well, which is situated about a quarter of a mile from the church, to "do the rounds," which consists of saying the Rosary as the pilgrim walks three times round the well. Before leaving, it is customary to bathe the senses with water from the shallow stream beside the well, and a bottle of the water is generally taken home, which, legend says, is a cure for many ills. Some years ago pattern day was observed in nearly all the parishes in Ireland, but the younger generation are getting (so they say) more modernised and say this is all nonsense. But this is not the way of the people of Kilwatermoor, who still cling to the grand old custom handed down to them by their forefathers. On the farm.—The very inclement weather that we have had for some time past has seriously delayed the harvesting operations on the farm, and farmers are finding great difficulty in saving the late wheat and oat crops. On a number of farms the corn is still in stocks. An early improvement in the weather conditions is hoped for, so as to give farmers an opportunity of carting the crops safely home. **Blackberries.**—In all areas around Moorehill large crowds are at present busily engaged in picking blackberries. Reports say that the crop is much below the average of former years, due, no doubt, to the very cold summer we have had. One whole, however, pickers are doing fairly well. The price in this area is 2/6 per stone. **The Hurling Final.**—On Sunday next the Dungarvan venue will hold a huge number of Gaels when the Waterford and Mount Sion cross canams in the county hurling final. It is the most talked-of final for years. Both teams have undergone a strict course of training, and all players report fit and well. Here's wishing the Bridesiders the very best of luck.

The Lighting Problem.—On all sides can be heard the question "What will we do for light?" and the consoling news come through that "some paraffin will be given in October, but the present team is the best to represent them and their style of play will be suitable to the big, fast Dungarvan pitch. **Michael O'Brien,** a newcomer to the Mount Sion camp will be net-minder on Sunday. Starred in all games on route to the final. **Doyle Walsh,** Capt. Waterford senior hurling Munster final 1938, will fill the full back berth; where he will be backed by **Patrik O'Connor** and that great defender, **Andy Fleming.** O'Connor was prominent for the county team for a number of years and he is still going strong. **Andy Fleming,** the ex-St. Anne's man, was easily the best man in the field in the Eastern final and although injured in the closing stages he gamely finished the hour. **Waterford Inter-county defender** and inter-provincial player, the fair-haired wonder, **John Keane,** will be centre half back, fully recovered from his recent ankle injury. **John** needs no introduction to Gaelic followers the world over. **Paddy Dowling** will fill his usual position on the right of Keane. A great player who revels in the hard knocks of the game. **Waterford Inter-county player, Larry Fanning** will man the other wing where he starred in recent games. Centre-forward, **Jim O'Meara,** who makes a welcome appearance after a few years' lay-off. Showed promise in Inter-County competitions some years ago. A great striker and a stylist. He will be partnered by **Mick Gallaher,** who has three County medals, '38, '39 and '40 to his name. A strong player with years of experience. **"Pokey" Flynn** will fill the right wing strike in, played a sound game in Eastern final some weeks ago. Centre forward, as good as ever is **Paddy Green,** who is a neat hand at "doubbling" on flying balls. Starred against the Tannery men some weeks ago. Left striking **Frank Minogue,** a typical Kilkenny hurler who shows all the wrist work of his native Co. Was in great form at Ballyduff where he gave a superb display. **"Bansy" Doyle** will be on the mark where he has starred for Mount Sion all through the championships. Played an extraordinary game in Eastern final where he proved himself a full forward of outstanding merit. Will be strong in the running for next year's Waterford team. Top of the left is **John Baslin** who like his club mate, "Doyle" Walsh has thrown in his lot with Mount Sion. John is brother to Vin and possesses the hurling and craft of his younger brother. Top of the right is **Joe Shea,** who was prominent some years ago with Ballytruckle. Joe has fitted in to the Mount Sion attack and he will take some watching in Sunday's final. **Mick Curley** will man the Bearna

The L.C.A.—The Aglish Branch of the L.C.A. continues to make excellent progress and has a record membership. The branch meetings are well attended and the proceedings are most interesting. **County** on that day, were severely put to the test in the street. It was generally thought that there was a weak link or two in the forward line. All these defects have now been made good, and in their clash with Waterford for the set of suit-lengths, on Sunday 26th, in the center, if at least two new faces will appear on the Cork team. I want it to be understood that any changes which the Cork team may show, will be made with a view to strengthening it. The Corkmen are looking forward eagerly to this match and are all set to prove to their numerous supporters and admirers that they definitely struck an off day in this year's Munster Final. Personally I am very glad that we shall have another chance of seeing those two great teams in action, and making all due allowance for the home venue and what it means, yet I see no reason why the Leeseiders should not return home victorious.

SENIOR HURLING COUNTY CHAMPIONSHIP FINAL

TALLOW OR MOUNT SION FOR THE HONOUR. Shandon field, Dungarvan, scene of many great games will be the centre of Gaelic attraction on Sunday next when Tallow and Mount Sion battle for senior hurling County honours. (It is expected a record crowd will attend to see the hurriers of the Brideside and their opponents from the famous Waterford hurling nursery in action. Every mode of conveyance is being availed of and Tallow supporters are coming strong to cheer on their hurriers who are appearing in the County final after a lapse of several years. Tallow, fresh from their victory over Dungarvan are imbued with the winning spirit and as the day draws near a wave of confidence sweeps over the wearers of the Blue and Gold. Every man, woman and child from Tallow Road will be represented at the game on Sunday and backed with all West Waterford support the Bridesiders row down the gauntlet to Mt. Sion, their senior champions of 1938, '39 and '40. However, 1943 is a different year and Tallow supporters say the year has come and we make no secret of the fact that we expect to win the County final on Sunday next. Tallow, in preparation, have left no stone unturned and every evening they are hard at it in training for the great clash. Sunday's final is the chief topic of conversation in Tallow Road and why not—the boys are all out for the final. Against Dungarvan at Cappoquin some weeks ago they were by no means impressive but with the Dungarvan man, Thomas Curran, and Bill Ryan now available, they have a formidable combination and are reckoned strong contenders for the blue ribbon of Gaelic hurling. **Mount Sion,** in the Eastern final, gave a great all round display against Portlaoise and their six wards has informed me that they are quietly confident of taking back the championship to the Bridesiders. I admit they were at their best against the Tannery men at Ballyduff, but Tallow are a different proposition and a hurdle not easily surmounted. Mount Sion have trained specially for Sunday's final and they will be a very fit team when they line out against Tallow. One thing struck me when I saw them playing against Erin's Own and Portlaoise, they played as a team and not as individuals, and this may be attributed their appearance in Sunday's final. Mt. Sion followsers and a tough handful for any forward Centre back **John Hartigan** who is a fine striker and plays the game as it should be played, cool and resourceful. John is an outstanding defender. **William McGrath,** a newcomer who has fitted in to a good sound half line of defence. Centre-field, **"Pa" Sheehan,** young in years but old in the game, he is one of Tallow's most outstanding players and was in rare form against Erin's Own and Dungarvan. An adept hand at side line cuts, **Harry Reanay** will probably partner "Pa" around the half way line. A young forward of outstanding merit. Right half forward, **Bill Ryan,** who was absent from the team against Dungarvan. A neat striker and deadly accurate. **The Dungarvan man, Thomas Curran** will play on the centre forward mark where he will hold his own with John Keane. This player has starred on the Dungarvan team for past four years, held Mount Sion's centre half-back in 1940 and was the most outstanding player in the County senior football teams. He will be the local attraction for Sunday's game. **David Doyle** will play around the left half forward area, a forward with bustling tactics and a real worry to any defender. A player with Inter-County experience. Full forward, **Joe Keegan,** who hails from Galway made his first appearance against the "Old Boro" hurriers in the Western decider. Big and tall, he has the hurling ability of his tribesmen. **Noel Condon** will fill the corner berth, a four-year forward who started in Inter-County competitions some years ago. **Tom McCarthy** or **William Curley** will fill the remaining position of right full forward. Both are good, clever players and I would give choice to the youthful brother of "Sonny's". The teams are trained to last the toughest hour, and a great game is anticipated. Mr. M. V. O'Donoghue, E.E. will referee the game which is timed to start at 4 p.m. (S.T.). As a curtain raiser, Dungarvan and Bricey Vale meet at 2.30 p.m. (S.T.), in the Western minor football championship. Both are in the running for County honours and a great struggle should be witnessed. M. O'Connor, W. Barron, Jimmy Mountain (Dungarvan), G. O'Grady, J. Shortall, P. Elliott (Waterford), officials to the senior game are requested to be at the Gaelic Field on Sunday next at 4.30 p.m. (S.T.). In preparation for Sunday's great final Mr. Maurice Fisher has all field arrangements completed and the pitch is now in proper order for a great game.

TALLOW NOTES.

Thunder Storm.—On Sunday evening a somewhat severe thunderstorm broke over the town and district. During its progress, rather blinding lightning flashes were apparent, and torrential rain fell, but fortunately no apparent damage occurred, other than to those who were en route to sports and other outdoor amusements, many of whom, however, sensing the approaching deluge, very wisely returned to their homes. **Correction.**—Due to your correspondent being misinformed, under heading "Examination results," published in the issue of August 21st, it was incorrectly stated that Miss Dorothy O'Grady Walsh was a successful competitor for scholarships awarded by the South Tipperary County Council. From particulars supplied more recently, it was Master Timothy O'Grady Walsh who was the successful candidate. We are pleased to add that this pupil of the Christian Brothers (Abbey) Schools, Tipperary, also secured first place in Ireland in the Erasmus Smith open scholarship. His sister, Catherine, also secured a scholarship to the Sisters of Mercy Secondary School, "St. Anne's," Tipperary. **Harvest.**—Notwithstanding most unsuitable weather conditions, harvesting operations are now almost completed throughout the parish, and considerable headway is being made with the all-important threshing of the cereal crops. From reports to hand, satisfactory and in some cases exceptionally good returns have resulted.

Three Cows, the property of Mr. Denis Lennon, farmer, Rathnany, Kill, were killed by lightning on Sunday evening last.

Baogill for Tallow and in form is the equal to the famous Paddy Scallan. His cousin, **Sonny** our Inter-County full back will fill the same position and in this sector Tallow will more than hold their own. **"Sonny"** played a superb game against the Tannery men, a great defender with wonderful stamina. **Bill Henley** will be left full back. Played an outstanding game against Dungarvan and should show up well on Sunday. **Paddy Malone** on the right half forward. **Patrick Curley** is a young player who is gradually coming into the limelight, played a sound game in the Western final where his cleanliness was a feature. Right half back is **F. Neville,** who hails from Knockanore, is a strong determined player and a tough handful for any forward. Centre back **John Hartigan** who is a fine striker and plays the game as it should be played, cool and resourceful. John is an outstanding defender. **William McGrath,** a newcomer who has fitted in to a good sound half line of defence. Centre-field, **"Pa" Sheehan,** young in years but old in the game, he is one of Tallow's most outstanding players and was in rare form against Erin's Own and Dungarvan. An adept hand at side line cuts, **Harry Reanay** will probably partner "Pa" around the half way line. A young forward of outstanding merit. Right half forward, **Bill Ryan,** who was absent from the team against Dungarvan. A neat striker and deadly accurate. **The Dungarvan man, Thomas Curran** will play on the centre forward mark where he will hold his own with John Keane. This player has starred on the Dungarvan team for past four years, held Mount Sion's centre half-back in 1940 and was the most outstanding player in the County senior football teams. He will be the local attraction for Sunday's game. **David Doyle** will play around the left half forward area, a forward with bustling tactics and a real worry to any defender. DON'T LOOK OLD instead use Capiline—it is not a dye. A small quantity of CAPILINE applied daily to grey hair quickly imparts colour and brilliancy. The hair assumes its natural shade, and the quality and quantity are considerably increased. You will be amazed with the difference. CAPILINE makes CAPITINE Hair Tonic. Sold by all chemists, 2/6 per bottle.

NOTICES—Continued. NOTICE—The Lands of Seart in my possession are strictly preserved against all trapping, snaring, ferretting or hunting of rabbits or game. Trespassers will be prosecuted. Michael Ahearne.
TAKE NOTICE that from this day forward the Lands of Knockacaharna in our possession are strictly preserved. Any person found snaring, trapping or ferretting or trespassing in any way will be prosecuted. Signed, Reps., Patrick Fenlon.

REFLECTIONS.

Within the past four years we have learned by experience to what extent we were dependent for our food on the outside world, and to town and city dwellers at any rate the knowledge has come as an unwelcome surprise. Primarily we are an agricultural country and our cities and towns have never lost their dependence on the countryside. Yet in truth over a long period the natural relationship was being weakened and undermined, as under the influence of free trade, city and town and country became more and more dominated by foreign industry. To restore the old relationship under modern conditions is our arch economic problem. It can only occur when our own manufacturing industries are adequate to our requirements and when the home market for absorbing the produce of the land is extended and stabilised. We believe that the land can be made profitable enough to afford the farmer and the agricultural labourer a livelihood comparable to that of the industrial workers in the cities and towns. The tillage area next year is to be 4,000,000 acres, representing one-third of the arable land of the 26 counties, and prices that will be guaranteed for next season's crops will be announced at the end of this month. Tillage is a vital factor in the building up of a sound national economy. The land should produce food in exchange for the manufactured goods of the cities and towns. Surely that is the normal basis of a flourishing internal trade. So speed the plough!

WEST WATERFORD NEWS.

Blackwater Rovers Win Group Final.—By defeating Old Parish in the junior football championship (Clashmore group final) at Kinsalebeg on Sunday last, Blackwater Rovers (Dromore) created a mild surprise in Gaelic circles. The game aroused widespread interest, and was very impressive in its only championship match against a young Gosh Emmets combination, but the fact that their team included several outstanding footballers, with several useful youngsters, gave their supporters grounds for the greatest optimism. Confidence as to the outcome of the clash reigned in both camps, and it was evident that a great struggle for supremacy was a certainty. Despite unfavourable conditions there was a good attendance, and neither team was lacking in support. Old Parish elected to play with the wind and missed some scores. Their opponents were more impressive and showed better combination and hedges, and evidently profited from training. Old Parish played with determination, but lacked finesse. In the first half Blackwater Rovers scored a goal (T. Meskill) and a point to two points for their opponents. The standard of football was mediocre. During the second half Old Parish improved, but the boys from the Blackwater Valley continued to ferret payment and scored a point (J. Lewis), the only score of this period. Final scores: Blackwater Rovers, 1-2; Old Parish, 0-2. Mr. Declan O'Sullivan, Dungarvan, referred in his usual capable style. The performance of the winners exceeded the expectations of their most sanguine supporters. Old Parish played gamely to the end and accepted defeat as true sportsmen. The game was played in clean sporting spirit and reflected the greatest credit on both teams. Due, no doubt, to conditions, the standard of football was poor. The local club had all arrangements satisfactory, and the attendance included a number of interested spectators from East Cork. Old Age Pensions.—At a meeting of the Youghal No. 2 Rural Old Age Pensions Sub-committee, held at Clashmore, Mr. R. J. Russell (Chairman) presided, and also present were Messrs. Sean O'Halloran, P.C.; M. Foley, T. Bagge, J. Power, C. Curran, and M. J. Power (Clerk). There were two claims before the Sub-committee—one from Monatrea and the other from Youghal district—and both were recommended for pensions of 10/- per week.

Late Miss B. Prendergast, Ardmore.—The death occurred recently of Miss Bridget Prendergast, Main St., Ardmore. Daughter of Captain J. Prendergast, Youghal, deceased was a member of a well-known and popular family. She was a great favourite locally, and her demise has occasioned the deepest regret. The remains were removed to Ardmore Parish Church, where Requiem Masses were offered up for the eternal repose of her soul. The funeral to the local cemetery was of large and representative proportions. Very Rev. Fr. Byrne, P.P., officiated. R.I.P.

On the Land.—Due to the weather conditions, harvest work is somewhat delayed. The greater part of the wheat crop is, however, saved. The major portion of the cutting this year was done by reaper and binder, and tractor-drawn reapers were an great demand. There was a noticeable scarcity of labour in some areas.

Dance at Ardmore.—The recent dance held at St. Declan's Hall, Ardmore, was an outstanding success from every point of view. There was a big attendance and all had a most enjoyable time dancing to the music of the talented band of instrumentalists, the Brideside Serenaders. Follow.

LOCAL HAPPENINGS.

IN MEMORIAM. CULLINAN (First Anniversary)—In loving memory of Nuala Cullinan, Mitchell Street, Dungarvan, who died 18th September, 1942.

Our Lady of Dolours, pray for her. Masses offered. Specially missed by her loving parents, brothers and sisters.

ACKNOWLEDGMENT. MANSFIELD—Mrs. Mansfield and family, Ballynaha, Old Parish, wish to return sincere thanks to all those who sympathized with them in their recent sad bereavement, sent Mass cards, telegrams and letters of sympathy, and to all who attended the funeral. They trust this will be accepted by all in grateful acknowledgment.

Dance Postponed.—Due to the very inclement weather on Sunday night, the dance advertised for the Halfway Hall was postponed to Sunday night next. See advertisement on page two.

Look Out for the Forty-five Drive (for parochial purposes) at Kilsenny National School in mid-November.

Death of Councillor Thomas Cullen, Waterford.—The death took place at No. 44, The Glen, Waterford, on Friday last of Mr. Thomas Cullen. The deceased, a genial and warmhearted gentleman, was closely connected with the business life of the city all his life. He was a well-known coal merchant and proprietor of the Regal Bar, The Glen, Waterford. He was a member of the Waterford Corporation for the past twenty-eight years and was a member of the County Waterford Board of Public Assistance, the Waterford Mental Hospital Committee and the Waterford Harbour Commissioners. A large and representative attendance from the county and city attended at the removal of the remains to the Cathedral on Saturday evening. All the public Boards and the Mayor (Ald. Jones) and members of the Corporation in their robes of office attended at the funeral which took place in the Holy Cross Cemetery, Tramore on Saturday.

Kilkenny Hurlers Defeat Waterford.—At the Waterford Gaelic Field on Sunday last in the St. Vincent de Paul Medal Tournament, Kilkenny defeated Waterford by 4-9 to 2-9. There was a good crowd present. Kilkenny took the lead early in the game and at half-time the score stood: Kilkenny, 4-4; Waterford, 1-3. Although Waterford fought hard in the second moiety to reduce the lead, a sound Kilkenny defence held to the final whistle leaving them winners by two goal margins. Best for Kilkenny were: Bobby Hinks, Jimmy Walsh, Crowley and Gilmartin (goals). M. Hayes, J. O'Connell and Duggan were best for Waterford.

Schools and Colleges Draws.—The local C.B.S. and St. Augustine's College will fulfil the following engagements in the Munster Schools and Colleges' competition as a result of the draw at the Schools and Colleges' Convention held at Malton on Saturday: Hurling—Dean Ryan Cup, C.B.S. Dungarvan v. St. Augustine's College (Dungarvan), winners to meet Mount Sion, Tramore Cup (Football). St. Augustine's, Dungarvan v. C.B.S. (Dungarvan). All first rounds to be played before November 1st and second rounds before December 1st.

Crashed to Death from 40 Feet.—Mr. Jas. Dowling, Painter, Contractor of Francis Street, Waterford, fell 40 feet to the pavement on Monday last when engaged in painting the rain shoots at Messrs. Kelly's drapery establishment, the Quay, Waterford. The scene of the accident was in the vicinity of the Clock Tower and pedestrians first heard the sound of splintering wood and an instant later a man crashed to the pavement. Drs. Ryan and O'Rourke and Rev. M. Sheehan, C.C., Cathedral were quickly on the scene when spiritual and medical aid was rendered. Splints were applied and the man removed to hospital where he died later from multiple external and internal injuries. At the inquest later a verdict of accidental death was returned.

Irish Red Cross Society (Dungarvan Branch).—The church-gate collection and flag day in aid of the above will take place on Sunday, 19th inst. In view of the great work being done by this society, the public are earnestly requested to respond to their appeal for financial aid, and it is hoped, therefore, that this year's collection will be very successful.

L.S.F.—A meeting of District Staff L.S.F. was held in Lismore on Tuesday, Sept. 14th. Present: P. Creane, president. Also present were: Messrs. J. Hill (Tramore), F. N. Hudson and M. Cleary (Butterstown), T. Walsh (Kil), M. H. Shanahan (Portlawn), J. Cahan (Stratcly), P. Kirwan (Kilmacshomas). A vote of sympathy was passed to Mr. M. H. Shanahan, D.S.O. 2, on the death of his father. Mr. Shanahan returned thanks to the members of the Staff for their expression of sympathy. The date for holding exercises in the Tramore area will be fixed at the next meeting of the Staff which will be held at Portlawn on Tuesday, Oct. 12th, at 8 pm (6s.7).

New Skill can get Christy's celebrated Hats in all the newest designs at Walsh's, Drapers Square, Dungarvan.

Ladies Red Cross Divisions.—Members are reminded that the annual inspection and examination will be held at the Technical School on Thursday, September 23rd, 1943, at 3 pm sharp. All members must attend in white coats, veils and black shoes and stockings.

Cork v. Waterford.—Concerning this match, we have the usual ridiculous and somewhat destructive remarks. Both Cork and Waterford will have their very best fifteen when they meet on Sept. 20th. The cham-

ions will make the long mooted two changes in the front line where there has been a very apparent weakness for some time. The Daise changes will also be much to their improvement. The public may take this announcement as absolutely official; and to dispel all doubts, the teams and placings will be fully published next week.

Most Rev. Dr. Cahalan, Bishop of Waterford and Lismore, will attend the match and throw in the ball. Sympathy.—At a special meeting of the Kely's Cross Fianna Fail Cumann on the proposal of Mr. Mee. F. F. (Secretary) seconded by Mr. P. K. Mansfield, a vote of sympathy was passed with the Mansfield family, Ballynaha, Old Parish, on the death of their father, the late Mr. P. Mansfield. Mr. Jas. Power, Vice-Chairman, on his own and on behalf of each member of the Club asked to be associated with the vote which was then put and passed in silence, all present standing as a mark of respect.

Dungarvan Fair, on Wednesday last, was well supplied in all departments, and recent price rates were maintained in all sections. 13-year-olds made from £11 to £16 10s. according to quality; 24-year-olds, £17 to £23; 31-year-olds, £24 to £32. Young fat cows made up to £23; others from £14 to £20. Springing cows and heifers made in some cases up to £37. Lowland sheep from £4 10s. to £6; do. lambs, 60/- to 80/-; mountain sheep, best quality, £2 to £3; best stores made from £4 10s. to £6; others, 55/- to £4; young bonhams, £2 to £2 10s.

Successful Mountain Sheep Sale.—Messrs. Quay & Ballot, auctioneers, held a most successful sheep sale at Egan's Hotel, Fadock, on Tuesday last. There was a big entry, and prices secured exceeded the prices received at the fair on the following day. About 400 mixed mountain sheep were disposed of. Ewes made from 44/- to 62/-; 11-year-old wethers 50/- to 54/-; lambs, 27/- to 34/-.

Dungarvan-Caring Club.—At a meeting held on Wednesday night last, it was decided on running four lotteries at their forthcoming meeting, viz., a Dog Trial Stake (if possible), a Bitch Puppy Stake, a 16 Two-course Duffer, and a 16 One-course Duffer. Mr. Bob Redmond has been appointed slipper, and Mr. Martin Walsh, judge. Everything points to a most successful meeting and dog owners in particular should make immediate application for membership cards.

Gold Club Night.—E. Ryan Cup; Messrs. J. Wilkinson (16) and C. J. Murphy (8) tied with a score of one in the singles v. bogey competition, played for this cup on the 18th inst., and as they tied also in the second nine holes, a further game must be played to decide the winner. This competition is to be played on Sunday next, and intending competitors should have names entered by Friday, 17th, when the draw will take place.

45 Drives at Scouts' Den, Abbey.—On Friday and Sunday nights last there were large attendances of drivers at the Scouts' Den, when the drives began. Drives are held every Friday and Sunday, from 7 to 9 P.M. Tables being given in prize money.

Death of Mrs. Morrissey, Shandon.—The death took place at the Hospital, Dungarvan, on Monday night last, at Mrs. Bridget Morrissey (nee Keane), of Shandon, Dungarvan. She deceased, a quiet, amiable and genial lady, was a great favourite with all, and her death after a short illness is deeply deplored. A big concourse attended at the removal of the remains to the Parish Church, Dungarvan, on Tuesday evening, where the coffin was received by the Rev. D. Power, C.C. On Wednesday Requiem Masses for the happy repose of her soul were offered, the funeral taking place later to her native Colligan, where interment was made in the presence of many relatives, friends, and the general public. R.I.P.

Ozannans Sunday.—The members of the Society of St. Vincent de Paul have appointed next Sunday, 19th inst., a special day of prayer for the Beatification of their beloved founder, Frederick Ozannan. Arrangements are being made to have special Masses and lectures at both churches in furtherance of the cause of their founder. Leaflets containing the indulgenced prayer will be distributed after the Masses. All friends, benefactors and good wishers are asked to co-operate.

WESTERN BOARD FIXTURES.

At a meeting of the Western Div. G.A.A. Board, held on Monday night last the following fixtures were made:—Sept. 19th, J.F. McDermotts v. Knockanore at Camphire, ref. D. Casey. J.H. Tourin v. Araglen, at Lismore, ref. J. Vaughan. M.F. Brickey Vale v. Dungarvan, at Dun-

Knockanore Meet the Army.—At Camphire on Sunday, Knockanore meet the McDermotts. The latter, fresh from annual training will be a hard team to beat. They will be as fit as it is possible to make players. Nicholas Whelan expects that they will win well. Knockanore are also confident, but feel that the Co. S.H. final will deprive them of two of their best men is not a fair do. Nevertheless, they will, I feel, put their hearts into it and give the Army men something to do to win. D. Casey, Camphire will act as referee.

Junior Hurling at Lismore.—To reach a decision in the Western hurling by the date fixed for the Co. final, Araglen and Tourin play at Lismore on Sunday next. This is a contest that will draw a record crowd. Araglen are all out for an announcement about it. Members are reminded of their meeting on Saturday night at the Town Hall and should be sure to attend.—So Supt. O. O. O.

OPEN THE DOOR TO HIS FUTURE!

The demand for Education is greater to-day than it has ever been before. As the years pass, it is becoming more evident that only those with the highest qualifications and the most specialized training in their particular occupations will be in a position to command a good salary. It is every father's duty to provide this opportunity for his children.

By means of an Educational Endowment Assurance small payments during the early years of the child's life will secure the necessary financial provision for a sound vocational training.

As this Policy is an Endowment Assurance on the life of the parent, it could be continued for any other purpose in the event of the child's death. For full particulars apply to:

THE IRISH ASSURANCE COMPANY LIMITED. Chief Office: Hanman Buildings, Upper O'Connell Street, Dublin, & C. J. LOGAN (Supt.), 108 THE QUAY, WATERFORD.

WEST DIVISION G.A.A. NOTES

Divisional Board Meeting.—The Divisional meeting held at Dungarvan on Monday arranged all outstanding fixtures so that the Division should be finished in time for the Co. finals fixed by the County Board. It was decided that in all games, if necessary, extra time should be played so as to finish each game on the date allotted. Referees should act on this instruction while last there were large attendances of drivers at the Scouts' Den, when the drives began. Drives are held every Friday and Sunday, from 7 to 9 P.M. Tables being given in prize money.

CO. WATERFORD COMMITTEE OF AGRICULTURE

Mr. P. R. Power, Chairman, presided at a meeting of the above on Wednesday. Present were: Messrs. M. O'Ryan, M. F. Walsh, W. Dower, M. Hart, M. Keating, D. Coughlan, and M. McGrath. Messrs. S. J. Moynihan, Co. Manager; J. O'Dwyer, Secretary; D. Hurley, Agricultural Instructor; and P. O'Shea, Horticultural Instructor.

Mr. Power thanked the members for his election as chairman in his absence at last meeting.

Correspondence.—The Department reported no change in the Poultry Regulations Scheme.

Scholarship.—The awarding of a scholarship tenable at the Agricultural College, Glasnevin, Mr. P. Sweeney, Crowhill, Cappoquin, was approved by the Department. The Secretary of the Department of Agriculture wrote: I am directed to state for the information of your Committee that the Minister for Agriculture has had under consideration the question of the supply of boars for the breeding scheme. He is satisfied that in order to secure an adequate number of suitable animals for this purpose it will be necessary that the price payable to breeders for boars supplied under the scheme should be increased as compared with the price of £12 per boar which was paid under the 1943 scheme. The Minister has accordingly decided that the price to be paid for each boar supplied under the 1944 scheme shall be £14.

Having regard to the marked reduction in the number of sows, the consequent decrease in the amounts received in service fees by holders of premium boars, and increased costs of feeding, etc., it is considered desirable that the above-mentioned increase in the price of boars should be borne by the funds of the Committee of Agriculture rather than the selected applicants. The Minister has therefore decided that the deposit payable by applicants in part payment for boars supplied to them shall be fixed at a flat rate of £3 (which is equivalent to the minimum amount of such deposit under the 1943 scheme) and that the value of the first-year premium in 1944 shall be at a flat rate of £11 (i.e. price of boar less the £3 deposit). The usual form of agreement should be completed by the selected applicant prior to the submission of his name to these offices on Form A.548.

It has also been decided that the value of the premium for boars standing for their second year of service in 1944 shall be not less than £10 and not more than £13.

Where the number of services effected by a premium boar during the service season is less than the minimum number prescribed in the scheme, i.e. 30 for a first-year boar and 40 for a second-year boar, the Minister will, in the circumstances prevailing, be prepared to give favourable consideration to a proposal by the Committee of Agriculture that the premium be paid in full or that a greater proportion of the premium be paid than has been provided for in the scheme. The conditions of the scheme are otherwise being fulfilled by the owner of the boar.

The Chairman said these seem to be a famine of breeding sows.

Mr. O'Ryan said the difference between the price paid to the producer and that paid by the consumer for bacon should be investigated.

Mr. Hart said the attitude of the Pigs and Bacon Board was most unjust. A strict watch was kept on the price paid to the producer while the consumer was being fleeced.

The Chairman said the question was for the holding of the Acrihd-each had not yet been definitely completed but he on the look out for an announcement about it.

Members are reminded of their meeting on Saturday night at the Town Hall and should be sure to attend.—So Supt. O. O. O.

The Army Exercises taking place in South and West Waterford since the 11th inst. will terminate to-day (Friday).

We of the Aiseirse movement are not only concerned with the political and social welfare of the people of Eireann, but even to a greater extent with the advancement of our Gaelic culture and language. For the ultimate triumph of our political and social programme we have no fear— the language revival. Personally, I am never satisfied with a member of Aiseirse unless he is something of a Gaelic fanatic. For only such can smash shonemism in Eire.

There is much to do for the youth to-day in helping to brighten country life by giving the people a good variety of sport which will be of value from the physical or intellectual point of view. There is plenty of talent in the country districts which is developed, and our young people need not travel miles to towns to seek amusement.

We see the need for popularising drama in the country and utilizing local talent for the purpose. We in Sliaib gCua have been doing something in this respect for the past three or four years, but the amount of talent at our disposal has not been sufficient. Under the auspices of the cultural branch of the Aiseirse Cumann here we propose to start a dramatic class in the near future which will be open to all, even though they have no connection with the movement. The object is to have a number of Gaelic and English plays of national sentiment staged in Sliaib gCua and in the surrounding districts during the winter and spring months. We hope that there will be a good response from the young men and women of the surrounding districts. Further information can be had from Padraig O'Flonnghusa or Donnallán O' Cadhla, Cathair na Leige.

Irish classes under the vocational education scheme will also commence at the same centres as last year in the near future. The attendance last session was better than other years, but there is no reason why there should not be "full houses" at those classes in a district where the young people have a good knowledge of the language. Of course, some of us may still be of the opinion that "this is Irish is no good." The next few years may cure some of these language opponents of this delusion. As it is obligatory on all members of the Aiseirse movement to learn Gaelic, their attendance is expected at Irish classes, even where they are not under the auspices of the movement. Gaelic is for every Gael, no matter what political views he may hold.

culture to find out in what areas lime is wanted and where kilns are and what their production was?

Mr. O'Ryan suggested that co-operative societies should cater for lime requirements in the near future. After much discussion the Secretary was directed to communicate with the various co-operative societies in East Waterford asking them to co-operate in the economical production of lime for use of their members and the Co. Council should give every assistance; also asking for particulars regarding requirements of members.

Sheep Breeding Scheme.—The Minister approved of an increase by £45 in the allocation for the purpose of above-mentioned scheme.

Clonmel Horse Show Committee wrote for permission for Mr. Hurley and Miss Mullins to adjudicate in farm produce and poultry classes respectively, on the 23rd inst.

Permission was granted. The Munster Agricultural Society were granted a like permission for Mr. P. O'Shea to adjudicate in fruit classes on 18th October.

The question of travelling expenses was deferred to the next Co. Council meeting.

KILMACHTHOMAS NOTES.

Death of an Esteemed Nun.—Public sympathy has been evoked in these parts at the announcement of the death of Sister Clare O'Connell, of the St. John of God Convent, Kilkenny, where she died after a protracted illness and in the fullness of her years.

The Late Mrs. Power.—Following the celebration of Requiem Mass in the Parish Church, Ballyduff Lower, on Thursday morning week, the remains of the late Mrs. Margaret (Peg) Power (widow of Mr. William Power, G.S.R. signman, Kilmachthomas), which had lain in the sacred edifice overnight, were laid to rest in the adjoining cemetery.

Death of Miss M. Fitzgerald.—The friends are legion in the Barony of Middle Third who mourn the death of a very esteemed inhabitant of Kill village in the person of Miss Mary Fitzgerald, which took place at her home last week-end, after a somewhat protracted illness.

Accidents.—Glad to note that Mr. Paddy Coody is now over the effects of the severe hand-sprain he accidentally sustained about three weeks ago. Mr. Coody and his pal, Mr. Ned Lynch, are in charge of the Duggan van Co., Creamery, very regularly plying to and from the Kilmachthomas district.

Gaelic Gatherings.—The hurling and football matches which were held on Monday morning, the burial took place in the adjoining cemetery, in the presence of innumerable mourners and sympathisers. Rev. M. Power, C.C., R.I.C., recited the last prayers at the graveside. Peace to her soul.

Death of Mr. M. Coffey.—The mid-Waterford people learned with sincere sorrow of the passing of Mr. Michael Coffey, farmer, Tankardstown, Bonmahon, which occurred on Sunday evening last at his residence following a comparatively short illness and at a moderately advanced age.

COISDE OIDEACHAIS GHAI RME BEATHA TO PHORLAIGE. TECHNICAL SCHOOL, DUNGARVAN. DAY CLASSES ARE NOW OPEN for Boys and Girls over 13 years of age. TEN FREE PLACES FOR BOYS on the result of the Entrance Examination. Evening Classes Begin on Monday, 20th Sept, '43.

Sanly Begins at Home.—In these dark days it is sheer madness to overlook the nightly risk of infection while you sleep. Ordinary mattresses, often made from old materials which have been renewed, re-stuffed, re-stuffed and called new, are a regular playground for germs. You endanger your health every time you turn-in on one. But the "OTVrest" Sanitized Mattress is made solely from new raw materials. It is actively antiseptic, permanently germ-proof, self-sterilizing, and sumptuously buoyant. Brushing and shaking cannot injure the sanitized effect, which lasts for the life of the mattress. Be modern. Have the presence of mind to insure the absence of germs. Order your "OTVrest" Sanitized Mattress for every bed in the house. Pay as you sleep. Easy payment can be arranged. LISMORE NOTES.

Lismore Schools' Successes.—It affords great pleasure to record in this week's notes the successes attained by pupils of the Lismore Schools in the Leaving and Intermediate Certificate examinations. In the Leaving Certificate all four pupils presented by the Presentation Convent passed, one obtaining honours. Seven of the eight candidates presented by the same school were successful, five gaining honours. Very favourable results were also obtained by the Christian Brothers' School, an honours certificate being obtained by the only pupil for the Leaving examination while eight of the fourteen pupils presented for the Intermediate Certificate passed. Seven with honours. In addition to these successes Miss Christina Cuffe, Ballinvelva N.S., and Miss Mary Fitzgerald, Glangarra N.S., each won a County Council Scholarship (value £80), in Secondary schools. Presentation Convent B. Falls: Leaving Certificate—Miss Gabriel Hartly (hons.), Miss Dolores Keane, Miss Patricia and Miss B. Scallan (pass). Intermediate Certificate—Miss Kitty Fitzgerald, Miss Mary Fowles, and Miss Patricia Cuffe (hons.). Miss Molly Houlihan, and Miss Christina Cuffe (hons.).

Wedding Bell.—Walsh-Curran.—The marriage took place at St. Patrick's Church, Cork, on Thursday morning, of Mr. Patrick J. Walsh, son of Mr. Michael and the late Mrs. Walsh, Strathin, Kildare, and Geraldine B. Curran, second daughter of Mr. James Curran, Harbour Master, and Mrs. Curran, Wave Crest, Dungarvan. The ceremony, with Nuptial Mass, was performed by the Rev. Fr. Cantillon. The bride was given away by her father, Mr. James Curran. Mrs. Maevie Trell, sister of the bride, was Mrs. of hon. and Mr. John Walsh (brother of the bridegroom) was best man. The bridegroom made a very charming speech, and a very charming presentation of a six-piece ensemble with accessories. After the ceremony the party repaired to the Metropole Hotel, where the wedding breakfast was served. Later the happy pair left for Dublin, where the honeymoon is being spent. The newly-weds, who enjoy an extensive circle of friends, were the recipients of numerous costly and serviceable presents to mark the auspicious occasion. We wish them length of years of matrimonial happiness. The bridegroom is our most respected and efficient County Sanitary Inspector.

WILD HARVEST.

During the weeks of Autumn nature provides a bountiful harvest in the hedges, lanes and woods for those who are ready to take advantage of her help in the feeding of all classes of livestock. Here are some of the ways by which you can avail of these additions to the limited feeding stuffs now obtainable.—Acorns.—One of the most valuable sources of food for pigs and poultry. For pigs, the nuts should be dried and ground into meal to be used in place of barley meal. If the nuts are fed whole they may have a dangerously constipating effect. Acorn meal should only be fed to fattening pigs and those over four months old, but not to in-pig sows. Starting at 1lb. per day per pig increase gradually to a maximum of 3 lbs. per day per pig. For poultry, use up to 10 per cent. in the mash, or 2 oz. of acorns, dried and broken rather small, will replace a similar amount of grain per day per bird. A larger quantity might have injurious effects and in any case would darken the colour of the yolks. Goats are fond of acorns, but they are said to have an adverse effect on the milk yield. Beechmast.—Pigs should not be allowed to consume excessive quantities, as this may lead to indigestion. Poultry are fond of these nuts and if allowed about 1 oz. per day per bird will benefit from the high protein content. Goats should be given up to 1 lb. daily; it will help to increase the milk yield. Crab Apples.—Goats are very fond of these despite the bitter flavour. While moderate quantities are beneficial, excess will cause scouring or colic. Duckweed.—This is a weed with tiny green leaves which covers ponds during summer and autumn. It can be used for poultry by squeezing the water out and drying the leaves on a sack in the sun or in front of a fire. It should be mixed in the mash. Elderberries.—Are a good source of protein. Poultry should have up to 10 per cent. in the mash. Goats can be allowed small quantities, but not overmuch as these berries possess strong purgative qualities. Hips and Haws.—Very useful in feeding to poultry. The berries should be boiled, to ensure their being soft enough for the birds to digest them. Rowans, like the berries of the mountain ash, can be used in exactly the same way. Hips and haws can be given in small quantities to goats. Horse Chestnuts.—These should not be fed raw to any animal except non-milking goats. For other stock, chestnut should be soaked in cold water for twenty-four hours, then boiled for thirty minutes, and mashed. For pigs, chestnuts prepared in this way have as good a feeding value as barley meal, provided not more than 2 lbs. daily is given to each pig. They can also be fed to fattening cattle. Poultry should be allowed up to 10 per cent. in the mash. The shells of peas and beans can be fed in limited quantities to poultry, if chopped small. When a mixture of wild foods is being fed in the mash, the total quantity of such wild foods should not exceed 10 per cent. of the whole, and a strongly flavoured wild food must only be used in small quantities. Above all, the use of wild foods should be introduced gradually in order to allow the stock to become accustomed to them; this precaution is necessary because nettles and berries have a strong constipating or purgative effect.
